Chapter 1291: sesame opens the door

Of course, the main reason why Zhao Yu could tell so quickly that the crocodile was fake was because of the invisible detector in his head.

As soon as he arrived at the crocodile pool, the detector immediately showed that there was an electronic remote control device in the crocodile's body.

That was why Zhao Yu could be so sure that the crocodiles were all fake.

"My dad was right ..." Xi menna said as she sat on Zhao Yu's neck. "Green is a weird person! Who would've thought that he set up the labyrinth and the crocodile pool to make us take an unusual path? He's really too cunning ..."

"Actually ..." Zhao Yu smiled, "I kind of understand now! What Grimm meant might be to tell us that detective reasoning in real life can not be completely based on books and experience.

"Sometimes, we need to take an unconventional path and make some bold attempts.

"Take the labyrinth and the crocodile pool as an example. Sometimes, going straight to the point is more effective than thinking hard ..."

"Well said," Xi menna said with admiration. "This is what my dad used to say, you can't be stubborn!"

"Oh my, I thought that I could make a name for myself in the detective salon with my own abilities, but I didn't expect ..." Xi menna couldn't help but feel a little disappointed. "I couldn't even pass the first level. What a shame!"

"It's a good thing that I met you, the China detective, today. Otherwise, I would be in big trouble!"

"Wow, you're even better at saying these old China words than I am!" Zhao Yu laughed, "you don't have to thank me too much. If I go to United States to play in the future, just remember to treat me well!"

"Hehe ... Definitely!" Xi menna laughed happily, and the relationship between the two suddenly became much closer.

The two of them chatted and laughed as they passed through the crocodile pool and came to the other side.

After the two of them climbed out of the pond and over the railing, an exquisite little garden appeared in front of them.

Not long after they walked along the garden, they saw a wall made of huge rocks standing in front of them, blocking their way.

There were some ancient murals on the stone walls, and the contents of the murals were some strange patterns like totems.

"There ..." Xi menna pointed at a stone door below the wall and said, "this should be the exit, right?"

As they spoke, the two of them stepped forward and gave the stone door a hard push, but it did not move at all.

“Look ...” Xi menna pointed at a spot beside the door and said, “there seems to be some mechanisms here ...”

Zhao Yu stepped forward to take a look. Sure enough, he saw that many of the embossed next to the stone door could be turned.

“It seems like ...” Xi menna looked at the mechanisms carefully. “There must be a mystery hidden here. We can only open the stone door after we solve the mystery!”

As she spoke, she took a few steps back and looked at the wall in front of her. She pondered and said, “I think ... The riddle should be in these murals. These should be the paintings and totems of the indigenous people in the Pacific Ocean. We need to analyze them carefully ... Hmm ...”

Xi menna was thinking hard, but in the blink of an eye, she saw Zhao Yu leaning on the stone door, knocking on something.

“Mm, Zhao Yu, what did you find?” Xi menna was very curious and asked.

“Miss detective, have you heard of the story ‘sesame opens the door’?” Zhao Yu touched the stone door and said.

“What, sesame opened the door?” “Isn’t that the story from the One Thousand and One Nights?” Xi menna asked.

“Right!” Zhao Yu smiled. “Miss detective, all you need to do now is to shout for sesame to open the door, and this door will naturally open!”

“Oh? “No way ...” Although Xi menna found it unbelievable, she still mumbled the two words softly, “open the door, Sesame!”

“Please, young miss, speak louder. The gods can’t hear you!” Zhao Yu smiled and reminded her.

“Okay, cough cough ...” Xi menna cleared her throat and raised her voice. “Zhichima, open the door!”

“YES!” Zhao Yu smiled and blinked, then lifted his right foot and kicked the stone door violently.

“Eh?” Xi menna’s eyes widened in shock. “Don’t ...”

From Xi Mengna’s point of view, it was a stone door, and Zhao Yu’s foot would definitely break it.

However, it was time to witness a miracle. With Zhao Yu’s kick, not only did his leg not break, but the seemingly solid stone door was kicked open by Zhao Yu!

Moreover, not only was the stone door kicked open, but it also made a cracking sound of wood.

Xi menna took a closer look and finally realized that the stone door was also made of wood.

“Wahaha,” Zhao Yu laughed, “it seems that Mr. Green is also a violent guy!”

“This ...” Xi menna ran up to take a look. It turned out that the stone door was covered in a thick layer of stone powder and had been disguised as stone. However, the inside was made of wood.

Zhao Yu followed up with two kicks and kicked the stone door open.

“That’s amazing! I really didn’t expect this!” Xi menna looked at the wall, shook her head, and sighed. “The murals on the wall and those spinning embossed are all used to confuse people ...”

As she spoke, the way Xi Mengna looked at Zhao Yu changed again. It had turned from admiration to admiration.

In fact, Zhao Yu wasn’t sure just now. He was just in a hurry to pass the test, so he used an invisible fluoroscopic device to look at the stone door, and only then did he see the mystery of the stone door.

“Congratulations ...” The next second, there was a round of applause behind the stone door, as well as someone’s congratulatory words in English.

After Xi Mengna and Zhao Yu heard this, they quickly went through the broken stone door.

Behind the stone door was an open space, and he could see the gray-black Castle standing in the distance.

“Congratulations, congratulations to the two of you ...” At this moment, a white woman who looked like a housekeeper came to the two of them with a tray. The tray was filled with nothing but mineral water.

Zhao Yu and Xi Mengna had been thirsty for a long time, so they quickly took a bottle each and opened it to drink.

“As expected of a new guest, you’ve passed the three checkpoints of Miracle Island so quickly. Congratulations ...” The housekeeper congratulated them with a smile as she took out two shiny gold coins and handed them to the two. “This is the reward from the master. Please accept it.”

“Thank you ...” No matter what the process was, Xi menna was very happy and accepted the reward.

However, Zhao Yu was very unhappy. He didn’t care about the gold coin at first, but thinking about it, since green had such a strong personality, maybe the gold coin had some hidden secrets.

Thus, he finally suppressed his temper, took the gold coin, and put it in his pocket.

“Alright,” the housekeeper quickly pointed to the huge castle behind them and said, “please follow me, my two distinguished guests!” Everyone’s here and the banquet is about to begin!”

Chapter 1292: will

The huge castle was solemn and the black and gray outer walls made people feel awe.

Unlike the old-fashioned United Kingdom castles, the castle on Miracle Island did not have the gorgeous and complicated decorations. The outer walls were bare, and it looked very ancient and simple, as if it had come from the Stone Age, giving people the illusion that it had traveled through time and space.

“My two distinguished guests, this way please ...” After entering the hall of the castle, the housekeeper-like person made a gesture to Zhao Yu and Miao Ying, then quietly left.

Zhao Yu and Xi Mengna looked at each other, then walked in the direction that the female Butler had pointed.

As they walked, they saw a few white men dressed as servants, carrying plates full of food and walking in the same direction.

Soon, Zhao Yu heard a familiar voice in the inner hall. It was his father-in-law, Miao kun, who said,

“Look at you, is this right? You can’t even take a joke, isn’t that too embarrassing?”

Miao kun was speaking in English. As Zhao Yu had a translator with him, he could understand what he was saying.

Before Miao kun could finish, another roar came from the other side. It was none other than Jake, who had been tricked by Miao kun before.

“Xxxx...You bastard, I must kill you today! Ah ...”

When she heard the roar, Xi menna was shocked. She quickly walked into the inner hall.

Zhao Yu followed him closely and saw that the inner hall was almost full of people. Other than Miao kun, Juliet, guzhao Ichiro, and Jake, there were three other strangers.

All three of them were rather old men. One was white, one was Middle Eastern, and the last was black.

At that moment, the white man and the black man were pulling the angry Jake with all their might, while his father-in-law, Miao kun, was holding a glass of red wine, looking very relaxed and at ease.

“Jecca ...” The white man tugged at him the hardest and tried to persuade him, “this is Green’s home. It’s not appropriate for you to settle your personal grudges here!”

“This is too infuriating, too infuriating!” “Don’t just stand there and make sarcastic remarks,” Jake roared. “What would you do if you were in my place?”

