

## The Contract Lover

### Chapter 261

“Mu Wan, I believe in you, but you also promised me that if you have any difficulties, just say it. Don’t think about the methods that are too dangerous or too hard, okay?” Lan Yu said softly.

Yu Muwan was slightly sour in her heart, but she smiled because of being moved and nodded.

No matter what, as long as Qian Rou can see again, she can do anything.

Night is night again. It seems that every reunion of hope and despair is in the dark night. She remembers the bright and luxurious banquet that day. She does not understand why Cheng Yisheng, who has always been low-key and gentle, would bring her to such a banquet. He only said that he was a friend. , Can bring her over to see what the upper world is like, she would rather believe, but did not expect that what she ushered in that late night was the most painful betrayal.

And everything after that, desperate, painful, earth-shaking, followed one after another.

Now, Qian Rou’s situation finally has hope. She will no longer be overthrown by those things. Even if there is no one behind her, she must stand firm on her own. Yu Muwan must let Xiao Rou see it. Come on!

\*

The Liyuan Building in the early morning shone with dazzling light.

Yu Muwan arrived at the company early in the morning and was diligent and busy. She was a small clerk in the marketing department of this company. She

also lived a simple life from 9 to 5. She wanted to work hard to collect such a large sum of money. How easy is it?

She bit her lip, dreaming about how to get the money as soon as possible, but she didn't expect to be scalded by the boiling water from the cup.

"Hi..." She frowned and quickly turned off the water dispenser.

The hand hurts terribly, she ran to the pantry to rush, but was hit by a colleague passing by, frowning at her: "Mu Wan, why are you still here?"

Yu Muwan was slightly curious, and looked around for a while: "What's the matter, what's the matter?"

Raising his hand to look at his watch, his colleague said: "Hurry up, go to the lobby immediately after finishing. The boss will come to inspect today. You know, he doesn't come very often in half a year, so prepare quickly!"

The colleague left after speaking. Yu Muwan was still stunned, but hurriedly took out a tissue and wiped his hand, tidied up his clothes and went downstairs. She came to Liyuan for more than three months. She only heard about this mysterious and domineering boss from the crowd. He seems to have nothing special about him, but even if he doesn't come to inspect for a few months, none of Liyuan's employees Dare to slack off work, showing his prestige.

In the empty hall, employees in formal attire lined up in two rows with carpets in the middle.

Yu Muwan was slightly shocked in her heart, she didn't dare to let out the atmosphere, followed the male colleague to the very end and stood obediently. She knew that this was just a walk, she just needed to pay attention to make no mistakes and bury her own.

Outside the company's gate, the sound of brakes came, and the high-level personnel, dressed in solemn black and respectful faces, walked over. Someone opened the door, and a tall and strong figure came out with a cold and domineering face, showing a natural king. In the field, what the senior executives were saying in his ear, he ignored it, just opened his lips lightly, and left a sentence: "Just show me the quarterly report, no need to be wordy."

"Yes, yes." A thin layer of sweat on the forehead of the high-level executives quickly responded.

He walked fast, Yu Muwan was inconspicuous in the crowd, but the moment he saw him suddenly turned away from the face still attracted people's attention, that action...too obvious!

Nangong Che's fast pace slowed down, and he subconsciously glanced in an abnormal direction

## Chapter 262

Yu Muwan's heart throbbed in a chaotic rhythm.

Is she dreaming? Seeing the wrong person?

Her breathing became fierce, she couldn't believe it, she couldn't help but glanced again, there can be nothing wrong with this, because her clear eyes are directly hitting the man!

Nangong Che!

Her delicate eyebrows were slightly frowned, her eyes dodge and annoyed, damn, she has been here for three months! How come you never know that Liyuan is the property of the Nangong family? !

"Mu Wan, what's the matter with you?" the colleague asked in a low voice.

Yu Muwan was upset, biting her lip and lowering her head, hoping that Nangong Che would have a meeting with those high-level officials, but she didn't expect to hear a melodious and low voice in Lingkong: "Are there people whispering when I'm there? Don't you dare? small....."

