## Chapter 10

### Chapter 10 Change Into It Now

When Alexa was still several feet away from Kieran, Terrence went up and stood in front of

Alexa! Alexa's wrist was suddenly grabbed by someone. Alexa raised her head and suddenly met

Terrence's cold and malicious gaze.

"You..."

Seeing Alexa's surprised look, Terrence was so angry that he chuckled and pulled Alexa to the back garden without saying anything.

Get Bon

Alexa struggled but failed to break free. After Terrence threw Alexa's wrist away without pity,

Alexa's wrist was already completely red.

"Terrence, what are you doing?"

"What am I doing?" Terrence tried his best to suppress his anger.

"Shouldn't you explain to me what you're doing?"

"Mom asked me to come to the party."

"If I remember correctly, she wants us to come together, right?" Terrence said coldly. "Looks like I

shouldn't have come here and disturbed Mrs. Ramsey and Mr. Powell."

But Alexa thought it was Terrence who did not want to come together.

Why was he mocking her now?

Alexa felt very aggrieved in her heart. But she still kept a calm face.

"I've already caught you twice. What else do you have to say? Hmm?"

"What did you catch?"

Alexa was puzzled and did not understand what Terrence was talking about.

Terrence sized Alexa up with his deep eyes, and the anger in his eyes became more and more obvious.

“If my memory serves me right, this dress is not the one I prepared for you, right?”

Hearing this, Alexa was surprised.

Alexa had never thought that it was Terrence who had asked others to prepare that dress for her.

Alexa looked at Terrence in disbelief, completely unable to believe that Terrence would still care about her after she made things difficult for Brynlee.

However, in Terrence’s eyes, Alexa’s expression right now was full of guilt.

“Speak to me,” Terrence said with a little anger in his tone.

The atmosphere between the two gradually became tense. Alexa kept silent, and the expression

on Terrence’s face became increasingly cold and oppressive.

At this time, there was a slight sound at the side of the road.

Alexa and Terrence looked over at the same time, and Kieran was also stunned.

“What a coincidence.” Soon, Terrence reacted and revealed a warm smile.

“I came out to have some fresh air. Please continue.”

This scene was very strange and awkward.

Alexa glanced at Terrence nervously. Terrence had indeed held a very aggressive attitude towards Kieran.

Mr. Powell.” Alexa withstood the pressure and was the first to speak.

Terrence glanced at Alexa with a gloomy face.

“Yeah?” Kieran replied.

“Thank you for letting me change into this dress,” Alexa said to Kieran sincerely. “I will transfer you the money for this dress later.”

Alexa’s explanation didn’t make Terrence feel better. Instead, his expression became colder and

colder as Alexa spoke.

Kieran sensed Terrence's change, but he only smiled and did not care about what Terrence was thinking.

"It's nothing," Kieran said in a gentlemanly manner. "I'm glad that I've helped you."

"I'll treat you to a meal later if you have the time," Alexa said with a smile politely.

When Terrence heard this, all his rationality evaporated in an instant.

Terrence wondered, *does Alexa still remember that I'm here?*

"Mr. Powell!" Terrence said slowly.

The smile on Alexa's face froze when she heard Terrence's voice.

Alexa had a sinking feeling right now!

Would Terrence do something horrible to Kieran?

Alexa nervously clenched her hands and watched Terrence walk towards Kieran.

Suddenly, Alexa said, "Hubby..."

Terrence suddenly stopped what he was doing and looked at Alexa, who made this charming sound.

Alexa braced herself and held onto Terrence's arm, trying her best to squeeze out a hint of coquetry.

"It's cold outside. Let's go in."

Terrence's thin lips were tightly closed. Alexa met his deep gaze, and a layer of cold sweat had already exuded on her palm.

Alexa clearly knew that her action was challenging Terrence's bottom line.

But...

"Alright."

Terrence's reply surprised Alexa.

"Mr. Powell, we'll be leaving first..."

Before Alexa finished speaking, Terrence suddenly exerted force and pulled her closer.

Alexa glared at Terrence coquettishly, but Terrence didn't even look at her.

Then, Terrence took Alexa back to the car.

The space in the car was not spacious at all, and the distance between Alexa and Terrence was very close.

Alexa could even smell the cold scent of Terrence's body, and her heart beat faster and faster.

Chapter 10 Change Into It Now

Terrence took out a new dress and threw it to Alexa with a face full of displeasure, but Alexa did not understand what he meant.

"I'll wear this next time."

"Change into it now."

"What..."

Alexa did not understand why Terrence was so unreasonable.

Terrence had no love for Alexa at all, but he could pretend to be possessive and force Alexa to love him with all her heart

Alexa thought Terrence was really a cold creature. No matter what Alexa did, she wouldn't make

Terrence have any feelings for her.

Terrence saw that Alexa was not willing to move, and his expression became colder,

"You can't wear the dress he gave you but not the one I gave you?"

"That's not what I meant," Alexa explained and felt a little exhausted in her heart,

"Is he your second husband now?" Terrence sneered.

"How can you say that?"

Terrence snorted coldly, and his meaning was obvious.

"Don't tell me you don't think so."

Every time Terrence talked about similar topics, he would feel very annoyed.

The atmosphere froze. Suddenly, the familiar ringtone sounded again.

Alexa put her hand on her chest and heaved a sigh of relief.

Alexa thought if nothing unexpected happened, Terrence would immediately abandon her and

rush to Brynlee's side.

"Be good at home," Terrence said coolly. "You are not allowed to make friends with those guys."

"What about you?"

"I still have something to do."

"What is it?" Alexa asked stubbornly.

Terrence frowned slightly and seemed to be displeased.

"I let go of what happened in the Walton's house today."

"So?" Alexa felt as if her heart was being cut by a knife right now. "Are you threatening me?"

Terrence pulled his tie.

He said in a cold voice, "I'll ask the driver to send you home."

Alexa did not say anything more. Instead, she quickly pushed the door open and got out of the car.

Terrence looked at Alexa's figure outside the window and became irritated again.

Perhaps it was because of Alexa's behavior of challenging Terrence's authority repeatedly in the past few days.

Terrence had never turned his head back for Alexa.

Terrence pinched his eyebrows and let the driver drive to Brynlee's villa.

Alexa heard the sound of the engine behind her. She turned her head slightly and saw the black

Maybach passing by her.

"Ms. Duran."

Alexa walked absent-mindedly for a moment. Suddenly, a Maserati passed by her in a highprofile manner, slowly stopping not far away.

"Ms. Powell."

I

Alexa looked in the direction of the sound, only to see the window slowly draw down, and the

person in the car waved at her very enthusiastically.

"Where are you going? I can give you a ride."

Get Bon

"No need, Ms. Powell. My car is not far in front."

“Ms. Duran! Ms. Duran!”

After Alexa finished speaking, a wave of dizziness struck her. Alexa’s sight suddenly became blurry. She held her head and unconsciously staggered a few steps before finally falling onto the ground heavily.
