

The Contract Lover

Chapter 186

Time flows like water, and tomorrow is Jinxin's wedding. In the evening, Noila Mo printed out a copy of the process of tomorrow's wedding and memorized it firmly.

Jinxin and Pei Jun invited professional wedding staff to accompany the whole city. Noila Mo is the main bridesmaid. Just remember to help the bride hold the bouquet and wedding ring, and pay attention to the bride's makeup at any time. You don't even need to be responsible for the red envelope, it's better. Leisurely.

After memorizing the process, it was almost 11 o'clock, and Noila Mo was ready to go to bed after taking a shower. Tomorrow, I will get up early and go to Jinxin's house to accompany her to make-up.

When she got to the bed and was about to draw the curtains, Noila Mo inadvertently caught a glimpse of a tall man standing next to the black SUV with the shadow of a tree downstairs.

The curtains were already half drawn, and Noila Mo's heart jumped, and she pulled the curtains back, and looked at the man several times.

Why... It looks a bit like Allen Chu?

A little bit of red light was extinguished, her eyes widened here and desperately trying to see clearly. On the other side, the man didn't know whether it was throwing a cigarette butt or standing tired and changed his posture. He took a step forward and his body completely melted into the shadow of the tree.

Noila Mo became more suspicious as she watched, how could the outline of that car resemble Allen Chu's car? There is also that man, tall, with his domineering and arrogant posture when he is standing, he looks exactly like Allen Chu!

Is it really him? What is he doing? In the middle of the night, squatting downstairs at her house, is it a show of secret love or a show of catching rape?

Noila Mo was puzzled. I drew the curtains and lay down on the bed. She was still uncomfortable as she was scratching her heart. She simply put on her clothes and crept out of the house. She wanted to find out.

When she walked into the elevator, the car in the elevator showed her shadow. Noila Mo took a look, and she almost cried without disgust.

Sneaky appearance, but there is still an idiot smile on his face!

Noila Mo touched her face. She just went down to check her eyes. Why did she have such a happy smile on her face?

The elevator was fast, and the floor where she had lived was not high, so she quickly reached the first floor.

Noila Mo shrank in the hall and glanced outwards. What's the matter? There is no shadow of SUV at all? ! It's empty under the shadow of the tree. Where is the car? Where are the men?

Could it be that she was dazzled just now? Noila Mo rubbed his eyes vigorously, but there was nothing but the night wind blowing across the treetops, making a rustling sound.

At that moment, Noila Mo was extremely disappointed. As if picked up a huge sum of money, happily went to the bank to exchange it, and was told that it was all counterfeit money!

Disappointed, frustrated, feeling stupid and pitiful, and will never succeed in life again... Noila Mo was full of negative energy, and walked towards the side of the road.

At this time, I had no thoughts at all, I just wanted to let the cold evening breeze blow my messy thoughts sober.

On the side of the road, where the SUV was parked just now, the cigarette butts in a place... Compared to the clean ground around, they looked so shocking.

Noila Mo's feet stopped suddenly, staring at the cigarette butts in that place, and tears burst out suddenly.

He was here! He really came! It's not that I am idiotic and committing hysteria! Allen Chu, just stopped here just now, downstairs at her house!

Noila Mo wanted to laugh, but the tears flowed more fiercely...

Chapter 187

In the morning, Noila Mo got dressed, took the bridesmaid's dress and skirt, and ran to Gu Jinxin's house after taking a taxi.

Jin Xin's wedding was costly. Even the bridesmaid's skirts were tens of thousands of pieces. The complicated lace, the tiny pearl buttons, and the long skirts made it very difficult to walk. Noila Mo couldn't wear it by herself, so she could only wear it with help.

When she arrived at Jinxin's house, she had just finished freshening up and was discussing makeup with the makeup artist. Seeing Noila Mo was here, she waved her and called her over: "Noila, tell you an unfortunate news, you must hold on!"

Noila Mo's back was cold: "What news?"

