

Crazy 1671

Chapter 1671: I want to go to prison (part three)

“Ever since he had entered the desert, Zhao Yu had been reminded of two TV dramas.”

“One of them was Project Eagle, a movie by Jackie Chan. In that movie, the protagonist also entered the desert with three beautiful women.”

“However, they had entered the desert to look for treasure, while he had entered the desert to look for a prison.”

“The other one was Prison Break, an American drama.”

“In “Prison Break,” the protagonist went to prison to save his brother, while he himself went to save his father-in-law, Miao kun.”

“Zhao Yu felt that he was in the same mood as the protagonist, but he didn’t expect that it would be so much harder to get into a desert prison like the house of sin than to escape.”

“After two days of investigation, they found out that the house of sin wasn’t a real prison, but a real black prison!”

“Only a small portion of the criminals locked up here were real criminals. Most of them were political criminals, terrorists, and even many innocent people who had been kidnapped!”

“Most of these innocent people were rich businessmen or tourists. After they were caught in prison, they would blackmail their families. They would only be released after they were paid enough money!”

“If they didn’t have enough money, they would be locked up indefinitely or even tortured to death.”

“Therefore, the locals jokingly said that the prison was the Somalia pirates in the desert. Its existence itself was a sin, so it was called the home of evil by the world!”

“Because of the special nature of the prison, it was very difficult for Zhao Yu to enter the prison to be a prisoner.”

“He couldn’t be like the protagonist in “Prison Break”, who could just rob a bank and be sent to a designated prison. If Zhao Yu had chosen to do that, he might not even have been able to go to jail, but would have been killed by those armed men!”

“So, after thinking hard for two days, Zhao Yu finally thought of such a strange idea. Not only did he have to Rob the prison van, but he also had to exchange identities with one of the prisoners, forcibly turning himself into a prisoner!”

“No one else could pull such a trick, so when Zhao Yu proposed it, Ding Lan and the other two ladies strongly opposed it.”

“There was no doubt that this was no different from suicide, and Ding Lan would never agree to it.”

“However, Zhao Yu was very confident and thought that he could do it, so he insisted on carrying out the plan.”

“Zhao Yu had many reasons. The most important one was that he had a powerful system device with him. He also had several invisible aircraft that he could use. If he were to encounter any trouble, he could fly away at any time!”

“Secondly, now that he knew that Miao kun was locked up in the house of sin, he naturally hoped to meet him as soon as possible. One was to ask about the situation, and the other was to ensure Miao kun’s safety.”

“Secondly, as the matter of the world’s richest man, londee, was also closely related to the prison, Zhao Yu had to think about the long term. Once the news was leaked, it would definitely lead to more accidents.”

“One Morocco to know that Rena represented the moroca government, amilora represented the Yusoff group, as well as Jake and the special agents from other countries, were all paying close attention to news about londee.”

“If he could find clues about londee from the house of sins, he would be able to seize the initiative and give secret services the initiative.”

“Therefore, whether it was for the sake of his father-in-law’s safety or for the mission of secret services, Zhao Yu felt that he had to take the risk.”

“If it weren’t for the fact that he needed Ding Lan and the others’ help to enter the prison, he wouldn’t even have discussed it with them and would have taken action long ago!”

“In the end, however, he managed to convince Ding Lan to agree to his plan.”

“In fact, Ding Lan had no other choice. She was worried about Miao kun’s safety. Secondly, she also wanted to find out the truth of the whole matter. She was worried that other interest groups would get the upper hand in the matter regarding londee.”

“Therefore, in the past two days, they had come up with a plan to enter the prison together, and in the end, it was successfully implemented.”

“At that very moment, Zhao Yu and the other three prisoners were pushed back into the prison van and brought back to the house of sin.”

“As soon as he entered the prison, before he even got out of the car, Zhao Yu could smell something very uncomfortable. It was a fishy, disgusting, wet, and stinky smell mixed with the smell of moldy blood. This smell was very familiar to Zhao Yu, as if it was the same smell in all the prisons.”

“Due to the attack on the prison van, the prison guards attached great importance to it and sent out twice the number of police force at the handover.”

“Zhao Yu was carrying a communication device with him, which was of great importance. It was to be used to contact Ding Lan and the others in the future.”

“As it was an electronic device, it would be easily searched, so Zhao Yu had stuck it under the prison van in advance and would come back to get it later.”

“After the police handed over the case, they took off their hoods one by one. When they noticed that Zhao Yu had an Asian face, they naturally felt a little strange.”

“However, they quickly followed the procedure and brought Zhao Yu and the others into the prison. They began to search them and arrange their cells.”

“To be honest, the prison guards were also a little confused about the attack. They didn’t understand what the robbers wanted.”

“The prisoners didn’t run, and the prison van didn’t move. Other than the three prison guards who had been knocked out, they didn’t suffer any losses.”

“However, since there was an accident, an investigation was still necessary. They sent a large group of patrol soldiers to pursue the robbers.”

“In addition, they also had to interrogate the prisoners to see if they had anything to do with the incident.”

“Especially Zhao Yu, who was obviously different from the rest.”

“Originally, Zhao Yu had prepared an invisible disguise device and wanted to disguise himself as the black man.”

“However, on second thought, the vessel could only change his appearance, but not his body. Thinking about it, his head was a black man, but his body was an Asian. Wouldn’t he be treated as a monster?”

“Hence, Zhao Yu simply maintained his original appearance and accepted the interrogation of the prison guards.”

“He had decided to go all out, thinking that he would be able to see Miao kun as long as he could stay in prison. So, do whatever you want!”

“However, even though he was going all out, during the interrogation, he still switched the simultaneous translator to berserk and spoke in authentic berserk.”

“However, something unexpected happened. During the interrogation, Zhao Yu suddenly realized that the prison guards didn’t seem to care much about his identity, as if his Asian face didn’t affect his status.”

“So, Zhao Yu saw hope and started to lie. He first said that he was of mixed blood, and that although he looked Asian, he was actually an African native.”

“Then, he kept emphasizing that he was innocent, that he had been wronged, that he had been caught in a daze, and so on. When he reached the emotional part, he even sniffled and cried, pretending to be extremely pitiful.”

“After more than half an hour of interrogation, although the prison guards still had doubts, they couldn’t get anything out of Zhao Yu. So, they simply gave Zhao Yu bedding and other daily necessities, then let him go to the prison! ”

No way?

This works too?

“Zhao Yu didn’t expect things to go so smoothly. He was even prepared to be whipped, or be forced to confess under torture. ”

“It seemed that this evil house was just as the rumors said, its management system was more arbitrary. ”

“Just like that, Zhao Yu and the other three new people were brought into the prison. ”

“The cell was filled with a foul smell. As soon as they entered, the cells on both sides of the corridor immediately exploded. Especially after seeing that Zhao Yu looked Asian, the screams and whistles became even more intense. Some people even reached out their hands to grab Zhao Yu. ”

It was probably the first time the other three had seen such a formation. They were so scared that they lowered their heads and shivered. But Zhao Yu didn’t feel anything.

“Logically speaking, when a new person came to the prison, the prison should first arrange a single room or a double room for a few days so that the new person could get used to it, and then move to the general cell. This could reduce the probability of the new person being bullied and abused. ”

“However, the house of sin was different. They had locked Zhao Yu up in a cell with more than a dozen people! ”

“These dozen people were all experienced in the prison. As soon as they saw Zhao Yu come in, they all laughed. ”

“““Hahaha, we’re really lucky this time. There’s such a pretty one,”” a burly bald man said as he wiped his hands.””We can finally enjoy tonight, hahaha ...”” ”

“““Hey, guys, take it easy ...”” Another man with a full beard said.””Look at his small body. He might be killed by you on the first day!”” I don’t want to be punished like last time ...”” ”

“““Hahaha ...”” Another tall black man laughed and said,””don’t worry! We’ll take good care of him like Tianxin did, hehehehe ...”” ”

“As he spoke, everyone smiled wickedly and slowly surrounded Zhao Yu. ”

Chapter 1672: Chaos in prison (1)

“Zhao Yu didn’t care about the gazes of his fellow inmates. He just carried his blanket and looked for his own bed in the cell, completely ignoring the existence of these people. ”

“Maybe they wanted to have some fun, but the prisoners didn’t rush to Zhao Yu, but followed behind him, looking at him with interest.”

“Finally, Zhao Yu found a bed with only a cotton pad in the depths of the cell. However, the bed was next to the toilet in the cell. The smell was very strong, and it was the worst bed.”

“To be honest, even Zhao Yu, who had been in prison, had never seen such a simple and backward environment. If it was an ordinary person who came here, they would not be able to accept this cruel reality.”

“However, Zhao Yu wasn’t here to go to jail, so he put the blanket on the bed and started to make it.”

“At this time, many prisoners were gathered in front of Zhao Yu’s bed. Some of them had even touched Zhao Yu.”

“However, Zhao Yu still ignored her and continued to make the bed.”

“Finally, a skinny black prisoner made the first move. He didn’t wait for Zhao Yu to make the bed, but jumped onto Zhao Yu’s bed, stepped on Zhao Yu’s quilt, and said, ””

“”Hey, newcomer, in order to show our welcome to you ...” He took off his pants and said in Arabic with an evil expression, ”I’ll give you a gift on behalf of everyone!” ”

“Then, she peed on Zhao Yu’s blanket ... ”

Hahaha ...

