

The Contract Lover Chapter

Chapter 96

Liang Nuanxin looked into the box lazily. She didn't expect any high-end jewelry in this cheap box.

The moment his eyes touched the ring, they suddenly widened! In the next second, he squinted tightly again, trying to shrink his pupils, trying to see the blue light from the depths of the ring face!

Lin Yuyan was still beside her nervously and asked, "Miss Liang, what do you think?"

Liang Nuanxin didn't hear her at all, staring straight at the ring, her slender fingers couldn't help but stretched out, lightly picked up the ring, and admired it with intoxication.

The design, material and inlay craftsmanship are all first-class! There is also the uniqueness of the jewelry itself, which is indeed the most expensive jewelry! Liang Nuanxin has an intoxicated smile on her face. This is the wedding ring of her dreams! It's perfect!

This ring will definitely make her shine in the wedding ceremony!

Lin Yuyan was relieved to see the smile on Liang Nuanxin's face. It seems that the ring can sell for a good price!

After some bargaining, the two sides sold for 60 million yuan! According to Lin Yuyan's request, the money was remitted on the spot to her account opened abroad. The ring also stayed in the Shen family.

"Salmon! Look! What a beautiful ring!" As soon as Salmon Shen returned home, Liang Nuanxin happily held a small box to him.

Salmon Shen glanced at it. It was a sapphire ring, which was indeed unique and beautiful. Salmon Shen patted two heart-warming faces with his hands: "Yeah. Good. As long as you like it." After that, he was ready to go to the study.

Liang Nuanxin's face suddenly became cloudy. Big eyes and tears of grievance looked at Salmon Shen's back: "Salmon, you are too perfunctory to me, right? This is our wedding ring! Don't you take a good look?"

With his back to Liang Nuanxin, Salmon Shen's thick eyebrows wrinkled slightly. But he turned around and said with a good temper: "I saw it just now, it's really beautiful, it matches you!"

Liang Nuanxin didn't feel happy because of his explanation. Instead, she became even more angry: "Salmon Shen! What do I mean when you are so cold! Do you still think of Noila Mo in your heart! If I am not pregnant, are you at all? Won't you marry me?!"

Salmon Shen saw that Liang Nuanxin was really angry, and Jun's face was helpless: "Nuanxin, don't be angry, being angry is not good for the baby in your stomach."

Not to say it's okay, Liang Nuanxin couldn't help it, and cried loudly: "Baby, babe, you know the baby, when did you care about me? Do you love me or not? Are you still In love with Noila Mo!"

Salmon Shen tried his best to suppress his inner emotions and walked up to pat Liang Nuanxin's shoulders: "We are all getting married, what else are you talking about?"

Liang Nuanxin cried and tears rained: "I know you haven't forgotten Noila Mo. I heard that she is missing. You have been looking for her everywhere..."

A word, evoked the infinite sadness in Salmon Shen's heart.

I heard that Noila Mo was imprisoned by Allen Chu in the Chu family's dungeon. He was about to take people to the Chu family to pick Noila Mo out, but he heard that Noila Mo had escaped. How to run, where to run, I can't find out at all. As if the world had evaporated, Noila Mo disappeared into his world again.

Three years ago, she disappeared like this silently and suddenly. He searched for her for three years. Now, she disappeared again, I don't know if he has to wait a few more years. Salmon Shen was suddenly frightened, what if she never appeared again? If, from then on, he can never see Noila Mo again?

Also confused was Allen Chu in the Chu family mansion.

The night was like water, Allen Chu sat alone on the wooden chair on the terrace, smoking a cigarette alone.

The moonlight sprinkled a light on his figure, and the three-dimensional and deep facial features looked extremely handsome in the moonlight. Deeply exhaling a ring of suppressed smoke, Allen Chu's left hand suddenly clenched into a fist, the veins were exposed, and the knuckles were white because of the force.

There was no expression on the handsome face, only the lonely shadow and the clenched fists revealed his true emotions.

Noila Mo, where are you?

He should hate this little woman. She is the mistress he bought, and he dared to run without fulfilling the contract! He should hate her, but why, at this moment, what is in his heart is not hate, but longing. Deep, deep miss.

He missed her long hair, missed her stubborn eyes, missed her childlike smile, missed her faint smell of grass...

Yes. He missed her. Allen Chu missed Noila Mo.

This sentiment of longing was something he had never experienced in his 27 years of life. Unforgettable, devouring souls, without the mind to do anything, just keep thinking, thinking, thinking...

Today is the heart-warming day of Salmon Shen, President of the Shen Consortium, and Mayor Liang's daughter Liang.

The paparazzi and news reporters were dispatched throughout the whole process, and all kinds of cameras and cameras were ready for the first level of battle. Prepare to show the grand scene of the wedding perfectly.

Allen Chu also received a wedding invitation from Mayor Liang. Although the Chu family is wealthy, Mayor Liang's face should be given a bit.

Put on a black suit with high-level customization and a dark blue silk tie. His short hair is also refreshed and pleasant. Allen Chu in the mirror is handsome enough to make any woman scream.

Ring the bell habitually: Hello, Yu Feng, help me prepare the car.

What came from the loudspeaker was Lao Wang's voice: "Master, Yu Feng has asked for leave."

"Oh. Then you help me prepare the car." Allen Chu said indifferently.

Lao Wang hesitated, whether to tell Allen Chu, he felt that Yu Feng asked for leave this time a bit strange. Said it was a leave, but all his personal belongings were gone!

Forget it, maybe I think too much! Old Wang shook his head, went to the garage and drove the car out.

The wedding was indeed luxurious, with white roses spread all over the street. Two rows of exquisitely carved Roman pillars are wrapped with snow-white lace streamers, floating slightly in the breeze, like a fairyland.

The guests who came were either rich or expensive, and they were all the best elites from all walks of life in City C.

The solemn music rang. Liang Nuanxin walked out slowly holding the arm of his father Mayor Liang. The white wedding dress is beautifully designed, embellished with pearls and diamonds, making her look like a proud princess.

