

Crazy 1581

Chapter 1581: The most worrying thing

"It can't be?" Ran Tao frowned first. "You're still not going to confess? She attacked a police officer! He's clearly guilty ..."

"The suspect said," Zeng ke said helplessly, "that she saw cui Lizhu and the others sneakily take her away, and thought that they were all kidnappers pretending to be police officers. So, in order to protect herself, she attacked them!"

"F * ck, that's a bunch of nonsense. He's just trying to quibble!" Ran Tao was anxious. "Cui Lizhu has an arrest warrant, a search warrant, and a police officer's pass. How did she become a kidnapper?"

"Assaulting a police officer is already a light sentence, and it's not a problem to Sue her for murdering a police officer! This woman, she's really ... Really ... She's at her wits 'end, yet she still wants to resist. What is she thinking?"

"Al!" After hearing Zeng ke's report, Zhao Yu sighed and said, "what I was most worried about has happened!"

"Ah?" Ran Tao was stunned for a moment, then he asked, "boss, what does this mean? Did you already guess that Yun Duo' er would not admit to her crimes?"

Zhao Yu nodded silently, but did not say anything.

Indeed, he had already predicted this news.

After studying the video murder case over the past few days, he had long realized that the serial killer was not a simple person.

This person was not only ruthless, but also meticulous. He was definitely not as easy to deal with as he imagined!

Now, although Yun Duo' er had already revealed her flaws and a lot of evidence pointed to her, she had even attacked the police. However, after looking at the entire incident, there was not a single piece of evidence that could directly convict Yun Duo' er.

After all, the video murder case was too old. Although they found Miao Xiaowen's bones, they did not find any information related to Yun Duo' er.

Other than that, the weapon was not found, the camera was not found, and the car was not found. If they could not find these decisive pieces of evidence, it would be very difficult to convict Yun Duo' er in court in the future!

Zhao Yu and the others understood this logic, and so did Yun Duo' er.

Therefore, although she had attacked the police, she still had a glimmer of hope. As long as she refused to confess her crime, the police would not be able to do anything to her unless they found more favorable evidence!

Because of this, when Yun Duo' er was caught by the police, Zhao Yu did not feel very excited or happy. He was worried about whether Yun Duo' er would confess smoothly.

Now, his worry had come true. If Yun Duo' er refused to speak, then the video murder case would likely have more unknown variables.

If they could no longer find any direct evidence, then it was not impossible for Yun Duo' er to be acquitted in the future ...

"Boss," Ran Tao anxiously urged, "why don't you hurry over and help team leader Miao interrogate her?"

"Hu ..." Zhao Yu let out a heavy breath and shook his head with a worried look on his face. "What's the point of me going there?"

"Since Yun Duo' er is not willing to admit to her crimes, it means that she is very confident in the crimes she has committed. She is convinced that she has done it flawlessly and will not leave behind any direct evidence that can prove her guilt!

"It seems that this case is a bit similar to the devil case," Zhao Yu said helplessly. "We have to be prepared to fight a protracted war with her."

"I don't know if this is unfortunate or fortunate," Zeng ke said as he wiped the cold sweat off his forehead. "Fortunately, Yun Duo' er couldn't help but stab the police officer just now. This could at least buy us some time!"

"Otherwise, there's really no way to deal with her, right?"

"I don't think so," Ran Tao said, waving his hand. "Boss, Zeng, aren't you overthinking it?"

"We have all 11 of the recordings of the murder. As long as we put some pressure on her, I don't believe she won't confess!"

"Phew ..." Zhao Yu didn't want to argue with Ran Tao. In fact, he also hoped that Ran Tao was right. He hoped that he was just overthinking it!

Perhaps this Yun Duo' er was not as powerful as he had imagined. As long as he continued to exert pressure on her, he could still make her confess.

But ... For some reason, Zhao Yu had a very bad feeling.

At the same time, behind the one-way glass, li Feifan's interrogation was still ongoing.

"Director li ..." Wu Xiumin looked at li Feifan with a serious expression and said, "next, we can talk about Kang Ziqing!" Do you remember who Kang Ziqing is now?"

"I remember, I remember," li Feifan wiped the cold sweat off his forehead and replied, "I know why old Kang wanted to steal from my house!"

"Actually ... I'm to blame for this. I used to see that old Kang was a hardworking and capable person, so I promised him that when he set up his own company in the future, I would bring him along and make him a regular employee with a higher salary!"

“However, after I separated from planet Qiming, I couldn’t care about him anymore. I had long forgotten about this!

“Maybe ... He thought I didn’t keep my promise, so he came to my house to steal ...” Li Feifan added. “But then again, you can’t blame me for this. After we moved out, old Kang never came to me!”

“If he were to look for me, I would definitely hire him. I really didn’t expect ... Um ...” Li Feifan suddenly realized something and asked hurriedly, “eh? That’s weird. If Kang Ziqing stole the videotape, why didn’t he call the police earlier?”

“You don’t need to know that,” Wu Xiumin said. “Let me ask you, did Kang Ziqing know any of the girls who were killed?”

“Ah? “Well ...” Li Feifan said awkwardly, “I really can’t remember. Maybe ... I’ve seen one or two of them ...”

“What about your wife? How’s her relationship with Kang Ziqing?” Wu Xiumin asked again.

“I’m even less familiar with him,” Li Feifan replied with certainty. “Kang Ziqing is just a driver who drives a prop car. I’m not even close to him, let alone Yun Duo’ er!”

Oh ...

Hearing this, Zhao Yu nodded silently. He finally knew why the murderer didn’t look for him after Kang Ziqing’s car accident.

Yun Duo’ er would never have thought that the person who stole the videotape would be Kang Ziqing ...

Suddenly, something happened in the interrogation room where Li Feifan was. Cui Lizhu, whose shoulder was bandaged, suddenly entered the interrogation room.

After talking to Wu Xiumin for a while, Cui Lizhu put away the 11 videotapes and the photos of the female victims, then left the house.

Zhao Yu understood that Cui Lizhu must have been sent by Miao Ying to ask for evidence.

In other words, Miao Ying wanted to use this evidence to put pressure on Yun Duo’ er.

So, Zhao Yu decided to go to the interrogation room next door to see how Yun Duo’ er’s interrogation went.

However, as soon as the door was pushed open, Zeng Ke received the latest news.

“Team leader,” Zeng Ke said excitedly, “the video comparison is a success! Yun Duo’ er’s physical characteristics were 99% similar to the murderer in the video! She’s the murderer, Yingluo!”

Chapter 1582: The arrogant suspect

“Zhang Yun (Yun Duo’ er’s real name), take a good look at these things.” In the interrogation room, Miao Ying placed 11 videotapes in front of Yun Duo’ er and asked loudly, “take a good look at the evidence of your murder!”

“Do you think that because these videotapes have been lost for 12 years, the heinous crimes you have committed will not be exposed?”

Hearing Miao Ying’s question, Yun Duo’ er, who was sitting in the interrogation chair, remained unmoved. She glanced at the videotape with disdain and said coldly, “I don’t understand what you’re saying ...”

“Hmph!” Miao Ying threw a document in front of Yun Duo’ er. “Through the video experts’ comparison, you match the body characteristics of the murderer in the video completely, which means that you are the murderer. You still want to deny it?”

“Oh? Is that so?” Yun Duo’ er said indifferently, “since when can a similar body shape be used as evidence to convict someone? There are more than 7 billion people in the world, and there should be many people with the same body size as me, right?”

“I’ll cut!” Upon hearing this, cui Lizhu’s cursing voice could be heard from the monitoring room next door. She pointed at Yun Duo’ er and said to Zhao Yu, “boss, look, the murderer must be her!”

“She must have prepared these words in advance! Team leader Miao didn’t even mention what was in the video. If she was innocent, why would she say such things?”

Hmm ...

Zhao Yu held his chin and nodded slightly. Indeed, Yun Duo’ er’s reaction clearly had a big problem.

If it was an innocent person, they would definitely ask what had happened first. But Yun Duo’ er retorted Miao Ying, which meant that she already knew what was on the videotape.

“Zhang Yun, I advise you not to take any chances!” Miao Ying asked, “do you know who’s the one who solved your case? He’s Zhao Yu, the detective who solved the headless female corpses case and the devil case!”

Upon hearing this, Yun Duo’ er raised her head slightly, her eyes still filled with cold disdain.

“Take a good look at these girls!” Miao Ying placed the victim’s photo in front of Yun Duo’ er and started her attack, “not only did you kill them cruelly, but you also pervertedly recorded a murder video ...”

“Zhang Yun, don’t make any more pointless struggles! Your husband, li Feifan, has already confessed to your crime!” Miao Ying played part of li Feifan’s confession in the form of a video and asked, “these videotapes and video cameras were all purchased from Tokyo Japan!”

“Li Feifan has confirmed that the camera has always been in your hands ...

“He also told us that you destroyed the car you used to kidnap and kill ...

“Also, we found the secret room in the basement of the villa in great Moon Bay that you used to live in ...