Hahaha ...

“The prisoners laughed and were so happy that they were staggering. Someone even took the opportunity to push Zhao Yu, causing him to stumble.”

“It seemed like they wanted to push Zhao Yu onto the bed, which was stained with urine.”

“Seeing that Zhao Yu was pushed so easily, a local man with a full beard immediately had an evil intention. He first smiled insidiously, then took advantage of the chaos to grab Zhao Yu’s vital parts!”

“However, this time, Zhao Yu didn’t stay still, but grabbed the man’s wrist without any warning.”

“Then, Zhao Yu bent the man’s four fingers and pulled them back. The man bent down in pain and screamed.”

Whoosh ...

“Seeing this, the other prisoners immediately rushed forward, wanting to surround Zhao Yu.”

“”Wait!” ”

Zhao Yu pushed the man’s wrist in front of him and shouted at the crowd in Arabic.

“In order to enhance the shock effect, Zhao Yu actually used an invisible loudspeaker. His shout immediately stunned all the prisoners.”

“”Ah ...” ”

“As Zhao Yu exerted more force, the man who was restrained let out another scream. He felt that his wrist was about to break. ”

“““Everyone, I’m new here, so I don’t really understand the rules here!”” Zhao Yu scanned the crowd and said coldly,““are you guys playing gang fight? Or a one-on-one?”” ”

“““...”” Hearing this, the prisoners looked at each other, obviously not quite used to it. ”

“However, a prisoner with a white beard quickly stood out from the crowd and asked Zhao Yu,““““What do you mean by gang fight? What do you mean by one-on-one?”” ”

Oh ...

“From the others ““eyes, Zhao Yu could tell that the white-bearded old man was the boss of the cell. ”

“““Gang fight means that I’ll pick people. I’ll pick three or five people from you and fight them!”” Zhao Yu said calmly,““one-on-one means that you guys pick a strong one and fight me! ”

“““This is an international practice. If I win, you have to acknowledge me and stop making things difficult for me. ”

“““If I lose, then I’ll do whatever you want with me today!”” ”

“““This ...”” White beard was slightly stunned at first, but after he exchanged a look with the other prisoners, everyone in the room laughed. ”

“““Why don’t you tell us the rules?”” Zhao Yu said,““if we start off with a random attack, it would be too lacking in the sense of ceremony, right?”” ”

“““Hahaha ... No, no, no...”” The white-bearded prisoner laughed, then waved at Zhao Yu and said,““we agree, we agree. We’ll do as you say!”” We choose Qingqing to fight one-on-one!”” ”

“As soon as the white-bearded man finished speaking, all the prisoners laughed along. As they laughed, they even let out excited cheers, and each wave was louder than the last. ”

“Finally, in the midst of everyone’s cheers, a person stood up from the northeast corner of the cell! ”

“As the man stood up, the entire cell was in an uproar. ”

“The person was a black man who was almost two meters tall. His muscles were like steel, and they made a loud noise when he walked. He was a giant! ”

F * ck ...

“Zhao Yu cursed in his heart, feeling depressed. He didn’t expect to meet such a rare talent. ”

“““Hahaha ... Prepare for a 1v1!”” ”

“The white-bearded man smiled insidiously. Then, he waved his hand, and everyone quickly moved away from the scene. ”

“Boom, boom, boom ... ”

The black man walked in front of Zhao Yu and clenched his fist. It was a scary sight.

“Seeing that the other party was already in position, Zhao Yu had no choice but to shake his wrist and let go of the guy who had been restrained. The man quickly ran away.”

“”Wayaya ...”” ”

The black man let out a thunderous roar and made a provocative gesture at Zhao Yu.

“However, Zhao Yu was unmoved. Instead, he made the same provocative gesture at the black giant.”

“”Wayaya ...”” ”

The black giant roared in anger and finally pounced at Zhao Yu!

“All of a sudden, the atmosphere in the prison cell reached its peak. All the prisoners raised their arms and shouted loudly, and their voices filled the sky!”

“They all thought that Zhao Yu would be beaten up badly, and then they would be able to teach this smooth-skinned newbie a good lesson.”

“However, when the black giant rushed in front of Zhao Yu, an accident still happened.”

“Zhao Yu faced the giant’s Iron Fist, but not only did he not Dodge, he also clenched his fist and punched directly!”

Bang ...

“In a split second, the nearly two-meter-tall man was sent flying like a huge meteorite!”

“With a loud bang, he crashed into the wall of the cell!”

“What happened in the next second was absolutely terrifying. After the black giant crashed into the wall, a huge hole appeared in the hard wall with a loud bang, and he fell into the hole.”

“The wall caved in, and dust flew everywhere. However, there was a light in the dust. When everyone took a closer look, they realized that half of the black man’s body was already lying in the cell next door ...”

Cough cough ...

“The giant painfully fell among the broken stones and bricks, coughing out a large amount of blood, and was already unable to stand up.”

Hua Hua ...

“With a series of clattering sounds, a few curious heads appeared behind the Big Hole that had been smashed open. They were all prisoners from the neighboring cell!”

“”Ah!?”” ”

“All of a sudden, the cell was completely silent. All the prisoners were dumbfounded, so shocked that their jaws almost dropped to the ground!”

“Looking at Zhao Yu, he was still in the same pose as before, looking as cool as he could be.”

Hmph Hmph ...

It's a small thing ...

"Zhao Yu laughed in his heart. If I didn't use my invisible hammer, I really wouldn't have been able to do anything to you, right?"

"Alright, since I can't do it, I'll use it!"

Chapter 1673: Chaos in prison (2)

""Hey!""

"Just as the prison cell was in complete silence, Zhao Yu suddenly slapped the skinny monkey, who was peeing on his bed, on the shoulder. The skinny monkey was so scared that he almost fell to the ground."

""Let me ask you,"" Zhao Yu asked kindly, ""which bed is yours?""

""This ... This ... Oh, it's that, over there!"" Skinny monkey quickly pointed to a bed near the door of the cell and answered with a trembling voice, ""No. 1888, that's mine!""

""Oh ... That's quite lucky!"" Zhao Yu nodded, then let go of her and said, ""alright, I'll sleep in your bed from now on!"" Then, he pointed to his bed that reeked of urine and said jokingly, ""this one is yours. You can sleep here!""

"Then, Zhao Yu swaggered over to bed 1888, then lay down on the bed as if there was no one else around."

""Oh ..."" Although the bed also had a pungent sour smell, Zhao Yu still stretched lazily, then lay on the bed and closed his eyes to rest."

This ...

The other prisoners were still in a state of shock. No one could believe that what had just happened was real!

"They believed that there were indeed many strong men in this world, but it was impossible for one to be so powerful to such an extent."

"Moreover, Zhao Yu didn't look particularly strong."

"However, no matter how unbelievable it was, it had really happened. They all saw it clearly and had to believe it."

"As there was a large hole in the wall, the prisoners in the cell next to theirs looked at it for a long time before someone asked, ""Hey, what's going on? Why would the big guy hit the wall?""

""Yeah ..."" Another person squatted down to check on the giant's injuries and sighed. ""The point is, we can't commit suicide like this! Wasn't this just suffering? Look at how you hit yourself, it hurts just by looking at you ...""

Toot ...

Toot ...

“Soon, the prison guards appeared outside the cell. The prison guards who had heard the news did not know what had happened, but when they saw the two cells suddenly ““having an affair,”” they naturally could not sit by and do nothing. They immediately opened the cell door and came in to check. ”

“When the prison guards saw the black giant lying in the Big Hole, they also showed an incredulous expression and hurriedly asked the crowd,”” ”

“““Who can tell me what’s going on?!““ ”

“Hearing the prison Guard’s question, all the prisoners looked at Zhao Yu, who was lying on the bed with his legs crossed and his eyes closed. ”

“““What?““ The prison guard looked at Zhao Yu, feeling even more confused. ”

“““Oh ... Oh ...““ At this time, the white-bearded boss finally reacted and hurriedly saluted the prison guards. Then, he pointed to the black giant and said,”” reporting, Sir, baboka committed suicide and hit the wall. He accidentally hit the wall and it collapsed!!““ ”

“““What?““ The prison guard was stunned, and his eyes almost fell to the ground. He hurriedly asked the others,””is what he said true? Did they get into a fight?““ ”

“““Yes ...““ The prisoners looked at each other, then quickly nodded and said,””that’s right, Sir. It’s just that baboka couldn’t think it through and hit a wall!““ ”

“““Yes, that’s right, that’s right,”” white beard quickly said.””We didn’t fight. Don’t you know about baboka? Who would dare to fight with him?““ ”

“The prison guards looked at each other and nodded. One of them looked at the wall and complained,””the walls of our prison are too weak.”” Fortunately, he didn’t hit the outer wall!““ ”

“““It’s such a pity for baboka,”” another prison guard said regretfully.””He still has a few more matches this month! I’m afraid the warden will be disappointed. ““ ”

“““Alright,”” another prison guard pointed at the giant and said,””look at how badly he’s injured. Let’s send him to the hospital!““ Don’t die again ...““ ”

“““Yes, yes, yes ...““ The prison guards finally reacted and quickly ordered white beard,””send a few people to take him to the infirmary!““ ”