“What will we do? “Hmph ...” The middle Eastern man who was eating tropical fruits sneered. “We won’t be humiliated like this! If it were me, what revenge would I have? Why don’t you just jump off the cliff and commit suicide? how can you still have the face to live?”

“Hey, yosufu,” the black man reproached, “can you stop adding to the mess? If the two of them fight today, it won’t be easy for us to clean up the mess. Why are you still making sarcastic remarks?”

“I’m telling the truth!” The middle Eastern man named yosufu had a look of disdain on his face. He threw the fruit in his hand to the ground and said, “that damn old man Grimm, he still hasn’t shown up until now. I should give him a good beating!”

“How can you treat a guest like this? I can close a business deal worth tens of millions in minutes, but I’ve been eating fruits all morning. Is this how you treat your distinguished guests?”

As she spoke, Yusoff suddenly saw Xi menna, who had just entered the inner hall, and her eyes immediately widened.

“Eh? “This ... This is ...” He quickly walked towards Simone and asked, “Madam, are you one of Grimm’s men or ...”

“Eh? Na na ... Why are you here?” “Where’s your father?” Miao kun asked in Chinese when he saw Xi menna.

“Oh ... So it’s uncle Miao. My dad is sick, so he sent me here!” Xi menna explained.

At that moment, Miao kun also saw Zhao Yu, who was following closely behind. He asked with concern, “Damn, so fast? You’ve passed Grimm’s newbie test?”

“Don’t worry, I won’t die ...” Zhao Yu replied hesitantly.

“Interesting. There are so many Chinese people this year!” You SUFU laughed. “Let’s celebrate the Spring Festival!”

“So ...” Juliet stepped forward and pointed at Xi menna, asking in English, “this girl is Xi Wei’s daughter?”

“Yes, I am!” Xi menna nodded.

“Female Miao, die!” While the crowd was talking, Jecca suddenly broke free from his restraints and rushed toward Miao kun.

Jecca was as tall as a giant. He raised his fist, which was as big as a casserole, and wanted to kill Miao kun with one punch.

However, Miao kun was not a fool. As soon as he saw Jecca break free, he ran away and even circled around the Round Table in the inner hall.

“Ah ...”

“Miao kun!” Jake roared and chased after him, but he couldn’t catch up to Miao kun. In a moment of desperation, he could only fly up to the table, wanting to take a shortcut.

Miao kun quickly picked up the teacup on the table and threw it at Jecca’s face.

The teacup hit him in the face before he could react.

“Ah!”

“Ah!” Jake screamed in pain. He was so angry that he stomped his feet and wanted to pounce on Miao kun.

However, Zhao Yu was not easy to deal with. When he saw Jecca stomping his foot, he immediately kicked the table.

As a result, Jecca lost his balance and fell back on the table.

Thump!

His heavy body made a loud noise. Even though the table was strong, it couldn’t withstand the impact of a big man like him. With a crack, a large piece of the table cracked.

“Ah ...” Jake was furious. He crawled out of the table and tried to chase after Miao kun again.

However, at this moment, there was a commotion at the door, and a large group of black-clothed people suddenly walked in.

These Men in Black were all strong and unusually strong. They should be the best bodyguards.

As soon as the Men in Black entered, they immediately split up to the left and right, very orderly.

“Stop, stop it, Jecca!” An order came from behind the Man in Black, and everyone was surprised to see a golden-haired woman walking in.

“This ...”

Although Jecca was in a fit of anger, he was forced to stop when he saw this scene.

The golden-haired woman was wearing a black suit. Although her figure was not as good as Xi menna’s, her temperament was better.

Judging from her appearance alone, she was not young anymore, but because she had taken good care of herself, her skin was still shiny and beautiful. When she walked and spoke, she exuded an aura of nobility that was difficult to imitate.

“Hello, ladies and gentlemen,” the blonde woman said to the crowd in an authentic London accent. “I’m green’s daughter, Jasmine. I’m sorry that I didn’t attend the detective salon last time.”

“However ... I’ve heard my father mention your wonderful performance. It’s a pleasure to meet you today!”

“What? A daughter?” You SUFU, the middle Eastern man, raised his eyebrows. “Why haven’t I heard of it before?”

“I’ve heard of her,” said the white man in the distance. “Green does have a daughter, but I’ve never seen her before!”

The crowd looked at each other before turning to Miao kun. Among them, Miao kun had the best relationship with green.

However, Miao kun’s mind was elsewhere. He kept his eyes on the fierce-looking Jake, and instinctively moved a few steps away from him.

“Phew ...” The woman named Jasmine took a deep breath and then announced to the crowd solemnly, “I’m sorry, everyone, but I have some unfortunate news. My father passed away from illness five days ago!”

“So, I was the one who gathered everyone here for this detective salon! As for the purpose ...” Molly looked around and said, “I want to read the will that my father left for you all in front of you!!!”

Chapter 1293: Diamond

“What ... What the hell is this?” The middle Eastern man, Yusoff, spoke in less fluent English, “everyone knows that Grimm likes to play tricks. I say, let him come out and meet his old friend!”

"Yeah, how could Grimm die?" Juliet said, "and that ridiculous will. It's obvious that he's joking with us again!"

"I'm not short of money," Yosuke said disdainfully. "Whatever will green has, it's for his descendants. Why would he give it to us?"

"That's right, don't mess around ..." Miao kun had already come to Zhao Yu's side and kept a distance from Jake. He stood behind Zhao Yu and said to the lady named Jasmine, "it's inauspicious to use this kind of gimmick to liven up the detective salon. Hurry up and get green to come out!"

"It's up to you whether you believe it or not!" Molly crossed her arms coldly and said to everyone, "my father really passed away. According to his last wish, we buried his body in the garden of Miracle Island. If anyone wants to pay their respects, you can go and see for yourself."

After Molly said that, the scene finally quieted down.

"To be honest, I don't know much about my father," Molly shook her head and said, "you should be able to see that our relationship isn't very good."

"This time, if it wasn't for the inheritance, I wouldn't have returned to the island. I even sent out invitations to all of you!"

"So ..." The black man in the distance said, "the detective salon is really not organized by green? But you? I don't understand, why did you call us here in Grimm's name?"

"Do you still need to ask?" "I've already said it a hundred times," said Yoakam. "Green Left us a will!"

"Lunch has been prepared for everyone!" Molly's gaze swept across the crowd and she said in an arrogant tone, "but what I'm going to say is very simple. It's not too late to eat after I'm done!"

"Okay," Miao kun said. "Tell me, what did green leave us?" Could it be his perverted collection? Cracking the whip and dripping wax?"

The crowd burst into laughter when they heard Miao kun's words.

Zhao Yu looked at Miao kun with disdain. The great image of his father-in-law in his heart was crumbling ...

"I believe everyone has heard of the rumor in Cape Town 22 years ago, right?" Molly ignored the laughter of the crowd and continued in a cold tone, "someone said that my father pocketed that batch of diamonds!"

"However, there was no evidence and no reason. In the end, we could only let it go!"

However, the moment they heard the word "diamond," the scene fell silent again.

"Time sure flies ..." Yusoff recalled with a dark expression. "It seems like the incident with the South Africa diamond just happened yesterday!"

"Now, I can tell everyone responsibly that the rumors were not wrong. That batch of diamonds was taken by my father!" Molly said without reservation, "he wrote this into his will long ago. I only found out the truth after he passed away!"

“Ah? Miao kun said,”green was already a billionaire 22 years ago. Why would he want to steal a diamond? Was he making himself a live target? He’s not short of money, is he crazy?”

“The way you speak shows that you still don’t understand my father!” Molly shook her head and said,”he embezzled the diamond, not for money, but to take revenge on the United Kingdom government. It was all for the sake of revenge!”

“That’s impossible, right? How ... How did he manage to steal the diamond from MI6?” The black man said,”at that time, after the robbery, at least a group of special agents participated in the operation.

“The murderer and the buyer were burned to death in the fire, and the diamond disappeared. We always thought that it was the British who was crying” thief!””

