

The Contract Lover

Chapter 231

Noila Mo was in a daze. Suddenly Gu Jinxin's arm was hit by Gu Jinxin, and then he heard Gu Jinxin's mocking voice: "Mr. Chu is really energetic, vigorous and personable today!"

Noila Mo looked up and saw that Allen Chu was dressed in a black suit, white shirt, black bow tie, and his short hair was combed meticulously. He was standing in front of them with a smile as a prospective bridegroom official.

Gu Jinxin was right. He was really high-spirited, his figure one by one, handsome, and his well-fitting dress made him very handsome. The men in the whole hall became his foil.

I used to think he was handsome in simple t-shirts and jeans, but now I know that he is more handsome in formal clothes.

Hearing Gu Jinxin's teasing, Allen Chu didn't get angry, and smiled straight to the bottom of his eyes: "Really? Thank you for the compliment, Jinxin, you are also very beautiful today. Is the little BB in your belly okay?"

The words were addressed to Gu Jinxin, but the light of his eyes has been catching Noila Mo's actions.

Noila Mo lowered his eyes and stood quietly beside. The man he loves is engaged, but her fiancée is not her. Even more bloody, she also came to attend the engagement wedding.

Gu Jinxin didn't expect Allen Chu to be so cheeky, a little surprised: "Thank you for your concern. BB is good. Goodbye!"

Allen Chu didn't mean to see you again. The corners of his mouth curled up in a beautiful arc, and his mood was so good that he said, "Noila Mo, I guess you will wear this skirt."

Uh? When did the topic move to her? Noila Mo raised her head and looked at Allen Chu in surprise. She bit her lip alive and didn't ask him.

What does Allen Chu mean by blending her like this? Show off his good mood?

Seeing Noila Mo ignored him, Allen Chu asked and answered: "Your choice is correct, this skirt suits you well. Noila, you are so beautiful today."

His eyes were full of undisguised appreciation and surprise, and Noila Mo's face turned slightly red.

Damn it! What does this man mean? Want to see her jokes? Noila Mo took a breath and was about to speak. Gu Jinxin gave Allen Chu a fierce look: "Allen Chu! Today seems to be your engagement ceremony. Praise your ex-girlfriend like this. Does your fiancée know?"

Allen Chu smiled and looked at Gu Jinxin: "She will know. In a while, I will tell her in person."

After finishing speaking, leave freely. Gu Jinxin and Noila Mo stared at each other, left confused.

"Noila, why do I think his words are so mysterious? What do you think?" Gu Jinxin asked thoughtfully, looking at Allen Chu's back.

Noila Mo also felt weird. Allen Chu's words are too abnormal. Isn't he trying hard to separate his relationship with Xiang Hanwei? How could you say something to tell Xiang Hanwei?

The last time Lin Yifeng bought her sanitary napkins, he had seen the big picture of Salmon Shen and her "tryst meeting" with his own eyes. If it had been before, it would have exploded. But now he just looked a little colder, and he didn't mean to ask the teacher for sin. It can be seen that he is still very afraid of Xiang Hanwei.

Something is wrong, this engagement is strange everywhere!

Chapter 232

The engagement ceremony is not as cumbersome as the wedding ceremony. This engagement ceremony is a combination of Chinese and Western. The emcee teased the unmarried couple, exchanged engagement rings, and invited Xiang's parents to give a speech. The process is basically finished.

Gu Jinxin sat on the chair and said, "Noila, I bet 10 million, Allen Chu's engagement is tricky. You see, the woman's parents are here, but none of the man's family members are here! Only Allen Chu has one! People sing solo shows."

Noila Mo suddenly flashed some fragments in her mind and shook her head: "Allen Chu's family is very strange. Grandpa didn't come probably because he was too old and Sihan's eyes were not good. But his parents are there, why are they here? Didn't come?"

"What? His parents are still alive?" Gu Jinxin's eyes lit up, and the gossip fire immediately burned: "I never heard him mention it. Pei Jun doesn't know about it!"

Noila Mo regretted secretly and felt that it was not appropriate to say this behind his back. It was obvious that Allen Chu didn't want others to know about his family affairs. He turned to the subject quickly: "I only heard him mention it once in a while. Maybe I remembered it wrong. Jinxin, you said, Allen Chu won't be shameless, don't you tell me the whereabouts of my daughter?"

