Chapter 1321: password transaction

"Heh, hehe ..." At the dining table, the middle Eastern man, you SUFU, let out an extremely unpleasant laugh. "Guess what?" My memory ... Seems to have suddenly recovered!

"I remember now, the password Grimm left me was W!" He picked up a pen and quickly wrote a capital "W" under his name.

"You SUFU, are you stupid?" Juliet pulled him back, but she was still too slow. She stomped her foot in anger. "Can't you tell? Once you tell me your password, you'll be of no value! What are you going to write?"

"Ah ... Aiya!" "I ... My memory may not be completely good. I may have remembered wrongly. I have to think about it again ..."

"It's broken!" Jecca pointed at paper regretfully and said, "I ... I might have lied just now ..."

At this time, some soldiers came forward and carried Sisay's body away, leaving a pool of blood on the ground that smelled of blood.

"Now, you should believe me, right?" Scott played with the pistol and said coldly, "I killed him not because he was worthless, but because he was teasing our Queen!"

"Don't talk nonsense!" Miao kun glared at him and scolded, "you just said you wanted Sisay to help you, but then you shot him! Isn't that asking him to help you kill a hundred people?"

"Mm...I...I ..." At this moment, Xi menna's face was pale with fear. She said in a trembling voice, "I really don't know my father's password. Don't...Don't hurt me ..."

"Don't be afraid, it'll be fine ..." Zhao Yu gently hugged Xi Mengna and comforted her in a low voice.

"Hmph ... You can say whatever you want, but from now on," Scott raised his pistol again and threatened, "if anyone says anything unrelated to the diamond password, I will not be polite!"

Then, without waiting for the crowd to react, he aimed the muzzle of his pistol at Zhao Yu!

Zhao Yu suddenly felt a strong pressure, so he quickly put on an invisible bullet proof suit.

"Don't ... Don't ... Don't ..." Miao kun didn't know that Zhao Yu was still safe, so he was naturally frightened. He quickly waved to Scott and said, "Okay, okay, I'll give you the password. Don't do anything stupid!" Don't do anything stupid, or you'll regret it!"

"Female Miao, don't be silly!" Juliet advised, "you gave the password, and both of them are dead!"

"Hey, What time is it? don't curse me, okay?" Miao kun said helplessly, "they were missing so many passwords, so it was impossible for them to find the diamond so easily! Don't you all know what Grimm is like?"

"Besides, my relationship with green is not ordinary. I know a lot of his secrets. If I die, it will be even more difficult to find the diamond!"

“So, if they had any brains, they wouldn’t dare to kill me!”

“Dogshit!” Hearing this, Jake couldn’t help but curse, “Miao kun, you bastard! You didn’t say that to us at all! You’re so mean!”

Indeed, Miao kun had said that to Scott to let him know his importance and to warn him not to do anything rash.

“I promise you, as long as you’re willing to tell us your password and help us find the diamond, I’ll definitely spare you and your companion’s lives!” Scott slowly put away his pistol and urged, “so, stop dawdling. My patience is really limited!”

“My password is P, the capital P.” Miao kun walked up to the paper and wrote his password under his name.

“P?” Lee Bencheng sneered, “your password is quite appropriate!”

“You’re still laughing at me?” Miao kun, who had never been at a disadvantage, immediately gave Li Bencheng the middle finger, then said to Scott, “let me tell you a secret. During the last gathering, this Korean discovered the mystery of the key plate long ago, and he has already memorized most of our passwords!”

“Hurry up, interrogate him! Maybe he can solve all the diamond passwords by himself!”

“You!” Li Bencheng didn’t expect Miao kun to be so insidious. He was so angry that his nose was crooked. If I knew the secret of the key plate, wouldn’t I have gotten the diamond long ago?”

“What? You got the diamond?” Miao kun pretended to be surprised and pointed at Li Bencheng, “did you hear that? Did you guys hear that? He had personally admitted that the diamond was with him!”

“I say ...” He yelled at Scott again, “what are you guys doing?” Hurry up and give him medicine, close his eyes, and cut off his fingers. I don’t believe he won’t say anything!”

Hearing Miao kun’s words, the crowd covered their faces in embarrassment. Meanwhile, Li Bencheng was seething with anger, wishing he could rush over and bite Miao kun to death ...

However, even though Scott did not believe Miao kun’s words, he still pointed his finger at Li Bencheng.

Helplessly, Lee Bencheng had to quickly walk to the white paper and write his password. His password was a small Y.

After Lee Bencheng, Tani zhaichiro did not put up any resistance, and a capital “X” was written under his name ...

However, after Tani zhaichiro finished writing, Scott suddenly turned his attention to the detective, Xi menna.

“I ... I told you just now, I really didn’t lie. I really don’t know my father’s password!” Xi menna was frightened. She begged while trembling, “when you guys can communicate again, let me call my father. I’ll know after a call! I will definitely, definitely cooperate with you!”

"Yeah ..." Tani zhaichiro helped to persuade him."The little girl has nothing to do with the diamond. She doesn't have to lie to you!" Why don't we wait until the end and see if we can crack the password?"

"No need." Scott stubbornly raised his pistol and slowly pointed the muzzle at Xi menna's forehead."I can also call Xi Wei!"

Scott's fingers moved slightly as he was about to shoot.

"Wait ..." This time, Zhao Yu was anxious. He immediately shouted and said,"I know ... I know the password of the Indian named Amir!" I'm willing to use this password to exchange for Miss Xi!"

"What?"

"What?"

Everyone was shocked, even Xi Mengna was stunned.

"Zhao, are you crazy?" "That's our last trump card," Miao kun said."How ... How could you ... Sigh!"

Scott's men understood Chinese and immediately translated for him.

"Oh?" Scott was also very surprised. He put down his gun slightly and asked Zhao Yu,"you didn't attend the last salon party, so you don't know Amir. How could you have his password?"

"Of course I don't know. It was Miao kun who knew ..." Zhao Yu naturally sold out his father-in-law and explained,"last time at the party, Amir went to the wrong room, so Miao kun saw his key plate and remembered the password!"

"It's over, it's over!" Miao kun immediately collapsed to the ground in frustration ...

"Good, very good!" Scott nodded and said,"I didn't expect this to be a surprise. Young man, you're very kind. I'll agree to your conditions!"

"Thank ... Thank you ... Thank you ..." Xi Mengna quickly bowed to Zhao Yu to thank him, her body trembling.

Then, Zhao Yu wrote down Amir's lower letter a in the corresponding position.

After that, Juliet and cyvandbuck also gave their passwords. Juliet's password was the alla number " 5," while cyvandbuck's was a capital "G."

In this way, everyone's passwords were all revealed, and the clues left behind by Grimm about the diamond had basically surfaced ...

Chapter 1322: The countdown begins

6、 W、 a、 5、 P、 G、 X、 y、 1.....

There were a total of 13 people who participated in the detective salon back then, and now nine of them had gathered. On the white paper, there were only four empty spots, including Xi Wei 's.

After everyone had finished writing the password, Scott gave a look to his men, and someone immediately picked up a pen and wrote a " 0" under the white paper marked with "Irene".

"Aileen ..." Miao kun swallowed his saliva. "No way!" You even know her password? Isn't she ... Already dead?"

"To the outside world, they are indeed dead!" Scott explained, "but internally ... Hehe, this is a secret. Anyway, she is not very popular. You don't care too much about her, right?"

"Well ..." Miao kun pinched his chin and said seriously, "she still owes me 20000 Yuan from the last game of poker. Why don't you help me pay it back first?"

No one responded to Miao kun's cold joke. Everyone's thoughts were all focused on the diamond Code left behind by Grimm.

"0 ..." Tani zhaichiro looked at the password and frowned. "I want to ask, is it the Arabic number 0 or the capital English letter O?" The size is the same, I can't even tell!"

"Wait ..." Yusoff suddenly thought of something and asked, "you said that Irene was announced dead, and Irene was from Scotland Yard, which also ... That means ... You ..."

"It's a 0 or an O, we can't be sure!" Scott pointed to the password and said, "this will depend on the level of the Masters!"

"How is it? What did I just say?" Miao kun also pointed at the password and said, "with Green's character, it's not that simple, right?"

"Did you see that? Normal English words have fewer capital letters and more lower letters, but it's the exact opposite here!"

"And there are so many numbers. The feeling they give me ..." Tani zhaichiro analyzed. "They might represent some kind of device, equipment, or machine model?"

