Savannah's POV

Ah my head hurts. I groaned as I moved my body. It felt like pain and somehow numb. What happened to me? I opened my eyes but it was still blurry and I couldn't see anything clearly. Shaking my head I rubbed my eyes trying to get rid of the blurriness. God my head was spinning and aching like it was about to blow. I sit up holding my head in my hand. Suddenly a few images of last night flashed. Me sitting in the mini bar then drinking alcohol that I have never drank before. What the hell was I thinking at that time to jump into the conclusion of drinking and ending up getting a hangover? Wait why I am feeling like there's something missing?

The crack sound of opening door reached my ear followed by a cold rough voice "you are finally awake"

My blood ran cold and I felt my body shiver. I looked up only to find the dominating brown eyes glaring down at me. Fuck this is what I was missing isn't it? Him coming to get me last night?

"You are here?" I asked. By now all my blurriness flew out of the window and suddenly I felt my mind become sober.

"Oh, you recognised me?" He mocked and walked towards me in slow motion. His steps made my heart jump. I don't really remember what kind of thing I did last night. I hope there's not much of a thing.

"Here" he forwarded a glass.

"What's this?" I looked at the container then to him.

"You are suffering from a hangover so it will help you relax. Drink it"

Being helpless I grabbed the glass and drank the water. The taste of sourness filled my mouth. Looks like lemon water.

"When did you come?" I asked him once I finished my water.

"You didn't remember?"

"I can hardly recall anything" I replied guilty.

"Since you know you have no connection with the alcohol world then why did you go for experimenting with it to such a high extent? Even choosing the hard one? Were you trying to blow your mind?" Hardwick frowned.

I sighed. I knew this would happen. I never touched alcohol before. Whatever I had was always mild one. And last night I drank the hard one, losing all my sanity. And God that too in the crowning ceremony of my own brother. I need to find time and apologise to Dev. How can I be so reckless to do something like that? Getting drunk on such a big occasion?

“Are you listening?” Hardwick’s hard voice brought me back to reality.

“What?”

He narrowed his eyes, almost glaring “you, first you left the pack house without any information then you got drunk last night. Tell me the hell were you thinking? Do you know how worried I was?”

My jaw dropped. Is he accusing me? I glared at him. How can he say that?

“So now it has become my fault?” I supported my body on my knees then put my hands on my waist glaring at him “how can you accuse me like that? It’s you who disappeared like you never existed in this world leaving me all alone in your pack then your ex lover showed up threatening me like a queen of the pack and asked me to adjust myself in this situation and give her a way out to live by your side. I had to handle all these things yet now you are blaming me because you were worried. Have you ever thought about my own feelings?” I yelled at him.

Hardwick looked taken aback by my sudden outburst. He looked stunned for a moment before frowning.

“What? What the hell did that woman say to you?”

I rolled my eyes “do you want me to give you a detailed explanation now? Isn’t it clear that she wants me to make her marry you?” I gritted my teeth in anger.

He shook his head “that bitch, after all the fucking hell she put me through she still has the gut to utter such nonsense” his fist clenched and he gritted his teeth.

“I really did wonder that she got such huge courage to threaten me with her past relationship. It was clear that she already has a good connection and now she is using it properly to get you back. How romantic! I am really touched” at the end I mocked him then turned my attention from him looking at the other side.

“No, this is not what you are thinking” he tried to explain hurriedly.

“Oh believe me this is what I am thinking all the while. I don’t need your explanation” I gave him mocking smile.

“Fuck that slut” Hardwick cursed again. He walked towards the bed and said again “you are taking it in wrong way”

“Really? ” I shoot a glare at his side “then tell the fact you two had sex is it also wrong?”

A kind of helplessness flashed in his eyes and his eyes darkened. Though I know the truth, it still hurts to know the past actions of him even if at that time we didn't have any connections.

“I won't lie to you. It's true that we had sex but that was nothing romantic. There's no emotion, not any agreement. All of that action was the effects of alcohol that possessed my body and I couldn't stop myself” he explained.

I looked away from him. I felt him grab my hand but I didn't turn to look at him.

“Please believe me. I really don't want you to get hurt”

“I am hurt” I replied as I looked into his eyes “I am really hurt. And the person who hurt me was not anyone else but you. It's you who hurt me so much. Why? What kind of sin did that hurt me like this?”

Hardwick closed his eyes for a moment. I can see the pain reflecting on his face. Most of the time his face would remain emotionless but today seeing his painful look it suddenly clenched my heart. It felt like his pain was stabbing me deeply.

He let out a heavy sigh “I am sorry. I never meant to hurt you no matter what” he shook his head.

“But you did,” I told him. “I asked you so many times to tell me the truth. Because I knew it would come out one day whether you like it or not because the past doesn't leave us when it is too dark. It hurts me so much to know about the past which involved you greatly whether you were willing or not. I am hurt because I wanted to know the truth from you but unfortunately I have to find it from other people. You said we are mates but you couldn't trust me enough to share your past events. Is this how you put your trust in your mate?”

“No don't say that” Hardwick shook his head “please don't say like that. I knew it was my fault for not telling you the truth but I was scared”

I frowned. Am I hearing right? The great Alpha of Dark Forest was scared? But scared of what? What made him so scared that he could not tell me about his past?

Before I could question him he said again “I was scared to lose you. It has been so many years that I was trying to find my mate but I never got one. Then I started to lose my interest in finding one and buried myself in pack work. After my parents died I only focused on my pack. That was until you walked into my life and changed everything. I

kidnapped you that day because I couldn't control myself. I wanted you to stay by my side forever. And the reason I refrained myself from talking about my own past is because I didn't want to lose you. It was already hard enough to find you and if I told you about my past and if you had left then I couldn't bear that pain. I never want to go through the feelings of loneliness again. So I tried to hide it from you. But I never expected that that damn bitch will show up out of nowhere"

I looked at him as he explained himself carefully. I let each and every word of him to digest in my mind. I sighed.

"I wanted to tell you but I couldn't. If I knew that she would come back to ruin my life again then I would have taken the situation in my hand" he gritted his teeth. "I would have never let her step in my pack again"

"That's why I said you don't trust me much" I told him. "If you trusted me enough then you wouldn't let fear consume your mind and heart. You would have told me everything that happened"

He looked at me with guilty eyes. I really don't want him to have such an expression. So I cupped his face "I followed you from my pack to yours why? Because I have placed all my belief and trust on you along with my heart. Then how come you thought that I will leave because of your past. I am hurt because it was not you who told me about your past. It's kind of insulting to know the secrets of your mate from another person. I just wanted you to have trust in me that I will never leave you, no matter what. You have to trust me on this point" I tried to explain myself to make him understand me.

