

Cruel Heart Lover Novel

Chapter 581

Rick pursed his lips, thought for a while, and then wrote two words on the clipboard: Dating?

Resolutely ask for advice if you don't understand.

Is Aunt Selena dating someone else?

Daniel and Saul looked at the question on Rick's writing board at the same time.

Saul sighed, looking at Rick's expression as if he was looking at a poor little boy who was about to be abandoned by his mother, "Honey, this is scarier than dating. It's called a blind date. Do you know what a blind date means?"

Rick honestly shook his head.

"Blind date is one of the traditional Chinese wedding etiquette. It is also called matchmaking, interview, matchmaking, and meeting. It is mostly established by marriage introduction or human resources department, family, and matchmaker. The elder relatives of both parties meet to discuss marriage..."

Saul explained a little bit, but Rick still had an innocent face, seeming to understand, so Saul had no choice but to set off a bomb, "The blind date is, your Aunt Xiaoxi will be snatched away by another man! You have to say goodbye to another man." baby!"

The moment Saul finished speaking, Little Treasure's face fell apart...

Aunt Xiaoxi...is going to have another baby...with another man...another baby...a baby...

The poor little bun's mind was completely filled with these words, and without any warning, tears began to burst into tears within a second, and he couldn't stop at all.

Saul was just trying to tease him, but he accidentally overplayed it, and seeing Rick crying like this, he immediately panicked, "Hey, darling, don't cry!"

Daniel glanced at Saul like a blade, and then pulled Rick to his side, "Blind date is just a way for a man and a woman to get to know each other, and it's still far away from marriage. What's more, she has already rejected it just now. Have a meal with someone."

Daniel patiently explained.

However, Rick was hurt too deeply just now, and now he can't listen to anything at all, tears are spreading like a river, crying so hard that he can hardly breathe.

Daniel and Saul, two big men who can't coax children at all, looked at the little bun who was crying so hard that his heart was broken, and his expression was bewildered...

On the other hand, Selena was completely unaware of the earth-shattering things that happened behind her.

I drank two jugs of wine just now, although the alcohol level was not high, I was a little bit drunk, and Xi Shiqing's temperament was too foul, and it was too easy for people to be defenseless, so the whole person who couldn't help talking to himself relaxed, While drinking some wine and eating some sashimi, we chatted a few words about safety with each other.

"Ah! Are you in the jewelry business? I happen to be building a clothing studio recently, and I will definitely use jewelry and other accessories. Then I will have the cheek to ask you for help!" Selena suddenly had a boss. The responsibility, took the opportunity to pull business.

"Miss Ning is serious, you can contact me anytime if you need."

After chatting for a few words, Xi Shiqing seemed to ask without a doubt, "Miss Ning, I don't know if you still remember, but in fact, we met once many years ago."

Hearing this, Selena regained consciousness a little, "Is that so? It doesn't make sense. I've seen you before, but I don't have the slightest impression?"

After all, Xi Shiqing is really special.

Xi Shiqing took a sip of sake when he heard the words, and said with a slight gleam in his eyes, "At that time, your eyes were all on the other person, so naturally you wouldn't notice anyone."

Chapter 582

No matter how dazzling it is, in her eyes, it is probably transparent, not to mention that he was just a kid who was still in college at that time...

Selena blinked her eyes. Hearing the voice, it sounded like five years ago when she was infatuated with Roman?

However, she really couldn't remember that she had met Xi Shiqing, so she was a little curious, under what circumstances did he meet her, and she still remembered it after five years.

"Really? When?" Selena asked casually.

"Five years ago, your eighteenth birthday party." Xi Shiqing replied.

Selena shook the hand holding the wine glass.

After all, that was the worst day for her.

Xi Shiqing showed a look of reminiscence, and slowly said, "You also know that my grandfather and your grandfather have a very good relationship, so I also went to that birthday party. I remember that you were wearing a white dress, when I saw you for the first time, I was very amazed, you were like...a natural princess..."

Hearing Xi Shiqing's description, Selena really didn't know what to say, "Oh, princess... It is obvious that Mr. Xi's memory is not complete, that dress is a piece of sh1t, and was later exposed in public..."

Xi Shiqing gently interrupted her, "Does it matter if the product is real or fake? Even if the ugly duckling was born in a flock of ducks, she is still a swan and will not change because of anything."

That was the most memorable day in his life, because he fell in love with a girl at first sight for the first time, and then watched that girl being bullied, but he was helpless...

Probably since that time, he never went to Ning's house again.

Selena's heart moved when she heard the words, and her eyes gradually deepened, "Well, Mr. Xi, you seem to know more than I imagined?"

It was only then that Xi Shiqing realized that he seemed to have lost his composure and said too many things that shouldn't be said, "Sorry, I didn't mean to hear it at the time."

Because his eyes followed her all the time, he overheard something that shouldn't be heard.

After knowing it, I felt even more distressed about what happened to her, and hated my own incompetence even more...

