

## Crazy 1311

### Chapter 1311: The main point is here

"I found it! Look, isn't it this?" Very quickly, Zhao Yu found a red folder on the office table.

"Yes, yes!" Gu zhaochiro nodded. "Quick, take a look. Is there anything else inside?"

Zhao Yu quickly opened the bag and rummaged through it. Soon, he found a stack of manuscripts filled with words. In addition to the English letters, there were many illustrations.

"This is ..." Zhao Yu frowned, his expression shocked. "This is ..."

"Little Zhao, what is it?" "Don't keep me in suspense!" Miao kun urged.

"This is ..." Zhao Yu looked up at the crowd and replied seriously, "I can't read!"

I'll ...

Zhao Yu wasn't lying. The invisible translation device could translate what others said, but it couldn't translate words.

"Hurry up, let me see ..." The anxious you SUFU couldn't care about anyone else and barged into the study first, coming to Zhao Yu to look at the documents.

When the others saw this, they no longer cared about their previous agreement and also rushed in.

Qiang te was also quite helpless and didn't stop him.

"It can't be?" The black man, Sisay, had sharp eyes. After a few glances, he pointed at the manuscript and said in surprise, "this ... This can't be Conan Doyle's manuscript, right?"

"It seems like ... You're right!" "The study of blood characters, Conan Doyle's early work!"

"Oh my God!" Sai wanbach held the manuscript in his hands and said, "green really has his own private goods! How come I've never heard him show off before?"

"Look," said Gu zhaochiro, pointing to the manuscript. "There are many circles on the manuscript. These circles look like they were written by Grimm, right?"

"In the middle of the night," Miao kun said, "Miss Jasmine secretly came to the study with Holmes 'original manuscript. Not long after that, she was killed in the garden outside the castle!"

"What does this mean?"

"It's definitely not a robbery or theft!" "The manuscript is here," said Jecca. "It's well kept!"

"Do you guys think ... That ..." Tani zhaochiro racked his brains and asked, "Miss Jasmine suddenly remembered something and just wanted to go to the study to check this manuscript?"

"Then ... She heard some noise outside and went out? Was he killed?" "So, she's not wearing a formal suit?" asked Jecca.

“Something’s wrong!” Miao kun pointed at Zhao Yu and said, “Zhao just asked. The light in the study is off!”

“That still won’t stop Miss Jasmine from turning off the lights before going out, right?” Jecka retorted.

“No, I mean ...” Gu zhaichiro pointed to the manuscript and said, “is there any mystery hidden in this manuscript?” Is it related to Miss Jasmine’s murder?”

“Or ...” You SUFU said. “Other than the manuscript, there was something else in the folder that was taken away by the murderer?”

“Look at this video ...” Xi menna said, holding the tablet computer. “I also think that Miss Jasmine didn’t seem to be meeting anyone. Her eyes look very upright, and she doesn’t look like she’s guilty!

“If there was something wrong with her, she should have at least looked left and right when she opened the door. But she opened the door directly and didn’t even look sideways!”

“You mean ... Miss Jasmine was attacked in the study?” Li Bencheng said, “but the things in the study are very neat and tidy. There doesn’t seem to be any traces of fighting!”

“Didn’t you just say that Miss Jasmine doesn’t know any fighting techniques?” Xi menna said, “maybe she was subdued by the criminals in the study and then dragged to the garden. That’s the worst!”

“Impossible!” Miao kun shook his head. “There’s a camera at the front door. Miss Jasmine weighs 121 pounds, and this is the second floor. How can you move a living person to the garden 100 meters away?” he asked.

“Besides, we haven’t found any footprints downstairs!”

“The point is, this doesn’t make sense.” Sisay waved his hand and said, “since we’re both killing people, what’s the difference between killing in the study and in the garden?”

“Yup!” Miao kun nodded in agreement. “That’s like taking off your pants to fart! So, it can only be Miss Jasmine who went to the garden of her own accord!”

“Well ...” Qiang te was dumbfounded by everyone’s words. He finally had the chance to explain something. “Miss Jasmine does have the habit of working late at night!”

“From the video, I also feel that she was going to the study to get some information or find something!”

“First lieutenant Qiang te, it’s not that I want to say this ...” Yu SUFU said solemnly. “You should also conduct a self-examination!

“It’s precisely because Miss Jasmine is your leader and Sir Green’s daughter that you let your guard down around her ...”

“Hey! What’s the meaning of this?” Qiang te said angrily, “you’re saying that Miss Jasmine is a spy? She had been working in the military intelligence Department for almost 20 years and had even been awarded by the Queen. How could there be a problem?”

“You, what do you think the military intelligence Department is? 007, did you see too much?”

“Don’t be angry, don’t be angry, I just said it casually and gave some suggestions to solve the case as soon as possible! “Hehe ...” You SUFU’s face was full of smiles, and she felt very awkward.

“I say, don’t think that just because Miss Jasmine was killed, the diamond incident will be over!” Qiang TE’s face became serious and he said to everyone without any politeness, “in fact, we already knew that each of you had a password!”

Thump ...

Hearing this, everyone couldn’t help but tremble.

“Miss Jasmine chose to remain silent because she wanted to see what kind of wonderful performance you’ll put on in order to get the diamond!” Qiang te gritted his teeth and said, “so, I hope you are prepared and tell me the password as soon as possible, so that we don’t have to go back and hurt each other!”

“.....”

After hearing this sensitive topic, everyone looked at each other, but no one responded.

“It doesn’t matter, I’m just giving everyone a heads up!” Qiang te said arrogantly, “you guys think about it! If anyone thinks that he can leave wondrous trace Island safely just by gritting his teeth and refusing to explain, then try it!”

Hearing this, everyone’s expression became even more unsightly.

At this time, you SUFU opened her mouth, as if she wanted to show her cards to Qiang te. However, the shrewd Miao kun quickly stopped him with a smile and said,

“Hahaha ... The first lieutenant is right, let’s think about it! “But ...” He then reminded her, “the 24-hour period after the crime is the prime time to solve the case.

“The facts have proven that the murderer is an expert killer!” He unconsciously looked at Lee Bencheng, and said with a hint of sarcasm, “so, we should investigate as soon as possible and find the murderer first!

“Otherwise, everyone’s life would be in danger!”

“...” Li Bencheng glared at Miao kun.

“Yes, yes, yes!” “Female Miao is right,” sevanbach said. “I feel that we are getting close to the truth of the case. The real murderer should be revealed soon!”

“I think ...” Tani zhaichiro said as he held the manuscript in his hand. “The key point should be in this manuscript. There may be some hidden secrets in it. We have to crack it!”

“Yeah ...” Qiang te nodded slightly.

“I think the confession is also very important!” Lee Bencheng raised his head and said, “at least, we have to know where everyone was last night and what they were doing.”

As he spoke, li Bencheng also looked at Miao kun without blinking, meaning to investigate Miao kun.

“Understood!” Qiang te agreed. “I will arrange this as soon as possible.”

“Also, we need to understand the security around the crime scene,” Xi menna said. “Only then can we understand the movement of the murderer and the victims!”

“Alright!” Qiang te continued to nod. “I will satisfy your request!”

“Don’t forget the weapon!” “I don’t think so,” Sevan Bach reminded him. “The island of wondrous footprints isn’t that big. The murderer’s range of activity is limited, after all. There’s no way they could have handled the weapon properly!”

“So, first lieutenant Qiang te, it’s best to send more people to search around the crime scene or the castle!”

“Hmm ...” Qiang te was a little overwhelmed.

“Hey, my detective Zhao, what are you doing?” At this time, Miao kun suddenly saw Zhao Yu knocking on a bookcase. He asked hurriedly, “they’ve all started moving. Don’t you have anything to say?”

“There is!” Zhao Yu smiled, then pointed at the bookshelf in front of him and said, “I think there’s another key point in this case, and that is here in Huahua!”

Then, in front of everyone’s eyes, Zhao Yu exerted strength in his arms and pulled the bookcase outward!

In the end, as the bookshelf shook violently, many books and crafts were shaken off ...

The books were still fine, but the handicrafts were all broken into pieces on the ground ...

After all the things had been thrown away, he looked at the bookcase again. It hadn’t moved at all, and there hadn’t been any changes ...

### **Chapter 1312: silly father-in-law**

The study suddenly fell silent. Everyone was stunned by Zhao Yu’s ridiculous scene.

The books were still in good condition, but the broken art pieces could not be restored. One must know that Grimm was a rich man, and these crafts must be worth a lot.

“Eh? That’s impossible!”

Zhao Yu scratched the back of his head a few times, then reached out his hand and shook the bookcase a few more times! This time, the shaking was even more violent than the last time, causing all the handicrafts that had not fallen to the ground to fall to the ground.

“Stop ... Stop ... Stop!”

First lieutenant Qiang te stuttered and rushed forward to stop Zhao Yu. He grabbed Zhao Yu’s shoulder.

