

## Crazy 1661

### Chapter 1661: Desperated in the Sahara (3)

“Although it was called a yacht, in fact, Gena’s boat was just an ordinary sightseeing boat. It was very old and did not even have an inner cabin for rest, so everyone could only sit on the sightseeing seats. ”

“At that moment, Zhao Yu, who was lying on the sightseeing seat, was looking at the lightning and thunder outside the window. He felt the ship shaking up and down. He was really worried that the small boat would capsize because it could not withstand the wind and waves. ”

“However, looking at officer Rena steering the ship with ease, Zhao Yu felt a little more at ease. ”

“Before this, he had tried to contact Jecca, who was far away in cozovia, but because of the weather, his satellite phone had no signal. ”

“Until now, Zhao Yu was still hesitating whether he should ask Jecca for help regarding the house of sin. ”

“He was worried that the disappearance of the world’s richest man, londee, had a lot to do with it. If the news were to be leaked, it was very likely that he would be killed. ”

“Even if he trusted Jecca, how could he trust the people that Jecca introduced? ”

“Moreover, it was still unknown if Jecca could help. ”

“So, after thinking about it, Zhao Yu decided that when he really arrived at the house of sin, he would see what the situation was like first. ”

“At this point, no matter what he did, he had to be extremely careful. ”

“””Zhao Yu ...”” At this time, Ding Lan looked at Jenna, who was steering the ship, and Amelia, who was resting with her eyes closed. She then sat next to Zhao Yu and said to him, ”””there’s no signal on my cell phone, so I can’t contact my superiors for the time being!”” ”

“””Sigh ...”” She sighed softly, pointed to Rena, and whispered, ”””I always feel that the policewoman is not reliable. It feels like we’re on a pirate ship.”” ”

“””No matter what, our main mission is to find Godfather, not to go to Western Sahara!”” ”

“””Yes!”” Zhao Yu scratched his head. ”””I feel the same way, but after thinking about it carefully, it seems that there is no other way, right? ”

“””Maybe she’s right. If we can find londee, we might be able to find clues about Miao kun. These two cases are closely linked. ”

“””Think about it, the person behind the case must have gotten Hu lingye’s information. Then, their next step should be to check out the house of sin! ”

“””If we go, we might be able to meet them.”” ”

“““But,”” Ding Lan said,““ do you know why the Dakar Raleigh was moved to South America? It was because Western Sahara was too dangerous! ”

“““It’s not a place we can control. It’s full of unknown. Without any support, it’s very dangerous for us to fight alone! ”

“““I’m fine, but ... If anything happens to you, I really can’t explain it to my sister Miao!”” ”

“““Don’t worry about that,”” Zhao Yu patted Ding Lan’s shoulder and said confidently,““I’m a God who took out an entire vaklia Army by myself! Don’t worry, I’ll take good care of you, sister-in-law!”” ”

“““This isn’t the time to be a hero.”” Ding Lan pointed at her phone and said,““when we get a signal, we have to get in touch with the higher-ups and see what they think.”” ”

“““I’ll give you a heads up first. There’s an 85% chance that the higher-ups won’t approve our operation!”” ”

“““Ahem!”” Zhao Yu shook his head and said,““at this point, what’s the point of approving it? We’ve caused so much trouble in Casabianca, we’re definitely going to get a F \* cking beating! ”

“““But we can’t just give up like this! We can only salvage the situation if we find new clues ...”” ”

“““You’ve spoken my mind. The higher-ups will order us to return to the headquarters and wait for further instructions.”” ““By then, we’ll have no choice but to write tests and reports every day!”” Ding Lan said. ”

“““So, I don’t want to wait for death. I want to try my luck!”” ”

“““I’m sorry ...”” Zhao Yu said apologetically.““At the bar, I got you into trouble! If I hadn’t insisted on saving Rena, we wouldn’t have caused such a big trouble. ”” ”

“““Don’t say that, brother-in-law!”” ““You didn’t do anything wrong,”” Ding Lan said softly.““If we had just left like that, we would have felt even more guilty! ”

“““Our only mistake was that we didn’t do a proper risk assessment. We didn’t expect the consequences to be so serious ... ”

“““So,”” Ding Lan said,““I’ll talk to the higher-ups, and maybe they’ll understand us and approve of our operation!”” ”

“While they were talking, Ding Lan leaned on Zhao Yu’s shoulder, looking a little tired. The atmosphere was a little ambiguous. ”

“At this time, the lightning and thunder outside had disappeared. The rain had also weakened a lot, and the yacht was no longer as turbulent as before. ”

“““Brother-in-law,”” Ding Lan said softly,““I wonder what’s waiting for us tomorrow?”” It’s better to sleep early!”” ”

“““It’s okay.”” Zhao Yu patted Ding Lan gently.““You go to sleep first. One of us has to stay alert.”” ”

“Zhao Yu’s words were very reasonable. Although it seemed like they were teammates who had gone through thick and thin with each other, they were still serving their own Masters, so it was necessary to be careful.”

“““Okay ...”” Ding Lan wasn’t made of steel. In her fatigue, she laid in Zhao Yu’s arms.”

“With his sister-in-law in his arms, Zhao Yu’s heart was as calm as still water. He was still thinking about the whole case.”

“Previously, even if he were to guess ten thousand times, he would never have guessed that he had only been in Morocco for two days before he was on a cruise ship to the Western Sahara.”

“The name ““Western Sahara”” was unfamiliar to Zhao Yu. He had no idea what would happen there.”

If ...

“Thinking of this, he looked at the system interface in his mind. Unfortunately, there were still as many as 11 days before the cooldown of the hexagram.”

Sigh ...

“Recalling the last time he opened a hexagram, it was still in the war in vaklia. He didn’t dare to imagine that it had been so long.”

Hmm ...

“Looking at the three beauties on the same boat, Zhao Yu thought that if he could get a hexagram today, it would at least be a kan kun hexagram!”

I’m too popular with women. It took me a hundred years to cross the same boat with them. What good thing did I do in my previous life to be able to cross the boat with three beautiful women?

“If the yacht broke down before they reached the Sahara Desert, and he and the three beauties were stranded on a deserted island, then they would fall in love with each other after a long time, then ...”

Tsk tsk ...

“Of course, Zhao Yu was just trying to calm himself down. He didn’t really have any evil thoughts.”

“Besides, now was not the time to have evil thoughts.”

“His top priority now was to find out the truth about the world’s richest man, londee, so that he could find clues about his father-in-law’s disappearance and save Miao kun ...”

Hmm ...

“Speaking of clues, Zhao Yu suddenly thought of something. He turned on his phone with one hand and looked at the case information seriously.”

“Due to time constraints, Zhao Yu didn’t have a thorough understanding of the case. So, he wanted to read the information again to see if he had missed anything important.”

“He didn’t know why, but he felt that the case was too perfect and too deliberate!”

“In his opinion, the more perfect a case seemed, the more likely it would leave behind some flaws. So, would there really be any flaws in this case? ”

Chapter 1662: Desperated in the Sahara (4)

“The next morning, the rain stopped and the wind stopped. The sea was calm as if nothing had happened last night. ”

Oh ...

“Hearing Rena’s yawning voice, Zhao Yu woke up from the sightseeing chair. ”

“He reached out and touched the seat beside him, only to realize that Ding Lan, who had been in his arms the night before, was gone. ”

“Looking around the cabin, he found that there was only Amilora in the cabin, and officer Gena, who was steering the ship, was gone. ”

Amilora had already woken up. She found a cushion and was kowtowing in the corner of the cabin. She was probably in the middle of a religious ritual.

“After looking around, Zhao Yu finally saw Ding Lan and Rena’s figures through the cabin’s glass. The two ladies were standing on the deck discussing something. ”

“So, Zhao Yu also got up and walked out of the cabin. ”

“The sea breeze was cool. As soon as he walked out of the cabin, Zhao Yu sneezed. ”

“He raised his head and saw that there was land not far ahead. However, the land was a desolate golden color. ”

“““This is ...”” Zhao Yu pointed to the distant land and asked,““where are we?”” ”

“““A small village near Lisavi,”” Rena explained, then handed the half-filled bottle of mineral water in her hand to Zhao Yu.““There’s only this much water left. Just make do with it!”” ”

“Zhao Yu was really thirsty, so he immediately took the mineral water and drank half of it. ”

“““Zhao Yu,”” Rena said,““we can’t go to Ayuen. It’s the capital and the largest port of Caesar. Although it’s under the jurisdiction of Morocco, it’s still not convenient for us to show our faces there given our current identity!”” ”

“““So,”” she pointed to the land in the distance,““we can only dock here. Further ahead is the port of Lisavi, but we don’t have any documents, so we can only dock here first!”” ”

“““This mission is harder than we thought ...”” Ding Lan looked at the sand in the distance and said,““we have no supplies, no equipment, no weapons, no transportation. The house of sin is more than 200 kilometers away from here!”” ”

“““Two hundred kilometers ...”” Zhao Yu compared the two and said,““it’s not too far, right?”” ”

“““It’s not too far away in our country, but don’t forget that this is the Sahara Desert!”” Ding Lan shook her head and sighed.”“Some places don’t even have roads!”” ”

“““It doesn’t matter,”” Zhao Yu said, taking out the stack of US dollars.”“At least we still have money. If we need anything, we can just buy it!”” ”

