

Crazy 1231

Chapter 1231: Could it be him?

During the initial case analysis, Zhao Yu couldn't figure out Bai Lang's purpose in driving and hitting Lin chaofeng.

First of all, if it was for Lin chengye's 100 million reward, it did not make sense.

Because the hanging coffins case had already been exposed, even if Lin chaofeng was really killed, Lin chengye would not give them money! Moreover, after hitting Lin chaofeng, Bai Lang would go to jail. Even if he gave him money, what was the use?

So, Zhao Yu could only come to one conclusion. If it wasn't for money, then there must be a grudge between them!

However, through investigation, he could not find any hatred between them. So, Zhao Yu could only assume that Bai Lang was hired by someone else, and that the person who really wanted to kill Lin chaofeng was Bai Lang's employer.

However, when he thought of this, an inevitable problem was about to appear. If Bai Lang was really hired by someone, why would he be willing to kill Lin chaofeng?

There must be a reason behind this, right?

At first, Zhao Yu thought of the murderer of the falling off building case, le Chao. Le Chao was also hired to kill the Chen sisters.

The reason le Chao was hired by someone was that he was terminally ill and did not have long to live. In order to create favorable conditions for his wife and child, he took the risk to kill!

Then ... Could the Bai Lang in front of her be the same as le Chao?

Hence, Zhao Yu had investigated Bai Lang's health condition early on. However, the report clearly showed that Bai Lang was very healthy, and there was nothing wrong with him at all.

This naturally made Zhao Yu even more confused.

According to common sense, when an assassin went to kill someone who was not related to him, he must be after money!

However, it was rare to see people like Bai Lang, who went to jail for money.

So, Zhao Yu found a professional prosecutor to discuss the issue of sentencing and see how long Bai Lang's sentence would be.

In the end, prosecutor Mao Xianghua's prediction was almost the same as Zhao Yu 'S. Bai Lang's charges would definitely not warrant the death penalty. If the lawyer had worked harder, he might have even escaped life imprisonment!

Could it be that it was because there was still hope of being released from prison that Bai Lang had taken the risk?

Or ... Zhao Yu thought for a long time and thought of another possibility. Could the Bai Lang incident be a murder exchange case? Just like the slaughter case that Zhao Yu had been involved in a long time ago?

No... Zhao Yu quickly denied that. The purpose of the murder exchange was to cover up and not be exposed. But now that Bai Lang had been arrested, it did not seem possible!

And the key point was that Lin chaofeng didn't have any enemies. In this world, the only person who wanted her dead was her brother, Lin chengye!

However, Lin chengye was the victim of the hanging coffin case, which did not make sense.

Tsk tsk ...

Looking at Zhao Yu deep in thought, prosecutor Mao Xianghua did not dare to speak. He could only sit on the sofa and wait patiently.

Just as Zhao Yu was thinking, his phone rang again.

Before this, he had been waiting for news from Miao Ying. When he saw that it was Miao Ying calling, he couldn't wait to answer.

"Zhao Yu, I'm done!" Miao Ying, who was on the phone, seemed to be in a heavy mood."Just as we thought, when Lin chaofeng learned that the person who used the seven Star hanging coffins to kill her was her own brother, she was very sad and lost control of her emotions!

"She said that she suppressed Lin chengye only because she was thinking about him!"

"Ah? What's the meaning of this?" Zhao Yu couldn't understand.

"It's like this. In the early years, Lin chaofeng had looked for an expert to see Lin chengye's eight characters. The master said that Lin chengye was destined to be the cauldron fiend. This kind of person is good at taking risks, has an extreme personality, and is easy to be stubborn, so he kept dissuading him.

"If he just wanted to be a Rich Family's Son who stood aloof from worldly affairs, he might be able to enjoy his remaining years.

"But once this person has absolute power, he will be in danger. Not only will the Xing Hai group's building collapse, but Lin chengye's own life will also be greatly reduced.

"So, Lin chaofeng suppressed Lin chengye in every way and did not want to give up power. It was for his own good!" Miao Ying said,"actually, in Lin chaofeng's heart, he had long wanted to retire after achieving success. He had no intention of fighting with his brother at all."

"It can't be?" Zhao Yu frowned."If that's the case, why didn't she just tell Lin chengye? If you had explained patiently, at least there wouldn't have been such a big misunderstanding, right?"

"Of course he did," Miao Ying said."But think about it, Lin chengye is a proud man. How could he be convinced?"

"That's true. If it were me, I'd be quite angry to know that my sister would rather believe those Feng Shui masters than herself!" Zhao Yu admitted,"but, what the master said is quite right. Lin chengye is

indeed a bit extreme. Take the seven stars hanging coffins as an example. If he was not possessed by the devil, how could he believe in such a mysterious thing?"

"But ..." Miao Ying suddenly changed the subject and said, "what you said was almost the same as Lin chaofeng!"

"After Lin chaofeng's heartache, she was also filled with curiosity. She refused to believe that Lin chengye would be fooled by a few Feng Shui masters to that extent. That's because Lin chengye is different from her. He never believed in ghosts or gods, nor did he ever pray to Buddha or burn incense!"

"Du!" Hearing this, Zhao Yu quickly interrupted Miao Ying and said, "Are you sure? Why is it that the information I have here says that Lin chengye is as superstitious as his sister?"

"Eh? Is that so?" Miao Ying was surprised. "Lin chaofeng just told me. She can't be lying, right?" She was very certain, saying that because she used to read fortunes and pray to the gods and Buddha, the siblings had quarreled a lot!

"Lin chengye has never believed in these things. He believes that everything can only be achieved through one's own efforts.

"Therefore, Lin chaofeng felt that the seven stars hanging coffins were incredible. She said that not only did Lin chengye not believe her, but he was also extremely disgusted with those Feng Shui warlocks, and it was even more impossible for him to fall for Yue Yongnian's trick so easily!"

"Oh? It's actually ... Like this?" Suddenly, Zhao Yu felt that something was not right. The feeling that Lin chengye gave him seemed to be very different from what Lin chaofeng had said.

"Zhao Yu, is there a problem with Lin chengye?" Miao Ying also felt that something was wrong.

Tsk tsk ...

Zhao Yu pursed his lips and thought about it. He then recalled Lin chengye's words on the cruise ship.

Lin chengye did mention that he used to be against feng shui superstitions. However, when he talked about how he was deceived by Yue Yongnian, it seemed ... A little too easy, right?

Could it be that ... This fellow had been acting with him all along?

Could it be that he had long seen through Yue Yongnian's scheme, and was only cooperating with them on purpose?

But ... Why did he do that? He clearly knew that the hanging coffins 'loathing for victory was fake, so why did he still cooperate with them?

This ...

Suddenly, Zhao Yu remembered his previous speculation. In this world, the only person who wanted Lin chaofeng dead was her brother, Lin chengye!

'He's so far away, yet he's right in front of me. Could it be ... The person who hired Bai Lang is Chenchen?'

Chapter 1232: pretending to be a pig to eat pigs

After that, Miao Ying continued to talk about how Lin chaofeng did not know Bai Lang, and how he had nothing to do with the Huayun mountain incident.

But Zhao Yu couldn't hear any of that. He was only thinking about one thing: The person who hired Bai Lang to hit Lin chaofeng, could it be Qianqian?

So, after the call ended, Zhao Yu asked Zeng ke impatiently, "Zeng ke, where did you get the information about Lin chengye?"

"Yes, there's an official one, and there's also a chat record. What's wrong?" Zeng ke was puzzled.

"If you do this," Zhao Yu quickly ordered, "immediately send someone to visit Lin chengye's friends and family. See what his attitude is towards praying to the gods and geomancy."

"I need the most detailed information about him now. I don't need his eight generations of ancestors, but from the moment he was born until now, I want everything!"

"Oh ... Alright ... Alright!" Zeng ke understood Zhao Yu's temper, so although he was confused, he quickly did as he was told.

"Well ..." After Zeng ke left, prosecutor Mao Xianghua looked even more embarrassed and said in a hurry, "if there is nothing else, I'll ..."

"Don't go yet!"

In his excitement, Zhao Yu almost grabbed Mao Xianghua's arm, which made Mao Xianghua shiver.

"Prosecutor Mao," Zhao Yu pulled him in front of his whiteboard and asked anxiously, "didn't you already read all the case information?"

"How about this? help me analyze this. If we change the standard of sentencing to someone else, do you think his crime is big?"

"Eh? What ... What do you mean?" Mao Xianghua did not understand.

"It's him!" Zhao Yu suddenly pointed at a person's name. "What do you think the consequences will be for this person?"

"Ah?" Prosecutor Mao took a closer look and said, "Lin chengye? Wasn't this person Chairman Lin's younger brother? He's the vice-chairman of Yun Hai Group, I've met him a few times before ..."

"Don't talk about these useless things. Let me ask you now," Zhao Yu asked with his eyes wide open, "in the current situation, what crime will he be sentenced to?"