“There’s no point in bringing up these family matters that are difficult to speak of!” Molly spread out her palms and asked indifferently,”everyone must be hungry. Can I keep it short?”

When she said this, everyone could only keep their mouths shut for the time being.

“Let’s not talk about those old grudges for now. It’s written clearly in black and white on my Father’s will,” Molly spoke to everyone like a veteran speaker.”He hid the diamond somewhere on Miracle Island and hasn’t touched it!”

Whoosh ...

Upon hearing this, the crowd couldn’t help but burst into an uproar. They all felt that this was unbelievable.

“I still don’t understand. You keep talking about diamonds, diamonds ...” You SUFU asked.”What does this have to do with us?” Could it be that you believe that there are accomplices of your father among us?”

“Of course not!” Molly quickly said,”the reason I invited everyone here is that I hope everyone can help me find the diamond!

“The will said that ten years ago, my father had already set up a trap and left a key clue at the detective salon. So, only if I gather all the people who participated in the salon back then can we find the diamond!”

“D * MN ... This ... This is too ridiculous, right?” The one who spoke was Jake. At that moment, he had been attracted by Jasmine’s words and had temporarily forgotten about his personal grudge with Miao kun.

“It’s not free!” With a straight face, Molly said seriously,”my father is no longer around, and the International prosecution period for the South Africa diamond has passed. I have no need to hide it anymore!

“So, if anyone can help me find the diamond, I’m willing to pay you 20% of the total value of the diamond. If you’re still worried, we can sign the contract after lunch!”

“Hahaha ...” Jake laughed out loud and said to Molly,”since it’s a detective salon, you should know what we do, right?

“Grimm’s tricks are the most outdated and disgusting I’ve ever seen! What, are we going to look for diamonds just because of what you said? What a joke!”

“How big can the island of wonder be?” Tani zhaichiro asked curiously. “Why would they leave such a good thing to us?” You can slowly search for it yourself, and you’ll find it one day, right?”

“To tell you the truth,” Molly said, “the Green family’s ownership of Miracle Island is not unlimited. You are all experts, so you can investigate it.

“In two months, the Fiji Government will reclaim the island. I don’t have that much time.”

“.....”

Everyone was speechless. Only the shrewd you SUFU began to count on her fingers and calculated silently, “The diamond incident wasn’t on the news. We only heard through our internal channels that the lost batch of raw diamonds was worth about 7 million pounds!

“Now that 22 years have passed, according to the market exchange rate, the total value can increase tenfold, which is 70 million pounds! A 20% commission would be 14 million pounds!

“Well ...” He nodded hard. “This is a good deal. It’s much better than my oil business!” Since that’s the case, I won’t leave first. I can look around.

“Don’t you guys think so?”

No one answered.

“You’re wrong!” Molly’s voice was still cold as she corrected him, “among the lost diamonds, there are some top-grade pink diamonds. If they were to be placed in today’s market, just that portion of pink diamonds would be worth 100 million pounds, not to mention the other diamonds!”

“...” Everyone was speechless again.

One hundred million pounds. Zhao Yu calculated silently. If all of it was counted, the total value of this batch of diamonds would be as much as one billion Chinese yuan. A 20% commission was 200 million Yuan!

“Hehe ...” Senior Sister tuo Qiang laughed, “diamonds are indeed worth a lot, but who would believe such an absurd thing?”

“Exactly,” Miao kun said, pinching his nose. “Do you think we’ll go after it with just that little money?” What a joke! “That ... Big niece ...” He opened his fingers and said to Molly, “let’s discuss whether the Commission can be increased by another 20%...”

Chapter 1294: Blood Diamond

1996, Cape Town, South Africa.

On a desolate cliff at the southern end of Cape Town near the sea, there was a lonely wooden house.

At this moment, there were several Jeeps parked outside the wooden house, and the lights inside the wooden house were on, and there were moving figures.

Inside the house, an old man with white hair and a Monocle on his left eye was carefully examining the diamond in his hand in front of the light.

The diamond was four carats in weight, and it glowed with a pink light.

Just as the old man was carefully examining the diamond, he saw two groups of people standing on both sides of the old man.

The group in front were all fierce and strong men; The group behind him were all refined men in suits.

The two groups of people were holding all kinds of guns and weapons, looking extremely nervous.

It was obvious that the two groups were making an unusual and extremely important deal! One side was in a hurry to sell, the other was in a hurry to buy.

The cold wind on the cliff was biting cold, and the temperature in the wooden house was not high, but these people's faces were covered in sweat. It was obvious that the atmosphere was so tense that everyone's breathing could be clearly heard ...

The white-haired old man should be a gem appraiser. Every time he appraised a diamond, he would nod to the people in suits behind him, indicating that the diamonds he inspected were genuine and of excellent quality.

Although there were many diamonds, it was obvious that the appraiser did not need to finish examining all of them. The white-haired old man only picked a dozen of the larger diamonds among the many.

Seeing that the selected diamonds were about to be appraised, the staff on both sides were slightly relieved. The transaction could be carried out immediately.

However, at the critical moment when the appraisal was about to be completed, a gunshot was heard. Blood suddenly burst out of the white-haired old man's body. He didn't even make a sound before he fell to the ground face up. He had been shot dead!

At the same time, several gunshots were heard in the wooden house!

The members of both sides were already extremely nervous. When they suddenly saw someone sniping, they naturally thought that the other party was trying to backstab them!

Hence, no one hesitated. They all picked up their weapons and shot at each other ...

Bang Bang Bang ...

In an instant, gunshots rang out in the wooden house, and flashes of light kept flashing.

"Ah ... Ah ah ..."

What followed was the screams of the chaotic gunfight!

At such a close distance, under the fierce burst of fire from both sides, no one was lucky enough to escape, and all of them fell to the ground.

Upon hearing the gunshots, the people on sentry duty outside the house immediately rushed into the wooden house and joined the battle.

Bang Bang Bang ...

Tap tap tap tap ...

After another round of shooting, there was no one left standing in the room ...

Just like that, more than a dozen people died in the blink of an eye in this sudden internal strife, leaving only a few people.

At this time, only one man in a suit was still alive. He was covered in blood and had been shot several times. He was on the verge of death, but he still held onto a metal box and crawled toward the door.

Due to his serious injuries, every step he took seemed to be very difficult, and a winding trail of blood seeped out of the ground ...

“Pa La La ...”

Suddenly, a soft sound came from behind him. The man quickly turned his head and looked back.

As a result, his eyes were filled with great shock and fear. He had never expected that the white-haired old appraiser, who was the first to be shot, would actually stand up like a demon!

The old man got up. After seeing the dead bodies on the ground, a sneer appeared on his face. Then, he picked up a pistol on the table and shot the struggling man dead.

Due to the inertia of the bullet, after the man died, the box in his hand fell to the ground and opened, revealing a dazzling stack of US dollar bills ...

This money was used by the buyer to buy the diamond. In that era, it was definitely a huge sum of money!

However, the white-haired old man didn't even bother to look at them. He just went straight to the table, put the many diamonds into his pocket, and carried them with him.

Then, he went outside the house and poured the gasoline he had prepared on the bodies and the car outside.

After that, he set the gasoline on fire ...

The light of the fire suddenly soared into the sky, illuminating the white-haired old man.

The next second, the old man took off his hood and beard, revealing a young and cold face ...

.....

In the castle on Fiji's Miracle Island.

The restaurant in the castle was luxuriously decorated, exuding the air of nobility everywhere, especially the long dining table, just like the ancient United Kingdom Palace model.

Jasmine had prepared delicious food for everyone. In addition to the classic English dishes, there were many Fiji local specialties, such as lobster and abalone.

However, in the face of such delicious food, the crowd obviously did not have the appetite to eat. They were still discussing the diamond.

Miao kun, in particular, thought that Zhao Yu could not understand English, so he took the opportunity to repeat what had happened to Zhao Yu in Chinese. He said,

"It's quite famous in the industry, and it goes back to South Africa twenty-two years ago," Miao kun explained to Zhao Yu while observing other people's reactions. "Everyone knows that South Africa is rich in diamonds, and Africa Senna is a giant among the diamond companies. It controls almost forty percent of the mining and export of South Africa's diamonds.

