

Falling for the Contract Bride Chapter 206

Chapter 206 Mr Shen, Save Me!

Upon seeing the preparations Lu Jinye had made, Mu Zhi was sure that Xiaomu would be fine.

Lu Jinye had given her a sense of security.

But the more she felt safe, the less she was able to act convincingly in this urgent situation.

All she could do was keep shouting at Lu Jinye.

“I love you, but have you ever loved me? How dare you sacrifice my life for our child? You are such a great disappointment.”

Lu Jinye furrowed his brow and said, “I had loved you, but... Xiaomu is my flesh and blood.”

He had nothing more to add.

More From The Web

He knew that he was unsuited for a family feud drama.

“Shut up with the nonsense! Do you want the child or not?”

At this moment, the technical team signaled an ok sign to Lu Jinye.

Lu Jinye immediately gestured to his people to proceed!

Meanwhile, he and Mu Zhi continued their act, “Yes, wait for a moment. Mu Zhi, get ready to jump off now! I will set up a live stream for you!”

Lu Jinye no longer cared about his image. The fact that he could put up with the act was considered very impressive. He was on the verge of breaking out in laughter from Mu Zhi’s antics.

He too was childish in playing along with her!

On the other hand, Mu Zhi was truly immersed in her character. She aimed in the direction of his phone and shouted, "Lu Jinye, you are a heartless monster!"

Right after that, Lu Jinye and Mu Zhi heard rustling noises from the phone. It was immediately followed by the sound of a person being beaten up.

Instantly, they stopped their act and they both put on a serious face.

In her nervousness, Mu Zhi held onto Lu Jinye's hand automatically.

Lu Jinye felt her hand trembling slightly, so he held her more firmly to channel his strength to comfort her.

Soon after, the security team reported to Lu Jinye, "Mr. Lu, we have rescued Miss Mu successfully."

"Good, bring the man to me immediately!"

Lu Jinye said coldly.

He immediately left the office and sent an address to his team. They were to detain the man there!

...

Xiao Qingqing went to view the cherry blossoms the moment she had arrived in Hokkaido.

Shen Mobo had initially planned to go with her but as he had arrived in a hurry, he had to make arrangements for work matters. So, he stayed behind instead to give out instructions and assign tasks to his team.

When he had finished sending the emails, he heard his phone ringing.

Shen Mobo hesitated for a moment before taking out the phone. It was an unfamiliar number, so he did not answer it and put his phone down.

However, the caller was unwilling to give up and kept calling him a few times.

In the end... Shen Mobo answered it impatiently.

"Hello?"

A panicked voice was shouting on the other end, "Mr. Shen, it is me. I am Xiao Qingqing's manager. I..."

“Qingqing is not with me. She went out to view the cherry blossoms.”

Shen Mobo answered. His tone was cold and emotionless.

“I have called Miss Xiao and confirmed that she was not with you. That is why I dared to make this call.”

The manager’s voice was quivering.

Shen Mobo immediately detected that something was not right, so he raised an eyebrow and asked, “What is it? Spit it out now!”

His tone would be indifferent or disdainful on normal days.

But today, the air around him was wrathful and even a little threatening.

The manager hesitated for a moment before deciding to come clean. “Initially, based on the original plan, Miss Xiao wanted me to take Xiaomu to a film crew traveling to the high mountains and then sell her there. But... We... I can’t do it. So, I hired a kidnapper and kidnapped Mu Xiaomu to threaten Lu Jinye. But...”

Shen Mobo did not wait for him to explain the plan and scolded, “You fool!”

Being scolded by Shen Mobo, the manager was trembling a little, “But the plan failed, and the kidnapper is detained in Mr. Lu’s villa in the valley. We... I know that he won’t expose us yet, but we don’t know if he will in the future?”

At this point, the manager could not continue speaking.

He was in a panicked state that he could not even hold his phone properly.

Shen Mobo took a deep breath before saying, “Fool! Wait for me, I will return to resolve this!”

