

## Crazy 1271

### Chapter 1271: A lonely figure

“Hmm...There are basically no more problems!” After coming out of the interrogation room, Zhao Yu said to the criminal Police captain, “but I also need all the videos of the interrogation, as well as the trial records of your police force, and the forensic evidence of the forensics team.”

“Oh ...” The criminal Police captain didn’t expect Zhao Yu to be so strict, so he quickly nodded and agreed. “Okay!” I’ll inform them to get it done. Um ... Do you want to take it back to the hotel, or ...”

“How can we bring such an important thing back to the hotel?” Zhao Yu said seriously, “just give us a clean office!”

“Oh ... Alright, alright!” The captain of the criminal Police team hurriedly agreed.

“One more thing ...” Zhao Yu said. “In the next few days, keep your distance from the media! After we’ve finished the investigation and submitted it, the criminal Division will arrange a formal press conference!

“After all, the Huayun mountain case has a serious impact. In addition to taking care of the domestic public’s mood, we also have to take into account the foreign public opinion. So, we have to be well prepared in order to ...”

As they spoke, the three of them walked along the corridor. Before Zhao Yu could finish his sentence, he suddenly saw an old man, who was not wearing a police uniform, sitting on the long bench outside the monitoring room.

It was a woman in her 60s. She was dressed in black silk clothes, her figure was thin, and her face was Haggard.

Seeing the old man, Zhao Yu suddenly stopped and looked a little surprised. Under such circumstances, there should not be any outsiders outside the interrogation room where the Huayun mountain criminals were held.

“Oh ... Oh ...” The captain of the criminal Police team hurried forward and greeted the woman. “Auntie, you’re here!” Didn’t I ask Xiao Zhao to accompany you? Where is she?”

“Oh ...” The woman quickly stood up and said very politely, “Hello, Captain MA. I saw that you were so busy, so I let Xiao Zhao do her work!” Although I’m alone, I can still take care of myself!”

“I see!” The captain of the criminal Police quickly pointed at her and introduced her to Zhao Yu and su lingyue, “leaders, this is Ji Kai’s mother, Ms. Shen Shuwen!”

“Oh ...” Zhao Yu finally understood why there was such an “outsider” here. It turned out that she was the victim’s family.

“Police officers, you’ve worked hard for our family’s case!” Mrs. Shen greeted Zhao Yu politely.

Although it was only a brief greeting, Zhao Yu could tell from her speech and behavior that Ji Kai’s mother was a very cultured person.

“Hello, Auntie!” Miao Ying saw that the old man’s eyes were red and swollen, and his face was Haggard. She suddenly felt a sense of sympathy for him, so she quickly and politely asked, “you ... You came alone?”

“En!” Madam Shen sighed, “something happened to my children and my wife left me a few years ago! I’m all alone now ...”

“I see ...” Miao Ying realized that her words might have hurt the other party’s sore spot. She suddenly looked guilty and did not know how to comfort him.

“But, don’t worry ...” Madam Shen said sincerely, “my niece is on her way here!” Officer, you’re all busy, don’t ... Don’t worry about me! Hurry up and get busy!”

“This ...” Looking at the lonely old man and thinking of the tragedy that had happened to him, the three of them felt bad.

“Um ... Auntie, about the interrogation record ...” The captain said. “It’s not that I don’t want to show it to you, I’m just worried that after you read it, it will bring back those bad memories and you won’t be able to bear it!” There’s no one to accompany you, this ... How can this be!”

“Captain MA, you don’t have to worry about me,” Madam Shen said seriously. “My tears have long run dry! It’s been nine years. I’m glad I can still see the moment the murderer is caught!”

“So, please, let me see the interrogation record! Let me know what happened that night ...”

“This ... This ...” Captain MA was obviously in a difficult position.

“Captain MA!” Miao Ying said, “according to the regulations, except for special reasons, the victim’s family has the right to know the truth of the case. Let Auntie take a look!”

“Like this!” She immediately stood beside the old man and held his arm. “Let me accompany you, Auntie!”

“No, there’s really no need!” The old man quickly waved his hand. “I don’t want to give you trouble!”

“It’s okay, my job is done!” Miao Ying said enthusiastically, “come on, I’ll go with you!”

“Well ...” Captain MA didn’t waste any more time. “Okay, please wait a moment. I’ll get someone to arrange it and find a suitable place!”

“How about this ...” Miao Ying pointed to the monitoring room. “This will do! We will be waiting for you here! Zhao Yu, you go and do your work!”

Seeing that Miao Ying was so active, Zhao Yu didn’t say anything, so he followed Captain MA to another office to start organizing and supervising his work.

Although Zhao Yu had basically understood the case through the interrogation of the criminals, he still read through the information very carefully, not wanting to miss any suspicious points.

He had checked the entire process from the criminal turning himself in to the confession of the case, but he did not find anything suspicious.

Hmm ...

He took out his notebook and made some notes.

He wondered if he should make a trip to Weizhou the next day to find out more about the three of them.

If there weren't any more problems, his supervision work could almost be finished!

In that case, the Huayun mountain massacre case could be closed!

Just as Zhao Yu was sorting out the information, Miao Ying finally returned.

"How is it? Is the old man alright?" Seeing Miao Ying, Zhao Yu asked her out of concern.

"The old man is really strong! Although I couldn't help but cry when I saw the incident, it's still better!" Miao Ying saw that there was no one around, so she held Zhao Yu's arm and sighed. "Poor thing! If it wasn't for those three damned murderers, the old man would be enjoying his family life right now!

"But now, every time I see her lonely back, I feel terrible!" Miao Ying said sadly, "why is there such a cruel sin in this world? It's so unfair ..."

"Don't think too much!" Zhao Yu patted the Beauty's shoulder and comforted her, "life is unpredictable. There are many things that can't be controlled by human will!"

"Ji Kai's mother was a reporter," Miao Ying said. "No wonder I felt that her name was familiar from the beginning. She used to write many well-known articles, so she was very famous!

"Al! I really didn't expect that this kind of misfortune would befall her ..."

"Oh ... So you're a reporter!" Zhao Yu nodded slightly and said thoughtfully, "no wonder Captain MA refused to let her see the case file! If Shen Shuwen were to report about the Huayun mountain case, then it's very likely to influence the orientation of public opinion. By then, it might have a certain impact on the trial of the case!"

"Oh? Shouldn't it be like this?" Miao Ying said indignantly, "my son, daughter-in-law, grandson, and granddaughter were all killed by the murderer! He didn't even allow the person involved to express his opinion and relieve his grief and anger? What kind of logic is that!"

"But ... The murderer turned himself in after all ..." Zhao Yu said, embarrassed.

"So what if I turn myself in? Can surrendering themselves erase their crime of murder?" Miss Miao was angry. "Zhao Yu, don't you always say that you must pay for your debts and that you must pay with your life for killing? Don't you think that those three people should be sentenced to death? to pay with their lives to comfort the victims?"

"I don't know ..."

Zhao Yu shook his head indifferently. In a trance, he seemed to have returned to the time when he solved the lost hand case, when he faced li dan. He was even more confused about the values behind the case, and could not make a judgment.

## Chapter 1272: -letter

The next morning, in a hotel, Zhao Yu was woken up by the sound of water from the bathroom.

Oh ...

He opened his eyes and realized that Miao Ying was not there. He then realized that Miao Ying must have gone to the bathroom to wash up.

Oh ...

He stretched his back and wanted to take a rest. However, as soon as he closed his eyes, he suddenly realized that there was a sound in the system in his mind.

Oh ...

Only then did he remember that the “Zhen Li” hexagram that he had opened yesterday must have ended. Since he was not very sensitive to such ordinary hexagram poems, he had forgotten to check them last night.

At that moment, he opened the system interface and saw the prompt that the hexagram had ended. This time, he received a completion rate of 277% and five items as a reward.

What ...

He casually thought of the only fortuitous encounter he had yesterday, which was a fight with those black-hearted peddlers, and it wasn't a satisfying fight. How did it correspond to the “zhenli” hexagram?

In his laziness, he didn't want to think about the meaning of the hexagram poem. What about the “Zhen” hexagram and the “li” hexagram? he simply retracted his thoughts and prepared to go back to sleep.

But ... He had already developed the habit of opening a hexagram, so in less than ten seconds, he was moved again.

Although he knew that the Huayun mountain massacre case was coming to an end, he was not surprised. However, he did not know why, but he could not calm down. He felt that he had overlooked something.