Yu Muwan was startled, and when he raised his eyes, he saw Nangong Che turning around, with a long body and a deep sneer in his black eyes, staring at her: "Let her send the information!"

After speaking, he turned around and went upstairs with an icy coolness, followed by a group of people.

The director of their department kept bowing his head and sweating. After Nangong Che disappeared, he walked over and stared at them, "What are you doing? Hmm? I don't want to do it, right?!"

The heart was tightened fiercely, and Yu Muwanqing's eyes were silently lamented, and he stubbornly pressed it down again without speaking.

God knows if she is violent with this man, she can meet it everywhere! She had only seen him last night, and there seemed to be his domineering and cold smell around her body, and now she actually...

"I see, I'll send the information right away!" She took a breath, her eyes bright, she looked fearless.

It is estimated that this man was born to look unpleasant to her, and even his colleagues had to deal with her words, neurotic!

\*

In the luxurious office on the top floor, no one dares to enter when the boss is away.

Yu Muwan took the information and knocked on the door.

With a deep “come in” inside, her slender figure walked in and saw Nangong Che sitting on a swivel chair with his arm on the armrest, his slender fingers lightly tapping the temple, her deep and compelling eyes staring at the report project manager.

She hesitated, is it inappropriate to go up and pass the information?

Besides, Nangong Che’s eyes never fell on her, as if she was a transparent person.

Yu Muwan had to stand aside and waited quietly.

After standing on his legs sore, the report was over. Nangong Che gracefully turned to the dark wood desk and said loudly, “Okay, you can go out first.”

The department manager walked out, Yu Muwan took a breath and stepped forward and said, “This is the information you want.”

At the desk, the arrogant man raised his eyes, a flash of light flashed in his frosty eyes, playful and dangerous.

“Don’t you know what to call me?” He admired her in professional attire, said faintly.

what is it call? President? Or the chairman? Or Master Nangong?

Yu Muwan has a big head. She has always worked at the bottom level, and she has never had the opportunity to reach the top level. Her palms holding the materials are sweating slightly, and her white face is obviously embarrassed.

“I... don’t know.” She had to tell the truth.

Nangong Che smiled, fascinated, he got up and slowly said: “You really don’t know. If you really realize who I am, you won’t be so disobedient...”

Yu Muwan was a little nervous. Before he could back up, he approached him. Then a warm breath fell on his sensitive ears, and he said solemnly, "Give me the phone."

## Chapter 263

A trace of vigilance suddenly emerged.

Yu Muwan subconsciously retracted his hand to cover the mobile phone in his professional outfit pocket.

But when he raised his eyes, Nangong Che smiled evilly, pinched her wrist and pulled away. Seeing that she hid in shock, he twisted her wrist and twisted her back to make her body close to his chest, slender. Picking her finger in the small pocket on her chest, the phone fell into his hand.

"You..." Yu Muwan's heartbeat was fierce and disordered, "What are you doing!"

"I don't have time to follow you all the time, and I don't expect you to take the initiative to reveal Cheng Yisheng's whereabouts to me, so let this chip monitor your phone, and all your call records will be transferred to me..." Beautiful fingers The case was lightly removed, and the small chip was inlaid with one hand and then installed. The smooth movement was completed in one go. Nangong Che's deep eyes stared at her, "It's much simpler, isn't it?"

Yu Muwan stared at him blankly, a strange expression flashing across his white face.

"Are you stupid? I can take it down by myself!" she blurted out.

"Try it," Nangong Che let go of her, his face suddenly cold, put the phone back in her pocket, and slowly raised her chin with his fingers, "Yu Muwan, I know that simple warnings are useless to you, so I still You have to suffer a bit—"

A smile floated at the corner of his mouth, "Now, go back to your seat, type a resignation letter and send it to me, then pack your things and get out of the Liyuan Building..."

His voice was subtle and clear, slowly, word by word for her to hear clearly.

"Woman, do you understand what I mean?"

A slow sentence made Yu Muwan's small face pale instantly, and her big eyes looked at him incredulously.

This man's eyebrows were born arrogant and domineering.

