Chapter 1731: Where did the victim come from?

“At 10 pm, the clanking of axes and chisels came from the forest. ”

The local police officers called more forest staff and began to carefully demolish the well under the leadership of Zhang Peipei.

“According to Zhao Yu, as long as they could find the fingerprints, they didn’t need to tear down the entire well. They only needed to break a small part of the top. ”

“““Hey ... Hey, slow down ...”” Zhao Yu was standing behind the woods far away from the well, talking to Wang Can on the phone.”“The signal here is not good, slow down ...”” ”

“Officer Wang said over the phone,”“okay, master, if you don’t come, I’ll be really worried.”” ”

“““I asked Nong zhifa’s prison mates about the situation today. They said that Nong zhifa’s mental state has always been bad, and he has memory problems. ”

“““I’m worried that he might have forgotten something when he was writing his memoir. If he were to write nonsense, that would be troublesome!”” ”

“““It can’t be?”” Zhao Yu bent over and said,”“I read the memoir. It feels quite organized. It shouldn’t be written randomly, right?”” ”

“Officer Wang then said,”“but ... That’s only the surface. So far, we have only managed to match five of the cases, and we can’t match the rest of the cases!”” ”

“““No way? Is it still that far away?”” Zhao Yu was surprised. ”

“Officer Wang then said,”“yes, I thought that the comparison was successful, but after verifying the details, I ruled out the few that I thought were correct. It’s really a headache!”” ”

“““This case is really hard to investigate. Thirteen cases are found all over the eastern coastal area, and each one is more than 20 years old. This is really ...”” ”

“““Alright, alright, I understand. You don’t have to complain to me anymore. What kind of bad habit is this?”” Zhao Yu reprimanded her sternly,”“how did I teach you to be tenacious and patient? it’s only been a few days, and you’re already so scared of a little difficulty? ”

“““Kid, don’t think that I’ll put in a good word for you just because we’re friends. If you can’t handle this case well, I’ll teach you a lesson!”” ”

“““Yes, oh no, that’s not what I meant, master,”” Wang canyan said.”“I’m only complaining to you because I treat you as my family!”” ”

“““I just want the criminal Division to get involved. This way, I can get higher authority and get the support of the police everywhere. It’s also to solve the case, isn’t it?”” ”

““Kid, this case has attracted a lot of attention,”” Zhao Yu said.”” But because the memoir of the murders are more sensitive to the public, the higher-ups are handling it very carefully. ”

““You guys have to know your limits! Once it’s publicized by the media, you guys won’t be able to bear the consequences!”” ”

“Officer Wang must be sweating.”” I know, I know. That’s why I’m walking on thin ice!”” ”

““Don’t worry too much. I’ll give you a warning,”” Zhao Yu said.”” Although Nong zhifa has been in prison for more than ten years, you can’t ignore his family. ”

““Find more people who are familiar with Nong zhifa and ask them. Then, try your best to trace his tracks and see if you can find any new clues.”” ”

““Oh ... You’re the best!”” Officer Wang said,”” I understand. Don’t worry, master. No matter what the result is, I’ll try my best!”” ”

““Al, that’s right!”” Zhao Yu said with satisfaction,”” correct your attitude and don’t complain when you encounter difficulties. When I’m done with the work at hand, I’ll go over to your place to take a look!”” ”

““Alright, master. Come earlier!”” ”

“Officer Wang complimented him a little more, then Zhao Yu hung up the phone. ”

“But just as he put down his phone, Miao Ying walked over quickly and said to Zhao Yu, ”

““Team leader, Zhang Jingfeng just called. They’ve identified one of the bodies.”” Miao Ying’s expression suddenly became a little complicated.”” I’m afraid that this matter is more complicated than we thought!”” ”

““Oh? Why?”” Zhao Yu was confused. ”

““We found out the identity of the deceased in the water well case. His name is BA hongxue, and he was from baiqu city in mengxiang province!”” Miao Ying said seriously,”” when he went missing, he was still living in baiqu city. He was a night security guard for a company.”” ”

““F * ck ...”” Zhao Yu was at a loss for words and felt his mind was in a mess. ”

““That’s right. Bai qu city is Southwest of Meng Xiang, more than 600 kilometers away from tuo mountain!”” Miao Ying said,”” the murderer brought the victim here from 600 kilometers away and buried her alive ...”” ”

““Isn’t there something wrong with this?”” ”

““I can’t believe it ...”” Zhao Yu frowned out of habit, but after a few seconds, he suddenly understood.”” But, this just shows the importance of the well!”” ”

““Perhaps the well itself is the key to solving the case!”” ”

“At this point, the two of them turned their heads in unison and looked at the well in the distance. ”

““Oh right, I haven’t finished!”” Miao Ying continued,”” as for BA hongxue’s identity, we did not find it through the missing person database.”” ”

“““Oh? Is that so?”” Zhao Yu was surprised. ”

“““BA hongxue was arrested by the police in 2007. She has a criminal record.”” Miao Ying replied,“““he was arrested for fighting and intentional injury, but because he paid the compensation, the other party dropped the charges, so he was not sentenced.”” ”

“Hearing this, Zhao Yu’s eyes lit up. ““We have to call Ran Tao immediately and ask him to go to baiqu!”” He said. ”

“““Okay,”” Miao Ying said.““This case is obviously a vendetta. As long as we can find out who BA hongxue’s enemy is, we’ll make progress in the case.”” ”

“““By the way,”” Zhao Yu suddenly thought of something and asked,“““the person has been missing for three years. No one reported it?”” ”

“““Yes,”” Miao Ying said.““No one reported it, and the specific reason is unknown. I asked Zeng ke to contact the local police station.”” ”

“““Mm ...”” Zhao Yu nodded, not forgetting to remind him,““let Zeng ke tell them that they must keep this a secret and not let outsiders know.”” ”

“““The murderer might be closely related to BA hongxue. We can’t alert him.”” ”

“““Understood!”” After that, Miao Ying called Ran Tao and Zeng ke. ”

Zhao Yu returned to the well with his hands behind his back to watch forensic Zhang and the others collect evidence.

“Just as Zhao Yu approached, Zhang Peipei said to him excitedly,“““Team leader Zhao, you really have life experience. You see ...”” She picked up a brick with cement and said,““not only are there fingerprints, but even handprints are clearly visible!”” ”

“““Although the surface is rough, there is no problem in extracting a complete fingerprint! ”

“““Team leader,”” Zhang Peipei pointed to the fingerprints and said,““since the fingerprints appeared on the cement, it is enough to prove that the fingerprints were left by the well builder, not by an ordinary person who touched the bricks!”” ”

“““Oh ...”” Zhao Yu was not as excited as Zhang Peipei. He looked at the broken brick and asked,““is there any more?”” ”

“““Yes,”” Zhang Peipei said.““We’ve found three or four of them, but this one is the clearest.”” ”

“““Okay,”” Zhao Yu said.““Whether it’s on bricks or cement, we still need to collect as many as possible so that we can compare them in the future!”” ”

“““Understood!”” Zhang Peipei nodded hard and continued to work. ”

Zhao Yu looked at the well and fell into deep thought again.

“Although he found fingerprints on the bricks, it didn’t mean that the case would be solved soon. ”

He was not 100% sure that the person who built the well was the murderer!

“However, if he could find the person who built the well, would he be able to solve the mystery?”

Chapter 1732: A ceremony?

“Four o’ clock in the afternoon, Qinshan rongyang branch, inside the Special Investigation Group’s temporary office. ”

““Team leader,”” Wu Xiumin took the initiative to say,““in that case, I’ll take a group of people to mengxiang!”” ”

““Mm ...”” Zhao Yu thought for a moment, then said helplessly,““it seems that’s the only way!”” ”

“It turned out that half an hour ago, Zhang Jingfeng had found out the identity of the second victim through the missing person database. ”

“Unexpectedly, the second victim was also from mengxiang, from the danrongqi of mengxiang province. The man’s name was Wang pengyi, and he was a small owner of a local Mahjong School. He disappeared four years ago, and his whereabouts were still unknown. ”

“Wang pengyi’s relationship with his children was broken, and it was his brother who reported the case, leaving behind DNA data. ”

“Although dan Rong Qi was also in mengxiang, it was quite a distance from baiqu city. If Ran Tao was in charge of all the investigation and visiting tasks, it would undoubtedly delay the time. ”

“So, Wu Xiumin took the initiative to take action separately from Ran Tao, so that they could speed up the process. ”

““Then I’ll have to trouble you to make the trip, sis Wu!”” Zhao Yu said politely. ”

““No problem,”” Wu Xiumin said.““But, since both of the victims were from mengxiang, the other two victims were likely to be from mengxiang, or somewhere far away!”” ”

““So, it’s best to get cui Lizhu back as soon as possible! ”

““Otherwise, we won’t have enough people!”” ”

““Okay,”” Zhao Yu nodded,““I’ll call her.”” ”

““Wu Xiumin, when you and brother Tao investigate, you should mainly ask about the relationship between the two victims. Also, among their friends, are there any other victims who fit the conditions?”” ”

““Don’t worry!”” Wu Xiumin nodded.““I know what to do. I’m going to book a plane ticket!”” ”

“After that, Wu Xiumin sorted out the information at hand, then left the office. ”