“““There’s no Taobao in Jingdong!”” Ding Lan rolled her eyes at Zhao Yu and said,”“Caesar is a poor place. You can’t buy things with money!” ”

“““So, I think ...”” She turned to Gena and said,”“we’d better go to Ayuen and adjust ourselves. We can buy equipment there, make plans, and also transfer money to prepare some funds!”” ”

“““Don’t forget, our mission isn’t complete once we reach the house of sin. We still have to hack into its internal network and search for information. Without the support of certain equipment, we can’t do it at all!”” ”

“““But ...”” Rena said awkwardly,”“if we go to Ayuen, we’ll have to wait for someone to pick us up.”” Otherwise, the Bureau will know the moment we show our faces. ”

“““I don’t think you want to stage another successful escape there, right? I’ve never been there!”” ”

“““And ...”” At this time, amerolan suddenly appeared on the deck and said,”“it’s too far to go to Ayun!”” ”

“““Don’t forget, it’s been almost two weeks since Hu lingye was killed,”” amerolan said.”“If the murderer behind the scenes has already made his move, it might be too late for us now!”” ”

“““You’re right!”” Rena nodded and said,”“there are many military-controlled areas from Ayuen to blifali. It’ll be difficult for us to get through. ”

“““But going through risavy, not only is the route the shortest, but it’s also basically all in the lawless area!”” ”

“““Alright then!”” Zhao Yu pointed at the desert in the distance.”“Then, it’s decided that we’ll move forward to the Sahara!”” ”

.....

“With Zhao Yu’s final decision, Rena threw the lifeboat from the cruise ship. The four of them packed up their equipment, got into the lifeboat, and rowed towards the shore. ”

“As it was shallow here, Gena’s yacht could not dock, so they could only use lifeboats to row over. ”

Hua Hua ...

“Zhao Yu held the oars and rowed the boat. Although he was surrounded by beautiful women, he still felt like he was a stowaway who had escaped. ”

“In the past, no matter if it was investigating a case or completing a task, Zhao Yu had never had such a hard time. ”

AI!

Why did he do this?

“Father-in-law, he sighed in his heart. I’m doing this to save you! For the sake of this old man’s filial piety, you old man must Live! ”

“”No matter what ...” Ding Lan said to the group as she rowed the boat.””After we get ashore, we have to make a trip to Lisavi city. We have to at least replenish our water and food.”” ”

“”Otherwise, we won’t be able to enter the desert!”” ”

“”It’s also necessary to find a means of transportation,”” Amiola said.””Without a car, it’s difficult to move!”” ”

“”Then let’s buy a Jeep that can enter the desert?”” Zhao Yu suggested. ”

“”No!”” Rena hurriedly denied,””you have to save your money. It has many uses in the house of sin.”” ”

“”Then ... Rent one?”” Zhao Yu said. ”

“”We don’t look at our passports here. We don’t have legal documents, so we can’t rent it!”” Rena shook her head. ”

“”It seems ...”” Mellaura pouted.””We can only continue to be bad people!”” If it really didn’t work, then he’d just Rob one! Although your gun doesn’t have any bullets, it can still scare people, right?”” ”

“”Hey, you’re not joking, right? We have too many things we need!”” Ding Lan shook her head and said,””we can’t just rely on snatching, can we?”” ”

“”Yes!”” Rena looked at their clothes and said,””we can’t wear this into the desert!”” At the very least, we need to wear the robes of the locals. We can’t let them see our faces!”” ”

“”And the most important thing!”” “”We didn’t bring any sunblock!”” Amiola said in a frenzy. Is there a more terrifying disaster than this?”” ”

“”You’ve reminded me,”” Rena touched her face and said,””look, I was in the rain last night. Is my makeup ruined? do I look ugly?”” ”

“”Hmph, what are you guys doing ...”” Ding Lan said.””My period is coming tomorrow, and I haven’t even prepared the sanitary items ...”” ”

“.....”

“Just like that, the ladies started quarreling in the lifeboat, one after another, giving Zhao Yu a headache! ”

“The point was that they kept quarreling. In Zhao Yu’s ears, it was like Tang Sanzang was chanting a curse to Sun Wukong, making him unable to stay calm. ”

“Finally, before the boat reached the shore, Zhao Yu jumped into the water impatiently and climbed up to the shore as if he was escaping. ”

“Aiyo, my grandmother! ”

“Zhao Yu turned around and looked at the three eloquent and calculative beauties. He thought to himself,“if this goes on, I’ll go crazy.””

“Thinking about how he had to enter the desert with them, Zhao Yu finally couldn’t help but shout, ”

““Alright, alright, all of you shut up, grandmothers!”” Zhao Yu cupped his hands and said,“don’t worry. I will try my best to help you solve your problems! ”

““There will be bread and milk, okay?””

““Well ...”” The three women looked at each other, and Rena was the first to say,“we don’t want bread and milk. We only want sunblock, or the spray-on kind!””

I’m down!

Zhao Yu fell onto the beach.

Buzz ... Buzz ...

“Just as Zhao Yu got up, an open-top Jeep suddenly drove up behind him and stopped in front of Zhao Yu and the others. ”

““Wow, wow, wow ... I won the grand prize!”” The next second, three local men in long robes with AK47s in their hands jumped out of the car. They looked at the three ladies on the lifeboat and exclaimed,“such beautiful women! I can’t believe my eyes!””

““Hahaha ...”” The other one laughed excitedly, then pointed the gun at Zhao Yu and shouted in Arabic,“foreigner, hand over your woman and money! Hahaha ...””

““Mm ...”” Zhao Yu looked at the three robbers and was even more excited than the other party. He immediately turned around and shouted at the three beautiful women,“what did I say? What did I say?”

““Like I said, bread, milk, oh no, cars and weapons, there should be, right? Wahahaha ...””

Chapter 1663: Desperated in the Sahara (5)

Wuuu ...

“Zhao Yu started the car. The old motor hummed, and the rapidly spinning tires suddenly rolled up a cloud of dust. ”

“After the three beautiful women got into the car, Zhao Yu stepped on the gas, and the Jeep drove away on the sand. ”

“Looking back at the beach, the three robbers had been stripped naked. The three men with swollen faces were tied back to back on the beach. They wanted to cry but had no tears. ”

They still couldn’t figure out what had happened just now.

“Why were the man and three women who had suddenly appeared on the beach so good at fighting? in the blink of an eye, they had snatched his AK and beaten him up! ”

“The most tragic thing was that they were here to Rob, but now, not only were their cars and guns stolen, but even their clothes were gone. This was too inhumane! ”

Wuuu ...

“Zhao Yu drove the car towards the small port town called Lisawi, feeling very pleased with himself. Just now, when the three ladies came ashore, they only exchanged a look, and the four of them attacked at the same time, successfully subduing the three robbers. ”

“In this way, they had ready-made means of transportation and weapons. However, they still lacked some necessities that they needed to buy in town. ”

““Quick, you have to wear it, there’s no room for discussion!”” Rena handed over the clothes she had snatched and asked them to change into them quickly. ”

““This smell ... It’s unparalleled ...”” Even though Ding Lan was a well-trained secret agent, she was still stumped by the smell of the robbers’ clothes.””I don’t understand. They live by the sea. Don’t they bathe or wash their clothes?”” What’s that smell?”” ”

““The point is ...”” Amiola realized the problem.””We only have three pieces of clothing, and they’re all Men’s! There’s not enough to go around!”” ”

““I’ll make do with it first!”” Rena distributed,””Zhao Yu, Ding Lan, and I will each have one set. Ding Lan and I are taller, so we can pretend to be men!”” ”

““As for you ...”” She pointed at Amiola.””Just be yourself!”” Anyway, you look similar to the local people!”” ”

““Hey, what are you saying!”” Aurora pouted.”” Am I that dark?”” But that’s good too ... At least I don’t have to wear this salty fish-flavored clothes!”” ”

““Huh ...”” Ding Lan pinched her nose and complained,””please stop talking. I can’t wear it anymore!”” ”

““I’m begging you, please stop talking ...”” Zhao Yu begged.””Let me have some peace and quiet. I don’t even know what to do next.”” ”

““Hehehe ...”” ”

The laughter of the ladies immediately came from the car ...