Salmon Shen stood among the guests, looking at his bride. Although there was a smile on his face, there was a sense of loss in his eyes...

In his heart, the heroine of this wedding should not be Liang Nuanxin, but Noila Mo. Is the only woman he wants to marry in his life. But where did Noila Mo go... his fists were slightly clenched, and the loss of his eyes became deeper...

Chicago, United States.

Noila Mo packed the last drawer and sat on the sofa exhaustedly. The belly is getting bigger and bigger, and the expected delivery date will be in a week. The body can no longer stand the toss.

"Noila, are you okay? Didn't you let you wait for us to come back to clean up? Why did you clean up the house yourself?" Yu Feng and Lin Yuyan came back from the supermarket with big bags and small bags, and saw that they were all packed. Neat and tidy room, a bit embarrassed to say.

"Um, it's okay, just clean up the room, not too tired." Noila Mo smiled at Yu Feng slightly. To be honest, she was very surprised when she saw Yu Feng and Lin Yuyan appear in front of her together.

I thought that Yu Feng was just a classmate of my sister, but I didn't expect to have developed a boyfriend and girlfriend relationship. It can be seen that Yu

Feng loves Lin Yuyan very much, which adds a bit to Noila Mo's impression of Yu Feng.

"Sister, can you tell me the number of the hospital? I want to call my dad."
Noila Mo looked at Lin Yuyan and discussed it with a good temper.

"Call? Are you looking for death? Allen Chu has monitored all the hospitals in the city in order to find you through your dad. You are calling him now, don't you throw yourself into the net?" Lin Yuyan said with a guilty conscience.

"Oh..." Noila Mo lowered her head in disappointment. She has not talked to her on the phone since her father had surgery. I really want to know how well my father is doing.

But... thinking of Allen Chu's gloomy face and violent temper, Noila Mo resisted the urge to call his father.

Yu Feng looked at Noila Mo with some guilt. This silly girl, her father died in the hospital long ago. But she is still here silly questioning, want to call her father.

Seeing Yu Feng's eyes, Lin Yuyan gave him a fierce look. The man's heart is too soft, and one day it will hurt her. If he hadn't been doing well in bed, I would have dumped him!

The wedding will officially begin soon. People attending the wedding also began to take this opportunity to exchange greetings with each other and exchange feelings.

Allen Chu ignored the flattering smiles of the people around him, and stood alone by the window. Today is the 100th day of Noila Mo's disappearance. One hundred days. Where is she now? The due date is approaching, can her

body survive it? Such a delicate little person has to face the pain of childbirth alone. Does anyone take care of her?

Maybe she is with that senior now? Are two people loving sweet? Have you forgotten Allen Chu a long time ago?

Anyway, she had never taken him seriously in her heart.

Anger, sourness, disappointment... The complex emotions intertwined, making Allen Chu's deep handsome eyes dark. Unconsciously, the white tulle curtains were tightly squeezed tightly by him, and when they let go, they had already pinched deep. The deep messy folds are like his deceived and injured heart.

"Allen, what do you think? So focused?" Pei Jun walked over and patted him on the shoulder. Pei Jun is always calm and calm, and his handsome face is always a cynical smile, as if he doesn't care about anything, it doesn't matter.

Allen Chu raised his eyebrows without speaking. Follow Pei Jun to the ceremony stage.

The wedding has begun, and the ring is about to be exchanged. It is very rude not to go to the ceremony.

Chapter 97

On the luxuriously decorated ceremony stage, the pastor was reading the wedding vows:

Now let us make a marriage vow before God. I want to ask two people the same question separately. This is a very long question. Please answer it after listening:

"Salmon Shen, are you willing to marry Liang Nuanxin as your wife, live with him in accordance with the teachings of the Bible, become one with her before God, love her, comfort her, respect her, and protect her, just like you

love yourself. Is she sick or healthy, rich or poor, loyal to her until she leaves the world?"

The audience was silent, and the guests attending the wedding all smiled with blessings, waiting for Salmon Shen's answer.

One second...Two seconds...Three seconds...Salmon Shen did not answer yet. The atmosphere is stagnant. The audience sitting in the front row began to whisper.

Liang Nuanxin still had a smile on her face, like a happy bride, her palms were slightly sweaty.

Salmon Shen's eyes seemed to be looking at her, but his eyes had no focus at all. He was standing in front of her, but there was no such person in his eyes. His eyes looked at a place far away, a place that Liang Nuanxin could not reach for a lifetime.

Salmon Shen, never loved her. What he loved was Noila Mo from beginning to end.

Liang Nuanxin has never realized this so deeply.

Just when the atmosphere was so dignified that it was almost suffocating, Salmon Shen said, "I am willing." The voice was faint. At first glance, there was not much emotion, but if you listen carefully, you can tell that the voice is hidden. With a strong bitterness.

Liang Nuanxin clenched his teeth secretly. The beautiful jaw becomes hard and ugly.

The wedding is the most glorious and happiest moment for every woman, but she was humiliated by her husband at the wedding. His hesitation is the greatest humiliation. Deep in his heart, it is not her who wants to marry.

A woman named Noila Mo is the source of her humiliation.

Noila Mo. Liang Nuanxin called out the name coldly from the bottom of her heart, but the smile on her face was still well maintained. The right hand was clenched into a fist, and the nail was pinched deeply into the flesh.

“Liang Nuanxin, are you willing to marry Salmon Shen as your wife, live with him according to the teachings of the Bible, become one with him before God, love him, comfort him, respect him, and protect him as you love yourself. Is he sick or healthy, rich or poor, always loyal to him until he leaves the world?”

“I am willing.” Liang Nuanxin answered without hesitation. Even if Salmon Shen doesn’t love her, as long as there is no Noila Mo, she can make him fall in love with herself.

The guests at the ceremony began to applaud, wishing the two newcomers a good relationship for a hundred years.

Allen Chu and Pei Jun sat in the VIP area in the center. This is the closest place to the ceremony table and is the best place to watch the ceremony. Everyone on the stage could see clearly.