“Probably not. Pei Jun said that Allen Chu never lies, he must do what he says. Therefore, he should not break his promise. Wow! Noila, my little BB has a good sister since he was born! We can take it together in the future. It’s great for the children to go out and play!” Gu Jinxin began to dream about a happy life in the future.

Speaking of her daughter, Noila Mo’s gloomy mood also improved: “Jinxin, I will go to Allen Chu as soon as the ceremony is over!”

Gu Jinxin made a victory gesture to her. The two smiled at each other.

The ceremony was over and the reception began, and the waiter lifted the wine counter out and placed it along the wall. The large LED screen on the wall also changed to soft piano music. The male and female guests drank and talked amidst the gentle music, laughing and talking.

Noila Mo took a deep breath, ready to get up and go to Allen Chu.

As soon as I walked to the bar, I heard a familiar voice: “Waiter, how can I get to Room 3027?”

Noila Mo took a look from the corner of his eye, and it was Xiang Yicheng, whose breathing could not help but pause.

Just half an hour ago, when she went to the bathroom to fix up her makeup, she happened to hear Bai Bingbing asking the waiter the same question.

In 3027, Bai Bingbing and Xiang Yicheng are going to 3027. This is a coincidence!

Noila Mo pretended to tidy up her skirts and stopped to listen to the conversation between the waiter and Xiang Yicheng.

Seeing Xiang Yicheng’s back, Noila Mo moved in her heart, avoiding the crowd, and slowly trailing up.

The design of this hotel is complicated, and the corridors are like a maze. Noila Mo didn't dare to follow too closely, and was almost thrown off by Xiang Yicheng several times.

The 3rd floor is quiet, and it forms a huge contrast with the liveliness of the first floor lobby. The silence was frightening.

Very well, at the end of the corridor, Xiang Yicheng gently opened a door. Noila Mo held his breath, and walked forward on tiptoe, a heart that was so nervous that it was about to pop out of his throat!

The door didn't even close! Noila Mo's heart moved, as she was about to press her face, a big hard palm suddenly stretched out from behind, covering her mouth fiercely back! She fell into the arms of a man!

Chapter 233

Noila Mo was startled, struggling instinctively, and was about to scream loudly when he suddenly heard the familiar smell of cologne on the man.

Twisting and looking back, it really was Allen Chu.

Seeing Noila Mo recognize herself, Allen Chu still didn't let go, dragging her back to the other side of the U-shaped corridor, and then let go of her arm.

Noila Mo's neck was choked by him, and she became a little bit irritated: "Allen Chu, what are you doing? What are you doing sneakily with me?"

Allen Chu's tall body looked down at her condescendingly, and his eyes were astonishingly bright: "Noila Mo, why are you following Xiang Yicheng? Fortunately, I made a temporary surprise and come and take a look, otherwise you will really ruin my big business! "

"What's the big deal?" Noila Mo's doubts in her heart were even worse. Are Xiang Yicheng and Bai Bingbing really both in room 3027? What are they doing inside? Allen Chu seemed to know it.

Allen Chu grinned, and smiled badly: "You'll find out after a while. Go, let's go back to the hall."

Seeing Allen Chu's smile, Noila Mo's face blushed. She was so familiar with the meaning of Allen Chu's expression. She couldn't help but blurt out: "Isn't Bai Bingbing your lover? How come you got a piece with Xiang Yicheng? went?"

Allen Chu raised his head and smiled silently, and stretched out his hand to twist her face heavily: "You should insult my taste like this, you really deserve to fight!"

Noila Mo covered her hot cheeks and looked up at him: "I saw it all! That day, she walked out of the club with you, dressed very coquettishly."

"Haha, little thing, are you jealous?" Allen Chu was in a great mood, put his arms around her, and pressed his lips.

Noila Mo was embarrassed and pushed him hard: "Don't move your hands! Today is your engagement ceremony. You don't respect me, at least you should respect yourself!"

Her pink lips were close at hand, and with the sound of breathing, there was a faint fragrance. Allen Chu really wanted to k*ss the little woman in front of him hard, but time was really pressing, so he bit her lip and let go: "Wait a minute to clean up you. Let's go to the hall together! I'll take the stairs, you take the elevator. , No matter how late, there will be no good show!"

Seeing Allen Chu's confident look, Noila Mo was very curious, what the hell was this man doing?

When Noila Mo returned to the first floor, the atmosphere in the hall was reaching its climax, and celebrities from all walks of life were coveted and used their housekeeping skills to socialize.

