Chapter 1201: Matching Clues

Two hours later, more news came one after another.

“Leader, this time we should have the right suspect!” Zeng Ke said, enlarging the information on the big screen and introducing it to everyone. “Lin Chaofeng, real name Lin Huiyan. She had a fengshui master change her name to Lin Chaofeng!”

“Also, the Yun Hai Group was originally called the Lin Group, but the name changed later after Lin Chaofeng consulted the fengshui master!”

“Hmm...” Zhao Yu nodded slightly. “So, this Lin Chaofeng is a firm believer in fengshui?”

“That’s right!” Xiong Wendong said, cutting in. “The more you do business in the trade industry, the more you start to believe in fengshui, geomancy, and all that kind of stuff! Besides hoping for a good omen, it can also play a certain psychological factor!”

“It’s true,” Zeng Ke said. “According to the data I researched, Lin Chaofeng really cares about this aspect. Every time the company engaged in a significant project, she would find someone to check the fengshui.

“Also, she has donated huge sums of money to many temples in Fu Lai, Yue Zhou, and other places, and even cast a bronze cast of Guanyin Buddha statue in the Chen Long temple that was 24 meters high!”

“Wow... that’s some serious wealth!” Xiong Wendong murmured.

“The most critical piece of information is...” Zeng Ke said, turning to the next page of the information and continuing his introduction, “About one year ago, various ailments began to appear on Lin Chaofeng’s body. Amongst the information, there were three visits to local hospitals in Fu Lai. There was also an in-patient record in a private hospital in Xia Kou.

“If the information is correct, then she’s still living in that private hospital!”

“How’s that!” Zhao Yu and Xiong Wendong glanced at each other proudly. “Surely enough, she has an illness. Zeng Ke, what illness does she have? It must be serious.”

“Because it’s a private hospital, we have yet to check the illness she has contracted,” Zeng Ke said. “I was just about to ask you for your orders! Should I, hmm, ask about it through regular channels, or...?”

“Do you still need to ask?” Zhao Yu said. “For a person with such a high status, we must avoid alerting them unnecessarily. So, put your hacker skills to work a little! If you don’t use those skills soon, I’m afraid they’ll grow rusty. Haha...”

Zhao Yu’s request made Xiong Wendong and Gao Facai feel uneasy.

“Okay!” Zeng Ke said, agreeing. “I have completed the investigation about the ladder you mentioned as well. I hacked into all the manufacturers and checked all their past order information.

“Finally, I found that about a year ago, a manufacturer located in Yao Ming City had indeed produced a specially customized ladder truck. The highest lifting height of this truck was exactly 40 meters.

“The cost of the truck was 2 million yuan, and when the order was placed, the buyer paid in full...” Zeng Ke brought up the relevant information on the screen. “I checked the purchasing unit, and all the information listed in the registration was all false!

“But I did manage to find the delivery information. The customized ladder truck was delivered by the cargo ship directly through the pier. However, I have to contact Yao Ming’s police department tomorrow for information about receiving the cargo ship.”

“Did you see it, did you see it?” Zhao Yu asked, patting Gao Facai on the shoulders and startling him. “Old Gao!” Zhao Yu laughed and pointed at Zeng Ke. “See how capable Zeng Ke is? Where else can you find such a talented, handsome, and innocent guy?”

“Hurry up and match him with your goddaughter! Another great opportunity like this won’t come again if you miss it!”

As soon as he said this, everyone in the room became speechless. Gao Facai felt awkward, while Zeng Ke blushed and had to lower the temperature of the room.

“Hehe!” Xiong Wendong said abashedly. “Officer Zhao is great at making jokes. But other than the talented and good-looking part, Lil’ Zeng has a few black spots here and there. Can you really call that pure...? Heh!”

“The h*ll, quit giggling!” Zhao Yu glared at him briefly, then pointed at the screen and said, “Now that all our thoughts have been sorted out, Lin Chaofeng is 98% the owner whom we have been searching for so desperately!

“As the saying goes, you’ll turn to any doctor you can find when you’re critically ill. Lin Chaofeng must have gotten caught in the trap by the professional scammers, so...” he paused, before continuing seriously, “We must be extra careful with the next part of the investigation!”

“Careful, uhm,” Xiong Wendong frowned. “We can’t just go up and catch them?”

“Hmph!” Zhao Yu smiled widely. “I have dealt with such super-rich people many times! If we just go up to them and investigate, there will be plenty of lawyers waiting for us, and it will be a trap!

“Moreover, all of our evidence is just indirect evidence. If they get back at us tit for tat, it won’t be beneficial for either party.

“Further adding on, Lin Chaofeng may just be a victim. Perhaps she knows nothing about the thieves stealing the corpses or even the murders!

“As such, we should hit it where it hurts the most. Our main target should be the fraud groups who have actually committed the crimes!”

“Hmm, then what do you say our next course of action should be?” Xiong Wendong asked.

“Investigate secretly, collect evidence, and find out more information about the scammers first!” Zhao Yu said. “This group should be close to Lin Chaofeng, so it is certainly not difficult to check. Once we find our target, we can get back at them with a surprise attack!

“Well, isn’t Lin Chaofeng in Xia Kou now?” Zhao Yu said again. “Ran Tao is there too! Tomorrow, I will send Miao Ying there to help out first and clear up the recent actions taken by Lin Chaofeng.

“While I will head directly to Fu Lai City to investigate the details of the Yun Hai Group and get the investigation going simultaneously. Let’s see where else they can run! Ha!”

Ah... hero...

Just as Zhao Yu finished his sentence, the phone rang again. It was now past midnight. If there was a call for Zhao Yu at this time, it had to be business-related!

Sure enough, it was a call from Cui Lizhu.

“Boss, boss, I investigated the circle of rich people today. I think... I have completed the task. Uhm...” Cui Lizhu began excitedly. “I will send the pictures to you. Can you get Zeng Ke to compare them and see if they look alike?”

As soon as she finished, Zhao Yu received the file on his mobile phone. He opened it for a look and saw that it was the exact same piece of yellow paper with the eight characters.

In the beginning, Zhao Yu thought it was the one found in the hanging coffins. But on closer inspection, it turned out the eight characters were completely different.

“Oh?” Zhao Yu was shocked for a moment and quickly asked, “Lil’ Cui, who wrote the yellow paper that you have there?”

“Isn’t it similar? I thought my eyes were playing tricks on me at first!” Cui Lizhu chirped. “If the writing is the same, then I advise you to check up on a company called Yun Hai Group!

“I don’t know who wrote it, but I do know that the yellow paper I sent you belongs to the chairman of the Yun Hai Group!”

Chapter 1203: more like you

“Look! The clues are the same!” Xiong Wendong looked at the yellow paper and said, “so, you’re right! All the clues point to the Yun Hai Group!”

“Wait a minute ...” At the critical moment, Zhao Yu suddenly found a problem and asked Zeng ke, “how many chairmen does Yun Hai Group have?”

“There’s ... Only one! Lin chaofeng?” Zeng ke replied quickly.

“That can’t be right!” Zhao Yu pointed at the picture on his phone and said, “if there was only one Chairman, then the birth characters should be the same as the one on the female corpse, right?”

“Eh?” Everyone was puzzled. “That’s true ...”

“Cui, tell me in detail, how did you get this yellow paper?” Zhao Yu asked Cui Lizhu over the phone.

“I ... I didn't get the yellow paper. I only got a picture!” Cui Lizhu said, “tonight, I went to a salon party organized by the local tycoons under a fake name. Then, I used my personal charm to charm a few rich second-generation young masters.

“Then, I talked to them about Feng Shui, and I wanted them to help me find a great master to read my fortune!

“So, that's how the news came about! They told me a lot of stories about Feng Shui, and they all believed in Feng Shui ...

“Then, someone suddenly said that the chairman of Yun Hai Group had hired a master from somewhere who was very accurate in his divination. He helped Yun Hai Group settle several particularly difficult projects!

“However, when I asked about the details, they didn't know the name of this master. Some people even guessed that he was a hermit expert ...

