

## Crazy 1361

### Chapter 1361: handsome Merman

No way?

Zhao Yu and Miao kun were shocked. They had seen with their own eyes that Xi Mengna had sunk to the bottom of the sea in pursuit of the diamond treasure chest, and had been swallowed by the Sharks.

She ... She, she, she, how could she not die?

"Mengna ..." Xi Wei was both surprised and happy to see his daughter on the yacht. He quickly went up to her.

However, Xi Mengna ignored her father and ran to Zhao Yu instead. She grabbed Zhao Yu's collar and questioned him loudly,"

"Zhao Yu! Zhao Yu! Quickly tell me, what did you do to me?"

His words shocked everyone and the entire yacht was silent.

"This ..." Zhao Yu was confused. He didn't understand what the mixed-blood beauty meant, so he scratched his head and said,"just now in the water, we were all wearing clothes, and the time was so short. What could I have done to you?"

Zhao Yu's answer made the people who could understand Chinese even more confused.

"Tell me ..." Xi Mengna pinched Zhao Yu's chin and stared at his lips."How did you give me oxygen just now?" Why didn't I drown?"

Oh ...

Zhao Yu then realized that Xi menena's survival was related to the invisible breathing device that he had given her. But ... But ... So what if he could breathe? There ... There ...

"No way? "So many sharks ... You ..." Miao kun was still looking at Xi menna as if he had seen a ghost."You can't possibly have survived, right?"

"Hmph!" "Hmph!" Xi menna snorted and turned to point at the glass box."We've attracted so many sharks. If that was a shark lure, we would have been dead long ago!

"The Sharks will rush over at the first moment and tear us apart!

"Didn't you guys see ... All the Sharks that swam over were male?" Xi menna said,"I'm guessing that red liquid is something related to shark mating! It's what Grimm used to scare people!"

"It can't be?" Miao kun was surprised."Why didn't you say so earlier? I was scared to death just now!"

"Nonsense," Xi menna scolded."How can you talk in the water? I've already given you a hand signal, but you just don't understand!"

"Amazing, amazing!" Miao kun quickly gave Xi menna a thumbs up and praised,"even sharks can be differentiated into male and female. I'm impressed!"

“Zhao Yu!” Xi menena grabbed Zhao Yu’s chin again and asked, “what did you do to me? How come ... I can still breathe after sinking to such a deep bottom of the sea?”

“Mm ... Okay ...” Zhao Yu first frowned, then said seriously, “since you’ve seen through me, I can only tell you the truth! Actually ... Um ... Actually, I’m a handsome male fish! Those who have been kissed by me can breathe in the water like a fish ...”

“.....”

The crowd was speechless, but Xi Mengna held Zhao Yu down angrily and shouted, “Zhao Yu, you’re about to die, and you still dare to joke? You really don’t know what’s good for you!”

“I’m telling the truth!” Zhao Yu said honestly, “if you don’t believe me, let’s try kissing in the sea again! Wuwuwu ...”

Unexpectedly, before Zhao Yu could finish his sentence, Xi Mengna had already pried open his mouth and put her finger into his mouth to check. The scene was quite strange ...

“Wuwuwu ...” Zhao Yu was stabbed and couldn’t speak. It was as awkward as it could get ...

“Mengna...Mengna...What...What’s going on?”

At this moment, Xi Wei was also a little confused and quickly went up to ask. However, he had only taken two steps when he suddenly saw the glass box that was thrown on the deck by Xi menna. He saw that there was something sparkling inside the transparent glass box ...

“Ah?” He couldn’t help but exclaim in shock. He immediately rushed forward and picked up the box.

Waa!

Feeling that the box was filled with diamonds, everyone on the ship couldn’t help but exclaim and turn their eyes to the glass box.

Hmph!

Zhao Yu had been waiting for this opportunity. Just as the crowd was screaming, he suddenly picked her up and grabbed her arm. As he pinned her behind her back, he used his arm to grab her neck, restraining her.

“Don’t move!” “Hold on!” Zhao Yu shouted as he held Xi menna in one hand and pulled out a knife with his other hand. He wanted to put it against her neck and take her hostage.

Zhao Yu had picked up this knife from the ruins when he had changed into the rider’s uniform at the race track.

Originally, he had kept the knife on his ankle as a backup. However, he had forgotten about the knife as he was using it.

It was only then that he remembered. Seeing that Simone was so close to him, he decided to make a sudden move.

However, just as Zhao Yu was about to raise his knife-wielding arm, his wrist was suddenly grabbed by Xi menna.

Then, the mixed-blood beauty nudged Zhao Yu's armpit with her elbow, bent over, and wanted to throw Zhao Yu over.

"Ah!?"

Zhao Yu had forgotten that Xi Mengna was also an expert in close combat. He immediately used the method that Miao Ying had taught him to break the attack. He shifted his center of gravity and turned his body, trying to pull Xi Mengna back into his arms with his own strength.

However, just as he was gathering all his strength, with a "ka" sound, the muzzle of a rifle was already firmly pressed against his temple ...

Terrible!

Zhao Yu then realized that the soldiers standing next to him were not ordinary people. It was impossible for them to just stand there and watch the show.

As Zhao Yu loosened his grip, Xi Mengna immediately flipped over and threw Zhao Yu onto the deck!

"No way!"

Just as Zhao Yu was seeing stars from the fall, Miao kun's annoyed voice suddenly rang in his ears. "Zhao Yu, why didn't you give me a look if you were going to make a move? I'll at least help you get a gun, alright?"

"Hahaha ..." At that moment, a sneer was heard. Xi Wei, who was holding the diamond treasure chest, turned around and smiled at Miao kun. "Old Miao! This is the difference between us, hehe ...

"Ever since the detective salon, you've been trying to get the upper hand, but ..." He approached Miao kun with a wicked smile. "You're always one step behind me! This time, I admit that I've underestimated you. However, I didn't underestimate you, but the person you've brought!"

As he spoke, Xi Wei pointed at Zhao Yu and said fiercely, "Although ... The losses were a bit heavy, the results were still good ..." He gestured to the diamond treasure chest in his hand and smiled. "I've already gotten the diamond!

"So ... Your existence is meaningless!"

As he spoke, Xi Wei raised his arm and was about to order his men to shoot Zhao Yu and Su Yu.

"Wait a moment!" Unexpectedly, Xi menna suddenly stopped Xi Wei and pointed at Zhao Yu, saying, "father, I think there's something wrong with this person! I suggest that we arrest him and interrogate him properly!"

"Hmm ..." Xi Wei frowned when he heard Xi menna's suggestion. He thought about it seriously for a while, then said to Xi menna, "okay, we'll do as you say! "But, in that case ..." He pointed at Miao kun and said, "our boss Miao can finally go to the West, right?"

"Yes ..." Xi menna did not care about Miao kun's life and nodded vigorously.

“Hahaha ... Good, good!” Xi Wei smiled at Miao kun, then ordered his men to shoot at him.

“Hey!” At this critical moment, Zhao Yu suddenly spoke. He raised his arms and shouted, “wait a minute. Didn’t you want to know who I am? Alright, I’ll tell you now!”

“Oh?” Hearing Zhao Yu’s words, Xi Wei’s curiosity was piqued, and he immediately stopped his arm in the air, as if he was all ears.

“Wahaha ...” Zhao Yu laughed and said, “actually, you should have guessed it! Since your helicopters and missiles can’t do anything to me, what are you waiting for? hurry up and surrender!”

### **Chapter 1362: My jinx has also been blessed**

“To tell you the truth, I’m from hell,” Zhao Yu put his hands on his waist and started to run his mouth again. “It was the joint guarantee, oh no... Joint recommendation, by the Jade Emperor and Virgin Mary, that sent me to teach you guys a lesson!

“How is it, are you afraid?”

“If you’re afraid, I advise you to surrender and kneel down to beg for mercy. Otherwise, none of you will Live! If you anger your King of Hell Zhao, the consequences will be very serious ...”

.....

Hearing Zhao Yu’s words, everyone was in an awkward position.

Especially Miss Xi mengna, who looked at Zhao Yu with a dark expression. She could not understand Zhao Yu’s manic behavior.

“Mengna...Ahem ...” Xi Wei said helplessly, “why don’t we just kill both of them?” What’s the point of keeping this kind of guy around?”

As he spoke, Xi Wei pointed to his head, which meant that Zhao Yu was probably a mental patient.

“Mm ...” Xi Mengna looked at Zhao Yu with a complicated expression, as if she was still reluctant to part with him.

In fact, the reason why Zhao Yu was acting so maniacal was because he had already made up his mind.

In the face of the many enemies on the yacht, he had already quickly made a risk assessment and believed that if he wanted to completely solve the problem, there was only one feasible way, which was to rely on his super props and take extreme measures to counterattack!

They were surrounded by the vast ocean, and running away was not the way to go.