Gu Jinxin observed her expression: "Didn't it say that Allen Chu was not the best man? Last night, he temporarily changed his mind and called Pei Jun and said he wanted to be the best man!"

Uh? Allen Chu is coming too? Noila Mo suddenly panicked: "Why did he come? Is Xiang Hanwei still a bridesmaid?"

Gu Jinxin sighed: "Yes! She told me before when you didn't return to China that she was going to be a bridesmaid when I got married. Now that the three of you meet in person, will something go wrong?"

Noila Mo was stunned, and quickly patted Gu Jinxin on the shoulder: "Don't worry, I can just avoid Allen Chu. Xiang Hanwei is also very kind, and there shouldn't be any trouble."

Gu Jinxin nodded: "Noila, I'll take care of you."

Noila Mo stood next to him mechanically, assisting the makeup artist to help Gu Jinxin put on make-up. Thinking of the cigarette butts in that place, his heart began to mess again...

I haven't seen Allen Chu for five days. He is tall and upright. He should be handsome in the best man's dress, right?

Noila Mo bit her lip suddenly as she woke up. How about being handsome? He attended Jin Xin's wedding as Xiang Hanwei's boyfriend, and only Xiang Hanwei was standing beside him!

And she is just an irrelevant passerby!

Gu Jinxin just finished putting on makeup, and the other three bridesmaids came. Xiang Hanwei wore a little champagne dress, her makeup was so exquisite that she could catch up with Gu Jinxin.

Seeing Noila Mo, Xiang Hanwei's eyes flickered.

Noila Mo's makeup is very light and very light, but this way she has a fair and clear skin. Of the four bridesmaids, she was the most outstanding.

Xiang Hanwei reached out and hugged Gu Jinxin enthusiastically, then hugged Noila Mo again: "Noila, you look a little haggard, okay you were too excited to sleep last night?"

Haggard? no? After washing my face in the morning and looking in the mirror, I saw that I looked pretty good! Noila Mo touched her face and smiled politely: "Really? I'll add some makeup later!"

While talking, Gu's father and mother had already warmly greeted the bridesmaids to eat early.

Just after eating early, Pei Jun's team came.

Noila Mo's palms couldn't help sweating when she heard the loud crackling of firecrackers downstairs.

She laughed at herself in her heart, but she hadn't seen each other for five days. Why was she so nervous?

The bridesmaids are clamoring to open the door for money. Noila Mo is the main bridesmaid, so she sits quietly with Gu Jinxin in the bedroom without having to join in the fun.

Helped her tidy up the hem of the wedding dress, put on her wedding shoes, carefully checked the clothes and makeup again, and confirmed that everything was OK, Noila Mo looked at Gu Jinxin's face and smiled sincerely: "Jinxin, you today it's beautiful!"

Gu Jinxin watched Noila Mo help her do this and that with care and consideration, not letting go of every detail, even more careful than getting married, and was very moved in her heart. Holding Noila Mo's hand back: "Noila, thank you!"

The two looked at each other and smiled, all their friendship was in this smile...

Pei Jun gave an opening fee of 50,000 yuan. The big red envelopes made the bridesmaids laugh happily.

The door opened, and Pei Jun and the four best men rushed in.

Allen Chu stood next to Pei Jun. His black suit, white shirt, and black bow tie made him as handsome as a god, and the whole room lit up.

Noila Mo saw Allen Chu at a glance, raised his eyes and quickly glanced at him, then quickly turned his eyes away.

Pei Jun smiled and walked towards Gu Jinxin, stretched out his arm, and violently hugged Gu Jinxin!

There was enthusiastic applause in the room, and everyone urged loudly: "kss! kss and go out!"

Noila Mo peeked at Allen Chu, but his eyes matched those of Xiang Hanwei.

She clung to Allen Chu closely, staring at Noila Mo quietly.

There was a deep smile on her face, but her eyes were as cold as a poisonous snake.