"The matter of Delaney and I happened when we were teenagers. She was sixteen and I was twenty. Delaney and I almost grew up together but separately. She used to be the daughter of a pack priest. But I never gave any importance to her. Dad used to trust Ajim, Delaney's father in pack matters. On the day of my 20 birthday Delaney confessed to me saying she has a huge crush on me and wanted me to take her as a girlfriend. I denied it because I never saw her in such a way. For me she was always the member of the pack and a daughter of the priest. I never had any like romantic affection towards her"

"What happened after that?" I asked.

Hardwick sighed "after the celebration, me and some of my friends had toast. It was a happy time and I was enjoying my time with my friends. I never thought that after being rejected Delaney would choose another way to make me accept her. She spiked my drink and I was so drunk that I couldn't understand what's happening around me. I was tipsy and couldn't even walk properly. I felt someone helped me to walk. My vision was blurry and my mind was messy so I don't know who it was. After we walked into my room my body fell on the bed and then I really don't know what happened next. In the morning when I work up I found myself naked and Delaney was sleeping besides me"

I frowned at his explanation “that could have been just some act. How come it was clear that you two had sex that night?”

“Well even though I don’t know what exactly happened that night, the next morning Delaney had hickies on her body and there was blood on the bed. She was a virgin and from all of those aspect everyone concluded that we slept together”

I rolled my eyes. May be they really had sex but this matter was not clear. Hardwick was drunk so the person who helped him to get into his room was absolutely Delaney. She plotted it too well for everyone to think that whatever happened between them was a mistake.

“What did others say about that matter?” I asked him.

“My parents didn’t take the matter too seriously while Ajim made it a big matter. He wanted me to give him a good explanation about his daughter. She lost her virginity and in future when she will find a mate it will be difficult for Delaney because no man will want a woman who lost her virginity to another male. At that time Delaney said it was her fault and she has a crush on me. Ajim asked me to take his daughter as my wife when time comes if not then he will not leave the matter easily”

“It more feels like he is colliding with his own daughter” I rolled my eyes.

Hardwick chuckled “at that time I was not sure of it. Firstly because of Delaney’s terrible act. And secondly because because of what we had that fucking night”

“What happened then?”

“Ajim started to nag to give his daughter a title. Because of this matter dad started to get angry and finally removed Ajim from his post. It made Ajim more ferocious. Delaney cried and asked me to help her. I confronted her then she admitted that it was her who spiked the drink and she was the one who lost her own virginity to me” He rubbed his temple.

“She could stoop to that low point? Looking at her no one could tell how black her heart is. She could do anything to get what she wanted. She could even utter nonsense that you both had deep affection and I am middling between you two”

“She is just a bitch who couldn’t control her greed” Hardwick hissed.

I knew the story but the deep connection between him and Delaney was opened by him. Luina’s aunt also said that He and Delaney were found sleeping together the next day but how it was unknown. Now hearing the story from Hardwick I can finally understand this matter.

“How was the reaction of your parents after she confessed the truth?”

“Ajim was shocked. He never thought his delicate looking daughter would do such a shameless thing at such a young age. As for dad he was too angry. Because of Delaney the whole pack elders started to accuse me of molesting an innocent girl. So when Delaney confessed in fear dad was beyond angry. She caused the reputation of the pack down in the sea of Shame so he ordered to send Delaney to East side”

“East Side?” I frowned. I have heard this name. I also got to know that most of the pack Elders live there but why was Delaney sent there? Is it because of her sin?

“She was, the next morning without anyone Knowing. Ajim didn’t even look at his daughter after her confessions. I really pity him for putting so much trust to someone who couldn’t stand on his ideals”

“How long is that matter?”

Hardwick smiled “so curious to know huh?”

“Tell me please” I shook his arm.

He chuckled “7 years”

Savannah’s POV

“7 years?” I gasped. It has been so many years yet Delaney’s infatuation is still so active. Now this matter does seem like caused by mere infatuation yet there’s more like an obsessed feeling. Since Hardwick rejected her, it made her heart and soul more determined to have him at any cost. She even gave up all her shame and fear to conclude her action to the finest point. This kind of person is dangerous in every way.

“Where are you lost?” I felt myself being tugged and then pressed against a hard chest. I looked up to find him staring at me.

“Nothing, I am just too curious about your story”

“Don’t think about it too much. The past is passed and there’s nothing between me and Delaney” at the last words his eyes flashed with coldness. His arm around my waist tightened.

“The past couldn’t pass if the present is involved”

He looked at me closely, staring into my eyes like he was trying to read the unspoken words “you blocked me?”

“You did the same”

"I don't want you to stress yourself. It's better if you stay happy without any problem roaming in your mind" he sighed.

"Did you forget that I am no ordinary woman?" I smiled "I am your mate and the Luna of the pack. Maybe there's something that I couldn't help you or maybe I could. The only fact is that you have to let me in. Like you did in your heart. You can't always keep me from the problems because when you are involved I will be dragged down along with it whether you want it or not. Like the matter of Delaney. You didn't want to talk so she showed up revealing everything. there's some things that we have no power to control. So instead of keeping it from me just share it so that we both can find a solution to deal with it. This is how everything works right? This is how a relationship processes without difficulty and misunderstandings" I cupped his face and said truthfully. I know he didn't let me read his mind because he wanted to protect me from the arising problem but I am his Luna and he couldn't forget this fact.

"Fine since you want it then I will give it to you" he agreed.

I smiled brightly at him "then it's settled. Everything is solved"

He raised his eyebrows "who said everything is solved?"

"Huh? What?" I frowned.

"There's still something that is yet to be solved"

"What?"

Before I knew it he pushed me down on the bed making me lie flat on my back and he hovered over me. His eyes were shining with evil glint.

"What are you doing?" I looked at him with wide eyes.

"You left me there in the pack. How could you leave?"

"That..." Suddenly I felt guilty "I..."

"You what?"

"I didn't leave. I just came here to attend my brother's crowning ceremony"

"Oh, so you can go without informing me?" He questioned.

"Did you pick up my call?" I gave him a mocking smile.

"Fuck" he cursed then joined his forehead with mine "I was scared to death"

“Why?”

“After returning I found something missing. Then Delaney appeared out of nowhere and then I couldn’t find you. So I thought you left me because of my past”

I smiled as I saw his scared expression “you know that’s not true right?”

I never thought that the Alpha who never showed any nervousness nor weakness. Who handled his pack and brought it to a high position will be scared by his past. He was scared to lose me and he thought that I would leave him after learning about his past?

“That’s why you were so reluctant to tell me about your past?”

He nodded “I knew that I was doing wrong. I should have told you about it earlier but I thought you will misunderstand everything I want to say”

I shook my head “no, I would have misunderstood it if I found the truth in other means. That’s why I wanted you to tell me the truth. I wanted to hear it from you. Do you know why?”