“After that, someone showed me a screenshot of the photo, saying that someone took it from the chairman of Yun Hai Group!

“I wanted to continue asking, but something unpleasant happened at that time, and I left it at that ... Boss!” “Give me some time,” Cui Lizhu said. “I'll figure out the specific situation soon!”

“Wait ... Tell me, what happened? Is someone trying to bully you?” Zhao Yu asked, concerned.

“No! No one bullied me, it's just that ... It's all because of my outstanding personal charm. Two rich second generations fought over wanting to ask me out for supper, and even got physical! Ai!” She sighed to herself. “I can't help it. I've already been very deliberate and didn't put on too much makeup! One of them drove a Ferrari and the other a Lamborghini ...”

“I'll go ...”

Zhao Yu almost fell over.

“Boss! Why don't we have a faster one!” Cui Lizhu said, “I'll go to the chairman's office at Yun Hai Group now. Let's see what's in her safe. ”

“Don 't, don' t, don't ...” Zhao Yu waved his hand in a hurry. “We have basically locked onto the suspect now. Tomorrow, tomorrow I will go to Fu Lai. Wait for me, we'll talk when we meet!”

“Oh ... Okay then ...” Cui Lizhu was obviously a little disappointed. “See you tomorrow!” I drank too much Lafite today. Alright, I'm going to bed early! Bye-bye, boss ...”

After the call ended, the office was silent again.

After a long time, Zeng Ke looked at Zhao Yu's mobile phone and said, “Team leader, Cui Lizhu is becoming more and more like you ...”

“What?” Hearing this, Zhao Yu suddenly straightened his neck and shouted, “what do you mean?”

"No... No, no, no..." Zeng ke was so scared that he quickly waved his hands."I mean, the new birth characters may have been requested by Lin chaofeng for someone else!" That's why I took a photo!"

"Right! Right! "It's possible ..." Xiong Wendong agreed."Since this group of scammers has gained Lin chaofeng's trust and become the Yunhai group's Fengshui master, they naturally have to satisfy Lin chaofeng's various requirements!

"But ..." He continued,"did you notice that this so-called master has been afraid to show his face in public? there's obviously something wrong with him!"

"Mm ..." Zhao Yu nodded."I think so too! So, I've decided that everyone should go to sleep and rest now!"

"Ah? "This ..." Everyone was surprised.

"Since we've locked onto the suspect, there's no need to worry!" Zhao Yu laughed with confidence."Instead, we need to conserve our energy and deal with them! Listen to me, go home and sleep. We'll have a meeting tomorrow morning and follow the original plan!"

"Mm ... Alright ... Alright ..." Everyone nodded and dispersed.

"You guys can stop here, but I can 't!" Gao Facai said to Zhao Yu,"the decomposition of the body is very serious. We have to hurry!"

"Thank you for your hard work." Zhao Yu patted Gao Facai on the shoulder and said,"starting tomorrow, there will be family members coming to identify the bodies. Their emotions will definitely be very unstable. I have no one here, so as for the job of comforting ..."

"Don't worry! Peipei has experience and can handle it alone!" Gao Facai nodded.

"Also, please help me inform the family members of the deceased about this confidential matter," Zhao Yu said."The case hasn't been solved yet, so try to keep a low profile and ask them to cooperate!"

"I understand, I understand ..."

After that, Gao Facai also went back to the dissection room.

Zeng ke wanted to leave, but Zhao Yu stopped him.

"Hehehe ..." Zhao Yu put his arm around Zeng ke's shoulder and laughed evilly."Little Zeng, what are you saying? What do you mean by cui Lizhu is becoming more and more like me?"

"Um ... No... I didn't mean that, team leader ..." Zeng ke was so scared that his heart was beating fast, and his face was red.

"Hmph!" Zhao Yu grinned and said seriously,"in the future, don't praise me in front of so many people, okay? I'll be proud of myself!"

"..." Zeng ke was confused. He quickly got out of Zhao Yu's arms and ran away.

"Hmph!" Zhao Yu snorted coldly and muttered to himself,"but, this Xiao Cui is really better than her master. Her shamelessness is almost catching up with mine! Hahaha ..."

As there was a major breakthrough in the case, Zhao Yu suddenly felt a lot more at ease.

Worried that he would disturb Miao Ying's rest, he did not choose to go back to the hotel to sleep. Instead, he found a nearby bathhouse to take a bath and massage his feet to get rid of the fatigue from the past few days.

Then, he lay down on the massage chair in the bath center, ready to have a good night's sleep.

At this time, the system in his mind finally sent a message. After two days, the Qian Gen hexagram had finally ended. He received a completion rate of 402% and 10 items as a reward ...

Hmm ...

Looking at this satisfactory result, Zhao Yu was quite pleased. It seemed that his direction of solving the case was correct!

Therefore, if he opened another hexagram now, as long as the "Gen" hexagram appeared in the hexagram text, it meant that he would be able to succeed very soon!

Therefore, he opened another hexagram on the spot. When he opened the hexagram poem, he saw two big words in the middle of the system interface: "Kun Qian Qian!"

What the f * ck!

Suddenly seeing this hexagram, Zhao Yu almost fell off the massage chair!

No way?

Big bro system, you ...

Just as Zhao Yu was about to scold the system, his mobile phone suddenly rang. It was a text message from Zeng ke.

"Team leader, I just checked Lin chaofeng's information and found a new piece of information. I don't know if it will be useful!

"Did you know? Lin chaofeng was the one who developed the Huayun Mountain Villa where the entire family was killed!"

Ba da ...

Zhao Yu's heart trembled, and his phone fell to the ground.

Chapter 1204: meeting "Kun Qian"

It's here again!

All of a sudden, Zhao Yu felt like he was reliving the past.

Why ... Did this happen?

Could it be ... That this is my fate with the five major pending cases?

Thinking back, when he was investigating the gem theft case in Jinping, he was involved in the headless female corpses case!

The Golden City was originally there for the serial killer case, but it turned out that they had encountered the murderer of the devil case, Han Kuan!

Later, the Ziliu town Ziliu case was also triggered by Jiang Ke's Prison Break.

Then ... This time, according to the routine, would the seven Star hanging coffins case be turned to the Huayun mountain massacre case?

Could Lin Chaofeng of the Yun Hai Group be related to the case?

This ... This is too much of a coincidence, right?

Boss system ... In that instant, Zhao Yu finally had an epiphany. He felt that the coincidences between these unsolved cases might have been deliberately arranged by the system, tailor-made for him!

Otherwise, how could there be so many coincidences?

AI!

Zhao Yu took a deep breath and thought to himself,"

Bro system, it's not a bad thing that you want me to solve a big case along the way ...

But the point is, I'm not ready yet! If you want to solve a case, then just solve it. I'll admit it, and it's okay to work hard. But what does this Kun Qian hexagram mean for no reason?

The Kun Qian hexagram!

This was not a joke!

As for the power of this hexagram, Zhao Yu still remembered it clearly. When he had gotten the Kun Qian hexagram for the first time, it had been a critical time for him to change his face to Jiang Ke's. At that time, every day had been stormy and dangerous.

Moreover, when he thought of the barn fire in Gao Lanqi, he still had lingering fears. If he had not had the emergency evacuation ball, he would have lost his life!

When he came to Fulai province this time, he thought that he could easily solve the hanging coffins case, but he didn't expect...There was another case!

Back then, the Kun Qian hexagram had taken a total of three days to complete. After it was completed, the system was so exhausted that it had to cool down for a whole 70 hours before it returned to normal!

He wondered ... If it would be more serious this time?

"Holy sh * t ..." Zhao Yu's heart started beating uncontrollably as he thought to himself,"it seems like a super miracle encounter is inevitable!"

After opening the hexagram, it was impossible to close it again!

What should he do?

Al!

It was all his fault ...

'No, no...'

Although Zhao Yu was very tired, he didn't have the heart to stay in the bathing center any longer. He immediately packed up his clothes and left quickly, then returned to the hotel!