Noila Mo's heart beat wildly! Xiang Hanwei must know something, otherwise, why would he look at her with such a look?

Noila Mo hurriedly lowered her head, not daring to look at Xiang Hanwei again.

In front of Xiang Hanwei, she really couldn't justify herself. In my heart, there is always an apology and guilt...

Allen Chu looked at Noila Mo from the corner of her eyes. Her white little face was clear without any blemishes, and her long eyelashes drooped to hide the emotions in her eyes. She frowned, smiled, and made every move. It's what he likes...

For a while, I couldn't help but stay a little...

"Allen, what are you in a daze?" Xiang Hanwei's arm wrapped his arm and asked him defiantly.

Allen Chu hooked his lips: "Nothing. Pei Jun is so handsome today!"

Pei Jun is so handsome? Xiang Hanwei sneered in her heart, Allen Chu, who do you want to lie to? You just didn't look at Pei Jun at all!

Staring at Noila Mo, who was bending over to help Gu Jinxin tidy the hem of her wedding dress, the fierceness in Xiang Hanwei's eyes was fleeting.

Noila Mo, don't be proud, today next year will be your anniversary!

Gu Jinxin, sorry, because you made friends carelessly, the wedding turned into a funeral! I didn't mean to leave you a lifetime shadow~

Xiang Hanwei took Allen Chu's arm and whispered in his ear, "In my eyes, you are the most handsome man in the world!"

Allen Chu smiled slightly and k*ssed her on the cheek very cooperatively.

This k*ss happened to be watched by Noila Mo, who was straightening up.

Noila Mo bit her lip and lowered her eyes, hiding herself deeper into the crowd, far away from Allen Chu and Xiang Hanwei.

Allen Chu is crazy! Since she has such a deep love with Xiang Hanwei, why did she run downstairs to her house last night?

Not to mention that she was dazzled, the gilded letters on the cigarette butts are clear, they are simply the brands he often smokes!

Forget it, there is nothing to worry about with Allen Chu's intermittent neuropathy. If you keep entangled, I'm afraid she will go crazy!

Noila Mo no longer looked around, followed Pei Jun and walked outside, concentrating on her role as a bridesmaid.

Chapter 188

After some hustle and bustle, a group of people drove toward the hotel in a mighty car.

This is a hotel of the nature of a private club, because in the suburbs, there is a large mountain forest. There are sika deer, peacocks and other gentle and beautiful small animals. On the sparkling lake, black and white swans are swimming gracefully. Playful and the scenery is very pleasant.

The huge welcoming convoy entered the hotel from the main entrance. Noila Mo got out of the car and was shocked by the posture of the parking lot.

The small parking lot is full of luxury cars, and it has become a famous car fair. The crowds that come and go are exquisitely dressed, and some people's faces are still very familiar, and they are often seen on TV.

Obviously, this is a luxurious feast for the upper class.

"Jinxin is really lucky! It's such a smooth marriage to the rich!" One of the four bridesmaids, Jinxin's cousin, Jin Qiao, said with envy, looking at the crowd.

Xiang Hanwei smiled slightly: "Jin Qiao, you don't have to envy Jin Xin, you can marry a rich man if you want."

Gu Jinqiao looked at Xiang Hanwei, and complained a little bit in her tone: "I told my cousin several times and asked her to help me pay attention to my cousin's single friends and see if I can introduce them to me, but every time she said there was no suitable one. ..."

Noila Mo frowned when she heard it, Gu Jinqiao's tone made her uncomfortable, and she thought that Jin Xin wanted to prevent her from marrying a rich family.

Jin Xin also told her that Jin Qiao is a little worshipper of money, and has an impetuous and simple personality.

"Jin Qiao, your cousin naturally hopes that you have a good marriage, she said that there is no suitable, there should be really no suitable. Your cousin will not lie to you." Noila Mo quickly explained to Gu Jinxin.

