

## The Alpha Claimed Me Deeply Chapter 18

18

(Aurora's pov)

As late the last piece of bread, I stared at Xavier with a look of embarrassment. He had not once stopped leading me, which made me feel like an immobile child.

He goes to grab another plate off the tray and I reach out quickly. My fingers wrap around his and I almost jerked away from the powerful race of tingles. "I can feed myself, Alpha," I murmured softly, my eyes falling on the arm I held. I drop his arm quickly, after realizing my mistake. What the hell came over me to think I was allowed in any way to touch an Alpha without his consent?

I squirm, wincing when an image of Xavier breaking my neck emerges into my mind.

"I'm so-ny, Alpha," I apologized, stuttering like a fool. Please don't kill me.

Xavier's eyes were glued to the arm I touched and I couldn't read if he was upset or not. His aura didn't seem like it was changing for the worst, so that was a good thing, right? Then suddenly as if snapping out of a trance he had been in, Alpha Xavier continues to reach for the plate and mumbles out. "It's fine. I'll continue feeding you because I don't trust that you'll eat it I leave you to do it yourself,"

A relieved breath passes out through my parted lips. At least I wouldn't die tonight.

But as Xavier brings the fork full of stewed beef to my lips, I realized that maybe he wasn't as bad as everyone said him to be.

I was wrong

I winced when he tied the last knot around my wrists. Alpha Xavier, was a cruel, cruel man.

"Do you know why I'm tying you to your bedpost?" He grunts, tugging at the rope he tied around my wrists

As soon as I had finish eating, well as soon as he stopped feeding me, he suddenly took out that rope behind his back. I assume it was in his back pocket the entire time

I shook my head, not able to speak as I wait for him to tell me why he was tying me to my bed like an untamed animal Was this for touching him without his consent earlier? Seeing that the rope was secured around my wrists and bedpost, Alpha Xavier left my hands to bend over me. He had told me to rest, and me not knowing I would be tied, did as he said without protesting But now all I could do was stare up at him and gulp while wishing the mattress can swallow me whole. His hot breath hit my face and I squirm.” Because I don’t trust you Aurora. How will i know you’ll be here in the morning and haven’t jumped out the window?”

I don’t answer, only part my lips as he nears. We were literally breathing the same air, tasting each other’s breath Xavier’s eyes fall to my lips and he growls. His fingers suddenly land on my thigh and I nearly jerk at the contact.

“Should I tie up your feet too?” He hums as if teasing me, I shook my head quickly

For the first time since I first silly him, Alpha Xavier chuckles heartily.”

Then be a good girl, will you?” His eyes danced with mischief and it made me feel funny

My body’s reactions have become very unrecognizable.

“You’ll not try to flee?” His brows cocked as if mocking me, already knowing, my truthful answer.

I shook my head, but inwardly I had been calculating how many knots he had done and how many tugs it would take to get free

Xavier huius then as if deciding I was telling the truth, he backs away from me I feel shameful that I missed his touch and his closeness.

“Good Because if you do, it would be a shame to see that beautiful body torn into pieces,” He spoke so calmly that I had forgotten how much of a beast he truly can be

His words had me shivering in fright and if I had a tail, it would surely have been tucked between my legs

Xavier turns around and walks away from me I keep my eyes glued to his rigid back. It was like he was trying to tame something, fighting something, his beast,

Before he walks out, he peeks at me behind his shoulder. "Do have a good night Aurora," With that, he closes the door behind him and leaves me here alone in this room,

I blinked away the tears. I was nothing but a captive, someone he can toy with And as much as I knew he was a beast, I couldn't help but feel the urge to want him. Want him more than should.

My mind and body were conflicted. And he was to be blamed.

Horny dog nearly made me fuck Aurora into that bedpost. Yes, she was undoubtedly making it easy for me to control him for some odd reason, but the consequence was his always lustful thoughts that sometimes were part of mine. It made it harder to resist mating her.

'I will never be weak!' Reckon roared, jamming into that aching part of my temples. The damn dog needs to calm down.

Not in that sense Reckon. She's someone our cheinies would go after. If they were to succeed, we'd grow weak. Her death means ours. We cannot afford that. Not when we're this close to killing everyone who betrayed father' I tried to get through to him, but of course he wouldn't listen.