Salmon Shen didn’t love Liang Nuanxin, Allen Chu could see clearly. Suddenly a question came up in his heart: Is it that Salmon Shen loves Noila Mo? Reminiscent of the dress shop Salmon Shen buying dresses for Noila Mo, and reminiscent of Noila Mo being kidnapped by the kidnappers, Salmon Shen happened to rescue her, and the two stayed alone outside for the night...

Allen Chu’s heart was full of anger! The gloomy eyes became crazy and bloodthirsty! I was actually deceived by Noila Mo! What a pure neighbor relationship, he always regarded her as his sister! It’s just nonsense! How many words of this liar woman are true?

She and Salmon Shen may not be as clean as she herself said! She came back that day and found no evidence such as hickey marks on her body, but this does not mean that she is clean!

Allen Chu suddenly felt that he had trusted Noila Mo too much before!

But what did his trust get? Only in exchange for her betrayal and escape!

The gloomy black eyes slowly turned into yin, anger surged, and red blood appeared like bloodthirsty. Noila Mo, you better not let me catch you! Otherwise you will die miserably! Allen Chu swears to heaven.

On the ceremony stage, the pastor was talking.

"Now I want to exchange rings as a token of marriage." The priest looked at the couple with satisfaction. The handsome man and the beauty of the woman, what a pleasing pair.

Salmon Shen took out a black velvet box and opened it gently. The sun shone on the gemstone, flashing a brilliant light, which made Allen Chu's eyes narrowed.

Liang Nuanxin stretched out a slender jade hand with lace gloves, and Salmon Shen gently put the ring on her finger...

Allen Chu in the VIP table suddenly shot sharp light from his eyes!

"Wait!" The deep magnetic voice broke the harmony of the whole wedding. Allen Chu's burly body stood up from the chair, pushed a few steps away from the crowd and walked to the ceremony stage!

All the guests were stunned by the sudden situation!

Liang Nuanxin and Salmon Shen stayed there too, completely unable to react.

The gossip paparazzi with cameras and cameras around the wedding are all excited! This is to grab a marriage baa? Could it be that the president of the Chu Group has an affair with Mayor Liang's daughter?

Could it be that Allen Chu and Liang Nuanxin are true love?

There was even more paparazzi: "I bet a hundred dollars, Allen Chu and Liang Nuan have an adultery!"

Another paparazzi's tone was more affirmative: "I bet two hundred yuan, Allen Chu and Salmon Shen are a couple! They are in love with each other, and they are more in love than Jin Jian, but they dare not be together publicly due to the pressure of public opinion. Now Xiao Gong sees Xiao Su was forced to marry, and finally couldn't help it!"

Allen Chu grabbed Liang Nuanxin's hand, and violently tore the ring from her slender fingers! Liang Nuanxin's finger was folded, and she let out an exclamation!

Allen Chu put the ring in front of his eyes and looked carefully. The bushy eyebrows wrinkled and tightened, and his face became more and more gloomy. The wedding scene was quiet, so quiet that you could hear a needle falling on the ground.

Everyone is waiting to see what Allen Chu will do next. The blood of gossip has boiled on them.

After only one glance, Allen Chu recognized that this ring was the heart of the ocean he gave to Noila Mo! Didn't Noila Mo take it away when she ran away? Why is Liang Nuanxin here?

"This ring, where did you come from!" Allen Chu's voice was furious and reproachful, and Liang Nuan stayed in place. Allen Chu was very scary when he lost his temper, and most people couldn't hold his sharp and bloodthirsty eyes.

"Speak politely to my wife!" Salmon Shen put Liang Nuanxin behind him, and said lightly to Allen Chu. Salmon Shen didn't have a good impression of Allen Chu.

Had it not been for him to be frantic and put Noila Mo in the dungeon, Noila would never run away!

"Get away!" Allen Chu pushed Salmon Shen away. Salmon Shen was unprepared and he staggered.

Mayor Liang finally reacted and shouted at the nearby security guard: "Security! President Chu is drinking too much! Help him down!"

The security guard jogged and pretended to trot. It took a few minutes for a short 200-meter road to arrive. The security guards want to see a good show too! Mayor Liang's daughter-in-law was married, and the president of Chu's family actually asked where the wedding ring came from! There are so many hidden secrets, so many dreams!

Such a good show has not seen the ending yet, and Mayor Liang will force the ending. The security guards were very reluctant!

Seeing Mayor Liang command the security to come on stage, Pei Jun was afraid that Allen Chu would suffer, and ran to the stage, pretending to persuade Allen Chu, but actually blocking the security for Allen Chu: "Allen, today is the wedding of President Shen and Ms. Liang. Day, you don't have to come to the stage if you want to say some blessings! Go, let's get down and sit down!"

Allen Chu ignored Pei Jun's concealment for him, and stared at Salmon Shen with sharp eagle eyes: "I gave this ring to my girlfriend. How could it be with you?!"

After hearing what Allen Chu said, Salmon Shen was also taken aback. Allen Chu's girlfriend, is he talking about Noila Mo? This ring belongs to Noila Mo?

Salmon Shen didn't care about being angry that Allen Chu disturbed his wedding, and hurriedly asked, "Is your girlfriend Noila Mo?"

Allen Chu nodded, his tone still bloodthirsty and cold: "Why is this ring in your hands? Where did you hide Noila Mo? What did you do to her?"

Allen Chu suddenly had a bad premonition in his heart. It is impossible for Noila Mo's ring to be given to Salmon Shen as a wedding gift. Then, did something happen to Noila Mo?

Suddenly my heart twisted tightly! Allen Chu unscrewed Salmon Shen's collar, his bloodthirsty eyes and Salmon Shen's surprised eyes biting together.

The security guard standing next to him was drunk, what a bloody drama! There was such a spectacular scene at the wedding scene! Today is a real profit on duty!

Mayor Liang coughed heavily to make the security guards wake up from watching the excitement, and rushed to hug Allen Chu, trying to separate him from Salmon Shen.