Five years later, he became famous, but he still couldn't let go of what happened back then, until his grandfather suddenly told him that he had arranged a blind date for him.

Originally, he wanted to refuse directly, but he didn't expect his grandfather to say that the other party was a young lady from the Ning family.

Miss Ning's family, Susie is about to get engaged, so who else could there be?

He didn't dare to think about it at all, and asked if it was Ning Tianxin.

And from Grandpa's mouth, he just said the name that he didn't even dare to think of: Selena.

She has disappeared for five years, and finally... is she back?

Because he never paid attention to the entertainment industry or watched entertainment news, he didn't even know a few popular stars, he was almost a dead person, so he didn't know that she came back a year ago and became an actress.

In order to have a common topic with her, he read all her works, as well as all the news and headlines related to her.

These years, I have been living a life of pure heart and asceticism. I especially love Buddhism. My favorite place to go is the temple. I discuss Buddhist principles with my masters. My family members are worried that he will be overwhelmed and want to become a monk...

Unexpectedly, she appeared at this time.

Selena and Xi Shiqing were reminiscing about the past, but behind them, the little devil king had been completely demonized, flooding Jinshan.

Saul and Daniel took turns to switch countless ways, but it didn't work at all, they couldn't be coaxed at all!

Saul was about to kneel down for him, as long as the little ancestor, don't cry!

Chapter 583

"It's nothing, as long as you know it, you'll know." Selena shrugged nonchalantly.

However, because of Xi Shiqing's words, my heart somewhat fluctuated.

She didn't expect that on the day she thought she was the saddest, on the day she thought she was stripped away by the whole world, there was someone who stood by her side without knowing it.

This made her feel an indescribable feeling, like a feeling of being redeemed. It turns out that this world is not so miserable, so incurable...

Well, as expected of a man who looks like the reincarnation of Buddha!

This ability to save sentient beings is simply incomparable.

Xi Shiqing breathed a sigh of relief when she heard her say this, "Back then... I was always regretful... and guilty... for not being able to help you... If you need anything now, please tell me, I will go through fire or water."

This Xi Shiqing is too kind, isn't he? She couldn't help but send him a good card!

Selena smiled, raised her glass and touched him, "Mr. Xi, you are not a Buddha, so it is impossible to save all sentient beings."

"I didn't want to save all sentient beings, only you!" Xi Shiqing blurted out, looking a little anxious.

As soon as the words were finished, a blush appeared on that face with a dusty temperament.

Selena was slightly taken aback, her heart skipping a beat.

This...is not quite right...

behind.

"Rick, don't cry, okay! Second Uncle knows it's wrong! Second Uncle won't talk nonsense anymore! Please, if you cry again, I'll cry too..."

Saul was in a state of desperation when he noticed that Xi Shiqing on Selena's side said "I don't want to save all sentient beings, only you", which was almost a confession, and he was immediately dumbfounded, "Dmn it! People can't be judged by appearances, what's wrong with this Xi Shiqing's love talk skills?" So strong!"

Looking at his crying son and the two people opposite him, Daniel could only feel a familiar suppressed hostility lingering in his internal organs, an urge to destroy everything close to her...

After Xi Shiqing finished speaking, he subconsciously wanted to explain that he didn't mean it that way, but for some reason, he changed his mind and didn't say anything, just quietly waiting for the girl's reaction.

explain...why explain...

He had waited five years for this day.

How long do we have to wait?

Selena was in shock because of Xi Shiqing's attitude. There seemed to be a sound of footsteps behind her, followed by a shadow falling on the low table in front of her. Then, she saw Xi Shiqing staring behind her, revealing Surprised look.

Selena's heart skipped a beat, she subconsciously turned her head away.

Then I saw the big devil with a gloomy face, and the little bun with red eyes from crying...

Selena: "...!!!?"

Why did Daniel and Rick appear here!

There were two people, one big and one small, the big one was silent, the young one was crying so hard that he was trying to lean forward with his short arms outstretched, wanting to be hugged by her...

And she was sitting there, and there was a man opposite her.

What kind of sense of sight is there for a husband and a child to catch rape together!

Because Selena was too shocked, she froze for a while and didn't move, and didn't hug Rick.

Little bun saw that Aunt Selena didn't hug him, his little face was heartbroken, his tears rolled down like a flood gate, he cried so hard, his little mouth opened very hard, as if he wanted to speak , But, but can't say a word.

Chapter 584

From the perspective of others, Rick was just crying too hard, so he couldn't speak, but he could clearly see his mouth shape.

Is he silently calling "Mom" again and again?

After seeing Rick's mouth shape clearly, with a bang, the wine glass in Xi Shiqing's hand was accidentally overturned to the ground.

This child is calling Selena's mother?

how is this possible...

Impossible... definitely impossible!

This little boy looked like he was four or five years old, how could Selena have such an old son!

And this man with an expressionless face and a very oppressive aura always feels familiar, where did he seem to see him?

Selena also seemed surprised by her performance. Could it be that the other party has identified the wrong person?