He looked at me but didn’t say anything. It was like he wanted me to continue, to tell him what I thought about it.

“Because I would believe everything you say without an ounce of doubt in my heart”

An emotion flashed in his eyes as he pulled me for a tight hug pressing me to him so hard that he feared to let me go. Like I would disappear if he showed any hesitation.

“There’s no way I will let you leave me. I will tear down this world only to have you beside me”

I felt my eyes moistened as I heard his voice. I had lost my trust in love after I was betrayed by Avan. I used to think that my life ends here and there’s no chance for me to actually experience what true love feels like. Until ...until this man decided to barge in my life turning it to such a point where I couldn’t imagine my life without him. How come I am drowned in his love that makes me so blind where I couldn’t see anyone except him. And suddenly I felt like there was always him. I never experienced love because Avan was not him. Because my heart was waiting for him to find me.

“I will never leave you. No matter what” I said like a promise. I know being with him will bring numerous troubles but I will accept everything if it does mean I can stay with him. Except him, nothing matters to me anyway. He is my mate, my love and the man of my life.

After breaking the hug I looked at him with love. His dominating orbs gazing at my soul like he owns it. And I know each and every part of me screaming his name.

“You are not angry with me?”

I chuckled “you thought I was mad at you?”

“I guess so”

I laughed “so the great Alpha of the Dark Forest was scared of his mate?” I couldn’t help but tease.

He raised an eyebrow “are you teasing me darling”

I smirked and straddled his lap. He hooked his arms on my hips making me stable “yes, do you know wh” I leaned forward near his ear “because I Love You Alpha”

Hardwick tugged at me , pressing my body to his hard one. He kissed my neck as he mumbled against my ear “I Love You More Mate”

After two days staying in Snow Moon Hardwick and I decided to return. It was because there’s so many thing left to settled and we can’t stay long leaving the pack free.

“Do visit when you get time darling” mom said as she smiled.

“I will mom” I smiled at her.

“You just came and now you are leaving again. I will miss you so much Sav” Tanea hugged me warmly.

“I will visit you soon. Till then take care of you and your little baby” I laughed. It was a huge surprise for me that I got to know Tanea was pregnant. Because I visited in a rush there was not much time to talk about it. Besides, I was not nervous that I failed to notice her unfamiliar behavior too. But I am glad. Soon a little baby boy or girl will call me aunt. It is too exciting. Devak was so happy when I congratulated him. Looks like my brother finally decided to start his family.

When we reached Dark Forest I saw Ryan was standing at the pack entrance with Jenny. He was still having his arrogant look while Jenny behind him stood with a flushed face.

“He is with Jenny?” Hardwick frowned as he drove towards the entrance.

“You have no idea?”

“Should I know something?”

“Hmm... Jenny is his mate”

“What?” He looked shocked as he looked at me.

I just shrugged my shoulders in response. Ryan hides it well. Even from Hardwick too. And I find it interesting.

“Finally you two are here. I am tired of handling this pack matter” Ryan sighed in relief when he saw us getting down from the car.

“What happened?” Hardwick asked as he held my waist and led me towards the entrance.

“Delaney is causing trouble. That woman lost her mind and would not listen to anyone. I believe she lost all her sanity” Ryan informed, shaking his head.

“I have much to do with this matter. I was not informed a bit as that damn woman entered my pack without me knowing” Hardwick clenched his jaw.

I looked at him and thought for a while “may your informers didn’t know about her returning”

“What?” Hardwick and Ryan looked at me.

“That’s impossible, I mean the security is too tight to pass the entrance” Ryan shook his head again.

I shrugged “It’s just my intuition. The day she came in the pack I think that’s the day I bumped into her. I saw Daisy came to greet her but other than that I didn’t noticed anyone”

“Fuck” Hardwick cursed “but it still doesn’t prove the lack security work. I will have him understand how to work properly”

“But why did Daisy come to meet her?” I frowned.

“Daisy is Delaney’s younger sister,” Ryan replied.

My eyes widened. I always wondered why Daisy targeted me. She never showed any respect nor she treated me like a Mistress. She even accused me of snatching another’s position as Luna. I never got clear answers to her behaviour. But now everything is clear again. She bore so much hatred for me because she thinks I am taking Delaney aka her sister position. So she took me as her enemy as soon as she got to know I am Hardwick’s mate. Now her behaviour is understandable.

“From your expression I guess you are aware of their relationship Luna” Ryan said as he smirked.

“I expected them to have a connection though I never thought they would be siblings” I replied.

“Both of them are one type. Greedy with high expectations. No one can compare them in this field in this world. I can guarantee this”

Jenny slapped Ryan’s arm “why are you insulting like that?”

“Why can’t I? Haven’t you seen them causing trouble in these two days? I say who with a stable mind does that. Hell, I couldn’t even sleep properly at night because of their action” Ryan rolled his eyes.

“I am not gonna leave this easily. This time I have to make decisions for good. I can’t let them win over this and waste my time here” Hardwick said as he pulled me towards the pack house.

“Does Ajim know it?” He asked again.

“No, he is not here. Besides, he already disowned Delaney 7 years ago. You know he left the pack saying he wanted to get some peace of mind” Ryan replied.

“Good, this time I don’t want the elders interfering in my matter. I have had enough of their advice. If any of them has any mind to involve then just discard them. No need to ask me”

My eyes widened as I looked at my mate. Did he really mean it? He said it like some kind of casual thing. From his behaviour I can say that Hardwick is too serious.

~ He is a macho man ~ Red purred.

I rolled my eyes. I blocked her immediately and didn’t let her mess my mind again. This wolf is always messing with my mind and her mind is filled with dirty things. We walked inside the house and I saw Luina was already waiting in the hall. She smiled when she saw us.

“Master, Mistress you have returned”

“Go, take and shower then rest for a while. There’s still time for dinner”

I smiled “are you not coming?”

He smirked, “Do you want me to share a bath with you?”

I rolled my eyes “do you always need to be a pervert mate?”

He chuckled "I can't help it. How can a hot blooded man keep himself in control when his mate is this damn beautiful?"

I felt myself blushing. I am glad that he is whispering or I would feel more embarrassed. This man really knows how to make me die with embarrassment.

"You are really pervert" I hissed but it only made him smirk.

He leaned down and whispered in my ear "I haven't shown my pervert ways yet darling. Would you like to see the demo?"

My face flushed and I pushed him away from me. Someday I will die with embarrassment because of this man. I rubbed my cheeks trying to wipe the blush.

"Okay, I really don't want to witness those lovey-dovey moments. It's too sweet, I fear I will get my blood sugar level high" Ryan joked from behind.

