

CORRUPT CREATIONS

Chapter 331 - A Great Night *

When Rina least expected, she was already completely naked and Seth's finger was already swirling around one of her nipples. A tingling sensation forced Rina to close her legs together, else she would wet the couch.

Just like Seth, her body was signaling for her, that she was already ready for the main course.

Seth's right hand abruptly descended and he started to massage her nether region, heavily focusing on pleasuring her pink pearl, what instantly got a reaction from Rina.

She separated their mouths apart and her head involuntarily bowed back as she let out a loud moan of delight.

"Uhhh!!!"

Seth kept kissing her neck and moving his hands, making Rina's pristine jade body be thrown inside a storm of endless enjoyments. The smooth and light kisses he was delivering on her neck and the merciless attacks his fingers were doing on her pussy, completely drowned Rina's mind in pleasure. But right as she was about to reach the climax, Seth abruptly stopped.

His decision to stop was so sudden, that Rina was abruptly hit with a sense of abstinence. She looked at Seth and inside her eyes, he could see the pleading and he was able to deduce what were her thoughts at that moment.

'Why... Why did you stop?'

However, Seth was preparing something even better for her and since he didn't want to keep her waiting for too long, he swiftly positioned his hips in a way, that his lance could easily enter till the end of her narrow and wet paradise.

Before Rina could actually complain to him, Seth was already moving his hips and with a single but long thrust, he connected both of their bodies together.

"Uhm!!!"

Rina suddenly felt full and Seth realized he had reached the end of the road. Before his eyes, Rina's body was unstoppably moving, trying to get accustomed with the pleasure and discomfort, since they came together.

However, they had done it multiple times and her body swiftly readjusted itself for his size. From that point onwards, only pleasure remained.

"Ahn! Ah!"

Seth started to move in a pace that was neither slow nor too fast, but it was the best pace for Rina to start feeling really good. Actually, at that pace, even Seth himself was starting to feel it. She was completely wet and he was able to slide in and out easily, creating a good sensation for both of them.

At that moment, Rina was not even remembering her mother was there, watching everything. Even Seth had forgotten about Arwen for a bit. He was focused on enjoying the action he was performing and the scenery he was able to see.

But suddenly, Seth felt two hands coming from behind his back and caressing all over his chest. Following that sensation, he felt two huge mounds of a really soft cotton-like texture, pressing against his back. It was like he was getting embraced by an angel.

Arwen's face appeared dangerously close to his and her body glued to Seth's body as he was pounding her daughter, further pressing his hips against Rina's and increasing the pleasure she was feeling.

Rina wasn't able to notice her mother's arrival, since she had her eyes closed while enjoying everything, but Seth kind of felt even more excited. He turned

his head sideways and started making out with Arwen, while at the same time, he kept moving his hips to please Rina.

"Ah! Seth! I'm going to..."

Seth felt his member getting squeezed and a sudden tightness surging around it, that made it impossible for him to keep moving at the same pace. At that moment, Rina was reaching the peak, but he wasn't even able to appreciate her reactions, since his lips and attentions were completely captured by Arwen.

When the Elf Queen finally released him, Rina had already reached the climax and was panting nonstop. But Seth didn't even had time to complain that he couldn't enjoy seeing her expressions, since Arwen pushed his body on the couch, right beside where Rina was.

That girl was still recovering from all the stimulation she had received and wasn't able to realized her mother was about to ride her boyfriend right beside of her.

Arwen was already very wet from having to watch all those obscene things happening right in front of her, so after Seth sat down, she sat on top of him and their hips joined together, like two pieces of puzzle that completed one another.

She took advantage that his rod was already completely drenched in her daughter's juices, to easily connect with him.

"You're not allowed to rest for the whole night." After saying those words, Arwen resumed their kissing. At the same time, she started to move her hips up and down, creating a really good friction.

When Rina came back to herself, she saw her mother shamelessly riding Seth, not even bothering with her presence. But since she wasn't like Arwen,

she was only able to keep staring at that scene in amazement, admiring how bold her mother was in certain times.

That night, Seth felt like he had to work extra hard on the job he loved the most. The girls wanted to have that experience with him as much as he wanted to do it with them, so they kept going at it for many hours without stopping. When morning arrived, he felt he was kind of tired, but at the same time he also felt accomplished.

Seth, Arwen and Rina were laying down on the same bed, but the elven ladies were already asleep. Throughout the whole night, for many consecutive times, he alternated in between pleasuring the both of them, but in the end, he was still the one that got tired last.

However, the happiness he was feeling was proportional to how tiresome that activity was. He was totally able to satisfy his own, Arwen's and Rina's lust. And just like that, seven whole months of lust were gotten rid of in a single intense night.

Seth closed his eyes and let the tiredness consume him.