“Hey hey hey, listen to me ...” Zhao Yu grabbed the bookcase and shouted, “there’s a secret room behind this. You just have to open the bookcase!” What are you guys doing? All of you, come over and help me ...”

Then, Zhao Yu twisted back and forth, breaking free from Qiang TE's arm. He shook violently again, shaking the bookcase next to him.

"Crazy, crazy, is he crazy?" "Tang Sancai!" Jieka shouted and rushed to the bookshelf next to him. He held a beautiful Tang Sancai in his arms.

"Zhao Yu ..." Miao kun was also dumbfounded."Are you the help that monkey invited?" Don't mess around, okay ..."

"Believe me," Zhao Yu pointed at the bookcase and shouted,"there's really a secret room behind this. You guys ... Hey, hey, hey ..."

First lieutenant Qiang te was about to go crazy. After a series of tearing, he finally grabbed Zhao Yu's legs.

Then, he pulled back hard, causing Zhao Yu's entire body to be thrown into the air. It was a funny move ...

"Wait a minute ..." At this time, Gu zhaochiro quickly came to the bookshelf, put his ear on the cabinet, and knocked on it gently."Stop arguing. He is right, there is really something behind this!"

"Oh?" Jake's eyes brightened. He hurriedly hugged Tang Sancai and shouted at the crowd,"then what are you still standing there for? Hurry up and find it, there must be a mechanism! You can't just drag him like this!"

"Right!" Upon hearing this, everyone hurriedly scattered and began to search the study.

Seeing that everyone was so engrossed, first lieutenant Qiang te had no choice but to let go of Zhao Yu.

Pada!

Zhao Yu fell to the ground, causing a cloud of dust to rise.

Eh?

However, just as Zhao Yu was about to get up, he suddenly saw a black metal handle at the bottom of the bookcase Cabinet.

"Here! We're here!"

Zhao Yu quickly got up from the ground, grabbed the handle, and turned it around.

As a result, the huge bookcase made a clicking sound, which continued to the back of the bookcase ...

Heavens ...

Everyone quickly got up and focused their eyes on the bookcase.

After a few seconds, the huge bookcase suddenly opened up, revealing a dark space behind it!

Waa ...

The crowd couldn't help but exclaim in shock as they all retreated.

“Damn ...” Miao kun went against the flow and stood at the entrance of the door. “There’s really a secret room?” he asked. Zhao ... Isn’t he crazy?”

“Who’s crazy!” Zhao Yu smirked proudly and began to lie arrogantly. “Just now, I used my family’s long-distance detection technique and found this secret room! But ... I thought it would open with one pull! I didn’t expect there to be a switch, hehe ...”

“That’s good, that’s good ...” Miao kun immediately straightened his back and said to Lieutenant Qiang te, “don’t worry, I will pay for everything that is broken here. Just give me the bill later!”

“That’s easy, easy ...” Qiang te said. “But we never knew about this secret passage! I’m not sure if Miss Jasmine knows about it. ”

“If there’s a secret room here ...” Gu zhaochiro pondered and said, “will the secret room lead to the outside? Miss Jasmine ... Went to the little garden from here?”

“I’m just joking,” you SUFU immediately objected. “Have you forgotten? We’re on the second floor!”

“It’s you who didn’t pay attention to your observation!” “Think about it carefully,” Gu zhaochiro retorted. “Is there a door on the first floor below the study?” Is it a closed space?”

“This ...” You SUFU was speechless.

“Therefore, it’s actually very easy to figure out whether Miss Jasmine knows about this secret room and whether she has walked out of it!” Gu zhaochiro turned on the flashlight function of his mobile phone and pointed to the dark hole. “Let’s go in and take a look!”

“I say, you know Green’s character,” Miao kun reminded him. “There shouldn’t be any traps in there, right?” Wasn’t it better to be cautious? Hey...Heyheyhey...Hey ...”

However, no one at the scene paid any attention to Miao kun’s warning. Gu zhaochiro was the first to walk in, and the others followed closely behind. All of them walked into the dark doorway.

“Zhao ...” As they were walking forward, Xi menna came up to Zhao Yu and asked seriously, “is your father a great detective too?”

“No?” “Why do you ask?” Zhao Yu asked, puzzled.

“Didn’t you say that your ability to detect objects through the air was passed down from your ancestors?” Xi menna said jokingly, “I thought your family was all great detectives!”

“Hehe ...” Zhao Yu saw that Xi Mengna was joking with him, so he scratched his head and laughed, “I was just joking ...”

“How is it, you SUFU?” At this moment, Tani zhaochiro, who was at the front, stopped and said, “there are steps down here. The so-called secret room is right below the study room!”

Everyone followed the light and saw that there was indeed an ancient spiral staircase behind the door. Through the ladder, they could directly go to the next floor.

“Green’s Secret chamber is definitely not built,” Sisay, who was next to him, said to sai wanbach in Latin. “I bet there’s something in there that will open our eyes and surprise us!”

“Well, I won’t bet with you this time!” “I agree.” Sai wanbach gave in. “There must be some high-level stuff in the secret chamber!”

“Could it be ...” Miao kun could understand Latin. After hearing their discussion, he suddenly widened his eyes and said excitedly, “the diamonds are hidden here?”

“I think it’s very likely!” You SUFU echoed, “if he killed someone for the diamond, that makes sense!”

“F \* ck, then why are you still hesitating?” Miao kun pulled the crowd away and was the first to rush down the stairs.

“Hey, hey ...” Zhao Yu was afraid that something might happen to his father-in-law, so he quickly followed him.

“When did Female Miao become so funny?” Lee Bencheng said with ill intentions, “just now, who was the one who was worried that there was an ambush below?”

“F \* ck, F \* ck me ...” Before li Bencheng could finish his sentence, he heard Miao kun’s exclamation from below, “what ... What the hell is this?”

Hearing Miao kun’s sudden exclamation, first lieutenant Qiang’s face darkened, and he immediately made a gesture to his men, signaling for them to come over for reinforcements.

Because, if there were really diamonds below, he had to make sure that the detectives present would not pose a threat to them ...

### **Chapter 1313: cloud of doubt in the secret room**

“Hey, what’s going on?” In the secret chamber, Yusufu’s reproachful voice suddenly rang out. “Female Miao, are you senile? It’s plastic, it’s plastic, okay? Is there a need to make such a big fuss?”

“F \* ck you ...” Miao kun retorted with an embarrassed look on his face. “You’re not the first one to come down!” He said. “Who the hell would place a skeleton at the door? It was so dark just now, I almost hit my head!”

Da La La ...

Gu zhaochiro touched a skeleton at the top of the stairs and said, “This is a one-to-one human skeleton specimen. It’s indeed made of plastic, and it’s made of the older type of polyethylene ...”

“That’s right,” sai wanbach said as he shone his flashlight on the skeleton. “Look, this skeleton is quite realistic. There are English Annotations on it, and even the depression of the bone is so clear. Such an exquisite work doesn’t look like it was produced on an assembly line. It should be an antique, right?”

“I say, can we hurry up and get to business?” At the back, Jecka said impatiently, “stop showing off your knowledge, okay? I admit that you are very good, but don’t forget what we are here for, okay?”

“There’s a light here!”

At this moment, Lee Bencheng, who had already entered the secret room, found an ancient switch on the wall.

After he turned off the power switch, several yellow light bulbs suddenly lit up with a squeaking sound of electric current, instantly illuminating the dark secret room.

“What the ...” Miao kun’s eyes widened as he stared at the secret chamber. “What is this place?”

In front of him was a room with no windows on all sides. It was 60 square meters in size, and the rectangular room was filled with all kinds of junk.

Miscellaneous items really lived up to their names. There were all kinds of items, and many of them were difficult for everyone to understand.

For example, there was a huge furnace in the center, but the furnace had become a pile of scrap metal due to serious rust ...

A dartboard hung on the left wall, and an old-fashioned dart made of chicken feathers was stuck on the dartboard.

There were a few musical instruments scattered under the dartboard. There was a wind guqin, a violin, and an unknown instrument. The instrument was covered in a thick layer of dust. It had probably been sealed for a long time ...

“This is ... A storage room, right?” Xi menna took a few steps forward and asked as if she was asking herself, “is this the storeroom that Miss Jasmine mentioned?”

“No, no...” Lieutenant Qiang te hurriedly explained, “the storage room we took the information from is in the basement. There is water there, not here ...”

“Al!” “I thought that since it’s Grimm’s Secret chamber, there should be something useful!” I didn’t expect it to be a pile of junk!”

“Yeah, this place ... It’s probably been a long time since someone came here, right?” Xi menna used her hand to wipe the huge furnace, and her hand was immediately covered with a layer of dust.

“Look at the table over there ...” Sisay walked to a corner of the room and pointed at a huge iron table. “This should be where Grimm used to study something, right?”