"Eh? The motorcycle ..." Suddenly, she remembered and asked Jecca, "Jecca, what model is that motorcycle? Could it be the engine? The diamonds are hidden in the engine?"

"Impossible, those old-style engines are all numbers, no letters!" "The Norton 500 is a Custom Edition. There's no serial number on the engine, only a logo!"

"In my opinion," Miao kun said, "accounts and passwords are more reliable. Don't tell me green doesn't have a computer?"

"It could also be a safe," sai wanbach said. "I know a new type of safe. It uses letters and numbers as the password!"

"That's a little ridiculous!" Tani zhaichiro shook his head in denial. "Since Green Left us the password, it should at least contain the location and clues of the hidden treasure. He wouldn't let us guess randomly, right?"

"Three more ..." You SUFU frowned and said, "if we know all of them, it might be easier to guess ... But we don't even have a clue ..."

When she finished speaking, everyone turned to look at Xi menna. What she meant was that if they could get Xi Wei's password, they would be able to get twice the result with half the effort.

Scott was naturally more anxious than the others. He immediately opened his mobile phone and looked at it. His face suddenly showed an angry expression.

It seemed like the communication system on the island had not been restored yet, so he could not let Xi menna contact Xi Wei ...

"I think ..." Miao kun said to Scott, trying to draw everyone's attention away from Xi menna. "You really shouldn't have killed Sisay!"

"What if ... What if the password he said is fake? then I'm afraid we will never be able to solve this mystery!" Miao kun spread out his hands and said, "you don't know this, but Sisay used to be a double agent. Don't be fooled by his silly appearance, he has a lot of evil ideas!"

Hearing Miao kun's words, Zhao Yu suddenly remembered that Sisay was the first person to come out of the interrogation room after him. Moreover, he had suggested to the interrogators to use hypnosis to help them find the password.

From this, it seemed that this black man was not simple ...

At this moment, someone brought over a laptop and placed it in front of Scott.

Scott entered the password into the computer as if he wanted to use some software to help crack it.

"Everyone ..." Soon, Scott turned the computer screen to everyone's side and said, "these are more than 200 possible combinations selected by the computer. See if it will help.

"I know that all of you were just trying to stall for time by saying all that useless nonsense. "In fact, you have already figured out the way to crack it ..." Scott glanced at the crowd and said coldly, "I will say it again, as long as you can help me find the diamond, I will ensure the safety of each and every one of you!"

"I'll give you two hours. In two hours, I hope you can give me the exact location of the diamond. Otherwise, we can only play a Russia roulette game ..."

"No... No, no, no, listen to me ..." Miao kun quickly took the lead and said, "didn't I make myself clear? If one of us lied, then it would be useless no matter how advanced the computer and software are!"

"That's right, there's also Aileen's password. I don't know if it's a number or a letter. If there's one less password, there will be countless combinations, which will be very troublesome!" Gu zhaoichiro added.

"Two hours? Are you kidding me?" You SUFU clapped her hands and stomped her feet. "It's already a miracle to be able to crack such a complicated password in two days!"

"Don't be anxious!" Scott looked at his watch, "you still have 1 hour and 59 minutes! I'll go and see how the communication on the island is going. " As he spoke, he glanced at Xi menna. "I'll get Xi Wei's password as soon as possible ...

"Everyone, I wish you good luck!" After that, Scott stood up and walked out of the door. When he reached the door, he did not forget to remind his men, "raise your defense level to the highest level. Don't blame me for not reminding you that there are many skilled agents hidden among these detectives. You can't afford to be careless!"

“Yes!”

His men immediately tightened their arms around their rifles and increased the alert Level. Scott was relieved and left.

“Hey, don’t listen to him,” as soon as Scott left, Yusoff said, “what Russia wheel? He definitely wouldn’t dare to play with us. If he killed us, who could help him find the diamond?”

“Come on, Sisay is already dead!” “Why don’t we think of another way? if we can’t do it, we’ll fight it out with them!” Said Jake in Eastern European.

Crack ...

Just as he finished speaking, the soldier standing guard at the door pulled the bolt of his gun, as if he could understand what he meant.

“Tsk tsk ...” Jecca quickly stopped talking, his face showing deep worry.

“How can I not lower my head when I’m under the low eaves?” Miao kun sighed and sat in front of the computer. “We wasted another minute!”

“Don’t be idle, okay? even if you die, you have to be an understanding ghost! Let’s see where Grimm hid the diamond.”

Chapter 1323: Mad Dog and wild bull

An hour and a half later, not only did Miao kun and the others fail to crack the diamond password, but they also had a heated debate.

“You all saw it, they really don’t look like terrorists!” “That old man called Scott is right. If they were terrorists, they wouldn’t have let us stay on the island for a day before making a move!”

“There must be a reason behind this!”

“They don’t look like terrorists, but they don’t look like the United Kingdom military either!” Juliet retorted impatiently, “Sisay was killed!! The current agents don’t have a license to kill. Even if Sisay has a grudge against them, they can’t just shoot him, right?”

“And ... How do you explain Miss Jasmine’s death?” “No.” Sai wanbach said, “didn’t they have an internal conflict? Could it be that you still think that it was done by one of us? Who is it?”

“That’s right,” Miao kun said. “What these people are doing is indeed against the norm ... I can’t figure it out. What are they trying to do?”

“But, the time is almost up. Aren’t you guys worried at all?”

“What’s the use of being anxious?” “The password isn’t complete at all. I can’t tell if anyone remembered wrongly or lied. Some of them can’t even tell the numbers from the letters. How can we break it?”

“Tsk tsk ...” Tani zhaichiro leaned on the table, seriously writing on the draft paper as he muttered, “if ... If you give me another password, maybe there’s still hope?”

“Yeah?” Yusoff looked at Xi menna and said, “what are they doing? The communication hasn’t been restored? Why didn’t you give Xi Wei a call?”

“I guess they’re still disassembling our phones?” Juliet said, “they’re worried that we have a hidden Positioning System on our phones. If we call for backup, they’ll lose more than they’ll gain!”

“Big sis!” Miao kun waved his hand. “We’re all here for a vacation. Who’s going to back us up?”

“Now ... There’s a key question ...” Tani zhaichiro said. “The mysterious letters on the key plate have always been tacitly acknowledged by us!

“We just thought that those letters were the clues left by Grimm, but ... What if ... What if ... It’s not?”

Gu zhaichiro’s words undoubtedly hurt the morale of the crowd, and everyone fell silent.

That’s right, if the clues that Grimm had left behind were not these keys and passwords, then they would be completely doomed!

“Grimm often doesn’t play his cards well, so it’s not surprising that he put up a smoke bomb, right?” he asked. Gu zhaichiro patted his head and said, “13 people, 13 passwords, and they can find the diamond when combined. Isn’t this too easy for him?”

“Easy, my ass!” Jieka grinned and said, “isn’t it too late for you to say it now? What were you doing earlier?”

“It really is!” “What?” sai wanbach’s eyes were wide open. “We’ve always believed in it. Why ... Why didn’t anyone remind us earlier?”

“Nonsense ...” Miao kun scolded. “Who told you to have your own plans?”

“You said we have ulterior motives, what about you?” Jecka retorted.

“Of course,” Tani zhaichiro said. “The key and password are not necessarily wrong, but ... Is there something missing?” he asked. These password clues are only one of the many. Perhaps there is something else that we have not found, or have overlooked?”

“What ... What else can there be?” Juliet recalled, “green hid the diamond on Wonder Island. How many complicated clues do you need for such a small island?”

“Island ...” Sai Wan BA ke frowned, “on the island, what is the best place to hide the diamond? And ... You can even use the combination of letters and numbers?”

“At least it’s not a coordinate, a safe, or a name ...” Yusoff started counting with her fingers ...

Just as the crowd was in a heated discussion, Zhao Yu sat quietly to the side, holding his breath and thinking about his own affairs.

Since he was not very good at English, he naturally could not participate in cracking the password.

Previously, he had already used his invisible browser to search for the password, but there was no result. He knew that the system’s devices were stronger than those in the real world. If even the invisible browser couldn’t find it, it was impossible for him to guess it!

However, if it was outside of the diamond, Zhao Yu felt that there were many things that did not make sense.

Everything that had happened seemed to be unexpected yet reasonable at the same time. It was as if there was a huge fog that had suddenly appeared, and Zhao Yu couldn't tell what was true and what was false.

Grimm's death, Miss Jasmine's death, the black man Sisay's death, the diamond Code, and those United Kingdom intelligence agents. All these things put together were like a pot of stew, tasteless ...