“““Yes, yes, yes ...““ The white-bearded man agreed repeatedly. He immediately arranged for people to start carrying the giant. ”

“““Strange ...““ At this time, a prison guard nearby saw the problem and immediately muttered to himself,””if he hit the wall to commit suicide, he should be lying inside, right?““ ”

“““But why is he lying on his back inside?““ The prison guard frowned and muttered to himself,””could it be ... He hit the wall upside down?““ ”

““No, no...” The white-bearded man hurriedly explained,““he was lying on his stomach, but he turned around just now ...”” ”

““Oh ...” The prison guards were no longer suspicious. They immediately directed the prisoners to carry the man to the infirmary. ”

“Not long after, they found more bricks and cement, and asked the prisoners on both sides to re-seal the holes in the walls. ”

“During the whole process, Zhao Yu was lying on the bed, resting, while the other prisoners kept their mouths shut. No one dared to say a word about what had just happened. ”

“It seemed that the white-bearded boss had some brains. He knew that Zhao Yu was so fierce that if he told the truth, Zhao Yu would definitely take revenge on him in the future. ”

“After all, what had happened just now was too shocking. Zhao Yu had punched the black giant, which weighed more than 200 pounds, into the wall. If it had been anyone else, they would have died immediately. ”

“Besides, even if they really reported the situation to the prison guards, everyone in the room could prove that Zhao Yu did it, but the prison guards had to believe it, right? ”

“If they didn’t do it well, the prison guards would be disgusted, which would be disadvantageous to them. ”

“Therefore, all the prisoners chose to remain silent, and no one said a word. ”

“However, no one could pretend that nothing had happened just now. For a moment, everyone felt like there was a dagger at their backs and could no longer feel at ease. ”

“Although Zhao Yu was resting on the bed, most of them only dared to steal a few glances at him, while a small portion of them didn’t even dare to look at him in the eye. ”

“In fact, Zhao Yu had never thought of using the system device at first. He really wanted to have a physical fight to relieve some of the pressure. ”

“However, when he suddenly saw such a two-meter tall giant, he was really not confident. So, he might as well go all out and give them the most shocking effect! ”

“Zhao Yu was well aware of the rules of survival in prison. If he wanted to survive in prison, there were two most important things. One was his background, and the other was his fists! ”

“Zhao Yu obviously didn’t have the first point, so he could only work on the second point. ”

“He felt that he had already completed his task of intimidating the other party with his punch just now. The next step was to quickly find his father-in-law, Miao kun. ”

“Zhao Yu was sent to the prison in the afternoon. Because of the car robbery, he was taken to the prison for interrogation, so he didn’t go to the cafeteria for lunch. ”

“In the afternoon, there was time for work, but it was delayed by repairing the wall. ”

“Zhao Yu could only wait until Sixo’ clock, then followed the other prisoners to the dining room for dinner.”

“The prison’s dining hall was also very simple, and the sanitary conditions were even worse. Flies were flying everywhere, and there was an unpleasant smell everywhere, which could not arouse any appetite at all.”

“From this, it could be seen that the prison food in the dining room was not any better. Zhao Yu took a plate and got a plate of vegetable soup and a plate of sticky food. He had no idea what they were made of.”

“However, Zhao Yu wasn’t in the mood to be picky about these things. He walked back and forth in the dining room with his plate, his eyes looking for that familiar figure.”

“However, the cafeteria, which could hold more than 200 people, was almost full. Zhao Yu strolled around a few times, but there was no sign of Miao kun until the meal was over.”

Chapter 1674: Chaos in prison (3)

“””Motherf * cker ...”” ”

“That night, Zhao Yu, who was lying on his back on bed 1888, cursed in a low voice. He was feeling very hungry.”

He couldn’t help it. The sticky food for dinner was really hard to swallow.

“The most infuriating thing was that there were only plates and no cutlery in the prison. He had to dig with his hands to eat the overcooked food. He really couldn’t get used to it, so in the end, he didn’t even eat a single bite.”

“This was not a place for humans to stay. If it was in his own country, Zhao Yu could guarantee that anyone who had been in such a prison would take the initiative to turn over a new leaf and never want to go back in again!”

“More importantly, Zhao Yu had searched the entire restaurant. Although he had seen a few Asian-looking people, he had not seen Miao kun.”

Why was this so?

Why didn’t Miao kun appear in the cafeteria? could it be that he had been locked up in a separate cell and was eating in a different cafeteria?

Or ...

Tsk tsk ...

“Suddenly, Zhao Yu remembered a detail. Two days ago, when he had found Miao kun using the invisible drone, Miao kun had been smoking by the window on the second floor of a small building.”

There were actually cigarettes to smoke?

Could it be that ... He was not a prisoner?

“““No...”” Zhao Yu then remembered that he could clearly see from Miao kun’s back that he was indeed wearing a prison uniform. What was going on? ”

It seemed like ... He would have to ask around first to find out what the small second floor was for ...

Whoosh ...

“Just as Zhao Yu was thinking about his next move, he suddenly heard a swish. He saw two thin ropes being twisted around his body! ”

“Two ropes, one wrapped around Zhao Yu’s legs and the other around his arms. Zhao Yu was instantly restrained on the bed! ”

“““Ah!”” ”

Zhao Yu was shocked to see that the people who had tied him up with the rope were the prisoners led by white beard!

F * ck ...

“Zhao Yu struggled, but he couldn’t move. ”

“““Go!”” ”

“Following the white-bearded man’s order, several prisoners immediately pressed Zhao Yu down, some crossing their arms, some crossing their legs, and pressed him down on the bed. ”

“““Hmph ...”” The white-bearded man sneered and said fiercely,“do you think you’re so great just because you can fight? ”

“““A little Easterner wants to be rude to us? ”

“““Today ... I’ll let you have a taste of our power. Let’s see what you can do in the future!”” ”

“Then, he gave a signal with his eyes. Immediately, two strong black men rushed in front of Zhao Yu and grabbed his ankles. They pulled his left leg out of the bed and placed it on the bed. ”

The other black man raised a red brick used to block the wall and aimed it at Zhao Yu’s leg!

“““Listen, I only want one of your legs today!”” The white-bearded man said coldly,“let’s see how a one-legged person like you can still use your fists to hit people in the future! Hehehe ...”” ”

“““Sigh ...”” After understanding the other party’s intention, Zhao Yu was relieved. Instead of struggling, he showed an impatient expression and asked,“I say, are you sure you can break my leg with a brick?”” ”

“““Hmph, it’s useless to beg for mercy!”” The white-bearded man pointed at Zhao Yu and ordered his men,“cover his mouth first, so that he won’t scream later. Call the prison guards!”” ”

“Then, the skinny man immediately understood and quickly took off his underwear, trying to stuff it into Zhao Yu’s mouth. ”

""Sigh ... You guys are really short-headed ..."" "

"Zhao Yu sighed again. He had thought that the mallet would be able to solve the problem. However, he didn't expect that this group of people would be so stubborn and actually dare to sneak attack him. "

"At first, Zhao Yu just wanted to use an energy booster to teach these people a lesson. However, seeing that they were about to stuff a pair of smelly underwear into his mouth, maniac Zhao was infuriated! "

"Hence, Zhao Yu gave up on the energy booster that he had prepared earlier, and took out another device that was even more powerful. "

""Come on, hehehe ..."" At this time, Shou hou stuffed his underwear in front of Zhao Yu's face and said excitedly, ""I'll let you have a good taste of me. Let's see if you still dare to occupy my bed in the future!"" "

"Roar ... Gulp ..."" "

"Just as the skinny monkey was about to make his move, he suddenly heard Zhao Yu growling on the bed. It was the kind of growling that only a wild beast would make. "

"In the end, when they looked down at Zhao Yu again, they were all stunned. "

They suddenly realized that Zhao Yu's face had changed in a strange way!

"The skin on Zhao Yu's face had turned a terrifying black, and his hair was growing like wild grass, all standing up. "

"Then, Zhao Yu's eyes turned red, and blood was flowing out of the corners of his eyes. Two huge white fangs grew out of its mouth, and the fangs were covered in disgusting saliva! "

"Finally, Zhao Yu's tongue suddenly came out of his mouth, and he could lick his forehead. "

""Roar ... Roar ... Roar ..."" "

"With Zhao Yu's sudden change, his roars became more and more maniacal and terrifying, and he had turned into a creepy monster! "

"Looking at the prisoners again, they were all scared out of their wits and dumbfounded on the spot. "

"They had never seen such a living, bloody, and terrifying scene before. All of them were so scared that their faces turned pale and they trembled. Even the black man's face seemed to be covered in a layer of white frost. "

"In the first few seconds, these people thought that they were hallucinating and were frozen in place. But as Zhao Yu became more and more terrifying, they finally realized that everything was real! "

The man lying on the bed was actually an evil monster ...

"Finally, when the fear reached its peak, these prisoners could no longer bear the huge psychological stimulation. No one dared to hold Zhao Yu down, so they all screamed in fear and ran! "

""Ah ... Iblis (ghost), Iblis ah ..."" "

""Ah ... My mother ..."" "

""Please bless me, please bless me ..."" "

""Ah ..."" "

"However, this was a narrow prison after all. No matter how they tried to escape, they couldn't escape. They could only hide under the bed or in the bathroom ... "

""Wayu ..."" "

Zhao Yu stood up and started to walk around the cell like a monster.