Allen Chu fell over his shoulder beautifully and knocked down two security guards at once.

Mayor Liang was furious, and Allen Chu dared to disrupt his daughter's wedding. He wanted to make Chu's enterprise not so much better! Standing up from the chair, Mayor Liang pointed at Allen Chu's nose and cursed: "Chu, don't mess around because you have money! This is my daughter's wedding. I get out!"

Seeing that Mayor Liang was really angry, Pei Jun quickly walked over to help Allen Chu clean up the mess: "Mayor Liang, don't worry, there must be some misunderstanding in the middle. Just wait for everyone to talk about it."

Liang Nuanxin trembled with anger when she saw the wedding mess up! Noila Mo! Noila Mo! It's Noila Mo again! How is this woman everywhere!

Even the wedding ring she had chosen so far was said to have been worn by Noila Mo! Liang Nuanxin's hatred for Noila Mo reached its culmination, and Noila Mo would not be able to dispel her hatred!

"Allen Chu! Don't deceive people too much! I bought this ring from a woman for 60 million! That woman is definitely not Noila Mo!"

Chapter 98

Allen Chu's sharp eyes glowed with bloodthirsty rays, and looked at Liang Nuanxin fiercely: "You dare to buy this ring if you don't know the origin of it? Should I despise your mental retardation, or should I force you to tell the truth?"

Liang Nuanxin's face has a hideous look: "The truth? Then I will tell you the truth, Noila Mo kind of slut, I feel annoying when I look at it! If you know this ring is hers, I threw it into the trash. Go in the pile!"

Allen Chu took a step towards Liang Nuanxin, his cold face almost touching her face: "Miss Liang, you better tell me where Noila Mo is now! Otherwise, you will be at your own risk!"

After Allen Chu said that, Salmon Shen was a little bit dubious. Does Nuan Xin really know the whereabouts of Noila? Nuan Xin has always been hostile to Noila. When a woman becomes jealous, it is possible to do anything!

Salmon Shen also looked at Liang Nuanxin pleadingly: "Nuanxin, if you know where Noila is, please tell me as soon as possible..."

Liang Nuan trembled all over, looked at Salmon Shen with unbelievable eyes, he would doubt himself because of Noila Mo!

Pointing at Salmon Shen with his finger, Liang Nuan was speechless. I just felt a cramp in my lower abdomen, and a stream of heat flowed down my thigh...

Liang Nuan looked down in a panic, and the long white skirt had already dazzled bright red!

I miscarried myself! She and Salmon Shen's children are gone! A broken scream tore people's eardrums, Liang Nuan's face was full of grief and anger, and trembling fingers pointed at Allen Chu: "Allen Chu, you must not die! Both you and Noila Mo will be retributed!"

"Warm your heart!" Salmon Shen and Mayor Liang simultaneously supported Liang Nuan's heart, who was slumped. Mayor Liang looked at Allen Chu's eyes with resentment.

Allen Chu didn't even notice the look in Mayor Liang's eyes. He held the ring tightly, just like a person falling into the water holding the last straw. This is Noila's ring, follow this ring to check, maybe you can find Noila's whereabouts...

With the arrival of the ambulance, the wedding scene is even more chaotic. Paparazzi and various media are busy taking pictures and interviews.

The wedding of the mayor's daughter is full of attention, and the unprecedented grand wedding will end in this way. The headlines tomorrow will be unexpected!

Allen Chu, the culprit, did not seem to feel the chaos at all. His thick eyebrows were still frowning. At this moment, he was full of manpower to search for Noila Mo. Shoot him hard!

"Allen, hurry up!" Seeing that reporters had already rushed here, Pei Jun pulled Allen Chu away.

Finally escaped the chase of the reporters and got into the car. Pei Jun's always light and windy face also has a trace of blame: "Allen, what happened to you today? Even if you suspect that the ring is Noila Mo's, you should not tear it through on the spot. Liang Nuanxin, after all, is Mayor Liang Salmon Shen's daughter, Salmon Shen is also backed by Shen's enterprise. You offended two powers at once.

Allen Chu's body was stretched tight. This ring had completely attracted all his attention. Was it the ring sold by Noila Mo? What life does she live? So down to the point that you need to sell rings? Or did something happen to her and the ring fell into someone else's hand?

Seeing Allen Chu's deaf ears, Pei Jun secretly sighed.

Outside the senior ward of the hospital, Salmon Shen and Mayor Liang are waiting anxiously. As soon as the doctor walked out of the ward, two people gathered around: "Doctor, how is the heart warming?"

The doctor shook his head: "The fetus cannot be saved. Please comfort her!"

Salmon Shen and Mayor Liang glanced at each other and walked into the ward with a heavy heart.

Liang Nuanxin was lying on the bed in a daze when she saw Salmon Shen and Mayor Liang coming. As soon as her nose was sour, tears flowed down her white face.

"Salmon, I'm sorry... it's because I'm not good, I couldn't hold the baby..." Liang Nuan cried extremely sadly. This baby is the only bond between her and Salmon. Salmon Shen is willing to marry her because she has the baby in her belly. Now that the baby is gone, will Salmon Shen abandon her?

"Heart-warming, I should be the one who said I'm sorry...I didn't protect you and didn't stop Allen Chu." Salmon Shen's heart was also sour, Liang Nuan's

heart, after all, is his own flesh and blood. It's just a small germ, but it's also a small life!

The hatred towards Allen Chu in my heart has slowly spread, like a poisonous tree, taking root in my heart...

"Allen! You, will you leave me?" Liang Nuanxin finally asked her what worries her.

"Silly Nuanxin, why would I leave you? Don't say silly things..." Salmon Shen gently stroked Liang Nuanxin's hair, comforting her softly.

"Then you promise me that you will never leave me!" Salmon Shen's answer made Liang Nuan feel more at ease and began to act like a baby.

Looking at Liang Nuan's weak and pale face, Salmon Shen couldn't say anything to refuse. It was all my own fault that made Nuan Xin lose her child. Only Salmon Shen knew how Liang Nuanxin was looking forward to the birth of her child.