"He ... He's not guilty, right?"

"Oh? Not guilty?" Zhao Yu was even more suspicious.

"Let's first look at the seven Star hanging coffins case. In this case, Lin chengye had a certain degree of insult to the corpses.

“But since he was the target of the fraud, he thought that he had bought the body with money. In this case, it would be difficult to prove the crime.

“So, it’s difficult to find him guilty. At most, he’ll have to pay a fine and compensate the family of the deceased.”

“Then ... What about the victory loathing technique? Isn’t it a crime for him to engage in feudal superstitions?” Zhao Yu asked again.

“Well ...” Prosecutor Mao thought for a moment and said, “our country’s law states that in regards to feudal superstitions, the main basis of judgment is whether or not one is an organizer? Then, the penalty would be decided according to the consequences of the superstitious activities.

“How are you going to judge those who are involved in fraud, rape, and life?”

“But, in this case, Lin chengye was not the organizer, so he will not be sentenced!”

“But ... He admitted that he wanted his sister to die? This doesn’t count?” Zhao Yu asked again.

“This can only be considered a verbal curse. It can only be counted when the actual act of killing is carried out!” Prosecutor Mao said, “you should understand that the art of victory loathing is a feudal superstition without any scientific basis. We still need evidence to judge whether someone is guilty or not!”

“Oh ...” Zhao Yu nodded slightly. He pondered for a few seconds, then asked again, “what if ... We can really find evidence to prove that the murderer who hired Bai Lang to kill Lin chaofeng was Lin chengye?”

“Ah? It can’t be, right?” Mao Xianghua was shocked and said in disbelief, “why do I feel a little confused? Wasn’t it Bai Lang and Yue Yongnian who had conspired to frame Lin chengye? Why would Lin chengye hire Bai Lang to kill people? This doesn’t make sense, does it?”

“Yes, because of this relationship,” Zhao Yu nodded and said, “so, although Lin chengye has made it clear that he wants Lin chaofeng dead, we still can’t connect him with Bai Lang. We think he hired Bai Lang!”

“He hired Bai Lang to kill people? “Wait a minute ...” Mao Xianghua frowned and said, “if Lin chengye really wanted to hire Bai Lang to kill his sister, what about the hanging coffins case?”

“I think ...” Zhao Yu said, “it might be like this.

“In fact, at the very beginning, Lin chengye had already seen through the conspiracy of Yue Yongnian and the others. He knew that they wanted to make a big deal out of the hanging coffins and corpses in order to cheat their own property.

“However, even though he saw through it, he didn’t point it out. Instead, he started to cooperate ...”

“Actively cooperate? Why?” Mao Xianghua still could not understand.

“Because Lin chengye saw a good opportunity!” Zhao Yu said, “just as Lin chaofeng said, Lin chengye never believed in God. He relied on his own hard work for everything!

“So ...”

“Oh ...” Mao Xianghua finally understood and quickly said, “Lin chengye’s use of the winning technique is fake. The real thing is that he hired Bai Lang to kill people?”

“Yes, that’s what I think!” Zhao Yu said, “although I don’t know how Lin chengye colluded with Bai Lang and made Bai Lang work for him, I don’t know how he did it. But I can be sure that Lin chengye must have promised him benefits that ordinary people can’t get!”

“Prosecutor Mao,” Zhao Yu asked. “Now, help me analyze this again. If Lin chengye really hired Bai Lang, what crime is he guilty of?”

“That’s a contract killing! The punishment for contracting a killer was even more severe than that of a murderer. Those who caused the death of a person would be sentenced to death!”

“Even if Lin chaofeng and cui Yiwen were only seriously injured, they would at least be sentenced to life in prison!” Mao Xianghua said in surprise. “As the vice-chairman of Yun Hai Group, there’s no way he wouldn’t know about such serious consequences!”

“No! “What we said just now was just an assumption,” Zhao Yu said. “But reality doesn’t allow assumptions. Think about it, what if Bai Lang doesn’t admit it even if he’s beaten to death? We don’t have any evidence!”

“Oh ... Oh ...” Mao Xianghua scratched his head. After thinking for a long time, he said with a complicated expression, “detective Zhao, I finally understand why Lin chengye cooperated with the scammers!”

“Actually, according to the special circumstances of this case, even if Bai Lang insisted that the person who hired him was Lin chengye, I’m afraid it would be difficult to convict Lin chengye!”

“Oh? Why?” This time, it was Zhao Yu who was surprised.

“He has never been guilty,” Mao Xianghua said. “In the hanging coffin case, Bai Lang and Yue Yongnian deceived Lin chengye. In a sense, Lin chengye was a victim!”

“He and Bai Lang have an obvious hostile relationship. So, under the premise of this hostile relationship, the power of Bai Lang’s testimony will be greatly weakened, and the judge will not believe his words!”

“Oh ...” Zhao Yu nodded. “He’s a man of great wisdom, but he’s pretending to be stupid. It turned out that the most astute person was Lin chengye himself! The reason why he cooperated with Yue Yongnian’s scam was because his true motive was here!”

Chapter 1233: what intersection?

An hour later, he was back in the Special Investigation Group’s office.

“Wow, no way? She only slept for a short while, and you guys solved the case?” Cui Lizhu stretched and said to Zhao Yu and the others, “it seems that there are no cases that can stump our great detective Zhao. Hmm...This is ...”

“Mao Xianghua!” Prosecutor Mao hurriedly and politely shook hands with cui Lizhu.

"It's already afternoon," Zhao Yu said to Cui Lizhu. He was carefully looking at the information that Zeng Ke had collected. "And you said you slept for a little while?" Also, it's still a long way to go, we've only found the suspect ..."

"Yes, my name is Cui Lizhu! Hello there!" Cui Lizhu returned Mao Xianghua's greeting politely.

"This is the prosecutor of the Fu Lai City Procuratorate," Zhao Yu introduced him casually, then pointed to the many documents and muttered to himself, "I didn't expect what Lin Chaofeng said to be true. Lin Chengye used to be a firm atheist, but he only started to burn incense and pray to Buddha in recent years ..."

"Oh, it's the prosecutor!" "Nice to meet you, nice to meet you!" Cui Lizhu said with admiration.

"Oh my, I'm flattered. I'm not an adult. You're joking, you're joking ..." Mao Xianghua's face was covered in sweat again. He felt that his position was far from that of the Special Investigation Group, and he did not expect that the Special Investigation Group would have such a young and beautiful woman.

"That's not right ..." Zhao Yu was still immersed in his analysis. "Judging from the time, it seems that Lin Chengye was prepared!

"He started praying to the gods three years ago and pretended to be very pious. Could it be that he had already planned it at that time?"

"The case of the hanging coffins ... Could there be another cause?"

"Group leader, group leader!" At this time, Zeng Ke suddenly ran in from outside and said loudly, "It turns out that this is not Lin Chengye's first offense. In the acquisition of Rongxiang construction materials five years ago, Lin Chengye used a double spy to get rid of all his competitors and let Yun Hai Group successfully acquire the company."

"In addition, he was involved in several business incidents, but in the end, he escaped legal sanctions because of insufficient evidence!"

"Double spy?" Zhao Yu subconsciously looked at the white board and saw Bai Lang's name.

Was Bai Lang also a double spy in the hanging coffin case?

"Lin Chengye is a very powerful person," Zeng Ke said. "He's the kind of person who served in the Army and studied abroad. Many people say that Lin Chengye likes to take shortcuts, but he's also very patient. He's a very unfathomable person!"

"Motherf*cker!" Hearing this, Zhao Yu cursed, "So, on the yacht, he had been acting like a coward! You're so excited and neurotic. So, you were just acting for me!"

"No wonder ... Lin Chaofeng didn't dare to give up her power!" He thought again, "If I hand the company over to such a radical and crazy person, I really can't be at ease! So ... Lin Chaofeng not only believes in Buddha, but she also knows how to read people!"

"Since that's the case," Cui Lizhu said, "Lin Chengye is still being detained at the police station. He will be released tonight. Should we ... Interrogate him?"

"It's no use!" Zhao Yu shook his head. "Everything was going according to his plan. How could he be honest? Besides, there are still many things that we haven't figured out!"

"For example, who designed the case of the hanging coffins? Also, why would Bai Lang be willing to serve Lin chengye?"

"It really is like this!" Zeng ke said, "Bai Lang entered the crematorium two years ago to prepare for the hanging coffins case. On the other hand, Yue Yongnian had started scamming Lin chengye a year and a half ago ..."

"But, Lin chengye started praying three years ago. If we look at the timeline, Lin chengye might be the original designer!"

"Wow, setting up a trap to trick himself. There's really no one else like him!"

"It's possible," Zhao Yu agreed. "Three years ago, Lin chengye's power was taken away by his sister, and it was also the time when Lin chaofeng and cui Yiwen were getting along."