"Shut up. What are you saying" Jenny scolded him.

"I didn't do anything. I was just stating the truth" Ryan shrugged.

Jenny glared at him then turned to me smiling embarrassingly. There was a trace of helplessness in her eyes. I shook my head and turned towards the stairs. Luina was already following me. But before I could step on the stairs another voice had me stopped in the middle.

"Alpha?"

My head snapped towards the side and found Hardwick already looking at the person who just walked in the hall. My blood boiled instantly as I saw her face.

My poisonous enemy Delaney.

Savannah's POV

Delaney stood there with a crying face. Her eyes were teary while her cheeks were red. Her hair was quite messy. Because she has a good skin tone which made her get advantages when she was acting all pitiful. Anyone who will look at her will feel remorse inside mixed with guilt. She took two steps forward then her body suddenly trembled.

"You have returned," she said in her soft tone. I raised my eyebrows. She was saying like this if Hardwick had come from a long war. Even the beloved wife in the novel doesn't cry like this. What is she trying to do now?

“You are still here?” Hardwick clenched his jaw tightly.

“Why are you so angry? I know I have done everything wrong but it has already been so many years. I have done everything you wanted and endured all the sufferings in the East Side for you. Can’t you just let it go?” Delaney said with her trembling lips.

“Let go?” Hardwick laughed “you still have that courage to ask me that?”

“Hardwick-”

“It’s Alpha for you” Hardwick roared, making Delaney jump in shock. I was startled by his sudden roar.

“Al-Alpha, I will do everything you say but please don’t stay angry with me. I can’t stand your ignorance” Delaney cried out.

“Since you are so willing to do anything then get lost and never show your face to me” Hardwick snapped.

Delaney gasped “no, no, no, please don’t say like that. I have been dreaming of being reunited with you all these years. Even the elders in the East pitied me when they saw how much I love you. As a stranger they can feel my affection then why can’t you?”

I looked at her then my gaze fell on my mate who was looking at Delaney without blinking his eyes. My heart suddenly twisted. I bit my lips refraining myself from lashing out.

“I have loved you for many years even though I know you never had the same affection for me. I loved you so crazily. I can do anything for you. But you can’t see my feelings why?” Delaney continued to speak. With every point she was making it look reasonable.

Delaney looked at me then her eyes turned dark and gloomy “because she is your mate?” She suddenly raised her hand and pointed her fingers towards me. “Just because she was the one chosen by the moon goddess you are ignoring me isn’t it? What does she have that I don’t? Don’t I look beautiful? Don’t I know how to fight? Is it because of her pack that is backing her up? Is that why you are giving more attention to her?”

“More?” Hardwick’s laughter roared around us “there is no more Delaney because I have never gave you any attention to raise the question with ‘more’ at all”

Delaney looked angrily at me. Her eyes watered as the tears suddenly rolled down her cheeks. She bit her lips then lashed out “it’s all because of you. I would have become the only woman and mistress of this pack if you were not here. You have taken my position, my mate and my pack. Why do you exist in this world? It’s all because of you. It’s all because of you” Delaney started to shout like a madwoman.

“How dare you?” Hardwick growled as he glared at her hard “how dare you accuse my mate you bitch?”

Delaney’s eyes widened in shock. Did he just cursed her before everyone? I looked at him shocked.

“How-how could you call me like that?” Delaney shattered as her body trembled.

“Aren’t you the one?” Hardwick growled angrily. “Because of your cheap act there was a huge conflict in the past. Even if you know that I don’t have any interest in you, you still went for using dirty means. You even stepped so low to use your own body. Now you are accusing my mate? Who gave you that right? Since you are so addicted to losing your life, then I as your Alpha can definitely grant you the wish as you desire” he shouted as he was about to step forward I held his arm in tight grip.

Hardwick is really angry but killing Delaney is not a solution. Delaney made a huge scene in the past and now she is intervening in our lives again. The only motive she had was to ruin us with her. Hardwick turned towards me with a sharp glare. His eyes were blazing and I could clearly see Only trying to take over him.

“What the hell are you doing? ” He growled.

“What are you doing? ”

“I am going to kill her as she wants it so much then it’s my duty as Alpha to fulfill it” he hissed.

“No you are not” I shook my head. Though my heart is beating loudly and his piercing gaze making me nervous and scared at the same time but I will never let my mate do something which may bring chaos later.

“Why not? No one gave her the right to insult you in front of me. I will fucking end whoever tries that”

“You need to calm down please. Killing her won’t solve anything yet it will rise more problem” I tried my best to reason out.

“I don’t care” He pushed my hand harshly and about to step towards Delaney who was trembling.

“But I care,” I said loudly, making him stop on his track. “Even if you don’t care about yourself, I care. I can’t watch you going to commit sin. I.... I don’t want to be part with you”

As expected he looked back at me. His blazing eyes softened as some different kind of emotion flashed in his dominating orbs.

“You bitch how dare you seduce the Alpha in front of me? You are such a slut who goes around whori-” Delaney’s loud scream stopped in the middle when the ‘pa’ sound echoed in the air. Her body fell on the ground heavily and she puked a mouthful of blood on the ground. Her lips become bloody.

“I dare you to say again” Hardwick roared as he glared at the woman on the ground. “I have tolerated your action in the past thinking it’s your infatuation that caused you to be muddle-headed at a young age. I thought after taking the punishment in the East you will understand the fact that whatever you have was all created by your mind and there’s nothing between us. But no, you couldn’t change yourself, not even a bit”

“I.....I.....” Delaney cried and her son became hard.

“Delaney” another voice rang as Daisy’s figure showed up. She squatted down towards Delaney and helped her from the ground.

“Master, please forgive my sister. She was a little excited seeing you after so many years. She just couldn’t control her emotions” Daisy said, defending her sister.

“Couldn’t control emotions?” Hardwick snorted angrily “looks like your sister forgot how to behave and respect others. She really need to learn so many things”

“Master, my sister is vulnerable, please show some mercy. She just adores you from the start and always has been thinking about you. My sister has grown up with you in the same pack. For the sake of past affection please don’t hurt her” Daisy requested again. Her eyes were teary and her face was pleading.

“Your sister only knows how to ruin others when she can’t get what she desires. She has a wicked mind and heart that will never change no matter where she goes” Hardwick said with an unpleasant tone.

Daisy lowered her head but didn’t retort again while Delaney suddenly screamed “My heart is not wicked. I just want you to see me as a woman to love me and care for me. What’s wrong with that?”

