

Crazy 1371

Chapter 1371: new problems?

It was another morning three days later. Miao kun, Zhao Yu, and the others were on the yacht that had just been through a bloody battle, slowly leaving the dock on the North Shore of Miracle Island.

Things were just as Jake had expected. The British side did not request for them to be extradited to England for investigation. As Scott and Simone had confessed, coupled with the statements of several surviving mercenaries, the British side already knew the ins and outs of the whole matter.

Due to the special status and background of Miao kun and the others, in order to not cause too much trouble, the king's Amnesty order was sent a day in advance, so they were allowed to leave in less than a week.

With the roar of the engine, Zhao Yu, who was leaning against the deck railing, could see the entire Island clearly. When the yacht sailed along the edge of the island, he could even see a small part of the castle.

Despite the explosion and missile attack, the castle was not completely destroyed. There was still a small part that had not collapsed.

However, this small part that was still standing could only highlight the cruelty of the fierce battle.

The human heart was unpredictable and filled with killing intent. Recalling his experience on the entire wondrous trace Island, Zhao Yu felt as if he had just had a long dream, as if that night of fierce fighting had been nothing but a nightmare.

However, Miss Jasmine, gai zhaoichiro, Sisay, Qiang te, Xi Wei, and so many soldiers and enemies had all died on this Island, which made Zhao Yu suddenly realize.

This was the most intense battle he had ever experienced. Missiles, explosions, heavy machine guns, ship collisions, diving, sharks ... There were almost all kinds of battles!

He didn't have a deep impression of it then, but after thinking about it, Zhao Yu found it unbelievable.

However, even though the ending was not bad, Zhao Yu deeply saw his own shortcomings. He knew that if it wasn't for the powerful item he had with him, he wouldn't have been able to survive the miracle Island incident even if he had died a thousand times!

If he didn't use the energy booster, he might not even be able to defeat one of the mercenaries.

Sometimes, even after using the booster, he still wasn't their match.

So ... Zhao Yu thought to himself that, in the future, if he wanted to step onto a higher stage, he had to strengthen his own qualities.

The fighting skills that he had mastered were obviously not enough to meet his current needs. He had to receive more professional training in order to improve.

The person who left the deepest impression on Zhao Yu was the Korea agent, Lee Ben Cheng. He did not look very strong, but his fighting and killing skills were beyond the imagination of ordinary people.

If one day, he could reach his level, that would be really amazing.

As Zhao Yu was thinking about his own matters, sai wanbach spoke up, "How is it? I say, we'll be able to go home soon, right?"

"Jecca, don't think that your analysis is correct. I'll tell you the truth! The reason why we were able to receive Amnesty so early was entirely because of my personal relationship with Senator Carter. Without his mediation, we would definitely be extradited to London and spend a few days in prison!"

"No matter what, I'm still worried about the British!" Jake looked at everyone's tickets and relaxed a little. He said, "good, at least they didn't arrange a charter for us or a private plane, and we're not on the same flight!"

"Hehe, you're overthinking it!" Miao kun laughed. "They've been suffering for quite a while now. They don't want to cause any more trouble!"

"Yeah, what are you thinking?" Juliet looked away from Miracle Island and said to Jessica, "are you afraid that they'll try to assassinate us on the way?"

Juliet was obviously joking, but Zhao Yu felt a little awkward listening to her. That was because his "heaven and earth" hexagram had yet to end!

The word 'universe' hung in the most prominent position on the system interface every day, as if it had crashed.

This undoubtedly made Zhao Yu more uneasy. He had thought that there would be even bigger changes on Miracle Island. However, now that they had left the island safely, he was even more worried.

Could it be that ... On the way back, there would be more problems?

Bro system, what are you trying to do? Can you give me a heads up so I can be prepared?

"Zhao Yu ..." At this time, Juliet pulled Miao kun over to Zhao Yu and asked him to translate for her. "Go back and think about it!"

"I really hope you can come and help me. Don't worry, as long as you agree, we'll send you an invitation through the official website.

"I think, no matter what the final result is, as long as you accept the invitation and go to Paris, it will be very beneficial for your own career. Am I right?"

Of course!

It was a great honor for a police officer to be invited to investigate a case in a foreign country. Of course, it would be good for his career!

"Don't worry, I'm here ..." Juliet winked at Zhao Yu. "I'll guarantee you the highest level of treatment in France, and I can even arrange for you to have the most beautiful police officer as your assistant!"

Zhao Yu's eyes lit up. He was so happy.

“Go, go, go ...” Miao kun hurried over to cause some trouble. “You can pay more money, but not women!”

“It’s not just the oil painting murder case.” Juliet ignored Miao kun, knowing that Zhao Yu could understand her. “In fact, under Green’s leadership, I’ve been in contact with the person in charge of every Strange Case. If you can solve our case, I believe your name will soon spread all over the world! When the time comes, those people will take the initiative to invite you to their countries to solve the case!”

“Wow ... This is ... Hehehe ...” Zhao Yu’s heart throbbed, and he suddenly had a beautiful vision. If one day, he really became a world-class detective, what would it be like?

.....

After leaving Miracle Island by boat and returning to Fiji’s capital, Suva, the group did not rush to the airport. Instead, they went to the local Royal Hospital to visit the Arabian Yusoff.

You SUFU’s injuries were indeed not light. His right arm was almost completely shattered by the furnace, and he had to undergo two operations before his bones were restored.

In addition, he had been shot twice, which had almost hit his vital parts.

However, you SUFU was as humorous as ever. Not only did he chat with his friends, but he also promised Zhao Yu that if Zhao Yu encountered any problems in the Middle East in the future, he would definitely do his best to be the host!

As their flight times were different, Miao kun and Zhao Yu’s plane took off first. They bade farewell to Yusufu and their friends, then headed to Suwa International Airport to return home.

However, when he was boarding the plane, Zhao Yu still looked uneasy. He didn’t understand. He was already on the plane back to his country, so why did that “heaven and earth” refuse to end no matter what?

Could it be that the real danger ... Was on the plane?

Zhao Yu didn’t dare to waste any time. He quickly prepared emergency evacuation balls, parachutes, aircraft, and other devices in case of an emergency.

Just in case, he turned on a new invisible detector and checked the plane from head to toe. After confirming that there were no danger alerts, he finally sat down in the plane with Miao kun.

Wuuu ...

With a loud boom, the plane quickly leaped into the blue sky and flew West.

Seeing that the plane had taken off smoothly and everything was normal, Zhao Yu finally felt a little relieved. He leaned back in his seat and prepared to take a rest.

However, just as he closed his eyes, he suddenly opened them again.

Eh?

Suddenly, he remembered something important. Could it be ... The “heaven and earth” hexagram’s unwillingness to end has something to do with this matter?

Chapter 1372: I want to be trained

A few hours later, it was a new night.

The plane tickets that the British had booked for Miao kun and Zhao Yu were to fly from Suwa to Xiangjiang, China. The two of them needed to transfer to Xiangjiang to return to the capital.

It was less than an hour before the plane landed at Xiangjiang International Airport.

In the corner of the cabin, Miao kun looked at the night view outside the porthole, feeling a little uneasy. He closed his eyes and took a deep breath, then he forcefully suppressed the excitement in his heart.

He turned around and saw that Zhao Yu was looking at his phone, which was still showing the information Juliet had sent him about the France oil painting murder case.

“Wow ...” Miao kun squinted his eyes and said, “you’re really good at hiding your skills. Not only can you understand several foreign languages, but you can also read words, right?”

“No, no...” Zhao Yu replied without raising his head. “I was just thinking about a problem. What kind of mentality did the murderer have to commit such a crime?”

“Do you still need to ask? He’s a pervert!” Miao kun unscrewed a bottle of mineral water and took a sip. “There are also lunatics, sadistic people, mental patients ...”

“The point is ...” Zhao Yu pointed to a photo of the crime scene. “This person is at least an artist, right?” He was proficient in oil painting, sculpture, makeup, setting, and so on ...

“I feel that such a big scene can’t be done by one person, right?”

“You see ... The victim’s eyes were open, and the murderer even used eyeliner on her. The murderer is definitely an artist. If we can find out the reason for his murder, we might be able to solve the case!”

“That’s enough, little Zhao!” Miao kun put away the mineral water and said seriously, “you should calm down for now! Juliet didn’t say much, and you just listened!”

“Don’t be fooled by the promises of those special task force consultants and beautiful policewomen. It’s not as easy as you think to handle a case in a foreign country.

“Cultural differences, communication difficulties, and lack of authority. If you’re not careful, you’ll be played by them!”

“Foreigners don’t encourage foreign monks to chant. I know what Juliet is thinking. She just wants to use your intelligence to help her rise.

“After solving the oil painting murder case, you can become famous, but the benefits she will gain will definitely be far greater than yours! Miao kun said solemnly, “don’t listen to Juliet. All the police in the world have a sense of shame!”

“If you help them solve the case, they will only hate you, be jealous of you, and think that you have insulted them! If you can’t solve the case, you should know how they will belittle you and hit you when you’re down!”