And he hung up immediately.

At this point, it was useless to scold Xiao Qingqing for what she had done. The woman had gone completely mad, and her actions no longer made any sense!

He grabbed a jacket and rushed out to the airport leaving his luggage behind.

When he had reached City A, he would not even look at the manager as he ordered, “Go to my house. My butler will give you five million. Take the money and scam. Don’t you dare take a step into City A again!”

The manager was hesitant, “Then about Miss Qingqing...”

He did not manage to complete his statement. Shen Mobo glared and frightened him into silence. So, the manager said instead, "Please look after Miss Qingqing in the future!"

"Get out of my sight!"

Shen Mobo did not want to waste his time talking to the manager, so he went into his waiting car.

There was a beautiful woman with bright red lips waiting for him. Her hair was long and flowing, and that gave a sense of danger and seduction.

She was an attractive woman.

"Mr. Shen, I am Man Moer."

The woman extended a hand in greeting.

But Shen Mobo did not spare a glance at her. "Have you been briefed? Remember it and don't slip up. If you do, I will make sure that you won't live to see another day."

The woman had thought to seduce him with her charm but now she could only withdraw her hand in fear.

She answered with a meek yes.

Shen Mobo instructed his driver to drive speedily towards Lu Jinye's villa in the valley.

When they had reached the villa, Shen Mobo took out his phone and called to Lu Jinye, "Jinye, I happened to pass by your villa in the valley. I would like to rest from my journey and bring my companion to your villa to stay for a night. What is your passcode?"

He pretended to be easy going.

On the other end, Lu Jinye's tone was a little dull, "Just come in, I am currently at the villa."

"Okay."

Shen Mobo continued to appear normal. After coming out of the car, he placed his hand casually on Man Moer's back.

He had put on an act of a womanizer amid his conquest.

Upon entering the Villa, he saw Lu Jinye sitting on the sofa, smoking a cigarette.

He did not even acknowledge Shen Mobo's presence.

"Hey Jinye, that's a little rude. Lend the house to me for a night. Moer likes the view of the valley and nature. It will only be a night and I promise to buy my villa tomorrow."

Shen Mobo said with a smile.

Falling for the Contract Bride Chapter 207

Chapter 207 This Man Must Die!

Lu Jinye raised his head and looked at Shen Mobo, then looked sideways at the woman beside him.

Her name was Man Moer – what an uncommon name!

Her looks were... Lu Jinye had not a single clue which trait she had on her that attracted Shen Mobo.

She was beautiful and that was it. She had a slim and curvy body with a hint of audacity.

But he and Shen Mobo had been best friends for years. They were still blood brothers regardless of any fights they had between them.

"You can have fun anywhere you like, except the basement, which is off-limits."

"Why?"

Shen Mobo pretended that he didn't know and asked curiously.

Lu Jinye glared at him challengingly, "Because I've someone locked up in the basement."

"I see."

Shen Mobo nodded his head and smiled brightly. He turned around and pulled Man Moer's hand, leading her to the upper floor in a jiffy.

"Come on, you should enjoy the view of the woods from upstairs!"

Man Moer was cooperative. She leaned against Shen Mobo seductively, then followed Shen Mobo up with her heels clicking behind her.

As soon as they reached the top floor, Shen Mobo immediately shook Man Moer's hand off, and instructed, "Mind yourself later and don't waste your energy on me. I don't like women like you."

Man Moer did not take his words to heart. She had her hair tied all to the back at first to look young and energetic. She dressed up close-fittingly too to reveal her sensuous body shape.

When someone had her act as their girlfriend, they normally wanted to engage with her as a rental girlfriend, slowly turning their act into reality, thinking that it was more tantalizing.

So, Man Moer thought Shen Mobo was keen of that as well.

But since Shen Mobo had put it that way, she did not need to scrape up to him anymore.