"Therefore, sensing the crisis, he came up with such a far-reaching, enormous, and vicious plan!"

"The hanging coffins, the female corpses, and victory loathing were all his smokescreens. His real purpose was to take the opportunity to get rid of his sister! Furthermore, he used a direct, honest, and reliable method!"

"Boss, according to your inference ..." Cui Lizhu asked, "could it be that Bai Lang and Lin chengye had known each other a long time ago?" "Didn't little Zeng say that he was a soldier? Are you ... Comrades?"

"That's impossible. Bai Lang is only 27 years old, but Lin chengye is already in his 50s!" Zeng ke reminded him.

"But...Cui's idea might not be wrong!" Zhao Yu supported her. "But we need to know how they met. Lin chengye is the big boss, and Bai Lang is just a college student who came from the village. What kind of intersection could they have?"

"Could it be ..." Cui Lizhu raised her eyebrows. "They have that kind of relationship?" "Same ..."

"Same with what?" Zeng ke's comprehension was slow.

"That shouldn't be the case," Zhao Yu said, realizing quickly. "If that was the case, Lin chengye wouldn't have let Bai Lang kill people! I think it's still a matter of money!"

"But Bai Lang hasn't gotten married yet!" Zeng ke was puzzled. "He's in prison. Even if Lin chengye gives him the money, who can he give it to?"

"Family!" Zhao Yu quickly asked, "I remember that Bai Lang's hometown is in Guangzhou, right? Are you poor? who else is in your family?"

"Yashan, Yuedong," Zeng ke replied without thinking. "His family is in a remote village in Yashan. His parents have passed away, and according to the records, he only has a younger sister who is 22 years old this year!"

“Younger sister?” Zhao Yu snapped his fingers and said, “Zeng ke, hurry up and give me the detailed information about his sister!”

“Oh ...” Zeng ke quickly ran to the computer and began to retrieve the information.

“If Lin chengye really did it ...” Cui Lizhu pondered for a moment, then said, “I think he must be very angry!”

“Why?” Zhao Yu asked.

“Of course, after spending so much energy, money, and material resources,” Cui Lizhu pouted, “Lin chaofeng still didn’t die!” How can he not be angry?”

“Oh ...” Hearing Cui Lizhu’s words, Zhao Yu suddenly realized something and said, “but, he should still be smug now, because we haven’t told him about Lin chaofeng’s accident!”

“Oh, really?” Cui Lizhu was smart, so she immediately understood what Zhao Yu meant. Her eyes lit up as she asked, “is it possible for us to make good use of this?”

“Mm ...” Zhao Yu nodded, his heart already brewing.

“I’ve found it! I’ve found it!” At this time, Zeng ke shouted excitedly and told Zhao Yu and the others, “I found out that Bai Lang’s sister, Bai Qian, is suffering from a rare type of early-stage granular leukemia!”

“Ah? Leukemia?” “When did you get it? is it serious?” Zhao Yu asked in a hurry.

“The earliest medical record was three years ago,” Zeng ke said, reading the information. “This kind of illness can be serious or minor, depending on the physical condition of each person, as well as the method of treatment.

“If it’s maintained well, his life can be saved!”

“But surely ...” Cui Lizhu pointed to Lin chengye’s name and said, “it would cost a lot of money, right?”

Chapter 1234: Two more questions

“Wrong!” After Cui Lizhu asked the question, Zeng ke gave a negative answer and said, “Bai Qian’s early treatment didn’t cost much money. She received help from a local leukemia youth relief Foundation.

“I just checked,” Zeng ke said, pointing to his computer. “80% of the source of funding for this relief Foundation is directly funded or donated by the Yunhai group. Although Lin chaofeng is the Honorary President, Lin chengye is basically in charge of the affairs in Guangdong!”

“Oh ... I see ...” Cui Lizhu’s eyes widened. “So, we’ve already found the place where Lin chengye and Bai Lang are in contact?”

“The medical record was from three years ago ...” Zhao Yu nodded and said. “It was just when Lin chengye wanted to take revenge on his sister!

“In his huge plan, he needed a suitable killer, so he targeted the relief Foundation and looked for a suitable candidate from the targets of the foundation!”

“And Bai Lang obviously fits his requirements very well,” Cui Lizhu said. “He’s educated, has no parents, has the ability, no money, and has a seriously ill sister!”

“I think, in order to get him to agree, Lin Chengye must have promised to help him save his sister, right?”

“It’s very possible!” Zeng Ke continued, “Bai Qian’s leukemia is very costly, and she needs a lot of expensive medicine to keep her alive!”

“I did some research just now. There’s a new type of bone marrow transplant surgery for leukemia in United Kingdom the test was successful, but because the surgery needs to be performed multiple times and the bone marrow needs to be matched, the cost is extremely high and the difficulty is extremely high. It hasn’t been widely used yet!”

“That’s even more correct!” Cui Lizhu snapped her fingers and said, “no matter how high the cost is, it’s a piece of cake for vice-chairman Lin!”

“Let me restore the scene for you. When Lin Chengye found Bai Lang, he must have told him this:

“Boy, as long as you help me deal with my sister, I’ll help you save your sister!”

“You’re really something!” Zhao Yu rolled his eyes at Cui Lizhu and said, “in that case, we have a reason for Bai Lang to hit someone with his car!

“Ten years of prison in exchange for my sister’s life and endless money. For Bai Lang, who grew up in a poor village, it was undoubtedly worth the risk!”

“So ...” Mao Xianghua, who had been silent for a long time, was dumbfounded. He finally thought of expressing his opinion. “Everything was planned by Lin Chengye?” This person ... Was too smart, right?

“Did you know? If he really does succeed, we really won’t be able to do anything to him!” Mao Xianghua said, “even if he keeps his promise and helps Bai Lang’s sister to go to United Kingdom for surgery, it’s still for the sake of the Foundation’s reputation. We can’t do anything but watch!”

“Indeed. The whole hanging coffins case is really strange!” Zeng Ke shook his head and sighed. “It looks like a carefully designed scam, but in the end, it was designed by the victim himself. This is too hard to imagine!”

“No wonder we thieves never like swindlers! The root cause was envy, jealousy, and hatred! We’ve been training hard for so many years, but we can’t beat their acting. It’s really ... Sigh!”

“Hehe, you’re really good at joking!” Mao Xianghua said seriously, “you’re an investigator from the Special Investigation Group. How could you be a thief?”

“Looking at the time, it’s possible that after Lin Chengye found Bai Lang, he had Bai Lang deliberately approach Yue Yongnian and the others!” Zeng Ke analyzed, “first, do a few beautiful things to win Yue Yongnian’s trust, and then reveal the seven stars hanging coffins. How could Yue Yongnian not be fooled?”

“Hmph, a bunch of liars, but they were deceived by a higher-ranked liar!” Cui Lizhu joked, then said seriously, “in that case, what are we waiting for, boss? It’s almost time for us to be detained, shouldn’t we tell Lin Chengye everything?”

“No...” Zhao Yu said with certainty. “It’s not time to lay all my cards on the table yet. There are still two things that I haven’t thought through clearly.

“First, was the sudden discovery of the female corpses in the hanging coffins purely a coincidence, or was it a design?”

“Second, if all of this was Lin chengye’s careful plan, the sixth female corpse would have been placed in the hanging coffin long ago. Logically speaking, Bai Lang should have killed Lin chaofeng long ago. But why did you have to wait until the female body was found and the police were alerted?”

“Yeah?” Cui Lizhu scratched her head and said, “I didn’t think of that.” However, I feel that ... It was purely an accident that the electric pole suddenly smashed the hanging coffins and found the female body, right?”

“If Lin chengye wanted people to know about the female corpses in the hanging coffins, he should at least wait until Lin chaofeng was killed before taking action, right?”

“That’s right!” Zhao Yu nodded and admitted, “I think so too. However, he instinctively felt that the discovery of the female corpse in the hanging coffin was too coincidental.

“Can you guys feel it? The time when the female corpses in the hanging coffins were found was quite intriguing, right? Just in time to lead us to capture Yue Yongnian, and thus ruin Lin chengye’s plan?”

“Boss ... Don’t tell me you think there’s something wrong with Lin chaofeng?” Cui Lizhu guessed Zhao Yu’s thoughts. “Lin chaofeng knew about Lin chengye’s plan, so she designed a plan to break the hanging coffins?”

“No wonder the Yun Hai Group is so powerful! Are these two siblings really scheming?”

When Cui Lizhu said that, everyone was shocked and confused.

“We can’t make wild guesses about this!” Zhao Yu shook his head and said, “if it was Lin chaofeng, how could she have been hit by a car?”

“It’s okay. I’ve asked Wu Xiumin to investigate Pang Zhihui. If there’s nothing wrong with this person, then it can only be a coincidence!” Zhao Yu said.