“Take a good look at this ...” Miao Ying showed Yun Duo’ er the video of Miao Xiaowen’s body. “We also found many bodies based on the video. Are you still going to deny it?”

“According to our investigation, when you followed li Feifan around the South to film, you met all of these victims. Your movements match the time and place of the kidnapping of the victims ...”

“Do you still have any hope now?” “Shut up!” Miao Ying said sternly. “Why are you still not confessing your crimes?”

.....

The interrogation went on for more than two hours.

During the interrogation, no matter how much pressure Miao Ying exerted on Yun Duo’ er, Yun Duo’ er remained calm and composed, as if it had nothing to do with her.

Her eyes were cold and indifferent. No matter how Miao Ying asked, she did not say anything. In the end, she even closed her eyes and rested ...

“Zhang Yun,” Miao Ying continued to question him, “don’t think that we can’t do anything to you just because you don’t say anything!

“I’m telling you, we now have concrete evidence that you’ve murdered 11 girls. Even if you don’t say anything, we’ll still charge you with murder!

“You’re finished ...

“You still want to keep pretending? You used a weapon to stab three Criminal Police detectives, wasn’t it because you realized that you had been exposed and tried to escape?

“I’m telling you, the police car’s camera recorded the scene of you assassinating the police officer. Your actions with the dagger were exactly the same as the murderer in the murder video.

“Hey, say something! Say something!” Miao Ying slammed the table and said, “do you think that we only have physical evidence and no witnesses?

“Have you never thought about why you lost your videotape?

“If you don’t want anyone to know, then don’t do it. We don’t have any witnesses, what else do you have to say?”

“That’s enough, officer!” Just as Miao Ying finished her sentence, Yun Duo’ er suddenly opened her eyes and said coldly, “you are really full of energy! I’m sure you won’t be able to convince yourself with such flashy but useless words that are suspected of seduction, right?”

“Oh?” “What ... What did you say?” Miao Ying asked.

Hearing Yun Duo’ er’s words, Zhao Yu and the others in the monitoring room were surprised, and they all held their breaths and listened.

“I only have one question now,” Yun Duo’ er said calmly without blinking her eyes. “If you have already determined that I am the murderer you want, then why did you arrest my husband first and not me?”

Ah ...

Everyone was shocked again.

Zhao Yu clenched his fists so hard that they cracked. Although he was prepared, Yun Duo' er's arrogance still surprised him.

Without a doubt, Yun Duo' er's question was exactly what she wanted, and it just so happened to be the most critical point.

If the police really had all the evidence and witnesses, why didn't they arrest her directly? Instead, they arrested her husband, Li Feifan, first?

What a cunning woman ...

No wonder she was so fearless.

It seemed that she had already seen through the police's weakness, so it was indeed a very difficult thing to make her confess!

The evidence they had now was far from enough ...

"You ..." Miao Ying also understood what Yun Duo' er meant and was speechless for a moment.

To be ruthlessly checkmated by a vicious and evil suspect, for Miao Ying, this was also an unprecedented first!

"Police officer," Yun Duo' er continued to say with an evil look in her eyes, "I admit that it was my mistake to stab a police officer with a fruit knife today!

"But I hope you can understand that my husband is a well-known figure, after all. It's inevitable that some criminals will have ideas about us.

"Although you showed your IDs, I couldn't make an effective judgment! I can't be sure if those people are really police officers.

"Moreover, it was a quiet night just now. In addition, I saw your police officers acting sneaky and uneasy in the car, so I could only think that they were the robbers who tried to kidnap me!"

"Nonsense, nonsense!" Cui Lizhu, who was in the monitoring room, couldn't help but curse, "this woman is too vicious!

"Isn't this slander? We did everything according to the standard procedures. I think she's the one who said we were sneaky!

"Really, this young lady is infuriated to death!"

"Police officer," Yun Duo' er continued, "I merely injured a police officer by mistake, but you're treating me as a serial killer and interrogating me. Isn't this against the procedure?"

"I should at least have the right to hire a lawyer, right?" The corners of Yun Duo' er's lips curled up, revealing a sinister sneer. "We are a society ruled by law. If you continue to impose a crime on me, I can only sue you for malicious slander ..."

Chapter 1583: video of success and video of failure

“Preposterous, preposterous!” In the monitoring room, cui Lizhu slammed the table and roared angrily, “I’ve seen a bunch of criminals, but this is the first time I’ve seen one as arrogant as this!”

“And it’s a F * cking woman! I’m so angry!”

“Hey, cui,” Zhao Yu said, “pay attention to your character! Keep your mouth clean, you motherf * cker!”

Everyone was speechless.

At that moment, in the monitoring room, in addition to Zhao Yu, cui Lizhu, and Zeng ke, there were also the monitoring recorder and two local Criminal Police.

Hearing Zhao Yu’s nonsensical “Grandma Bear”, everyone was so shocked that they started sweating.

“Boss,” cui Lizhu pushed Zhao Yu’s arm and urged him, “boss, what are you waiting for? If you’re not going to make a move now, when are you going to?”

“You’re the master of unsolved cases. I’m afraid you’re the only one who can intimidate this arrogant woman!”

“Al!” Zhao Yu shook his head helplessly and said, “what’s the use of just intimidating? Can’t you see how smart Yun Duo’ er is?”

“She’s trying to provoke us on purpose. She wants us to lose our minds and make mistakes!

“If she gets a hold of our weakness, we won’t be able to play this game of chess!”

“No way? Is it that serious?” Cui Lizhu said, “boss, you are a super detective. So what if you are han Kuan from the devil case? At that time, we didn’t have any evidence either, but didn’t you still make him confess obediently?”

“Wrong!” Zhao Yu immediately retorted, “there is no comparison between han Kuan and this woman. The nature of the two cases is fundamentally different!

“And, han Kuan confessed to the crime because I took advantage of his wife’s death! “But ...” Zhao Yu pointed to Yun Duo’ er in the interrogation room, “we still don’t know what this woman’s weakness is.”

“Weakness?” Cui Lizhu frowned. “Did I?”

“I don’t know, but at least,” Zhao Yu said, “she has made a mistake now! She shouldn’t have tried to assassinate you!”

Then, Zhao Yu pointed at cui Lizhu’s injured arm.

“I think, because it happened so suddenly,” Zhao Yu analyzed, “she probably wasn’t mentally prepared. So, when you brought her into the police car, she thought she had no other choice, so she decided to assassinate you!

“But, she has thought it through. Instead of running away, she might as well take a gamble and bet that we can’t convict her of the crime!”

“That’s right,” Zeng ke agreed. “This woman has a lot of money, and we can hire the best team of lawyers to help her with the lawsuit. I’m afraid we can’t do anything to her with the evidence we have!”

“Then what do we do?” Cui Lizhu frowned. “She’s a murderous demon who has killed at least eleven people! We ... We can’t just let her get away with it, can we?”

“Hmph! Of course I won ‘t!” Zhao Yu snorted coldly, then squinted his eyes and said, “she wanted to anger us and make us make mistakes, but we didn’t fall for it!

“Didn’t she want to fight with us? Then let’s play with her!

“Cui,” he said to Cui Lizhu. “Next, you only need to do one thing!”

“What is it?” Seeing Zhao Yu in high spirits, Cui Lizhu’s eyes lit up.

“Sue her!” Zhao Yu pointed at Yun Duo’ er, who was in the interrogation room, and said, “Sue her to death! Don’t assault a police officer, and don’t ‘accidentally injure’ anyone! Just charge her with the murder of a police officer!” The more serious the crime, the better!”

“Ah? “This ...” Cui Lizhu touched her injured shoulder and asked worriedly, “but, after all, we’re only injured. Can we win against her with this?”

“Do you still not understand? I don’t want to win or lose the lawsuit, but to buy us time!” Zhao Yu said, “only by suing her for murdering a police officer can we control her and make it impossible for her to be released on bail!

“She has the best team of lawyers and our resources are not bad either. Immediately join forces with the legal experts and study it. What can we do to make Yun Duo’ er stay in the guardhouse for the longest time?

“Also, the video murder case involved at least eleven lives, which is considered a major case at the national level!” Zhao Yu continued, “although we can’t convict her, we can at least prove that she is a major suspect!

“So, in terms of interrogation, you can also apply to the criminal Division to give our investigation team the green light all the way!

“There’s only one Yun Duoer, but we have so many people. Let’s take turns to interrogate her. Let’s see how long she can be arrogant.”

“Oh ... I understand!” Cui Lizhu gave him a thumbs up and praised him. “Boss is really mean!”

“But,” Zeng ke said worriedly, “if Yun Duo’ er still refuses to talk, won’t we still be unable to do anything to her?”

“Of course I can’t stay idle! As the saying goes, “kill the heart, beat the opponent until he surrenders”!” Zhao Yu said fiercely, “if I only rely on these tricks, even if I win against this woman, it would be an unfair victory!

“So ...” Zhao Yu said with confidence, “next, we need to go all out and make this woman lose!”