““Team leader, we’ve found out about BA hongxue’s situation.”” As soon as Wu Xiumin left, Zeng ke reported to Zhao Yu.““This man is an old Bachelor who has never married in his life. ”

““““Because he often hung out with some random people in the society, after he disappeared, his unit didn’t report it to the police. They just thought that he had run away to hide from the debt!”” ”

““““Oh ...”” After hearing Zeng ke’s report, Zhao Yu went to the whiteboard and began to write down his information. ”

“After he finished writing, he thought of something and asked Zeng ke,””““Is there still no news from old Zhang’s side? The fingerprints found in the well have been sent to him, and there’s no news on the identities of the other two victims. Is this how an expert in finding people should act?”” ”

““““I ...”” Zeng ke picked up the phone, then put it down and said,””““don’t rush him. He must be more anxious than us!”” ”

““““If they have found it, they will inform us immediately!”” ”

““““Team leader Zhao ...”” As soon as he finished speaking, Zhang Yaohui came in and said to Zhao Yu helplessly,””““the fingerprint in the cement was not successfully compared. Zhang has already compared it with all the fingerprints in the database, but there is no match!”” ”

““““Al!”” Zhao Yu sighed.””““So, the person who built the well doesn’t have a criminal record? Then ... What about the other fingerprints?”” ”

““““The other fingerprints are being verified, I’m afraid it will take a long time!”” ”

“Through today’s extraction, Zhang Peipei had extracted a total of four sets of fingerprints from the bricks. Among them, the fingerprints printed in the cement had appeared many times, so they were most likely to be the well builder. ”

“The rest of the fingerprints were shallow, probably left by the person who touched the bricks and had nothing to do with the construction of the well. ”

““““Then,”” Miao Ying asked Zhang Yaohui,””““what about the other two suspects? I’ve already found two, so the other two shouldn’t be too hard to find, right?”” ”

““““Hmm ... It’s the exact opposite,”” Zhang Yaohui said helplessly.””““Old Zhang investigated these two people first, then BA hongxue and Wang pengyi, so ...”” ”

““““It can’t be?”” Zhao Yu frowned.””““Could it be ... That we can’t confirm the identities of the last two corpses?”” ”

““““We’ve compared it with the missing person database and the intranet database. There is no matching information,”” Zhang Yaohui said.””““Old Zhang will confirm it a few more times. ”

““““But ... Old Zhang’s suggestion is that we should get a portrait expert to come as soon as possible!”” ”

““““A portrait expert?”” Zeng ke asked,””““do you want to use the bone Gu to restore the victim’s appearance? Qin Shan, does Qin Shan have such a technique?”” ”

““““You’re right,”” Zhang Yaohui said helplessly. He then turned to Zhao Yu and asked,””““team leader Zhao, does the criminal Division have any?”” ”

““““Yes, it’s not difficult to find an expert, but ...”” Zhao Yu said worriedly,””““it will take too long!”” ”

“““That won’t happen,”” Miao Ying said.””As long as we can restore the victim’s appearance, then take the photos to BA hongxue and Wang pengyi’s friends to identify them, we should be able to quickly confirm their identities!”” ”

“““No, you don’t understand what I mean,”” Zhao Yu said, gesturing with his hands.””I’m saying that it takes too long to make 3D images!”” ”

“““Hmm ... It won’t be too long, right?”” Zeng ke quickly said,””this technology is becoming more and more perfect. Last time I was in a class, I heard an expert say that with the latest simulation imaging technology, it can be produced very quickly. You can even 3D print it!”” ”

“““Alright,”” Zhao Yu said.””I’ll leave this to you. Bring me the best experts!”” ”

“Zeng ke covered his face, then quickly followed Zhao Yu’s instructions. ”

“““By the way,”” Zhao Yu suddenly thought of something and turned to Miao Ying.””Do you remember that in the hanging coffin case, an expert said that DNA could be used to find the specific information of the deceased? ”

“““The deceased came from mengxiang. Can we work on the genetic map and narrow down the scope of comparison?”” ”

“““That’s possible.”” Miao Ying nodded.””But, as you saw last time, we need the corresponding sample data. Mengxiang province is remote, so I’m afraid the sample data is not complete!”” ”

“““Even if it’s not complete, we still have to try,”” Zhao Yu said.””Then I’ll leave this to you, dear. Contact the experts and send them our DNA data for analysis!”” ”

“““Alright then!”” Miao Ying nodded. ”

“““Ai!”” Zhao Yu let out a heavy sigh. ”

“In fact, the reason why he was so anxious was that he was still thinking about the ““memoir of killing.”” He didn’t know why, but he felt that the case was unusual and kept making him feel uneasy. ”

“““Sigh,”” Zhang Yaohui also sighed and said,””this case is really strange. What did the murderer do it for?”” ”

“““Why did you capture him from so far away and then bury him in the well? Even if it was revenge, wasn’t it a little too complicated? ”

“““Could it be ... That this is some kind of special Revenge Ritual of the mengxiang ethnic minority? ”

“““Burying people in the well will seal the soul of the dead?”” ”

“““If that’s the case,”” Zhao Yu said, pouting.””Why do you have to do it at tuo mountain? ”

“““From the entire crime scene, I can feel the murderer’s resentment, but I can’t understand his behavior ...”” ”

Di di ... Di di ...

“As they were talking, Zhao Yu’s phone suddenly rang. ”

“This time, there was no new news, but the alarm that Zhao Yu had set. ”

“””” Aiyo, I almost forgot!””” Zhao Yu saw that Miao Ying had just finished her call, so he quickly grabbed her arm and said,“””” team leader Miao, I have an important date tonight, so I’ll leave this to you!””” ”

“””” Once there’s any new information, remember to tell me immediately ...””” ”

“””” A date?””” “””” Who?””” Zeng ke asked curiously. ”

“””” With my little lover!””” Zhao Yu saw that time was of the essence, so he quickly took his coat and left the office. ”

“””” What? A little lover?””” Zeng ke first looked at Zhao Yu, who was walking away, and then looked at Miao Ying, who was smiling. He quickly covered his mouth and sat down. ”

Chapter 1733: Little lover

“Qinshan Rongsheng shopping mall, 5th floor Pizza Hut restaurant. ”

“””” Godfather, do you think I’m a good-for-nothing?””” Jiang Xiaoqing pressed down on the menu in Zhao Yu’s hand,“””” let’s have an affordable meal for two. We won’t be able to finish what you ordered.””” ”

“””” What can’t eat? “””” Look at how skinny you are,””” Zhao Yu said, pointing at his goddaughter.”””” If I didn’t know better, I would have thought that Jiang Dafeng didn’t give you any food!””” ”

“””” Don’t joke around. Isn’t it good to be slimmer?””” Jiang Xiaoqing said,“””” do you like to see me grow up to look like my father?””” ”

“””” Oh, you’re right, you’re right!””” Zhao Yu put down the menu and only ordered a simple set meal for two. ”

“””” Godfather,””” Jiang Xiaoqing sipped the drink in her hand. She first looked at the big and small bags of branded clothes at her feet, then asked seriously,“””” is it so profitable to be a detective?””” In my impression, detectives are very poor. You bought so many good things for me, did you make a fortune?””” ”

“””” Yeah, yeah!””” Zhao Yu laughed.”””” I solved a big case a few days ago and got a 150 million US dollar bonus. Your Godfather is a millionaire now!””” Hahaha ...””” ”

“””” Tsk ...””” Jiang Xiaoqing’s eyes were helpless.”””” I haven’t seen you for so long, but you’re still the same!””” But ... You really don’t have to buy these things for me. They’re all branded. How expensive are they? ”

“””” Besides, I’m living on campus now and I’m wearing my school uniform every day. I can’t wear these pretty clothes!””” ”

“””” It’s fine, it’s fine. I’ll wear it during the holiday! “””” I just miss you too much,””” Zhao Yu said bluntly.”””” It’s not easy to see you, but I don’t know what you like!””” ”

“““I missed you too!”” Jiang Xiaoqing blinked her big eyes and said excitedly, ““do you know? I’ve been paying attention to the cases you solved! ”

“““Especially after the devil case was solved, when you were on the news, I couldn’t believe that the person was actually my officer Zhao! ”

“““You’re really amazing. I didn’t see it at all back then. You actually have such great potential! ”

“““To be honest, your innate hooligan temperament has indeed misled many people ...”” ”

“““You’re a straight-A student indeed. You’re so good at complimenting people,”” Zhao Yu said.””How are your studies?”” Was there a problem with the North China University entrance exam? ”

“““Oh, I almost forgot. Your dream is to be a doctor. Which school do you like? The capital medical school?”” ”

“““Yes! ““Not really ...”” Jiang Xiaoqing pouted and said with melancholy, ““because of my mother’s illness, I made up my mind to be a doctor, but now that I’m getting closer and closer to realizing my dream, I feel that my dream was a little narrow.”” ”

“““Why?”” Zhao Yu asked. ”

“““Being a doctor is only to treat and save people. There’s a limit to what you can do.”” Jiang Xiaoqing said, ““right now ... I really want to engage in scientific research in the future, such as developing new drugs and new treatment methods. If we can overcome terminal illnesses and benefit mankind, that would be a really great dream!”” ”

“““Good, you have ambition! Just follow me!”” Zhao Yu patted Jiang Xiaoqing’s shoulder excitedly, ““I support you! You just have to work hard bravely. If there are any difficulties, I’m here! ”