“Yes ... I understand!” Zhao Yu put down his phone and smiled. Although Miao kun’s words were a little exaggerated, they were true. Zhao Yu had experienced it before.

“So, kid!” Miao kun continued to lecture him, “let’s just focus on our work! You’re so outstanding, there’ll be many places in the future where you’ll need to contribute to the country!”

“Father-in-law ...” Zhao Yu smiled faintly. “Do you really think that secret services would be more suitable for me?”

“I’ll only know if it’s suitable after I try!” Miao kun said, “but I personally think that you do have the potential to be a Special Agent. At least until now, you have never disappointed me. Instead, you often surprise me! Oh no, it was shock!”

Miao kun looked at Zhao Yu solemnly and said, “of all the good people I’ve seen, no one could swim underwater for such a long time without any equipment. Now that I think about it ... I finally understand why you didn’t drown when you jumped into the Hongming River in Yaoming!”

“Mm ...” Zhao Yu lied, “I have to thank my dad. I was too poor when I was young, so my dad forced me to go into the river to catch fish. If I couldn’t catch a basket a day, he wouldn’t let me come up!”

“Zhao Yu ...” Miao kun obviously didn’t want to hear Zhao Yu’s explanation, so he said, “I’ll say the same thing. Solving cases is your specialty, but it doesn’t affect your job as a detective if you join the Secret Service!”

“Let me put it this way. Actually, there are many international-level crimes that require the involvement of people with detective qualities like you! That’s much harder than solving an ordinary murder case!”

“If you come over to help, I’ll definitely let you handle the tasks that are most suitable for you. I’ll definitely not force you to do things that you don’t want to do!”

“Mm ...” Zhao Yu listened carefully to Miao kun’s words. He was already tempted.

“Zhao Yu, I chose you not because you are my son-in-law, but because I think that you are the same as me, the kind of person who likes challenges and is not afraid of storms!” Miao kun said with hope in his eyes, “come and help me! The Secret Service is the best platform for you to release your talents!”

“Father-in-law, I understand how you feel, and I also agree with your vision! “But there’s one thing that we can’t ignore,” Zhao Yu said seriously. “Miao Ying ...”

“Tsk tsk ...” At the mention of Miao Ying, Miao kun suddenly felt awkward. I know that this girl is very competitive. Before I met you, she always wanted to participate in the special Agent trial.

“Let’s be honest,” Miao kun said, shaking his head and sighing. “It’s not that I’m trying to protect her. I’m afraid that she’ll be in danger. But ... Ying Ying, that child, was too brave and fierce, but lacked a strategy. She couldn’t take on great responsibilities!”

“Special agents and hitmen are different. Success and failure aren’t determined by force. In special times, we often need to be flexible!” “Only shameless people like us are more suitable,” Miao kun said.

“What the ...” Zhao Yu was speechless. “Are you complimenting me or insulting me?”

“That’s what I meant!” Miao kun said, “we’re a family now, so I shouldn’t have dragged you down with me for the sake of my daughter’s happiness. But ... I can’t bear to bury your talent when I see how talented you are and how you’re a rising star in the Secret Service agency ...”

Zhao Yu blushed and quickly wiped the sweat off his forehead. “Father-in-law, you’re so eloquent!”

“I, Zhao Yu, admit defeat, alright! There’s a saying in the martial arts world,” recognize a hero and value a hero.” Since father-in-law thinks so highly of me, then it’s not appropriate for me to pretend to be stupid!” Zhao Yu cupped his fists and said, “after we get back, help me apply for a transfer order!”

“Oh, really? That’s great! That’s great!” Miao kun was overjoyed. He patted Zhao Yu’s shoulder and said, “how about this? When we get back, I’ll apply for a transfer request for you. You can come to the Secret Service agency and see if you’re suitable for the job. Then, you can make your own decision!”

“That would be for the best, but ... I have a request!” Zhao Yu’s eyes were shining as he asked, “can you arrange a trial training for me first?”

“For example, professional combat skills, the use of advanced equipment and weapons, and other aspects. I want to make up for my own qualifications first before taking up the job!”

“Waa!” Miao kun was surprised and immediately gave him a thumbs up. “It’s rare for you to be able to clearly realize your own shortcomings,” he said, praising her. I’ve already said that you, Zhao Yu, are not an ordinary person!

“Good! This was easy to talk about, easy to talk about! When we get back, I’ll get the best special training instructor, Yingying, to give you some guidance!”

“En!” Zhao Yu nodded sincerely.

Buzz ... Buzz ...

Suddenly, there was a vibration in Miao kun’s pocket. It was the mobile phone he had bought at Fiji airport.

There was no signal on the plane, but there was WiFi. Miao kun must have received a message.

“Mm ...” Miao kun smiled unnaturally, then quickly picked up his mobile phone and said to Zhao Yu, “it should be that our flight tickets from Xiangjiang to the capital have been booked!” I’m going to the toilet ...”

After that, Miao kun got up and left for the bathroom.

Zhao Yu squinted his eyes and sneered.

Chapter 1373: -the mysterious father-in-law

It was very late at night, Hong Kong International Airport.

The departure hall was packed with people, and all the seats were taken.

At that moment, Zhao Yu was carrying his little luggage and sitting on a trash can, looking calm and deep in thought.

A few minutes later, Miao kun finally came from the direction of the entrance.

“Zhao Yu, this is yours. You’re flying to the capital at 2:40 pm.” Miao kun handed Zhao Yu a ticket and a bunch of documents. “This is your entry document. You can go directly through the special passage, which will save you a lot of time!”

“What?” Zhao Yu immediately realized that something was wrong and asked, “what’s wrong? Aren’t you going back with me?”

“Right!” Miao kun nodded and said, “I just received a message that I have something to deal with in New Zealand. I won’t be going back with you!”

“Oh ... So sudden?” Zhao Yu was surprised.

“This is not sudden! Did you forget how long we stayed in Fiji?” Miao kun smiled and said, “don’t worry. When I’m done with my business, I’ll submit my loan application to the higher-ups as soon as possible!”

“As for you, go back and prepare well. Special Agent training is different from your police system’s fancy fists and kicks. You have to be prepared to suffer, both physically and mentally!”

“No problem,” Zhao Yu nodded delightedly. “I’ll stick to it and not let you down!”

“Good boy. If you pass the training, I’ll open a bottle of 1979 white savewine for you to celebrate, hehe ...” Miao kun snapped his fingers and wanted to add something, but his mobile phone suddenly rang.

This time, someone must have called him. Miao kun immediately waved at Zhao Yu to say goodbye, then walked to the other side of the waiting hall while answering the phone.

“Hey, ah ... Lord Mallorca, Long time no see ...”

Miao kun swaggered through the crowd, showing off his English. After making sure that Zhao Yu could no longer see him, he quickened his pace and walked into the bathroom near the entrance.

“1,2,3,4,5 ...” He quickly found the innermost stall in the bathroom and knocked on the door rhythmically.

The door opened, and a young man in a suit appeared.

“Sir,” the man said, handing Miao kun a black suitcase. “Everything you want is here!”

“Hmm, where’s the plane ticket and passport?” Miao kun closed the door, then took the box.

“It’s all inside,” the man said. “But ... From Hong Kong to South Africa, it will take a long time, and it will be a little hard. Be careful not to deform the mask.”

“You don’t have to tell me that. It’s not the first time!” Miao kun said impatiently, then handed his boarding pass and passport to the other party. “This is for you. Make sure that someone is on my flight to New Zealand. The more silent MI6 is, the more uneasy I feel!” He said.

“Yes!” The young man hurriedly nodded. “Don’t worry. I’ve already made arrangements. I won’t reveal any flaws!”

“By the way,” Miao kun asked again, “what time does my plane take off?”

“Hmm ... Around 3:50 am!” The young man replied.

“What?” “It’s so late!” Miao kun looked at his watch, his face anxious.

“Yes, this is the closest class. There were already no seats left, and we had to go through a lot of trouble to get a ticket!” The young man replied.

“To Cape Town?”

“No, it’s bruvver!”

“Damn it!” Miao kun cursed, “did I not make myself clear? Do you know how far Cape Town is from Cape Town? At least 1500 km!”

“I’m sorry, Sir, this is the best route we can find,” the young man quickly explained. “The direct flight to Cape Town has already taken off. If we take a private plane, it will all take more than a day!

“But don’t worry, we’ve already booked a direct flight from tornado to Cape Town. All you need to do is get off the plane and transfer. It won’t take up any of your time!”

“Alright, misfortune may be a blessing, and fortune may be a calamity. Let’s see if I have that fate!” Miao kun looked at his watch and said, “so, it will take me 16 hours to get there ...”

“Almost, this is the fastest!” The young man said, “Sir, we have an office in South Africa. If you have an emergency, do you want to let them know?”

“No... No need!” Miao kun shook his head, his eyes filled with excitement. “I was just trying my luck. There’s no need to involve more people!” He said.

“Good! Then please pay attention to your safety! I’ll be leaving first!” The young man greeted him and then quietly walked out of the partition, disappearing without a trace.

Miao kun closed the door again. Out of habit, he took a deep breath, then sat on the toilet and opened the box.