She has no breathing, her whole consciousness is floating.

"Are you going to fire me?" she asked him with a hoarse voice.

Nangong Che heard her breath, the indifferent and elegant figure seemed to be saying something insignificant, and his mellow voice slowly said, "Just as punishment for you hanging up Cheng Yisheng's phone last night, you really think what I said. , Is it scaring you?"

In the air, his eyes were cold, condensed into a layer of frost.

——Yu Muwan, do you really think that what I said is scaring you? !

Yu Muwan's head buzzed like a bang, and his heart sorrows and protests surged.

"Nangong Che, please don't bring personal matters to the company? There is nothing wrong with my job, and you should give me a reason even if you fire me! Is this the way the boss of Liyuan is?!"

Nangong Che frowned, and her heart stabbed once again by her impudent words.

She is really brave, and is still irritating him at this time? !

"Take your things and get out immediately, otherwise I promise you won't even get a point for severance pay!" He growled, staring at her with cold eyes.

"You—" Yu Muwan was speechless, his heartache was extremely painful!

"a\*\*hole, get out! How come there is a man like you!!" She cried out with a sob, a layer of mist formed in her eyes, and she beat him hard in the chest and pushed him away!

God knows how much she needs money and how helpless! Qian Rou's operation has already weighed on her out of breath, and he could smash her job with a single sentence! What is she going to live on? ! How could this man be so cruel!

Nangong Che was unprepared and was slammed into the cabinet behind him, holding his hand on the wall to stabilize his body. When he raised his head, his handsome face suddenly turned black!

## Chapter 264

He didn't intend to do this.

I came to inspect Liyuan early in the morning, but I was tossed by Enxi's affairs recently, and I didn't have time to take care of the family business. It was just a coincidence! I could actually meet her in the Liyuan Building! If he didn't do something to frustrate her spirit, he would not be Nangong Che!

But now it seems that she is covered with thorns at all, and she can't touch it!

Nangong Che slowly pushed away from the wall, like a slow-moving shot, with a terrifying handsome face slowly staring at her forbearing grief.

"Heh...what kind of man is a man like me? Do you know?" He sneered, looking down at her.

Yu Muwan was anxious and burst into tears, saying, "Selfish and arrogant, I don't understand or care about others' feelings at all! Do you know how many people you can ruin with a single sentence?! You know how to find a job to support yourself now How difficult is it?! You know your sister is anxious when she is missing, what about my sister? What will happen to her if she can't see her all her life?! Neurosis...I'm fed up with you!"

Hot tears fell, and she tremblingly opened the back cover of the phone, buckled the small chip and threw it on his face, and walked out the door without looking back.

Nangong Che was scolded and greeted her leaving with disgust.

"Shit..." He cursed viciously, chasing after him in stride, and couldn't understand why every time he was so angry that he wanted to choke her to death, she still showed such a disgusting appearance that he walked away!

"Yu Muwan...You stop for me!" Nangong Che rudely hugged her from behind with a twist of her wrist, and the door that had been half-twisted her "slammed" again.

"You let me go... Am I violent with you? I met you at work, and you at work, and I didn't mess with you. Why are you holding me every time?!" Yu Muwan Weeping and struggling in his arms.

"I'm also wondering how I can meet you everywhere, and I'm always half-dead by you!" Nangong Che gritted his teeth and said in her ear, dragged her back, and smashed her on the cabinet despite her struggle. , "Be honest with me!"

Unexpectedly, using too much force, her weak back slammed into the corners of the cabinet, with a "bang", she frowned with pain and her face turned pale.

"Uh..." Yu Muwan slid a strand of hair down his face, curled up slightly, and clenched his arm tightly.

Nangong Che panted low, seeing the pain on her face, a trace of regret flashed in her eyes.

It seems that it is really too hard.

Her skin was naturally fair, and the strand of hair hanging next to her cherry lips was so sultry, he suddenly wanted to lift the strands of hair away, put up her little face and k\*ssed it...

"Nangong Che, what do you want?!" With tears in her eyes, her pale face stared at him viciously.