" 22 years ago, a group of unknown robbers robbed this company's Diamond warehouse and took away a batch of priceless raw diamonds.

"The robbery was obviously planned meticulously, and there was an internal response. The robbers almost didn't shed a single drop of blood, and the robbery was very easy.

"Because the behind-the-scenes investors of Africa's Senna company are all United Kingdom nobles, and it involves the gray areas of two countries, the robbery was not announced to the public.

"After the incident, the United Kingdom used all its resources to investigate this matter. In addition to more than a dozen elite agents, many business tycoons, including green, also participated in the search for information.

"However, three days later, people found the suspect of the robbery and the body of the suspected buyer in a small house on a cliff near the sea in Cape Town.

"But unfortunately, the house was destroyed by the fire, the body was also severely damaged, and the diamond was gone!"

"Mm ... I heard my father mention it before," Xi menna, who was sitting next to Zhao Yu, spoke in Chinese as well. "He said that the buyers were from Netherlands, and there were burn marks of US dollars at the scene. I don't understand. The person who stole the diamond burned the money!"

"To be honest, I did suspect green at the time," Miao kun said. "But, as his daughter said, he was already so rich that he didn't have to get involved in this mess!

"Everyone knows that diamonds are stained with blood. Whoever has any ideas about it will have to pay a painful price! Even Daheng can't afford to play it. "

"Alright, alright, this is going to be fun!" At this moment, Yusoff, who was sitting at the opposite table, suddenly said in English, "hurry up and take a look. Someone has cut off our communication!

"I say, Miss Jasmine ..." He stood up and said to Jasmine, who was in the master's seat, "I'm a big business deal every minute. Don't you think it's a little too much for you to block our signal?"

"Hmph Hmph ..." Molly's expression was still cold as she said, "everyone, I want to emphasize once more that this isn't a prank my father is playing on you!

"You should know what those diamonds mean to some people, so ..." She said lightly, "just in case, the news of the diamonds can't be leaked for the time being. I have to let everyone suffer first!"

“Tsk tsk ... This is bad ...” The black man said while holding his mobile phone, “we can’t play ‘chicken dinner’ this time ...”

Chapter 1295: wrong number of people

“What do you mean by that?” The phone signal was blocked, causing the atmosphere at the table to change suddenly. The white man, who had not spoken much, said to Molly, “are you restricting our personal freedom?”

“If we don’t cooperate and help you find the diamond, are you going to illegally detain us?”

“Yup!” You SUFU started to add fuel to the fire. “What if we can’t find the diamond? Just like Napoleon, to be exiled here forever?”

“Don’t joke,” said Jecca, raising his hands and disdainfully. “If I don’t hear from you in three days, my men will come to the island with an AK-47 to make trouble! Don’t blame me for not warning you when the time comes. My subordinates aren’t very obedient, haha ...”

As he threatened Miao kun, he glanced at him subconsciously. He was also threatening Miao kun.

However, Miao kun’s arrogance really made Zhao Yu feel inferior. When he saw that Jecca was staring at him, he didn’t even think about it and just gave him the middle finger!

“You ...” Jake’s face suddenly changed, and the veins on his arms suddenly popped out.

However, in the next second, Miao kun wiped his middle finger on the cake, then put it in his mouth and sucked, pretending to be tasting the cake.

Hualalalala ...

Everyone’s sense of values was instantly shattered ...

“Please don’t misunderstand,” at this moment, the female owner, Jasmine, said calmly, “I just don’t want the matter of the diamond to be leaked so quickly. I don’t have any intention of imprisoning everyone!

“If anyone wants to leave, I will definitely not object! “But ...” Molly suddenly changed the topic and said with a straight face, “after leaving, I can’t guarantee anything!

“Although my father has passed away, the Green family has not gone bankrupt. If anyone refuses to help me, I swear that I will use the Green family’s resources to make this person pay a painful lesson!”

“Pa!”

Unexpectedly, just as Molly finished speaking, Jecca suddenly slammed the table and shouted, “I, Ping Sheng, hate being threatened the most! That’s right, I do have trade dealings with the Green family, but that’s all because of Green’s face!

“Now that Greem is dead, what do I have to be afraid of?”

“That’s good ...” Molly smiled indifferently and made a gesture at Jake. “You can try. Please, you can leave now!”

“Well ...” Jake pressed his arms on the table and wanted to leave immediately. However, he looked around and suddenly realized something. In the end, he did not stand up.

“Actually, among all these people, you’re the one who’s the least qualified to speak!” Molly laughed coldly and said to everyone, “I might as well tell everyone that in the files my father left behind, there are countless dark histories of yours!”

At this point, Molly suddenly snapped her fingers, and in the next second, everyone’s cell phones rang.

Everyone took out their phones to check and found that they had each received a Bluetooth message.

After they read the message carefully, their expressions changed one by one, especially the tall and strong Jack. He was dispirited and no longer had the prestige he had just now.

Of course, Miao kun was no exception. He quickly glanced at the message and quickly deleted it.

When everyone raised their heads again, the atmosphere had once again taken a 180-degree turn. Everyone’s expression was no longer as natural as before.

Creak, creak ...

However, as the crowd fell silent, an abrupt sound suddenly became eye-catching. It was the sound of Zhao Yu chewing on a lobster.

Unexpectedly, while everyone was arguing with Jasmine, Zhao Yu didn’t stay idle. He was fighting with a huge deep-sea lobster, eating the lobster noisily.

Hmm ...

Miao kun looked at Zhao Yu, speechless.

Zhao Yu had a great appetite. He was the only one who was eating with all his heart. At that moment, when he saw that everyone was looking at him, he smiled naively and finished the red wine in his glass. Then he waved to the waiter and said,

“Bro, please pour me another cup! It’s so F * cking delicious!”

Although the waiter didn’t understand Chinese, he saw Zhao Yu’s gesture and quickly came over to pour Zhao Yu another glass of red wine.

“Um ... Why are you all looking at me?” At this time, Zhao Yu finally noticed that everyone was looking at him strangely. He pointed to the table of delicious food and said, “you guys are eating. Such good food, you can’t waste it! It’s a crime to waste food ...”

“Tsk, tsk ...” Beside him, Xi menna licked her lips and shook her head.

Among the group, only the two of them did not receive the text message, which meant that the other party did not have anything on them.

Eh?

Seeing Zhao Yu, Miao kun’s eyes suddenly lit up. He quickly said to Jasmine in English, “I say, my niece! Let’s talk things over, what we said just now was just a joke.

"You see, our friendship with green is not just a day or two, right? So, of course, we have to help you find the diamond, right?"

Hearing Miao kun's words, the others all looked at him with disdain.

Jecca even cursed in a certain Eastern European language. Only Zhao Yu could understand the language, and he was cursing, "Two-faced fellow. How disgusting!"

"Yeah, yeah!" "Friendship is worth a thousand gold," you SUFU said with a smile. "What's the big deal about my loss of tens of millions? finding the diamonds is more important!" Besides, if he found the diamond, he could still earn a Commission, right? Isn't that right? haha, hahaha ..."

You SUFU's laughter was even more unpleasant than her crying, and everyone who heard it had goosebumps.

"But ..." Miao kun suddenly changed his tone and said to Molly, "there's a problem with diamonds that's hard to solve."

"What's the problem?" Molly asked.

"Didn't you say that the clues were in the detective salon ten years ago?" Miao kun said seriously, "but, there were thirteen people who participated in the detective salon ten years ago! How can we break it if we're not complete?"

"Yes, yes, yes, yes ..." Tani zhaiochiro said hurriedly. "A few people have already passed away. I'm afraid this diamond ..."

"Hmph ..." Hearing this, Molly smiled faintly and said with confidence, "it doesn't matter, just take as much as you have!"

"Actually, this isn't a bad thing for you! One less person meant one less competitor!"

"And ..." She pointed at Xi menna and said, "this Miss Xi is Xi Wei's daughter. I think she can represent her father!"