“““If you need to study abroad and learn better skills, money and connections are not a problem!”” Zhao Yu patted his chest and said, ““I, your Godfather, have entered the International Detective world. I have friends all over the world to protect me. You can do it without any worries!”” ”

“““ ...”” Jiang Xiaoqing understood Zhao Yu’s boastful words, and immediately showed a helpless look. What he didn’t know was that Zhao Yu was telling the truth. ”

““However, the little girl still nodded with confidence, full of confidence for her future. ”

“““When I first met you, I thought you were going to dabble in Electronic technology in the future!”” Zhao Yu laughed.””You’re so good at hacking accounts ...”” ”

“““That’s just a necessity in life. It’s just a small interest!”” Jiang Xiaoqing made a face. ”

““Looking at his cute and ambitious goddaughter, Zhao Yu liked her from the bottom of his heart. He couldn’t help but look forward to having such a daughter in the future. ”

“““By the way,”” Zhao Yu recalled the past and asked Jiang Xiaoqing, ““do your slackers still dare to bully you?”” ”

“““Of course I wouldn’t!”” Jiang Xiaoqing said, ““one time is enough! I don’t know what happened that day, but I suddenly had strength! ”

“““Now, they all stay far away from me when I go to the toilet ...”” ”

“““Hehehe ...”” Zhao Yu quickly reminded her,““you have to remember, if people don’t bully me, I won’t bully them. You’re a gentleman, so don’t abuse your power!”” ”

“““Don’t worry! I’m not your biological son, so I won’t inherit your wild nature!”” Jiang Xiaoqing smiled. Seeing The Order Machine flash, she quickly went to the front desk to get the plates. ”

“““This girl ...”” Zhao Yu was both relieved and emotional. ”

“After a while, Jiang Xiaoqing came back with the set meal for two. The two enjoyed the food and chatted happily. ”

“It was Sunday, Jiang Xiaoqing only had one day off every two weeks. Zhao Yu really missed his goddaughter, so despite the urgency of the case, he wanted to go on a date with his little lover. ”

“However, Jiang Xiaoqing was not a ten or eight-year-old girl. She was already a tall high school student, and her height had reached the position of Zhao Yu’s nose. ”

“Zhao Yu was also a handsome young man who was not even thirty years old yet. When the two of them walked together, they looked like brother and sister or lovers. They did not look like a Godfather and goddaughter at all. ”

“Although Jiang Xiaoqing was immersed in her studies every day and was not good at dressing up, she was still very beautiful and pleasant. ”

Zhao Yu wasn’t bad either. He was wearing a suit and looked very handsome.

“The two of them walked in the mall, attracting the attention of others from time to time. ”

“Before he left, Miao Ying’s Land Rover had been left in Qinshan, so Zhao Yu drove Jiang Xiaoqing out in this car. ”

“At around eighto’ clock in the evening, the two returned to Shunfeng Street and parked the car in front of Da Feng fruit store. ”

“Seeing Jiang Xiaoqing carrying so many things out of the car, Jiang Dafeng was dumbfounded. He quickly went up to Zhao Yu and asked,““Hey, great detective Zhao, you bought us so many gifts. Don’t tell me you don’t want to pay the rent?”” ”

“““Go to hell!”” Zhao Yu immediately retorted,““when have I ever owed you rent? You’d better keep the house upstairs. Maybe you’ll move back in one day! ”

“““Besides ...”” Zhao Yu pointed at the branded clothes and said,““these are for my goddaughter. It has nothing to do with you!”” ”

“““Oh ... So I’m not getting a share!”” Jiang Dafeng said seriously,““then forget it. I wanted to give you a box of ugly oranges. That’ll save me the trouble ... Hehe ...”” ”

“““Aiya, don’t listen to his nonsense!”” At this time, Jiang Dafeng’s lover came out of the house with a bag of fruit and handed it to Zhao Yu.““Officer Zhao, try it, they’ve just been picked, and they’re sweet! ”

“““Aiyo,”” Mrs. Jiang said in embarrassment when she saw the gifts,””I’m so sorry for officer Zhao. How could he buy so many things?”” ”

“““Xiaoqing, why didn’t you stop her!”” ”

“““It’s what I should do.”” Zhao Yu rolled his eyes at Jiang Dafeng.””It’s worth it to buy something for my daughter, no matter how expensive it is!”” ”

“““Godfather,”” Jiang Xiaoqing said to Zhao Yu after she put down her things,””when can I see Daheng? I haven’t seen it for a long time. How is that guy?”” ”

“““Hmm...I haven’t seen it for a long time!”” Zhao Yu scratched his head.””I heard from my mom that Daheng is now chubby and well-built, and is Living a Good Life!”” ”

“When he said the words ““plump and round,”” Zhao Yu deliberately looked at Jiang Dafeng, meaning ““just like you.”” Jiang Dafeng was so angry that he twisted his eyebrows. ”

“““How about this!”” Zhao Yu continued,””when I’m done with the case at hand, I’ll take you to my hometown!”” ”

“““Good, good!”” Jiang Xiaoqing cheered. ”

“Zhao Yu chatted with Jiang Xiaoqing’s family for a while, then left and returned to his Land Rover. ”

“However, after he got into the car, he didn’t start the car immediately. Instead, he sat in the car and started daydreaming ... ”

Chapter 1734: observing

“Sitting in the driver’s seat of the Land Rover, he could see the balcony of his rental house. ”

“Although the house had not been occupied for a long time, Jiang Dafeng had always taken care of it, so it should be very clean. ”

“However, Zhao Yu had come back in a hurry, and he had been busy with the case, so he had not moved in with Miao Ying. ”

“At this moment, he looked at the small house that he had lived in and was filled with emotions. ”

“Actually, the key to the apartment was in Zhao Yu’s pocket. ”

“As it was getting late, Zhao Yu didn’t go into the house to take a look. ”

“Perhaps it was out of nostalgia, but he still paid the rent and kept the right to use the rental house even though it was no longer of any use. ”

“After all, Zhao Yu really missed this rental house a lot. ”

“He could still clearly remember how he used to sit on the balcony every morning, open a can of beer, and think about the case ... ”

He could still remember that Jiang Dafeng would play chess with his neighbors in front of the fruit stall every summer evening ...

“The ambiguous past between the four beauties who lived next door, Yang Hong, and Huahua were still vivid in his mind ...”

“Also, he took Daheng to the park at the back every morning to walk the dog. Because he didn’t tie the rope, the old men and women were so scared that they retreated ...”

“Also, his mom making dumplings and bickering with Jiang Dafeng every day ...”

“Of course, there were also some scenes of him and his girlfriend Miao Ying together. From the initial fight to the friendship, then to the lovey-dovey love, then to Miao Ying’s sudden departure, and then to their reunion ...”

These unforgettable experiences were all inseparable from this small rental house.

“It was also in this room that he had carefully studied Captain Jin’s yellow notebook, and from then on, he had embarked on the road to solving the five major unsolved cases ...”

“Now that he was reminiscing about the past, Zhao Yu couldn’t help but feel emotional.”

“Just as he was thinking about it, the light in the room opposite suddenly lit up. It was the room where Yang Hong and Huahua used to live. Zhao Yu used to visit them a lot.”

“However, after the two of them moved out, they lost contact with Zhao Yu.”

“It was undeniable that sometimes, Zhao Yu would think of them. After all, he had a fate with them, and he also wanted to know how they were doing.”

“However, he was too busy with his work and had never been able to achieve it.”

“Now that she suddenly saw the lights on, she couldn’t help but feel a sense of hope.”

“However, after a few seconds, his hope was shattered. What appeared by the window was a happy family of three, not Yang Hong and Huahua.”

Sigh ...

“Things remained the same, but people had changed, so let it be!”

“Zhao Yu knew that although he was fated to meet the two women, they were just passersby, after all. Even if they met, it would be useless. He just hoped that they were living well.”

“After reminiscing, Zhao Yu was ready to start the car and return to the police station to continue his work.”

“However, before the car started, a reply came from his mind. Today’s side adventure was over.”

“He had only done two things today. One was to go to the crime scene, and the other was to go shopping and have dinner with his goddaughter, which matched the Gen Qian hexagram perfectly.”

“Zhao Yu opened the system interface and saw that his adventure completion rate for the day was 288%. Although it was an auspicious completion rate, it didn’t reach 300%, so he had failed in choosing an item. He had lost 300 points, but he didn’t get the universal lock opener.”

“However, all of this was within Zhao Yu’s expectations. He didn’t feel any sense of loss, but was looking forward to tomorrow’s hexagram.”

“He didn’t know if he could continue to open the “Gen” hexagram tomorrow and take the case further.”

“Of course, to Zhao Yu, getting a new hexagram had become a supplementary tool.”

“Including the video murder case, when he reviewed the previous big cases, he had done all of them without a hexagram. Zhao Yu was more mature now, so even without a hexagram, he was still full of confidence.”

“However, with the hexagram poem, he would be more accurate in choosing his work focus.”

“For example, he had wanted to go back to the police station to continue his work, but after seeing the hexagram poem, he decided to call Miao Ying and ask about the situation.”

The result was exactly as he had expected. There was no new progress in the water well case.

Ran Tao and Wu Xiumin were both on their way to mengxiang.