There was only one thought in his mind. A great battle was imminent. He wondered what kind of bloody storm would come in the future. Therefore, he had to ensure that he had enough mental and physical strength to deal with it.

Sleep!

He had to sleep, not only sleep, but also have a good sleep ...

At the hotel, Zhao Yu and Miao Ying were originally in the same room, but he didn't want to disturb Miao Ying, so he got a new room.

However, to prevent Kun Qian from arriving early, he was worried and set up an invisible alarm at Miao Ying's door and his own door.

Once someone broke in, the alarm would immediately alert Zhao Yu to prevent any accidents from happening.

After all the arrangements were made, Zhao Yu finally lay down on the soft bed and was ready to go to sleep.

However, at the thought of Huayun mountain and the Kun Qian hexagram, how could he fall asleep? As he watched the time pass by, he became more and more anxious, but the more anxious he was, the more he couldn't sleep!

In the end, Zhao Yu used all of his secret invisible sleeping pills. He finally fell asleep without even having a dream ...

.....

The invisible sleeping pill even had a timer function. The next morning at seven, Zhao Yu woke up on time.

Although the time was short, the quality of his sleep was high. When he woke up, he immediately felt refreshed and full of energy.

Oh, ah ...

He stretched lazily and thought to himself, a new day has begun. A new Kun Qian hexagram has also begun!

Come on!

Gorky once said, "let the storm come harder!" 'I want to be fiercer than the storm ...'

After leaving the room, Zhao Yu went to Miao Ying's room and knocked on the door. However, Miao Ying had already woken up and gone to the police station. Therefore, he didn't delay any further and immediately rushed to the police station.

When he walked into the office, Miao Ying and the others were already in a heated discussion!

After a night's sleep, miss Miao had also returned to her previous valiant and heroic appearance.

"Hahaha ..." Seeing Miao Ying, Zhao Yu immediately greeted her with a smile. "Team leader Miao, what did I say last night? When you woke up, the truth of the case was already in front of you, right?"

"Team leader Zhao!" Miao Ying walked over and said, "since we have already locked onto the suspect, why not follow the usual procedures? Wouldn't everything be clear if he brought Lin chaofeng to the police station for interrogation?"

"If Lin chaofeng was also a victim, she would have explained the matter even more clearly! If we don't tell her the truth about the hanging coffins, she will probably still be in the dark!"

"Who said I'm not following the procedure?" Zhao Yu laughed. "I'm just worried that Lin chaofeng's influence is too great in Fulai province. It's not appropriate for the local police to handle it. I'm afraid there will be a mishap!"

"And what if Lin chaofeng is really the mastermind? We don't have any concrete evidence, and once she hires a lawyer to argue with us, it'll be a huge loss!"

"It doesn't matter!" Miao Ying took the initiative to ask, "leave this matter to me! I know what I'm doing. We can meet her first and test her words!"

"If she directly cooperated with the investigation, it would mean that she was just deceived. However, if she tried to hide it in many ways, it meant that there was definitely something wrong with her! We'll think of other ways!"

"Mm ..." Zhao Yu was a little hesitant. Miao Ying's idea was a little different from his plan. However, what Miao Ying said was very reasonable.

"Don't worry!" Miao Ying said, "we have already locked onto Lin chaofeng. I will send people to keep an eye on her in advance!" If she really does act strangely, we'll be able to catch her! There's no such thing as beating the grass and alerting the snake!"

"Hmm ... Alright!" Zhao Yu thought about it and agreed to Miao Ying's request. "You're right. Because Lin chaofeng is an influential person, and she's sick, I'm afraid she won't do anything extreme!"

"Alright!" Miao Ying said with satisfaction, "I'm ready. I'll go to Xiakou immediately!"

"En!" Zhao Yu nodded. "Team leader Miao, I'm relieved that you're here personally! However, you have to be careful and remember to contact Ran Tao in advance. Also, ask the Xiakou police to send more people. Since we're going to attack them head-on, let's make some noise and put pressure on them!"

"Mm ..." Miao Ying nodded, then whispered in Zhao Yu's ear, "I've heard about Hua Yunshan!"

"I don't think it'll be like the Golden City, where such a coincidence happened again."

“How about ... When I meet Lin chaofeng,” Miao Ying said seriously, “just like what we did to han Kuan, I’ll throw a stone at her and see her reaction.”

“No!” Zhao Yu shook his head firmly and said, “I remember Hua Yunshan’s information clearly. On the surface, the victim had nothing to do with Lin chaofeng!

“So ...” Zhao Yu said with certainty, “let’s not talk about this for now. We’ll talk about it after the hanging coffins case is over!”

“Oh ...” Miao Ying nodded slightly. “Alright, I’ll listen to you!” Then I’ll go make the preparations!”

After Miao Ying left, Zhao Yu immediately turned to Zeng ke, who was in the distance, and said, “Zeng ke, you should also get ready. We’re going to Fu Lai city right now to go to Yun Hai Group!”

“Ah?” Zeng ke was surprised. “Me too?” he asked. Then ... What about this place?”

“I’ve already transferred Wu Xiumin back!” Zhao Yu said simply, “let sis Wu take charge here! Come with me to Fu Lai city, I need your hacking skills ...”

Chapter 1205: master is here

Fu Lai city was the capital of Fu Lai province. It had a large population and was a prosperous city.

At a quarter past two in the afternoon, Zhao Yu, Zeng ke, and cui Lizhu appeared in the restaurant opposite the Yunhai group building.

They were sitting at a table by the window, staring at the main entrance of the Yun Hai Group building through the floor-to-ceiling window, as if waiting for someone to come.

“Lin Qiao, 42 years old. She is Lin chaofeng’s head secretary and her cousin.” Zeng ke looked at the information on the computer and said, “this is the person we are looking for. All of Lin chaofeng’s itinerary was arranged by this person!

“So, as long as we can get Lin chaofeng’s travel plan through her, we will know who her Feng Shui Master is!”

“Um ...” Cui Lizhu held a cold drink and said, “I asked the rich second-generation heir who showed me the photo. He said that the chairman of Yun Hai Group was Lin chaofeng. There’s no other person!”

“Here ... This is Lin Qiao’s photo.” Zeng ke showed the computer screen to Zhao Yu and Miao Ying. “Because Lin chaofeng was hospitalized, she is now in charge of some of the company’s internal affairs!

“Her office is on the 9th floor. I think the itinerary should be in her office!”

“No, I don’t think so,” cui Lizhu said. “What era is it now? I think that as long as we can get Lin Qiao’s phone, the schedule will definitely be on it!”

“Cell phones ... That shouldn’t be too difficult, right?” Zeng ke licked his ice cream and said to cui Lizhu, “aren’t you a professional? As long as I brush past Lin Qiao, I can get the phone, right?”

“Of course it’s easy to steal the phone, but she’ll know after it’s stolen! “Zeng ...” Cui Lizhu crossed her arms and raised her eyebrows.”Don’t you guys have the kind of equipment that can copy all the messages on the other person’s mobile phone with a wave of your hand?” Why don’t I leave this job to you?”

“Stop joking!” Zeng ke frowned.”Do you think I’m 007? How could there be such an exaggerated thing? “How about this ...” He pointed to his computer.”You get her phone first. As long as it’s connected to my computer, I can copy the documents, and then ... You can return it, okay?”

“That won’t do! As long as she enters the building, there will be so many surveillance cameras inside!” Cui Lizhu blinked her big eyes and said cutely,”how about this? let’s go in together!” I’ll find an opportunity to make a move, and you prepare to copy the documents, how about it?”

“Well ...” Zeng ke turned on the tracking software on his computer and said,”well, let’s get ready!” Lin Qiao will be at the company soon!”

“How is it, boss?” Cui Lizhu asked Zhao Yu,”what do you think? Eh?”

After cui Lizhu finished asking, she realized that Zhao Yu had disappeared!

“What?” Zeng ke quickly looked around and mumbled,”where did the team leader go? I didn’t see him leave. ”

“Hey! Over there! Outside, look!”