"Hehehe ..." Miao kun pointed at Zhao Yu and said, "but, Zhao Yu can't represent ... Um ... Um ..."

Before Miao kun could finish his sentence, his face suddenly changed. A man about the same age as him suddenly walked in from the entrance of the dining room.

"Anniha sayou, I'm sorry everyone, I'm late!" The man tidied his suit and greeted the crowd very politely.

"No... No... Impossible ..." Miao kun's face turned pale, and his body trembled as he muttered, "li Bencheng, why ... Why is it him?"

Chapter 1296: Catching a Toad and squeezing it out of its urine

In a bathroom in a Castle on wondrous trace Island.

"Oh no, oh no, this is big trouble!" "No!" Miao kun mumbled to himself, rubbing his hands nervously. He gestured at Zhao Yu and said, "don't just stand there. Check the bathroom for bugs and cameras!"

“Oh ...” Zhao Yu heard this and started to pretend to look around. In fact, the bathroom was very small. According to the detector in Zhao Yu’s brain, there was no listening device in the bathroom.

At that moment, the others were still eating in the restaurant, but Miao kun had dragged Zhao Yu to the bathroom.

“Father-in-law, can I remind you again ...” Zhao Yu pretended to look for something, while reminding him, “this is the women’s bathroom, and the men’s bathroom is opposite! Although I don’t understand the English words on the door, I don’t think it’s impossible to distinguish between male and female toilets!”

“Shh ... Shh ...” Miao kun suddenly made a shushing gesture, then pointed at the door and gestured to Zhao Yu.

Zhao Yu quickly tiptoed over to take a look. Through the door mirror, he saw that a burly man had suddenly emerged from the men’s room opposite. It was the one who had been absolutely irreconcilable with Miao kun, the Chenchen jieka!

However, he saw Jecca rushing into the men’s bathroom with clenched fists. It was obvious that he was not going to the washroom.

Oh ...

Zhao Yu then understood why his father-in-law had brought him into the women’s washroom.

Clang!

The toilet wasn’t big, and Jecca quickly found that there was no one inside. He retreated and slowly approached the women’s toilet.

As soon as he saw Jake approaching, Miao kun quickly held the toilet-cleaning sucker in his hand, ready to give him a surprise attack.

However, after listening for a few seconds at the door of the women’s bathroom, he finally left resentfully.

Whoosh ...

Miao kun heaved a long sigh of relief.

“Al!” Seeing Miao kun’s embarrassed look, Zhao Yu grumbled, “you know that there are so many enemies at the detective salon, so why did you come?”

“I don’t know!” Miao kun gritted his teeth and said, “I thought Jecca was dead! I thought Lee Bencheng was already in prison, but ... But he ... How did he get out?”

“Li Bencheng, hmm, is li Bencheng very powerful?” Zhao Yu was confused. “I’ve never seen you so nervous before!”

“Yes!” Miao kun rubbed his hands anxiously. “Jecca is just a brainless boor. He’s like the big dog in the cat and mouse game, only knowing how to bark. I can throw money at him!”

“But li Bencheng is different. He’s one of the top agents in Korea. Don’t be fooled by his smile, he has a lot of tricks up his sleeve.

“And, and ...” Miao kun sighed helplessly. “His arrest in Lisbon was directly related to me!” He won’t be able to take this lying down and will definitely take this opportunity to take revenge on me! This is really terrible ...”

“What the ...” Zhao Yu grinned. “In that case, you might as well find a way to escape!” Oh ... Right, I almost forgot, you lost your character and bottom line after reading the text message. It seems that the content of the message was very powerful, right?”

“You brat, you’ve seen through me quite thoroughly. Is there any meaning in teasing me like this?” “I’m telling you,” Miao kun threatened. “We’re in the same boat. If anything happens to me, you won’t be able to live well either!”

“Don’t worry,” Zhao Yu smiled and patted his father-in-law’s shoulder. “We’re family. No matter how naughty I am, I’ll still stand on your side!” Don’t worry, hehe ...”

“Hmm, that’s more like it!” Miao kun took a deep breath and said, “this is really troublesome! Can’t you tell? Since li Bencheng has returned, that means that old Gelin might really be dead!”

“Hmm...How do you understand this logic?” Zhao Yu was confused.

“You see!” Miao kun counted on his fingers as he explained, “if all of this was a game arranged by green, then there’s no need to get li Bencheng out, right?”

“You don’t know how strong the drug I gave li Bencheng was. Even the blue tile terrace couldn’t get him out! But ... He just appeared. What does that mean?”

“Oh ...” Zhao Yu then realized the seriousness of the problem and said in a hurry, “a more powerful force than the Korea military helped him!”

“That’s right!” Miao kun gave him a thumbs-up. “Let me tell you from the beginning. Green is investigating us, and we are also investigating him!” “So, I knew from the start that Grimm did have a daughter, an only child. I also knew that his daughter’s name was Jasmine!”

“It’s just that we’ve never met.

“According to my memory, I can conclude that the woman sitting at the table just now should be the real deal!” Miao kun said, “also, I’ve heard that Green’s daughter works in a government department, and not an ordinary one.

“Also, his daughter does have a bad relationship with Grimm ...”

“You’re making it sound a little vague,” Zhao Yu said frankly. “I still don’t quite understand. What does this mean?”

“Do you see those waiters and the housekeeper?” “They all have calluses on their hands,” Miao kun said in a low voice. “According to my experience, they are caused by long-term gun use!”

“Oh ...” Zhao Yu finally understood. “Now that you mention it, I also feel that there is something wrong with the waiters!” However, I’ve never lived the life of a rich man, so I thought that was what they were like!”

“Of course, it’s just a suspicion!” Miao kun said doubtfully, “but I think it’s close. At least I know Green’s ability. Even if he has something on us, he can’t possibly know that much!”

“So, it’s very likely that the United Kingdom military intelligence was involved, and that’s why we received those terrible text messages!”

“Oh ... That is to say, Jasmine represents the United Kingdom government ...” Zhao Yu pouted and sighed. “These waiters and butlers are all professionals in the intelligence Department. Then, we ... Are in trouble ...”

“Right, we’re in big trouble!” Miao kun shook his head. “Why didn’t I think about it before I came? This is exactly what I wanted!”

“In order to find the diamond, they even saved li KaiCheng from prison,” Zhao Yu said. “This shows that they are determined to get it!” I say, father-in-law, what clues did Grimm leave for you ten years ago?”

“No... No, no, no... It’s not just about the diamond!” Miao kun cursed angrily, “d * MN it, I think they’re going to pisk the toad!”

“Think about it, we’re not easy to deal with. We must have made a report before coming!” Miao kun frowned and said, “once they lose contact for too long, they will definitely send someone to check it out!”

“That’s why Molly doesn’t dare to keep us under house arrest for too long, but ... MI6 never deals with losses. If we want to leave, we’ll have to pay a price!”

“Oh? What was the price? It can’t be Toad urine, right?” Zhao Yu raised his eyebrows, looking embarrassed.

“I opened this mountain, and I planted this road. If you want to pass through, leave some money to buy the road! Half a word of “no” from ya Beng, one knife for one. It’s a matter of killing but not burying!” Miao kun sighed. It looks like I have to leave some information for them ...”

Chapter 1297: are you still short of people?

“But, no matter what ...” Miao kun comforted himself, “they wouldn’t dare to kill us. At most, they would restrict our freedom!”

“Besides, I understand their style. They keep their word. If we really find the diamond, they will definitely give us a big Commission!”

“It can’t be?” Zhao Yu shook his head. “Do you really believe that the diamond is real?”

“I definitely didn’t believe it before I saw li zaicheng, but now I believe it a little. To be honest,” Miao kun rubbed his face, “green and I have some friendship. It’s really ... Uncomfortable for him to just leave like that ... Tsk tsk ... I’d better go to his grave in the afternoon!”

“Did you know?” Miao kun thought for a moment, then said, “although the diamond thing seems ridiculous, it’s very likely that green did it!

“I’ve also heard him ramble on before. He’s always had a grudge against the actions of the United Kingdom military intelligence Department, and he once lost a good brother because of a mistake in a certain operation ...