“What’s wrong?” Hardwick growled “The wrong is that you have high expectations from the things you can’t get. The wrong is where you are dreaming about something that will never happen. The wrong is where you are so infatuated that you lose your sanity to think. The wrong is where you can’t decide whether it’s true or false even after knowing the situation. The wrong is where you insulted my mate who is innocent in this matter. You just couldn’t wait to drag down everyone isn’t it even though you have to pay your life in the process”

Delaney and Daisy looked so shocked that they couldn’t utter a single word.

“I have had enough of this” Hardwick glared at the both sisters “send Delaney back to the East Side but this time she will be going to shut herself in Golden cage and will not come out without my permission”

The people who were present here all gasped loudly. I looked at them frowning. I really don't have any idea about Hardwick's punishment but one thing is clear that it's not a good choice either.

“No, you can't do that to me” Delaney shook her head vigorously. Looks like she is not believing what she just heard.

“I can do anything since you craved it” Hardwick replied, then turned around and grabbed my hand before pulling me with him.

“You can't do that. What wrong have I done for you to treat me like that? How could you be so heartless Alpha? You are so cold blooded” Delaney was screaming behind us. Two guards showed up and dragged her away. No one gave any heed to her shouts and screams.

“What kind of punishment did you give her?” I asked as soon as he pulled me into our room.

“Are you still interested in her?” He asked as he removed his shirt.

“I was just ...” I bit my lips trying not to gasp as his perfect abbs came into my view.

“You what?” He leaned on the wall looking at me with a smirk. God he knows what he is doing and he is doing it intentionally. This man...

“I couldn't understand your punishment properly”

He raised an eyebrow “Delaney will not be interfering in our lives again. This time she will be living in a golden cage, the Dark prison in the East Side. And she couldn't come out without my permission once she entered inside. And I am not going to let her out. So she is fated to be doomed for life”

So that is why everyone gasped when he said about the punishment. The golden cage doesn't only have a good name but it has great significance too.

“So?”

I looked at him frowning “so what?”

Hardwick narrowed his dominating eyes “are you just going to ponder over her matter or you have time to think about me?”

“What are you saying?” I asked as I walked towards the dressing table “such a big thing happened today, how can I not think about it?”

“You are thinking about everyone except for me. Is that fair?’ he walked towards me in slow steps.

I removed my earring and wiped the makeup from my face before looking at him through the mirror.

“How can you be so calm like nothing happened? Delaney caused such a huge scene-”

“Stop” he holds my shoulders “I have tolerated enough. I don’t want to hear about that woman again. Her chapter is closed down and you are not going to talk about her”

I looked at him then sighed. Looks like he hated Delaney from the core. But I don’t think Delaney’s chapter is closed, I don’t know why but thinking about today and the way Delaney screamed it made my heart so restless.

“What are you thinking about?”

“What about Daisy?”

“Daisy?” He frowned.

“She is her sister right”

“The whole family is hypocrite”

“I don’t know why but I feel restless about it” I frowned as I looked at myself in the mirror.

“Don’t worry, I won’t let any harm come to you. Do you trust me?” He smiled.

I turned to face him “do you think I am worried about myself?” I shook my head “it’s not about me. Whatever happened today will lead to another big problem. And Daisy has been keeping guards against me and I know no matter what Delaney did Daisy will blame me for today’s action. She has been hating my existence ever since I become your mate”

“I told you Daisy is a hypocrite just like her sister. Both siblings couldn’t sit still until someone is hurt because of them. One is senseless and the other is a vicious bitch” Hardwick clenched his fist. I held his hand and smiled.

“You are getting angry again?”

“I can’t help it. At the thought of you being hurt it makes my blood boil to no end”

I smiled “you love me that much Alpha?” I poked his bare chest.

“More than you can think”

“Feeling are mutual Alpha”

“Is it?”

“Any doubt?” I tilted my head as I asked him.

He smirked “of course not. Wait a minute” he pulled out his phone and called someone “Ryan, I need you to watch Daisy for me tonight” he said then hung up.

“You are giving him night duty to the poor boy?”

He rolled his eyes “he is not innocent. That fucker even hide his mate from me. I need to teach him a good lesson”

“Seriously? Jenny was the one who ignored him”

He chuckled “served him right”

“Are you happy with his misery?” I shook my head.

“Hmm..... I am happy whenever he is in pain”

“You are really something” I shook my head.

Suddenly Hardwick pulled me to him, pressing myself to him “don’t you think we should continue where we left last time?”

I raised my eyebrows “what happened last time?”

“You don’t remember?”

I shook my head.

“Good, then I will start again to make you remember every fucking thing”

Before I could understand he hoist me up on his shoulder making me squeal.

“What are you doing?”

“Making you remember everything darling”

Claiming His Tempting Mate novel chapter 54

Savannah's POV

"Oh" My body landed on the soft mattress and I felt like it bounced. I looked at the man angrily.

"Why did you do that?"

He smirked "why?" He repeated and started to remove his pants. My eyes almost went out of its socket as I looked at him getting naked.

"What are you doing?" I asked with a trembling voice.

Hardwick didn't reply yet he pulled his pants off from his body and stood in front of me totally naked. I tried hard not to look at his hard shaft but it's like my body has its own mind and subconsciously my eyes reached towards his male point which was now standing proudly.

So hard, so thick and so long.

I gulped down my own saliva but it felt like it stuck somewhere in my throat almost choking me in the process. A sexy chuckle covered my ear.

"Did you like what you see?"

I frowned and glared hard at the naked person before me. It was all his fault. He was doing it intentionally. With such mouth watering abs and muscled body that a woman will die before she could resist it was clear that he is seducing me to no end. Though this situation is so embarrassing, I couldn't stop my body from reacting. Suddenly a hotness pooled in my lower part making it clench painfully.

"Are you doing it intentionally?" I was accused. But this beast of a man didn't deny it. Instead he chuckled again.

"Is it working?" He stepped forward "I hope it's working darling because I will make sure you won't be leaving this bed until I can calm my desire down"

My eyes widened "what-what?"

"I am making you recall all the things we had done the other night. Since you are saying that you can't remember properly, as your mate I need to give you a good reminder"

"No-" before I could finish he was already on top of me kissing me hard. Our tongues fight together to claim dominance. His hand rubbed my breast before he squeezed it harshly making me moan in his mouth.

"I couldn't wait any longer. I am craving to bury myself inside of you" he said huskily as he tore my dress leaving me in nothing but two pieces of lingerie.

"You are so beautiful, do you know that?" His tongue gilded towards my neck as he spoke. His hot breath were slapping my skin making it all tingle "but you look like a sex goddess when you wear nothing. I want to taste every inch of your body, to remind you that how much you are made for me and how my this body made only to be mine"

"Hardwick" I moaned when he pushed my bra and latched his mouth on my sensitive bud which become hard from his torture. His other hand was massaging my breast kneading it causing my body to release juices all over again. I never knew that my body is so responsive to his touches. And this man really knows how to ignite the fire in me.

