

## The Contract Lover

### Chapter 541

In the darkness, Cheng Yisheng's face was set against the light and shadow, looking unshaven and embarrassed.

He sneered, slowly spreading his arms on both sides of her hospital bed, and said dumbly: "You also know that the two fathers and sons are chasing me, eh? So do you think I have had a good time?! Luo Qingwan, Tell me... we two obviously made mistakes at the same time, why can you hide in this place and not see the sun, and I must be desperate? You say!"

Luo Qingwan breathed vigorously, tears in her eyes filled her eyes, shook her head, desperately.

She didn't want to see this man, and she didn't want to get into trouble again!

"I don't know... if you stay away from me, I don't want to have anything to do with you anymore. You are the cause of me. Stay away from me!!" Luo Qingwan screamed out of control and picked up the back The pillow was thrown at him, and the whole person moved back.

Her scream burst through the room, Cheng Yisheng frowned, eyes widened, and suddenly rushed to cover her mouth again, holding it tightly so that she would not make any more noise.

"You f\*cking want to die?!!!" Cheng Yisheng said in her ear, cutting teeth.

Luo Qingwan's emotions were slowly suppressed, her mouth was covered, she looked at Cheng Yisheng in tears, terribly afraid.

"I stay away from you? Why should I stay away from you... I have said that we are grasshoppers on the same boat. If I were ruined, you would also be ruined. Now there is no reason why I am here. Hiding everywhere outside, after eating

up and down, you are still pretending to be a poor young lady... Now it's all Nangong Che's people outside. Who else can I find if I don't find you?"

Luo Qingwan tremblingly grabbed his hand and took it off, and said tremblingly: "Aren't you miserable enough for me? Are you miserable enough?!"

She stretched out her finger and tremblingly pointed out the door: "Go and see! See what our Luo family has become like now! Why should I listen to you? If I don't listen to you, I will do more bad things. Even if Che doesn't like me, if we dissolve the marriage contract, public opinion will fall in the direction of my Luo family. He will feel sorry for me and compensate me. At least he will not crush my father's career invisibly. , You go and have a look!!!——My dad doesn't know what to do when his hair turns pale every day, do you want me to kneel down and ask Che to let us go?! What did you let me do? Defiled me His innocence, let me hurt his favorite children and women, he will never forgive me in this, his life, and he will never forgive me!!! You are the hell of the world... I am the hell of the hell, don't you understand! !!!"

All the bitter grievances, anger and resentment were pouring out at this moment. She finally found a source and a reason. She scolded the person in front of her fiercely, blamed him, hated him, wished him to die, wished to let everything happen again. Ever!

Cheng Yisheng's eyes were shining, the light gleamed for a moment, and the sneer at the corner of his mouth became a little deeper.

He pinched Luo Qingwan's chin, and said in a low voice: "This is called miserable?? You really don't know the blessing in the blessing... Don't you know that Nangong Che is merciful to you? He is just in secret. I'll teach you a lesson, everything hasn't been put on the stage!! If he really wants to make you so miserable that you can't get up again, he will spread your scandal directly to the streets and alleys, and you can see who else will give you at that time Luo family, your Roche enterprise is a way to survive!! Now those partners are just watching your Luo family lose power, so they won't give you

a chance, but by that time you are already hostile to the Nangong family! Look at the whole Z Who in the city would have trouble with Nangong Che because of you! A stupid woman... I don't even think about it!"

Luo Qingwan's eyes widened, and the waves and tremors inside felt incredible.

Show mercy to her...

Is Che still merciful to her? ?

"That's why I came to you. You haven't been ruined to that point, don't you plan to help me?" There was a fierce light in Cheng Yisheng's eyes, pinching her harder.

Only then did Luo Qingwan react, the sharp pain on her chin made her feel that she was in the hands of a demon again.

"Cheng Yisheng, you don't want me to do things for you again, I'm not stupid... If I hook up with you again, I will be a dead end!" Luo Qingwan glared at him and said with a trembling voice.

"Heh..." Cheng Yisheng sneered, "Do you think I will give you a chance to escape my control? You have been a dead end since the day you were taken by me! You actually thought you had a chance to struggle! Luo Qingwan... ...I said that you are still a pure lady in the eyes of the media. Guess if I circulated the last video and made a statement, it was not rape, but you took the initiative to seduce me... Guess the consequences Will it be very hot?"

Luo Qingwan's eyes widened, she could hardly feel her breathing.

She shook her head slowly: "No...you won't do that...they won't believe you...you raped me! I didn't obey you!! Cheng Yisheng, my father's career is already shaky, you plan to let Do we really go bankrupt and our family is destroyed?!!!"

"Of course, a little scandal is not enough," Cheng Yisheng continued, "Shouldn't your family go bankrupt? Think about the last accident, if I hadn't settled it for you, you'll have to *fcking eat chaff to pay it off. Compensation for the family members who died!!! You ungrateful btch...* Now I am in trouble, do you want to clean it? There is no door!"

Luo Qingwan was frightened. She was so angry that she quietly thought if the mine accidents on the back were reported, and the obscene video of her entanglement with Cheng Yisheng would be revealed... She could think of all debt collectors forcing them to come to the door, and could imagine everything. The media headlines are all scenes of her revealing and disgusting photos...

Slowly curling up and covering her ears, Luo Qingwan screamed in pain under the blanket.

Cheng Yisheng stared at her fiercely and covered her mouth to prevent her from screaming. Watching the scene where Luo Qingwan was kicking and hissing in the quilt with her mouth covered, Cheng Yisheng knew that she had already succeeded in half.

"What do you want..." Luo Qingwan said tremblingly, her clear eyes filled with tears, "What do you want?!!!"

"It's very simple!" Cheng Yisheng pulled her up, pressed her on the pillow, and said in a low voice, "Let your people protect me. In Z City, I don't want to go anywhere else! You can find a place for me to live here. , To ensure that I will not die from starvation every day and not be killed by Nangong Che's group! Luo Qingwan... you better not play tricks with me, as long as you can't do these things in a day, our videos will be broadcast regularly! And your father Mine disasters will also be dug up right away! One day... do you hear clearly? I want you to provide me with these before tomorrow evening, do you understand? Speak!!!"

## Chapter 542

Luo Qingwan took a deep breath and felt his fingers pinch her neck.

"I don't want to shield you..." Luo Qingwan tilted her head, struggling painfully, "Che already hates me...I don't want to shield you anymore, don't help you do bad things...I don't want..."

She cried, tears falling down the corners of her eyes, strands of crystal clear.

"I can't help you!" Cheng Yisheng knew that the time was ripe, panting, and simply let go of her.

"Oh, I'll give you a few minutes to think about it. If you dare to inform Nangong Che's people that I am here, please think about the consequences!"

Luo Qingwan covered her neck and coughed painfully on the quilt.

In the dark ward, Cheng Yisheng's figure fiddled with her bedside and took away all the things that could be looted, then lowered the brim of the hat and walked out of the room.

Luo Qingwan coughed in pain, and finally couldn't cough again. She tremblingly touched the head of the bed, touched the red indicator light, and tremblingly pressed down to let the nurse on duty come over.

After a while, the nurse opened the door and came in: "Miss Luo? Are you still asleep? May I ask what's the matter?"

"Replace..." Luo Qingwan's voice was hoarse, she got up from the bed, her feet almost collapsed when she touched the ground, and she supported the bedside table, "Replace the sheets and quilt for me...all change!!"

In the darkness, the nurse couldn't see her expression clearly and turned on the light subconsciously. Only then did she see the tears on her face, the snow-white chin and neck, there were red pinches and black dirty things.

"Miss Luo, you...how did you do it..."

"Replace it for me!!" Luo Qingwan screamed, pointing to the back, tears falling more severely, "Replace all of them for me and burn them! Never let me see again!!"

The fear in her heart can only be released in this way.

As the night got deeper and deeper, she never fell asleep again. Even with a new bed sheet, she just turned on the light and fell asleep crying and waking up, and was awakened by tragic scenes in her dreams several times. Wake up in pain.

\*

Because of Cheng Lanyi's disappearance, the entire Nangong family went crazy up and down.

"Sir! Sir!" The butler ran in.