The arrogant man frowned and was shocked by the thought he had just said. He took her little white hand and threw it away from him, gave her a disgusting look, turned around and took out a cigarette from the cigarette case, and put it slightly irritated. Lit between lips.

"Please," he spit out two words coldly, and the smoke blurred his face, "Yu Muwan, doesn't it sound like you need this job? Please, I will give it to you!"

Yu Muwan's eyebrows were so painful that they didn't stretch, but when they heard this, they frowned and showed her eyebrows: "You-!"

"You don't have to choose!" Nangong Che was determined, and looked at him arrogantly.

## Chapter 265

Yu Muwan's heart was gripped fiercely, she thought about it, and quickly compromised.

She really can't just give up this job just because of arrogance, God knows how important it is to her! When Nangong Che said, "I will give it to you," she even flashed a hint of surprise in her heart.

The clear eyes were still stubborn. She bit her lip, stood upright with the pain in her back, smoothed the hair that fell from her ears behind her ears, and looked at him directly.

"Master Nangong, please return this job to me, okay?"

Ha... Nangong Che smiled arrogantly, and came to her with smoke like a Satan in the night: "You beg me?"

"Then please, don't dismiss me. I will work for the company. I won't be lazy or slippery. Is this all right?" She changed her opinion.

"You woman..." Nangong Che sneered, and slowly lifted the soft hair from her forehead with her fingers in smoke. He seemed to have a soft spot for this action, "I beg you to be so arrogant, huh?"

"Have you ever finished?" Yu Muwan said with a calm face, thinking that he had achieved the best.

Never finished!

Nangong Che said with confidence.

There has never been a woman who can talk about his anger so easily and enjoy it over and over again. He really wants to hone her temper and see how hard she is to give in. He thinks Nangong Che has this ability!

"I'll be here today. I will let you go for the time being. You'd better do it well in Liyuan. I will check it from time to time..." Nangong Che looked at her little face and warned in a cold voice, "Also, I don't want my employees to make

extra money after work, so you'd better quit the part-time job in Fanyu Restaurant. Now, right away, understand?"

Quit part-time?

Yu Muwan curled his eyebrows, feeling that this man was simply unreasonable.

"I use my night time to work, and I won't take up working time!" She resisted.

"Are you short of money? Still short of men?" Nangong Che's deep eyes met her small face, and his eyes were full of chills. "If you lack money, please ask me to increase your salary. If you lack men, don't go to such a place to hook up. Even if Yu really likes you, it's just for fun, and when you do, you will immediately throw it away. Do you understand?!"

With a "brush", Yu Muwan's face flushed, and his anger was in full swing.

"Are you sick?! Why do you think of me like this? What is my business in the end!" She trembled with anger and couldn't bear the humiliation.

"Quit! Go tomorrow!" He frowned, and couldn't bear the ghostly thoughts in Luo Fanyu's heart.

Yu Muwan was about to collapse, she covered her forehead with her cold little hand, really want to escape from here, escape far away, it's best not to see this person, never see!

"I have nothing to do with you, and you have no right to control me!" She pushed him hard, shouting in pain.

"Dangdangdang", the door knocked three times and was unscrewed. Luo Mincheng, dressed in a blue tunic, walked in. He was serious and not young, looking at the scene in front of him with a slight surprise.

"Che, you..." Luo Mincheng then frowned, looking at the two ambiguous men and women who were close.

Nangong Che's arrogant gaze eased a little, but he was still cold, raised his eyes and called out, "Uncle Luo."

Yu Muwan was slightly shocked, knowing that this was the best time to escape, she looked at the man as if for help, her feet had already begun to move towards the door, but only after taking a step, Nangong Che's strong iron arms took her back into her arms. in!

"Don't forget that I can see your every move. I will resign tomorrow. If you are unbehaved, you will look good!" Nangong Che said with warning in his deep eyes.

## Chapter 266

Yu Muwan was like a man on her back, God knows, she was trembling enough when she faced this man alone, now in front of people, why is he... why is he still so arrogant? !

She had to bit her lip without saying a word.