"To be honest, he wasn't in the mood to show off, but he had already used the invisible disguise machine. If he didn't cooperate and show off, he would really be letting down such a precious tool. "

"Hence, Zhao Yu gave chase perfunctorily, then grabbed the skinny man from under the bed. "

""Ah ... Ah ... Please bless us, please bless us ... Ah ... Ah ..."" Skinny monkey was so scared that his body twitched and white foam came out of his mouth. "

"Zhao Yu stuck out his long tongue and licked the man's face, then the man passed out. "

""Spit ..."" Zhao Yu was disgusted and immediately cursed in his heart, it's so F * cking stinky! "

""Ah ... Ah ..."" "

"Seeing that skinny monkey had fainted from fear, the others thought that he was already dead. They were all even more frightened and wanted to dig a hole in the ground to hide in! "

"In an instant, the entire prison cell was in chaos ... "

Chapter 1675: Chaos in prison (4)

Toot ...

Toot ...

"A few minutes later, a large number of prison guards rushed into the cell that Zhao Yu was in. They blew the assembly whistle and pulled the prisoners who were hiding under the bed and in the bathroom to the center. They had everyone stand in two rows with their hands on their heads. "

"What made the prison guards curious was that these prisoners ""legs were all so weak that they couldn't even stand straight. Some of them were even trembling. "

""What the hell is this?"" At this moment, a prison officer stood in front of the crowd and asked, ""are all of your cells possessed? Someone hit the wall during the day, what was going on at night? "

""What's all the noise about? you're wailing like a ghost! Do you guys want to be locked up?"" "

""No... No no no..."" "

"The crowd shook their heads, but they all looked at Zhao Yu unnaturally. "

“At that moment, Zhao Yu had already returned to his original appearance. He stood still at the outermost part of the team, as if nothing had happened. ”

“““Say something!”” The chief prison guard smashed his Baton on the bed and shouted angrily,““can you stop for a while? today is the African Cup of continents, Egypt is going to play against Nigeria and Farrah is going to play. Can you let us watch the game?”” ”

“However, after the prison officer finished shouting, he found that the prisoners were still out of their minds. ”

“““I’ve really seen a living ghost!”” The senior prison guard pointed his Baton at white beard and said,““segan, say something. What happened?”” ”

“““Re...Sir, mm ... Mm ...”” At this time, as the leader, white beard had to speak. He took a step forward, but his eyes were fixed on Zhao Yu in the distance. ”

“““What do you mean by ‘hmm’?”” the prison officer pulled him in front of him and asked angrily,““I’m telling you, the warden is already very angry that Barbosa can’t compete ...”” ”

“““If you don’t tell me, I’ll put all of you in solitary confinement. Otherwise, I’ll make you stay in the devil’s zone for a month!”” ”

“““No... No, no, no...”” The white-bearded man quickly waved his hand and said,““Sir, Sir, I’m sorry, I’m sorry!”” ”

“““I ... I, I, we ...”” As he spoke, he looked at Zhao Yu fearfully, then said with determination,““we were just playing a game! We’re really sorry, we didn’t know and we’ve disturbed you!”” ”

“““I’m sorry, I’m sorry ...”” ”

“As he spoke, he quickly turned around, took out a pack of cigarettes from under his bed, and handed it to the prison officer. ”

“““My Lord!”” The prison officer took the cigarette and complained,““are you guys feeling itchy in the butt because you haven’t been beaten for a few days, huh?”” ”

“““Playing games? What game are you playing?”” ”

“““Um ... I ... I was playing a game of pretending to be a ghost to see who was the scariest. I ... I accidentally ... Scared ... Scared you just now ... Hehehe ...”” The white-bearded segan stammered as he explained, the smile on his face looking particularly forced. ”

“““Hehe ... Hehe ... Right ... Right ...”” The others were also speechless. They all understood what segan meant and immediately echoed,““we went a little too far ...”” ”

“““Hmph!”” The prison officer snorted and laughed.““You guys are crazy. You even pretended to be ghosts to scare people. Let me tell you, with your looks, you don’t even need to dress up. You’re already scary enough! Hehehe ...”” ”

“““Hehehe, yes, you’re right, Sir ...”” The white-bearded man quickly nodded and bowed. ”

“““I’m warning you,”” the prison officer pointed his Baton at the crowd and said,””my patience is limited. If you don’t stop, don’t blame me for being rude, understand?”” ”

“““Understood, understood ...”” Everyone hurriedly bowed. ”

“The prison officer then led the group of prison guards out of the cell. With a creak, the cell was locked, and soon disappeared from the eyes of the prisoners. ”

“However, after the prison guards left, the atmosphere in the cell became even more depressing. The dozen or so prisoners present did not dare to move, but all looked at Zhao Yu in fear. ”

“Although Zhao Yu was now a normal person, the way he had bared his fangs and looked so terrifying had been imprinted in everyone’s minds, and they couldn’t get rid of it. ”

Monsters ...

Monster ...

Demons ...

No one knew what Zhao Yu was.

“Horseradish ... Oh ... No, segan, right?”” ”

“At this time, Zhao Yu finally moved. Not only did he move, but he also walked in front of the white-bearded boss and put his hand on his shoulder very naturally. ”

“Segan suddenly trembled, his legs going weak, and he almost knelt down in front of Zhao Yu. ”

“““Come on ...”” Zhao Yu pulled the white-bearded man to the wall that had just been repaired that day, then picked up a stone and drew a circle on the wall. He said,””for example, this circle is the entire prison ...”” ”

“As he spoke, he drew a rectangle from a spot in the circle and asked white-bearded segan,””““I saw a two-story building in this area. Now tell me, what is that building for?”” ”

“““Yes ... Mm ...”” ”

“Segan looked at the other prisoners, who were still standing in place, not daring to move. Shaking, segan picked up a stone and made an ““X”” in the circle that Zhao Yu had drawn. ”

“““What the ...”” Zhao Yu took a closer look and saw that the circle he had drawn had turned into a BMW logo and was divided into four different areas. ”

“However, these four areas were not evenly distributed. Instead, there were two large areas and two small areas. ”

“““There ...”” Segan raised his trembling hand and pointed to a larger area near the door.””“This area is the factory area and the prison guards’ living area. ”

“““We’ll come to the factory regularly to work. We’re making some Arabian handicrafts, such as teasmier (bracelet), cashmere blankets, and so on ...”” ”

“““As for the remaining three areas, they’re all special,”” segan said as he pointed to the other three areas.”““We call these three areas heaven, hell, and the human world!”” ”

“““Oh ...”” Zhao Yu didn’t expect that there would be so many rules in this desert prison. ”

“““The place we are in is the human world, the most basic part of the prison. The prisoners here are all ordinary prisoners.”” Segan explained,”“the smaller area in the North is hell, also known as the devil’s zone. Those who enter there are usually criminals who have made major mistakes! ”

“““Usually, after entering, there’s only an average chance of survival.”” ”

“““Oh ...”” Zhao Yu looked carefully at the two-story building he had drawn and said,”“so, the house I saw was heaven?”” ”

“““Right!”” Segan explained,”“only people with rich families or powerful backgrounds will live in the heavenly District. You can not only eat and sleep well there, but you can also eat wine and drink meat, oh no, eat meat and drink wine as long as you are willing to spend money. ”” ”

Oh ...

“Hearing segan’s words, Zhao Yu was slightly relieved. No wonder Miao kun still had cigarettes to smoke! It turned out that the living conditions there were much better than here. ”

“They had checked Miao kun’s account, but there was no record of any expenditure. So, where did Miao kun’s money come from? ”

“Was he forced to move into the heavenly zone of the house of sin, or was it out of his own free will? ”

“““Let me ask you ...”” Zhao Yu patted white Beard’s shoulder and asked,”“how can I enter the heavenly area?”” ”

“““Well ...”” Segan said nervously,”“your family will need to send money to the prison. It’s about 2000 dollars a month ...”” ”

“““Is that so?”” Zhao Yu quickly asked,”“then can I call my family? How are they going to pay?”” ”

“““No, the prisoners in the house of sin don’t have the right to make phone calls or visit,”” segan said.”“The people who open the prison are very smart. They will contact your family through a safe channel! ”

“““As long as your family is willing to pay, you can even get out of prison, let alone live in the heavenly District!”” ”

“““Well ...”” Zhao Yu thought about it. His identity was fake, so even if he had money, he wouldn’t need it. ”“Then ... Is there any other way besides transferring money?”” ”

“““Hmm ...”” Segan shook his head and said,”“no!”” ”

Sigh ...

“Zhao Yu was disappointed, and he started to wonder if he should use an invisibility cloak or an aircraft. ”

““““Wait ...”” Segan suddenly thought of something and said to Zhao Yu,““““I just forgot that there should be another way to enter the heavenly zone!”” ”

Chapter 1676: Chaos in prison (5)

““““Is there really such a thing as underground fighting?”” ”

Zhao Yu couldn't help but ask after segan finished his introduction.

“In fact, Zhao Yu had already expected this to happen when the prison guards mentioned the giant. ”

Underground fighting in the black prison seemed to be a logical and normal thing.