"See how your body knows who owns it darling. Don't you think so?" He chuckled before sucking my nipples hard. Biting my nipples hard he removed the bra from my body and threw it on the floor.

"You taste so sweet and so addictive. Let me taste you more, I want to remember how sweet your juices are" his dirty words made me clench my thigh hard. My pussy clenched as it released more juices which were dripping down my inner thing wetting the panty. Hardwick trailed his tongue over my belly then it got lowered until it reached my panty. He reached out and traced the outline of the panty with his slender fingers.

"You know this is mine right?" He asked as he cupped my pussy over the thin cloth of my panty. "Say it" he hissed as he pinched.

"Ah ...it's yours" I moaned loudly.

"Good girl" He praised me before I felt the last barrier slipping away from my body. Now I was completely naked lying beneath him for his eyes to explore. His fingers rubbed my clit in slow motion and I couldn't help but moan. It only makes me cum again.

"You are so eager to feel me?" Hardwick chuckled before he used his fingers to part the soft fold exposing my womanly entrance before his eyes. I felt blush creeping on my face. God there's nothing that I can hide from him now.

"You are so wet, baby. So damn wet that it's making my mouth water to taste you" he growled then before I could know his mouth latched on my wet core.

"Oh...god" I moaned loudly as I felt my body jerked when his tongue teased my entrance then sucked it hard. He licked my pussy then took the wet lips in his mouth sucking it hard like he was eating his favourite candy. I curled my toe as I kept moaning. My heart is beating faster and my body is on fire. My hand reached down and grabbed his silky hair and gave a tug making me groan in a sexy way. He kept sucking me while my core and released more juices. But he licked it again and again. He pinched my clit while he pushed his tongue inside my core.

“Hardwick” I moaned. “Oh my god Ah”

“I can feel you are so close, baby. Clench your pussy as hard as you can, let me feel how much you crave for me” he whispered then continued to suck and torture my sensitive core.

I felt my blood rushing and my pussy clenched against his tongue. My hip rolled around his mouth and my hand pushed his head in my pussy more. Hardwick didn't let it go, instead he kept sucking and biting my pussy. He parted the pussy lips and ran his tongue making me jump as my pussy became more sensitive.

“I”

“Yes baby cum, cum for me. I want you to cum on my tongue while I eat the hell out of you” he encouraged.

“Oh ...” I moaned as my inner wall started to clench tightly.

“Cum right now” Hardwick growled then suddenly slapped my pussy.

“Ah”

He pinched my clit then took my pussy lips in his mouth again sucking it hard. And then I shattered. I cum all over his mouth. I panted hard while he sucked my cum clean.

“Did you enjoy darling?” He smirked as he got up and looked at me.

“You.....you are such a.....”

He chuckled “you taste so good baby, you can't accuse me about it you know”

“I am tired” I felt my body exhausted from his sexy torture. God he knows how to torture sexually.

“Nah, nah babe, it's not over yet. You have enjoyed now it's my time to enjoy you”

“What -” before I could say he grabbed my ankles and pulled me towards him. His hard member poked on my wet core and I couldn't help but moan again.

*Oh, God”

“Did you feel like a baby. See how hard it is. So ready for you to take you, to claim you, to own you. After today you are completely mine, from heart to soul, from body to life”

“Hardwick” I moaned again. He rubbed his dick on my entrance.

“Ready love?”

He didn't let me answer as I felt him push the tip of his cock in my core.

“Oh god.....it's huge....”

He leaned in and kissed my cheek “don't worry darling, it's made for you and you can get used to it. He is so eager to take your sweet little cunt”

I didn't have time to respond as he suddenly pushed hard in one thrust. I screamed as a sharp pain hit my body making it unbearable. Hardwick ran kisses on my face trying to soothe my pain.

“Ah.....” I bit my lips as I felt my pussy being filled with a hard huge cock. I gasped for air and shut my eyes .

“It's hard, but the pain will go away soon” he whispered in my ear then kissed my neck. “You are such a beautiful baby. I am feeling like living in heaven”

I felt my pain fading away slowly leaving the feeling of his huge size that covered whole being “move please”

“Are you sure?” He looked up gazing into my eyes. I nodded my head.

He started to move inside me at a slow pace. I circled my legs around his waist trying to push him more into me. He removed his cock making me wince in frustration. But before I could complain he pushed back in one thrust making me moan loudly.

“I fucking love your scream baby. It only shows how much this body of yours craves for me and how much you want me to take you. Your sweet little cunt is so eager to feel me inside of you that it's clenching my cock so hard”

“Hardwick” I moaned as I held his shoulder.

“Yes, moan for me sweetheart. Moan for your mate. Feel how much you are made for me. How much we belong together” he uttered with his each thrust. His pace became fast and he started to thrust vigorously making my body shake in excitement while my breasts were bouncing hard.

“Oh god” I panted as he kept thrusting inside me.

“It's no god baby, moan my name. I want to hear my name in your sweet lips” he said as he leaned over and captured my hard nipple in his mouth sucking and biting it.

I closed my eyes as the pleasure started to explode in my body.

“Hardwick” I cried out when he bit my nipple hard.

“That’s all baby, just like this” he smiled then increased his thrust.

“You are so tight baby, so fucking good” he groaned and closed his eyes.

I felt my wall clenching his huge cock and Hardwick groaned again.

“Yes baby, clench it. Clench it hard for your Alpha”

“I am cuming” I moaned.

“Cum baby, cum for me”

He gave a few hard thrust and I cum. An unexplainable pleasure shot into my body, making me feel complete. He kept thrusting for a few more before Hardwick let out a growl.

“Ah .. Savannah” he threw his head back, closing his eyes. I felt his hot liquid spilt inside me, making my core warm. He didn’t pull out but stayed inside of me.

Hardwick joined our head as we panted together “I love you so much”

I smiled “I love you more mate”

I closed my eyes and sighed. Finally we are one. It was a complete bliss.

“Oh ..no, no, you are not sleeping darling”

I opened my eyes as I frowned. He smirked. He removed his cock and stared at me.

“I am not done yet”

My eyes widened in shock. This man, he almost tore me apart yet he was saying he is not done yet?

“What do you want?”

He grinned “we need to try new positions darling”

I sighed “one time is not enough for you?”

He chuckled and kissed my cheek “how can I get satisfied with one round baby? Such a beautiful and responsive body of yours, one time will never be enough for me”

“But-”

I couldn't complete it as he suddenly turned me around so that my back was facing him. I am already tired, how can this man be so active?