“Grimm’s hobbies are really mixed!” Miao kun held a baseball bat in one hand and touched an unformed plaster sculpture with the other. “No wonder he knows so many things.”

“I thought ... Grimm had some special fetishes!” Gu zhaichiro suddenly chuckled and said, “it’s the best place to do some interesting things in an isolated island castle like this!

“It gave me ...” He took out a sword from the sheath and said sarcastically, “the inspiration to write a new book!”

“Hmph, this perverted guy ...” Miao kun cursed in Chinese. “He’s definitely up to no good!”

“I’ll give you a real and reliable source material!” Lee Bencheng said, “this castle was first built by the Dutch!

“At that time, in order to build the castle, they enslaved many of the local Aborigines.

"After the castle was built, the invaders captured many beautiful local girls and brought them to the castle for them to enjoy. These girls never left since then, and all of them died on the island!"

"Hmph," Miao kun said in a low voice. "The Japan are perverts, but the Korea are not bad either!"

"Green told me this himself," Lee Bencheng laughed, "maybe we can find the girls 'bodies on the island!"

"Interesting, interesting ..." Tani zhaochiro laughed. "Thank you for your material!" I'll sign my name for you in the novel!"

"Wow!"

Unexpectedly, just as Tani zhaochiro finished speaking, Jecca, who was in the distance, let out a cry of surprise.

Everyone looked towards the sound and saw that Jecca had already lifted a large plastic sheet, and under the plastic sheet was an ancient model of a Kasaya motorcycle!

"There's a motorcycle?!" In his surprise, Jecca looked at the motorcycle carefully and said, "this ... Should be a Norton 500. It's an old motorcycle from United Kingdom it's really an antique!"

"I know," Miao kun said. "Is it the same model as the one that Che Guevara drove?"

"Yes, that's right, that's right!" Jake touched the motorcycle and said excitedly, "out of print OHV engine, that sound is so nostalgic, I really want to pull it out and drive it!"

"How is it?" "Can we still drive this car?" Miao kun asked.

"I don't know!" Jieka checked the motorcycle and said, "the main parts are all here, but I don't know if it can be driven!"

"Yeah, I guess the car has been here for at least 30 years," Miao kun said as he stroked the car.

"There's a possibility that it's more?" As soon as he finished speaking, he suddenly realized that he had gotten along so well with his nemesis, Miao kun. He flung his arm angrily and turned around to look at other things.

Just as everyone was looking through the items, Zhao Yu and Xi menna were not idle. They walked around the secret room and found that there were many bookshelves and old office supplies in the secret room.

In the meantime, they also found an old-fashioned printer, photocopier, and Telegraph in the kitchen. The things here were messy, and they could not figure out the pattern.

"So many things ..." Sai Wan BA ke shook his head and said, "to completely clear them out is not an easy task! I don't think the diamond would be hidden in a place like this. "

"No one has been here for a long time," Sisay judged. "And they're all unimportant things. I think even Miss Jasmine herself doesn't know there's a secret chamber here."

"I think ..." Tani zhaochiro said after some thought, "since Miss Jasmine disappeared from the study, this secret chamber might be related as well!"

“Her death and the murderer’s motive are most likely related to this secret chamber!”

“Wait a minute ...” Zhao Yu suddenly pointed to the motorcycle and said, “since there is a motorcycle here, then there should at least be an exit, right?”

“Yes, yes yes!” Miao kun hurriedly called out to everyone, “hurry up, everyone! I know Grimm’s character. Maybe this secret chamber is just a smokescreen, and there are secret chambers inside the secret chamber. That would be amazing!”

Hearing Miao kun’s words, the crowd became excited again. They quickly scattered and began to look for possible exits ...

### **Chapter 1314: -single footprint**

“That’s great!” Seeing that everyone was looking for the exit, Xi Mengna said excitedly to Zhao Yu, “it’s time for your ancestral telekinesis technique to show its power again! It’s all up to you now, China’s super detective. ”

“Mm ... This ...” Zhao Yu looked a little embarrassed.

“Hmph!” Li Bencheng, who was far away, heard everything and immediately said in English, “I was just lucky the last time. This time, I don’t think I’ll be so lucky, right?”

“That’s right, that’s right ...” Jecca sneered and said arrogantly, “if you can find any secret passage or exit this time, I’ll acknowledge you as my master!”

“What are you doing here?” “Don’t you know that our detective Zhao doesn’t understand English?” Miao kun rebuked.

Upon hearing this, Xi menna quickly translated into Zhao Yu’s ear. In fact, Zhao Yu could hear it clearly without the need for translation.

Good ...

Zhao Yu couldn’t ask for more!

Previously, he was able to find the secret passage in the study room because he had turned on an invisible x-ray vision device and saw it through it.

The duration of the invisible fluoroscopic device was very short, so Zhao Yu was in a dilemma. He was considering whether to waste another invisible fluoroscopic device.

In the end, since Jecca was asking for it, then he couldn’t blame himself.

So, Zhao Yu didn’t hesitate to use an x-ray vision device to scan the secret room.

In order to increase the effect of his posturing, he even pretended to be serious and started to chant the words “Holy Spirits, Holy Spirits, Holy Spirits,” “mommy, mommy, mommy,” and “coax ...”

“Wahaha ...”

After the scan, he immediately had an idea in his heart. He immediately walked up to Jecca, pushed him away, and pointed to a pillar there. “I’ve already found it. The key is on this pillar!”

“Nonsense!” “We’re looking for a secret passage. What can we find on the pillar?” said Jieka.

“Wrong!” Zhao Yu pointed into the distance. “This room is not big, so there is no need to find two more pillars to support it. You see, the color of the pillars and the walls don’t match, so they were probably built later!”

“Here,” he patted the one in front of him and said to Jieka, “big Xiong ... Oh no, the one with great strength. If you don’t believe me, you can break it!”

“I’ll break it!”

Jecka didn’t believe that a pillar could have any mechanisms. He immediately reached out to hold the pillar and pulled it hard.

In the end, the pillar suddenly moved and deviated from its original position.

What was even more surprising was that when the pillar moved, a fan-shaped area of the ground was pulled open by the pillar, revealing a round entrance to the Kasaya!

A cold wind blew into the mouth, and a cold air immediately gushed in.

Waa ...

The crowd was shocked again. Before this, even though they knew that there must be a secret passage, they never expected that the first person to find it would be Zhao Yu!

“Hahaha ... Hahahaha ...” Miao kun laughed so hard that his back was bent. He then cupped his fists at Zhao Yu and said, “congratulations, detective Zhao, on your success!”

“Jecca!” Jecka, who had been dumbfounded the whole time, called out, “why aren’t you coming over to acknowledge me as your master? There’s no tea leaves here, so there’s no need to offer tea, just kowtow first! Hahahaha ...”

Seeing Miao kun convulsing with laughter, Xi menna could not help but smile as well.

“You ... You ...” Jecca clenched his fists and trembled all over. He felt that he had been greatly humiliated and was about to explode.

“I said, the case hasn’t been solved yet!” Seeing that Jake was about to lose control, Li bengcheng hurriedly tried to smooth things over. “Let’s put our personal grudges aside and talk about it later! Let’s first see where this secret passage leads to.”

“Yup!” “I feel that we are getting closer and closer to the truth and the diamond,” Gu zhaoyichiro said.

As he spoke, the Japan novelist turned on his flashlight and was the first to walk down the secret passage!

“Eh? “Wait a minute ...” Suddenly, Xi menna called out to him from behind, then grabbed Gu zhaoyichiro’s flashlight and pointed to the ground in the tunnel. “Look ... Isn’t there a footprint there?”

With Xi menna’s reminder, everyone held their breath and looked carefully.

Only then did he see that there was indeed a row of obvious footprints on the ground of the passage that led down.

“Oh ...” Tani zhaichiro squatted on the ground and touched it with his finger. “The secret passage has not been used for a long time, so the ground is covered with dust. If a person wants to walk through it, he will definitely leave footprints.

“Then don’t move,” first lieutenant Qiang te said quickly. “Let my people take photos first!”

“There’s no need to go through so much trouble, right?” You SUFU said, “we’re all experts here. Bring us some tools and let us collect evidence!”

“In my opinion ...” Tani zhaichiro sprawled on the ground, carefully observing the footprints on the ground, and said, “these footprints should be left by Miss Jasmine!”

“Oh? Is that so?” Miao kun squeezed to the front and asked.

“That’s right!” “Yes,” Gu zhaichiro said. “At the scene of the crime, I noticed that Miss Jasmine’s shoes, soles, patterns, and sizes were the same!

“Also, there is indeed some dust on Miss Jasmine’s shoes, which matches the dust on the floor!” He added.

“That is to say ...” Miao kun guessed. “Did Miss Jasmine really walk out of this secret passage?”

