

Crazy 1711

Chapter 1711: Jailbreaking berserk Dragon (25)

““““Coming, coming!”” ”

“Following Zhao Yu’s shout, Miao kun entered the armored car from the entrance. ”

““““Godfather!”” Ding Lan immediately pounced on him in excitement.””I’ve finally found you!”” ”

““““Aiya, goddaughter, I knew you would come and save me!”” Miao kun hugged Ding Lan and asked with concern,””are you alright? Your arm is injured?”” ”

““““Okay,”” the driver, amerolla, urged anxiously.””Zhao, come in quickly!”” The enemy is already here!”” ”

““““Wait ... Wait ...”” Zhao Yu patted the door and said,””there’s one more, one more ...”” ”

““““What?”” Ding Lan and amerolan were both shocked. They looked up and saw an old man who reeked of money. ”

““““What ... What are you doing?”” Ding Lan shook her head and shrugged.””Why did you bring an extra one?”” ”

““““Hehe ... Let me introduce you!”” Miao kun pointed to the white-haired old man who had just entered and said,””this is our former world’s richest man, Mr. Jue londee!”” ”

““““What?”” Ding Lan’s eyes widened. ”

““““Ah?”” Amiola couldn’t close her mouth. ”

““““Oh my God ...”” Even Gena jumped out of the firing cabin with a look of disbelief. ”

“While the three women were still in shock, Zhao Yu jumped into the cabin and snapped his fingers at amilora,””“““Alright, everyone’s here. Let’s hurry up and drive!”” ”

““““Zhao Yu!”” Ding Lan grabbed Zhao Yu’s arm and asked in surprise,””what ... What is going on?”” ”

““““Is it ... Is it really londee?”” Amiola rubbed her hands together and said in surprise,””all of you, remember that I have a share in the bounty!”” ”

““““Londee ...”” Rena took a closer look at the white-haired old man and asked with a frown,””how did you get locked up here?”” ”

““““This ... Cough, cough ...”” Londee coughed and said breathlessly,””I’ve always wanted to know!”” ”

““““And you, Mr. Miao?”” Rena then turned to Miao kun and asked,””did you kill Hu lingye?”” ”

““““Aiya! Are you guys alright?”” Zhao Yu was anxious.””We’re not in a hotel right now, nor are we in the Morocco police station! If there’s any problem, let’s talk about it after we get out!”” ”

“Yup!” Ding Lan said, “there are so many military vehicles loaded with weapons in the base. Speed is the most important thing in a war. Let’s not waste any more time!”

“Alright, let’s go!” Amiola quickly turned around and stepped on the gas, starting the armored vehicle again.

“As a large number of pursuers had already rushed over from the parking lot, amerolaia had no choice but to continue moving forward, all the way to the main gate of the prison!”

“When they arrived at the prison area, they were shocked to see that the prison had already turned into a mess.”

“As the fire at the dining hall was not under control, a large area of houses had been engulfed in the fire. The fire soared to the sky and thick smoke rose.”

“What was even more serious was that for some reason, the prisoners who had been evacuated to the field were fighting with the prison guards, and the scene was extremely chaotic.”

“Across the armored vehicle, everyone could hear the crazy shouts, gunshots, and screams ...”

“Oh my God ...” Miao kun looked at Zhao Yu in disbelief, then muttered, “you ... What have you done?”

“Zhao Yu didn’t answer, but shrugged his shoulders helplessly, indicating that he had no idea.”

“Hurry up! Hurry, hurry, hurry!” At this moment, amerolaia shouted to the crowd, “someone who knows how to load a cannon! I’m going to fire a cannon at the prison gate! This way, we can all escape from this evil house!”

“Yes ...” Everyone looked at each other. Only Miao kun stepped forward and said, “I will!”

“After saying that, he opened the ammunition box, took out a small-caliber shell, and skillfully removed the shell. Then, he loaded the shell into the cannon.”

Amiola immediately turned the car around and headed straight for the prison’s Gate!

“Wow ... Amazing!” Zhao Yu gave her a thumbs up. “You know this?”

“I said I’m a top student!” Miao kun said smugly.

“Actually ... I can do it too,” londee suddenly interjected, “it’s just that I’m old and can’t move it!”

“Attention, attention!” “Everyone, sit down!” Amiola shouted nervously. “The enemy has heavy weapons! Heavy weapons!”

“Before amiola could finish her words, everyone heard the sound of cannons in the distance. Then, a series of fierce bullets hit the armored vehicle!”

“As the bullets were too fierce, the car suddenly burst into flames, and the entire armored vehicle shook violently.”

Ah ... Oh oh oh ...

“Everyone was not able to sit properly and were immediately thrown around, looking extremely embarrassing. ”

“”He’s angry, he’s angry!”” Amiola quickly adjusted her posture and aimed the cannon at the prison gate. She then pressed the launch button! ”

“However, the armored vehicle’s artillery did not move at all. ”

“”What!?” Amilora was depressed. She pressed the fire button a few more times, but there was still no reaction from the cannon! ”

“”That’s impossible!”” Amiola frowned.””That’s how it was launched just now! What’s going on?”” ”

“”Maybe ...”” Miao kun said, pointing to the place where the fire had just burst out.””The circuit was cut off, and it’s not working!”” ”

“”Then I’ll go fire the machine gun!”” Rena hurried to the firing cabin, wanting to shoot at the other side. ”

“”No!”” “”They’re using heavy machine guns. You can’t win against them!”” Said amilora. ”

“”Didn’t you say?”” Zhao Yu scratched his head.””Our tanks, no, armored vehicles, are not afraid of heavy machine guns?”” ”

“”But ...”” Miao kun said helplessly.””This AMX is a scrapped model, and it’s about the same age as you. If it were in the France Army, it would have been a pile of scrap metal! ”

“”Little girl,”” Miao kun said, snapping his fingers at amiola.””Turn around immediately. Don’t fight them head-on!”” ”

“”Alright!”” Amiola understood and quickly turned around. ”

“However, before they could change their direction, more ferocious bullets were fired from the turret above the gate of the prison! ”

Bang Bang Bang ...

“This time, the bullet hit the armored vehicle and made a muffled sound that almost penetrated it, which was very scary. ”

“Following the violent firing, the armored vehicle burst into flames and there was a violent bump inside. ”

“However, before the crowd could exclaim, another wave of bullets was fired! ”

“This time, some of the bullets finally pierced through the walls of the car and into the cabin, causing the car to ring. Everyone was so scared that they quickly covered their heads and lay down! ”

Bang ...

A bullet came out of nowhere and exploded in Aurora’s left arm!

Ah ...

Amilora let out a shrill cry as she fell backward and crashed into the driver's seat. She had actually fainted ...

Damn it!

"Zhao Yu saw this and rushed forward, grabbing the steering wheel. "

"However, the armored vehicle gradually slowed down due to Amilora's unconsciousness, and the situation was dire. "

""Zhao Yu ..."" Miao kun was so scared that he shouted, ""quick, turn around!"" "

"Why didn't Zhao Yu know how to turn? however, no matter how hard he tried to turn the steering wheel, the armored car didn't move at all. It continued to drive straight towards the guardhouse at the prison gate, becoming a living target! "

"As the distance was getting closer and closer, the heavy machine gun on the turret became more and more ferocious. The bullets whizzed and hit the armored vehicle, causing the armored vehicle to crack and almost be disabled! "

""Ah ... Motherf * cker, I'm going to kill them!!"" "

"Suddenly, Zhao Yu let out a long howl, then held the steering wheel with both hands, stepped on the gas, and sped up towards the city gate! "

Chapter 1712: Jailbreaking berserk Dragon (26)

""No... No, no, no..."" Miao kun saw through Zhao Yu's intentions and quickly shouted, ""no, we'll all die!"" Don't ..."" "

Wuuu ...

"Just as Miao kun was exclaiming, he suddenly realized that the armored car had suddenly accelerated. It felt like a sports car, as if it was about to fly! "

""Ah ..."" "

Miao kun was so scared that he hugged his seat and could no longer shout.

"Tut, tut, tut ... "

"Tut, tut, tut ... "

"The soldiers on the city gate tower also understood Zhao Yu's intention. They immediately lowered their muzzles, and the heavy machine gun let out a powerful tongue of fire. The bullets hit the armored vehicle! "

"Under such intense firepower, everyone thought that the armored vehicles would fall apart before they hit the wall. The people in the car would also be shot to death! "

“However, not only did the armored vehicle drive further and further, but it also drove more and more fiercely. Facing the dense barrage of bullets, it did not show any signs of falling apart. ”

Ah ...

“Seeing the armored vehicles getting closer and closer, the soldiers on the guardhouse were all scared pale. At this time, the heavy machine gun ran out of bullets and needed to be replaced! ”

Wuuu ...

“In an instant, the armored vehicle had already reached the city wall and crashed into it with unstoppable force! ”

The soldiers turned pale with fright as they fled. Some of them even jumped off the city walls ...

“At the moment before the impact, time seemed to have frozen for a fraction of a second. The surroundings fell into a brief silence. Then, the armored vehicle crashed into the city wall! ”

Ah ...

“The soldiers on the city gate tower cried out in alarm, and the screams in the armored vehicles continued. ”

“To Miao kun, Ding Lan, and the others, the walls of the prison were so strong that even if they were driving armored vehicles, they would still be dead under such a violent impact. ”

“No matter how one looked at it, Zhao Yu’s actions looked like suicide! ”

Boom ... Boom ...