“Li sawei wasn’t big, and looked just like a primitive seaside town. Zhao Yu and the others were worried that someone would recognize the Jeep, so they didn’t dare to enter the city. They only looked for a few shops outside the city and began to buy things. ”

“However, the store’s goods were more complete, and the price was surprisingly cheap. The four of them bought five big bags, and they only spent less than 100 dollars. ”

“Worried that the robbers would catch up to them, they didn’t dare to stay in li ‘Savoy. After packing up their things, they immediately drove away from the town. ”

“Next, they were really going to advance into the heart of the desert! ”

“The Sahara Desert was the world’s largest desert and was known as the sea of death. This place was hot and dry. If they got lost, they would be doomed. ”

“In order to get to the house of sin alive, Zhao Yu and the others parked the car under a big tree not long after they left the town. They then began to prepare for their journey into the desert. ”

“”These are two full tanks of gasoline ...”” Zhao Yu put the gasoline in the Jeep’s trunk and said,“”it should be enough for us to run 200 kilometers ...”” ”

“”There’s no problem with water,“” Rena said as she counted the goods.“”We’re a little short of food, but we’ll get some supplies at the next stop ...”” ”

“”Hmm...Let me see. The next stop is dilika, one of the stops in the Dakar Rally. If we go well, we’ll reach it before dark.”” ”

“”There’s no problem with the satellite navigation.”” Ding Lan pointed at her phone and said,“”I’ve already downloaded the map, so I can navigate without using any data ... ”

“”But ...”” She patted the three rifles that they had seized and said,“”the aim of these three guns is all crooked. They can only be used as a temporary measure and can’t be used in professional combat!”” ”

“”My Lord!”” At this time, amilora rummaged through all her pockets and pointed at some bottles and said gloomily,“”these are all ordinary skin care products, not sunblock! ”

“”Are you ... Really going to make me black before you’ll be happy?”” ”

“”Black spots are healthy!”” Ding Lan consoled her,“”the locals are born with sunscreen. They don’t have any for sale!”” ”

“”It doesn’t matter ...”” Rena handed the women’s clothes they had bought to amiola.“”Just wrap it up tightly!”” ”

“”Even though we’re both in an Arab country, it’s much hotter here than where we are!”” “”Cover all of them,“” amiola said.“”How hot is it?”” ”

“”Um ... You can apply some of this ...”” Ding Lan took out one of the small boxes and said,“”this is called the thousand shades of purple. I didn’t expect to see China-made stuff here. It’s amazing!”” ”

“”Yes!”” Rena quickly echoed,“”China-made is really amazing. It’s almost everywhere in Morocco, especially fishing rods!”” ”

“”My father bought a China fishing rod. It’s half as cheap as the fishing rod in our country, and the quality is very good!”” ”

“”It’s the same in my world,“” amiola said.“”I especially like cooling ointment and essential balm. Sometimes, I can even use them to bribe the customs ...”” ”

“Zhao Yu glanced at the three talkative ladies and swore in his heart that if they were still so talkative in the desert, he would push them all down and have sex with them first. ”

“““I feel that officer Zhao Yu is really lucky this time ...”” After Rena tied the folding tent to the side of the Jeep, she suddenly said to the crowd,““we only bought one tent. If we need to sleep in the wild, we can only squeeze in one tent with four people!”” ”

Zhao Yu grinned but didn't comment.

“““Hehehe ...”” Ding Lan chuckled.““Rena is wrong. I think the three of us should be the lucky ones, right?”” ”

“““Officer Zhao!”” Ding Lan pulled Zhao Yu aside and joked,““if the three of us can't control ourselves and do anything to you at night, you can't blame us, hehe ...”” ”

“““Hahaha ...”” Hearing this, the three beauties laughed so hard that they were shaking. ”

“““Hmph! ““Female hooligans ...”” Zhao Yu said righteously and solemnly,““you should give up on this idea as soon as possible! ”

“““I'm telling you, I, Zhao Yu, am a chaste man who goes around carrying my chastity Memorial Arch. With just the few of you, don't even think of taking advantage of me. Hmph!”” ”

“Zhao Yu said with a strong sense of righteousness, but he secretly wiped the saliva from the corner of his mouth with his right hand. He hoped that the damn car would break down as soon as possible, so that they wouldn't be able to reach their destination before dark. Then, they could set up tents in the wilderness, hehehe ... ”

Chapter 1664: Desperated in the Sahara (6)

“However, not knowing if he was lucky or not, the anchor that Zhao Yu had hoped for did not happen. ”

“At around five in the afternoon, they arrived at the desert city of dilika. ”

“Although the city was small, there were still some decent hotels and restaurants in the city because of the car races in the past. ”

“Moreover, this place was under Morocco's control, so it was relatively safe. ”

Zhao Yu and his team could make some adjustments from there.

“Along the way, the sun was scorching, the weather was hot, and the road was bumpy. Although they were in a Jeep, the four of them had suffered a lot. ”

“Zhao Yu felt the worst. As the only man, he persevered through the entire journey. In the end, he felt that his butt was about to break. ”

“What was even more unbearable was that the three ladies had been discussing and talking non-stop all the time, except for the afternoon nap they took in the car. ”

“How do we start our operation after we arrive at the house of sin? Then, they complained about the harsh desert environment and some private topics between women ...”

“Zhao Yu felt dizzy, and he couldn’t stop complaining. He wanted to sew their mouths shut.”

He didn’t understand why there were so many common topics among the three women who came from different countries.

“The most interesting thing was that when they arrived at dilika and were about to check in at the best hotel in the area, they made fun of Zhao Yu.”

Rena was the first to suggest that they should book a four-person room. The four of them had to live together to ensure their safety.

“Amiola said that if the four of them stayed together, they would all be wiped out if anything happened. Therefore, they should arrange two double rooms for two people to stay together so that they could look out for each other.”

“Ding Lan agreed with amiola’s suggestion and said that she and Zhao Yu could share a room, while amiola and Rena could share a room.”

“As a result, Ding Lan’s words immediately caused the two ladies to be dissatisfied. Amiola took the lead and pulled Zhao Yu’s arm, then said very ambiguously,”

““We only have one precious man. I think I should let him accompany me tonight!””

Zhao Yu frowned.

““No way,”” Gena pulled Zhao Yu’s other arm and retorted,”“without me, you would still be under arrest in Casabianca!””

““I’ve contributed the most, so I should be awarded Zhao Yu. Let him sleep with me tonight!””

““Mm ...”” Zhao Yu was sweating.”

““Hmph, stop daydreaming!”” Ding Lan pushed them away, then fell into Zhao Yu’s arms.”“We’re together, so it’s only right for us to live in the same room!””

““On what basis?”” ““When we get to the house of sins, you’ll have to rely on me to hack into the prison’s intranet!””

““If you don’t hand Zhao Yu over to me today, I’ll go on strike tomorrow. I don’t care anymore, Hmph!””

““Well, police officer Zhao Yu, you choose one!”” Rena stood in front of Zhao Yu, acting coquettishly. She then pointed to the other two women and said,”“they’re so good at fighting. Only I can give you the gentlest pleasure!””

““No, you’re too fat!”” Amilora pushed Gana away and put on a charming pose.”“Look at how great my figure is!”” How many men dream of this?””

““Well ...”” Zhao Yu swallowed his saliva. He felt that amiola’s body was indeed very good.”

“““No, it’s useless to say anything!”“ At this time, Ding Lan stood in front of Zhao Yu and shouted, ““Zhao Yu is mine! We’ve already slept together ...”“ ”

“““Hey ...”“ Zhao Yu was going crazy, and cold sweat was dripping down his back. ”

“““Since you’ve taken advantage of me, it’s all the more time to change the person!”“ Amiola and Rena didn’t care. They stepped forward and grabbed Zhao Yu’s arm again.”“Men like to try new things, don’t they?”“ ”

“““Wahaha ... Wahaha ...”“ ”

“Finally, Zhao Yu couldn’t take it anymore and let out a classic wild laugh. ”

“The next second, he stretched out his arms and held both Amiola and Rena at the same time. He laughed almost manically and said,““You three women have underestimated me! ”

“““Who do you think I am? Isn’t this ... Isn’t this looking down on me? ”

“““Hmph, Hmph, I don’t understand. Do you guys have to argue over such a small matter? ”

“““How about this!”“ He said to Ding Lan,““when we get to the hotel later, you can book a four-room or two double rooms. I welcome you to torture me to your heart’s content!”“ ”

“““It’s a room of four, so you can all come at me together. Three phoenixes and one dragon! It’s a double room, and you can also fight with each other without rest! ”

“““If I’m called nie, I’ll write the word”“ Zhao ““backwards from now on, Wahaha ...”“ ”

“““Hmm...Good, that’s great!”“ Hearing Zhao Yu’s confidence, the three ladies all smiled with satisfaction. They then hugged Zhao Yu and walked into the hotel to check in. ”

.....

“A few hours later, at 11:30 A. M., Zhao Yu was sitting on his small single bed in his small room, breathing heavily and sulking. ”

Damn it!

“Damn the giant panda, it’s really like seeing a living ghost. It actually dared to use me to find le ‘er! ”

‘These shameless B \* tches ...

Ah ...

It turned out that the scene of the three ladies snatching the man was all fake!

“As soon as they arrived at the hotel, they booked a three-person room and a small single room. ”

“They stayed in a three-person room, while Zhao Yu stayed in the small room. ”

“At first, Zhao Yu didn’t realize that he had been tricked. After having dinner in the restaurant downstairs, he quickly returned to his private room, rubbing his hands together, looking forward to seeing who would be the first one to come and ruin him. ”

“At that time, he still felt a little conflicted in his heart. He was conflicted that he shouldn’t have made such a mistake behind his girlfriend’s back. ”

“However, he couldn’t just run away now, could he? ”

“These women dared to look down on him. He really couldn’t take this lying down. Even if he had to fight a thousand rounds tonight without rest, he would make them obedient to him to vent his hatred! ”

Especially the two Arabian women. He must let them have a taste of his China Style and win glory for the country!

“However, Zhao Yu didn’t see any sign of them. After a few hours, he realized that he might have been tricked by the three women! ”

Terrible!

“He quickly ran to the three ladies ‘room to check, but he felt embarrassed to knock on the door, so he had to use the invisible x-ray vision. ”

“In the end, through the invisible fluoroscopic device, he saw that the three ladies were already sleeping soundly on their respective beds! ”

F \* ck!

“Zhao Yu grabbed his hair, feeling extremely depressed. ”

Careless!

I was too careless!

