

Claiming His Tempting Mate novel chapter 23

Avan's POV

I matched inside my tent angrily. Anger reached its peak as I inhaled sharply. How could this happen? How come I never knew that Savannah got another mate? So soon? How come she got her second chance just after the rejection? I can't hold back my temper and slapped the table with my fist making it shattered.

Who's that man? How come he is so strong? His punch was so forceful that I didn't have time to dodge. He was fast and too strong. I thought he was just some male trying to seduce Savannah but after fighting with him, no he is not an ordinary one. I need to check his background. But the fact that him and Savannah getting together is something I couldn't bear. Where's that sweet loving girl who always used to find her ways to cling on me like glue? Who is always ready to do anything I ask for. How? Just how could she change like this?

I won't let that man snatch Savannah from me. Even if she rejected me, I won't accept it. She has to stay with me whether she likes me or not. I have to bring her back to my pack. For that even if I need to use dirty tricks I will. Suddenly a sinister smile appeared on my lips. I heard my phone ring and it was my dad.

"Dad"

"Avan, how's things going in there? "

"Not good dad"

"What happened? You haven't met Savannah yet?"

"No, I have met her already. It's just..." I trailed as I wiped the blood stains from my mouth using the back of my hand "she got another mate"

"WHAT?" Dad roared "what the hell did you just say? Does Savannah have another mate?"

"Yes. I got to know about this matter today. We had a fight and that person is not some ordinary wolf dad. There's something strange with him" I frowned.

"Avan, are you sure about your information?" Dad asked.

"I don't have any reason to lie. I thought even though her brother is persistent and arrogant but as long as Savannah accepts me there won't be any problem at all. But things are not as simple as we planned. There's another person who is claiming Savannah as his mate" I said with gritted teeth. Just thinking about the incident earlier made my blood boil.

“Don’t lose your calm son, we need to think about this matter thoroughly before taking any action. And remember that your anger won’t be able to win her heart. You need to be soft and gentle. Every woman likes such temperament. You have made mistakes in the past so learn from it and don’t repeat it again and ruin your own future” dad lectured from another site.

I closed my eyes trying to calm down my rage. This matter is sensitive now and what dad said is true. I can’t show my anger before Savannah. I already ruined my impression of pursuing her. Now I need to show her my gentle side and win her heart. If she believes in me again then no matter who that guy is, she will be mine. Though I know this will take time, I am willing to wait like she waited for me in the past to be with me.

“Fine, dad I know what to do”

“Good, control yourself. I will investigate about that man”

“Okay” I replied and he hung up.

I heaved a sigh and glared down at the shattered pieces of the table. My body was still hurting from that punch. I thought I was well trained in the fighting field but I was wrong. Fuck. I need to keep checking on my own practice. Because next time I can’t let him win before Savannah. Today I was restless and made a mistake but next time there won’t be any.

“Avan” a sweet voice called from behind. I turned around to find Reese standing behind me with concern.

“Are you alright? I heard you had a fight” she said softly as she stepped towards me.

That fight again. I clenched my fist. It will definitely linger in my mind till I take my revenge on that man. Hell, I won’t stop until he dies next time.

“Avan, say something. You are scaring me now” Reese’s hold my arm slightly shaking it. I looked at her gentle expression. She was looking at me with love and affection. And there’s a trace of longing in her eyes.

“I am fine” I nodded my head.

“Thanks to God. I was scared when I heard you were hurt” She made a sad face. God, women should be like this. Sweet, gentle and lovely. I cupped her small face looking at her lovingly.

“You are concerned for me?”

"I love you Avan, of course I will be worried about you. How can you doubt my affection towards you?" She asked in her soft voice.

"I need you" I leaned down and whispered in her ear, making her shiver.

"Avan I am all yours" she replied with a heavy breath. I smirked. Fuck, since I can't have Savannah now, I will fuck her.

"You are so good to your Alpha" I said huskily before leaning down and biting her neck. She moaned loudly, clinging on to me.

"So good baby" I said again as trailed kisses on her skin and my hand roamed around her back and pulled down the zipper of her dress. Instantly the dress touched the ground and she stood there naked, totally exposed for my eyes to see. Fuck she is still beautiful. I instantly became rock hard and my dick twitched in my pants.

"You are making me so hard," I said and immediately removed my pants and boxers before picking her up. Her legs crossed around my waist and her arms curled around my neck. I reached down and parted her ass cheeks to feel her wetness.

"Fuck baby you are damn wet" I cursed and pushed my dick in her wet core. We both moaned loudly with pleasure.

"Oh my god Avan..."

"Fuck, this is so good baby. You are still so tight after fucking you several times" I said and felt her coating my dick with her juices. She is wetting herself even more. I pounded inside her hard and slapped her ass.

"Oh god ..." Reese moaned, closing her eyes.

"Tell me, do you like it? Like a little slut you are?"

"Yes, Alpha, I like it so much," she replied.

"Good girl" I slapped her ass again and increased my pace.

"Beg me to fuck you hard baby, beg me" I growled again.

"Oh....please Alpha. Please fuck me" she said as she rocked her hips.

"So greedy" I chuckled then walked towards the bed and threw her while I was still inside her. Her back touched the bed but I grabbed her hips and pulled it little upward as I fuck her like there's no tomorrow.

"Tell me who you are" I slammed inside her harshly.

“Oh....god...” She moaned “I am your slut Alpha. I am the slut of your dick” she said moaning louder. She knows how to please me.

“Fuck” I increased my pace and reached out to squeeze her breasts.

“Yes you are my slut. This pussy is for me to enjoy” I slammed hard inside her.