“Right! This is without a doubt!” Gu zhaichiro pointed at the footprints and said, “the footprints are forward, and the distance between each footprint is also consistent with Miss Jasmine’s height!”

“Yes, there are no other footprints here,” sai wanbach said. “There is no dust on the footprints, which means that they are very fresh. They must have just walked past here not long ago!”

“So ...” Sisay guessed, “Miss Jasmine walked out from here, which means everything is back to the original guess!

“She passed through the secret passage in the middle of the night to see someone, right? “Strange ...” He frowned, unable to understand. “What is Miss Jasmine trying to do? Why did the murderer want to kill her?”

While everyone was discussing, some police officers had already brought Evidence Collection Tools. Gu zhaichiro was experienced, so he took the tools and began to extract the footprints ...

Zhao Yu didn’t stay idle. In his system devices, there were devices that could extract fingerprints and footprints. In order to confirm it, he also made a backup of the footprints.

Gu zhaichiro moved quickly and finished collecting evidence in no time. After a short discussion, they began to walk down the tunnel ...

Everyone was extremely careful, and they took photos of almost every footprint they left.

The passage was located on the lower floor of the secret room, and they were already underground. Although there were lights in the passage, they could not find the switch, so they could only rely on their own flashlights to move forward.

However, the passage was not narrow. Although there were many people, it did not affect their travel.

Other than the footprints on the ground, there was almost nothing else in the passage. Everyone's walking speed also increased.

Finally, after walking for about 100 meters, there was a faint white light in front of them.

When the group came to the front, they saw a small metal door. The door had a gap, so the sunlight from the outside could shine in through the gap.

Gu zhaichiro was the first to go up and gently pushed the small metal door with his hand, only to find that the door was open.

Of course, when he pushed open the small door, the sun shone in.

"This ... This is ..." Tani zhaichiro walked out with a complicated expression.

After everyone filed out, they finally understood what was going on.

It turned out that the exit of the passage was the fountain rockery! Miss Jasmine had died by the side of this fountain. When everyone went out, a police officer in charge of watching the scene was shocked.

The outside of the small metal door was integrated with the rockery, and it could not be seen from the outside!

"There's actually ... Such a method?" Miao kun was amazed. "We went around in a circle and came out again?"

### **Chapter 1315: my password**

"Ah ..."

Beside the fountain, you SUFU let out a blood-curdling screech before falling to the ground.

"No, you can't make a sound when your lungs are pierced by a dagger!" Gu zhaichiro gestured with his palm like a knife and said to you SUFU, who was on the ground, "however, the posture should be correct! If I were to attack you from behind, you should be facing your back!"

"But ..." Sisay pinched his dark and shiny chin and said, "Miss Jasmine fell back down, face up. Why is that? After the victim killed her, she was flipped over?"

"We'll have to see the autopsy report for the details!" Gu zhaichiro said, "I don't know why, but I keep feeling that there's something wrong with this case! What's weird ..."

"Let me tell you what's strange!" Sevan Bach turned to Lieutenant Jant and said, "Lieutenant, I have a question. Does green have any other siblings or illegitimate children?"

"Hmm ... What do you mean? Do you think that Miss Jasmine was killed because she inherited the inheritance?" Qiang te shook his head and said, "everyone knows that lady Jasmine is the only legal heir to Lord Green!"

"Oh ..."

“Hey, are you trying to say that ...” Qiang te stopped smiling and said with a straight face, “it was the United Kingdom military who deliberately killed Miss Jasmine? The purpose was to occupy the Green family’s property? “Could it be ...” A sense of hostility flashed in Qiang TE’s eyes. “Is this what your impression of the British Empire is?”

“No, no, no... I didn’t mean that!” “I mean ...” Sai wanbach hurriedly explained.

“I’ll tell you!” First lieutenant Qiang te said excitedly, “Miss Jasmine doesn’t care about these legacies at all. She has already reached an agreement with the United Kingdom charity organization to donate 90% of Grimm’s legacy free of charge!

“Including ... Including that batch of diamonds. Miss Jasmine never thought of keeping them for herself. She’s long acquiesced to giving them to the United Kingdom government ...

“So, Miss Jasmine is an admirable and respectable leader! In order to solve the case, you can make reasonable speculations, but ...” Qiang te said fiercely, “you must not slander Miss Jasmine’s character. This is not allowed.”

“I ... I ... I ... I didn’t ...” Sai wanbach said innocently. “I mean, on the night of Sir Green’s death, wasn’t there a lawyer present? Did the lawyers leak the news and attract the killer?”

“Impossible!” Qiang te said firmly, “the people from the law firm have long been under the control of the military intelligence Department. They will only lift the ban when we find the diamond!”

“Oh ... Oh ...” Sevanbach nodded in all seriousness. He was glad that he did not anger the officer. No matter what, Qiang te was currently the highest leader on this island. No matter what, he could not offend him.

“Everyone,” first lieutenant Qiang te said to the crowd, “next, we will follow Mr. Lee Bencheng’s suggestion and question you one by one!

“I think you’re all experts and understand that we’re only talking about the matter and not the person. Of course, please rest assured that we will definitely protect the privacy of our guests and ensure your safety!

“Oh, and ...” He added, “for the sake of fairness, let my people do this!” All you need to do is to cooperate. ”

“Wait ...” After Qiang te finished speaking, someone immediately raised an opinion. Tani zhaichiro was the first to speak. “I want to check Mr. Green and Miss Jasmine’s rooms before I ask! These two places might also hide the clues to the murder case!”

“Right!” “If possible, we should take a look at the surveillance room,” Xi menna agreed. I think that even if the surveillance cameras weren’t so dense, the murderer couldn’t have walked so freely. Maybe he left some clues?”

“Hmph! You guys ... Really thought it through!” Qiang TE’s expression suddenly changed and he said, “you know what? I’ve already broken the rules when I allowed you to enter Grimm’s Secret chamber!

“So, I can’t continue to make mistakes. Sir green knows a lot of military intelligence secrets. I have to consider that some of you are trying to take advantage of the situation!”

Hearing Qiang TE’s words, everyone had a complicated expression and looked at each other with doubt.

“You’re saying ... The murderer wanted to take advantage of the case to spy on Grimm? “This is too ...” Xi menna bit her lip and shook her head.”Okay, I won’t look at the surveillance camera!”

“Hmph,” Jake grinned and said,“other than the Norton 500, everything else in the secret room is broken. What are you afraid of us knowing?” The inside story of the United Kingdom Prime Minister’s election, or the list of spies planted all over the world?

“We’re not acting in a movie, we just want to solve the case as soon as possible! Of course, there’s also the diamond ...”

“Don’t worry, I want to solve this case more than any of you, and find the murderer as soon as possible! “But ...” Qiang te patted the pistol on his waist and said in a threatening tone,“from now on, we can only use our method!

“Alright, get ready everyone. We’re going back to the castle now!”

“Wait a minute ...”

At that moment, Zhao Yu suddenly spoke. He couldn’t speak English, but he still managed to Stop her.

“What now?” Qiang te frowned and was obviously unhappy.

“Um ... I still have a private matter that needs to be settled!” Zhao Yu pointed at Jecca and said,“you all heard it. This guy said he wanted to be my disciple!

“I think he should at least say something now, right?”

“What?”Qiang te expressed that he didn’t understand.

“Yes, yes, yes, I almost forgot about the important thing!” Miao kun, who was eager to see the world in chaos, quickly stepped forward and translated, then pointed to Jake and said,“Zhao Yu is half my apprentice, so from now on, you’re my grand-disciple.” Good grandson, hurry up and kowtow to your Grand Master!”

“You! “Ah ...” After Jecca understood, he was like a furious bull, so angry that the veins on his arms and neck popped out. However, he had indeed boasted, but he couldn’t do anything about it at this moment. He was so angry that he was trembling and unable to restrain his anger ...

“What are you still doing? Hurry up and kowtow to your master!” “If you don’t keep your word, do you still have the face to live?” Miao kun retorted.

At this moment, Lieutenant Qiang te saw that a farce was about to happen. He immediately stepped forward and wanted to stop it.

However, at that moment, Zhao Yu suddenly said to Jecca,“”How about this, if you really don’t want to acknowledge me as your master and Miao kun as your Grand Master? Then tell me the password that Grimm left for you ...”

“What?”

Hearing Zhao Yu’s sudden request, everyone present was stunned, including Miao kun.

When Qiang te heard this, he suddenly became interested. He hurriedly stopped and motioned for his men to not move.

“Zhao ... You ... What do you mean?” Miao kun asked in Chinese.

“I mean what I say. As long as you tell me the password, I won’t pursue the matter of you acknowledging me as your master!” Zhao Yu smiled. “Anyway, I don’t care about having an apprentice like you!”

“Hmph!” At first, Jecca looked angry, but when he heard Zhao Yu’s condition, his eyes lit up. He raised his head and said, “sure! You’re talking about the numbers on everyone’s room keys at the detective salon, right?”