“Team leader, I think that the first problem can’t be solved, but I almost understand the second problem you just mentioned. You see ...” Zeng Ke showed his laptop to Zhao Yu and explained, “when the sixth body was put into the hanging coffin, Lin chaofeng suddenly received a notice and went to the capital for an international business conference that lasted for a week.”

“Oh ...” Cui Lizhu suddenly understood. “Lin chaofeng’s sudden meeting disrupted Lin chengye’s plan, so Bai Lang didn’t take action immediately!”

“Let me see ...” Zhao Yu took a closer look and frowned. “But the date is still wrong, right? It had been nearly two weeks since Lin chaofeng’s meeting. Couldn’t he wait for a chance to make a move?”

“Wait ...” Speaking of this, Zhao Yu suddenly remembered something and said, “Lin chaofeng was admitted to a private hospital in Xiakou to see a doctor ...”

“Yup!” Cui Lizhu quickly said, “as the chairman of a large consortium, Lin chaofeng must have a lot of bodyguards. Bai Lang didn’t have a chance to make a move!”

“Also, not just killing, but also pretending to kill by mistake!” Zhao Yu said excitedly, “Lin chengye knows that Lin chaofeng often goes to that Western restaurant in Xiakou, and only sits by the window. So, the car crash was well-prepared, but they didn’t know when Lin chaofeng would go!”

“So ...” Cui Lizhu patted Zeng ke’s shoulder and said, “the second problem has been solved. Now, all that’s left is how to make Lin chengye plead guilty, right?”

Chapter 1235: I have a suitable candidate

“I’m afraid it won’t be easy!” Prosecutor Mao Xianghua said to everyone, “even if Bai Lang was really an assassin hired by Lin chengye, we don’t have any evidence.

“What you said just now has no effect in court! That’s just a subjective thought, and it can’t be used as evidence in court. ”

“Of course we know that, but ... Haven’t you heard of Zhao Yu’s famous detective name?” Cui Lizhu put her arm around Zhao Yu’s shoulder and said, “getting someone to confess is a piece of cake for our boss, isn’t it?”

As Zhao Yu was tall, Cui Lizhu had to stand on her tiptoes to reach Zhao Yu’s shoulders.

“Don’t talk nonsense,” Zhao Yu said as he took Cui Lizhu’s hand away. “I’m an honest man. To get the criminal to confess, I have to use proper means!”

“Then ...” Mao Xianghua quickly asked, “you already have an idea?”

“Of course not, how can it be so fast?” Zhao Yu said seriously, “after all, Lin chengye has been designing the hanging coffins for a long time. He must have done his homework!

“So, if we want to find a loophole in him, we have to give it a long thought!”

“I think that you still have to work on Lin chengye,” Mao Xianghua reminded him. “Because of the hanging coffin fraud case, Bai Lang’s confession is no longer valid!

“If we want to prove that Lin chengye is guilty, then he has to take the initiative to confess!”

“It’s easy to say, but it’s hard to do!” Zeng ke said, “not only will Lin chengye not admit his guilt, but it is also impossible to get Bai Lang to speak up!”

“So ...” Zhao Yu sighed thoughtfully, “we still need evidence! However, the evidence ...”

“Bai Lang’s younger sister!” Cui Lizhu reacted quickly and said, “she’s not young anymore. Will we be able to get any information from her?”

“Boss ...” Cui Lizhu grabbed Zhao Yu’s arm and asked, “why don’t we make a deal with his sister?” “As long as she’s willing to tell the truth and testify against Lin chengye, we’ll reduce Bai Lang’s sentence?”

"This ..." Hearing this, Mao Xianghua immediately blushed with shame. He whispered, "this operation ... Doesn't follow the procedure, right?"

"The point is," Zhao Yu said solemnly, "Bai Qian might not know the truth! Just think about it, how could Bai Lang let her know? If Bai Qian knew that her brother was willing to kill someone to save her, how would she feel?"

"Then ..." Cui Lizhu said, "we can use Bai Qian to attack Bai Lang and make him tell the truth first."

"No!" Zhao Yu patted his chest and said, "I, Zhao Yu, am a righteous man. How can I use a little girl with a terminal illness? No matter how inhumane Bai Lang is, his sister is innocent. We can't have any ideas about her!"

"Then ..." Cui Lizhu rolled her eyes and came up with a plan. "Let's use boss's unique skill to scare them?"

Mao Xianghua was speechless when he heard Cui Lizhu's unprofessional words.

"We can tell Bai Lang that Lin Chengye has already confessed and pleaded guilty. He has explained everything clearly!" Cui Lizhu clenched her fists in excitement. "Then, I'll use the same words to bluff Lin Chengye." Hmph, are you still worried that he won't be honest?"

"..." Mao Xianghua was speechless.

"This idea ... It's not impossible ..." Zhao Yu pondered and commented, "but, if we want to bluff them, we need to know some of the details!"

"If we only use those assumptions and conjectures to bluff them, then once we are wrong about one thing, they will not be fooled again!"

"Hit the snake where it's seven inches from its head. I, Zhao Yu, either don't hit it or kill it!"

"You're still the ruthless one. You're our boss indeed!" Cui Lizhu gave him a thumbs up.

"Team leader," Zeng Ke said, "the current situation is that Lin Chaofeng was not killed. Can we use this to attack Lin Chengye?" When he finds out about this, he'll definitely be very disappointed, right?"

"Well ... I think it's better to say it later!" Zhao Yu thought for a moment, then said, "people often say that if Lin Chengye is too smug, he will show his flaws."

"However, under disappointment, one will become more vigilant!" Zhao Yu turned to Mao Xianghua and asked, "prosecutor Mao, if Cui Yiwen is saved, it means that no one died in this case. Then, will Lin Chengye's crime be lighter than before?"

"If you didn't cause death, your sentence will naturally be reduced," Mao Xianghua said. "But there are many types of attempted murder. In this case, Lin Chengye was considered to have hired a murderer, so the punishment should at least be no less than intentional murder."

"Bai Lang's attempted murder also means that Lin Chengye hired an assassin and attempted murder. If it was a real attempt, he would definitely be sentenced lightly."

“However, the definition of attempted murder is: Due to factors other than will, the perpetrator is forced to give up on the act of harming others or can not actually complete the act of harming others due to the wrong use of tools.

“And if we look at the case, Bai Lang’s car crash into Lin chaofeng does not meet the above definition at all.

“Bai Lang had already committed the crime of murder, and he could’ve completed the act of murder. It was only during the process of murder that Cui Yiwen accidentally saved the victim’s life!

“So, this kind of crime is called an accomplished crime. The sentence for an accomplished crime is much more serious!

“Although there are differences between the Judiciary and Legislation, but according to my own experience, no matter which side the verdict is, once the crime is confirmed, Lin Chengye will be sentenced to at least ten years in prison! And it could be even more serious!”

“Wow!” Cui Lizhu immediately gave Mao Xianghua a thumbs up. “You memorized it so well!”

“I understand what you mean,” Zhao Yu said, nodding. “Although the murderer didn’t kill anyone, he still has to pay for his murder!

“Actually, this is similar to the morals of the martial arts world. If someone hacked our boss, although he didn’t kill him, there will definitely be a grudge between us. Sooner or later, we will have to return the favor!”

Mao Xianghua wanted to nod in agreement, but after hearing Zhao Yu’s words, he quickly stopped.

“That’s right!” Cui Lizhu nodded and said, “our Special Investigation Group is here to find out the truth. No matter how big or small the crime was, we will not let it go. We must make Lin Chengye take responsibility for his own crimes!”

“En!” Zeng Ke agreed, then said to Zhao Yu with confidence, “team leader, I’ll go and investigate Bai Lang and Lin Chengye’s past call records or chat records. At least, we have to prove that they knew each other before the hanging coffin case!”

“In my opinion ... There’s no need for that now!” Zhao Yu’s eyes suddenly lit up as he waved his hand and said, “because I have a better way to solve this problem super quickly!”

“Oh?” Everyone was shocked. Cui Lizhu quickly patted Zhao Yu and shouted excitedly, “Hey! I knew boss already had a plan! Tell me quickly, what is the method?”

“Hahaha ...” Zhao Yu looked up at the sky and laughed, then squinted his eyes and said, “have you ever heard of the saying that the stones from other mountains can be used to attack the Jade?”

“Actually, if you want Lin Chengye to confess, I have a more suitable candidate!

“Did you know? Whenever I think of this person, I feel that I’m so bad, so bad that I’m not human, wahahaha ...”

Chapter 1236: The sudden news

On the evening of the same day, on the highway from Fu Lai city to Wu Qing County, several police cars were speeding at high speed.

In one of the vehicles used to hold prisoners, Lin chengye, who was in handcuffs, was grumbling,

“What’s going on, officer? where’s my lawyer?” Lin chengye was unconvinced. “Where are we going? You should know who I am, right? What you’re doing is illegal. You can’t detain me for more than 24 hours. I have the right to see my lawyer!”