The sets of small clothes have been bought long ago. There are cradles and toys. All are the best. Liang Nuanxin is full of expectations for her and her baby. But now...

"I promise you." Salmon Shen said softly.

Liang Nuanxin's worries suddenly disappeared! Salmon Shen is a gentleman, and he will do what he promises. Now that he promised that he would never leave, he would definitely do it.

Liang Nuanxin even began to rejoice that she had a miscarriage. If she didn't have a miscarriage, Salmon Shen would not be so guilty and would not agree to never leave her. Just the poor little baby in the stomach...

Liang Nuanxin's eye circles are red! Allen Chu, I will never let you go!

Looking at Mayor Liang standing nearby, Liang Nuanxin whispered: "Dad..."

"Heart-warming, Dad is here. How are you feeling?" Mayor Liang's face was also very ugly. On the one hand, he was worried about his daughter's body, and on the other hand, he was angry. Allen Chu was really not sure what was good or bad. He even dared to disrupt the situation of his daughter's wedding! This shows that he doesn't pay attention to himself at all! Although the Chu family was wealthy, some of the companies were still in City C. He dared to shame himself on his own territory, which is really hateful!

"Dad, you must help me out!" Liang Nuanxin's pale complexion looked very pitiful, "That Allen Chu is too damn! You don't look at the monk's face but the Buddha's face! He is so angry that I have a miscarriage. Now, Dad, you must avenge me!"

"Good girl, Dad knows how to do it. Take care of yourself." Mayor Liang said with a tight eyebrow. I had an idea secretly in my heart.

Chu Group Building. In Allen Chu's office.

"President, this is the report for this month." The director of the finance department brought the monthly performance summary.

Seeing the numbers on the form, Allen Chu's eyebrows frowned slightly: "Director Wang, the report figures for this month are ugly..."

"President, we have worked hard, but the tax inspection is too tight. It was never so strict before. I suspect that someone is secretly making trouble."

Allen Chu raised his eyes, and Director Wang shuddered with his sharp gaze.

"Put it here, and call the director of the project department to come in." Seeing Director Wang's appearance of a mouse seeing a cat, Allen Chu felt disgusted and shook his hand to let him out.

The director of the project department walked in tremblingly with the data report.

Pass the data sheet to Allen Chu, and look at Allen Chu's face secretly from the corner of his eye.

Sure enough, Allen Chu's eyebrows wrinkled closer and closer, and his face became more and more gloomy!

"Pop!" The report was thrown on the table! "Explain to me why the performance this month is so bad!" Allen Chu's voice was full of majesty.

"President, I, I... I have tried my best! But the few plots of land sold this month have all been unsold! I heard from those officials that it was Mayor Liang's order to completely block Chu companies in all industries.!"

"Mayor Liang?" Allen Chu's eyes narrowed dangerously.

"Yes, that's Mayor Liang. I heard that Mayor Liang hates you because you disturbed Mayor Liang's daughter's wedding!" The project director looked at Allen Chu's face and said cautiously.

"Haha..." Allen Chu suddenly raised his hair and let out a burst of arrogant laughter, "Just rely on him? A mayor? Want to block the Chu family?" Allen Chu's eagle eyes flashed mockingly.

"My President, you have an internal phone." The secretary's gentle voice came from the loudspeaker on the table.

Allen Chu waved his hand to let the project director go out first. Pressed the answer button on the desk.

On the phone was the majestic voice of an elderly man: "Allen, you have the ability, for a woman, you don't even want to do business?!"

Allen Chu frowned, and there was a touch of helplessness in his eyes:
“Grandpa, what rumors have you heard again?”

“The rumors? The news has come to the United States! If you hadn’t heard your Uncle Zhang say, I don’t know you are so promising now, for a woman, dare to offend the mayor of C!”

Allen Chu raised his eyebrows indifferently: “It’s just a mayor! Isn’t it a joke to block the Chu family?”

“It’s just a mayor? Do you know who is behind him? It’s XXX! I got three points when I saw it. You dare to disturb other people’s weddings for a woman!” The old voice became more and more angry. More and more rude.

Allen Chu was also slightly surprised when he heard XXX’s name. He never expected that Mayor Liang had such a background. XXX, the one in the *South* sea, below one person, above ten thousand people. No matter how powerful the Chu family is, they can’t compete with the state apparatus!

“Allen, come to the U.S. immediately. You will take care of the company in Chicago. Don’t interfere with the business in City C. I will ask your uncle to come back to deal with it.” The Chu family’s old man said very firmly.

Allen Chu was silent. It is indeed unwise for him to stay in City C now, but if he leaves here for Chicago, the hope of finding Noila is even slimmer...”

“Allen! I’ve booked a plane ticket for you, and I will go to Chicago tomorrow morning. You can figure it out!” Mr. Chu dropped a word and hung up the phone.

Chapter 99

In the dimly lit casino, Lin Yuyan was fighting hard at the gaming table.

"I bet big!" The exhilarating voice has lost his reason. I was lucky at the beginning tonight and won a few hundred dollars, but then my luck got worse and worse, with fewer and fewer chips in my hand, and losing more and more. many.

"Yu Yan, don't bet anymore, let's go back." Yu Feng took Lin Yuyan's hand and wanted to take her out of here.

Lin Yuyan has already lost his eyes, and if she is not taken away, their money will be lost! Noila is about to produce and needs a lot of money. Lin Yuyan lives in a luxurious life. It costs a lot to maintain three people. The money for selling the ring is almost spent.

"Don't worry about it!" Lin Yuyan slammed Yu Feng's hand away, staring at the card table with bloodshot eyes...

Noila Mo was alone in the apartment packing the things he needed for labor, brushing the cute little clothes and hat with his hand, and his heart was full of tenderness...

Baby, you are coming to the world soon, mom is looking forward to you. I hope you are a healthy and beautiful baby.

Although you don't have a father, your mother will take good care of you and give you all your love... Noila Mo gently caressed her belly, her face filled with maternal love.