Such a well-being can really please him, Nangong Che's vicious eyes softened a little, and he felt the soft and delicate body of the little woman in his arms, and he was a little reluctant to let go.

"Go!" He suppressed the desire in his eyes and let go of her.

Yu Muwan quickly got out of his embrace, the man's chest seemed terrible, and the heat from his body burned her. She opened the door and ran out around the so-called "Uncle Luo".

\*

Returning to his seat, Yu Muwan was upset.

Is she really going to quit her part-time job in the restaurant?

Her clear eyes closed in pain, she didn't want to, she didn't want to!

Yes, she is short of money, a lot of money! If she hadn't given all the money to Cheng Yisheng, how could she not even be able to make up for Qian Rou's surgery? ! One month... She doesn't even know how to make up so much money in one month, let alone being forced to quit her job now!

The delicate fingers grabbed the paper on the tabletop, gripping tightly, but there was nothing to do.

"Nangong Che, why don't you die!" She cursed lowly, and tears of grievance and stubbornness came in her eyes again.

"Mu Wan, where did you just go?" A soft and charming voice came.

Yu Muwan was so excited, he hurriedly stopped his tears, and looked up. It was Yao Lanlan, the assistant manager of the marketing department.

"I... didn't go there, I just sent a copy of it."

"Is it the top floor?" Yao Lanlan smiled and walked slowly over, slowly leaning on her desk, showing the proud plumpness, tilted her head and asked, "You know Master Nangong? He called you to go. Send information!"

Yu Muwan was startled slightly, and was stopped.

"I don't know him." The disgust in her eyes flashed.

In Yao Lanlan's view, this disgust seemed to be directed at her.

Frowning, with a slightly provocative expression, Yao Lanlan smiled mockingly: "Heh, Yu Muwan, do you have to do this? It's just to send a document, do you think you went to bed? I just asked you, you What proud of!"

Yu Muwan was speechless, her eyes filled with puzzlement, she...when did she have that meaning?

"Sister Yao, you misunderstood, I just don't like that kind of arrogant person, I'm not to you." She explained carefully.

"Huh..." Yao Lanlan fiddled with the bracelet on her wrist, and looked at her contemptuously, "Do you like the superb man who is too rare for others to have time? Do you want to put a high profile? Or is it ironic of my overweight?"

Yu Muwanqing's eyes were filled with incredibleness, and there was no sound from his throat.

She lowered her head and sorrowfully smoothed the hair hanging from her ears, feeling that she could not explain it clearly.

"I don't know, Sister Yao, I will work first, are you okay?" She maintained her last courtesy.

Yao Lanlan's face turned blue, she didn't speak, but she couldn't see the extreme.

"Yu Muwan, you really should really recognize your position in Liyuan and argue with me, why bother? You don't know that I am born with a grudge. If you embarrass me once, I will double it back to you. ?" Yao Lanlan said in a cold posture.

Yu Muwan had a slight headache and his fingertips trembled slightly, and he no longer knew how to resolve this hostility.

Really, very inexplicable!

## Chapter 267

At the same time, in the luxurious office on the top floor, Luo Mincheng frowned slightly as he looked at the arrogant and upright man on the swivel chair.

“Che, what happened just now?”

Nangong Che got up and helped him make a cup of tea, with a little respect between Leng and Ao’s brows: “What’s the matter?”

“How long have you not been to Liyuan, and you were in the office just now—” Luo Mincheng couldn’t say anything. “You are a person with a marriage contract. Enxi’s affairs have already made the Nangong family faceless. How can you get entangled with a woman other than Qingwan again?!”

Luo Mincheng’s tone was a bit heavy, and Nangong Che raised his deep eyes and stared at him.

The Nangong family is indeed a famous family in Z City, and their reputation and status are very important. The disputes of the rich are always sensitive and fierce. He knows this very well. It is impossible for a woman with an ordinary background to be able to climb him.

“I will solve Enxi’s matter as soon as possible. My matter, Uncle Luo, you should leave it alone,” he said indifferently, with a slightly ironic corner of his mouth, “Qingwan will definitely be the young lady of the Nangong family in the future. I can guarantee this. As for what woman I play with—you don’t have to worry about it!”