So, he turned his mind back to the system interface and opened a hexagram without hesitation.

Hmm ...

This was ...

After he opened the hexagram, he was stunned for a moment. When he looked at it carefully, he found that three big words had appeared in the middle of the interface: Kun Gen Xun!

Oh ...

Zhao Yu nodded slightly. It turned out to be another special hexagram!

“Kun Gen Xun ... Hehe ...” He laughed dryly for two to three seconds before he suddenly got up and exclaimed, “Oh my God ... What the hell is this! Ah ...”

In the end, in his shock, his hand touched nothing and he fell to the ground.

Gulp ...

The huge body fell to the ground, causing the ground to shake ...

“What’s wrong, what’s wrong?” Hearing the strange noise, Miao Ying quickly covered her bath towel and went to the bathroom door to ask, “Zhao Yu ... Are you okay?”

In order not to let miss Miao notice anything wrong, Zhao Yu quickly pretended to be asleep and snored on the ground.

“Seriously ...” Miao Ying frowned slightly. “He fell down ...”

Seeing that Zhao Yu was fine, Miao Ying went back in to dry her hair.

Hearing the sound of the hairdryer, Zhao Yu woke up and quickly closed his eyes to check again. Yes, there was nothing wrong!

The hexagram that he had just opened was indeed a “kun Gen Xun” hexagram!

This ...

What was going on?

Why ... At this time, would such an awesome, strange, and surging hexagram suddenly appear?

“Boss, boss ...” Zhao Yu said nervously to the system in his mind, “are you playing me again?” What’s the meaning of this? Why can’t I guess what cards you’re playing?

Kun Gen Xun ...

“Kun” meant a major event, while “Gen” meant the case. “Kun Gen” meant that either a major case was about to happen, or...Or there was a major turning point in the Huayun mountain massacre case!

But ... What was the “Chi” at the back for?

“Yan” represented family and kinship. What did that mean? Could it be that ... Something big has happened to my family?

Please don’t!

Zhao Yu prayed silently. The Huayun mountain case had given him a deeper understanding of family. At this critical juncture, he hoped that nothing bad would happen.

“That’s right. Otherwise ...” He pondered. “Why don’t I call my bodyguards now and ask them to be more vigilant?”

“Ah ... Hero, please accompany me in my dreams ...”

Just as Zhao Yu was nervously thinking of a countermeasure, the mobile phone on the bedside table suddenly rang.

Tsk tsk ...

Zhao Yu's past experience told him that this call came at such a coincidental time, so there must be a problem!

To answer or not?

Nonsense!

Can I not pick it up?

Zhao Yu was about to reach out, but Miao Ying suddenly came out of the bathroom and quickly picked up Zhao Yu's phone.

"Hey!" "Hello," Miao Ying said in a low voice. It turned out that the reason she picked up the phone was because she was afraid that the ringing would wake Zhao Yu up. She didn't know that Zhao Yu had already woken up.

"Um ... I know. Team leader Zhao is in the bathroom. Tell me, what's the matter?" Miao Ying asked in a low voice as she took the phone to the bathroom.

"What?" However, halfway through, she raised her voice and asked, "how ... How did this happen?"

"Ah?" Zhao Yu couldn't pretend anymore, so he quickly got up and asked, "meowmeowmeow...What's wrong? What happened?"

"Oh ... Oh oh ... Okay, we'll go over now!" Miao Ying hung up the phone, but Zhao Yu couldn't guess what had happened.

"What's wrong, MeowMeow?" Zhao Yu was even more curious and quickly asked.

"Ji Kai's mother ..." Miao Ying said to Zhao Yu with a complicated expression. "It's Ms. Shen Shuwen, who we saw yesterday. She just submitted a plea for leniency to the Huayun Mountain Police station. She hopes that the police can consider the murderer's performance in turning himself in and reduce their punishment!"

"Ah?" Zhao Yu was surprised. "Why do you say that? Was she pleading for the murderer? Besides ... We're just a verification Department. If you really want to ask for help, shouldn't you apply to the court or the prosecutor's office?"

"Eh?" Miao Ying then reacted. "Zhao Yu, did you wake up long ago?"

.....

Half an hour later, at the Huayun Mountain Police station.

"I don't know where the old lady is now," Captain MA said to Zhao Yu and Miao Ying. "In addition to a handwritten copy, she also gave us several photocopied copies. If you want to entrust it to us, you can hand it over to the Procuratorate and the court."

“She also said that when the court session starts, she will go to the court and personally plead with the judge to save the lives of MA Liqun and the other two. She said that they should not be sentenced to death!”

“Why? I ... I don’t understand!” Miao Ying was confused.”It was those three people who killed her blood and kin. Why is she still pleading for them?”

“Hmm ... It’s quite surprising!” Captain MA handed a few pieces of paper to Miao Ying and said,”I think you’ll understand after you read this plea letter from Ms. Shen Shuwen! She ... She’s really an admirable person ...”

Captain MA handed over Shen Shuwen’s original handwritten letter. There were clear circular wrinkles in some places, which were clearly caused by tears.

Miao Ying and Zhao Yu both knew that Shen Shuwen had not seen the confession records of the three criminals until yesterday afternoon.

Therefore, this long letter of plea for mercy was written by the old man overnight!

Miao Ying quickly opened the letter, but after reading a few lines, her eyes started to tear up.

### **Chapter 1273: The ultimate answer**

“Dear Criminal Police agents, prosecutors, and judges,” Shen Shuwen’s letter said,”on behalf of the family members of the victims of the Huayun mountain massacre, I plead for all comrades who are listening to this case to give the criminals MA Liqun, Gong peiwang, and MA juncai a lighter sentence. They will be tried at their discretion, but they must not be sentenced to death!

“I know that my request is a little abrupt, but please believe that I have thought about it carefully before making the decision to plead for the criminal.

“My reason is very simple. Just like the PU Fang incident back then, I don’t forgive the criminal, and I don’t forgive what they have done to my family. However, I don’t want them to pay with their lives!

“As a reporter, 20 years ago, I had the honor of being in contact with the news of the murder of a German family in PU Fang.

“That year, the family of the PU family was brutally murdered by four young men, and the court sentenced the four murderers to death. However, PU Fang’s mother had filed a request to the court, hoping that the murderer would not be executed! Because she thought that the four murderers were all very young. Even if she killed them, it wouldn’t change the reality!

“However, the court didn’t agree to her plea, and in the end, the four murderers were executed.

“However, to everyone’s surprise, after that, in order to express their grief for the family, the friends of the Prussian fund were established to fund the local poor children to go to school.

“They believe that the root cause of the tragedy is the lack of proper education.

“So, they want to use the foundation to improve the education conditions of local children to prevent more crimes from happening.

“Repaying evil with good is easy to say, but hard to do. Fate is often designed for the mediocre. In most people’s eyes, we use the passage of time to wash away our old traces, but they have never thought about whether we can change anything.

“Back then, although I participated in the report and was shocked, I didn’t understand the deep meaning behind it. “It wasn’t until 9 years ago, when I encountered the same disaster as the PU Fang family, that I finally realized how great and transcendent those people’s methods were!

“Just like they said, only after you have a clear understanding of human nature will you understand that, whether you are prepared or not, life is a hanging where you can be ‘kicked off your stool’ at any time.

“Sometimes, you are kind enough and love life enough, but you still can not stop the uncontrollable evil of human nature in this world!

“So, the murderer is not worthy of sympathy. Even if they turned themselves in, they were still sinful! However, just like what PU Fang’s mother had said, killing them wouldn’t change the reality!

“I think that they are right. At the root of the problem, social unfairness and lack of education are the soil that breeds crimes. They are the most fundamental reasons!

“In order to prevent the appearance of the murderer who killed PU Fang and my son’s family, it’s useless to rely on hatred alone. Executing the root of the crime is more important than executing the murderer

...

“This society needs courts and prisons, but what it needs more is mutual assistance, education, and love!

“Mutual assistance can save the exhausted from a desperate situation through the sharing of resources; Education could develop people’s wisdom and morality to make them learn to make the right choice; And love could help those who were mentally unbalanced find the right direction!

“Only by doing this can we truly stay away from terror and violence. “Otherwise, each of us could become the next target of crime at any time. That is the most terrible and lamentable thing ...

“Resentment, condemnation, punishment, reflection, a series of emotions, all of which can only be defended. Discovering the problem and bravely solving it was the wisest attack!