The box was filled to the brim, like a treasure chest. On the top layer were passports, plane tickets, and some documents. There were also mobile phones, tablets, and other technological products.

However, Miao kun’s attention was not on that. He reached out and opened the bottom of the box, where he found a human-skinned mask and a wig ...

.....

At 3:50 A. M., A white-haired old man successfully boarded the flight to Primorsk, South Africa Africa, and sat in a more comfortable seat in the first-class cabin.

Miao kun had disguised himself as the old man with a human-skinned mask.

As the young man had said, it was very hard to wear a human-skinned mask. Miao kun did not dare to doze off, for fear of breaking the mask and being seen through. Therefore, throughout the entire journey, he maintained a high level of vigilance and did not dare to make any big movements ...

.....

The journey was long. Miao kun carefully endured for 13 hours before he finally arrived at the airport in South South Africa.

Fortunately, the transfer at the airport went relatively smoothly. Without much delay, they boarded the flight to Cape Town. Although the flight was late by 10 minutes, it was still within Miao kun's calculations.

Although it was not first-class this time, there were not many passengers on the plane. Miao kun persevered and finally made it through another two and a half hours before they arrived at Cape Town Airport.

The next step was the normal customs procedure. After using the special identification that the Secret Service had specially made for him, he quickly entered the border.

There was a six-hour time difference between South Africa and China. When the plane arrived, it was still local afternoon.

In fact, Miao kun felt an unbearable itch on his face. It was reaching the limit of wearing a mask. However, at the crucial moment, he still gritted his teeth and persevered.

After he left the airport, he immediately took a taxi and asked the driver to head to a bank in the center of Cape Town.

The bank was very famous internationally. It was the famous Standard Chartered Bank in United Kingdom. Miao kun was heading to the Standard Chartered Bank's headquarters in South Africa.

When the car stopped at the entrance of the bank, Miao kun looked up at the top of the bank building, and his eyes quickly fixed on the LOGO icon of the bank, which was exactly the same as the one he had seen on the generator where Grimm had buried the fake diamond!

Chapter 1374: The ultimate code

Cape Town, South Africa, in the Standard Chartered Bank's safe area lobby.

"Yes, sir," a black manager said to Miao kun, who was in disguise, in fluent English. "Our counter numbers are not numbered in Arabic, but are arranged in English alphabet order according to the account number provided by the customer.

"This is ..." He pursed his thick lips and smiled, revealing his small white teeth. "This is the practice left behind from the Mandela period, which can not be changed later!" He said.

"Oh ... Hehe ..." Because of the mask, Miao kun had to be extremely careful even when he smiled, for fear of revealing any flaws. "I heard my brother mention this before!" He said.

"If that's the case, then I'll have to trouble you to take a look. There shouldn't be any problems with my brother's account right?" Miao kun picked up a pen and wrote down the letters "tal" on the paper.

"Please wait a moment." The bank manager took out his tablet and checked it. He quickly nodded and said, "yes, we do have this account number!"

Yay!

Miao kun's expression did not change, but he was overjoyed in his heart. He did not expect that his guess would come true.

"Then ... Do you want to open it now, Sir?" The bank manager asked politely.

"Of course ..." Miao kun nodded and said, "otherwise, I wouldn't have come all the way from the United States just to chat with you, right?"

"Hehe, you're really good at joking!" The manager was amused.

"My brother also told me that if I want to create an account here, I need to have two identical letters, right?"

"Yes, and there's case distinction ..." The bank manager smiled and said, "but ... That was a rule from a long time ago. It's not so troublesome for us to open safes now!"

Miao kun looked around and asked, "what do I need to do next?" Do I need to register?"

"Oh ... No, no, no... You don't need to register. We will protect our customer's privacy 100%..." The manager quickly and politely pointed to the inside of the bank. "Please follow me!" Please come this way ..."

"Thank you very much!" "Thank you!" Miao kun thanked him politely, but he could not help but look smug. In fact, before he arrived, he had already done a lot of research and understood the safe program here.

Unexpectedly, there was really a safe account called "Tytal" here. Obviously, this mysterious safe was the real clue left by Grimm!

The Standard Chartered Bank in South Africa's safe area was far smaller than some of the big banks.

So when the bank manager led him into a small secret room, he even felt a little suffocated with his mask on.

As there weren't many safes in the room, the manager quickly found a safe marked with the word "tal."

At this moment, Miao kun finally understood why Grimm had hidden the fake diamond in the Tidal generator without using the word "tide" as the password.

This was because the Standard Chartered Bank had a regulation to open an account. An account must contain two identical letters, and it had to be differentiated by size.

That was why Grimm used the professional simplified vocabulary “tal” as the password. It was precisely because of this that Miao kun could smell the hidden clues behind green and had chased him all the way here.

“Sir,” the manager opened an old-fashioned keyboard under the safe and said to Miao kun, “please enter the password now!”

“Oh ... Okay!” Miao kun approached the safe and examined the old-fashioned keyboard. It was similar to modern keyboards, with both letters and numbers on it.

Hu ...

As the mask could not release sweat, Miao kun’s sweat flowed down his neck and around his collarbone, soaking his shirt in front of his chest. It was very uncomfortable.

However, Miao kun could not care about anything else at this time. He took a light breath and rubbed his hands unnaturally on the sides of his shirt. Then, he held his breath and pressed the string of letters and numbers “GDWP2056” on the keyboard.

This string of letters and numbers was the diamond password left by Grimm, and it was also the one written after “tal” on the generator box that hid the fake diamond.

Miao kun believed that since “Tytal” was the account number, the “GDWP2056” behind it must be the password.

At this moment, he typed the string of letters and numbers on the keyboard without moving.

After he finished typing, he held his breath and stared at the two red lights on the safe.

Whoosh ...

As the safe rang, one of the red lights turned green.

Waa ...

Miao kun raised his arm excitedly. Just as he was about to touch the safe, he noticed that there was still a red light on the safe that had not turned green.

“Oh ...” Miao kun suddenly understood. He quickly took out a fingerprint from his pocket and said to the manager, “my brother has passed away, so I’m wearing his fingerprint. It should be in line with the rules, right?”

“Well ... In principle, as long as you can open the safe, we won’t pursue your identity, but Sir ...” The manager said awkwardly, “did you make a mistake?” As you can see, what you need to open is our bank’s first-generation locker. At that time, a key was used, and there was no need to enter a fingerprint!”

“...” Miao kun’s body trembled as if he had been struck by lightning. He had not expected that he would not be able to do his homework well. He had thought that he would be able to open the cabinet with Green’s fingerprint!

Feeling depressed, his hands reached into his pockets unnaturally. However, how could he have a key in his pocket?

“Sir ...” The manager quickly asked, “do you remember your brother wrongly?” Did he give you the key?”

“Um ... This ... This ...” In fact, Miao kun’s face was covered in sweat, but because he was wearing a mask, no one could tell. “Mm ... Of course ... Of course, give it to me ...

“But ...” Miao kun hesitated for a long time before he said, “the key ... The key ... Could it be in the United States?”

“Hehe ...” He laughed unnaturally. “Brother, do you think that this is the most bitter joke in the world?”

“No, no, no...” The manager waved his hand and said, “don’t worry, it’s okay if you don’t have the key!” It’s fine if you know the security code. After entering the security code, the safe will open automatically even without the password and key!”

“What’s this? A security code?” Miao kun frowned.

“It’s a 13-digit password that’s completely made up of English letters. At the time, this was the pioneer of the Standard Chartered Bank!” The manager explained, “in order to ensure the security of the locker, we added a secret code function!

“At that time, a 13-digit password was synonymous with impossible to crack. The older generation of bankers called it foolproof ...”

“Secret code ... English letters ... 13 digits ... 13 ...” Miao kun pondered seriously. The gears in his mind were spinning at high speed, and his brain seemed to be boiling.

“Sir ... Sir?” The manager cautiously urged, “can you still remember that your brother mentioned the secret security code to you? If there’s no code, then ... Um ... Then ...”

“Wait a minute! “I ... I ...” Miao kun’s eyes lit up, and he said excitedly, “I think I remember now. Can I ask if the 13-digit secret code will not be repeated?”

“Um ... This ... I can’t tell you!” The black man smiled, but his expression was a little stiff.

“Okay ... I ... I almost remember. Come on ...”

After that, Miao kun began to type one letter after another on the keyboard. He had to think for a long time for every letter he typed. Although he wasted a lot of time, he still managed to type all 13 letters.

However, before Miao kun could prepare himself, the other red light on the safe turned green, and the safe automatically opened ...

Chapter 1375: I’m looking at the Mountain View on the City Tower

Miao kun had thought of the 13 security codes in the heat of the moment.

Since the security code had no numbers, only English letters, it could not be the string of code that Grimm had left on the generator case.

However, since the security code was 13 digits, he thought that it was likely to be related to the 13 people who participated in the detective salon last time.

Therefore, Miao kun began to wonder if Grimm would use the first letters of the 13 people's names as the secret code.

As Grimm had left the diamond password for everyone, there was a clear distinction in the order of the 13 people.