“So, in order to get revenge, he might really Rob those diamonds!

“Don’t forget, the person who stole the diamond burned US dollars. At that time, it was a large sum of money. Which robber wouldn’t be tempted by money?”

“Alright! Zhao Yu held out two fingers and asked seriously, “first, what clues did green leave for you at the detective salon? Second, what was the text message that you deleted? What do they have against you?”

“How would I know?” Miao kun waved his hand and said, “the detective salon was full of gambling, eating, drinking, and watching performances. Who knows what clues he left behind?”

Zhao Yu was full of contempt as he asked, “a performance?” What show?”

“Aiya, it’s not the kind of performance you’re thinking of, okay? “They’re all ... Local dance troupes that were invited to perform the folk dance ... Please, there are women in our group ...” Miao kun explained.

“Then ... What about the text message?” Zhao Yu asked again.

“Al, you don’t have to ask about the text message! “It’s definitely not a good thing. It’s something that can be used against me ...” Miao kun spread out his hands and said in frustration, “I just know that it’s something that can be used Against Me!”

“No!” Zhao Yu gave his reason, “I should at least know how serious the situation is, right? If this information is enough for you to risk your life and disregard your bottom line, we’ll have to come up with another plan!”

“Um ... This ...” Miao kun was obviously in a difficult position.

“Since it’s something that can be used against you, it can only be from two aspects. One is that you embezzled public funds and did something that let the country down!” Zhao Yu guessed, “the other is about your personal life. Did you do anything to let your mother-in-law down? Oh, and of course, there’s another one, and that’s to kill people!”

“Aren’t there three aspects? Do you know how to count?” Miao kun retorted.

“In my opinion, of these three aspects, personal life is the least important ...” Zhao Yu raised his eyebrows. “What do you think, father-in-law?”

“Okay ...” Miao kun sighed helplessly and admitted, “you guessed it right again!” What I just received was a bed photo of me and the Countess of the Archduke’s Castle!”

“What the ...” Zhao Yu was stunned.

“Don’t think too dirty. Sometimes, people can’t help themselves in the martial world!” Miao kun sighed. “That time, I was trying to get important information. Also, I must emphasize that the Countess had already divorced the Countess and returned to Milan to be a model. She was not a loose woman!

“And ... Hey ... Hey ... What are you laughing at? What was so funny? I’m warning you, you should know the consequences. You can’t go around talking about it! You’re still laughing?”

“Hehehe ... Hahaha ...” Zhao Yu laughed so hard that he was clutching his stomach. After a long while, he said to Miao kun, “father-in-law, I only have one question left!”

“Please, I’ve told you everything I know. Do you still have any questions?” Miao kun was angry.

“I just want to know if you’re still short of people in the Secret Service.” Zhao Yu said solemnly, “I think I’m ready to inherit your mantle!”

“Go to hell!” “You can’t learn from me,” Miao kun scolded. “I only have one daughter, Miao Miao. If you dare to disobey me, I’ll teach you a lesson!”

“Everything I’ve done is for the country. All of these are inevitable sacrifices! Besides, it’s not like your mother-in-law doesn’t know. She’s just understanding and tolerant towards me, so I have nothing to be afraid of ...

“Also, I’m not messing around, I have my principles ...” He said.

“Alright, alright! What a joke! “Hehe ...” Zhao Yu laughed evilly, then said seriously, “since your secret is not a secret, then it’s easy to explain!

“Next, we don’t need to take the risk to escape. We just need to wait and see how things will develop.” Zhao Yu said, “besides, we can also give it a try. If we really find diamonds, that’s a lot of money, right?”

“Hmph, it’s easier said than done. How can it be that easy?” Miao kun asked worriedly, “do you know how big this Island is? If it was easy to find, would Molly need to gather us here?”

“The water here is too deep! I really regret bringing you to wondrous trace Island!

“I only thought that you were a detective and that I was taking you to a detective salon to show off and see the world. I didn’t expect that ... You would turn out like this!

“I wonder who’s The Jinx between us?”

“Maybe ... It’s better to not find a diamond!” Miao kun said worriedly, “back then, when the diamond was lost in South Africa, countless people died. Now that the diamond has reappeared, who knows what kind of chaos it will cause!

“That’s true!” Zhao Yu agreed, “the value of diamonds has increased by more than ten times. That’s a lot of wealth! I don’t understand. Why did Molly want to announce this in such a high-profile manner?”

“If she found the diamond, did she really think that she could pocket it without any worries?”

“No, the company is United Kingdom!” Miao kun analyzed, “I don’t think Molly is so high-profile because she wants to keep it for herself. She was now representing the government, so once the diamond was found, it would definitely belong to the United Kingdom government.

“This way, no one would dare to have any ideas about the diamond!”

“But there’s a condition. The diamond must be found!” Zhao Yu got to the main point. “If we can’t find him, I’m afraid we’ll all be in trouble!”

“Finding diamonds is important, but we have to be careful of that Lee Bencheng!” Miao kun said worriedly, “this guy must know that I set a trap for him! So, in the next few days, he will definitely find an opportunity to take revenge on me ...

“This person is ruthless, I must be careful ...”

“Alright ...” Miao kun glanced at the door mirror and urged, “we’ve been out for too long. Let’s go back!” It’s a good thing I have a helper like you. After we go back, we’ll act according to the situation ...”

Chapter 1298: best selling novel

When Miao kun and Zhao Yu returned to the dining room, the atmosphere in the dining room had once again undergone a subtle change. People were gathered in groups of twos and threes, either discussing the diamond or chatting idly.

“Hahaha ... So, your novel is a great success again? “Congratulations ...” A hearty laugh came from the corner of the table. It was from Li Bencheng, who Miao kun was afraid of.

At this moment, Lee Bencheng was sitting upright beside Tani zhaichiro, communicating with him in fluent Japanese. As Zhao Yu had an invisible translation device, he could hear their conversation clearly.

“It’s nothing, you’ve overpraised me, overpraised me!” Gu zhaichiro smiled politely. “I was just lucky this time. It’s not worth mentioning, not worth mentioning!”

“No, no, no, that’s definitely proof of your strength, hehehe ...” Lee Bencheng asked sincerely, “Oh right, what’s your new book about? I heard that the discussion in your country’s forums is very intense!”

“Controversy is inevitable! “I’m used to it ...” Tani zhaichiro nodded hard, then said solemnly, “the protagonist of my novel is an ordinary man with an average appearance. Because of his poverty, he has never been able to get a girlfriend and was looked down upon.

“But one day, he suddenly realized that he had a special power. As long as he had sex with a woman, he would immediately regain his youth and become as beautiful as a young girl.

“Of course, there’s a time limit to the rejuvenation. It can only be maintained for 24 hours.

“Just like that, the story begins!” “Although time is short, it’s a dream for many women to be able to return to their teenage years and experience it,” Gu zhaichiro said excitedly.

“So, when the protagonist’s superpower was spread, he quickly became famous. There was an endless stream of women who wanted to have sex with him, and they formed a long line!

“In the beginning, he still maintained his interest and felt that it was very fresh. In fact, he even earned a lot of money from this. Many women were even willing to pay him a high reward in order to experience the youth of a young girl!

“However, when he turned his interest into work, he couldn’t take it anymore and couldn’t find any more fun ...”

“...” When he heard this, Lee Bencheng picked up a glass of red wine, moistened his throat, and praised, “no wonder people say that Japan is a pervert! Only you can write such a novel, and only your country would dare to publish it, hehe ...”

“But, I have a question,” Lee Bencheng thought for a moment and asked, “don’t you always write crime novels? Why are you writing about superpowers?”

“No, it’s actually a crime novel!” “As the protagonist became more and more famous, all kinds of dark things happened,” Gu zhaochiro said seriously.

“A man wanted to buy his life out of jealousy; There was a super-rich woman who wanted to keep him as her mistress for a long time, turning him into her beauty machine and kidnapping him at all costs; In fact ... There were many men who wanted to give it a try and see if they could make men regain their youth ...”

“By the way, the name of this book is ‘human beauty machine’ ...”