“In a society that’s becoming more and more prosperous with each passing day, I hope that we can use our actions to reduce the noise and impetuosity so that people won’t do things that go against human nature for momentary self-interest and emotions. This is the real meaningful thing ...

“Since 20 years ago, PU Fang’s mother and friends already gave us the answer, we can’t let them go.

“Then, I’ve decided to follow in their footsteps. I’ll form the Ji Kai Foundation with my friends and people from all walks of life to commemorate my son’s family and to help those in need to reduce the number of crimes.

“Dear comrades who were involved in the Huayun mountain case, I hope you can empathize with my wishes and give a light sentence to the murderer who killed my son’s family!

“They knew that they would be sentenced to death, but they still came forward to turn themselves in. This is enough to show that they have repented for the sins they have committed. Please give them a chance. Don’t let such a sad thing happen again ...”

After reading the plea letter, Miao Ying’s eyes were filled with tears, and she could not calm down ...

As for Zhao Yu, he was even more shocked by this plea letter!

Once upon a time, he had been distressed by the cases he had solved countless times, and he had been entangled with the values of not being able to distinguish the right from the wrong of the case!

For example:

Li dan, who could not play the zither because of her finger injury and held a grudge against others, taking revenge cruelly;

Fang Yi, who had been deceived, angered his father to death, and was obsessed with a stamp, unable to let go;

Qiu Xinyang, who had developed a psychological disorder due to a tunnel accident;

Li Fei, who had been subjected to domestic violence and abuse since childhood, and had developed a vengeful mentality;

There was also han Kuan, who had become a devil because of campus bullying, and Cheng lingfei, who had committed the rural cooperatives homicide case because she had been slandered ...

Although these people had committed heinous crimes, they all had a reason for their actions and it was pitiful. This made Zhao Yu feel very conflicted, as he couldn’t figure out what was right or wrong.

Now, after reading Madam Shen Shuwen’s plea letter, he finally came to a realization and found the ultimate answer he had been searching for.

That’s right!

The injustice of society and the lack of education were the roots of crime, and the execution of the roots of crime was more important than the execution of criminals!

In the past, because he had been in the martial world for a long time, his mind was filled with deep-rooted hatred theories. However, as he solved various crimes, he found that his theory was wrong!

The conflicts in the world could not be easily resolved by punching each other twice.

Now, as a Criminal Police detective who often came into contact with crimes, he should be more kind, broad-minded, and look at the problem from a higher level.

This was the only way he could maintain his mental state and not be affected by the crime. These were his greatest gains!

He understood now ...

Zhao Yu looked at the heart-shaking plea letter and was overwhelmed with emotions.

At that moment, something even more unexpected happened. As the miracle System flashed, Zhao Yu was surprised to find that the kun Gen Qian hexagram, which had just been opened in the morning, had ended early!

Ah ...

How did this happen?

Before this, Zhao Yu had never encountered an adventure that ended so quickly! Especially when the “kun” hexagram appeared ...

How was that possible?

Such an important divination ended in less than an hour ...

Could it be ...

Zhao Yu was shocked at first, and he felt that it was unbelievable. However, after he thought about it carefully and analyzed it, he gradually understood.

He discovered that, although this side adventure was short, he had still obtained a super high completion rate of 502% and 40 devices as a reward. This meant that this side adventure had not suddenly stopped.

Oh ... I understand now ...

It turned out that the “kun Gen Xun” hexagram that was opened today did not mean that there was a change in the case, but it represented Madam Shen’s plea letter! It meant that he had received a great enlightenment on the spiritual level!

#### **Chapter 1274: A heartwarming scene**

At 10:30 in the morning, Zhao Yu and Miao Ying drove to the Huayun Mountain Villa area, where the family murder case had happened.

Originally, the location of the villa area was quite remote. It was originally built for the development of the Technology Park. The people who lived here at the beginning were related to the Technology Park.

However, with the relocation of the Technology Park a few years ago, the villa area had gradually declined. Now, no one lived there. From a distance, it looked like an abandoned city.

Many of the villas had been damaged to varying degrees due to years of disrepair. They were no longer as prosperous as they had been in the past.

However, the bar at the entrance of the villa was still closed, so Zhao Yu’s car couldn’t enter. He could only Park at the entrance and walk in.

As they were parking the car, they noticed that there was already a taxi parked in the parking lot. There was even a driver in the car.

After the driver saw Zhao Yu and Su Yu, he was obviously a little curious, because in such a remote place, there were obviously very few people.

After seeing the car, Zhao Yu and Miao Ying looked at each other and nodded. They understood what was going on.

Therefore, they did not go to the taxi to ask, but parked the car and walked into the villa.

Ji Kai's house was located near the mountain in the villa area. When the two of them arrived, they saw a tall mountain and a cliff in the distance.

Back then, MA Liqun and the other two had taken shelter from the rain on that cliff, which gave them the idea of breaking into the house to steal.

"This is the place!" Miao Ying pointed to one of the villas and said, "No. 6 ... This is Qin Kai's home! Watch ..."

Zhao Yu looked over and saw that the door of Qin Kai's Villa was open. He could even see the shadows of people moving inside.

"Let's go!" Zhao Yu said, then the two of them quickened their pace and entered the villa.

On the door frame of the villa's courtyard door, there were still traces of the seal from back then. The small courtyard of his house was already a dilapidated and desolate scene.

However, the crime scene in the villa had already been taken care of. After entering the house, he found that it was relatively clean and not as messy as the other places.

"Auntie!" Miao Ying saw the familiar figure and called out to him.

He saw two women, one old and one young, standing on one side of the living room. The older one was Ji Kai's mother, Shen Shuwen, and the younger one was Shen Shuwen's niece.

"Mm ..." Shen Shuwen turned around and saw Miao Ying and Zhao Yu. "Oh ... It's ... It's you two police detectives!"

Seeing that Shen Shuwen had greeted her, her niece also nodded politely at Zhao Yu.

"Um ... I don't know if you're here to investigate or ..." Shen Shuwen was a little confused.

"Auntie," Miao Ying quickly stepped forward to express her intention, "we saw your plea letter, so we wanted to confirm it with you!"

"Oh ... I see! I'm ... I'm sorry!" Shen Shuwen quickly said, "I should have stayed at the police station and explained to you face to face! "But my niece is here ..." She pointed at the young woman and said, "I was thinking of coming to the old house to take a look! Sigh ..."

With the old man's sigh, her eyes unconsciously became wet, and her old body trembled.

Coming to such a sad place, it was inevitable to recall the scene.

"I'm fine, I'm fine!" Miao Ying was worried. "As long as we confirm that the letter of plea is of your own will, it'll be fine."

"Yes, yes, thank you, officer!" The old man thanked them politely and said, "please don't worry. The letter of plea is absolutely true. It's my own will."

“Moreover, I will publish an article in the media and participate in the trial process of the case. I will also plead for mercy from the judge in court!”

“Auntie ... You’re so great!” Miao Ying praised him from the bottom of her heart. “We are both facing a disaster, but what you see is that we face it positively and solve it bravely! And what we see in our eyes is only hatred!”

“No, I’m not as great as you say,” Shen Shuwen said firmly and calmly. “You should know that for the past nine years, because the police have not caught the real murderer, I have written many articles to criticize you!

“I’ve always hated the murderer. I hated them for taking away everything that I cherished! I’ve also had many hopes that the murderer would be caught as soon as possible so that he could be killed quickly and pay for my Kai family’s life!

“But ...” As he spoke, the old man’s eyes were filled with tears. “When I read the file yesterday and saw the records of the three people’s confessions, I realized clearly that their deaths could not relieve my sorrow, and it could not exchange for everything I had lost!

“On the contrary, their deaths will only increase my pain. Because they also have relatives and children ... I ...”

At this point, the old man was already choking with emotion. Her niece hurried forward to help her up and comforted her in a low voice.

“Auntie!” “You have to take care of your health!” Miao Ying quickly comforted.

“I will, for Kai, I will!” The old man held back his sadness and said resolutely, “what has happened can not be changed. Since there was no way to change it, he had to face it calmly. Instead of facing it calmly, he might as well do something more meaningful!

“I will set up a foundation in the name of my children to help more people in need! “I think that by remembering my child in this way, perhaps it can reduce my sadness?”

“Kai’s spirit in heaven will also agree with me!