Although it was easy for him to escape, he still had to consider his father-in-law, Miao kun. He could not let Miao kun be in danger, nor could he let Miao kun know that he had so many special abilities.

Therefore, he had prepared a series of super props such as a bulletproof vest, an aircraft, and an invisibility cloak. He planned to provoke the other party with his words, then use the advantage of his bulletproof vest to jump off the boat with Miao kun. After that, he would take advantage of the other

party's unguarded state and fly back to the yacht to kill them, just like what he had done in the helicopter.

Hmph!

In adversity, it was either you die or I live!

Based on the current situation, Zhao Yu could not hold back any more. He could not be stingy with any of the props that he needed.

It was because of this desperate plan that Zhao Yu had spoken so arrogantly, so that others would think that he was a manic mental patient.

While he was talking nonsense, Zhao Yu paid attention to Xi Wei's hand gestures. As soon as he lowered his arm and ordered the soldiers to shoot, he would immediately activate the aircraft and the bullet proof suit, then jump into the sea with Miao kun!

However, but, but, but ...

Just as Xi Wei was about to let go, a diver with a shark gun suddenly climbed onto the deck with the sound of water splashing.

Eh?

The arrival of the divers disrupted Xi Wei's rhythm and attracted the attention of some soldiers.

The diver seemed to have been injured. As soon as he climbed onto the deck, he lay there without looking up ...

"Quick ..." Scott, who was standing at the bow of the ship, hurriedly ordered his men, "go and take a look! Why did only one come back? where's the other one?"

As a result, Scott's voice had just fallen when a shocking change suddenly occurred on the ship! It was unknown when but a soldier behind Scott suddenly rushed forward and kicked Scott flying!

This kick was extremely ruthless. Even though Scott's body was heavy, he still fell from the bow of the ship and fell heavily on the deck. He didn't even make a sound and fainted.

Just as Scott was kicked away, the soldier who kicked him took out a pistol and fired several shots in a flash. The other soldiers near the bow of the ship were all shot to the ground!

This person's marksmanship was fast and accurate. The soldiers didn't have time to react before they were all shot in their vital parts and died.

"Ah!?"

In the face of such a sudden attack, the soldiers on the ship were caught off guard. One of the soldiers on the deck was about to turn around and shoot when the diver on the ground suddenly moved!

He raised the shark-shooting gun, and with a whoosh, the head of the gun hit the soldier's body. It almost pierced through, and he died on the spot!

"Ah!?"

Xi Wei and his daughter were very close to the bow of the ship. When they saw the divers suddenly change sides, they panicked and quickly retreated.

Only then did the other soldiers react. They quickly pulled out their guns and prepared to fight back while protecting their boss.

However, at that moment, a woman in a soldier's uniform suddenly appeared at the stern of the ship.

The woman had a burly figure and was holding a rifle in her hand, looking like Schwarzenegger with his female companion.

The moment she appeared, she stood outside the railing and fired a shot! The woman's marksmanship was even more accurate. Almost none of her bullets missed their target. In the blink of an eye, she had shot several enemies to the ground ...

Bang Bang Bang ...

Tap tap tap tap ...

After that, Xi Wei's men were annihilated in a split second, leaving only him and Xi menna standing in the middle of the deck.

At first, Xi menna had wanted to fight back, but she had never expected her own people to fall so quickly. In the blink of an eye, only she and Xi Wei were left, and she did not have any weapons in her hands. Seeing that the situation was hopeless, she could only give up on this idea.

Miao kun was the most alert. As soon as he saw what was happening on the boat, he pulled Zhao Yu to the ground.

At this moment, as soon as the battle was over, he raised his head and saw who the people who launched the surprise attack were.

"F \* ck! It's you guys!" After seeing it clearly, Miao kun let out a sigh of relief and was completely relieved.

Of course, Zhao Yu also saw who the person was. The one who had disguised himself as a diver was the Latin man, sevanbach. Standing at the bow of the ship and using a pistol was the Korea agent Lee Ben Cheng. The one who fired the rifle at the stern of the ship was none other than Juliet, the France sister tougun!

"Hey! What the hell! Here it comes again!"

The next second, with a loud roar, a strong man holding a machine gun jumped out from the right side of the ship. It was Jecca from Eastern Europe.

Seeing that the battle was over, Jecca looked up at the sky in grief and indignation. "Why does it always end up like this? You didn't even leave a single one for me? Ah ..."

"Mm ..."

One could imagine Xi Wei's shock when he saw the sudden change in the situation on the deck. He raised his walking stick high in anger and wanted to say something.

However, just as he raised the crutch, Miao kun rushed over and snatched it away!

Miao kun immediately threw his walking stick into the sea.

“Hmph! Don’t think I don’t know!” Miao kun laughed smugly. “There must be a hidden weapon in your crutch!” I’ve long found it an eyesore!”

“You ... You ...”

Without his walking stick, Xi Wei’s entire body trembled. He could not stand steadily and was about to fall. Fortunately, Xi menna came forward in time to support him!

“Hahaha ... Zhao Yu!” After seeing that he had turned the tables, Miao kun immediately gave Zhao Yu a thumbs up and praised him. “Kid, you’ve got a big mouth, haven’t you? How do you know that someone will come to save us? Amazing, amazing ...”

“This ...” At that very moment, Zhao Yu’s heart was unusually awkward. He had never thought that it would end like this. On the one hand, he felt a little gratified, but on the other hand, he felt a little regretful that he didn’t succeed in acting tough!

However, his relief only lasted for a few seconds, before Zhao Yu suddenly felt that something was wrong. He suddenly realized that Lee Bencheng and the others were all staring at the diamond treasure chest in Xi Wei’s hands!

The diamond in the treasure chest glowed brightly, like a bewitching demon.

### **Chapter 1363: sowing discord**

Although Miao kun had thrown the walking stick into the sea, the diamond treasure chest was still in Xi Wei’s hands.

Xi Wei was a sly old fox. He immediately hugged the diamond treasure chest tightly and wanted to run to the railing to threaten everyone with the diamonds.

However, his legs and feet were inconvenient. Secondly, Zhao Yu had been staring at him for a long time, so he immediately rushed forward and started fighting with Xi Wei.

Originally, Zhao Yu’s strength could have easily overpowered Xi Wei’s, but with Miss Xi Mengna standing next to him, Miss Xi naturally could not just watch her father get bullied. She immediately reached out to grab Zhao Yu and pulled him together.

In the end, the treasure chest suddenly flew out of Xi Wei’s hand and fell in the middle of the deck.

Eh?

The eyes of Sai Wan BA ka, who was the closest to the treasure chest, lit up. He quickly rushed over to grab the treasure chest.

However, the shrewd Latin man suddenly stopped when he was about to touch the treasure chest.

“No... That’s not right!” Sai wanbach looked at li Bencheng and the rest who were glaring at him. He quickly retracted his hand and mumbled, “if you don’t have the ability, then don’t take on this task ...”

After he finished speaking, he actually tactfully retreated.

“Don’t move!” At this time, Juliet came from the end of the boat and forced Xi menna to let go of Zhao Yu with a gun.

“Ha...Hahaha ...” Miao kun saw that the situation was settled, so he picked up the rifle from one of the dead bodies and walked up to Xi Wei.”Elder Xi, elder Xi, weren’t you so arrogant?” How was it? Now ... What else do you have to say?”

“You ...” Xi Wei clutched his chest agitatedly. He seemed to be in extreme pain.

“Dad ...” Xi menna wanted to help him, but Juliet separated them by force.

“No...” Miao kun pointed his rifle at Xi Wei and said to Zhao Yu,”Zhao, hurry up and search this guy. We can’t be careless and lose Jingzhou!”

“Mm ...” Zhao Yu nodded in agreement, but he was obviously in a difficult position. It was not that he did not want to search Xi Wei’s body. However, compared to Xi Wei, he was more worried about Lee Bencheng, Jecca, and even Juliet!

Although they had a common enemy before, the diamond was priceless, after all. It was hard to guarantee that they would not be tempted when the diamond was in front of them.

Now, everyone’s situation was the same. If anyone suddenly had an evil intention and wanted to take the diamond for themselves, the situation was likely to be more dangerous than before.

Especially the Korea agent, Lee Bencheng. Zhao Yu had seen what he was capable of. If he were to suddenly attack, the situation would be out of control!

“I’ll do it, I’ll do it!” At this moment, sai wanbach rushed forward and searched Xi Wei’s body. Then, he used the rope he picked up to tie Xi Wei’s hands tightly.

It seemed like sai wanbach was just as afraid of Xi Wei as Miao kun was. He was afraid that Xi Wei had more tricks up his sleeve.

“Old sai,” Miao kun looked at the people on the deck and asked sai wanbach,”where is the chief?” Did he die too?”

“No... No...” Sai wanbach quickly replied,”Yusoff’s arm was broken by the stove in the secret chamber, and he can’t move! I won’t die, don’t worry!”

“Oh ... That’s good!” Miao kun let out a long sigh of relief and said,”I’ve invested tens of millions in his oil well. He can’t die!”