“Zhao Yu was full of regret. He had been hunting geese year after year, but now he was pecked in the eye by the goose! ”

“I, Zhao Yu, am called a super detective. How could I be fooled by such a bad taste? ”

“These women ... Were too detestable, right? ”

“At that time, Zhao Yu really wanted to kick the door open, rush in, press the three women on the bed, and F \* ck them. But, when he thought about Ding Lan and amiola’s fighting skills, he gave up on that idea. ”

.....

“The next morning, Zhao Yu got out of bed and went downstairs for breakfast. Before he even reached the first floor, he could already hear the bell-like laughter of three ladies! ”

“””Hahaha ...”” ”

“””Hehehe ...”” ”

“””That’s so funny.”” Amiola laughed hysterically.””I guess he didn’t sleep last night?”” ”

“””I think,”” Rena gestured,””that he won’t be able to help himself. Maybe he’ll go out and find a woman, hehehe ... A black girl ...”” ”

“”Hahahaha ...” ”

“The woman’s laughter resounded throughout the dining room, but Zhao Yu’s face darkened. ”

Hmph!

“You asked for this yourself. Later, don’t blame me for being ruthless. Watch how I’ll deal with you! ”

Chapter 1665: Desperated in the Sahara (7)

“From this small town called dilikary to the house of sin, there was less than 100 kilometers left. ”

The four of them bought some daily necessities and began the next day’s journey.

“In the morning, they had a relatively smooth journey. ”

“However, as the Jeep left Morocco’s restricted area, they realized that it would be far more difficult to reach the house of sin than they had imagined. ”

“The number of vehicles on the main road gradually increased. Moreover, most of them were Jeeps with the characteristics of local armed forces. ”

There was often a large group of local people in the car with guns in their arms. Their eyes were fierce and unsettling.

“As they moved forward, there were more and more Sentry posts set up by the local armed forces. Two of the Sentry posts even stopped Zhao Yu’s car and checked it. ”

“Fortunately, Rena was well-versed in this and finally managed to deceive him with two US dollars. ”

“However, they didn’t have the local Pass after all, and it was obvious that they weren’t locals. If this went on, they would get into trouble sooner or later. ”

“After much consideration, they could only stop in a desert town 30 kilometers away from the house of sin and start to ask around. ”

“The town had no name. It was full of simple and crude mud brick houses, which looked relatively backward. ”

“There was a lot of garbage in front and behind the house, and many children in ragged clothes were playing in the garbage ... ”

“Soon, Rena and amerolaa heard about the house of sins from the residents here. They didn’t expect the situation to be more severe than they had imagined. ”

“It turned out that there was only one desert road that led to the house of sin. However, due to the house of sin’s special nature, that road was filled with checkpoints, and only those with special permission could pass through. ”

“What was worse was that due to the increasing number of important prisoners being locked up in the house of sin in the past few years, it had become a military-controlled area. Both the inside and outside of the prison were militarized and closed, and strangers couldn’t get close at all. ”

“In other words, Zhao Yu and the others would have a hard time even getting close to the house of sin, let alone hacking into the prison’s network to find information. ”

“As a result, the situation had undoubtedly become grim. ”

“If they wanted to continue to complete the mission, they would have to take a huge risk to achieve it. ”

“““Here ...”” Gana opened the map on her mobile phone and said to everyone,““we can pass through the desert, then set up camp near the house of sin, and then find a way to sneak in and look for information.”” ”

“““But ...”” Amiola said.““The desert here is full of quicksand. It’s different from other places. Our car can’t drive in at all!”” ”

“““Then we’ll walk ...”” Ding Lan suggested.““There’s less than 20 kilometers left anyway.”” ”

“““No, this is the Sahara!”” Rena said cautiously,““we’ll have to bring so much equipment with us. It’s impossible to go in on foot! ”

“““But, I’ve already thought about it,”” Rena said, changing the subject.““We can rent a few camels from the local people. This is the only means of transportation we can use!”” ”

“““A camel?”” Zhao Yu felt that this was a new experience. ”

“““Then ...”” Ding Lan thought for a moment, then nodded.““Alright, I agree. From the current situation, this is our only option!”” ”

“““But ...”” Amiola said,““we can’t get too close to the prison, because there must be a patrol team near the prison!”” ”

“““I’m not worried about that,”” Rena said.““After all, you two are Asian. Once you are caught by the patrol, we will pretend to be lost tourists!”” ”

“““What the locals lack the most is money, just like when we passed the Sentry post. We only need to give a tip to settle it!”” ”

“““Okay then ...”” Amerolla nodded.““I agree!”” ”

“Since the three beauties had all agreed, Zhao Yu had no reason to reject them. So, Rena immediately took Zhao Yu’s notes and discussed the rental of the camel with amiola. ”

“““Zhao Yu,”” taking advantage of this opportunity, Ding Lan quickly came to Zhao Yu and asked him,““brother-in-law, brother-in-law, how did you survive last night? Did you use your hands to solve it?”” ”

“““Go, go, go ... Is this what a sister-in-law should say?”” Zhao Yu glared at Ding Lan, then said seriously,““with your brother-in-law’s self-control, how could he give up his principles just because of three women? ”

""To tell you the truth, I saw that you guys had a lot of fun yesterday. I was just playing along with you!  
"

""Yesterday, when I returned to my room, I locked the door and went to sleep!"" "

""Is that so?"" Of course, Ding Lan didn't believe him. She crossed her arms and said,""but to be honest, brother-in-law. These two women are very scheming. I really hope you can push them down and settle it properly! I promise I won't tell my sister Miao Ying!"" "

""Go to hell!"" Zhao Yu was unmoved and said,""how can it be that easy? Oh no, who didn't want to F \* ck them ... Oh no, who the F \* ck wanted to F \* ck them? "

""I have a fiancée, how could I mess around?"" "

""Alright, do as you wish!"" Ding Lan put down her arm and said carefully,""by the way, I've contacted officer Li Jing and told her about our encounter!"" "

""I didn't expect her to trust you so much that she approved our operation. She even told us to report to her immediately once we found out anything about Godfather's disappearance."" "

""Hehe, of course Li Jing has faith in me,"" Zhao Yu said, smiling proudly.""In the past, no matter what mission I completed, I have never let her down!"" "

""Morocco, they'll send someone to mediate,"" Ding Lan said.""Perhaps the situation isn't as serious as we think. "

""So, let's focus all our energy on the desert prison for now!"" "

""Mm ..."" Zhao Yu nodded, but an uneasy thought flashed through his mind. He kept feeling that he had overlooked something important. "

""Hey, Ding Lan."" At this moment, Gena suddenly waved at Ding Lan from a distance.""Come and see, there's a pretty good headscarf here ..."" "

""Okay ..."" Ding Lan agreed and immediately ran over. "

Hu ...

Zhao Yu took a deep breath and started to think about the case according to his previous train of thought.

"At this moment, a few local children ran over and started to chase around the car. "

"Zhao Yu was worried about the things on the train, so he went back to the Jeep to look after them. "

"As a result, one of the boys who was holding a small medicine bottle suddenly fell down. The bottle cap broke open, and a large number of black insects spilled out. "

"Those bugs were slightly bigger than ants, but they looked especially uncomfortable. "

"As soon as the child saw the bug crawl out, he quickly reached out to grab the medicine box again ... "

“Mm ...” Zhao Yu had never seen such a bug before. He squatted down curiously and turned the simultaneous translator to Arabic mode. He asked the little boy, “what kind of bug is this?” “Why are you wearing such an ugly thing?”

“This is a desert flea,” the little boy answered Zhao Yu’s question as he picked up the bugs seriously. “We use it in the competition ...”

“A competition?” Zhao Yu frowned. “Jump higher than a flea?”

“I can’t jump, I can only crawl!” The little boy pretended to be a bug and smiled at Zhao Yu. “We’ll dig a maze on the ground and see whose flea can crawl out the fastest!”

“Oh ...” Zhao Yu nodded slightly, but his eyes revealed a ferocious and evil light.

Chapter 1666: Desperated in the Sahara (8)

“Although the local camels were cheap, because the local people were more dependent on camels, they only agreed to rent two to Zhao Yu and his team.”

“Moreover, the desert residents were smart. They only sold the camels and not rented them. They asked Zhao Yu and the others to buy the camels at the price they had bought them at, and when they returned the camels in the future, they would return the money to them and only collect rent.”

“This way, even if the camel died, or if Zhao Yu and the others didn’t make it back, they wouldn’t suffer any losses.”

Zhao Yu and the others had no choice but to spend some US dollars to buy the two camels.

“In Western Sahara, single-humped camels were generally used. Although they were slightly larger than twin-humped camels, each camel could only fit one person.”

“Obviously, the two camels were not enough to meet the needs of Zhao Yu and the others. They could only use them to transport tents, luggage, and other items. Most of the journey had to be completed on foot.”

“Although it was also the first time that Rena had come here, she was quite familiar with the desert and was also very familiar with riding a camel.”

“So, Zhao Yu and the others drove the Jeeps, while Rena drove the two camels, and began to head towards the real desert.”

“Sure enough, as the locals had said, after the car drove for another 10 kilometers, a quicksand desert appeared in front of them. The sand was too fine, and once the car drove in, the wheels would sink in, making it impossible to pass through.”

“At this time, the camel came in handy. The four of them had to park the car in place, tie all the items to the camel, and lead the camel on foot.”