She sat quietly aside and pulled off the rubber band in her hair. Her shiny hair was let down in soft, bouncy curls.

She deliberately put them in front of her to cover her breasts.

She did not disturb Shen Mobo, and just watched the view in silence.

Lu Jinye's villa was located at a strategic place. In the distance, a small stream can be seen running into the sea. It looked sparkly under the setting sun.

The night view seemed to be carefully arranged by the people here. All the lighting depicted the pattern of the mountains afar, making the view warmer and more natural.

At this time, it was already sunset. The moon had risen quietly, with a few man-made lights accompanying it.

All in all... The view was one of a kind.

Nevertheless, Mobo Shen was not interested in any of these things. He picked up his mobile phone and made a call hastily.

He was onto something.

Shen Mobo was a careful person, so he would automatically lower his voice when speaking on the phone.

Man Moer did not pay attention to anything else than her job. She watched the view intently.

...

In the villa.

Lu Jinye was interrogating the security guard with his brows knitted together, "Are you going to spill it or not?"

"Who gave you the orders?"

Lu Jinye pressed on.

He felt that this was not an ordinary case manipulated by fans. He had seen Xiao Qingqing's fans. Most of them were young boys who have just started college. Of course, there were also men whose looks were criminal-like, but this did not feel like an act done by Xiao Qingqing's fans.

His eyes were dark and lifeless.

People like these tended to have been through the mill and most of them had no hope for life. Thus, how could he be chasing after celebrities and be so irritable?

Therefore, although the kidnappers refused to breathe out a single word, Lu Jinye still had them interrogated.

He was prepared to hand them over to the police only after the result of the trial is out.

But... This person had refused to let the cat out of the bag no matter how hard they tried him.

Lu Jinye raised his wrist and took a look at the time. He originally wanted to go home and have dinner with Mu Zhi and Mu Xiaomu. Perhaps... He couldn't make it back in time now.

Just when he was about to call Mu Zhi to update the situation, his phone rang.

"Hello?"

Lu Jinye frowned as he spoke.

It was an unknown number.

A very anxious voice came from the other end of the phone, "Mr. Lu? It's me, Madam Zhang, Miss Xiao Qingqing's helper. Do you think that Miss Xiao Qingqing would commit suicide?"

When Lu Jinye heard her question, he immediately squeezed the phone tightly. There was a chill in his eyes as he said, "Why do you say that?"

"Miss Xiao is gone. She left a note saying that if nobody would accept her as she was, she would rather die."

"Mr. Lu, I... I don't know what to do. I can't get through Miss Xiao's phone."

"Wait for me, I shall come right now!"

Lu Jinye hung up at that instance, looked around him, and said solemnly, "Take a rest for now, I shall be back to deal with you later. There are some other matters I need to handle."

After saying this, Lu Jinye picked up his jacket and drove quickly towards Xiao Qingqing's residence without delay.

Although he did not love Xiao Qingqing, he still hoped that Xiao Qingqing could live happily.

If Xiao Qingqing committed suicide because of him, Lu Jinye would definitely blame himself for it.

He understood Mu Zhi, and he knew that Mu Zhi would take the blame too.

As he thought about this, Lu Jinye sped even faster. He arrived at Xiao Qingqing's home at the speed of lightning.

As soon as he pushed the door, he saw Madam Zhang waiting for him anxiously.

When she handed him the piece of paper Xiao Qingqing left behind, Lu Jinye frowned as he glanced at it. But then he directly threw it onto the ground.

"There's no fuss to make. Xiao Qingqing is fine."

"Why?"

Madam Zhang still looked nervous.

Although the handwriting on that piece of paper was beautiful, it was not written by Xiao Qingqing.

Whoever's handwriting it may be.

"Qingqing might have gone out and coincidentally her phone went out of power. You may try to call again later."

After saying this, Lu Jinye didn't bother to explain further. He turned around and was about to walk out.

