

Crazy 1331

Chapter 1331: unscrupulous detective

Hearing Zhao Yu's words, the atmosphere suddenly became more intense.

"Kid," you SUFU could not help but say, "didn't you just say that you didn't know where the murderer hid the weapon? Why do you suddenly know now?"

"Did you hear it wrong?" Zhao Yu explained slowly, "I mean, I only know the approximate location where the murderer hid the weapon, but I don't know the exact location. So, we can't take it out immediately!"

"Is there a problem with the translation?" "Why does his words always sound so careless?" sai wanbach complained.

"Translate my ass!" Miao kun was anxious when he heard that. "You're lying in the latrine pit because you can't sh * t? It's obviously your comprehension ability that's lacking!"

"You ..." Sai Wan BA ke gritted his teeth in anger.

"Alright, alright!" Furrowing his brows tightly, Gu zhaochiro complained to the two of them, "look at the situation now. You should speak less!" It's not too late to give your opinion after he's finished!"

After Tani zhaochiro finished speaking, the scene finally quieted down a little.

Zhao Yu cleared his throat and continued, "After the murderer killed the man, he also realized the problem with the weapon, so he had to hide it in a temporarily safe place!

"So, after careful consideration, he didn't hide the weapon near the crime scene, but took it directly back to Yingying's room!"

"Impossible!" Hearing this, Qiang te quickly said, "we have carefully searched everyone's room! I don't have any!"

"Of course not!" Zhao Yu suddenly sped up his pace. "Because, the murderer only left the weapon in the room for a short time, then took it out again, and ... He took it out blatantly!"

"Ah? You took it out?" Miao kun couldn't help but ask, "how did you get it out? And ... And so brazenly ..."

As he spoke, Miao kun nervously glanced at the crowd, as if the weapon was hidden on someone at the scene. The others couldn't help but reveal strange expressions and listen even more carefully.

"The murderer brazenly took the weapon out of the castle and then hid it in another place, a place that is completely opposite of the crime scene." Zhao Yu continued, "this way, we won't be able to find it in a short time!"

"This ..." You SUFU frowned and asked, "what do you mean by brazen?" Did the murderer move the weapon out right under our eyes?"

“Hmph!” Zhao Yu snorted and finally got to the point. “Everyone, this morning, when we were suddenly woken up by first lieutenant Qiang te and the others, only one of us was not in our room.

“Try to recall, who is this Qianqian?”

“Miao kun! Female Miao!” “That’s him!” He shouted excitedly, pointing at Miao kun. “Not only was he not in his room, but he also jumped out of the window.”

“So ... He was hiding the weapon!”

“Hide your grandmother’s legs!” Miao kun cursed, “I thought we were attacked! That’s because I wanted to save you, grandson!”

“It wasn’t him!” Zhao Yu quickly clarified, “Female Miao was caught the moment he jumped out of the window. If he had the weapon, wouldn’t he be walking right into a trap?”

“I ... I remember now ...” At this moment, Juliet turned to look at Simone in shock and said excitedly, “if there was anyone who wasn’t in their room, it was her!”

“Waa ...”

When Juliet said that, everyone turned to look at Simone.

“Yup!” Gu zhaochiro said nervously, “at that time, Miss Xi came back from outside. She ... She must have gone for a morning run! Could ... Could it be ...”

“What’s this ‘could’ be?” Zhao Yu cut in and pointed at Xi Mengna. “The purpose of her morning run was not to exercise at all, but to hide the weapon!”

“Ah ...”

Upon hearing this, the few people who were standing close to Xi menna all moved away from her.

“You ... You’re slandering me!” “I have the habit of jogging in the morning,” Xi menna retorted. “How can you say that I hid the weapon?” You’re just slandering me!”

“Did I slander you?” Zhao Yu pointed outside the castle and said, “if you had jogged in the morning, you would have gone to the garden where Molly was killed. But you chose the opposite route and went to the other side of the castle! Why was this so?”

“Anyway, you’re going for a morning run. Even if you’re caught on camera, it won’t cause any suspicion!” Zhao Yu squinted his eyes and said, “so, you went out for a run early in the morning, and found a suitable place to hide the weapon.

“Because that place is quite far from the crime scene, it’s impossible for us to go there for a search for the time being!”

“You ... You’re talking nonsense!” Xi menna argued, “I’m not familiar with the island’s terrain. These are all your subjective assumptions and guesses. They’re not the truth at all!”

“Well, the point is ...” Sai wanbach said as if he was talking to himself, “at that time, Miss Xi was dressed so sexily in tight clothes. How could she have hidden the weapon?”

“Hmph!” Zhao Yu didn’t need Miao kun to translate, but said immediately, “that’s what she’s best at!

“She deliberately dressed so provocatively and sexily, so that people’s attention would be focused on her seductive parts, but they would ignore the things that she might be hiding.

“So, you can take out the surveillance video of her morning run and take a closer look to see which part of her body could hide a dagger? “Of course,” Zhao Yu said, “in addition to the weapon, there should be a pair of gloves. After all, she had wanted to steal something that night, so she would naturally be very concerned about her fingerprints!

“If it’s on point, there might be some blood on the gloves. Miss Jasmine’s blood ...”

Hearing this, no one expressed their opinions, and they all seriously thought about Zhao Yu’s reasoning.

At this time, Lieutenant Qiang te and Scott looked at each other. Qiang te hurriedly gestured to his men to go and get the surveillance video!

“I’ll give you some advice,” Zhao Yu said. “Send someone to search along the route that Miss Xi took during her morning run. I can guarantee that you’ll find something unexpected!”

“Since ... We are far away from the target!” “Then it’s best to focus on the farthest area, and the place without any surveillance cameras!”

After first lieutenant Qiang te heard this, he immediately made a hand gesture to his men and arranged for them to search.

“You ... You ...” Xi menna’s expression was ugly. She stomped her feet in anger. “You’re all so despicable! In order for you to escape safely, you framed me, an innocent and weak woman, as a murderer!

“You ... You will all suffer retribution!”

“You’re wrong!” Zhao Yu stood up, pointed at Xi menna, and said, “I never wronged you! You’re a murderer!

“The few calluses on your hands prove that you’re not only good at climbing, but also good at shooting.

“The thenar area on your right hand is wider than your left hand, so you must have received professional training.

“Also, when we went through the crocodile pool together, I found that you were agile and stronger than I thought. You should be a low-key master!

“Also, do you know why I was so sure that you were the murderer?”

“Why?” Xi menna clenched her fists and asked angrily.

“Because, when we went into the secret room to check,” Zhao Yu said quickly, “there was a not-so-obvious handprint on the stove. I didn’t have time to look at it carefully, but you deliberately reached out and pressed on it, destroying the handprint!”

“This can only mean that you were the one who put the handprint on it. You were afraid that we would find out that the handprint was the same as yours, so you deliberately erased it!”

“You! You’re slandering me and spouting nonsense!” “I ...” Xi menna finally couldn’t take it anymore. She yelled, “I can’t ... I ... I ...”

“You don’t what?” Zhao Yu laughed coldly. “Are you trying to say that it’s impossible for you to have left your handprints there?”

“You ... You’re lying to me!?”

Xi menna was so angry that her eyebrows were raised and her body trembled, but before she could react, Zhao Yu had rushed in front of her and kissed her on the lips!

“Hey...Wuwuwu ...” Xi Mengna was speechless from Zhao Yu’s forceful kiss. In his shock, he immediately raised his palm and hit Zhao Yu’s face.

Xi Mengna’s palm was as fast as lightning and as powerful as the wind.

Fortunately, Zhao Yu was prepared. He quickly covered his face with his hands. With a loud bang, Zhao Yu was forced to take a few steps back and fell on the coffee table!

Waa ...

After Zhao Yu fell, everyone else stood up and looked at Xi Mengna in shock!

Chapter 1332: Who are you?

Xi menna stood in the middle of the living room. Under everyone’s strange gazes, she seemed unusually isolated.

Although this mixed-blood girl had yet to admit that she was the murderer, she had already become the biggest suspect in the eyes of the public for killing Miss Jasmine!

“Ouch ...” Zhao Yu shook his arm and said in pain, “it hurts so much. My bones might have been broken ...”

Even though Zhao Yu had obviously been acting, Xi Mengna’s palm strike had been extraordinary. One could tell at a glance that she had been professionally trained!

“Amazing, amazing ...” Tani zhaichiro looked at Zhao Yu in surprise and muttered, “the details, the bluff, and the surprise attack, this series of high-level moves are really refreshing and dazzling!”

“China’s super detective, he’s indeed a China super detective! “I ...” Tani zhaichiro found a place to sit down and said hurriedly, “I have to quickly memorize all these tricks so that I can use them in my novel in the future ...”

