

We Will Collide Someday by Scarlett Sanchez

Chapter 3

Chapter 3 Are You Cheating?

Alesa instantly changed her expression and turned around in a reserved manner

The man stood tall and straight not far away, dressed in an elegant silver gray suit, said with a refined temperament

The moment Alexa turned around, Kirtan Powell's calm eyes suddenly were filled with astonishment

It was Terrence's wife, who came with Terrence

However...

Kieran glanced at the two people in the middle of the dance floor

The relationship between these three people was really interesting

"Mrs Ramsey," Kieran immediately changed his words and handed over an exquisite hair

ornament, "I picked it up from the side."

"Thank you."

Alexa politely thanked him and took the hair ornament from his hand.

She put it in her handbag

and never wore it again

Although Alexa had put on makeup, as a professional surgeon, Kieran could tell at a glance that

Alexa was not in a good condition.

"There's a lounge on the second floor. If you need to have a rest, you can contact the waiter."

Hearing this, Alexa was stunned, as if someone had slapped her twice on the spot.

It was a joke for her to be alone here.

But no matter what happened, she was still known as "Mrs. Ramsey", and she could not be

defeated miserably in public.

“Thank you, sir,” Alexa said with a dignified and generous smile. “I’m going to wait for my husband. Excuse me.”

Since Alexa said so, Kieran would not meddle in other people’s business. However, looking at her stubborn and aloof back, he always felt he had been somehow familiar with Alexa.

At this time, at the other end, someone saw their interaction.

Terrence’s gaze had long become sharp and cold, faint flames were burning in his eyes, and his entire body was filled with a murderous aura.

How dare Kieran seduce his woman?

Thinking of Alexa’s smile in front of Kieran, Terrence couldn’t help but become even angrier.

When Terrence wasn’t around, she was really good at having fun with others.

At the end of the party, Alexa finally saw Brynlee and Terrence again.

Brynlee looked like she was enjoying herself and leaned intimately beside Terrence, having a lot to talk to him about.

Alexa numbly watched them approach and forced herself to squeeze out a smile.

Terrence took Brynlee by the waist and let her stay in his arms.

This scene was too dazzling. Alexa pretended not to see them and lowered her eyes to leave.

“Alexa.”

Brynlee called her.

“It’s so late. It’s not safe for you to go back alone.”

“It doesn’t matter.”

“I’ll get Terrence to send you off.”

It sounded like she was already ‘Terrence’s wife.

Alexa felt very uncomfortable and did not reply for a long time.

Terrence’s cold gaze fixed on her body. Alexa felt a wave of hostility, but she pretended not to know about it.

Brynlee realized what had happened, and she smiled more gladly.

“No need.”

“Then I’ll take you home.”

Alexa repeatedly refused, not wanting to ruin their mood.

“Let’s go.”

Brynlee stepped forward and took her arm.

“We can have a chat.”

Being pushed into the car by her, Alexa just happened to receive a call from Rebekah.

“Mom.”

“Alexa, come back tonight. I have something to tell you.”

Brynlee was happier than Alexa when she learned that Alexa was going to the Ramsey’s house.

“That’s good. I’m going to visit the Ramsey family, too. I’ve been abroad for so long and I really miss them.”

“Alright.”

“Alexa, did Terrence make things difficult for you when he returned this time?”

“No.”

The emotions in her heart made Alexa not want to discuss Terrence with Brynlee at all.

“That’s good,” Brynlee said in high spirits, “It looks like he took my words in.”

“What do you mean?”

“Terrence told me everything. You told him to divorce in half a year.”

Brynlee’s words sounded so harsh.

Alexa felt sad. Terrence was clearly the one who wanted to end this marriage.

“I’m really sorry. He spent the past two years on me,” Brynlee said gently.

“So I will let him treat you well in the last half year. He won’t make things difficult for you again.”

Der er

Alexa finally understood.

For the first time ever, Terrence publicly acknowledged her as his wife.

And it turned out that it

was Brynlee who forced him to do it.

Alexa felt that she was really the stupidest fool in the world.

“Brynlee, you don’t have to do this,” Alexa said lightly, “We don’t have any affection for each other from the beginning.”

Hearing Alexa say this, Brynlee became less wary.

They soon arrived at the Ramsey’s home.

Hearing the noise outside the door, the butler immediately brought people out.

“Mrs. Ramsey.”

The butler, Brady Chace, greeted Alexa kindly, but the moment he saw Brynlee, his expression immediately became indifferent and serious.

“Mr. Chace,” Brynlee said sweetly as she walked forward. “I’m here to visit Terrence’s parents.”

Brady was indifferent and politely chased Brynlee away.

“Ms. Walton, please leave. They don’t want to see you.”

In front of so many servants and Alexa, Brady was so straightforward that Brynlee could not bear it.

“They may have misunderstood me. Mr. Chace, you should let me explain it to them personally.”

“No need.”

“At least, let me personally hand these gifts over to them.”

“Ms. Walton, you don’t have to do these useless things. You should know what they want.”

Hearing those words, Brynlee felt like she had been ruthlessly slapped twice, so she had to leave with an ashamed and annoyed face.

Alexa wanted to say something but stopped. The butler’s face immediately softened.

“Mrs. Ramsey, please come in.”

Following the butler into the living room, Alexa found that Rebekah and Jason Ramsey were actually there, and they looked a little annoyed.

“Mr. Ramsey, Mrs. Ramsey.”

“Alexa.” Rebekah got up. “Why are you alone? Didn’t Terrence come back with you?”

“Madam, Ms. Walton came just now. I have already asked her to leave.”

Hearing the butler's words, Rebekah became annoyed.

Alexa was the granddaughter-in-law that Jason's parents had personally chosen, so Rebekah

and Jason had always followed the wishes of the two elders and treated Alexa as their own daughter.

They had thought that Terrence could understand their intentions, but they had not expected

that after Brynlee returned to the country, he would actually abandon his wife and fool around with a mistress all day long.

"How dare she come to visit?"

"Mrs. Rainsey..."

"How dare she be so shameless? she even wants to visit us. I didn't expect that the daughter of the Walton family would be so rude."

Rebekah said coldly and held Alexa's hand tightly.

"Jason, what do you think?"

"I'll tell Terrence to come back right away."

-

Jason's face was dark, and he looked really angry.

"Mr. Ramsey, Mrs. Ramsey, calm down."

Alexa quickly got up and poured a cup of coffee for each of them.

"Terrence didn't bully me. Now that he's handling affairs in the company, he didn't come back with me."

"Alexa, don't speak up for him. We know very well what he did."

Not long after, Alexa saw Terrence come in with a gloomy face, and his cold and powerful aura made people feel fear.

Alexa's hands on his legs suddenly trembled. The moment she met his eyes, her gaze dodged a little.

Terrence's lips curled up slightly, and there was a hint of darkness in his eyes.

"What happened?"

“What a rare guest.” Rebekah smiled kindly. “I almost forgot that I still have a son.”

“Mom...” Terrence asked wearily. “What are you doing now?”

“What am I doing? Why don’t you tell me what you are doing outside?”

“I’m dealing with the business of the company overseas.”

“Are you dealing with the business or cheating?”