Madam Zhang seemed to be reminded by Lu Jinye's words. She quickly picked up her mobile phone and dialed a number, and then happily said to Lu Jinye, "Miss Xiao's phone is connected."

Lu Jinye didn't even pay attention to Madam Zhang's words. He drove straight back to his villa.

...

In the basement, a man was being held captive.

Lu Jinye didn't torture him. He only starved him.

Shen Mobo took the chance to sneak into the basement while Lu Jinye's men went away for food.

When the man saw someone coming, he thought it was another someone who had come to interrogate him. He snorted, "Give up. I won't say anything."

Shen Mobo chuckled, "What if someone offered you five million, would you tell?"

He asked in an attempt to tempt the man, but as the man raised his head suddenly, there was clearly a gleam of light in his eyes.

He was interested in the offer.

And that gleam of light convinced Shen Mobo that this man must die!

Falling for the Contract Bride Chapter 208

Chapter 208 He... Committed Suicide

A man with such lustrous eyes must be a man who can be bribed easily.

Xiao Qingqing must have used the money to lure him into working for her.

And money was often the most unreliable thing.

"Zhang Si, you have a daughter diagnosed with leukemia right? Have you ever thought about what would happen to your daughter's treatment if you were exposed?"

At first, the man looked undaunted. He suddenly turned agitated when Shen Mobo mentioned of his daughter.

“What do you want? Don’t you dare touch my daughter.”

“I’ll not lay my hands on your daughter. Perhaps, I could even save her.”

More From The Web

“What do you want?”

The man raised his head and looked at Shen Mobo.

Shen Mobo looked indifferent. “I’ll not touch your daughter nor will I be bothered at all. But the one thing you should know is that even if you succeed this time, the money you earn could only afford for a year’s

“There you go.”

At that moment, Shen Mobo took a bag of pills out of his pocket and handed it to the man in front of him.

He smiled faintly and said, “Eat this and I will pay for your daughter’s treatment from now on.”

“Why should I believe you?”

The man was still vigilant, but not as tough as he was a moment ago.

Shen Mobo was not annoyed. He replied, “Because... I’m trustworthy. I have to save the one who instructed you to do all this.”

Shen Mobo glanced at the time and shoved the pill directly into the man’s mouth.

“If you choose not to die and let your daughter die instead, you may hold the pill in your mouth. This way, Lu Jinye will not be able to get anything out of you and you will be sent to jail. Crush the pill and swallow it if you choose to work for me.”

What he said was pretty straightforward.

Shen Mobo knew that there was no time left for him to chat. After saying what he had to say, he turned and walked towards the door.

Right before he left, Shen Mobo added, "I've seen your family. Your wife is very beautiful. She can be married again after you die. Your daughter is lovely too. After you die, I promise that she will be adopted by an upper-class family and she will live a worry-free life."

"But... If you don't die, she will be known as a kidnapper's child and your wife will have to live shamefully. Your daughter may not even be able to attend school. And what can a child do if she can't even attend school? Can you bear to see her working at the construction site with you?"

Shen Mobo did not speak again after saying that.

He retracted his gaze and walked out the door.

When he was at the door, he lowered his head and dusted his body as if he had been covered with germs after being in the same room with that man.

...

Lu Jinye had just arrived at the villa in the mountains. He saw Mu Zhi waiting at the door when he was about to get out of the car.

Lu Jinye frowned and looked at Mu Zhi. "Why are you here? Where's Xiaomu?"

With a thermos in her hand, Mu Zhi replied, "Xiaomu has grown up. She doesn't seem to be too frightened, so she went to Liang Jieyi's house with Xiaoning and Xu Se."

Lu Jinye saw the thermos that Mu Zhi was holding. He took over the thermos while bringing Mu Zhi into his arms and said, "It's better that way. She will not think about the unhappy incident when she's having fun."

After that, he gathered Mu Zhi in his arms and together, they walked into the villa.

"Did you find out? Who was the mastermind?"

When entering the door, Mu Zhi asked.