What Zhao Yu was most worried about was not the danger in front of him, but the scary "heaven and earth" hexagram. Once the heaven and earth changed, what kind of adventure would he encounter to deserve such a shocking hexagram?

Would it be the birth of diamonds, or would this treasure hunt become a game of death? Would Scott and his people really kill them all?

"You! You're not done, are you?" Just as Zhao Yu was seriously thinking about it, Miao kun's side had a new conflict. He pointed at Li Bencheng's nose and scolded, "what kind of theory is this? ask everyone here, do I, Miao kun, have that kind of ability?"

What's the matter now?

Feeling puzzled, Zhao Yu had no choice but to put his thoughts aside and look over at Miao kun.

"Stop acting!" Li Bencheng's face darkened as he said coldly to Miao kun, "one of us must be an infiltrator!

"This person is in cahoots with Scott. He searched for information about us while cooperating with Scott. He encouraged us to hand over the password and crack the password together!"

"Don't say ..." You SUFU said, embellishing the story. "I've always felt that there was something strange about us!"

"It's too easy to find the spy," Li Bencheng said, pointing at Miao kun. "The one who encouraged us the most is the spy.

"Female Miao, what else do you have to say?"

"Bullshit! What a flirtatious fart!" Miao kun cursed, "when did I encourage you? I wasn't the first one to write the password!"

"F * ck you ..." Said Jecca with a frown. "Although I was the first to write the password, I didn't encourage the crowd like you did."

"You're not the first one, but isn't it a little too easy for you to tell me the password?" Li Bencheng clenched his fists and roared at Miao kun, "why was Sisay killed? Was it because he found out about your plot, so you let Scott kill him? Help you kill him?"

“Hey, calm down, calm down ...” At this time, the soldier in charge of the guards couldn’t stand it anymore and hurriedly came forward to persuade him, “Mr. Li, I don’t understand what you mean, but I can guarantee that Mr. Miao has nothing to do with us ...”

“What guarantee?” Miao kun roared, “can’t you tell? He wanted to take the opportunity to take revenge! Alright, Korean Gao Li, don’t think I’m afraid of you!

“I’m telling you, I, Miao kun, am a righteous man. I admit that I was the one who leaked the news about what happened in Lisbon, but don’t forget that you were the one who set me up! You Mad Dog, you deserve to go to jail!”

“Ah ... Ah ...” Hearing Miao kun’s words, Lee Bencheng could no longer control himself. Like a furious beast, he pounced at Miao kun. The two of them collided with each other, and in the blink of an eye, they were already fighting.

“Eh? “Don ‘t, don’t ...” Sai wanbach and the others didn’t expect the two of them to really fight. They were shocked and quickly stepped forward to stop the fight.

Seeing his father-in-law fighting with another man, Zhao Yu naturally couldn’t just watch the show.

However, just as Zhao Yu was about to help, he suddenly realized something. Eh? That’s not right? It was reasonable to say that when li Bencheng and Miao kun were fighting, Jecka would definitely take advantage of the situation and stand on li Bencheng’s side, right?

But ... Zhao Yu quietly saw that Jecka had secretly moved to the door, and there was a guard standing by the door, watching the scene.

F * ck ...

Zhao Yu immediately understood what they meant. This fight was most likely fake!

This time, Zhao Yu’s guess was right. Just as Miao kun and Li Bencheng bumped into each other, Jecca and sai wanbach attacked at the same time. They both grabbed the rifles of the guards at the door and started fighting with them.

“Ah!?”

The other two guards were shocked and quickly pulled out their guns.

Zhao Yu’s eyes and feet were quick, and he lifted his leg to kick one of them. And the other was hit by Juliet, who had come from the side!

The tall Juliet was like a bull. With one hit, she sent the guard flying. He hit the wall, bounced to the ground, and then passed out ...

Chapter 1324: unknown danger

In order to ensure his father-in-law’s absolute safety, Zhao Yu had already used an emergency evacuation ball on Miao kun when he kicked the guard.

As for the guard who was kicked by Zhao Yu, he fell right in front of Miao kun and Li Bencheng. Lee Bencheng took the lead and used a sharp karate move. Not only did he grab the Guard's rifle, but he also used his arm to strangle the man's neck.

The next second, Miao kun jumped up from the ground and punched the guard in the face, knocking him out.

At the same time, the skilled Jecca and sevanbach also made the first move and knocked the two guards at the door to the ground ...

Even though the two guards had some fighting skills, they couldn't fight against so many people. By the time Juliet and Miao kun went over, they were quickly knocked unconscious, completely unable to fight back.

"Amazing, amazing!" Miao kun gave Zhao Yu a thumbs-up. "You're quick to react. We were using secret codes to communicate just now. Don't tell me that you even know secret codes and knew that we were planning a counterattack?"

"Miao kun!" Without waiting for Zhao Yu to speak, Lee Bencheng suddenly pointed the rifle in his hand at Miao kun and roared, "this is not over! We have to end this once we get out of here!"

"Alright, I'll be happy to accompany you!" Miao kun waved his fist at him and picked up the other rifle.

"I say, What time is it? You two aren't done, are you?" You SUFU urged anxiously, "hurry up! We'll talk after we escape!"

"Reckless, reckless!" Hiding in the corner, Tani zhaichiro looked extremely depressed. "I warned you, this is an Island. How can you run without a boat?"

"It's up to you whether you want to leave or not!" Yusufu rolled her eyes at the Japan writer.

"Let's grab the helicopter!" "I know how to ..." Miao kun said.

Buzzzzzz!

At this moment, the guards outside the door heard the commotion. One of them kicked the door open and rushed in.

Lee Bencheng pulled the bolt and pulled the trigger at the man!

However, an accident happened. Lee Bencheng's gun did not make a sound, and there were no bullets in the gun ...

"Ah?" Lee Bencheng was shocked, and seeing that the guard was about to shoot back, he immediately jumped to the other side of the table.

With his sharp eyes and quick hands, Jecca punched the Guard's rifle with a heavy fist and immediately knocked it out of his hand. Then, he kicked the guard out of the door with his iron knee!

"Close the door!"

“Shut up!” Miao kun shouted, and sai wanbach hurriedly closed the restaurant’s door. The others worked together to flip the huge table over and push it against the door!

Hualalalala ...

The white paper on the table, along with the stationery, had all fallen to the ground. It was a mess ...

Shua shua shua ...

Shua shua shua ...

The people outside slammed the door, but they couldn’t open it no matter what ...

“Quick, quick, quick ...” You SUFU pointed at a small door that led to the kitchen and shouted, “get out of here!” Hurry up ...”

There were no windows in the restaurant, and this small door was the only way out.

However, when you SUFU was the first to turn the doorknob, she realized that the door was locked!

“Damn it!” You SUFU cursed anxiously, “it was still open just now. Who locked it?”

“Japan ...” Sai wanbach hurriedly gestured to Tani zhaochiro. “Don’t you know how to pick locks? Why are you still standing there?”

“I ... I don’t have any tools?” Gu zhaochiro lifted his pajamas to show that he had no tools on him.

“It’s too late! Dodge!” “Fire!” Miao kun shouted as he aimed his rifle at the lock.

However, after a series of clacking sounds, Miao kun’s rifle was empty.

No way?

Everyone felt that something was wrong, and the others also pulled the trigger, but the situation was the same as li Bencheng and Miao kun, and they couldn’t fire at all.

“How did this happen?” “What?” Sevan Bach was shocked. “Why are there no bullets?” It can’t be a fake gun, right?”

“Alright, just watch me!” At this time, with a shout from Jecca, he suddenly slammed into the small door. “Everyone, Dodge ...”

If Juliet was as strong as a bull, then Jessica was a Hill. When she hit the door, it shook violently. The door shook a few times, clearly unable to withstand Jessica’s attack.

Seeing hope, Jecca burst out with all his strength again and slammed into it for the second time.

This time, the door burst open with a violent impact. The entire door, along with part of the door frame, collapsed ...

‘F * ck ...’

Seeing how violent Jecca was, Zhao Yu was speechless and worried for his father-in-law.

In such a state, even if he had taken the energy booster, he might not be able to defeat him. Yet, Miao kun dared to kick such a person out of the helicopter. Wasn't that too much of a joke?

The situation was urgent, and they did not hesitate at all. They quickly passed through the small door and went in ...

Just as everyone had expected, the kitchen was behind the door, and through the kitchen, there was a corridor that led to the outside.

However, as soon as they entered the kitchen, someone immediately felt that something was wrong.