Nangong Aozheng frowned on the sofa and saw the butler stood up immediately: "How is it? Is there any news from Yiyi? Has the school teacher seen it?"

"I've already asked, sir! The school teacher said that Miss Yiyi did indeed have all the classes, but she didn't go with other classmates when she was over. She was withdrawn recently and no one wanted to talk to her, Xiaoying, young master Said that I waited for her at the school gate for a long, long time, until all the children had finished school and still couldn't see Miss Yiyi!"

In the living room, the atmosphere became solemn.

"I have reported to the police, explaining the time and place of Yiyi's disappearance, and people have been calling the news nearby. If there is news, the police will notify us." Yu Muwan hung up the phone, turned his head and said softly.

Outside the door, Nangong Che walked in coldly.

"Che! Is there any news?" Nangong Ao asked tremblingly as if seeing the savior.

"I have already distributed my staff. The unscrupulous elements who often wander around the school will soon be gathered. If they have seen Yiyi, it will be easy to handle. If Yiyi is not lost, then they must have done it." Nangong Che said calmly.

"But can you be sure what happened to Yiyi now? She is not very familiar with the way home, is she lost? Was she really taken away by a trafficker, or... kidnapped?" Yu Muwan's face was slightly faint Bai asked suspiciously.

Nangong Che frowned slightly, walked over slowly, leaned over and gently stroked her face, and asked softly, "How is your body today?"

"Very well, I was fine at first, and I am also following the doctor's instructions." She responded softly.

"Hey—!" Nangong sat down proudly and sighed.

If there is such a big thing as the child's disappearance, if there is a little clue to know who is in the hands of it, the point is that now I don't know what happened to the child at all! ! The most terrifying thing is that those street begging organizations will lock up missing children, deliberately make them disabled, and let the children beg along the street...

As Yu Muwan thought about it, there was a tremor in her body. Nangong Che had already noticed her abnormality and sat down and hugged her into his arms.

“Don’t think about it so much. The more you think about it, the more you will be scared. I’m fairly familiar with the people near Youyang Elementary School. They are at most human trafficking. You can’t do that kind of frenzied thing temporarily. Don’t scare yourself. Did you hear that?” Nangong Che gently stroked her hair and said in her ear.

Yu Muwan was a little tired, and hugged his waist tightly and cuddled against his chest: “I should have noticed it earlier...I should have noticed that since Enxi beat and scolded Yiyi that day, the child is in a bad mood, so Only that day let Xiaoying go home with Yiyi, but I didn’t expect it to be too late. I always feel that Yiyi is really not lost, she wants to go by herself...she doesn’t want to go home...”

And on the sofa at this moment, Xiaoying was rubbing her hand with Nangong Ao. He raised his face and looked at the anxious expressions of the adults around him, and slightly blamed himself. At that time, he only knew that he was guarding at the school gate. If he waited for everyone to leave school, he would look for them in the school.

“Yiyi...Yiyi!” Nangong Enxi rushed in from the door, desperate, pushing them away to find, “Yiyi, Mommy came to pick you up from school, why are you missing... Yiyi...”

With hollow eyes and slightly messy hair, Nangong Enxi searched with tears in his eyes, pushing away the people who were in the way, and the sound was heartbreaking, which made people feel distressed.

“Okay!! You’re crazy anytime, now you know how to find a baby! You...you want to piss me off!!” Nangong Ao roared, his face gloomy, and he raised his crutches towards Nangong. Enxi poked fiercely.

Nangong Enxi was taken aback for a moment, then slowly turned around to see Nangong Ao's face, and suddenly burst into tears, ran over to lie on the sofa, grabbed his sleeve and said: "Dad! Yiyi is gone! She is gone!! She was gone when I picked her up from school at noon today. The teacher told me that she had never been to school, but I clearly remembered that she went to school!! Dad..."

Nangong was so arrogant that she threw off her sleeves, stood up and pointed at her and said, "Look at you, ah? Look at how you became a mother! Did the child disappear at noon? The child was missing last night! Your babysitter quit a day ago and didn't do it, do you know? Yiyi didn't take her home after school, did you know?? How does your mind grow! I'm delirious when I was smashed by something!"

## Chapter 543

"I..." Nangong Enxi was shocked, trembling all over, "What last night? Yiyi disappeared last night? How did you know? How did you all know?!"

"Auntie," said Xiaoying sitting on the sofa, "I waited for Yiyi to leave school at the gate of the school last night, but Yiyi didn't come out. I waited until all the children in the school came out before I left."

His big clear eyes were full of sincerity.

"You?...you know?" Nangong Enxi suddenly became alert and ran to stare at the beautiful little boy, "You saw Yiyi go to school yesterday, right? What about her now? What about people?"

Seeing that Nangong Enxi was a little delirious, Xiaoying had no choice but to spread out her little hands and shook her head to indicate that she didn't know.

"Why don't you know!!" Nangong Enxi screamed, squatting down and shaking Xiaoying's shoulders, "Aren't you in the same class as her? You don't know where she is going after school? You say!!!"

Nangong Che and Yu Muwan frowned at the same time, and Nangong Che stood up, suddenly took Nangong Enxi's hand and pulled her away.

Yu Muwan also felt distressed for a while, and went to sit down and hugged Xiaoying, tightly holding it in his arms.

"If you are free, just think about whether you should be negligent as a mother and don't yell at a child." Nangong Che said coldly.

"But he said that he saw Yiyi yesterday, right? He clearly saw why he didn't let Yiyi come back with him!!" Nangong Enxi cried in her voice, "I know you don't like me, don't like Yiyi But are you just watching her disappearing like this? Can you bear with such a small child?!"

Yu Muwan was a little bit intolerable. He gently patted the back of the child in his arms so that he didn't care too much. He raised his eyes and said softly, "The child has to go to class. I asked Xiaoying to go to Yiyi after school. He also went, but the child's ability is limited. , Can you extravagantly ask him to turn over the whole school to find Yiyi? Enxi, don't worry, don't worry about who to blame first, think about who else Yiyi knows besides you, if she is deliberately missing, then she Who might I go to?"

"Who can she go to!!!" Nangong Enxi broke away from her brother's hand and looked at Yu Muwan with hate. "She doesn't know anyone except me and Cheng Yisheng! She even her grandfather and her Uncle doesn't like it, doesn't like it!!! Yu Muwan, you can see my house for yourself, everyone is surrounding you and your child!! My child is also a child, so no one cares for what reason, no People hurt! Why!!"

"Are you making trouble unreasonably enough?" Nangong Che frowned, "If you have enough, go out to find Yiyi. You are the mother of your child, and

you forget to pick it up after school. Don't you need to bear the greatest responsibility? I heard those messy things in your mouth, and today I assume you haven't said it, you give me a clear mind!"

"Even you are despising me..." Nangong Enxi trembled with tears in her eyes, "Even brother, you are despising us!! I know that after I fell out with Cheng Yisheng you are despising me, I shouldn't go home. , The daughter who got married is the water that was thrown out for a long time, who of you is willing to take care of me?!!! No one is willing to take care of me!! Now I am defeated, I regret it, my family is broken, you all laughed at me in turn Shouldn't you choose that bastard man to get married? I know! You are all laughing at me!"

Faced with such an unreasonable scene of making trouble, Nangong Ao became even more angry, took the crutch and threw it towards her!

"You get out for me!!"

The people in the living room were shocked, and the housekeeper hurried up to discourage: "Sir! Don't be angry, sir!"

Yu Muwan also frowned slightly, and Xiaoying whispered in her arms: "Mommy, my aunt is really low in IQ... Why doesn't she worry about what happened to Cheng Lanyi? It seems like a woman... "

Covering Xiao Ying's mouth gently, Yu Muwan said softly: "Don't say such things, your aunt will not be able to bear it."

Xiaoyingtang spread his hands, noncommittal.

"If you have any more convulsions, get me out!" Nangong Che saw that she was going crazy again, frowned and grabbed her wrist, and said coldly, "Give me a good reflection. The most urgent thing now is that your daughter is missing! Are you a mother? Worry, if you want such a bunch of family

members to help you, I think you don't want to raise a child even if you find it! What qualifications do you have to be a mother!"

"You are laughing at me! You don't care if my child is missing, you don't care!" Nangong Enxi continued to go crazy and cried with tears.