“Oh my God ...” Lee Bencheng drew a cross in front of his chest and said to Gu zhaochiro, “your perversion is beyond my imagination. I’m impressed! Come, let’s have a toast ... Drink ...”

Gulp ...

While the two of them were drinking, Zhao Yu, on the other hand, was swallowing his saliva. It was obvious that he was one of those who had been conquered by the perverseness of Gu zhaochiro.

‘Damn it ...’

Zhao Yu cursed in his heart. Are these Japan even human? To be able to come up with such a novel, it’s really ... Really interesting ...

“Hmm ... Female Miao, what are you standing there for? come and help us recall ...” The black man at the other end of the table waved at Miao kun and asked, “do you remember what green might have left us at the detective salon ten years ago?”

The black man’s name was Sisay. Miao kun told Zhao Yu that Sisay worked for a Union of the unknown in Europe, which specialized in investigating cases that involved gray areas.

Although his character was not much different from Jecka ‘s, he obviously had the official support behind him, so his status was much higher than Jecka’ s.

“Hmm ...” At this time, the middle Eastern yousufu said, “I remember that there was a big spider web in my room. It was man-made and a kind of decoration. There was a string of English letters written on the spider web.

“Do you guys think that string of letters is a clue that Grimm left for me?”

“Do you still remember which letters it is?” Molly asked in a serious tone.

"I remember, it's a swear word. You British people always use swear words. They're worse than sh * t and B * stard ..." Yusoff said.

"That's impossible," Juliet said, pondering. "How can vulgarities be clues?"

"Which room were you staying in?" Molly asked seriously.

"The room on the east side of the second floor ..." You SUFU replied.

Molly immediately motioned to her subordinates, and they immediately went to check.

"Oh, I think ... I just remembered something else!" As she spoke, you SUFU raised her head and looked at Miao kun. "At that time, a few of those dancers had tattoos on their bodies. The tattoos were all on their necks and backs, which were very eye-catching!

"Right, Female Miao?" You SUFU asked Miao kun, "you had the most fun back then. I still remember you holding a woman with a well-developed chest and gnawing on her. What was carved on her neck?"

"Do you think that's the clue Grimm left for us?"

"Don't ... Don't talk nonsense ... Hey ..." Miao kun wanted to stop him, but he couldn't, so he quickly turned to look at Zhao Yu. As she was speaking English, he naturally hoped that Zhao Yu did not understand.

"..." How could Zhao Yu not understand? He was so angry that his nose was on fire. In his heart, he had already scolded Miao kun more than 800 times. He couldn't look down on him anymore.

However, in order to retain his thoughts of acting tough, he suppressed his anger.

Seeing that Zhao Yu did not react, Miao kun wiped the cold sweat off his forehead and said to you SUFU, "You talk like you're farting. Am I that dirty?"

"You don't say. I remember it a little," the white man said, recalling. "Female Miao even gave the woman a 1000-pound tip! He's super generous!"

"Saiba, don't add to the trouble. You had a lot more fun than I did that day!" Miao kun glared at the white man.

The white man's name was Sevanbach, and he was a senior executive in an anti-terrorism Department in Latin America.

"Alright, let's get down to business!" "Female Miao, do you think the tattoos on the dancers are clues left by Grimm?" she asked. "I remember that there were many characters and numbers in those tattoos, right?"

"Hmm ..." Molly asked, "can you still remember?"

"I'll try. I can almost remember it ..." Miao kun agreed, then looked up at the crowd and said, "there's a Chinese saying that little drops make an ocean. In that case, let's recall the process together and remember all the suspicious parts!"

"Let's see what Grimm left for us. "

Chapter 1299: I know!

“Female Miao, all of my old friends have greeted me, but why are you the only one who’s ignoring me?”

Just as Miao kun was calling for everyone to brainstorm, a discordant voice suddenly came from behind him.

Miao kun turned around and saw that the speaker was Lee Bencheng.

Li Bencheng had a smile on his face, but his every move was filled with a murderous aura that made one’s hair stand on end.

“Aiyo, Aiyo, it’s old Li, hehehehe ...” Miao kun quickly turned around with a smile and greeted li Bencheng, “I’m really sorry, I had to go to the bathroom when you came just now.”

“You look good. Did you make a fortune again recently? Hehehehe ...”

“Thanks to you, I’ve finally survived!” Lee Bencheng laughed coldly, opened his arms and said, “why do I feel like you don’t welcome me?”

“Who said that? hehe, who said that!” Miao kun laughed awkwardly, then walked closer to li Bencheng and hugged him symbolically. He then explained, “it’s just that I didn’t dare to recognize you after so many years, hehe ...”

“Is that so?” Li Bencheng said coldly, “no matter how big my change is, I can’t be as young as him, right?”

As he spoke, Lee Bencheng pointed at Zhao Yu.

Miao kun suddenly shivered. Li Bencheng’s meaning was obvious. He was after the invitation card.

As expected, Lee Bencheng pointed at Zhao Yu and asked, “I don’t understand. How did my invitation card end up with this kid? I don’t think I’m that famous, right? There’s actually someone who wants to impersonate me?”

“Oh, really?” “Hey, China’s super detective, I’m also quite curious. How did you get old Li’s invitation card?” Miao kun asked. He was really thick-skinned.

Gah gah ...

For a moment, Zhao Yu could only feel the crows flying around in his ears.

“Hey, I almost forgot.” Miao kun smiled and pointed at Zhao Yu. “He’s Chinese, but his English is terrible. He can’t understand!”

“But ...” Miao kun said jokingly, “Li, you’re really bad. How could you lose your invitation card?” You were so careless ...”

Ding ...

Just as Miao kun was speaking, Lee Bencheng’s right hand suddenly moved, and a shiny fork appeared. He looked like he was about to stab Miao kun with his fork.

Miao kun had been on guard against him all this time. When he heard the strange sound, he hurriedly retreated to avoid it.

Whoosh ...

In an instant, the scene seemed to have frozen over, and the atmosphere became unusually oppressive and tense.

“Li, listen to me ...” At that moment, Molly finally stepped forward to smooth things over. “Miracle Island isn’t a place for you to settle your personal grudges. I hope you can abide by the rules here.

“I don’t want to repeat the same words many times. The original 13 people can no longer be gathered, and I don’t want anyone to have any mishaps. Diamonds are the most important!”

“Hmph ...” Li Bencheng glared at Miao kun, but he still put down his fork.

The others also heaved a sigh of relief.

“How about this ...” Molly saw that the atmosphere was not good, so she said to everyone, “since lunch is over, there’s no need to be in a hurry.

“How about this, I’ll allocate the rooms to everyone first, so you can rest and adjust first!” Molly gestured to her men and said, “I’ll say the same thing again. No matter what division of work you do, as long as you find the diamond, I guarantee that the Commission will not be a penny less!

“I’ll leave it to everyone!”

After Molly finished speaking, a Butler immediately came forward and assigned rooms to everyone.

It was only then that the burly Jecca returned to the restaurant. Seeing that the people at the scene were being assigned rooms, he quickly went forward to take a key.

“Jecca, aren’t you taking too long in the bathroom?” “What’s the matter?” sai wanbach asked. He also reached out for a key. “Here, let’s sit next to each other. We can have a drink tonight ...”

“Hmph,” Miao kun muttered smugly behind Zhao Yu, “did he go to another washroom to stop me?” “Fortunately, I had the foresight ...”

Tsk tsk ...

Zhao Yu shook his head and sighed, then whispered in Chinese, “You’re quite open-minded. If you can’t find the diamond, you have to keep playing hide-and-seek. How long can you hide?”

“Well, you’re right ...” Miao kun nodded slightly. “It’s better to strike first!” Since that’s the case, why don’t we think of a way to cripple these two first ...”

“Don’t joke around. One is a Special Forces soldier, and the other is a spy,” Zhao Yu said. “Even if we work together, we’re not their match.”

“Besides, there are so many United Kingdom agents here!”

“Alright, alright!” “We can only hide for one day,” Miao kun said helplessly. “Kid, let’s take the keys to the adjacent rooms. I think, for safety’s sake, we can only stay in your room today ...”