“Zhang Jingfeng’s side had already sent out the search Report, and the remaining two bodies could not be identified.”

“In addition, the fingerprints found on the bricks of the well did not match, which meant that the person who built the well had no criminal record.”

“Also, he had already contacted the portrait expert, but it would take some time for them to bring the equipment to Qinshan.”

“The genetic map had already been contacted by an expert, but it would take a week or even longer for the results to be out.”

“Therefore, there was no need for Zhao Yu and the others to suffer that night. They could just return to the hotel and wait for further progress.”

“So, after hanging up the phone, Zhao Yu drove back to the police station to pick up Miao Ying, then they returned to the hotel together.”

“Originally, Zeng ke should have gone back to the hotel to rest, but Zhang Peipei’s work was not over yet, so Zeng ke went to accompany his female forensic doctor.”

“On the way, Zhao Yu reported to Miao Ying about his date with his goddaughter. Miao Ying was not jealous, of course. She only said that if she had not been staying at the police station, she would have been with Zhao Yu. She knew better than Zhao Yu what kind of gifts the young girl liked.”

“Zhao Yu found out that miss Miao hadn’t eaten yet, so he took her to a famous Western restaurant in Qinshan for supper.”

“Zhao Yu,” Miao Ying asked as they were having supper, “do you have any plans to go home and visit your parents?”

“Eh? Still so distant! Why don’t you just say our parents?” Zhao Yu smiled and replied, “I was just thinking about it! But it’s a waste of time, so I’ll go after the case is solved!”

“I think you should go back while you’re not busy these two days!” Miao Ying was a little worried. “After all, the two victims came from mengxiang, and the important clues of the water well case are likely not in Qinshan!”

“I know.” Zhao Yu nodded. “There’s no other way to go to mengxiang. We can just wait until we come back!”

“Tomorrow, the scientific research team will come to the police station for questioning,” Zhao Yu said. “We have to take a good look at them!”

“Oh?” Miao Ying was curious. “Do you suspect that there’s something wrong with the discovery of the body?”

“I have a feeling that the murderer buried the body in a dry well deep in the mountains and forests for people to see!” Zhao Yu analyzed, “if they didn’t want anyone to know, they could have just buried it. Who would have found it?”

“Besides, as long as he made the well a little lower, close to the ground, and then covered it with a stone, who would know that there was a well under the stone?”

“Even if they knew, who would dig it up?”

“If what you said is true, then this case is even more strange!” Miao Ying asked, “could it be that the murderer still wants us to find the body?”

“I can’t be sure about that yet!” Zhao Yu said, “anyway, I have a feeling that the murderer wants to let us know something ...”

“I don’t think the expedition team will have any problems,” Miao Ying analyzed. “They just don’t want to get water from the sewers, so they plan to dig a well!”

“Anything is possible,” Zhao Yu said. “How could it be such a coincidence? Why did the expedition team choose to set up camp next to the well?”

“I’ve read the information. That teacher is more than 50 years old this year and is from the Zhang family camp of the Western Xia province. The Zhang family camp is less than 40 kilometers away from tuo mountain. Zhao Yu continued, “he was the one who chose the camp, so I don’t think it’s a coincidence!”

“Alright,” Miao Ying said, nodding. “When they come tomorrow, we’ll observe them!”

“Not just observing,” Zhao Yu added. “Zeng ke hasn’t left yet, right? Let’s let him dig up more information on this old professor first. Tomorrow, we’ll be prepared to observe his expression!”

Chapter 1735: What's her identity?

"At noon the next day, in the Special Investigation Group office of rongyang branch. "

""His family background is clean, and it doesn't seem to be problematic ..."" Zeng ke said to Zhao Yu, holding a piece of information.""Zhang Xin's ancestral home was in the Zhang family camp. After he was born, his whole family went to Yunzhou, where the Northwest Agricultural University was located in Longxi province."" "

""I didn't see anything special about it,"" Miao Ying said.""Although professor Zhang is very familiar with camel mountain, this is his first time going to the mountain where the well is located. "

""The expedition team said that the main purpose of their expedition this time was to study a new species called the Camelback butterfly. This butterfly can only be found in Camelback."" "

""I've checked the internal information of their University,"" Zeng ke said.""Professor Zhang is the only insectoid expert in the University. This scientific research project was not initiated by him, but arranged by the university's teaching and research team."" "

""I've checked the students one by one,"" Miao Ying said.""They didn't seem to have any problems! The discovery of the corpse in the well should be a coincidence. "" "

""Alright ..."" Zhao Yu waved his hand and said,""then let them continue to study the butterfly!"" "

""Well, it's impossible to study butterflies,"" Zeng ke said.""Who would dare to camp in the mountains when there are corpses? The project has been canceled ..."" "

"After that, Zeng ke went to inform the others. "

"Zhao Yu walked to the whiteboard and crossed out an X on the column for the scientific team, then began to add information. "

""The portrait expert has arrived in Qinshan and is on his way to the police station,"" Miao Ying said.""After all, he's here to help. When he arrives, as the Special Investigation Team leader, you should at least meet him. Be polite."" "

""I know,"" Zhao Yu said, staring at the whiteboard.""Help me entertain them!"" I want to think about it ... I feel like I've missed something. "" "

""Alright then!"" Miao Ying shrugged helplessly and left the office. "

Sigh ...

"Zhao Yu sighed. In fact, from the hexagram that he had received this morning, he already knew that the expedition team should have no problems. "

"That was because he had gotten a ""Zhen Li"" hexagram today. He didn't even get a ""Gen"" hexagram, which meant that it would be difficult to make any substantial progress in today's investigation. "

“While the police officers were asking the expedition team about the situation, he had also carefully observed from a distance and found no problems.”

All the members of the expedition team behaved normally.

“After excluding the expedition team, they could only place their hopes on Ran Tao and Wu Xiumin. If they could find out the relationship between the two deceased victims, they might be able to find out the identity of the other two corpses, then understand their past and find the murderer.”

“However, BA hongxue and Wang pengyi were dead after all. It would not be easy to investigate them in detail. Therefore, there should not be any new information for a while.”

“Zhao Yu pondered in the office for a long time, then finally decided to go to the forensics department to see if Zhang Peipei had any new discoveries.”

“He thought that even if the DNA of the last two bodies could not be compared, at least they could find some clues from the remains.”

“A few minutes later, Zhao Yu arrived at the forensics department and saw that Zhang Peipei was still working hard.”

““How is it? any new developments?”” Zhao Yu got straight to the point. As a Special Investigation Team leader, what other purpose could he have in coming to the forensics department?”

““According to the identification,”” Zhang Peipei said,””the possibility that the four deceased were buried alive is very high!”” ”

““Look ...”” She led Zhao Yu to the photo wall, pointed to one of the photos, and said,””the victim’s teeth are the color of marble, which is a typical case of suffocation.”

““Also, the outside of the root of the teeth has a rose color. This is also a typical feature of mechanical suffocation.”

“Zhang Peipei then pointed to another photo and said,””in addition, we have checked the position of the rope and the bones, and found that the deceased was folded and tied backward. This posture means that the hands and feet of the deceased were tied together, so that the deceased would not stand upright, and it would be easier to bury him alive!”” ”

““Also, although the bones have already turned into white bones, we still detected clay mixed with saliva from the respiratory tract of the deceased.”

““In addition, we didn’t detect any other fatal injuries or poisoning factors. Therefore, the probability of the four deceased dying from being buried alive can be more than 95%.”” ”

““Yeah ... I think so too.”” From the very beginning, Zhao Yu had already guessed the cause of death. He looked at the photos carefully and asked,””so ... Did you find anything new on the bones?”” ”

““We found traces of old wounds that have healed on the bones of all four corpses,”” Zhang Peipei said.””These old wounds were mostly found on their ribs and upper arms. The nose of corpse number three had signs of fracture healing, and no incisor was found on corpse number four.”

“““Moreover, some of their injuries are stacked. This means that they have been injured many times.”” ”

“““Oh?”” Zhao Yu raised his eyebrows and muttered,““this shows that these people are not easy to deal with! A normal person would not have so many injuries.”” ”

“““Yes,”” Zhang Peipei said seriously.““Professional or professional athletes.”” ”

“““An athlete?”” This answer was obviously beyond Zhao Yu’s expectations. He widened his eyes and asked,““I would have said that he was a professional thug!”” ”

“““A professional fighter? A gangster?”” This time, it was Zhang Peipei’s turn to be surprised. ”

“““It could also be a professional gambler, or a cheater,”” Zhao Yu said.““The chances of such people getting a fracture are much higher than athletes.”” ”

“““Hmm ... You know a lot!”” Zhang Peipei had nothing to say. ”

“Zhao Yu thought to himself,““I did this before I transmigrated, so how could I not know?”” ”

“““Dr. Zhang,”” Zhao Yu said.““Then, can you give me a report on their old injuries? I’ll analyze it.”” ”

“““Alright,”” he said. ”

“““Then ...”” Zhao Yu looked at the other photos and asked,““what about the deceased’s belongings? Do you have anything to prove his identity?”” ”

“““So far, nothing has been found,”” Zhang Peipei said.““No wallet, watch, cell phone, or other valuables were found. I guess the murderer took them.”” ”

“““The condition of the clothes is not very good either. The deceased has been buried in moist and acidic soil for a long time. Other than the leather belt and rubber products, the other clothes are seriously corroded.”” ”

“““Belts and shoes ...”” Zhao Yu thought for a moment, then said,““send me the photos of all the items!”” ”

“““It’s all here!”” Zhang Peipei took a folder.““I was just about to get someone to send it to you!”” ”

“““No. 1, BA hongxue, is at the top.”” Zhao Yu took the folder and walked to the white board.““Next, number two, Wang pengyi ...”” He said. ”

“““And number 3 and number 4 unknown ...”” Zhao Yu pondered for a moment, then asked,““you just said that number 3’s nose bridge was broken, and number 4 doesn’t have any front teeth, right?”” ”

“““Yes,”” Zhang Peipei nodded and added,““I’m working on a detailed report on No. 3 and No. 4. I’ll send it to you as soon as I’m done!”” ”

“““Okay, send it to Ran Tao and Wu Xiumin at the same time. They are visiting and investigating, and any characteristics of the deceased may be helpful in finding her identity!”” ”

“““Yes, I’ll be done in a minute!”” Zhang Peipei nodded in agreement. ”

Chapter 1736: not very close?