The sharp-eyed cui Lizhu was the first to find Zhao Yu. She didn’t know when Zhao Yu had left the restaurant, but he had gone to the entrance of the building across the road.

At this time, a silver-gray Volvo Car came from the road and was about to turn around the entrance of the building and go to the underground parking lot.

Zhao Yu suddenly reached out to stop the car. After the car stopped, he opened the door and rushed in without saying anything!

“I’ll go!” In the restaurant, cui Lizhu and Zeng ke stood up. Zeng ke whispered,”that’s Lin Qiao’s car. Team leader, What is Team leader doing?”

“Yeah ...” Cui Lizhu scratched her head and said,”if we were to use force, the entire Fu Lai police force would have to listen to our orders!” Why don’t we just let the people from the provincial Office go up with the search warrant?”

“Team leader ...” Zeng ke was also full of doubts, and he muttered to himself,”didn’t you say that we should keep a low profile? He ... He’s keeping a low profile?”

“Yup!” Cui Lizhu shook her head.”Did you see what the team leader did just now? He was holding his gun! What is he trying to do?”

Just as Zeng ke and cui Lizhu were worried about this, Zhao Yu got out of the car.

He saluted the people in the car and watched the wall drive away. Then, he swaggered back to the dining room and sat in front of the two again.

“Hey, boss! Are you crazy? So direct?” Cui Lizhu said in surprise, her eyes full of doubt.

“Lin Qiao is quite good-looking. She doesn’t look like someone in her forties at all!” Zhao Yu chuckled, took out his phone, opened a document, and said, “here, this is Lin chaofeng’s schedule, but it’s only for this year! Take a look ...”

“So ... So Swift?” Zeng ke complimented, then quickly took the mobile phone and prepared to analyze it.

“Boss ...” Cui Lizhu patted Zhao Yu and asked, “didn’t you say that you wanted to keep a low profile and investigate in secret? You didn’t point a gun at Lin Qiao’s head just now to get the list, did you?”

“No, I didn’t!” Zhao Yu laughed. “I showed her my police badge first, but she refused to accept it and insisted that I make an official appointment. She even called to verify my identity! I had no choice but to show her my gun and tell her about the nature of our Special Investigation Group!”

“You ...” Cui Lizhu was confused. “If you wanted to use force, why didn’t you bring the entire Fulai Criminal Police force with you?”

“Because I like to show off ...” Zhao Yu replied seriously, then pointed at Zeng ke’s computer and said, “alright, Zeng ke, keep looking!” Lin Qiao already told me that there’s a geomancy master called Yao Hong in No. 508 of the civil air defense building on fuxiang Street!

“Lin chaofeng went to see him almost once a month. The clothes of the female corpse in the hanging coffin and the birth characters that Xiao Cui saw were all from this person!

“This person is the master Wanwan that we’re looking for!!!”

“Ah? That’s fast!” The two of them were shocked. Cui Lizhu quickly asked, “boss, aren’t you afraid of being rash by doing this? For Lin Qiao to be Lin chaofeng’s Secretary, she must be an extremely intelligent person. If they were all in cahoots, they might have already been tipping off the other party!”

“So ...” Zhao Yu smirked as he took out a receiver from the eavesdropper. “What I did just now was not to scare the Tiger, but to lure the snake out of its hole!” Wahahaha ...”

“Oh ... You’re too mean!” After she figured it out, Cui Lizhu patted Zhao Yu hard and praised him, “the older the wiser! It turns out that you have a purpose for being so high-profile!”

“Right!” Zhao Yu turned on the receiver and said to Zeng ke, “Zeng ke, listen to who Lin Qiao will call first!” We’ll see who’s the human and who’s the ghost soon!”

Chapter 1206: Are you innocent?

“I understand, I learned another move!” Zeng ke finally realized what was going on. As he turned on the surveillance device, he praised Zhao Yu, “this is a great move!”

“If we send a large number of police officers to their door, we might not be able to get anything out of them if they really did something fishy!”

“But ...” Cui Lizhu laughed. “Boss, if you show off like this, we’ll immediately know if they’re human or not!”

“Don’t praise me, don’t praise me, I’ll be proud! “Hehehe ...” Zhao Yu was proud, but he brought up another thing.”By the way, I just asked Lin Qiao what illness Lin chaofeng had.

“But I didn’t expect Lin Qiao to say that she didn’t know either! She said that Chairman Lin only said that he was going to Xia kou to recuperate and postponed many meetings and schedules in the near future. As for the reason, Lin Qiao didn’t know!”

“He should be ... Lying, right?” “Lin Qiao and Lin chaofeng have such a close relationship,” cui Lizhu said suspiciously.”Lin chaofeng is the Chairman of the Board. How could he not know that the chairman is sick?”

“I think we’d better not guess ...” Zeng ke saw the beeping sound on the monitor, so he quickly connected the monitor to the computer.”Let Lin Qiao tell us the answer herself!”

As soon as he finished speaking, the sound of Lin Qiao making a phone call came from the computer.

“Hello? “Zhang, can you help me check a police number? I suspect that I just met a fake police officer ...” Lin Qiao unhappily told him Zhao Yu’s police number, then said,”this is so depressing!” How big of an evil creature am I? He had just burned 999 Yuan of incense at Empress temple yesterday. Why did he meet a ghost today? Even the Empress can’t suppress him?

“I’ve never seen such a rude guy before. As soon as he entered the door ... Mm, as soon as he got into the car, he took out his gun. His eyes were always aimed at that place ... Mm ... He really scared me! I thought he wasn’t here for the money!”

Upon hearing this, cui Lizhu and Zeng ke both looked at Zhao Yu with an indescribable look.

“Nonsense ...” Zhao Yu was speechless and quickly clarified,”isn’t she too full of herself? Who asked her to wear such tight-fitting clothes?

“The ... The point is ... I didn’t do it for her money,”

“This means one thing ...” Cui Lizhu stuck out her tongue.”You two old drivers are too dirty!”

“Go to hell!” Zhao Yu cursed and sighed.”But, this woman is really something. My police badge just flashed, and she actually remembered my police number!”

“What? Were they really the police? Where? where?” Ten seconds later, Lin Qiao said in shock,”what? Was he really from the criminal Division? Did he have such a powerful background? Oh my God! What lawsuit did our big sis get into this time?

“.....

“Um ... I didn’t ask anything else. I just asked what illness my sister had. He just went to Xia kou to recuperate!” Lin Qiao continued,”Oh right, he even asked me for big sister’s itinerary. Just now ... I thought he was a commercial spy! Now it looks like ... He’s really the police ... What does he want?”

Tsk tsk ...

After hearing Lin Qiao’s words, Zhao Yu and the other two looked at each other. It was obvious that no matter what Lin chaofeng had done, Lin Qiao didn’t know. She was telling the truth to Zhao Yu!

“Okay ... Then let’s leave it at that for now. Old Zhang, don’t tell anyone about this!” Lin Qiao said on the phone, “I’d better contact my sister and tell her about the situation!

“If she really did something, it’s better to be prepared!

“Hmm ... What? Hey! Please don’t cause any more trouble!” Lin Qiao shouted at the person on the phone, “you already said that it’s the criminal Division. Why are you still going to the fu Lai Provincial Office?” Wouldn’t that make him feel guilty?

“Alright, let’s just listen to what big sister has to say! I’m hanging up ...”

Beep ... The surveillance device beeped, and Lin Qiao had already hung up.

“Sigh ... What is this?” Qiao Qiao’s mumbling came from the bug again. “I donated so much incense money for nothing and saw so many Feng Shui masters for nothing. Why are the police from the criminal Division here all of a sudden? Don’t tell me ... Something big is going to happen?”

Then, the sound of a phone dialing came from the monitor. It was obvious that Lin Qiao was about to call Lin chaofeng.

Hearing this, Zhao Yu and the other two held their breath and listened carefully. Everyone knew how important this phone call was! This Chairman Lin was finally going to make an appearance. Whether she was innocent or not, it would be immediately known!