Lu Jinye shook his head in response.

"Could it be... Xiao Qingqing's fan and we are just overthinking?"

Mu Zhi put forward her ideas. She had put a lot of thought into this matter.

But Lu Jinye opposed all her ideas.

"Then shall we leave it to the police for the interrogation?"

Mu Zhi made further suggestions again.

After keeping silent for a while, Lu Jinye said, "The murderer who kidnapped Xiaomu was released on bail after he was imprisoned. He has someone powerful behind his back."

"If this person is imprisoned, I'm afraid that he'd be exploited before we could even ask anything."

"So..."

Lu Jinye concluded and kept silent. "So, it's not as simple as it seems. Instead of kidnapping Mu Xiaomu, I believe they are coming for me!"

After hearing these words, Mu Zhi could feel her heart shiver.

The situation was already chaotic. If it involved Lu Jinye, how much more complicated would it be?

Seeing how worried Mu Zhi looked, Lu Jinye stretched out his hand to hold Mu Zhi's. He comforted her and said, "Don't worry. It's not that complicated."

After saying this, he then changed the subject and served the food on the table. He took out the food that Mu Zhi had prepared for him and praised, "This looks delicious."

Mu Zhi was still a little worried.

She contemplated and asked Lu Jinye, "Jinye, can I take a look at that person?"

The villa was very secured and the kidnapper was all tied up. He would not be able to hurt Mu Zhi.

Therefore, Lu Jinye did not turn down her request.

After getting permission, Mu Zhi quickly walked to the basement and opened the door.

The man was still alive at that moment. When Mu Zhi entered the door, she saw the man's watery eyes, as if he had cried.

Mu Zhi looked at him in great astonishment. "Why are you crying? My child was kidnapped by you and she could very well develop a trauma. I should be the one crying!"

She tried to talk some sense into the man through reasoning and mental games.

However... There was not enough time for Mu Zhi to continue with her inner conflicts.

The man disrupted her and said, "Don't waste your energy on me!"

After speaking, there was a movement in his mouth. Before Mu Zhi could realize what was happening, the man's face had turned red.

Almost instantly, he died.

Mu Zhi was speechless.

Mu Zhi was completely stunned.

She was so frightened that she hurried forward to check on him. He seemed to have swallowed a poisonous substance!

She got closer to smell and that confirmed her doubt earlier!

"Lu Jinye!"

Mu Zhi could not bother to react. She immediately shouted for Lu Jinye.

She ran up the stairs in a flurry.

Lu Jinye was about to go to the basement. Seeing the panic-stricken Mu Zhi, he quickly calmed her and asked, "What's wrong?"

"He... He committed suicide!"

"I... I had only said one thing and he committed suicide!"

Mu Zhi's body was trembling in fear when she said that.

She did not understand. How could he commit suicide after hearing what she had to say?

Seeing Mu Zhi in this state, Lu Jinye calmed her once again and said, "Don't be afraid. I'll go take a look! Take a seat and wait for me!"

Falling for the Contract Bride Chapter 209

Chapter 209 Let's Turn Ourselves In

Sitting on the sofa, Mu Zhi's body was shaking uncontrollably.

How could this happen?

The death in this circumstance was different from the death she had experienced in the hospital.

She watched as that man died in front of her, and he died because of what she said.

Even if the man was not forced to death by her, being on the scene made Mu Zhi subconsciously think that she was the murderer.

Mu Zhi's brain was blank. She did not know what was in her mind at that moment.

After a while, Lu Jinye slowly walked out of the basement and stood in front of Mu Zhi.

More From The Web

Lu Jinye did not speak a word. Mu Zhi raised her head and looked up at Lu Jinye. She asked, "Is he dead?"

Lu Jinye nodded his head.

Mu Zhi's heart trembled.

She did not know anything about the law. She did not know what to do in a situation like this. She could not even think properly.

After a while, she seemed to have found her voice and said, "Lu Jinye, let's call the police and I'll turn myself in."