“I found it strange back then! Why did Grimm have to worry about the allocation of rooms and arrange everyone’s rooms in advance ...

“It turns out that he also has other intentions!

“Okay, I admit defeat,” said Jecca as he spread his hands. “The number on my key is ‘6’. I’ve told you, so let’s call off our bet!”

“This ... This isn’t appropriate, is it?” Miao kun shook his head when he heard that. “How can we be sure if you’re telling us a number?”

“Hmph, that’s your business!” Jieka patted his chest and said, “it’s not like you don’t know what kind of person I am. When did I ever tell the truth? Hahaha ...”

“.....”

Everyone else looked at this scene seriously, and different expressions appeared on their faces. Some of them were even silently calculating something ...

“Haha, 13 people, 13 passwords,” Jecca laughed. “I told you my password, but it doesn’t mean that I will lose the right to chase diamonds!

“So, I’ve given everyone a good start. Next, it’ll depend on everyone’s performance! Hahaha ...”

### **Chapter 1316: lie game**

Ever since they found out that Grimm had left behind the diamond clue, everyone had been particularly sensitive to their respective door codes. Even though Lieutenant Qiang te had clearly stated his attitude, everyone was still silent and unwilling to say more.

At this moment, when they suddenly saw Jecca reveal his password so easily, the others were undoubtedly surprised and nervous.

Humans were selfish. Everyone wanted to obtain someone else’s password without doing anything, but they didn’t want others to know their own.

“Since I’ve started it, why don’t we all lay our cards on the table as soon as possible?” Jecca smiled as if nothing had happened. “Now tell us your passwords, and the eight of us will split the twenty million pounds. That’s not bad, right?”

“Eight people?” Xi menna counted silently and said, “so, there’s no share for me?”

“Whether you get a share or not, that will depend on your performance!” “If your dad told you his password, you will be included in it,” said Jecca. If not, then don’t even think about getting a share!”

“Actually ...” Tani zhaichiro said seriously, “there’s no harm in laying your cards on the table. Don’t you know Grimm’s character?” Even if we know the password, we might not be able to find the diamond.

“Moreover ... We’re not all here! Including Xi Wei, there were five people less! Five people means five passwords. With such a big difference, I’m afraid it won’t be easy to crack this big case!”

“I say, everyone ...” Hearing this, Yusufu said with an embarrassed expression, “I really don’t want to dampen your enthusiasm, but you all know my abilities. I really ... Really forgot the number on the key plate!

“Hmm ... No, I didn’t forget, I didn’t notice at all! Back then, my attention was all on those strippers ...”

“Don’t give me that!” Jecca squinted his eyes and said, “one more password means one more possibility of knowing the answer! You’re definitely waiting for us to reveal all the passwords so that you can reap the benefits ...”

“Hey? Why didn’t I think of this?” “I don’t know,” sai wanbach said, “it seems ... I forgot my password ... Sigh!” This brain of his is really useless ...”

“Jecca!” You SUFU retorted, “you said that I wanted to reap the benefits without doing anything. What about you?” The password you said is the real one?

“If your password is fake, we will never be able to guess the correct answer. So, why don’t you say that you are the one who wants to fish in troubled waters?”

“Ha ... Ha ha ... Ha ha ha ...” Miao kun suddenly burst into laughter. He pointed at the crowd and said, “did you see that? Did you see that?”

“This ... This is the purpose of Grimm setting up the password clue! He just likes to see us trying to outwit each other, each with our own ulterior motives!

“I bet that whether he’s dead or not, he’s definitely secretly happy!”

“Tsk tsk ...” Gu zhaichiro thought for a moment and nodded. “Female Miao is right. Green knows that we will never be honest with each other and cooperate with each other. That’s why he left us with such a mystery!”

“If that’s the case, then why don’t we just not let him see us as a joke?” The black man, Sisay, said, “isn’t it just a batch of diamonds? Do you really want it that much?”

“Even if you have the life to take it, you won’t be able to spend it, right?”

“If it were up to me, we should just tell them our passwords and work together to crack them!”

“Now that even Miss Jasmine is dead, I really don’t want to stay in this place anymore! The sooner we find the diamond, the sooner we can solve the case, and the sooner we can go home, okay?”

After Sisay finished speaking, the entire place fell silent.

No one at the scene responded, and the atmosphere was extremely awkward.

“Alright,” Sevan Bach shook his head and said, “I’m not playing this game anymore! Believe it or not, my password is 1! And I have nothing to do with Miss Jasmine’s death!”

Suddenly receiving another password, everyone couldn’t help but be greatly touched, and their eyes became complicated again.

First lieutenant Qiang te became more and more interested as he crossed his arms and revealed an excited look ...

“Hmph!” “Interesting. You all think that the password I told you is fake, but will you believe this black man’s words?”

“China’s detective ...” Gu zhaochiro suddenly turned to Zhao Yu and said, “you took the opportunity to talk about the password. Do you have any other purpose?”

“Hey, be careful with your words.” Miao kun immediately retorted, “Zhao Yu only has one purpose, and that is to solve the case!”

“Is that so?” Lee Bencheng sneered and said, “although the China detective doesn’t have a password, no one said that he can’t participate in the diamond battle, right?”

“That makes sense!” “That means he’s not an outsider. If he can get everyone’s password and crack it one step ahead of us, he’ll also have the chance to get the diamond commission!”

“So ...” Jake laughed. “Everyone, please don’t think of him as a good person. Miss Jasmine was murdered, and he can’t be ruled out of the suspect, right?”

“What did you say?” “I think you’re the one who’s guilty,” Miao kun retorted. “You’re the one who farted ...”

“Did you see that, Sisay?” Sai wanbach patted the black man on the shoulder. “You told me the password. Is that a huge mistake in itself?”

“Miss Jasmine made it clear that whoever can find the diamond will get the Commission!

“That means that even if you tell us the password, you might not get your part of the Commission ...”

“Hmph, I don’t care about the Commission!” Sisay said indifferently, “I just don’t want things to get worse! Don’t forget, there have already been murders on the island. Who can guarantee that they won’t become the next victim?”

“Sai wanbach,” Gu zhaochiro also fired at the Latin. “Can’t you say something that will help us unite?”

“Can’t you see that this is a trust trap designed by Grimm for us? only by cooperating can we win?” he asked.

“Trust? “Hmph ...” Sai Wan BA ke sneered and retorted, “you’re the one who can’t tell, right? This was a game of lies, and you still have the nerve to talk about trust?”

“That’s good. Why don’t you tell us your password so that everyone can trust you?”

“You ...” Tani zhaoichiro glared at him and gritted his teeth. “It’s because of a selfish villain like you that Grimm came up with this idea! I even suspect that diamonds are a trap!”

“Um ... I ... Can I make a call?” “I’ll just ask my father and tell you the password,” Xi menna said to Lieutenant Qiang te. I don’t care about diamonds ...”

“I’m sorry ...”

Just as Qiang was about to reject Xi menna’s request, his walkie-talkie suddenly rang. To his surprise, the person on the other end of the line was his Senior Sister, Juliet, who was in charge of the autopsy.

“Lieutenant Qiang te,” Juliet said in a grave voice. “There’s livor mortis on Miss Molly’s neck, and between the third and fourth sections of her cervical spine, the two cervical vertebrae are slightly dislocated ...”

“I suspect that before she was killed, she was hit hard and knocked unconscious!”

“Ah!?”

No way?

Suddenly hearing this news, Zhao Yu couldn’t help but tremble slightly. The ominous feeling in his heart became more and more serious ...

### **Chapter 1317: Sudden changes in the situation**

12:00 noon, middle hall of Grimm Castle.

Zhao Yu was sitting alone on the goatskin sofa, his hair turning yellow. He was looking at the plates of food in front of him.

Half an hour ago, he had just been questioned. Due to the language barrier, first lieutenant Qiang had specially allowed Miss Simone to be his translator.

However, Zhao Yu’s confession was very simple. He went back to his room last night and slept all the way until dawn. There was nothing unusual, and he did not find anything unusual.

In addition, his identity was clean, and he had nothing to do with the detective salon last time. Therefore, he was the first one to walk out of the temporary interrogation room, while the others were still being interrogated.

After he came out, a waiter immediately brought him a delicious lunch, but Zhao Yu had no appetite. He knew that the reason why the others had not come out yet, in addition to the fact that the things they had been told were more complicated than his, was definitely because of the diamond password.

Qiang te seemed to be more polite, but he would never miss such a good opportunity. He would definitely put pressure on everyone and take the opportunity to force them to reveal the diamond password.

AI!

Zhao Yu sighed softly and looked at the system interface nervously.

The word “universe” was still hanging there in a domineering manner, without the slightest change.

There were a few times that Zhao Yu really wished that he had seen it wrong. Although he knew that it was impossible, he still wanted to deceive himself ...