“Two days later, in the Qinshan Special Investigation Group office, Zhao Yu was having a video call with Ran Tao and Wu Xiumin, who were in mengxiang. ”

“““We’re in trouble, boss,”” Ran Tao said as he held a pile of documents in front of the camera.””BA hongxue used to be a hooligan, but he used to follow many bosses. ”

“““This person is very good at gambling. In order to avoid his debts, he has lived in several cities. It’s like he’s playing hide-and-seek, so it’s hard to find him!”” ”

“““Wang pengyi’s situation is similar,”” Wu Xiumin said in the video.””According to his brother, Wang pengyi was also a fierce young man.”” ”

“““Although he gradually settled down when he was old, he still had a bad temper. He got into conflicts with others every two or three days and offended countless people. If you want to investigate who he has a grudge against, you’ll ...”” ”

“““They’re all just punks ...”” Zhao Yu had a bad feeling in his heart. A hooligan like this had offended countless people, which undoubtedly increased the difficulty of solving the case. ”

“““Then ...”” He thought for a moment and asked the two,””have you found the contact point of these two people? Do the two of them know each other?”” ”

“““Well ...”” Ran Tao answered first.””I asked a few of BA hongxue’s friends, but they have never seen Wang pengyi before.”” ”

“““I’ve also asked Wang pengyi’s brothers and friends,”” Wu Xiumin replied.””They have never heard of BA hongxue either.”” ”

“““I’ve checked BA hongxue’s call history,”” Ran Tao added.””Wang pengyi’s phone number was not in it. I’m at the local police station now, looking into his call records to see if there are any missing people who fit the description, to see if I can find the other two victims. ”” ”

“““Wang pengyi is a conservative person. He didn’t open his QQ or WeChat. My only entry point is to visit and investigate, as well as to check his call history.”” ”

“““Boss, we need time!”” Ran Tao said,””BA hongxue was an old Bachelor. Her parents were no longer alive, and she had an older sister who she never kept in touch with. ”

“““If I want to understand his past, I can only look for his Young and Dangerous brothers one by one. I need time!”” ”

“““It’s the same for me,”” Wu Xiumin said.””Wang pengyi was in the fodder business in his early years. He traveled all over the country and had contact with a wide range of people. It was very difficult to investigate.”” ”

“Phew ...” Zhao Yu ran his fingers through his hair and said helplessly, “then, you should investigate carefully. Start with their intersection points and see if they had any interactions at the same time or in the same city. Only by finding out their relationship can the case continue!”

“I understand ...”

“Understood!”

“After the two responded, the video call ended and Zhao Yu turned off his phone.”

AI!

“Zhao Yu sighed, as the old saying went, “You can’t eat hot tofu in haste.”

“The more eager he was to end the case and investigate “memoir of a murder” in Yaoming, the more difficult the case became.”

“The identities of the two victims were complicated, and they had many enemies. It would take a long time to find the other two victims and the murderer.”

Zhao Yu couldn’t hide his anxiety.

“Although the portrait experts were working hard to restore the portraits of the two deceased, Zhao Yu was not very optimistic about it.”

“Since the DNA of the two deceased did not appear in the missing people database, it undoubtedly meant that no one had reported the case to them. No one had reported the case, which meant that no one cared about them.”

“Since no one cared about them, even if they restored the portrait and put up a notice to identify the body, there might not be a response.”

“Moreover, this kind of 3D restored profile picture would have a certain deviation from the original person no matter what. If they were compared to the ID photos one by one, there was a high possibility of errors, making the comparison invalid.”

“Therefore, in order to uncover the identity of the other two victims, he could only work on the current victims. Since they both died in the same well, there must be a very important connection.”

“It must be ... A deep hatred!” Then, Miao Ying looked at the whiteboard and said, “although BA hongxue and Wang pengyi have many enemies, only a deep hatred would lead to such revenge!”

“Team leader,” Zeng ke said, “you know more about the underworld’s grudges. Is it possible that the water well case is like in the movies, where they stole someone else’s goods and offended some Big Shot, so they were killed?”

“That’s why they’re using the method of burying him alive?”

“I’ve thought about this possibility before,” Zhao Yu said. “But, the four people were buried in the well in batches, which doesn’t seem to match the murderer.”

“““If it was to silence them, they should have chosen a more conservative method and not buried it in such an obvious well. They shouldn’t have just covered the well with a stone ...”” ”

“““Oh ...”” Zeng ke nodded.”“If that’s the case, the possibility of revenge is higher!”” ”

“““Yes,”” Zhao Yu pointed to the whiteboard and said seriously,”“the murderer took three years to kill four victims. It feels like the murderer doesn’t know much about the victims!”” ”

“““The murderer also found the victims after a long time of searching, then killed them!”” ”

“““This ...”” Zeng ke pondered seriously. ”

“Miao Ying repeated curiously,”“The murderer and the victim are not familiar with each other? Then why ... Did he still kill them? There’s such a huge grudge?”” ”

“““Look,”” Zhao Yu analyzed,”“do you remember the White bones case, when the killer Liang Weiyi took his revenge? He had only used a few months to kill the other three assassins! ”

“““If the water well case was like this, then it shouldn’t have been so long after that!”” Zhao Yu said,”“if the murderer wanted revenge, why didn’t he kill one person and then go to the next one? ”

“““What is he waiting for? ”

“““Didn’t he know that the longer the time dragged on, the greater the danger of the case?”” ”

“““But, isn’t this a little contradictory?”” Miao Ying asked,”“if they’re not close, how could they have such a big grudge?”” ”

“““No, your words are contradictory!”” Zhao Yu said bluntly,”“do you still remember the bank hidden corpse case? Was the murderer, Qiu Xinyang, familiar with the victims?”” ”

“““This ...”” Miao Ying was speechless. ”

“““Let’s assume,”” Zhao Yu drew a circle in the middle of the whiteboard, pointed to it, and said,”“that there was a major incident where four victims, intentionally or unintentionally, offended the murderer, which led to the murderer taking revenge! ”

“““But, because the four of them were hooligans that were hard to find, the murderer spent a lot of effort to find them. When they found one, they killed the other and buried them alive in the well!”” ”

“““Oh ... That seems to make sense,”” Zeng ke analyzed.”“So, there’s no order to killing.”” ”

“““If my inference is correct, it means that the four victims have little to do with each other, and it would be difficult for Ran Tao to find out the identity of the other two through the relationship between the victims! ”

“““Because ...”” Zhao Yu said.”“If they were very familiar with each other, the murderer could have easily found one of them and extorted a confession from him. Just like Liang Yiwen from the White bones case, he could have quickly gotten hold of everyone’s information!”” ”

“““If your inference is correct,”” Miao Ying said,”“then Ran Tao and Wu Xiumin’s investigation would be meaningless!”” ”

““It’s meaningful!”” Zhao Yu pointed at the circle again.”“We have to know how the victims offended the murderer!”” ”

““If we can find out what the murderer’s hatred is, this case can be easily solved!”” ”

Chapter 1737: stopping

“That night, Zhao Yu stayed in the office alone, facing the whiteboard as he thought about the case. ”

“In the past two days, the ““Gen”” hexagram, which represented the progress of the case, had not been opened yet. This meant that Zhao Yu’s current investigation had not made any substantial progress. ”

“Hence, Zhao Yu was thinking hard, could there have been a mistake in his investigation? ”

“Was he going in the wrong direction, or did he think too simply of the case? ”

“To be honest, because he had solved the five major unsolved cases, from the very beginning, Zhao Yu really didn’t take the water well case seriously. ”

He believed that his past experience was enough to solve the case.

“However, he had no choice but to re-examine the case. ”

“Although he had come up with a new idea during the day, he believed that as long as he could find out the reason why the four victims had offended the murderer and understand the murderer’s hatred, the case would be solved. ”

“However, it was not easy to investigate the motive for the murder. ”

“Just like in the bank hidden corpse case, even the victim didn’t know when he had offended the murderer, let alone others. ”

“Therefore, in order to understand the murderer’s motive, it was sometimes difficult to understand it from a one-sided perspective. This required a large amount of information and all the information about the victim. ”

“However, BA hongxue and Wang pengyi were already dead. They did not have many friends and family, and they had offended many people before they died. It was difficult to find out who had been trying to kill them for revenge. ”

“If it had been a new case, Zhao Yu might have had a lot of ways to deal with it. However, the most recent victim had been dead for more than three years, and a lot of evidence had disappeared. ”

What to do?