The first letter of "Tytal GDWP2056" was a capital "T," and "T" appeared on the card in Tani zhaichiro's hand. In other words, the first letter of the 13-digit secret code should represent the "G" of Tani zhaichiro.

The others followed this logic, forming a 13-letter password without repetition.

Although the 13 security codes were a little vague, they were the only and most likely answers that Miao kun could think of at that time.

Therefore, with the intention of trying, Miao kun finally typed in the 13 letters. However, he didn't expect that the safe would be opened successfully after only one attempt!

"Waa!" At this time, even the manager was shocked. After seeing that the safe had bounced open, he quickly said in admiration, "you have a good memory! Since that's the case, I won't disturb you anymore!

"Please go ahead! After you're done, you can just close the cabinet door. But ... Because you don't have the key, you can't change the password ... Um ..."

At that moment, Miao kun could not be bothered to listen to the nonsense of others. He stared at the cabinet door that had sprung open, his eyes almost bleeding!

"Oh ... Please go ahead ..." The manager could tell that Miao kun was in a hurry, so he quickly turned around and left the secret room.

"Waa ..."

Seeing that there was no one around, Miao kun rubbed his palms together excitedly. His palms were already covered in sweat, as if they had been washed.

At this moment, he could even hear his own heartbeat. The blood in his body seemed to be boiling.

Grimm, did you ever think that I, Miao kun, would be the one to solve your diamond puzzle?

I'm afraid you didn't expect this, did you?

Do you know ... How much work I've done for the diamond? Even though he wasn't as crazy as Xi Wei, he wasn't that far off!

I knew that with your personality, you would never hand the diamond over to your government! Your brothers are dead, and you're going to use the diamond to avenge them.

Hehehe ...

The laughable bacary, did he think he could hide it from me? He said it so calmly and naturally. Does he think that I will believe his nonsense?

If the United Kingdom Intelligence Agency had already obtained the diamond, how could they have gone to such great lengths to cooperate with Grimm?

Moreover, Xi Wei was not a good-for-nothing either. If the diamond was taken back by the United Kingdom government, he would have definitely heard some news. Why would he have to fight with green for so many years? It was also impossible for him to do everything he could to stage such an earth-shattering scene on wondrous trace Island!

Hahaha ...

Everything was predestined!

Diamond ... I'm coming ...

In his excitement, Miao kun finally opened the safe and pulled out a rectangular metal box.

However, the moment the metal box was pulled out, Miao kun suddenly froze, as if he had been electrocuted!

No... No, no, no...

After seeing the situation in the box, his mood instantly fell from the top of the mountain to the bottom. Even parachuting wouldn't be that fast.

The metal box was completely empty!

No...

'That's not possible ...'

Miao kun reached his hand into the box, but he couldn't find anything. Unwilling to give up, he bent down and lowered his head again. He almost stuck his face into the safe, but there was only air left in the safe ...

No...

No!

Oh ...

Seeing this disappointing result, Miao kun felt a sharp pain in his heart. He quickly reached out and clutched his chest.

However, just as his heart calmed down, his head began to buzz again, making him feel dizzy and almost faint ...

.....

Five minutes later.

Miao kun suddenly looked like he had aged a dozen years as he walked out of the secret room in a sorry state.

“Hehehe ...” The manager saw Miao kun coming out and hurried to him. “Sir, have you settled your things?”

As he spoke, he quickly walked into the secret room and carefully checked the safe box named Tylal. When he saw that the safe box was closed, he returned to Miao kun with a relieved expression, ready to see the guest out.

“Um ...” Miao kun opened his mouth and asked hesitantly, “although it’s a little rude, I still want to ask, has anyone touched my brother’s safe recently?”

“Um ... This ... This ...” The manager’s face suddenly became darker. “Please don’t make such a joke, Sir. You should know our rules. I will never disclose any related information to you!”

“I understand, I understand ...” Miao kun sighed.

“Not just me, not just the Standard Chartered Bank’s employees, even if the General Manager or Chairman were to come, they would definitely not reveal it! Our reputation is our Foundation ...”

“Alright, alright, I know!” Miao kun waved his hand and turned to leave.

“Please take care, we welcome you again ...”

The manager said goodbye politely, but Miao kun could no longer hear anything else ...

As soon as he walked out of the bank, Miao kun immediately felt the hustle and bustle of the city. Even the sun above his head was dazzling.

Sigh ...

He let out a long sigh, feeling that the itch on his face was getting more and more unbearable, so he simply walked into the small alley next to the bank building. When he saw that no one was paying attention in the alley, he finally took off the human-skinned mask.

Hu ...

When he took off his mask, he instantly felt much more relaxed. However, because he still needed to use it when he left the country, he didn’t throw the mask away, but carefully put it in his suitcase.

He wiped off the sweat on his face and the remnants of his mask, then gulped down an entire bottle of mineral water. Only then did he finally feel that his heart was no longer as suffocated as before ...

He looked up and saw that although the narrow alley was dirty and messy, it was very quiet. There were two stray cats looking for food by the trash can ...

Ha ...

Hahaha ...

Looking at the scenery in front of him, Miao kun suddenly laughed. His laughter was a little awkward, a little nervous, and a little tired ...

Hmm ...

Alright!

He twisted his neck and muttered to himself, diamond ... That's all!

There are times in life that you must have, but there are no times in life that you can't force!

He was old and couldn't be so stubborn anymore. Xi Wei was a good example for him. Perhaps letting go was a good choice?

With that thought in mind, Miao kun finally felt relieved. He began to hum the empty city Strategy, a Chinese opera song.

"I'm looking at the Mountain View at the city gate tower, and I'm hearing the chaos outside the city ..."

As he hummed, he walked out of the alley and started walking along the sidewalk. However, the more he sang, the more addicted he became. The more he sang, the more energetic he became. Even though the city was noisy, his voice grew louder and louder.

"The flag fluttered in the air, so it's the Army sent by Sima ..."

As he sang, he even rolled up his sleeves and got into a singing posture, as if he was already on stage. He was completely immersed in it.

"I've also sent people to inquire, and they heard that Sima is leading the Army to the West ..."

"Di di di ... Di di di ..."

Just as Miao kun was engrossed in the song, his mobile phone suddenly rang.

"Hello?" Miao kun answered the phone, his hands still making the gesture of an opera singer.

"Hello, father-in-law, have you arrived in New Zealand?" Zhao Yu's voice came from the phone. "Did your journey go well?"

"Oh, Zhao Yu, I'm here!" "You're here too, right?" Miao kun asked.

"Yes, I'm relieved to see you here!" Zhao Yu said, "I've been feeling uneasy all the way here. I'm afraid that the British will come and cause us trouble!"

"I'm fine, I'm fine, don't worry! Alright, have a good rest!" "I still have a business to discuss," Miao kun said.

"Alright, go do your thing! "It's good that you're fine, hehe ..." Just as Zhao Yu finished speaking, Miao kun was about to hang up the phone when Zhao Yu suddenly added, "by the way, father-in-law, there's something I want to tell you!"

"Oh, what's the matter?" Miao kun asked casually.

"The 'empty city stratagem' you sang was really nice. If there's a chance in the future, please teach me! Hehehe ..."

"Ahem!" Miao kun laughed and said, "I was just singing for fun. Why would I take it seriously?"

Suddenly, Miao kun realized what was wrong. He felt as if he had been hit by an electric current, and he almost fell to the ground ...

Chapter 1376: What are you doing here?

“What? What did you just say?” Miao kun was shocked. He shouted into the phone, “Zhao Yu, what do you mean? Where are you? Hey...Hey...Hey...Hey ...”

However, after he shouted a few times, he realized that Zhao Yu had already hung up the phone.

“Damn ...”

Miao kun looked at his phone and thought of something. He quickly searched himself from head to toe, thinking that Zhao Yu had bugged him.

However, he quickly realized that something was wrong! When I was at Xiangjiang airport, I had already done a thorough check. It’s impossible for me to not know that someone had installed a listening device on me ...

Then ...

He picked up his phone and pressed the return button to call Zhao Yu back. He wanted to ask Zhao Yu in detail. However, it was not until he put the phone to his ear that he suddenly came to a realization.

“Holy sh * t, Holy sh * t, did Zhao Yu ... Did he come to South Africa with me?”

In his shock, he hurriedly turned around and looked at the place he had just passed. If Zhao Yu could really hear him singing, he must be nearby.

As soon as he raised his head, he was surprised to see a beige old-fashioned car parked in the place where he had passed by while singing.

There was a person in the car who looked familiar.

This ...

Miao kun quickly bent down and looked into the car. At that moment, as he was still trying to call Zhao Yu’s number, he suddenly heard a ringtone from the car.

“Ah ... Hero, please accompany me in my dreams ...”

“It can’t be?”

Miao kun hastened his pace and rushed over. As soon as he got in front of him, the person in the car immediately waved his arm at him. Zhao Yu, who was wearing a jacket, popped his head out of the car.

“Zhao Yu! You...Hmm...Hmm...Hmm...Hmmm ...”

Suddenly, Miao kun felt as if he had seen a ghost. He could not believe that Zhao Yu would appear in front of him, and in such a strange way at that.