Just as the hexagram had predicted, Zhao Yu also felt that the situation seemed to be getting more and more complicated and out of line.

There was still no progress on the diamond matter, and Miss Jasmine had been killed in a bizarre way. Behind these two incidents, it was likely that there was a bigger conspiracy and danger waiting for him!

Take the diamond incident as an example. No one could tell whether it was true or if it was a game arranged by Grimm.

But, from everyone’s reaction, Zhao Yu at least understood one thing. Whether the diamond was real or not, the key and password did exist!

Therefore, if he wanted to know the truth, he had to solve the mystery left behind by Grimm.

It was reasonable to say that solving the puzzle should be a very simple thing. Everyone only needed to say their own password!

However, just like what Tani zhaochiro had said, gerlyn had already predicted that these people would have ulterior motives and would not work together.

Now, although Lieutenant Qiang te had the opportunity to ask everyone, Zhao Yu didn’t think that he would really get the right answer.

This was because once someone lied and gave out a fake password, it would affect and mislead the entire clue.

Furthermore, just like yosufu, as long as he insisted that he did not remember the password, even first lieutenant Qiang te would not be able to do much.

To Zhao Yu’s surprise, the password that Jecca and the black man, Sisay, had told him was Arabic, which was different from the English letters that Miao kun had said.

I wonder if Jecca and Sisay are lying? Or perhaps, the clues that Grimm left behind were a combination of letters and numbers.

As the letters were separated into small and big letters, Zhao Yu was really curious about what the whole clue was.

Of course, regarding Miss Jasmine’s murder, Zhao Yu also felt very strange.

He really couldn't figure out why someone would kill Miss Jasmine.

Especially the guests who were the scouts. These people were all detective experts, and everyone knew that once the island master, Miss Jasmine, was killed, they would definitely not be able to escape responsibility!

Even if he had a grudge against Miss Jasmine, he couldn't have been so impulsive as to start from here, right?

So, Zhao Yu thought that either Miss Jasmine wasn't killed by a detective, or she wasn't killed by a detective. Either the murderer killed Miss Jasmine, or there was an even more urgent purpose!

Especially after Zhao Yu found out that before Miss Jasmine died, she might have been knocked unconscious by someone, this feeling became even stronger.

Think about it, since the murderer was able to knock Miss Jasmine unconscious, it meant that he was already able to control her. But under such circumstances, he still chose to kill her. Why?

On the other hand, if the murderer had decided to kill her in the first place, why would he have knocked Miss Jasmine out? Since it was a sneak attack from behind, why not just directly go up and end it with a knife?

No, no...

There must be something fishy behind this seemingly ordinary murder case!

But ...

What Zhao Yu was most worried about was not whether he could find Miss Jasmine's murderer, nor was it whether he could find the diamond. Instead, he was worried about his and his father-in-law's safety.

After all, the heaven and earth hexagram was not a joke. It was the fiercest hexagram that Zhao Yu had gotten since he had the miracle System!

If he didn't cause a big commotion, he would be letting down the system's character.

Hence, the question that Zhao Yu was thinking about was whether he should leave Miracle Island earlier, before anything major happened.

And if he chose to leave, what method could he use?

Of course, it was easy for him to do it himself. He only needed to use an invisibility cloak and an aircraft to leave Miracle Island without anyone knowing.

But ... How should he deal with his father-in-law?

Of course, if he put some invisible sleeping pills in his father-in-law's mouth and took him into the air, he might be able to fly.

In the worst case, he could use an invisible breathing device and swim out ...

However, leaving Fiji was not as easy as getting out of wondrous Island. After all, Miss Jasmine was part of the British Empire's Intelligence Agency. Zhao Yu was afraid that once they arrived at the airport, they would be immediately discovered.

Fiji was an island country with a vast ocean. It was even more impossible for him to fly out directly ...

Furthermore, there was something more important.

If Zhao Yu and Miao kun were to run away, wouldn't that make them feel guilty? People would definitely think that the two of them were the murderers!

The United Kingdom Intelligence Agency was not to be trifled with. They could make a diplomatic agreement, or issue an international killing order, and Zhao Yu would never be able to survive on the International stage again!

In that case, they would instead benefit the real murderer and help him get away with it.

Tsk tsk ...

Considering all these factors, Zhao Yu finally decided not to run away unless he had no other choice!

It seemed that he could only take it one step at a time and observe the situation first.

Of course, solving cases was his old profession. If he could solve the case and find the real murderer, wouldn't that be a good choice?

Crack ...

Just as Zhao Yu was thinking about this seriously, the door of a small house next to his opened, and the black man, Sisay, walked out.

"Sir, I'm not bragging!" "I didn't learn hypnotism from David Copperfield," Sisay said, beaming with joy. "Tell your boss to let me hypnotize these people!"

"I promise I can get their password ..."

"Alright, I'll report it as it is!" The officer who was with Sisay nodded in agreement and quickly left to report.

"Hey ... You came out pretty quickly!" Sisay might have been hungry, as after seeing the sumptuous lunch in front of Zhao Yu, he picked up a plate of salad and started eating.

However, he had just taken a few bites when he saw first lieutenant Qiang te suddenly walking quickly from the depths of the hall ...

Seeing first lieutenant Qiang TE's energetic appearance, Sisay stood up proudly and said to him, "No need to thank me, no need to thank me. I also hope that your mission can be completed as soon as possible ... Hmm ..."

Sisay then realized that first lieutenant Qiang te didn't pay any attention to him. Instead, he walked straight to the gate of the castle.

He left in a hurry, his expression extremely serious ...

Oh, oh ...

Sisay put down his food awkwardly, then noticed something strange at the door at the same time as Zhao Yu, because they both heard the buzzing of the propeller.

"Someone's here, and it's a helicopter ..." Sisay was curious, so he turned to Zhao Yu and asked, "brother, why don't we follow them and see?" "Oh ..." Seeing Zhao Yu's blank face, he said, "I forgot that you don't understand English!

"Okay ... I'll go by myself, do as you please ..."

After saying that, Sisay turned around again, wanting to go outside and watch the show.

However, the people outside came quickly. Just as he turned around, he was shocked to see that a team of heavily armed, fully-armed soldiers from the Kongtong Sect had already rushed in from the castle's main entrance!

### **Chapter 1318: Hurry up and start!**

When he saw so many fully armed soldiers rush in, Sisay was so scared that he trembled and quickly retreated.

Zhao Yu was also very surprised. He quickly turned to his device bar, ready to use his device to deal with this sudden incident.

"Hey, hey...Scott, what do you mean? Hey ..."

At this moment, first lieutenant Qiang TE's shout came from the door. He was chasing after a man in a camouflage uniform who looked like an officer.

This is SIS's internal mission, what are you doing here?" "And, when did you arrive in Fiji? why didn't I hear anything about you?" asked Jant.

Hearing this, the officer named Scott stopped and took off his sunglasses, revealing a cold and sharp face.

This person was slightly shorter than Qiang te. Although he had a beret hat on his head, people could still see that he was bald.

"You guys blocked the signal on wondrous Island. Why do you think we didn't receive the news?" "I really don't understand. The people of the green clan are dead, but you still want to go crazy with them!" Scott's eyes were filled with ruthlessness.

"Are you satisfied now? Let me ask you, is it true that Miss Jasmine was murdered?"

"Of ... Of course ..." Qiang te seemed to have already felt that something was wrong and stuttered.

"Hmph!" Scott snorted coldly and reprimanded sternly, "a senior executive of the military intelligence Department was killed, and it has nothing to do with the M15? Qiang te, even now, you still don't admit your serious negligence of duty?"

"This ... But ..." Qiang TE's face was embarrassed and he was speechless.

“But what?” Scott coldly rebuked, “just wait for the investigation! I’ve already taken full control of this place! Give me a verbal report immediately and explain the current situation to me ...”

“Oh ... Um ...” Qiang te secretly clenched his fists. He looked extremely angry but could not flare up.

“And,” Scott said without pause, “what about the suspect? Where are they?”

As soon as the man finished speaking, he suddenly saw Sisay and Zhao Yu on the sofa in the living room, with all kinds of lunch in front of them.

“Waa!” Scott sneered. “You’re eating so well? You guys really know how to treat your guests, don’t you? The boss has been killed, but the suspect is still enjoying VIP treatment. You guys are really something!”

“Well ...” Seeing the other party’s aggressive and aggressive attitude, the black man, Sisay, hurriedly picked up the plate of salad and said, “you’ve misunderstood. Our treatment is not good. In fact ... Only this plate of salad is mine!”

Gulp ... After saying that, Sisay nervously swallowed a mouthful of saliva.

Scott looked at Sisay, then at Zhao Yu. He then said to Qiang te in a commanding tone, “First lieutenant Qiang te, immediately gather all the suspects here.