““““Right!”” Segan nodded and said,““““every week, the prison will select prisoners who can fight and have a fighting competition. Those who win five rounds in a row will be able to enter the heaven District!”” ”

Oh ...

“Zhao Yu nodded silently. Before he transmigrated, he had come into contact with some underground fighting circles, but he had never been involved in them personally. ”

““““Let me ask you,”” Zhao Yu asked,““““are there any rules for this kind of competition?”” ”

““““I think ...”” Segan replied with uncertainty.““““There are no rules except that you can't attack vital parts, right? ”

““““Low-level prisoners like us can't watch, but we can bet. ”

““““In our cell, only that barbarian you knocked out has participated!”” ”

““““Yes, yes ...”” Skinny monkey chimed in.““““I heard that there are no protective measures in this kind of fighting competition. It's easy to get injured or kill. Generally, if one isn't physically strong, trained, or crazy, no one would dare to fight.”” ”

““““Five consecutive wins ...”” Zhao Yu asked again,““““what about the opponent? Are they all from other cells?”” ”

““““There are other cells,”” skinny answered.““““There are also cells in the heavenly and hell districts! I heard that sometimes, the prison guards would even invite some professional boxers to help liven things up!”” ”

““““Right!”” Segan agreed.““““Actually, it's very hard to win five matches in a row. See barboch? He was so strong, but he had only won two matches. He had lost all the others. ”

““““Otherwise, he wouldn't have been in the same cell as us. ”

““““Besides, even if you win five rounds and enter the heaven District, it's only temporary. Once you lose one round, you'll be kicked out of the heaven District!”” ”

““““Also,”” skinny monkey said,““““once you start punching, you can't stop. You have to do it whenever the prison guards want you to.”” ”

""So, boxers usually end up very miserable. They are either crippled or beaten to death. Only a small number of people can survive until they are released from prison!"" "

""Then ..."" Zhao Yu asked again, ""How do I register?"" "

""You ... Oh ... That's easy, easy!"" Segan hurriedly said, ""I'm in charge of this prison, and every prison cell has a recommendation. So it's baboka. Since you've defeated him, you should ... Um ..."" "

""Okay,"" Zhao Yu nodded, ""then you can recommend me!"" By the way, I'd like to remind you that if you want to improve your living conditions, you can save some money and bet on me winning. I guarantee that you'll make a profit without losing anything!"" "

"With Zhao Yu's reminder, the prisoners suddenly opened their eyes wide. "

Yes!

"They now knew that Zhao Yu might not even be a human, but a monster. Since he could knock out baboka with one punch, then wouldn't it be no problem for him to fight in the underground?"

""Okay, okay ..."" Segan hurriedly nodded in agreement. ""That's easy. I can recommend you to them tomorrow morning. If you can win a match, not only will you get meat, but you'll also get a bonus!"" "

"At the mention of meat, Zhao Yu suddenly felt hungry, and his stomach growled. "

""Mm ..."" At this time, segan looked at Zhao Yu and said timidly, ""friend, Oh ... On behalf of us, I apologize to you. We shouldn't have treated you like that before. We were wrong!"" "

""We have no choice ..."" Segan pointed outside. ""The prison guards are lazy now, so they gave us the task of intimidating the newcomers!"" "

""We treated you like that only because we wanted you to suffer a little so that you'll follow our orders in the future ... "

""So, please don't hate us ..."" "

""Yes, yes, yes ..."" The others hurriedly nodded and bowed in agreement. Their expressions were extremely humble, completely different from their previous fierce appearance. "

"Then, someone took out some dried dates, cakes, and some snacks that Zhao Yu didn't recognize. They handed them to Zhao Yu respectfully, as if they were offering offerings. "

""Alright, don't do it again!"" Zhao Yu was really hungry, so he immediately took the snacks and said, ""don't worry, I'll take care of you guys in the future!"" "

"Then, Zhao Yu took the opportunity to ask them about the prison, so that he could have a deeper understanding of the evil house. "

"As expected, the desert prison was not just a prison, but also a military base for the local militants. "

"Not only were there prisoners locked up in the prison, but there was also an Army stationed there, so that they could respond to emergencies at any time. "

“Therefore, even though the conditions of the prison were simple, since the establishment of the house of sins, no one had been able to escape successfully!”

“Not to mention the large number of troops stationed in the prison, even if they could run out of the prison, they wouldn’t be able to run far.”

“There were only two ways to get out of the house of sin. One was the route that Zhao Yu and the others had taken when they came, and the other was the route that led directly to the interior of the Mauritania.”

“However, there was a fully armed sentry post every few kilometers on these two roads, and there were several military camps among them. It could be said that the security was tight, and the possibility of rushing out from the road was almost zero.”

“If they didn’t take the road, they could only enter the desolate desert. Without any survival equipment and supplies, it was impossible to survive in this desert ...”

Tsk tsk ...

“At this point, Zhao Yu had no choice but to reevaluate his plan. According to his original plan, he would first find Miao kun, then use an aircraft to get them out of prison.”

“After that, he would meet up with Ding Lan and the others and escape the desert together.”

“However, it did not seem to be that easy. Once the prison discovered that someone had broken out, they would definitely turn out in full force. The Sahara Desert was so big, how could the probability of them escaping be so low?”

“Under such circumstances, they only had one way to get out of danger, and that was to have at least one helicopter to pick them up.”

“So ... Zhao Yu began to think that once he got the communication device and could contact Ding Lan and the others, he should ask them for help immediately, by getting a helicopter.”

“That night, it was destined to be another sleepless night. In such a bad prison, how could Zhao Yu sleep well?”

“Lying on bed 1888, his mind was full of thoughts about the jailbreak.”

“Although he had the invisibility cloak and the universal lock-breaker, it was not impossible for him to slip out of the prison and go to the heavenly court to find Miao kun.”

“However, the invisibility cloak was too precious, and he couldn’t waste it so easily.”

“Moreover, even if he did find Miao kun, he wouldn’t be able to get far without Ding Lan and the others waiting outside.”

“Therefore, he could only go to the heaven area to meet his father-in-law through boxing, which was his only way to escape.”

Sigh ...

“Although he had so many items with him, he was still a little worried. Could he enter the heavenly area smoothly?”

“Also, would he be able to see his father-in-law, Miao kun, after he entered the heaven District?”

Chapter 1677: Chaos in prison (6)

The next night.

“Somewhere in the factory district of the house of sin, there was a small building that had been renovated. It was the place where the prison guards watched the prisoner fighting competition.”

“At this moment, people were standing upstairs and downstairs, all of them admiring the duel that was currently taking place in the center of the heavenly well on the first floor.”

“As they had all placed their bets, the prison guards were extremely excited.”

“The people downstairs raised their arms and shouted, while the people upstairs all leaned on the railing and watched very seriously.”

“There were chairs on the upper floor with the best view. At that moment, the prison warden and some higher-ranking officials were all sitting there, watching with great interest.”

“The central well on the first floor was circled into a cage-like ring, which looked more like an ancient Colosseum. Two prisoners were fighting each other inside, engaging in an intense physical fight.”

“Among them, a fair-skinned man was Zhao Yu. He didn’t expect that he would be arranged to be the first to fight in today’s competition!”

“His opponent was an Arabian man with more hair. Although he didn’t look very strong, he clearly had some fighting experience.”

“After the match started, he had been fighting with Zhao Yu for nearly two minutes.”

“In fact, it wasn’t that Zhao Yu couldn’t beat him. Although this person had some experience, compared to Zhao Yu, his strength was still far behind.”

“Zhao Yu could have dealt with it quickly, but he understood the minds of the prison guards. If he won too quickly and easily, it would lower their expectations and the competition’s viewing rate.”

“After all, his goal was different from the other contestants.”

“As a result, at the beginning of the competition, he held back his strength and only fought to a draw with his opponent. When the fight was almost over, he then sent out a Swift and fierce whirlwind kick, kicking the opponent to the ground!”

Waa ...

The other party spat out a mouthful of blood and could no longer get up ...

Whoosh ...

“It happened so suddenly that the competition field was in an uproar. The judge quickly entered the field to check on the Arabian man’s injuries. He thought that the Arabian man could no longer hold on, so he announced the end of the game, and Zhao Yu won! ”

Whoosh ...

“This time, the crowd was in an uproar again. Because Zhao Yu was a newcomer and an Easterner, most people had bet on the Arabian man. ”

“Now that they saw that the winner was Zhao Yu, they were naturally shocked and made a lot of noise. ”

“However, perhaps because the first match was not important, after the uproar, the crowd quickly regained their calm and turned their attention to the next match, no longer paying attention to Zhao Yu. ”

“““Okay, okay ...”” At this time, a person in charge of the prison side pulled Zhao Yu to the side and asked the recorder to make a simple record for him, then said to him,““your performance today was good. Prepare for the next game!”” Next week, I’ll arrange for you to play later ...”” ”

“““What? next week?”” Zhao Yu was surprised and asked,““what do you mean? don’t tell me I’m not going to play today?”” ”

“““Oh my God, is there something wrong with your brain?”” The person-in-charge said,““do you want to play two games a day? He’s really crazy ...”” ”

“Then, he pushed Zhao Yu aside impatiently and signaled the prison guards to take Zhao Yu away. ”

“““Hey, didn’t you say that ...”” Zhao Yu grabbed the person-in-charge’s wrist and shouted,““if you win five rounds, you can enter the heavenly area?”” ”

“““It can’t be?”” The person in charge was surprised.““That’s right, you can enter heaven if you win five matches in a row, but it doesn’t have to be on the same day ...”” ”

“““No, I want to continue. Hurry up and arrange it for me!”” Zhao Yu shouted loudly, holding the person-in-charge’s wrist so tightly that it hurt. ”

“At this moment, the contestants for the next match had entered the arena. They were two well-built black men. ”

“The two of them might have been famous in the prison, as they won the cheers of the prison guards the moment they entered ... ”

“““Do you want to F * cking die?”” The person-in-charge was anxious. He pushed Zhao Yu aside and said,““every match is arranged in advance, and all the bets are placed. You can’t play as you like! Get lost!”” ”

“Then, the person in charge waved his hand, and two prison guards immediately came forward and grabbed Zhao Yu on both sides. ”

‘No...’