"I'm looking at the Mountain View on the City Tower ..." After seeing his father-in-law, Zhao Yu didn't say hello, but imitated him and sang the opening of the "empty city Strategy."

"Stop singing!" "Zhao Yu, hurry up and tell me what's going on!" Miao kun said, glaring at him. Why ... Why did you come to Cape Town?"

"What?" Zhao Yu laughed. "What's wrong with me coming to Cape Town? You're allowed to come, but I'm not?"

"You ... Didn't you go back to the capital? "When did you ... Um ... Sigh ..." Miao kun was so excited that he was incoherent. He exclaimed several times in a row, then gritted his teeth and said, "you ... Followed me?" How did you follow me here?"

"NO, NO, NO," Zhao Yu waved his hand. "I just wanted to find some inspiration! The diamond was lost in Cape Town, so I wanted to check the crime scene to see if I could get any inspiration. "

"Are you okay?" Miao kun looked at the yellow car that he couldn't remember the name of, then opened the door and sat in the front passenger seat. "That was twenty-two years ago," he said to Zhao Yu. "What crime scene is there?" Besides ... The diamond has nothing to do with you, so why did you investigate? Hmm ..."

Seeing Zhao Yu smile without saying a word, Miao kun suddenly realized something. He quickly pointed at Zhao Yu and asked, "You're playing with me! Are you playing with me? I'm already unlucky enough today, are you still not going to tell me the truth?"

"It can't be?" Zhao Yu continued to smile. "You were in a good mood when you were singing just now! I'm looking at the mountain from the City Tower ..."

"Go, go, go, I'll pull out your teeth if you continue singing!" Miao kun was about to go crazy. He drew a nine Yin white bone palm with his hands and flashed it in front of Zhao Yu. How did you get here?

"I'm not joking with you. It's very likely that you've been duped or fallen into someone's trap! The two of us might be in danger right now ..."

"Relax, relax ..." Zhao Yu saw that his father-in-law was really anxious, so he put away his smile and said seriously, "I didn't follow you here. I just wanted to come to Cape Town to prove one thing!"

"Eh? What's the matter?" Miao kun asked, his eyes wide.

"On the yacht on the island of wonder, when the old man named bacary told us that the diamonds had already been taken by the United Kingdom Intelligence Agency, he said it casually but seriously, so that no one could see any flaws.

"However, his men betrayed him!" Zhao Yu said seriously, "did you notice it at that time? When bacary said who the diamond belonged to, his men were suddenly stunned for at least 0.2 seconds. What do you think this means?"

"This shows that bacary's men don't know anything." "The diamond is a top secret," Miao kun replied. "His men don't have the authority to know."

“But I think ...” Zhao Yu shook his head and said, “they suddenly heard bacary lie, which was why they looked so confused ...”

“No, no, no, you’re overthinking it,” Miao kun retorted.

“Xi Wei is a very cautious person,” Zhao Yu said. “I think that if he thought that there was a thirty percent chance that the diamond was not in Green’s hands, he would not have mobilized so many people to come to Miracle Island to snatch it!

“Don’t forget that the mercenary army he brought with him is even prepared to challenge the Army. If he wasn’t so determined to get the diamond, he wouldn’t have done such an exaggerated thing!

“So,” Zhao Yu’s eyes shone with wisdom, “bacary just wanted to stop you people from thinking about him, so he lied to you!

“Grimm’s Diamond puzzle might not be over yet! “I think ...” Zhao Yu pointed at Miao kun. “This is also why you came to South Africa, right?”

“You ... Fine, then why did you choose South Africa?” “And you still say that you didn’t follow me?” Miao kun asked, not feeling awkward at all.

“No!” Zhao Yu said seriously, “on the power box that hid the fake diamond, in addition to the diamond password that Green Left for you, there was also a LOGO that didn’t quite match the theme.

“Do you still remember?” Zhao Yu helped him recall, “the symbol was square and blue, and the pattern in the middle looked like a leather bag ...”

As he spoke, Zhao Yu pointed at the Standard Chartered Bank in the distance, indicating that his description was exactly the same as the LOGO of the Standard Chartered Bank’s South Africa branch!

“I was a little curious at that time,” Zhao Yu said. “Because the tidal generators on Miracle Island are very old, when I swam past the other generator boxes, I saw the model number, text, and logos on the boxes, which had long been eroded by the seawater, so I couldn’t read them!

“But on the case where the fake diamond was hidden, not only was the diamond password clearly visible, but even the LOGO icon was as fresh as new.

“So, I was thinking ...” Zhao Yu raised the corners of his mouth and said evilly, “could this symbol have been left behind by Grimm on purpose?”

“Then, I took some time to study it. As a result, I quickly received some exciting news!” Zhao Yu pointed to the bank in the distance and said, “that icon has nothing to do with a generator, but the LOGO of a bank!

“What was even more shocking was that the bank was in South Africa, and it was opened by a British man!

“I checked again, and I was scared!” Zhao Yu became more and more excited as he spoke, “of all the standard Chartered banks in South Africa, only their headquarters in Cape Town have a safe deposit box service!

“Cape Town, boss, oh no... Father-in-law!” Zhao Yu pulled on Miao kun’s arm excitedly. “Cape Town is the place where the diamonds were lost!

“Do you think that after green robbed the diamonds, he would dispose of them on the spot and hide the diamonds in the safe in this bank? “And ...” Zhao Yu’s eyes lit up as he shook Miao kun hard. “The account number and password are the string of letters and numbers that Ge Lin left on the generator box!?”

Chapter 1377: There’s another possibility

“Ha ... Ha ha ... Ha ha ha ...” Hearing Zhao Yu’s speculations, Miao kun laughed with a wooden expression. “Great, great, you’re indeed the best detective China!”

“I was right about you,” Miao kun said, patting Zhao Yu’s shoulder. “You’re amazing. Your observation, memory, and analytical skills are unparalleled.”

“Hehe ...”

Zhao Yu laughed foolishly, but in his heart, he was thinking, father-in-law, it’s not as simple as you think. In fact, he himself had used more than ten memory flashbacks and re-read the events on wondrous trace Island countless times before he finally found these flaws.

“It’s a pity ... Sigh!” “Hehe ...” Miao kun could not help but sigh at the thought of the sad past. “Zhao Yu, do you know why I sang the empty city Strategy just now?”

“Ah?” Zhao Yu was slightly stunned and asked, “so, you’ve already been to the bank? How was it, how was it? Did ... Did you find it ...”

“If I find him, I won’t have to sing” the empty city stratagem “!” Miao kun shook his head helplessly, then whispered in Zhao Yu’s ear, “there’s nothing in there!”

“Ah?” Zhao Yu was immediately disappointed, and his whole body shrank. “No way? Someone had actually gotten there first? “But ... But ...” He rolled his eyes and said in disbelief, “that can’t be right. When we dived into the water and saw the bank’s LOGO, there were only the two of us, along with Xi menna!

“Xi menna has already been caught. I don’t think ... I don’t think anyone else can beat her to it.”

“Now ... You finally know why I sang ‘the empty city stratagem’, right?” Miao kun shook his head and sighed. “Maybe Jake and Juliet won’t know, but it’s hard to say if Simone won’t notice something and disclose the news to bacary!

“It’s also possible that many years ago, bacary had already guessed Grimm’s thoughts and had already retrieved the diamond!

“There’s also the possibility that green was singing the empty city stratagem with us, and he doesn’t have any diamonds at all!

“Of course, there are many other possibilities. Maybe Grimm has other arrangements. It might be the work of the already dead Molly; It was also possible that there were other Masters ...

“Al!” Miao kun sighed. “All in all, the legendary diamonds have nothing to do with us anymore!”

“No,” Zhao Yu’s eyes lit up, and he asked, “father-in-law, let’s follow the clues and find out who opened Green’s box. Then, we can continue the investigation, right?”

“How can it be that easy?” Miao kun shook his head and said, “I just went in. This place follows the absolute privacy rules of Switzerland banks. There are no records to check!”

“What about the surveillance video?” Zhao Yu continued to suggest, “you guys should have a way to get the surveillance video of the bank, right?”

“It’s meaningless ... It’s completely meaningless!” Miao kun opened his suitcase and pointed to the mask inside. “Look, even I know how to use a mask, let alone the real murderer who took the diamond.

“Besides,” Miao kun added, “we don’t even know when the diamond was taken away, so how can we check the surveillance cameras?”

“Oh ... I see ...” Zhao Yu pondered for a moment, then asked, “are you sure you really opened the box that Green Left behind? What did it look like? There really isn’t anything left inside?”

“Yes, there’s nothing, it’s completely empty!” Miao kun nodded. “In order to not miss any clues, I even recorded a video of it with my mobile phone. The box is clean, and nothing was left behind!”

“Then ...” Zhao Yu blinked his big eyes and asked again, “the safe ... Was it really opened with the diamond Code left by Gehring?”

“Yes, the account number is Tylal, and the password is GDW P2056!” Miao kun answered honestly.

“But, don’t we still need the key?” Zhao Yu continued to ask curiously, “you have the key?”

“No,” Miao kun answered without hesitation. “But there is a 13-digit code in the safe. I typed the code out, and the safe opened!”