There is nothing wrong on the first floor! A scene of singing and dancing is so normal that it can no longer be normal!

While muttering to himself, the piano recital on the LED screen suddenly turned into a picture of a man and a woman entangled.

The elegant and melodious piano music turned into a woman's coquettish moan and a man's heavy breathing!

Gosh! Everyone in the hall was stunned and all looked up at the big screen.

On the high-definition screen, the faces of the entangled men and women are so clear that they are clearly Xiang Yicheng and Bai Bingbing!

Chapter 234

Everyone stared at the screen for a long time before reacting. The shy lady covered her eyes and screamed on the spot.

The expressions of the men are different, some are gentlemen's face away, and some are staring at the big screen with relish, and they exchange opinions with their companions: "This is too ridiculous? Asking the minister, why did you get on the big screen?"

"Tsk tusk, Minister Xiang is really strong! The little girl he brought with him just now, and said it was the daughter of his comrade-in-arms, did not expect such a wave!"

Liu Pinlan was leading Xiang Hanwei to talk to a group of ladies. The vivid scene on the big screen made her face pale as paper, and her body was

shaking so much that she couldn't even say a decent sentence. She almost fainted when she pointed to the big screen. Past.

Xiang Hanwei screamed fiercely after staying for ten seconds: "Where is the security guard? Where is the security guard! What's the matter with this screen! Turn it off quickly!"

The security guard ran all the way, but he did not understand these things for a long time, and did not find the switch. The men and women on the big screen were still entangled, and the two people's gasping conversation was clearly transmitted to everyone's ears.

"Yicheng, you steal food with me in broad daylight, aren't you afraid your tigress will find it?" Bai Bingbing catered to Xiang Yicheng's movements, while carefully looking for the angle to prevent the pinhole camera from capturing himself. Location.

"What if she found out? How many women I have out there, she knows in her heart! I have not had sex with her for several years, and her thing is dry and astringent, and it's no longer usable! Where is it like you? More water!"

Xiang Yicheng moved vigorously, talking about his wife unbearably.

Liu Pinlan was furious, and finally fell to the ground.

Xiang Hanwei was anxious to call an ambulance, and she was in a mess when she saw Allen Chu leisurely descending one level from the wide stairs, and rushed over: "Allen! Hurry! Find someone to turn off the LED screen! My father It's been calculated!"

The scene on the big screen is too unbearable. Many guests have already chosen to leave. Several media reporters who were invited to report on the engagement took a sharp shot at the big screen with their cameras.

What a breaking news! It is definitely a big bomb in politics! The combination of politics and pornography is definitely the hottest topic.

Allen Chu looked at Xiang Hanwei with a cold and cruel smile in his eyes:
"Xiang Hanwei, do you know who calculated your father?"

Xiang Hanwei shook her body and looked at Allen Chu with her eyes wide open, her heart beating faster and faster. The bloodthirsty in Allen Chu's eyes was so obvious, Xiang Hanwei's throat was almost silent: "Allen Chu, it's you."

The process of the wedding is all handled by Allen Chu, who can do anything but him? I used to think that this was the performance that he felt sorry for himself, but now I think about it, it was actually a stinger inserted into her heart!

Allen Chu looked at the crowd leaving like a tide, smiling like a spring breeze:
"Yes, you guessed it. It's me."

Xiang Hanwei's eyes were full of bitter hatred, staring at him intently, gritted her teeth and said: "Why are you doing this!"

The smile on Allen Chu's face disappeared little by little, and his tone was as cold as ice and snow: "I'm just asking for justice for Sihan and Noila. Noila was bitten by a poisonous snake, Sihan's eyes were burned, and Noila Mo and Salmon Shen were injured. Hidden camera, Xiang Hanwei, dare you say something, do these have nothing to do with you?"

He knew it! It turns out that he was deliberately engaged, just wanting to relax his vigilance! Bai Bingbing is obviously his pawn too. Today's play is to allow all the guests present to testify and nail his father to the pillar of shame, and he can never stand up again!

Chapter 235

Xiang Hanwei closed her eyes, two bean-sized teardrops slid down her face quickly, slamming heavily on the luxurious dress.

When she opened her eyes again, her eyes were already blood red: "Allen Chu, this is my personal grievance with you, why do you want revenge on my dad! Why is your heart so cruel!"