“A loud explosion came from below the city wall, and the ground shook violently a few times! The sturdy city wall had been smashed into pieces by the armored vehicle! ”

Hong long long ...

“In an instant, the city walls shattered, the turrets collapsed, and smoke and dust filled the air ... ”

“Cough, cough, cough ... Cough, cough, cough ... ”

“A lot of smoke and dust seeped into the armored vehicle, and a lot of people were coughing. ”

“As he coughed, Miao kun looked up. He couldn’t believe that the armored vehicle was still in good condition. Other than the unconscious amiola, everyone else in the vehicle was still alive. ”

* Cough cough cough *

“Listening to his companions’ coughs, Zhao Yu didn’t have time to check on their injuries. After he settled amerolan down, he immediately stepped on the gas, wanting to drive the car out of the ruins. ”

“Just now, he had no choice. The armored vehicle’s artillery and steering system had all malfunctioned. If he had not chosen to attack the turret, he would have been left with no choice but to sit and wait for death. ”

“Therefore, at the critical moment, he not only used the invisible accelerator to increase the speed of the armored vehicle, but also spent a huge sum of 5000 points to use the energy booster on the armored vehicle to make it stronger. Only then did he finally crash into the city wall! ”

“However, Zhao Yu knew that breaking through the city wall could only save them for a while. They were still in a dangerous situation, and it wouldn’t be long before a large number of enemies from the house of sin would surround them. ”

“Therefore, his top priority was to drive the armored vehicle out. ”

“However, the collapse of the city wall had buried the armored vehicle in the ruins and rocks. If not for the energy booster, the vehicle would have been flattened! ”

“At that moment, Zhao Yu activated the accelerator again, and the armored car roared. Although the rock that was pressing on the car loosened a little, it was impossible to drive out of the ruins. ”

“”Reverse ...”” Finally, the experienced Miao kun said,“”reverse the car! Let’s see if the reverse gear can still be used ... Cough, cough, cough ...”” ”

Oh ...

“Zhao Yu suddenly understood, and immediately shifted the gear to reverse the armored car. The armored vehicle had caterpillar tracks, which were different from wheels. It could continue to move with just a little bit of traction. ”

“Sure enough, after the armored vehicle retreated, the rocks around the vehicle loosened a little. ”

“Soon, Zhao Yu put the gear in front of him again. He kept doing this back and forth, and the armored car finally struggled out of the ruins. ”

“However, due to a problem with the direction of the vehicle, the armored vehicle could not change direction and could only move forward in a straight line! ”

“In front of him, there was still a pile of bricks and debris blocking his way. So, Zhao Yu decided to drive the armored car back a certain distance, then hit it again! ”

“This time, as long as they could break through the obstacles, the armored vehicle would be able to leave the prison and enter the desert. That way, it would at least increase their chances of escape! ”

“However, hope came quickly, but it was also destroyed quickly. ”

“Just as Zhao Yu reversed his car, a rocket was fired from the direction of the prison without any warning! ”

Whoosh ...

The rocket was flashing with fire as it headed straight for the armored vehicle!

What the f * ck?

Zhao Yu was shocked. He didn’t know why the emergency alarm didn’t sound this time.

“Seeing the rocket flying towards him, Zhao Yu had no choice but to switch to a forward gear and maximize the accelerator so that the armored vehicle would crash into the ruins again! ”

Boom ... Boom ...

Boom ... Boom ...

“With two loud bangs, the armored vehicle crashed into the ruins, and the rocket hit the armored vehicle at the same time! ”

Ah ...

“The side of the armored vehicle was tilted up, the interior of the carriage shook violently, the wires short-circuited and burst into fire, the shelves tilted, the shells scattered, and everyone was also knocked down. It was a mess ... ”

“Fortunately, the rocket didn’t hit the car completely. As Zhao Yu quickly dodged, it only hit the track. ”

“However, the old track couldn’t withstand such an impact and immediately fell apart, unable to move anymore ... ”

“““Oh ...”” Just now, Zhao Yu was also dizzy from the crash. He quickly turned around and asked,““everyone, is everyone okay?”” Can you still move?”” ”

“““We ...”” Ding Lan was also hit hard. She immediately covered her head and said with difficulty,““we have to get out!”” ”

“““If there’s another one, we won’t be able to take it!”” ”

“Hearing this, Zhao Yu tried a few more times, but the armored car’s engine was out, so there was no way to start it. ”

“““Alright! Hurry up!”” ““Let’s get out of here!”” Zhao Yu said as he picked up the unconscious amerolan. ”

“While they were talking, Ding Lan had already opened the hatch, while Gena opened the hatch of the firing cabin and climbed out. ”

“Not long after, Zhao Yu and the other six people had all climbed out of the armored vehicle. Under such a serious impact, all of them had suffered different degrees of injuries, and looked extremely embarrassed. ”

“At the same time, a large number of soldiers had already rushed out of the prison. From a distance, it was a large black Mass ... ”

“““It’s over ...”” Rena lay on a pile of gravel and shook her head in despair.““There’s no hope this time!”” ”

“““Do you still have guns?”” ““We can run,”” Ding Lan said.““We can find a car outside!”” Let’s go!”” ”

“However, no one responded to Ding Lan’s shout. ”

“They were all injured. Amerolaia was unconscious, and londee was old and could not move at all ... Under such circumstances, they could not even move an inch. ”

“Moreover, it was not a flat plain outside the prison. There were guards and many sentries there. They had no chance of escaping! ”

‘Holy sh * t ...

“”F * ck!”” Zhao Yu cursed in his heart. He thought about it and immediately stopped at the emergency device bar in his mind. He wondered if he should fly invisibly and then go nearby to Rob a car. ”

“He had no choice. In a desperate situation, he could only do his best. ”

“So, he controlled the invisible drone that he had released earlier and prepared to find the nearest vehicle, planning to make one last struggle. ”

“However, just as his drone took off, it suddenly emitted a red light and then disappeared! ”

Eh?

“Looking at the static on the display, Zhao Yu was going crazy. His drone hadn’t ended yet, so why did it suddenly disappear? ”

Buzz ... Buzz ...

Buzz ... Buzz ...

“The next second, he suddenly heard the sound of helicopter propellers. He looked up and was surprised to see two helicopters flying over their heads ... ”

Chapter 1713: Jailbreaking berserk Dragon (27)

Waa?

No way?

“After seeing the helicopter, Zhao Yu finally understood what had happened. It turned out that his drone had been destroyed by a helicopter that had suddenly flown over! ”

Is there a mistake?

How could an invisible thing be broken?

Really ...

But ...

“After seeing two helicopters hovering over his head, Zhao Yu couldn’t help but feel more depressed. ”

“Obviously, these two planes must be Xi menna ‘s! ”

That woman must have received the news of the riot in the prison and rushed back to control the situation.

“Moreover, these two planes were not ordinary planes. They were military helicopters with machine guns and missiles. They looked particularly high-end!”

“I’m finished, I’m finished ...”

“This time, even Zhao Yu was in complete despair. Under such circumstances, he had no possibility of counterattacking ...”

““““Argh! That’s great, that’s great!”” However, when he saw the helicopter, Miao kun showed an expression that was completely different from Zhao Yu ‘S. He waved his fist excitedly and said,”“she’s finally here! We’re saved!”” ”

““““What the ...”” Zhao Yu patted his head and thought to himself, father-in-law, what do you know? Could it be that ... You still think that the helicopter is here to save us?”

* Whoosh ... *

* Whoosh ... *

“Just as Zhao Yu was sighing for Miao kun, the two helicopters fired two missiles at the same time. The missiles flashed with a blinding light, heading straight for the enemy in the prison!”

Boom ... Boom ...

“The two missiles exploded in the crowd, creating a mushroom cloud. In an instant, flames soared into the sky, the earth rumbled, and the crowd was instantly engulfed in a sea of fire ...”

“Tut, tut, tut ...”

“Tut, tut, tut ...”

“Immediately after, the heavy machine guns on the two helicopters began to fire. Each helicopter was equipped with two heavy machine guns, so there were a total of four heavy machine guns in the two helicopters!”

“The four heavy machine guns fired at the same time, and the power was simply heaven-defying. In an instant, tongues of fire spewed out, and the bullets rushed into the crowd like raindrops, sweeping down a large number of people!”

Ah ...

The soldiers in the prison had never seen such a fierce attack before. They were so frightened that they abandoned their armor and fled ...

“However, the helicopters did not stop firing. One of them rushed into the prison and fired at random. The houses collapsed and the cars exploded. It was a violent scene!”

Oh my God ...

“At that very moment, Zhao Yu was dumbfounded. After a long time, he finally understood that his father-in-law was right. The two helicopters were actually here to rescue them, not Xi menna!”

This ...

Who was this?

Was it the Secret Service?

""Huh?"" Zhao Yu was confused. Didn't Xi menna say that they had intercepted all the planes sent by secret services and Yusoff? "

Who was this?