Xiang Hanwei glanced at Noila Mo, and smiled at Gu Jinqiao: "Your cousin doesn't have the right one, I have. I know several good diamond kings, and their family background is no worse than Pei Jun. I will introduce a few you know. "

"Really? Sister Hanwei, you are so kind!" Gu Jinqiao almost jumped up with joy.

"Of course it's true. When the wedding is over, I'll make an appointment for you." Xiang Hanwei said very firmly.

When Xiang Hanwei came out, Noila Mo didn't want to say anything.

The gloomy look in Xiang Hanwei's eyes just now made her feel uneasy, and she just wanted to stay away from her.

Although the professional wedding company had already made all the preparations for the wedding, Noila Mo was still a little worried and wanted to check it again by herself.

"Noila Mo! Hurry up, let's go to the locker room to change clothes!" Gu Jinqiao hurriedly called her when Noila Mo was behind.

The bridesmaid dresses chosen by Pei Jun and Gu Jinxin are also very beautiful, and Gu Jinqiao can't wait to try them on.

Noila Mo looked at the busy wedding staff at the main wedding venue, and shouted to Gu Jinqiao: "You go first! I'll go over and see if the champagne tower is set."

A flash of splendor flashed in Xiang Hanwei's eyes, and she pulled Gu Jinqiao and said, "Let's go first."

The bridesmaids share a dressing room, and people from the wedding company are waiting at the door, ready to help them change their dresses.

Xiang Hanwei waved to them: "No, we can help each other to change."

Another college classmate of Gu Jinxin, Chen Peng, is one of the four bridesmaids. She is more familiar with Noila Mo, but not with Xiang Hanwei and Gu Jinqiao. She quickly asked the wedding company to help her change her dress and left first. .

Only Xiang Hanwei and Gu Jinqiao were left in the dressing room.

Xiang Hanwei held the hem of the dress to help Gu Jinqiao put it on, and patiently helped her button up the tiny pearl buttons on her back, with a gentle smile on her face.

For a commoner Cinderella like Gu Jinqiao, Xiang Hanwei's white and rich beauty has always been nothing but looking up.

Today, Bai Fumi unexpectedly helped her get dressed! Gu Jinqiao was a little flattered.

"Jin Qiao, you are in charge of the wedding staff in charge of the dressing room, right?" Xiang Hanwei asked casually.

"Yes, it's me." Gu Jinqiao replied unsuspectingly.

Xiang Hanwei helped her buckle the last button and suddenly changed the subject: "Jin Qiao, what do you think of Noila Mo?"

"Not bad, good-looking, good temperament. I have a good relationship with my sister. The best of my best friends."

Xiang Hanwei was silent for a moment, her eyes suddenly red, and she grasped Gu Jinqiao's hand: "Jinqiao, do you know? She is a junior! She has been entangled with Allen behind my back, and Allen ignored her, she just kept going. Inverted post! I even tried to get close to Allen's son!"

what? Gu Jinqiao opened his mouth in surprise: "No? Why is she so disgusting! You and President Chu have been healed for several years, so why is she so shameless!"

Xiang Hanwei's tears fell gracefully from her eye sockets: "Yes! Although Allen is ignoring her now, when I think of her involvement, I feel like I ate a fly!"

Gu Jinqiao recalled it carefully and patted his head: "If you don't tell me, I didn't even think of it. Just now, when my cousin-in-law brought the best man and the others into the house to pick up the relatives, President Chu kept staring at Noila Mo without paying attention! I was a little weird at the time, but I didn't think much about it, it turned out to be so!"

After Gu Jinqiao finished speaking, Xiang Hanwei's face was even more ugly, and she tried her best to make a pitiful and aggrieved look: "Jinqiao, can you do me a favor?"

"What's busy?" Gu Jinqiao's blood boiled, and the little three were punishable, whether she was a cousin's best friend or not, anyway, being a mistress would have to die!

"When Noila Mo comes in to change clothes, how about you dismiss the wedding staff? So that Noila Mo can't put on the bridesmaid's gown and can't show her face at the wedding for a while!" Xiang Hanwei said viciously.