"Eh? "This is ..." Juliet pointed to the ground in confusion and said, "why ... Is there so much water here? Where did you get it?"

Everyone looked down and saw that the kitchen floor was filled with water. The water had already reached their ankles, and no one could avoid it ...

"What's so strange about that?" You SUFU quickly ran into the kitchen, pointing to the water pipe and saying, "don't you see that the water pipe is on? It's probably a leak, right?"

"That's not right ..." Tani zhaichiro said in shock. "Even if the water pipe was leaking, the water couldn't have drowned so deep, unless ... The sewer was blocked ..."

"Alright, who cares? Hurry up and run!" Sai wanbach pushed Gu zhaichiro. "If we don't run now, it'll be too late!"

Aiya, this is bad!

At that very moment, Zhao Yu, who was at the back of the line, had already stepped into the water. In addition to feeling strange, Zhao Yu also had an invisible detector.

At this moment, a red dot suddenly appeared on the detector, indicating that it was in an alert state.

But, what made Zhao Yu feel strange was that the red dot in the middle of the kitchen wasn't a bomb or a grenade, but an unknown danger.

What was going on?

What did it mean by unknown danger?

Even though he didn't understand what she meant, it was still dangerous. Zhao Yu quickly shouted at the crowd, "Hurry up! Come back, there's an ambush! Hurry up ..."

However, before Zhao Yu could finish shouting, something happened in the kitchen.

First, a blinding white light flashed on the floor in the middle of the kitchen. Then, countless blue electric currents shot out in all directions, either by shooting or by conducting through the accumulated water. In an instant, everyone present was electrocuted!

The electric current lasted for a very short time, and it disappeared very quickly after the explosion.

Plop, plop. In the next second, the people who had been electrocuted all fell into the puddles on the ground like dumplings being rolled into a pot ...

Chapter 1325: All good actors

When the unknown danger suddenly released electricity, Zhao Yu finally understood that it must be a special weapon that released electricity, such as an electric grenade.

The accumulated water on the ground was to enhance the effect of this special weapon. Water could conduct electricity. This way, even those who were not directly hit by the current would be electrocuted!

The electric current's electric shock ability was extremely strong. Even a strong man like Jecca fell down after being electrocuted and could no longer move.

Not to mention the others, in just a few seconds, no one was left standing, and they all fell into the water on the ground.

However, Zhao Yu was different from the others.

Through his previous strange encounter missions, Zhao Yu had accumulated at least a dozen invisible lightning rods. The lightning rods were so powerful that even if they were struck by lightning, they would not be hurt at all, let alone this kind of Electric Lightning.

At that moment, although the current had passed through the water and reached Zhao Yu, it was all diverted by the lightning protection needle and did not cause him any harm.

But Zhao Yu wasn't stupid. Everyone had fallen, so if he were to stand alone, it would be too eye-catching.

Although he could rely on his super props to fight with the other party, his father-in-law, Miao kun, was already unconscious. He could not protect Miao kun.

So, Zhao Yu didn't hesitate, but quickly fell down with the others.

As he fell to the ground, he understood something else. Since there was water on the kitchen floor, it meant that they had already expected that they would escape from the kitchen!

Therefore, these must be the protective measures that were designed in advance.

Moreover, the other party had used an electric grenade instead of a grenade or a bomb. Their intention was obviously not to harm their lives, but to subdue them!

Then, thinking about the unloaded rifles, Zhao Yu was even more certain that the other party didn't want to kill them. Therefore, their lives were not in danger for the time being.

Because of this, Zhao Yu couldn't risk his life and fight to the death with the other party, as that would only be disadvantageous to him.

However, although Zhao Yu didn't want to resist, he didn't let his guard down. While he was pretending to be unconscious, he secretly activated the invisible bullet proof suit and other devices, ready to fight back at any time.

At this moment, the small door in the distance of the kitchen opened, and a person walked in.

Zhao Yu squinted his eyes to take a look. Although he couldn't see the person's face clearly, he could see that the person was holding a gun in his hand.

Hence, Zhao Yu clenched his fists. If the man really dared to shoot, he would have to take extreme measures.

Fortunately, what Zhao Yu was worried about didn't happen. After the man with the pistol walked into the kitchen, he patiently checked on everyone's status, then reached out to turn off the tap.

* Squeak ... *

At this time, there was a sudden noise from the walkie-talkie of the man with the pistol. Someone asked him through the walkie-talkie,"

"Hello? How was it? How's the situation?"

"It's fine, everything is going according to plan!" The man replied in broken English,"I've already said it before. Wouldn't it be better to hypnotize them? They were steady and stable, but you had to test their desire to fight ... Alright, are you satisfied now? Hurry up and send someone over! I have to retreat ..."

Ah?

Hearing this, Zhao Yu suddenly felt that it sounded familiar. He quickly tilted his head and looked over carefully. He then suddenly saw that the person holding the pistol was none other than the man who had been killed earlier, the bearded man Sisay!

F * cking grandma ...

Zhao Yu cursed in his heart. This time, it was really beyond his expectations. He could never have imagined that Sisay was still alive!

And ... From Sisay's tone, it was clear that he was on the same side as the other party!

This was ...

This ...

Just as Zhao Yu was in shock, Sisay suddenly let out a strange cry,"Mother! Oh oh oh ..."

Zhao Yu quickly peeked and saw that after Sisay jumped into the water, he shook off a person's arm with his right foot.

It turned out that Lee Bencheng was not completely unconscious. Not only did he recognize Sisay, but he also grabbed Sisay's right foot ...

.....

Half an hour later, in the main hall of Grimm Castle.

Miao kun and the others had recovered from the shock and were sitting on the couches, drinking tea. However, as they drank their water, everyone simultaneously glared at Sisay in the distance.

“Al! “I’m sorry ...” At this moment, Scott, who was on the other side, had abandoned his previous arrogance and changed to an honest face.”Didn’t someone mention Irene before?

“Actually ... It’s like this. Because Irene is suffering from a serious mental illness, she often talks nonsense, and there is a possibility that she will leak the information. Therefore, we have already secretly kept her in custody.

“We faked her death so that the spies wouldn’t think about her!”

“Oh ...” You SUFU nodded and said,”you mean ... You want to tell us that you really represent the United Kingdom government, right?”

“Right!” Scott nodded.”Whether it’s the M15 or the SIS, we have never lied. The charges were forced on us by you, the detectives!”

As Scott spoke, first lieutenant Qiang te who was next to him nodded.

“F * ck, you’re lying through your teeth. You’re not lying, but you’re really good at acting, aren’t you?” Yousufu put down her teacup gloomily and glared at Sisay.

“Don’t be like this, brothers!” “Female Miao, you’re such a sly old fox!” Sisay said to Miao kun, feeling ashamed. How did you know that I’m a double agent?”

“Hmph!” “I was just guessing ...” Miao kun said, glaring at him.

“Alright, since it’s no longer a secret, there’s no need to beat around the bush!” Scott pointed at Sisay and said,”Sisay, you have always been one of us!”

“That’s right,” Sisay said awkwardly.”My country has stopped paying me a salary for a long time. Therefore, please believe that there is no conspiracy or terrorist in this!”

“Yeah,” Qiang te said with a smile.”If our entire organization is infiltrated by terrorists, wouldn’t it be a joke?”

“Everyone, I can be the witness.” Sisay pointed at the restaurant in the distance.”Those so-called ‘exclusive’ products are all fake! It’s the same as me playing dead, it’s just to speed up the pace!”

“Dogshit! It’s really F * cking dogsh * t!” Upon hearing Sisay’s words, sai wanbach angrily slammed the table and cursed,”sh * t Englishman! You guys are just like Grimm ...”

“It is! What’s with this?” She crossed her arms and pointed at Sisay, saying,”I saw you die just now, and I was so sad that I cried for you! Didn’t you guys see? I’m showing my true feelings ...”

“Hmph!” “How can your little tricks escape my sharp eyes?” Miao kun said.

“Actually ... I already guessed that you were acting, but I just didn’t say it!

“Here,” he pointed at Sisay,”your death is too fake, and the blood on the ground isn’t real either ...

“Also ... If you’re really dead, wouldn’t it be more intimidating to leave a corpse beside us? But you guys quickly took the corpse away, there’s clearly something fishy!”

“Tsk!” Jecka retorted, “you’re only good at belattling others! If you could really tell, would you have been electrocuted to that state?”

.....

Hearing this, Zhao Yu was confused. He really didn’t understand how a translator could translate it so well.