“Alright!” Cui Lizhu clapped her hands in approval. Seeing Zhao Yu’s eyes light up, she asked excitedly, “boss, you’re the best!” Quickly tell me, have you already thought of a way to win?”

“Mm ... This ... This ...” Zhao Yu scratched his head. “I haven’t thought of it yet, but I think, after all, she killed so many people, so she should ... Should have thought of something, right?”

I’ll ...

Cui Lizhu fell to the ground!

“Hehe ... I’m just joking ...” Zhao Yu quickly helped Cui Lizhu up, then asked with a smile, “Lil ‘Cui, who is your boss?” Without a diamond, how could he take on the task of making porcelain?”

“Don’t forget that I’m the master of unsolved cases and the unparalleled detective Zhao. I’m not an undeserved person, hahaha ...”

Zhao Yu’s laugh made the atmosphere even more awkward.

However, after laughing wildly, Zhao Yu suddenly put on a straight face and kept her in suspense, “To be honest, during Miao Ying’s interrogation, I found something very important!

“Perhaps, this is the real breakthrough for us to defeat Yun Duo’ er!”

“Oh?” Cui Lizhu was stunned. “Then why don’t you say it?” You can really act!”

“Young man,” Zhao Yu was not in a hurry to answer, but instead ordered the surveillance Recorder at the scene, “now, show me the video playback of Miao Ying interrogating Yun Duo’ er just now. I want to see the suspect’s front view!”

“Yes!” The recording officer immediately operated the computer and played the video according to Zhao Yu’s request.

“You ...” Cui Lizhu and Zeng Ke came forward, not understanding what Zhao Yu was trying to do.

“Next, remove the voice!”

Under Zhao Yu’s command, the recording officer turned off the video.

“You two, watch carefully,” Zhao Yu said, holding the mouse and playing the video. “If we remove the sound, we can see the suspect’s facial expression more clearly.

“Here, pay attention to Yun Duo’ er’s expression. Once you find anything abnormal, immediately tell her to stop!”

“Hmm ...” Cui Lizhu and Zeng Ke were still confused, but their eyes were focused on the screen.

At this time, Zhao Yu sped up the video, so that everyone could clearly see Yun Duo’ er’s facial expression.

“Eh?” When the video was about to reach a certain point, Cui Lizhu suddenly shouted, “stop! Look! Why did her face suddenly turn black at this point?”

Following Cui Lizhu’s instructions, Zhao Yu slowed down and replayed the scene.

Indeed, the three of them saw that Yun Duo' er's expression had changed slightly. Although it was not very obvious, after playing it in slow motion, they could still see that Yun Duo' er's expression had changed for some reason.

"Quick, turn on the sound and listen ..." Cui Lizhu realized the importance of the video and asked in a hurry, "what did she hear?"

"Hehe ..." Zhao Yu smiled and said emotionally, "this is called video call!"

After that, he moved his finger and turned on the sound of the video. He heard Miao Ying saying to Yun Duo' er, "We've found multiple bodies based on the video ..."

"Oh ... Oh, oh ..." Cui Lizhu almost jumped up when she heard this. She pointed at the video and said, "so that's the problem! The answer is a corpse!"

"Right!" Zhao Yu squinted his eyes and said fiercely, "if I'm not wrong, Yun Duo' er's weakness is among the bodies of the victims!"

"If we really want to defeat her, we have to find more of her dead body!"

Chapter 1584: what flaw?

"I see." In the Special Investigation Group office in the capital Police Department, Miao Ying nodded slightly and said, "I didn't expect you to have so many tricks up your sleeve!"

"At that time, I was also a little too angry with that woman, so I didn't notice the slight change in her!"

"You flatter me, you flatter me! "This is called experience," Zhao Yu began to boast, "after all, I'm a famous detective who has solved so many big cases!"

"But ..." Wu Xiumin pondered for a moment, then said, "team leader, I need to remind you that the forensic doctor didn't find any clues related to Yun Duo' er from Miao Xiaowen's body!"

"From the murder video, we can see that the murderer made careful preparations before killing. He wore gloves and was likely wearing a mask on his head, and he didn't make a sound from the beginning to the end!"

"This woman is extremely cautious. I'm afraid the chances of her leaving behind any evidence are not high. Besides ... So many years have passed, after all. The chances of us finding the body are not very high!"

"Also," Wu Xiumin continued to remind him, "don't forget that Yun Duo' er is an excellent actress. She is so smart. Could it be that she deliberately revealed her flaws to us?"

"It can't be?" Ran Tao scratched his head. "That's a little too smart!"

"It's also possible ..." Miao Ying guessed. "Yun Duo' er wasn't worried about the skeleton, but the murder weapon or something like that. Could it be that after she committed the crime, she buried the murder weapon or the deceased's belongings near the skeleton?"

“She was afraid that we would find her, so that’s why she had that strange expression?”

“If that’s the case ... We’ll have to expand our search area!” Zhao Yu frowned and said, “but, regardless of whether the bones are Yun Duo’ er’s weakness, we still have to find them all! Even if Yun Duo’ er can’t be convicted with the corpse, at least we can give the victim’s family an explanation!”

“Team leader Miao,” Zhao Yu said, “next, let’s assign our tasks! Cui has gone to deal with the law Department. I hope that you will be in charge of the search for the bones!”

“Alright, no problem!” Miao Ying agreed readily.

“Wu Xiumin, you’ll be in charge of the future interrogations,” Zhao Yu said to Wu Xiumin. “You can arrange for some interrogation experts to take turns interrogating Yun Duo’ er.

“But, we must be careful. We just need to make full use of our rights. We must not do anything extreme in case this woman gets hold of us. Otherwise, it won’t be worth it!”

“Yes!” Wu Xiumin nodded and agreed. “I understand, don’t worry!”

“Zeng ke,” Zhao Yu said, “you will continue to be in charge of all the technical work in the case, including the comparison of evidence and video information. Try to find some new ideas!”

“No problem!” Zeng ke agreed.

“Ran Tao,” Zhao Yu said, “I’ll leave the search to you! In addition to li Feifan and his wife’s properties, there was also their studio, office, private club, bank safe, and their close friends’. Not a single one could be left out!

“I have a feeling that the camera that recorded the murder video might not have been destroyed by Yun Duo’ er! Do some research and see if you can find it. ”

“Yes!” Ran Tao saluted.

“Also,” Zhao Yu continued, “don’t forget what you’re good at. Send a few groups of people to visit the people who are close to li Feifan and his wife. Try to gather as much information as possible about the couple!”

“Yes!” Ran Tao accepted the order.

“Alright, since that’s the case, let’s get to work!” Zhao Yu said, “I have already spoken to the criminal Division and the capital’s police Department. They have arranged special assistants for you. You can each form your own team and try to solve this case as soon as possible!

“But ...” Zhao Yu suddenly thought of something and said, “this will definitely be a protracted war. We still have time. Everyone, pay attention to rest and don’t drag yourself down!”

After Zhao Yu said that, everyone’s eyes focused on him. They were obviously saying that the person who needed to rest the most was not anyone else, but Zhao Yu himself.

“Mm ...” Zhao Yu touched the hearing aid in his ear and announced awkwardly, “alright, let’s get to work!” No matter who finds something new, remember to let me know as soon as possible!”

After Zhao Yu finished speaking, everyone dispersed and began to complete their own tasks.

“How is it?” After everyone had left, Miao Ying came to Zhao Yu and asked with concern, “are your ears okay?”

“Yes, much better!” Zhao Yu nodded. “Don’t worry, I’ll organize my thoughts and go to bed later!”

“Mm ...” Miao Ying nodded, then said hesitantly, “I have something to discuss with you! Do you still remember the demon hunt in beiqian?”

“Oh ...” Zhao Yu and Miao Ying were telepathic, so he immediately understood what Miao Ying meant. “You want to ask if we can use the public’s power to find the location of the murder in the video?”

“Right!” Miao Ying nodded. “After all, the public’s power is the greatest. Perhaps ...”

“It’s not time yet,” Zhao Yu interrupted, shaking his head. “I’ve already thought about this method! But ... According to the current situation, it’s not appropriate for us to make the video murder case a big deal!

“It’s not that I’m being cautious, but ...” Zhao Yu said awkwardly, “this case is different from the devil case.” The devil case is one of the five major unsolved cases, but no one knows about the video murder case. If we disclose it without permission, I’m afraid it will cause a lot of negative impact!

“So ... Let’s wait a little longer,” Zhao Yu said. “It’s not appropriate to use it unless it’s absolutely necessary! It’s best if Yun Duo’ er personally tells us the location of the burial after she confesses her crime!”

“Alright then!” Miao Ying took a deep breath and reminded him, “don’t forget what you just said. Take care of your body and rest early!”

“I know ...” Zhao Yu gently hugged Miao Ying, and the two separated.

Zhao Yu returned to his desk and started to fill in information in his notebook, organizing his thoughts.