"Zhao Yu took a closer look at the plane. There was no flag or logo on it, so he couldn't see anything. "

""Hahaha ... Yay!"" Miao kun waved his fist excitedly and patted Ding Lan's shoulder.""I told you, I didn't waste my money!"" He said in Chinese. "

""But ..."" He patted londee's shoulder with his other hand and said in English,""Mr. Londee, in order to save you, I spent a hundred million euros. Can you return it to me later?"" "

"" ..."" Londee was in a daze. He had long been dumbfounded. "

""This is ..."" Hearing Miao kun's words, Zhao Yu was even more confused. Just as he was about to ask, the helicopter hovering above them had already lowered its rope. "

"Then, four fully-armed Special Forces soldiers in camouflage uniforms drooped down from the rope with guns in their hands. They aimed in four directions as they drooped down to prevent sneak attacks!
"

"However, at this time, the soldiers in the prison had long been scared out of their wits. How would they dare to step forward? "

"Soon, the Special Forces soldier descended from the sky and landed in front of Zhao Yu and the others.
"

"Zhao Yu noticed that among the four Special Forces soldiers, three of them were wearing dark camouflage, and only one of them was wearing a white camouflage. "

"After landing, the man in the White camouflage uniform quickly came to Zhao Yu and took off his helmet. "

""Hahaha ..."" The man laughed heartily at Zhao Yu and said,""China's super detective, we meet again. I didn't expect to meet you here!"" "

""Wow ..."" Zhao Yu finally recognized her. She was the France sister, touqiang Juliet! "

So it was her!

"This time, Zhao Yu was even more puzzled. He had never thought that the person who came to rescue him would be the France sister tuo Qiang. "

Juliet hugged Zhao Yu warmly and even kissed him on the cheek.

""Hahaha ..."" Miao kun rushed forward and said to Juliet,""my dear, I knew you would come and save me!"" "

“Of course!” Juliet also hugged Miao kun and said, “as long as you admit it!”

“Don’t worry, don’t worry!” Miao kun rubbed his hands together. “This is not the place to talk. Let’s get on the plane!” He said.

“How many of you are there?” Juliet asked as she watched.

“Here, they’re all here.” Miao kun pointed to the crowd. “Six of them in total!”

“Okay,” Juliet said to the other soldiers, then pulled the rope over and said to Miao kun, “this plane is enough for the six of you. Come on, get on!” “You’re safe!”

“Just as Juliet pulled on the rope to signal, her eyes suddenly fell on londee, and she was stunned.”

“Hehehe ... That’s great!”

“Miao kun seemed to have noticed something. He quickly stood in front of Juliet, then asked Ding Lan to escort londee to the plane.”

“...” Juliet seemed to want to ask something, but after seeing Miao kun’s nervous look, she didn’t say anything. She then went to help the unconscious amerolan.

“Just like that, in less than ten minutes, Zhao Yu and the other six people all used the drop rope and safely landed on the plane.”

“The plane was indeed very spacious, and it could fit more than ten people without any problem.”

“Soon, the Special Forces, including Juliet, returned to the plane. With Juliet’s order, the plane took off and flew into the distance.”

The other plane had also completed its shooting and flew away from the other side.

“Through the porthole, Zhao Yu could see that the entire house of sin had fallen into a sea of fire. It was in ruins and was almost destroyed.”

“Under the light of the fire, he could still vaguely see a large number of prisoners passing through the damaged courtyard wall and escaping from the house of sin.”

“However, the desert was so big that what awaited them was not dawn, but an even more eternal darkness ...”

Hu ...

“However, no matter what, he could finally leave.”

“In the future, he could not go to prison again!”

“Zhao Yu took a deep breath and looked back into the cabin. He saw that Juliet had already sent a medic to check on amerora’s injury, while Gena was taking care of her.”

“Judging from Rena’s expression, Amelia’s gunshot wound shouldn’t be a big deal. She had only fainted from the impact on her head.”

“Miao kun was discussing something with Juliet in the cockpit. Zhao Yu saw that Ding Lan had been sitting with londee, so he went over and asked Ding Lan,”

“Sister, what’s the matter with the plane?” Zhao Yu voiced his doubts, “when did Miao kun contact Juliet?”

“Ah? Don’t you know?” Ding Lan was curious, so she finally gave him the answer. “When you first entered the prison and got in touch with my Godfather, didn’t we discuss the escape plan through the communicator?”

“Then, my Godfather thought that your plan was a bit risky. To make sure that everything went well, he gave me a number and asked me to contact Juliet!”

“Holy sh * t ...” Zhao Yu glared at Miao kun, who was standing in the distance, cursing him in his heart.

Chapter 1714: Jailbreaking berserk Dragon (28)

“Old man, you actually still have a trick up your sleeve!” Zhao Yu scratched his head and mumbled to himself, “I don’t remember ... Giving him the communication device. When did he contact you?”

“It was the first time you used a communication device to talk to me,” Ding Lan said. “Godfather picked up the phone and then used Morse code to talk to me!”

“Mosh code?” Zhao Yu frowned.

“He didn’t say much. He only said that your plan wasn’t very reliable. He was worried that the escape would fail, so he asked me to contact the France senior!”

“She said that only she can help!”

“Why?” Zhao Yu still didn’t understand. He had thought that Miao kun would have a better relationship with Jake, so if he wanted help, he should go to him instead of Juliet.

“I don’t know the details.” Ding Lan shook her head. “I thought he already told you!”

“But ...” Ding Lan gestured to the helicopter and said with relief, “no matter what, Godfather made the right move. We still underestimated our opponent.”

“Hehehe, kid ...” At this time, Miao kun heard the two’s discussion and immediately sat next to Zhao Yu. He laughed triumphantly and said, “the older the ginger, the spicier it gets!” Fortunately, I bought insurance for us. If we had only listened to you, we wouldn’t have been able to get out!”

“Boss, no, father-in-law ...” Zhao Yu pointed to Juliet in the distance and asked, “what’s going on? Why do you want to contact her?”

“Hehe ...” Miao kun glanced at Juliet, then whispered in Chinese, “it’s a long story.”

“First of all, I’m very clear that the Western Sahara is very sensitive to our country. In any case, secret services will not approve military operations here!”

““““I think that the person who put me in prison should be very clear about this. That’s why he put me in the house of sin.”

““““Secondly, the chief is a flashy person with no substance. He has never been very reliable when it comes to handling official matters, so he can’t be entrusted with heavy responsibilities. As for Jieka and Lee Bencheng, they were far from being able to quench their thirst, and they were not of a high enough level!”

““““So, after thinking about it, I thought of Miss Juliet!”” ”

“At the mention of Juliet’s name, Juliet immediately nodded at Miao kun, who blew her a kiss.”

““““Then ... Why her?”” Zhao Yu was puzzled.””France isn’t that close, right?”” ”

““““Hehehe, young man, you still have a lot to learn in the future!”” Miao kun smiled and said proudly,””France is far, but Libya is close!”” ”

““““What? Libya?”” Zhao Yu was even more confused.”

““““Right!”” Miao kun nodded and said,””after Libya was defeated, the France faction stationed troops there.”

““““Among all my friends, only Juliet and the others are hostile to the Western Sahara. They once supported some small forces and tried to overthrow the current ruler, including the militants who controlled the house of sin, but they all failed in the end ... ”

““““In addition, I also know that their military base in Libya is in an awkward state. They’re short of funds and have taken on many non-staff missions ... ”

““““Also, Juliet has enough authority and reason to persuade her boss to approve this rescue mission, so she’s the best candidate for me!”

““““And the truth has confirmed this point, right, my dear?”” After that, Miao kun blew another kiss at the man, not caring about his pride.”

“Zhao Yu then asked,””how much do you have to pay them?”” ”

““““Haha ... It’s okay. We’re talking about the market price, so it’s fine.”” Miao kun laughed.””Besides, even if I have to use all my savings in exchange for our freedom, it would be worth it!”” ”

““““Oh ...”” Speaking of this, Zhao Yu stole a glance at Londee, and suddenly felt a little uneasy. He quickly asked,””then ... That is to say, we are flying to Libya now?”” ”

““““Hehe,”” Miao kun nodded and patted Zhao Yu’s shoulder.””Of course, do as the Romans do. Don’t worry!”” He said. I can afford it, hehehe ...”” ”

“Ding Lan opened her mouth, as if she wanted to ask something. However, she also felt something was wrong, so she held back her words.”

That’s right!

“Suddenly, Zhao Yu remembered something and quickly touched his ears.”

“However, the communication device that he had snatched from the head warden’s ear had been lost! ”

AI!

“Zhao Yu sighed. He had wanted to use the communication device to make an issue out of it, but it seemed like that was not possible. ”

Then ...

“Zhao Yu looked at Juliet, then at Miao kun. He wondered if he should tell them now that he had seen Xi menna. ”

“Xi menna had said before that she wanted to avenge her father’s murder on those who had participated in the detective salon, so he should remind them to be prepared. ”

““““Alright ...”” At this moment, Juliet came up to them and pointed at amerola on the stretcher.””“Your friend’s life is not in danger. I’ll send a professional doctor to treat her when we get to the base.”” ”

“Juliet deliberately sat on Zhao Yu’s lap and asked,““““How is it, my China detective? is the house of sin fun?”” ”

““““Go, go, go, don’t keep teasing our little Zhao!”” Suddenly, Miao kun pulled Zhao Yu away, as if he was jealous, and sat down in Zhao Yu’s seat. He then sat down next to Juliet and said,““““you know my relationship with Zhao Yu. At least, you can’t be so unscrupulous in front of me! Hahaha ...”” ”

““““Hehe ...”” Juliet chuckled, then put her arm around Miao kun’s shoulder and asked flirtatiously,““““then, why don’t you tell me how you got into prison?”” ”

““““I’ve told you before that you love to offend people with that foul mouth of yours. What about now? have you received your retribution?”” Juliet’s lips almost touched Miao kun’s face as she spoke.””“Thanks to our old friendship, I flew an armed plane and saved your life. You owe me a big favor this time!”” ”

““““Of course! ““““Hahaha ...”” Miao kun laughed heartily.””“Don’t worry. In addition to the remuneration I promised your boss, I’ll give you a big red packet. How about it?”” ”

““““Well, that’s more like it, but ...”” Juliet gently touched Miao kun’s cheek and said,““““compared to red packet, I’m more interested in what you went through in prison. ”

““““Female Miao, tell me, who framed you?”” ”

“Hearing this, Zhao Yu felt that it wouldn’t be appropriate if he didn’t say anything, so he cleared his throat and wanted to respond. ”

“However, Miao kun suddenly stopped him and smiled at Juliet.””““““Alright! I was just about to tell you about this! Come ... Please give me a pen!”” ”

Eh?