“Hey! Be good!” “Didn’t I tell you already?” cui Lizhu scolded him. Yue Yongnian’s confession doesn’t match yours.

“So, we have to take all of you back to Wu Qing County to identify the scene and clearly confess your previous crimes!”

“What ... What are you saying?” Lin chengye was unconvinced. “Are you guys crazy? I’m the victim here, okay?” It’s Yue Yongnian and the others “business to identify the scene and confess their crimes. It has nothing to do with me, right?”

“What do you mean it has nothing to do with you?” Cui Lizhu turned around and glared at Lin chengye. “If you hadn’t hired them, would there have been any hanging coffins?”

“I might as well tell you that when Yue Yongnian and the others obtained the female corpses, they were involved in the murder! We suspect that one of the girls was intentionally killed by them! You’re involved in a murder case, do you understand?”

“W-what? Murder?” Lin chengye was shocked. “They told me that the bodies were bought. This ... I really didn’t know about this?” Officer, officer, I didn’t ask them to kill! I have nothing to do with this!”

“If you want to prove your innocence,” cui Lizhu said disdainfully, “then you’ll have to cooperate with us. Identify the scene, and then explain the whole case of the hanging coffin case!” If you’re really innocent, it’s good to prove your innocence!”

“Yes, Mr. Lin,” Zeng ke said. “Because of the sudden murder case, we have applied for an extension order from your Provincial Office. Now, you must cooperate with us to investigate the whole case.”

“You need to make it clear that it’s not your duty to identify the scene and assist in the investigation. It’s a request from the law enforcement.”

“Okay, I’ll cooperate, but ... Where’s my lawyer? I have the right to see a lawyer, don’t I?” Lin chengye continued, “you should know my identity. I haven’t contacted the company for a long time. You can’t afford the consequences! At least ... Let me make a phone call, right?”

“Don’t worry, don’t worry. Before we set off, we have already informed your lawyer,” Zeng ke said. “He is also on his way to Wuqing County. You will be able to see him when you arrive!”

“As for the phone ...” Zeng ke shook his head. “We can’t do anything about it. You’re involved in a serious murder, so you can’t contact the outside world before you’re completely cleared of suspicion.”

“What the hell!” Lin chengye hit the car seat in frustration. “I already explained it clearly to your leader yesterday. I’m the victim. I was tricked by that bastard Yue Yongnian!”

"I know it's wrong of me to curse my sister with the victory loathing technique, but I didn't break the law, right?"

"How can you do this to me?" Lin chengye retorted, "believe me, everything was caused by Yue Yongnian. Even if there was really a murder, it had nothing to do with me ..."

"Alright, alright, stop pretending to be innocent. We've seen a lot of criminals like you!" Cui Lizhu turned around and leaned back in her seat, then said lazily, "if you're innocent, you won't have to worry about us investigating you in detail!"

"Hmph, you're in such a hurry to explain yourself. Do you have a guilty conscience?"

"Mr. Lin, we know that you are a famous entrepreneur and that you have a big business to do." Zeng ke turned around and handed Lin chengye a bottle of mineral water. "But, I hope you can understand that we are all soldiers. It is useless for you to be anxious with us!"

"Hmph!" Lin chengye took the bottle of water and said, "just you wait, once this is over, I'll definitely file a complaint against you. Just you wait!"

After saying that, the car finally quieted down. Cui Lizhu lay on the seat, curled up, and rested. Zeng ke took out his mobile phone and checked WeChat.

The drivers were all police officers from the fu Lai police station. At that moment, the car's radio was playing beautiful music. The driver saw that cui Lizhu had fallen asleep, so he turned the knob and lowered the volume.

However, even though the volume was lowered, it could still be heard clearly.

Lin chengye was really thirsty, so he immediately opened the bottle and gulped down half a bottle of water ...

Just as Lin chengye was drinking his water, the music from the car radio suddenly stopped, followed by a beeping sound. Then, a radio host's voice was heard,

"Dear audience, we have a piece of breaking news. According to the news that our station has just received, there was a car accident at champagne Western restaurant in Xiakou city at about 9 pm tonight. An out-of-control car crashed into the restaurant, killing two customers who were eating on the spot.

"It has been confirmed that one of the guests is the chairman of Yun Hai Group, Ms. Lin chaofeng, and the identity of the other guest is unknown. The cause of the accident was unknown, and the police were currently investigating it.

"Ms. Lin chaofeng is the chairman of Yun Hai Group. She is a famous entrepreneur and philanthropist in Fu Lai province ..."

"I'll cut!" After hearing the broadcast, cui Lizhu suddenly straightened up from her seat and looked at Zeng ke in disbelief.

When Zeng ke heard the news, he turned to look at Lin chengye, who was in the cage.

Obviously, Lin chengye had also heard the news, and his expression froze.

Pa ...

Cui Lizhu reacted quickly and turned off the radio.

“What ... What’s going on ...” Lin chengye swallowed his saliva and said with a blank expression, “are you kidding me? my sister ... My sister, she ... How could she ...”

Di di ... Di di ...”

At this time, Zeng ke’s cell phone suddenly rang, and he quickly answered the call.

“Oh ... Oh, oh ... I got it, team leader. I just heard the news ... How could this happen?” Zeng ke said anxiously, his eyes looking unnaturally at Lin chengye.

Lin chengye, on the other hand, grabbed the railing with both hands and stared at Zeng ke with his eyes wide open, looking extremely anxious ...

“What? Bai Lang?” “Did Bai Lang do this?” Zeng ke asked in surprise. Why did he do that? This can’t be a coincidence, right? Oh ... Oh ... I’m sorry!”

Zeng ke quickly glanced at Lin chengye, then turned around and began to speak in a low voice, not letting Lin chengye hear him again. After a long time, he finally nodded and said, “Don’t worry, I know what to do!”

After that, Zeng ke put down the phone.

“Officer, officer, tell me, what happened to my sister?” Lin chengye’s face was pale and his body trembled as he asked, “that piece of news just now, was it fake?”

“I’m fine, I’m fine!” “The news is fake,” Zeng ke said. “Don’t worry about it!”

“Impossible ... Impossible ...” Lin chengye grabbed the railing and shouted, “quick! Quickly lend me your phone, I need to call my sister!”

Chapter 1237: Familiar clothes

At midnight, Zeng ke, Cui Lizhu, and the other police officers finally brought Lin chengye and Yue Yongnian’s suspects to the Wuqing County Police station.

However, Yue Yongnian and the others were not locked up with Lin chengye. Instead, they were sent to Bei Gang City overnight to identify the location where they were trading the bodies.

“You can’t do this. This is a violation of human rights, understand?” When Lin chengye was locked up in the Wuqing County Police station, he was still loudly retorting, “something happened to my sister, I have to go back to see her, you guys send me back quickly! You can’t ignore these human rights!”

“Cut the crap!” Cui Lizhu pushed Lin chengye hard and pushed him to the door of the police station’s guard room. She shouted, “we are all doing things according to the rules. Who violated your human rights?”

"I'm puzzled. You've done so many bad things. Aren't you afraid of retribution?"

"I didn't do anything bad," Lin chengye argued loudly.

"You're really thick-skinned!" Cui Lizhu's eyes widened as she retorted, "let me ask you, have you never thought about the girls after you built the hanging coffins?"

"Although you didn't kill them, they didn't die in their ancestral graves because of your evil intentions. They became lonely ghosts. Don't you feel any guilt?"

"Blame yourself ... But ..." Lin chengye wanted to argue, but he was stumped by Cui Lizhu's question. He didn't know how to answer her.

"That's enough, Chairman Lin," Zeng ke said. "Your team of lawyers is about to arrive." Regarding your sister's matter, we will also report it to the higher-ups as soon as possible! I think we'll have a result soon. You can rest here for a while!"

The Wuqing County Police station's guard room was relatively simple, similar to the Golden City. It was a large iron cage located outside the police Office.

At this moment, there was already a suspect in the iron cage. It was a middle-aged man in shabby clothes. Because it was too late, the man had fallen asleep on the bench in the prison.

Squeak ...

Officer Xiong Wendong from Wuqing County opened the old lock of the cell door and motioned for Lin chengye to go in.

"Al!" Lin chengye had no other choice. He sighed and walked into the iron cage with his head lowered.

"Captain Xiong," Cui Lizhu said to Xiong Wendong as he locked the door. "Tomorrow, the suspects will go to the seven Star hanging coffins to identify the scene and confess how they put the bodies in the coffin.

"Our team leader Zhao told us that if possible, we hope that the suspects can demonstrate it on the spot. We hope that you can be prepared!"

"I've already received the notice. Don't worry, everything will be ready by tomorrow morning!" Xiong Wendong locked the cell door and nodded to Cui Lizhu.

"By the way, regarding female body number seven, did forensics Gao come up with any concrete results?" Cui Lizhu asked again as she walked toward the door with Xiong Wendong. They left the guardroom in the blink of an eye.