Hearing Miao kun’s words, the two of them looked at each other and laughed.

Tsk tsk ...

Zhao Yu frowned and gave Miao kun a look. He wanted Miao kun to pay attention to other people’s reactions. The atmosphere on the deck was not as relaxed as he had thought. It was likely that another fierce battle was about to break out!

However, Miao kun did not seem to mind and continued to mock Xi Wei. "Old Xi, this is called walking along the river, how can there be shoes that don't get wet? Now, not only are your shoes wet, but your body is also wet, right?"

While Miao kun was gloating, Juliet had also examined Simone up and down, and had sai wanbach tie her up with a rope.

At the same time, Lee Bencheng, who had always been cautious, raised his pistol and checked the dead on the deck, in case there were any survivors.

On the other hand, Jecca stepped to the center of the deck first and picked up the glass box with the diamond.

The moment Jecca hugged the box, everyone on the deck turned to look at him, and the atmosphere became heavy.

"Waa!" "So ... These are the legendary diamonds?" It was really quite heavy. It must be a few kilograms in total, right? How much ... Is this worth?"

With that, he rummaged through the box, trying to find an opening to take out the diamond.

"This batch of diamonds is all from the deep Kuangqu South Africa. There are a total of 1322 pieces and the total net weight is close to 4000 carats. More than half of them are in the grade S and above. There are also dozens of IF grade diamonds and the world's rare pink diamonds ..." Xi Wei gritted his teeth and said, "if we use today's market price to estimate, Hmph ... The starting price of this batch of diamonds is at least 800 million pounds!"

"Oh my God!" Jecca's chin almost fell to the ground. "Eh ... Didn't Miss Jasmine say 80 million? Why ... Why did it double? This ..."

In his surprise, Jecca couldn't help but hold the diamond treasure chest tighter.

"Hey, Jecca, be careful!" "There's a trap on it," Miao kun said. "I was almost done for when I got it out of the water!"

"Ah? Why didn't you say so earlier?" Jecca was shocked and quickly threw the box on the ground. The glass boxes were clattering, and the deck was silent.

"It's impossible for you to not suffer losses when dealing with an M15!" Xi Wei continued, "it would be crazy if I told you the real value of the diamond ..."

"That's right ..." Xi menna chimed in. "I picked up the diamond Box from the bottom of the ocean. If there really was a trap, I wouldn't have been alive until now!"

"Ah? "Miao kun ..." Jake glared at Miao kun and scolded, "you still dare to fool me?"

"Silly!" Miao kun finally realized that the atmosphere was not good, and he quickly shouted at Jake, "can't you tell? This old fox is trying to drive a wedge between us!"

"Hmph! "Such a huge amount of diamonds ..." Xi Wei laughed coldly. "Without my help, no one will be able to take it! I'm not trying to sow discord, but I can only work with one of you ..."

“Go to hell!” “Who would dare to work with an old fox like you?!” You’ve killed Tani zhaichiro and Sisay. Even if we have an internal strife, we’ll kill you first before we can be at ease!

“I say, everyone ...” Then, he looked up at the crowd and said, “since we can’t keep such a large number of diamonds for ourselves, listen to me, quickly break the boxes, and let’s split them!”

“I admit that I didn’t contribute much, so I’ll just take a hundred million pounds!”

“Al! Old sai, are you confused too?” Miao kun frowned and said, “800 million just because he said so? Haven’t we fallen for his tricks before?”

“Cough! Who cares?” Jecca pointed at the treasure chest and said, “we’ll take as much as we have! No matter how much we split, we’ll still earn!”

“No!” Juliet said worriedly, “don’t forget that we’re right there. If we split the loot on the spot, we’ll never be able to clear the air! You don’t want to be hunted down by the United Kingdom Intelligence Agency forever, do you? I think it’s better to do business!”

“This ...” Sai wanbach drooled. “This sweet potato ... Do you really not want it?” Isn’t that too much of a pity?”

“Hahaha...Hahaha ...” At this moment, Xi Wei suddenly laughed and said to Jecca, “Jecca, I really don’t understand what you’re thinking!

“Did you forget who almost killed you? Is it because I’m getting older and more cowardly?”

“And you ...” He pointed at Lee Bencheng in the distance with his chin, “have you forgotten who caused you to be in Lisbon? You’re so willing to let your enemy have a share of the loot? I’m also drunk, hehe ...”

“You? You old dog!” Hearing this, Miao kun’s face changed and he cursed, “you’re about to die, yet you still dare to provoke us? Do you believe that I’ll ask you to find Grimm right now?”

However, Miao kun’s scolding could not change the reality. Jieka and Li Bencheng looked at each other, and their eyes still flashed with a fierce light, and they walked towards Miao kun together ...

### **Chapter 1364: great cleverness and petty cleverness**

Damn it!

The reason why Zhao Yu felt that the atmosphere was not good was not only because of these people’s greed for diamonds, but also because of the grudges between Miao kun, Jecca, and Li Bencheng.

The two of them already hated Miao kun to the core, and with Xi Wei’s instigation, an internal conflict was inevitable.

Even though Jieka and Li Bencheng knew that this was all Xi Wei’s doing, they still walked towards Miao kun fiercely.

“Don’t ... Don’t, don’t, don’t ...” When sai wanbach saw that the situation was not good, he quickly stood in the middle and tried to stop them. “It also depends on the time to clear the accounts. Don’t forget our current situation. You guys are not so naive, right?”

"Latin, you have no business here!" "Just keep an eye on Xi Wei and his daughter!" Said jieka as he pushed sai wanbach to the side.

"Don 't, don' t, don't ..." Sai wanbach still wanted to persuade him, but he was pushed to the side by Jecca's strength.

Zhao Yu saw this and quickly picked up a rifle from the ground.

"Zhao Yu!" "Don't move," Miao kun said, shaking his head."You have no business here!"

'F \* ck ...'

Zhao Yu looked at Miao kun's determined expression and cursed in his heart. Father-in-law, what are you doing now? Don't tell me ... You still want to fight these two people one-on-one?

"Hey!" Juliet was also anxious. She yelled at Jecca and Sophia,"are you guys crazy? Can't you tell that Xi Wei is instigating you? Don't mess around!"

"Hmph!" Li Bencheng snorted and glared at Miao kun."This has nothing to do with the diamond! This is a personal grudge between us!"

"Right!" Jieka's eyes flashed like a Wolf 's, and he clenched his fists so hard that they cracked."People who owe debts have to pay back! Female Miao, are you ready to pay your debt?"

"Hmph!" "Hmph!" Miao kun snorted and said contemptuously,"since you're so stubborn, I'll enlighten you today!"

"Hmph, what a boastful boast!" Lee Bencheng put his pistol back into the holster and put on an offensive posture. He said fiercely,"I think today, we are destined to have one less person to share the diamonds!"

"Li," seeing that li Bencheng was about to attack Miao kun, Jake frowned and said to the Korean,"you've already beaten me to it twice. This time, can you let me take the lead?" I promise I'll keep him alive, okay?"

"Wahaha, what a joke!" At the critical moment, Zhao Yu stepped forward again and stood in front of Miao kun."Try to get past me!" He roared.

"Tsk, tsk ... Zhao!" To Zhao Yu's surprise, Miao kun pulled Zhao Yu aside and said,"Didn't I tell you? I'll solve my own problems. Otherwise, where will I put my face? Listen to me, even if I'm killed later, don't interfere, understand?"

"This ..." Zhao Yu gritted his teeth in hatred, but there was nothing he could do.

"All right, let's settle the accounts all at once today," Miao kun said, beckoning to jieka and Li Bencheng with his finger."You two can come at me together!" If I frown, I'm not a F \* cking hero!"

'F \* ck ...'

Zhao Yu almost spat out his tongue. He knew Miao kun's capabilities very well. Even if the two of them joined forces, they might not be able to defeat li Bencheng, let alone two, not to mention that there was also the bear-like Jake!

What ... What's wrong with my father-in-law?

"I'm really convinced by you guys, alright!" Juliet put away her rifle and stood aside angrily, as if she had seen through Hao Ren's determination. "Come on, you guys fight!" It's good that they're all dead. I'll split it with sai wanbach!"

"Mm ..." Zhao Yu quickly scratched his head and reminded her, "it seems that I should also be included, right?"

Although Juliet didn't understand Chinese, she still understood what Zhao Yu meant and nodded.

At this time, Li Bencheng and Jake were already standing in front of Miao kun. Miao kun was also in an offensive posture. The two sides were ready to fight!

Although Zhao Yu said that, he was still worried about his father-in-law's safety, so he had prepared an energy booster for him. He planned to use it on his father-in-law quietly to help him win.

However, by the time Miao kun and the other two started to attack him, Zhao Yu had almost hit his head on the side of the boat. He had a lumbar disc protrusion.

After Miao kun rushed in front of Lee Bencheng, he gave Lee Bencheng a small hug!