"Mu Zhi, I can handle it for you."

Lu Jinye said calmly. His gaze was firm.

How is he going to handle this?

Mu Zhi did not ask. She raised her head to look at Lu Jinye. She knew... Not only could Lu Jinye handle such a thing, but he could also deal with almost everything that came his way.

Be it legal or illegal, he could make a clean break for Mu Zhi.

But... It was a human life after all.

It did not matter if this man had kidnapped her daughter, he would ultimately get the punishment he deserved. Mu Zhi felt that his death was her responsibility since he committed suicide in front of her.

Mu Zhi told Lu Jinye her justification.

Lu Jinye kept silent.

“Then I’ll call the police.”

Lu Jinye said.

The guard behind Lu Jinye heard what he said and rushed over, “Mr. Lu, let me be the scapegoat. The Lu Family needs you.”

Suddenly, the situation had turned chaotic.

Mu Zhi used the excuse of going to the toilet and called the police.

She hoped that Lu Jinye would be safe.

Shen Mobo and Man Moer had been on the rooftop watching the twilight sky merge into total darkness. It was a serene night until they heard the sirens of the police cars.

Man Moer glanced at Shen Mobo with a puzzled look while Shen Mobo looked extremely surprised.

Who called the police?!

At that moment, he was sure that Zhang Si had kicked the bucket.

But, Lu Jinye could easily cover it up when such an insignificant person died in his house!

In an instant, Shen Mobo stood up and hurriedly ran downstairs regardless of Man Moer.

He saw the body as soon as he arrived in the living room.

“What’s the matter? Why isn’t this corpse dealt with? It’s only a trivial matter!”

Shen Mobo said it without even asking what had happened.

At that time, Mu Zhi was still in grief while Lu Jinye’s focus was entirely on Mu Zhi.

When the police arrived, Mu Zhi was asked to make a statement and Lu Jinye accompanied her.

For a moment, Shen Mobo was dumbfounded...

Shen Mobo did not think killing people mattered. It was something that could be resolved by spending some money.

The plan he had earlier was within his control. It would have been a perfect plan if he had given a sufficient amount of money to cover Zhang Si's death to conceal the mastermind behind Mu Xiaomu's kidnapping incident.

But... Who would have thought things would turn out this way?

"What happened?"

When Shen Mobo left the rooftop, Man Moer followed suit. She asked when she saw there were only him and a few guards left in the living room.

Before Shen Mobo could respond, his phone rang.

Xiao Qingqing's name appeared on the screen.

"Where are you? Why did you leave without saying goodbye?"

Xiao Qingqing sounded as if it was a matter of course.

Shen Mobo was already annoyed. He replied Xiao Qingqing straightforwardly, "At Lu Jinye's mountain villa."

"So you're back to City A. I'm back here too. Can you help me locate a person? My manager is suddenly gone. He disappeared."

Xiao Qingqing asked while packing her own things.

"Where are you?"

Shen Mobo did not answer Xiao Qingqing's question.

"At home."

"Wait for me. Don't go anywhere!"

As soon as he finished speaking, Shen Mobo hung up the phone. He left Lu Jinye's mountain villa in a flurry and drove quickly towards Xiao Qingqing's house.

When he arrived at Xiao Qingqing's house, he was impatiently pressing the doorbell.

When Xiao Qingqing opened the door, she happened to have just taken a shower. She had a refreshingly clean smell on her. There seemed to be a slow rhythm swaying languidly in the air.

"My manager is gone. I can't get through him."

“There’s no need to look for him anymore!”

Shen Mobo strode directly into Xiao Qingqing’s house and sat on the sofa.

Xiao Qingqing did not seem to notice the changes in Shen Mobo’s mood. She walked towards the refrigerator and took a drink for Shen Mobo. She then asked, “Why shouldn’t I be looking for him? Has he contacted you?”