“The yellow sand rolled up, and everything was desolate.”

“Walking in the desert, that kind of hardship was difficult for ordinary people to feel.”

“Speaking of which, this was Zhao Yu’s first time entering a desert. He didn’t expect that his first time entering a desert would be in the world’s most famous Sahara.”

“What surprised him was that he had thought that he would be unable to endure the heat in the desert and would be drenched in sweat. In fact, the weather was not as hot as he had imagined.”

“As there was always wind flowing in the desert, the feeling was still acceptable. Although he had sweated a lot along the way, it had not reached an unbearable level.”

“However, while the temperature was acceptable, it was a difficult task to walk in such a desolate desert.”

“The sand under his feet was very soft, and it took a lot of effort to step on it. It took twice as much effort as walking on ordinary roads.”

“Moreover, this quicksand desert was not a flat plain. It was filled with hills of various sizes, and crossing these Hills would undoubtedly consume more physical strength.”

“Also, although Zhao Yu was fully armed, the soft sand was still everywhere. After walking for a short while, some fine sand would seep into his shoes, making his feet feel very uncomfortable. After a long time, it would definitely develop.”

Zhao Yu had to clean his shoes after walking for a short while.

Walking like this was naturally very physically and mentally exhausting. They had walked for an entire afternoon and had only walked about six to seven kilometers.

“Before dark, Zhao Yu and the other three found a suitable place to set up their tents, then started a fire to cook and had a simple meal.”

“Just as Rena had said, they had only prepared one tent. No matter what, Zhao Yu was going to stay with the three beautiful women tonight.”

“However, although there was only one tent, it was a medium-sized tent with a relatively large area. After it was opened, it was still relatively spacious, and the four people could sleep in it.”

“Their equipment was bought from a non-professional place. They didn’t buy professional equipment like sleeping bags or mats. They only used a simple blanket to lay on the ground, and then each person had a thin blanket to keep warm.”

“The temperature difference between day and night in the desert was huge. At night, the temperature plummeted and it was very cold.”

“So, this was undoubtedly a great opportunity for Zhao Yu to make a comeback. He could take the opportunity to send warmth to the beautiful women and get into their beds.”

And ... He looked at the small medicine bottle in his hand and happily thought that he had a new secret weapon that could make them automatically undress ...

Hehehehe ...

Hahahaha ...

'Hahaha ...'

"Zhao Yu's heart was filled with evil, and he laughed even more madly. "

"Just then, the three ladies returned from outside the tent and saw Zhao Yu's evil smile. "

"The three ladies said that they were going out to look at the stars, but in fact, they were just looking for a place to relieve themselves. "

"At that moment, when they saw Zhao Yu laughing crazily on his stomach, the three beautiful women all showed suspicious and alert expressions, as if they had already guessed that Zhao Yu was up to no good!  
"

Well ... This ... This ...

"Zhao Yu was suddenly embarrassed. He quickly took out his phone and pointed at it as he explained,  
""Isn't this video too funny? Hahahaha ..."" "

Zhao Yu's laughter only made the atmosphere even more awkward.

""Strange ..."" Ding Lan crossed her arms and frowned. ""Your phone has signal again?"" There's a limited amount of power, so we'd better save it!"" "

"Ding Lan was right. Even though their phones were specially made by the Secret Service, they still couldn't receive any signal in the desert. "

""I think ..."" Amelia picked up her blanket and moved as far away from Zhao Yu as possible, then said, ""officer Zhao must be up to no good. I'd better stay away from him!"" "

""It doesn't matter,"" Rena said with a smile. ""There are three of us women, and you two are also special agents. Are you afraid that you can't beat a man?"" "

"Although she said this, Rena still moved her quilt far away from Zhao Yu. "

Hmm ...

"Zhao Yu felt even more embarrassed. All of you talked pretty well yesterday, and even said that you would take turns to defile me! "

"Now that I'm going to get serious, are you all afraid? "

Hmph!

I hate women who don't keep their words the most. Watch how I'll torture you tonight!

""It doesn't matter, it doesn't matter!"" Ding Lan laughed, then whispered to Zhao Yu in Chinese, ""brother-in-law, let me help you! Tell me which one you like and I'll help you settle it! Hehe ..."" "

""Go, go, go. I like you. Help me settle your own matters first!"" In order to cover up his evil side, Zhao Yu turned on his phone and said seriously, ""I was just studying the case. I was studying the case, okay? "

""I think there's still a major loophole in this case, and this major loophole is very important for our upcoming operation!"" "

""Is that so?"" Ding Lan didn't believe her.""Then what were you laughing at just now? You found a new lead?"" "

""Oh?"" Hearing Zhao Yu's words, Rena seemed to have smelled something and quickly came forward to ask,""officer Zhao Yu, are you still investigating Hu lingye's murder case? What did you find?"" "

""That's right!"" As soon as he saw Rena, Zhao Yu suddenly thought of something and asked,""officer Rena, I've been wanting to talk to you about this case!"" "

""How far have you guys investigated in Morocco?"" "

""Mm ..."" "

"Rena blinked her big eyes, obviously weighing Zhao Yu's question. "

"In fact, even though they had become accomplices, they had not calmed down and discussed the case properly! "

""Alright then!"" So, Rena sat next to Zhao Yu and said,""to tell you the truth, we have checked all the surveillance cameras near the new moon Hotel. We did not find any suspicious vehicles or people! "

""The murderer is indeed the most professional I've ever seen ..."" "

""It's okay, it's okay ..."" When it came to the case, Zhao Yu immediately perked up and said in a hurry,""then tell me all the details of the case!"" "

""Maybe the murderer's weakness is in these details!"" "

Chapter 1667: Desperated in the Sahara (9)

""Okay, since you want to talk ..."" Rena seemed to have been waiting for Zhao Yu to come clean with her, so she asked,""then tell me first, was the person who killed Hu lingye the missing Miao kun?"" "

""The bullet is a special 9mm Colt. As we all know, this is a pistol commonly used by the FBI, but ..."" Gena spread out her hands.""If an United States agent were to kill someone, they would not use their own weapons!"" "

""Impossible!"" Before Zhao Yu could say anything, amerolla suddenly spoke,""Miao had no reason to kill Hu Ling. They've never even met!"" "

""Oh? How do you know the name Miao kun?"" Rena raised her eyebrows.""Don't you sell insurance?"" "

""An insurance investigator,"" amerolaia answered without hesitation.""In order to find out the cause of Hu lingye's death, I have to investigate all the information!"" "

""It's so tiring to talk like this!"" Zhao Yu shook his head and said,""we're all in the same boat now. I think we can reveal our chests ... Oh, no, we can be honest and make things clear!"" "

“““That’s right. We also suspected that Hu lingye might have been killed by Miao kun. The gun was indeed his.”” ”

“““Zhao Yu ...”” Ding Lan frowned. ”

“““Oh ...”” Rena pondered for a moment, then said,““in that case, it is possible that after Miao kun killed the man, he knocked out his bodyguards and surveillance personnel, then stole the Surveillance Hard Disk?”” ”

“““But there’s no reason for that.”” Zhao Yu shrugged,““he’s not short of money, and he’s not being threatened. It’s meaningless to do so!”” ”

“““Oh ...”” Rena frowned. She felt that the case was more complicated than she had expected. ”

“““But, according to the two bodyguards, there were only Miao and Hu lingye at the scene. Less than a minute after they went in, they heard a gunshot and then saw Hu lingye, who was shot and lying on the ground ...”” ”

Zhao Yu then told her the truth.

“After the incident, in order to protect Miao kun, the two bodyguards did not tell the truth when they were questioned by the local police. They only said that they had passed out when they entered the room and had not seen anything. ”

“““Oh ... I see ...”” Rena nodded.““In that case, Miao kun must be the one who killed him?”” ”

“““The bodyguards remember that the boxes they used for the transaction were not opened,”” Zhao Yu said.““That means that Miao kun had not confirmed the authenticity of the information. There was no reason for him to kill them!”” ”

“““Or ... There’s someone else in the room?”” Asked Amelia. ”

“However, Zhao Yu and Ding Lan knew very well that the bodyguard had checked the room before the transaction, so there couldn’t be anyone else in there. ”

“““At first,”” Rena said,““we suspected that the murderer might have escaped by water! But we’ve already asked all the staff and some of the guests in the hotel, and we still have no findings! ”

“““The hotel’s surveillance hard drive has also been taken away, and all the surveillance videos are on it ... ”

“““I’m not afraid of you laughing at me, but even now, we can’t be sure if the hard drive was taken before or after the crime!”” ”

“““Hmm ...”” Zhao Yu thought for a moment, then asked,““what about Hu lingye’s body? Did you guys find anything on the body?”” ”

“““There are bruises and abrasions on her body. She must have had a slight fight before she was killed, or she fell and hit her ...”” Rena replied. ”

“““But, she didn’t have any physical contact with Miao kun. It must have been left behind before she met him,”” Zhao Yu continued,””then ... What about the blood test? Are there any signs of him being unconscious?”” ”

“““No...”” Rena was puzzled.””I don’t understand. What do you mean by that?”” If she were to be knocked unconscious, how would she be able to make a deal with Miao?”” ”

“““Alright, I’ll be honest with you,”” Zhao Yu said, waving his hand.””You should get something useful too!”” Could it be that you really didn’t find anything after investigating for so long?”” ”