"Get on your four baby, head down a little and push your sexy butt high. Let me see your gorgeous ass"

His words made me blush hard. How could he say such a thing so easily like he was talking in daily life? Even though I want to protest his words, I can't. My body suddenly became so excited that I felt like doing everything he wanted me to do. Getting on my feet I kept my head down then pushed my ass high for him to see. It was exactly the position he wanted.

"So beautiful" his hand rubbed my ass cheek slowly then squeezed it hard making me gasp.

"You have such a beautiful ass baby" he said then I felt his hand slip in my wet core again. He parted my wet folds then chuckled. "You are wet again sweetheart. It seems this little cunt of yours is more than greedy for me"

I closed my eyes, blushing again. It was him who pushed me to the point of getting wet and now he is accused of being greedy. But it's not false either. Yes, I am greedy. Greedy for his love and his body. I want him to take me in every way possible. I am so greedy for my mate.

"God, I can't hold back" Hardwick groaned then suddenly he thrust inside me from behind.

"Oh god" I moaned, closing my eyes. After we are done I know I couldn't get up from bed.

"You are such a sexy baby that makes my cock so hard that it couldn't wait to bury himself deep inside your warmth. Since he got the taste of you, there's no letting you go baby. You need to take care of him whenever he gets greedy for your sweet cunt" he said as he kept thrusting hard and fast.

I fisted the bedcover as I moaned his name "Hardwick"

My pussy was already sensitive from his torture and now that his was thrusting inside me so hard and fast I couldn't control myself from cuming again. I rolled my ass as I met with his each thrust.

Hardwick groaned in pleasure "yes, baby, just like that. You are hitting my point baby. So fucking good" then he slapped my butt hard as he thrust.

“Oh god ...” I screamed. His slap only made me get wetter. His huge cock thrusting in my pussy so deep and hard that I felt like he was almost touching my soul. I couldn’t stop myself from feeling unbearable pleasure rushing through my body.

“You are still so tight baby” Hardwick said, slapping my butt again.

“Ah..... Hardwick I am cuming” I moaned.

“Cum baby, milk my cock with your sweetness. I want you to bathe my hard cock with your juices” his dirty words added fuel to my pleasure as I felt my pussy clenched around his big cock again. Hardwick groaned as he held my ass cheeks tightly.

“Hardwick” I screamed as I cumed on his cock. After a few more thrust Hardwick let out his sexy growl as he released his cum inside my pussy.

We both panted as our fast sexual ride ended with pure bliss. I felt my body exhausted beyond imagination and my pussy was sore. I fell on the bed ignoring the sticky liquid running down my inner thigh. Hardwick seemed to ignore it as well and he fell on top of me again. We held each other and he kissed my neck.

“You are an amazing baby. I never felt such heavenly pleasure in my life”

“It was same for me”

“But all of this pleasure and love are all mine baby” he looked at me and smiled “only I can have you in the way that others can’t”

His words made me smile. After making love for the second time he was showing his possessiveness?

“I am all yours” I clutched my arms around his neck. Our naked body was pressed together.

“How about round three love?”

My eyes widened in shock “what? Aren’t you tired?” I couldn’t believe my eyes.

He smirked “making love to you can never tire me”. With that he kissed me again making sure I don’t get any chance to protest him.

Claiming His Tempting Mate novel chapter 55

Savannah’s POV

“Get up sleepy head” I felt something poked on my cheeks followed by the low whisper. I groaned and tried to remove the thing from my face. What’s that?

Then I heard a chuckled “still not waking up? Are you that tired baby?”

“What is it?” I mumbled frowning.

“It’s almost noon sweetheart” hot breath slapped the skin of my ear making me open my eyes immediately. A pair of beautiful dominating eyes were gazing at me with a small smile.

“You are up” Hardwick grinned.

“What?” I rubbed my eyes.

“I never knew that you have such a tight sleeping habit?”

I frowned and tried to sit on bed but suddenly pain shot my body making me stiff for a moment. I hissed, biting my lips.

“What happened? Are you alright?” Hardwick’s panicked voice rang as he held me in his arms.

Raising my head I threw a hard glare at him. It’s all his fault. It was my first time last night but looking at his man, he didn’t let me sleep for a moment. He didn’t stop until I lost the last drop of my strength and finally passed out in his arms.

“It’s all your fault” I pushed him away but then winced in pain. My body is aching so badly like a truck has just smashed my body over and over again. It felt like my bones had turned into jelly, losing all its strength.

Hardwick gave me an odd smile before rubbing the back of his neck. He looked nervous all of a sudden “I am sorry. I really didn’t mean to hurt you like that but seeing you like that all sexy and so beautiful I couldn’t hold back my desire and wanted to have you again and again. One round is not enough with you baby” he let out a small laugh.

I rolled my eyes “your enjoyment is now causing me unable to move my body” I said through gritted teeth.

“It’s not only about me, sweetheart,” he smirked, “you know that you also enjoyed our love making, don’t you?”

I bit my lips and looked away from him trying to hide my blush. I couldn’t blame him about it because I really did enjoyed his blissful torture. The way his tongue played with my nipples making it hard and the way his huge cock ravished me, thinking about it, it suddenly made me shiver.

I heard Hardwick chuckled again “are you trying to recall last night’s action love? If you want, all you have to do is say yes then I can turn your memory in fresh activity you know”

I turned my head and glared at him “how can you be shameless like that you pervert?”

“What? Isn’t it true? You were thinking about it” he tilted his head looking at me with challenging eyes.

“You have taken it wrongly”

“Is it?”

I nodded my head. God this is embarrassing. I clutched the silk duvet on my body and sit on the bed ignoring the aching on my body.

“Are you alright?” He asked again.

“I am fine”

“I am sorry again. I know I should have stopped but I couldn’t. I can’t help it”

I sighed “you don’t have to say it again and again. I am fine”

“I will let Luina bring you some pills to help you relax your body but for now you need a god bath”

“What-” before I could ask he picked me up suddenly. The silk duvet fell on the bed making me squeal.

He laughed “you are still a shy baby? Get used to it. There’s nothing I haven’t seen before”

“Shut up” I gared as I hooked my arms around his neck “where are you taking me?”

“To bathe” he walked towards the bathroom.

“I want to rest”

“You will but you should clean your body first so that you will feel fresh” he replied as he walked inside the bathroom. The bath water was already ready and he gently put me in the bathtub. When the warm water touched my skin I sighed in content. It felt so good. I cannot help it but moaned in pleasure.

“Feeling good?” He whispered in my ear. He squatted down beside the tub and looked at me with a gentle smile playing on his lips.

“Thank you so much” I smiled at him.

“I have prepared the water ready in advance. I think the temperature is just right” he dipped his finger checking the water.

“You prepared it?” I was surprised.

