

Crazy 1691

Chapter 1691: Jailbreaking berserk Dragon (5)

The sky was still bright when they left the Paradise area and headed to the arena.

“After a day of steaming, the ground was still emitting waves of heat. Not only was the weather particularly hot today, but yellow sand was also rolling up. There were also sand and dust in the air, as if a Desert Storm was brewing.”

“When Zhao Yu and the others passed by, they all covered their noses and mouths to prevent them from breathing in the sand.”

“Seeing that the weather was getting worse, Zhao Yu and Miao kun’s hearts could not help but feel a layer of haze. They had miscalculated everything, but they did not expect the weather to suddenly change today!”

He wondered if the helicopter could still arrive on time in such weather.

“If the helicopter couldn’t come, then Zhao Yu’s escape plan couldn’t be carried out. Otherwise, even if he managed to escape from the prison, he wouldn’t be able to escape the terrifying Sahara Desert.”

“Of course, no matter what happened, Zhao Yu could only follow his original plan.”

“However, an accident happened again.”

“When they walked out of the Paradise area, Zhao Yu suddenly realized that the prison guards did not take them to the competition venue in the military factory area, but to the ordinary prisoners’ area, where they entered the large cafeteria!”

“When Zhao Yu had first entered prison, he had come here to eat. He didn’t understand why the prison guards would bring the contestants here.”

“After entering the dining hall, he saw that the contestants from other areas had already gathered there. There were more than 30 people in total.”

“Zhao Yu remembered that in the last fighting competition, there were only a dozen contestants. Now, the number had doubled. He wondered what the prison was up to.”

“After entering the hall, he saw that the dining tables had long been moved to the side, and the center was covered with simple mats.”

It seemed like tonight’s prison fighting competition was going to be held here.

“There were so many people, and the competition venue had been deliberately changed. Seeing this, Zhao Yu couldn’t help but feel a little nervous. It seemed that today’s competition would not be as simple as he had thought.”

“Of course, Zhao Yu wasn’t the only one who was surprised. It was the first time for the other contestants to experience such a big scene, so they all felt it was a fresh experience. They didn’t know what the prison was up to.”

“Someone quietly asked the prison guard, but the prison guard shook his head, indicating that he didn’t know what the intention was.”

“Soon, after all the contestants had arrived, Jabbar, who had been in charge of organizing the competition, finally appeared. He took out a few forms and requested the prison guards to register the contestants again.”

“”Tsk tsk ...” Although it was Miao kun’s first time here, he couldn’t help but whisper to Zhao Yu after seeing such a big scene.””Zhao Yu, you have to be careful. Why do I feel like they’re coming for you?””

“”Last time, you fought five people by yourself. This time, you won’t be able to fight ten people by yourself, right? Then you’ll twist the mud ...””

“”It’s okay,”” Zhao Yu comforted her.””We can just admit defeat. Don’t forget that we still have important things to do.””

“At Zhao Yu’s signal, Miao kun nervously pressed his pocket to make sure that the important communication device was still there.”

“Perhaps the prison was worried that it would cause security issues if so many contestants were gathered together, so they sent more soldiers into the dining hall. They stood with guns and waited in a strict formation.”

“Soon, all the contestants were divided into a few groups and began to line up to register, confirming the opponents and number of matches.”

“Perhaps it was inspired by Zhao Yu’s one-on-five fight, but there were more one-on-two or two-on-two matches this time, and the betting rate was several times higher than before.”

“The contestants were all shocked by the arrangement. Some were excited, while others were nervous.”

“As Zhao Yu was standing at the front, it was his turn to register his information.”

“He had thought that the prison would arrange a more difficult match for him, either for him and Miao kun to fight the enemy, or for him to fight against his father-in-law!”

“However, he was wrong about everything. Prison had only arranged one opponent for him, and only one match.”

“The opponent’s name was Han Shan, a person Zhao Yu had never seen or heard of before.”

“Could it be that ... This Han Shan was the top fighter in the prison, a top master? Did the prison think that only this person could be his opponent?”

“““MA gang, kawan ... Hey ...”” Just as Zhao Yu was about to sign, a uniformed officer suddenly appeared from behind the restaurant. He waved at Zhao Yu and shouted,““yes, you!”” Number 1905 horse gang, kawan! Come over here for a moment!”” ”

“““What?”” Zhao Yu and the prison guard in charge of registration were both slightly stunned. ”

“““Come over!”” The officer said impatiently,““hurry up, someone is looking for you!”” ”

“““Ah? You’re looking for me?”” This time, Zhao Yu didn’t understand. ”

“““Go, quickly go!”” Seeing the officer calling for help, the prison guards naturally didn’t dare to stop him, but quickly motioned for Zhao Yu to hurry over. ”

“Seeing this, Zhao Yu had no choice but to walk past the registration counter and go into the depths of the restaurant. ”

“As he was leaving, he stole a glance at Miao kun, but he did not dare to make a sound when he saw Miao kun’s worried face. ”

“““Come, over here ... Come over ...”” ”

“The officer gestured to Zhao Yu, then followed him through a small door inside the restaurant and into the corridor behind. ”

“At this time, the sun was setting in the West, and the corridor was filled with dusky yellow sunlight, which was particularly glaring. Just as Zhao Yu entered the corridor, he suddenly heard a buzzing sound in his ears. ”

Buzz ... Buzz ...

“The buzzing sound came from the other side of the corridor, and along with the buzzing sound, the ground shook slightly. ”

What the ... A helicopter?

“Although he didn’t see it, he could tell from the buzzing sound that it was coming from the helicopter’s propeller. ”

What was going on?

Why was there a helicopter?

“After several days of observation, Zhao Yu had never seen any flying vehicle in the house of sin. He didn’t know what the sudden arrival of the helicopter meant for him. ”

“But, just in case, Zhao Yu prepared invisible bullet proof suit, aircraft, and other emergency devices. ”

“After walking through the dizzy corridor, Zhao Yu was brought into a room that connected the cafeteria to the rooftop. ”

The room was a little special. It was decorated like a bar. There was a bar counter and a bar counter in front of him. There were sofas and spinning chairs in other places. There was even a pool table in the middle. It looked more elegant and unique.

This ...

“Zhao Yu felt that this should be a place for entertainment for the prison guards, but he still didn’t understand why he was brought here when he was about to have a competition. ”

“However, when Zhao Yu entered, he immediately recognized one person. ”

“The man was holding a pool stick and playing pool seriously. Although he wasn’t wearing a military uniform, Zhao Yu could recognize him at a glance. He was the prison warden from the house of sin! ”

Oh?

It was him?

“Suddenly, a thought flashed through Zhao Yu’s mind. Could it be that the warden wanted him to fake his punches? ”

“””Report, the horse gang, kawan, is here!”” ”

The officer who brought Zhao Yu over saluted and left.

“However, as he left, Zhao Yu was surprised to see that there were already more than ten fully armed prison guards standing in every corner of the bar. ”

Tap ...

“The head warden’s skills were not very good. After one shot, the White balls slipped away, and he did not touch a single one. ”

“””Hmph!”” The warden threw his cue stick hard, then picked up a cocktail from the table and walked over to Zhao Yu. ”

“””Hey, Chinese man,”” the warden said to Zhao Yu with a cold look.””Do you really think that the prison guards and soldiers of the house of sin are all idiots?”” ”

“Hearing the warden’s strange tone, Zhao Yu instinctively tensed up. ”

“””Horse gang, kawan, hehehehe ... A murderer from lontemell, hahahaha ...”” The warden laughed madly.””Camels learn to cry, fish can swim in the sand. There are all kinds of strange things in the world. To think that someone would fall in love with my sinful home and offer himself to me! ”

“””My China friend, you ... What should I say to you?”” ”

Chapter 1692: Jailbreaking berserk Dragon (6)

“Oh no, hearing the warden’s words, Zhao Yu knew that his identity had been exposed. ”

“Therefore, the odds were against him tonight. ”

So ... Zhao Yu glanced at the guards in the bar from the corner of his eye and wondered if there was any possibility of him making a comeback.

“He had an invisible bullet proof suit and the head Warden was right in front of him. If he could control the head Warden and take him hostage, would there be a chance of escape?”

“However, no matter how he thought about it, it was still necessary to play dumb.”

“““I ... I don’t understand what you’re talking about ...”” Zhao Yu shook his head silently, not showing a trace of fear.”

“““Hmph ...”” The warden seemed to have guessed something. He took a few steps back, held the cocktail, and said,““it seems that you still don’t understand what I mean!”” ”

“““The reason I called you here is not because your identity has been exposed, but ... From the day you entered, I already knew everything about you!”

“““Also, what’s your purpose?”” ”

“Upon hearing this, Zhao Yu’s heart tightened. He instinctively realized that the situation might be worse than he had imagined.”

“If they already knew his purpose, Miao kun would be in danger.”

“““I’ve been paying attention to you ever since you came to our house of sin as a guest!”” The head Warden took a sip of his cocktail and said,““but your performance really exceeded my expectations!”

“““You’re good at fighting, my China friend!”

“““I thought that you would regret it on the first day, but I didn’t expect that everyone in the room was scared of you. They would rather say that you’re a demon than admit that you hit them!”

“““Then ... ”

“““One versus five in the group arena!”

“““He single-handedly took down the entire Matt gang and broke Mark’s arm! The warden laughed and said,““China’s crazy detective, you really live up to your reputation! I’m impressed, I’m impressed!”” ”

“With that, he put down his wine glass and actually started clapping.”