“Hello ...” The call was quickly connected. Lin Qiao impatiently said to the other party, “sister, are you still in Xiakou?” Let me tell you something strange, you have to be prepared! Just now ... A police officer who claimed to be from the criminal Division stopped my car ...”

Lin Qiao repeated what had happened and told Lin chaofeng without missing a word.

“I’ll go ...”

After Lin Qiao finished speaking, Zhao Yu suddenly remembered something. He stuck the tapping device on the base of Lin Qiao’s handbag. Through the tapping device, they could only hear Lin Qiao’s voice, but not what was being said on the phone.

“I’m fine, I’m fine ...”

After Zeng ke quickly adjusted the vibration frequency, everyone heard a woman’s voice coming from the phone.

“Just ignore him ... It’s just a police number, it doesn’t mean anything. The gun could be a water gun!” Although her voice was soft and sharp, everyone could still hear that the woman who spoke was full of anger and style. “We’re upright, so what if you’re from the criminal Division?”

“However ... This matter is very strange, so we must be on guard! “How about ...” Lin Qiao asked, “we make some changes to our schedule?”

“Hey, is this your first day at work?” Lin chaofeng said, “do I have to make so many friends accommodate me just because of a police officer who suddenly appeared? At most, you’ll just add some security personnel to my team!”

“Oh ... Okay! Good!” Lin Qiao’s voice was obviously trembling. She was obviously a little afraid of Lin chaofeng.

“Alright! I’m almost fully recovered ...” Lin chaofeng continued, “I’ll be back the day after tomorrow. We’ll talk about it then!”

After that, the call was hung up.

“This ...” Lin Qiao finally dared to complain, “why are you so arrogant? Hmph! Wasn’t he just thinking about your safety? But ...

He’s really sick ... She muttered to herself, why didn’t you tell me? It seems like the police were right ... It’s really strange, strange ...”

After saying this, everyone heard the sound of car doors opening and closing, followed by the clacking of high heels. It was obvious that Lin Qiao had left the car and went to work.

Tsk tsk ...

Zhao Yu looked at the two of them again. Lin chaofeng’s words were so domineering that she obviously didn’t take this matter seriously. This made it difficult for Zhao Yu and the others to judge whether she was related to the hanging coffin case.

“Boss ...” Cui Lizhu asked weakly, “what should we do next?”

“Cold mix!” Zhao Yu said fiercely, “let’s go to Fu Xiang Street and meet that Qin Zhuan master!!”

Chapter 1207: -was it you?

“Yao Hong is also a fake name. His original name is Yao Zhaolong, from Xiangjiang, and he is 58 years old this year ...” In the speeding police car, Zeng ke was reading the master’s information. “Yao Zhaolong claimed to be the last disciple of White Crane heaven. He used to be famous in Xiangjiang, and he had read Feng Shui for many rich people!

“However, for some reason, he suddenly left Xiangjiang city more than 10 years ago and disappeared! I didn’t expect that after so many years, he would change his name and come to Fu Lai!”

“White Crane heavens?” Cui Lizhu frowned. “What a domineering name!”

“Um ... Well ...” Zeng ke explained, “you can think of it as ‘immortal White Crane’. In short, he is a legendary figure in their Feng Shui world ...”

“Hmph!” “Hmph!” Zhao Yu snorted and said, “just wait and see. This guy must have cheated his way home. I don’t know when he slipped up, but he couldn’t survive in Xiangjiang, so he came here!”

“Waa!” Cui Lizhu said worriedly, “if that’s the case, then maybe his accomplices are still there! I’m afraid we can’t just go there rashly like this?”

“Of course not!” Zhao Yu had gotten a Kun Qian hexagram, so he naturally knew that he was in deep trouble. He quickly waved at Zeng ke and ordered, “Zeng ke, contact the fu Lai Criminal Police team and ask them to come over as soon as possible!”

“But ... Make them all wear casual clothes, don’t drive the police cars, and don’t sound the sirens. Make sure that master Yao’s residence is under control! We can’t let him miss out on any of our accomplices!”

“Alright!” Zeng ke quickly put down his computer and began to contact the fu Lai police.

“Here ...” Zhao Yu looked at the map on his mobile phone while driving and said, “I think we’re here.”
Isn’t this Fu Xiang Street?”

“Right! Isn’t that ...?” Cui Lizhu pointed out the window. “The Civil Defense building! I’ll go!” Cui Lizhu looked at the old building and said, “I really didn’t expect this building to be so shabby. How could a fortune-telling master like Lin chaofeng live in such a place?” Isn’t this too bad?”

” 508 ...” Zhao Yu muttered to himself. He parked the car on the side of the road, then put on his Bluetooth headset and said to Zeng ke and Zeng ke, “I’ll go up and see what’s going on. You call for backup. We’ll keep in touch at all times, and all of you will listen to my orders!”

“Ah?” Cui Lizhu said worriedly, “that’s not good, boss. Have you forgotten what you promised sister Miao? Why did he go alone when he knew it was dangerous? In ten minutes, the support would be here! If you don’t ... I’ll go with you, okay?”

“No!” Zhao Yu pressed on the pistol on his waist and said, “I’m not a fool. I’m just going up to see what’s going on! If the reinforcements don’t arrive, I won’t rashly make a move. You just have to wait here for orders!”

Cui Lizhu couldn’t argue with Zhao Yu, so she stayed in the car.

Zhao Yu got out of the car, tidied his clothes, and then walked towards the main entrance of the building.

The reason why he wanted to go and check out the situation first was because he was worried that something super serious would happen and that it would endanger the safety of his teammates.

Although “Kun Qian” was very fierce, he had many high-level items to use. If he had teammates following him, it would be a hindrance.

The building was indeed quite old. There were dozens of units living in the building with dozens of floors. There were all kinds of people entering and exiting from the main entrance!

There were gentlemen in suits and leather shoes, and also aunties who were shopping for vegetables with baskets ...

There was indeed a security guard at the main entrance, but the security guard had his feet on the table and was reading the newspaper leisurely, as if no one was around.

5th floor ...

Zhao Yu walked towards the elevator and saw that there was a long queue outside the elevator.

Forget it, I’ll just take the stairs. The fifth floor isn’t that high anyway.

After arriving at the fifth floor, Zhao Yu walked around the entire floor and suddenly encountered a problem. The entire fifth floor seemed to be a place for fortune-telling.

All the shops here, big and small, had couplets related to Fengshui written on their doors. They were either this house or that Pavilion, and the names they gave were all filled with immortal Qi.

Inside the door, there were altars and offering tables. On the offering table, there were incense and Tributes. The light inside was dim, and it looked mysterious.

What the ... So many?

It was as if they had arrived at a wholesale market for physiognomy. He wondered if they had a license.

In order to save time, Zhao Yu asked around and finally found a small house in the innermost area. The house had no name, and the couplets on the door were so old that he couldn't even read them!

No way, how could there be a master in a place like this?

Would a Big Boss like Lin chaofeng come here every month to ask Yao Hong for fortune-telling?

Tsk tsk ...

The world was so big that there were all kinds of strange things!

In order to find out what was going on, Zhao Yu secretly touched his pistol, then walked in.

The room was not big, and a man with a big beard was sitting on the spring and autumn chair in the middle. When he saw Zhao Yu coming in, he quickly stood up and greeted him with a smile, "Well, this gentleman has a good eye. My location is remote, but you can still find your way here. This means ... You and I are fated! Hahaha ..."

Zhao Yu looked at the person carefully. He was exactly the same as the person in the information photo. It was Yao Hong himself.

Hmph!

Zhao Yu snorted coldly and thought to himself, "I'm here to catch you, but it's not fate, is it?"

"Sir ..." Yao Hong looked at Zhao Yu carefully and said, "not bad, not bad! He has a straight nose and ears. One look and I can tell that he's a smart, successful, and kind man!"

Gulp ...

Zhao Yu swallowed his saliva and thought to himself, "I can accept the first two merits, but what's with the 'kind heart' and 'good man'?"

However, the man's compliments made Zhao Yu feel mischievous. He immediately laughed and said, "This master is really accurate!"