It was already two o’ clock in the morning, but Zhao Yu was not sleepy at all.

Today, after watching Yun Duo’ er’s interrogation, Zhao Yu felt that this woman might be the most difficult suspect he had ever encountered!

He had never felt this way before, whether it was in front of Han Kuan, Li Fei, or any of the suspects in the major cases.

He had thought that Yun Duo’ er’s long-term silence during the interrogation, or her act of pretending to be stupid and denying it, would already be considered good.

However, she did not expect her to be so arrogant. It was really beyond her expectations.

Although they had only focused their attention on Yun Duo’ er after Li Feifan had been arrested, Zhao Yu had a deep understanding of the video murder case over the past few days, so he felt that this woman was no stranger to him!

It was as if he had already expected that the murderer of the video murder case would be Yun Duo'er in this state ...

Then ...

Was this Yun Duo'er really invulnerable?

Was her high-profile attitude just a bluff? Was she trying to hide something?

Would her weakness really be hidden on the victim's body?

If so, what kind of flaws did she leave behind?

Chapter 1585: Mustard

The police station in the capital was different from other local police stations. The resting rooms of the unit were all arranged with police officers on duty.

Moreover, because they were in the same city as the Criminal Department, the police department did not arrange accommodation for Zhao Yu and the others.

In addition, the police station was far away from Cui Lizhu or the Miao family's mansion, so Zhao Yu had to pay out of his own pocket and get a room in the hotel opposite the police station.

At that moment, it was already three o'clock in the middle of the night. Zhao Yu had just taken a shower and was lying on his bed, but his mind was still racing, flashing back to all the details of the video murder case.

Zhao Yu knew that he couldn't keep thinking like this. Since he knew that this would be a long tug-of-war, he had to maintain enough energy to deal with the future confrontation.

So, he had to use an invisible sleeping pill to force himself to sleep.

Perhaps, he had developed a reliance on sleeping pills. After using them, he immediately felt relaxed, and his tense nerves relaxed.

Hu ...

He silently made up his mind that after solving this case, he would have to take good care of himself and not take medicine easily anymore.

Although the system's items had no side effects, it was not a good habit to rely on drugs to force one to sleep.

After calming down, Zhao Yu finally had the time to look at his system interface again.

Although the hexagram area was still frozen and would take a long time to thaw, his adventure points had been steadily increasing.

In the past few days, with the various encounters he had while investigating the video murder case, his points had soared by more than 4000 points, and his total points had reached more than 17000 points, setting a record high.

At this rate, it would only take a few days before he could reach 100000 points and level up again.

Zhao Yu couldn't help but be filled with anticipation. He wondered what kind of advanced functions would appear after the system was upgraded.

But ...

Zhao Yu glanced at the devices in the device bar and thought to himself, "although there are quite a lot of devices, they aren't very useful for the case at hand."

Among all the devices, it seemed that only the memory flashback device might be of some use.

If he knocked Yun Duo'er unconscious and used the memory flashback device to retrieve her memory fragments from the kidnapping and murder period, he might really be able to see the entire process of the case.

But ...

Can this prop be used?

First, if he knocked Yun Duo'er unconscious without permission, she might get hold of something that could be used against him, and it would be difficult to explain.

Second, the memory flashback device could only flash back five minutes of memory, and he didn't have much left, only two. If he didn't find the right time, it would be a waste.

Third, the video extracted by the memory replay device could only be watched by the person himself and could not be used as evidence in court.

At this point, Zhao Yu was already certain that Yun Duo'er was the murderer, so there seemed to be no need to use the memory flashback device.

Besides, the images that flashed back to her memory flashback device were all scenes that Yun Duo'er had seen herself. What was the difference between that and watching a murder video on a videotape?

Therefore, the most important thing now was to collect evidence and not rely on these unorthodox methods.

AI!

Zhao Yu sighed and thought that it would be great if he could get a hexagram now. No matter what hexagram he got, it would at least help him make a judgment.

Just like the devil case last time, even if the hexagram didn't have a "Gen" hexagram, it meant that he was in the wrong direction, and he could try other ways without worry.

On the contrary, it could prove that his thinking was correct. But now, without the guidance of the hexagram, he felt a little lost.

As he was thinking, the sleeping pills began to take effect, and Zhao Yu quickly fell into a dreamless sleep.

.....

When he woke up the next day, it was already past eight in the morning. Zhao Yu, who was worried about the case, did not even have breakfast and rushed back to the capital's police Department.

"Team leader," as soon as they entered the door, Zeng ke told Zhao Yu an important piece of news,"the comparison was successful. Yun Duo' er's DNA matches one of the DNA samples found in Kang Ziqing's bag!"

"Oh?" Zhao Yu took Zeng ke's test report, nodded, and said,"so, it's the one with the least sample information."

"Yes," Zeng ke said."It's just a few bits of skin tissue!"

"Tsk tsk ..." Zhao Yu quickly asked,"can you prove that the skin tissue was extracted from the videotape?"

"We can't!" Zeng ke shook his head regretfully."The tissue was found at the bottom of the bag, so it could have come from anything in the bag!"

"Damn it!" Zhao Yu was equally depressed."If that's the case, then this DNA is completely useless!"

"Yes." Zeng ke nodded."The woman was very cautious. When they collected evidence, the experts even opened the videotape and thoroughly checked it, but they still found nothing!"

"No fingerprints, no scurf," Zhao Yu sighed."Could it be that the woman was wearing gloves when she watched the video playback?"

"It's possible ..." Zeng ke said."I guess she was guilty, so she didn't dare to leave any information on the video. Even if someone found out, she could deny it!"

"Yes, that's why she's so arrogant and fearless!" Zhao Yu pondered for a moment, then said,"I'm starting to worry that even if we find more victims' bones, we still can't do anything to her!"

"Well ..." Zeng ke said with a worried look on his face."I talked to Peipei this morning, um ... On the phone with Dr. Zhang. She said that they didn't find any other useful materials on Miao Xiaowen's body, and they didn't find any traces of clothing fibers."

"In other words, they suspected that when the murderer buried Miao Xiaowen, he stripped her of her clothes and buried her naked underground!"

"When the body was excavated, the forensic doctor judged that it might be Miao Xiaowen's by the location of the knife wound on the skeleton!"

"I know," Zhao Yu said, having already seen the autopsy report."The murderer must have handled the body and the clothes separately, so that even if the body was exposed, it would be difficult to identify the body through the clothes.

"I already told cui Lizhu to dig around the area where Miao Xiaowen's body was found!"

“But team leader, you haven’t seen this yet, have you?” Zeng ke handed over a document and said, “this is the latest test report that Peipei sent to me. The forensic scientists have found a chemical component called hydrazine enamine on the bones and in the pit where the bodies were buried!”

“Oh?” Zhao Yu was surprised and asked, “What is this?”

“It’s a chemical preparation used to synthesize organic materials,” Zeng ke said. “This thing has a strong pungent smell, a bit like mustard!”

“What? I didn’t hear it wrong, right?” Zhao Yu was even more surprised. “Mustard?”

“It just smells like mustard, but it has nothing to do with it!” Zeng ke explained, “at first, Peipei was not sure why there was such a chemical residue on the skeleton. It was not until she asked teacher Gao Facai that she finally understood what it was used for!”

“Oh?” Zhao Yu urged Zeng ke with his eyes.

“Team leader,” Zeng ke said patiently, “we took professional lessons in the police academy. Do you remember why a body had to be buried more than six meters deep?”

“Mm ...” Although Zhao Yu couldn’t remember the contents of the professional course, he could guess the answer based on his feelings. “Because only those above six meters can make the professional search dogs unable to find them!”

“What about two meters?” Zeng ke asked again.

“Mm ...” At this time, Zhao Yu had already thought of the answer from his previous memory. “Less than two meters, wild animals can smell it, and some hungry animals will dig up the body!”

“Oh ...” Zhao Yu suddenly realized the answer. “Miao Xiaowen’s body was only buried 1.5 meters deep, but no one has found it for 16 years ...”

“Right!” Zeng ke nodded. “Gao Facai said that in the 1980s, there was a detective TV series called ‘Drake’ in Germany. In the TV series, there was an assassin who avoided the search of police dogs by smearing himself with isonamine!”

“So,” Zhao Yu’s eyes widened, “Yun Duo also learned this trick?”

“She didn’t have the ability to dig a deep pit by herself. In order to avoid being dug up by wild animals, she applied a chemical reagent with a pungent smell to the body ...”

“This woman is so professional ... Um ... Wait ...” Suddenly, Zhao Yu thought of something. He quickly opened his notebook, pointed to the names of the victims, and said, “could it be that Yun Duo’ er’s real weakness is here?!”

Chapter 1586: The first time (part one)

“Zeng ke ...” Zhao Yu pressed on Zeng ke’s shoulder excitedly and asked, “why did Yun Duo’ er apply a pungent chemical reagent to the bodies?”

"Well ..." Zeng ke replied. "Didn't we just talk about it? Yun Duo' er didn't want the corpses to be dug out by the animals, so she applied it ..."