The next second, the two of them smiled at each other and shook hands warmly like old friends who had not seen each other for a long time.

"Hahaha ..." The next second, Jake laughed as well. He walked forward and gave Miao kun a small hug. Then, he shook hands with Miao kun. They were as intimate as they could be!

Miao kun gently punched Jake's shoulder and said, "This is the best posturing I've ever seen you do!"

"Come on!" Li Bencheng smiled and shook his head, "I almost laughed a few times! You two are acting too rigidly, you know? It's not natural at all ... I thought I would have been exposed a long time ago!"

"Hahaha ..."

The three of them laughed out loud, while the others looked on with wide eyes, incredulous.

This ...

What kind of drama was this?

Although Zhao Yu understood a little, he was still a little confused.

"Hahaha ..." Miao kun and the other two turned around and walked up to Xi Wei. Miao kun pointed at Jake and said, "old Xi, people only think that I was the one who put the bomb on Jake. But no one knows why Jecca didn't die from the explosion. "

"Ah?" Xi Wei's eyes turned and he said in a trembling voice, "so ... So ... You were the one who gave him the news in advance? You ..."

"Nonsense!" "We've always been Good Brothers!" Said Jieka, putting his arm around Miao kun's shoulder.

“As for li Bencheng ...” Miao kun then pointed at li Bencheng. “I was the one who started the Lisbon incident, but I did it to save him!”

“Female has received news that our Iberian plan has been infiltrated, and someone is going to harm me! That’s why I arranged for the Lisbon police to arrest me in advance. If I had been an hour later, my team would have been completely annihilated!” Lee Bencheng said, “so, Female Miao is saving me, not harming me!”

“Right!” Miao kun laughed smugly. “He gave me the invitation card of his own accord! As for how he got out of prison, I can’t tell you!”

“Hmph ... Hmph ...” Xi Wei laughed evilly when he heard Miao kun and the others ‘explanation.’ “So, you used other people’s misunderstandings about these two matters to deliberately create an illusion that you, Jecka, and Li Bencheng are at odds with each other to deceive others?”

“I’ve said it before, you’ll only ever be able to play these little tricks. You’ll never reach my level!”

“Hehe ...” Miao kun sneered. “I admit that my petty tricks didn’t work! But so what if you’re on a higher level than me?”

“Xi Wei, don’t be so stubborn. You’re the one who brought this on yourself!” He said, “no matter how smart a person is, he can’t betray his faith!”

“Do you know why we can beat you? It’s because ... We trust each other! We have friends we can rely on! “So ...” He pointed to the diamond treasure chest in the middle of the deck. “Do you still think we’ll fight for diamonds?”

Buzz ... Buzz ...

Just as Miao kun was getting excited, two military helicopters suddenly flew down from the sky! Immediately after, the sound of many speedboats could be heard on the sea.

When everyone saw the word “police” on the plane, Sai Wan ba ba ba said dejectedly, “Alright, this time ... We can’t even split the loot ...”

### **Chapter 1365: The last trap**

As the two planes approached the yacht, one of them stopped in front of the yacht and pointed its weapon at Miao kun and his team.

On the other hand, several fully armed soldiers descended from the other plane and blocked the deck.

Although Miao kun and the others also had guns, they put down their weapons obediently when they saw the heavy weapons on the plane and the snipers aiming at them.

“What ... What should we do?” “Could it be that Xi Wei’s men have arrived?” sai wanbach asked worriedly.

“Are you stupid? How could that be possible?” Miao kun said, “the equipment is completely different. I don’t believe that elder Xi has such great stamina!”

“Right, these are more like regular troops!” Lee Bencheng said, “if I’m not wrong, this is the real M15!”

Zhao Yu felt the same way, but seeing that these soldiers were wearing explosion-proof suits and holding submachine guns, all of them well-equipped, whether it was their clothing or weapons, they were different from Xi Wei's men.

Moreover, Xi Wei had been lowering his head. If it was really his reinforcements, they wouldn't be so depressed.

At this time, more than a dozen speedboats had already arrived in front of the yacht. After the well-trained speedboats lined up, they surrounded the yacht.

After that, another dozen or so soldiers quickly rushed to the deck.

Buzz ... Buzz ...

The sound of helicopters and speedboats made the entire sea extremely lively. The searchlight on the plane shone down, covering Miao kun and the others, making them unable to open their eyes.

Under such circumstances, Miao kun and the others had no chance to resist. They all slowly raised their hands, signaling their surrender ...

"You can't do this, father-in-law!" At this time, Zhao Yu, who was standing behind Miao kun, complained, "let's talk about this. Since you were acting with Jake and Li, why didn't you tell me? Aren't you hiding too deeply?"

"It's Li Bencheng!" Miao kun corrected his mistake and said, "I had no choice. I had to make it look real!" I had no choice, I had no choice!"

"Forced, my ass!" Zhao Yu cursed, "do you know that I almost fired a shot? You didn't tell me about such a big thing. What if I really fought with them?"

"No... No..." Miao kun was at a loss for words. He quickly explained, "the three of us discussed it. We can't let a fourth person know!" Even if you're a relative, you have to keep your word. "

"F \* ck you ... Mm ..." Zhao Yu swallowed the dirty words and said, "I kind of understand now. Since the three of you colluded in advance, that is to say, you knew about the Grimm diamond long ago?"

"Then why did you drag me here? Wasn't this too ridiculous? No wonder you were so sneaky when you pulled me into your team!"

"No, no, it really isn't!" Miao kun quickly explained, "if I had known about the diamond in advance, we wouldn't have been so passive! Don't forget, we were almost killed by that guy!"

Miao kun glared at Xi Wei.

"I'm telling you, I did suspect that green had something to do with the diamond," Miao kun continued to explain. "The three of us decided to act just in case such a thing happened, so that the potential enemies would think that we could be divided ...

"And, and this was a bit of a prank. We wanted to give Grimm a surprise, but I really didn't know that he was already dead! They even left us a damn diamond password!"

"I say ... How long more do you want to talk?" Li Bencheng complained at the side, "can't you focus on what's in front of you? Even if these people aren't Xi Wei's men, we might not be safe!"

"Good, hehe ... That's good!" Zhao Yu was still a little angry, so he said sarcastically, "this time, I really got some training! I'm so grateful to you, my dear father-in-law! If you have any more secrets in the future, don't tell me, hehe ..."

"You don't have to mock me." Miao kun seemed to be a little anxious as well. He tilted his head and said, "you haven't told me how you managed to kill half an Army by yourself. Why did he kiss a beauty and she turned into a mermaid? Also, you can clearly understand everyone's language, but you're just pretending to be stupid ..."

"At this time ..." Lee Bencheng was the only one who could understand what the two men were talking about. He frowned and said, "you guys shouldn't be telling Grimm's Fairy Tales at this time, right? Can't you be more careful? let's discuss a plan ..."

In the end, as soon as Lee Bencheng finished speaking, the soldiers who had surrounded them rushed forward and searched them one by one.

Only when they were sure that there were no weapons did they let down their raised arms.

At this moment, a man in an officer's uniform walked over from the deck. He was not young, and the beyre hat could not hide his silver hair at all.

"Oh my God, isn't this that ... That person?" Suddenly seeing this white-haired old officer, Jecka's eyes widened in disbelief.

No way?

Although Zhao Yu didn't know the man, his heart was still beating fast. He wondered if the old man was the legendary Cricket Green!

"Bacary!?" Miao kun shouted, "why are you here? You ... How did you ..."

Bacary?

Oh ... Zhao Yu remembered that bacary was one of the people who had participated in the detective salon back then. Xi Wei had said that bacary had already died in prison.

"Wow ... An expert is indeed an expert!" Bacary looked at the crowd excitedly and said, "you guys actually cracked Grimm's Diamond password. My letter D ... You guys guessed it too?"

"....."

For a moment, the crowd was unable to react, and there was an awkward silence.

"Oh ... Oh right ... Where is Scott?" The old man named bacary suddenly asked, "did you see that?"

"Reporting, Sir!" At this time, a soldier came forward and reported, "we found officer Scott. He is unconscious!"

“You’re still calling me “Sir,” “Sir”!” Bacary roared in anger, “can’t you tell? This guy has already changed his mind, hurry up and handcuff him!”

“Yes!” The soldier quickly cuffed the unconscious Scott.

“Bacary,” Juliet said, “tell us who you are. Why didn’t you die? why are you here?”

“Wow, it’s real,” Barkley said. “Don’t think that just because I’m Argentinian, I have nothing to do with the M15!

“Actually, I didn’t die in prison at all. It was green who saved me, then changed my name and let me follow him!”

“Ah? Why are you following him?” Juliet couldn’t help but ask.

“Follow him ... Hmm ...” Bacary looked around, and his eyes fell on the glass box with the diamond. He said, “follow him and design this final trap!”

“What?”

The moment they heard the word “trap,” everyone was instinctively shocked.

