

The Contract Lover Chapter

Chapter 6

Noila Mo shook her heart. Never let my sister know the truth*! With my sister's personality, she will surely make this matter known to everyone! She Noila Mo can't afford to lose this face!

"Oh, I borrowed this from a classmate. I soiled my clothes last night..." Noila Mo said while observing Lin Yuyan's expression. For fear of revealing any flaws.

Lin Yuyan's eyes rolled, since Noila said so, she definitely didn't know Allen Chu's true identity. That's easy!

"Noila, this dress is a bit dirty, I'll take it and wash it off for you!"

Seeing Lin Yuyan walking out of the room with a shirt, Noila Mo raised two delicate eyebrows strangely. My sister doesn't do housework, so why are you rushing to wash her clothes today?

However, whether she took it away, she planned to throw away the man's clothes. She didn't want to see anything related to that man at all!

The 27-story glass curtain wall of Chu's company building gleamed in the sun.

The reception hall on the first floor is decorated elegantly and low-key, showing extraordinary taste everywhere. It is said that this was designed by Allen Chu himself.

Standing on the glorious marble floor, Lin Yuyan twisted her hips to the glass door, admiring her graceful posture. Today, this deep V tight skirt is her most

expensive and most beautiful dress. It sets off her white and tender skin and her exquisite curves.

The lady at the front desk looked at Lin Yuyan with a strange look: "Miss, what can I do with you?" Dressed so coquettishly, she must be a certain lover of the president again!

"I'm looking for Allen Chu!" Lin Yuyan replied arrogantly. He stretched out his hand and stroked his big wavy hair, winking at the male white-collar workers passing by.

"Do you have an appointment?"

"Do I still need to make an appointment? You told the president that I was the woman who spent the night with him last night." Lin Yuyan held up her proud chest.

The top-level president's office.

Allen Chu wanted to hold down the phone when he heard the secretary at the front desk. He had several meetings today, and he was not in the mood to deal with these women who came to the door.

However, when he heard that the woman from last night came to him, Allen Chu couldn't help but pull out an evil smile.

The woman last night is indeed a bit different from other women. If other women are French feast, then she is porridge and side dishes. I'm used to big meals, and occasionally try porridge and side dishes. It seems good...

"President Chu~" A sweet voice sounded at the door of the president's office.

Allen Chu raised his head from the computer, and a naked girl was standing at the door. The deep V neckline was deliberately pulled down, almost reaching

the navel, a pair of watery peach eyes, painted with heavy smoky makeup, from There is a dust in the bone...

Allen Chu frowned. The green and tenderness of the woman on the bed last night did not seem to match the gorgeous girl in front of him. What happened? Was she deliberately dressed up like this to please him? Is Allen Chu's taste that bad?

Allen Chu's deep eyes stared at Lin Yuyan sharply, without speaking. The depression brought by his powerful aura made Lin Yuyan a little panicked. Did Allen Chu see through that she is a fake?

Hurriedly took out the neatly folded white shirt from his bag, pointed at the word "TA" embroidered with gold thread on the cuffs, Lin Yuyan walked quickly to Allen Chu's side and handed the shirt to him: " President, I'll return your shirt..."

As she spoke, she deliberately twisted her slender waist, and her plump body almost reached Allen Chu's face!

Chapter 7

Closing the laptop "pop", Allen Chu leaned lazily on the back of the chair, the smile at the corner of his mouth was a bit evil, and his slightly narrowed eyes were so deep that no emotions could be seen. A few buttons on his shirt were unbuttoned, and his wheat-colored chest was strong and strong, exuding deadly masculine charm.

Lin Yuyan's cheeks flew a few red tides. In her opinion, Allen Chu's actions were a naked invitation! It's time to show off her femininity!

She walked toward Allen Chu along the large desk, twisting her buttocks every step she took, her lips slightly opened, and the tip of her tongue teasingly licked the corners of her red lips. A few steps away, she spent almost ten minutes!