"No!" Zhao Yu reorganized his words and asked, "I mean, how did Yun Duo er know that smearing that chemical on the body would prevent animals from digging up the body?"

"Well ..." Zeng ke pondered for a moment, then replied, "I'm not sure. Maybe she has watched that TV series?"

"That's not right," Zhao Yu said, pinching his chin. "What I mean is, Miao Xiaowen was the fourth victim. When Yun Duo' er killed her, she already had some experience ..."

"But what about before that? Were the other corpses also smeared with the chemical reagent?"

"Um ... Oh ..." Seeing Zhao Yu's excitement, Zeng ke seemed to have thought of something, but he still couldn't figure it out.

"Do you think ..." Zhao Yu pressed hard on Zeng ke's shoulder and said heavily, "that Yun Duo' er might have made a mistake when she first killed the man?"

"Ah?" Zeng ke finally understood what Zhao Yu meant. "You mean ... Yun Duo' er had an accident when she killed and buried the bodies in the past? So ... That was why she thought of the method of using isotylanic chloride?"

"Then ... What kind of accident happened?" Zeng ke was at a loss. "The bodies she buried before were not buried deep enough, so they were exposed?"

"Mm ..." Zhao Yu quickly came to a blank whiteboard, drew a circle on it with a pen, and said, "I thought so too. When Yun Duo' er first started killing, she had no experience. Maybe she simply dug a pit and buried the body!"

"But ... Not long after the body was buried, it was dug out by some animal ..."

"But ..." Zeng ke raised an objection. "How did she know that the body had been dug out by the animals?" "Could it be ... Could it be that after killing and burying the bodies, she would often return to the burial site to check?"

"No!" Zhao Yu denied it. "That's very rare. Only those murders with strong emotions would cause the murderer to return to the scene of murder repeatedly."

"Either it was out of guilt, or she wanted to pay her respects, or she was looking for some psychological comfort. But," Zhao Yu frowned and said, "Yun Duo' er had no feelings for the victim, and she was the cold-blooded type, so the possibility of her returning to the scene of the murder was not high."

"Besides, she recorded the murder video! If you want to reminisce about the process of killing someone, can't you just go home and watch the video?"

"Then ... If we don't go back to the scene, how do we know that the body has been exposed?" "Could it be that ... After the bodies were dug up by the animals, they were first found, then reported to the police, and then made it to the news?" Zeng ke asked.

“Yun Duo’ er found out from the news that the corpses she killed could be dug out by animals? So, when she killed someone in the future, she thought of a clever way to use chemical reagents?”

Zeng ke said all of his speculations in one breath. After that, he and Zhao Yu both quieted down, and the atmosphere became a little tense and awkward.

“Hmm ...” After a long time, Zeng ke covered his face and said, “team leader, isn’t my imagination a little too wild?”

“Yun Duo’ er is so cautious. What if she had already made preparations from the first time she killed someone? what if she had already thought of using chemical reagents?”

“That’s true, but ...” Zhao Yu opened his laptop and quickly checked the records. “Li Feifan said that they bought the camera in Tokyo in the first half of 1999.

“The first victim of the video case, Wei Qiqi, was killed in the second half of 1999, about three months apart,” Zhao Yu said. “Then, can we assume that Yun Duo’ er had killed someone before Wei Qiqi?”

“However, we didn’t buy any video cameras at that time, so we didn’t record the video?”

“Well ...” Zeng ke hesitated, then asked, “are you really going to investigate?”

“Investigate!” Zhao Yu said decisively, “don’t let go of any ideas! We can check if there were any other missing girls around Yun Duo’ er and Li Feifan from the time they got married until the time when Wei Qiqi was killed!

“Zeng ke,” Zhao Yu added, “have you realized that, if your hypothesis is true, then this unknown murder case might not be difficult to investigate?”

“First of all, when they bought the camera, they weren’t married for long.

“Secondly, the couple was busy building a film and television company at that time, so they were basically active in Beicang city of Xijiang province. You can focus on the local records to see if there were any cases that fit the characteristics of the video murder case.

“For example, after a girl went missing, she was killed and her body was buried. Then, her body was accidentally discovered, and the case has not been solved until now ...”

“Oh ... Oh ...” Zeng ke nodded. “I understand. I’ll do it now!” But team leader ... There’s something I don’t know if I should say. ”

“Speak!”

“Even if there was such a case, where there was a body dug out by an animal, it would have been more than 20 years ago,” Zeng ke said worriedly. “Let alone finding clues from the body, it’s impossible for the body to still be there, right?”

“Don’t forget, we didn’t even get Miao Xiaowen’s body ...”

“Wrong!” Zhao Yu interrupted him and said, “the weakness of a serial killer is often the first time! The more people he killed, the more mature he would become.

“Yun Duo’ er is a person who keeps improving! If we want to find her weakness, we have to start from her first time!

“Zeng ke,” Zhao Yu said, pressing on Zeng ke’s shoulder again.”If our guess is true, then the police will definitely keep the body as evidence.

“Maybe we can find something that will excite us in these samples!

“This might seem a little ridiculous, but what if we’re right?”

“Mm ... Alright, I’ll do it now!” With Zhao Yu’s explanation, Zeng ke became more energetic, then turned around to assign tasks.

However, just as he turned around to leave, someone knocked on the office door.

Zeng ke walked to the door and opened it.

“Sir,” a local police officer reported to Zeng ke, holding a laptop in his hand.”I think you need to take a look at this ...”

As he spoke, the police officer turned on the play button on the computer screen, and a low and gloomy music came out.

Zhao Yu was curious, so he walked over to take a look. He saw that the tablet was playing a movie clip.

“The name of this movie is ‘sinful love,’” the police officer explained as he pointed to the screen.”It was shot in the early 1990s, and Yun Duo’ er was the female lead in this movie!

“At that time, Yun Duo er had just made her debut and wasn’t famous at all. Not only was this film a low-budget production, but the story was also too dark, so it was even banned from broadcasting!”

When the police officer was introducing the scene, Zhao Yu and Zeng ke had already seen Yun Duo’ er’s scene in the film.

Yun Duo’ er was holding a knife in her hand, and then she stabbed a girl who was tied up and couldn’t move ...

Chapter 1587: The first time (2)

“She played a psychologically distorted female killer in the film,” the local police officer continued.”Many of the clips were about her killing people!

“But ... This movie is too cliché. The female killer later fell in love with her assassination target, which was the male protagonist. Then, they had a sadistic love affair, and in the end, they were both hunted down by an assassination organization. In order to save the male protagonist, the female protagonist perished together with the assassination organization ...”

“In short, this movie’s plot is ridiculously old-fashioned. It didn’t sell and was even banned from broadcasting, so for a long time, it was almost forgotten by people ...”

While the police officer was explaining, Zhao Yu and Zeng ke looked at the screen carefully. On the screen, Yun Duo' er's face was gloomy and full of killing intent, and she was very engrossed in her acting.

"Oh my God!" Zhao Yu gritted his teeth and cursed, "she's just acting as herself! Water has its source, and a tree has its roots. It seems that Yun Duo' er took it seriously even though it's rotten!"

"Oh ..." Zeng ke nodded in agreement. "You put too much effort into the act, and you can't pull it out?" Could this be the reason why she committed the video murder?"

"Boss, Zeng ke, eh?" At that moment, Ran Tao's loud voice suddenly came from outside the door. "What is this? Why are you all blocking the entrance?"

Seeing this, everyone then moved into the office.

When Zeng ke told him about the movie, Ran Tao became even more excited.

"Boss, I was in such a hurry to come over because I wanted to report the new situation to you!" Then, Ran Tao handed a document to Zhao Yu and explained, "we looked for a few of li Feifan and his wife's friends to ask about the situation. I not only looked for those who were close to us, but also a few who weren't. In the end, these people's statements were a little different from what li Feifan said!"

"Oh?" Zhao Yu was surprised. "Li Feifan lied?"

"It can't be considered a lie, but there's a lot of water in his words!" Ran Tao opened the confession record and said, "li Feifan isn't as innocent as he made himself out to be. He has at least had an affair with a bunch of female celebrities!"

"Hmph," Zhao Yu was not surprised, "I never thought that he had any innocence."

"Their relationship as husband and wife actually existed in name only a long time ago!" Ran Tao finally got to the point. "I heard that the problem occurred when li Feifan went to the United States at that time, Yun Duo' er was pregnant and was already seven months old."

"Li Feifan asked Yun Duo' er to abort the child so that he could go to the United States film in peace, but Yun Duo' er refused."

"After that, Yun Duo' er had just given birth when li Feifan left! He didn't come back until a year and a half later. During this time, he didn't even come home once ..."

"Wow, how heartless!" Zeng ke pursed his lips and sighed. "This couple is really good at pretending. In the eyes of the outside world, they are a model couple!"

"No wonder the video murder case in 2003 was interrupted ..." Zhao Yu was thinking of another possibility. "It turns out that Yun Duo' er was taking care of the child!"