“I really have to give it to you guys. Such a big thing has happened and your efficiency is still as low as ever!”

“But, Scott ... Mm ... Sir!” Qiang te said awkwardly, “we are questioning the suspect, including the diamond ...”

“What’s wrong? Could it be that I can’t speak properly?” Scott roared, “I said Yingluo, ‘immediately’!”

“Well ... Okay, okay ...” Qiang te had no choice but to order his men to quickly go to the temporary interrogation rooms to bring people.

“You guys,” Scott turned to his men and said, “control this place! “First lieutenant Qiang te,” he turned to Qiang te and said, “take me to see Miss Jasmine now!”

Qiang te did not dare to disobey the order. He quickly took Scott out of the hall and went to the temporary autopsy room to identify the body ...

“What did I say before? “I knew this would be troublesome ...” Sisay ate a few pieces of fruit salad and whispered to Zhao Yu, “do you know what an M15 means? “National Security Bureau ... Miss Jasmine’s identity is indeed extraordinary ... Oh, I’m sorry ... I forgot again ...” He slapped his forehead, then remembered that Zhao Yu couldn’t understand him at all.

Zhao Yu looked at the heavily armed soldiers in front of him and had a bad feeling. Now that even the National Security Bureau had appeared, it meant that the situation had reached a very serious stage.

“Hey, What is this?” Very quickly, Zhao Yu heard you SUFU’s voice from the interrogation room, “I told you, I didn’t even look at the key plate carefully. Why didn’t anyone believe me?”

“It can’t be?” “Are you still not going to tell me the truth?” Sevan Bach asked. If you continue like this, you’ll drag all of us down!”

“What do I have to say to make you believe me? I don’t know the password, how am I supposed to explain it?” After explaining, you SUFU asked, “So ... You’ve already confessed?”

“Nonsense! Are you waiting to be struck by lightning?” “My password is G,” sai wanbach said directly. “The capital G! I’m guessing that the password left behind by Gelin is most likely a combination of letters and numbers!”

“That makes sense!” Miao kun nodded. “If I had to guess, since there are 13 letters, it might be an account or password. As long as we find the right place to log in, the location of the hidden diamond will be revealed!”

“Don’t just talk about us, Female Miao, Tani Ichiro,” you SUFU asked. “What about you?” “What’s your password?”

“Hehe, you wish. If you don’t say it, I won’t say it either!”

Miao kun smirked as he turned the corner with the crowd and arrived at the hall. When the crowd saw the heavily armed soldiers, they were shocked and kept their mouths shut.

“This ... This is ...” Jecca muttered, “what’s going on?”

“It’s over, it’s over ...” Sisay quickly put down the fruit salad and ran to the crowd to introduce it. “The M15 is here. Please, brothers, stop playing around. We have to find the diamond as fast as possible!”

“Ah? M15 ?” Jecca couldn’t help but take a deep breath, and his face showed a look of fear.

“It’s not enough to just find diamonds!” Lee Bencheng, on the other hand, was extremely calm. “Ms. Jasmine is a senior executive in the military intelligence Department. Whether it’s M15 or SIS, we have to find the murderer and give him an explanation, right?”

“Nonsense!” Miao kun narrowed his eyes and said, “it might even cause an international dispute! I say, I’m sure everyone knows how the M15 works, right? I’d like to advise the mysterious murderer not to drag everyone down, can he please come out and admit his crimes?”

“What ... What kind of style of doing things?” Xi menna said, “I only know that the M15 is the United Kingdom National Security Department. Since it’s a State Department, we can’t possibly ... Treat us ...”

The more Xi menna spoke, the less confident she was ...

“Alright, I’m very honored to be able to meet all the elites of the detective world here!” At that moment, officer Scott suddenly appeared. Next to him were first lieutenant Qiang te and Juliet, who had just been brought over.

“The situation is urgent, so I won’t say any more polite words!” “I don’t want to waste everyone’s time. I don’t want you to waste my time!” Scott said as he glanced at the crowd. So, let’s hurry up and start!”

### **Chapter 1319: Tell me your password**

“Hey, hey, hey, be gentle, be gentle! I’ll do it myself!” “I’m telling you, this is a violation of human rights. Do you understand human rights?” Yusoff’s angry voice came from a room in the castle.

“That’s right!” “What right do you have to confiscate our personal belongings?” sai wanbach asked loudly as he took off his clothes. Why do you want us to wear your clothes?

“We’re not prisoners. Do you think we can wear it just because you say so?”

The soldiers in the room did not answer. Instead, they pointed their guns at sai wanbach and pulled the bolt mercilessly.

“Okay, okay ... Pretend I didn’t say anything ...” Sai wanbach immediately shrank back and started to take off his clothes.

At that moment, Zhao Yu and Miao kun were being scanned. A soldier was holding a professional device and carefully examining them from head to toe.

When they didn’t find any electronic devices, he ordered the two of them to take off their clothes and change into the new clothes they had prepared.

“Hey, my left shoulder is a little high. The clothes you guys gave me don’t even have a shoulder pad. How can I wear it out?” Miao kun picked up a piece of clothing and began to pick at its flaws.”Also, the collar is a little crooked, and there aren’t even any buttons under the sleeves. This shirt doesn’t suit my gentlemanly style at all ...”

“Al!” Zhao Yu glanced at Miao kun and said,”father-in-law, it’s just pajamas. Why are you so particular about it?”

Luckily, Zhao Yu spoke Chinese. Otherwise, those soldiers would have been laughed at.

It turned out that the new clothes she had prepared for them were all simple Kasaya pajamas!

“F \*\* K!” “They don’t even have a pocket,” Miao kun scolded in Chinese.”They want us to wear pajamas? how dare they think of that!”

“That’s enough,” Lee Bencheng, who could understand Chinese, laughed from behind,”it’s better to have pajamas than a prison uniform! Let me tell you, these people are much more civilized than me. If I were the one doing this, I wouldn’t even let you wear clothes!”

“Are you F \* cking looking for a beating?” Miao kun glared at him and said,”okay? When I get out later, I’ll suggest to them to get everyone to strip naked ...”

“Hey, shut your mouth!” The soldier in charge of keeping watch ordered,”hurry up! I’ll give you another 10 seconds. If you can’t change your clothes, you’ll have to go out naked!”

“Holy sh \* t ...” Miao kun had not even taken off his old clothes yet. Hearing this, he hurriedly took off his clothes and put on his pajamas.

The others didn’t dare to be slow either. They exchanged all their cards in less than 10 seconds.

“I say, everyone ...” Just as the group of men were about to leave, Tani zhaoichiro suddenly spoke.”Before things get out of control, why don’t you hurry up and tell us the password later?”

“Whoever keeps on refusing to say anything is going against everyone! It’s not worth it to do it for a few bags of diamonds!”

"I've already said it anyway!" Jecca shook his head indifferently.

"I ... I really can't remember. There's no point in killing me ..." You SUFU shook her head.

"The key is ..." Sai wanbach whispered in the last row, "do you think that if we tell them the password, they will really let us go?"

"Hey, what do you mean by that?" Everyone was puzzled. "What's wrong?" Don't tell me that they would dare to silence us?"

"What's going on? Didn't I tell you? Don't talk!" The soldier on guard duty opened the door and urged, "hurry, hurry up and get out ..."

Everyone had no choice but to leave the room one after another.

"All right, gentlemen," Scott, who had been waiting in the hall for a long time, raised his hand to signal the crowd. He pointed to the table in the inner hall and said, "next, what you have to do is simple. Your names are on the white paper. You just have to write your password under your own name!"

Crack ...

Just then, the door across the street opened, and Juliet and Simone walked out, led by a female officer. Just like the men, they were also asked to change into pajamas.

"This is a blatant insult!" Juliet pointed at officer Scott angrily and said, "just you wait, I'll submit a lawsuit to our government. You'll pay for your reckless behavior!"

"Sure, you can Sue us however you want ..." Scott said indifferently. He then pointed to the box that contained everyone's personal belongings and ordered his subordinates, "now, go and check everyone's mobile phones. After confirming that it is safe, you can turn off the signal jammer!"

"Yes ..." Someone quickly took the box away.

"First lieutenant Qiang te ..." Scott said to Qiang te, "next, organize your men. We also have to verify everyone's information to prevent them from being used by others!"

"But ..." Qiang te frowned. "After the incident, I have checked twice. My people are absolutely fine!"

"You're from a confidential Department. Do you need me to teach you these rules?" "No!" Scott reprimanded with a straight face. "When you check the information, you can't even synchronize with the database! How can you say that there's absolutely no problem?"

"Okay, okay ..." Qiang te quickly nodded and left with his people.

Scott seemed to be still worried. He immediately snapped his fingers and two soldiers immediately carried their guns to supervise Qiang te ...

"Alright! Since everyone's here, we can start!"

Scott repeated the rules to the two ladies and then led everyone into the inner hall.