"This! She is the main bridesmaid, she is also responsible for holding flowers and rings. If she doesn't go, the cousin must be in a mess!"

Xiang Hanwei stretched out a slender jade to point her forehead: "Stupid, I'll go get the bouquet and help your cousin pass the ring, why not? Put Noila Mo in the locker room alone and make her anxious In a hurry, what a great prank!"

As he said, he began to pretend to be wronged again: "I can't find any other way to treat her, I can only use this naive way to vent my anger, Jin Qiao, will you not help me with such a small amount of help? "

Gu Jinqiao was afraid that he would be angry with Hanwei and would not introduce her to the Golden Tortoise. Thinking about it again, it was just shutting Noila Mo in the dressing room, which was not a big deal, so he nodded: "Okay, don't be upset, I promise You are it."

Xiang Hanwei hugged Gu Jinqiao: "Jinqiao, you are so kind! I will definitely introduce you to the most handsome and richest boyfriend!"

Asking Gu Jinqiao to do this would only mean that it was an accident, and Allen Chu couldn't suspect her.

Xiang Hanwei thought, almost couldn't help showing a triumphant smile on her face.

Chapter 189

Noila Mo inspected the champagne tower at the main venue, and then inspected the microphone and the LCD screen directly in front of the venue. Seeing that everything was okay, she hurried to the dressing room.

The wedding will begin in a while, and her bridesmaid's dress has not changed yet.

Just walked to the door of the bathroom in front of the dressing room, Xiang Hanwei came out from the inside with a bitter face, and saw Noila Mo as if he had seen a lifesaver: "Noila, my hair is tangled in the earrings, I can't help it. Untie it, can you go to the bathroom to untie it for me?"

Noila Mo originally didn't want to have too much contact with Xiang Hanwei, but when someone talked about such a small favor, she was not too good to help. Then nodded: "Okay."

Xiang Hanwei wears a pair of very precious emerald earrings, retro style, with complicated carvings, a strand of hair entangled in the hollow of the carvings, it is indeed a bit difficult to untie.

Noila Mo stood next to Xiang Hanwei, using his fingertips to loosen the tangled hair a little bit, and then carefully pulled the hair out of the carved flower, for fear of hurting Xiang Hanwei.

Xiang Hanwei stared at Noila Mo's focused and beautiful face from the mirror, and smiled: "Noila, be careful, don't break the carved flower on it. This pair of earrings was given to me by Allen from London. It was taken at the auction and it cost hundreds of thousands of pounds!"

Noila Mo's fingertips trembled, and she said calmly, "Oh."

Xiang Hanwei talks about Xing Zhengnong: "Well, Allen is really spending money, although I like emeralds, but such a small pair of earrings cost hundreds of thousands of pounds. It is really scary to wear."

Noila Mo couldn't even "Oh" come out. I speeded up my hand, just want to untie the hair quickly.

It was so easy to untie, Noila Mo breathed a sigh of relief, ready to go to the dressing room to change dresses.

When it was said that it was too late, Xiang Hanwei suddenly picked up a small bottle from the washstand in the bathroom without warning, bent down and sprayed it twice at Noila Mo's ankle.

The scent filled the bathroom. Noila Mo sniffed and smelt it, feeling very upset. What is Xiang Hanwei doing? Spray perfume on her body without her consent. Is she familiar with her?

Xiang Hanwei smiled and looked at Noila Mo: "How about it? It smells good? I tried it just now, and found that this bottle of perfume smells very special and good, so I wanted to share it with you. Spray it on my ankles. Come on, walk on the road for a while, and the aroma will flow from your calves. Those single men will definitely be infatuated by you!"

Does it smell good? Noila Mo sniffed again, didn't feel good, it smelled weird, and a little dizzy after a long time.

Thinking about changing the dress as soon as possible, Noila Mo didn't have time to argue with Xiang Hanwei, and said hurriedly: "Thank you." Then she turned and walked towards the dressing room.