Yu Muwan couldn't see it anymore, slowly got up, walked in front of Nangong Che, gently held his wrist to let him let go.

"Yes, we don't care," she stared at Nangong Enxi with clear eyes, cold and indifferent, and said softly, "I'm sorry to inform you, Miss Nangong, your daughter is missing. The time we know has passed. After nearly twenty hours, anything can happen during this time. Anyway, we don't care. Didn't you see that we're just sitting here waiting for news? If you still want your daughter, go find it yourself. If you want, we don't have any problems, you can figure it out."

Her voice was soft and soothing, without the slightest anxiety, for a while, Nangong Enxi's violent character had no source of venting.

"Yu Muwan...this is all caused by you. My daughter and I have no place in this family anymore. These are all caused by you!!" Nangong Enxi cried and said.

Yu Muwan nodded: "If you don't find Yiyi, she will not have no status, but will be removed from your life. Raising a daughter for more than five years, neither long nor short, if you hate Cheng Yisheng, you also hate yourself. If you don't care about your daughter, then you just let her disappear. Anyway, no one cares, you just treat yourself as if you haven't had a birth or raised it.

Listening to her words, Nangong Enxi's heart was dripping with blood, and she took up her hands and "pop!" A crisp sound hit Yu Muwan's face!

The people in the living room were all startled, and the next moment they became angry, Nangong Che's face suddenly turned pale, and he was about to grab Nangong Enxi, but was gently blocked by Yu Muwan, and slapped him back with a backhand. !!

With two crisp sounds, the people who listened in the living room were stunned for a while, and the old man Nangong was also startled.

"Listen to me, I'll slap your daughter for this slap!" Yu Muwan said sharply, with a cold sword light in her eyes, "No one knows where she is or who is wronged next to her. Suffering, her mother is still pretending to be crazy and silly here, silly! If I were her, I wouldn't come back. I might as well run out to be clean! It's easy if you don't want her, don't look for it! You dare to step out of this door One step you are not Nangong Enxi!! If one day we know that she is dead and disabled, we must tell you, Nangong Enxi, as you wish!!"

## Chapter 544

With hostile words, the cold pierced Nangong Enxi's heart like a dagger!

She stared at Yu Muwan in a daze, imagining the miserable appearance of her daughter being left alone, all the dangers she might encounter...Nangong Enxi squatted down holding her head, and howled.

"Yiyi...my Yiyi...I want my daughter, I don't want to lose her...you help me, help me find her!!" Nangong Enxi stood up and ran to Nangong Che with tears in her eyes. Holding his arm, "Brother! Yiyi is gone... Help me... She must hate me... I know she definitely doesn't want to see me so she won't come back..."

Nangong Che coldly grabbed her wrist and pulled her away, and said coldly, "Even if you don't tell me, I will find Yiyi. It's just that you will be like this next time and hurt your sister-in-law. Be careful that I'm not polite to you."

Yu Muwan looked at him, then touched his face, thinking, "It's okay, you pay for it, you don't lose money."

\*

The people sent out did not come back until the evening. Seeing the crowd in the study, all of them looked solemn.

"Miss grandma," a servant came over and said softly next to her, "sir and they are discussing things in the room, the lady's food is here, do I need to send it into the room?"

Yu Muwan glanced at the door of Nangong Enxi's half-opened room, and breathed a sigh of relief: "I'll go."

The servant stepped aside, Yu Muwan went in with the tray and knocked on the door.

Nangong Enxi was sitting at the table, tearfully looking at the pictures of herself and her daughter on the phone when she went out to play, when she heard the sound, she turned her head quickly, but saw the figure of Yu Muwan.

"What are you doing?" She gritted her teeth a little, and didn't want to see her.

"Someone told me that it takes strength to hate someone. I really admire you. I can hate me for so long. If I do something to bully you and slander you, I can balance it in my heart, but now—" Yu Muwan stared at her quietly, "It doesn't look like this, I don't think I hate it, it's just that you and yourself can't get through."

"Don't you have a reason to hate me? You ruined my family! You ruined my husband and children!" Nangong Enxi glared at her with tears.

Yu Muwan ignored her, just gently put the tray down and stared at the photos on her phone.

"Your daughter is very cute, and she looks a lot like you, unlike Cheng Yisheng's bastard." Yu Muwan said softly.

Nangong Enxi stared at her again: "That's my husband, I can say, why do you say it."

"Okay, I'll leave it to you." Yu Muwan got up and pushed the tray. "To eat something, I don't think you like to go to the restaurant to eat, and you don't like that only the servant is talking to you every day. "

Nangong Enxi was silent, biting her lip, looking at the meal, her eyes were moist.

"Then why do you care about me? You know that many people in this family don't like me. My father thinks that I am troublesome, and my brother thinks that I am annoying. They must think that after marrying me out, they don't need to care about me. Now my husband does Stop me. I really don't want to stay in this house, but where can I go if I don't stay..."

"I don't want to control you, I think you are very pitiful," Yu Muwan said softly, slowly sitting on the chair next to him, "Plus I love your brother, I must accept his family and go Get used to it, otherwise-you know that I have a bad temper, and I have no reason to come to you to get angry. Are you always annoying? But how do I remember that you were in Nangong before you married Cheng Yisheng Family is very popular, and your brother and father seem to love you very much."

"That's what happened before. At that time, I was headstrong and headstrong, but I was happy every day. I am a pistachio, and of course my father and brother like me."

"Then why can't it work now? If you marry someone, you will become a bitter wife?" Yu Muwan asked, tilting her head.

"If you were me, wouldn't you become a bitter woman?!" Nangong Enxi became excited, "My husband ran out every day and never returned home. My daughter clamored for her father every day. I coaxed her at first, but Later, I became more and more impatient to coax, and I was very annoying. Who would coax me?? Who caused my bad temper? Is it me?!"

Speaking of hearing something outside, Yu Muwan looked around and whispered: "Do you want to go out and ask about the situation? Che and they seem to be going out to find out."

Nangong Enxi was a little excited, stood up and ran towards the outside.

I paused again and looked at Yu Muwan and said, "I really didn't expect me to be like this. The person who was by my side and talking to me is actually you, but don't think I am softened and want me to call you sister-in-law. It's not that easy!"

Yu Muwan stared at the upright man outside, his heart was grasped, and he wanted to go quickly, and said lightly: "I'm not so unpromising, just because of you, am I still going through fire and water? call!"

"You..." Nangong Enxi choked up, watching her go out and follow her.

Outside, Nangong Che and the others were already in the car and were about to leave.

Seeing the two figures walking down facing the light, Nangong Che paused, waiting for them quietly.

"Is Yiyi got the news? Brother where are you going!" Nangong Enxi ran over and asked anxiously.

"There are indeed two people who have said that they have seen it before. I will take a look. If you stay here, don't make trouble. If you feel really anxious, let your sister-in-law accompany you, but—" Nangong Che's eyes rolled coldly, "You If you hurt her again, be careful I really turn your face on you."

"Really? Someone has seen Yiyi!!" Nangong Enxi was pleasantly surprised and hugged him, "Brother! You must find Yiyi for me, and make sure she is okay..."

She was a little choked as she spoke, tears rolling in her eyes.

"Okay, don't delay things, you will be jealous if you hold my sister-in-law like this." Nangong Che said lightly.

Yu Muwan blushed, without brushing his face, and whispered, "Be careful on your way."

Nangong Che came over and hugged her, and put a k\*ss on her forehead: "Nothing will happen, wait for me to come back."

Several cars disappeared into the vast night.

"You are so happy, even if my brother treated you badly before, now he is willing to take care of you, holding you like a baby every day, and the grievances you have suffered before are also worthwhile." Nangong Enxi is inexplicable Mattered a word.

"If you are willing to be strong and walk through the shadows, it is not impossible to continue to find happiness with Yiyi in the future," Yu Muwan looked at her, "If you can be happy then, you will be grateful that you have been strong now."

"Don't tell me these great principles. I don't understand." Nangong Enxi choked and said stiffly.

"Then say something you can understand-come and eat, save some energy and wait for your daughter to come back." Yu Muwan said softly and walked upward.

## Chapter 545

Early in the morning, I was in a hurry.