Allen Chu's mouth raised a cruel smile, and approached her: "If you don't cut down your dad's big tree, how can the Chu family get rid of the constraints? If you don't cut down your dad's big tree, how can you dispel your arrogant arrogance? The one you rely on for Xiangjia is nothing but the black gauze on your dad's head! Today, I will completely tear this black gauze hat to pieces, and see if you Xiangjia can call the wind and rain!"

On the big screen, the men and women panting and groaning continued, Xiang Hanwei covered her ears with her hands, and screamed: "Allen Chu! I won't let you go! You villain! Even if our Xiangjia collapsed I won't let go of you as a scum!"

Allen Chu shrugged: "You can listen to it!"

"Allen, where is the switch? Let Jin Xin see these things, it affects the prenatal education too much!" Pei Jun hurried over, his face full of displeasure.

Allen Chu's heart moved, and he looked to the other side of the hall, and saw Noila Mo and Gu Jinxin standing side by side, looking at the big screen.

I felt very upset at once, strode towards the LED, found the switch in the hidden place, and closed the obscene picture with a click.

Xiang Hanwei followed Allen Chu's eyes and saw Noila Mo's slightly flushed cheeks.

The hatred surged in my heart and could no longer be contained. Before this woman came back, Allen Chu treated her well! It's all her! Take away her love and ruin her family!

In the hall, there are large vases leaning against the wall, with large bunches of champagne roses.

Xiang Hanwei pulled out the rose branch and threw it on the ground, holding the vase and walking towards Noila Mo.

Gu Jinxin saw her from a distance, and said to Noila Mo: "Noila, Xiang Hanwei is here, and she is holding a big vase. What does she want to do?"

It was not until she saw the picture on the big screen that Noila Mo understood the mystery behind the engagement, and all the mysteries were solved at once. Seeing Xiang Hanwei walking slowly step by step, she naturally knew that she was here to fight and avenge her.

Busily guarding Gu Jinxin behind her: "Jinxin, hurry up, you are pregnant, don't be touched by her."

Gu Jinxin pulled Noila Mo and prepared to escape: "Go together, don't be like this lunatic."

When Xiang Hanwei saw them preparing to leave, she burst into laughter, her voice sharp and harsh: "Noila Mo, are you scared? Aren't you most likely to pretend to be stubborn and strong to confuse men? How timid today is Rat?"

Noila Mo looked at her crazy look with pity, and while supporting Jin Xin, she turned her head to persuade Xiang Hanwei: "If you want to get revenge, you should go to Allen Chu. Why did you find me? ! Carry the vase and smash Allen Chu! Don't scare the baby in Jinxin's belly!"

As soon as he finished speaking, he bumped his head into a hard and generous chest. Noila Mo touched her nose and looked at the tall man Ying, as if she saw a rescuer: "Allen Chu, you are here just right. Go and persuade Xiang Hanwei. Her mother is still in the hospital, why bother with me! "

Allen Chu raised his eyebrows with a smile but no smile: "Have a vase to smash Allen Chu... Noila Mo, do you have a heart?"

Chapter 236

Noila Mo smiled wryly: "I'll just say that, don't worry about it."

Pei Jun had already rushed over to protect Gu Jinxin in his arms. Noila Mo and Allen Chu seemed to be bickering, but they were infinitely sweet. Looking at Xiang Hanwei, blood surged in his eyes, and his throat was so sweet.

The bitter hatred and anger made her rush over like a madman, and beat Noila Mo fiercely: "Noila Mo, you *btch!* *btch!* I want to eat your meat and drink your blood!"

Allen Chu stared at Xiang Hanwei, who was on the verge of collapse, and saw that her beautiful face had been distorted terribly, and she was extremely disgusted in her heart. He guarded Noila Mo behind him and twisted her arm: "Xiang Hanwei, Don't go crazy! With this strength, still think about how to appease Liu Pinlan and how to deal with tomorrow's newspaper headlines!"

After speaking, he waved his hand to call for security and drove Xiang Hanwei out.

Pei Jun, Gu Jinxin, Allen Chu and Noila Mo were left in the entire hall.

Pei Jun glanced at Allen Chu and Noila Mo with a smile, and walked outside with Gu Jinxin, "Jinxin, let's go, let's not be light bulbs!"

Gu Jinxin smiled knowingly, snuggling in Pei Jun's arms and preparing to go out.