“Miss Xi ...” At this moment, Qiang te stood up and asked Xi menna, “tell me, who sent you?” What exactly are you looking for in the study’s Secret room?”

“Hey! What was he doing? What are you doing?” Xi menna argued, “just because I know some self-defense techniques, you want to sentence me to death?”

“Let me ask you, which one of you here doesn’t have a unique skill? Why do I have to be a criminal? Can’t I have some self-defense skills?”

"You ..." Miao kun pointed at Xi menna and asked doubtfully, "from what I remember, Xi Wei's daughter doesn't seem to be a good-for-nothing, Oh ... Martial arts practitioner, right?"

"Could it be ..." He pointed at Xi menna's face. "A disguise? You're a fake?"

"I don't know if it's fake," Zhao Yu quickly said. "But I really don't have any disguise skills!"

"Oh? How can you be so sure?" Miao kun was confused.

"Nonsense!" Zhao Yu pointed to his mouth. "Why else would I kiss her just now? Have you ever kissed another woman in front of your father-in-law?"

"Oh ... Oh ..." Miao kun suddenly realized. "Oh, so you were trying to test if she was wearing a human-skinned mask!" I say, why did you have to kiss her so lovingly? "But ..." Miao kun asked in a low voice, "how does it feel? Did you feel good?"

"Tsk ..." Zhao Yu's face was full of disdain, but he was very proud in his heart.

"Miao uncle, I was still in high school when you saw me last time!" Xi menna explained, "at that time, I had just started to practice fighting!"

"Besides, we only met for a short time. You can't possibly know if I know martial arts."

"That makes sense, but ..." Miao kun shook his head and said, "even if you are Xi Wei's daughter, you can't stop you from killing Miss Jasmine, can you?" These are two completely different things!"

"You!" Xi menena glared at Miao kun, then turned to Qiang te and said, "first lieutenant Qiang te, although I'm young, I know the rules. You have no right to detain me without concrete evidence!"

"I need to call my father now!"

"Don't worry," Scott said. "We will definitely make the call to your father!" However, you have to cooperate with our investigation and tell us everything you know!"

"Yes," Lieutenant Qiang te nodded. "So, please wait patiently." Don't worry, we'll definitely enforce the law impartially, and we won't wrong anyone!"

"No! I'm going to make the call now!" Xi menna said excitedly, "I have to make a call! I can't let so many men bully me! You can't restrict my right to make calls!"

"No, you don't understand!" Scott spread his hands and said, "it's not that we want to restrict you from making phone calls, but the communication equipment on the island has a problem. The signal has not been restored!"

"It can't be?" You SUFU subconsciously reached into her pockets, only to find that the pajamas she had changed into did not even have a pocket, let alone a phone.

"You ... You're lying! You guys did it on purpose!" "No!" Xi menna gritted her teeth and then compromised. "At most, I can help you get my father's password! This should be fine, right?"

“Please believe us,” Scott said as he sat on the sofa, looking a little tired. “If communication had been restored, the first thing I would have done would have been to get Xi Wei’s password. It would not have taken so long!”

“Yeah ...”

Qiang te agreed, but as soon as he opened his mouth, one of his men suddenly ran to him with a laptop.

It was obvious that they had already taken Xi menna’s surveillance video.

“Okay,” Miao kun said, fanning the flames. “Everyone, come and take a look!” Let’s see if there’s anything hidden on this beautiful lady’s body. ”

Very quickly, the technical staff pulled up the video. The first video was of Xi menna leaving the room and being captured in the corridor.

“Wow, it’s so sexy!” You SUFU praised and took the lead to say, “if she’s hiding a weapon on her body, then needless to say, it must be inside the sock! The weapon should be at least that long, right?”

He drew an exaggerated length with his finger.

“If there was a weapon, it would be impossible to directly insert it into the socks. It should at least be covered with a plastic bag or cloth cover,” Tani zhaochiro speculated. “With gloves, there should at least be an obvious bulge!”

When everyone heard the word “protruding”, they could not help but look at Xi menna’s chest in the video. The scene was awkward ...

However, just as everyone was discussing and guessing what was suspicious about Xi menna, first lieutenant Qiang TE’s walkie-talkie suddenly rang.

“First lieutenant, first lieutenant ...” Someone reported to Qiang te. “On the way to the tennis court, we found a suspicious item. It was thrown on the tree!”

“.....”

When she heard this, Xi menna was shocked and fell short.

“First lieutenant, it was a black plastic bag,” the soldier on the walkie-talkie reported. “We have opened it. Yes ... There is a fruit knife inside!” It looks like our restaurant’s ...

“Besides the fruit knife, there was also a pair of thin gloves with blood on them ... And, and a handkerchief ...”

After hearing these reports, Xi menna became more and more dispirited, and her body kept shaking.

“I say, miss detective,” Zhao Yu smiled, “what else do you have to say now? If you still think that someone is trying to frame you, then just wait for the test results! Let’s see if we can find any evidence related to you among the evidence. ”

“I ... I actually hit all of them!” “Zhao Yu ...” Sai wanbach looked at Zhao Yu in surprise. “You’re really a rising star ...”

“Who would’ve thought ...” Sisay no longer had his previous arrogance. He said with emotion, “the murderer turned out to be the person who doesn’t look like a murderer at all!”

“Miss Xi ...” Qiang te was afraid that Xi menna would resist, so he quickly signaled Scott’s men to surround her. Then, he carefully walked up to Xi menna and said, “I advise you not to waste everyone’s time. Tell us who you are now!”

Chapter 1333: I’m really Xi Wei’s daughter (1)

“I’m Xi Wei’s daughter,” Xi menna said with a trembling voice. “If you dare to bully me, my father will not let you off! I’m telling the truth!”

“Tsk ...” Jieka cursed softly from behind, obviously disdainful of Xi Wei.

“Miss Xi, don’t you understand?” First lieutenant Qiang te advised, “at this time, your identity is no longer important! The important thing is that you’re a murder suspect! You’ve killed someone!”

“Now, I need you to tell me why you killed him. Who sent you here? What is your goal?”

“I’ll say it again. It was my father who asked me to come. My purpose is to take his place in the detective salon organized by Sir green!” Xi menna mumbled, “as for why I killed someone ... I didn’t kill anyone. You’re framing me!”

“What, you still want to quibble?” Juliet said, “you’re a detective yourself, and you don’t know this. Now, the evidence is conclusive! Tell me, did you sneak into the secret room for the diamond?”

“That’s true ...” Scott thought for a moment and immediately said to one of his men, “you should quickly organize your men and go to the secret chamber to search carefully. There may be something important in it!”

“Yes!” The subordinate received the order and left.

“I say,” at this time, Yusoff was in high spirits. She raised her eyebrows and said to Scott, “thanks to our China detective, Sir Scott, since the real murderer has been found, then we can go home now, right?”

“No!” Sisay immediately said, “absolutely not! He hadn’t even confessed yet! Besides, even if he did, who knows if he had an accomplice?”

“Tsk, tsck ... How is it?” Sai wanbach pursed his lips and said, “I knew that the Englishmen are the best at putting on airs! There’s a saying in our country that if the British keep their word, even sows will climb trees!”

“F * ck you, that’s a China proverb!” Miao kun laughed. “You must be pirated!”

Everyone laughed at Miao kun’s words, obviously mocking Scott and his team.

“How is it? How is it?” “Alright.” Sisay looked at Scott and the other man and said, “now, can you agree to let me hypnotize them?”

“Sure,” you SUFU said. “If you know how to hypnotize people, then hypnotize Miss Xi first. At least make her admit to her crimes first.”

"No, no!" Xi menna said nervously, "I'm not lying to you. I'm really Xi Wei's daughter. My dad ... He won't let you off!"

"It's the second time ..." Jecka whispered. "Is this girl upset? The last time I was bombed, that old man Xi Wei was also involved. I haven't even settled the score with him yet!"

"Miss Xi," Qiang TE's tone became tough, "the evidence is so obvious, stop resisting!" If you don't cooperate, we'll have to follow the procedure!"

"No..." Xi menna objected. "Before the interrogation, you have to let me make a phone call. This is my right!"

As she spoke, Xi menna became more and more excited. Her body shrank, and she was clearly in an offensive position. Seeing this, Qiang TE's soldiers quickly stepped forward with their guns and surrounded her.

Qiang te frowned. "Didn't I tell you?" The phone ..."

As Qiang te was explaining to Xi menna, Miao kun suddenly noticed that Zhao Yu, who was sitting next to him, had not spoken for a long time.

At that moment, Zhao Yu wasn't paying attention to Xi Mengna, but had his eyes closed, as if he was thinking about something important.

"Zhao, Zhao ... Are you okay?" "You don't look right," Miao kun said in Chinese.