"Hahaha ... How about this ..." As he spoke, he took out a thousand Yuan and put it on the table. He said, "if you can tell what I do for a living and why I came to you, this thousand Yuan will be our first meeting gift!"

"How is it? can you calculate it?"

“This ...” Master Yao’s eyes rolled quickly, and he said with an apologetic smile, “hahaha, Sir, I set up a fortune-telling stall here because I know a little about Feng Shui!”

“You’re a smart person. If I could calculate everything, would I be in such a bad state now?”

“Oh?”

Zhao Yu thought that this person was only after money, but he didn’t expect him to be so calm.

“Hahaha ...” Master Yao took two steps towards Zhao Yu with his walking stick and said, “Sir, we learned fortune-telling from the Book of Changes. If you believe it, it’s there. If you don’t believe it, it’s nothing!”

“Mm ... Your leg ...” Zhao Yu then realized that master Yao’s right leg was crippled.

“Cough! Don’t even mention it!” Yao Hong stroked his beard and said emotionally, “when I was young in Xiangjiang, I thought that I could be like those rich people just because I had some fame!

“But in the end, he lost all his money in horse gambling and his leg was broken by the usury. He was forced to leave his hometown, and he has fallen into such a state!”

Oh?

After hearing this, Zhao Yu looked at his lame leg again, and suddenly felt strange. He thought for a moment, then cut straight to the point, saying, “Isn’t Grandmaster too modest? Even Chairman Lin of Yun Hai Group often comes here to read your fortune, and you still say you’re not capable?”

“Oh?” Yao Hong was taken aback. “Sir, I’m really confused. What are you ...”

“Wahaha ...” Zhao Yu laughed. “Master Yao, I see that your glabella is black. Is there a disaster?” “Come here ...” Zhao Yu took out the yellow paper with the eight characters and said, “come here and take a look. Did you write these?”

Chapter 1208: evil spirit

“Of course I wrote it!” Yao Hong took the yellow paper and replied without thinking, “if I’m not wrong, aren’t these the eight characters I wrote for Chairman Lin?”

“Mm ...” He glanced at Zhao Yu and asked vigilantly, “what’s your relationship with Chairman Lin? Why is there something that belongs to her?”

“I should be the one asking you that!” Zhao Yu asked, “what’s your relationship?”

“Us? Of course, we’re friends!” Yao Hong was puzzled and replied, “we knew each other when we were in Xiangjiang a few years ago. I even helped her open her calligraphy and saw a few business deals. She was doing very well.

“When I came to Fu Lai, I don’t know how she found me, but she insisted that I continue to read her fortune. I told her that my leg was broken and my skills were not as good as before, but she believed me!

“From now on, if there’s any big or small matter in the family, you have to come over and let me help her calculate! Well ... Brother ...” Yao Hong asked, “I still don’t understand. What’s your purpose in coming here?”

“If you’re looking for Lin chaofeng for revenge, I suggest you go find her yourself! If you’re here to seek revenge, then let’s discuss a price, what do you think?”

Zhao Yu grinned and shouted, “find your head!” Let me ask you, when did you write this birth chart to Lin chaofeng? How many have you written in total?”

“Ah?” Yao Hong was even more confused. He scratched his beard and replied, “I’ve written more than a hundred for her! Where can I go to remember?”

“Are you kidding me? who are you trying to fool by writing more than a hundred birth characters?” Zhao Yu roared, “if you don’t tell me the truth, I won’t be polite anymore!”

“Oh ...” Yao Hong clapped his hands, pointed at Zhao Yu, and said, “you are a police officer, right? Lin chaofeng committed a crime and you’re here to understand the situation, aren’t you? Hahaha ... This ...”

As he spoke, his eyes were already on the thousand Yuan, which meant that he had already guessed the purpose of his visit. Can you take out the money now?

“Boss, boss ... Why are you always like this?” At this time, Zhao Yu suddenly heard Cui Lizhu’s annoyed voice in his headphones. “Didn’t you want to find out the truth? Why did he hand over his trump card again? Wait, the reinforcement troops are about to go up!”

“Don’t, don’t, don’t ...” Zhao Yu quickly pressed his earphones and ordered, “don’t move! Can’t you guys tell? We’ve got the wrong person!”

“Impossible! He was the one who wrote the eight characters, so how could he have found the wrong person?” Cui Lizhu was not convinced.

“Alright, I don’t have time to explain to you! Just don’t move!” Zhao Yu hung up the communication and said to Yao Hong, “one thousand Yuan is easy, but you have to explain it to me clearly! If it’s of any help to us, I’ll even give you a big red packet!”

“It’s just the eight characters of the birth chart! “Come, come, come ...” As he spoke, Yao Hong limped to a small door, opened it, pointed inside, and said, “you’ll know when you see!”

Zhao Yu touched his gun subconsciously, but when he realized that the detector in his brain didn’t alert him, he still walked in.

However, just as he entered, Zhao Yu was dumbfounded!

It was a work studio, and it was filled with things used for calligraphy. There were brushes, ink, paper, inkstones, Four Treasures of the Study, tables, and walls. All of them were calligraphy works, both written and unfinished.

“A hundred is indeed a bit of an exaggeration, but there are still dozens!” As he spoke, Yao Hong struggled to move in front of a table. He pointed to a stack of yellow paper and the Cinnabar beside it and said, “Lin chaofeng came to me to take a look at her photo, so I had to write her birth characters!

“That’s because fate always moves according to luck. It’s affected by the eight trigrams and five elements, as well as the movement of the sun and moon. Therefore, even though the eight characters are the same, the effect of the deconstruction is different every time you write them!”

“You can forget it! “You make it sound so high and mighty,” Zhao Yu said,”but in fact, you just want to charge more money.” I’ll earn more paper money by writing one more!”

“You ...” Master Yao glared at Zhao Yu, then puffed up his cheeks and said,”alright, you’re right! So, over the years, I’ve written at least dozens of them for her, and every time I finished, she would take them away!”

“I see ...” Zhao Yu thought for a moment and asked,”didn’t you just say that Lin chaofeng would come to you for a fortune-telling if she had any family matters?”

“Since that’s the case, you must be very familiar with her family’s situation?”

“Hmm...It’s alright!” As they were talking, master Yao’s phone suddenly rang. He quickly raised his phone and said to Zhao Yu,”Aiyo, it’s time for my live broadcast. My fans are still waiting for me!”

“Ah?” Zhao Yu was surprised,”live broadcast? What’s the live broadcast?”

“Nonsense!” Master Yao pointed to the Shabby Store and said,”do you think I’m living on Lin chaofeng’s fortune-telling money? Have you heard of master Yao’s livestream? Live fortune-telling, online names, fortune-telling, Feng Shui, yin-yang otaku, double click 666, let’s go!”

“F * ck, you can even play like this?” Zhao Yu’s jaw almost hit the ground.

“In fact, everyone knows what fortune-telling is, but what’s different here is that ...” Master Yao rolled his eyes.”I know a lot of stories about fortune-telling and the secrets of many big shots. That’s why the Rockets are always flying fast during my live broadcast!”

Zhao Yu slapped his forehead, completely convinced.

“Alright then!” Zhao Yu said helplessly,”I’ll ask you a few more questions. After I’m done, you can start the live broadcast!”

“Then hurry up, my metal fans are pretty delicate!” Master Yao said anxiously,”I’ve carefully prepared a few jokes today. I’m just waiting to collect the Rockets!”

“Does Lin chaofeng have any other Imperial Fengshui Masters? You’re really good at fortune-telling?” Zhao Yu asked.

“There’s no one for Imperial use, and there’s no one that can be considered spiritual!” Master Yao replied,”but Chairman Lin does believe in these things. Furthermore, Buddhism is not a taboo. He believes in everything!”

“Have you heard recently ...” Zhao Yu tried to ask again,”Lin chaofeng mentioned the seven Star hanging coffins?”