Qian Rou started by dressing the little girl until she prepared her own breakfast, and then stuffed her with a serving. Half of the time has passed, and the time left is only enough for her to run to the company.

"Yiyi, you eat breakfast by yourself, and then there is water in the water dispenser. My sister is going to work. Don't go into the kitchen if you are okay. Don't move the utensils and knives inside, and..."

Qian Rou said for a long time, making a fist and tangled, "Forget it! I'll hide it!"

She ran in, put away some sharp tools, closed the window halfway, moved the table by the window to prevent her from climbing, and then looked around, really wondering what else to do.

"Yiyi, sister is gone..."

"Yiyi, my sister is really gone, you have to be good at home, don't run around!"

"Yiyi, have you remembered your sister's cell phone number? Call your sister whenever you have to, use the landline, and sister will come back to accompany you at noon, okay?"

Having been back three times, Cheng Lanyi sat on the sofa obediently, holding her little schoolbag, staring at the TV, and let out a long "Oh" three times.

Qian Rou sighed. There was really no way she could but lock the door backwards before going to work.

It seemed that he was about to be late.

Sure enough, I was already late to the company. Seeing the supervisor waving at her in the office, Qian Rou had no choice but to walk in. After being reprimanded for ten minutes, it was released. The intention was to make her a new employee pay attention. This is not where anyone can come in and work, so that she can pay attention to the public image.

In the elevator, Luo Fanyu waited for the elevator door to open before answering the phone, and walked outside.

"How about the two people's trial last night, did your little ancestor have any news?" Luo Fanyu asked.

"It's been tried. The kid they saw was indeed Yiyi, but they didn't admit that they took Yiyi away. I really don't know if I should believe it or not, these bastards..." Nangong Che's voice was faint exhausted.

"Then where are you going now?"

"They said that a young girl took Yiyi away, but she couldn't tell her appearance, let alone other things. Yiyi should be in this area. Yes, I'm sending someone to monitor here. If it's normal The residents of Yiyi may be safer at home, but if it is safe, why not call the police? The police have not received any reports!!" Nangong Che hammered the steering wheel as he said, feeling a little frustrated.

"Thank you! The child is indeed the biggest in the accident. Let me help you ask if anyone on my side has seen it!" Luo Fanyu said, his eyes scanned aimlessly in all directions.

Suddenly, he saw a figure in the revolving glass door.

Slender, beautiful, with a familiar side face, passing through the crowd.

"I've been busy all night. Tonight Mu's regular check-ups. I will accompany her. If you have any news, please keep me informed." Nangong Che hung up the phone.

"Hey...hey!" Luo Fanyu heard a beep as soon as he was about to speak, "Damn, I seem to be able to see Qian Rou! Did you hear that?!"

It was obvious that the signal had been cut off, Luo Fanyu raised his head anxiously, but the figure he had just seen disappeared.

There were still people coming and going in front of the glass door, but there was no longer the familiar figure, Luo Fanyu ran to look around, looking anxiously, but still did not see her again.

How could it be that he read it wrong?

"Mr. Luo, what are you looking for? Do you want me to find it for you?" The lobby manager hurried over and asked diligently.

Luo Fanyu frowned and stared around, trying to open his mouth to ask something but didn't know how to ask, so coldly: "Forget it, it's okay."

The glance just now was far away, and he couldn't be sure whether it was Qian Rou or not.

But looking at it now, he should be wrong.

After returning from the hospital, Yu Muwan held the report in the car and studied it quietly.

Nangong Che fastened her seat belt. Seeing her concentrating appearance, her blushing lips lightly bite, leaving a string of white marks on her teeth, and a trace of lust in her deep eyes. He slowly leaned down and stroked her fingers. Over her lips.

"Have you not seen enough after watching it for so long? Everything is normal for the baby, indicating that I am well protected." He gently pressed her forehead and said in a dumb voice.

"That's obviously because I have been well protected. The doctors said that if I get better, the baby will be naturally nourished, ah...no," Yu Muwan laughed, "You have the credit, you made me fat."

"Are you fat?" Nangong Che raised his eyebrows and stared at her, but slowly moved his hand to her waist and touched it slowly, "Let me see, where is fat..."

"Ah..." Yu Muwan chuckled and grabbed his hand, "Don't make trouble, I'm most afraid of you making me like this. I really get fat. I support my weight every day, at least five or six pounds. You didn't watch it. come out?"

"No, maybe I can feel it with a hug—" Nangong Che's lust in his eyes became heavier and heavier, he hugged her tightly with his arms, and buried his head in her neck and sucked her breath deeply. , Yu Muwan trembled all over her body, and the feeling she hadn't experienced for a long time also invaded her nerves.

Climbing tightly on the man's broad shoulders, she felt full of happiness.

"I really want to get married with you soon. We have our own home. There are not so many troubles... The wedding date has already been booked. At least if Qian Rong Yiyi can't find it, I guess you don't have the mind to get married." Nangong Che pressed a k\*ss on her side of the neck and felt her tremble suddenly.

"..." Yu Muwan felt numb for a while, and didn't say a word.

Nangong Cheche noticed that something was wrong, staring at her with clear eyes, and smilingly said: "Why, do you feel it? I heard that pregnant women are always sensitive to this kind of things, but I just touched you gently... Mu Wan... ..." He said, the fingers wandering in her hair shuttled out, and gently rubbed the place where he had just k\*ssed her, teasing her sensitive feeling.

"..." Yu Muwan became more unbearable, with a trace of desire in her beautiful eyes, and said with a trembling voice, "Don't do this, Nangong Che, I'm pregnant, you can't steal fishy!"

"A pregnant woman is so pitiful, can't she be touched by a man if she conceives for ten months?" Nangong Che wanted to tease her more and

more, and said with a smile on her forehead, "Isn't it just three months later? I'm already I've been waiting for a long time...Also, being intimacy with my wife is not called stealing fishy, even stealing fishy is just stealing..."

As he said, he *kssed her lips, and gently kssed* the words under her between his lips and teeth. At first, he gently pecked, feeling her messy breath and undulating chest, and then he became dissatisfied and low. He breathed and k\*ssed deeply, tasted the sweetness in her mouth and the wonderful feeling of intimate contact between two people. Her body was so soft and fragrant that he couldn't control it. He pressed her into his body tighter and pressed her lips. The flap was swollen and tender.

Under the blue sky, there was a fiery entanglement in the car window.

\*

It's getting late.

A man wandered in the street, smoking coldly, popping the cigarette butt away, and staring at the flashing dynamic news ahead.

"Master Nangong Che, the only heir of the Nangong family, is about to enter the marriage hall with his new wife recently. Ms. Luo, who had been married to Master Nangong for seven years, is now living in a nursing home in the western suburbs, and her mental state has been poor. , Roche's shares have fallen in recent days, the internal supply chain has undergone a sudden change, and the normal operating system is in jeopardy. However, the Nangong family did not provide any assistance. It is reported that the bride who is determined to enter has an ordinary background, but she was pregnant with Nangong in her early years. The illegitimate child of the family, somehow, will have sparks with the gold medal heir of the Nangong family, and finally choose to enter the marriage palace. The following is a detailed report..."

On the flashing screen, there were no positive pictures of Nangong Che and Yu Muwan.

Some are just sneak shots from the back.

Every intimate action reveals an atmosphere of intimacy. The man on the screen is tall and straight, and between his eyebrows is exuding the arrogant charm that makes a woman unable to resist screaming, full of vigor, and the little woman in his arms is beautiful and moving, with The clearest and most beautiful eyes are generous and pitiful.

——Getting married?

“Hey! Get out! You pick up rubbish!” A construction worker scolded next to him, “Get out of the way, don’t hinder our work! I see you walking around here every day. If there is anything to do, get out of here. ...”

Cheng Yisheng glanced sharply at these people.

“Oh? Are you still staring? You want to kill you?” The construction worker raised his voice, “Brothers find someone to kill you! Do you dare to stare?”

Cheng Yisheng coldly retracted his gaze and walked in the opposite direction.

His original scenery, everything he held in his hands, five years of patience and hard work... just like that was completely destroyed!

... Mu Wan... You look very happy, don’t you?

I should make you...happy to the end...