"Oh, nothing ..." Zhao Yu creased his eyebrows and said, "I was just thinking about something!"

"What are you thinking about?" Miao kun knew that Zhao Yu had a special idea, so he asked quietly, "have you already thought of a way to crack the diamond password?" Please don't say anything, just tell me ..."

"No..." Zhao Yu shook his head. "I just feel that Xi menna's behavior is a little strange! It feels like ... There's something wrong!"

"Strange? Something's wrong?" "Don't tell me that you've got the wrong person!" Miao kun said worriedly as he looked at Xi menna.

"No..." Zhao Yu said with a complicated expression, "I just feel that Xi menna's killing behavior was a little illogical!"

"She clearly knew that killing people on an isolated island like this ... She couldn't escape!"

"Even if she hid the weapon far away, we will find it sooner or later!"

"Although she's young, she's been a detective for a long time. She should understand such a simple truth, right?"

"If it were me ..." Zhao Yu said. "No matter how important the task I had to complete was, when I was seen by Miss Jasmine, I would rather take the risk and run away than kill someone!"

“Not to mention, after killing someone, she’s still waiting at the same spot, waiting to see how we solve the case, how we catch her ... Isn’t that a little ... Too arrogant?”

“That’s true ...” Miao kun pondered for a long time, then said a classic line, “what do you think, Zhao?”

“I think ... Since Xi menna dared to kill people here and didn’t run away after killing them, she must have some reason to be so fearless! Don’t tell me ... Don’t tell me ...”

“No way? “Do you mean ...” Miao kun lowered his voice even more, almost to the point that it could not be heard, “she really has an accomplice?”

“I don’t know, but ...” Zhao Yu glanced at the detectives and said, “even if he had accomplices, he couldn’t have been so arrogant, right? Killing Grimm’s daughter on Grimm’s Island is no longer a matter of the guest turning the host ... Tsk tsk ...”

Just as Zhao Yu and Miao kun were discussing this, there were some new changes on Xi Mengna’s side.

Lieutenant Qiang te was still patiently questioning Simeon. However, Scott, who had been sitting as steady as a mountain, suddenly stood up and said to Qiang te,

“First lieutenant, I just received news that the surveillance room’s network service has been restored.” Scott dragged his tired pace and came to the two men. Let’s put aside the murder for now. I’ll take Simone to call her father first. At least ... We have to get the password first!”

“This ...” Qiang te was a little surprised. He touched his walkie-talkie and said, “why didn’t I receive any news?”

“I don’t know.” Scott walked up to Xi menna with a blank expression. He held Xi menna’s arm with one hand and said to Qiang, “Xi Wei’s password is very important, so I have to handle it myself!”

“Wait a minute ...” Seeing that Scott was about to leave with Simone, Qiang te quickly stopped him. “Sir, listen to me. At this time, we can not let them talk on the phone!” He said.

“Think about it...Xi menna is a suspect. What if she used a secret code to inform Xi Wei when she was on the phone? it would be troublesome if Xi Wei found out!”

“Don’t worry! “I know my limits. It’s not up to you to point fingers at my job ...” Scott glanced at Qiang te impolitely and pulled on simeina to leave.

“No, no! “Wait for me to confirm ...” Unexpectedly, Qiang te stopped them again and said with an anxious face, “Scott, I’m not targeting you!” However, the communication has not been restored, so we have to be careful!

“So ...” He turned to his two men and said, “let my men confirm the safety of the network channel first, then you can make the call!”

“Hehe ...” Seeing Qiang TE’s strong obstruction, Scott laughed in relief and said, “well, then you have to move faster. The diamond matter must be solved by today!”

“Alright!” Qiang te nodded hard, then turned around and left with his two men.

Just as they turned around, Scott pulled out his pistol at lightning speed and fired at Qiang te and the other two!

Bang, bang, bang!

3 clear gunshots broke the silence in the castle ...

Chapter 1334: I'm really Xi Wei's daughter (part two)

The crisp sound of a gunshot instantly broke the brief silence in the castle.

Despite Scott's age, he was fast and sharp when he pulled out his gun. His marksmanship was also accurate and experienced. All three shots hit the back of his opponent's head.

As everything happened too suddenly, first lieutenant Qiang te and his two men had almost no time to react. In the blink of an eye, they were shot at close range and their bodies fell to the ground.

"Ah!?"

Everyone was shocked. No one had thought that Scott would suddenly shoot and kill someone. Moreover, the person he killed was one of their own!

"Damn it!"

Sisay shuddered in fear and pulled out his gun. However, several of Scott's men had already surrounded him and put a rifle against his back.

"Don't move!" "This time, our rifles are no longer empty magazines!" Scott threatened, looking a little tired. Whoever dares to move, don't blame me for being impolite!"

At Scott's signal, one of the men immediately aimed at the hanging light in the hall and pulled the rifle trigger.

The bullet shot out fiercely in an instant, shattering the glass chandelier and sending glass shards flying everywhere!

"Ah ..." Xi menna was so scared that she hid to the side. The others also instinctively hugged their heads and curled up on the sofa in the living room. No one dared to move.

Zhao Yu quickly pulled out the invisible bullet proof suit, ready to defend himself at any time.

"Hey, Scott, are you crazy?" Sisay slowly dropped his gun and made a gesture of surrender. At the same time, he twisted his neck and asked, "what do you mean?"

Just as Sisay was asking, Zhao Yu took a peek and saw that first lieutenant Qiang te had been shot in the back of his head. Not only was blood gushing out, but his entire head was deformed!

This time, it was impossible for it to be an act. First lieutenant Qiang te and his two men had indeed become dead. They could no longer Live!

"Please ..." Seeing that Scott was silent, Sisay anxiously urged, "you have to say something, right? Even if they told me that Qiang te and the others were traitors and spies? Hmm ... Or ... Or ..."

Sisay finally turned his head and looked at Scott's face.

At this moment, although Scott had killed people, there was no fluctuation on his face. He still looked at the crowd with a gloomy face. The pistol in his hand trembled slightly as if he was thinking about who he would aim at next.

However, after a few seconds of sinking, Scott did not shoot again. But suddenly the sound of gunfire came from all over the castle. The sound of gunfire came from all over the place ...

Beep ... Beep beep ...

Not long after, Scott's walkie-talkie kept ringing. It was all his men using the walkie-talkie to report the situation to him.

In the report, the word "cleared" was repeatedly heard from the walkie-talkie.

Everyone finally understood that the gunshots were caused by the battle between Scott's men and first lieutenant Qiang TE's men. They were cleaning up the remnants of first lieutenant Qiang TE's troops.

Not long after, when Scott's walkie-talkie stopped beeping, everyone knew that Qiang TE's people were all finished!

"So ... The real traitor ..." Sisay stared at Scott in surprise and said, "is it you?" God, you ... Why are you doing this?"

Scott didn't answer Sisay's question and didn't care about the strange looks of others. Instead he turned the walkie-talkie to a channel and said indifferently:

"Alright, you can come in!"

Ah?

Hearing this, everyone realized that Scott should be talking to a Big Shot. There should be someone else behind him!

This person ... Who could he be?

"Oh my God!" "Please don't let me guess it," she whispered. "Why do I feel that the person who's about to enter is that old bastard Grimm?"

"Yes, I have the same feeling ..." Sai wanbach said. "From the very beginning, I felt that we were being schemed against. If there is anyone who can make me feel this way, I'm afraid it is none other than Grimm ..."

"Impossible!" Juliet said, "Miss Jasmine is dead. If green were still alive, he would have shown up a long time ago!"

"Sigh ..." Miao kun did not join in the discussion, but sighed softly and complained to Zhao Yu in Chinese, "my daughter said that you have a jinx, but I didn't believe it!" He said. But now ... I have no choice but to believe it!

“Don’t you think this is too fast? One second you were still worried about some conspiracy, and the next second you’ve become like this. I’m really impressed ...”

At that moment, Zhao Yu didn’t respond, but looked towards the entrance of the hall, because there was already a strange sound of footsteps coming from there.

“It can’t be ...” You SUFU was puzzled. “There hasn’t been any movement outside, but this person came so quickly. He ... Where did he hide before?”

“I understand!” Gu zhaichiro quickly said, “this person ... Is very likely to have been on the helicopter the whole time! Damn it ... No matter who he is, he must have been waiting for our results, right?”

Everyone’s discussion made Zhao Yu even more curious. He also wanted to know who the person who was about to appear was.

Tap ... Tap ...

Soon, a figure appeared at the entrance of the hall, and the sound of metal hitting the ground was heard ...

Not long after, everyone finally understood what the clattering sound meant. It turned out that the person who came was holding a metal walking stick!

The man’s movements were not very fast, and he was limping. It was obvious that his legs were disabled.