What to do?

“Looking at the white board and the photos of the four corpses, Zhao Yu felt helpless. ”

He had not experienced this feeling for a long time.

“Although many of the cases seemed bizarre, they had never really stumped him. However, this seemingly ordinary water well case had stopped him in his tracks.”

What ... Was the reason?

“Zhao Yu turned to look at the picture of the well, then shifted his attention back to the well.”

“So far, he still didn’t understand why the murderer would choose this well in the deep mountains and forests.”

“Although he knew that the well was the key to solving the case, he could not figure out what mystery it contained.”

“Now that the well had been demolished, there was nothing to be found except for the fingerprints and handprints on the bricks and cement.”

Buzz Buzz ... Buzz Buzz ...

“Suddenly, Zhao Yu’s phone rang. It was Miao Ying.”

“Miao Ying informed Zhao Yu that the experts had already created the portraits of the remaining two corpses, and he could go over to take a look.”

“So, Zhao Yu left the office and went to the missing persons Department, where he saw the two 3D portraits that had been completed.”

“The two victims looked rather ordinary, the kind of common faces that would be forgotten in a crowd.”

“However, due to the experts’ consideration of their ages, the two of them looked slightly older.”

““Zhao,” Zhang Jingfeng said to Zhao Yu, “I’ll get the portrait comparison chart and compare it with the database. Although the reconstructed portrait may be different, we still have to give it a try.””

““Mm ... Go do it!”” Zhao Yu nodded, then said to Zhang Yaohui, who was waiting on the side, “Captain Zhang, I don’t want to send out the portrait yet to do a large-scale corpse recognition.”

““I’m worried that if the murderer sees this, he’ll be alerted!””

““Right, I think so too!”” Zhang Jingfeng said positively, “let’s see what the results are from the comparison!”

““A large-scale corpse recognition is not a good idea. We’ll only use it when we have no choice.””

““Alright, I understand.”” Zhang Yaohui nodded in agreement.”

““Also,”” Zhao Yu added, “although the probability is very small, there must be someone guarding the well. If you find any suspicious people near the well, capture them and interrogate them!””

““Don’t worry,”” Zhang Yaohui said. ““These days, the staff at the zhangze Police department’s United Forest Farm have been watching the crime scene! I’ll also send a team over tomorrow ...””

“After leaving the missing persons Department, it was already eleven o’ clock at night, but Zhao Yu and Miao Ying continued to study the case together. They studied it all the way until ten o’ clock at night, then returned to the hotel to rest. ”

“Although Zhao Yu had already corrected his attitude and started to take the case seriously, he didn’t expect that this was only the beginning. ”

“In the blink of an eye, a week had passed, but there was still no progress in the water well case. ”

“During the week, Ran Tao and Wu Xiumin sent back more detailed information about the two deceased victims. However, due to the long history of the two victims, it would take more time to restore the life trajectory of the deceased. ”

“In addition, the portrait was also in a quagmire. Due to the errors in the restored portrait technology, the computer actually found more than 20000 suspected targets through the database comparison. ”

“After the age factor was taken into account, the police still had more than 7000 candidates. Because the family members of the deceased did not report the case, the police did not know the missing status of the suspected targets. They could only investigate the 7000 targets one by one. ”

“As such, the amount of time they had wasted was unimaginable. ”

“In addition, the experts did not make any progress on the genetic map. Through the DNA identification of the two deceased victims, they found that the two deceased’s DNA sequences did not appear in the current samples. They could not even determine the general area where they were located. ”

“Thus, this clue could only end in failure. ”

“During the seven days, Zhao Yu didn’t stay idle either. He looked at the autopsy report and the deceased’s belongings more than ten times, trying to find some clues. ”

“However, there were no unique features on the bones of the deceased. Other than the broken nose of number three and the missing front teeth of number four, there were no other obvious characteristics. ”

The relics of the deceased were also common items and had no investigative value.

“Zhao Yu even sent some people to collect information about the local legends, to see if there was any mention of a well in the local customs. ”

“However, the police officers walked around the nearby villages but did not hear a single story about the well. ”

“To make things worse, in the seven days, Zhao Yu’s hexagram was extremely unsuccessful. Only on the fourth day did he get a “Gen” hexagram. ”

“However, at the end of the day, Zhao Yu realized that the “Gen” hexagram did not represent the water well case, but the “memoir of a murder” case that he had been paying attention to. ”

“He had received officer Wang’s report that day, saying that the Yaoming police had finally verified another murder case, which was exactly the same as described in memoir of a murder. ”

“However, at this point, Zhao Yu was no longer in the mood to pay attention to the memoir of the murder. He had already calmed down and focused all his energy on the well case. ”

He believed that the reason why the water well case had stopped moving forward must be related to his command. There must be some way to speed up the progress.

It must be that I’m not working hard enough and have overlooked something ...

“For this reason, he did not return to his hometown once in the past seven days, nor did he meet any old friends. Even though Blondie Zhou Yang and the others called him every day to ask him out for a drink, he did not respond even once. ”

“He locked himself in his office every day, faced the case, and pondered hard. He analyzed the case seriously, and entered the long-lost state of madness. ”

“For example, it was already twoo’ clock in the morning, but he was still standing in front of the whiteboard, studying something. ”

“Maybe it was due to occupational sensitivity, or maybe it was due to his experience, but after studying all the details, Zhao Yu had a feeling that the thing that he had neglected was about to appear. ”

Chapter 1738: Zhao Yu carries his wife

“““Don’t be too anxious.”” Miao Ying was still with Zhao Yu in the office at twoo’ clock in the morning. She saw Zhao Yu’s worried face and tried to persuade him.””Ran Tao and Wu Xiumin are holding the 3D portraits of the two people for BA hongxue and Wang pengyi’s friends to identify them. ”

“““Perhaps there will be news soon. ”

“““This kind of thing can’t be rushed,”” ”

“Seeing that Zhao Yu was still staring at the whiteboard, not saying a word, miss Miao came behind Zhao Yu and gently pressed on Zhao Yu’s shoulders with both hands. She put her face close to Zhao Yu’s ear and advised him again, ”

“““Alright, Mr. Crazy detective, don’t forget your ear. You’re the Black Cat police officer, you don’t want to have one ear, do you?”” ”

“““Don’t worry ...”” Zhao Yu gently patted the Beauty’s hand and said with a firm look in his eyes,””I’m not in a hurry at all. I just feel like I’ve missed something!”” ”

“““Is that so? These words sound familiar!”” Miao Ying simply put her arms around Zhao Yu’s neck from behind and said gently,””in the past, no matter what case I solved, I always heard you say this! ”

“““What did you miss this time?”” ”

“““If I knew,”” feeling the warmth on his neck, Zhao Yu smiled,””I would have run to Yaoming to check the memoir of the murders!”” You don’t have to go back to sleep in the middle of the night. “” ”

“““Speaking of which ...”” Miao Ying said as she put her arms around Zhao Yu’s neck and looked at the well in the photo.””The weirdest part of the whole case is none other than this well! ”

“““If we can find out the origin of the well, we might be able to solve the mystery.”” ”

“““But ...”” Zhao Yu frowned.””We’ve asked all the nearby villages, but we didn’t hear any legends or customs about the well.”” ”

“““Um ... Do you think ...”” Miss Miao pondered seriously and made a guess,””could it be ... That this is some kind of custom in mengxiang?”” ”

“““I’ve also asked,”” Zhao Yu said.””There’s basically no custom about Wells. He had only heard that in Outer Mongolia, because of the cold and poverty, some poor people would choose to live below the well! ”

“““But that kind of well is different from the well here. It’s more like the city’s sewer, so it shouldn’t be related to our case.”” ”

“““That’s true ...”” Miao Ying pondered.””If the well is related to the customs of mengxiang, then they should just bury the people in mengxiang. Why not transport them to camel mountain, which is hundreds of kilometers away?”” she asked. ”

“““MeowMeow ...”” Zhao Yu caressed Miao Ying’s hand and said,””I might have an answer!”” ”

“““What answer?”” Out of curiosity, Miao Ying put her fair and delicate face next to Zhao Yu’s ear, looking especially intimate. ”

“““I think that there’s only one reason why the murderer buried the bodies in camel mountain, which was hundreds of kilometers away,”” Zhao Yu said.””Back then, when these four people offended the murderer, it happened in camel mountain! ”

“““It even happened at the place where the well is!”” ”

“““Oh? ““What you said makes sense ...”” Miao Ying thought about it, and her eyes suddenly lit up. Why did this kind of plot feel a little familiar? ”

“““It seems ...”” Miss Miao frowned.””It used to be more common in movies and TV dramas, right?”” ”

“““What?”” Zhao Yu didn’t understand and asked,””what’s more common?”” ”

“““The plot!”” Miao Ying said,””think about it. We’re all men, and it happened in the deep mountains and forests where no one has ever been. What kind of crime could it be?”” ”

“““You ... You’re saying ...”” Zhao Yu still didn’t understand. ”

“““I think it’s because of the uneven distribution of the loot!”” Miao Ying said,””for example, there was a group of robbers who robbed property, and because the loot was not evenly divided, there was a fire in the forest! ”

“““BA hongxue and the other three killed their accomplices and took their belongings. Then, someone survived and came out to take revenge, which led to the well murder ... ”

“““They buried the man in the well to pay tribute to the murderer’s brother.”” ”

“““Hmm...This plot is really old-fashioned! Zhao Yu pouted and shook his head.”““But ... What kind of robbery would take place deep in the mountains? ”

“““Besides, if BA hongxue and Wang pengyi got the valuables, why would they be in such a miserable state?”” ”

“““Cough, I was just making an analogy!”” Miao Ying said,““maybe it’s because of some other conflict ...”” ”

“““For example ... Hmm ...”” Miao Ying thought about it carefully and murmured,““the murderer and his girlfriend went hiking in the forest, and they met the four men. The four men were tempted, and they raped or killed the murderer’s girlfriend. ”

“““Then, the murderer sought them out for revenge. Because he didn’t know the identity of those four people, he searched for so many years? ”

Perhaps ... There are other similar reasons ...