Xiang Hanwei stared at Noila Mo's back, with a cold smile on her face.

Noila Mo walked into the locker room and found that there was no one inside. Strange, where did the wedding staff go? This dress has so many small buttons on the back, how can she wear it well alone?

Forget it, try it yourself first. Noila Mo took off her clothes, put the dress on her body, and began to raise her arms, and tried to button her back.

Not at all! The waist and neck can be buckled, but the back can't be buckled at all!

Noila Mo lowered his arms in frustration, ready to go out and find someone to come in for help.

"Hiss" In the corner of the velvet lounge chair in the locker room, a strange sound suddenly came.

This sound made Noila Mo's scalp numb, and immediately began to get goose bumps on her arms.

This sound...how does it sound like a certain animal?

Chapter 190

Noila Mo turned around fiercely and looked at the source of the sound.

At this glance, she almost didn't scare her to scream!

Behind the recliner, a big black snake was spitting out the letter, his upper body was erected, and hissing little by little toward her!

The triangular head looks very cruel, and the neck swells and bulges with spectacle-like patterns.

cobra! This turned out to be a cobra!

Noila Mo was so frightened that she didn't dare to move, for fear that any of her actions would trigger a fierce attack from Cobra!

Fortunately, behind the door of the dressing room, Noila Mo slowly moved towards the door.

Very well, the snake did not catch up, but the upper body stood up in the air, looking at her with those cold triangular eyes.

very good. Noilaan inhaled depressedly, and raised his hand millimeter by millimeter, placing it on the door handle.

Finally, his hand squeezed the doorknob, Noila Mo exhausted all his strength and pulled it desperately!

The expected corridor and the safe crowd did not appear outside the door! The door was locked from the outside!

She can't open the door at all!

The cold sweat ran down the forehead across the white cheeks, and from the neckline into the chest, leaving behind a cold and sticky sweat...

Noila Mo's move to pull the door completely angered the Cobra, it speeded up, the protruding pattern on the neck became more obvious, and it rushed towards Noila Mo's ankle!

"Ah!" Noila Mo let out a scream. This is a big snake, more than one meter long. At this moment, its cold and slippery body is wrapped around her calf, and her fangs are clenching the delicate skin of her ankle, giving She brought a piercing pain!

Suddenly, someone was talking outside the door, and then there was a click of the door lock being opened.

Saved! Noila Mo was extremely frightened, and his tightly stretched brain suddenly relaxed for a while, and his whole body fell limply to the ground, completely falling into a coma.

Allen Chu led someone to smash the door open, and at a glance he saw the cobra entrenched next to Noila Mo, hissing the letter.

Everyone was stunned. Allen Chu looked at Noila Mo anxiously, and saw that she was lying softly on the ground, her eyes closed, her face so pale that there was no blood.

Anxious, Allen Chu rushed toward the door.

"Sir! That's a poisonous snake! Let's tell the security guard to come over!" The hotel staff hurriedly stopped Allen Chu.

"Go!" Allen Chu pushed away the staff fiercely, and by the way snatched the fireworks used for the wedding from his hand, and rushed towards the door holding the huge fireworks.

Cobra twisted and rushed towards Allen Chu, everyone at the door screamed and backed away.

Allen Chu brandished the fireworks and slammed at the cobra headlessly, exhausting all his strength in every move!

The cobra seemed to be frightened by Allen Chu's madness. After dodging for a few times, Allen Chu was hit in the head. After a few bloody spasms on the ground, it softened into a pool of mud.

OMG! The frightened spectator outside the door reacted and rushed forward, ready to lift Noila Mo to send the ambulance.

"Let go!" Allen Chu threw down the fireworks, his eyes filled with bloodthirsty hostility, and he swept over the men who lifted Noila Mo fiercely.

The men were so scared that they quickly let go.

Noila Mo hadn't put on her dress yet, with her fair shoulders and small pieces of skin exposed on her chest. Allen Chu took off her clothes, wrapped Noila Mo's body tightly, and ran out after picking her up.