"We don't have the time and energy to kill, so ..." He waved his hand and said, "we can give up on the investigation of li Feifan's disappearance while he was in the United States because Yun Duo' er didn't go to the United States at all."

"Boss," Ran Tao said. "According to this information, I have informed Wu Xiumin and asked her to interrogate li Feifan again!"

“Because of the severity of the case, sis Wu has applied for an extension of custody. This time,” Ran Tao said, “li Feifan won’t be able to leave even if he wanted to!”

“Yes.” Zhao Yu nodded in agreement. “Even if li Feifan isn’t the murderer, he must be closely related to the case. We can’t let him go until we’ve tried the case thoroughly!”

“But ...” Zeng ke pondered for a moment, then said, “I still have a question that I can’t solve! Li Feifan had an affair with so many female celebrities, but ... He had never had sex with the victim.

“Logically speaking, if Yun Duo’ er was afraid that those women would snatch her husband away, she should have killed those female celebrities, right?” Zeng ke shook his head and asked, “why did you kill these poor girls?”

“It’s such a big target to kill a female celebrity!” Ran Tao said, “as long as we can find li Feifan, it will be easy to trace it back to Yun Duo’ er!”

“Besides, we can’t just listen to li Feifan’s side of the story. Just because he said he didn’t have sex with those girls, does that mean he’s fine?”

“I think he’s probably telling the truth.” Zeng ke said, “li Feifan is a famous director. How many paparazzi are watching him? If he had sex with those girls, then after the girls went missing, the police would definitely find out that he was the one!”

“Wrong!” Ran Tao retorted, “it’s precisely because he’s a famous director that when he did it with those girls, he would definitely keep it a secret. If they’re dead, how can the police investigate?”

“Maybe ...” Zhao Yu interrupted their argument and said, “what prompted Yun Duo’ er to kill someone was not entirely because of li Feifan. It could also be related to her own psychological problems.

“I think ...” He pondered, “we should find more amazing psychologists to study Yun Duo’ er’s psychology!

“If we can break through her psychological barrier, maybe we won’t have to investigate so hard!”

“I agree,” Ran Tao said, raising his hands. “I also think that our sister Wu Xiumin is still inexperienced, and that big cases should be handled by big shots.”

“Team leader, I’ll go to the criminal Division and make an application! Don’t tell Wu Xiumin about this, in case that miser doesn’t like it!”

“No!” Zhao Yu waved his hand. “As for the experts, let sis Wu handle it! What you’re doing is not right, and it’ll only make our big sister angrier.

“You’d better do what you’re supposed to do. You don’t have to worry about being a psychologist ...”

“Oh ... Okay ...” Ran Tao left in a Huff.

Zeng ke also took the opportunity to do his own task.

.....

Three days later, Zhao Yu’s desk was filled with a mountain of information and documents.

In fact, from a comprehensive perspective, the nature of the video murder case was more serious than the headless female corpses case and the devil case. However, because no one knew about it, it had not yet formed a certain public influence.

If the murder video hadn't suddenly been released, perhaps the world wouldn't have known that the eleven girls who had disappeared in various places were all killed by the same serial killer!

And this serial killer was actually a woman!

Over the past three days, all kinds of investigation information had been gathered on Zhao Yu's desk and computer. Due to the large number of victims, the amount of information that Zhao Yu needed to look up was several times more than the devil case.

However, not only did Zhao Yu read through them one by one, he even personally filled in the case analysis on the whiteboard. In three days, he had filled up fifteen whiteboards, and the office was almost full.

However, even though there was a lot of information, the progress of the investigation was not obvious.

There was no news of the victim's bones. Besides Miao Xiaowen, there were no other bones found ...

The search of li Feifan's house was also fruitless. They didn't find a camera, criminal tools, the victim's personal belongings, or any other evidence related to the video murder case ...

The investigation on Yun Duo' er's missing car had also reached a stalemate ...

In addition, Zeng ke had looked up similar missing persons cases in Xijiang province, but he did not find any similar cases to the video murder case that he and Zhao Yu had speculated.

Also, Wu Xiumin's interrogation was also at its wit's end.

Yun Duo' er was already determined to fight the police to the end, but she still showed no signs of confessing. Later on, with the intervention of the lawyer, the interrogation became even more difficult.

They had also invited a psychologist, but due to Yun Duo' er's uncooperative attitude, there was no progress in the psychological analysis ...

If there was any good news, it would be that li Feifan had already admitted that his life was unruly and that his relationship with Yun Duo' er was not harmonious.

Li Feifan said that after they got married, he and Yun Duo' er had only been in love for a year or two, but Yun Duo' er had changed completely.

She became reticent, loved to get into a dead end, and often lost her temper for no reason. If it weren't for the fact that the two of them were busy with the company's filming work, they would have divorced long ago.

Later on, because they had a child and they were getting older, the two of them had to make do with it.

According to li Feifan, Yun Duo' er's personality became more and more depressed in the end. Even after she had a child, it was difficult to see her smile.

Also, under li Feifan's request, Yun Duo' er had seen a psychiatrist several times and suspected that she had depression. However, all of that was left unsettled ...

Well ... Tsk tsk ...

At this moment, looking at the mountain of information and the progress of the investigation, it was inevitable that he would be anxious and angry.

However, at such a critical moment, Zhao Yu's detective nature played a key role.

The more the case didn't progress, the more Zhao Yu felt a strange sense of familiarity. He felt that the evidence that could convict Yun Duo' er seemed to be getting closer and closer!

Chapter 1588: The first time (part two)

At noon, Zeng ke put the lunch box on Zhao Yu's table and reported to Zhao Yu, "team leader, we have found female missing persons from 1998 to 1999 in the Beicang area, and four of them slightly meet the conditions that we have previously assumed."

"But ..." He shook his head gloomily and said, "we've already checked the information of these four missing people. So far, we haven't found any interactions with li Feifan and his wife."

"Due to the lack of information, I'm afraid I'll have to wait for some time before I can get more accurate information ..."

"Mm ..." Zhao Yu nodded.

"I feel that ..." Zeng ke continued, "maybe we're overthinking it. Maybe the first person Yun Duo' er killed was Wei Qiqi!"

"But ..." Zhao Yu shook his head slightly. "From the video of Wei Qiqi's murder, it doesn't seem like the murderer's first time killing someone!"

"Although she doesn't look as skilled as before, from her actions, she seems to have experience, right?"

"Could it be ..." Zeng ke frowned, "before Yun Duo' er and Li Feifan got married, she ... She killed someone?"

"But ..." Zhao Yu continued to shake his head. "Li Feifan said that Yun Duo' er's personality only changed after she married him!"

"Before they got married, Yun Duo' er was a lively and cheerful girl ..."

"Tsk tsk ..." Zhao Yu frowned. "This seems to be contradictory!" Could it be that ... Yun Duo' er was really a schizophrenic patient? There's a bright side and a dark side?"

"I don't think so," Zeng ke quickly denied. "Sis Wu has already done a test on Yun Duo' er's brain's hesitated, and she has basically ruled out the possibility of schizophrenia."

"But ... It's hard to tell if he has any other mental illness!" Zeng ke explained, "Yun Duo' er has been refusing to cooperate, and those psychologists can't do anything about her ..."

“Diagnosis, my ass!” Zhao Yu said, “didn’t you see that the woman was very smart? What kind of F*cking lunatic was this woman who was so cautious that not even a drop of water could leak?”

“I think,” he shook his head and said, “it’s better not to give her a psychological test. If it turns out that there’s something wrong with her, it will become an excuse for her to get away with it in the future! Let’s not shoot ourselves in the foot again ...”

“Hmm ... I think so too.” Due to the high-intensity work in the past few days, Zeng ke seemed a little dispirited. “If this continues, I think I need to see a psychiatrist ...”

“Alright,” Zhao Yu said, looking at Zeng ke’s face and feeling a little guilty. “You’d better go to sleep!” It’s been too hard on you these few days!”

Zeng ke waved his hand and said, “don’t worry about me. I’m going to work.”

Looking at Zeng ke’s tired back, Zhao Yu sighed softly.

Outsiders thought that being a Criminal Police officer was very impressive, but they didn’t know that there was also unspeakable hardship in this ...

After Zeng ke left, the office gradually quieted down, and only Zhao Yu was left.

He opened the lunchbox and started to eat. Although the food was fragrant, it was still not to his liking ...

As he was still thinking about the case, he walked to the whiteboard while eating and read the case analysis he had written.

In order to see more clearly, he didn’t even look at the food in the lunchbox. He just mechanically put the rice into his mouth with a spoon.

However, as he read, his eyes suddenly stopped on a piece of information and he became more and more engrossed.

Hmm ...

He saw that it was the information on the first victim of the video murder case, Wei Qiqi.

Thinking of something, Zhao Yu stopped chewing, and the food filled his mouth.

Hmm ...

Wei Qiqi ...

Could it be ...