“At the mention China ““China’s crazy detective,”” Zhao Yu finally realized that there was no need for him to pretend anymore. He raised the corners of his mouth coldly and asked,““Then ... What do you want?”” ”

“Zhao Yu asked this because he felt that there was something wrong with the warden’s tone. Since he had already exposed her, why didn’t he make a move on her earlier?”

Could it be that ... He wanted to make some kind of deal with her?

“““What do I want?”” The head Warden revealed an uncertain smile and said,““if I want to mess with you, what’s the use of you fighting?”

“““You offended the Matt gang and should have been executed, but my Amnesty saved you!”

“““Why do you think I saved you?”” ”

“““You ...”” Zhao Yu wanted to make a guess, but he still felt that something was not right, so he decided not to say anything. ”

“““You’ve been threatening to break Mark’s other arm for the past few days.”” The warden did not give an answer but changed the subject.”“For this reason, you’ve been practicing on the Matt gang every day, beating them up so badly that they had nowhere to hide!”” ”

“““Hehe, if I’m not wrong, you probably want to know something through them, right? ”

“““For example, who told them to frame Mr. Miao and break his arm?”” ”

“““ ...”” Zhao Yu’s face was a little ugly. He didn’t expect that the warden would know everything. He had really underestimated him. ”

“““I’ll tell you the answer now.”” As he spoke, the warden suddenly took out a pistol from the holster at his waist.”“The mastermind behind this is none other than me!”” Hehehe ...”” ”

“Seeing the head warden’s face suddenly turn ferocious, Zhao Yu instinctively transferred his thoughts to the invisible bullet proof suit, ready to use it at any time. ”

“However, after pulling out the pistol, the warden did not go forward. Instead, he walked into the depths of the bar and came to a more open area. ”

“Following his signal, a few prison guards suddenly escorted in a black man from the other entrance of the bar! ”

“One of the black man’s arms was wrapped in bandages, and he was covered in injuries. His body was curled up, obviously caused by the beating. ”

“Zhao Yu immediately recognized that the black man was the leader of the Matt gang, chenchemark! ”

Zhao Yu was even more confused.

He didn’t understand why the head Warden wanted mark to appear at this time.

“However, the next scene caught him off guard. ”

“As the guards let go, mark was pushed in front of the warden. However, just as mark opened his mouth to beg for something, the warden straightened his arm and fired a shot at mark! ”

Bang ...

“Because of the silencer, the head warden’s gun made a muffled sound and the bullet hit Mark’s heart. ”

Mark knelt on the ground with a thud. He clutched his heart with both hands and looked at the head Warden in disbelief. He didn’t understand why the head Warden killed him with one shot.

“Soon after, Mark fell to the ground, his body twitching a few more times before he stopped moving. Blood could be seen flowing out of his body ... ”

“““Ah!?”” ”

“Seeing this shocking scene, Zhao Yu’s eyes suddenly widened, and he began to pant heavily. ”

“The bullet hit the heart directly. This scene, this scene ... ”

“”Hahaha ...”” After the murder, the warden put away his pistol, then pressed his ear and said to Zhao Yu,“”China’s crazy detective, did you understand this time?”” ”

He ... He understood!

“Even without the warden’s reminder, Zhao Yu already understood the problem. ”

Hu Ling ...

New Moon Hotel ...

Miao kun’s gun ...

The bullet hit the heart ...

“In that instant, the past flooded his mind, making Zhao Yu even more excited. ”

Why didn’t I think of this earlier?

“Ding Lan had said that the bullet that hit Hu lingye was shot by Miao kun’s pistol. If the murderer was not Miao kun, it meant that someone had killed Hu Ling with Miao kun’s gun! ”

“Miao kun’s pistol was a modified small-caliber pistol, which was much less powerful than an ordinary pistol. If someone was shot in the heart, they wouldn’t fall on their back. Instead, they would fall to the ground holding their heart, just like the warden had killed mark. ”

“However, in the new moon Hotel, Hu lingye fell to the ground and died. Her hand was not on her heart. ”

Zhao Yu now knew that Miao kun had been framed.

“At that time, he had already fainted from the electric shock. ”

“Then, someone entered the scene, grabbed Miao kun’s pistol, and killed Hu Ling! ”

“However, according to Miao kun, Hu lingye was a skilled fighter. If someone wanted to kill her with Miao kun’s gun, how could they succeed so easily? ”

“Even if he could succeed, he might not be able to hit Hu lingye’s heart with one shot! ”

Then ... What was the truth?

“Recalling the details of the case, Hu lingye was wearing a scarf and sunglasses, so no one could see her face clearly, including Miao kun! ”

“Also, there were bruises on Hu lingye’s body and traces of a fight ... ”

Could it be ...

Could it be ...

“Just as Zhao Yu was about to figure out the truth, the warden suddenly gestured to the prison guards at the entrance of the bar. The prison guard quickly opened the door and saw a person walking in! ”

“The man had a very strong aura, and there were five or six burly bodyguards behind him. As soon as he entered, the entire bar quieted down, and even the warden subconsciously straightened his back.”

“The person was wearing a white suit. She was tall, slim, and wore a pair of high heels. She had long, black hair. She was a woman with a curly beard!!”

Oh my God!

“Although the woman was wearing a pair of sunglasses that covered almost half of her face, Zhao Yu recognized her at a glance. He was dumbfounded.”

How ... How could it be her?

Chapter 1693: Jailbreaking berserk Dragon (7)

That was impossible!

‘That’s not possible ...’

“Seeing the woman with the powerful aura coming closer and closer, Zhao Yu felt his blood boil and his brain spin. It was incredible!”

“The person was none other than the girl who had participated in the detective salon with him, miss seimena!”

How could that be possible?

“After the incident on the island of wondrous traces, hadn’t Xi menna been taken away by the United Kingdom military?”

“Not only had she murdered Green’s daughter, Jasmine, but she had also participated in her father’s conspiracy. It was a heinous crime, so there was no way the United Kingdom would release her.”

Could it be that ... She had escaped from prison?

Was the United Kingdom Military Intelligence Division useless?

How could such an important criminal run away so easily?

“Moreover, even if she did escape from the prison, the United Kingdom should at least release the news so that Miao kun and the others could be prepared, right?”

“After all, Xi Wei’s death was closely related to Miao kun, Jake, Zhao Yu, and the others. If Xi Mengna had really escaped, she would definitely seek revenge on these people.”

What was this?

The British did it on purpose?

Or ... Was there some kind of unknown conspiracy behind this?

“Just as Zhao Yu was still in shock, Xi Mengna had already come up to him. With the appearance of Xi menna, the head Warden tactfully retreated to the side and did not dare to say another word. ”

“”China detective, we meet again!”” Xi menna took off her sunglasses, revealing her slightly bony but radiant and pure face. ”

“After she spoke, she spoke standard Chinese. ”

“In that instant, time seemed to flow backward. Zhao Yu felt as if he had returned to the time when he first met Xi Mengna. ”

“In the labyrinth of the island, Xi menna stood tall. Her figure was comparable to that of a top model, and she had an elegant temperament. When she smiled, she was beautiful beyond comparison. ”

“However, the woman in front of him was obviously much more mature than she had been on wondrous trace Island. Her eyes had become cold and arrogant, and there was also a trace of unconcealable ruthlessness and dominance in them. ”

“”How ... How did this happen?”” “”You ... They let you go?”” Zhao Yu asked, staring at Xi menna. ”

“”To be honest ...”” Xi Mengna also stared at Zhao Yu without blinking and said,””this time, you were not my first target, but you chased me all the way here, and even walked right into the trap. This is really an unexpected gain! ”

“”No, it should be called Yingying’s surprise!”” ”

“Then, the corners of Xi menna’s mouth lifted slightly, revealing a hint of an evil smile. ”

Oh ...

“Zhao Yu knew that her first target was, of course, her father-in-law, Miao kun. ”

“”What do you think, my great detective!”” Xi menna pointed at the dead body in the distance and said coldly,””through my hints, do you understand what is going on?”” ”

“”In the new moon Hotel ...”” Zhao Yu said excitedly.””The woman who was doing business with Miao kun was not Hu Ling, but ... You!”” ”

“”Hahaha ...”” Xi menna laughed.””Don’t tell me you just thought of it? You’re the famous China detective!”” ”

Sigh ...

“”Sigh ...”” Zhao Yu sighed. Xi menena was right. This time, he really had too little time to solve the case. ”

“In fact, he had already felt that something was wrong, but he had never thought that the person behind the scenes manipulating the whole thing was her! ”

“Now that he thought about it, Hu lingye’s height and figure were indeed similar to Xi menna ‘s. Moreover, Xi menna was agile and strong. If she had not been caught by the United Kingdom military intelligence, Zhao Yu might have already thought of her! ”

“Since all of this had been arranged by Xi menna, everything seemed to make sense. ”

“In order to avenge her father, she had kidnapped Miao kun and sent him to the evil house to make him suffer. ”

“”Now, since I’ve chosen to meet you, I don’t want you to have any more regrets,”” Xi menna said with a strange look in her eyes.””After all, you detectives always like to pursue the truth!”” ”

“”Oh?”” Zhao Yu frowned.””When we first met, didn’t you call yourself miss detective? Why did he suddenly sound so distant? Wouldn’t we detectives ‘sound more intimate?’”” ”

“”Hmph ...”” Xi menna chuckled and said to herself,””I once sent someone to China to get close to you, but...You were already secretly protected by the Chinese agents, and I couldn’t find a chance to do anything.”” ”

Oh ...