In order to get a better view, Miao kun and the others all moved a few steps forward.

“Oh my God ...” As Sisay was the closest to the door, he was the first to see the person’s face. He immediately let out a cry of surprise, “how ... How could it be him!?”

“Who is it? who is it?” Miao kun quickly squeezed his way out and finally recognized the man. “No way!” He screamed in surprise. How ... How did this happen? What is he doing here?”

Who was this ...

At that moment, Zhao Yu saw the man’s face clearly. He was wearing a black shirt, and although he was slightly Hunchback, he was not short, at least similar to Zhao Yu.

He wasn’t young, but his face was shiny and he looked particularly energetic. His eyes, in particular, were bright and full of spirit. One look and one could tell that he was a very shrewd person.

In addition, this person also had a most prominent feature, and that was an exquisite mustache above his lips!

Oh ...

Zhao Yu shook his head and said, “Oh.” He then asked Miao kun, “what’s the matter?” “Who is this guy?”

“Dad!” “You’re finally here!” Just as Zhao Yu asked, Xi menna’s fear disappeared and she walked up to him excitedly, shouting, “you’re finally here!”

I’ll go!

Hearing this, Zhao Yu almost stuck his tongue out. Could it be ... This moustached man was the legendary Xuanji Xi Wei?

Miss Xi had never been lying. She was Xi Wei's daughter!

Mud!

Zhao Yu was secretly worried. He had managed to get Xi Mengna out with his bare hands. Would he be in big trouble again?

Chapter 1335: The origin of the detective salon

"Xi Wei! It's actually you!" "Hahaha!" Miao kun shouted with a frown, then deliberately laughed out loud."Hahaha ... In fact, I've long guessed that you're the big BOSS behind this!

"Your appearance is really domineering, you actually want so many people to be buried with you!"

"Hahaha ..." Xi Wei laughed as well, then said in fluent Chinese,"brother Miao, you're still the same as before. If you really guessed it was me, you wouldn't have used the phrase 'it's you'!

"Also, don't play word games with me. Now that I'm in an advantageous position, you should be saying that those people are going to be buried with you!"

"Oh, oh ..." Xi Wei's words were fierce and powerful. Miao kun was immediately intimidated. "You're still so picky," Miao kun said.

"Hahaha ... You too, you too!" Xi Wei laughed heartily, then turned around to greet the others,"old friends, it's been many years since we've met. How's everyone doing? You all look good! Hahaha ..."

Due to their different situations, the more Xi Wei laughed, the more uncomfortable everyone felt. Therefore, no one at the scene responded to him. They all looked at him with cold eyes.

"Jecca!" Xi Wei suddenly pointed his metal cane at Jecca and said loudly,"I'll say it again. Your bombing was all Miao kun's idea. It had nothing to do with me!

"So, stop staring at me with your big eyes! I don't owe you anything ..."

"Yeah ..." Just a second ago, jieka was still glaring at Xi Wei and wanted to say something, but the next second, he was rendered speechless by Xi Wei's rebuttal.

"Hey, old ghost! Old ghost!" Then, Xi Wei pointed at Gu zhaoichiro with his walking stick."I heard that you've released a new novel. How is it? did you bring it over?" Can you give me an signed version later?"

"This ..." Xi Wei's words were full of threat. Gu zhaoichiro could only awkwardly say,"no, maybe next time!" Give me an address later, and I'll mail it to you when I return to China!"

"Hmph, you're really something!" Xi Wei raised his mustache and laughed evilly. He then said to Yu SUFU with a smile,"wow, the chief is here too? I thought you wouldn't come and get involved in this mess again since you have so many wives and so much money!"

"I can't help it," you SUFU said in a self-deprecating manner. "My wives spend too much. No matter how much money I have, it won't be enough for them!"

"Hahaha ..." Xi Wei laughed hysterically. "I really miss the humor of you Middle Eastern people! Hahaha ..."

"Enough, boss Xi!" At this moment, sai wanbach suddenly stood in front of Xi Wei and said righteously, "we're not in the mood to reminisce with you!"

"You'd better hurry up and tell us what you mean! You sent your daughter to kill Grimm's daughter, and then you colluded with the safety Department to kill the intelligence department's people! What do you want?"

"Al!" Unexpectedly, when he heard sai wanbach's question, Xi Wei suddenly sighed and said to the crowd, "you're all elites among detectives. Can't you see it?"

"Actually, the last salon gathering wasn't a gathering at all. It was a trap that Grimm had carefully arranged for us!"

"What?" Sisay furrowed his brows and pressed, "what scheme?"

"Clint is really the smartest person I've ever met. In the South Africa diamond theft case, he was the only one with the most clear head.

"You guys don't know, but the diamond robbery case itself isn't as simple as a robbery!"

"Back then, when South Africa's political situation was in turmoil, many powerful forces were coveting the world's largest diamond production base!"

"In the background of such a gathering, it's difficult for the Africa Senna company to stay out of it. The United Kingdom has long discovered that the company's executives are in frequent contact with many forces, and there are very unstable factors.

"So, never underestimate the British's ability. Under strong psychological pressure, they actually put on a good show of a thief crying 'thief'. They used their own people to steal their own company!"

"Ah? "The robbers are ..." Miao kun and the others echoed in shock. "They're on their side?"

"The diamond warehouse of Africa's Senna company is the most secure place in the world. If they didn't steal their own diamonds, outsiders wouldn't have been able to steal them from there!"

"Really ..." Sisay swallowed, expressing that he couldn't understand.

"No wonder diamonds are called fate stones!" Xi Wei continued, "the goal of the United Kingdom higher-ups at that time was very simple. They wanted to rely on this robbery to reshuffle the power of Africa's Senna company and completely take over the command of the company.

"At the same time, we can also use the loss of the diamond to suppress the company's stock, making those peripheral traders lose all their money, and thus end their desire for the diamond!"

"I have to say, this plan is indeed very impressive! "Unfortunately, things didn't go as they had expected," Xi Wei continued, "someone in SIS leaked the news. When the agents who were pretending

to be robbers got the diamonds, another group of people intercepted them. Not only did they take the diamonds, but they also killed all the agents!

"You should be able to understand the rage of the SIS" higher-ups when they found out. They immediately sent out all their elite agents in Africa to retrieve the diamond, including Sir green.

"What happened after that was beyond everyone's expectations. Whether it was those who had already snatched the diamonds or those who wanted to buy them, they were all burned to death in a small house on the cliff in Cape Town!

"The whereabouts of that batch of priceless diamonds were also unknown, and it has become a mystery!" Xi Wei shook his head and said, "after that, I tried my best to gather information, but I found out that no one had obtained that batch of diamonds, not even the British!

"For a long time, SIS has invested a lot of manpower and resources in the search, but all of them have failed."

"Xi Wei, let me ask you something. Since you know so much about their internal scandals ..." Miao kun said nervously. "Could it be ... Could it be ..."

"Right, you guys probably didn't think of this, right?" Xi Wei laughed. "That's right! I was the one who plotted against the United Kingdom military intelligence and stole the diamond! I've seen that batch of diamonds with my own eyes!"

"Oh my God!" Everyone was shocked. Tani zhaichiro quickly said, "that is to say, the sellers who were burned to death in the cabin ... Are all your people?"

"Yes, they are my Good Brothers!" Xi Wei said coldly, "at first, I thought that we were ambushed by Netherlands buyers!

"But it was soon discovered that the buyers all died in the cabin, and even their money was burned!

"So we suspect that before they were burned to death, they might have had a conflict and had a fight!"

"Oh ... I see!" Miao kun nodded and said, "the British later suspected that green had something to do with the disappearance of the diamond, so ... You deliberately approached green to test him?"

"That's right!" Xi Wei answered without hesitation, "I did a deduction assessment back then. The probability that the diamond is in Grimm's hands is more than 71%!

"Whether it's timing or ability, he's the one with the highest chance of getting the diamond! It's very much in line with Grimm's character to just Rob diamonds without asking for money!" Xi Wei said agitatedly, "you guys don't know this, but for that batch of diamonds, I gave almost everything I had back then. A few of my closest brothers were also killed. How could I just let it go?

"So, from then on, I began to approach Grimm on purpose, doing business with him, talking business with him, and became friends.

"Of course, Grimm is a cunning old fox. The British have investigated him for so many years and found nothing wrong with him. It's not easy for me to find out the truth.

“Also, Grimm had his own reasons for hiding the diamond. All these years, he was also looking for the leader of the gang who intercepted the diamond, which was me!

“He knows very well that I’m likely to approach him in order to get the diamond back. That’s why ... We had our last detective salon!”

Chapter 1336: Why did you kill him?

“I see ...” Juliet said, “at the detective salon ten years ago, all the guests invited by Grimm were suspects!”