“Zhao Yu was anxious. One match a week, that meant that he had to wait for another four weeks. He didn’t have that much time. ”

“Therefore, he had to defeat five of them today. ”

“Seeing that the game had already begun, Zhao Yu made up his mind and immediately pushed the two prison guards away. ”

“After that, he actually scuttled into the competition arena and opened the door towards the two contestants. ”

“““Hey! ““Crazy, crazy ...”” The person in charge was frightened and quickly shouted to stop him. The two police officers reacted and immediately chased after him to stop him. ”

“However, in the blink of an eye, after Zhao Yu’s thunderclap whirlwind kick and heavy punch, the two contestants, who had not yet figured out what was going on, were both hit. One flew back, and the other fell to the ground. ”

Wuuu ...

“The arena instantly fell silent. All the prison guards present were dumbfounded, even the two prison guards were stunned on the spot. ”

“““Oh ... Oh ...”” ”

“““Wuuu ...”” ”

“The player who was hit by the whirlwind kick clutched his chest and groaned, while the player who was hit by the heavy punch lay on the ground and shook his head. Neither of them could stand up ... ”

Whoosh ...

“At this moment, the entire audience couldn’t help but burst into an uproar. They had never seen such a wondrous scene before. Two contestants had been so easily defeated by one person! ”

“““Capture ... Capture him!”” At this time, the person-in-charge realized that he had caused a big trouble and hurriedly ordered the prison guards to arrest Zhao Yu. ”

Whoosh ...

The prison guards immediately surrounded Zhao Yu and raised their rifles!

“““You ... You’re done for ... You’re done for ...”” The person in charge ran up to the ring angrily, pointed at Zhao Yu, and scolded,““you’re going to enjoy Life in Hell!”” You’re finished ...”” ”

“Then, he waved his hand, and the prison guards came forward to arrest Zhao Yu. ”

“““Wait!”” However, at this critical moment, someone on the second floor suddenly spoke. A short man in an officer’s uniform stood by the railing and asked,““Jabbar, what’s going on?”” ”

The man was sitting in the middle of the VIP seats. He was the prison warden of the house of sins!

““““Oh ... Oh ... Sir Warden, it’s like this ...””” The person in charge was Jabbar. He quickly saluted and explained why Zhao Yu had attacked him. ”

““““Oh ...””” The warden nodded slightly. He pondered for a few seconds, then gently waved his hand and said to the person in charge,“““well, since he wants to fight five, let’s open our eyes today!””” ”

““““What?””” ”

“After the head Warden said that, the scene went into an uproar again. Some people found it unbelievable, while others found it very fresh. ”

““““Sir Warden, but ...””” Jabbar said hurriedly,“““the bets are all placed in advance, and all the prisoners in each cell have placed their bets. In that case ...””” ”

““““It doesn’t matter. Didn’t the competition just start? The previous bets would be invalid! “““But ...””” The warden suddenly raised his eyebrows and said coldly to Zhao Yu,“““Easterner, you were the one who said you were going to fight five of them. Don’t regret it!””” ”

“Zhao Yu squinted his eyes and looked at the warden. He knew that the warden was up to no good. However, he had already choked on his words, so he could only bite the bullet and continue. ”

“Thus, he nodded his head vigorously and said,“““““Don’t worry, I won’t regret it! As long as you agree to let me into the heaven District after I win!””” ”

““““No problem. This is the rule, and it must be followed! “““Hehehe ...””” As expected, after the head Warden laughed sinisterly, he finally revealed his ugly face. He immediately said to the person in charge,“““Jabbar, go to the back and choose five of the best fighters to compete with this Asian!””” ”

““““This ...””” Jabbar was startled. He finally understood something and quickly asked,“““you mean ... To let him fight five people in one match!?””” ”

Chapter 1678: Chaos in prison (7)

“Looking at the five contestants that Jabbar had picked, Zhao Yu had mixed feelings. ”

“Logically speaking, he had already defeated three of them, so he should be fighting two more. Or, not counting the two who were ambushed, he could take on four more. At the very least, he could fight five of them in a row, but he had to at least fight them one by one, and not all at once! ”

He did not expect that the sinister Warden would come up with such a devious idea to let him fight five at once. Did he think he was ye Wen? Why don’t you let me fight ten of them at once?

“He saw that two of the five contestants were black and three were white. Although they were different in height, fat, and thin, all of them had strong physiques and Strange Bones. One look and he knew that they were not easy to deal with! ”

“Damn it, what was the head Warden thinking? How did he know that he could fight? This was great, he couldn’t keep a low profile even if he wanted to. ”

“However, in addition to paying attention to the competition, Zhao Yu, who was a detective, noticed a small detail. When the head Warden found out about the situation, he seemed to have stopped for a few seconds before he gave the order. ”

“Furthermore, the head Warden even made a gesture of pressing his ear with his hand, as if he had stuffed something into his ear. ”

“Looking at the warden’s expression and movements, Zhao Yu guessed that he might have put a mini-communication device in his ear. ”

“In other words, there might be people of a higher rank than the head Warden. ”

“The person who had given the order for Zhao Yu to take on the five of them was not the warden himself, but the high-ranking person behind the scenes. ”

“”Phew ... Phew ...” ”

“Seeing that Zhao Yu was about to fight one against five, the prison guards at the scene booed, and some even whistled. ”

“The person in charge, Jabbar, followed the warden’s instructions and began to send people to place bets. Under such circumstances, no one would bet on Zhao Yu winning. ”

“At this time, the five players who were sent on stage finally understood what it meant. After learning that they were going to fight five against one, they all showed an incredulous expression. ”

“Although these five weren’t the top experts of the house of sin, they had a certain level of strength and fame. Now that they were asked to join forces to bully a yellow-skinned newbie, they could only feel that it was an insult to them. ”

“As a result, after the referee went on stage, the five of them did not move. They all stood in place with their arms crossed. ”

“”Hey ...” The head Warden upstairs pressed his hand on the railing and said,“”you guys must do your best. If you win, you can enter the heaven District directly!”” Those who are already in the heaven District will get one chance to make a phone call!” ”

Whoosh ...

The prison guards were once again shocked by the warden’s decision.

“The five contestants felt like they were in a dream. It was the common prisoners’ dream to be able to enter the Paradise zone, and it was every prisoner’s dream to be able to call their families! ”

How could these five contestants not go crazy over such an extravagant and alluring condition?

“They immediately entered the competition area, rubbing their hands in anticipation. They were extremely excited, and couldn’t wait to go over and beat Zhao Yu up! ”

“As a result, the atmosphere suddenly heated up, and the blood of the entire arena was boiling. The audience held their bets and waited for Zhao Yu to be beaten up. ”

“Although the odds of Zhao Yu losing were very low, to them, it was a sure win, so almost everyone bet on Zhao Yu.”

As expected ...

“However, Zhao Yu was still thinking about the warden. He vaguely felt that there was something fishy behind the whole thing.”

“Logically speaking, if the warden didn’t know Zhao Yu’s background, he wouldn’t have arranged the competition like this. Letting a newbie take on five people was clearly against Zhao Yu.”

Could it be ... That the person behind the head Warden knew him?

Would he?

This person ... Who could it be?

“Since Miao kun had been caught, could this person be the mastermind behind the whole incident?”

Ding ...

“Just as Zhao Yu was still thinking about the problem, the referee shook the bell in his hand, and the seemingly absurd game had already begun!”

“The five contestants had been holding their breath for a long time. As soon as the bell rang, they all rushed towards Zhao Yu.”

I’ll cut!

Zhao Yu then reacted and immediately raised his fist to fight with them.

“As the saying goes, a good man can’t fight against many people, and a random punch can kill an old master. Although Zhao Yu’s Kung Fu wasn’t weak, there were too many people on the other side. He had just blocked a fist, but he was kicked in the abdomen and fell to the ground.”

Roar ... Roar ...

“Seeing Zhao Yu fall to the ground, the audience cheered. In their eyes, the game should be over soon.”

“”””Waya ...”” ”

“A short black man wanted to end the battle quickly, so he kicked Zhao Yu’s head. Zhao Yu rolled on the ground and dodged the kick.”

“”””Waya ...”” ”

“The other Arabian man shot out a leg, aiming for Zhao Yu’s chest. Zhao Yu was quick to catch his ankle and was about to punch him, but the others rushed in front of him in the blink of an eye. They punched and kicked Zhao Yu again, sending him flying and falling to the ground.”