Suddenly, there was a dull pain in the lower abdomen. Noila Mo was a little nervous, is it about to give birth?

Thinking of what the doctor said, when the due date was approaching, there would often be false contractions, Noila Mo's nervous mood relaxed a bit.

According to the doctor, lying flat on the bed, Noila Mo began to count the number of contractions, from one pain every half an hour to a regular pain

once every ten minutes, which was very consistent with the doctor's symptoms of labor!

But now she is the only one in the family! Noila Mo became a little nervous, grabbed the phone and called Lin Yuyan.

"Beep...beep..." The monotonous voice echoed in her ear, and no one answered the call.

Noila Mo hit Yu Feng again, but no one picked it up.

The ear-splitting music in the casino completely concealed the phone's ringtone, Lin Yuyan was betting excitedly, and Yu Feng looked helplessly by her side. No one noticed that the phone in the bag was ringing faintly.

The interval of pain had become shorter and shorter, and Noila Mo knew that he was about to give birth. Enduring a burst of increasing pain, Noila Mo got out of bed and packed up the baby bag, small clothes, milk bottle, and maternity supplies, all neatly placed in the big bag prepared in advance.

The pain had become unbearable, and the fine beads of sweat on Noila Mo's forehead slowly turned into large and large drops, dripping down her pale cheeks.

Sister, where are you? Noila Mo called Lin Yuyan again, but still couldn't get through.

It was too late, stretched out a trembling hand, Noila Mo dialed the hospital's emergency number with the last bit of strength...

When Lin Yuyan and Yu Feng arrived at the hospital, Noila Mo had already entered the operating room.

"Doctor, how is my sister?" Lin Yuyan asked a little irritably. Seeing that one is about to win. Yu Feng made a fuss and left the casino, saying that Noila Mo

had sent a text message saying that he had gone to the hospital. It's about to give birth.

What a disappointment! She is not her biological sister, so Baba came to take care of her! The money for selling the ring has almost lost today. I don't know if there is anything else valuable in Noila Mo... I have to find a way to get more money, Lin Yuyan thought.

Hearing from the doctor that Noila Mo would not be able to give birth for a while, Lin Yuyan and Allen Chu were watching TV in the lobby of the hospital.

This is a hospital exclusively for Chinese women. The doctors and nurses are all Chinese. Even TV programs focus on Chinatown news.

"According to rumors, the heir of the Chu family has returned to Chicago from C City and is ready to take over the Chu consortium in an all-round way. This heir of the Chu family, who had been managing business for the Chu family in City C before, was recalled to Chicago by Mr. Chu. Another purpose is to choose a wife for the heir of the Chu family. President Chu is 27 years old this year, he is not yet married, has wealth and looks, and is the real diamond king of five!"

Gossip news was being broadcast on the TV, and several relatives who were waiting for the patient began to discuss in a low voice: "The heir of the Chu family chooses a wife. In fact, the old man of Chu wants to find a small heir for the Chu family earlier. Allen Chu has been reluctant. Getting married, Mr. Chu wants to hug his grandson and wants to be crazy!"

"Allen Chu?" Lin Yuyan's ears were straight up!

Quickly walked to the front, sat right in front of the TV, and watched the news seriously.

It seems that Mr. Chu really wants to hug his grandson and is crazy! The most important thing in choosing a wife is to be able to give birth to a small heir for the Chu family.

Lin Yuyan's eyes lit up! A strategy came to mind! "Haha..." Lin Yuyan couldn't help laughing proudly! God is so kind to her! What do you think?

Little heir? There will be a real little heir in the ward right away!

"Yu Yan, why are you so happy?" Yu Feng was a little puzzled, and just lost a lot of money in gambling at night, how come Yu Yan laughed!

"Yu Feng, listen to me..." Lin Yuyan whispered her plan to Yu Feng.

After Yu Feng listened, his eyes widened: "Yu Yan, are you crazy? If Noila knows, he will hate you to death!"

Lin Yuyan sneered and said, "If we don't do this, how can we survive in Chicago? We ran out of money and can only wait to be driven away by the landlord!"

Yu Feng shook his head and wanted to say something more. Lin Yuyan had already plunged into his arms coquettishly: "Afeng, don't you love me the most? Don't you want me to have a good life?"

Yu Feng looked at Lin Yuyan's enchanting face, and was rubbed against Lin Yuyan's big breasts, only to feel a fever in her lower abdomen... The little sympathy for Noila Mo disappeared immediately.

Lin Yuyan took off all the jewels on her body, took a thick dish of banknotes from the cash machine, put it in an envelope, and walked into the doctor's office.

In the delivery room, Noila Mo had already used the strength to feed her milk. She felt that her consciousness was gradually disappearing, and the pain was

overwhelming. Her lips had been bitten by herself, and her slender fingers were tight. Grab the iron railings on the production stage, exhaust the last bit of strength, and let out a hoarse mother animal roar!

A stream of heat rushed out, and there was a burst of lightness and joy in the birth canal... Noila Mo knew that the child was born!

She was so tired that she fell asleep faintly before even opening her eyes to look at the child.

In the office, the doctor sneakily handed Yu Feng a baby carrier. Yu Feng didn't say a word, and walked out carrying the basket.

After waking up after a long sleep, Noila Mo finally regained some strength. Opening her eyes, Lin Yuyan was sleeping on the escort bed next to her.

"Sister!" Noila Mo said weakly, looking around in the ward.

Why are only her and sister in the ward? Where's the baby? Why is the baby not by her side?

Lin Yuyan was awakened by Noila Mo's call, a trace of panic flashed in her eyes, and she soon calmed down.

Rubbing her eyes fiercely with her hand, Lin Yuyan tried her best to squeeze out a few tears, her voice was extremely tragic: "Noila..."

Seeing Lin Yuyan's expression, Noila Mo suddenly had a bad feeling in her heart: "Sister, what's the matter? Baby?"