"Don't go, wait a minute." Allen Chu stopped them: "I have something to tell Noila, I hope you can stay and be a witness."

witness? Noila Mo's heart pounded, looking at Allen Chu's serious and affectionate eyes, his face turned red involuntarily.

"Quick! Are you asking for marriage?" Gu Jinxin called out in surprise.

Allen Chu glared at her with a wry smile: "Pei Jun, take care of your wife, can you not be spoiled?"

Pei Jun smiled and k*ssed Gu Jinxin on the face: "My wife, you are awesome! You can guess this!"

Allen Chu took out a small red golden velvet box, opened it gently, looked at Noila Mo deeply, and knelt down on one knee: "Noila, would you like to marry me?"

In the small box, there is a radiant pink diamond ring, and the olive branch on the ring, which sets off the heart-shaped diamond is extraordinarily elegant and beautiful.

"Oh! It's marryme's pink diamond! Allen Chu, you really have lost money!" Pei Jun shouted out in shock.

Marryme, Noila Mo looked at the priceless diamond ring in the box, tears gushing out, huge happiness hit her heart, tears gleaming in her eye sockets, her fingers trembled almost unsteadily.

Allen Chu knelt in front of her, looking at her tenderly, with an affectionate smile on his face: "Noila, marry me, okay?"

Noila Mo looked at his eyes and wiped away the falling tears in a panic. After a long time, he choked and nodded.

Allen Chu stood up and hugged Noila Mo fiercely, and k*ssed her on the forehead: "Why are you kneeling after thinking about it for so long?"

"Haha..." The original solemn and solemn atmosphere was completely diluted by his words, and both Gu Jinxin and Pei Jun couldn't help laughing.

Noila Mo also burst into laughter, and squeezed Allen Chu's arm fiercely: "I should have made you kneel for a while!"

Allen Chu looked at the shy and smiling little woman in his arms, and said jokingly: "That is, you dare to let someone throw a vase on your husband, and there is nothing you can't do!"

Noila Mo always thinks that the term "husband" is very vulgar, but today I hear it in my ears, but I don't have a warm and sweet feeling. Gently glared at Allen Chu, with tenderness and honey in it.

Allen Chu admired her coquettish appearance, with a gentle and doting tone: "Noila, I have another surprise for you."

Chapter 237

Noila Mo widened her eyes expectantly: "Allen, is it news from my daughter, right? Where is she? Will you accompany me to see her?"

My voice trembled a bit because of my excitement.

Allen Chu didn't answer her right away, but took out an envelope from behind as if by magic, smiled and handed it to her: "Noila, the answer is in the envelope. You can open it and see."

Noila Mo took a deep breath and calmed his mind before gently opening the envelope.

In the envelope, there was a page of inspection report. When Noila Mo unfolded the report, his palms immediately trembled. Allen Chu gave her a paternity test! The paternity test of her and Sihan!

The last time "Exclude the biological relationship between Noila Mo (mother) and Chu Sihan (son)", this time became "Determine the biological relationship between Noila Mo (mother) and Chu Sihan (son)"!

Noila Mo looked at the line of boldface over and over again, tears welled up in his eyes, and couldn't wipe them clean: "Allen, what does this mean? What does it mean?"

Allen Chu looked at her incoherent excitement and rubbed her hair fondly: "Silly girl, that's what you see. Sihan is our son."

what? Gu Jinxin exclaimed: "Allen! Sihan, is it the son of you and Noila? Isn't Noila's daughter?"

Allen Chu shook his head and took Noila Mo, who was staring blankly at the appraisal book, into his arms with pity: "Noilasheng's is not her daughter. Lin Yuyan lied to her. I went to the Chicago hospital to investigate. This paternity test The book has it all!"

Sihan! Sihan is really her son! Without a daughter, Sihan is her only treasure! Noila Mo cried and laughed, hugging Allen Chu and cried bitterly.

How could she not believe her maternal instincts? How could she admit that the feeling of communion between her and Sihan?

Noila Mo raised her tearful eyes and looked at Allen Chu's face, her heart relaxed a little. It turned out that the man that night was Allen Chu! The fate

between him and her was predestined by God! Going around, she and him can still meet!

Noila Mo rushed into his arms, choked to say the complete sentence: "Allen! I... That night, Lin Yuyan called me to go to the TS clubhouse... Room 1806... I..."