Someone had already called an ambulance, and people from the hotel's emergency department rushed over after hearing the news, and simply treated Noila Mo's wound to delay the spread of toxicity.

Gu Jinxin and Pei Jun had also heard about it, and the full house ignored them and rushed over here in a hurry.

At the same time, Xiang Hanwei was the one who ran over.

"Allen, how is Noila?" Gu Jinxin was so anxious that tears came out.

Allen Chu stared at Noila Mo's pale face, and looked up at Gu Jinxin and Pei Jun: "There should be nothing wrong with me. I'll take her to the hospital in a while. Let's continue the wedding. Don't delay the auspicious time."

Pei Jun's mother also rushed over. Hearing what Allen Chu said, she nodded her head and pushed Gu Jinxin and Pei Jun back: "Mr. Chu is right. He should take care of this bridesmaid. There should be no problem. You should go back. Well, everyone is waiting!"

Xiang Hanwei took Gu Jinxin's hand: "Jinxin, I'll stay to take care of Noila, too. The ring and bouquet are with Jin Qiao."

Gu Jinxin looked at Noila Mo anxiously, and then at the unpleasant face of her expectant mother-in-law. Thinking about Allen Chu and Xiang Hanwei both were there, there should be no problem, so she gritted her teeth and went back.

Allen Chu walked forward with Noila Mo striding forward, and Xiang Hanwei followed him in small steps.

"Allen, can you go slower, I can't catch up with you soon!" Xiang Hanwei yelled softly.

Go slower and let the poison spread even more!

Allen Chu stopped swiftly and turned to look at Xiang Hanwei coldly. Her dark eyes were fierce and bloodthirsty.

"Xiang Hanwei! Are you pretending to be tired?"

The cold voice, with unabashed disgust and hatred.

what? Xiang Hanwei stopped and looked at Allen Chu in disbelief.

"Allen, what are you talking about?"

"You know what I said! Xiang Hanwei, don't play this trick with me! I tell you, if something happens to Noila today, I will let you bury her with her!"

Allen Chu gritted his teeth and said to Hanwei every word.

"Allen, did you misunderstand? Noila was bitten by a snake. What does it have to do with me? Where did I get such a poisonous snake? Besides, I didn't lock this door. You blamed this on me. , It's so unfair!"

Xiang Hanwei is still arguing.

"Pop!" Allen Chu raised his arm and slapped her face fiercely!

"I played this slap for Noila! This is your retribution for setting up a situation to frame her again and again!" Allen Chu said coldly.

Xiang Hanwei covered her face with her hand and looked at Allen Chu in shock, her eyes full of despair and bitter hatred: "Allen Chu, are you hitting me? For this b*tch, Noila Mo, are you hitting me?"

Her voice was as sharp as an iron scraping through the glass, extremely harsh.

Allen Chu didn't bother to answer her words at all, turned around, holding Noila Mo and continued walking.

"Allen Chu! Stop for me! You ungrateful thing! If it wasn't for my father, could that piece of land in Hongkou be easily given to you? 2.2 billion, you made a lot of money! Today, for this cheap People beat me! I tell you, if you don't apologize to me today, I will let you Chu family no longer be able to mix in the real estate industry! Let you go bankrupt! Let you not even live in the bridge hole!"

Xiang Hanwei cried loudly, her beautiful face was a little distorted by hatred.

Allen Chu stopped and turned around, staring at Xiang Hanwei quietly with a pair of sharp eyes: "Okay. Wait and see."

After finishing speaking, I hugged Noila Mo and walked forward without hesitation!

Noila can't do anything, he really can't stand the shock anymore. At first, she was stunned by the drug, and when he took her to the hospital, she was scared to death. This time today, his bravery value has been exhausted. He can no longer bear the third shock!

Go to your real estate! Go to your Xiang Hanwei! Nothing is more important than the little woman in your arms!