“““To be honest with you,”” Rena said,””what we care about the most is not Hu lingye or Miao kun, but The Missing world’s richest man, londee! ”

“““You guys should know what it means if londee is really in Morocco. ”

“““That’s why the higher-ups sent me here to investigate! ”

“““Sigh ...”” ”

“After sighing, Zhao Yu waited for Rena to continue, but Rena didn’t say anything. ”

“““No way? No more?”” Zhao Yu asked. ”

“““No more!”” Rena replied,””I’ve told you everything I know. I can swear in the name of the Lord!”” ”

“Zhao Yu was very depressed. He had thought that he could get new clues from Rena, but he didn’t expect that she knew less than he did. ”

“““But ...”” Ding Lan asked,””how did you know that Hu lingye’s murder was related to londee?”” ”

“““I really don’t know,”” Rena replied.””That’s what my superior told me.”” ”

“Hearing this, Zhao Yu and Ding Lan immediately turned to look at Amelia. Did that mean that the news had been leaked by yosufu? ”

“““Maybe ...”” Amerolla quickly clarified,””Hu lingye didn’t just find one client?”” ”

“““Oh ... I understand!”” However, after hearing amilora’s words, Rena suddenly realized something.””So, you’re the one who buys information!”” ”

“““...”” Amiola realized that she had said something wrong and was instantly speechless. ”

“““But ...”” Rena pointed at Zhao Yu and Ding Lan.””How did you guys get together?”” Could it be that ... You’ve been in contact all this time?”” ”

Tsk tsk ...

“Zhao Yu didn’t expect that the discussion of the case would turn out like this. He had wanted to get information out of Rena, but he had been caught red-handed instead. ”

It was real!

“Alright, Zhao Yu thought to himself,””in that case, I’ll carry out Plan B in advance!”” ”

“With this in mind, he immediately took out two devices from the device bar and gave them to Gana and Amelora to use.”

““I’m really an insurance agent ...”” Amiola was trying to clarify her identity when she suddenly felt an unbearable itch in her body ...”

““It’s okay,”” Rena advised.”“I can let you go, but as compensation, you have to reveal some information about other information dealers to me ... Hey ... Why ... Why is it so itchy ...””

“While they were talking, the two women couldn’t take it anymore and started to scratch the itch.”

““Yeah ...”” Zhao Yu first quietly opened the small medicine bottle and put a handful of bugs in his hand, then pretended to be itchy. He came to the two ladies and asked,”“why is it so itchy?”” It’s like ... It’s like something has gotten into my clothes ...””

“As he spoke, Zhao Yu took the opportunity to throw a handful of bugs at each of Rena’s and Amelora’s feet. He then pretended to be frightened and shouted,”“Hurry up! Look, What is this?””

The three ladies looked down and screamed.

““Ah ...”” Gana jumped up in fright and shouted in horror,”“this ... This is a desert flea!”” Why are there so many of them?””

““Ah ...”” Amiola had never seen this before. She thought that these black bugs had fallen out of her pants and immediately took off her pants without thinking.”

““Aiya, there’s also one inside!”” Zhao Yu put his hand in his pocket and took out a handful of bugs, then shouted,”“why did they get into my clothes? Itch...It’s so itchy ...””

““Ah!”” Seeing this, Gana and Amelora exclaimed again and quickly began to take off their clothes ...”

“Although Ding Lan didn’t feel any itch, she was still shocked. As a girl, she was naturally sensitive to bugs, so she also began to unbutton her shirt to check the clothes inside.”

““No, I can’t! This bug is biting!”” Zhao Yu shouted exaggeratedly, then took off his long robe.”

“Zhao Yu didn’t even need to add anything. Amiola and Rena jumped and took off their clothes one by one, shaking them off as they took them off ...”

“Wow ... Zhao Yu’s eyes suddenly brightened, and he thought to himself, what a good figure!”

Alright ...

“In order to further his plan, Zhao Yu opened his suitcase and took out the ointment that he had prepared earlier. He was going to apply the ointment on the beautiful women and rub the oil on them at the same time.”

“However, just as he bent down, an accident happened. The medicine bottle in his pocket suddenly fell to the ground. The cap was not tightened, and the insects inside spilled all over the ground ...”

Whoosh ...

“As the insect fell out of the medicine box, the tent instantly quieted down. The three beautiful women all stopped taking off their clothes and looked over in unison ... ”

“”No... No, no, no...”” Zhao Yu quickly waved his hands and said,“”you ... Let me explain ...”” ”

“”Ah ...”” ”

“Ten seconds later, Zhao Yu’s shrill screams could be heard from the top of the car. ”

Chapter 1668: Desperated in the Sahara (10)

“At around 11 A. M. The next day, at the edge of a sand dune, a man with a telescope suddenly appeared. ”

“”Damn it,”” the man quickly put down the telescope and cursed angrily,“”we were fooled. What kind of broken telescope is this?!”” You can’t even see it as clearly as I can with my eyes!”” ”

“As the man put down his binoculars, a face that was covered in bruises was revealed. It was Zhao Yu. ”

“”I bought them from the roadside stalls in li sawei,”” Ding Lan said to Zhao Yu as she turned on the telescope function on her phone and looked down at the sand dune.””They were gifts from the owner, so of course they’re not useful!”” ”

“”Hmph, you still want to say it!”” Zhao Yu looked left and right, then complained to Ding Lan,“”of the three women, you’re my biological daughter. Oh no, you’re the closest to me. ”

“”Sister-in-law? you hit me the hardest last night! ””Say ...”” Zhao Yu turned his head and asked,“”I didn’t put any bugs on you, so why did you hit me?”” ”

“”You’re still talking! Can’t you tell at all?”” Ding Lan pouted.””If I hadn’t rushed to the front last night, those two women would’ve torn you to pieces! ”

“”My movements seem exaggerated, but they’re all fake. It doesn’t hurt at all ...”” ”

“”Is that so?”” Zhao Yu rubbed his face and said,“”why can’t I feel it?”” ”

“”Pfft ...”” Ding Lan laughed.””Brother-in-law, I’m not trying to say anything! Your idea yesterday was quite creative, even I couldn’t see it. If it wasn’t for the fact that it was suddenly exposed, you might have succeeded! ”

“”Let me ask you, where did the bug come from?”” ”

“”I exchanged chocolate with the local children,”” Zhao Yu said.””But I didn’t expect the medicine bottle to be so fragile.”” ”

“”However, you won’t suffer any losses!”” “”You saw everything yesterday,”” Ding Lan said.””The beating was worth it, wasn’t it?”” ”

“”Worth my ass! My original plan was to ...”” ”

“”Shhh ...”” ”

Zhao Yu was just about to speak when an alert hissing sound came from beside him. The crowd looked down and saw a team of soldiers riding camels at the edge of the desert!

“The soldiers were all armed with rifles. From their attire, they should be the house of sin’s patrol team.”

“There were a total of seven of them, and they were all sitting on tall camels. They patrolled the area while smoking leisurely ...”

“Zhao Yu and the others quickly lowered their heads and dodged, hiding behind the sand dune.”

“After the patrol left, they peeked out from behind the sand dune again.”

“Looking down, there was a rather large desert oasis in the distance. It was the small town of blifali where the house of sin was located.”

“The outer layer of the town was filled with militarized barracks. As it was noon and the weather was hot, there were not many people in the barracks.”

“Looking deeper into the town, there was a two-meter-high wall that surrounded the entire central area of the town.”

“There were barbed wire on the walls, and there were sentry towers not far away. There were soldiers on duty on each Sentry tower.”

“From this, it could be seen that inside the wall was the legendary desert prison, the home of evil!”

Oh ...

“Looking at the situation in the distance, Zhao Yu nodded silently. It seemed that this so-called house of evil was not as advanced as he had thought.”

“From a distance, it looked just like an ordinary desert prison. Just from the height of the wall, he could tell that the prison was shabby, far worse than any other prison that Zhao Yu had ever seen.”

“Crack, crack ...”

“Amiola took a picture of the town’s layout with her phone and said to everyone,“”””The mission is a little tricky. Do you see the flashing object at the barracks?”

“”””There should be more than one wire fence there,“” she said.“”””If we want to sneak in, it won’t be as easy as we think!“” ”

“”””And ...“”” Rena said.“”””We have to figure out the layout and structure of these barracks. Perhaps the information about the prison is in one of them!“” ”

“”””Indeed,“”” Ding Lan said.“”””If it was an ordinary mission, we could have captured one alive to ask. However, we don’t know what’s going on right now. I’m afraid it’s not appropriate to arrest him rashly.“” ”

“”””Look ...“”” At this moment, amerolaia noticed the situation and hurriedly reminded everyone to pay attention.”

Everyone looked over and saw an old prison van driving over from the only road to the house of sin.

“When the prison van stopped at the entrance, a soldier immediately went up to check the driver’s id. Then, a few soldiers went into the van to check. After five to six minutes of checking, the prison van drove straight to the prison ...”

“”A new prisoner ...” ”

“Rena said, and then continued to look for the prison van. She saw that the prison van had driven to the bottom of the prison and passed a strict inspection before finally entering the prison.”

“”Oh no...”” Seeing this, Rena shook her head gently.””If that’s the case, it’s equivalent to the prisoners being received from the prison ...”” ”

“”In other words, the information about the prisoners, as well as the prison’s files, are all in the prison!”” ”

“”Didn’t they say ...”” Ding Lan asked,””that we’re going to hack into their internal network?”” ”

“”The point is ...”” Lola Mei pouted and said,””looking at their shabby appearance, I’m afraid they don’t have computers and internet!”” If it’s still in the original state and all are documents, then it’ll be hard for us to do!”