“That’s interesting,” Yosuke said with a sigh. “But I think I should be excluded because Grimm was the one who approached me first to make a deal. I’m not the one who approached Grimm on my own initiative!”

“So ... You’re just here to make up the numbers!” Miao kun made a joke, then said, “I think I should be ruled out as a suspect!

“Because green knew that I was still in jail in Australia when the diamond robbery happened!

“He also knows that we Chinese people will never get involved in those Muddy Waters!”

“Hmph, you’ve always said it better than singing,” said Jake, who never forgot to mock Miao kun. “You’re in prison, so you can’t stop your men from stealing diamonds.”

“So, let’s not get tangled up in this matter! Juliet was right, anyone who attended the detective salon last time was a suspect of Grimm!”

“I know that everyone has the same question as me!” Xi Wei said, “even though green has a weird temper, he’s still loyal to the royal family United Kingdom according to his personality, he should have turned the diamond over to the royal family after he got it!”

“Yes,” sai wanbach said. “I can’t figure it out either, so I never thought that the person who stole the diamond would be Grimm!”

“Actually, the answer is very simple!” Xi Wei said, “he did this for three reasons. One is dissatisfaction, one is worry, and the last is revenge!

“When green found out that the diamond robbery was a good show directed by them, he was already a little disheartened. He was very dissatisfied with the way his superiors handled it, and he was resistant to it!

“After that, when the diamond was intercepted by my men, green was even more shocked. The truth was very obvious, even the internal military intelligence Department had been infiltrated!

“So, in that case, when he got the diamond back alone, he didn’t dare to hand it over to military intelligence, so he had to hide it himself.

“There’s an old Chinese saying, ‘when will revenge end?’. Green and I are the classic representatives of this saying!” Xi Wei said without hiding anything, “when my men were snatching the diamonds, the few secret agents that were killed were all Green’s good friends!

“In a fit of anger, Grimm also schemed to kill my brother. So, our hatred has been tightly entangled since then, and it has become our obsession and destiny!

“The most interesting thing is that I can’t be sure if the diamond is really in his hands. And although he suspected me, he didn’t have any solid evidence to prove that I was the one behind the diamond robbery!

“That’s why the detective salon was the most unforgettable experience I’ve ever had in my life!” Xi Wei recalled proudly, “in your eyes, all you saw was Grimm’s pranks and those low-level reasoning games!

“But what you can’t see is that behind those things, hidden killing intent is everywhere! Grimm had already set up an inescapable net for me, and I was also prepared to fight to the death!

“Fortunately, I didn’t fall into his trap in the end and wasn’t caught by Grimm. Otherwise, the detective salon ten years ago would have been much bloodier than today!!”

“Gulp ...” A few of the people at the scene swallowed their saliva. There was an indescribable expression on everyone’s face. There was fear, anger, and regret ...

“Then ... What do you want?” “Green is dead!” Sai wanbach said.

“Sigh ...” Lee Bencheng sighed and said to sai wanbach, “don’t lie to yourself, there’s no point in saying anything now!

“Since Xi Wei has told us all his secrets, what else is there to say? He definitely won’t leave a single one alive!”

Zhao Yu swallowed his saliva. Lee Bencheng’s words were very reasonable.

Before this, people only knew that Xi Wei was a private detective with a strong background. No one knew that he was the big BOSS of a criminal group!

So, no matter what, he would not let anyone leave wondrous trace Island alive today.

However, Zhao Yu also knew that, at least, Xi Wei would not kill them immediately, because...The important batch of diamonds had yet to appear.

Xi Wei still needed these people to help him crack the code of the diamond.

“Everyone ...” At this time, Scott stood up from the sofa and said to the crowd, “in my opinion ... You can’t escape Russia roulette game!”

“Again!” You SUFU frowned. “A revolver can only fire six bullets. We have so many people here! How do we play?”

“Then prepare two handguns!” “Two handguns and two bullets. Line up and shoot one by one. Let’s see who’s the luckiest.”

Xi menna’s words were said casually, but they were filled with killing intent, making everyone break out in cold sweat.

“Wait a minute ...” Miao kun, who was experienced, waved his hand when he saw Scott pull out a revolver. He then said to Xi Wei, “boss Xi, there’s something you haven’t made clear yet!

“Your daughter ... Why did she kill Miss Jasmine?” He pointed at Simone. “Is this ... Part of your revenge plan?”

“Hmph ...” Xi Wei scoffed and replied with a smile, “why ... Have you regressed so much? Can’t you tell that Miss Jasmine’s death was just an accident?”

“Hmph!” Xi menna held Xi Wei’s arm and said to everyone, “I told you guys a long time ago that I’m Xi Wei’s daughter. If you dare to bully me, my father will definitely not let you off!

“I’ve already warned you, but you just wouldn’t believe me!

“But ... I really didn’t expect that I would be caught by you so quickly!” As she spoke, Xi Mengna deliberately looked at Zhao Yu, but Zhao Yu didn’t want to stand out, so he didn’t dare to look the beauty in the eye.

“Actually ...” Xi menna pointed at Zhao Yu and said, “it’s almost the same as what this China detective has deduced.

“I have to admit that he’s really amazing! It was as if ... He had seen the crime scene before.

“The whole thing is very simple!” “Ten years ago, my father found out that there was a secret room in Grimm’s study. He also knew where the mechanism to open the secret passage was.

“However, my father didn’t find the opportunity at that time. He was worried that this was a trap set by Grimm, so he didn’t dare to act rashly.

“So, this time at the detective salon, he specifically asked me to Scout the way, and then wait for an opportunity to enter the secret room to see if I could find anything useful?

“But, I didn’t expect that Miss Jasmine would come to the study to look for information in the middle of the night instead of sleeping.

“China’s godly detective, youzhong. At that time ... I was searching in the secret room and didn’t close the secret door, but I suddenly heard movement from above.

“So, I ran back to the study and saw that Miss Molly had already discovered the secret passage. After that, she naturally wanted to run away, but I rushed over first and knocked her out!

“I don’t need to say more about what happened after that, do I?” Xi menna said casually, “Molly saw my face. I can’t let her leave alive.”

“Because, once she finds out about my secret, she will naturally think of my father and drag him into this. That is the last thing I want to see!

“There, I found the secret passage in the secret room when I was searching for something. Because there was a thick layer of dust on the ground, I would leave footprints if I walked in, so I didn’t dare to enter rashly.

“Speaking of which, Zhao Yu realized that I can’t kill Miss Jasmine in the secret room. Firstly, it would be easier for you to carry out your investigation, and secondly, it would expose the secret room.

“So, after I knocked Miss Jasmine out, I had an idea and thought of the plan to Steal the Sky and change the sun. I changed into Miss Jasmine’s shoes, carried her out of the castle through a secret passage, and then killed her outside!

“This way, when you find the body, you’ll definitely think that she walked out of the castle on her own and met someone. You’ll use this to confuse your judgment and buy time for my father ...”

Chapter 1337: Xi Wei’s password

“Hahaha ...” Xi Wei laughed and said, “I guess this is fate! I’ve been secretly fighting with green for so many years, and he actually left early!

“As soon as he left, I already knew about the diamond. So, I deliberately sent my daughter to participate in the detective salon, while I hid behind the scenes and waited to reap the benefits!”

“Oh ...” Miao kun narrowed his eyes and said, “that is to say, as long as we crack the diamond password, you can play the Oriole behind us!” He’s really a cunning old fox!”

“In fact, it seems that my daughter killing Grimm’s daughter was a very good choice!” Xi Wei laughed coldly. “Her death obviously sped up the pace of you guys cracking the diamond password! Furthermore, Scott was able to step onto the island of wondrous traces ...

“Hmm...Scott ...” Xi Wei turned around and looked at Scott. “I hear...You guys had a lot of fun!”

“What can I do?” Scott waved his hand and said, “if I don’t act, how can I make these self-satisfied detectives open their mouths?”

“You! You used me!” Sisay gritted his teeth and cursed, “this is too despicable!”

“How is it?” You SUFU taunted, “are you still going to hypnotize us now?”

“Alright ...” Xi Wei nudged his metal walking stick and said to everyone, “it’s getting late! Let’s get to the main topic!”

As he said that, Xi Wei did an extremely irregular chest expansion exercise. From his strenuous movements, his health should have some major problems.

Hearing Xi Wei’s words, Scott took a revolver from his subordinate. It seemed like he really wanted to play a Russia roulette game for everyone!

“No, no, no...” Xi Wei quickly stopped Scott and said, “what I mean is, hurry up and get the password. I can’t wait to see what kind of puzzle Green Left us!”

Hu ...

Seeing that Xi Wei wasn’t too keen on the wheel game, everyone heaved a sigh of relief. Scott quickly ordered someone to bring the white paper from the dining room and put it on the coffee table in the living room.