“Ah? The seven Star hanging coffins? What’s that?” Yao Hong shook his head. At this time, his phone rang again. He quickly begged Zhao Yu, “officer, we can’t delay any longer. There are a few new fans in the group today, so I can’t broadcast on time. It’s a big loss ...”

“Go to hell!” Zhao Yu grabbed his phone and shouted, “as long as you tell me the truth, I’ll give you ten rockets later!”

After that, Zhao Yu no longer held anything back. He immediately told her everything about the seven stars hanging coffins case, as well as his relationship with Lin chaofeng ...

“Alright, do you understand?” After he finished, Zhao Yu said to master Yao, “what I need to know now is who might be the real murderer of the hanging coffin case!”

“Wait ... Wait a minute ... Let me slowly calm down ...”

After listening to the story, master Yao’s entire person changed. His face no longer had the silly look from before. Instead, he became serious, as if he was a real master.

After more than ten seconds, he finally clapped his hands and took an ancient book from the shelf.

The ancient book was covered in a thick layer of dust. After flipping it open, master Yao immediately stopped at a certain page, then pointed at the words on the ancient book and said to Zhao Yu,

“Police officer, you see, the Big Dipper does have a life-extending effect in Buddhist scriptures. However, that was the seven stars, and the spoon was on the right!

“The handle of the coffin in Wu Qing mountain is on the left, and it is the reverse seven stars! “The reverse seven stars is the reverse of the scale, and the curse of resentment is the main curse, so ...” Master Yao frowned and said solemnly, “officer, you’re thinking too much!

“The method of placing the young female corpse in the seven-star is evil, not life-extending!!”

“Evil fiend?” Zhao Yu asked in surprise, “if it’s not life extension, then what is it?”

“This is the highest level of victory loathing technique!” Master Yao said, “it’s not that Lin chaofeng wants to pray for longevity. Someone wants Lin chaofeng’s precious life!!!”

Chapter 1209: possessed

“That’s impossible!” Yao Hong said to Zhao Yu, “Chairman Lin is living well, why would he want to live forever? She usually abides by the diet and prays to Buddha, so she understands the heavenly mandate. When she chats with me, we often talk about the things that happened after her death.

“She’s quite open-minded, which is why she’s willing to donate and do charity. She doesn’t value money that much anymore!

“And ...” Master Yao twirled his beard and said, “I read her fortune half a month ago. I didn’t hear anything about her illness.” Not to mention a terminal illness. If he really had a terminal illness, there would definitely be a change in his condition!

“By the way, and, and ...” Master Yao continued with his reason, “the seven stars hanging coffins are such an evil thing. Even if Chairman Lin wanted to touch it, he would have to ask me first. He wouldn’t be so rash. However, I have never heard her mention anything about the hanging coffins!”

“Oh ...”

Zhao Yu furrowed his eyebrows. He never thought that his previous guess would be completely wrong.

“The technique of loathing victory ...” He pondered and asked, “is it like in the movies, where someone takes a doll and fiercely jabs it with needles, and then the other person rolls on the ground in pain, as if there really is a needle jabbing him?”

“Yes, but the cloth doll’s technique of loathing victory is low-level and superstitious. There is no scientific basis for it at all!” Grandmaster replied.

“What the f * ck, what about the seven Star hanging coffins?” Zhao Yu spread out his palms and gestured. “So, the seven stars hanging coffins have scientific evidence?”

“Well ...” The master’s face was ugly, and he said frankly, “from the perspective of dialectical materialism, of course, there is no scientific reason! However, if you look at it from the Feng Shui and the eight trigrams, it seems ... Quite mysterious!”

“I ...” Zhao Yu was hit hard by the master’s glare.

“Yes, yes ...” The master hurriedly wiped the cold sweat off his forehead and said seriously, “in the end, sorcery harms people but also their hearts! Those girls either committed suicide or died a violent death. Their resentment was deep!”

“Most of the residents of Fu Lai believe in cremation. In fact, some of them also want to release the dead from purgatory to get rid of the resentment of the dead! I hope everyone can resolve the grievances of their loved ones!”

“Think about it ...” Master Yao explained. “Putting these resentful girls into coffins obviously means to seal their resentment!”

“In addition, by putting Chairman Lin’s birth date on the girl, isn’t this helping the evil spirit lead the way, hoping that Chairman Lin will suddenly die!”

“Oh ...” Zhao Yu muttered to himself, “no wonder it has nothing to do with being a Virgin! It only wants the resentment of the dead. How F * cking evil!”

“Aiya ...” Master Yao stroked his beard and clapped his hands with a dejected look on his face. “If only I had known about the hanging coffins earlier!” My master passed me a “demon subduing evil annihilation extreme curse” many years ago, but I’ve studied it for many years without being able to put it to good use!

“Now, I finally have a good opportunity to make a super high-level winning technique for Chairman Lin to break the evil spirit. Then I can make a lot of money! It’s a pity ...”

“What the f * ck ...” Zhao Yu was speechless. This master was sometimes serious and sometimes funny. He was really a wonder in the Feng Shui world.

“Officer, I know you don’t believe in this. Actually ... I don’t believe it either!” Master Yao actually used vulgarities.”But everyone has seven emotions and six desires, and everyone wants to seek psychological balance. That’s why there are warlocks like us.

“But in reality, grudges come from the heart, and they are all different. It was understandable for someone to seek peace and wealth for himself; However, there are also people who seek violence for others, hoping for others to die. These are things that we are used to seeing!

“We hope that everyone will be kind and good, but hope is still hope. There are many things that we can’t control! That’s what I’ve been emphasizing on in my livestreams, and that’s why I always get rockets in my livestreams!

“Actually, warlocks are also humans. They have their own greed and evil, which is why there are so many liars! “Master Yao pointed to his lame leg and said,” just like me, I can only understand the truth after my leg is broken!

“But most people’s legs are good. That’s why they’re so obsessed until they can’t be fixed!”

“Oh ...” Zhao Yu nodded as if he had understood something. He immediately cupped his fists at master Yao and said,”well said, master. I’ve learned a lot!”

“You’re welcome, you’re welcome!” Master Yao quickly returned the gesture.”Now you know why Chairman Lin always likes to come to my place!”

“Now that I think about it, master’s opening remarks really came true! You and I are really fated to meet!” Zhao Yu complimented him, then went straight to the point again.”Since master’s analysis is right, I would like to ask you for some advice. Who could be the person who wanted to kill Chairman Lin?”

“Two people!” Master Yao already knew what was going on. When Zhao Yu asked, he immediately held up two fingers and replied,”one, Chairman Lin’s little boyfriend. Second, her younger brother! I can only think of these two people!”

“Oh?” Zhao Yu cupped his hands again.”I hope you can teach me!”

“Alright!” “Yes!” Master Yao agreed readily. He then asked in a low voice,”about that ... About that rocket ...”

“What rocket? If you can help me solve the case, I’ll even give you a yacht!” Zhao Yu snapped his fingers.

“No, you just said 10 rockets. 10 rockets are much more expensive than a yacht!” Master Yao calculated.

“Then I’ll give you 10 yachts, okay?” Zhao Yu was speechless.

“Good, good, good!” Master Yao quickly rolled up his sleeves and said,”Chairman Lin’s boyfriend is called cui Yiwen. He’s 26 years younger than Chairman Lin and is an outdated celebrity. They’ve been together for five to six years!

“Mr. Lin once asked me to read cui Yiwen’s character several times. According to the divination book, this person is flashy but hollow and hypocritical. Therefore, Mr. Lin didn’t dare to register their marriage, because he was worried that he was only doing it for the inheritance!

“The two of them had some conflicts because of this, and they’ve been in a Cold War for a long time.” Master Yao said, “so, this person might have done something out of line because of love!

“Second, Mr. Lin’s younger brother, Lin chengye. He was Mr. Lin’s only younger brother, and he was the vice-chairman of most of the companies in Yun Hai Group.

“The sister and brother had a good relationship, but ever since Mr. Lin got a boyfriend, they inevitably fell out!” Master Yao said, “Mr. Lin has an unspeakable illness. He has been married twice in his life, but he has no children!