Allen Chu hugged her tightly, his voice full of guilt and regret: "Noila, I know. I know all of them. After the paternity test results came out, I sent someone to investigate. That night, you were the one who entered room 1806. Noila, it's my fault, I didn't remember you. I thought you were just like the other women in the festivities..."

Allen Chu had mixed feelings in his heart. When he didn't mind Noila Mo's past, he suddenly discovered that he was Noila's first man and the only man. God's arrangement is so magical that he is full of awe of fate and full of gratitude.

Thank God for not letting him miss Noila. Thank God for letting him and Noila meet after all.

After her mood calmed down a little, Noila Mo's anger broke out. She pulled Allen Chu by the collar and began to go crazy: "Allen Chu! So you knew it! Why did you lie to me last time that Sihan is not my son? Do you know how I spent those days? You bastard!"

Allen Chu looked into her eyes deeply: "Noila, I'm sorry, I shouldn't keep it from you for so long. I'm just worried that Xiang Hanwei will be detrimental to you if he knows it, so I had to hide this in advance. Forgive me.?"

Noila Mo slumped away from him. Yes, Allen Chu was right, but her heart was still terribly uncomfortable.

When Sihan needed someone's company and care most, she was close at hand but did not accompany him or take care of him. As a mother, she is too dereliction of duty!

Gu Jinxin saw Allen Chu's eyes flushed slightly, and quickly came over to make the rounds: "Noila, Allen does have difficulties. For the sake of his arrangement for you such a grand marriage proposal, please spare him once!"

Chapter 238

Noila Mo sniffed and looked at Gu Jinxin puzzledly. This is clearly the engagement ceremony of Allen Chu and Xiang Hanwei, how did it become the proposal ceremony he arranged for her?

Seeing Noila Mo's appearance, Gu Jinxin knew she hadn't noticed yet. He pointed to the champagne roses and hyacinths in the hall, and smiled and said, "Noila, do you know what the flower language of champagne roses and hyacinths is?"

"What is it?" Noila Mo didn't really understand this.

Gu Jinxin glanced at Allen Chu and walked over to hold her hand: "The flower language of hyacinth is: rebirth love, the flower language of champagne rose is I only love you. This is what Allen wants to say to you! From the beginning, This grand ceremony is for you, haven't you seen it yet?"

Allen Chu gave Gu Jinxin a surprised look.

Arranging this marriage proposal ceremony for Noila Mo was just a little secret he buried in his heart. He didn't intend to tell Noila Mo at all, but Gu Jinxin saw it out.

Noila Mo looked around at the piles of champagne roses and hyacinths, a warm current flowing slowly in his heart. It turned out that Allen Chu's love was buried so deep, and he loved her in his own way, so silent and so deep.

Tears welled up again, Noila Mo wiped her tears embarrassingly, and stared at Allen Chu: "So many champagne roses, very expensive, okay!"

Haha...Everyone laughed. The big rock in Allen Chu's heart finally fell. He laughed and hugged Noila Mo into his arms: "Don't worry, you guys can still afford this little money!"

Gu Jinxin and Pei Jun looked at each other with a smile, and cuddled together gently.

The happiest and sweetest thing in the world is that lovers will eventually get married, spend a good moon, and everything is perfect.

After sending off Pei Jun and Gu Jinxin, Noila Mo couldn't wait to take Allen Chu's hand and walk to the parking lot: "Hurry up, let's go see Sihan!"

Allen Chu looked at the anxious little woman with a smile, and his heart was filled with warmth and sweetness.

Sihan had already returned to the Chu House to recuperate. Noila Mo was extremely anxious, but after getting off the car, she was rather timid.

Sihan likes Aunt Mo, but would Sihan like that Aunt Mo is a mother? Noila Mo really had no bottom.

"Didn't you just arguing to see your son? Why didn't you dare to go in when you got home?" Allen Chu joked with Noila Mo with a smile, and naturally stretched out his hand to embrace her waist.

Noila Mo's eye sockets were still red and swollen: "Allen, think about him, will he like my mother? Will he call me mother?"

Allen Chu smiled: "I have never told you one thing. When I came back from the aquarium that time, Si Han sneaked into my room at night and said to me: Dad, I want Aunt Mo to be my mother. ."

In a word, like a cup of honey, it has been sweet to Noila Mo's heart. The timidity in my heart eased a little, and he followed Allen Chu into the house.