“Oh ... You guys don’t know yet, do you?”

With that, bacary strode to the diamond treasure chest, held it under his arm, and twisted it a few times, and the diamond treasure chest was easily separated in the middle.

After opening it, the diamonds inside were immediately revealed to everyone.

But then, in front of everyone, bacary did something shocking. He suddenly grabbed a handful of diamonds and threw them on the ground.

Then, as if he was performing a magic trick, he took out a small hammer and smashed it on the diamonds. The diamonds were instantly smashed into pieces ...

### **Chapter 1366: drawing fire to oneself**

No way!

As the diamond on the ground was easily broken by bacary, everyone let out a gasp.

“No way? Fake ... Fake?” Jecca’s eyebrows were almost twisted together.

“No way? There’s such a function?” Sai Wan BA ke was depressed.

“No way? Did we fall into the trap of that old Gelin again?” Miao kun shook his head, his face pale. “We were played by a dead man?”

“It can’t be?” Zhao Yu was also confused. “Then ... Where did the hammer come from? Who the hell brings a hammer out?”

Miao kun coughed and said, “you’re right. Bacary was a professional magician before he became a detective!”

"This hammer was used to break out of prison ..." Bacary pointed at the hammer and laughed. "Today ... It finally came in handy! I've imagined countless times the scene of me breaking these fake diamonds in front of you! Hehehe ..."

"Dammit! "Damn it ..." At this moment, Xi Wei clutched his heart and trembled as if his heart had stopped. It was obvious that the fake diamond was the biggest blow to him.

"Hehehe ... All the fake news was released by Grimm himself 22 years ago!" Bacary trembled as he said, "he's really bold! He even called it 'Suan ni'!"

"Actually ..." Bacary looked at the crowd and said seriously, "the real diamond has long been taken back by the United Kingdom agents. It was only because the internal department had been infiltrated that they did not announce it to the public! After that, I simply sealed the secret ..."

"Damn, it can't be?" "M15 is so fun!" Said jieka.

"The facts have proven that the decision made back then was very wise!" Bacary laughed. "All the heroes are fighting for diamonds, which saves us a lot of trouble!"

"However ... There will always be a pain in Grimm's heart! Although he got the gemstone, he still didn't know who the mastermind behind the diamond robbery was.

"A few of his good friends died in the diamond robbery case.

"So, in order to take revenge, he released the news and let the world think that the diamond was in his hands. He wanted to lure the snake out of its hole and find the mastermind behind the scenes.

"This is also the reason why The Last Detective salon was held. Grimm invited all those who took the initiative to approach him to a gathering on wondrous Island. It was called a detective salon, but in fact, it was to take the opportunity to find out who the real enemy was."

Oh ...

As Bacary spoke, everyone else turned to look at Xi Wei. It seemed like Xi Wei was right.

"Unfortunately, the heavens didn't grant my wish!" Bacary shook his head. "The enemy is well hidden. Green did not find the mastermind.

"However, as you all know, Grimm is a man who will not give up until he gets what he wants. Since then, he has tried many times, but all of them have been successful. The mastermind behind the scenes is very cautious, and he has never revealed any clues.

"After that, Grimm's health deteriorated. He could already feel that his time was up, but this stubborn obsession was still in his heart.

"So, he got me and Molly here in advance to help him set up this final plan!"

"I hope that after his death, I can fulfill my long-cherished wish!" Bacary glanced at the crowd and said sadly, "he said that the mysterious mastermind would only let his guard down if he died. Only then would he be fooled!"

“So, Molly pretended to be Green’s daughter and hosted the detective salon to lead you into the trap. And I’ll wait outside with my troops, waiting to take down the mastermind!

“We know that the mastermind behind this is very powerful, so we deliberately disclosed the news internally. Once he knows that the diamond has appeared again, he will definitely wait for the opportunity to make a move ...”

“Oh ...” Miao kun nodded and said, “so, you guys used a box of fake diamonds to play a guessing game?”

“But ... The numbers on the cards were left from the last salon,” Juliet said. “Did you guys already have a plan ten years ago?”

“No, no, no, no...” Bacary shook his head. “At that time, green and I weren’t that close! The cards in your hands were actually a game that Grimm wanted to play with you last time. However, because it was not mature enough, he did not leave any clues for you in the end!

“So, we made use of it and put this box of fake diamonds inside! I’ll let you use the password of the past to crack it!

“Because the password is private, and you will definitely have your own ulterior motives, if the mastermind wants to get the diamond, he will have to take extreme measures and reveal his ferocious face!

“And, to make it more difficult, we also put shark catalyst in the box, and ...” Bacary pointed to the bottom of the box. “We installed an alarm device at the bottom. As soon as the box is taken out, the alarm will notify me. So, that’s how I got here!”

‘F \* ck ...’

Zhao Yu’s brain was spinning, and he felt that the old man was full of information. The diamond was just a cover, Molly wasn’t Scott’s daughter, and there was an alarm on the diamond Box ...

“Alright, I’m done!” Seeing everyone’s surprise, bacary adjusted his hat in satisfaction and said solemnly, “alright, everyone, since you’ve found the diamond, I’ll give it to you. “So, I think ... We should have the answer now, right? Who can tell me who exactly is the person that green is still thinking about even after his death?”

When they heard this, everyone once again looked at the ashen-faced Xi Wei in unison.

Xi Wei knew that he had lost the upper hand and it would be futile to resist, so he did not make any rebuttal.

“Oh ... It’s you! All!” Bacary sighed and nodded meaningfully. “Actually, green was already suspicious of you at the detective salon last time!

“Because, he can catch the small flaws of others, but he can’t catch yours. It’s your flawless plan that aroused his suspicion!

“It’s a pity that no matter what he did, he still couldn’t find any flaws in you. He could only complete it after his death!”

“Hmph!” Lee Bencheng snorted in disdain, “you didn’t expect this, did you, Xi Wei? you’re so good at scheming, but in the end, you fell at the hands of a dead man! This is the greatest irony!”

“No! “Impossible ...” Xi Wei clutched his heart in agitation. His face was as pale as a sheet of paper as he roared in anger, “diamond ... Diamond can’t be ... Be ... Oh ... Ah ...”

Before Xi Wei could finish his sentence, he suddenly clutched his chest and collapsed.

“Dad! “Dad ...” Xi Mengna rushed forward to help him up, but Xi Wei’s condition had deteriorated too quickly. He could no longer support himself and fell to the ground.

“No, no, no... Help, help!” Xi Mengna helped Xi Wei unbutton his shirt, but at that moment, Xi Wei’s entire body was twitching and he had already fallen unconscious.

“Quick ...” Bacary quickly ordered his men, “hurry up and save him. He’s an important suspect. We can’t let him die!”

However, Xi Wei’s illness came too quickly. In the blink of an eye, he had stopped twitching.

“Dad ...” Xi Mengna quickly knelt down to give Xi Wei mouth-to-mouth resuscitation, but he did not react at all.

“It should be acute myocardial infarction!” “Let’s go,” the soldier who came to check said. He quickly took out an injection from the first aid kit and injected Xi Wei with it.

However, the effect of the injection was not ideal, and Xi Wei had already stopped moving.

“No! Dad! “Dad ...” Xi Mengna was so anxious that her tears flowed like a spring. She pushed the soldier away and sat on Xi Wei’s back, starting to perform CPR on him.

At that time, Zhao Yu, who was in the crowd, of course did not want Xi Wei to die, so he secretly used an invisible pacemaker on Xi Wei’s body.

Unfortunately, the system took the pacemaker back in the next second. The system reminded Zhao Yu that the target was dead, and the pacemaker was ineffective.

I’ll cut!

No way?

Seeing this news, Zhao Yu finally realized that Xi Wei was really dead.

### **Chapter 1367: I want revenge**

Zhao Yu was worried that Xi Wei had taken poison or was poisoned, so he immediately took out an antidote and gave it to him. However, it was still taken back by the system because it was ineffective.

“Dad ... Dad ... Wake up, wake up ...” Xi Mengna was still trying her best to perform CPR on Xi Wei. In the end, Zhao Yu could not stand it anymore, so he went forward to stop her.

“Dad ... No...” Xi menna’s body trembled as she leaned on Xi Wei and cried, “why ... Why did this happen?”

After a short while, when she finally realized that her father had died, she stood up abruptly and glared at the crowd, shouting hysterically, “It’s you! You’re the ones who killed my father! I ... I’ll definitely make you pay the price ...”

“Wow ...” Sevanbach did not care about semenna’s roar. He squatted on the ground and picked up a broken fake diamond. “Green is so stingy!” Even if it’s a fake diamond, it should at least be something like white crystal or gemstone, but he’s good, this is glass ...”

“What’s wrong? Is he the one who’s stingy or you?” “If it’s crystal stone, do you want to take some back to sell for money?” God, how poor are you now?”