“After Xi Mengna said that, Zhao Yu then remembered the emergency alarm. He had thought it was a mistake, but it seemed that someone had indeed plotted against him! ”

“Fortunately, secret services had made secret protection arrangements, so they did not succeed. ”

“”So, I decided to start with Miao kun! ””After all ...”” Simone raised her head, and a fierce look flashed in her eyes.””He is my biggest enemy. Not only did he force my father to his death on Miracle Island, but he also found the diamond left behind by Clint. The worst thing is that he actually returned the diamond to the British! ”

“She then added,””my father’s greatest wish was to get those diamonds, so Miao kun’s actions were unforgivable!”” ”

“”So ...”” Zhao Yu asked tentatively,””Hu lingye’s incident was tailor-made for Miao kun?”” ”

“”My father once said that if you want to deal a fatal blow to your opponent, you must not let them be on guard!”” ”I’ve put in a lot of effort to lure that sly old fox, Miao kun, into my trap,”” Xi menna said, looking pleased with herself. ”

“”Only information like londee’s would be able to attract him! ”

“”So, I first disclosed false information to Hu lingye. Hu lingye has a good relationship with the middle Eastern man. In order to make the information valuable, she will definitely contact the middle Eastern man. ”

“”The middle Eastern man couldn’t digest it himself. He knew that Miao kun had been looking for londee, so he would definitely contact Miao kun ... ”

“”In this way, my plan has unknowingly succeeded! ”

“”This matter seems to be full of coincidences, but in fact, the entire process was calculated by me. With this middleman, Miao kun will definitely lower his guard!”” ”

“”If you want to deal a fatal blow to your opponent, you have to catch them off guard ...”” Zhao Yu thought about this sentence and said,””so, you had to pretend to be Hu lingye to deal with Miao kun. ”

“““When the deal started, you made an excuse that you were afraid of guns and made Miao kun pull out his gun. Then, you self-destructed to attract attention. At the same time, you knocked out Miao kun’s security guard with anesthesia, and then knocked him out while he was still confused!”

“““This is a clever move,”” Zhao Yu said.”“It looks a little redundant, but the effect is surprisingly good!”” ”

“““Yes,”” Xi menna said.”“Miao kun isn’t someone to be trifled with. If I choose to use force, even if I can subdue him, I’ll definitely expose the target!”” ”

“““So, you had Hu lingye under your control a long time ago,”” Zhao Yu said.”“When you knocked out Miao kun, you sent someone to bring Hu lingye in, then killed her with Miao kun’s gun!”

“““And Hu lingye must be wearing the same clothes as you!”” ”

“““After that, they used the same cart that Hu lingye used to transport Miao kun,”” Xi menna said excitedly.”“Then, they went to the surveillance room, knocked out the security guard, and took out the hard drive!”

“““In order not to be captured by the external cameras, we didn’t leave immediately. Instead, we stayed at the new moon Hotel for a night and drove away the next day!”” ”

What the ...

“Zhao Yu guessed the first part, but not the second part. ”

“““Because we understand how the Morocco police do things,”” Xi menna said with a smile.”“They won’t check every room in the hotel just for a murder case!”

“““And your agents will be too busy dealing with the local police to notice us.”” ”

“““Amazing, amazing ...”” Zhao Yu nodded.”“The more skilled you are, the more daring you are. Your level is almost as good as mine!”” ”

“““Hmph ...”” Xi menna smiled.”“You’re still so full of yourself. Zhao Yu, I can tell you that what happened to Miao kun is just the beginning!”

“““Those who participated in the detective salon and killed my father, I won’t let a single one of them off!”” ”

Chapter 1694: Jailbreaking berserk Dragon (8)

“““I don’t understand ...”” Zhao Yu crossed his arms and asked,”“why didn’t you just kill Miao kun at the new moon Hotel?”” ”

“““My father once said,”” Xi menna said with her usual cold expression,”“revenge doesn’t necessarily have to be killed. Sometimes, making a person feel despair can increase the pleasure of revenge!”

“““Besides ...”” Xi menna said.”“If Miao kun dies, it will alert the others, which will be bad for my revenge plan!”” ”

""Oh ..."" Zhao Yu nodded. ""So, Miao kun's disappearance is just the beginning?"" "

""Yes,"" Xi menna said. ""I won't let any of those who participated in the detective salon and killed my father go!"" "

""But, there's one thing I don't quite understand,"" Zhao Yu said. ""Since Miao kun is already in prison, why do you still let him live in the comfortable Paradise area?"" "

""Why don't you just let him go to hell to' enjoy '?"" "

""The China detective really likes to get to the bottom of things. ""Well, I'll tell you,"" Xi Mengna said calmly. ""There are two reasons. One is that even Miao kun himself can't figure out why he's in prison. He can't figure out what's going on. "

""Until death, let him be kept in the dark! "

""The other is my personal preference, which is also a little psychological trick. "

""I want Miao kun to experience the process of falling from heaven to hell, so that he can have a mental breakdown faster! "

""If I had arranged for him to be sent to the brutal infernal court from the very beginning, he would have built a line of defense in his mind instead, and his desire to survive would have been aroused! "

""It's easier to destroy a person's will when they sink into oblivion without knowing it. "

""If we were to summarize it into a China proverb, it should be called "

""Abnormal!"" "

Zhao Yu cursed in his heart. It seemed that she was the one who had arranged for Matt to break Miao kun's arm.

"Just as Xi Mengna was speaking, Zhao Yu had already carefully observed the scene. He was evaluating his chances of winning if he were to suddenly explode. "

"Of course, the result of the assessment was obvious. It was definitely zero percent. "

"Even though he had an invisible bullet proof suit and was not afraid of bullets, the bodyguards that Xi menna had brought with her were all full of killing intent. They were all international level super experts. "

"If he acted rashly, he would definitely have no chance of winning. "

"Moreover, Xi menna was very powerful. If Zhao Yu wanted to launch a surprise attack and take her hostage, it would be impossible. "

"In addition, he was not fighting alone, so he had to consider Miao kun's safety. "

"Since that was the case, he could only wait and see. "

""China detective,"" Xi menna said, ""you must be curious why I flew all the way here to answer your questions, right?"" "

“““Mm ...”” Zhao Yu rolled his eyes and replied in a hurry,““of course I know. There are only two reasons why you came to me! Don’t worry, I, Zhao Yu, will never agree to that!”” ”

“““Oh?”” Xi menna frowned.““What are the two reasons?”” ”

“““The first is that you miss me and have taken a fancy to the handsome me. You want me to marry into your Xi family!”” Zhao Yu said in all seriousness,““the other is that you saw that I was a talented person, so you came over to recruit me, and asked me to work for you in the future! ”

“““Hahaha ...”” Zhao Yu laughed heartily.““You’d better give up on that idea! I, Zhao Yu, have always been loyal and courageous. Unless you give me a hundred or two hundred million, I might consider it ...”” ”

“““Luckily, Zhao Yu spoke in Chinese, so no one in the room could understand him. Otherwise, the situation would definitely be very awkward. ”

“““Xi menna was shocked by Zhao Yu’s shamelessness. She took a long time to calm down and said,““ ”

“““No, you’re wrong. I came to find you and answered all your questions because you’re no longer of value to me! ”

“““She then added,““in a sense, you’re even more detestable than Miao kun. If you hadn’t participated in the detective salon, my father would have gotten his wish and gotten the diamond!”” ”

Gulp ...

“““Seeing that there was such a big gap between his ideal and reality, Zhao Yu couldn’t help but swallow. ”

“““Hmph ...”” Xi menna shook her head and said,““you really think too highly of yourself! Zhao Yu, are you still fantasizing about it? ”

“““Let me tell you. I came to the house of sin this time only to see you in passing. My real purpose is because of this ...”” ”

“““Then, Xi Mengna took out a mobile phone and pointed a video at Zhao Yu.““““Take a good look. My Army has just intercepted two helicopters. Both of them are civilian planes from Algeria!”” ”

Thump ...

“““Seeing the video, Zhao Yu’s heart trembled. What he had been worried about the most had happened. ”

The two helicopters were most likely sent by secret services and Yusufu to pick them up.

This was ...

“““Since I’ve answered so many of your questions,““ Xi menna said seriously,““then you should answer my question now! ”

“““You can’t be so naïve as to think that two helicopters can fly into the house of sin and take you and Miao kun away, can you? ”

“““Are you planning a Prison Break?”” ”

““““Um ... This ... This ...”” Although Zhao Yu was on the verge of despair, he still pretended to be stupid on the surface.””I really don’t understand what you’re saying!”” ”

““““Zhao Yu, wake up!”” ““This is Western Sahara, not the Island of Miracles!”” Xi menna said viciously. ”

““““Do you still think that you can escape from the house of sin? ”

““““We’ve already located the target of the signal through the helicopter’s communication location. There’s a well-equipped Army there, and they’re currently surrounding them! ”

““““I think ...”” Xi menna said coldly,””those people who contacted the helicopter should be your accomplices, right?”” ”

Zhao Yu was shocked again.

“If what Xi menna said was true, then Ding Lan, amiola, and the others would be in danger. If they were also captured by the enemy, then he would have no chance of escaping! ”

““““Zhao Yu,”” Xi Mengna laughed coldly again,””to dare to break into the house of evil alone to save someone, I do admire your courage. ”

““““However, you have underestimated your opponent. Your escape plan has turned into a trap of your own, and it will eventually become your curtain call!”” ”

“Just as Xi menna finished speaking, she suddenly pressed her ear. It was obvious that she was wearing earphones and someone had sent her a message. ”

““““Tsk, tsk, tsk ...”” After receiving the message, Xi menna revealed a strange, evil smile. She shook her head at Zhao Yu and said,””Zhao Yu, Zhao Yu, I thought your accomplice was very powerful! ”

““““Three women! ”

““““Hahaha ...”” Xi menna threw her head back and laughed.””“What a joke!”” ”

Ah ...