“”I can only sneak into the prison and go through the information ... Tsk tsk ...”” ”

“”Wait, wait ...”” Ding Lan disagreed.””Don’t forget one thing. If the information on the house of sin isn’t online, how did Hu lingye find it?”” ”

“”That’s true ...”” Rena nodded. ”

“”Could it be ...”” Amerolla guessed,””that Hu lingye bribed someone in the prison?”” Did that person provide her with the information?”” ”

“”It’s useless to say all this now!”” Ding Lan pointed at the campsite in the distance and said,””we still have to find a way to go there and find out more!”” ”

“”But ...”” Amiola frowned.””How are we going to get there?”” We’re women, and Zhao Yu has an Oriental face, so we’ll definitely arouse suspicion if we go there!”” ”

“”So ...”” Ding Lan said with confidence,””I’ll have to trouble you two with this!”” ”

“”What? We?”” ”

“”Yeah,”” Ding Lan said.””I’ve completed a similar mission before, and it was actually very simple! You two pretend to be tourists who are lost in the desert and in poor physical condition. ”

“”Then, all of you will head directly to the military camp to seek help, and then pretend to faint ...”

“”This way, the people in the camp will definitely take you in for treatment, and you can take this opportunity to get close to them and inquire about information!”

“”You’re two great beauties. Whatever questions you ask, they’ll definitely rush to answer.”

“““This way, wouldn’t we be able to get the information easily? “““If you’re worried that the issue is sensitive,”” Ding Lan said eloquently,””you can also say that you’re all reporters and that you’ve always wanted to write reports about the house of sin. That way, the issue won’t be sensitive!”” ”

“““Hmm ...”” Lola Mei pondered for a moment and said,””that’s a good idea, but ... How do we leave after this?”” ”

“““Not bad? Do you think you’re making a movie?”” To his surprise, Rena shook her head and retorted,””you don’t know who the people here are at all! ”

“““In here, women have no human rights. If the two of us go in, we’ll be like sheep entering the Tiger’s mouth! ”

“““Those soldiers have been in the desert for so long, and they go crazy when they see women. Are there still a few women who are raped to death by them every year? ”

“““If we go in, don’t even think about coming out unscathed. No, this method won’t work ...”” ”

“““It can’t be?”” Ding Lan didn’t believe her.””That crazy?”” ”

“““Please, this is Western Sahara. Western Sahara isn’t a real country,”” Rena said excitedly.””Those who control the prison are actually armed men. They are not good people! ”

“““Do you still hope that they’ll pretend to be gentlemanly with you?”” ”

“““Ah ...”” ”

“Just as the three ladies were having a heated discussion, Zhao Yu suddenly let out a scream and sat on the ground, his face full of shock. ”

“““Hey, lower your voice!”” Rena was startled, and the three of them quickly shrank back under the sand dune. ”

“Ding Lan went over to help Zhao Yu up, then asked in Chinese,””““Brother-in-law, brother-in-law, what’s wrong?”” ”

“““Miao ... Miao kun ...”” Zhao Yu swallowed hard, then said,””I saw Qianqian, Miao kun!”” ”

Chapter 1669: I want to go to prison (part one)

“Actually, Zhao Yu regretted it immediately after he said that. ”

“When the three ladies were having a heated discussion, in order to further observe the situation in the prison, Zhao Yu had used an invisible drone to come out. ”

He controlled the drone to fly directly above the prison to observe the situation inside.

“However, never in his dreams did he expect to see his father-in-law mocking Miao kun in the end! ”

“At that time, he was controlling the drone to observe the prison van that had just entered the prison. After the prison cart entered, it stopped at the entrance, and someone came out to receive the prisoners.”

“As it was noon, Zhao Yu did not see many prisoners in the outdoor area. He could only see some prison guards holding lunch boxes and chatting.”

“However, Zhao Yu still noticed that the prison was not as backward as he had thought. Although the wall was not high, there were dense machine guns and cannons on the top of the wall. There were dozens of fully armed military and armored vehicles parked inside, some of which were even equipped with air-to-ground or ground-to-air missiles.”

“It was obvious that the house of sin wasn’t just a simple prison. It was also an important stronghold for the local militants, like a desert fortress.”

“Such a military scale was definitely second to none in the local area, and it was enough to deal with a certain scale of armed attacks.”

It seemed like ...

The difficulty of the task was once again beyond Zhao Yu’s imagination.

“After the new prisoners were received, they were all brought into the prison.”

“Zhao Yu noticed that there were only four new prisoners, and they were all covered with masks in the car. It was only after they got out of the car that the prison guards took them off.”

“Zhao Yu guessed that they probably didn’t want the prisoners to see the way to the prison, so they covered them with the head masks.”

“Through the observation of the new prisoners, Zhao Yu and Rena had similar views. He also thought that the management department of the prison should be within the prison.”

The military camps outside the prison were just an external defense measure for the armed forces.

“Therefore, it was not easy to get the internal information of the prison.”

“After that, Zhao Yu moved the drone to another location to observe the other parts of the prison.”

“The prison was not only huge, but its structure was also very complicated.”

“Inside the prison, there were many different guard posts, as well as isolation facilities such as barbed wire. It seemed to divide the prison into many different areas, which dazzled Zhao Yu.”

“However, as he looked around, his attention was suddenly attracted by an old two-story building, because a wisp of green smoke was rising from one of the windows of the building.”

“When he got closer, Zhao Yu could see clearly that the green smoke was from someone smoking while leaning against the anti-theft mesh of the window!”

“The man first took a few puffs, then put his face on the anti-theft net and blew the smoke out.”

“At first, Zhao Yu didn’t pay much attention to it. He just put the drone near the window to see the situation inside the house.”

“However, when the drone got close, he suddenly realized that the person smoking by the window looked so familiar!”

The way he flicked the cigarette ash and leaned against the window ... Why did he look like his father-in-law teasing Miao kun?

No way?

“Zhao Yu thought he was seeing things, so he quickly moved the drone closer. However, by the time the drone flew over, the man had finished his cigarette and turned to leave the window.”

“Zhao Yu could only see the man’s back. He was wearing a prisoner’s uniform, and his left arm was bandaged.”

Miao kun!

It’s really him?

“That’s right ... Although Zhao Yu only saw the back of the man, he was almost 100% sure that the one smoking was his father-in-law, Miao kun!”

He ... He actually ...

“Zhao Yu had come to the house of sin to investigate the missing tycoon, londee, but his missing father-in-law was also here. What was going on?”

““Hey, hey ...” Ding Lan ruthlessly rubbed Zhao Yu’s face, finally pulling him out of his daze.”“Zhao Yu, you’re not joking, right? You really saw Miao kun?””

““Mm ...” Zhao Yu came back to his senses and was caught in a dilemma. He didn’t know how to explain himself.”

“Of course, he couldn’t tell the truth, but he could play dumb and say that he was seeing things. However, Miao kun was really in prison, which meant that the whole situation was completely different. He had to say it.”

““Hey, what are you doing! “Lower your voice,” Rena complained.”“The patrol team will come back at any time!””

““That’s impossible, right?”” Amiola looked through the telescope and muttered,”“at this distance, I can’t see clearly even with the telescope! How did you see it? Are you having a stroke?””

““Say something, did you see it or not?”” Ding Lan asked again.”

“Zhao Yu finally had an idea. He immediately pointed at the prison and said,”“No way! Didn’t you guys see him just now? Miao kun just flashed past the prison. I’m sure of that!””

““Nonsense!”” Rena frowned.”“Do you have X-Ray Eyes? You can see the inside of the prison from here?””

“““No, it’s on the city wall! Aiyo, what were you guys doing just now?”” Zhao Yu made up a story, ““you’re just thinking about using the beauty trap, right?””

“““Miao kun was on the city wall just now. He was wearing a prisoner’s uniform, and his arm was bandaged. I think he was injured ...”” ”

“““This ...”” The three beautiful women looked at each other. They obviously didn’t believe what Zhao Yu had said. ”

“““Did you see that? Did you see that?”” Zhao Yu spread his hands and said, ““we’re in the right place. Since Miao kun is locked up in this prison, then we... We ...”” ”

“Then, Zhao Yu suddenly realized a problem. Even if Miao kun was in the house of sin, what could he do?”

“““Zhao Yu, can you be sure that the person is Miao kun?”” Ding Lan said excitedly, ““you know, this is very important. I have to report it immediately!”” ”

“Zhao Yu nodded his head with certainty, indicating that he would never joke about such things. ”

“““This is bad ...”” Amerolla said gloomily. ““Why do I feel like we’re too late?”” If Miao kun is really in prison, then londee ... Tsk tsk ...”” ”

“Indeed, Zhao Yu had the same feeling. ”

“He guessed that Miao kun had either been used by someone or had fallen into a trap and was trapped there. Therefore, no matter what, she had to save him!”