He smiled “why not? I know you are sore. So the water will help you relax a bit. Since I was the one who caused this pain, I should be the one to make it go away”

I chuckled at his words. Can I ever get such a caring and loving mate? It still felt like a dream for me. To get a second chance to live and to understand what love is. All of these things are wonderful.

“What are you thinking?”

I shook my head “I am just thinking how lucky I am got get such treatment”

“You deserve it” he kissed my cheek “you deserve more than you can ever imagine and I am planning to do more for you.”

“More?” I asked, tilting my head.

He nodded with smile “more, a lot more”

I smiled “I am looking forward for it then”

“I need to leave the pack for some work. By the time I return I hope you will be all good”

“You are going?”

“Why? Can't you stay away from me now?” He smirked.

I rolled my eyes “you are too much. Where are you going?”

“East Side”

“What?”

“I need to make sure the arrangement of that woman has been done properly without any mistake. I have left her to others hands which caused me a great deal of trouble, almost ruining my life. I could never let that happen again no matter what” he looked so serious when he was saying that.

I sighed “okay”

“Take care” he kissed my forehead.

“Be back soon” I smiled.

“I will” he packed my lips before getting up and leaving the bathroom. I leaned back and let the warmth of the water relax my body.

=====

“You look like a glowing flower Mistress,” Jenny grinned as she winked at me. I couldn’t help but blush.

“Aw that blush it’s making you look more good” she teased.

“Stop it now” I said as I rolled my eyes “where is Ryan?”

“He is busy in preparing”

“Preparing for what?” I frowned. Is there something that I don’t know?

“Actually he is busy preparing to tell dad about our relationship” Jenny looked embarrassed.

“Oh” I raised an eyebrow with interest “you mean you two haven’t said anything to your dad yet?”

“Kind of” she shrugged. “When I found out that Ryan was my mate I was so shocked. He is kind of infamous for his playful way and dad doesn’t like him playing with every new girl each day. He even warned me to stay away from him. Though he was my mate I couldn’t tell dad the truth. Besides, at that time I was also angry. I used to watch him flirting with woman and I hated it”

“What about Ryan? I mean didn’t he know that you are his mate? I heard that he was trying to locate his mate for years already”

“My body system is not normal. I mean though I have my wolf but I couldn’t transform other than the first shifting day. And my body condition is poor and my wolf is weak. So the scent she had was too weak. I couldn’t find the truth if I had not taken the medicine to improve my strength. But I don’t know how he find out”

“Well I call it luck then” I smiled.

“May be” Jenny smiled “he was angry when found that I was his mate”

“Angry? Why?” I couldn’t help but ask.

“Well he was angry because he couldn’t find me earlier. Most of the time I stay in the room and help dad in cooking after the accounting work so the chance for us to meet was rare. Besides he always stays outside and randomly walk around in the kitchen area”

“Did he say anything when he discovered it?”

“He glared at me. He was so angry that he punched the wall and made it crack ” Jenny frowned. “I never expected him to be like that but I thought he would reject me when he got to know about it. But all my imagination drowned in water when he asked me to marry him that day. I couldn’t agree to his demand and refused a d started to ignore him. He plays with girls and that’s the thing I hated the most about him. I never gave any attention to him but afterall he is my mate and with each passing day our bond started to pull us together. I couldn’t reject him and also couldn’t accept him. The thin line between us made me so mad that I almost lost my sanity” she sighed.

“But you still got together”

“Yeah that’s true” she chuckled. “I never thought this would happen at first. Because of so many disputes between us we didn’t have a chance to tell dad about it. He still don’t know that the person whom he hates so much is my mate”

“I guess Ryan will be needing great support” I teased.

“I guess so,” Jenny laughed. “Dad is grumpy when he sees him always. I really don’t want to imagine what will his reaction when Ryan will say the truth”

“I want to witness the scene” I laughed.

“I was thi-” before she could continue some screamed my name.

“SAVANNAH LANG”

I turned around to see Daisy marching towards us with an angry face. After finishing my meal I walked in the garden with Jenny. But I didn’t expect that Daisy would show up suddenly screaming my name.

“How could you say Mistress’s name like that?” Jenny frowned at Daisy.

“Shut up, who’s talking to you?” Daisy barked angrily before fixing her gaze at me “what do you think of yourself? Do you think just because you got the title you can do anything you want?”

I frowned at her. What got her thinking that she can behave like a madwoman now? She is just similar to her sister in each way. No wonder they are siblings. They deserve such a relationship.

“Why are you shouting?” I asked her calmly.

“Why am I shouting? You are still asking me that?” Daisy laughed then she glared at me “because of you my sister was taken forcefully. It was all because of you that she is suffering again. She has been living a bad life in the East Side all these years yet you are still not satisfied that you sent her again? What did she do that made you suffer like this?” She shouted at her top lung. The few pack members who were near looked at us suddenly.

“Do you know what you are talking about?” I asked her. I never thought that both sisters didn't have any sense. I never thought that after Delaney Daisy would come to make a scene.

“I know exactly what I am talking about, unlike you. You seduced the Master so that he will do everything you say. You even provoked him to send my sister to the East Side again. Why are you doing this? What sin has she done that you are punishing her like this?”

I chuckled “you know what Daisy did. Don't act like you know nothing about what your sister's purpose was. Don't pretend it because deep inside you know where your sister was wrong”

“Delaney was not wrong” Daisy screamed “what she had done was for love. She loved Master since young and how could she let go of her long lasting love just like that? It was all for the Master that she endured everything on the East Side as punishment. She has been suffering all these years yet she did say anything. She endured and wished for her punishment to be over so that she can Master again. But no you have to interfere in between. It was not for you and your provocation Master would never treat her like that. It was all because of you that she had to suffer all her life until she die miserable death. If you weren't there then she would be living in the pack happily”

“Happy? Have you ever thought about where you are going wrong?” I asked her “your sister did the same. She said she loves Hardwick then why can't she just understand the simple thing that he doesn't have any feelings towards her? She couldn't understand it? I don't think so. For a person like Delaney ego can scheme against Hardwick when they are just teenagers it's not difficult for her to understand this simple fact isn't it? But no, she refused to see the truth. Is it my fault?”

“Delaney loved the Master all her life,” Daisy hissed.

“It's not a love” I shook my head “in fact she never loved him in reality. She was just obsessed with Hardwick and she couldn't let him go because he refused her”

“Don't talk nonsense” Daisy shouted glaring at me. “You are talking about my sister. What about you? Do you think I don't know who you are?” She laughed “you think I

don't have any idea about your past? Do you think just because you become the Mistress in name no one can point out your sins"

"What do you want to say?" I asked but I could feel my blood start to boil.

Daisy looked at me mockingly "are not you the slut of Alpha Avan?"