At this time, Zeng ke had also completed the handover procedures with the police officers from Wu Qing. He then said, "This is vice-chairman Lin of the Yun Hai Group. He's not our main suspect, so we have to be polite to him. If he's thirsty or hungry, try to satisfy him!"

"Yes!" The police officer in charge of guarding the place looked at Lin chengye with a look of awe.

"By the way, is the door of our Special Investigation Group office open? "I have to get some documents ..." Zeng ke asked the police officer.

"I have the key here, I'll drive it for you!" After that, the young policeman took out his key and left the scene with Zeng ke.

All of a sudden, the guardhouse fell silent. It became deathly silent.

"What the hell!" Lin chengye felt a chill down his spine, and his face and neck were covered in sweat. He wiped the sweat with his hand and said angrily, "you still want us to demonstrate how to put a body into a coffin?"

"What are you all thinking about? I've already dealt with the boat and the ladder, would they buy another one? Prepared? Prepared my ass!"

He turned around and saw the middle-aged man who was also locked up in the cell.

"Oh ..." He quickly shut his mouth and did not dare to speak anymore.

However, for some reason, he still felt cold all over, and a chill ran down his spine. Moreover, there were faint symptoms of suffocation in his chest, and he was a little breathless.

He had no choice but to unbutton his shirt collar, only to find that his body was also soaked in cold sweat.

"Aiyu, what's going on? did you catch a cold?" He fanned himself with his hand gloomily and then sat down on the long bench next to him.

Just as he sat down, the lights in the guardroom suddenly flickered rapidly, giving Lin chengye a shock.

He quickly turned his eyes to the light on the ceiling, only to see the light flash for a moment before returning to normal.

Hu ...

Lin chengye gritted his teeth and was about to turn around to relax. Just as he turned his head, he suddenly saw a huge human face!

"Waaaaaah ..."

Lin chengye was so scared that he jumped up high and hit his head on the iron railing!

It wasn't until after the collision that he saw the middle-aged man clearly. He didn't know when the middle-aged man had woken up, but his face was right in front of Lin chengye's face. When he turned around, he saw everything.

The man's beard was unkempt, his clothes were tattered, and he reeked of a stench. He looked like a homeless man. At first glance, it would be strange not to be shocked.

"Is this ... A power outage?" The middle-aged man mumbled to himself before turning around and lying back down in his seat.

"What ... What are you doing?" Lin chengye trembled as he said, "don't scare people in the middle of the night, okay? Al!"

He sighed and sat back in his seat helplessly.

Hu hu hu ...

Who knew that just as he sat down this time, a gust of cold wind suddenly blew by his ear ...

“F * ck ...” Lin chengye shivered in fear and hurriedly looked in the direction of the wind. However, there was nothing there.

‘That’s strange ...’

Lin chengye muttered to himself, but he realized that the windows in the guardroom were closed, so it was impossible for the wind to enter.

This ...

Eh?

“Ah!”

Just as Lin chengye looked out the window, a terrifying scene appeared: Outside the window, a girl in yellow clothes appeared in the air!

Although he was far away, Lin chengye could still see her clearly. The girl’s hair was disheveled and covered half of her face. She was wearing yellow clothes. No matter how he looked at it, it looked like a burial suit worn by a dead person!

Ah ... Ah ...

Lin chengye was so scared that he fell back into his seat. When he looked up again, he found that there was nothing at the window.

This ...

This ...

Hu ... Hu ...

At this time, another cold wind blew over, and Lin chengye felt a chill from head to toe.

Ah ...

Lin chengye suddenly remembered something. Why did the yellow shroud that the girl was wearing look so familiar?

Could it be ... Could it be ...

Just as Lin chengye’s heart trembled in fear, the light flickered again. This time, after a rapid flash, the light went out completely!

The guardhouse was instantly plunged into darkness ...

Chapter 1238: you killed me!

Ah ...

The huge guardroom suddenly fell into darkness. Lin chengye's breathing suddenly became rapid and his nerves were tense.

The bone-chilling cold wind from before did not decrease but increased instead. It became stronger and stronger, causing Lin chengye's hair to stand on end and his body to turn cold ...

"What's wrong? what's wrong? Is there a power outage?" At this moment, the man who looked like a Vagabond suddenly spoke. Suddenly, a white light appeared in the iron cage. The homeless man turned on his phone and mumbled, "did someone turn off the light?"

"F * ck, you ... You actually have a phone?" Lin chengye's eyes lit up and he immediately went forward to snatch the phone from the homeless man.

"Eh? Eh? What are you doing? "That's my phone ..."The Tramp quickly snatched it back.

"I need to make a phone call," Lin chengye stopped the man and said loudly, "I'll buy your phone. I'll give you ten thousand Yuan!"

"Are you crazy?" The Tramp said disdainfully, "this phone was given to me by my cousin. It's only 100 yuan at most, and you actually bought it for 10000 Yuan. Hmph, who are you trying to fool?"

"I ..." Lin chengye rummaged through his pockets but found nothing. He quickly said, "believe me, I have money. As long as you lend me the money to make a phone call, I guarantee that I will give you the 10000 Yuan without a single cent missing!"

"Um ... This ..." The Tramp was obviously hesitant. "Do you really have ten thousand dollars?"

At this moment, the anxious Lin chengye didn't care about this. He hurriedly dialed the phone number of his private lawyer, wanting to ask about his sister, Lin chaofeng.

After the call was made, the phone immediately rang with a toot. Then, the beep suddenly stopped, indicating that the call was connected.

"Hello, old Chen, where are you? I'm chengye ... Um ... Um ..."

Unexpectedly, after the call was connected, it was not a person's voice that came from the other side, but a whistling sound, followed by a sudden burst of low sobs.

Wuwuwu ... Wuwu ...

That sobbing sound was clearly a woman's voice.

The cry was mournful and resentful, as if it came from a vengeful spirit ...

"Hey, hey, hey...Old Chen, old Chen...Hmm ..." Lin chengye felt that something was wrong the more he heard, and goosebumps appeared all over his body.

In the end, the next second, a shrill woman's howl suddenly sounded from the phone. "Wuwu...Where am I, where am I ... Wuwuwu...Hu ..."

The sound came closer and closer, and it was extremely terrifying. The last sound seemed to be made right in front of Lin chengye.

“Ah!” Lin chengye shivered in fear and his phone fell to the ground!

“Pa La La ...”

The phone was instantly snuffed out, and the room fell into darkness again.

“Eh? You?” The hobo was indignant. He squatted down to look for his phone and scolded, “what kind of person are you? why did you throw my phone?”

“Eh? “Hey, hey, hey ...” Suddenly, Lin chengye saw a white light coming from the window. The girl in yellow that he had seen before had appeared again!

This time, the girl wasn’t standing outside the window. She had already entered the guardhouse.

This time, Lin chengye could see her even more clearly. He saw that the girl was wearing an apricot-yellow loose shroud, barefooted, and her hair was disheveled, covering half of her face.

And the part of her face that was exposed was obviously covered with heavy makeup that only the dead would put on ...

“Ah...Ah!”

Lin chengye was scared out of his wits, he quickly patted the cage and shouted, “Ghost! A ghost! Is there anyone ... Is there anyone? The police! Police ... Hey ...”

“Hey, hey, hey...Are you F * cking crazy? What “Hello”?” The vagrant was furious that he did not pick up the phone. He stood up and grabbed Lin chengye’s collar, shouting, “so what if the phone is broken? don’t play tricks. What the hell ... Mm ... Mm ...”

At this moment, the Tramp suddenly felt that something was wrong with the atmosphere. He also felt a chilly wind on his cheek ...

Hmm ...

The vagrant slowly turned his head around and saw the girl in yellow floating towards them ...

“Oh ...” The Tramp suddenly understood and quickly let go of Lin chengye’s collar. He even helped him tidy up before nodding and saying, “alright, let’s forget about the phone!” It’s a matter of ghosts, I’ll just believe you!”

After he finished speaking, the vagrant leaned to the ground like a textbook and passed out smoothly ...

“Eh? You?”

Lin chengye did not expect the Tramp to faint so quickly. He was so frightened that he retreated.

Hu ...

With another gust of cold wind, Lin chengye shuddered again. When he looked up again, the girl in yellow had already appeared outside the iron cage and was very close to him!

“Oh ... Oh ...” Lin chengye was so scared that he almost peed his pants. His entire body shivered and he quickly retreated as if he had been electrocuted.

However, the iron cage was only so big. After a few steps, he had retreated to the end and there was no way to retreat.

“No... Impossible, impossible ...” At the critical moment, Lin chengye seemed to be cheering himself on as he said to himself, “there can’t be a ghost, this is fake, fake ...”

Wuuu ...

Another gust of cold wind blew, causing Lin chengye’s body to turn cold.