“Aiya ...” Xi Wei excitedly rubbed his hands and said, “I really miss the detective game from the last salon gathering!”

“I remember ...” He glanced at the crowd arrogantly, “none of you pose a threat to me!” Hehe ...”

Seeing Xi Wei’s arrogance, everyone looked at him with disdain, but no one dared to step forward to refute him. This was because Xi Wei wasn’t bragging. He was indeed the one with the most outstanding performance.

“Wow ...” When Xi Wei saw the white paper, he was a little surprised. He used his hand to scan the words on it and muttered, “this is a combination of 13 letters and numbers. The letters are even separated into capital and small ...”

“Aileen also got it! Of the 13 passwords, only three are left. We’re missing the German, REM, and the Argentina, Barkley, and me ...”

“Unfortunately ... REM died in a bizarre car accident. Meanwhile, bacary was assassinated in prison ...”

“Phew ...”

Xi Wei closed his eyes and took a deep breath. Then, he picked up the pen beside him and gently wrote a small letter “t” under his name.

Oh ...

After everyone saw it, they finally knew Xi Wei’s password.

“What a pity ...” Xi Wei closed his eyes again and recalled, “when I was playing cards with REM, I once glanced at his hand. It should be a number ...”

“I thought it was his room number, so I overlooked ... Tsk tsk ...” Xi Wei thought hard for a long time, but he probably couldn’t remember what the number was anymore, so he could only make a number symbol under REM’s name ...”

“But...I remember Amir’s hand card ...” Xi Wei pointed at the Indian’s name on the white paper and said, “that’s right, it’s a lower-case ‘a’! That guy has a habit of raising his arms, as if he’s afraid that I can’t see him ...”

Scott subconsciously looked at Zhao Yu and nodded, implying that Zhao Yu was not lying.

“As for the others, I don’t know ...” Xi Wei continued to mumble to himself, “at first, I thought that my hand would be useful for something else, but I didn’t expect green to play such a big game!”

“They actually arranged his will after his death. First, they gave him clues, then the puzzle. This is really unexpected ...”

“Green, OH Green ...” Xi Wei touched the white paper and muttered, “what did you leave us?”

“I can feel that you’re also a person full of contradictions, right?”

“On one hand, you wanted to use the diamond to find me and avenge your brothers!”

“On the other hand, you like to show off your talent. You want to have a memorable diamond legend long ago ...

“Grimm ... Did you know? In this world, there’s only one person who can understand you, and that’s me ... So, the one who can solve the mystery of your diamond must be me!

“What’s wrong? Don’t you believe me?” It was as if Xi Wei was conversing with a Ghost as he said nervously, “then open your eyes wide and watch carefully. Don’t think that I can’t solve this puzzle just because you’re missing two passwords!

“Oh ... Um ... Wait ... Wait ...” Suddenly, Xi Wei’s expression changed. He almost buried his face in the white paper as if he was going to bury his head into the codes.

“No... No, no, no... Impossible ...” Not long after, Xi Wei’s body trembled as he said in disbelief, “green! What are you playing at? This is impossible ... Impossible!”

As he said that, Xi Wei seemed to have gone crazy. Not only did he scream and shout, but he even reached out and pushed the piece of paper to the ground.

Due to his excessive excitement, a strand of his hair stuck to his forehead, making him look extremely miserable ...

“Xi ... What’s wrong?” Scott saw the situation and hurried forward to ask.

“Dad, dad ...” Xi menna grabbed Xi Wei tightly and asked loudly, “what did you see? What’s impossible?”

“That’s impossible!” Xi Wei finally calmed down after being questioned by the two of them. Then, without any warning, he said something shocking to the crowd, “how could the riddle that Greem came up with be so simple?”

I’ll ...

Hearing this, the others felt as if they had been struck by lightning. No one would have thought that Xi Wei had just taken a few looks and already knew the answer. He even said that the answer was simple!

This was simply too exciting for these so-called divine detectives ...

“Dad ...” At that moment, even Xi menna was stunned. She grabbed Xi Wei’s arm and asked, “hurry up and tell me ... What’s the answer?” Where did you hide the diamond?”

“Wait, wait ...” Unexpectedly, Xi Wei suddenly picked up the paper from the ground and laid it back on the coffee table as if he was sick.

Next, he laid on it again and carefully filtered all the passwords.

This time, Xi Wei made another shocking move. He suddenly turned around and snatched the revolver from Scott’s hand. He asked, “Are the bullets loaded?”

“Ah? What?” Scott didn’t have time to react and hurriedly replied, “not yet! I’m full of bullets now!”

“It’s good that it’s full!”

Xi Wei’s eyes flashed with a fierce light.

In the next second, he appeared in front of the Japan writer, Tani zhaochiro, without any warning, aimed the muzzle at his thigh, and fired without warning!

Chapter 1338: The vengeful Miss Xi

The old-fashioned revolver let out a loud bang. After the shot, Tani zhaochiro screamed and fell to the ground, a bloody hole in his right leg!

Blood spurted out, and the air was instantly filled with the unpleasant smell of gunpowder.

“Ah ... Ah ...” Gu zhaochiro screamed in pain and waved his hands. “Xi ... Xi Wei ... Why ... Why ... Ah ...”

Xi Wei raised the corner of his mouth, and his eyes were filled with ruthlessness. He did not answer Gu zhaochiro’s question, but instead pointed the gun at his other leg.

“Don’t ... Don’t don’t don’t ... Don’t ...” Tani zhaochiro was so scared that his face turned pale, and he hurriedly used his hands to block.

Bang ...

After the loud gunshot, Tani zhaochiro let out another miserable cry. The bullet not only left a bloody hole in his other leg, but also broke two of his fingers. He was in a terrible state!

“Ah ...” The others were all frightened. Juliet wanted to stop him, but Miao kun pressed her down.

“Why? Why! “Ah ... Ah ...” Gu zhaochiro cried out in pain, tears streaming down his face. He begged Miao kun, “why did you shoot me?” Why!! ?”

“Old ghost!” Xi Wei was trembling as he held the gun and asked the Japan writer fiercely, “don’t tell me you’re lying! Your password is not ‘X’!”

“Ah? You ... You, you, you ... How did you know?” Gu zhaochiro was completely dumbfounded. He never thought that Xi Wei would be able to see through his lies with one look.

“Your password is the same as mine, but it’s a capital ‘T’, right?!”

Under Xi Wei’s loud questioning, Gu zhaochiro’s entire body trembled as if he had seen a demon. He nodded his head while trembling and asked in confusion, “You ... How did you know?”

“Sigh ... Damn it!”

Xi Wei furrowed his brows. He had already opened his mouth as if he wanted to say something, but unexpectedly, he did not say anything at all. Instead, he pointed the gun at Tani zhaochiro’s chest without any warning and fired!!!

“No! “Ah ...” Juliet screamed in panic, but it was drowned out by the loud gunfire.

The next second, Gu zhaochiro, who had been shot several times, fell to the ground, dead!

Damn it!

Zhao Yu was also annoyed. Originally, when Gu zhaochiro was shot in the thigh, Zhao Yu had prepared an invisible bullet proof suit to save him.

Although it wasn't appropriate to use the system device at this time, as it would increase his chances of being exposed, it was a matter of life and death, after all, and Zhao Yu didn't want to sit by and do nothing.

However, when Zhao Yu suddenly heard that Gu zhaochiro had lied and said a fake password, he, like the others, could not help but be stunned.

However, at this moment of shock, no one expected Xi Wei to shoot and kill Gu zhaochiro without any warning.

When Zhao Yu fired the invisible bullet proof suit again, it was already too late. The system notified Zhao Yu that the target was invalid, so it took back the device.

Damn it!

Even though Zhao Yu and the Japan writer did not have much of a friendship, they did not have any bad blood either. At this moment, seeing the Japanese writer die so tragically under Xi Wei's gun, he still felt uncomfortable.

"Phew ..." After killing Tani zhaochiro, Xi Wei heaved a long sigh of relief. He handed the revolver to Scott and said to the crowd, "the reason I hate the old man is not only because he lied. More importantly, he used many of the cases I've solved in his novel!

"The most infuriating thing was that he didn't even change the name of the person involved! Not only did it disgust me, but it also affected my business.

"I've had serious negotiations with him in the past, but he turned a deaf ear to it and laughed it off, fully displaying the shameless demeanor of a plagiarist ...

"Hmph, now, it's time for me to seek compensation from him! It's just that ... What a pity for an out-of-print signature ..."

Gulp ...

After hearing this, everyone swallowed a mouthful of saliva. No one could have imagined that the real cause of Gu zhaochiro's death was his unscrupulous plagiarism.