“Zhao Yu didn’t show it on his face, but his heart was already burning. If anything were to happen to Ding Lan, he would have to bear the blame! ”

““““Alright then!”” Xi menna suddenly spoke to the warden in Arabic,””send those three women to you. You can do whatever you want with them!”” ”

““““I heard ... They’re all great beauties!”” ”

““““Yes!”” Although the head Warden was overjoyed, he did not dare to show any neglect in front of Xi menna. He immediately saluted her respectfully. ”

““““As for this China detective ...”” Xi menna waved at Zhao Yu again.””Do as you say!”” She said. ”

““““Yes!”” The warden saluted again. ”

““Zhao Yu,”” Xi Mengna took a few steps back and said to Zhao Yu, ““I know you’re a crazy detective who can fight and kill. Considering our friendship, I’ll leave you with a decent ending!”” As she spoke, she shook her wrist slightly.””Farewell!”” ”

“With that, Xi menna put on the huge pair of sunglasses and turned to leave. ”

““Hey,”” Zhao Yu suddenly shouted,””Miss Xi, can I ask one last question?”” ”

Xi menna stood where she was and did not respond.

““This prison,”” Zhao Yu asked seriously,””is it owned by your family?”” ”

“After asking, Zhao Yu was shocked to see Xi Mengna give him the middle finger, then leave the room in big strides, disappearing in the blink of an eye. ”

Chapter 1695: Jailbreaking berserk Dragon (9)

“After Xi Mengna and her bodyguard left, the soldiers in the bar immediately surrounded Zhao Yu with their guns. ”

““Tsk!”” ““It’s already dark, and you’re still wearing big sunglasses. Aren’t you afraid of falling ...?”” Zhao Yu said in Arabic. ”

“However, at the same time, Zhao Yu had made up his mind and was ready to counterattack. ”

“Without a doubt, what Xi menna meant was that she wanted him dead! ”

“Now that the soldiers had surrounded him, they must have wanted to end him by shooting him on the spot. ”

“So, Zhao Yu had no way out now, and could only try his best and try his luck! ”

Hmph!

“Realizing that he had been forced into a dead end, Zhao Yu felt relieved. He thought that since he had so many awesome props, even if he couldn’t turn the tide, he could at least protect himself! ”

“Even if the counterattack did not succeed, an aircraft could still escape far away. ”

“Hence, Zhao Yu was ready to rush to the warden in the chaos, grab his pistol, and take him hostage! ”

“He might have been helpless against Xi Mengna, but he wasn’t afraid of these prison guards at all. ”

“Although his plan seemed a little difficult, it should be possible if he used a bulletproof vest, mallet, and other tools. ”

“The head Warden was the highest-ranking official in the prison. As long as he was held hostage, he could ensure the safety of Miao kun and himself. He might even be able to find the whereabouts of Ding Lan and the others, and escape from the house of sins. ”

Right!

“Looking at the soldiers who were getting closer and closer to him, Zhao Yu secretly gathered his Qi and was ready to explode. ”

“However, at such a critical moment, something unexpected happened. ”

“When Zhao Yu lifted his head to look for his target, he realized that the prison warden, who was dressed in casual clothes, had disappeared! ”

Eh?

How did it disappear?

“This time, Zhao Yu was anxious. Why did he suddenly disappear? ”

“If he could not take down the head Warden in one move, then ... ”

“““Sir Warden, Sir Warden ...”” At that moment, a young prison guard ran out of the bar’s hut with a bundle of clothes in his hands. He shouted towards the door,““your clothes have been ironed, Sir Warden ...”” ”

“With that, the prison guard rushed out of the bar and chased after him ... ”

Zhao Yu then saw through the window that the warden was already walking towards the dining hall.

“““Hey ...”” At the same time, a few soldiers surrounded him. One of them gestured to Zhao Yu and said,““Chinese man, let’s go!”” ”

“““What? Let’s go?”” ”

“Zhao Yu thought that he was going to be executed on the spot, just like mark. ”

“However, he did not expect that the soldiers had no intention of fighting him at all. They did not even have the intention to raise their guns and aim at him ... ”

Hmm ...

“Zhao Yu looked outside. Could it be...They were afraid of dirtying the bar, so they wanted to shoot him outside? ”

“Well, Zhao Yu suppressed his urge to burst out, and under the lead of the prison guards, he walked out of the bar and towards the cafeteria. ”

“At this moment, the sun had already set, and the sky had darkened quite quickly. ”

“The yellow halo in the corridor had disappeared, and through the glass, Zhao Yu could see that the cafeteria hall was brightly lit and crowded. The fighting competition seemed to have begun. ”

“As soon as Zhao Yu entered the hall, he saw the young prison guard running towards a stage in the corner of the hall, holding the warden’s clothes. ”

“The platform was more than a meter tall, and there were comfortable seats on it. It was obviously for the high-ranking officers to watch the competition. ”

“At that moment, the short Warden was already sitting in the middle seat, smoking a cigar leisurely. ”

“The young prison guard ran over to give him some clothes, but the warden waved his hand and motioned for him to put the clothes on the seat next to him. He had no intention of changing his clothes. ”

“At the same time, on the mat in the middle of the hall, two contestants were fighting fiercely. Both the contestants and the prison guards were watching with great interest. ”

Zhao Yu scanned the entire venue and suddenly realized that Miao kun was not among the crowd. He had disappeared!

Ah?

“Seeing that Miao kun was missing, Zhao Yu became even more anxious. ”

It was not hard to imagine that the prison would not let Miao kun off easily since their scheme had been exposed ...

What to do?

“Seeing Zhao Yu’s arrival, the warden’s eyes suddenly lit up and he gave Jabbar an OK sign. ”

“””Stop! Stop! Stop!”” ”

“As Jabbar rushed onto the stage, the two contestants immediately stopped fighting. ”

“””Everyone!”” Jabbar raised his hands and said excitedly, ””next, the warden will present an unprecedented and exciting battle for everyone. There will be a good show to watch today! ”

“””Next up, let’s welcome Kavan from Iontemell!”” ”

“””This ...”” Suddenly, Zhao Yu finally realized something. Before Xi Mengna left, she had said that she wanted to give him a proper closing ceremony. Could it be ... ”

“””Hurry up, I’m talking about you!”” “”Hurry up!”” The prison guard in charge of Zhao Yu urged. ”

“””This ...”” ”

“Seeing Zhao Yu’s hesitation, the prison guard pushed Zhao Yu, who stumbled into the competition field. ”

“As soon as Zhao Yu entered the hall, the crowd started clapping. ”

The other contestants looked at Zhao Yu indifferently. They had either seen Zhao Yu’s one against five or heard of his amazing performance.

“At that moment, seeing Zhao Yu suddenly enter, everyone couldn’t help but show a puzzled expression. They didn’t know what the prison guards wanted to do. ”

“””Hehehehe ...”” At this time, the warden stood up and took a puff of his cigarette, then said to Zhao Yu, ””kawan, I admire your ability!”” ”

“““I know that you’re a good fighter and that you can take on five people by yourself. That’s why I’ve specially arranged for you to put on the ultimate show today. Let’s see how good you are. Hahahaha ...””

“What, ultimate performance?”

“Hearing this, Zhao Yu finally understood what he wanted to do.”

“““Hey, my boxers,”” as expected, the warden turned to the other contestants and said,””the once-in-a-century opportunity has come. In today’s game, there will be a lucky winner!”

“““After the competition begins, I don’t care what methods you use, but if any of you can kill this horse gang’s kawan, then no matter what mistakes you’ve made in the past, you will be released on the spot!!!”” ”

Whoosh ...

“Hearing the head warden’s words, the crowd was in an uproar. All the contestants were in an uproar.”

“““Yes, you’re not dreaming!”” The head Warden smiled and said,””I said it myself. I swear on my honor and the name of the Lord that I will keep my word!”

“““Whoever can kill the horse gang’s kawan will be acquitted, immediately!”

“““However, I need to remind you that there is only one slot. You ... Must try your best to fight for it!”” ”

Waa ...

“Seeing the head warden’s conviction, the contestants were once again excited. To them, being able to be acquitted and leave the house of sin was simply an unattainable dream!”

“Now that the opportunity was right in front of them, how could they not be excited?”

“Soon, the players were all eager to fight, and they couldn’t wait to rush up and kill Zhao Yu. They had long forgotten about Zhao Yu’s fighting power of one against five.”

“““Damn ... Sigh!”” Facing more than thirty opponents who were like wolves and tigers, Zhao Yu shook his head and sighed. He then shouted at the warden,””Sir Warden, what if ... I win?”” ”

“After Zhao Yu said this, the scene suddenly quieted down, and the air seemed to have frozen.”

“One second, two seconds, three seconds ... ”

“Three seconds later, the whole arena burst into laughter. The contestants laughed, the prison guards laughed, and the warden laughed so hard that he was almost out of breath.”