“Xi menna!” However, Miao kun looked at Xi menna and said, “look at this clearly. You were the ones who did evil first. This is called karma! So many people died on wondrous trace Island, and Xi Wei has to take the main responsibility!”

“Yup!” Juliet said indignantly, “have you forgotten that you’re also a murderer?”

“Murderer? “Hmm ... Right ...” Bacary looked at the crowd and asked in confusion, “has anyone seen Miss Jasmine?”

“What?”

Upon hearing this question, the scene was silent at first. Then, sai wanbach pointed at Simone and said, “Here, the murderer is here!”

“No way? “Bacary ...” Miao kun asked, puzzled. “Don’t you know that Miss Jasmine has been killed?”

“Ah?” Bacary trembled when he heard this, and he said in frustration, “how ... How did this happen? Miss Jasmine, she ... How could she ...”

“Didn’t you just say,” Lee Bencheng asked, “that Miss Jasmine is the daughter of the fake green?”

“It’s just an act, but it’s been more than 40 years. It should be more real than the real thing, right?” Bacary said regretfully, “I only found out later that Miss Jasmine was actually an orphan adopted by green. Green can’t have children at all!”

What the ...

Zhao Yu murmured. Another eunuch?

“Otherwise, you all know that Clint is a Playboy,” bacary said. “If he didn’t have a problem, he would have had many children already!”

Oh ...

Zhao Yu then realized that she was just infertile, and not a eunuch.

“What a pity ...” Bacary shook his head regretfully. “We had originally agreed that once the mastermind revealed a flaw, she would give me a signal to go to the island and capture him!

“But she didn’t send me a signal, and I didn’t expect the mastermind to make a move so quickly! Why did I think that I would have to deal with it for a few days before I could make any progress?”

“A!”

Amidst his regret, Bacary actually held his chest and sat on the chair next to him, looking very uncomfortable.

One of his soldiers quickly handed him a few pills and helped him drink the medicine.

“I say, Bacary ...” Miao kun seemed to have thought of something, then asked, “since you don’t know that Miss Jasmine is dead, you must not know what happened on the island, right?”

“What happened?” Bacary sat there dejectedly, looking like an old man. “I only know that Miss Jasmine was protected by a team of Secret Service members. Since Miss Jasmine is dead, it must have caused quite a stir, right? Looking at the dead people on the boat ...”

“Oh my God!” Jecca shook his head. “You don’t know that the gring Castle is gone, do you? Also, don’t mention the guards anymore, Miss Jasmine was murdered yesterday, oh no, the night before!”

“Ah? Ah ... This ... How did this happen ... What ... Did you say? The grylin castle was gone? “The night before yesterday, Miss Jasmine ... Jasmine ...” Bacary became more and more agitated as he spoke. The wrinkles on his face trembled, and the hand that was holding his heart became even more twisted ...

“Alright, alright, he can’t take the shock anymore!” Seeing that the situation was not good, Miao kun quickly stopped Jake and said to Bacary, “Bacary, let me ask you something. Since you know nothing about what happened on the island and you came because of the signal on the diamond treasure chest, then let me ask you ... What’s going on with Scott?”

“Yes,” Juliet said. “After Miss Jasmine was killed, her men left the island to ask for help. Not long after, Scott came with a group of people. They said they were from the security Bureau, but they were actually a bunch of mercenaries!”

“S...Scott?” Bacary said in horror, “Scott is from the security Bureau? He’s Fiji’s Special Agent. Didn’t he ... Didn’t he betray us alone? Where ... Where did the mercenaries come from?”

“I’m dizzy, I’m dizzy!” Jecca stood up and said, “what exactly is this? How am I muddled?”

“I ... I can’t take it anymore ...” At this moment, Bacary clutched his chest and stood up with difficulty. He ordered his subordinates, “how about this, you guys handle it. I have to take a break. Remember, when the situation is not clear, everyone is a suspect!”

“Yes!” The soldiers nodded and accepted the order.

“Don’t mind me, old BA!” “Not only are we innocent, but we are also the heroes of the battle against the terrorists. You can’t do this to us,” said Sai Wanbach. “Since the diamond is fake, you should send me home quickly ...”

“No!” “Bacary is right,” Miao kun said. “Since we have a clear conscience, we should explain the whole thing to him, so that we won’t be criticized in the future.”

"I agree!" Lee Bencheng raised his hand. "It's best to let them interrogate us separately and see if our statements are consistent. This will prove our innocence!"

"That's right." Bacary nodded gratefully at everyone. "I know you're all professionals, and you know the rules better than me. Don't worry, if you're all innocent, I won't make things difficult for you!"

"It's a pity ... Tsk tsk ..." Bacary looked at Xi Wei's body. "Xi Wei died at the wrong time! The intelligence Department still has a lot of things to ask him!"

"It's okay ..." Sai wanbach glanced at Xi menna. "Xi Wei is dead, but her daughter is here! It would be the same if he asked her, right?"

"As for whether she's willing to cooperate or not, that'll depend on your Intelligence department's ability. You have to be careful, this woman is a hidden killer! Hehe ..."

"Hmph, you don't need to make insinuations and mock me! Don't worry, I'll admit that I killed Molly!" "I also admit that my father was the one who planned and implemented the miracle Island project!" Xi menna said with a face full of hatred.

"I won't deny our crimes, but so what?" At this moment, Xi menna had already fallen into a state of madness. She glared at the crowd with bloodshot eyes and said, "I advise you to kill me now! If you let me live, you will definitely regret it in the future!"

"I swear, I'll bury each and every one of you with my father, Qianqian!!!"

### **Chapter 1368: love you to death!**

#### **9**

The next morning, half past eight.

On an open space next to the ruins of the ancient castle of Grimm on wondrous Island.

Miao kun, Zhao Yu, and the others were sitting on a long bench with their eyes closed. Last night, they had been interrogated for an entire night, and now they felt very tired.

"Alright, I've basically understood everything!" Miao kun came out of the tent next to him and said excitedly to Zhao Yu and the others, "Scott and bacary are not from the same system. Scott is indeed from the security Bureau, and he is the head of the Pan-Pacific region.

"On the other hand, bacary is in the secret department of the intelligence Department. The team under him is called the Fiji Navy guards, but in fact, they are all on special missions.

"Bacary didn't say it clearly," Miao kun said. "But I can imagine that this secret force must have been planned by Ge Lin!"

"Oh ... I kind of understand now!" Li Bencheng said, "the reason why Xi Wei brought so many men to Miracle Island without fear is because he incited Scott to rebel!"

"Not bad! Miao kun nodded. "After Miss Jasmine was killed, her men went to Suwa for help. Scott, who had been hiding on the outside, intercepted the news and killed them!"

“Then, he brought Xi Wei’s many mercenaries and Xi Wei himself to Miracle Island. Qiang te and the others mistook them for the security Bureau’s people and tried to pass them off as real.

“I think, Green’s death and the news of diamond’s will were all leaked to him by Scott!” Miao kun continued, “Xi Wei does have good eyes. He only took down Scott and solved all the problems.”

“Oh ... So that’s what happened ...” Sai wanbach nodded. “No wonder bacary didn’t know what happened on the island. It turns out that they were in two different units.”

“When Scott intercepted the information, he did not do a clean job, which attracted bacary’s attention,” Miao kun said. “He began to investigate, but then found that Scott had disappeared around the island of wonder, so he suspected that Scott might have betrayed him!

“However, he discovered it too late!”

“Oh ...” Sevan Bach said excitedly. “If that’s the case, then the most crucial problem lies with Scott, right?”

“Don’t worry, he has already confessed!” “We found a few of Xi Wei’s men on the island,” Miao kun said. “With their testimonies, in addition to our own, and the investigation from the intelligence Department, Scott had no choice but to admit to it!”

“Oh, that’s good, that’s good ... Haha ...” Sai Wan BA ke let out a long breath, “if that’s the case, then we can prove our innocence!”

“Of course!” Jecca pointed to his wrist. “Otherwise, they wouldn’t have unlocked our handcuffs so early!”

“Although Xi Wei is dead,” Miao kun said, “we still helped the United Kingdom Intelligence Department make a great contribution. I don’t think they have to make things difficult for us!” But I’m not sure if they’ll extradite us to London first and then go through the official procedures. That would be troublesome!”

“I don’t think so!” Jecca analyzed, “according to my experience, the British will definitely deal with this matter in a low-key manner!

“There are three reasons. First, the diamond is still in their hands. Second, he had eliminated Xi Wei, this great threat. Third, although the Clint Castle had been destroyed, the lease of wondrous Island had ended, so they did not lose anything!

“So, other than some people dying, they really didn’t suffer much. “And ...” Jake spread out his hands and said, “it’s not a good thing to tell others about this. They were infiltrated, betrayed, and used conspiracies ...

“So, just wait and see. In a week at most, the release documents will be in our hands.”

“Oh, oh ...” Sai wanbach pouted and said, “so fast?”