Hearing Noila Mo's words, Lin Yuyan began to cry loudly: "Noila! My hard-working sister! Baby, baby she..." Lin Yuyan covered her face with her hand and rubbed her eyes desperately, hoping to get her eyes closed. Rub the red, squeeze a few more tears,

"Sister, what's wrong with the baby? Where did the baby go? Is there a physical problem? She was in the intensive care unit?" Noila Mo burst into tears instantly and she cast a face.

Baby, why is her baby so pitiful, he just came out of the womb and got sick!

Lin Yuyan cried loudly: "Noila... baby, baby is gone!"

Noila Mo's eyes turned black and her head buzzed with pain, as if she was hit by a big stick. Struggling to get up from the bed: "Sister! What did you say! You said the baby is gone? Where did the baby go?!" The more she talked, the more frightened, she really didn't want to hear any bad news!

"Baby, she was born with a physical disability and died after she was born!" Lin Yuyan cried out this sentence.

Noila Mo's eyes went dark and she passed out.

In the luxurious and amazing castle-style building of the Chu family, the servant is respectfully reporting to Mr. Chu: "Master, there is a woman outside. She said she is the young master's girlfriend. She has just given birth to a son."

Mr. Chu was originally drowsy playing chess with the servant, when he heard these words, his eyes flashed like a 500-watt light bulb!

"Woman? Born a son to the young master?!" The voice was surprised and happy!

Now my son doesn't care about the family business at all, just traveling around. Allen, the only grandson, is very capable and can take over Chu's business in the future, but he is already 27 and he doesn't even have a stable girlfriend! It seems almost impossible to expect him to get married. He was crazy when he wanted to hug his great-grandson, but he didn't expect that a great-grandson would actually be brought here today!

“Quick! Let her come in!” The old man Chu was going crazy! Whether it’s true or not, it’s okay to have a gossip news for fun, Allen Chu, this kid, just like his father, has a cold face. This family has no popularity at all!

Hearing that Mr. Chu had requested, Lin Yuyan showed an unexpected smile on her face.

Wrap the baby in her arms tightly, Lin Yuyan followed the old housekeeper into the ancient castle of Chu family.

This is a real old castle, the high roof is painted with magnificent color paintings, black and gold furniture and huge crystal chandeliers, expensive antiques and blooming flowers everywhere, make this ancient Fort has an oppressive wealth and aura.

In the middle of the hall, in front of the fireplace sat an old man with white beard and hair. Lin Yuyan hugged the baby in her arms and slowly walked towards him.

Chapter 100

Lin Yuyan walked towards the old man on the sofa holding her baby.

The child in his arms slept soundly, with a white tender face, a tall nose, and a small pink mouth. It looked very cute.

“This is the old lady of the Chu family.” The steward next to her introduced her.

“I have seen the old man.” Lin Yuyan suddenly felt a strong pressure, and looked up at the old man Chu who was sitting on the sofa with a smile, secretly wondering in her heart, why is such a kind and amiable old man so powerful? The aura.

"Quickly, hurry up and bring the child over and let me have a look!" The old man Chu, who had been looking forward to his grandson for many years, couldn't move his eyes away anymore when he saw the baby boy.

The old butler walked over, took the child from Lin Yuyan, and sent it to Master Chu.

Mr. Chu's old face was full of joy, his eyes were out of sight with a smile, and he reached out to take the baby.

The moment he was hugged by Mr. Chu, Xiao Ren'er's eyes suddenly opened, dark and bright, and looked at Mr. Chu without blinking.

"Hey! My dear grandson! Did you know that it was Grandpa hugging you?" Grandpa Chu liked it so much that he didn't know what to do. At the first sight of this child, he knew that the child was indeed from the Chu family. Having been in the market for so many years, he has long developed first-class intuition and judgment.

Lin Yuyan heard what Old Man Chu said, and a stone in her heart had fallen to the ground. Originally, she was worried that Old Lady Chu would not recognize this child, but she is all right now! It seems that making a large sum of money is not a problem!

After teasing the little man in his arms for a while, Old Lady Chu began to look at Lin Yuyan who was sitting on the sofa.

The appearance is first-rate and beautiful, but the temperament is not very good, not his ideal grandson-in-law. Old lady Chu made a judgment immediately.

Look at Lin Yuyan's slender figure, it doesn't look like the one who had just given birth. There was a little more doubt in my mind.

"What is your name? How did you meet Allen? Was this child born to you and Allen?" The old lady Chu looked very kind, but he shouldn't be dignified when he is serious.

"Well, my name is Lin Yuyan. I gave birth to President Chu. This is actually a misunderstanding. President Chu and I were drunk the night before..." The old lady Chu was sharp. With a stare, Lin Yuyan became a little incoherent.

"The kid after the one-night stand? How old is this kid? Does Allen know about this?" Old Madam Chu's eyes became sharper. It feels like this woman is lying.

Lin Yuyan rolled her eyes and lied: "My child, it's been more than two months. President Chu, he doesn't know yet..." Seeing the cold face of Old Lady Chu, Lin Yuyan hurriedly distinguished: "But this child is indeed from the Chu family! If you don't believe it, you can do a DNA paternity test!"

Old man Chu stared at Lin Yuyan with sharp eyes, as if he wanted to tell from her face if she was lying.

Lin Yuyan nodded desperately, for fear that the business would fly away. If the Chu family didn't admit the child, her plan would be ruined!

"Uncle Li, go and ask the doctor to come over." Elder Chu ordered.

Lin Yuyan finally let go of her hanging heart upon hearing the words of Mr. Chu. A smug smile appeared on his face.

Mr. Chu glanced at Lin Yuyan, and said majestically: "Miss Lin, the child will stay with me first, and I will put 100 million dollars into your account. After the identification result comes out, the money will be automatically transferred to you. Account."

The implication is that you can give you money, but don't want to enter the gate of our Chu family!

One hundred million dollars! Lin Yuyan's eyes widened unbelievably! Excited and bowed again and again: "Thank you old lady, thank you old lady!"