“What?” Zhao Yu was surprised. “Password? How did you know?”

“I was just guessing,” Miao kun replied almost habitually. “I used the letters starting with the names of the 13 people who participated in the detective salon as the code. I didn’t expect to really open it!”

“Oh ...” Zhao Yu nodded and gave Miao kun a thumbs up. “Father-in-law, you’re really amazing!” You can even guess a 13-digit password, amazing, amazing!”

“Eh? “No... No... Wait ... Wait ...” Miao kun suddenly realized that there was something wrong. He quickly grabbed Zhao Yu’s hand and asked, “what did you just ask me?” It doesn’t seem ... Right?”

“Aiya!” Zhao Yu suddenly widened his eyes and deliberately changed the topic. “I have an idea. We can catch the bank manager, beat him up, and force him to say who opened the box!

“The safety deposit box service in the bank is very quiet. He must remember every box he opened!”

“No, no, no... Wait, wait a minute ...” Miao kun pressed on Zhao Yu’s arm and asked, “kid, I’m a little confused. What did you ask me just now?” The safe needed a key? How ... How did you know that we need a key to open the safe?”

“My idea is good, isn’t it?” However, Zhao Yu ignored him and continued, “as long as the manager tells us when the box was opened, we can lock onto the suspect through the surveillance video ...”

“Eh? You ... Don’t say anymore!” At that moment, Miao kun felt as if his brain was boiling. He put his arms around Zhao Yu’s neck and asked loudly, “Zhao Yu, what the hell are you doing? How did you know ... That there was a bank manager in the safe ... And a black manager at that ... Could ... Could it be ...”

“Don’t mess around, don’t mess around ...” Zhao Yu struggled and said, “if it’s a bank, it has to have a manager. This is South Africa, okay? if it’s South Africa, it has to have black people, okay ...”

“No! “No, you Rascal ... Tell me ...” Miao kun hugged Zhao Yu tightly, his actions extremely inelegant. “Did you go in there too?” I almost forgot. This car ... Where did you get this car from?”

“You ... You’re not right?”

“Don’t do it, it’s ticklish, hehehe ...” Zhao Yu was embarrassed by his father-in-law’s hug. He struggled as he took something out of his pocket and said, “I’ll talk, I’ll talk, stop ... Stop ...”

“Ah? “This ...” Miao kun was shocked when he saw what Zhao Yu was holding.

It turned out that what had appeared in Zhao Yu’s hand was a key, and the shape of the key was very unique.

Miao kun grabbed the key and glanced at it. He was so excited that he almost had a heart attack. The English letters engraved on the key were the abbreviation of the Standard Chartered Bank.

“Where ... Where did you get this? Hurry up and tell me!” Miao kun clutched his chest, his face pale.

“Calm down, calm down ...” Seeing his father-in-law clutching his chest, Zhao Yu was frightened and quickly advised, “think of Xi Wei, think of Xi Wei. Don’t get too worked up, boss!”

“Hurry up and tell me!” “Where did you get the key?” Miao kun stomped his feet.

“Alright, alright! Zhao Yu cleared his throat and said calmly, “father-in-law, didn’t you just list a few possibilities about the whereabouts of the gemstone?”

“But there’s one possibility that you didn’t think of!”

“Which possibility? Hurry up and tell me!” Miao kun said with a murderous look on his face.

“When I was being hunted down on the island of wondrous traces ... Didn’t I escape on Grimm’s old motorcycle?” Zhao Yu then replied, “but as we ran, bang! The motorcycle was destroyed by the helicopter, and then I found this key!”

“Ah?” “What ... What else?” Miao kun opened his mouth as if he wanted to eat someone.

“And,” Zhao Yu said, “after we parted ways at Xiangjiang airport, I got on a flight to Mauritius!”

“There’s WIFI on the plane. In order to make sure that I could catch the plane to South Africa, I booked three tickets in one go from Mauritius to the airports of Eswatini Lesotho lyoshand Durban!

“In the end, when I got off the plane in Mauritius, I didn’t make it to the first two. I only caught one flight to Durban Airport!”

“The next thing is easy. Durban Airport has a plane flying to Cape Town every two hours!” Zhao Yu laughed. “I didn’t waste any time there. I arrived in Cape Town three hours earlier than you!”

“As for the landing visa, I don’t need to find anyone, I can enter the country directly!” “Hehe ...” Zhao Yu laughed. “Then, I went to the Standard Chartered Bank first and met the black manager ...”

“And then ...” Zhao Yu pointed at the car. “I was bored waiting for you, so I spent money to buy this car!” I think we should at least have a vehicle when we go to the hotel to celebrate tonight, right?”

“You ... I ... This ...” Miao kun was dumbfounded. “Celebrate?” he asked, trembling. “What are we celebrating?”

“Hmph Hmph Hmph ...” Zhao Yu smiled at his father-in-law, then took out a black bag from under the car seat and handed it to him.

Seeing the bag, although Miao kun was already mentally prepared, when he opened the bag and saw the large number of sparkling diamonds, he was so excited that he couldn’t breathe and fainted on Zhao Yu’s body.

Chapter 1378: selling stolen goods?

No way?

Seeing his father-in-law suddenly faint, Zhao Yu was shocked and quickly went over to pinch Miao kun’s philtrum.

However, as soon as his hand touched Miao kun’s nose, he quivered and straightened his neck. His eyes were red!

“Zhao Yu!” Miao kun grabbed Zhao Yu’s neck and pressed him against the steering wheel. The car was so loud that the car horn was blaring. “You little brat, you already got the diamond, why are you still scaring me?”

“You even gave me an idea, caught the manager, and beat him up. What do you think I am, huh?” He grabbed Zhao Yu’s neck and roared as if he was going to strangle Zhao Yu to death, “and you want me to find out who opened the box? It turns out that you were the one who bought the tickets and occupied the seats! You’ve tricked me so badly!”

“Don’t ... Don’t be angry, don’t be angry ...” Zhao Yu rested the back of his head on the steering wheel and explained calmly, “I was just joking with you. You look like you’ve been through a lot, can’t you take this kind of joke?”

“Go to hell!” Miao kun pushed Zhao Yu away and pointed at his heart. “I’m so heartbroken! Is there anyone who would joke with their father-in-law like this?”

“Tsk!” Zhao Yu pouted and said, “you have the nerve to say that. It’s your fault for not telling me the truth at Xiangjiang airport. Oh ... It’s fine if you’re lying to me, but you’re getting anxious because I’m just joking with you?”

“Well ... Um ...” Miao kun was at a loss for words, and his voice trembled as he said, “I ... I just didn’t want you to be in danger!”

“Don’t give me that ...” Zhao Yu touched the bag of diamonds and said, “I’ve already conquered Miracle Island with you, but when it’s time to distribute the diamonds, you dumped me. Where’s your conscience?”

“This ... Um ...” Miao kun’s face turned red at Zhao Yu’s words. He could not say a word, so he reached out to hold the bag of diamonds. He changed the subject with an unnatural expression and asked, “are you sure you’re not playing with me?” This diamond ... It’s really ...”

“Don’t worry!” Zhao Yu said with confidence, “I’ve already appraised them. They are definitely authentic!

“I didn’t understand what a bare diamond meant until today. I thought it was an ore that had never been cut! After all that, it’s just that it’s not embedded ...”

Miao kun opened the bag and carefully touched the diamond inside.

“Oh my god, oh my god ... My queen Mother ...” Miao kun caressed the diamond back and forth, then closed his eyes and muttered to himself, “this feeling ... Is so different. No wonder people are crazy about it ...”

“Aiyo! “My grandma ...” While he was intoxicated, he suddenly touched a larger diamond. He immediately bent down, his face almost buried into the bag, and praised in surprise, “there’s ... There’s really a pink diamond!” Such a big pink diamond, it was really ... Too rare, too rare!

“Zhao Yu,” he grabbed Zhao Yu again, “do you think I’m dreaming?”

As he said that, he pinched his arm hard and immediately showed his teeth in pain.

“It’s okay, it’s okay ...” Zhao Yu quickly comforted her. “Don’t worry, it’s not a dream, it’s not a dream, hehe!” When I first took out the diamond, I had a much bigger reaction than you!”

Then, Zhao Yu showed Miao kun the deep bite mark on his arm.

However, what else could Miao kun care about? He trembled as he picked up a handful of diamonds. His two hands could not hold them all. Some of the smaller diamonds flowed through his fingertips like gravel ...

“Cool! “That’s great ...” Miao kun was as happy as a child who had just received candy. “It’s a great pleasure to be able to hold a diamond in my hand and feel its weight!”

“Hahaha ...” After laughing, Miao kun got into a fighting stance and started singing again. “...Let’s go back to the camp together. We’ll finish the work at 1.35 PM tomorrow ...”

“Hmm ...” Zhao Yu didn’t understand what Miao kun was singing, but he crossed his arms and waited patiently as he watched his father-in-law revel in the song.

“Mm ...” After Miao kun finished his song, he suddenly woke up from his revelry. He grabbed Zhao Yu’s wrist and said excitedly, “Aiya! Zhao Yu...Hurry up and tell me one more time, this diamond ... How did you get it?”