“““Hahahaha ...”” After the warden had enough of laughing, he held his stomach and said to Zhao Yu,””Okay, okay, okay. If you can defeat all of these people, then I’ll also release you without charges. That’s fair, right?”” ”

“““Roar ...”” ”

“After the head Warden said that, all the contestants were enraged. One by one, they bared their fangs and brandished their claws, letting out beast-like roars. ”

Chapter 1696: Jailbreaking berserk Dragon (10)

“““What do you think, MA gang kawan?”” The warden took a puff of his cigarette and asked Zhao Yu,““is this curtain call decent?”” ”

“““I don’t know if it’s decent or not,”” Zhao Yu said coldly,““but to be honest, the opponent you arranged for me was too weak!”” ”

“““After I beat them, don’t you go back on your word!”” ”

“““Hmph!”” The warden finally stopped smiling, sat down on his seat, and said fiercely,““you’re still talking big when you’re about to die! I’ll see how you’ll die today!”” ”

“After saying that, the head Warden gave Jabbar a look, and Jabbar immediately raised his hand and shouted,““ ”

“““Everyone! ““The show is about to begin ...”” As he said that, he took a few steps back and whistled at the contestants who had long been unable to hold back. ”

Beeping ...

“The whistle sounded, and the match officially began. Many of the contestants, who were eager to get out of prison, immediately rushed towards Zhao Yu. ”

“The prison guards on Zhao Yu’s side all rushed out of the arena, blocking Zhao Yu’s retreat. They were afraid that Zhao Yu would retreat. ”

“““Ah ...”” ”

“However, Zhao Yu didn’t retreat. Instead, he shouted and kicked the first contestant, sending him flying back. ”

“As the crowd was too crowded, the contestant flew backward and crashed into a large number of people. Those who fell to the ground tripped even more. ”

Zhao Yu saw an opportunity and rolled to the left of the crowd. He then threw a whirlwind kick at another person.

Oh my ...

“The man flew out and hit the crowd again, causing chaos. ”

“However, these people were, after all, experts who had been selected. Zhao Yu wanted to Dodge again, but there was already another person coming from the side. The person grabbed Zhao Yu’s waist in mid-air, trying to push Zhao Yu to the ground. ”

“““Ah ...”” ”

“Zhao Yu held the man and turned around on the spot. He suddenly exerted force in his arms and threw the man out, causing him to bump into another person who was rushing over. ”

“However, there were simply too many of them. As soon as they finished off one, another one arrived in the blink of an eye. ”

“The man was a short man with tattoos all over his body. He was agile and ruthless. As soon as he rushed over, he raised his hand and hit Zhao Yu’s chest. ”

“Zhao Yu only saw a flash of silver light, then he was shocked to find that the kid was holding a fork for Western food in his hand. The fork was pointed at his chest. Obviously, he wanted to end his life in exchange for a place to be released from prison! ”

“The warden had said that no matter what method was used, as long as it could kill Zhao Yu, it would be effective. ”

Not good!

“Luckily, Zhao Yu was quick to react. He blocked with his left hand and pinched with his right hand, immediately grabbing the man’s wrist. ”

“At this time, more enemies rushed over. Zhao Yu quickly grabbed the man’s wrist and used him as a shield to block the crowd. ”

“Then, Zhao Yu grabbed the tattooed man’s neck with one hand and used his other hand to grab the fork, pressing it against the man’s throat! ”

“At that moment, in order to avoid the crowd, Zhao Yu had already retreated to the dining area. His back hit the wall, and there was nowhere to go. ”

“““Don’t move! Don’t move!”” ”

“Zhao Yu used the hostage in his hand to threaten them, but these people had no friendship at all. With such a huge reward, who would care about an insignificant fellow? ”

“““Go! Go on, you guys!”” Someone shouted from behind,““if you’re not going up, then move aside. I’ll do it!”” ”

“““I’ll do it ...”” Another person shouted and rushed forward. ”

“““Don’t fight over him ...”” A black man from behind grabbed a few of his companions, who were in the way, and shouted madly at Zhao Yu,““he’s mine, get out of my way!”” ”

“““Kill ...”” ”

“Looking at this scene, Zhao Yu’s blood was boiling, and his hostility rose. ”

“““Motherf * cker!”” ““You dare to compete with me?! I’ll show you what I’m capable of!”” Zhao Yu roared, his eyes filled with killing intent. ”

“Then, Zhao Yu threw the hostage into the crowd, grabbed the fork, and ran straight into the crowd! ”

Whoosh ...

“The prisoners roared and swarmed Zhao Yu. In the blink of an eye, Zhao Yu was drowned in the sea of people.”

“Seeing Zhao Yu being swallowed up by the crowd, the warden nodded in satisfaction.”

“”Hahaha ...”” He laughed in his heart.””What a big mouth. No matter how good a person is at fighting, how can he defeat more than thirty people in one go?”” ”

“Moreover, these 30 plus people were elite fighters selected by the house of sin! ”

Hmph ...

The Chinese really overestimated themselves.

“The warden smiled evilly and thought to himself,””it’ll be good if I can leave Zhao Yu’s body intact when I collect his corpse later.”” ”

“Just as the head Warden was pondering excitedly, the situation on the field suddenly changed. The players were playing happily, but suddenly someone covered his nose and lay on the ground, shouting,”” ”

“”Eh? Who farted? Why is it so smelly? Cough, cough ...”” ”

“”Cough, cough ... Cough, cough ...”” Very quickly, as if it was contagious, many people began to cough violently and covered their noses. ”

“”Eh? What’s wrong?”” The warden realized something was wrong and quickly leaned out to look carefully, trying to find Zhao Yu. ”

“In the end, just as he was looking carefully, the entire Hall suddenly fell into darkness! ”

All the lights in the hall had been turned off!

Ah?

No... No battery?

How did this happen?

“The sudden power outage immediately caused a commotion. The people on the ring were screaming and shouting, and it was a mess. ”

“”Hurry ... Hurry up and show me what’s going on!”” The warden was shocked and immediately gave orders to the prison guards. ”

“Before he could finish his sentence, he heard a gunshot from somewhere in the hall! ”

Bang ...

“It was unknown who fired the shot, but the flash of fire scared everyone. ”

Ah ...

“Ah?” As soon as he saw someone shoot, the warden could no longer sit still and shouted, “who is this? Was he crazy? Don’t shoot!”

Bang ...

“However, the gun rang again. This time, it was aimed at the head Warden. The bullet whizzed over and hit an officer beside the head Warden.”

Ah ...

“The officer immediately fell to the ground, screaming and rolling ...”

“Not good! Quick ... Quick ...” The warden quickly lowered his head and shouted to the prison guards around him, “quick, protect me!”

The soldiers were completely dumbfounded. They quickly gathered around and stood in front of the head Warden.

Bang ...

Bang ...

“However, in the next second, there was a sudden burst of gunfire. Someone fired several shots in a row, all of which were shot at the crowd in the ring. Someone in the crowd suddenly screamed as if he had been shot.”

“Obviously, the people there were even worse off. They couldn’t see anything in the dark, and just now, they were uncomfortable with the stench. Now, someone was shot. How could they not be in chaos?”

Ah ...

“Many of the contestants fled in all directions like a frying pan, rushing to all corners of the hall.”

“In the chaos, they heard someone shouting in Arabic, “Not good, the prison guards are killing people! They’re going to silence us, run ...”

“This time, the prisoners were all frightened and ran even faster. Some of them even collided and clashed with the prison guards in the dark ...”

“Not ... Not good!” At this time, the head Warden, who was hiding in the stands, shouted in his heart, “quick! Quickly stop them, don’t let them escape!”

Bang ...

“Just as he shouted, a bullet flew toward him and hit one of the prison guards who was protecting him.”

“Ah ...” The head Warden was so scared that he fell to the ground and shouted, “someone wants to kill me. Shoot! Kill him! Shoot!”

“With the warden’s angry shout, the prison guards immediately aimed at the place where the bullet had come from and fired!”

Bang Bang Bang ...

“In an instant, the hall was filled with gunshots and bullets. It was a mess ... ”

Chapter 1697: Jailbreaking berserk Dragon (11)

“The person who had created the chaos was, of course, Zhao Yu. ”

He didn't plan to fight to the death with the Gladiators from the beginning. The reason why he acted so impetuous just now was actually to distract the prison guards.

“Speaking of which, this was a move that he had learned on the spot. Xi menna had taught him that if he wanted to deal a fatal blow to his opponent, he must not let his opponent be on guard. ”

“For Zhao Yu, the situation was extremely critical. The fate of Ding Lan and the others was unknown, and Miao kun had disappeared. How could he still be in the mood to fight with the other contestants? ”

“Even though he didn't put these thirty-odd fighters in his eyes at all with the help of the props, what good would it do him even if he beat them all down? ”

“Xi menna had already given the order, and the head Warden would not let him go no matter what. ”

“Therefore, instead of fighting and risking their lives, it was better to do something more practical. ”

“Hence, Zhao Yu pretended to be high-profile and became manic and fierce, but in fact, he had secretly released two invisible odor bombs and used the invisible breathing device on himself. ”

“Under the effect of the odor bomb, the players were all choked to tears and kept coughing. ”

“Zhao Yu took the opportunity to use the power jamming device. Although it was not completely dark outside, once the lights were turned off, it would definitely affect people's vision. ”

“In order to ensure the effect, Zhao Yu also spent more than 1000 points in advance to upgrade it, which expanded the range of the power Shield, so that it could cover the entire Hall. ”

“Sure enough, after the power ran out, both the prison guards and the contestants panicked. ”

“Zhao Yu had invisible night vision, so he rushed out of the competition field early and rushed to one of the prison guards who was holding guns. He knocked him out with one punch. ”

“Next, Zhao Yu grabbed the rifle from the prison guard, pulled the safety, and fired a shot. ”

“At that time, he really did not think too much about it, and only fired a shot at the head Warden. However, when he found out that the thirty or so fighters were also scared out of their wits, a better idea suddenly flashed through his mind. ”

“As a result, he fired several shots at the players and hit a few people in the legs. ”

“As a result, the contestants were naturally frightened and immediately fled in all directions. ”

“Zhao Yu turned on the invisible voice changer and shouted in an Arabic voice, saying that the prison guards had killed someone and that the prison guards were going to kill him to silence him. ”

“This time, the players were even more frightened and all rushed out like crazy. When they encountered the other prison guards, conflicts were inevitable.”