“Officer, don’t worry. I’ll be very busy from now on. Of course, I’ll take care of my health!”

“Mm ...” Miao Ying nodded sincerely, her eyes filled with tears.

“Auntie!” Zhao Yu quickly handed over his business card and said with respect, “we are willing to contribute to the Ji Kai Foundation. In addition to donating, we will also help you actively promote it so that more people can join!”

“En!” Miao Ying nodded vigorously. “Count me in! “You’re right. Mutual assistance, education, and care can only reduce the occurrence of more crimes if the whole society is aware of this. So, let’s work hard together!”

“Thank you ... Thank you ...” The old man was full of gratitude, but his eyes revealed a rare hope ...

Next, Zhao Yu and Miao Ying accompanied the old man to the villa's balcony. From there, one could have a panoramic view of the villa area and the nearby mountains.

Although it was a desolate scene, what Zhao Yu saw were all warm and touching scenes.

In the fu Lai City Police station, Lin chengye knelt on the ground in shame after reading the plea letter his sister had written for him. He burst into tears and regretted his actions ...

In a certain Ward in the People's Hospital of Xiakou city, Lin chaofeng and cui Yiwen, who had just woken up, hugged each other and cried. Lin chaofeng was repenting that she should not have believed the words of those fortune-tellers.

In the Wuqing Mountain Police station, Bian Ruxin's family rushed to the mortuary. When they saw that Bian Ruxin still looked like she was 17 years old, they were shocked and heartbroken, and they also cried so hard that they couldn't speak ...

Bai Lang, who was still in jail at the Wuqing Mountain Police station, was also filled with tears because he had just received news that his sister, Bai Qian, had been sent to United Kingdom for treatment with the joint financial support of the Lin siblings ...

In another branch office in Fu Lai city, the driver who drove the truck and hit the prison van also got some good news. At Zhao Yu's behest, the team of professional lawyers arranged by prosecutor Mao Xianghua had agreed to defend him and strive for a good result.

Finally, he looked at a certain hospital in Wuqing mountain. In a certain Ward, on a certain bed, there was a person sitting with a wooden face and sighing. This person was none other than President pang Zihui, who had outsmarted himself ...

## **Chapter 1275: extremely bored**

Two months later, Midsummer had turned into autumn, but the weather in Qin mountain was scorching hot.

"Zhenzhen ..."

Under a gazebo in a Park, Zhao Yu was holding a fan and playing chess with Captain Jin zhenbang. Due to the hot weather, he panted heavily while Fanning himself fiercely.

"Aiyo, where did you get all these little tricks from!" Captain Jin held the chess piece and said unhappily, "it's natural to be cold when you're calm. Can't you be steady for a while?"

"You can't get down, so why are you talking so much nonsense?" Zhao Yu urged.

Captain Jin could only put down the chess piece and remind her, "Be careful, I'm aiming at your cannon!"

"Cannon?" Zhao Yu looked at the chessboard on his side, then suddenly laughed and picked up his horse. He shouted, "what's the big deal? I'll eat your ice cream!"

As he spoke, he threw away Captain Jin's lunchbox and put his horse on it.

"Aiyo ..." Captain Jin covered his face. "Do you even know how to play? You can't eat it!"

"What?" Zhao Yu frowned. "Don't move your legs ... Then ... Then I'll eat your pawns!"

As he spoke, he placed the horse on top of the enemy's soldier.

"You're crazy!" Captain Jin was furious. "Don't you know that you're just a pawn who stepped on me?"

"Oh ..." Zhao Yu put the horse back and picked up another horse. He laughed proudly and said, "haha, that horse can't eat your horse, so this horse won't be left behind!" Hahaha ..."

"That ... That's my horse!" Captain Jin was about to go crazy. He grabbed his remaining hair and scolded, "I'm begging you, I won't play anymore, I won't play anymore, okay?"

"Eh? You old man, your requirements are quite high!" Zhao Yu glared at her. "I was kind enough to play chess with you, but look at you! If you don't want to play, then don't!"

"That's great, that's great!" Captain Jin wiped his sweat and said in relief, "hurry up and leave! You're the leader of the Special Investigation Group, do you have nothing to do? It's been five days, and you've been stirring up trouble here every day. Look, all my go friends have run away because they're tired of you!"

"Jin, I'm asking you one last time. You said that you're giving me the yellow notebook as a memento! You're not allowed to think about it again!" Zhao Yu instructed.

"I know!" Captain Jin said impatiently, "when I gave you the notebook back then, I didn't plan to ask for it back!"

"Then let me ask you, do you have any more scripts like that? Do you remember any other difficult cases?" Zhao Yu asked seriously.

"Big brother!" Captain Jin bowed to Zhao Yu and said, "don't be possessed, okay? You've asked me no less than a hundred times. There's no more, there's really no more!"

"I know, these are the only few cases that haven't been solved. Now that you've solved them, I'm sincerely convinced and impressed! I really don't have any more cases here, can you stop bothering me ..."

"Hmm ... Alright!" Zhao Yu shook his head and sighed. "It's been really peaceful recently! Why is there not a single case? It's really strange ..."

"Isn't that a good thing?" "There's a liter of tears behind every crime," Captain Jin lectured. "No one wants to cry every day!"

"Mm, that's true! That was true! "But ..." Zhao Yu stood up, pointed at the chessboard, and scolded, "you're really F \* cking weak!" I'm clearly going to win this game of chess, but you have to go back on your word!"

"You!" Captain Jin wanted to cry but had no tears. "Okay, okay, okay. I'm the one who cheated. I'm the one who cheated. You should leave! The God of chess!"

Seeing Captain Jin admit his mistake, Zhao Yu threw his fan on the go board and walked away.

“Phew ...” Captain Jin heaved a sigh of relief and said helplessly, “is this guy out of his mind after solving the case?”

.....

Zhao Yu returned to his Phaeton. Although he had started the car, he didn’t know where to go, so he had to turn the air conditioner to the lowest setting.

Tsk tsk ...

He held the steering wheel with both hands and looked at the pedestrians hurrying past on the street. He felt as if he had lost his way.

Actually, Captain Jin was right, Zhao Yu really did have the ability to solve a case!

Initially, when the Huayun mountain massacre case was over, he did not feel much. He toured the entire Fu Lai province with Miao Ying and felt that it was quite fun.

Later, when he returned to work in the criminal Division, it was still acceptable. Division Chief Jiao had arranged some speeches and reports for him, which were relatively easy.

However, as time went on, Zhao Yu started to feel uncomfortable. The reason was that, in the past two months, the criminal Division had not received a single case that was suitable for Zhao Yu!

It was quite embarrassing.

After all, Zhao Yu was now a famous detective in the country, so they wouldn’t usually send him for cases that weren’t particularly difficult.

So, Zhao Yu was at a bottleneck with no case to solve. He suddenly felt bored and was not in high spirits.

Therefore, he slacked off with the leader and asked Miao Ying and the others to stay at the criminal Division to work, while he went back to Qinshan with the excuse of visiting his parents.

In fact, visiting his parents was just an excuse. His real goal was to go back to Qinshan and solve some small cases.

However, it just so happened that Qin mountain was also calm and peaceful right now, and there had not been a single criminal case in the recent period. He first pestered Deputy bureau chief Liao Jingxian for a while, then went back to rongyang branch to keep an eye on him for two days, and finally went for Captain Jin zhenbang.

That was what had led to the disharmonious scene just now. Zhao Yu wanted Captain Jin to recall and see if he knew any other major pending cases, so that he could study them.

However, Captain Jin was really at the end of his rope, almost driven crazy by Zhao Yu’s torture ...

Al!

Sitting in the car, Zhao Yu really didn’t know where to go! He had no choice but to drive toward Huabei commercial building, thinking of going back to his fitness club to take a look.

Since there were no cases to solve, he might as well work out first!

“People are interesting,” Zhao Yu laughed at himself as he drove. When there was a case to solve, he always wanted to take a good rest and not be affected by the case.

However, now that there were no cases to solve, he felt even worse, as if he was addicted to solving cases.

Logically speaking, he should use this opportunity to read more books, learn more knowledge, or spend his savings on a house or a car.

However, in his boredom, he actually didn’t want to do any of them.

Recently, he had been opening a hexagram every day, but he had not gotten a decent hexagram. Every day, the DUI Zhen hexagram was the most important hexagram.

The rewards for solving the ziliu case, Cheng lingfei case, the gold treasure case, and the hanging coffin case had already arrived, allowing him to make another big fortune.