“Seeing Miao kun’s response, Zhao Yu felt a little strange. ”

What did he mean? did he ... Not want her to interrupt?

““““Alright!”” Juliet took out a black ballpoint pen from her pocket and asked,““““what do you want this for?”” ”

““““Hehe ...”” Miao kun opened the cap of the pen and smiled mysteriously.““““You’ll know soon!”” ”

“As he spoke, he picked up a ballpoint pen and started to write from his left wrist. He actually wrote a series of numbers. ”

“After he was done, he put his wrist in front of Juliet and said,““““Come, take a good look!”” ”

““““Oh?”” In order to get a better look, Juliet bent down a little. ”

“However, just as she bent down, something unexpected happened. ”

“To everyone’s surprise, after Miao kun reached out his left hand, his right hand suddenly pressed down on Juliet’s holster and pulled out her gun! ”

“Then, he wrapped his left hand around Juliet’s neck and pressed the pistol to her temple with his right hand! ”

“At the same time, Ding Lan suddenly launched an attack. Taking advantage of a soldier’s unguarded state, she quickly snatched the automatic rifle from his hand! ”

Chapter 1715: half-enemy

“It happened so suddenly that the soldiers in the cabin had no time to react. Seeing that Juliet was suddenly restrained, they quickly raised their guns. ”

“Zhao Yu was also shocked, as he did not understand what Miao kun was doing. ”

“Just like Zhao Yu, Rena and londee were also shocked. They did not know why the atmosphere in the cabin, which had been harmonious and ambiguous just a moment ago, had suddenly plunged into a state of tension. ”

““““Female-”” Juliet said with a stern face,““““this isn’t your style, is it? Don’t tell me ... You don’t want to pay?”” ”

““““I’m sorry!”” Miao kun said sincerely,““““I’ll pay you, but I can only be a villain for now!”” ” Tell your men to put down their guns!”” ”

“Juliet blinked hard and made a helpless expression, and her men had no choice but to put down their weapons. ”

““““Zhao Yu,”” Miao kun ordered,““““go and take the gun!”” ”

This ...

“Even though Zhao Yu did not know what Miao kun was up to, he still walked over and seized the other party’s weapon. ”

“““Female Miao ...”” Juliet said in disappointment. “““There’s a Chinese idiom that goes, ‘return kindness with ingratitude!’ If this gets out, you’ll have to retire ...”” ”

“““I’ve already retired!”” Miao kun said, “““I’m sorry, my dear. I had no choice. You know, the situation is different now!”” ”

“As Miao kun spoke, he and Juliet turned their heads to look at londee, the richest man in the world. ”

Oh ...

Zhao Yu finally understood what the problem was!

“There was no doubt that londee was an important and sensitive person. Although Juliet did not point him out after they got on the plane, Miao kun was already on guard. ”

“When Miao kun contacted Juliet, he didn’t know about londee’s existence. However, now that londee had also boarded the plane, the nature of the situation was completely different. ”

“Zhao Yu had already guessed that, on the surface, londee was the world’s richest man and a famous businessman, but in reality, he was an extremely important person. Not only did he have a lot of inside information, but he also knew a lot of cutting-edge technology. He was a living, highly-valued person. ”

That was probably the reason why Xi menna had kidnapped him.

“Now, since Juliet had recognized him, there was nothing Miao kun and the others could do if they wanted to force him to stay after they got to the base. ”

“““Juliet ...”” At this time, Miao kun put the number on his wrist in front of Juliet and said, “““this is a coordinate. Please ask your pilot to change course!”” ”

“““After this matter is settled, I will give you an explanation!”” ”

“““Hmph, what kind of explanation can you give me?”” Juliet shook her head and said, “““Miao, you’ve disappointed me. We’ve been working together for so many years. Don’t you trust me?”” ”

“““I’m sorry!”” Miao kun said calmly, “““it’s not that I don’t trust you, but I don’t trust your boss!” ”

“Juliet, I’ll keep my word and keep our deal, but I can only prepare for the unknown danger!”” ”

Miao kun took Juliet to the cockpit and showed the pilot the coordinates on his wrist.

The pilot had no choice but to change direction.

“After that, Miao kun asked Juliet to turn off the other helicopter. He then asked for her mobile phone and sent a few messages. ”

“After that, the cabin fell into a dead silence, and no one spoke again. ”

“Ten minutes later, amerolaia slowly woke up and made some noise. ”

“““Where ... Where am I?”” “““He’s not dead?”” amerolla asked weakly, her face pale. ”

“““No, no...”” Rena hurriedly grabbed her hand and said, “““we’ve been saved. You’ll be fine!”” ”

“““Oh ...”” Amiola looked around with difficulty. She only relaxed when she saw that everyone was there. However, when she saw Miao kun pointing a gun at Juliet, she frowned and mumbled,“““why are the French in this?”” ”

“““Oh?”” ““Do you know each other?”” Miao kun asked, looking at her. ”

“““I’ve seen her once,”” Juliet answered first.“““She’s the chief’s assistant!”” ”

“““Hmm ... Alright!”” At this time, perhaps out of guilt, Miao kun immediately put his arm around Juliet and said,““let me tell you, I don’t know who set me up, either. Which son of a B * tch sent me to that damn sinful house! ”

“““Just in time.”” He gestured to Rena.“““You represent the Morocco police. I can swear to God that I didn’t kill Hu Ling. I was framed!”” ”

“In front of everyone, Miao kun told them how he had been locked up in the house of sin. ”

“After hearing this, Rena couldn’t help but frown and ask,“““““But the person who died was indeed Hu Ling! It seems that the people who put you in prison must be Hu lingye’s accomplices?”” ”

“““Then ...”” Juliet suddenly turned to londee and asked,“““what about you?”” Do you know who sent you to prison? Your enemy should be the same, right?”” ”

Londee shook his head without any hesitation.

“““That’s interesting.”” Juliet smiled.“““You destroyed the house of sin, but you don’t know who it was?”” ”

“““No! ““I know ...”” Finally, Zhao Yu stood up and spoke. ”

“At this point, Zhao Yu had already understood the whole situation, and felt that there was no need for him to hide it anymore. ”

“““Oh?”” Miao kun was the first to be surprised by Zhao Yu’s words. He asked,“““who is it? I ... Why haven’t I heard you mention it before?”” ”

“““I only found out about it before the jailbreak, so I didn’t have time to tell you!”” Zhao Yu spread his hands, then walked to the center of the cabin and said to everyone,“““everyone! ”

“““I can clearly see that everyone in this cabin is my friend! The person who framed Miao kun and sent him to prison is our real enemy!”” ”

“““Friend?”” Juliet pointed at the pistol against her temple.“““Do you have such a friend?”” ”

“““No, Senior Sister, you’ll understand after I finish!”” Zhao Yu said solemnly,“““before we escaped from prison, I met an acquaintance. The person admitted that she was the real boss of the house of sin!”” ”

“““This person is Xi menna, who we’ve dealt with before! Xi Wei’s daughter!”” ”

“After Zhao Yu finished speaking, the room was silent at first, then everyone reacted differently. ”

“First, Mr. Londee trembled slightly and repeated his question,“““““Are you talking about ... Xi Wei? So it’s him ... ”” ”

““Who is this?”” Rena looked curious. ““I’ve never heard of any of them!”” ”

““Zhao Yu,”” Juliet reproached, her eyes wide open, ““this joke is not funny at all!”” ”

““It can’t be?”” Miao kun’s eyes widened in shock. Isn’t MI6 too F * cked up? Was this how things were done? You didn’t inform us?”” ”

““...”” Ding Lan opened her mouth but didn’t say anything. ”

““Oh ...”” Amiola didn’t want to bother with him. She closed her eyes and rested. ”

““I’m not joking,”” Zhao Yu said to Juliet. ““It’s really Xi menna! He’s wearing a white suit, and his arrogant expression is exactly the same as Xi Wei ‘s!”” ”

“Then, Zhao Yu briefly explained the situation of his meeting with Xi menna. After everyone heard this, they still had different reactions. ”

““I don’t understand ...”” Miao kun asked in confusion. ““Since she had seen through our plan, then ... How did you manage to escape and save me?”” ”

““That’s not the point,”” Zhao Yu said, waving his hand. ““All I did was beat up the thirty or so fighters, then take the prison guards ‘guns, fight with them, beat them all back, and then save you guys!”” ”

““...”” Everyone was speechless. ”

““Okay,”” Zhao Yu corrected himself, ““I knew that the prisoners had a plan to escape, and they were going to use the fighting competition to start a riot. I just grabbed the gun from the prison guard and escaped in the chaos!”” ”

““Oh ...”” Miao kun nodded. ““That’s right. No wonder there was a fire in the prison!”” Also, you’ve been unwilling to tell me about your escape plan. So that’s the reason ...”” ”

““Alright, alright!”” Juliet interrupted Miao kun and said seriously, ““let’s get to the point! ”

““I just met Xi menna yesterday morning. She’s doing well in the special holding room of the military intelligence Department! Zhao Yu, the person you saw couldn’t have been Yingluo!”” ”

Chapter 1716: substitute?