The clenched fist slowly loosened, Cheng Yisheng narrowed his eyes with a sneer, lit a cigarette again, and walked into the alley.

The night is blurred.

Suddenly, a clear voice came from a small shop nearby.

"Sister, this noodle is not tasty." Cheng Lanyi raised her face, put down the chopsticks, and said honestly.

Qian Rou raised her head, slightly surprised.

In some dim small shops, surrounded by staff who just left work, the children's crisp and innocent voice attracted the attention of many people. Qianrou blushed slightly, holding her hand and said, "I don't like eating noodles? "

Beef noodles should be considered good.

"I don't like it. My mom never cooks noodles for me. My nanny will cook a lot of dishes," Cheng Lanyi said honestly. "There is also Grandma Wu from my grandfather's house, so maybe she can cook."

Qian Rou had a headache. The little girl knew at first glance that she was from a wealthy background, and she really couldn't support her under normal conditions.

"Then Yiyi would like to eat, elder sister will take you there, OK?"

"Pizza Hut!"

Cheng Yisheng slowly opened his eyes, and the smoke in his mouth fell out. Seeing Qian Rou walk out with Yiyi, he hurriedly hid away. Seeing them out of the store, walking in one direction.

## Chapter 546

How could his daughter be with Yu Qianrou?

Cheng Yisheng's eyes became more and more unable to move away, and he pressed against the root of the wall. He dropped the cigarette in his hand, stepped on it, and walked over.

In the blurry night, everything was not real. Only Qian Rou took the little girl into Pizza Hut's door. Cheng Yisheng waited outside for more than half an hour before seeing them come out.

"Yiyi, are you full?" Qian Rou asked gently, holding her little hand.

"Well, Yiyi is full." Cheng Lanyi raised her face and stretched out her hands towards her.

Qian Rou was startled, and subconsciously picked her up, the little girl tightly wrapped around her neck as if it were extremely dependent.

"If you are full, Yiyi, my sister will discuss something with you."

Cheng Lan relied on a jealous spirit, with guard in his eyes.

"Yiyi, you have been out of the house for a few days. Your dad and mommy should be very anxious. Tell your sister your full name, your home address, or your dad and mommy's contact information. My sister can help you. The one who found home... Yiyi, don't make trouble, okay? Don't you miss your dad and mommy?" Qian Rou tried to soften her voice to induce her.

Cheng Lanyi's eyes were bright, and he fluttered off Qian Rou, running out without thinking.

"Yiyi!" Qianrou knew that she would do this, so she caught up in a few steps, pulled her arm and frowned, "Yiyi, don't be like this, okay? Sister just can't let you be willful, you always have to go home. ! Every time my sister tells you this, you just run away. My sister can't take you forever..."

"Sister, you are too annoyed by Yiyi, don't you want Yiyi?" Cheng Lanyi bit her lip and looked at her with tears in her eyes.

Qian Rou stared at her, sighed heavily, and rubbed her eyebrows.

"Yiyi, my sister never meant that. Don't misunderstand, but Yiyi wants to never go home? If you can't find Yiyi, what happened to Mommy and Daddy? If they don't want to work, they just look for you every day. If they spend a lot of human and financial resources, but you just hide here to make them worry, does Yiyi feel good?"

Cheng Lanyi shook his head, tears falling, stepping forward and encircling Qian Rou's neck.

"I'm afraid of Mommy... Mommy looks terribly angry, I'm afraid of Mommy..." Cheng Lan said with a sob.

Qian Rou gently patted her on the back: "My sister doesn't know what is going on. Maybe your mommy is unhappy about something, but if Yiyi is lost, mommy should be more painful and sad..."

Cheng Lanyi stopped crying for a long time and asked in a low voice, "Sister, why don't you go home? Did your mom bully you too?"

Qian Rou was startled.

A trace of sadness appeared in her clear eyes, biting her lip, calming the stormy sea in her heart.

"My elder sister doesn't have a mommy... But my elder sister also has an elder sister, a very good elder sister," Qian Rou said with a small smile, but her eyes were slightly moist. "My elder sister also thinks that they will definitely come out after this long Worry, my sister will also find a time to go back. Maybe when I go back, I won't be entangled with the things that shouldn't be there. Without me, my sister will be happy..."

On that day, she saw a large piece of news in the newspaper about their upcoming wedding.

In the photo, the sister was embraced by Nangong, so that the whole city could see how he loved and cherished her sister. His profile was still handsome and straight, but the light in his deep eyes only bloomed for the sister.

That kind of happiness is the light that someone stands on tiptoe and gets very close, but still can't get it.

"Yiyi, you promised your sister that tomorrow is the weekend, follow your sister to the police station, and your sister will take you home," Qian Rou regained her consciousness and said to her, "My sister promises you that my sister will go home soon. good or not?"

She wants to hurry back, she wants to give her sister a wedding gift.

Sister... If in the first half of my life, I was always dragged down by you, and always made you worry about it, then this gift, when I change my life and face my life independently, you will move towards your happiness. Run, no more thoughts, okay?

Cheng Lanyi thought for a moment, then nodded heavily: "En!"

"Okay, let's pull the hook," Qianrou held her little finger and hooked it together. "The hook hangs on the hook, it won't change for a hundred years!"

Under the night, the big and the small held hands and walked towards their temporary home.

Cheng Yisheng walked out of the concealed darkness, squinted his eyes to look at their distant figure, slowly clenching his fingers.

\*

There was no news from Yiyi on the third day and the fourth day.

The dark forces of the entire Z city and the transit point of the human traffickers were thoroughly explored by Nangongche and Luo Fanyu within two days. There has not been any trace of Yiyi, or even a letter of extortion, so basically It can be ruled out that Yiyi was trafficked or taken away by bad guys.

They also checked the homes for homeless children along the way, and the habitats of homeless people in the lanes under the overpass.

"How can I not find it? Could Yiyi still fly with wings?! She must have been secretly hidden by a childless citizen, it must be like this! Do you know that many women nowadays cannot give birth to children? , I just want one when I see a kid in someone else's house, maybe it's those ill-intentioned people who keep Yiyi in their own house and don't allow her to come out..." Nangong Enxi turned around in the living room, wide-eyed and yelled. .

"If this is really possible, we are simply looking for a needle in a haystack. With so many residential buildings near Youyang Primary School, do you still want to spread out one by one and search it?" Luo Fanyu, who stood next to the station, said indifferently.

"Can this be the case?" Yu Muwan took a breath and sat up, with a hint of tenacity in his clear eyes. "Before we were afraid that Yiyi would be in danger, so we kept blocking news and did not tell the media. Now if we want to release the news of Yiyi's disappearance, Then the other party will definitely be afraid of the power of the Nangong family, and give them the courage. In City Z, will anyone risk their death to accept the missing child from the Nangong family?"

"Girl Mu Wan made a point," Nangong said thoughtfully, "Butler, you go to arrange this and invite more reporters over."

"Wait!" Nangong Enxi interrupted his father and waited for Yu Muwan to say, "How can you be sure that your method is right? What if the other party looks at my child and refuses to pay it?"

"That is nothing more than two situations. One is that they did not dare to give the children to Yiyi because they did bad things to Yiyi, so in order to prevent us from discovering them, we have to remove the children to prevent the upper body from causing trouble. Flaws, the other is just asking us for a small favor. Are you still reluctant to give money?" Yu Muwan said softly.

## Chapter 547

"You..." Nangong Enxi was speechless, looking at Yu Muwan, half believing.

"For the time being so decided, prepare for the press conference, right away." Nangong Che said to the housekeeper.

"Brother!" With tears in Nangong Enxi's eyes, she didn't know what to say, and turned to Yu Muwan, "You promise me that you can find Yiyi in this way. If you can't find Yiyi, you are solely responsible for it!!"

The housekeeper's steps just stopped like this, looking awkwardly at a person in the living room who fell silent for a moment.

"Beauty, it doesn't have to be this way," Luo Fanyu said with a smile, "Mu Wan is also for the good of Yiyi. Do you want to be so careless with your own sister-in-law? According to you, if something goes wrong with Yiyi, she will owe her forever Are you? You figured it out, if it wasn't for Mu Wan to let Xiaoying wait for Yiyi at the school gate, would you know that she was missing?"