Luo Mincheng frowned deeper, but knew that he was right.

“Are you sure, you are just for fun?”

Nangong Che casually turned over the information that Yu Muwan had just sent: "Maybe."

"You will get married after Qingwan comes back. Don't find any reason to delay the marriage. I don't want anything wrong with the marriage. Don't be like Enxi, who can easily bring out any children, and then even return to Nangong's house. How can she marry..." Luo Mincheng was heartbroken.

At this moment, Nangong Che's mind is full of the words that just warned Yu Muwan. I don't know if this damn little woman didn't hear it. He was originally just domineering, and only a bit more hateful in front of her. If she doesn't listen, it's true. Give her some color!

"Uncle Luo—" he interrupted him and warned, "Don't mention the child's matter. It is impossible for the media to know about this matter, otherwise she will really be ruined. If I find her, it doesn't matter if she is me or not. Sister, that child must also be killed!"

"...Oh, you can get that cruel heart the best!"

Nangong Che smiled coldly, he really loved his sister very much, but that wild species, at Nangong's house, absolutely can't stay!

A conversation seemed silent, but they didn't notice. In the crack of the slightly open door, a pair of eyes moved away in a panic, covering their mouths so that they didn't make any sound.

But the conversation just now has fallen into that person's ears...

\*

It was late at night after handling the matter in Liyuan.

Nangong Che came out of the company's gate, indifferently said to the entourage behind him: "I will walk by myself, don't follow."

In the jet black luxury car, his upright posture has a deterrent taste, making people afraid to approach. The group of people can only watch him go away without knowing where he is going.

Luo Fanyu just came out of the Wenxiang Nephrite, and he walked out of the box door with his shirt buttons full of love, and was slightly surprised when he saw Nangong Che, and then laughed: "I said, why are you here at this time? Where am I?"

"Where is she?" Nangong's eagle-like eyes swept across the restaurant downstairs.

"Who are you talking about?"

"Yu Muwan!"

## Chapter 268

Luo Fanyu smiled and shook his head: "No, I went to look for it tonight. She didn't come when she changed shifts."

Nangong Che looked at it with a cold and arrogant look, "I didn't tell you not to touch her? You still don't give up, are you?"

"I've always been like this. I will grab the things you like, although often I can't grab them," Luo Fanyu said with uninhibited squinting. "Well, let's bet this woman, whoever gets it first, the rest Don't even think about the next one—how?"

"Heh...you want to be beautiful!" A mocking smile appeared on his handsome face, proud as a god.

Luo Fanyu was a little frustrated: "Damn, you are also a little arrogant!"

"She will leave your job tomorrow, stay away from her!" Nangong Che left a sentence, and walked out with a tall figure.

When I got in the car, it was already full of stars. The handsome man sat in the car, thinking about pressing a number and pressing it to his ear.

Yu Muwan, who coaxed Qian Rou to sleep at night, was exhausted, still thinking about how to raise money tomorrow, when the phone rang.

It's a strange number.

She picked it up suspiciously: "Hello."

"Are you asleep?" A mellow voice came. Nangong Che, who had just been brewing for a long time, didn't expect that he would say something like this.

He himself was astonished, and his angular face had a cold and slightly annoyed expression.

Yu Muwan was surprised for a while, took down the phone and looked at it, thinking he had heard it wrong.

"Damn... speak!" Nangong Che coldly drank in a low voice.

Yu Muwan reacted and frowned, "What are you doing?"

"Warning, resign tomorrow!"

"Insane." She wanted to hang up.

"Try it if you dare to hang up," Nangong Che said in a cold voice, guessing what she wanted to do, "Tell me where you are now and what you are doing."

Yu Muwan's delicate eyebrows curled up, and the exhaustion of taking care of the patient all night made her have little strength to fight this man, "Why should I tell you? Who are you?"

"Heh...you must tell me what you want me to become, right?" Nangong Che felt amused.