In particular, in view of his special contribution to the gold treasure case, led by the Secret Service, the criminal Division and the cultural relics Bureau gave Zhao Yu a very valuable reward, which almost made his hands go soft.

This time, his total assets could be said to be more than a hundred million Yuan. However, because he had been thinking about the case, Zhao Yu didn’t feel like he was rich.

Moreover, he had also fulfilled his promise to Miao Ying and raised a large amount of money for the Ji Kai Foundation. He had also participated in several other charity activities.

Now, his mind was filled with the case, and money was less important to him.

The weather was hot and there were few pedestrians.

Not long after, Zhao Yu drove his car to the parking lot of Huabei commercial building.

Looking at the familiar commercial building, Zhao Yu suddenly remembered that he had gotten a “Xun kan” hexagram today. Xun represented family, and kan represented women.

He couldn’t help but wonder if this meant that he would have an erotic encounter at the gym today.

Hehehe ...

He chuckled and took the elevator to the fifth floor.

However, when the elevator reached the first floor from the parking lot, Zhao Yu suddenly understood what the “kan” hexagram had meant today.

This was because he noticed an old acquaintance among the many people entering the elevator on the first floor!

“Eh? My eyes aren’t playing tricks on me, right? Isn’t this master?” A familiar voice was heard. It was Zhao Yu’s big-eyed disciple, su Jinmei!

**Chapter 1276: Damn Panda**

“Master, don’t you feel embarrassed?” In a restaurant in Huabei commercial building, su Jinmei was holding a glass of coke as she complained to Zhao Yu, “I haven’t seen you in a long time. I couldn’t contact you on either phone or WeChat. I guess you’ve already forgotten that you have an apprentice like me?”

“Sigh ... That’s a mistake, a mistake!” Zhao Yu shook his head and said, “this is called the master showing the door, but cultivation is up to the individual. Besides, did you see the news? I’m a big celebrity now, and I have to wait until the year after next to make an appointment!”

“Grandma Panda!” Su Jinmei pouted and said playfully, “I just forgot! What’s the point of saying such useless things?”

“Mm ...” Hearing su Jinmei’s grandmother, the Panda, Zhao Yu suddenly remembered all the disputes they had in the landing.

Although su Jinmei looked very calm, Zhao Yu could feel that she was very happy to see him here.

“I didn’t forget, I didn’t forget...Hehehe ...” Zhao Yu had no choice but to smile, put his ice cream in front of her, and asked with concern, “Jinmei, how have you been recently?”

“En!” Su Jinmei blinked her bright eyes and said, “I’m already a team leader! I’m just getting used to the feeling of leading a team!”

“Oh ... That’s good, that’s good!” Zhao Yu complimented.

“But ...” Su Jinmei voiced out her worries, “the people in the group are either the Big Brother or the big sister. I’m the youngest, so I always feel a little guilty when I’m in charge. I’m afraid of offending them!”

“This isn’t right!” Zhao Yu put on the airs of a master and laughed. “What are you feeling guilty about? You just need to remember what your goal is! Everything was for the sake of investigating the case. No one would be unconvinced if he did his job well!

“Besides, your father is the director of the Justice Bureau. Who wouldn’t give him some face ...”

Hearing this, su Jinmei pouted and got angry. “Master, you really know how to talk!” Even you think that I became the team leader because of my dad? Hmph!”

“No, no!” Zhao Yu realized that he had made a mistake and quickly advised her, “not for your father, but for your master!

“Waa! Zhao Yu, the unsolved case master and the famous detective! Su Jinmei was actually the great detective Zhao Yu’s apprentice. Wouldn’t that be a miracle? Hehehe ...”

Su Jinmei was both angry and amused. “Master, I really miss your shameless look!”

After that, the master and disciple looked at each other and smiled.

“But ...” Su Jinmei then said, “don’t underestimate me!” After I became the team leader, I have already solved three murder cases!”

“Oh?” Upon hearing about the case, Zhao Yu’s eyes lit up and he asked, “tell me about it!”

“The first two incidents are nothing. They were both fights and the surveillance cameras could see them clearly. We can just arrest them and bring them back!” “But the third case is a little more difficult!” Su Jinmei said proudly.

“Oh? What case?” Zhao Yu urged.

“The beekeeper was killed!” Su Jinmei then said, “you should know that there are a lot of beekeepers in the southern outer ring, right? They don’t have a fixed residence, so they set up tents wherever they go and let the bees collect honey?”

“Oh ... I have some impression of it ... I think it’s not just one or two!” Zhao Yu suddenly remembered.

“Yes, but you said it’s spring. It’s hot now, so there’s not that much! When the accident happened, there was only one beeper family left!” Su Jinmei then said, “we received a report that someone found the beekeeper of the house stabbed to death in his tent!

“The victim was a 40-year-old male. He was usually single and kept bees outside. His wife and children were both in his hometown! No weapon was found at the scene, nor were there any suspicious footprints or fingerprints.

“Also, there were no signs of resistance or fighting at the scene. The deceased should have been killed while she was sleeping ...”

“Oh ...” Zhao Yu pondered for a moment, then said, “in that case, it’s definitely not for money! We all know that it’s not easy being a beekeeper, so it’s impossible for them to kill for the sake of robbery!”

“Right! The murderer planned it carefully, and there were no signs of robbery at the scene!” Su Jinmei then said, “the beekeeper’s tent is a blind spot for the surveillance. There is a barren land behind it. We checked the surveillance cameras nearby, but we didn’t find anyone suspicious ...”

“Beekeepers are everywhere for their homes, there’s no such thing as stealing business! If he even dared to kill people, it should be ... For love, right?” Zhao Yu guessed.

“Wow, as expected of master!” Su Jinmei sighed. “That’s too fast! I haven’t even finished, and you’ve already revealed the answer?”

“Think about it ... The victim was forty years old, his wife wasn’t with him, and he didn’t have much money ...” Zhao Yu laughed. “And, the murderer had planned it, but still chose to stab him with a knife. There was clearly a grudge between them!

“How is it? Did the beekeeper who was stabbed to death steal someone else’s girlfriend?”

“Amazing, this is too amazing!” Su Jinmei complimented, “I was just trying to keep you in suspense, but you actually found out who your lover was!”

“You’re right, according to the witnesses, the beeper did have an affair with a woman! We suspected that the murderer was the woman’s husband, so we investigated him.

“The results proved that the woman’s husband did not have an alibi. He said that he was alone at home and did not go anywhere, but he looked very suspicious.

“But, we didn’t find the weapon in his house, and because we didn’t find any valid evidence at the scene, we couldn’t arrest him, so the case was at a stalemate.

“Master, what do you think we should do in this situation?”

“I have 102 ways to make him talk, but 51 ways are against the rules and 51 ways are underhanded and immoral!” Zhao Yu said seriously.

“Mischievous!” Su Jinmei laughed and said, “let me tell you! I, your disciple, have made a contribution. During the interrogation, I accidentally saw a sting on the suspect’s right arm. It looks like he was stung by a bee!

“So, I went to the forensics department and did a detailed test on him.” Su Jinmei laughed. “In the end, we quickly came to the conclusion that the bees that stung the suspect did come from the beeper!”

“I didn’t know that the DNA of the same type of insect is different!

“Also, according to the swelling of the sting marks, the time when the suspect was stung was the night the beekeeper was killed!

“We showed him the test results, and the suspect obediently confessed his crime. The motive is the same as what you’re thinking, it’s because the beekeeper slept with his wife, so he’s holding a grudge!

“After that, he led the police to find the weapon he had hidden, and the case was closed!

“Tell me, isn’t it amazing?”

### **Chapter 1277: the prophecy comes true**

“Amazing! Amazing!” Zhao Yu nodded. “But, the criminal was honest enough. He could have lied and said that he was stung by bees when he passed by the beehives that night!”

“It’s impossible!” Su Jinmei retorted, “he already said in his confession that he stayed at home all night and didn’t go out!” His house is very far from the beehives, so how could he have been stung?”

“Then ... Didn’t his wife have an affair with a beekeeper? He could have lied and said that his wife brought the bees home and accidentally stung him!” Zhao Yu suggested.

“You’re pulling again!” “After he found out that his wife was cheating on him, she went back to her parents ‘house!” Su Jinmei complained.

“Then ... He can just refuse to admit it. He just doesn’t know how he was stung!” Zhao Yu said, “this kind of proof shouldn’t play a major role in the court, right?”