“As a result, the entire Hall was in chaos.”

“Of course, Zhao Yu’s main goal was not here. His purpose of creating chaos was to take the warden as a hostage.”

“In the face of such adversity, the head Warden was the only thing that could truly protect him. Only by controlling him could he possibly escape.”

“So, Zhao Yu did not stop, but ran straight to the stands. When he got closer, he shot two prison warden guards.”

“The warden, who was so frightened, could not take it anymore and finally gave the order to fire back.”

The prison guards immediately raised their guns and fired at Zhao Yu.

“Although the power had been cut off, it was not completely dark outside. After the People’s eyes got used to it, the prison guards could still see Zhao Yu’s general position.”

“There was nothing to block Zhao Yu’s path, so he couldn’t avoid the dense shooting.”

“However, Zhao Yu had an invisible bullet proof suit on him, so he was not afraid at all. He stood up and faced the bullets that whizzed towards him. He didn’t Dodge at all, but started to shoot back calmly.”

Bang ...

Bang ...

“Although Zhao Yu’s marksmanship was not up to standard, there were many prison guards in the stands, and they were too big of a target. Almost every shot Zhao Yu fired was able to shoot down one person!”

“Just like that, Zhao Yu faced the bullets as he strode towards the stands. He looked even more terrifying than a Terminator.”

“The prison guards in the stands were dumbfounded. They were sure that their bullets had hit Zhao Yu, but why didn’t he fall down?”

“As their companions became fewer and fewer, the fear in the prison guards’ hearts grew. Many of them began to break out in cold sweat and their wrists trembled as if they had seen a demon.”

Bang ...

Bang ...

“As for Zhao Yu, he was getting more and more comfortable with the shots. At such a close distance, it was difficult to miss.”

“However, the rifle’s bullets were limited, after all. Just as Zhao Yu got close, the rifle started to crack, and no more bullets could be fired.”

""Wayah!"" "

"Zhao Yu screamed and used the rifle like a stick, cutting down one of the men. "

Plop ...

Ah ...

"Just as the man screamed and fell to the ground, the rifle shattered in the air. It was clear how violent Zhao Yu was. "

""Ah!"" "

"There were only two bullets left in the rifle. After they were all used up, Zhao Yu threw the gun away and it hit one of the enemies right in the face. "

"Zhao Yu took advantage of the situation and kicked out a whirlwind leg, sending an officer flying from the stands. "

"Wayah! With a roar, Zhao Yu put one of the enemies on his shoulder and used his body as a weapon to attack from left and right. "

""Ah ... Ah ..."" "

"At this time, the head Warden hid under the seat, holding his head. He was so scared that his face was pale and his body was trembling. "

Hmph!

"Zhao Yu had already locked onto the head Warden. Seeing that there were no more enemies, he bent down and pulled the head Warden out from under the seat with one hand. "

""Ah ... Ah ah ah ah ..."" The head Warden screamed in fear.""Don't ... Don't kill me ... Ah ah ah ..."" "

""Go to hell!"" "

"After Zhao Yu turned the warden over, he gave him a tight slap. "

Pa ...

The head warden's teeth flew out of his mouth after the slap. He cried out in pain and blood frothed in his mouth.

""Speak!"" Zhao Yu grabbed him by the neck and asked, ""where's Miao kun? Where did you put him? Speak!"" "

""Who ... Who is it?"" "

""Xxxxx (dirty words)!"" Zhao Yu cursed and slapped the warden's face again.""I told you to play dumb! Did you hear me clearly this time?"" "

""I heard it, I heard it, Wuwu ... Wuwu ..."" The warden's tears were flowing out. He quickly said with a trembling voice, ""I ... I locked him up in the hell District!"" "

“““What the f * ck ...”” Zhao Yu frowned, then grabbed the man’s neck again and asked,“““where are the three women you caught? Where is he?”” ”

“““Three women?!”” The head Warden was stunned. When she saw Zhao Yu raise his fist and was about to hit him again, she quickly waved her hand and said,“““I’ll talk, I’ll talk ... Boss just said, she...They ...”” ”

“Before the warden could finish his sentence, there was a gunshot in the distance, and several bullets whizzed past Zhao Yu! ”

Not good!

“Zhao Yu was not afraid of bullets, but he could not afford to lose the warden. ”

“Seeing that someone was shooting, he hurriedly pushed down and pressed the warden to the ground. ”

Damn it!

“Zhao Yu cursed in his heart, are these prison guards so stupid? He knew that the warden was in his hands, yet he still dared to shoot like that? ”

Bang ...

Bang ...

“In the end, before Zhao Yu could turn around, bullets were shot again. The bullets hit the seat next to him, causing cotton to burst out! ”

I’ll cut!

“““F * ck!”” Zhao Yu cursed and immediately turned around. He was shocked to see that the people who fired at them were not prison guards, but prisoners! ”

Chapter 1698: Jailbreaking berserk Dragon (12)

“Zhao Yu had really underestimated the ability of these contestants. They all had their own unique skills, so they were not weak. ”

“Although there were many prison guards in the hall, they were much weaker than the prisoners. Coupled with the blurred vision, many prison guards were knocked down by the prisoners after a conflict. ”

The guns in the prison guards ‘hands naturally fell into the prisoners’ hands.

“The prisoners were almost driven crazy. After snatching the guns, they all shot at the stand where Zhao Yu was. ”

What a F * cking idiot!

“Zhao Yu, who was lying in the stands, couldn’t understand what these people were thinking. Was he trying to shoot himself or the warden? ”

Did they think that they would be released without any charges after killing him?

Or did they naively think that they would be able to escape from the house of sin after killing the head Warden?

Bang Bang Bang ...

“The bullets were still whistling, and there was no end to it.”

No!

“Zhao Yu felt that he could not go on like this. With such dense firepower, he was afraid that he could not protect the head warden’s safety. Thus, he immediately had an idea. He turned off the power jamming device in his mind.”

Whoosh ...

“As soon as the shield was removed, the hall was instantly restored to power. It was brightly lit as if it was daytime!”

Ah ...

“Looking at the entire Hall, it was a mess. Many people had fallen to the ground, and many people were still fighting with the prison guards.”

This ...

“At that moment, there was still a small number of prison guards in the hall. When they saw the prisoners shooting, they did not hesitate to shoot at the prisoners!”

Bang ...

Bang ...

“Some prisoners were shot and fell to the ground, and the other prisoners quickly fired back. As a result, not only did the hall not restore order, but a new round of chaotic fighting broke out!”

“However, in such a chaotic situation, the pressure on the stands was greatly reduced. Taking advantage of this opportunity, Zhao Yu quickly pulled the warden behind the stands.”

“However, he only pulled once and suddenly realized that the situation was not right.”

The head Warden drooped down and stopped moving!

Please don ‘t!

Zhao Yu was shocked and quickly looked down. He was shocked to see that the head Warden had been shot in the head and had died!

Ah ...

Zhao Yu clenched his fist and punched the stands hard.

“He had never thought that he would be so unlucky! If he had known this would happen, he would have used a bulletproof vest on the head Warden!”

Damn it!

Damn it! Damn it ...

“Zhao Yu punched the head Warden a few times, then pulled the head Warden over to take a closer look. He saw that the head was shot, and the head Warden was dead.”

What to do?

What to do?

“Zhao Yu’s heart was in a frying pan. If he didn’t have the warden as a hostage, how could he escape from this impregnable home of evil?”

“Besides, he was not alone. Ding Lan and the others were still alive, and Miao kun was locked up in hell ... What should he do?”

“At this time, there were noises coming from the exits of the cafeteria. It was obvious that the prison had sent reinforcements and would soon surround the place. It was not a good place to stay.”

It seemed that he could only rely on the system props and take it one step at a time ...

“Then, Zhao Yu let go of the warden’s body and was about to leave.”

“However, he suddenly remembered that the warden had a pistol on his waist. After all, a pistol was more convenient than a rifle, and he could carry it with him in case of emergency.”

“So, Zhao Yu pulled the head Warden down and pulled half of his body out of the platform, then searched him.”

“The gun was found very quickly. Zhao Yu didn’t think much about it at first, but just as he reached for the gun, he happened to be standing face to face with the warden.”

Hmm ...

“Suddenly, Zhao Yu realized two things. First, there was something stuffed in the head warden’s ear!”

“That thing was the color of flesh, and one wouldn’t be able to see it if they didn’t look carefully.”

“Oh ... As expected, there was stock!”

Zhao Yu quickly hid the gun and took out the thing from the warden’s ear.

It turned out that this little thing was a miniature communication device.

“Previously, Zhao Yu had seen the warden press his ears when he was speaking, so he suspected that there was something in the warden’s ears, and that someone was instigating him.”

“Now, Zhao Yu already knew that the person who had ordered the warden to do so was Xi Mengna, so ...”

Zhao Yu quickly put the communication device into his ear.

“As he was plugging in the communication device, he noticed a second thing. Although the head Warden was dead, he looked rather peaceful, as if he was asleep!”