“Alright, everyone!” Scott stopped the crowd’s discussion and said seriously, “let’s talk about business. Two hours have passed. Have you cracked the diamond Code?”

Chapter 1326: a familiar scene

“If you still have any doubts,” Scott said, “I can arrange for you to have a video conference with Ms. Irene!”

“Hehe, I really don’t understand what you guys are thinking.” First lieutenant Qiang te laughed and said, “did you watch too much 007 and Mission Impossible? How could his imagination be so rich? How could we possibly be terrorists?”

“No, it’s not that they have a rich imagination,” Scott said to Qiang te seriously. “Don’t you understand? Whether we’re real or fake, they’ve always known in their hearts!

“It’s just that someone wanted to fish in troubled waters and put the diamond thing on hold.

“They don’t want us to get what they can ‘t.

“That’s why we have no choice but to resort to this!” He pointed at Sisay. “But what I didn’t expect was that Sisay was exposed too early!”

“You can’t blame me,” Sisay rolled his eyes, “you can only blame your equipment for not being good enough!

“And ... Um ... I really don’t understand ...” Sisay frowned, then asked Miao kun and the others, “after I pretended to be dead, I kept an eye on you through the camera!

“But how did you contact each other and discuss the uprising? You didn’t knock on the table to give out passwords, didn’t make any deliberate small movements, and didn’t show any signs of lip-reading ...

“If I had noticed it earlier, I wouldn’t have been so passive!”

Hearing Sisay’s question, Miao kun didn’t answer. Instead, he forcefully spat out a mouthful of thick phlegm at Sisay’s feet.

The others also looked down on him and gave him the middle finger ...

“D * MN ... D * MN ...” After raising his middle finger, Yusoff rubbed his head in regret. “I was F * cking tricked. If I had known this would happen, I wouldn’t have told them the password. I regret it so much!”

“Scott!” Juliet raised her head and asked, “you were talking about the two hours again. What else do you want? do you want us to play a game Russia roulette?”

“Can’t you see that we’ve already tried our best with the diamond? If we could really decipher it, we wouldn’t have chosen to take the risk and resist!”

“That’s right,” sai wanbach agreed. “Since you’re a regular army, we’ll follow international rules! I’m telling you seriously right now, I’m not playing anymore, I want to go home!”

“That’s right, we’ve already given you the password to the diamond. The rest of the matter has nothing to do with us!” You SUFU said, “I’m still waiting for my signature on the oil fields that I’ve just contracted!”

“Don’t be in such a hurry, everyone!” At this time, first lieutenant Qiang te suddenly spoke, “you’re right. According to international rules, you do not have an obligation to find diamonds!

“But, don’t forget that there was a murder case on Miracle Island!”

When they heard Qiang te mention the murder, everyone’s face couldn’t help but turn gloomy again.

“Well ...” Scott nodded and solemnly said to the crowd, “everyone, since you have talked about the rules, then you also know the rules, right?”

“As a suspect of the murder case, we have the right to detain you and interrogate you. Also, due to the special identity of the victims, we also have the right to apply for a delay in custody and to detain you back to your country!”

“Tsk ...” Jake cursed angrily. “Are you threatening us? if we don’t cooperate, we can go to London for a free trip?”

“You guys are being shameless!” Juliet retorted, “there was an internal problem in the first place. Molly might have been killed by you! Why are you targeting us?”

“No,” Qiang te declared solemnly. “I have thoroughly investigated my people. Everyone has a clear alibi, whether it is the video surveillance or their own witnesses. They can all prove it!”

“So, I can tell you that the murderer Yingluo is among you! If we don’t find this person, no one can leave wondrous trace Island!”

At this point, everyone frowned again. They all looked at each other subconsciously, and their eyes revealed an indescribable strangeness.

“I think ...” Sisay said to Scott, “it’s more reliable to use my method to hypnotize them.”

“I think it’s more reliable to let you sleep forever!” Miao kun cursed, then stood up and said to Scott and the others, “everyone, we don’t want to waste any more time!

“I’ll only ask you one thing! If we can find the real murderer who killed Miss Jasmine, will you let us go and stop pestering us about the diamond?”

“Um ... Well ...” Scott pondered for a moment, then nodded and agreed. “Of course, if we find the real murderer, we will have no reason to detain you!” About the diamond, Hmph Hmph ...”

“Okay ...” Miao kun turned to the crowd and said, “everyone, as I said before, if we can’t even solve such a case, what are we going to do in the future?” He might as well hang himself!

"I understand everyone's character. Even if he's willing to let us go now, this case will still leave a scar in everyone's heart!" Miao kun held his head high and said, "so, you can be sloppy about the diamond, but you don't have to hold back when it comes to solving a case, right?"

"Hurry up and bring out your skills to solve this case. It's also an explanation for Grimm. Comfort the mother and son, oh no, the father and daughter in heaven!"

Miao kun's impassioned speech caused the crowd to fall into silence again.

After more than ten seconds of silence, someone stood up and echoed, "I agree with Female Miao's idea. If we find the real murderer ..." The one who spoke was Yusufu, a Middle Eastern man. "In addition to proving our innocence, we may also find clues to crack the diamond Code!"

"That's true," Gu zhaichiro said. "We were too rigid before! So what if the murderer was one of their own? Are we really unable to solve the case?"

"Yeah?" "Good!" Sai wanbach clapped his hands excitedly. "Since that's the case, what are we waiting for?" "Hurry up and do it!"

"Scott," Miao kun said. "If you really want to solve the case, you have to list Qiang te and his people as suspects, just like us!"

"Hmph, I have no objections!" Scott crossed his arms in an indifferent state.

"No!" Qiang te suddenly stood up. "I've already checked once before. Don't you think it's messy? How are you going to investigate with so many people? Now that even my people are involved, wouldn't it be a mess?"

"The point is ..." Qiang te pointed to the crowd. "The murderer is among you. What if he manages to escape?"

"Hahaha ..." Miao kun threw his head back and laughed. He pushed Zhao Yu in front of the crowd again and said, "now, you can finally consider our China detective, right?"

"No," Qiang te shook his head and said, "without absolute evidence, no one can be ruled out as a suspect! Don't you all understand this? The more innocent a person looks, the more likely they are to be suspicious!"

"That's right ..." Jake chimed in, then glanced at Miao kun. "Maybe ... The murderer isn't alone, but has accomplices!" Miao kun, do you want the China detective to help you get away with this?"

"You only know how to fart without any smell!" Miao kun scolded, "are you afraid that our China's super detective is too good and will find you, the real murderer?"

"Eh?" "Are your bones itching today? do you want me to help you loosen them?"

"Alright, come on then? Who are you afraid of, grandson?" After that, Miao kun and Jake were locked in a fierce fight.

"Again ..." Sisay shook his head and said, "don't tell me ... You guys want to launch another surprise attack?"

As Sisay spoke, the soldiers present did not want to be fooled again. They immediately raised their rifles and raised the guard rank.

However, at this critical moment, a familiar scene reappeared.

The crowd burst out in wild laughter. After laughing hysterically, Zhao Yu snapped his fingers and said to the crowd, "Everyone, there's no need for so much trouble!

"Actually, I already know who the real murderer, Yingluo, is! Wahahaha ..."

Chapter 1327: you're the murderer!

"Again, again ..." You SUFU rubbed her fingers and shouted, "why does he have to laugh so crazily?" It's like ... It's like I've contracted rabies ..."

"Hey," Jake raised his eyebrows and looked at Zhao Yu disdainfully. "Did someone play the playback button? This isn't the first time you've said this, right?"

"Hey, hey, hey, China detective," Lee Bencheng also taunted, "are you still going to insist that Miss Jasmine committed suicide?"

After Lee Bencheng finished speaking, the crowd burst into laughter.

"No!" Zhao Yu ignored everyone's cold eyes and disdain, and said seriously, "this time, I finally figured it out. First lieutenant Qiang te was right. The murderer of Miss Jasmine is indeed among us!"

"Oh?" Xi Mengna could understand Zhao Yu's Chinese and was shocked. She asked timidly, "really? Who ... Who is that?"

Although the others didn't understand Chinese, they could guess what Zhao Yu meant from his expression.

"Oh ..." Sai wanbach laughed. "This is great. The China detective is going to show his power!" Tell me, tell me, who is the murderer?"

Scott and Qiang te sat back on the sofa with great interest after hearing the translation.

"Everyone," Zhao Yu raised his hand and began to elaborate, "after the case appeared, the only thing I can be sure of is that ..." Miss Jasmine wasn't coerced by anyone!"