“Hmph, you’re a Panda!” Unexpectedly, su Jinmei scolded him and shouted, “master, are you possessed by solving a big case?” Which criminal in this world is as powerful as you think?

“To put it bluntly, no matter how cunning the criminal is, he’s still human. The murderer has a guilty conscience. When he sees that his lie has been thwarted, what’s he waiting for if he doesn’t confess honestly?”

“Mm ...”

This sentence reminded Zhao Yu.

That's true ... Such a simple logic ... Why couldn't he figure it out before?

After all, criminals like Han Kuan and Cheng Lingfei were only a minority! Even the yellow notebook only recorded the five major cases.

In addition, they were all pending cases, so he felt that it was very difficult. He felt that the criminals were very powerful.

However, if those cases were to happen today, no matter how cunning the murderer was, he would not be able to escape the punishment of the law.

It seemed like ...

Zhao Yu couldn't help but gloomily think that, ever since the yellow notebook had retired, the chances of him coming across another special case were very low!

So, would he continue to be in this state of boredom? In that case ... Wouldn't he be dispirited?

What to do?

"Eh? "Oh, right ..." Zhao Yu suddenly thought of something and asked, "Jinmei, does your branch have any cold case Department?"

"No, don't you know how small our branch is?" Su Jinmei finished her Coke and said, "our District has only been established for a few years. Even if there are any unsolved cases, they are all in the Huiyang branch!"

"Oh ... Then have you heard of any interesting cases that haven't been solved yet?" Zhao Yu asked again.

"What's wrong?" su Jinmei frowned. "Master, do you really want to solve the case that badly?" You've solved all the big cases in China, and you still think there are too few cases?"

"How about this ..." Zhao Yu said. "Go back and help me find out if there are any more difficult cases. If there are, don't forget to let me know!"

Then, Zhao Yu gave su Jinmei his latest phone number and WeChat ID.

The two of them reminisced about the past in the restaurant. Su Jinmei still had to have dinner with her friends, so they parted ways after they were done.

After his conversation with su Jinmei, Zhao Yu was no longer in the mood to go to the gym. He felt that if he couldn't find a case to solve, he would get sick from holding back.

So, he drove early and returned to his house on Shunfeng Street.

Even though Zhao Yu's net worth was over a hundred million, and he could easily buy a house in Qinshan, he was not in the mood to buy a house. Every time he came back from another city, he would go back to the small house on Shunfeng Street to live.

.....

At eight o' clock in the evening, Zhao Yu was on the phone with Gao Facai, the forensic pathologist.

"Gao Facai, have you figured out the mystery of the hanging coffins yet? How can they keep the corpse from rotting?" Zhao Yu asked in high spirits.

"How can it be that easy! The wisdom of the ancient people is beyond imagination. Just looking at the seven Star hanging coffins, it's really amazing and incredible!" "Yes," Gao Facai said. "Although I've returned to the capital, the Academy of Science and the top experts in the country have all rushed over to study it ...

"If we want to really crack the mystery of the hanging coffins, I think we should at least move the hanging coffins to a place that is convenient for research and use a variety of scientific instruments to test them.

"Moreover, the embalming project is very time-consuming. I think it'll take at least three to five years!"

"Waa! "So advanced ..." Zhao Yu exclaimed. "Do you think the seven Star hanging coffins are related to aliens?" Hehehe ..."

"Ahem ..." Gao Facai coughed a few times, then asked, "Zhao Yu, when you talk like this, I keep feeling uncertain!"

"Let me ask you, are you trying to urge me to talk to Peipei's parents about Zeng ke?"

"Please, my wife has just recovered. She needs to be taken care of!" "Two more days," Gao Facai pleaded. "Just two more days, okay?" Shouldn't I at least buy something and pay a visit personally?"

"No, no!" Zhao Yu quickly clarified, "I'm not rushing you! What are you saying? I, Zhao Yu, am an upright person!"

"Um ... As for me ... I just wanted to ask you something. You've been a forensic doctor for so many years, after all. Think about it carefully, have you experienced any high-level cases that haven't been solved yet in your glorious years? Just like the five major unsolved cases?"

"Ah? Why ... Why did you suddenly ask this? Are you very free?" Gao Facai asked curiously, "all the cases that I was involved in have been closed, right?"

"How about this, give me some time. If I can remember anything, I'll send you a message, okay?"

"Alright then!"

Zhao Yu said, "okay," but his eyes had already rolled up. He could tell that Gao Facai's words were perfunctory. If there was really such a memorable case, why would he need to think about it?

AI!

After hanging up the phone, Zhao Yu felt empty.

Before calling Gao Facai, he had called Li Luoyun from Jinzhong and officer Wang from Yaoming to ask if there were any good cases there.

Unfortunately, the two captains of the criminal Police told Zhao Yu that they could handle the small cases on their own, even without Zhao Yu's help.

Sigh, sigh, sigh ...

Zhao Yu sighed three times and thought to himself, "there's no case, what should I do?" Were those criminals really all dead? The great dream of the Ji Kai Foundation had already been realized in advance?

Feeling depressed, Zhao Yu had to turn his eyes to the system in his mind, but he saw that today's Xun kan hexagram had not ended!

The word "kan" represented a woman, which clearly corresponded to su Jinmei. Then ... What about cruel? The word 'mie' represented family, family ...

Thinking of this, Zhao Yu walked towards the balcony. He wanted to see if the relative in the hexagram represented his goddaughter, Jiang Xiaoqing.

However, even though it was still summer break, Jiang Xiaoqing's homework was so tight. She should still be in school, right?

He looked down and saw that Dafeng's fruit store had already closed. Not to mention Jiang Xiaoqing, even Jiang Dafeng was nowhere to be seen.

Eh?

Zhao Yu didn't see anything from the fruit store, but when he looked down, he saw a figure on the left side of the building, who was wandering around his Phaeton.

F \* ck!

Do you want to steal a car?

Zhao Yu didn't have much time to think, and ran out in his slippers.

He was right. There was indeed a sneaky person downstairs, who was touching Zhao Yu's Phaeton with his hand.

The man was leaning on the car window, looking for valuables.

Zhao Yu didn't even think and rushed over. He strangled the man's neck from behind and shouted, "Little thief, you're looking for death! Don't move!"

"Ah?" The man was shocked and quickly patted Zhao Yu's arm, shouting, "Zhao Yu, Zhao Yu, it's me! It's me!"

"What?" Zhao Yu thought the voice sounded familiar, so he pressed the man against the car and turned his face around.

"Ah? "Why ... Why is it you ..." The next second, Zhao Yu was stunned. The person he had just caught was none other than his father-in-law, Miao kun!

**Chapter 1278: International police**

9 p.m., Shunfeng street food stall.

“Come, come, come ... Let’s have another cup!” Zhao Yu stood up and poured a big glass of beer for his father-in-law, Miao kun, then said, “I didn’t expect that a guy who’s used to drinking foreign wine like you could be so good at beer!”

“I haven’t had beer in my hometown for a long time. I really miss it!” Miao kun said, “it’s just like how I always go to Wenxi’s to try the hotpot chicken every time I return to China!”

Zhao Yu raised his glass and clinked it with Miao kun’s. “I think I’ve already apologized to you, right?” he asked.

“Oh, really? My memory isn’t that good anymore!” Miao kun raised his glass and said, “I’m just curious. I broke your arm, but why are you fine?” Is it ... A bone shrinking technique or something?”

“Mm ...” Zhao Yu didn’t need to think much when it came to lying, so he immediately explained, “when I was young, my joints always dislocated, so I’m used to it!”

“Oh ... Oh ...” Miao kun blinked his eyes as he drank. He seemed to be deep in thought.

“By the way,” Zhao Yu gulped down a few mouthfuls and asked, “you’re usually so elusive, so why did you suddenly come to my place?” I saw you walking around a Phaeton. Are you thinking of using a car?”

“No, I didn’t!” Miao kun laughed. “I just happened to have something to do in Qinshan today! I heard from Miao Miao that you’ve returned to Mount Qin. After I’m done with my business, I thought of coming to visit you.

“I’ve never been to your place before. When I arrived downstairs, I saw that the car looked familiar, so I went to take a look. I didn’t expect you to be so alert. Look at my neck, it’s Red ...”