Lin Yuyan looked at Allen Chu with blurred eyes. If such a handsome and golden man can catch it, then she won't have to worry for the rest of her life! No longer need to live in that low shanty town!

But Allen Chu didn't mean to take the initiative at all! He was still leaning on the back of the chair so lazily. Although the corners of his mouth were smiling, his deep eyes were so cold as to be cold!

Lin Yuyan was a little worried. She sat down on Allen Chu's thigh!

Allen Chu hugged Lin Yuyan, looked at her delicate and beautiful face playfully, and a smile appeared at the corner of her mouth.

Lin Yuyan's face was flushed, her eyes flashed with pride.

What President Chu is extremely picky about women, what President Chu only likes big stars and virgins, it seems all nonsense! She just twisted her waist, Lin Yuyan turned Allen Chu into a daze!

Sitting face to face with Allen Chu with her legs tilted up, Lin Yuyan's slender thighs were tightly wrapped around Allen Chu's muscular waist like ivy. In the 27-story high-rise building, the sky outside the glass curtain wall is clear and blue. Lin Yuyan doesn't mind having an office battle with Allen Chu!

Lin Yuyan kept twisting, her white hands kept rubbing Allen Chu's chest. but! Allen Chu still had no response! Lin Yuyan was a little anxious. She pressed her rosy lips to Allen Chu's ear, and whispered teasingly: "Allen, don't you want it?"

Suddenly, her hair was gripped tightly from behind by a big iron palm, which made her scalp hurt!

Staring at a pair of frightened eyes, Lin Yuyan suddenly found Allen Chu's handsome face close at hand! His face was only a few millimeters away from her, and the heat from his breath made her tremble!

Lin Yuyan just wanted to say something, the next second, she was picked up by Allen Chu! Allen Chu's yin bird stared coldly at her astonished eyes, and uttered a word from his mouth: "Get out!"

Lin Yuyan's eyes widened! what's the situation? How did things develop like this?

Hasn't Allen Chu been fascinated by her seduction just now? Why do you want her to go now? Did she get it wrong?

Seeing Lin Yuyan's idiotic expression, Allen Chu increased the strength of his hands in annoyance, and threw her onto the wide sofa by the wall!

Pulling out the checkbook from the desk and swiping down a few numbers, Allen Chu threw the check on Lin Yuyan's face. The magnetic voice sounded cold and harsh: "Go away! Now! At this moment!"

Chapter 8

When Noila Mo hurried from school to the Prague restaurant, she was already 20 minutes late for the shift.

This is her third job, and the most lucrative part-time job. The Prague restaurant is the top western restaurant in City C, and all celebrities enter and exit here. So the rules and regulations here are also very strict. If you are late three times and complained by a guest, you will be fired immediately.

Today is her friend Jin Xin. Noila Mo wore a light blue waiter uniform and ran to the food delivery area like a gust of wind. Jin Xin must be anxious!

"Jinxin, I'm sorry, sorry! The professor is late today!" Noila Mo apologized.

"It doesn't matter Noila, haha, today I wish I was on duty by myself!" Jin Xin's face was filled with expectation and excitement, and her big eyes flashed with expectation.

"Ah? Why? The manager is giving out a red envelope today?"

"That's not it!" Jin Xin made a grimace: "The red envelope is so weak compared to this one! I heard that today the president of the Chu family is coming!"

"Chu's president?" Noila Mo's face was dull, Chu, why does it sound so familiar? It seems to appear frequently in her ears recently.

Jin Xin stretched out her hand and squeezed Noila Mo's natural little face: "It's Allen Chu! I heard that he is so golden, handsome, and very generous to women! His female fans line up and can circle the earth. Circle it!"

"Haha, is it that exaggeration? Besides, no matter how handsome and handsome he is, no matter how generous he is to women, what does it have to do with us?" Noila Mo shrugged disapprovingly and handled the menu quickly.