"I ..." Zhao Yu was stunned for a moment, then replied, "of course, like you, I found it in the safe that Green left behind." I have the account number and password, and this key!" He shook the key again. "So, I didn't need to use any 13-digit code to open the safe!

"After I opened it, there ... The bag and the diamond are all there!"

In fact, Zhao Yu's words seemed sincere, but in fact, there was a lot of exaggeration. Because the key in his hand was not picked up from Green's motorcycle at all, but a random one he found himself. He was the one who had engraved the initials of the Standard Chartered Bank on the key.

As it turned out, when Zhao Yu found out that the clues left behind by Green might be related to the Standard Chartered Bank's South Africa branch, he had used his invisible browser early in the morning to inquire about the bank's situation.

He knew that if Green had left a safe behind, then he would have to at least understand the entire process of the safe to be sure that it could be opened.

The invisible browser was so powerful that the information Zhao Yu found was even more detailed than what Miao Kun had.

He knew that opening the safe required an account number, password, and a key. He might be able to guess the first two, but he had no idea where to find the key.

But then again, Zhao Yu had the universal lock picker with him, so it didn't matter whether he had the key or not. So, he found a random key just to put on an act when he used an item to open the safe.

"So ..." Miao Kun's face gradually became serious. He frowned and asked, "the manager who served you was also that black man?"

"En!" Zhao Yu nodded.

"F * ck!" Miao Kun cursed, "that guy is really good at acting! You just opened that safe and then I went! However, when he was entertaining me, he acted as if nothing had happened ... He's so professional!"

"Father-in-law, don't worry!" At this time, Zhao Yu opened his backpack, revealing a blonde wig. "I'm not stupid. I disguised myself when I went in. I guarantee that the surveillance cameras wouldn't be able to see anything!"

This time, Zhao Yu wasn't lying, and it was even more true than what he had said.

In order to hide his identity, Zhao Yu used an invisible disguise device and an invisible voice changer to disguise himself as a foreign blonde beauty.

However, after he used it, he realized that he could not speak English at all, so he could only use his hands to gesture the whole time. The voice changer was wasted ...

"It can't be?" Miao Kun looked at the makeup tools that Zhao Yu had prepared and was in disbelief. "You even know this? were you a secret agent before?" he asked.

"I've seen a movie before!" Zhao Yu answered seriously.

“Hu!” Miao kun looked at Zhao Yu weirdly. If he had not sent someone to investigate Zhao Yu’s background, he would not have believed that Zhao Yu was just an ordinary Criminal Police officer.

“Mm ...” Zhao Yu was embarrassed by Miao kun’s stare, so he pointed at the bag of diamonds and got to the point. “Father-in-law, let’s ... Oh no, let’s talk about serious business!”

“How are we going to dispose of these diamonds?”

Chapter 1379: obtaining it in the right way

“What? Dispose of stolen goods? “Tsk tsk ...” Miao kun was speechless. He could not help but frown and ask, “Zhao Yu, there’s a question that I can’t understand!”

“Since you already got the diamond and disguised it so that no one could find out, why didn’t you take the stolen goods and run away? Why are you waiting for me here with the diamond?”

“Cough! Can’t you tell?” Zhao Yu patted his chest and said arrogantly, “I, Zhao Yu, am loyal and courageous. I don’t forget the person who dug the well when I drink water. I’m loyal to the universe and my father-in-law has treated me well. I can’t be ungrateful ...”

“Go away ...” Miao kun interrupted Zhao Yu when he saw him acting cool. “You’re a thousand-year-old demon. Don’t act like an innocent little girl!” He said. Hurry up and get serious!”

“Ah, Okay, okay ...” Seeing that his father-in-law was invulnerable, Zhao Yu quickly replied timidly, “father-in-law, if I say that I don’t know how to bring a diamond out of the country, would you believe me?”

“You ...” Miao kun was once again speechless. He pointed at Zhao Yu’s nose and complained, “why don’t you ever follow the script?”

“I’m not lying to you!” Zhao Yu wiped the cold sweat off his forehead, “actually, when I first got the diamond, I was dreaming! He thought that he was a billionaire! But later on ... The more I thought about it, the more I felt that something was wrong, and the more I thought about it, the more uncomfortable I felt ...

“In the end, I finally discovered a cruel fact. This young man’s appetite is small, and he can’t eat such a big bowl of rice!”

“Oh ...” Miao kun nodded slightly. “At least you have some self-awareness!”

Miao kun raised his eyebrows and asked, “why did you get a car and wait for me here? did you just want me to find you a way to dispose of the stolen goods?” How much do you plan to share with me?”

“Um ... Well ...” This time, it was finally Zhao Yu’s turn to hesitate. He looked at Miao kun, not knowing how to answer.

In fact, what Zhao Yu said was the truth. He had only wanted to get the diamond, but now that he had it, he didn’t know what to do.

“You deserve the most credit.” Miao kun saw that Zhao Yu was in a difficult position, so he immediately asked, “so, you take 70% and I’ll take 30%. How about that?”

"This ... Mm ..." Zhao Yu could tell that Miao kun's tone was not right, so he did not dare to continue the conversation.

"Tsk tsk ..." Miao kun pouted and sighed. "Thinking about how Miss Jasmine, Gu zhaichiro, and the people from xisai died so miserably, forget it. You take 80% and I'll take 20%."

"No... I didn't mean it that way ..." Zhao Yu quickly waved his hands.

"But ..." Miao kun pretended to think for a moment, then said, "think about Xi Wei's fate ... Forget it, you take 90% and I take 10%!" "If not ... I'm afraid my heart will act up. I'll only help you dispose of the stolen goods, and you can just give me a reward. I'm your father-in-law anyway, we're all family ..."

"Don't, don't ..." Finally, Zhao Yu understood what Miao kun meant. He quickly stuffed the diamond into his hand and said, "okay, I understand, I understand!" "Diamond ... Diamond ..." Zhao Yu looked at the diamond reluctantly, then finally made up his mind. "I don't want it anymore!"

"Waa!" Miao kun was both surprised and surprised. "Are you that stupid?" Xi Wei's words were a little exaggerated, but this bag was worth at least 1 billion RMB! You really don't want it?"

"It's not RMB, it's mortal hell currency!" Zhao Yu shook his head and sighed. "I finally understand what Xi Wei meant when he said that on the yacht!"

"In this world, there are only a few people who can digest these diamonds!" Zhao Yu said seriously, "I've thought of many ways, but none of them worked!"

"These diamonds are not something that ordinary people can control ..." Zhao Yu sighed. "I am a detective, and it is my responsibility to find the truth. But, since the truth has been found, my purpose has been achieved!"

"As for the diamond ..." Zhao Yu pushed the diamond to Miao kun's side. "Forget it. It's like countless F*cking bombs. I can't afford to play with it. You can have it!" He said.

"Kid, you're really mean!" Miao kun frowned. "Let the bomb blow me up?"

"Father-in-law ..." Zhao Yu patted Miao kun's arm and advised him earnestly, "so, I'd advise you not to go crazy over this thing!"

"You're already so rich, there's no need for you to fall for something like this. You said it yourself, Xi Wei is the best example. If it wasn't for his obsession with diamonds, he wouldn't have lost his life on wondrous footprints Island and his daughter wouldn't have been sent to prison, don't you think so?"

"Grimm, tanizhichiro, Sisay, and the others all died because of diamonds!"

"So, listen to me, let's think of a way to deal with it, quickly!"

"Ha ... Ha ha ... Ha ha ha ..." Miao kun looked at Zhao Yu and laughed. "You, boy, why do you always let me see your shining points?"

"I really admire my daughter. Where on earth did she find such a high-quality person like you?"

"You ..." Miao kun punched Zhao Yu hard and said, "I rarely praise people, but why is it that everything you do and every word you say can touch my heart?"

"It's too strange!" As he spoke, he threw another punch.

"Ouch ..." Zhao Yu held his arm in pain and looked at his father-in-law as if he was crazy.

"Hahaha ..." Miao kun put the diamond away, then said solemnly, "Zhao Yu, the diamond is already here. Do you think we still have a chance even if we are willing to let go?" Can we avoid a bloodbath?"

"This ..." Zhao Yu frowned. "Let's think of a way ..."

"Al! Is there any other way?" Miao kun sighed and took out a cigar from his suitcase. After lighting it up for himself, he finally said, "Zhao, I'm feeling the same way as you!"

"You know what? I only like to sing 'the empty city stratagem' because I always have the illusion that I am that Sima Yi. No matter how hard I try, I can't win against Zhuge Liang!"

"Oh? You mean ... Xi Wei?" Zhao Yu asked.

"No! I don't have much contact with Xi Wei, I'm talking about Ying Ying green!" Miao kun said with a solemn expression, "I've been in contact with green for so many years. No matter what I do, he always thinks ahead of me and is always one level higher than me! Even in chess, he was always one step behind!"

"I wasn't convinced, so I took the initiative to get in touch with him, understand him, and win him once! But unfortunately, not even once. He's always looking back at me ..."