On the dining table, there was indeed a piece of white paper, and on the paper were the names of the 13 people who had participated in the detective salon last time.

“Everyone ...” Scott stood on the other side of the table and said to the crowd, “although it is the first time I have met you, I have heard about you!

“I know that the identities of most of you are not as simple as you look!

“I also know that some of you don’t want to tell us the password not because you want to get the Commission, but ...” Scott raised the corner of his mouth and sneered, “you don’t want us British to get the diamond at all!

“You’re hoping to get lucky and think that you can pull a tooth out of the tiger’s mouth and snatch the diamond from our hands ... Tsk, tsk, tsk ... Am I right?”

When Scott raised his eyes and glanced at the crowd, several people’s faces changed slightly, including Miao kun!

“Africa Senna is a British company, and its behind-the-scenes shareholder is the royal family of England!” “So, I hope you can recognize the situation and see our determination.”

“So, you just need to see Sir green as a Beautiful Mistake. Don’t be like him, pursuing perfectionist too much!

“In addition, to help everyone make up their minds, I’ve prepared a small gift for everyone!” Scott waved his hand, and someone immediately brought a plate over and placed it in front of everyone.

There were many glass bottles in the center of the plate, and they were filled with purple liquid.

“Please take a look. I wonder if anyone knows its name?” Scott pointed to the unknown liquid and asked everyone.

“I know, M6029,” Lee Bencheng said lightly, “a variant of buprenormic, the most expensive drug in the world today, even the rich and Noble call it ocean God’s music!”

“Wow, amazing, amazing!” Scott clapped his hands. “No wonder you are the most knowledgeable agent in Korea!”

“You ... What do you mean by taking these things out?” Miao kun asked, glaring.

“Don’t be agitated, don’t be agitated!” Scott smiled, “Fiji’s law is not particularly strict on the management of drugs!” If someone were to consume the latest drug, they would not be sentenced to death. At most, they would be sentenced to more than ten years in prison!

“Moreover, there is a limited number of prison slots in Fiji. Many international criminals will still be sent back to England to serve their sentence.

“So, if you don’t tell us today, we’ll have plenty of time to make you tell us the password in the future ...” He said.

### **Chapter 1320: please help me**

“This is too much!” Juliet slammed the table in anger and scolded, “aren’t you afraid of causing international disputes?”

“That’s right. In our country, such inferior threats are often seen as a sign of incompetence!” “Aren’t you guys a disgrace to the British Empire?” Yoakam taunted.

“Whatever you say,” Scott said without minding, “but today, you must leave the password!

“So, don’t waste any more time.” He pointed to the white paper on the table. “Please start!”

After Scott finished speaking, the scene suddenly fell into a dead silence.

No one moved. They just looked at the white paper on the table and the purple liquid ...

“Well ...” At this time, Jake glanced at the crowd, walked to the table, and said, “I’ve already told you, my password is 6! Therefore, my persistence is meaningless!”

After that, he took a pen and wrote the Arabic number “6” under his name.

“Okay, okay ...” The black man, Sisay, shrugged his shoulders. He also came to the table and wanted to write his password.

“Wait a moment!” However, before Sisay could pick up the pen, a strong voice suddenly came from the scene to stop him.

Sisay jumped in shock and quickly stopped to look back.

The crowd then realized that the person who had shouted was none other than Miao kun!

“Female Miao, what’s wrong?” Sisay asked weakly.

“I’m thinking ...” Miao kun stood in front of the crowd and pointed at sai wanbach. “What sai said makes sense, doesn’t it?”

“Ah? I?” “What?” sai wanbach was shocked. Although he understood what Miao kun meant, he still pretended to be ignorant. “Female Miao, what do you mean?” I ... What did I say?”

“Sai wanbach ... Tsk tsk ...” Miao kun pouted, then raised his head and said to the crowd, “he’s right. If we really hand over the password ... I’m afraid we’ll be digging our own graves!”

“It’s here again!” Jecca put down his pen and shouted, “do you really think that they would dare to burn the bridge after crossing the river and kill me to silence me?”

“Ah?”

Everyone was shocked.

“Female Miao, what are you up to now?” Scott raised his eyebrows and said coldly, “are you trying to stall for time?”

“They ... They ... They shouldn’t go that far, right?” Juliet pondered Miao kun’s words carefully and said worriedly, “after all, they represent the United Kingdom Intelligence Agency, and we ...”

“Yes, my dear!” Miao kun rolled his eyes at Juliet, then turned to Scott and said, “the key question is, why should we believe that you must be representing the United Kingdom Royal family?”

“This ...”

Everyone finally understood Miao kun's meaning. Gu zhaichiro immediately echoed, "That's right, including Miss Jasmine, we don't know any of them!"

"Who can prove that they are really from the United Kingdom Intelligence Agency?"

"....."

Scott was speechless, but his face still maintained his usual cold smile.

"It's really ... Terrifying!" Miao kun frowned and said, "if ... This is all a trap, then it'll be terrible!"

"These people were terrorists who wanted to steal the diamond. They killed Grimm and the military intelligence Department, then sent us invitations in Grimm's name ..."

"In fact, they just want to trick us into helping them find diamonds ..."

"This is too terrifying!" Tani zhaichiro's face changed. "As long as we tell them the password and help them find the diamond, they will immediately turn hostile and kill us all!"

"Then, they can accuse us of stealing the diamonds," Miao kun continued. "And our people will think that we were killed by the United Kingdom military!"

"This way, not only can they get the diamonds, but they can also provoke international conflict and let the forces we represent declare war on the British Empire!"

"Oh my god, oh my god!" You SUFU was so scared that her face turned pale. "This matter has really blown up! No wonder the signal was blocked as soon as we got on the island!"

"No wonder Miss Jasmine told us about the diamond so easily! In my opinion, Miss Jasmine was killed by you, right?"

"She ran to the study in the middle of the night and wanted to escape through the secret passage in the study to expose you! However, you guys discovered it in advance and killed him to silence him ..."

"Tell me, other than Miss Jasmine, how many people did you kill? where ... Did you bury the dead?"

After she finished her question, the scene fell into dead silence again. No one made a sound. The air seemed to have frozen, and it was particularly oppressive and murderous ...

After a few seconds, the atmosphere was broken by Scott's laughter:

"Haha...Haha...Hahahaha ..."

Scott laughed so hard that his body swayed back and forth. He laughed crazily for a full ten seconds before he said to everyone: "You self-righteous detectives, have you solved too many cases and become delusional?"

"Why don't you think about it? if we are all terrorists, why would we be so polite to you?" Scott shook his head and said, "as soon as we get on the island, we can control you and force you to hand over the password. Do we need to waste another night?"

"Also, if we were terrorists, why would we let Miss Jasmine meet you or make a fake Miss Jasmine to put on an act with you?"

“You’re all great detectives. Isn’t that the same as giving you a chance to expose us?”

“Um ... This ...”

Scott’s words were reasonable. It was not good for them to refute and they were speechless for a while.

“That ... That won’t do either!” Miao kun said, “you have to at least let us confirm your identity!

“If we can’t be sure that we’re safe, then we definitely can’t reveal the password!”

“Yes, yes!” Miao kun’s suggestion immediately gained the support of the crowd. “Be careful, don’t show us any documents or anything. You can even kill a United Kingdom Royal agent, let alone forge a few documents!”

“It’s also possible ...” Sevan Bach added, as if he was in a comedy show with Yusufu. “The IDs were from the agents who were killed!”

“Hmph, that’s good ...” Scott shrugged his shoulders and said indifferently, “tell me, how can we confirm our identity?”

“Eh? “I have an idea.” Sai wanbach’s eyes lit up and he said hurriedly, “I know your Senator Carter, REM Carter!

“How about this, you guys connect to his video and let us talk face to face, then we’ll naturally be able to confirm your identities?”

“That’s a good idea ...” The black man, Sisay, laughed evilly. “But ... I have a better idea! Everyone should know the Queen, right?

“Why don’t we just let the Queen have a video call with us? that’ll be safer, right? Hahaha ...”

Just as Sisay was grinning, Scott’s eyes suddenly became depressed. He no longer cared about the reaction of the crowd. He reached out and took a piece of information and began to read.

Soon, he stopped at a page of the information and pointed at the words on the information. “This is the record of your inquiries. Sisay, you’ve already told me that your password is 1, right?”

“Eh? What? What do you mean by that?” Sisay was confused, but the smile on his face had yet to disappear.

“Hmph, what I mean is ...” Scott sneered, “I need you to do me a favor!”

“Help? What favor?”

Before Sisay could finish his sentence, Scott had already pulled out the pistol from his waist and fired at Sisay without any hesitation!

Bang! Bang! Bang! Bang!

Following the two gunshots, blood spurted out of Sisay’s chest. He was shot to the ground by the powerful inertia, and stopped moving in the blink of an eye ...