““What?”” Zhao Yu’s eyebrows furrowed. ““I saw Xi menna last night. Could it be that ... She thinks that the United Kingdom military intelligence is an express hotel, where she can come and go as she wishes?”” ”

““Last night, I heard from her that she had been observing me for a long time! ”

““Also, she admitted that she was the one who pretended to be Hu lingye and knocked Miao kun out, then killed the real Hu lingye! ”

““She planned all of this!”” ”

“““I don’t understand ...”” Juliet stared at Zhao Yu and said,“““why would you make up such an unreasonable lie? I attended the video hearing with chief Yusoff, and he can also prove it! ”

“““Besides, if Xi menna had really escaped, how could the United Kingdom military intelligence not have informed us? They clearly know that Xi Mengna sees us as her father’s murderer!”” ”

“““Wait ... Wait ...”” Londee suddenly realized that there was something wrong and quickly asked,“““you mean ... Xi Wei is already dead?”” ”

“The group looked at londee, but no one answered his question. ”

Oh ...

“Suddenly, Zhao Yu suddenly thought of something, and he had goosebumps all over his body. He quickly said to everyone,“““Oh my God, don’t tell me ... Xi Wei has two daughters? Twin ... Twin?”” ”

“““What?”” Miao kun almost dropped his gun. He stuck out his tongue and said,“““I didn’t hear Xi Wei mention this before. He gave birth later than me, and I seem to have given him a gift ...”” ”

“““You mean ...”” Juliet asked, her eyes wide.”” Simone, who’s locked up in the United Kingdom Military Intelligence Office, is a substitute? Did that one really escape? ”

“““Oh my God, don’t let the military intelligence Department hear this. They’ll think it’s an insult!”” ”

“““No... No, no, no...”” Zhao Yu grabbed his hair and tried to recall the scene when he met Xi menna. He muttered to himself,“““it seems like ... Something is wrong!”” ”

“““Of course not.”” Juliet sneered.”” Either one of them is a fake, or they’re twins, or you’re lying. But it seems like you wouldn’t be able to make up such a low-level lie with your intelligence! ”

“““So I plan to send out the last possibility!”” ”

“““If ... If ...”” Zhao Yu recalled the scene of him meeting Xi menna for the first time on the distant Miracle Island. It seemed like ... Something was really wrong! ”

“On the island of wondrous traces, Xi menna had shown off her flirtatiousness in front of everyone. She had even kissed him on the lips in front of many detectives! ”

“Coupled with The Grudge they had in the water, Xi menna’s attitude towards him should have been more complicated. ”

“However, the Xi menna he had seen at the house of sin seemed to be even more distinct between kindness and hatred. Her words were stiff, her attitude arrogant, and she no longer had the charm he had remembered. ”

“At first, Zhao Yu had already noticed that something was wrong, but he thought that it was hatred that had changed her personality. But now, it seemed that there might be other reasons. ”

“This Xi menna from the house of sin was even more vicious and merciless. When she spoke to him, she rarely mentioned the details of wondrous Island and only emphasized her hatred. ”

“So ... This Xi menna from the house of sin was either Xi menna’s twin sister, or one of them was Jian Jia’s substitute! ”

Waa ...

“It seemed like Xi Wei had left a backup plan for himself to ensure that after his death, there would still be people running his criminal empire. ”

Even a place like the house of sins was under his control. Even the richest man in the world had been kidnapped by him. It was enough to show how powerful his criminal empire was.

This guy was indeed a Big Shot in the criminal world.

“““Okay,”” Juliet said to Zhao Yu.””Whether it’s a substitute or a pair of twins, thank you!”” From today on, I have to pay attention to my safety, especially to those ... Despicable people who pretend to be friends!”” ”

“Juliet’s words were full of hidden meanings, which made Miao kun blush. He quickly changed the topic.””Right! In addition to you, me, Zhao Yu, and the chief, I have to inform Jecka and the others ...”” ”

“““And the United Kingdom military intelligence. Although green is no longer around, I still owe him a favor. I have to inform Barkley and tell him to be on guard!”” ”

“““That’s right,”” Miao kun agreed.””But, it’s best to let them Test Xi menna’s identity again to see if she’s been turned into a prostitute.”” I don’t care if it’s an insult or not!”” ”

“““Sigh,”” amiola, who was lying on the stretcher, said helplessly,””it seems that my boss will have to spend a lot of money to hire more bodyguards!”” ”

“““Is there a phone, everyone? I want to inform my chieftain right now!”” ”

“““Don’t worry, little girl!”” Miao kun said,””we’ll be reaching our destination soon. I’ll call you when we arrive!”” ”

“““But don’t worry, if there’s really a sequence for revenge, your boss will definitely be the last!”” ”

“““Uncle,”” amerolaia said.””I’ll convey your words to my boss!”” ”

“““Up to you ...”” Miao kun said indifferently.””I have to say that in front of him. I like to tell the truth!”” Hehe ...”” ”

“““I think,”” Zhao Yu said,””that it doesn’t make sense to keep dodging. This time, the reason Female Miao was able to keep his life was because Xi menna wanted to torture him to death. ”

“““Now that we’ve turned the house of sin into such a mess, she’s definitely going to explode in anger! ”

“““I think, next time, she will definitely choose a more direct and violent way of revenge. We have a Chinese saying that it’s impossible to guard against!”” ”

“““You’re right.”” Juliet nodded.””Now that we know the enemy’s identity, we should take the initiative. We should join hands and eliminate this hidden danger!”” ”

“““That’s what I like to hear,”” Miao kun said, nodding.”” After all, the sly old fox Xi Wei is no longer around. No matter which daughter is in charge, she’s at a disadvantage in terms of experience. It’s a good opportunity for us to take the initiative ...”” ”

“““Then why are you still pointing your gun at me?”” Juliet pouted in annoyance. ”

“““No, these are two different things!”” Miao kun said seriously,”” I don’t deny that we are more like comrades on the same front line than ever, but ... Today, I can’t let any accidents affect my mission!”” ”

“““Alright, I won’t interfere with your business!”” Just then, Rena suddenly stood in the middle and said,”” I just want to ask one question. Is anyone going to take me home?”” ”

“““And me ...”” Amerolan added on the stretcher. ”

.....

“Half an hour later, the military helicopter arrived at the location that Miao kun had designated. It was within Algeria’s territory. ”

“Under Miao kun’s command, the plane landed in an abandoned factory. ”

“Several black Jeeps were already parked there, apparently coming to pick up Miao kun and his team. ”

“After the plane came to a stop, Ding Lan was the first to leave with londee, followed by Zhao Yu and the others. Just in case, Miao kun still took Juliet outside. ”

“Soon, the personnel in charge of receiving them carried amerolaia’s stretcher away and brought Gena to the car. ”

“““Alright.”” Seeing that only Juliet and Zhao Yu were in front of him, Miao kun put down his gun and said to Juliet,””honey, in five minutes, I’ll transfer the promised payment to your account!”” ”

“““To express my apology ...”” He leaned close to Juliet’s ear and whispered,””I’ll count you in on londee’s bounty!”” ”

“““Hmph!”” Juliet snorted and said resentfully,””you’re going to send me away like this? Aren’t you worried that I’ll fire at you guys as soon as I get back?”” ”

Chapter 1717: Deal made

“““Hehehe,”” Miao kun laughed heartily at Juliet’s threat, then said in a low voice,””I know you’re letting me go on purpose. Otherwise, I wouldn’t have had a chance on the plane!”” ”

“““Hmph, you’re smart,”” Juliet said, narrowing her eyes.””There were so many people on the plane. This is all I can help you with! Your sixth sense is very accurate. If you follow us back to Libya, londee will definitely not be able to leave! ”

“““Our boss is also very interested in him!”” ”

“““It’s not a sixth sense, but a necessity in terms of profit ...”” Miao kun said proudly, then said,””well, I knew that londee’s reward would not satisfy you. State your conditions!”” ”

“Quick.” Juliet raised two fingers without hesitation. “First, I need you to share with me information about Londee and Xiwei. I need to report to my boss!”

“No problem!” Miao Kun agreed without hesitation.

“Second,” Juliet said, looking at Zhao Yu. “Let Zhao Yu come with me to solve the world’s Strange Case and fulfill Grimm’s last wish!”

“No.” Before Zhao Yu could respond, Miao Kun rejected him first. “Zhao Yu is very busy. One or two is fine, but not all of them. He doesn’t have that much time!”

“Okay,” Juliet said readily. “I saved you two, so I’ll have Zhao Yu help me solve two cases! Take note, the oil painting murder case doesn’t count!”

“This ...” Miao Kun did not make a decision rashly this time, but looked at Zhao Yu.

“No problem!” Zhao Yu snapped his fingers. “Since you’re so awesome, I must do my best!” However, before we solve the case, we need to solve the problem with Xi Menna first! Otherwise, everything is just empty talk!”

“Alright, deal!” Juliet looked at them playfully and said, “my men are watching on the plane, so we’re not shaking hands!”

“Alright, then let’s kiss on the lips!”