"Eh? What ... What did he mean? "I don't understand ..." You SUFU shook her head. "Can someone translate it for me?"

"But ..." Xi menna frowned and said, "I don't really understand. Is it important whether Miss Jasmine is being coerced or not?"

"Ouch ..." Miao kun shouted at the crowd angrily, "how can you do this?" You don't like others to be better than you. Are you jealous?" He pointed at Zhao Yu and said, "I'm not done yet! Please have some patience, will you?"

"Think about it, if Miss Jasmine was coerced by someone," Zhao Yu continued his analysis, "then she would definitely be watched closely, so how could the murderer have the opportunity to kill her?"

“Mm ... Mm ...” Miao kun was trying to figure out what Zhao Yu meant. At the same time, he did not forget to remind the others, “don’t talk. Be quiet, be quiet ...”

“So, I believe that Miss Jasmine is indeed their leader,” Zhao Yu continued. “And this can be seen from Miss Jasmine’s eyes and expression when she spoke.

“I think ... All of you must have seen it very clearly, right?”

“Mm ... Mm ...” Gu zhaichiro nodded silently, but still didn’t quite understand what Zhao Yu was trying to say.

“It was because of her high degree of freedom that she went to the study late at night without anyone knowing!

“Let’s recall ...” Zhao Yu closed his eyes and recalled, “in the surveillance video, Miss Jasmine took those precious manuscripts and went to the study in the middle of the night.

“From her actions at that time, everyone thought that she was innocent and that it was very normal, right? But ... What I want to tell everyone now is ...” Zhao Yu raised his voice and said, “your judgment is right!

“That’s right! Miss Jasmine’s steps were steady, her eyes were focused, and she didn’t look sideways ... I also think that there’s nothing wrong with her heart!”

“Damn ...” You SUFU shook a few times, her hands on her waist, and said, “I almost shook my kidney!” Did the translation make a mistake? Or am I deaf?”

Hearing the doubts, Scott’s translator seemed a little nervous.

“That’s right, that’s right ...” Xi Mengna smiled and confirmed Zhao Yu’s meaning to everyone.

“She went to the study in the middle of the night, maybe she suddenly thought of something,” Zhao Yu guessed. “Maybe she wanted to go to the study to check some information?”

“Well ... She has the manuscripts, so it’s possible that ...” Simone continued, “she wants to know what secrets Mr. Green Left behind in those precious manuscripts?”

“When we judge a murder case, the motive of the murder is naturally the most important part!” Zhao Yu continued, “in the beginning, you guys were making wild guesses not only to confuse the public and fish in troubled waters, but also mainly because you couldn’t figure out the real motive behind Miss Jasmine’s murder, right?”

“That makes sense, that makes sense ...” Miao kun quickly supported his son-in-law.

“Some people suspect that there was an internal problem with Miss Jasmine and that she was killed by her own people. Some people suspect that one of us, the detectives, is the one who deliberately murdered him!

“But in fact, there might be another motive behind Miss Jasmine’s murder, and it might be a very simple reason!”

“Oh?” “What’s the reason?” Hurry up and tell me!”

"It's an accident within an accident, and an accident outside of an accident!" Zhao Yu said it like a tongue twister, which made the translator stomp his feet in anger. There was no way he could translate it ...

"The China detective is so arrogant!" Sisay frowned and said, "can you ... Let me put him to sleep and see if he's mentally sound?"

"Urging your grandmother's leg in hypnosis!" "Zhao Yu, can't you say something normal?" Miao kun asked Zhao Yu seriously.

I'll ...

Everyone was struck down by lightning, and Sisay even rolled on the ground ...

"Alright!" Zhao Yu's eyes changed, and he smiled evilly. "In that case, I might as well tell you the real murderer!

"Everyone, the time to witness a miracle is here. The real murderer of Miss Jasmine is Qianqian! Da da da da ..."

Then, Zhao Yu raised his arm and pointed at a person.

"What the f * ck ..." Miao kun's forehead was covered in cold sweat. "You little brat, are you kidding me?"

It turned out that Zhao Yu's finger was pointing at Miao kun!

Oh ...

The crowd was in a state of shock.

"Hey, don't move, okay?" In the midst of the exclamations, Zhao Yu quickly wagged his finger and said, "didn't you see? I was pointing at you! It's the one beside you!"

"What?" Miao kun was shocked and quickly dodged to the side, but he accidentally bumped into a few people.

"It can't be?" Seeing Zhao Yu's finger pointing at her, you SUFU jumped to the side in shock. "It wasn't me, it wasn't me ..."

"Hey, you guys ... Please don't move, okay? Can't you at least give me some face?"

Helplessly, Zhao Yu stepped forward and finally fixed his finger on a person.

However, when the crowd saw who Zhao Yu was pointing at, they all had an incredulous expression on their faces. No one would have thought that Zhao Yu would point at her!

"This ..." Xi menna moved a step to the side, and when she saw Zhao Yu's fingers following her, she pouted and put her hands on her waist. "Zhao Yu, you ... What do you mean by this?"

"What I mean ... Isn't it obvious? "Hehehe ..." Zhao Yu sneered, then said confidently, "the murderer I'm talking about is you, Zhenzhen!"

Chapter 1328: The determination to kill

"Hahahaha ..." Seeing Zhao Yu point out the murderer, Yusoff laughed so hard that her tone changed. "Your China detective is really weird. If Miss Xi is the murderer, I'd rather believe that Miss Jasmine died of suicide!"

"I told you!" Sisay clenched his fist and said, "wouldn't it be great if I hypnotize him and check his mental state? You guys just don't listen!"

"This ..." Miao kun was dumbfounded. He looked at Xi menna, then at Zhao Yu, and asked, "Zhao, are you ... Joking again?"

"Did you see the tense atmosphere and want to lighten it up?"

"Wahaha ..." Zhao Yu looked up and laughed. "It seems that you self-proclaimed super detectives are just so-so!"

"Such an obvious flaw, and none of you actually saw through it?"

"Mm ..." Gu zhaochiro could understand Chinese. Before the interpreter could translate, he asked Zhao Yu in Chinese, "are you talking about the footprints in the passage?"

"Wow ..." Zhao Yu was shocked, and his eyes widened as he asked, "Japan old man, you ... You also thought of it?" You can even speak Chinese? You're really a cripple, oh no, you're hiding your abilities?"

"I did think of it...But ..." Tani zhaochiro frowned and said, "how can you be so sure that the murderer is Ms. Xi? It seems like ... Anyone can do it, right?"

"I can't do it. When you cracked the diamond Code, I took off my shoes and tried it ..."

"Hey, hey ..." At this moment, you SUFU couldn't take it anymore. She shouted at the two of them, "can you guys stop talking nonsense?" What evidence do you have? hurry up and explain it clearly!"

"It's ... A little unexpected ..." Juliet said, tiptoeing as she looked at Simone. "If I had to guess who's not the murderer, I'd probably choose her first!"

"Alright, I'm done!" Miao kun spread his hands and said to the crowd, "I'll be the translator! Zhao, slow down, I'm a little confused too!"

"Wait a minute ..." Of course, Xi menna was not happy with that. "You guys ... How can you do this?"

"Do you really believe his nonsense?"

"Are you bullying me, a girl ..."

"Oh ... I understand. This is a conspiracy. You want to use me to complete your mission, right?"

"China's super detective ..." Scott was a little confused. He pointed at Xi menna and asked Zhao Yu, "don't forget, in order to save her at the restaurant, you didn't hesitate to tell her the Indian password, but now ..."

"That's a simple reason ..." Zhao Yu smiled. "Because when I saved her, I didn't suspect her of being the murderer!"

"I say ..." Sai Wan BA ke finally interrupted, "did you guys forget, Miss Jasmine was killed by a professional expert, and the blade was clean and neat!"

"But look at this lady who's as beautiful as a model ... How can she be a cold-faced assassin?"

"Thank you!" Xi menna nodded politely. "But I need to correct one thing. I'm not 'like' a model. I've been to Milan Fashion Week and appeared on the title page of MarieClair!"

"Wow ... Amazing!" "Then, do you mind giving me your contact information?" I have a villa in Venice. If there's a chance, we can talk ..."

"Sai Wan BA ke, this is not funny at all!" Juliet made a fist gesture at him, and sevanbach finally stopped talking.

"Let's not talk about martial arts first, let's talk about evidence!" Zhao Yu said, "everyone, the reason I suspect that Miss Xi menna is the murderer is indeed because of the footprints left in the secret passage!"