“What’s wrong?” Jecca raised his eyebrows. “Do you want them to hold an award ceremony for you and give you some bonus?”

“No.” Sai wanbach shook his head. “It’s just that I’m sad when I think about the diamond still in their hands ...”

After hearing this, Miao kun’s face suddenly froze, as if his mind had stopped at a certain thought.

However, this solidification only lasted for a moment, and it soon stretched out.

“Yeah, it’s quite infuriating!” Miao kun quickly laughed and said, “but, it’s good enough that you survived! Just think about Tani zhaichiro and Sisay! They’re not as lucky as us ...”

Hearing Miao kun’s words, the crowd could not help but think of their dead companions, and a trace of sadness flashed across their faces.

“Oh right, Speaking of which ... How’s the chief?” Lee Bencheng asked.

“I heard that he’s out of danger!” Miao kun said, “but the operation is still in progress. I think his leg can be saved!”

“D \* MN, you’re still making a scene!” “It was the chief’s arm that was hit,” Jecka quickly corrected. “It was the arm, okay?”

“Oh, oh, that means your arm can be saved, hehe ...”

Upon hearing Miao kun’s words, everyone laughed awkwardly as if they had heard a cold joke.

“But then again!” “I don’t understand,” sai wanbach suddenly said. “I still can’t figure it out! Since Xi Wei had found a trump card like Scott, no matter how he looked at it, it was all in the right place and time. Logically speaking, there should be no mistakes, right?”

“But how ... How did we win in the end?” sai wanbach frowned and said, “We ... How did we win?”

Hearing this, everyone couldn’t help but look at Zhao Yu again.

Not good ...

Zhao Yu suddenly felt that the situation was not good, so he quickly agreed, “Yeah, yeah, it’s really incredible! Xi Wei had said that the men and equipment he brought were meant to deal with the military!

“But in the end, he couldn’t even get rid of the few of us. Don’t you think it’s funny? Hehehe ...”

As Zhao Yu was speaking in Chinese, the scene became even more awkward.

“Little brat, have you been caught by me?” Miao kun narrowed his eyes and said, “and you said you don’t understand English?”

Zhao Yu was speechless.

“But ...” Lee Bencheng looked at Zhao Yu and said, “when the castle was facing the missile bombardment, it was all thanks to this China detective!

“If it wasn’t for him predicting the enemy’s intentions and thinking of the secret room in the study, we would have been done for!”

“Yes, yes!” Jecka nodded in agreement. “Although I don’t like this kid very much and his smile is very unpleasant, I have to admit this!

“His reaction is really fast. Even when he was bombarding the enemy, he could still think that the other party might have a scheme! I’m impressed!”

“You’re still talking!” Juliet chimed in. “You didn’t see how we fought the armed helicopter on the motorcycles!

“Not only was he quick to react, but he was also a good friend. At the critical moment ...” Juliet patted Zhao Yu on the shoulder. “He even pushed me off the motorcycle and lured the plane away! At that time, I really thought he was dead!

“Zhao Yu, I really love you!”

Juliet then pulled Zhao Yu into her arms and kissed him on the cheek.

“...” Facing Senior Sister tuo Qiang’s enthusiasm, even the thick-skinned Zhao Yu was not used to it.

“Hmph, What is this? “You don’t know yet ... Mm ...” Miao kun looked at Zhao Yu and raised his chin, as if he was about to say something.

Not good!

Hearing his father-in-law speak, Zhao Yu couldn’t help but worry. Miao kun would definitely want to talk about him annihilating half of the Army alone, as well as the underwater handsome male fish.

These things were obviously a little bizarre. If he said it out loud, he was afraid that it would arouse these people’s suspicion and it would be disadvantageous to him in the future.

However, after opening his mouth, Miao kun seemed to realize something and swallowed his words.

“What do we not know?” “Why don’t you tell me?” Jake urged.

“Uhm ... Uhm ...” Miao kun rolled his eyes and said, “the people Xi Wei sent deliberately brought Russia equipment and planned to frame the KGB!” Don’t you think it’s infuriating?”

### **Chapter 1369: any inspiration?**

Three days later, on the southern beach of Miracle Island.

The sun was shining brightly, and the weather was pleasant.

Zhao Yu was wearing a swimming suit. He raised his phone high and captured himself and his father-in-law, Miao kun, in the camera.

“Meowmeowmeowmeow...Did you see that? Now you believe me?” Zhao Yu smiled and said to Miao Ying, “I’m really in Fiji with my father-in-law! The scenery here is pretty good, hehe ...”

“Yes, my daughter ...” Miao kun smiled awkwardly at the camera. “This time, I brought Zhao Yu here to see the world and prepare for his future!”

“Also, I think the detective salon in Fiji is very professional. I should bring him here!”

“Yes, yes, Meow Meow ...” Zhao Yu said, pretending to be excited. “You don’t say, I really learned a lot. Whether it’s technological means or methods, they’re all refreshing to me. It’ll be very helpful for our future case-solving work ...”

“Hmph, I’d rather believe in ghosts than the two of you!” Miao Ying said coldly over the phone, “in this world, there are two people I know best, and that is the two of you!”

“Do you think that I can’t see the wounds on your faces and arms after you put on Foundation? Zhao Yu!” “Are you trying to challenge my bottom line?” Miao Ying asked. You couldn’t have fun in China, so you went abroad to risk your life, didn’t you?”

“It’s not my fault!” Zhao Yu looked innocent. “Your father forced me to come. Otherwise, I wouldn’t have been able to apply for leave from the criminal Division!”

“Dad! You actually let Zhao Yu help you with a mission? What are you thinking?” “Have you never considered my feelings?” Miao Ying asked Miao kun.

“That’s right, there’s still mine!” Zhao Yu agreed.

“Go away ...” Miao kun quickly pushed Zhao Yu away and explained to Miao Ying, “Ying Ying, listen to me. I’m not on a mission.” We were really in a detective salon, and our injuries ... Were all ... Mm ... Mm ... Since it’s a detective salon, it’s inevitable that we would have some sparring. Don’t worry, there’s no danger, no danger at all!”

“Dad, have you forgotten who single-handedly caused my lonely childhood? I’ve always thought that I was an orphan!” Miao Ying said seriously, “now, you want to separate me from Zhao Yu again, and turn me from an orphan to a widow?”

“Oh, look, look ...” Miao kun was not afraid of anything but his own daughter. He panicked and quickly explained, “it’s not as serious as you think.” I just want little Zhao to have a better future! Besides, besides, I didn’t force him to come here, he was willing! It’s true!”

Then, Miao kun secretly patted Zhao Yu’s shoulder, signaling for Zhao Yu to respond as he could not handle the situation.

“Hahaha ...” Zhao Yu looked at Miao kun’s blushing face and said to Miao Ying seriously, “MeowMeow, I know that you’re angry because your dad brought me here and not you, right?”

“How about this? next time, the three of us will be together. If he wants to bring me out alone again, I’ll swear to my death that I won’t comply!”

Then, Zhao Yu slapped Miao kun again, causing him to jump up high. He quickly swore, “Yes, yes, yes. You’re really too busy this time. Next time, next time, I’ll definitely bring you two along, okay? Don’t be angry, my dear daughter!”

“Hmph, that’s more like it!” Miao Ying glared at the two of them, then said to Zhao Yu, “Zhao Yu, you’ve had enough fun. Come back soon! There’s been a new case in the criminal Division recently, but because you weren’t around, they were assigned to other Special Investigation groups.

“Oh? Was it? A new case?” “Then why don’t you accept it first?” Zhao Yu asked. You’re the Deputy Team Leader, so you can totally represent me! Are there any good cases?”

“Don’t say that. You are the famous detective Zhao Yu. I can’t represent you!” “If you don’t come back, I won’t take any cases!” Miao Ying said.

“Okay, okay, okay. Don’t worry, don’t worry ... I’ll do it as soon as possible, as soon as possible!” Zhao Yu glanced at Miao kun. “The detective salon will be over in a few days. I’ll be back as soon as possible!”

“Hmph, you two better watch out!” Miss Miao squinted her eyes and said, “dad, remember what you said. If you dare not take me with you in the future, I will punish you!” Hmph ...”

After that, Miao Ying finally ended the video chat.

Hu ...

Zhao Yu and Miao kun heaved a long sigh of relief, especially Miao kun, whose face was covered in cold sweat.

“Good fellow! I don’t think he’s this timid even when he’s dealing with Xi Wei!” Miao kun wiped the cold sweat off his forehead, looking embarrassed.

“Hey, Let’s Make a Deal. You were the one who asked me to collude with you,” Zhao Yu quickly clarified. “I didn’t lie to Miao Ying on purpose!” Don’t ever find fault with me about this in the future. ”

“B ... Nonsense!” Miao kun grinned and said, “how do you explain this? Don’t tell me you still want to post it on your moments? Bacary talked about conditions with me. If this leaks out, we’ll be in big trouble!”