He raised his head and was horrified to see that the girl in yellow had actually fluttered through the iron cage and entered it from the outside!

This time, Lin chengye was really shocked. If it was not a ghost, how could it pass through the iron cage? His legs immediately gave way, and he knelt on the ground.

“Ah ... Ah ...” He panted hard, as if he had lost his pulse.

Pfft ...

At that moment, the girl in yellow took out a piece of yellow paper and gently threw it in front of Lin chengye.

Although Lin chengye was scared out of his wits, he could still recognize at a glance that the birth characters written on the yellow paper were his sister Lin chaofeng ‘s!

While Lin chengye was still in a state of shock, the girl in yellow suddenly squatted down in front of Lin chengye and said bitterly, “I recognize you ...”

The voice seemed to come from the netherworld, from a tomb, full of ghostly aura, and Lin chengye was so scared that he did not dare to look up.

“I died ... So miserably ...” The girl swayed in front of Lin chengye’s face and said, “I was killed by a car, and then my soul was locked up and trapped in a coffin. It was so painful!”

“Was it you? Are you the one who killed me ... Wuwuwuwuah ...”

“No! It wasn’t! It’s none of my business!” Lin chengye was so scared that he curled up into a ball and hurriedly explained, “it’s ... It’s all Yue Yongnian and the others ‘doing. It’s not my fault!”

“Gathering souls in the hanging coffins, immortal guides the way! The hanging coffins are broken, but our souls are still here. We must be here to collect debts and take lives!” The girl said in a strange tone, “so, there must be a reason why I came to you! Speak! Are you the one who killed me ...”

“No, no, it really isn’t!” Lin chengye hurriedly explained, “you’ve got the wrong person. It’s all Yue Yongnian’s fault. He did it. I was also deceived by them!”

“I was hit by a car, hit by a car ...” The girl flipped her hair, revealing her damaged forehead. She roared in a terrifying and evil voice, “was it you? was it you who hit me?!” Evil gathering soul, you ... Can’t run away today, come with me!”

“Ah ...” Lin chengye was so frightened that his face turned pale. He quickly knelt on the ground and kowtowed. “No, no, I didn’t hit it. You should ... You should find someone called Bai Lang! He was the one who bumped into you, it’s really not my fault!”

“As long as the resentment doesn’t dissipate, my soul won’t die ... I’m in so much pain ... Hmm ...” The next second, the girl stuck to Lin chengye and swayed for a few seconds. Her body suddenly burst out with a terrifying and strange fluorescent light, like a flame!

“Ah ... Ah! Please spare me!” Lin chengye bowed and begged for mercy. He shouted loudly and was on the verge of collapse.

“Hmm ...” A few seconds later, the girl suddenly sniffed hard. As the fluorescent light faded, she said, “hmm ... I understand. The person who should take your life is not me, not me ... Waah ...”

As she spoke, the girl in yellow suddenly turned around and left. When her body touched the iron cage, she passed through it just like before ...

However, even though the female ghost had left, Lin chengye did not have time to catch his breath. Suddenly, a flame appeared in front of his eyes. He saw the yellow paper that the girl had thrown down suddenly burst into flames in the air!

After the flames subsided, a short and old woman emerged from the iron cage.

The moment he saw the woman, Lin chengye broke down. He quickly shouted in a trembling voice, “Sister ...”

Chapter 1239: Have you had enough fun?

“Oh ... Cough, cough ...”

At such a terrifying time, the unconscious tramp suddenly woke up. He coughed twice and looked up to observe the environment.

In the end, the moment he saw the ghostly woman, his eyes closed and he passed out again.

“Sis ... Sister ...”

Lin chengye looked at the woman in front of him in fear, but he saw that this woman was wearing an indescribable gauze dress. Although her face was covered with terrifying blood vessels, he could still tell that she was Lin chengye’s sister, Qianqian, Lin chaofeng!

“Oh ...” The woman let out an “Oh” and spat out a cold white smoke. Then, she looked at Lin chengye and said coldly, “evil creature, evil creature!” Why is it you, Yingluo, who killed me?”

“Sister ... Sister ...” Lin chengye saw Lin chaofeng’s terrifying look and knelt down in fear, begging for mercy, “what are you saying, I ... How could I harm you!?”

“Evil creature!” Lin chaofeng roared angrily, her voice echoing back and forth. It was eerie and terrifying. “I’m here to settle scores with you!” You still dare to deny it? the person who hit me ... Was sent by you! Oh ... You’re so cruel. Why do you want to kill me? how have I let you down?”

As she spoke, Lin chaofeng's body glowed with the same fluorescent light as the girl just now. It was as if her whole body was burning with cold fire, which was very scary!

"No, no, no..." Lin chengye quickly explained, "sister, don't listen to other people's nonsense. I didn't do it. I wouldn't dare, I wouldn't dare!"

"Nonsense!" Lin chaofeng's glowed brighter and brighter, and she rebuked loudly, "I came to find you like a ghost, and you still dare to lie!?" I've endured the Hellfire and I've already seen through your heart.

"Today, if you sincerely repent, I may spare your life on account of our sibling relationship!"

"But if you still refuse to come to your senses, your sister will not be able to save you today! Quickly say it, say it!" As he spoke, the flames on Lin chaofeng's body flared up again, making loud crackling sounds!

"I ... I ... I ..." Lin chengye held his head and trembled. He looked like he was about to break down. He said "I" a few times in a row but did not continue with the most important words.

"No one can avoid the dark Souls coming for our lives, you evil creature! Midnight is about to pass. After this hour, you will no longer have a chance. You can only leave with your sister!" Lin chaofeng advised her gloomily, "sister doesn't want to take you away. The company still needs someone to take care of it!" Listen to me, repent!"

"Ah ... I ... I ..." Lin chengye trembled as he wiped the cold sweat off his face. He finally said in a trembling voice, "okay! Good! I repent ... I repent ... Sister, I'm wrong, I'm sorry!"

"Wuwu ..." As he spoke, Lin chengye actually cried. "I regret using the seven Star hanging coffins 'victory loathing technique to curse you!" I was wrong, Wuwu ... I was possessed and believed the lies of Yue Yongnian and his gang. I was wrong, I'm a bastard, I'm an animal!"

As he spoke, Lin chengye slapped his own mouth twice and said, "I know I'm in the wrong. Can you spare me on account of our sibling relationship?"

"..." Lin chaofeng was obviously a little surprised by Lin chengye's answer. She hurriedly shouted, "evil creature, it's fine that the hanging coffins hate winning, but you shouldn't have hired someone to kill me!" I'm so good to you, why do you want me to die!"

"Sister, sob ..." Lin chengye cried and knelt at Lin chaofeng's feet. "I really didn't hire the killer!"

"I think you should know very well that the hanging coffins hate winning. At most, they will spread feudal superstitions, damage public property, insult corpses, and so on ... These are all small crimes, and the punishment is not big!"

"But, you want me to admit that I hired a killer? That's murder, isn't it? your brother can't take the responsibility, wuwuwu ..."

At this moment, although Lin chengye's voice was mournful, there was an obvious abnormality in his crying. There was even a faint sense of ridicule ...

"..." This time, Lin chaofeng was even more surprised. It was obvious that Lin chengye's words were not in her plan.

“Sister, since I’m not going to live anyway, why don’t you just take me away?” Who knew that Lin chengye would say with tears and snot, “let’s go to hell together! Let’s go, let’s go!”

As he spoke, he suddenly crawled towards Lin chaofeng. Lin chaofeng panicked and quickly took two steps back.

In the end, when he saw this scene, Lin chengye suddenly laughed sinisterly, “Ha ... Haha...Haha...Hiss hiss hiss ...”

He laughed crazily and evilly. Not only did he lie on the ground, but he also made a hissing sound like a snake, as if he was out of breath from laughing ...

“Ahaha, ahaha ... Hahahaha ...” The next second, he rolled on the ground and laughed at Lin chaofeng. “Sister, it’s time, why aren’t you taking me away?”

“Hey, officers,” he suddenly shouted into the distance, “are you done playing? Was it really that fun to play tricks? I’m cooperating well, aren’t I? Hahaha ...”

Lin chengye suddenly laughed, and the atmosphere in the guardroom suddenly changed.

But seeing that “Lin chaofeng” couldn’t say a word, the fluorescent flame on her body seemed to have weakened a lot in an instant. She was no longer as arrogant and sinister as before.

“Hahahaha ...” Lin chengye closed his eyes and wiped the snot and tears from his face. He laughed evilly and said, “sis, the fire on your body is an LED and a hairdryer. It was eliminated by scammers five years ago. Even magicians are no longer a profession! Hahaha ...”

“Tsk tsk ...”

Upon hearing this, the homeless man on the ground moved and sat up.

He first pulled the embarrassed “Lin chaofeng” with his hand, then waved to the people outside. His meaning was very obvious-their performance had been exposed!

Crack ...