“Ah....please fuck me harder Alpha”

“Take it slut, take all of me” I rocked hard in her with a harsh thrust. Fuck, this feels so good that I am about to explode.

“I am cuming....ah....Avan....” Reese screamed.

“Fuck” I slapped her pussy as I gave my last thrust.

“Fuck Savannah” I mumbled as I released my cum in her pussy. This is totally heaven.

=====

Savannah's POV

Next day came easily without any disturbance. When I woke up in the morning I found myself in a cage. Hardwick caged me in his arms and didn't allow me to leave until his mood was good enough. It was quite hard to handle but in the far corner of my heart I am loving it. Enjoying every beat of his dominating nature.

“God, I will surely die if I keep eating this food ” Shiny made a face as she stared at the dish spread on the table. I sighed inwardly, it was not her only but I am also included. Okay, no criticisms against the food. Though it's taste is plain, it is still adjustable. But the main fact is that 'adjustable' couldn't refer to everyday meals with the same dishes.

Tanea walked inside the tent looking beautiful. She was wearing jeans and a crop top while her hair was styled in a bun. She sat in front of me with a grumpy expression. Today our breakfast was served in my tent so everyone is present here.

“What happened?” I asked her.

“Don't ask me about that. Ask your dumb brother”

Shiny who was drinking water suddenly spat out hearing her. She coughed a little before patting her chest. I chuckled at her reaction as I focused my attention towards Tanea.

“Did he sleep outside last night?” I asked, smiling.

Tanea rolled her eyes “you think that arrogant king of a brother of yours will let that happen? Besides the fucking tent door didn’t help” she cursed down.

I laughed out and wiped the corner of my eyes. Oh my, my eyes get watery and laugh so hard. I never understand how Tanea handles Devak’s arrogance like this. Thinking about it, my brother is really arrogant. He couldn’t wait to tease Tanea until she is fed up then again chase behind her. It’s like a natural circle going around.

“Do you need me to do something about the door thing?” I asked her.

Tanea threw a poker face “will that be able to stop that bull?”

“Bull? Haha ...” I held my stomach as I almost rolled on the floor.

“Who’s bull?” Then suddenly Devak’s voice fell in the room. Tanea huffed and turned her head away, not giving him any glance. He frowned before walking towards the table and settled down beside Tanea who was still avoiding him.

I suppressed my laugh as I looked at him “well, you should ask this to your mate. She knows better than anyone who it is” I nodded.

Devak turned to look at her “you know?”

“Humph” Tanea snorted but didn’t even look at him. I really don’t have any idea why they are arguing. But looking at them I guess this time it’s kind of bigger.

“I asked you something,” Devak frowned.

“Where is Alpha Hardwick?” Tanea asked, totally ignoring him. I know she is doing it to annoy him because Devak becomes crazy when others don’t answer his questions.

I shrugged in reply “donno, after waking up he left”

I felt it was strange. Hardwick left in a hurry after the phone call. Who was that? What made him so restless to be in such a hurry? I frowned but couldn’t find any answers to my own questions.

“Why are you interested in her mate?” Devak asked again.

Tanea swiftly turned her head to look at him “what this has to do with you?”

“Darling everything you do has my concern”

“Hell with your concern,” Tanea snapped.

“Okay stop you both. What’s going on here?” I asked them.

Tanea rolled her eyes but didn't speak. While Devak frowned. Looks like they are not going to answer me at all. I gave them a poker face before shaking my head. It's better to turn my focus to another thing.

"You participated in yesterday's game event?" I asked Shiny who was poking her food on the plate with a fork.

"Yeah"

"How's it?" I asked curiously.

"Boring. I thought they are putting some challenges to test the skills but all are lame at the end. The first round goes hunting down white deer in the forest" Shiny rolled her eyes "is that even called a game? Seriously hunt a stupid white deer?" Her voice fell like a mocking tone criticising everything.

"May be they will make the next level challenging" I told her.

"Not going. Jion said he will go for today. If tomorrow is exciting then I am up for it"

"Good luck then" I smiled. Though I planned to join the game but for now I really don't want to see Avan's face. Whenever I saw him, I felt disgusted. I never found the logic behind falling in love with such a person in the first place. I was so blind that I could not see his true face but I chased him like he is the treasure of my life. I rolled my eyes at the thought. Just then an aroma filled my nostrils and immediately my mouth watered.

It is the smell of my favourite Pasta Bolognese. But who brought it here? I can smell it from after. Just as I was thinking Hardwick walked with a beg in his hand.

"Where were you?" I asked him as he sat down beside me. Shiny on the other side lowered her head focusing on her plate.

"To bring this" He gestured to the packet in his hand.

"What's there?" I frowned.

Hardwick did not reply but undid the package before pulling out a plastic container which was locked. My eyes glued on it as I can feel the aroma. Is this what I am thinking? Can it be? Hardwick opened the lid slowly and my eyes widened.

It is really Pasta Bolognese. My mouth watered instantly and my hands itched to grab the fork and dig in. After coming here I didn't have a good meal because of the food taste but suddenly seeing my favourite food on the table my stomach gave a low growl.

“Looks like someone is hungry huh” I heard Hardwick’s tease but right now I don’t care about it yet my all focus on the plastic container which was glistening with my favourite food.

“You this” I turned to look at him.

“You didn’t liked the foods so I ordered it for you”

“How did you know it’s my favourite?”

“Luna told me,” he shrugged.

Mom, she told him everything yet I didn’t know a single thing about him.

“You did this for me?” My heart fluttered.

He smiled “you are precious to me”

And that was enough for me to jump in his arms. He brought my favourite food because I didn’t like the taste. He even cares for such small details how could I stay still without any reaction. And for the first time I felt my second chance was the best thing that could ever happen to me.