Waa ...

“Zhao Yu touched the communication device in his ear, then looked at the head warden’s face. Suddenly, his eyes lit up as he thought of a great idea!”

She was really too granny!

“Zhao Yu was very excited. Why didn’t I think of this before? Just now, he had been so focused on taking the warden as a hostage that he had forgotten that he had an even more magical artifact in his device bar!”

The magical treasure was the invisible disguise vessel of the Kasaya!

That’s right!

“The more Zhao Yu thought about it, the more excited he became. If he were to pretend to be a Warden, wouldn’t that be better than kidnapping a real one?”

Bang Bang Bang ...

“At this moment, as more and more prison guards rushed in, the sound of gunfire in the hall became louder and louder. There were also hurried footsteps coming from the direction of the bar. It was estimated that someone would rush here very soon.”

“Hence, Zhao Yu didn’t dare to delay and used the invisible disguise device and the invisible voice changer at the same time to capture the head warden’s face and voice.”

But ...

“After the capture, Zhao Yu found a new problem. The head warden’s body was right there. Once the prison guards found out that the head Warden was dead, the imposter would be exposed!”

So ...

Zhao Yu made up his mind and quickly reached out to search the warden’s body again.

“He had clearly seen the head Warden light the cigar in his hand, so he must have a lighter on him.”

“People often say that killing people and setting fire, but little did they know that the power of setting fire was much greater than killing people!”

“Very quickly, Zhao Yu found a lighter in the prison warden’s pocket. Then, without any hesitation, he immediately set the dead body’s clothes on fire, as well as the seat next to it.”

“The flames gradually burned, and the temperature in the air rose sharply.”

“Just as he was setting the seats on fire, Zhao Yu made another important discovery.”

“As the head Warden was in a hurry to watch the match, he was wearing a more casual outfit.”

“Earlier, a prison guard had brought him his ironed uniform and placed it on the chair next to him.”

Hehe!

This is really a gift from the heavens!

I'll be the real Lord Warden once I put on this!

"Hence, Zhao Yu immediately picked up the uniform and put it on himself. "

"Just as he was getting all dressed up, a bomb squad made up of soldiers suddenly appeared in the bar's corridor. These people were obviously here to rescue the head Warden. As soon as they entered the hall, they immediately rushed to the stands. "

'Holy sh * t ...

"Zhao Yu quickly lowered his head and hid behind the chair that was on fire, then continued to put on his clothes quickly. "

"Unfortunately for him, the warden was short, and his clothes were exactly one size smaller than Zhao Yu 's, so it was very difficult to put them on. "

""Hurry ... Hurry and save the Lord Warden!"" "

"At this time, Zhao Yu could hear the sound of reinforcements, but he was still wearing his pants. "

No!

"Zhao Yu knew that the fire had not yet completely burned the warden's body. Once the enemy rushed over, he would be exposed. "

"In a moment of desperation, Zhao Yu decided to go all out. He used both the voice changer and the disguise device at the same time, then rushed out with half of his pants. "

""Hey, I'm here! I'm right here!"" Zhao Yu shouted in the prison warden's voice, ""it's me, it's me!"" "

Chapter 1699: Jailbreaking berserk Dragon (13)

Zhao Yu pulled up a pair of pants and almost jumped in front of the soldiers on one leg.

""Ah?"" The soldiers who rushed over were stunned at first, but when they saw that the person who rushed out of the fire was indeed their Lord Warden, they were overjoyed and exclaimed, ""it really is the warden! "

""The warden is here!"" "

""Thank the Lord! You're still alive ..."" "

Hu ...

"Seeing that the soldiers believed him, Zhao Yu finally heaved a sigh of relief. Although he was much larger than the real head Warden, it was a critical moment, after all, and no one would notice such small details. "

“Fortunately, the head Warden was an Arabian man with a slightly fairer skin color. If he were black, it would not have been so easy for him to get away.”

“Quick ... Protect the Lord!” At this time, a higher-ranking officer pointed at the fire in the distance and ordered the soldiers, “you guys, quickly put out the fire!”

“Don’t!” “Don’t go over!” Zhao Yu said as he put on his pants.

“As the fire wasn’t that big, Zhao Yu was worried that they would find corpses when they put out the fire.”

“Ah? Why?” The officer was stunned. “You know, we’re most afraid of fire here. It’ll be troublesome if it’s caught in fire. We can’t just ignore it!”

Bang ...

“Just as the officer said that, a bullet whizzed past and flew over everyone’s head, scaring them into shrinking their necks.”

“Save my ass, you want to put out the fire?” Zhao Yu mimicked the warden’s tone and cursed loudly, “are you guys blind? The prisoners are rioting, why don’t you hurry over and stop them?”

“Um ... But ...” The officer looked at the rising flames and seemed very hesitant.

“Bastard!” Zhao Yu’s eyes widened, and he went up to slap the officer. He then shouted hysterically, “I ... I was almost killed by them just now!”

“Why aren’t you all going to arrest them?”

“If they run away, we’ll all be finished! Hurry up!”

“Yes ... Yes, yes, yes ...” Seeing the head warden’s sudden outburst, the soldiers did not dare to delay any longer. They all rushed towards the prisoners in the hall, leaving only two soldiers to protect the head Warden as he retreated.

“You guys don’t need to worry about me!” Zhao Yu shouted at the two soldiers, “do something for me right now. Turn off the power switch of the prison! Hurry up and go ...”

“Ah? What?” “What?” the two soldiers were confused and asked in a hurry, “won’t we be unable to see anything if we pull the power switch?”

“Hey, do you want to die?” Zhao Yu took out his gun and pointed it at the two of them. “You dare to disobey my orders? Let me tell you, this prison riot was premeditated. Someone wanted to escape during the chaos. You pulled the power switch, and I naturally have a way to catch them!”

“Still not going?”

“Oh ... Oh ...” Zhao Yu’s words didn’t make any sense, but the two soldiers didn’t dare to disobey. They quickly nodded and ran towards the exit!

Hmph Hmph!

“Looking at the two soldiers running away, Zhao Yu snorted coldly. He thought about what the officer had said. The desert prison was most afraid of fire!”

Hehehe ...

These words were really well said!

“Then, Zhao Yu left the restaurant and walked towards the bar.”

“Just as he entered the corridor, he ran into a few prison guards who had come to help.”

“The prison guards almost bumped into Zhao Yu. Zhao Yu was shocked, but when these people saw that the person in front of them was the prison warden, they were even more frightened than Zhao Yu. They quickly saluted and apologized.”

““““Alright, the main hall is basically settled!””” Zhao Yu immediately pretended to order his men,““““I’ve received a report that the heaven District is on fire. You guys hurry up and get the fire extinguisher nearby to put out the fire!””” ”

““““Yes!””” The few of them quickly saluted.”

““““I’m telling you, we’re most afraid of fire here. If the fire in the heavenly area isn’t controlled, none of you will survive! Do you understand?””” Zhao Yu shouted.”

““““Yes!””” The soldiers trembled in fear and quickly scattered in all directions to find a fire extinguisher.”

“As soon as the soldiers left, Zhao Yu walked into the bar. When he saw that there was no one in the bar, he immediately rushed to the bar counter, threw a few bottles of hard liquor on the ground, and then lit them on fire with a lighter.”

“Under the effect of the alcohol, the fire immediately rose and burned a large area in the blink of an eye ...”

“Seeing that the hard liquor was very effective, Zhao Yu picked up a bottle and walked out of the bar calmly. He then walked towards the side of the restaurant that led to hell.”

The kitchen of the dining room was right in front of them.

Zhao Yu had just walked over when a person suddenly rushed out from the side and pounced on him!

““““Ah ...””” The man screamed and tried to push Zhao Yu to the ground.”

“As the man had appeared so suddenly, Zhao Yu couldn’t Dodge in time. But Zhao Yu’s reaction was fast enough. He immediately picked up the wine bottle in his hand and smashed it directly on the man’s head!”

Plop ...

“The bottle shattered, and the man fell to the ground, holding his head.”

Zhao Yu then saw clearly that the man was a prisoner who had just escaped from the hall. He must have seen that Zhao Yu was wearing a prison guard uniform and wanted to attack him.

“In the end, just as the man fell to the ground, the sounds of fighting came from the inside of the kitchen.”

“Zhao Yu stole a glance and saw that there were a few prisoners fighting with a few prison guards. The prisoners had special skills, and the prison guards were crying out in pain.”

“Zhao Yu closed the kitchen door and ran along the other side of the corridor, hoping to find an exit to rescue Miao kun.”

“However, just as he turned the corner, he suddenly heard a vibration in his ear.”

* Buzz Buzz ... *

“He thought that there was something wrong with his ears again. After pressing it with his hand, he realized that it was the communication device that he had taken out from the head warden’s ear.”

“From the vibration, it seemed like someone was calling.”

“Coincidentally, Zhao Yu picked up the call just as he pressed the button. He heard a woman’s voice from the earpiece.”

““Hey! What are you doing, ito? What took you so long?””

Waa ...

“Zhao Yu was shocked. Hearing the voice, it was Xi menna, who had just left!”

This ...

““Cough, cough ...”” Zhao Yu coughed and quickly imitated the warden’s tone.”“Sorry, it was a little noisy just now ...”” He said.”

““Hello...Hello ...”” Xi menna did not seem to have heard him clearly and asked hurriedly,”“what’s wrong? Is there a problem?””

““No... I didn’t ...””

“Zhao Yu pressed hard on the communication device as he replied. This time, the other party could finally hear him clearly.”