“If anything happens to Mr. Lin, the entire family will naturally fall under Lin chengye’s name.

“But ... With such a boyfriend, everything became unknown!” Master Yao analyzed, “so, it’s possible that Lin chengye would do such a bad thing!

“These two people are Mr. Lin’s closest people, so it’s easy for them to get my birth characters. I suggest you investigate them!”

“Mm ...” Zhao Yu nodded and said, “one is her boyfriend, and the other is her brother. I wonder who the person who was possessed was?”

Chapter 1210: detective Zhao’s case-solving record

At 3:30 p.m., On a highway in Fu Lai city, Zhao Yu was driving the police car in the direction of the seaside.

Through investigation, they found out that Lin chaofeng’s little boyfriend, cui Yiwen, was accompanying Lin chaofeng to see a doctor in Xiakou. So, cui Yiwen’s inquiry could only be left to Miao Ying.

So, the only target left for Zhao Yu and the others was Lin chaofeng’s brother, Lin chengye.

After locating the location on his phone, they found that Lin chengye was on a yacht out at sea. So, Zhao Yu decided to strike while the iron was hot and meet the vice-chairman on the yacht.

As Zeng ke had already called for backup, there were now two fully armed Criminal Police officers following them, so they did not have to worry about their safety at all!

This time, Zhao Yu drove a green Volkswagen Tiguan, which had been provided by the local police. For convenience’s sake, there was no obvious Police logo on the car.

“Boss, I give up!” In the car, cui Lizhu patted Zhao Yu’s shoulder and said, “you said that you were going to get some information, but how did you end up becoming friends with him and even give him ten yachts?”

“One is 1314, that’s more than 10000 Yuan! You’re really something!

“You even cheated our 200-Yuan cash, but you’re so generous to a swindler!” Cui Lizhu pouted and complained, “luckily, this master is a man. If she was a beautiful girl, you would have given her a house!”

“Team leader ...” Zeng ke asked, puzzled. “How did you see that there was nothing wrong with the master?”

“He can read people’s faces, and I’m not bad either!” Zhao Yu drove seriously as he explained, “if that guy was up to something, he wouldn’t have reacted that way when I mentioned Lin chaofeng and the seven stars hanging coffin!”

“Also, someone told me that such a large array like the seven stars hanging coffins needs a mage to perform it on the spot! Master Yao is a cripple, how could he climb the seven stars hanging coffins?”

In fact, Zhao Yu made it sound simple, but in fact, when he first came into contact with Yao Hong, he had already used the detector, scanner, X-ray device, and other devices to scan the entire environment. However, he did not find any abnormalities, nor did he find any accomplices.

Zhao Yu even used the invisible bone setting device to check on Yao Hong’s lame leg. In the end, the bone setting device confirmed that his leg injury was permanent, and the bone setting device could not repair it.

In addition, with what Yao Hong had said, as well as his various reactions, Zhao Yu ruled out his suspicion.

However, even though master Yao looked like a clown, Zhao Yu could still feel that this person must have some real talent!

Just from his calligraphy skills, it was already extraordinary. Not to mention that his accurate analysis of the hanging coffins was much better than that of master Zhang, whom he had met before.

In addition, Lin chaofeng thought so highly of this person. It was enough to show that this person’s skills were not as bad as he appeared.

Zhao Yu was a man of his words, so he didn’t go back on his word. After the live broadcast started, he really did tip him ten yachts!

However, as a detective, Zhao Yu had to be careful. Just like Lin Qiao, before he left, he also secretly left a listening device in master Yao’s room.

Although Zhao Yu didn’t think that master Yao was a suspect, master Yao was still a master. What if he had found out about the news in advance and had been pretending?

“Team leader, there’s nothing wrong with the listening device ...” At this time, Zeng ke reported to Zhao Yu while listening in. “Yao Hong is really doing a live broadcast! He was just showing off the yacht you gave him, and now ... Now he’s telling a dirty joke ... This guy ...”

“Humph!” Cui Lizhu snorted and said angrily, “in my opinion, if we take any cases in the future, we should also do a live broadcast!” It’s called “detective Zhao’s record of solving cases.” Boss’s name is so big, it’s bound to be a gimmick! Once we catch the murderer, we’ll be spammed with rockets and yachts!”

“You ... You’re really imaginative!” Zeng ke was shocked, then continued to report to Zhao Yu. “Team leader, the fu Lai police just sent news that they have investigated Yao Hong’s account, as well as his recent movements and the people who are close to him. There are no problems!”

“Mm ...” Cui Lizhu snapped her fingers and spoke before Zhao Yu could. “In that case, we can ignore Yao Hong for now! For the next scene, let’s see if this Chairman Lin’s little brother is innocent or not. ”

“Your words ... Don’t they sound a little dirty?” Zeng ke frowned and said, “but, no matter what you think, I have a feeling that Lin chengye is definitely not the person we are looking for!

“Don’t forget, he’s Lin chaofeng’s younger brother. How could he do such a disgraceful thing?”

Cui Lizhu pouted and said, “you’re too naive!” It would be great if everything in this world was as simple as you think! But it was a pity ...

“Young man ...” Cui Lizhu said, as if she had seen many things in life. “Especially this kind of feud between the rich and powerful, the degree of tragedy and evil is beyond your imagination!”

“Okay, I’ll check Lin chengye’s personal information first,” Zeng ke typed on the computer and said to cui Lizhu, “let’s use the data to talk!”

“What’s the use of data? Can data be used to calculate a person’s heart?” “Think about it,” cui Lizhu said disdainfully. “Which law in our country states that using the victory-loathing technique will cause one to be sentenced to jail?”

“Lin chengye must have thought this through. That’s why he decided to use such an evil method!”

“Why does it have to be Lin chengye? is cui Yiwen not a suspect?” Zeng ke retorted.

“Let me say what’s good about you!” Cui Lizhu put her hands on her waist and scolded Zeng ke, “I’ve been with boss for so long. Don’t you understand this?”

“Lin chaofeng’s little boyfriend hasn’t married her yet! If Lin chaofeng died, he would have nothing! Would he be so stupid to cut down his money tree?”

“But ...” Zeng ke was unconvinced. “What if Lin chaofeng breaks up with him, and he holds a grudge?” This is purely for revenge!”

“Hehe ...” Cui Lizhu laughed. “Money! The answer was too simple. Buying corpses, hiring a large ship, and even buying that ladder, all of them were big spenders!

“Cui Yiwen is just living off a woman. Does he have money? Even if you had money, you wouldn’t be willing to build it like this!

“But our vice-chairman Lin chengye is different!” Cui Lizhu said proudly, “he’s rich, powerful, and capable. If it wasn’t him, who else could it be?”

“Think about it again,” cui Lizhu said. “The cargo ship that transported the bodies belonged to the Yun Hai Group! If it was Lin chengye, wouldn’t that make more sense?”

“Okay,” Zeng ke said. He immediately closed his laptop and said, “think about it. Lin chengye is so smart and capable. Would he really think that his victory-loathing technique could really kill his sister?”

“The victory loathing technique isn’t illegal, but the premise is that it must be useful, right?”

“This ... Um ...” Cui Lizhu was stunned by Zeng ke’s deduction. She thought about it for a long time before she argued, “maybe ... Lin chengye especially believes in Feng Shui and divination?” He believed in it without a doubt. Otherwise, he wouldn’t have wasted so much money and resources, right?”

“Anyway, I don’t think it’s that simple!” Zeng ke shook his head. “Maybe the real murderer is someone else?”

“Mm ...” Cui Lizhu pouted and frowned. She then turned to Zhao Yu and shouted at him, “boss, this isn’t your style!” Why didn’t he say a word for so long? What do you think about this matter? Eh?”

When cui Lizhu looked at Zhao Yu carefully, she realized that he was holding the steering wheel tightly, his eyes staring straight ahead. He looked extremely nervous.

The car was air-conditioned, but his face was still covered in sweat ...

“Boss ... What’s wrong with you?” Cui Lizhu asked worriedly, “are you feeling ... Uncomfortable?”