“““Rena ...”” Ding Lan turned around and asked, ““you said that the people here only care about money, not people. Do you have any way to get Miao kun out?”” ”

“““Um ... Well ...”” Rena said awkwardly. ““I can only help you ask, but ... I’m in a bit of a difficult situation right now!”” ”

“““Hassan and his people must have set up a trap for my friends. As long as I contact them, we might be exposed!”” ”

“““I think ...”” Amiola said, ““it also depends on the situation and what crime Miao committed.”” If you’ve committed a serious crime, I’m afraid you can’t afford it no matter how much money you spend, right?”” ”

“““It won’t work if we go through the government,”” Rena said. ““The people here don’t care about the international situation. Whether it’s your China or Morocco they definitely won’t buy it!”” ”

“““I can’t care about that now!”” Ding Lan said anxiously, ““Rena, you’d better use your connections! At the very least, we need to meet Miao kun and ask him about the situation first!”” ”

“““I’m afraid it won’t be that easy to meet him,”” Rena said, shaking her head. ““I heard that visiting is not allowed in the house of sin!”” ”

“““How about this!”” At the critical moment, Zhao Yu suddenly interrupted the three ladies and said in a very serious tone, ““help me think of a way to let me be a prisoner!”” ”

""As long as I can get in, you don't have to worry about anything else!"" "

Chapter 1670: I want to go to prison (part two)

"Two days later, on the only road leading to the house of sin, a prison van was slowly driving towards the prison. "

There were a total of three prison guards and four prisoners in the car.

"As usual, the four prisoners were all wearing black head covers and shackles ... "

"However, just as the prison van was about to reach the house of sin, a camel suddenly appeared on the road! "

"The camel was lying on the ground, blocking the path of the prison cart. "

"Two slim Arabs in big robes were pulling the camel, but for some reason, the camel could not move. "

"Di di ... Di di di ..."" "

"The prison van stopped in front of the camel, and the driver honked his horn, urging the driver to hurry up. "

"However, no matter how hard the two Arabs pulled, the camel did not move. "

"Helplessly, the two of them turned around and waved their hands, signaling for the people in the car to come over and help. "

"Camels blocking the road was a very common phenomenon in desert areas, so the driver and prison guard in the prison van didn't think much about it. They immediately opened the door and got out to check. "

"They thought that no matter what the camel was doing, the four of them would be able to pull it to the side of the road. "

"However, when they arrived, they suddenly discovered a problem. They were shocked to see that it was not that the camel could not move, but that its hooves had been tied up with ropes. "

""Ah?"" Realizing that something was wrong, the two prison guards were shocked and immediately raised their guns. "

"However, the two Arabs, who had been prepared for this, had already made their move. Their movements were Swift and sharp, and they caught the prison guard off guard. Before he could even raise his gun, he had already been knocked out. "

"At this time, the prison guard sitting in the prison van noticed the situation. He hurriedly opened the door and jumped out. He then aimed his gun at the two Arabs and shouted, ""Don't move! Don't move!"" "

"However, he only managed to shout ""don't move"" twice before his neck was strangled by someone who suddenly appeared behind him. "

“At the same time, another Arabian man in a long robe rushed over and dodged his rifle. ”

Oh ... Wuwuwu ...

The man only groaned a few times before he was strangled to the point of fainting.

“The three prison guards were easily subdued. After confirming that they were completely unconscious, the Arabs took off their veils. It was Zhao Yu and the three beautiful women. ”

“However, knocking out the prison guards was not the whole of their plan. It was just the beginning. ”

“As the few of them made a hand gesture, they began to nervously and busily proceed to the next step.  
”

“Rena returned to the camels to untie them. On the other hand, Amelia found the transfer documents for prisoners in the control room and looked for suitable prisoners. ”

Ding Lan took the prisoner’s key from the guard.

“At that moment, Ding Lan, who understood Arabic, shook her head at Zhao Yu after reading the message, then said in a low voice, “”””Zhao Yu, I told you not to. Look at these names, they are all typical African names. Once they see your face, they might be exposed! ”

“”””Besides, you don’t know how to speak Arabic ...””” He said. ”

“”””Cut the crap!””” Zhao Yu insisted on pointing at a name on the list and said,“”””this one, number 1095. Tell me, What’s My Name?””” ”

“”””Horse gang kawan!””” “”””The robber and murderer of lontemell. He killed a person ...””” Amiola introduced. ”

“”””Alright ...””” Zhao Yu pointed to the prisoners in the car and shouted,“”””bring them in!””” Let’s read it while we change, okay?””” ”

“Hearing Zhao Yu’s words, amerolla quickly got into the car and pulled out a prisoner with the number 1905 printed on his prison uniform. ”

The prisoner didn’t know what had happened. He was so scared that he trembled and couldn’t even walk properly.

Ding Lan went up to him and took off his mask. The three of them were dumbfounded when they saw that the criminal named kawan was a black man with a curly beard!

“”””What the ...””” Zhao Yu complained,“”””why didn’t you say so earlier?””” ”

“”””There’s no photo in the information!””” Amiola clarified. ”

“”””Dig in the house ... Wadamaka ...””” The black man named kawan was so scared that he didn’t know what to do. He blurted out a bunch of words in a language that Zhao Yu didn’t understand. ”

“”””Tsk ...””” Lola Mei shrugged helplessly and introduced,“”””this person is still speaking in the berserk language ...””” ”

““““Alright, I told you, your plan is unrealistic!”” Ding Lan waved her hand in relief. ““““I really don’t understand why I have to be crazy with you!”” ”

““““Everyone else wants to escape from prison, but you want to get in by all means possible! ”

““““Now, not only did our plan fail, but we’ve also exposed our target! What were they waiting for? Hurry up and retreat!”” ”

““““Dig inside the house, Mada bar ...”” The black man continued to slip away. ”

““““Go to your room and dig!”” Zhao Yu went up and gave kawan a punch, knocking him out. ““““No,”” he said to Ding Lan. ““““We’ll stick to the plan. Since there’s no photo on the handover, I don’t think the people inside have any more detailed information!”” ”

“At this time, amiola heard strange movements from the other prisoners in the car, and she quickly got into the car with her gun. ”

“Zhao Yu grabbed the key from Ding Lan’s hand and unlocked the handcuffs and shackles on kawan from the horse gang, then started to undress the prisoner. ”

““““Zhao Yu, are you crazy?”” Ding Lan stopped Zhao Yu and objected, ““““if you go in like this, you’ll definitely give yourself away! If you reveal any flaws, you’ll be interrogated. Not to mention saving your Godfather, you won’t be able to get out either!”” ”

““““Don’t worry! I know what I’m doing!”” Zhao Yu pushed Ding Lan away and continued changing the prisoner’s clothes. ““““As long as I can get in, I can take care of everything!”” ”

““““But ...”” Ding Lan still wanted to argue. ”

““““It’s too late!”” Zhao Yu shouted, ““““hurry up and read me the information!”” ”

““““This ...”” Although Ding Lan knew that Zhao Yu’s thoughts were crazy and childish, she still read him the information about kawan, the horse gang, according to Zhao Yu’s request. ”

“Zhao Yu also quickly stripped the real horse gang kawan naked, then changed into his clothes. ”

““““Don’t worry, little sister!”” After changing his clothes, Zhao Yu pressed on Ding Lan’s shoulder and said, ““““I will definitely save your Godfather, my father-in-law! ”

““““Feng’s hotpot chicken is very famous. After we come out, let’s go and eat as a family!”” ”

““““Let’s go, let’s go!”” At this time, Rena had already taken care of the camel. She ran over and urged, ““““someone will come from the prison soon. We still have to take a burden with us, so we have to leave quickly!”” ”

““““Brother-in-law!”” Ding Lan suddenly hugged Zhao Yu tightly and kissed him on the cheek. ““““You have to be careful!”” She warned him. ”

““““Don’t worry!”” Zhao Yu laughed. ““““Prison is a piece of cake for me. I’m an expert in prison!”” ”

“What Zhao Yu said was true. Before he transmigrated, he was indeed an expert in imprisonment, but this time, he was in a prison abroad. ”

“However, Ding Lan still hugged Zhao Yu tightly. ”

“““Sister ...”” Zhao Yu patted her gently and comforted her again,“““don’t worry! I’ll be fine. Don’t we have a backup plan? Don’t worry!”” ”

“Hearing Zhao Yu’s words, Ding Lan finally let go of him. ”

“““Police officer Zhao Yu,“““ Rena, who was holding the camel in one hand, quickly kissed Zhao Yu’s face and said,“““please rest assured. If there is no news after ten days, I will report this to my superiors and ask our people to find a way to save you!”” ”

“OK!”Zhao Yu nodded.

“““I also want a hug!”” “““Don’t worry,“““ she said, hugging Zhao Yu.””The locator in your body uses nanotech, so it won’t be detected!”” ”

“““And ...”” She handed a black micro-communication device to Zhao Yu.””This thing uses Bluetooth transmission, and there are buttons on both sides that can be attached to other things. ”

“““After you enter, handle it carefully. You must not let them find out!”” ”

“““I understand, I understand!”” Zhao Yu patted Amilora’s back. ”

“Amiola also kissed Zhao Yu and said,“““Actually, if your little bug didn’t expose itself that night, how good would that have been!”” ”

“““Um ... This ...”” ”

“After that, Miss Lola winked at Zhao Yu, and the three ladies carried the unconscious prisoner onto the camel’s back. They then left the road and entered the desert. ”

“Not long after the ladies left, a police car came to their aid! ”

Alright!

“Zhao Yu looked at the police car and thought,“““the show is about to start!”” ”

“““Father-in-law, wait for me, I’m coming!”” ”