"Then who is responsible for Yiyi!!" Nangong Enxi yelled, tears in his eyes seeming helpless, "Don't you see it, these days our family's affairs just listen to this woman, even me My daughter's business is up to her, are you all crazy? Why!"

"If you mind, you don't have to do this at all, housekeeper," Nangong Che said coldly across his sister, "The press conference in the afternoon has been

cancelled and there is no need to arrange it. Ask our Nangong lady to decide. What to do, Mu Wan is tired, I will take her up to rest.”

Yu Muwan was taken aback, only to feel that he had taken his shoulders upstairs.

“...” Nangong Enxi panicked, “Brother!”

Nangong Che gently hugged Yu Muwan, followed the hairline of her profile, and said lightly: “She is just a pregnant woman. Just prepare to get married and have a baby with peace of mind. You also figure out why she should worry about your housework. If it wasn’t for your negligence that Yiyi disappeared, the marriage date between me and her would not have been postponed for such a few days-you don’t want her to take care of it, it’s very simple, you look for Yiyi, decide by yourself, and be responsible for it, very simple .”

“...” Seeing Nangong Che’s upright figure pulling the beautiful and soft little woman upstairs, Nangong Enxi’s emotions were a little out of control, as if she had lost her trust and blessing, she couldn’t do anything.

“Dad...Dad...” Nangong Enxi could only ask Nangong Ao for help.

Nangong Ao stared coldly, and sighed: “It’s all right, Che, don’t make trouble, Enxi is not sensible, and it’s not a day or two. You don’t want to tease her anymore. Girl Muwan is right. This is a prior arrangement. Do it, Yiyi, if your child can’t find it, I am responsible!”

“Dad! I... I didn’t mean that...” Nangong Enxi blushed and said in a low voice in embarrassment.

“You are a little mature too! It’s not that I said you. Your brother has been busy for so many days. He can’t come back in the early morning and midnight. Not only did you feel grateful and yelled at your sister-in-law all day long, Mu Wan Am I not clear about the girl’s temper? She tolerates you, it means you

are afraid of you? Innocent girl!" Nangong Ao lowered his voice, and said to the daughter who was lying on his knees with a condensed eyebrow.

Nangong Enxi stopped talking, bit her lip and hid behind her father.

"Tsk tsk," Luo Fanyu smiled at the situation, raised his eyes to look at the pair of people in front of him, "Sure enough, there are more people in the family, it is different, you really have a long way to go... Don't ask me Go up and sit down?"

"You can come up if you want to come up, but it's all baby stuff, I'm afraid it will scare you." Yu Muwan said with a smile.

"Walk around, go up and have a look, I can learn from the experience of marrying a wife and having children in the future!"

"Do you have any interest in marrying a wife and having children? Will it be a little earlier to learn from the Bible?" someone asked lightly.

"Damn! You curse me again..." Luo Fanyu punched the past.

\*

"It's a bit messy, just sit down if you don't dislike it." Yu Muwan welcomed him in and said with a smile.

"Tsk tsk, sweet little home..." Luo Fanyu touched his chin and took a close look as soon as he entered, "Nangong, this guy, it's really different with more daughters. I remember that your previous room was wiped out with the invading army. There's nothing like it's done, now you finally understand the mood?"

He picked up the soft and thick cute bear on the head of the bed and took a look at it against Nangong Che: "Tsk tsk, it looks like it."

"She likes it, can you control it?" Nangong Che grabbed the bear in his hand angrily and put it back on the bed.

"Haha, beauty, look at how much he has changed. I used to hate women playing this kind of thing, but now it's better. I guess this beauty is obedient to what she says. I didn't find you before. Have the potential to be a good husband?" Luo Fanyu said with a smile.

Nangong Che let him speak, a gleam of light flashed in his cold eyes, and he did not refute.

But Luo Fanyu, who was looking at him, was hairy in his heart. He smirked, knowing that if this guy wants to retaliate, he doesn't care if it is vengeance.

"Don't get me wrong, I just bought it for the baby. I'm not that naive." Yu Muwan explained with a slightly red face.

Luo Fanyu smiled and said in a low voice behind her: "In fact, it doesn't matter what you want. He likes you and should be able to tolerate and accept everything about you. You should also be very happy and look much better than before."

"Really?" Yu Muwan touched her face.

"Yes," Luo Fanyu said affirmatively, Junyi's smile was a bit serious, "I used to see you always feel that you are so pitiful, and I can't help but want to protect you, but you... always Just like a cactus, it doesn't need to be touched or helped by humans. Not only does it hurt others, it's also hard for me."

"Really? I was so hateful before?" Yu Muwan couldn't help laughing.

"You don't need to be alarmist here," Nangong Che pulled Yu Muwan into his arms, smiled with a warning, and said to Luo Fanyu, "I like everything about her. I said in front of me that my wife's not, I don't want to Live you?"

"Misunderstanding, misunderstanding, where did I say that she was not, I obviously praised her..." Luo Fanyu laughed.

The smiles on the faces of a man and a woman in front of him were very sweet, even the hug gestures were very suitable. The air in this room was filled with the smell of their love and affection. Luo Fanyu only felt slightly stimulated, but his smile could not be reduced.

"But then again, what gift would you give us if we get married?" Yu Muwan tilted his head, suddenly remembering that he hadn't blackmailed him.

"Oh my God..." Luo Fanyu laughed, "Beauty, tell me what else do you lack when you follow this kind of gold master? Do you still need my gift? I am about to die of a headache. What I give is like you There is no shortage..."

Yu Muwan looked at him like a ruffian, bit his lip, clear eyes with squiggly waves, gently wrapped Nangong Che's waist, and complained: "My husband..."

Nangong Che's heart was suddenly irritated, and she looked down to see the sweet sly on her lips. She was a stubborn woman and had not uttered these two words in front of him. Nangong Che was fascinated in his eyes, stroking her hair, with a naked longing. If there were no outsiders, he would have swallowed it almost instantly.

"Don't want to run away with this. I am satisfied or dissatisfied. If Mu Wan is not satisfied, you can wait for us to be ridiculed by her in the decades of our marriage, Master Luo." Nangong Che smiled. Said.

Luo Fanyu patted his forehead and said with a smile: "I'm really irritated, I deserve it, I shouldn't come to see you!"

"Master Na Luo, can you mention anything you want?" Yu Muwan fanned the flames with an innocent expression.

Luo Fanyu pursed his lips to hold back his smile and nodded: "You can mention it, just mention it, as long as you don't want my nude photos, everything is easy to say!"

"You want to be beautiful!" Nangong Che frowned, almost kicking him up.

"Okay, okay, I'll go first," Luo Fanyu jumped to the door in time and said with a smile, "I don't dare to disturb you anymore. If I disturb you, I will lose all my belongings. This guy Nangong Che has blackmailed. For the rest of my life, if I marry a wife, I have to make a name for myself. Tsk tsk, I have to protect myself wisely."

"Then you have to promise you to attend the wedding first." Yu Muwan added, smiling like a flower.

"Obviously! Beautiful woman." Luo Fanyu gestured across his forehead with his palms sideways, smiling charmingly.

When Luo Fanyu went out, the room was sweet and quiet again.

Yu Muwan had been worrying about things next to her for several days. He had never been so happy before. Before his smile disappeared, he felt that the iron-like temperature hit the corners of his mouth.

"Ah..." She hid for a while, her eyelashes trembling, and then she realized that Nangong Che had k\*ssed her hard.

"What are you doing..." Yu Muwan smiled and hid, only that he k\*ssed very hard and engaged.

"Don't move," Nangong Che threatened in a dull voice, pinching her waist and pressing her towards him, with naked thirst and hope in his deep eyes, "What did you call me just now?"

"I..." Yu Muwan was speechless, smiling and shaking his head, "I don't have a name, what do you hear?"

"Dare to quibble!" Nangong Che picked her up, and put her on the bed in a screaming scream. He pressed her into a pile of soft pillows. He bowed his head and k\*ssed her, and all her voice was lost. Swallowed.