“Miao Kun moved his face closer, but what he got in return was not Juliet’s Red lips, but a small, light slap.”

“I hope you can keep your promise!” Juliet raised her eyebrows and said, “make sure to transfer Londee’s bounty to my personal account. I’ll tell you the account number later!”

“After saying that, the France Senior Sister turned around and left. Her already plump body looked even taller and bigger ...”

Hu ...

Hu ...

“Watching Juliet get on the plane, Zhao Yu and Miao Kunshen both let out a sigh of relief.”

“Soon, the military helicopter circled in the air for a while before flying into the sky and leaving far away ...”

“Father-in-law,” Zhao Yu said, pointing at Miao Kun’s face. “If I were Juliet, I would have used more force when I slapped him!”

“Go to hell!” “Didn’t you hear what she said?” Miao Kun asked smugly. If he did not fall out with her, he would not be able to take Londee away!”

“A gentleman comes after a villain, I’m not wrong in being a villain!”

““““You know what? Although Xi menna has been interrogating londee for six years, to the governments of various countries, he is still a highly sought-after person with endless potential. His value far exceeds the measly remuneration we are offering!”” ”

““““Then ...”” Zhao Yu asked curiously,”” what agreement did you reach with londee? Why are you so desperate?”” ”

““““Hehe ...”” Miao kun patted Zhao Yu’s shoulder and smiled mysteriously.””You’ll find out in the future!”” ”

““““At first, I thought that londee’s disappearance was caused by the officials. Now that I know it’s a personal grudge, I’m even more at ease!”” ”

Oh ...

“Although Miao kun didn’t say it clearly, Zhao Yu could roughly guess that long di must have had some important cooperation with Miao kun back then, but it had been delayed because of long Di’s disappearance. ”

“Now that they knew that the government was not behind this and that londee’s company was operating normally, there was naturally a possibility of continuing the cooperation. ”

““““Alright then!”” Zhao Yu thought for a moment, then asked,””since we’re only here for londee, why did we bring amiola and Rena? Why don’t you ask Juliet to take them home?”” ”

““““Hehe, you’re asking the obvious, kid!”” Miao kun laughed.””You’ve been making eyes at those two girls, so you must be close. Would you be at ease if I asked Juliet to take them home?”” ”

““““Humph ...”” Zhao Yu looked at him with disdain.””I think you just don’t want them to spend too much time with Juliet, right?”” You’re afraid Juliet will know more?”” ”

““““Hehe, you’re really something!”” Miao kun laughed evilly, then explained,””that Miss Lola is one of you SUFU’s people. I have to protect her! ”

““““As for that Rena, I just want to explain it to her. After all, part of my business is in Morocco, so I can’t be too hard on them!”” ”

““““Oh ... Is that so?”” Zhao Yu thought to himself, you don’t know how much trouble Ding Lan and I have caused in Morocco! If you knew, you would go crazy. ”

““““Alright, the journey is long. We still have a long way to go!”” Miao kun put his arm around Zhao Yu’s shoulder, and the two of them walked toward the Jeep that had come to pick them up. ”

““““Sir,”” one of the Secret Service agents said to Miao kun with a phone in his hand.””It’s a call from officer Li Jing!”” ”

““““Alright!”” Miao kun took the phone and got into the car. The others got in one after another, and the car started. ”

““““Yes, I’m out of prison ...”” Miao kun said as he sat on the chair. Although he was wearing a prison uniform, he had regained his former tycoon aura. He began to explain what had happened to Li Jing. ”

“At this time, the car drove along the main road of the factory to the gate. Before passing through the gate, they had to pass through a long and narrow doorway.”

“Unexpectedly, after the car entered the door, it suddenly turned right and turned into an underground passage!”

This ...

“Zhao Yu saw that, when the two cars they were in turned into the underground passage, two other cars that were exactly the same went through the door and drove out of the factory.”

Oh ...

“Zhao Yu realized that the rescue team must have been worried that Juliet’s plane would track them down, so they had used the other two cars as cover while they remained at the factory.”

“The underground tunnel was not connected to a basement or a parking lot, but a huge and empty factory. In the middle of the factory, a small plane was parked!”

Waa ...

“Amazing, amazing!”

“After seeing the plane, Zhao Yu couldn’t help but admire his father-in-law’s foresight. He had pretended to be a fake outside, but the real evacuation plan was here!”

“Under the arrangement of the reception staff, Zhao Yu and the others quickly got on the plane, including Amelia and Rena.”

“However, after he got on the plane, the plane did not take off in time. Instead, it waited for the car outside to cover it and drive further away.”

“After waiting for more than ten minutes, after confirming that it was safe, the plane took Zhao Yu and the others out of the factory and flew into the blue sky!”

“As the plane flew higher and higher, Zhao Yu looked down through the porthole. Although it was within Algeria’s territory, he was still surrounded by the desolate Sahara Desert.”

“Looking at the desolate desert, Zhao Yu couldn’t help but feel emotional. Thinking back to his experience in the house of sin, it seemed to be similar to vacraria!”

“Only those who had been imprisoned could treasure their freedom more. Although the nature of the house of sins was different, it was still a prison after all.”

He didn’t want to go back to that place again!

“Just as he was thinking about this, Zhao Yu suddenly realized that the side adventure had ended.”

Aiya!

“Just as the hexagram ended, Zhao Yu felt frustrated. He just remembered that he had forgotten to bet on his points and devices when he had opened the hexagram!”

“But fortunately, when Zhao Yu checked his adventure completion rate, as well as the points and devices he had obtained this time, he smiled with satisfaction.”

Chapter 1718: The best counterattack

“This time, Zhao Yu had achieved a high completion rate of 721%, received 45 devices of various levels as a reward, and nearly 10000 points.”

“Although he had forgotten to bet on points and items, he was still quite satisfied with the result.”

“Taking his points as an example, the total points column now showed that he had 29720 points, which was one step closer to the 100000 points upgrade standard.”

“In the house of sin, in order to strengthen various devices, Zhao Yu had used up a large number of points. Now, not only had he replenished the points he had used, but he had also gained nearly ten thousand points more than before. He was naturally satisfied.”

“Looking at the 45 item rewards, they were also cost-effective: Five invisible bullet proof suits, three invisible aircraft, two invisibility cloaks, four emergency alarms ... Almost all of them were common items.”

“Especially the emergency alarm. When they were last hit by a rocket, it wasn't that the emergency alarm didn't work, but that they had all been used up.”

“This time, the system rewarded him with another 4 pieces of equipment, which was quite interesting.”

“In addition, Zhao Yu also found that among the devices obtained this time, the red offensive devices were larger than before, and almost accounted for one-third of the total number.”

“Offensive tools such as mallets, cleavers, bullet boosters, invisible iters, and so on could be found everywhere.”

“What was even more amazing was that he had also obtained two pieces of the all-purpose sniping scope that he had been dreaming of. With this prop, he wouldn't have to be afraid if he were to encounter shooting problems in the future.”

“Of course, this wasn't the most amazing thing. Among the red devices, there was a special device called the invisible electric baton!”

“This time, Zhao Yu was very excited.”

“Clearly, this weapon had completely overturned his view of system items.”

“Think about it, he could quietly release an electric current to stun the enemy. How could such a prop be represented by the word “”awesome””?”

“However, this was just a reward. Because he had gotten a “”Kun Qian”” hexagram this time, and it had two suffixes, Zhao Yu expected that it would be frozen after it was completed.”

“The system showed that the freezing time was 20 days, and the hexagram could only be opened after 20 days.”

“Twenty days didn’t seem short, but compared to the “heaven and earth” hexagram, it was still half of the time. So, Zhao Yu didn’t have any complaints.”

He only reminded himself that he had to have a good rest when he got home.

“Ever since the exploration team incident in vakreya, he had been like a clockwork spring that had never stopped.”

“The video murder case, the wallet murder case, Miao kun’s disappearance case, and the prison break at the house of sin ... He felt that his energy had been completely exhausted.”

“So, this time, he didn’t want to take any cases or missions. He had to take a break.”

.....

“A few hours later, the plane was still in flight.”

“Zhao Yu, who had changed into a clean set of clothes, leaned back in his seat and rested for a while. He could have fallen asleep, but the burning pain on his back made him extremely uncomfortable.”

“It turned out that when he was avoiding the burning car, his back was still scalded. He didn’t care at first, but now it was getting more and more painful.”

“He looked out of the cabin, but he could not see anything due to the dense clouds.”

“He still didn’t quite understand where the plane was going. Such a small plane, it shouldn’t be possible to fly directly back to China, right?”

“Besides, Miao kun had promised to send Rena home.”

“However, Zhao Yu asked a few of the staff members, but he did not get an answer.”

“Hearing Zhao Yu’s words, Miao kun stood up from the front of the cabin and walked over to Zhao Yu.”

““Alright,” Miao kun said, pointing to the front. “I’ve explained it to miss Rena, but ... You guys had a good time in Morocco!” A life was actually lost!”

““Looks like I’m going to lose some money again. I can’t lose my business!””

““Father-in-law,” Zhao Yu saw that there was no one around, so he asked in a low voice, “where are we flying to? Amiola needs healing!””

““Hehe, don’t worry. Don’t you know how I handle things?” Miao kun smiled and said, “we took off from Algeria. If Juliet is still thinking about us, she will definitely think that we are going to the airport in Algeria.”

““But in reality, we’ve already flown back to Morocco!””