“Understood, as long as they don’t make things difficult for us!” Zhao Yu put away his phone. “I still have to go back and solve the case!”

“By the way, the Englishman is good at scheming.” Miao kun pointed to Zhao Yu’s mobile phone. “They said that your mobile phone was picked up from the ruins, but it’s hard to say if they didn’t tamper with it.” So when we get back, we have to get a new one immediately and change the number!”

“Don’t worry, I don’t need you to tell me that. ”

Zhao Yu put his phone into his pocket without a care. In fact, he had already checked the phone with the hacker’s command. He didn’t expect the phone to be normal, and there was no hidden door.

It seemed that they also knew that they would not be fooled, so there was no need to have any crooked thoughts.

“Hmph, the control room was blown to pieces!” Miao kun shook his head. “I’m really curious. Where did they find your phone?” Why didn’t you pick up mine?”

“Maybe it’s because I have my phone? It was sturdy! “Hehe ...” Zhao Yu seemed to be joking casually on the surface, but there was a knot in his heart that had not been untied, and he felt uneasy.

This was because it had been five days since he had opened the “heaven and earth” hexagram, but the hexagram still showed no signs of disappearing.

Logically speaking, the detective salon was over, and the matter of the diamond had been settled. His side adventure should have ended, but so many days had passed. Why was there no news at all?

Could it be that ... Something big was about to happen?

Could it be ... That there would be more changes on this Island?

What exactly ... Was he missing?

“Zhao Yu, Zhao Yu ...” Just as Zhao Yu and Miao kun were about to return to the resting place, Juliet suddenly appeared in front of them, walking along the beach.

“Zhao Yu, Miao, you guys are here!” Juliet said, holding a red phone, “I found my phone too. It’s still intact!”

“Hehehe ... Congratulations!” Miao kun didn’t know what to say.

“Zhao Yu ... Come, look, these are the things I mentioned to you before ...” Juliet seemed to be more interested in Zhao Yu. She immediately handed Zhao Yu her phone and said excitedly, “I know you’re good at solving pending cases!

“Come and help me take a look. Do you have any inspiration for this oil painting murder case?” he asked.

#### **Chapter 1370: Strange Case in the world**

“Strictly speaking,” Juliet said as she handed Zhao Yu the information on her phone, “this case doesn’t entirely belong to France because one of them happened in Monaco. So, it can also be considered an international case!”

“Oh?” Zhao Yu took the phone and flipped through the information, then nodded seriously and said, “very good. If I could understand French, I would have become a master!”

“What? let me see ...” Miao kun grabbed the phone and glanced at it. “Oh ... It’s about the mysterious oil painting murder case. Green told me about it.” He said. Why? The case hasn’t been solved yet?”

“Right, it didn’t break! It’s in my hands now!” Juliet admitted, “that’s why I want to ask the China detective to help me find inspiration!”

“Mm ...” Zhao Yu flipped through a few pages of information and saw a photo of the crime scene. He was shocked and quickly pulled Miao kun aside to ask, “hey, tell me first, what kind of case is this?” It’s so strange. ”

“Right, it’s strange!” Miao kun said indifferently, “Westerners are different from us. They like to paint naked oil paintings! And ... It was very expensive!

“Here, the one you’re looking at is one of the top 20 Rahu body oil paintings in the world!”

“Don’t mess around!” Zhao Yu laughed unnaturally. “This is the scene of a crime. Where did the oil painting come from?”

“Yes, this is the most bizarre part of the case. Because the France police were worried about causing panic, they kept the case a secret and never revealed it to the public!”

After Miao kun said all that in one breath, he began to communicate with Juliet in French, then continued to tell Zhao Yu, "From 2010 to last year, in Lyon, Lance, Cannes, Monaco, and other regions in France, there have been similar oil painting murder cases with the same modus operandi!

"After the murderer killed the person, he would place the victim on a huge canvas and decorate it like one of the famous Rahu body oil paintings, just like what you see now ..." Miao kun pointed to the picture on his mobile phone. "This one is an imitation of the sleeping Venus from the house of Jojo.

"Making people look like oil paintings, it's weird just thinking about it!

"I remember ..." Miao kun recalled. "Most of the crime scenes were in uninhabited houses in the countryside, barns, ranches, and so on. They had a strong local atmosphere.

Miao kun then said, "including the one in Monaco, there have been at least eight similar cases so far, and the methods used are extremely strange and evil. The murderer's artistic attainments are very high. If you look at it from a distance, the crime scene is exactly the same as the one in the oil painting!"

"Oh my God ..." Zhao Yu suddenly felt his heart sink. "Eight cases, and eight people have died? The murderer hasn't been caught yet?"

"No, not eight! Have you heard of Jean Fernando ... Um, no, no, no, Jean Baptiste Renio 's' the three beauties '?"

Miao kun noticed Zhao Yu's confusion, so he continued, "Alright, this painting is now in the lufu Palace, because it's ..."

"I'll cut!" Zhao Yu was speechless. "Oh, the three beauties? You can't be saying that you killed three of them in one go?"

"Yes," Miao kun said, nodding. "So, there are a total of ten victims in this case. According to the current case, the victims are all female, between the ages of 20 and 40!"

"The most amazing thing is that the physical characteristics of these female victims match the prototype in the original oil painting, which means that the murderer chose these victims with a purpose!"

"Holy sh \* t ..." Zhao Yu was secretly shocked, but also excited.

"How is it? I've said it before, among the thousands of abnormal figures in the past, most of them are foreigners, right?" Miao kun shook his head and sighed. "At least a case like this wouldn't happen in our world!

"I've seen a lot of perverts when I was abroad, but they were all solved except for this one!" Miao kun then said, "I know why Miss Juliet is in such a hurry. Summer is almost over, and we don't know who will be the murderer's next target!"

"I don't deny that this case has always been a disgrace to the police department," Juliet said. "The murderer was meticulous and careful, and the places where the crime happened were all blind spots or places without surveillance. It was even difficult to find any witnesses."

"Oh ... Then this case ... I ..." Zhao Yu looked at Miao kun and seemed to want to say something, but he swallowed the words back.

"No, don't think about it!" Miao kun immediately understood what Zhao Yu meant and said, "if I could let you investigate the case, I would have told you a long time ago!

"Did you forget what I told you before? The special task force will only have the authority to investigate cases that involve our country's citizens or are related to our country's interests.

"A case like the oil painting murder case," Miao kun said, pointing to his mobile phone. "Is a matter of their own country. Zhao Yu, if the headless female corpses case was investigated by a foreigner, what would you think?"

"Oh ..." Zhao Yu nodded. Miao kun was right. Although the case had aroused Zhao Yu's desire to solve the case, it was very difficult to realize it.

After hearing Miao kun's words, Juliet finally found an opportunity to speak to him in French.

Zhao Yu had been using a translator, so he could understand every word Juliet said.

Juliet said to Miao kun, "no, no, no, we're not as rigid as you!" Do you know how many Chinese police officers and inspectors there are in France?

"My brother-in-law in the countryside is Chinese, and he's already the police chief!

"You should understand that we care more about the result than the process and method of solving the case!" Juliet spread her hands and said, "so, if Zhao Yu is really interested in this case, I can submit an application to our Minister to let him be our legal consultant for the case!

"Female Miao, you're not that stingy, are you?" Juliet said seriously, "do you remember what green said at our detective salon last time?

"Detectives have no borders. Our existence is to eliminate evil! Those murderers are evil in your country, and they are also evil in our country!

"I remember that you were the first one to stand up and support him!"

"Yes, yes, I remember, hehe ..." Miao kun glanced at Zhao Yu, then said to Juliet, "honey, I don't object, not at all!" However, it's still too early to say that in our current situation!

"How about this? let's wait until we're done with wondrous trace Island, and then we'll think about it, okay?" Then, he patted Zhao Yu's shoulder and said, "you don't know this, but our China's super detective is very famous, and our schedule is very tight!"

"Here we go again ..." Juliet laughed. "I knew you wanted to do business again when you raised your eyes! Don't worry, if Zhao Yu can really help us solve the case, you will definitely be rewarded!"

"Hmm...That's nice to hear!" Miao kun also laughed. "I think we can still consider it."

"It's not just the oil painting murder case!" Juliet continued, "in fact, when Grimm was alive, he had been searching for strange cases in various countries, especially those that have yet to be solved!

"The reason he wanted to organize a detective salon wasn't just for diamonds." Juliet retrieved her phone and opened the new file. "Take a look!

“There’s the famous Goman thong case, the oil painting murder case France, the female corpse on the draw bridge in Bucharest, the collision case in Melbourne subway, and the disappearance of the super rich londee ...”

“Wow ...” Zhao Yu was dumbfounded, then asked, “isn’t fulondi a media tycoon in the world? I saw him attend some ceremony the day before yesterday. ”

“No,” Juliet and Miao kun said, shaking their heads. “The one I saw on TV was a substitute. The real londee has been missing for a year ...”
