

CORRUPT CREATIONS

Chapter 83 - The Right Place And Time

Serene opened her eyes outside of Seth's soul space and felt that mystical link, connecting her and Seth's soul. She was still a beginner on the cultivation path and could not feel Qi energy very well, however, she could feel the link between them right now. Through the link, Seth's energy and emotions were intersecting with hers, making her notice that there was a feeling in common between them right now.

Serene didn't even need to ask for it. She got closer to him, already moving her lips to connect with his.

Seth could feel her desire through their connection and that same fervent desire he has been holding until now, could finally be free. He let loose of the beast within himself, taking her lips with his in a passionate way.

The Soul Link ritual would not alter their feelings or anything like that, it would only intensify them and make it sure the other party would feel the emotions and desires inside one's heart. That means that whatever lust or any other desires they had for the other, was already deep inside them.

Seth felt her luscious lips and craved for more. He made sure to slip his tongue inside a tiny opening between her lips, assaulting her tongue with multiple rounds of attack.

Serene passed her arms around his neck, thoroughly enjoying the sensation. His arms, that were already holding her waist, pulled her closer so they could enjoy that wonderful moment.

Seth has never played in the defensive mode in regards to romance and love. However, all his tries to push things further, before today, have ended up in failure.

Meiyi was a seventeen years old girl until some days ago, so Seth was waiting for her coming of age. Caizhi was the first girl on the human territory that he tried to push things until the end, however, every time he tried to do anything, someone (Lilian) would mysteriously appear, ending up whatever possibility to do anything.

Lilian and him were still on the process of developing a relationship, so he knew it would take time for the things to sort out between them.

Making some observations, Seth noticed that the main problem was narrowed down to place and time. Thinking about it now, what would be a better place and time than this situation that was happening right now?

Seth's hands started to roam free around Serene's back, searching for a way to remove the fabric between them and her skin.

Serene noticed his clumsy attempts of undressing her and started to do the same with him. In no time, she had taken the black shirt he was wearing, exposing his firm muscles that made her fall even deeper in her lust.

She finally took some pity on him and started to undress, revealing the most enchanting figure Seth has ever seen. There were no words to describe how beautiful her pale skin was. He felt like something was stuck on his throat and could not even voice out his appreciation.

If he could not talk, then why not kiss it? Seth started to lightly kiss her skin from top to bottom, leaving only a few areas without receiving his caress.

"Ah!"

Before it was too long, Seth lifted Serene and carried her towards the bed, where both of them continued that exquisite dance. A mixture of kisses and caresses, while at the same time, taking off different pieces of clothes, until nothing was left.

.

.

.

The banquet was almost over and Velgor and Qiao Xuan had already discussed the most important topics regarding their new alliance.

"Brother Velgor, there is something bothering me and I would like you to clarify it for me. How do you expect that not a single person present here won't reveal the contents of our previous discussion?" Qiao Xuan had the means to make his subordinates stay silent, however, he was feeling that it would be impossible for Velgor to control all the people who heard them.

The strangest part of it all, was that Velgor didn't seem bothered by that. It was like they were the perfect subordinates that would never betray him.

"Hehehe. Good question, brother Qiao Xuan. There is no way that one of them would be able to reveal it, that I can guarantee, however, I can't tell you how or why, because that is a secret from my Demonic Shadow Royal Clan."

"Oh? I see. So that means that there is something preventing them from doing it right?"

"Precisely."

"Sigh... I never thought you would be this clever and cunning, I am grateful that we are allies now. I see that those two other Higher Grounds on the human territory, will have a hard time stopping your advances. Hahaha."

"That is nothing, brother Qiao." Velgor mildly smiled.

'Do you think you are outside of my plans brother Qiao Xuan? When the time comes, if you do not bow down, you will die together with the others Higher Grounds.' Velgor plans were deeper than what Qiao Xuan thought they were.

Some minutes later, while both Mana Sovereign powerhouses were still enjoying the last parts of this banquet, Qiao Bao excused himself from the hall and went towards a place he knew of. A place that has never left his memory, since the last time he visited the Demonic Shadow Royal Clan, some years ago.

He arrived at the Demon Empress Garden and started to recall the first time he saw a glimpse of the "Silver Nights" princess silhouette. She was as beautiful as an angel and he could not find any flaws on her. She was watching over the flowers, but they were ugly and colorless near her presence.

Since that time, he has dreamt of obtaining her for him. He wanted to ravage her, to show the world that she was his possession.

He was now closer than he had ever thought. A year later, he would be able to marry her and consummate the marriage.

Qiao Bao looked towards a mansion a bit far away. This area was already outside of the main castle and there seemed to be no one guarding it. He noticed that there was a formation on the second floor of that mansion, since he could not see anything around that area.

'Is that the place she lives in?' Qiao Bao confirmed that there really wasn't anyone near that area and decided to enter the mansion. He would be satisfied if he could see her at least once.

He passed through the gate, unimpeded, heading towards the second floor. In front of him, there was a beautiful door, tightly closed. He could feel the powerful formation around it, a formation able to block any kind of energy. He didn't even try to open the door, since he knew it was futile.

After some time looking at it, he had a brilliant idea. If he couldn't see her, he could at least try to hear her voice.

Qiao bao approached the door and put his ear on it, trying to capture any sound coming from within. After closing his eyes, sealing his sense of sight, he finally heard a sound.

"Hmmm... Uhm..."

The sound was very low, since it seemed to be coming from the other side of the room. However, he heard it clear.

'What was that? It sounds just like a moan...'

"Young Master Qiao Bao. What are you doing here?" Petunia approached him with a serious expression.

Qiao Bao could not feel her cultivation level. It meant that she was stronger than him. He felt that he would not be able go against her in a fight, since she seemed to be at least a Mana Control practitioner.

'Only someone like her would be worthy of serving princess Silver Nights.'
Qiao Bao silently thought.

"I was just walking aimlessly through the palace and ended up here."

Petunia narrowed her eyes at his easy-to-see-through lie, but didn't berate him or reveal it at all. She couldn't afford to be impolite with someone like him because of his important status.

"Young Master Qiao Bao, it is inappropriate to be wandering like that on her highness mansion."

"Is this princess Silver Nights bedroom?"

"Yes, it is. She was not feeling good and decided to not attend the banquet. She has a stomachache, so it would be better if you do not disturb her rest."

"I see. Don't worry, I won't be disturbing her." Qiao Bao left. But for some reason, that sound could not fade from inside his mind.

Petunia watched his departing figure with a kind of a mocking smile.

'They didn't even marry yet and he was already getting cuckolded. Or is it better to say that he is already wearing the green hat?'

Petunia felt really unfortunate that she knew something as huge as this, but couldn't gossip to anyone.

Inside the room, Seth and Serene were already intertwined below the bed sheet. They seemed like they would never separate from the other.. If things continued like that, it didn't seem they would be finishing before morning arrived.