“Is that so?” Zhao Yu looked at his father-in-law seriously and wondered, “why didn’t you call me in advance? “Oh ...” Zhao Yu suddenly realized. “What do you mean by coming to see me? You must be afraid that I, Zhao Yu, would be fooling around outside, so you wanted to give me a surprise attack, right? You’re really something!”

“What are you saying? Do I look like such a lowly person?” Miao kun pouted. “I was just thinking of coming over to take a look. If you’re here, let’s get together!” If you’re not here, then forget it. Anyway, you’re a busy detective, so I won’t disturb you!”

“Go to hell! Who are you trying to fool?” Zhao Yu squinted his eyes and said, “you poked your head into the car to see if there were any women’s belongings in it, right?”

“Uhm ... You ...” Miao kun blushed. Zhao Yu had hit the nail on the head.

“You already said I’m a great detective, so why are you still pretending?” Zhao Yu pouted.

“Amazing, amazing!” Miao kun quickly raised his glass and said, “I’m convinced. Come on, let’s drink!”

With that, he pinched his nose and drank the large glass of beer. The discomfort was indescribable.

Zhao Yu, of course, didn’t do anything. He squinted his eyes and said to the old man, “You’re really something. I, Zhao Yu, am a man who carries my chastity everywhere. Why would I do anything to let

MeowMeow down? In the past, the four beauties living next to me fought to smash my door every day, but I ignored them! Cough, cough ...”

He didn't know if it was because of his guilty conscience, but Zhao Yu choked before he could finish his sentence.

“Okay, it's my fault this time ...” Miao kun patted his chest and said, “by the way, my son-in-law!” What about the matter I discussed with you in Feng ping last time? Are you interested in coming to my side?”

“Well ...” Zhao Yu was suddenly in a difficult position. “To be honest, I'm not ready yet!” Your missions are all very high-level, and they're completely different from solving cases. I'm just afraid that my level of education and standard of living can't keep up!”

“Ahem!” “What's the F \* cking use of the grade?” Miao kun asked, a little tipsy. Do you think that I have a high educational background? I only studied for a few years at Peking University for my master's degree when I first started out ...”

“Mm ... F \* ck ...” Zhao Yu muttered in his heart. Are you comforting me or mocking me?

“In any case ... I have high hopes for you!” Miao kun blushed and said, “the landing ... And the gold and treasure ... You were done for. I didn't expect that you would still be able to turn the tide after such a difficult time! To be honest, even I feel inferior to him!”

“What! “I was just lucky,” Zhao Yu said. “If all the bombs in the military fortress had exploded, it would have been useless for me to do anything!”

“Wrong! Wrong!” Miao kun raised a finger and said seriously, “good luck is also a reflection of ability! Not everyone has luck, don't you think? Hehehe ...”

“Hmm ...” Zhao Yu pondered for a moment, then asked, “what about the gold treasure case?”

“It's almost done!” Although Miao kun was a little drunk, he still looked around vigilantly, then told Zhao Yu, “the real people behind the scenes were all mad with anger. That was great!

“We've received reliable news that because we caught them alive, they were forced to carry out a major internal cleansing, which inevitably led to a serious internal strife.

“In the end, not only did the entire Seraphim clan collapse, even some of the spies and donors who were involved in the reselling of information fell into the trap. It would be very difficult for them to become a force to be reckoned with!

“This way, it's equivalent to shuffling the cards in the Pacific region of Southeast Asia. This is greatly beneficial to our development!”

“Oh ...” Zhao Yu nodded. He didn't expect that the gold case, which didn't look particularly complicated, would have so many implications.

“You also contributed a lot! A few days ago, the higher-ups were still talking about you! “Your bad idea is really mean, hehehe ...” Miao kun raised his glass again and said, “so, if you're almost there, come and help me!”

“The country needs talents like you! Besides, if I bring you into the industry, it’ll save you a lot of trouble!”

“I think ... Let’s just forget it!” Zhao Yu shook his head. “I can also contribute to the country by solving cases. It wasn’t easy for me to become a detective, but I suddenly became 007. It feels weird!”

“You’re wrong again!” Miao kun suddenly approached Zhao Yu and said earnestly, “who said that you can’t be a detective after joining secret services? You don’t know, but there are actually many major international cases that need a super detective like you to take action!”

“Oh? A major international case?” Hearing about a major international case, Zhao Yu suddenly perked up. “There’s such an operation? But, for cases in foreign countries, we Chinese ...”

“No, you’ve misunderstood!” Miao kun quickly explained, “I mean, our Secret Service often receives some special international cases.

“In these cases, because it involves our country’s personnel or interests, the local police sometimes invite our investigators to assist in the investigation in order to be open and transparent!

“Hmm...Could it be that you’ve never heard of that specialized term?”

“Oh ...” Zhao Yu nodded in a hurry, but he couldn’t help but feel a wave of emotions in his heart. “Is that the phrase ‘the Interpol in Xuanji’?”

#### **Chapter 1279: The invitation**

“Yes, that’s the word!” Miao kun said, “however, this is just a title. There is no such title! Although the criminal Division has a Foreign Affairs Office, when it comes to major international cases, it’s basically our Secret Service that’s in charge.

“So, if you want to become an Interpol officer, you have to come to our side!” Miao kun patted Zhao Yu’s shoulder and laughed. “Kid, didn’t you want to be a detective? This was a good opportunity!

“If you can even solve those major international cases, you would be a world-class detective! Just thinking about it is beautiful!”

“Oh ...” Zhao Yu thought about it seriously and was really moved. He asked, “so ... Father-in-law, do you have many major international cases? Is it difficult?”

“Of course, many people say this!” Miao kun said, “the culprit of the European car accident two years ago has not been found yet!”

“Have you heard of the Australia killer? In the southwest wetlands, 12 people had gone missing in a year, and their whereabouts were still unknown to this day!

“Oh right! Last month, during the Paris Fashion Week, three international models were disfigured. The murderer hasn’t been found yet!”

“Oh ...” Zhao Yu nodded. “The world is so big, and there are indeed many strange cases, right?”

“But ...” Miao kun said, “the cases I just mentioned are not related to Chinese people, so we’re not involved for the time being.

“But your father-in-law has a lot of connections. If you want to deal with these international cold cases, I can recommend you, but there is a condition!”

“I need to be a little famous, right?” Zhao Yu said.

“Right!” Miao kun said, “no one would want an outsider to solve a case in their own country, right? Wouldn’t that be a slap in the face? So, after you’re here, you’ll have to start with the cases related to our country!”

“As for the difficulty, is there a need to say? Any international case that requires your participation is definitely very difficult. This is in line with your identity as the great detective Zhao, isn’t it? Hehe ...”

“That’s true ... But ...” Zhao Yu hesitated. “The criminal Division is also a little reluctant to part with her! Just like the seven stars hanging coffins, it’s peaceful now, but who knows when some big cases will pop up. Um ... I ...”

“I understand, I understand! “You ...” Miao kun patted Zhao Yu’s shoulder again and said, “I’m your father-in-law. Do you think I’m not on your side?”

“I don’t mean that you have to join our Secret Service! How about this ... I can temporarily let you come over to help in the form of a loan!”

“When there’s a case, come over and get used to it first. See if it suits your taste. If it’s suitable, you can continue to work hard and become an International Detective! If you’re not suitable, it’s fine. You can go back to the criminal Division and continue to be the leader of the Special Investigation Group! How is it?”

“Mm! Not bad, not bad at all!” Miao kun’s words hit the nail on the head. Zhao Yu quickly picked up a glass of wine and sincerely toasted his father-in-law, and the two of them drank to their hearts “content.”

“Many thanks, father-in-law!” Zhao Yu thanked her and said, “in that case, when you have a case, I’ll give it a try! By the way, can I bring my people with me?”

“That won’t do,” Miao kun said firmly. “You’re my son-in-law, and one of the best detectives in the country, so you’re an exception. But your team can’t!” The Secret Service has its own rules. You’ve been in contact with Li Jing and Xiao hang, so you should know them.

“If you have enough ability, you can enter, but to exit ... It’s ...”

“Oh ... I understand!” Zhao Yu nodded.

“Don’t worry, secret services is full of top talents!” Miao kun you said, “besides, who wouldn’t give me, Miao kun, face? I’ll definitely do my best to cooperate with you!”

“Alright then, it’s a deal,” Zhao Yu said seriously. “Don’t forget to let me know if you have a case!”