““Ah? You’re going to Morocco?” Zhao Yu frowned. “We can send Rena home, but I don’t think it’s a good idea to go back to Morocco. That tizamo or whatever is still after us!””

“Hehe, am I that stupid? Let me tell you,” Miao kun said in a low voice, “we’re going to fly across the Mediterranean to silvilya!”

“We are now in Spain!”

“Wow, Spain?” Zhao Yu thought about the world map and felt that it was a little far.

“I’ll tell you another piece of news,” Miao kun said. “Londee just told me that he knows some of Xi Wei’s secrets, so he can help us with our revenge plan.”

“Oh ...” Zhao Yu nodded. “It seems like londee and Xi Wei’s relationship is quite good!”

“You’re right,” Miao kun said. “At first, they were partners, but later, they parted ways because of different opinions!”

“Hehehe ... I think I’ve seen this story in a TV series before!”

“After that, londee became the world’s richest man, but Xi Wei thought that londee had stolen his creativity and business, and thus bore a grudge.”

“And the most melodramatic part is that londee even married Xi Wei’s most beloved woman ...”

“Damn, it’s quite melodramatic!” Zhao Yu expressed his opinion, “Xi Mengna said that revenge doesn’t necessarily mean killing, but to make him despair!”

“That’s why they locked londee up in prison and tortured him. Moreover, I can also get some secret information from him ...”

“God bless,” Miao kun said happily. “Fortunately, I escaped. Otherwise, londee and I would have been in the same boat!”

“So, you have to thank me,” Zhao Yu took the opportunity to say. “If I hadn’t risked my life to save you, where else would you find such an excellent son-in-law like me?”

“Hehe ... Hehe ...” Miao kun laughed. “We’re a family, so we shouldn’t be so polite!”

“Go to hell!” Zhao Yu’s face tensed up. “You’re talking about family now? Can’t you at least give me half of londee’s 1 billion reward?”

“What are you talking about?” Miao kun said with a fake smile. “Miao Miao is my only daughter. All my money will be yours in the future.”

“Don’t give me that!” Zhao Yu waved his hand, “it’s better to spend your own money! I think we have to settle the score properly ...”

“Alright, alright, don’t worry!” Miao kun became serious again. “Your share will be a must, but we have to do a good job with londee first!”

“So ...” Miao kun looked around again, then said in a very low voice, “when we reach silvilya, I’ll have someone send you home!” As for us ... We’ll go directly to the United States!”

“Ah?” Zhao Yu was confused. “To United States? Why?”

“““Let’s go to londee’s house and return him to his family!”” Miao kun said, ““and hold a large press conference to spread the news of londee’s return to the world!”” ”

“““Ah? Why are you in such a hurry?”” Zhao Yu still didn’t understand. ”

“““That’s right,”” Miao kun said. ““We can’t wait any longer. Once Xi menena finds out that londee is missing, she’ll definitely try to stop her. So, we have to bring londee home before she does anything and make a big deal out of it!”” ”

“““Oh ...”” Zhao Yu finally understood and immediately gave her a thumbs up. ““Good, that’s a very good move!”” If londee returns home safely, he will be able to boldly testify against Xi Wei’s crimes. This way, he will be able to suppress Xi menena!”” ”

“““We can go one step further,”” Miao kun said with a smirk. ““We can say that there are people like londee in Xi menena’s prison. That way, she and her family of sins will become the target of public criticism!”” ”

“““Excellent!”” ““Londee’s return is our best counterattack ...”” Zhao Yu said in admiration. ”

Chapter 1719: How many good daughters do you have?

“10 am Spain, sevilya International Airport. ”

Whoosh ...

“Hua Rena, the female police officer from Morocco, hugged Zhao Yu and kissed him hard on the cheek. ”

“““Goodbye, China detective. I’ll miss you ...”” Rena said sincerely. ““I hope we can work together again in the future!”” ”

“““Me too,”” Zhao Yu said politely. ““In the future, you’re always welcome to come to China! I’ll miss you too!”” ”

“““Rena ...”” At this moment, Ding Lan also hugged Rena. She did not forget to remind her, ““remember our promise about londee ...”” ”

“““Don’t worry!”” Rena nodded sincerely. ““I won’t tell anyone. What londee did will only bring harm to us. I don’t want to get involved in this mess!”” ”

“““That’s good ...”” Ding Lan continued, ““don’t worry, if we win londee’s prize money, I’ll definitely count you in. I’ve already saved your account number!”” ”

“““Thank you so much!”” Rena shook Ding Lan’s hand again and said, ““I’ll explain to my superiors about the HU lingye incident and the nameless bar incident.”” ”

“““I personally think that no matter what the final outcome is, it will not affect you! ”

“““At most ... I won’t come to Morocco in the future!”” ”

“““Don’t worry! We will also seek a solution through diplomatic channels! ““Here ...”” As she spoke, Ding Lan handed a stack of documents to Gena. ““These are the temporary travel documents we’ve

prepared for you, as well as your return ticket to Morocco. You don't have to leave the airport, just go to the boarding gate!" " "

"" "Alright, thank you!" " Rena took the document and then turned around to hug amiola. " "

"After a round of treatment, amiola could now move freely. However, the gunshot wound on her shoulder still needed further treatment. " "

"After saying goodbye to Rena, Amelia immediately gave Ding Lan a hug. " "

"" "Don't worry," " amiola said. "" "The people sent by the chief are already waiting for me at the airport. They will take me to the hospital!" " " "

"" "Mm ..."" Ding Lan nodded, then continued, "" "you'll get a share of londee's bonus too! Our leader said that it's a separate copy, and it has nothing to do with your boss!" " " "

"" "Haha, you guys are really good friends." " Amiola was overjoyed. "" "In fact, no matter if it's one or half a portion, you won't be able to spend it all in the second half of your life!" " " I'm already very satisfied. Thank you, my friends!" " " "

"" "Hehehe ..."" Zhao Yu stepped forward and hugged Miss Lola affectionately, then said, "" "welcome to our place as a guest. I hope that we can complete missions together in the future!" " " "

"" "Me too." " Amiola blinked her eyes charmingly. "" "I've already given you my contact information. If you have the chance to come to the Middle East, remember to let me know!" " " "

"" "Alright! "" "Well ..."" Zhao Yu mimicked Miao kun's actions and turned his face over. " "

Amiola smiled and gave him an Arabic kiss.

"After watching the two ladies leave, Ding Lan's smile slowly disappeared. "" "" "It's better to help each other than to forget each other in the pugilistic world! It's better not to see each other again for some things!" " " "

"" "Oh?" " "" "What do you mean?" " Zhao Yu asked, confused. " "

"" "When we meet again, we might not be friends anymore!" " Ding Lan shook her head helplessly and said, "" "don't you think that when you entered the prison, the two of them had nothing to do with you? they could have just turned around and left! " "

"" "But they all stayed." " " "

"" "Yes!" " Zhao Yu said, "" "you're quite loyal!" " " "

"" "Heh, have you ever thought of any other reason besides loyalty?" " "" "Oh?" " Zhao Yu was surprised. "" "What reason?" " " "

"" "I don't think they're doing this out of loyalty." " Ding Lan smiled sadly. "" "They must've received instructions from their leaders to hold on until the end and find out the answer!" " " "

"" "Their boss also wants to see how we will end up. Let's see if you and Miao kun can escape from prison. Could londee be hiding in the house of sins? " "

“““However, they never expected that they would be plotted against, captured by the prison, and sent to the house of evil!”

“““This time, if it wasn’t for you, if it wasn’t for Godfather’s careful decision to call over Senior Sister France I’m afraid ... Sigh! Things are unpredictable!”” ”

“““Why are you so emotional?”” Zhao Yu was curious.””So ... You still don’t trust the two of them?”” ”

“““That’s why we have to send londee home immediately!”” Ding Lan said,”” otherwise, once they find out that londee went to China, all the blame will be on us!”” ”

“““Oh ... I understand! ““Then ...”” Zhao Yu pointed to himself,””do you need me to go with you?”” ”

“““No need!”” Ding Lan said,””my Godfather said that you’ve been missing for too long, and that you need to go back and tell sister Miao Ying that you’re safe!”” ”

“““Here ...”” She handed another document to Zhao Yu and said,””this is your id and plane ticket.”” There will be two special agents from the Secret Service to escort you, so you don’t have to worry about anything!”” ”

“““So ...”” Zhao Yu looked at his sister-in-law,””you’re leaving soon?”” ”

“““Yes, there’s no time to waste!”” Ding Lan patted Zhao Yu’s shoulder and said,””as for the hotpot chicken, you can only wait for us to come back!”” ”

“““Alright! ““Then ...”” Zhao Yu opened his arms, wanting to give his sister-in-law a hug. ”

“““But ...”” Ding Lan asked seriously,””before I leave, I have a question for you. You said that you once beat up five people in prison? Furthermore, he had single-handedly taken out a prison gang of more than ten people? ”

“““But you can’t even beat amiola! When did you ... Become so powerful?”” ”

“““Hehe, I was wondering what kind of question it was!”” Zhao Yu clenched his fist and said,””a good man doesn’t fight with a woman. I was just letting amiola win! If it’s for real, she won’t even be able to touch it!”” ”

“““Is that so?”” Ding Lan obviously didn’t believe her.””Okay, then when I come back from United States, you don’t mind having a friendly match with me, right?”” ”

“““No way,”” Zhao Yu said humbly.””I’m too capable. Sometimes, even I’m afraid of myself. So, it’s not appropriate to hurt you. After all, you’re my sister-in-law! ”

“““Xiao hang is awesome, right? I’ve beaten the entire group into a pig head! ”

“““So what if it’s vachery? I single-handedly annihilated an entire Army!”” ”

“““Hmph!”” Ding Lan snorted coldly with a disdainful look on her face. However, she felt something strange in her heart. She felt that she was finding it harder and harder to see through this brother-in-law of hers! ”

“Although she had seen with her own eyes how Zhao Yu was beaten up by Miao Kun, Zhao Yu’s performance in the evil home made her even more uncertain about Zhao Yu’s ability. ”

“After all, when the three women were trapped in the small building, it was Zhao Yu who had rushed into the Army alone and saved them. ”

And ... Zhao Yu’s fierce hit was able to collapse the entire wire wall. That power was indeed violent.