"So ... He left," Miao kun said, shaking his head with a solemn expression. "Solving the diamond puzzle naturally became my obsession!"

"When I saw that the safe was empty, I really wanted to die. Success was so close, but someone else beat me to it. That kind of depression was indescribable!"

"But ..." Miao kun dusted off his clothes and said, "when I walked out of the bank and started singing my empty city Strategy, I suddenly felt relieved!"

"I've thought it through. What the hell do those diamonds have to do with me?" Miao kun put down his cigar and said in a clear voice, "do I have to be bothered by it? So what if I get it, and so what if I can't get it?"

"I'm living a Good Life, why should I live for an obsession? It was simply laughable! "So ..." He nodded and said, "that's why I sang so enthusiastically and so deeply!"

"But ... You, you ..." Miao kun suddenly changed the topic and grabbed Zhao Yu's arm. "You've ruined my plan!"

"I really want to strangle you to death. Now that the diamond is in our hands, it's not as simple as a hot potato. If we don't handle it well, we'll definitely make her skin peel!"

"Then ..." Zhao Yu looked as if he had been burned to ashes, and quickly asked in a low voice, "what do you think we should do?"

"Hmm ..." Miao kun nodded slightly, his eyes shining with wisdom. "There's an old Chinese saying that a gentleman loves money and takes it in the right way!"

“Zhao Yu, I think ... To properly solve this problem, I have to use my method!”

“Oh!” Zhao Yu quickly nodded and praised, “father-in-law is amazing! “Then ...” He blinked his big eyes full of hope and asked, “what is the way?”

Then, Miao kun took out his phone and said a few words in a serious tone, causing Zhao Yu to fall back into his seat.

These four words were, “report” to “advance” level!”

Chapter 1380: The best choice

Two days later, Green Dot Stadium in Cape Town, South Africa.

The stadium, which could accommodate 70000 people, was the venue for the two semi-final games of the World Cup in South Africa. At this moment, as there was no match in the morning, the stadium was particularly quiet.

Zhao Yu did not expect that South Africa’s National Intelligence Agency would be set up here.

“Mr. Miao kun, Mr. Zhao Yu ...” At this time, a slim black lady in a suit spoke to the two of them in fluent Chinese. “Because this is a secret award ceremony, our ceremony is relatively simple, and we did not arrange for any videos or photos to be taken. I hope you can understand!”

“I understand, of course I do. We’re not movie stars, hehe ...” Miao kun was used to this kind of occasion, so he immediately took the opportunity to flatter him. “I used to think that the executives of the intelligence Department were all fat!” But he didn’t expect the Minister of your country to be such a slim and beautiful woman! Also, your Chinese is really impeccable!”

“Hehe ...” The black lady blushed and said, “Mr. Miao, you’re overpraising me. In fact, I’m really fated with China!” I used to be a counselor in the Embassy in Jingzhou. I really can’t express my gratitude for the diamond this time!”

“You’re too kind ...” Miao kun laughed. “We Chinese people have always been chivalrous. Since we found the diamonds from your country, we should return them ...”

Then, the two of them started chatting happily again. Seeing Miao kun constantly winking at him, Zhao Yu couldn’t stand it anymore, so he found an excuse and pulled his father-in-law aside.

“Father-in-law, she’s already in her 50s, but your taste is getting weirder and weirder ...” Zhao Yu complained, then asked in a low voice, “are you sure this is the order of the higher-ups?”

“Isn’t this too ostentatious?”

“The South Africa Intelligence Bureau, the United Kingdom office, and our Embassy have all been notified. What is this called a secret Medal of Honor? In less than half a day, the whole world will know, right?”

“Al!” Miao kun pointed at the black lady and said, “you know nothing! Remember, it’s very important to get familiar with the higher-ups of various countries in the future. You might need it at any time!”

“As for the Zhang Yang you mentioned!” Miao kun grabbed a glass of red wine from a waiter’s plate and said, “we don’t have to do anything now except for Zhang Yang! “Zhang Yang” means the higher-ups!”

“But, Zhang Yang is fine too ...” Zhao Yu frowned. “But why did they ask the British to come over? isn’t this obviously to stir up trouble?”

“What does it have to do with us? What does it have to do with us?” Miao kun gulped down the red wine and said, “Zhao Yu, remember, we are the heroes who took back the diamond! You don’t have to worry about the other things!”

“But ...” Although Zhao Yu was smart, he knew nothing about complicated international relations. He always felt that the diamond business was too high-profile.

“Didn’t I tell you before?” Miao kun put the empty glass on the table and pulled Zhao Yu to the corner. “The reason why green didn’t return the diamond to MI6 back then, other than his dissatisfaction with the system and the death of his comrade, he also revealed to me in between his lines ...”

“The diamond ... It belongs to the South Africa! After all, it was dug out from someone else’s territory. Other countries have no right to interfere with them, understand?”

“I understand! I also agree to return the diamond, but why should we inform the British ...”

“Of course we have to inform them!” Miao kun said, “the diamond is from South Africa, but the company is from the United Kingdom. So, now that we’ve handed over the diamond, both owners are still here. They can split it however they want, and it has nothing to do with us anymore, understand?”

“Oh ... Now that you’ve said that, I think I understand a little bit ...” Zhao Yu blinked and said, “we did it in such a high-profile way to let everyone know that the diamond has been returned to its original owner, and that it has nothing to do with us!”

“In any case, it has nothing to do with us!” Miao kun said, “the higher-ups are so open-minded. Our country is so great that we don’t lack diamonds!”

“That’s why we should just return it to them. This will make us look more magnanimous! Besides, we’ve returned the thing to the South Africa government, so it’s also considered as fulfilling one of Grimm’s wishes! “Hehe ...” Miao kun said in high spirits. “It’s so cool to be honest and open!”

“It’s good, but don’t you feel a little sour?” Zhao Yu frowned. “We wasted our lives on wondrous Island, but diamonds ... Sigh ...”

“That’s enough, little Zhao!” Miao kun comforted him. “When you were trying to persuade me, weren’t you thinking clearly? If the two of us keep our diamonds to ourselves, we won’t be able to live comfortably for the rest of our lives!

“Things always reverse when they reach an extreme. That’s not wealth at all, but a burden!”

“Mm ... I understand, I understand ...” Zhao Yu said, but his eyes clearly showed that he was reluctant to leave.

“Hehehe ...” Miao kun laughed and patted Zhao Yu on the shoulder. “You still don’t understand what international etiquette is!”

“Think about it, if we return such a large batch of diamonds to them, they can’t possibly just give us a silk banner that says” don’t keep your money,”right?”

“Mm ... Mm!?” “You mean ... There ... There are benefits?” Zhao Yu asked, his eyes wide open.

“Nonsense!” Miao kun laughed and pointed at the black female official, whispering,“now you know why I was making eyes at her.

“She told me just now that the South Africa government will give each of us a blue diamond with a net weight of 1.88 carats, special diplomatic immunity, and the title of honorary citizen of Cape Town as a token of their gratitude!”

“Waa!” “Wow!” Zhao Yu exclaimed in surprise and asked,“this blue diamond, how much is it worth?”

“It was sold for 18.8 million Hong Kong dollars at the Jasper auction before the new year!” Miao kun laughed.“But don’t even think about selling it! When I get married to Miao Miao, won’t I put it on my daughter?”

“Hmph! “Old ghost ...” Zhao Yu mumbled softly,“that means that both pills are yours, right? Why don’t you give that one to your daughter as her dowry?”

“Go to hell!” “I only have one daughter,” Miao kun scolded.“In the future, won’t all the property be yours? You should be secretly happy! Is there any meaning in haggling with me over these 10 million or 20 million diamonds?”

“Then ... What does diplomatic immunity mean?” Zhao Yu asked again,“why is it a narrow one?”

“Well, you won’t understand even if I tell you!” Miao kun explained impatiently,“basically, you have this immunity, so you don’t have to pay taxes when you buy things in South Africa!

“Also, if you encounter any legal disputes, you will have certain privileges and so on!”

“Then ... What about the honorary citizens?” Zhao Yu asked again.

“We don’t have to pay to enter the place!” Miao kun shrugged his shoulders.

“Oh ...” Zhao Yu nodded.“It’s the same as messing around for half a day, but only this blue diamond is of some use?”

“Wrong!” “Of course!” Miao kun denied.“These are only the rewards for South Africa. In order to show their demeanor as a big country, the rewards for the United Kingdom can’t be worse than those for South Africa!”

“Oh ... Is that so? is that so?!” Zhao Yu was like a marionette, suddenly full of energy. He urged,“quick, tell me, what are you giving us?”

“You’re drooling. Look at your naive face!” “The British are more direct,” Miao kun said.“They only gave us a ONE77 each!”

“Oh ...” Zhao Yu nodded and asked seriously,“what’s the ONE77?”

“D * MN ...” Miao kun shook his head.”Do you know about an Aston Martin? The ONE77 is a limited edition top sports car from an Aston Martin. The factory price is more than 40 million Yuan!”

“Oh ...” Zhao Yu blinked his big, cute eyes and asked Miao kun,”then ... They’ll have to pay for the transportation fee ...”