Xi Shiqing was thinking this, but saw Selena stand up quickly, and quickly hugged the little boy from Daniel's arms, coaxing him like a baby, "Don't cry, baby, I'm sorry, I'm sorry, it's all because of me." Okay, stop crying, okay..."

Xi Shiqing's face turned pale.

In the next second, he met the deep and cold eyes of the man opposite.

That look, clearly the look of property being violated by a stranger, was extremely aggressive.

However, when he withdrew his gaze and landed on Selena, his icy gaze immediately turned into a gentle stream of water...

What is the relationship between this man and Selena...?

Could it be that Selena was married and had children five years ago?

No...impossible...Selena was so young five years ago...

What the hell is going on? Xi Shiqing is completely confused!

At this moment, Selena's whole body and mind were focused on the weeping little bun. Neither Daniel nor Xi Shiqing had the time to pay attention to him, so naturally they would not notice Xi Shiqing's unpredictable expression.

Because the scene on Selena's side was really eye-catching, two men, one woman, and one child all had such prominent appearances, more and more eyes were cast on them soon.

"Sorry Mr. Xi, I have to leave first." Selena hurriedly left the restaurant with the little bun in her arms, because she was so flustered by the little bun's crying that she even forgot her bag and mobile phone.

Daniel carefully helped her put away one by one, then followed and paid for the table.

Xi Shiqing stayed in place for a few seconds, then quickly followed out.

Outside the door, Selena was holding the little boy standing by the side of the road. It was cold outside at night, the man took off his suit jacket and draped it over her shoulders.

The three of them seem...to be so harmonious...there is no room for anyone to step in...

Selena really used up all her strength in breastfeeding, and the little bun was finally coaxed better, because she cried too much just now and was hiccupping, so Selena slowly patted him down. back, kissing his little face from time to time to comfort him gently...

"Why are you and Rick here?" Selena remembered to ask Daniel when Rick got better.

"Little Treasure misses you, I'll bring him to see you." Daniel spoke nonsense without changing his face.

The truth is, he was the one who fooled Rick over.

Selena felt even more guilty when she heard that, so Rick never showed up, just behind her, just watching her silently?

Did you cry so sad because you saw her eating with other men and thought she was going to be robbed?

Selena thought so naturally.

Looking at Selena's expression, Daniel knew that she believed her, so he couldn't help but breathe a sigh of relief.

Otherwise, if she knew that Rick was brought out privately by him, and was made to cry by Saul's nonsense, then the consequences...

NEXT CHAPTER

Chapter 585

Otherwise, if she knew that Rick was brought out privately by him, and was made to cry by Saul's nonsense, then the consequences...

Although Rick is a nirvana, there are too many uncertain factors, such as today's situation.

Originally, he just wanted to bring Rick here in case of an emergency, but because of Saul's words, Rick completely lost control.

Fortunately, it didn't cause much impact in the end, and it was basically in his plan...

After Selena finished asking Daniel, she accidentally fell behind him out of the corner of her eye.

Then, she saw Xi Shiqing following out at some point, standing quietly a few steps away from them, and she didn't know how long she had been standing there.

Seeing Xi Shiqing standing there alone, as thin as a piece of white paper, Selena's heart tightened slightly, and a bad premonition gradually came to her mind.

Although she had vaguely guessed that Xi Shiqing might be interested in her during the meal just now, she seemed to have underestimated his obsession and affection.

That expression... It's not like just seeing an old friend who has been tempted...

On the contrary, it seems that I have liked it for many years...

I really can't figure it out at all, it's just a hasty scene five years ago, logically speaking, Xi Shiqing wouldn't have such deep feelings for her?

However, in any case, the facts seem to be in front of us now.

If this is the case, it will be really troublesome!

Although it was only a short time together, it can be seen that Xi Shiqing is indeed a good man, and he is also the grandson of his grandfather's friend. If one of them is not handled well in the future, it will be very difficult.

Therefore, it is best to cut the mess quickly today and completely cut off his thoughts.

Thinking of this, Selena looked away and made up her mind.

"Wait for a while, Saul is going to drive." Daniel stood at the top of the wind, his tall figure shielding Selena and Rick from the wind.

Selena narrowed her eyes slightly, and suddenly looked deeply into Daniel's eyes, "Daniel..."

"Huh?" The girl's eyes at that moment were so touching that Daniel's heart trembled, "Why?"

Selena stared at him without blinking, her gaze seemed to be able to penetrate people's hearts, "Actually, Rick isn't coming tonight, is it? Is it... You brought Rick here by yourself?"

Daniel: "..."

I was lucky that nothing went wrong just now, is this going to be exposed?

Daniel's brain was spinning rapidly, thinking of a countermeasure.

However, what he never expected was that at this moment, Selena, who was questioning him just now, suddenly tiptoed and kissed his lips...

Daniel only felt a "boom" in his head, and then a white light, he didn't know anything...

Selena...

what is she doing?