"Of course, why should I take care of people who have nothing to do with me!"

"Say, where did you go without going to the restaurant to work at night?" He said softer.

"I do not know!"

"If you are with Cheng Yisheng now, you will be dead, you know!" Nangong Che frowned.

Yu Muwan was speechless, and said in a cold voice clearly: "Don't worry, even if I'm with him, I just want to ask how long he has lied to me and how long he has lied to our relationship. The one who didn't treat me sincerely I don't care about a man! He swindled my money out of me and I'll get back from him a lot!"

"Huh...a woman who worships gold!"

"Whatever you think!" Yu Muwan stared at Qian Rou's ward, feeling sour in his heart, but he didn't care.

"Mu Wan..." On the other side of the corridor, Doctor Lan Yu yelled with a smile when seeing her figure. The sound was not too loud or too small, and it happened to reach the mobile phone that was connected.

"Damn..." Nangong Che changed his phone to the side and frowned, "Yu Muwan, why did you run wildly outside most of the night? Which man are you fooling around with?!"

Yu Muwan bit her lip, she really felt that this man had taken the wrong medicine tonight.

"Can you keep your voice down? That's the doctor, and I don't want to quarrel with you in the ward!" He was irrational.

Nangong Che's expression was cold, but she interrupted him when she wanted to say more.

"I'm not going to tell you anything, goodbye," Yu Muwan wanted to hang up, and then anxiously asked, "Don't call me again!"

"Dudududu..."

The beep of the mobile phone seemed lonely and abrupt in the middle of the night

## Chapter 269

Nangong Che held the phone tightly as if holding her.

This woman really dared to hang up his phone!

His deep eyes were slightly cold, and he wished to know where she was now, the night was already deep, but he was not a bit sleepy, so sober... Damn it!

Yu Muwan...This woman is quite interesting. He originally thought she was really protecting Cheng Yisheng's bastard, but he didn't expect that she still had a little arrogance in her bones. He likes...

The handsome and straight eyebrow jumped suddenly! Nangong Che was shocked by the thoughts in his heart.

After driving the car window for a long time, he barely waved the stubborn but seductive eyebrows of Yu Muwan in his mind. He started the car, gracefully turned the luxury car under the night sky, and left.

\*

In the middle of the night, Yu Muwan strolled down the street with a small bag, chatting with a good sister she knew in the restaurant on her mobile phone.

"Oh, why are you asking this? Do you want to make quick money?"

"En," Yu Muwan said clearly without concealing his situation, "Xinxin, is there any way you can raise money quickly?"

"This...how fast are you going to do?" the little sister asked Xinxin.

"About a few hundred thousand, I'll raise it in a month." Yu Muwan wrinkled her eyebrows and said quietly.

"Ha, a month? Hundreds of thousands?! Mu Wan is crazy, right?!" Xinxin cried incredibly.

Anticipating her reaction a long time ago, Yu Muwan's smooth and smooth face also showed a bit of sarcasm, and the sweet smile was mixed with a bit of sadness: "Yes, I also think I am crazy... But there is no way, I have to get it together, even if I borrow a loan shark in the end, I must make Qian Rou's eyes better..."

"It's OK, it's OK, don't talk about it, what borrow usury? Do you know who these are? You dare to provoke!" Xinxin muttered angrily.

Yu Muwan smiled, her lonely little face full of helplessness: "Is there any other way?"

"Yes, there are faster ones, you sell yourself, come faster!" Xinxin couldn't help but mock her.

Yu Muwan was startled, a gleam of light glided across her clear eyes.

"Mu Wan...Mu Wan?!" After waiting for a long time, there was no sound, and Xin Xin yelled anxiously, "What are you doing, I'm joking with you, don't take it seriously!"

The cold night exuded chills, and Yu Muwan shivered, and was also startled by the thought he had just said. She is clearly the one who pays the most attention to virginity. When she was with Cheng Yisheng, even if the wedding date was set, she did not let him touch herself. She wanted to dedicate her most complete and beautiful self to him on the wedding night, but no think-

Ha... She rubbed her temples with her delicate fingers. She remembered that Nangong Enxi had already been pregnant with his child, and her heart felt sore and sore, and her eyes were slightly moist and warm.