The lights turned on, and the girl in yellow, as well as Zeng ke, cui Lizhu, and the others, all appeared in the guardroom.

“Hahahaha ...” Lin chengye laughed so hard that he lay on the ground. After he had enough of laughing, he grinned and said, “if I’m not wrong, this isn’t even a police station, right? Did you guys bring me to the studio or to the magician’s stage?”

“Hahahaha ...” He laughed madly. “I told you, you wouldn’t do such a thing in the police station!”

“Otherwise, that would really be the biggest joke in the world.

“Hmph ... I thought only those scammers would do such dirty things, but I didn’t expect you police officers to be so knowledgeable.

“You really scared me just now ... Hahahaha ...”

"I'm dying of laughter. Here's a suggestion," he said, beaming with joy. "Later, set up a Department for pretending to be a ghost in the police station. I guarantee that those stubborn criminals will confess the truth when they see you pretending to be a ghost!"

"Hahaha ... This is too F * cking funny ..."

"Wahaha ..." Before Lin chengye could finish laughing, there was a loud laugh from the guardroom. Zhao Yu strode in and laughed at Lin chengye. "Wahaha, Chairman Lin is really amazing!"

"We've prepared such an elaborate ghost play, but you've actually seen through it. I'm completely convinced and impressed ... Wahaha ..."

Chapter 1240: ulterior motives

"Oh ... It's you!"

Lin chengye recognized Zhao Yu, immediately stood up, and walked towards Zhao Yu. When he walked past the bars of the iron cage, he went straight through the bars, just like the female ghost from before.

As it turned out, there was a gap in the railing that allowed people to pass through. Because of the mirrors used for refraction placed on both sides of the gap, it was not visible at first glance.

"Al!" When Lin chengye passed through the gap, he sighed and asked, "did you guys drug me in the mineral water? Otherwise, it's impossible that I didn't notice the flaw when I first came in, right?"

"Officer Zhao!" He reached out and touched the mirror used to reflect light, and said triumphantly, "I don't care. I have money and a lawyer. Even if you were sent by the criminal Division, I'm going to Sue you!"

"This is called a violation of human rights by tricking innocent people. As a police officer, you promote feudal superstitions, pretend to be a ghost to scare people, and so on ... I know I may not win the lawsuit, but I can guarantee that I can disgust you and make you unable to live a normal life!"

"This ..." At this time, the man who had pretended to be a homeless man was frightened and quickly apologized to Zhao Yu, "police officer ... I ..."

The actor playing the vagrant was none other than master Zhang, who had set up Zhao Yu's encounter with an evil spirit at the five peaks Ridge Daoist temple!

It turned out that the person Zhao Yu had mentioned before, the person who could "use stones from other mountains to attack Jade," was this person.

At that time, because the case of the hanging coffin case was very special, Zhao Yu had a sudden idea. He felt that since the case involved ghosts and deities, it was better to end it in the same way as ghosts and deities!

Therefore, he thought of master Zhang, who used geomancy as a disguise and specialized in scamming people.

Soon, he got in touch with master Zhang and discussed all the details of acting as a ghost to scare people. Then, the show in front of him was put into action.

As for the girl in yellow, she was played by a member of master Zhang's gang. And Lin chaofeng's role was played by master Zhang's wife!

At this moment, seeing that his carefully designed show had been seen through, and that Zhao Yu had been at a disadvantage, master Zhang obviously felt very guilty.

This time, he was hoping that he could help Zhao Yu and reduce his sentence, so he gave it his all and used all his trump cards.

However, he did not expect to fail in the end.

"Police officer Zhao ..." Master Zhang walked over to Zhao Yu's side in frustration and muttered from behind him, "if you could give me your face-changing skills, it might be better!"

"Shh ..." Zhao Yu quickly told him to keep quiet. He didn't want too many people to know that he had become a ghost.

Master Zhang also realized that he had said something wrong. He quickly lowered his head and retreated to the back, then took his team away.

"Wahaha ..." Zhao Yu laughed at Lin chengye, not disappointed at all. "Chairman Lin, you're being too serious. It's just a small joke, don't take it too seriously!"

"Oh? Officer Zhao, you really know how to joke. I don't think you're joking with me," Lin chengye said bluntly. "So, let's see each other in court!" Now, I need to call my lawyer ..."

"Eh? Was he really anxious? Weren't you having fun just now?" Zhao Yu laughed and said, "I saw that your tears were real. Are you really regretting that you killed your sister?"

"Hey, watch your words, officer Zhao!" Lin chengye's face turned serious. "What ... Are you trying to get information out of me?" You're really stubborn! Hurry up and give me the phone!"

"Hahaha ..." Zhao Yu laughed, then said, "vice-chairman Lin, don't you think something is strange? We put so much effort into putting on an act for you, and you saw through it, but ... Yue Yongnian's mysterious hanging coffins victory loathing technique could scare you into Qi deviation. Isn't this a little unreasonable?"

"Oh?" Lin chengye's face tensed up and he quickly said, "so, you were waiting for me here! Officer Zhao, what are you trying to prove?"

"I want to prove that you've always been a firm atheist, and that has never changed!" Zhao Yu's face grew serious as he said, "so, it's impossible that Yue Yongnian had lied to you for more than a year. The reason you cooperated with them was because you were using them! The entire hanging coffins case was designed by you!"

"Waa! It's that fierce?" Lin chengye pretended to be surprised and then said sarcastically, "you mean, I hired a group of scammers to deceive myself? Is there a joke more stupid than this in this world?"

"It's useless to say anything else! Everything you said to me on the yacht was a lie to confuse me!"

“We used the most professional techniques just now. If you didn’t fall for it, then Yue Yongnian’s tricks won’t work on you at all!” Zhao Yu squinted his eyes and asked fiercely, “how do you explain this?”

“That’s not hard to explain,” Lin chengye said. “I just believe in Yue Yongnian! You don’t need a reason to trust someone, right?”

“As for your performance just now, Hmph! I’m afraid ... He’s not as professional as you say? “And ...” He said contemptuously, “I can also explain it this way. I used to believe in Yue Yongnian, but when I found out that Yue Yongnian was a quack, I no longer believed in anything else!

“What do you think? this explanation ... Are you satisfied? Hahaha ...”

After hearing Lin chengye’s words, the room suddenly fell silent. Zeng ke and cui Lizhu looked at each other, their expressions complicated.

“Alright, alright!” A look of disappointment flashed across Zhao Yu’s eyes, but the next second, he suddenly raised his hand and said to Xiong Wendong, “alright, I’ve had enough fun. Now, you can put handcuffs on vice-chairman Lin!”

Then, with a wave of Zhao Yu’s hand, Xiong Wendong immediately stepped forward and handcuffed Lin chengye.

“Eh? What ... What are you guys doing?” Lin chengye was surprised. “You can’t do this. What crime have I committed?” Speak clearly, speak clearly!”

“Lin chengye!” Cui Lizhu couldn’t hold it in any longer. She rushed forward and said to Lin chengye, “we suspect that you hired Bai Lang to kill Ms. Lin chaofeng. We are arresting you according to the law for the crime of murder. Do you understand?”

“I ... What?” Looking at the handcuffs on his hands, Lin chengye was dumbfounded. He quickly asked, “of course I don’t understand. What Bai Lang? What do you mean by hiring an assassin?”

“Is there any use? Is there any use?” Cui Lizhu said angrily, “we just got solid evidence. If you have anything to say, you can wait until we get to the interrogation room!”

“What ... What evidence?” Lin chengye struggled for a moment and roared, “just because you guys were acting all mysterious just now? Alright, I was just about to Sue you guys!”

“Wahaha ...” Suddenly, Zhao Yu’s maniacal laughter rang out again. He took a step forward, pressed down on Lin chengye’s shoulder, and said in a loud voice, “vice-chairman Lin, there’s something you might not know.

“The incident where Bai Lang hit Lin chaofeng and cui Yiwen with his car did not happen tonight. It happened last night!”

“What?” Lin chengye was confused and quickly shook his head. “What are you talking about? I don’t understand. What was the difference between tonight and last night? Hurry up and tell me, how is my sister?”

“Still playing dumb? keep acting, hehe!” Zhao Yu smiled faintly and said, “the reason why we put on a show for you just now was to let you experience it and see if the effect is shocking.

“Wahaha ... You’re indeed a powerful person. You did see through us, but ...” Zhao Yu laughed eerily, then took out his mobile phone and said, “not everyone can see through us, right?”

Then, Zhao Yu played a video on his phone. There was a scene of a person kowtowing and begging for mercy. When Lin chengye took a closer look, he was shocked to see that the person was none other than Xuanji and Bai Lang!

He saw Bai Lang inside the iron cage, kowtowing to the actor playing Lin chaofeng and begging, “I’ll tell you, I’ll tell you! All of this was arranged by Lin chengye! He hired me to kill you! The person you’re looking for is your brother! I beg you ... Please spare me ...”