"Shoe print?" Sisay mumbled, "that's strange. Didn't that footprint already prove that it was left behind by Miss Jasmine?"

"Are you trying to say ... That I was the one who left the shoe print?" Xi menna started to work, her face filled with anger.

"If I were you, I wouldn't be in a hurry to explain, lest I say too much and slip up!" Zhao Yu reminded Xi menena, then turned to the crowd and said, "now, let's continue with the previous topic!"

"Miss Jasmine came to the study in the middle of the night. She wanted to find something. However, not long after, not only did she not come out of the study, but she also died in the small garden 100 meters away!"

"This matter seems strange, but in reality, it may not be as complicated as we think.

"The problem ..." Zhao Yu saw Miao kun waving his hand and paused. After Miao kun translated for everyone, he continued, "the problem should be in the study room, or the secret room under the study room!"

"Of course, I personally think that it's more likely to be in the study. "Because ..." Zhao Yu paused again, then said, "the corner of Green's desk moved slightly, about three millimeters, and the traces are new!"

"I saw this too!" Sisay suddenly raised his hand to signal, but it was suddenly pressed down by Lieutenant Qiang te ...

"In addition, Miss Jasmine didn't have any Kung Fu, and she didn't carry a gun that night. Therefore, once she discovered anything unusual, her first reaction would be to quickly leave the house and escape!"

"So, there's an eighty percent chance that she was knocked out in the study!"

“Hey, isn’t this a little too much?” “If she was knocked unconscious in the study, did she sleepwalk to the crime scene?” asked Jake after Miao kun finished translating.

“Wait ... I understand now ...” She pointed at Zhao Yu and asked, “you mean, that night, there was another person in Green’s study?”

“After Miss Jasmine went in, you just happened to run into her? Just a coincidence?”

“Right!” Zhao Yu nodded.

“Indeed, I think so too!” “That person sneaked into Green’s study,” he said. “He must be looking for something, but I can’t guarantee that it’s not a diamond!”

“It’s getting more and more chaotic. Why is there another thief?” Sisay didn’t understand.

“This thief ...” Zhao Yu looked at Xi menna and said, “is the murderer! If you feel that it’s a little messy, then I’ll restore the scene!

“That night, the murderer sneaked into Grimm’s study through the platform outside the window. He wanted to find something in the study.

“Maybe, it was just a coincidence. Maybe, this person already knew that there was a secret room in Grimm’s study, so when he entered, he quickly opened the secret door of the bookshelf and found the secret room!

“Next, he might have been searching for something in the secret room or in the study, but unfortunately, Miss Jasmine suddenly appeared!

“The murderer definitely didn’t expect that Miss Jasmine had the habit of working at night and would come to the study in the middle of the night, catching him off guard.

“At that time ...” Zhao Yu gestured with his hands. “The murderer was either still in the secret room, or he was trying to close the secret door of the bookcase. But, he was one step too late, and was seen by Miss Jasmine, who had entered the room!

“Miss Jasmine saw that something was wrong, so she turned around and ran, while the murderer stepped on Grimm’s desk and jumped up, then restrained Miss Jasmine from behind and knocked her out!

“Then ... In order not to attract anyone’s attention, the murderer quickly carried Miss Jasmine into the secret room, cleaned up the scene in the study, and then closed the secret door of the bookcase!

“And then ... After the murderer thought about it,” Zhao Yu said in a deep voice, “he finally made up his mind to kill!”

Chapter 1329: The key shoe print

“You say it as if it’s true!” Lee Bencheng, who had been silent for a long time, couldn’t help but say, “these are all your subjective assumptions. How can you figure out the murderer’s psychology?”

“How can you be so sure that the murder case was just an accident and not a deliberate murder? For example, why didn’t the murderer know that Miss Jasmine might have gone to the study late at night, so he went there in advance to wait for her ...”

“In that case ...” Tani zhaochiro said, “Green’s desk would not have left any traces of being moved!”

“How do you know ...” Lee Bencheng objected, “the movement of the desk must be related to the murder case? What if someone else touched it?”

“If it’s a normal movement, it’s usually a horizontal movement,” Tani zhaochiro said. “But the movement of the desk clearly shows signs of being pressed down ...”

“Wait a minute ...” You SUFU was getting more and more confused. She hurriedly waved her hand and said, “can you guys stop thinking about the office desk?”

“I don’t think I heard the main point!” He turned to Zhao Yu and asked, “China detective, according to your theory, the murderer should have killed her in a secret room. So, why did Miss Jasmine die outside?”

“You’re not trying to say that the murderer changed into Miss Jasmine’s shoes and carried her out through the secret passage, right?”

“That’s right!” Zhao Yu nodded. “Miss Jasmine must have seen the murderer’s face and knew his identity. Therefore, the murderer decided to silence them to prevent himself from being exposed.”

“Um ... I ... I don’t think I’ve translated it yet!” Miao kun frowned. “Don’t tell me ... You can understand it?”

“I can guess it!” Zhao Yu answered without hesitation, then continued, “the murderer changed into Miss Jasmine’s shoes while she was unconscious, then carried her out of the secret chamber through the passage and went to the small garden.

“In the end, he killed Miss Jasmine with a sharp weapon, turning the crime scene into what we saw ...”

This time, Zhao Yu learned from his experience and quickly paused for a moment, letting Miao kun translate for everyone.

“Wow, what a rich imagination!” “First of all, why didn’t Miss Jasmine find the secret passage in the study room, walked out of it, and then ran into the robbers outside, and was killed?”

“It’s a footprint!” As soon as he finished speaking, Tani zhaochiro answered on Zhao Yu’s behalf, “I noticed that there was something wrong with the footprints from the beginning! Because every step it took was very even, it seemed extremely deliberate and meticulous!”

“Not bad! The force of the footprints was very strong, and every one of them was very clear. It was indeed too deliberate!” Zhao Yu continued, “if we were normal people, we wouldn’t have left such footprints!”

“Moreover, the ground of the passage is covered in dust, which means that no one has visited it for a long time. Think about it, in the middle of the night, in the castle’s Secret passage, and Miss Jasmine is alone. She should be walking very lightly, right?”

"In my opinion, if Miss Jasmine had discovered the secret passage, she wouldn't have gone down alone. She would have informed her subordinates!" Juliet analyzed, "so, I think Zhao's speculation is more credible. Miss Jasmine must have been knocked out in the study and then carried out to kill her."

"Oh ... I understand!" Xi menena's eyes widened as she said, "Zhao Yu, you mean that, of all of us, only I can wear Miss Jasmine's shoes? So, you suspect that I'm the murderer, right?"

Oh ...

When the crowd understood what he meant, they immediately let out a low cry. It was obvious that this reason was a little farfetched.

"Don't you see it?" Xi menna explained angrily. My shoes are at least two sizes bigger than Miss Jasmine's, so I won't be able to fit in them!"

"No!" Zhao Yu shook his head and said, "what Miss Jasmine is wearing is a pair of Casual Sports Shoes. They have a certain flexibility, so even if you can't fit in them, you can at least fit most of them."

"So what? Are you walking on tiptoes?" Xi menna explained, "according to what you said, I still have to carry a living person on my back!"

"I'm not tiptoeing!" "The footprints left on the secret passage, be it the soles or the heels, are all very clear," Gu zhaochiro clarified. "This is enough to prove that the murderer did not walk on tiptoes!"

"So ..." Zhao Yu said with a cold face, "I found slight wrinkles on the heel of the deceased's shoes!"

"This means that the murderer didn't put his entire foot into the shoe, but stepped on it like he was wearing slippers, which caused the wrinkles at the back of the shoe."

"Also, the murderer must have noticed this, so when he changed Miss Jasmine's shoes, he deliberately smoothed out the folds a few times. Obviously, he didn't want us to pay attention to that area!"

"Wow ... You're so awesome now?" Miao kun forgot to translate and said in surprise, "your observation was so detailed, but at that time ... You looked so casual!"

In fact, Zhao Yu didn't observe the scene in detail at that time. He just thought about it later, so he used the memory flashback device to replay the scene.

"So what?" Xi menna pointed at the crowd and said, "since you walked over with your shoes, there are many people at the scene who could do that, including you, Zhao Yu?"

"Mm ... My feet are sweaty, and they're surprisingly stinky," Zhao Yu said. "If I had changed my shoes, they would have been stinky!"

"It's definitely not me, hehe ..." Jecka pointed at his big, fan-like feet. "If it were me, Miss Jasmine's shoes would have been torn!"