“““In short, the crime must have happened in camel mountain, and it was related to the well ... ”

“““Eh? ““Zhao Yu ...”” Miao Ying suddenly shouted excitedly.”“If this guess is correct, then the murderer should have reported the case back then, right? ”

“““Does it mean that ... As long as we investigate all the cases related to camel mountain, we can find the suspect? ”

“““Regarding the tuo Shan case, it will only appear in two places. One is the Luolong County Police station, and the other is the zhangze City Police station! ”

“““Should I ...”” Miao Ying clenched her fists in excitement.”“Should I contact them now?”” ”

“““It doesn’t seem right ...”” Zhao Yu shook his head and said.”“If the four victims had a close relationship, the murderer shouldn’t have killed them after such a long time, right? ”

“““I still feel that the relationship between the four deceased doesn’t seem to be close ...”” ”

“““No! Do you still remember Qiu Xinyang?”” Miao Ying said,““before Qiu Xinyang killed the victims, he would have done a lot of work. Didn’t he do it a few years later? ”

“““Look ...”” Miao Ying pointed to the photos of the dead on the whiteboard.”“Although these four people are old, they are all burly. If the murderer didn’t make proper preparations, how could he have subdued them so easily without leaving any traces?”” ”

“““And he’s going to transport people from hundreds of kilometers away to camel mountain! The risk is huge, so it’s only natural that we’ll have to spend a lot of time to make full preparations. ““ ”

“““Mm ...”” Zhao Yu wanted to say something but was quickly interrupted by an excited Miao Ying. ”

“““No matter what, we have to try ...”” Miao Ying said.”“Tomorrow morning, I’ll contact the zhangze police station! He asked them to count all the suspicious cases that happened in camel mountain ... ”

“““Also, I’ll inform Ran Tao and Wu Xiumin to investigate whether the two deceased had been to camel mountain before they died!”” ”

“““Hmm ... Alright!”” At first, Zhao Yu wanted to say something, but seeing Miao Ying’s high morale, he didn’t say anything to dispel her enthusiasm. ”

“This was because, although he felt that this new idea was good, the hexagram that he had just opened was an extremely ordinary ““Nie Li”” hexagram. ”

“It was already a new day, so Zhao Yu opened a new hexagram. However, there was still no ““Gen”” hexagram in the hexagram text, which made him even more cautious. ”

“However, Miao Ying’s idea was in line with the case, so Zhao Yu still hoped that there would be a breakthrough in the investigation tomorrow. ”

“““Alright, I’m done!”” Zhao Yu stood up and carried Miao Ying on his back.””Let’s go back to the hotel!”” Pigsy is piggybacking his wife!”” ”

“As he spoke, he deliberately shook his body, so that Miao Ying would hold his neck tightly. ”

“““Hey, hey, hey ...”” Miao Ying did not panic, but warned Zhao Yu seriously,””let me give you a hint, if you want to carry me, it’s risky ...”” ”

“Then, Miao Ying also started to shake her body, which made Zhao Yu flustered. He swayed from side to side and almost hit his head on the cabinet. ”

“In the next second, Miao Ying went even further and directly pinched Zhao Yu’s face, almost twisting it into a fried dough twist ... ”

“““Wuwuwu ...”” ”

“Zhao Yu’s screams changed, and he quickly let go of Miao Ying’s wrist. ”

“In the end, the agile Miao Ying suddenly turned her slender body around and sat on Zhao Yu’s neck, then fell back. ”

“““Hey, hey, hey ...”” Zhao Yu was afraid of Miao Ying falling, so he quickly got into a horse stance to stabilize himself. ”

“In the end, he still couldn’t stabilize his horse stance. Miss Miao fell on the office table, while Zhao Yu suddenly lay on top of her. The scene was very ambiguous ... ”

The things that happened after that were not suitable for children ...

Chapter 1739: What did I miss?

“Although they had used up a lot of energy in the office the night before, Zhao Yu and Miao Ying still returned to the office early the next morning to start the new day’s investigation work. ”

“At first, Miao Ying was very confident in her own speculation, but at noon, when the zhangze City Police station sent the report over, she was still disappointed. ”

“”Why?”” Miao Ying looked at the information and asked,””I wanted the report about tuo Shan, but they gave me a bunch of search and rescue Records? What kind of joke is this?”” ”

“”Yes, it’s like this, sister Miao.”” Zeng ke quickly explained,””although Luolong County is called a County, it is only a small mountain village. The local police station only deals with some civil disputes, and there are basically no formal cases, let alone cases related to tuo mountain. ”

“”After the forest protection station was set up, everything related to camel mountain was handed over to the forest protection station. ”

“”So, they found the records of the search and rescue at the forest protection station. In the past, there were often some lost backpackers who needed the search team to go into the mountains. ”

“”However, most of the backpackers were rescued. There were no major casualties. Because of this, the forest protection station has been rated as an advanced unit many times!”” ”

“”It’s actually like this!”” Miao Ying threw the documents on the table in disappointment and asked Zeng ke,””when was the forest protection station established? What about before that?”” ”

“”The forest protection station was built in 2010,”” Zeng ke replied.””Before that, it was managed by the Xixia province Forestry Bureau. However, such a large primeval forest could not be managed by the forestry Bureau, so there was no information related to the case.”” ”

“”Ai!”” Miao Ying sighed in disappointment, feeling a headache coming on. ”

“However, Zhao Yu had already expected this result. He picked up the forest protection station’s search and rescue information and read it a few times, then said to Zeng ke,”” ”

“”Little Zeng, inform the zhangze police station to send more people to visit the villages and towns near tuo mountain. Ask the local residents if there were any major incidents in the past! ”

“”For example, murder and arson ... ”

“”Since it’s a small mountain village, the local people should be more sensitive to such a big event.”” ”

“”Oh!”” “”You mean, the well case is related to a major event?”” Zeng ke asked. Then ... What about the time?”” ”

“”What kind of time is this?”” Zhao Yu said,””the earliest victim died five years ago, so any major incident that happened before that could be related to the murderer’s motive!”” ”

“”Oh ... Oh ... ”” Zeng ke nodded.””I’ll hurry up and check ... ”” ”

“As he spoke, Zeng ke wanted to take the search and rescue record away, but Zhao Yu pressed his palm down and said,””””Don’t move, I’ll take a closer look first!”” ”

“After saying that, he opened the search and rescue information again and read it seriously. ”

“The information was first sent in an electronic file by the forest protection station and then printed out. Although it was all the search and rescue Records of the forest protection station, there was a very detailed record of each search and rescue, even photos of the rescued. ”

Hmm ...

“Looking at the photos of the people being rescued, Zhao Yu suddenly thought of something. ”

“Miao Ying saw that Zhao Yu was in a daze, so she quickly came over to look at the information with him. ”

“”Mm ... What if ... Mm ...”” Zhao Yu looked through the information carefully, then pointed to the information of those who were rescued and murmured,“”do you think ... The deceased in the water well case ... Mm ... Mm ...”” ”

“”You mean ...”” Miao Ying’s eyes lit up, as she suddenly understood what Zhao Yu meant.“”The well case’s deceased or murderer might appear in this record? ”

“”They were once rescued because they got lost?”” ”

“”I can only say ... That’s a possibility, right?”” ”

“Thinking of this possibility, the two of them immediately calmed down and began to read the information page by page. ”

“After searching for a full hour, the two of them didn’t even have time to eat lunch. After looking through all the information of the rescued, they shook their heads in regret. ”

“”No...”” Miao Ying said disappointedly.“”We might have taken the wrong path! Maybe there’s some other reason for the water well case ...”” ”

“”But ...”” Zhao Yu pointed at the information and said,“”even if there are no victims, it doesn’t mean that there is no murderer. So ...”” ”

“”Oh!”” Miao Ying nodded.“”We have to check everyone’s identity!”” ”

“”Yes,”” Zhao Yu said, nodding.“”Once we find a suspicious person, we will get his fingerprints and compare them with the fingerprints on the well bricks!”” ”

“”Alright!”” Miao Ying took the documents.“”Then leave this to me!”” ”

“Then, Miao Ying took the information and went to check their identities one by one. ”

Hmm ...

“Zhao Yu frowned, his mind focused on one thing. He didn’t know why, but when he was looking at the information just now, he felt like there was a clue somewhere ... ”

But ... What kind of clues were there?