“He felt that your strategy to kidnap Mu Xiaomu was not feasible at all, so he asked someone to kidnap Mu Xiaomu and threatened Mu Zhi to commit suicide. As a result, Lu Jinye found the person who kidnapped Mu Xiaomu!”

“What?”

Xiao Qingqing was stunned. She raised her head in surprise and looked at Shen Mobo. “That’s not good. I have to find my manager soon! Otherwise, he would sell me out. This is bad! How can he be so mindless?”

“Xiao Qingqing, I think you’re the no-brainer!”

Shen Mobo stood up angrily and shouted at Xiao Qingqing.

At that moment, Xiao Qingqing was bewildered. She finally realized that something was wrong with Shen Mobo.

“Why are you shouting at me? Are you not going to help me solve the problem? Why are you yelling at me instead?!”

“I’ve forced the kidnapper to commit suicide.”

Shen Mobo said with a depressing mood.

His voice was dull.

On the other hand, Xiao Qingqing’s mood seemed to have lightened. She touched her chest and let out a big sigh of relief, “Fortunately, fortunately... It was a false alarm. Thank you. I was scared to death.”

Shen Mobo was even more agitated by her words.

He stomped towards Xiao Qingqing and looked at her condescendingly. “Where is your humanity? Do you know that Mu Zhi is being interrogated at the police station now?”

She smiled faintly and said, “It’s a blessing in disguise then.”

She looked at Shen Mobo happily.

Falling for the Contract Bride Chapter 210

Chapter 210 The Number of Men She Has Been With

However, Shen Mobo did not look happy at all.

Gradually, she did not dare to express her overly joyful mood. She walked slowly towards Shen Mobo and tried to get close to him. "Are you angry?"

"What are you angry about?"

Xiao Qingqing was pregnant. Shen Mobo sympathized with her lack of IQ and EQ.

He was even more tolerant of Xiao Qingqing than he normally would.

However... Xiao Qingqing's attitude really agitated him.

He glanced at Xiao Qingqing angrily, "Why do you think I'm angry?"

More From The Web

"You're angry because Mu Zhi might go to jail?"

"I kidnapped Mu Xiaomu just to get back the love that belongs to mine."

Xiao Qingqing was not foolish. She certainly knew what Shen Mobo meant to her in such a situation.

She could not be unscrupulous in front of Shen Mobo.

So, she looked at Shen Mobo quietly and then slowly walked to Shen Mobo's side and said, "It's been done. What can I do? Do you want me to get arrested? Do you want our child to be born in the jail?"

Our child...

Shen Mobo raised his head and looked at Xiao Qingqing after hearing these words.

He stretched out his hand to hold Xiao Qingqing's face. He thoroughly examined Xiao Qingqing's make-up free face. Seeing the innocent face, he sighed helplessly.

“Since you knew that you’re carrying my child, then you should stop doing these things and marry me.”

“Do you love me?”

She did not answer Shen Mobo. Xiao Qingqing asked with her eyes glaring at Shen Mobo.

“You know where my heart stands.”

Shen Mobo answered.

“If you love me, please help me again, okay?”

When Xiao Qingqing said these words, the inattention and righteousness she had were gone. She had toned down her voice. She gently brushed her fingers across Shen Mobo’s hand and placed her hands on his neck. She then whispered to his ear.

“Mobo, please help me.”

Her delicate lips were tempting.

And then she kissed him.

Shen Mobo reached out and grabbed Xiao Qingqing’s hand which was moving downward. But she did not stop.

Longing for her delicate touch, he could not resist the woman he loved dearly.

At last, he carried her to the sofa, slowly gaining the initiative.

Wildly and passionately, he launched the meat rocket into the sausage wallet.

It was only at that moment, she truly belonged to him.

What a humiliation!

After it all ended, Shen Mobo did not hug Xiao Qingqing like he usually did. He did not even caress her. He wore his clothes and headed towards the door.

Before he headed out, he told Xiao Qingqing, “You better behave. Don’t act rashly.”