“Mm ...” Just as Zhao Yu finished speaking, Miao kun suddenly hesitated, as if he had suddenly remembered something. “Ah, right, how could I have forgotten?” I happen to have one more thing to ask you, maybe ... You can ...”

“Oh?” Zhao Yu’s eyes lit up. What case, tell me about it! I’m free right now!”

“Not a case, not a case! It’s just an invitation!” Miao kun put down his glass and said with a serious face, “kid, since you have nothing to do, would you be interested in going out with me?”

“Ah? Invitation letter? Go out and play?” Zhao Yu was puzzled. “Where are we going to play?”

“Fiji? have you heard of Fiji?” Miao kun said, “I received an invitation from an old friend. He invited me to a banquet on an island in Fiji. He told me on the invitation that I could bring an assistant with me.

“So ... Are you interested?”

“This ...” Zhao Yu rolled his eyes and pondered. He felt that this matter was like a fairy from heaven, and was a little confused.

“It’s like this!” Miao kun explained, “the owner of the castle is called green. His ancestors were members of the United Kingdom Royal family, and I think they were some kind of Knights. All in all, after they occupied Fiji, his ancestors were the Governor of Fiji.

“After the system was changed and the governor was dismissed, the prestige still remains. The Fiji Government then gave an Island to their family for inheritance.

“Green is the heir of this family. This old man is smart and especially good at doing business. He’s old and rich, even richer than me!”

“Waa!” “I’ve never seen anyone richer than my father-in-law!” Zhao Yu said, trying to flatter her.

“Let’s keep a low profile, haha ...” Miao kun laughed heartily, then continued, “however, although there is no solid evidence, we all have a tacit understanding ... I think that he should be like me, with a strong background, and his identity is not as simple as it seems!”

“Do you know why I want you to attend the banquet with me?” Miao kun continued, “green is a detective deduction fanatic and a super fanatic of Holmes.

“According to him, he has helped Scotland Yard solve many major unsolved cases. I don’t know if he is bragging.

“I used to have some business dealings with him. I attended a salon he organized 10 years ago, and it was quite interesting!” Miao kun said mysteriously, “the people invited to the banquet were all like green, detective fans from all over the world, including some well-known detectives!

“That’s why they say rich people burn their bags! Green is a very playful person, he’s much more advanced than me. Last time we met, he made a lot of games related to reasoning, and everyone had a good time!

“But after that time, we rarely contacted each other. I didn’t expect that 10 years later, he would actually send me an invitation letter, inviting me to his detective salon. I was still wondering if I should go! How is it?” Miao kun raised his eyebrows at Zhao Yu. “Do you want to go out and play?”

### **Chapter 1280: The detective salon**

Three days later, on a plane to Fiji.

“Boss ... Oh no, it’s my father-in-law!” Zhao Yu had not yet recovered from his shock and asked uneasily, “are you sure that there’s no problem with MeowMeow? I don’t think it’s appropriate to not explain the situation to her. ”

“Well ...” Miao kun frowned and said, “I’ll tell her later!” I think ... It’s best that you don’t tell her that I took you there!”

“What is this?” Zhao Yu just wanted to give him the middle finger. “When you come back, you should hide far away. How am I going to explain this to you?” It’s not like you don’t know your daughter’s temper. ”

“Al! “My dear son-in-law, don’t think too much about it,” Miao kun consoled him seriously. “I’ve already informed the criminal Division that you’re helping the Secret Service complete a special mission.” Everything would be handled by the Secret Service!

“As for Miao Miao ... I didn’t want to tell her because I knew her personality! If she finds out, there will only be two outcomes. Or, she wanted to follow him!

“But I only have one slot here, what should I do?”

“No, no...” Zhao Yu quickly waved his hands. “Things seem a little messy! What do you mean by that? Was this a good or bad thing? Since there’s only one spot, why didn’t you let MeowMeow come and insisted on me coming? there’s ... No trickery involved, right?”

“Aiyo ... I really have to give it to you!” Miao kun was depressed. “You can’t go on like this, kid. You can’t solve a case and be suspicious of everything, can you? You will have no friends!

“Oh, I’m kind enough to bring you out to see the world. It’s fine if you don’t appreciate it, but ... Do you still suspect that your father-in-law will trick you?

“Good! If you insist on your conspiracy theory, you can go to Fiji after the plane. We’ll contact each other after I’m done with the party!”

“Don ‘t, don’ t, don’t ... I didn’t mean that ... Um ...” Zhao Yu quickly explained, “I just feel that, hehe, I feel that such a high-level thing is a bit unrealistic!

“A few days ago, I was playing chess with old man Jin and asking around for cases! But in the blink of an eye, he went to Fiji to participate in a detective salon. Hmm...Are there Pirates of the Caribbean in Fiji?”

“Al!” Miao kun smacked his forehead helplessly. “There’s wireless internet on the plane. You’d better do a Baidu search!” My son-in-law, are you alright? Why do you look so guilty?

“Don’t worry, I won’t pursue the matter of you colluding with Miao Miao to scam me of the few million Yuan in the sangerov Challenge Tournament! We’re a family, and it’s a small amount of money, so I won’t argue with you, okay?”

“What? “Hehe ...” Hearing Miao kun’s words, Zhao Yu started to sweat and quickly changed the topic. “I just feel that it’s a little strange. That green thing you were talking about, how come it’s so addictive? he can even hold a detective salon?” What’s so fun about a bunch of detectives?”

“Who knows?” Miao kun turned to look out the porthole and said, “rich people always have a hobby. I’ve seen a lot of strange things over the years. A detective salon like green is just child’s play!”

“Oh? Is that so?” Zhao Yu was worried that Miao kun would hold him accountable for the sangerov incident, so he quickly said, “our plane is going to transfer to Korea, and it will take a long time to get there!

“Father-in-law, why don’t you tell me about the special hobbies of those rich people? Especially the perverted ones, are there some beautiful women who fall in mud or something?”

“Hmph! “Poverty has limited your imagination ...” Miao kun shook his head. “The real world, especially those foreign rich people, is much dirtier than what you think!”

“Ah?” Zhao Yu’s eyes lit up. “Then tell me about it quickly, so that your son-in-law can gain some knowledge ...”

“Go away ...” Miao kun said seriously. “You’re still young. I’m afraid you’ll make mistakes due to your lack of self-control. I’ll tell you more when you’re as calm and composed as I am!”

As Miao kun said that, a voluptuous female passenger in front of him suddenly stood up and rummaged through the luggage rack.

As the woman was wearing a low-cut top, Miao kun’s eyes were drawn to her bosom as she rummaged through her luggage ...

Miao kun was so focused that he didn’t want to miss any details. He almost drooled ...

Looking at this shocking scene, Zhao Yu’s eyes were full of disdain.

When the woman returned to her seat, Miao kun returned to normal and said to Zhao Yu, “I say, don’t look down on this detective salon. The reasoning fans that Grimm knows all have great backgrounds!

“If you really go international in the future, you might meet them!

“Also, although this green is not a real agent, he has a lot of influence, you know?” Miao kun leaned close to Zhao Yu’s ear and whispered, “rumor has it that green not only helped Scotland Yard solve cases, but he also helped MI6 do a lot of dirty work. So, he’s a very powerful person!”

“Oh ...” Zhao Yu nodded. “Father-in-law, I’ve been meaning to ask you this. Since there are so many powerful people here, will we be in any danger?” Don’t forget, our identities are still quite sensitive!”

“Don’t worry!” Miao kun said with confidence, “Miracle Island is Green’s hometown. Since he invited us to his hometown for a banquet, he definitely wouldn’t play any tricks!

“In the future, when you reach my level, you’ll know that even though you know that the other party has a lot of background secrets, on the surface, you’ll have to pretend to be old friends!

“This time, when you come with me, you have to keep your bad temper in check and be more cautious ...”

Just as Miao kun was lecturing Zhao Yu, the big-breasted lady stood up and started rummaging through her luggage again. Miao kun immediately looked at her with rapt attention, as if his soul had been sucked out of him. He stammered as he spoke.

“Um ... But ... We have to show them what we can do. Let these people ... Get to know each other ... Get to know each other ... Our domestic detective ... Show them what we can do ... Shock them ...”

AI!

Zhao Yu sighed and ignored Miao kun, turning to think about his own matters.

To be honest, he didn't know if it was the right thing to do to go to a detective salon with his father-in-law. However, since it was related to detective and reasoning, he still felt that this was a rare opportunity, and he was looking forward to it ...