"Maybe it's your turn to serve Allen Chu? Then President Chu saw your beautiful face and ecstatic waist, and suddenly fell in love with you, and then married you? Mrs. President, From now on, when you drive a Ferrari, bring a 20-carat diamond, and wear Chanel's latest fashion to eat, don't pretend you don't know me!" Jinxin pretended to be pitiful and held Noila Mo with her hand. The arm was shaking.

Noila Mo leaped forward to tear her mouth: "Bad guy! I told you to run on me! Be careful I shake off your embarrassment!"

The two girls frolicked together.

"Noila! Soda for table 12, come on!" Noila stuck out her tongue, picked up the dinner plate and walked to the lobby.

Although the job is well paid, the job is still tiring. Those who come are powerful and powerful, and naturally it is more difficult to serve. Noila is

cautious every time she serves water dishes, for fear of any mistake, she cannot lose her job. The family still owes a lot of debts.

There was a professional, sweet smile on his face, but he was stunned when he saw the guests at table 12-it was the recently popular female star Sulia.

A month ago, she was a little-known fourth-rate star, but she became so popular after starring in a love movie. I heard that she has the support of a large consortium behind her, so her publicity efforts and publicity team are the strongest.

Sulia is really beautiful. A soft, thick hair is casually pulled, and the white backless dress reveals a large amount of beautiful skin, which is really eye-catching.

"Hello! This is the soda you want!" Noila Mo smiled and put down the cup.

"Thank you!" Sulia's voice was cold and arrogant.

The phone on the table rang.

Sulia glanced at the screen, a sweet smile on her face instantly.

"Allen, where are you? Why haven't you come yet! Let someone wait here for you alone, it's boring!" Sulia's voice was soft and charming, and men couldn't resist it.

The beauty of the iceberg even had such a small woman! Seeing her transformation, Noila Mo was deeply curious about the person on the other end of the phone.

"What? Let me guess where you are? I hate it, how can I guess it!" Sulia's red mouth suddenly pouted. "Are you still not leaving?"

Noila Mo whispered secretly in her heart, it's just so boring + nauseating between lovers. Hey, big stars can't be exempt!

"Baby, you have so much confidence in me!" The male voice on the other end of the phone was low and magnetic.

Huh, isn't it? The voice seemed to come from behind. Noila Mo and Sulia turned around at the same time.

A tailored black Armani suit sets off a tall figure of at least 1.88 meters tall like a god, with perfect facial features, and enchanting pupils. Although there is a smile on his face, it cannot conceal the fierceness and dominance of the eyes.

Noila Mo sighed, why does this man look familiar?

She was trying to remember that the man strode towards her, and a wicked smile appeared on the corner of his mouth, "How about it, my business card, is it easy to use?"

With memories flooding, Noila Mo took a breath, it was him! It's the man in the car on rainy night!

Chapter 9

Looking at the arrogant man in front of him, Noila Mo's heart was burning with anger.

This savage, domineering, arrogant and hateful man!

Her small breasts were up and down because of anger, but she drew a man's playful glance.

"Allen!" Sulia exclaimed softly.

"Huh?" Although Allen Chu responded, his eyes still fixed on Noila Mo.

The sharp eyes seemed to be able to pierce Noila Mo's uniform. Noila Mo felt a little embarrassed and couldn't help but clasp her arms tightly. She hates this man! opinionated! Arrogant! Be rich and unkind!

As soon as Allen Chu appeared in the restaurant, he attracted a lot of attention, especially the girls, who had red eyes and idiots, they almost drooled!

They secretly pointed at Sulia: "It turns out that Sulia is next to Allen Chu! No wonder she has become popular so quickly! With the Chu group supporting her, it is hard not to be popular!"

Sulia was enjoying the satisfaction that everyone's envy brought her. She turned her head, only to find that Allen Chu's eyes were not on her! Follow Allen Chu's gaze, what! He has been looking at this waitress!