Xiao Qingqing smiled obediently and answered, “Okay.”

After speaking, Shen Mobo left the house.

He walked out of Xiao Qingqing's yard. When he was about to drive, he saw a woman sitting in front of his car smoking a cigarette in the dark.

It was Man Moer.

"What are you doing here?"

In an instant, Shen Mobo's voice became cold and distant.

"Is my task considered done? I'm here to get my money. You left without saying goodbye just now. Of course I had to follow you."

Man Moer wiped out the cigarette butts. She laughed and said.

Shen Mobo touched his lips gently. He took out a card from his wallet and handed it to Man Moer. "There should be enough money in it."

"Thank you."

Man Moer looked delighted. She was about to leave after getting what she wanted.

However, after walking a few steps, she turned back and asked Shen Mobo, "You seem fine now. Can I join your ride? Just take me to a place in the city where I could call a taxi easily. This is a villa after all. It's not easy to call a taxi here."

Shen Mobo ignored Man Moer and got into his car.

Man Moer was not annoyed. She even took the initiative to open the car door and sit in. "I won't join your ride for free. I will tell you something you may be interested when you drop me off later."

After saying this, Man Moer put on her headphones happily.

Shen Mobo was too irritated so he did not talk to Man Moer.

When he had driven to the city center, he could not wait to drop Man Moer off.

Man Moer did not feel annoyed. She happily said thank you as she got out of the car.

When she was about to close the door, she said to Shen Mobo, "Pardon me but I didn't know what you were going to do with that woman. The gate was left open so I went into the yard. You guys didn't draw the curtain too, so... I saw everything."

"Hurry up and leave!"

Shen Mobo was irritated. He did not want to hear what she had to say.

But Man Moer continued, "I said I'd repay you. As promised, I should remind you. According to the woman's performance just now, the number of men she had slept with is at least this number!"

She stretched out her hands and showed all of her ten fingers.

With a grin, she closed the door and went away.

She was telling the truth. As for what Shen Mobo would think, it was his business.

However, Shen Mobo felt that Man Moer was talking nonsense.

Why should he listen to a woman who was selling herself out? Shen Mobo pressed on the accelerator and drove away.

It was an exasperated night!

...

After Mu Zhi had finished the interrogation, Lu Jinye could not leave the station with Mu Zhi.

Lu Jinye wanted to accompany Mu Zhi during the entire 24-hour custody.

Mu Zhi looked at him and smiled happily, "You don't have to wait for me here. You can pick Mu Xiaomu up. She may have finished playing at Liang Jieyi's house."

Lu Jinye's eyes were full of concern. "I've already called my eldest brother. Xiaomu will have a sleepover tonight."

Lu Jinye stretched out his hand to hold Mu Zhi and he apologized to Mu Zhi.

Mu Zhi laughed, "What's wrong? Why are you apologizing to me?"

Lu Jinye smiled, "I promise. From today onwards, I will make sure you don't get hurt at all!"

After hearing these words, Mu Zhi wanted to laugh even more.

At the same time, she was touched.

They were in the custody room. Although Lu Jinye was by her side, the surrounding environment was a little depressing.

Mu Zhi thought for a while and said to Lu Jinye, "It's almost midnight. But I feel like eating cake. Could Mr. Lu buy me a small piece of cake?"

“What other requests do you have?”

Lu Jinye looked at Mu Zhi helplessly and asked in a pampering manner.

“Um... I would also like to have a cup of milk custard drink and a box of sushi.”

After saying this, Mu Zhi thought it should be enough.

Lu Jinye stood up and went out.

After a while, he bought everything Mu Zhi wanted.

Xiao Qingqing happened to walk in when Mu Zhi and Lu Jinye were arranging the food.

She wanted to see Mu Zhi’s ashamed look. However, when she entered the room, her eyes were met with the sight of Mu Zhi and Lu Jinye eating cake happily!