“It seemed that some legends were not necessarily false. This unknown crazy detective did have extraordinary abilities. Otherwise, he could not have been able to turn all the dangers into blessings and turn the tide every time! ”

“““Alright,”” Miao Kun said to Ding Lan as he walked over.””Our plane is ready!”” ““Zhao Yu ...”” He then turned to Zhao Yu and said,””be careful on the road. When you get back, you know what to tell Miao Ying, right?”” ”

“““Hmm ... You guys be careful too!”” Zhao Yu nodded.””If you can’t handle it, call me anytime!”” ”

“““Then ...”” Ding Lan walked up to Zhao Yu and said affectionately,””brother-in-law, we’re leaving!”” ”

“Zhao Yu opened his arms again and said,””let’s hug!”” Your sister won’t be jealous!”” ”

“Ding Lan’s face turned red, and she immediately hugged Zhao Yu. ”

“Zhao Yu thought that the hug would be enough, but to his surprise, after the hug, Ding Lan kissed him hard on the cheek. ”

“After the kiss, the girl turned around and left shyly. ”

“““You ... You ...”” Miao Kun pretended to be angry and pointed at Zhao Yu.””I’ve already given you my daughter. What else do you want?”” ”

“““Sigh, he’s too charming. I can’t help it!”” Zhao Yu shook his head, then joked,””father-in-law, besides your goddaughter and biological daughter, do you have any other daughters? Like ... An illegitimate daughter?”” ”

Chapter 1720: One family (1)

“15 days later, at a seaside in Hailan city, Qiongzhou province, China. ”

“It was late in the evening, and the sun was about to set. On the Golden Beach, Zhao Yu and Miao Ying were strolling along the beach, one finger hooked. ”

“Listening to the gentle sound of the waves, Zhao Yu felt an indescribable sense of comfort and satisfaction. ”

“People said that the sea could open one’s heart and let one forget their worries. Today, it felt true. Especially for people like Zhao Yu who grew up in the mountains, he felt even more comfortable and at ease. ”

“Ever since he had returned to China, Zhao Yu had not been idle. He first went back to report to secret services and the criminal Division.”

“After that, he took a plane to Beicang to meet his girlfriend, Miao Ying, who was investigating the video murder case, as well as the Special Investigation Group.”

“At that time, as the post-investigation of the video murder case was coming to an end, Zhao Yu finally had the opportunity to go on a vacation with his beloved girlfriend to Harland.”

“So far, they had been recuperating in the seaside villa for more than a week. This week was the most comfortable, comfortable, and free time that Zhao Yu had ever experienced.”

“Every day, he would go sightseeing, enjoy the beautiful scenery, swim for fitness, taste delicious food, roll around in bed with his girlfriend, and so on. Every day was very comfortable and comfortable ...”

“At this moment, the two of them were wearing casual beach clothes and walking along the beach. The afterglow of the setting sun cast a long shadow on the beach.”

““I feel that ...” Miao Ying pointed at Zhao Yu’s ears,““your ears have completely recovered!”” ”

““Right, I don’t even know where I put the bug!”” ““It’s a hearing aid, hehe ...”” Zhao Yu quickly corrected himself. ”

“Miao Ying smiled, then patted Zhao Yu’s back.”“What on earth scalded your back? There seems to be shrapnel too!”” ”

““It’s nothing,”” Zhao Yu said seriously.”“At that time, a car was hit by a rocket, and it turned into a big fireball, which fell on my head. I was trying to avoid it, so I was burned by it!”” ”

““Tsk ...”” Miss Miao rolled her eyes.”“You’re full of bullsh * T. I knew you wouldn’t tell me anything!”” You’ve been gone for so many days, I thought you were in prison!”” ”

Zhao Yu was speechless.

““Alright, look at your aggrieved face,”” miss Miao said, sticking out her tongue.”“I’m Miao kun’s daughter, so I know the rules of Secret Service. Don’t worry, I won’t ask anything.”” ”

““I’m just a little worried and emotional ...”” ”

““I know that you’re worried, but why are you feeling emotional?”” Zhao Yu asked. ”

““Sigh, you’re becoming less and less like the hooligan Zhao of the past ...”” Miao Ying laughed.”“Although you still like to talk cheekily and boast shamelessly, I can no longer see that hooligan-like look on you!”” ”

““Oh? ”” So ...”” Zhao Yu laughed evilly,““you like punks?”” ”

““No, I just feel that ...”” Miao Ying said seriously.”“You’re more mature than before, more and more like my father!”” ”

““Oh, that’s bad,”” Zhao Yu said, looking worried.”“That old man is so boring!”” I don’t want to become him! Why don’t I just be my hooligan Zhao! ”

“Hehehehe ...” Zhao Yu rubbed his palms and drooled. “Little girl, you’re so handsome. Come and play with me ... Hahaha ...” He said pervertedly. ”

“Then, Zhao Yu pounced on miss Miao. ”

“F * ck you ...” Miao Ying threw Zhao Yu onto the beach with a light backflip, then taunted Zhao Yu, “if you want to take advantage of me, then come after me if you have the ability ...” ”

“Okay ...” Zhao Yu quickly got up from the beach and chased after her. “When I catch up to you, you’ll see how I punish you, Wahaha ...” ”

“The sun was setting, and Zhao Yu’s laughter could be heard on the Golden Beach. ”

.....

“Three days later, in Wenxi District, Fengdian County, hotpot chicken restaurant 0317. ”

“F * ck,” a customer who had just left pointed to a luxury sports car in front of the shop and said, “what car is this?” So awesome? He had never even seen the brand before! Could it be ... That this is the legendary Ferrari?” ”

“No, third brother!” Another young man said, “this symbol should be Martin, right? An Aston Martin, an United Kingdom car! ”

“But ... I’ve never seen this style ...” ”

“Hehe ...” The person in front of him said, “maybe it’s a fake version!” How many people in this small place can afford a sports car? Let’s go, let’s go ...” ”

“The two of them left the restaurant, but their eyes never left the sports car ... ”

“At the same time, a hearty laugh came from a private room in the restaurant. ”

“Wahaha ... Everyone,” Zhao Yu said, beaming with joy, “when I came to this hot pot restaurant 0317, I couldn’t help but think of two things! ”

“First of all ... The hotpot chicken here is so delicious! As for the other one ... Hehehe ...” ”

“As he spoke, he glanced at his father-in-law, Miao kun, who was sitting opposite him. He was about to expose the scandal of Miao kun being beaten up by him. ”

“There were only four people in the room: Miao kun, Zhao Yu, Ding Lan, and Miao Ying finally got what they wanted and gathered in the restaurant. ”

“Hearing that Zhao Yu was about to expose his own scandal, Miao kun’s face turned red. ”

Miao Ying pinched Zhao Yu’s thigh under the table.

“Say it?” Ding Lan’s face was full of anticipation. “What’s the other one?” ”

“Mm ... Yes ...” Feeling the burning pain on his thigh, Zhao Yu quickly turned his finger, which was pointing at Miao kun, to the other side and said, “that’s the Baishan reservoir!” ”

“Baishan reservoir?” “What do you mean?” Ding Lan was confused. ”

“““Baishan reservoir dismemberment case!”” Miao Ying explained with a smile,““it’s one of the five unsolved cases, and it’s the only one that Zhao Yu didn’t participate in!”” ”

“““Oh ...”” Ding Lan remembered.““I know, that case was solved by a person with supernatural powers! As long as that person touched the dead person’s belongings, he would be able to find the corpse!”” ”

“““So you know!”” Zhao Yu frowned.““Is it really that godly? Just like the Baishan reservoir case, where the body was dismembered, could every piece of his body be found?”” ”

“““Hey! We’re eating!”” Miao Ying pouted. ”

“““I’m not sure ...”” Ding Lan shook her head and said,““but ... Do you know about the celebrity LAN caiyan? I heard that LAN caiyan’s case is related to this person!” ”

“““I remember. That man’s surname was Zhou, and everyone in the industry called him boss Zhou. At first, it seemed that the TV station also broadcasted his program, but later, for some reason, it was not known!”” ”

“““It’s because he’s a fraud! ““Hahaha ...”” Then, Zhao Yu raised his glass.““Let’s not talk about superpowers anymore. It’s a rare occasion for us to get together as a family. Come on!”” This cup of wine has to be finished!”” ”

“““Hey,”” Miao Ying stopped Zhao Yu,““did you forget what car you drove here today? You want to drink and drive?”” ”

“““Find a designated driver! Come! Cheers!”” Then, Zhao Yu gulped down a glass of beer and said,““I’ll drink first!”” ”

“““Oh ...”” Miao Ying wiped her sweat.““Which driver would dare to drive your car?”” ”