““Etho,”” Xi menna continued,”“how’s the matter? Why didn’t you reply to me after so long? That Chinese man, have you taken care of him yet?””

Oh ...

“Zhao Yu immediately understood what she meant. He quickly imitated the warden’s tone and said respectfully, ““It’s settled, it’s settled! It was just resolved!””

““It was too noisy just now, so I didn’t hear your call ...””

““Are you alright?”” Xi menena suddenly said,”“you sound a little weird. Tell me, is Zhao Yu really dead?””

“““He’s dead, dead! It’s absolutely true!”” Zhao Yu quickly said,“““more than thirty against one, can’t he be killed? Hehehe ...”” ”

“““Good! I’ll be at ease if he dies!”” Xi menna’s voice suddenly turned cold.“““This guy has always been a thorn in my heart. It’s good that he’s dead!”” ”

“““Don’t worry!”” Zhao Yu frowned and said,“““I know what to do!”” ”

“““Mm ...”” Xi menna paused, then said,“““Oh right, I just received a notice that Zhao Yu’s three female accomplices have been sent to your prison. Don’t just focus on enjoying yourself. Interrogate them properly and see what they know.”” ”

“““Yes, yes yes yes!”” Zhao Yu was secretly shocked, but he agreed. ”

“““Also, don’t underestimate them,”” Xi menna said.“““They are probably well-trained agents. We have to send more people and pay attention at all times! ”

“““Remember, you can play with women, but after the interrogation, you must end them. Don’t leave a single one of them alive!!”” ”

Chapter 1700: Jailbreaking berserk Dragon (14)

I’ll cut!

“Zhao Yu was secretly shocked. This Xi Mengna was indeed ruthless, to think that she was so ruthless! ”

“““Mm, I know!”” Zhao Yu was still pretending to be the prison warden, so he could only answer politely. ”

“““Alright, if there’s anything, remember to report it in time!”” “““Let’s go,”” Xi menna said casually and was about to hang up. ”

“““Mm ... Wait a minute, wait a minute!”” Zhao Yu suddenly thought of something and asked,“““that ... Miao kun ... Should we ... Mm ... Get rid of him as well?”” ”

“““What?”” Upon hearing this, Xi menna was clearly angry. She shouted,“““did you drink too much, Etho? Why did you say so many stupid things today?”” ”

‘Shit ...’

Zhao Yu’s heart skipped a beat. He was worried that Xi Mengna had already seen through his flaws.

“““Didn’t I already tell you?”” “““Female Miao knows a lot of information,”” Xi menna said.“““His value is no less than londee ‘s! ”

“““I can let him suffer, but you have to promise me that he’ll Live!”” ”

“““Ah!”” ”

There was so much information in this sentence that Zhao Yu’s heart beat faster and his blood was boiling.

“It turned out that even he had been deceived by this woman! She had taken the risk of sending Miao kun to a sinful house, not only to avenge her father’s murder, but also to make Miao kun suffer.”

“She also wanted the information that Miao kun had, so she could force him to confess! ”

“This woman was too scheming, wasn’t she? ”

And ...

She had even mentioned londee’s name earlier. Wasn’t londee the richest man in the world who had disappeared for several years?

Could it be ...

“”Hello ...”” At this time, seeing that Zhao Yu had not responded for a long time, Xi menna asked again. But because the helicopter she was in was rumbling, Zhao Yu did not hear it clearly. ”

“”Yes, alright!”” Zhao Yu came back to his senses and quickly promised,“”I’ll definitely get everything done. Don’t worry!”” ”

“Before he could finish, Xi Mengna hung up the phone. ”

My heavens!

“After the communication ended, Zhao Yu was panting heavily, and his palms were sweating. ”

“Earlier, Xi menena had actually mentioned londee’s name and even said that Miao kun’s value was no less than londee ‘s! Could it be ... Could it be that Hu lingye’s matter was not a trap at all? ”

All the information about londee was true?

The house of sins ... The house of sins ...

How many more secrets were hidden in this desert prison?

Tap tap tap tap ...

“Just as Zhao Yu was in shock, there was a rush of footsteps from outside the stairs. Obviously, there were more prison guards or soldiers coming to help. ”

“Zhao Yu was worried about the safety of Miao kun, Ding Lan, and the others. He didn’t want to waste any more time with these people, so he hid behind the door. ”

“Soon, a group of fully armed soldiers passed through the stairs and rushed to the cafeteria. ”

“After they left, Zhao Yu went out of the stairs and walked in the opposite direction. Along the way, he passed by several prison guards ‘offices. Every time he passed a room, he would light the curtains and other flammable objects with a lighter and continue to set fire. ”

“After setting a few rooms on fire, he ran to the front door of the prison with satisfaction. ”

“According to Xi menna’s hint, he knew that Ding Lan and the others had been sent to the house of sin, so he had to see them as soon as possible to ensure their safety. ”

“If he wanted to get to the main entrance from the cafeteria, he would have to pass through the entire common prisoners’ area. Along the way, Zhao Yu met several prison guards who were in charge of guarding the entrance and exit of the passage. ”

“These people did not doubt Zhao Yu at all after seeing him, and they all listened to the fake Warden. ”

Zhao Yu made up some excuses and sent them all away!

“Soon, he arrived at the central area of the common prisoners’ area, which was an important location in the prison area. There was a prison guard on duty at the moment. ”

“Zhao Yu saw the walkie-talkie on the man’s waist and quickly ordered him, ” ”

“““Hurry up! The cafeteria can’t hold on much longer. Quickly contact the guards in hell and ask them to add more people to the cafeteria!” ” ”

“““Yes!” ” The prison guard quickly picked up the walkie-talkie and was about to make the call when he suddenly thought of something and asked, ” ““Sir Warden, actually, you don’t have to be too anxious. We can just transfer some people from the military over, right? There aren’t many people in the infernal court to begin with!” ” ”

“““F * ck ...” ” Zhao Yu wanted to curse, but he was afraid that there was no such thing in Africa, so he raised his eyebrows and slapped the prison Guard’s face. ” ““F * ck!” ” “Do I need you to teach me? ”

“““I’m telling you, there’s a traitor in the prison. The Army can’t move now!” ” ”

“““Yes ... Yes, yes, yes ...” ” ”

“The prison guard was frightened and quickly covered his face. He contacted the guards in hell for Zhao Yu. Zhao Yu shouted into the walkie-talkie again, and the guards in hell immediately agreed to transfer manpower to help. ”

“““Hurry up!” ” Zhao Yu held the walkie-talkie in his hand and shouted at the prison guard, ” ““the cafeteria is on fire. You should go and put out the fire!” ” ”

“““Ah? ” ““But ...” ” He hesitated, ” ““because the prison guard was guarding an important passage of the cell, what should we do here? Don ‘t, don’ t, don’t ...” ” ”

“Seeing Zhao Yu raise his arm again, looking like he was about to hit him, the prison guard shivered in fear, then quickly ran towards the cafeteria. ”

“““Hold on!” ” Just as he took two steps, Zhao Yu suddenly stopped him and said, ” ““give me your gun!” ” ”

“““Oh ...” ” The prison guard had learned his lesson this time. He quickly handed the rifle to Zhao Yu and didn’t dare to say another word. ”

“After the man left, Zhao Yu started to walk forward. If he passed through here, it wouldn’t take long for him to reach the door. ”

“However, when he looked in the direction of the prison cell, he could faintly hear the moans of the prisoners ... ”

Hmm ...

“Zhao Yu rolled his eyes, and an even worse idea came to his mind.”

That was true!

“Since he wanted to act cool, he would act cool!”

I’m the warden now. I’ll take advantage of this rare opportunity to torture myself!

“Then, Zhao Yu opened the iron gate leading to the prison area and ran over in a hurry.”

“Normally, the prison guards in charge of the prison cells should take turns to stand guard at the entrance of the prison area 24 hours a day.”

“However, due to the lax management, the prison guards all hid in the small rooms in front of the prison cells to rest at night.”

“Although Zhao Yu had only stayed there for one night, he still knew the exact location of the prison guards.”

“At this moment, he kicked open the metal door of the lounge and rushed in.”

“When he went in, he saw four prison guards playing poker cards while watching a football game on a small TV.”

“As soon as they saw the warden rush in, the four prison guards were so scared that they fell to the ground, and some almost kowtowed to Zhao Yu.”

“““You ungrateful bastards!”” Zhao Yu angrily kicked one of them, then shouted, “““what’s the mess in the prison? You’re actually still playing cards here? Watch television ...”” ”

Pa ...

He kicked again and another prison guard fell down.

“““Warden ... Warden ...”” At this time, the four of them quickly bowed and kowtowed to Zhao Yu. “““We won’t dare to do this again, we won’t do this again!”” ”

“““You disappointing things!”” Zhao Yu waved the rifle in his hand and shouted, “““the prison is on fire, and the fire is going to spread here soon!”” ”

“““Ah?”” The four of them were shocked and trembled. ”

“““What are you waiting for?”” Zhao Yu shouted, “““hurry up and release the prisoners! Move them to the field!”” ”

“““Ah?”” One of the prison guards ‘eyes widened. “““Let ... Let them out?”” ”

“Zhao Yu glared at the man, then used the rifle as a stick and hit him. He stomped his foot and cursed, “““do you not understand what I’m saying? If they didn’t hurry up, all the prisoners would be burned to death! Hurry, hurry up!”” ”

“Zhao Yu roared at the sky, scaring the four of them so much that they quickly took their keys and ran out of the lounge to open the door to the prison.”