Sulia looked at Noila Mo up and down again, her body wrapped in a uniform, she couldn't see any figure at all, anyway, her chest was definitely not plump. The skin is indeed white, tender and clear, but the facial features are just beautiful, not a stunning beauty at all!

There was a sudden wave of disdain in my heart, but his voice became even softer: "Allen, do you know this waiter?"

Deliberately biting the word "waiter" heavily, the bright eyes with delicate eyeliner showed a deep contempt, staring at Noila Mo.

Looking at Sulia's hostile eyes, Noila Mo felt that this President Chu was really a bad spirit, as long as he met him, there would be nothing good!

She was in front of her waiter, who did she provoke? Why did Sulia treat her like this?

She gave Allen Chu a bitter look, and Noila Mo quickly clarified her relationship with Allen Chu to Sulia: "No, no, I don't know President Chu, I

have never met him!" She didn't want to talk to this man. What does it matter? Arrogant! What's so great!

Allen Chu's straight eyebrows were slightly furrowed, and his deep eyes were dangerously narrowed. Which woman in the world didn't want to indulge in him, Allen Chu was so disgusted by this little woman today!

Is this a trick to catch up? Allen Chu stared closely at Noila Mo's clear eyes and raised his eyebrows: "I didn't expect us to meet again soon!"

Chapter 10

"Sir, what are you talking about? Why can't I understand it!" Noila Mo moved her body secretly, trying to slip away from Allen Chu. His body is too tall, and the pressure he brings makes her feel difficult to breathe. She Noila Mo hates arrogant men most!

Allen Chu put his hands around his chest and watched Noila Mo's small movements in his spare time, and suddenly became interested in teasing her. Calmly stopped Noila Mo's way with a tall body: "Don't understand? Then how do you know my surname Chu?"

Who cares if your surname is Chu or Wang? Don't stop me from working and earning money! Noila Mo almost blurted out. His heart was broken, but his eyes drooped softly, pretending to be innocent. I just hope that Allen Chu will hurry up and Sulia Qingqing, and I will stop teasing her!

Feeling Allen Chu's abnormality, Sulia's desire to attract Allen Chu's attention became stronger. She couldn't bear to sit here, and Allen Chu became interested in other women! Moreover, she is still a hostess who can't make it to the table!

"Waiter, didn't you see that my glass was empty?" Sulia pointed to her empty glass, looked up and down Noila Mo with a cold and arrogant look, and finally fell on her fast-breaking sneakers.

Hearing Sulia's words, Noila Mo quickly picked up the kettle in her hand and refilled her with water. She is a waiter, and it is her job to entertain guests. Even if this guest is full of hostility and contempt for her.

Under Allen Chu's gaze, Noila Mo felt that her movements became stiff. This damn man, what do you look at! Have you never seen the waiter pour water for the guests?

With stiff hands and feet filling Sulia's cup with a kettle, Noila Mo finally breathed a sigh of relief. She must change tables with Xiaojing for a while, she doesn't want to serve this table anymore!

As soon as she turned around and wanted to go, Sulia's cold voice sounded: "Hand me the cup!"

Noila Mo carefully handed the cup to Sulia. Before she could let go, the cup was deliberately pulled by Sulia and fell to the ground and shattered!

"Slap!" A crisp slap was slapped, the smile on sulia's face disappeared instantly, and she raised her hand and gave Noila Mo a slap!

"How do you serve the guests? You stained my skirt!"

"Do you know how expensive my dress is? You can't afford it for three years of working here!"

The sudden slap in the face stunned Noila Mo!

Sulia took Allen Chu's arm, and said coquettishly: "Allen, look at her, she has soiled everyone's skirts! In a while, you can take me to buy a new one!"

Allen Chu glanced at Sulia calmly, a light that Sulia couldn't understand flashed deep in his eyes.

Sulia was a little panicked. Allen Chu was too abnormal today. Is there really something special about this waitress that got him cute?

No, she can't allow this to happen! She is Allen Chu's new lover, and her throne hasn't become hot yet! How could this little woman get ahead!