"That doesn't mean it's definitely me, right?" "Miss Jasmine is at least 110 pounds," Xi menna said excitedly. "How would I have the strength to carry her 100 meters?"

"Yes ..." Qiang te quickly reached out his hand and said, "it's 101 pounds!"

“So what if it’s 80 catties?” “Even so, you can’t just say that our model did it, right?” sai wanbach said.

“Think about it carefully,” Zhao Yu said, raising a finger to remind everyone. “When we found the passage from the secret room, who was the first one to tell us that there were footprints on the ground?”

After Zhao Yu said this, everyone was immersed in their memories, and Xi Mengna’s expression changed slightly.

“I remember now ...” You SUFU said. “It’s what Miss Xi said!”

“Yes, I remember that too,” Miao kun said. “It was Xi menna who reminded us!” This ...”

“Before we found the secret passage ...” Zhao Yu pointed at Xi Mengna and said, “Miss Xi was at the end of the line and rarely participated in the discussion.

“But when we discovered the secret passage, she was the first one to rush to the front and remind us about the footprints. Don’t you think that’s a little unreasonable?”

“You ... You ...” Xi menna said angrily, “what are you saying! Are you suspecting me of being the murderer just because I found the footprints?”

“Isn’t this ... Too laughable?”

“Miss Xi, you’re right!” Li Bencheng also spoke up for Xi menna. “As detectives, we all know that you can’t make a conclusion based on your subjective assumptions!

“The conclusion of any crime requires reliable evidence as a basis,” Lee Bencheng said coldly to Zhao yu. “China’s super detective, all of the reasons you’ve mentioned are not very reliable, right?”

“Alright, you want evidence?” Zhao Yu wasn’t afraid at all, and said confidently, “I’ll tell you now where the evidence is!”

Chapter 1330: Where’s the evidence?

“Wait a minute, I’m sorry ...” Just before Zhao Yu could speak, Scott suddenly interrupted, “there’s one thing I don’t understand ...

“China detective, since the murderer had already knocked Miss Jasmine out, why didn’t he kill her in the secret chamber?

“It’s killing people anyway. What’s the difference between killing outside and in the secret room? Besides, it seems like ... Killing people in a secret room is more secretive, right?”

Scott finished his question and someone at the scene nodded. Apparently, he had the same question.

However, after waiting patiently for Miao kun to finish translating, Zhao Yu said,

“Because ... The window of the study is open!”

“.....”

One sentence, not only did it make Scott dumbfounded, but it also made the other detectives confused.

"I think the murderer must have thought the same way!" Zhao Yu paused for a moment, then explained, "if he killed Miss Jasmine in the secret room, it would be the same as the murder case happening later, and the disappearance case happening before."

"If Miss Jasmine is missing, her subordinates will definitely do their best to find her. Since the camera had captured Miss Jasmine entering the study at the end, people could easily find the secret room in the study."

"In addition, the murderer has no choice but to worry that there are other people who also know about the secret chamber. They will also find the secret chamber very quickly and find Miss Jasmine's body."

"So, instead of letting people search for the missing Miss Jasmine, it's better to let people see the murder outside."

"That's why the murderer opened the window in the study and made people think that Miss Jasmine went out through the window herself, so as to divert everyone's attention from the secret chamber!"

"Why do you want to draw them away?" You SUFU made a guess. "Could it be ... That the secret chamber is very important to the murderer?"

"Wow ..." Sisay's eyes widened. "According to what you said, the diamond might really be hidden in the secret room?"

"I think ..." Zhao Yu said. "This might be only one of the reasons. Maybe the murderer didn't want people to know about the secret room, and there might be another reason, which is to confuse us, so that we can't treat the murder case as an accident!"

While Miao kun was translating, everyone was slowly digesting Zhao Yu's words.

"He went through so much trouble and even changed his shoes to carry her out of the secret room, just to create an illusion." Zhao Yu continued, "to make us think that there was something wrong with Miss Jasmine, and that she died in the garden in the middle of the night because she wanted to see someone, or she had some conspiracy ..."

"That makes sense, that makes sense!" "When we first saw the crime scene, we really thought too much about the case!"

"That's true. The base point for this judgment is actually the video before Miss Jasmine entered the study!" Juliet nodded and said, "and we really did overlook that!"

"There are only Lady Jasmine's footprints in the secret passageway ... This means that the murderer didn't enter Grimm's study from the secret passageway!" "Then how did the murderer get in?" Scott asked again.

"There's a surveillance camera at the door of the study, so the door of the secret passage can only be opened from the inside," Zhao Yu answered without thinking. "So, the murderer could only enter the study from one place, which is ..."

"The window!" A few detectives answered almost in unison.

"I've seen it before," Tani zhaichiro said. "The windows of the study room are those old-fashioned bolts. If you use a barbed wire or a magnet, you can easily open them from the outside!"

"Alright, have you guys said enough?" Lee Bencheng said impatiently, "alright, I believe that your reasoning may be correct. "But," he turned to Zhao Yu and asked, "you still can't be sure that the murderer is Xi Wei's daughter?"

"Hmph ... It's hard to say if she's Xi Wei's daughter or not!" Zhao Yu mumbled.

"Well ..." Miao kun took a closer look at Xi menna and muttered, "I've seen her before ... It seems ... Similar, almost the same ..."

"China's super detective ..." Sai wanbach urged. "Didn't you just say that you have evidence to prove that the model lady is the murderer? Where's the evidence? Why don't you take it out?"

"Hehe," Zhao Yu said slowly, as if he was deliberately controlling the rhythm of his speech. "You must be very curious about where the murderer hid the weapon that killed Miss Jasmine, right?"

Suddenly hearing the word "murder weapon," everyone's eyes lit up, and they all focused on Zhao Yu.

"Do you still need to say that?" Sai wanbach pouted and said, "don't tell me ... You know where the weapon is hidden?"

"Of course I don't know!" Zhao Yu spread his hands and looked helpless. "After the case, we were all gathered together. How could we have the time to look for the weapon?"

"You're an interesting person ..." You SUFU frowned. "Since you don't know where the weapon is, what's the use of it?"

"I didn't see a paper cutter in the pen holder in Grimm's study. "But ..." Zhao Yu deliberately changed the subject and said, "I can't guarantee that the weapon must be a paper cutter. It was also possible that the murderer had a knife with him. It's also possible that the murderer found a knife in the secret room."

"It's also possible that he stole the utensils during lunch! "Hehe ..." Sisay laughed foolishly. "After all, the murderer is a thief!"

"Everyone ..." Zhao Yu finally raised his voice and said to the crowd, "now, let's use a hypothesis to deduce. If you are the murderer, then after you killed the person, how would you deal with the weapon?"

"The weapon often contains important information," Tani zhaichiro said first. "So, it must not be left at the crime scene or near the crime scene."

"Since we've already confirmed that the murderer killed to confuse us, it's even more unlikely that he would leave the weapon in a place where we can easily find it!"

"But ..." Said jjeke. "There are many cameras installed on this Island, so the murderer's range of activity is limited. He couldn't have placed the weapon far away, right?"

"It's not a good idea to take it back to the castle and hide it," Juliet said. "There are many cameras in the castle. One mistake and we'll expose our target."

"As we guessed," Gu zhaichiro continued, "the murderer left the room through the protruding wall outside the window, so when he returned, he must have returned to his own room!"

"Then, it's even more impossible to bring the weapon back to the room!" The Japan writer said, "everyone knows that after the case, there will definitely be people searching every suspect's room. That is the stupidest thing to do."

"Yes, there's a camera in the corridor outside the room!" You SUFU said, "as long as we return to the room, we can't go anywhere else to hide the weapon!"

"So, the murderer must have hidden the weapon on his way back to his room after killing the man!"

"The garden is less than 100 meters away from our room. If the weapon was really hidden in that place, how could we not find it?"

"In this area, as long as the camera can't reach it, we have conducted a carpet search," Lieutenant Qiang te replied. "But we found nothing!"

"Did they ... Dig a hole and hide it?" Sisay asked.

"The weapon is metal," Qiang te replied. "We used a metal detector, but we found nothing!"

"It's good that you didn't find it!" Zhao Yu did not wait for Miao kun to translate for him. He said, "it's there. You won't be able to find it!"

"Are you trying to say ...?" Lee Bencheng sneered, "the weapon isn't metal?"

"No!" Zhao Yu said with confidence, "I just want to say," Let me tell everyone where the murderer hid the weapon!"