Alright ...

“At this time, Zhao Yu finally understood that these five people were not ordinary enemies, but all of them had undergone professional training and had been through brutal fighting!”

“He wasn’t Li Bencheng or Ding Lan, and his Kung Fu wasn’t so good that he could kill any God he met.”

“So, I’m sorry, my brothers. Zhao Yu looked at his opponents and thought apologetically, I’m not in prison to fight with you guys, I still have a lot of important things to do!”

So ... Hehehe ...

Zhao Yu’s lips curled into a sinister smile.

““““Waya ...””””

“The five contestants thought that the match would end quickly, but they didn’t expect their opponent to be so quick. They immediately became anxious and once again pounced on Zhao Yu fiercely.”

“But this time, Zhao Yu seemed to be a different person. He didn’t Dodge, but grabbed an Arabian man from the crowd, then punched him in the face!”

Ah?

“The Arabian man was shocked and quickly used his arms to block his face. However, Zhao Yu’s punch was so powerful that it felt like a sledgehammer. The Arabian man screamed in pain and fell to the ground!”

“In fact, just as Zhao Yu was beating up the other players, the other players had already used all their strength to kick and hit. But for some reason, Zhao Yu didn’t feel anything when they hit him, as if his body was made of iron!”

““““F * ck your grandmother’s leg!””””

“Zhao Yu cursed in Chinese, then squatted down and punched the Arabian man on the ground. Although the Arabian man tried his best to block the punches, after a few punches, his face was covered in blood, and he soon fainted.”

““““Waya ...””””

“The others were still beating Zhao Yu up, but when they saw Zhao Yu’s devil-like appearance, they couldn’t help but feel a little guilty.”

“After Zhao Yu knocked one of them out, he immediately turned around and hugged the other person’s thigh. Then, ignoring the other people’s kicks, he used his elbow to press down on the person’s thigh. The sound of bones cracking immediately came from the person’s thigh!”

““““Ah ...””””

“The man let out a shrill scream. When Zhao Yu let go of him, he fell to the ground and hugged his thigh, feeling extreme pain.”

Thump ...

One of the black men raised his fist and hit Zhao Yu’s temple!

“However, Zhao Yu didn’t move even after such a fierce punch. He smiled coldly, then suddenly grabbed the black man’s wrist, turned around, and put his arm behind his back. The black man’s arm was dislocated, making a cracking sound.”

“””Ah ... Ah ah ...”” The black man felt as if his entire arm had fallen off. He immediately cried out in pain.”

“After Zhao Yu blocked the other people’s attacks, he did a scorpion tail swing and kicked the black man’s chin with his right foot. The black man suddenly flew into the air, then fell to the ground and vomited blood, unable to move again.”

“””Ah!!?”” ”

“No one had thought that the situation would change so suddenly. The audience who had been cheering just now immediately went silent, causing the entire arena to fall silent. Only the screams of the man with the broken leg could be heard.”

“””Ah ...”” ”

“At this time, a long-haired Arabian man punched Zhao Yu in the chest twice, making a terrible thud.”

“However, Zhao Yu still had no reaction. He immediately returned two punches, hitting the man’s chest.”

“In the end, the other party was sent flying backward. Not only was he thrown out of the arena, but he also crashed into the crowd, causing a commotion.”

“By the time the chaos was over, that person had already vomited blood and was no longer able to get up ...”

“Only a short black man was left on the field. When he saw Zhao Yu’s brutal actions, he had lost his will to fight, and didn’t even have the courage to rush over.”

“Zhao Yu ignored him, but walked slowly to the man with the broken leg and kicked him, making him faint.”

“””Ah ...”” ”

“Seeing such terrifying strength, the short man no longer had the heart to continue fighting. He quickly knelt on the ground and slammed the floor, indicating his defeat ...”

Chapter 1679: Chaos in prison (8)

“The mallet’s effect was too exaggerated, and there was only one left in the device bar, so Zhao Yu naturally didn’t want to use it.”

“Therefore, he had only used an ordinary energy booster to take care of the five opponents.”

“To be honest, with Zhao Yu’s current ability, even if he didn’t use any props, he might not be defeated by the joint attack of these five people.”

“Although they were strong, they were only half-baked fighters, and their abilities were far from those of the experts that Zhao Yu had come into contact with.”

“Zhao Yu wasn’t even afraid of the Special Forces or secret agents, so dealing with them was naturally a piece of cake.”

“However, Zhao Yu knew that his prison trip had just begun, so he didn’t want to waste too much energy. Moreover, he hadn’t eaten much for the past two days, so he was feeling a little tired.”

That was why he had used the energy booster to end the battle quickly.

“After Zhao Yu won, the crowd was in an uproar again!”

“The prison guards who had placed their bets tore up the tickets in their hands, gritting their teeth and stomping their feet in anger. Many of them thought that they had won and even bet a month’s salary ...”

“Of course, most of them looked at Zhao Yu as if he was a monster.”

“This was because Zhao Yu didn’t rely on his gorgeous fighting style or brilliant fighting skills to win, but rather, he relied on his violent strength to fight against five people!”

“Although his opponents had been beaten up badly, Zhao Yu had taken quite a few hits as well. If it had been an ordinary person, he would have been lying on the ground, unable to get up. But Zhao Yu was unscathed, as if nothing had happened. He even had the mood to cup his fists at the audience!”

Could it be ... That this was the legendary Golden Bell shield and iron underwear?

“At this moment, the person-in-charge, Jabbar, was also a little dumbfounded. He had watched so many wrestling matches, but he had never seen anyone who could fight one against five, and win so easily!”

“The five people he had chosen were all for the finale of the day, but he didn’t expect that Zhao Yu would defeat them so quickly.”

This ... This ...

“For a moment, he did not know how to end this. He quickly turned his eyes to the Lord Warden on the second floor.”

“At that moment, the head Warden was looking at Zhao Yu with an expressionless face. Zhao Yu didn’t know if he was excited, surprised, or angry.”

“The head Warden looked at Zhao Yu for a long time, then nodded at Jabbar. He then led his men and left the grandstand.”

Jabbar had no choice but to make a good record for Zhao Yu and give him a twenty-dollar bonus.

“According to the rules, a winner of underground fighting could get ten dollars as a reward. Although Zhao Yu had defeated so many people, it was only based on his two wins.”

“However, while 20 dollars was nothing in other places, it was a huge sum of money in this simple desert prison. It could be used to buy many things.”

“Of course, compared to money, Zhao Yu was more concerned about whether he could enter the heavenly area.”

“Since the warden had spoken, Jabbar naturally didn’t dare to make things difficult for Zhao Yu. After the registration was completed, he immediately sent someone to escort Zhao Yu to the heavenly court area to go through the check-in procedures.”

“As they had witnessed Zhao Yu’s amazing performance, the two prison guards didn’t dare to be negligent. They took Zhao Yu directly through the layers of guards and headed to the Paradise area.”

“Zhao Yu carefully observed the environment of the prison, silently memorizing the route.”

“Finally, after walking for about five or six minutes, they entered a heavily guarded two-story building. It was the same one that Zhao Yu had seen Miao kun in.”

This was great! Zhao Yu couldn’t help but feel excited. He was finally getting closer to his father-in-law.

“After he entered, two prison guards began to check in for Zhao Yu. One of the prison guards even gave Zhao Yu a look.”

“Zhao Yu understood that the prison guard wanted him to fork out some money, so that he could arrange for him to stay in a relatively good room.”

But Zhao Yu ignored him. Because he didn’t come here to improve his living conditions and didn’t need to be taken care of.

“Seeing Zhao Yu’s stubbornness, the prison guards had no choice but to pick the room that they thought was the worst.”

“After the procedures were completed, Zhao Yu was brought to a prison cell on the first floor. As he walked along the corridor, Zhao Yu deliberately looked into each cell, hoping to see Miao kun.”

“However, it was too dark in the cell, and the prison guard was walking very fast with him, so he couldn’t see clearly. He could only vaguely see that the cells here were basically two-person rooms.”

“Everything was in comparison. Although it was called the Paradise District, the sanitary conditions were still very poor, but it was much better than the ordinary prisoners ‘District.”

“Finally, Zhao Yu was brought to the innermost cell. The iron door was opened, and a foul smell came out of the cell.”

“””Criminal No. 1905, kawan from the magang of londmere, checked into area A, Room 109 ...””” The prison guard read the information out loud, then uncuffed Zhao Yu and pushed him in.”

Clang!

“The iron door closed, and Zhao Yu was in a new cell.”

“With the light from the small window, Zhao Yu saw that there was only one bunk bed in the cell.”

“At this moment, a bald white man was lying on the lower bunk. He was white and fat, and there were many strange tattoos on his body.”