Only the tall and upright figure of the man can be vaguely seen, and the broad shoulders tightly shield the small woman in his arms. He k\*ssed fiercely, as if to melt her completely. Yu Muwan only felt hot all over, and wanted to break free but couldn't break free. The silky scorching heat lingered in her small mouth, whispering in a low voice, with an unconcealable coquettish and trembling, Nangong Che's hand touched down her back. The heavy force rubbed every inch of her skin, causing her breathing to become confused.

"What did you call me just now...Call me again..." Nangong Che said in a mute voice against the tip of her red nose.

Yu Muwan looked dreamlike, biting her lip to endure the swiftness and comfort of being kneaded and pinched by him everywhere, trembling, just about to speak, but noticed that a hot palm invaded from her waist, rubbing her heavily and pushing her up. The waist is thin, tender muscles and skin. She was stuck in her throat, and in the same blocked breath, she trembled and called out: "Che...Don't..."

## Chapter 548

"I don't usually call it that way, why did I suddenly utter it..." Nangong Che's hot breath spilled on her hot little face. With the force of the palm rubbing, his dull voice was bewitched in a low voice," said , Have you been thinking about it for a long time..."

"No...no..." Yu Muwan was terribly soft, and even the expression in her eyes became blurred, biting her lip to make herself sober, but what she said was

already involuntary, "I just heard that Enxi would often say her How about my husband...I..."

She may just be infected.

Nangong Che lovingly k\*ssed every inch of her skin, from the smooth and straight nose, to the hot and cute face, to the blushing lips and white and tender chin, his breathing became more and more heavy. Hot: "Then you really should get closer to Eun Hee... She is actually a very enthusiastic girl... Should you also learn from her and be more enthusiastic to your husband..."

"...!" Yu Muwan suddenly took a small breath, clenched his shoulders, and felt the elegant and hot fingers behind her touch her hidden buckle. She untied gently, and she was smooth and thin. The tender back fell into his palm.

"Che...I'm pregnant with a baby...no..." Yu Muwan said with a trembling, but her eyelashes slowly closed, shaking gently with his strength, and her body shrank as soon as she trembled. outrageous.

"Cruel woman," Nangong Che bit her lower lip punishingly, and gently pressed against her lips and said ambiguously, "Do you really want me to wait ten months? I'm not a saint..." said As he slowly moved his hands off her clothes, he first lingered on her smooth lower abdomen for a while, experiencing the slightly raised arc, avoiding it lovingly, and then continued down...

"But it's daytime..." Yu Muwan raised her beautiful eyebrows and pressed against his generous shoulders, "There are many people below, Che..."

"I know it's daytime," Nangong Che k\*ssed her hot little face, and saw her beauty and blurry in sight. "So don't scream too loudly. If someone wants to come up, you can only knock on the door and come in... , Obediently let me love you well..."

Yu Muwan wanted to resist any more, but Nangong Che had already seen the bathing in her eyes. He deeply k\*ssed the little mouth she still refused,

wrapped her arms around her neck, and his men began to be gentle and domineering. To move.

The sun filled the room, and the light jumped on his graceful and strong back.

The moment she entered, she trembled so badly that she felt so moist that she didn't want to stop, pinched her waist and continued to advance. Nangong Che carefully observed her expression, including the low, shallow moaning, and the fine sweat oozing from the tip of his nose and forehead. He k\*ssed her chin lovingly, observing the softness and endurance of the deep, without hurting In the case of the baby, give her the deepest ultimate love.

A pregnant woman is really sensitive. She feels broken when she touches it.

She was always ashamed, even if she reached the extreme of the love bath, she just clenched the sheets and bit her lip and groaned lowly. Nangong Che experienced her in her body. The next blooming, beautiful, dizzy his eyes and intoxicated. His body.

Until the sweat blended together, he firmly occupied her beauty, and she involuntarily trembled and wrapped him tightly, the peak of joy and pleasure came as expected...

Friday night.

After Qian Rou finished her last work, seeing that the time was almost the same, she packed her things and got off work.

She will be able to go home soon.

When walking on the road, it was already at the beginning of the lights. Qianrou looked at the neon lights on the street and the photos of her sister and Nangong happily hugging each other on the billboard. Her heart was full of sourness and sweetness.

“Sister, I have enough willfulness. I will go back to your wedding tomorrow. I will never make trouble again.” Qian Rou looked at the huge picture and smiled, with tears in her eyes, “Sister, you wait for me.”

She just finished talking and was about to turn around and walk towards home. Everything for tomorrow was arranged. She took Yiyi to the police and asked the police to contact her parents. When Yiyi’s parents came, she would return to Biyun. Villa.

The elder sister must be worried, her ignorance should come to an end.

But just about to turn around, I saw the next replacement ad.

——The picture shows a sweet lady holding a little girl, and the little girl smiles brilliantly.

Qian Rou’s clear eyes slowly widened, and an incredible sense of shock struck her heart. She carefully looked at the child’s picture... it was clear, it was Yiyi! !

And beside the photo, a few big red characters are very eye-catching——

“Nangong daughter Cheng Lanyi mysteriously disappeared and her whereabouts are still unknown!”

The daughter of Nangong daughter. Cheng Lanyi? ! !

Qian Rou’s heart suddenly became chaotic, and his heart was like a chaotic drum hammer, beating it hard. She frowned, her mind was spinning quickly, Cheng Lanyi... It turned out that her name was Cheng Lanyi. The so-called Nangong family’s daughter only had one daughter, Nangong Enxi, and she remembered what Luo Fanyu had said. Cheng Yisheng later became After marrying Nangong Enxi, they joined Nangong’s family. They have a daughter...

Her surname is Cheng, Cheng Lanyi, she is Cheng Yisheng’s daughter! !

Qian Rou suddenly realized.

It turned out that the child she picked up was not an ordinary child, it turned out that she called Nangong the uncle... that was the child of the Nangong family!

Qian Rou couldn't stand anymore, stared at the advertisement with a few glances, and quickly walked towards her apartment!

She shouldn't have been particularly negligent in not watching the advertisement, but only saw the news today. She really didn't know that this child had such a relationship with Nangong. If she knew, she would never let them be forced to disappear the child. The news spread all over the city...their family must be anxious!

When she got downstairs in the apartment, she called the landline in her, waiting for Yiyi to answer the phone.

"Yiyi!" Qianrou yelled, "Yiyi! Can you hear me? I'm my sister!"

"Sister," Cheng Lanyi exclaimed obediently.

"Yiyi..." Qianrou felt relieved and looked upstairs in the apartment, "Sister is down here, you come down, close the door and take you to eat, hurry up."

"Oh, good," Cheng Lanyi said in an immature voice, "Sister, someone came to look for you at home today, she kept knocking on the door, Yiyi was afraid, so she didn't open it."

"What?" Qian Rou was a little strange, not sure who else she knew here, but she didn't have time to think about it, she said anxiously, "Sister, I know, can Yiyi get down first?"

"En, good!" Cheng Lanyi hung up the phone, opened the door and closed it, and walked downstairs.

Waiting for a second seemed to be suffering, Qian Rou circled downstairs, looking up at the stairs, very anxious.

Until the tiny figure appeared at the door of the apartment, Qian Rou almost cried with joy. Looking at Cheng Lanyi's figure, she squatted down and opened her arms: "Yiyi, come here!"

"Sister!" Cheng Lanyi ran over.

But at a distance of more than 20 meters, a figure suddenly sprang out of the flowers next to him. As he walked in front of him, Lan Yi covered the child's mouth, picked up the child and plunged into the flowers on the opposite side!

## Chapter 549

At that moment, Qian Rou was shocked.

It took only a second for this to happen. Seeing that the child had already run towards him, but was quickly abducted by someone covering his mouth halfway, Qian Rou was alarmed in her heart, her face turned pale, and she suddenly ran in that direction.

"Who!" She yelled, struggling to push away the place where the figure had just penetrated, and came to a piece of soft grass, "Who! Come out!...return the child to me!"

Qianrou's bright eyes flashed with fright in the darkness, and her hands were circled and shouted at her mouth: "Come out! Give the child back to me!... Where are you, Yiyi, answer sister!"

Suddenly she heard a faint sound, like the sound of running past stepping on the grass. She was startled and ran in that direction. She even felt closer and closer, and could hear Yiyi's mouth being covered with "Um". "Hmm", she burrowed randomly among the flowers, and when she finally got out, she had reached the back of the entire apartment.