"I see, I won't do stupid things." She assured the little sister, her voice very clear.

"Well, there is no way to the world! Mu Wan, I support you!" Xinxin said boldly.

After hanging up the phone, Yu Muwan happened to return to the small room she rented, and a burst of exhaustion swept over her. God knows how to raise so much money in a short time if we use normal channels, if she is forced to extremes, What else does she use to stick to her persistence?

She walked to the low cabinet and slowly squatted down. She looked at the group photo of her parents on the low cabinet with clear and soft eyes,

thinking about the accident that happened a few years ago, and said softly, as if gossamer: "Mom, I'm sorry, it's me. Did not take good care of Xiao Rou..."

Touching the frame with her white fingers, she was extremely exhausted and whispered: "I will work hard, but if there is really no way to hold it, I may only be able to sell something I don't want to sell... Mom, please don't blame me ..."

A tear fell, slid over her green fingertips, and fell to the ground.

The night, mixed with sleepiness, struck her and surrounded her.

It took a long time for her to curl up on her simple and neat little bed, resting on the tide of despair and hope, and fall asleep.

## Chapter 270

Stepping into the gate of Liyuan Building early in the morning, Yu Muwan noticed something wrong.

The lady at the front desk, who has always been dignified and quiet, was talking to a few cleaning staff, her eyes evasive and gossip, a tense and solemn atmosphere, and even a surprised breath.

Yu Muwan walked to the elevator and pressed the indicator light, slightly puzzled.

As she took the elevator all the way up, she couldn't hear the people who were in the same passenger muttering.

However, it seems that it has nothing to do with her.

She put her bag on the table, said "Come on" to herself inwardly, and started the day's work.

Because she was leaning against the window, she brushed the hair in her ears while lowering her eyes, and saw a weird and lively scene through the floor-to-ceiling window—the reporters swarming in at the door of Liyuan took a car surrounded tightly, the flashing lights chuckled, and the man who came out of the black car looked sullen and bloodthirsty. The bodyguards beside him pushed away the reporters who were crowded around him. Let Nangong Che walk into the company smoothly.

Yu Muwan shuddered when she saw the man's hellish and Satan face from a distance.

I really don't know who provoke him again, his face is so stinky early in the morning.

She didn't want to pay any attention, lowered her head and continued to work, but the colleague next to her ran over and asked mysteriously: "Mu Wan, have you read the news?"

Yu Muwan was startled, shook his head, and smiled lightly: "What's the matter? There is big news?"

"It's not just big news!!" The colleague's face was excited and gossiping, "Have you heard that the lady of the Nangong family eloped with someone? Do you know why she eloped? I rely on her to even have children. Ah! The media has always said that she is a reserved daughter. Who knows that she will also get pregnant unmarried and run away with an adulterer. It's so amazing, you don't even know!"

Yu Muwan's head buzzed instantly, and he was left in place by the cold earthquake!

She looked at her colleague with incredible clear eyes, and finally understood what everyone was talking about when she first came up! She indeed knew about Nangong Enxi's pregnancy a long time ago, but she also remembered

that time in Nangong's villa, Nangong Che once warned her, "Once this news is leaked, I will let you know what life is better than death! "

In just a few seconds, she was confused and her green fingers became cold.

There was a crisp sound, and the elevator at the entrance of the floor was opened.

The colleague looked at it with flustered eyes, and suddenly took a breath- Nangong Che's livid face appeared in front of him, and his upright and arrogant black suit revealed a solemn atmosphere. He strode forward, and his bodyguards closely followed!

Murderous.

Yu Muwan's mind was instantly confused, and he watched him walking in her direction, holding his mind before he didn't speak, and sensibly said: "I didn't say it!"

She looked at him with clear eyes, and her eyes were full of honesty.

Nangong Che's face was dark, and she waved everything on her desk fiercely, and pressed it down with the sound of "cracking": "It wasn't you who said... Yu Muwan, could it be that I said it?!"