"If that's the case ..." Miao kun murmured. "I have to read his book when I get back. Maybe he plagiarized my case in it." But ..."

After all, Miao kun and Gu zhaochiro had some friendship. At this moment, looking at the dead body of the Japan writer, he seemed a little upset ...

"Dad!" At this moment, Xi menna pointed at Tani zhaochiro's body and said worriedly, "you shouldn't have killed him so early! What if he didn't tell the truth in the end? "And ... Among these people ..." She pointed at Miao kun and the others. "Who knows if there are others who have also lied?"

"I won 't!" Xi Wei smiled. "Don't worry, I already know where green hid the diamond! However, I didn't expect the answer to be so simple and childish! This ... Doesn't really suit Grimm's style ..."

“Heavens! You call this simple and childish?” You SUFU looked at Xi Wei as if he was a monster. “Are you insulting our intelligence?”

“No, I’m not insulting your intelligence!” Xi Wei replied seriously, “because...Your retards aren’t even worth my insult!”

“You!” You SUFU bared her teeth in anger, but she didn’t dare to talk back.

The others were so angry that they grinned, but they could not say anything. Other than the fact that the gun was in his hands, Xi Wei’s intelligence was indeed higher than theirs.

“Then ...” Xi menna quickly asked, “dad, the diamond ... Where is it hidden?”

“As I said, since the answer is simple and childish, it is naturally a simple and childish place!” Xi Wei frowned and said, “however, I’m worried that green has some other tricks up his sleeve! So ...”

As he spoke, Xi Wei raised his head and scanned the crowd. Finally, he pointed at Miao kun and said, “Female Miao, other than me, you’re the person who knows green the best! So ... You should come with me!”

Hearing Xi Wei’s words, Scott immediately ordered his men to bring Miao kun over.

When Zhao Yu saw his father-in-law being taken away, he was anxious and rushed forward to stop him.

“Don’t move, don’t move! Don’t move!” Miao kun was worried about Zhao Yu’s safety and tried to stop him. “Zhao Yu, don’t worry. I’ll be fine!” Just take care of yourself!”

Then, he gave Zhao Yu a look, telling Zhao Yu to act according to the situation and not be reckless.

Miao kun’s look reminded Zhao Yu. Zhao Yu understood that, although he had so many powerful devices, he might be able to save himself in the current situation, but it would be difficult to protect everyone.

So, he had no choice but to put a bulletproof vest on Miao kun and leave. At the same time, he quickly planned in his mind how he should act to resolve this crisis more safely.

“Well ...” Just as Miao kun was brought to Xi Wei’s side, Miao kun suddenly pointed at Scott and asked Xi Wei, “old Xi, since I’m going to die no matter what, why don’t you let me die with an explanation? Scott is from the security Bureau. How did you bribe him?”

“I don’t believe that his entire team would betray him.”

“Hmph!” Xi Wei shook his head. “Don’t waste your breath, old Miao. The patience and price I’ve paid to go against green is something you can’t imagine!”

As soon as Xi Wei finished speaking, Scott came over and glared at Miao kun. He then handcuffed Miao kun and escorted him out of the door.

“Let’s go, my daughter ...” Xi Wei put his arm around Xi menna’s shoulder and walked towards the door. “When you were young, I made a promise to myself that I would use that prettiest pink diamond to make you a necklace ...”

“En!” Xi menena nodded. She had been walking a few steps with Xi Wei when she suddenly thought of something. She broke free from Xi Wei’s arm and said, “father, wait for me. I still have something to do!”

“Oh?” Xi Wei quickly asked, “what’s the matter?”

“This man ...” Xi Mengna walked back to the crowd and pointed at Zhao Yu. “This man bullied me just now, so...I’m going to take revenge now!!!”

Gulp ...

This time, it was Zhao Yu’s turn to swallow. Seeing Xi menena’s eyes filled with hatred and murderous intent, Zhao Yu suddenly felt a chill in his heart.

Chapter 1339: shocking revenge

Ever since he found out that the real boss was Xi menena’s father, Xi Wei, Zhao Yu knew very well that he was not far from being in trouble.

Because he was the one who had found the murderer, Xi menena. In order to make Xi menena confess, he had used many despicable means, even forcing a kiss on her.

Hence, during the whole process, Zhao Yu had tried his best to keep a low profile, hiding behind the crowd so that he wouldn’t be treated like a bird that stuck its head out.

Initially, when he saw Xi Wei and Xi menena preparing to leave, he had already heaved a sigh of relief and was preparing his own counterattack plan!

However, he had never expected that Miss Xi would still be thinking about him!

She was really a vengeful woman ...

At that moment, seeing Xi Mengna walk towards him with ill intentions, Zhao Yu knew that he would not have a good time.

So, he quickly prepared the invisible bullet proof suit, energy booster, and other equipment. If Xi menena wanted to kill him, he would fight them to the death!

In such a short period of time, Zhao Yu had come up with more than a dozen counterattacks, including throwing odor bombs, sneak attacks with invisibility cloaks, aircraft escape, and so on.

“Wait ...” When he saw Xi Mengna approach Zhao Yu, Xi Wei seemed to have a premonition. He quickly stopped Xi Mengna and said to Scott, “believe me, the abilities of these people are definitely beyond your imagination!

“You’ve already seen it once before. You can’t let this happen again, right?”

“Understood!” Scott, of course, knew how powerful these people were, so he quickly gestured to his men. Soon, someone brought a rope and tied Zhao Yu’s arms behind his back, then tied them firmly with the rope.

Seeing that Zhao Yu was completely under control, Xi Wei was finally at ease and let Xi Mengna get close to Zhao Yu.

However, although he was tied up with a rope, Zhao Yu was not worried. He had already secretly used an invisible bone-locking device in preparation for this.

"I've said it before, those who have bullied me will definitely not have a good ending!" "Zhao Yu!" Xi Mengna came up to Zhao Yu and glared at him. She said in Chinese, "I advise you to repent for what you did just now!"

"What's the use of repentance!" "No matter how powerful your father is, you're still a murderer!" Zhao Yu retorted, ready to fight back. Since I'm a detective, I'm going to find you! I have a clear conscience, kill me or cut me up!"

"Don't, don't, don't ... It's all a misunderstanding, a misunderstanding!" Miao kun, who was in the distance, saw that things were not going well and quickly tried to stop them. "I see that your birth characters are quite compatible. Why don't you become friends?" We can be friends!

"Look, Xi Wei and I are good friends. If you two become good friends, then you'll be even closer, right? hey...Hello ..."

Seeing Xi Mengna getting closer and closer to Zhao Yu, Miao kun was really frightened. He quickly shouted at Xi Wei, "Xi Wei, hurry up! I'm telling you, Clint has a backup plan. In a few minutes, there will be a ship of Marine Defense soldiers surrounding the island of wonders!

"Hurry ... Hurry up and tell your daughter to stop wasting time and go look for diamonds ... No... No no no no..."

The next second, when he saw that Xi Mengna had suddenly attacked Zhao Yu again, Miao kun was so scared that he could not help but close his eyes.

However, when he opened his eyes, he saw a scene that made him confused.

Although Xi Mengna had hit Zhao Yu, she didn't hurt him. Instead, she hugged Zhao Yu's head and kissed him hard on the lips. Their lips collided with each other, and it was a crazy kiss!

Waa ...

Not only was Miao kun dumbfounded, but you SUFU and the others were also dumbfounded. Even Scott and Xi Wei were stunned.

"Wu...Wuwuwu ..." Zhao Yu struggled, but Miss Xi's strength was amazing, so he was kissed until he could not breathe ...

What was even more infuriating was that not only did Xi Mengna force a kiss on him, she even used her soft tongue to pry open Zhao Yu's teeth. Soon, Zhao Yu felt like he was on cloud nine.

This shocking scene lasted for nearly a minute, before Xi Mengna was satisfied and left Zhao Yu's body.

"Alright, I'm done!" Xi Mengna wiped her lips gently and said to Xi Wei, "I've already taken my revenge. We can go now, dad!"

When she turned around, Xi Mengna even threw a flirtatious look at Zhao Yu, making him feel even more flirtatious.

Gulp ...

Miao kun swallowed his saliva and said indignantly, "This is too brutal. This kind of revenge is simply inhumane! If you're still angry, you can take your revenge on me ..."

"Hmph!" Xi menna ignored him and walked straight to the main door.

Xi Wei seemed to know his daughter's personality very well. He smiled and pulled Miao kun by the arm as they walked out of the door. "Old Miao, what did you just say? What coastal defense team? What Grimm's backup plan ..."

"This ... Hehehe ... Nonsense, nonsense ..." Miao kun tried his best to explain to Xi Wei, but as he was getting further and further away from the living room, he soon could not hear him anymore ...