There is no light in the dark place. Qianrou can only look at the light that lights up in the apartment in the evening to identify the position. She whirls around in the same place, crying in a hurry, and crying in fear, covering her mouth, suppressing her Voice, listen to that person's direction.

Openly intercepting a child in such an apartment is too bold! !

However, there were few people returning to the apartment at this moment. She had no choice but to hold her hot breath, her eyes filled with tears, and she listened to the surrounding movement intently.

A faint sound came from the back of the building again.

Qianrou trembled, and ran in that direction without hesitation.

But I didn't expect that when I ran behind the big wall, a piece of darkness suddenly fell from the sky. Qianrou looked up in surprise, and a sack sealed her from head to toe. She only screamed and she was killed by someone behind her mouth. Cover it to death!

Qianrou struggled, but he couldn't struggle in the overwhelming dark sacks. Her breathing became weaker and weaker, and her eyes became more and more blurred. Her body seemed to be tied up by a bundle of twine, with solid arms gripping her tightly. Waist, she slowly fell down, her whole body was fainted in the dark sacks...

"...!" A Ji Ling, Yu Muwan screamed and woke up from his dream.

Nangong Che was dealing with the company's affairs and was not asleep. He frowned when he saw her waking up and walked over.

"What's the matter? Why did you wake up suddenly?" Nangong Che pulled her shoulders and stared at her face. Seeing the pale expression on her face,

he immediately hugged her and said in a low voice, "What's the matter? I sweat so much. "

Yu Muwan seemed to have completely escaped from the dream, clutching his heart, and panting quickly.

"I...I have a nightmare..." She frowned, her pale little face wrinkled, arousing love.

"..." Nangong Che hugged her tightly, let her rest in his arms, and gently k\*ssed her sweaty forehead, "Why do you have nightmares? What nightmares, tell me."

"I don't know, it's messy, I seem to have dreamed of very bad things, but I can't remember them now..." Yu Muwan burying his head weakly in his neck, said in a dumb voice.

Nangong Che's eyes softened, and he k\*ssed the corner of her mouth lovingly: "Did I toss you too much these past few days? It makes you think so much, think about it day by day and dream at night, you are too anxious, relaxed... Yiyi will find it back, and Qian Rou will be fine."

## Chapter 550

The horror in her heart finally passed by like a sea wave. The hair on Yu Muwan's face was wet with sweat and looked very attractive on her fair skin. She raised her eyes and stared with a trace of fatigue in her clear eyes. Focus on the man in front of him.

"Are you up to sleep at this late? The company has a lot of things to deal with?"

"It's going to be done soon," Nangong Che said in a low voice, k\*ssing her forehead, "I have been busy with Yiyi's affairs these days. I didn't take care of

too many things at the company. I had a backlog of some things, but they were all handled quickly. You go to bed first, I'll be here later."

Yu Muwan was a little greedy for the warmth of his embrace, hugging him lightly, biting his lips, and a little bit didn't want to let go.

"Why, miss me..." Nangong Che laughed, his slender fingers gently raised her chin, and gently k\*ssed the corners of her mouth, gently rubbing, his dark voice meant something.

Yu Muwan trembled all over, almost immediately aware of his intentions.

She ducked for a while, blushing, and whispered: "I don't have one, don't be serious."

Nangong Che's smile has a charming scent in the soft light, his lips lightly pressed against her face, and he said in a low voice: "I really hope that there are not so many annoying things, so I can get bored with you every day. Doing bad things together..."

Yu Muwan's fist hit him, he grabbed it, and gently k\*ssed it on his lips.

"I can't think of where Qianrou can go now..." Yu Muwan sighed, sat up from the quilt, hugging her legs, "She has a good education, but she has no social experience, and she comes from the United States. Yes, many thoughts are different from here, and she has never experienced a life that is too hard and sinister. I am always afraid..."

"Are you afraid of her being wronged?" Nangong Che took the stubbornly.

Yu Muwan bit her lip: "I only have this sister."

"I know, I only have one..." Nangong Che smiled and hugged her petite body into her arms. "Many times they are spoiled. They will know themselves only if they let them go out and feel the world. It turns out how safe I am in the

world. The real protection is not that you always help her withstand all the wind and rain, but to let her feel what the so-called hurt is. If it really hurts, she will not touch it. I really understand I will protect myself."

"Is it the same as you did to Enxi in the first place?" Yu Muwan said softly, "But when you see her now, you actually spoiled her, you still say me."

"Yes," Nangong Che closed her eyes, gently placed her chin on top of her head, and muttered, "I regret now that when she was about to commit suicide, she compromised and asked her to marry Cheng Yisheng. If I persisted, she thought There is no suicide door under my surveillance. After all, we indulged her, so she deviated more and more from her original character track and became so unreasonable..."

Fingers touched her face lightly, and Nangong Che's voice was lowered: "It also made you feel so angry with her."

Yu Muwan freed his face from his warm fingers, and looked at him with a clear eye: "Am I such a bully? You can wait, I remember every stroke, I will come back. ."

Nangong Che smiled slightly: "Why, plan to make a big noise in my house?"

Yu Muwan snorted and leaned on his shoulder: "I grew up so much. Although my parents loved me a lot, they didn't treat me with arrogance at all. When I grew up and they passed away, I began to bear it. The responsibility of being a sister takes good care of Qian Rou. Che, I haven't told you, it doesn't mean that I'm not tired these years, I'm not suffering, but I feel very happy now, because finally there is a man who can trust me 100%, I I don't even have to pretend to be so reserved in front of you. I want to be headstrong, and I want to taste what it feels like to be pampered and proud..."

Nangong Che felt a slight pain in his heart when he heard it, tightly circled her, bowed his head and *kssed her lips*, *kssed* all the words that made him feel bad,

and said dumbly: "Whatever...you can be willful anytime you want, I will spoil you ..."

Yu Muwan's eyes were a little moist, and she regretted saying these words so blatantly to him, but his *kiss was soothing and promised, and she was so grateful that she almost couldn't help kissing him back.*

"This is what you said-if I do any willful thing in the future, you remember what you said." There was a firm light in her clear eyes.

"I said," Nangong Che said with a light smile, pressing against the tip of her nose, "it's a puppy."

Yu Muwan was taken aback, almost blurted out: "I don't want to be a puppy's wife!"

Nangong Che laughed. His handsome facial features were so dazzling that he dared not look directly at him. Yu Muwan finally reacted, his face flushed suddenly, and he rushed to pinch his neck: "Okay, you... ..You dare to tease me..."

"No, my wife, I just remind you that we are now in the same boat, and our honor and disgrace are connected..."

"You still said..."

The only heat in the warm quilt was tossed away by two people. Nangong Che carefully guarded her, let her mess around, and finally smiled and hugged her tightly under her body.

Both were panting.

His body was cautiously supported so as not to crush her slightly bulging abdomen. His deep, pool-like eyes stared at the shy and angry look of the little woman under him, her eyes squishy, and she was gasping. .

"Mu Wan..." Nangong Che slowly bowed his head, held her face and k\*ssed uncontrollably, feeling her temperature, her breath, her taste, every inch of her fragrance and sweetness, "I seem to be waiting. I waited for a long time at this moment, lived for so many years, and met so many people, just waiting to see you, waiting to give you the best love... I love you... I love you very much..."

His fiery and moist k\*sses moved from the side face to the sensitive earlobes and neck. Yu Muwan was so soft that he could not move, and all his limbs seemed to be surrounded by the warm current carrying currents. She couldn't help groaning. Melt into water.

The hand gently supported his shoulders, the slender weakness and his sturdiness formed a sharp contrast.

"Wait...wait...you...just did it last night..."

Nangong Che asked for it from her neck, tossing around, ignoring her whisper: "But this is tonight..."

"You still have... official business to deal with..."

The broad palms reached under her loose and soft nightdress, and his low voice seemed to be filled with smoke: "Don't worry about those..."

A drop of dew evaporates quickly in the hot and beautiful scenery of the house, turning into ambiguous fine mist in the air. The sturdiness of a man and the coquettishness of a woman are entangled with each other. He possesses it domineeringly, and she trembles slightly and accepts each other Tight, turn impulse and desire into a sweaty love in the fierce action...