“Phew ...” Zhao Yu shook his head and sighed. He had no choice but to follow Miao kun and each of them received a key.

Although the castle was luxuriously decorated, the modern facilities were not complete. For example, the key to the room was an original hand-brand key, which looked very old.

It was really what he was afraid of. Everyone’s rooms were all next to each other. When they were opening their respective rooms with their keys, Jecca had been standing in the corridor, waiting to see which room Miao kun was staying in!

“Alright, you win!” Miao kun glared at Jake, then opened the door to his room and entered.

Zhao Yu opened the door to the room next to Miao kun’s.

Waa ...

Entering the room, Zhao Yu felt as if he had traveled through time. The room was filled with an ancient, medieval style and decorations. There was a fireplace, a candle stand, an old-fashioned hanging lamp, and a wooden bed. Everything in the room had a European style.

He was indeed a Holmes fanatic. Zhao Yu looked around the room. This scene really reminded him of the Sherlock Holmes movies.

Du, du, du ...

Du, du, du ...

Zhao Yu hadn’t had enough of looking, when someone knocked on the window.

He looked up and saw a man lying on the glass outside. It was his father-in-law, Miao kun.

No way?

Zhao Yu was dumbfounded and quickly opened the window for him.

“Sigh, just like ten years ago, the balcony is f * cking accessible. There’s no security at all! This is too much, too much!” Miao kun jumped off the window sill and said to Zhao Yu, “how about this? aren’t you on good terms with the little girl? Why don’t you change rooms with her later? So that we won’t be harassed by that bastard Jecca!”

“I don’t think so ...” Zhao Yu grinned.

“By the way, there’s one more important thing ... Quick,” Miao kun said, holding his room key. “Let me see your room key!”

“Well ... Here!” Zhao Yu didn’t know what was going on, so he quickly handed him his case.

“Waa! “Miao kun glanced at the room key, then said to Zhao Yu, “Zhao, hurry up and search the room for any tapping devices!” “I think ...” He put his mouth close to Zhao Yu’s ear and said in a very low voice, “I already know what clues Green Left us!”

Chapter 1300: A tacit psychological game

“Green, that lunatic. He actually set us up ten years ago. He’s really something!” After the two of them checked the room together and made sure that there were no bugs or cameras, Miao kun pointed at their room keys and said, “the trick is on the keys!”

“Key?” Zhao Yu checked the two keys, but didn’t find anything special.

“Not these two, of course it’s the key from ten years ago!” Miao kun peeked out of the window and lowered his voice. “I’m sure that the clue Green Left me was a bomb!” He said to Zhao Yu carefully.

“It’s a fart?” Zhao Yu was puzzled. “How did you get it? Don’t you find it stinky?”

“No, I said the English letter ‘P’! The ‘P’ from the GPS! Do you understand? It’s in capital!” Miao kun explained, “back when we were living on the island, green gave each of us a room key. The shape of the key and the room number behind it are the same as what we see now.

“However, the pattern on the key is different!”

“A pattern?” Zhao Yu compared the two keys together and asked curiously, “there’s no pattern on them at all.”

“Yes, that’s why I’m sure that P is the clue he left me!” Miao kun picked up the key and said, “the key he gave me back then had an inconspicuous letter P engraved on it. Since it’s gone now, it means that the P is the clue he wanted to leave for me!”

“P, p, that’s ... Very appropriate ...” Zhao Yu praised.

“Go to hell!” Miao kun glared at Zhao Yu and said, “I remember clearly that one night, the India man next door got drunk and used his key to open my door. I taught him a lesson.

“However, when I was teaching him a lesson, I suddenly realized that there was also a letter on his key. It was the small letter ‘a’.

“India’s a-san is called amilrashid or something,” Miao kun said, frowning. “So, I thought that the a on the key referred to the first letter of his name!

“I also drank a lot that day, so I didn’t think about it anymore! “Sigh ...” Miao kun said regretfully. “If I had known that the letters on the keys were the clues, I would have looked through all the keys ...”

“Damn, how are you so sure that the key is the clue?” Zhao Yu was suspicious. “It might be possible for ordinary people, but ... You were all in a detective salon, and you were all elites. You wouldn’t have missed something as small as a key, right?”

“I don’t know. I didn’t really care. Maybe someone else noticed it, but we don’t have the riddle. Even if someone found the letters on the key, they wouldn’t know what it’s for, right?”

“P a ...” Zhao Yu frowned. “Thirteen people, that’s thirteen letters. Thirteen letters can form a few words, and those words indicate where Grimm buried the diamonds?” It can’t be ... That simple, right?”

“That’s right!” Miao kun snapped his fingers. “Think about it. If someone had solved Green’s puzzle and found the diamond ten years ago, I’d be able to find it.

“Then ... How did Grimm find out?”

“Yes ...” Zhao Yu nodded, having already understood Miao kun’s meaning. “In that case, green wouldn’t have written the diamond in his will.”

“Green passed away five days ago, which means that the diamond should still be in his hiding place. As long as ... As long as we know the letters on the keys to the other people’s rooms, we will be able to find the answer!

“This ... This doesn’t seem too difficult, right?”

“Hmph, silly boy ...” Miao kun laughed and finally regained his authority as an elder. He said seriously, “think about it carefully. This matter is not as simple as you think.

“None of the people who participated in the detective salon are good people. If everyone knows the rules of the game, what do you think will happen?”

“Oh ...” Zhao Yu pondered for a while, then finally understood what Miao kun meant. “You mean, no one is willing to tell us?”

“That’s for sure!” Miao kun said, “the relationship between these people is very subtle, which perfectly explains the idiom ‘having ulterior motives’. Although the reward of two hundred million Yuan is not a small sum, it would be meaningless if we were to split it evenly!”

“What’s wrong? Could it be that there’s someone else who wants to keep it for himself?” Zhao Yu shook his head. “Under such circumstances, shouldn’t you think about saving your life first?”

“I don’t know if anyone would dare to keep it for themselves, but I do know that ...” Miao kun said confidently. “Once the key is exposed, most people will choose to play dumb and say that they can’t remember it. Of course, that F * cking includes me!

“If others are unkind, I’ll be unkind too. Why should I tell them the truth?”

“Tsk tsk ...” After Zhao Yu smacked his lips, he gradually looked worried. “That’s not good, father-in-law!” Think about it, what would Molly do if she found out about the key? She has absolute power now, she can force us to say it one by one!”

“You’re right. Fortunately, she doesn’t know yet.” Miao kun nodded. “Otherwise, the atmosphere at lunch would not have been so harmonious!”

“However, you don’t have to worry too much. You don’t understand English, so you don’t know how much nonsense yosufu, Sisay, and the others were spouting in front of Molly. They clearly didn’t want to get to the main point.

“So, even if someone among us thought of the key, they might not tell Molly! I know this group of people too well. Each one of them has their own little calculations and plans for their own interests. They never do business at a loss. ”

“Tsk tsk ...” Zhao Yu continued to pout, “no, don’t tell me...Have you forgotten about that Lee Bencheng? Since he was rescued by Molly’s people, it’s very likely that he’s already on Molly’s side!”

“Mm ... Indeed ...” Miao kun agreed. “Then, we can only hope that li Bencheng won’t be able to figure it out!” However, I’m guessing that he’ll think of such an obvious clue sooner or later. Perhaps you’ve already thought of it. ”

“Yes, it’s the same for the others. As long as they open the door with the key, they’ll be like you and immediately think that Grimm’s clue is related to the key.” Zhao Yu frowned. “So, we need to plan ahead!”

“Let me think ...” Miao kun took a deep breath and said, “once everyone thinks of this, then the treasure hunt story will become subtle!”

“Anyone would want to know as much as possible about other people’s passwords, and they can’t let others know their own ... This ... This is a tacit mind game!

“Green, that old man really knows how to play. He’s already dead, but he still set up such a trap for us!” Miao kun thought for a moment, then said, “you’re right. The more you play this mind game, the more excited you will be. Once you lose control, the consequences will be unimaginable.

“That’s why we have to make proper preparations ...”