"You guys ..." At this time, Scott instructed his men, "you all saw what happened in the restaurant just now. This is a critical period. We can't afford to make any mistakes!

"If anyone dares to move again, you don't need to ask me, just shoot and kill them!"

"Yes!" His subordinates received the order and all held their rifles tightly.

Scott glanced at the crowd and then followed Xi Wei and the others out of the hall. After he left, only four soldiers with loaded guns were left in the living room.

Among them, one of the soldiers had not tied ropes on everyone and was still tying them up one by one.

"Ah Billy puu ... Gulu ha mo na ... Gulu Xi, Gulu Dong ..." Just as the soldiers were tying the rope around Sisay, Sisay began to mumble something.

When the soldier was finally done tying him up, the black man, Sisay, suddenly let out a "hey" and then said to the soldier in English, "You're tired, you're tired. You want to sleep now, sleep ... Sleep ..."

Pa!

With a loud and clear sound, the soldier slapped Sisay across the face.

These soldiers were not ordinary people. With one big slap, Sisay's nose was broken and his face was swollen, making him look like a black version of Zhu Bajie.

"If you still don't behave, you won't just be getting beaten up!" Another soldier pointed at Sisay with his rifle, then monitored the crowd even more closely.

"I'll be honest with you!" "I don't care which side you're from, but I can guarantee with my life that once Xi Wei finds the diamond, he'll definitely kill you all!"

"Yes, that's right!" You SUFU quickly chimed in, "why are you risking your lives like this? Wasn't it just money? How about this, I'm being serious, I'll pay ten times what they paid you!

"You guys know who I am, right?" You SUFU said agitatedly, "if you don't believe me, bring my wallet and phone over now and I'll transfer the money to you on the spot!"

Pa!

Pa!

After two crisp sounds, both sai wanbach and Yusoff's faces turned into Sisay's ...

Chapter 1340: where are you hiding?

A short while later, except for Gu zhaichiro, who had been beaten to death, and Miao kun, who was taken away, the others had their hands tied behind their backs and were kept on the sofa in the living room.

"I told you your African hypnosis didn't work, but you didn't listen ..." Yusufu grumbled softly.

"F * ck you, it was just a bad time. He didn't see my eyes. If he did, he would have fallen asleep long ago!" Sisay explained.

"What's the use of one sleeping? There are so many more, can they all be hypnotized by you?" You SUFU laughed."Look at your face, it's like a pig's head, hehe!"

"F * ck, you're still laughing at me? how good can you be?" Sisay looked at Yusufu's face, also wanting to laugh.

"Hey," at this moment, Lee Bencheng, who had not spoken for a long time, spoke up,"can you guys be more serious? can't you tell? As long as Xi Wei finds the diamond, we're all done for!

"At this time, why don't you think of a way?"

"I hope ... I don't burn it!" "I'm most afraid of fire," she prayed."I'd rather be shot to death like a Japan writer!"

"Impossible!" Juliet said,"in order to destroy the corpse, not only would they burn it, but they might even burn the entire Castle! It's not the first time Xi Wei has done something like this ..."

"Then what do we do?" "We're all tied up, and there are four Special Forces soldiers with submachine guns watching us. What else can we do?"

"I have an idea!" Just as everyone was in despair, Zhao Yu suddenly spoke. He whispered to Lee Bencheng,"hurry up, translate for me!"

Since Tani zhaichiro was already dead, only Lee Bencheng could understand Chinese.

"If you have a way, then hurry up and say it!" Li Bencheng didn't translate it directly, but asked Zhao Yu directly.

"Don't worry about it. I have a way to get you guys out, but ... I have a condition!" "You have to help me get Miao kun out!" Zhao Yu said quickly.

"You ..." Lee Bencheng frowned,"are you crazy or are you sick? It was one thing to be unable to get out, but it was another to save Miao kun. Wouldn't that be the same as walking into a trap?"

"And the most important thing is that we don't know where they went."

"It's okay, it's okay ..." Zhao Yu gestured to the white paper with his eyes."Now, you just need to crack the password and let me know where they are going to find the diamonds!"

"This ..." Lee Bencheng had no choice but to translate Zhao Yu's words to the others. After everyone heard it, they all had the same reaction as Lee Bencheng, they couldn't believe it at all.

"Even though we've suffered a huge blow, we have to admit ..." Yusoff spoke first, "Xi Wei is truly a genius. I'm afraid only green can be compared to him!"

"Originally, if Gu Zhao and Miao kun were here, they might have been able to think of something ..." Sai wanbach said as he looked at the password on the white paper. "But ..."

"I say," jieka frowned and asked Zhao Yu, "China detective, aren't you very good? Do you have the ability to Break It Yourself?"

"He can't even speak English ..." Juliet said. "How can it be deciphered?"

"Wait ..." Lee Bencheng suddenly said, "let's calm down, calm down! Everyone, think about it...Xi Wei said that this password is very simple and childish, right?"

"Yes ... And ..." Juliet added, "the situation is different now! Xi Wei's password was a small 't', and from what he said just now, it seemed like Gu zhaochiro had lied. Gu Zhao's password should be a capital 'T'!

"So, our current clues are even more complete than before! Everyone, use your brains and think about it. Even though we can't compare to Xi Wei, we can't be that far off, right?"

"At least ..." Zhao Yu said. "The place where the diamonds were hidden was not in the castle, and it should be quite far from here!"

"When Xi Wei was leaving, he made a gesture as if he was tidying his pants. This action shows that he's prepared to go a long way!"

"That's right!" Lee Bencheng said, "I heard the sound of an electric car just now. They should have left in an electric car and should be going to a place far away!"

"That's strange ..." You SUFU frowned and said, "the diamond ... Where is it hidden?" Where can you use such a combination of letters and numbers, and ... In such a simple and childish place ..."

"Is it ... A golf course?" "What hole?" sai wanbarker guessed, "which hole does the number represent?"

"No, at this time, it's better not to make wild guesses!" Juliet said as she carefully observed the password on the coffee table. "Xi Wei said that German passwords are numbers, so we already know eleven and a half of the thirteen passwords. Xi Wei guessed it with just a few looks, so ... It should be very simple, right?"

"Yes ... Let's ... Let's see ..." The others responded one after another, all of them staring at the white paper.

"Hey ..." At this time, the soldiers on guard seemed to have sensed something fishy. One of them immediately raised his gun and shouted, "you'd better shut your mouth!" Don't try your luck anymore, or else ... I guarantee that you'll leave the venue early!"

Who knew that just as this person finished speaking, the hanging lamp above his head suddenly went out.

Eh?

When the lights went out, Zhao Yu was shocked!

This was because, in his previous counterattack plan, using the power jamming device to turn off the lights was one of the most important steps.

It was already 10 in the evening, and the light in the castle was already dim. If the light was turned off, it would definitely affect the other party's vision!

But, to Zhao Yu's surprise, he had not taken any action yet! Why did the lights go out in advance?

"Squeak, squeak, squeak ..."

At this time, one of the soldiers' walkie-talkie rang. Someone told them through the walkie-talkie that the power outage was normal and that someone had deliberately pulled the power switch!

"Tsk tsk ..."

The light in the room suddenly dimmed, and it became extremely difficult for everyone to read the words on the white paper again.

"Really, why did you turn off the power?" One of the soldiers grumbled and quickly shouted to a soldier outside, "the dining hall ... There's a candle stand in the dining hall! Bring it over and light it up, this won't do!"

"Well ..." The soldiers' vision was blocked, and they didn't want to give the skilled detectives an opportunity, so they hurried to the dining room to get the candle stand.

"Oh ..." Suddenly, the middle Eastern man you SUFU let out a small cry and shouted to the crowd, "i f * cking understand now, I know ... I know ..."

"Hey, do you want to die?" "Lower your voice!" Said Jecca in a low voice.

Everyone quickly quieted down. After seeing that Yusoff didn't alarm the guards, they urged, ""What's wrong? What do you know?"

"Electricity!" "Why did they turn off the power?" she asked excitedly. It means that the place where the diamond is hidden is related to electricity!"

"Ah?" Everyone finally understood."That's right ..."

"My 'W' and Miao kun 's' P 'are both capital letters, and together they form' KP '.' W 'represents horizontal axis in Power Engineering, and the horizontal axis is the working axis unique to cross-flow fixed-blade water turbines. Cross-flow fixed-blade water turbines are' G ', and sevanbach's password is G, but D doesn't have it ..."

"If there isn't any, then it must be the letter we are missing? But ... There are still many other letters!" Sai Wan BA ke said doubtfully.

"Do you still not understand? Aren't you guys too LOW?" She said excitedly,"these are not important at all. What's important is the other letters!

"I finally understand how Xi Wei feels. Spell the remaining five letters. The answer is so F * cking childish!"