“After seeing Zhao Yu come in, the man stood up and was actually a head taller than Zhao Yu! ”

“Zhao Yu finally saw that the man was not Arabian, but a European. ”

“”Hmph, Hmph, Hmph ...”” The man snorted like a pig, then rubbed his palms and said to Zhao Yu, “”why, didn’t you give them a tip when you came in?”” ”

“The man was also speaking Arabic, but he was not fluent. ”

“”No, I didn’t!”” Zhao Yu answered casually, then began to check the condition of the bed. He saw that the upper bed was covered with dirty clothes and miscellaneous items, so there was no way for him to rest. ”

“”Hehehe ... I thought so too ...”” The white man sneered and said, “”actually, you should have given it to me! Even if I have to go bankrupt, I can’t save on this money!”” ”

“”Is that so?”” Zhao Yu’s back was facing the white man, and he looked down at the lower bunk. The lower bunks were spacious and comfortable, suitable for sleeping. ”

“”Hahaha ...”” The white man laughed again.””Do you know why I’m the only one living in this room?”” ”

“”Ai!”” Zhao Yu shook his head, turned around, and said impatiently, “”please, can’t you use a different word? Are you trying to say that all the people who live in the same room as you have become disabled?”” ”

“”...”” The white man was stunned and frowned.””How did you know?”” Not only have they become disabled, I’ve even killed some of them!”” ”

“”I’m sorry ...”” Zhao Yu spread out his hands and said, “”I want to apologize to you. First, I shouldn’t have stolen your lines. Second, I really don’t want to talk nonsense with you anymore! I’m in a rush, let’s just do it!”” ”

“Then, Zhao Yu didn’t waste any more time, but raised his fist and rushed over ... ”

“”Eh? ””Hey, hey, hey ...”” The white man didn’t expect such a reckless and reckless man to come in. He immediately waved his fists to fight and cursed angrily, “”I still have a few lines to say!”” Hey...Aiyo...Ah ...”” ”

“Actually, Zhao Yu didn’t want to fight at first, but he didn’t want to waste his energy booster. ”

“Since this European was asking for a beating, he might as well fulfill his wish ... ”

“It had to be said that this white man was quite capable. Otherwise, he wouldn’t be living in a single room here. However, compared to Zhao Yu, who was in a berserk state, they were nothing. ”

“Hence, within a short ten seconds, the white man completely lost his ability to resist. He could only hold his head and get beaten up. He was pressed against the corner by Zhao Yu and beaten up badly! ”

“”Ah ... Ouch ... Waa ... It hurts, it hurts, it hurts ... Mommy ... Mommy, save me ... Wuu ...”” ”

“In the end, they even started to cry ... ”

Chapter 1680: Chaos in prison (9)

“Phew ... Phew ...”

“As the effect of the energy booster had worn off, Zhao Yu started to pant. He knew that the side effects would make him more and more tired.”

The places on his body that had been hit by the fighters were also starting to hurt.

“Wu ... Wu ... Don't hit me, don't hit me ...” He looked at the white man again. He was already dumbfounded by the beating. He shrank into the corner and cried, “you're different from me. I have a background. I won't be punished for hitting you!”

“But you've violated the rules by hitting me. You'll be sent to hell for punishment ...”

“Mm, alright!” Zhao Yu supported his exhausted body and gave her another round of kicks!

“Ah ... Ah ... Don't hit me ...” The white man had never seen such a rude person before. He quickly knelt down and begged for mercy, “I was wrong, I was wrong, big brother, stop hitting me ...”

“Hu hu ...” Zhao Yu was really tired from all the kicking, so he sat down on the bed and continued to pant.

“Wu ... Wu ...” The white man was like a child who had been wronged. He shrank into the corner and kept wiping his tears.

“Let me ask you,” Zhao Yu caught his breath and asked him, “do you have a middle-aged man in his fifties who looks like me and is Asian?”

“Um ... Um ...” The white man thought for a moment and quickly replied, “there are a lot of Asians. There are four or five of them in their 50s, right?”

“He loves smoking ...” Zhao Yu said. “One of his arms is bandaged!”

“Oh ... You're talking about number 1896, right?” The white man quickly replied, “he's Chinese, but he speaks English very well! He said his surname is ... Miao?”

“Right! That's right!” Zhao Yu was suddenly excited. “That's him! Let me ask you, where is he now?”

“He's in cell 101, the one by the stairs. He's staying with a Central African terrorist!” The white man replied, “he's quite good at talking. He doesn't even shut up when he's being beaten ...”

“Get beaten up?” Zhao Yu's heart tightened, and he quickly asked, “his arm, what happened?”

“Beaten up by the prison guards!” The white man replied, “a few days ago, he stole the cell phone of a prison guard, so his arm was broken!”

“Actually, the cell phones of the prison guards can't be used to make calls. There's no SIM card in them. They're just used to listen to the radio ...”

Oh ...

Zhao Yu thought that Miao kun must have called to ask for help and let secret services know that he was being held in the house of sin.

Tsk tsk ...

Zhao Yu was getting more and more curious. How did Miao kun get in?

What had happened to him?

“““You ... Do you know each other?”” The white man asked carefully. ”

“““What crime have you committed?”” Zhao Yu didn’t answer his question, but asked him a question in return. ”

“““Me?”” The white man shook his head helplessly.”“I’m a businessman. I had a little conflict with them when I was doing business in Malaysia. Then, I was captured and brought here!”” ”

“““Ai!”” Zhao Yu sighed and raised his fist. ”

“““Don’t, don’t, don’t ...”” The white man was frightened and quickly corrected,”“it’s not a small conflict, I accidentally killed someone. I ... I’m in the arms trade! ”

“““They wanted to set me up, so we fired ...”” ”

“““Then ...”” Zhao Yu put down his fist and asked,”“how many years were you sentenced to?”” ”

“““It depends on how much I can pay,”” the white man replied helplessly.”“If I don’t pay a single cent, I’ll be shot a long time ago. If I can pay one million euros, I’ll be released immediately! ”

“““However, if I can stay here for a year, it will only cost 200000 Yuan. So ... In order to save that 800000 Yuan, my boss chose to let me stay here for a year. It’s also a small punishment for me!”” ”

“““It seems that your boss is not very rich,”” Zhao Yu sighed,”“aren’t you worried that your boss won’t pay a single cent?”” ”

“““No, my boss is my brother-in-law,”” the white man said.”“Actually, compared to most people, I’m considered lucky! ”

“““Because I really committed murder, so it’s not wrong for me to be in prison for a year!”” ”

“““Then, what crime did Miao commit?”” Zhao Yu asked again. ”

“““I don’t know,”” the white man replied.”“I don’t know him well. He might have offended the Matt gang and got beaten up almost every day. I didn’t dare to get too close to him!”” ”

“Hearing that his father-in-law was beaten up every day, Zhao Yu clenched his fists. ”

“““But,”” the white man continued,”“in the house of sin, many people are innocent. Some were kidnapped, some were sent in by enemies. In short, there are all kinds of strange people!”” ”

Oh?

Was he sent here by his enemy?

Zhao Yu pondered over the sentence carefully. Could Miao kun be in this situation? He knew that Miao kun had indeed offended many people because of his special job.

But ...

“If she really wanted to take revenge, why didn’t she just kill him?”

Tsk tsk ...

“”Um ... I ... I ...” At this time, the white man bowed and begged,“”can I sleep on the upper bed? I ... I will make the bed, and ... I have cigarettes and chocolate here ...”” ”

“Looking at the man’s submissive look, Zhao Yu was no longer in the mood to argue with him. He immediately waved his hand, and the white man quickly tidied up the bed, then offered Zhao Yu cigarettes and snacks. ”

“Not long after, the side effects of the energy booster started to kick in. Zhao Yu stopped talking and lay down to sleep. As the emergency alarm could be triggered at any time, Zhao Yu was not worried that the white man would attack him while he was asleep. ”

“Perhaps it was because he had changed to a more comfortable environment, but he slept very well that night. When he opened his eyes again, the sky was already bright. ”

“The white man saw that Zhao Yu had woken up, so he quickly stood aside and bowed. ”

“The man’s name was Wright. When Zhao Yu saw his face clearly, he realized that he had indeed gone a little too far last night. Such a fair and fat man had been beaten up by him until he looked like a bun. His head was swollen like a pig’s head, and his body was covered in bruises. It was a terrible sight. ”

“The heavenly zone was indeed different from the normal zone. There was breakfast here, and all the prisoners could have breakfast on the second floor. ”

“Zhao Yu had been waiting for this opportunity for a long time. When the prison guard opened the cell, he immediately walked towards the stairs with Wright. ”

“At that moment, all the prisoners had left their cells. When Zhao Yu passed by cell 101, he deliberately took a look inside, but the cell was empty. ”

It seemed that Miao kun had already gone upstairs.

“So, Zhao Yu couldn’t wait to go up the stairs to the cafeteria on the second floor, and saw that all the prisoners in the heavenly area were there! At first glance, there were about 70 to 80 people. ”

Miao kun ... Miao kun ... Miao kun ...

“Zhao Yu didn’t line up to get his plate, but followed the crowd to look for his father-in-law. He soon found that most of the prisoners here were foreigners, including Europeans and Asians ... ”

“However, after looking around, Zhao Yu could not find Miao kun anywhere. ”

“This time, he couldn’t help but panic a little. He had spent so much effort to chase them here, and if he found the wrong person, he would really become a joke.”

“No, wait. He suddenly remembered that Wright had mentioned that there was a China prisoner with the surname Miao. That person must be Miao kun.”

“Then, Zhao Yu quickly went to look for Wright.”

“However, just as he turned around, Wright came up to Zhao Yu with an Arabian man and said,“””””This person is Miao’s roommate. He said that Miao fell ill suddenly last night and was sent to the infirmary ...”””