Lin Yuyan's greedy and excited look was seen by Old Man Chu, and she couldn't help snorting coldly.

This kind of woman is not worthy of entering the Chu family's gate! However, the old man Chu looked down at the child in his arms, a doting smile floated on his face, this child was really cute, he looked exactly like Allen when he was a child!

Great! He finally has a great grandson! Old lady Chu looked at the baby in his arms with love.

In an inconspicuous small apartment in Chicago, Noila Mo was lying on the bed.

The tears have drained, and the heart is so painful that I have long lost the ability to ache, and my pale hands are stroking the deflated belly nervously...

Baby... baby, why did you leave your mother? Mom hasn't had time to take a look at you... baby, my dear daughter, what do you look like? Does it look like a mother?

Yu Feng came over and handed over a bowl of chicken soup with some guilt: "Noila, get up and have some soup! Your body is too weak, and you need a good supplement."

Noila Mo said lightly, "I have no appetite." He stopped looking at Yu Feng.

She had resentment towards her sister and Yu Feng in her heart. The child died when she was born. It was fate. She didn't blame others, but why didn't

she let her take a look at the child? She gave birth to the baby who had worked so hard in October, so why didn't she take a look at it and deal with it?

My sister said that she was afraid that she would be sad. But isn't she sad now? She always looked at her child in her dreams, even if she only glanced at her... to see what her little baby looked like, otherwise, she would not even recognize her little baby when she went to heaven in the future...

I heard it was a daughter, the little girl she dreamed of, her little boy, but her mother hadn't even seen it!

Tears filled my eyes again, the pillows under my head were all soaked, and my heartache was so painful that I couldn't breathe!

In just a few days, Noila Mo had lost more than ten kilos, and her weight had completely dropped to the level before pregnancy. The whole person was lying on the bed, completely like a thin shadow, like a paper man, so pale and thin that it palpitated.

"Master! Congratulations!" As soon as Allen Chu returned home, the servants began to congratulate him.

"Congratulations?" Allen Chu raised his eyebrows and asked strangely. Today he just received the report from City C, and Noila Mo still has no shadow at all. Including the woman who sold Liang Nuanxin's ring, she also evaporated! No clue can be found. His heart is heavy.

"Master, you have a son! A woman came to the door with a child in the morning and said it was your son. The old lady sent someone to do a DNA paternity test. That child is indeed yours!" The servant said beamingly .

"Son?" Allen Chu walked to the living room with the servant for some reason.

Old lady Chu was teasing the child with the nurse. As soon as he saw Allen Chu coming back, Mrs. Chu raised his hand to him with joy: "Allen, my good grandson is so cute, you kid, you finally did something that made me happy!"

Allen Chu walked over and looked at his son who had appeared inexplicably.

A pair of clear big eyes are dark and bright, and the white part of the eyes is slightly blue, as clear as the most transparent lake. The white and tender skin has no blemishes, and a layer of fine hairs evenly covers it. With a tall nose and a little pink mouth, he looked at him curiously.

Allen Chu's heart suddenly softened, and his cold and arrogant eyes became a little more gentle. The baby in the swaddle seemed to notice his changes, suddenly grinned, and gave Allen Chu a big smile!

One of the softest corners in Allen Chu's heart was suddenly touched, and in an instant, he fell in love with this child deeply. This is his son, and the magical telepathy tells him that this is definitely his son!

Grandpa Chu said jealously next to him: "Little things, I laughed so happy when I saw my dad! Why didn't you laugh when grandpa hugged you?" He gently scratched the child's small face with his fingers, and the spoiled look was so fascinating. Can't stand it.

Allen Chu carefully picked up the child and looked at it carefully. The more I look, the more I like it! Old Madam Chu also smiled and said, "Look, it looks like you when you were a kid! It's almost printed in a mold!"

Allen Chu also felt that the child was familiar, but the more he looked at it, the more he realized that this child was a bit like Noila Mo! The corners of the crooked lips, the eyes that squinted like a little moon with a smile, look so much like Noila Mo!

Allen Chu smiled somewhat self-deprecatingly: Allen Chu, are you crazy! Noila Mo hates that you are too late, where would you be willing to give birth to a child! Besides, the child in her belly is not yours, it's that senior...

He picked up the child lovingly, and pressed his face to his soft little cheek. Allen Chu found that he really loved this child. I fell in love with the first sight.

"Allen, give your son a name!" The old lady Chu smiled and k*ssed the child's face.

Allen Chu pondered for a while: "Sihan. It's called Sihan."

Chu Sihan, Old Madam Chu thought for a while, and shook his head. The name is not good and not expensive enough.

Allen Chu raised his eyes and looked at Old Madam Chu: "It's called Sihan." Old Madam Chu and Allen Chu looked at each other for a while. Forget it, because this kid gave him a good grandson, he was called Si. Chill.

"Little Sihan, dear baby, hurry up! When you grow up, grandpa will take you around the world!" Old grandpa Chu began to tease the child. Suddenly he was a little sad: "Oh, my dear grandson, when you grow up, grandpa is too old. I'm afraid grandpa won't see you grow up!"

The atmosphere was a little sad for a while, and Allen Chu stood by the sofa and looked at Mrs. Chu. He was also slightly sad. Grandpa is indeed old, and his hair is completely white.

"Allen, when are you going to play until? When will you be willing to get married?!" Old Madam Chu's voice increased. This grandson is so uncomfortable, he won't get married when he is 27. He still wants to wait to drink his wedding wine!

"Grandpa, don't worry about that." Allen Chu said lightly.

"Don't worry? Don't worry about whether you won't get married in this life!"
The old lady Chu has an angry face: "Uncle Li, how is the matter of choosing a wife for Allen going? You must show me the results within a week. !"

Seeing the old lady Chu's anger, Li Shu, the housekeeper, quickly replied: "I have shown the young master 1,000 photos, and he is not satisfied! He is not even willing to meet him!"

"Then find 1,000 more girls! Find all the single and unmarried women from all over the world, and let him choose!" Old Madam Chu's voice was firm.