Suddenly, Zhao Yu recalled the time when he visited the murderer Han Kuan in Feng ping.

Han Kuan had once reminded himself that for a serial killer, the most important thing was often the first case he had committed!

After all, it was his first time killing someone, so he would be nervous and afraid. Even if he was fully prepared, it was inevitable that he would reveal some flaws.

In that case ... Was Wei Qiqi the first person Yun Duo' er killed?

Creak, creak ...

Zhao Yu chewed dryly a few times, and the food made an unpleasant squeezing sound in his mouth.

He had just been talking to Zeng ke about it. From the video, he could see that the cloud Man was very skilled in killing Wei Qiqi. There were no accidents, and it did not look like it was his first time killing someone ...

But ...

The next second, Zhao Yu suddenly remembered the movie that Yun Duo' er had shot.

No way?

Could it be ... That the movie had trained Yun Duo' er? So, even though it was her first time killing Wei Qiqi, she had already practiced it during filming, so she didn't seem unfamiliar with it?

So ... Wei Qiqi was still the first victim?

But ... Even if Wei Qiqi was the first victim, where were the flaws?

Did I!

Wei Qiqi was a famous singer. Up until now, li Feifan had only mentioned that he had an impression of Wei Qiqi and had met her before. However, he could not remember the exact occasion and how they had met!

This meant that li Feifan's impression of Wei Qiqi was not as deep as that of other girls.

Then ... How did a girl who had almost been forgotten by li Feifan provoke Yun Duo' er's jealousy and hatred to the point of killing her?

Could it be that ... There's something else going on here?

However ... Even after investigating both Wei Qiqi and Yun Duo' er, they could not find any connection between the two. Zhao Yu couldn't understand why Yun Duo' er wanted to kill him.

What was going on?

Creak, creak. The more Zhao Yu chewed, the less he tasted, but it didn't seem appropriate to just spit out the food ...

Hmm ...

He puffed up his cheeks and closed his eyes as he tried to recall the scene in the video of Wei Qiqi's murder, trying to think of any useful ideas.

However, as he had seen too many videos of the victims, he felt that it was a little confusing.

Helplessly, he could only sit back at his desk and once again open the video of Wei Qiqi's murder. From beginning to end, he watched it in detail ...

At the same time, in order to solve the problem of food, he took a big gulp of water and barely swallowed the food ...

As he was too engrossed in reading, he was no longer in the mood to eat, so he simply put the lunchbox aside.

One time ...

Two times ...

Five times ...

As time passed, Zhao Yu patiently watched Wei Qiqi's video many times.

Perhaps, he had already had a premonition before watching the video.

As he watched, just as he felt a little dizzy, he suddenly noticed a very small detail in the video ...

Eh?

All of a sudden, it was as if he had been electrocuted, and he actually shivered.

At first, he thought that he was really seeing things, but after watching it a few times, he was sure that he had made a new discovery from the video.

Unexpectedly, in the video of Wei Qiqi's murder, he found that the way Wei Qiqi was tied up seemed to be different from the way she was tied up later ...

Although it was similar in general, Wei Qiqi's rope had a very obvious reverse-hand knot, and the position of the knot was different from the other victims.

Eh?

Zhao Yu quickly opened the videos of the other victims and compared them one by one. He quickly realized that, except for Wei Qiqi, the other victims had been tied up in the same way, and only Wei Qiqi was different!

Then ...

Why was there a difference?

Was it because Yun Duo'er felt that this binding method was not too secure, so she made some improvements in her future murders?

Then ...

How did she know that the binding method was not very secure?

Could it be ...

Suddenly, Zhao Yu had goosebumps all over his body, and his hair stood on end!

Could it be ... That this was the flaw that Yun Duo'er was most afraid of?

Chapter 1589: Urgent matter at hand

The capital's police Department had a dedicated video analysis room with the most advanced related equipment and professional technical staff.

At that moment, Zeng ke was discussing something with the leader of the video team. Unexpectedly, Zhao Yu suddenly rushed in from outside.

"Quick ..." Zhao Yu urged, "show me the video of the first victim, Wei Qiqi. I want the clearest version!"

"Oh?" Zeng ke was stunned, not understanding why Zhao Yu was so excited.

"Yes!" The technical team leader of the video team didn't dare to delay, so he quickly sat in front of the best computer and found the video that Zhao Yu wanted.

"Right here, stop!" Just as the video started playing, Zhao Yu immediately ordered the video to stop. He then pointed at the rope around Wei Qiqi's body and ordered, "Zoom in here!"

The technician carried out the operation according to the order.

"Look!" Zhao Yu pointed at the rope that was used to tie Wei Qiqi up and said, "isn't the way she was tied up different from the other victims?"

"Look, only two ropes were wrapped around the victim's arm, but there was an irregular backhand knot on the wrist! It's a dead knot, do you see it?"

"Oh?" Zeng ke frowned. "Yes, I saw it. I noticed it when I analyzed the video earlier, but ... Is there a problem?"

"Damn, it wasn't written in the report, or did I not see it?" Zhao Yu's eyes were wide open.

"Hmm ..." Zeng ke answered with uncertainty. "I think he did?" However, because it's not too important, I just brushed it off!"

"What do you mean by not important?" Zhao Yu pointed at the video and said, "I've seen it just now. Other than Wei Qiqi, the other victims were not tied like this. There were at least four ropes around their arms, and they were not tied with reverse knots, but beautifully tied knots!"

"But Wei Qiqi's knot is a little messy ..."

"This ..." Zeng ke frowned as he explained, "does this mean that when the murderer tied Wei Qiqi up, he found that the binding was not very strong, so he made some improvements to it?"

"Alright then," Zhao Yu said, "how do you think the murderer found out that Wei Qiqi's rope wasn't strong enough?"

"Well ..." Zeng ke thought hard, and his eyes suddenly lit up. "You mean ... Wei Qiqi once broke free?"

"Now, do you know how important this detail is?" Zhao Yu then pointed at Wei Qiqi's head in the video and said, "look again ... At Wei Qiqi's collar, isn't there a small opening?"

After Zhao Yu said that, the technical staff quickly zoomed in on the corresponding location. Everyone could see that there was indeed a hardly noticeable tear on Wei Qiqi's collar.

“Her collars are asymmetrical on both sides, and there’s a small tear on the left side. From the overall look of her clothes, it’s wrinkled ...” Zhao Yu said excitedly. “What does this mean? It meant that she had been torn apart ...

“And ...” Zhao Yu pointed at Wei Qiqi’s hair and said, “look at her hair, there’s a dent here. Doesn’t it look a little messy?”

“Well ...” Zeng ke scratched his head and explained, “we also noticed it at first, but we think that after Wei Qiqi was kidnapped, she might have been moved by the murderer, so ...”

“Yes, sir,” the technician suddenly said. “Officer Zeng is right. From the video, we can see that the victim has been anesthetized.”

“Since the victim was under anesthesia, the murderer must have found a way to move the victim to the location where the video was shot!

“When it was moving, it would naturally cause the victim’s clothes to be pulled, or their hair to be messy! Well ... Especially long-haired girls ...”

“Yes, team leader!” Zeng ke explained, “look at the victims behind. Zhang He was wearing traditional clothes, and the two butterfly buttons at the top were also open ...”

“And Wu aoshan, one of her hairpins fell off, and her long hair is covering her face ...”

After hearing the explanation from the technician and Zeng ke, Zhao Yu smacked his lips helplessly. It seemed that his new discovery didn’t have much meaning.

Originally, he had imagined that after Wei Qiqi was kidnapped by Yun Duo’ er, perhaps because the rope was tied too tightly, she had a fight with Yun Duoer.

In that case, if they could find Wei Qiqi’s corpse, they might be able to extract Yun Duo’ er’s identity information from her bones. From there, they could convict her and play a decisive role.

But ...

“Eh?” At this moment, the technician who was watching the video suddenly noticed something else in the video. He quickly pointed at the video and said, “look, why is the victim’s hair darker here than the other parts?”

Zhao Yu and Zeng ke quickly checked and indeed saw that the area where Wei Qiqi’s hair was deflated was a little special.

“Are you wet?” “That’s why a part of it has collapsed,” Zeng ke guessed. “So it’s darker?”

“It’s wet. Where did the water come from?” Zhao Yu asked.

“Could it be ...” The technician enlarged the video and said in surprise, “it’s blood!?” Wei Qiqi’s head is broken?”

“Waa!” Zhao Yu and Zeng ke were shocked. Zeng ke quickly said, “Wei Qiqi was leaning back. If her head was broken, blood would flow to the back of her head, so you can’t see it from the front ...”

"If it's blood," Zhao Yu's hope was reignited,"could it be that when you were fighting with Yun Duo' er, you were beaten up by the cloud People?"

"Although Yun Duo' er is a woman, she is still a martial artist!"

"Aiya," the technician exclaimed again and said excitedly,"if it wasn't for detective Zhao's reminder, we wouldn't have noticed it before!"

