

CORRUPT CREATIONS

Chapter 320 - Tasting From Heaven *

Unfortunately for that piece of fabric, Serene was one of Seth's weak spots and he wasn't able to hold himself anymore, kind of ripping some pieces of her dress and directly exposing her underwear.

Serene and Seth had a very mild and calm lovemaking session on her first experience time. However, he was now going to show her how things were on the other side of the coin.

Serene wasn't expecting he would do something like that and got very surprised, but even though she would have to give an excuse to the person that lent her that robe later, she felt that what he had done was pretty exciting.

"Serene, every time that I look at you, I can't control myself."

"You don't need to control yourself, dummy."

Seth smiled and said: "Hehehe... You said it yourself."

"Ah!"

He pressed her on the bed, quickly using his agile hands to remove those remaining pieces of fabric that were still covering her pristine body. Very quickly, they were taken off, revealing her perfect jade-like skin to him.

After almost getting bewitched, Seth leaned downwards and started to kiss her neck many times over. He started to apply a little bit more of force on his lips, as he sucked on that area and slowly moving down to her collarbone, after each kiss.

At the same time, his hands traced her chest area, following the lines of her heavenly breasts, until he was able to find the treasure peak.

At that moment, Serene felt restless, as if something was starting to build up inside of her body. Just that bit of an increase in the intensity, was making her reactions a lot more exciting.

Like he was thirsty for her, Seth continuously squeezed, kneaded and pinched every single part of Serene's heavenly mounds, intensifying that pleasurable sensation building up inside of her, with each action he performed.

At some point in time, Serene wasn't able to stop making seductive sounds anymore. Right at that moment, Seth felt that just a very small push of his, would be able to make her reach the situation he wanted her to reach, and for that reason, his right hand slowly made its way towards her most private area. At the same time, he increased the pace of his movements with his left hand, caressing and twisting one of her nipples.

As his right had descended, Serene's anxiousness and expectations increased and when one of Seth's fingers touched her already wet pussy, the demonic princess felt the whole world had suddenly turned white.

"AAHHH!!!"

Her body curved on his arms as her muscles spasmed in pleasure. Seth had so meticulously done the foreplay, that just a single touch in her nether erogenous zone, was able to bring forth the effect he desired to see.

Serene's breathing got erratic as her body was struggling to bring her back to reality. Inside her head, everything had already melted down. Only after twenty or so seconds, she was able to recover from that condition.

All this while, Seth admired how beautiful and seductive, the way she unconsciously acted was. His sleeping dragon was already up and furious, trying to rip a hole through his pants in order to participate in that party, but Seth still got a hold of himself, not letting his primal urges take control of him. He wanted to appreciate it all, before the real action started.

While Serene was still recovering, he finally started to move his head down, trying to see how heaven was like and taste the water from the paradise lake.

However, Serene snapped back to reality and instinctively tried to cross her legs. All of this was relatively new for her and what Seth was trying to do, brought her a bit of shame and embarrassment.

But Seth was an obstinate warrior and he had to fight for the rights of accessing the heaven. At that moment, it was like his life depended on it.

"Serene, don't worry. Between you and me, there is no need to hide anything."

"But... It's..."

"My princess... I love you and I want to let you have the best experiences possible. You don't have to worry with anything. Everything about you is beautiful and sacred, so..."

Serene felt happy when hearing his sweet words, decreasing her resistance and letting an opportunity for the beast to attack.

Seth took on that opportunity, separating her legs once again and coming to directly face her sacred region. He didn't give her anytime to react out of embarrassment and brought his lips forward, in order to enjoy the best delicacy in the entire world.

When she felt Seth's lips connecting to her sacred garden, Serene felt a rush of heat and embarrassment that almost made her faint right there, but as time passed by, she was able to shed that mantle of embarrassment that was spoiling all her fun and begin to feel something else.

All of a sudden, Seth's hot breath and wild tongue made Serene swiftly feel that strange sensation building up inside her body once again. She was not feeling bashful anymore and her heart and soul started to really enjoy what she was receiving.

"Uhm!"

"Ahn!"

"Ahhh!"

One after the other, her moans were getting more frequent and intense, but differently of what she thought, Seth was more preoccupied of sating his own lust at that moment than trying to bring her to another orgasm.

At first, he wanted to do what he was doing in order to lubricate her entrance for the real intercourse that was going to happen later, but after tasting from her nectar, he got so intoxicated, that at a certain point, he just wanted more and more.

The pace of his actions increased and his right hand started to rub her thighs, in a really successful attempt to make her more wet. Unknowingly, it was already reaching a point where Serene was feeling frantic and the "normal" orgasm that should have already happened, didn't happen yet. It kept accumulating and accumulating, till everything uncontrollably descended.

"AAAAHHH!!!"

Suddenly, Seth felt like he taking a hot bath. Serene's nectar sprayed on his whole face and at the same time, she screamed loudly, releasing everything that had built up inside of her to the outside world.

Her legs were shaking like crazy and her chest was uncontrollably heaving from exhaustion, but at least, she managed to keep herself from fainting.

As for Seth, he tried to drink it all, but unfortunately, he wasn't able to. He never thought Serene would actually spray all that nectar on his face and he was caught off guard. Because of that, he felt like punishing her. Had she told him about that beforehand, he could've drunk it all.

He stood up, bring his face away from her and ripped his pants with his bare hands. It was already tattered and torn after battling against a Mana Sovereign Realm cultivator and he wouldn't use it anymore. While he was unconscious, the girls made sure to clean his entire body with their Mana, so even though he had been using this piece of cloth during all this time, it was super clean.

But now, it turned into nothing more than a cloth used to clean up the floor.

Seth's naked form was now being displayed for Serene and it was only the second time she was able to see it. However, he caused on her, a very similar effect that she caused on him when he saw her naked. His perfect shape was able to immediately capture her attention, even going as far as recharging some of her stamina, just by the excitement it brought her.

When her eyes moved down and her vision fixed in that long spear that was pointed at her, Serene almost screamed in fear. An internal struggle suddenly erupted inside of her, when fear and excitement were fighting each other.

If Seth was able to cause that extreme effect on her body, while just using his mouth and hands, what would that thing bring to her then?

But at that moment, Seth grabbed her shaking hand and said: "This time, I'll be gentle. We've already gone too far."

Serene's heartbeat immediately calmed down and she nodded. She trusted him with her life, so, of course, her body was his to command as well.

Seth had seen how Serene's body had reacted to that wild tongue play and he knew that if he were to do any more extreme things, it would cause the opposite effect and unless she were a certain someone, she wouldn't enjoy it.

Somewhere inside the Glazed Lake Sect, a beautiful lady with a wavy blue hair sneezed.

"Ah-chooo!!!" Jiang Yi was training inside her room in the Eleventh Palace, when suddenly she felt sneezing. Even her ears were heating up all of a sudden.

"Eh?! I guess I have spent too much time training with this cold water. Sigh... After training for so long, I wish I could relieve myself once again, just like at that time."

Soon after that, Jiang Yi went to sleep while thinking about her old adventures with that wild young man.