The floor-to-ceiling windows of the living room were open, and on the shady corridor shaded by the camphor tree, Zhang Ma was telling Sihan a story. Seeing Allen Chu and Noila Mo approaching, they stood up hurriedly and were about to say hello. Allen Chu waved her hand to stop her.

With a sharp heart, Noila Mo knew Allen Chu's thoughts at once, turned his head and smiled at him, and walked straight to Sihan.

Chapter 239

Noila Mo picked up the storybook on the ground and sat gently beside Sihan, and said softly with tears in his eyes: "In the forest, there is a small wooden house, in the wooden house, living..."

The story was suddenly interrupted. Sihan suddenly put his arms around her shoulders, his blindfolded face lifted up to look at Noila Mo, his little hand fumbled her face in the air, and when he found it, he gently pressed his palm against her. Caress carefully: "Aunt Mo, is it you? Sihan misses you so much! Why have you not come to see me for so long!"

Noila Mo's tears burst into her eyes. She hugged Sihan tightly and nodded choked: "Sihan is so smart! It's Aunt Mo, Aunt Mo came to see Sihan..."

Sihan hugged her neck happily, her white little face pressed tightly against her face: "Aunt Mo! It's really you! Sihan is so happy!"

Noila Mo hugged the little man in his arms tightly, her nose sore. This is her son, the son who is connected to her. The little baby who was born with hard work during the tenth month of pregnancy has now grown into a handsome little boy. Noila Mo embraced the cold, but felt that he had never been so satisfied in this life. Over.

Huge happiness filled her heart. She k*ssed Sihan's little face over and over again, tears wet with her long hair on her temples.

Allen Chu looked at the embracing mother and son, tears also wet his eyes.

He walked over and squatted down and touched Sihan's hair: "Son, let Aunt Mo be your mother, OK?"

Sihan looked up in surprise: "Yes! Dad, is what you said true?"

With that, she turned to Noila Mo cautiously: "Aunt Mo, are you willing to be my mother and stay with me every day?"

The immature voice is full of plea and expectation. Noila Mo felt a pain in her heart. Her son is so sensible!

Allen Chu looked at Noila Mo encouragingly: "Noila, Si Han is waiting for your answer..."

Noila Mo cleared her throat clogged with tears, and gently k*ssed Sihan's forehead: "Baby, Aunt Mo is willing! Very, very willing!"

"Yeah! I have a mother! I have a mother! I finally have a mother!" Sihan jumped up happily, with a small face in the black blindfold, showing the brightest smile in the sun.

Allen Chu and Noila Mo glanced at each other, and they couldn't help sticking out their heads, and pressed a light k*ss on each other's lips.

It's been a long, long time since Sihan was so happy. Allen Chu hurriedly added to the flames: "Sihan, don't you call mother?"

Noila Mo's heart suddenly lifted, holding her breath and waiting for Sihan. She has been waiting for this title for five years...

Without any fingerprints, Sihan, who couldn't see anything at all, threw into Noila Mo's arms without error, raised her head and smiled and shouted: "Mom!"

The tears that had just stopped rushing out again, Noila Mo desperately held back the choking in her throat: "Sihan is so good! Baby! My baby! Mom loves you!"

Allen Chu opened his arms and hugged the mother and son in his arms, hugging tightly.

The family that had been broken for five years was finally reunited. He will be a big tree standing up to the ground, sheltering the mother and child from wind and rain, so that there will be no wind, frost and cold in the world. All year round, warm as spring.

Chapter 240

After helping Sihan take a shower, tell the story, and watch him fall asleep sweetly, Noila Mo didn't feel tired at all. The excitement in her heart still couldn't subside, staring at Sihan's little face, no matter how she looked Not enough.

Allen Chu had just finished taking a shower, with his hair wet, and coming over in a bathrobe: "Silly girl, what else to watch? You can watch it every day from now on. Why are you so anxious? Go take a shower. I've been waiting for you for a long time."

"Wait for me? What will I do?" Noila Mo asked casually, staring at Sihan's little face.

Allen Chu walked over with a smile, and whispered in her ear, "Waiting for you to fulfill your husband and wife obligations..."

Looking at his ill-intentioned smile, Noila Mo reacted and his face burned red all of a sudden: "Allen Chu, would you like to lighten your face? The child is still here, it's really disrespectful for the old!"

Allen Chu glanced at Sihan who was asleep, and stretched out his hand to pinch her thigh: "It's okay, Sihan will only feel happier seeing his parents so loving!"