"Quick, look ..." He fast-forwarded the video, then pointed at Wei Qiqi's lips and said,"there's a small bruise on the left side of Wei Qiqi's cheek. The bridge of his nose also seemed to have caved in. Is your chin deformed as well?"

"Eh? "I've watched it so many times, but I've never noticed it," Zeng ke said.

"Maybe it's the inertia of our thinking that's affecting us!" The technician explained,"in our subjective consciousness, we've already determined that Wei Qiqi is going to be the next victim. Therefore, we thought that all her injuries were normal and that she was tortured by the murderer!"

"But ..." Zhao Yu was also shocked."At that time, the murderer had just started recording the murder video, and hadn't even made a move yet!"

"Then ... Where did the wound on Wei Qiqi's face come from?" Zeng ke also realized the importance of the question."The other victims don't seem to be like this, right?"

The technician quickly opened the videos of the other victims and found no similar situations. The other victims were all intact before they were killed, with no injuries on their faces.

"Needless to say," Zhao Yu said,"the injuries on Wei Qiqi's face and head were probably caused by Yun Duo' er! Perhaps, Wei Qiqi was really Yun Duo' er's first target.

"It's possible. Due to her lack of experience, Yun Duo' er didn't use enough medicine to knock Wei Qiqi out, causing her to wake up early.

"It's also possible that not only did Wei Qiqi wake up earlier, but she also managed to break free from the rope ...

"The two of them started fighting, but in the end, Yun Duo' er, who had learned martial arts, gained the upper hand. In the end, she used her martial arts to subdue Wei Qiqi. That's why we saw that Wei Qiqi's rope was tied up in a rather messy manner ..."

"Wow ..." Zeng ke's eyes widened in excitement."If that's the case!" In that case, there's a high chance that we can find Yun Duo' er's identity information on Wei Qiqi's skeleton!

"No wonder Yun Duo' er looked so worried when she heard that a body had been found!" Zeng ke said, rubbing his hands.

"Right!" Zhao Yu slammed the table and said fiercely,"the most important thing now is that we must find Wei Qiqi's body!!!"

Chapter 1590: persevere to the end

“Wait ... Wait a minute ...” Just as Zhao Yu was making his deduction, Zeng ke suddenly thought of something and said in a hurry, “team leader, I thought of something. Could it be that Wei Qiqi’s injury is not what we think it is?”

“What?” Zhao Yu was surprised. “What is it?”

“You see,” Zeng ke said, “the suspect Yun Duo’ er is a woman, after all. Even if she has practiced martial arts, her strength is limited!

“Considering Wei Qiqi’s weight, I don’t think it’ll be easy for Yun Duo’ er to move Wei Qiqi over!

“Do you think ...” Zeng ke guessed, “Yun Duo’ er drove the car directly to the shooting site, then pulled Wei Qiqi out of the trunk and threw her on the ground?”

“The injuries on Wei Qiqi’s face and head were all caused by this? What if they didn’t fight or fight before?”

“Yeah, it’s true!” The technician agreed, “that’s also very likely. If that’s the case, I’m afraid that even if we find Wei Qiqi’s bones, it’ll be useless!”

“Hmph!” “Hmph!” Zhao Yu snorted. “Boys, I can tell that you’ve never seen women fight!”

“Oh?” Zeng ke and the technician looked at each other.

“If the soil can be used to bury people, it means that the soil is soft!” Zhao Yu said, “throwing people from the car to the ground wouldn’t cause any serious injury. Even if they hit a stone, it’s impossible for their heads to be injured. Their faces would be injured!

“And ... I’m sure you’ve never seen women fight before ...” Zhao Yu pointed at Wei Qiqi on the screen and said, “take a good look. Besides the injuries on Wei Qiqi’s face and head, her body shape, her twisted clothes, and her messy hair are all classic examples of women fighting!

“Also, take a good look at Wei Qiqi’s eyes,” Zhao Yu reminded them. “This is completely different from the eyes of the other victims!

“The other victims only had a great fear of death in their eyes, but Wei Qiqi’s eyes clearly contained a bit of resentment!

“Believe me, no one knows women better than I do!” Zhao Yu said with certainty, “Yun Duo’ er and Wei Qiqi must have fought!

“It’s even possible that ...” Zhao Yu closed his eyes and said, “at the beginning, Yun Duo’ er didn’t want to kill Wei Qiqi. It was only because the two of them fought that Yun Duo’ er killed her out of anger!”

“Wow, no way?” Zeng ke trembled as he asked, “could it be ... That the cause of the video murder case was an accident?”

“Hmm ... That’s not impossible!” Zhao Yu said, “although we don’t know how Wei Qiqi provoked Yun Duo’ er, we don’t know how she did it. However, I know that as long as we can find Wei Qiqi’s body, we might be able to find decisive evidence!”

“Mm ...” Zeng ke and the technician nodded at the same time, agreeing with Zhao Yu’s point of view.

“Oh right,” Zhao Yu suddenly ordered the technician, “hurry up and look at Wei Qiqi’s fingers. See if there’s any blood on her fingers, or anything else?”

“Oh ...” The technician immediately followed Zhao Yu’s instructions and began to Zoom in on the screenshot of Wei Qiqi’s finger to take a closer look.

“Human nails are good stuff,” Zhao Yu said. “If we can find Wei Qiqi’s remains, the nails will be the best place to store evidence!

“If we can find Yun Duo’ er’s DNA there, the video murder case can be completely closed!”

“Sir, there are no obvious bloodstains!” The technician pointed at the screenshot and said, “however, we can further deepen the processing ...”

“Alright, hurry up and do it!” Zhao Yu instructed, “according to what we found just now, we should look at the environment in the video of Wei Qiqi’s murder in detail. We should try our best to help with the search!

“Also, the videos of the other victims need to be re-searched. We can’t let go of any clues!”

“Yes!” The technician quickly saluted.

Zhao Yu and Zeng ke then stepped out of the video analysis room. As soon as they came out, Zhao Yu told Zeng ke, “Next, put all the focus on finding the victims’ bones, especially Wei Qiqi’s! No matter what methods we use, we must find their remains!”

“Understood!” Zeng ke nodded in agreement.

“By the way,” Zhao Yu said, “I have discussed with team leader Miao before. The video murder case is not suitable for a public search, so we can’t hold a press conference like the devil case, where a search for the devil is organized by the public.”

“But, we can take the case apart,” Zhao Yu pointed out. “We can just focus on searching everyone’s bones!”

“Oh ... You mean ...” Zeng ke asked. “The videos of all the victims will be released separately, so that the public can provide clues?”

“Right, but it must be edited and edited. Don’t show any sensitive scenes! We can’t let the public know that this is a vicious serial murder!” Zhao Yu then said, “you can use social media, WeChat, Weibo, WeChat moments, and other technical means to call on the public to assist in the investigation.

“Also, I’ll call Chen Zhuo later and ask for a bonus from the criminal Division. Anyone who can provide clues to the police will get a bonus!”

“Alright, I understand!” “I know what to do!” Zeng ke said.

“Team leader Miao is in charge of the search for the body. Talk to her and see what’s the best way to carry it out ...” Zhao Yu said. “Especially Wei Qiqi’s skeleton, it must be the main focus of the investigation!

“Didn’t you say that in the video of Wei Qiqi’s murder, there was a water tower as a reference? It should be easier to find than the other videos, right?”

“Hmm ... I think so!” Zeng ke answered with uncertainty, then left.

Hu ...

Zhao Yu took a deep breath. Although there had been some progress in the case, he still felt that there were too many uncertain factors.

First of all, was his speculation correct? What if he still could not find Yun Duo’ er’s identity from Wei Qiqi’s skeleton?

Furthermore, Xijiang province was developing rapidly. If the place where Wei Qiqi’s body was buried had been changed into a building, how could they find her body?

If they couldn’t find Wei Qiqi’s corpse, everything would be just empty talk.

Zhao Yu knew that the country was vast and had a large population. To find the shooting location through a video, there had to be an obvious reference.

Miao Xiaowen’s bones had been found because of the special graves in the video. Cui Lizhu had been able to find Miao Xiaowen’s bones based on the features of the graves.

However, it was difficult to find an effective reference in other videos.

For example, the water tower that appeared in Wei Qiqi’s video. Those old water towers were almost everywhere in the 1990s, and there were as many as there could be.

Therefore, it was naturally difficult to determine Wei Qiqi’s location by just relying on a water tower.

Hence, Zhao Yu was more worried that the police and Yun Duo’ er would not be able to win the war of attrition!

Unlike the previous cases, he couldn’t use unorthodox methods to set up a trap for the suspect like the isolated island murder case or the hanging coffin case.

Due to Yun Duo’ er’s special identity, he could only act according to the strict rules of criminal investigation. He had to find solid evidence before he could convict her!

However, the case was too old, and it was not easy to get solid evidence.

However, although it was difficult, Zhao Yu, who had hit a wall, never thought of giving up.

Just as he said, even if there was only a glimmer of hope, he would persist until the end, persist until the end ...