“Actually, last night, when Miao Ying had mentioned that everything was related to the strange well, Zhao Yu had already thought of something. ”

“And what he thought of was exactly what he had said before, the detail that he had overlooked.”

“However, because he later turned his attention to the report, he no longer thought deeply about it.”

“Now, combined with the search and rescue record, he seemed to recall it again.”

A strange well ...

Four corpses that were buried alive ...

Deep in the mountains and old forests where few people tread ...

What exactly was that detail that had been overlooked?

Wait ...

“Suddenly, Zhao Yu gathered his thoughts and finally grasped the idea.”

Could ... Could it be ... The key to the water well case ... Was not in the most eye-catching place? It was ...
It was ...

“Thinking of this, Zhao Yu ran to Miao Ying’s desk and snatched the search and rescue record back like a robber.”

““Hey, what’s wrong with you again?”” Miao Ying was confused and quickly stood up. ”

“However, Zhao Yu didn’t say anything, but quickly opened the search and rescue Records and fixed his eyes on a certain photo.”

That photo was taken after the rescue team found the lost person in the forest. The photo showed the panicked expression of the lost person and the joy of the rescue team after completing the mission.

““It can’t be?”” Miao Ying guessed,““you don’t think that this case is related to the rescue team, do you?”” ”

““No!”” Zhao Yu flipped to another similar photo, then pointed at the photo and said,““look, the trees in this primitive forest ... Why are they so tall? They’re all towering trees!”” ”

““You ...”” Miao Ying didn’t understand what Zhao Yu meant. ”

““I say ...”” Zhao Yu recalled,““why did I feel like something was wrong when we went to the crime scene?” ”

““So the problem ... Is with these trees!”” ”

““A tree?”” Miao Ying raised her eyebrows.““There’s something wrong with the tree. It’s not a human?”” ”

““Right!”” Zhao Yu pointed at the photo and said,““these trees are too tall. I just realized that the strange thing about the well case is not only about the well, but also the place where the well is located!”” ”

““Where the well is?”” Miao Ying asked seriously,““Zhao Yu, can you be more specific?”” ”

“Zhao Yu pointed to his forehead and said,“I called officer Wang from the hillside near the well. The sun was shining on me at that time, which means the trees there were not lush.”” ”

““But, when we got off the plane and went to the well, we were surrounded by towering trees on both sides. We couldn’t see the sun at all! ”

““Now, do you understand?”” ”

Chapter 1740: Whimsical

““You mean ...”” Miao Ying pondered Zhao Yu’s words seriously.““The trees in other parts of the forest are particularly tall, but the trees on the hillside where the well is located are not tall and lush?”” ”

““Right!”” Zhao Yu nodded. ”

““In other words, it’s the hill where the well is located that has a problem, and not the well itself?”” Miao Ying asked again. ”

““Right!”” Zhao Yu said seriously,““of course, there should be a problem with the well itself.”” ”

““Then, tell me,”” Miao Ying said.““What’s the problem with the hillside? Just because the trees there were not tall and lush? ”

““You think we should test that Hill?”” ”

““Team leader ...”” Zeng ke interrupted,““it’s impossible for the trees in the forest to be the same!”” The hillside is divided into the yin side and the Yang side, and the composition of the soil and the types of trees are different. All of these will cause the trees to be uneven, but there doesn’t seem to be a problem, right?”” ”

““But, don’t you think that the hill where the well is located is too far from it?”” Zhao Yu said,““the trees in other places are more than twenty meters tall! ”

““But there’s a small tree that’s only a dozen meters tall on the hill? ”

““That’s right, that tree’s thickness is also different! The trees in other places can’t be hugged by a single person, but the ones on the hillside are especially thin!”” ”

““Humans are born, old, sick, and die. Tall, short, fat, thin, trees are the same!”” Miao Ying said,““if there’s an old tree, there must be a new one! Especially in a primeval forest, it’s normal!”” ”

““No!”” Zhao Yu said,““I remember everything now. That Hill was on the sun side, but there were no big trees there. They were all small trees! ”

““I don’t think this is a normal phenomenon. There must be something wrong with that Hill!”” ”

““Alright then ... What do you think will be the problem?”” Miao Ying retorted,““could it be that because of the logging, the old trees on the hillside were all cut down, and a new wave of trees were planted? ”

""What does this have to do with our case?"" "

""No,"" Zhao Yu said firmly.""The hillside where the accident happened was deep in camel mountain. There was no road at all. Why would they leave the trees outside and cut the trees inside instead?"" "

""Well, maybe ..."" Zeng ke scratched his head and said, ""there used to be precious trees on that hillside, so they were cut down?"" What is this?"" "

""I don't know."" Zhao Yu shrugged.""You can go and ask."" "

""Okay, okay ..."" Zeng ke nodded in a hurry.""I'll go and ask!"" "

""Not only about the hillside, but also the photos of the scene,"" Zhao Yu said.""It would be best if they were taken with a drone! Since we can't find any clues from the microscopic view, let's look at it from the macroscopic view!"" "

""Okay,"" Zeng ke said as he ran back to his desk.""I'll contact them now!"" "

""MeowMeow,"" Zhao Yu turned around and put his hand on Miao Ying's shoulder, then asked seriously, ""do you still remember the Golden Buddha case? What were the names of those old experts from the cultural relics Bureau? Is there a Tian ... Tian ..."" "

""Tian Dongmin!"" Miao Ying grinned.""Zhao Yu, what are you trying to do now? Why are you suddenly asking about the Golden Buddha case? You ... You don't think that there's ..."" "

""Not even grass can grow on the soil of the Qin emperor's tomb!"" Zhao Yu said, ""I feel that the trees on that hillside are growing very orderly, as if someone had deliberately planted them. "

""Tian Dongmin is an expert in this field. Why don't we wait for the aerial photos to come and let him see them!"" "

""I think you're being a little too whimsical!"" Miao Ying shook her head.""How did you connect the well case with the tomb? "

""You can't be thinking that the well isn't a well, but a thievery hole, right? "

""We've already dug all the wells!"" "

""I thought we didn't continue digging!"" Zhao Yu said, ""otherwise, I really can't think of a reason why there would be a well there!"" "

""Zhao Yu, you're really out of your mind,"" Miao Ying said seriously.""Tuo mountain and Qin mountain are so close. You should know that there are no famous historical cities nearby, so how could there be a tomb there?"" "

""Isn't there the Western Xia Royal Mausoleum in the Western Xia province?"" Zhao Yu asked seriously. "

""Please, how did you learn geography?"" Miao Ying shook her head.""The Western Xia Royal Mausoleum is in Mount Helan! It's on the other side of the Western Xia province!"" "

“““That’s right,”” Zhao Yu said, unconvinced.”“The Royal Mausoleum of Xixia is for the Kings. Can’t you let the ministers use this place in camel mountain?”” ”

“““Can you be more serious?”” Miao Ying shook her head and sighed.”“You’re so old, have you ever heard of any tombs being found in tuo mountain?”” ”

“““In the Golden Buddha case, didn’t we find the tomb of the governor of the Ming Dynasty in Yunyang County?”” Zhao Yu insisted. ”

“““Yunyang County ... Oh my God ... You really know how to think ...”” Miss Miao put her hands on her waist.”“Yunyang County and Tuoshan are thousands of miles apart!”” ”

“““Team ... Team leader ...”” As soon as Miao Ying finished speaking, Zeng ke, who was in the distance, suddenly stood up. He was holding a phone in one hand and speaking to Zhao Yu with the other.”“The people at the forest protection station said that they also noticed the low trees on the hillside. ”

“““They said that they suspect that there was a landslide there!”” ”

“““What?”” Zhao Yu’s jaw dropped.”“A landslide?”” ”

“““Yes,”” Zeng ke explained.”“The Rangers said that they had seen similar situations before, and they suspected that it was a landslide! ”

“““They also said that the trees on the hill should be artificially planted. Maybe after the landslide, the forestry Department planted more trees on the hill. That’s why the trees there are shorter than those in other places. “” ”

“““Artificial cultivation ...”” Zhao Yu pointed to the phone in Zeng ke’s hand and said,”“you can ask them how old those trees are.”” ”

“““Yes,”” Zeng ke replied immediately.”“They said that, according to their visual estimation, the trees should be about 30 years old.”” ”

“““Was it planted 30 years ago? “”Tsk tsk ...”” Zhao Yu pouted and sighed, unable to hide his disappointment. ”

“Because the well case happened five years ago, and the trees there were planted thirty years ago, it meant that Zhao Yu’s Hill theory was unlikely to be valid. ”

“There was indeed something wrong with the hill, but it had nothing to do with the case. It was just a coincidence that the murderer had chosen that Hill ... ”

“However, Zhao Yu obviously didn’t give up, and said,”“““Do you think that the landslide revealed the tomb buried below? ”

“““So ... Hmm ...”” ”

“Zhao Yu grabbed his hand, obviously unable to continue. ”

“““Wait ...”” Miao Ying didn’t take the opportunity to attack Zhao Yu. Instead, she suddenly thought of something and asked Zhao Yu,”“Zhao Yu, how deep was the well?”” ”

""5.5 meters."" Zhao Yu answered without thinking. "

""How high is that Hill?"" Miao Ying asked again. "

""Mm ..."" Zhao Yu opened his mouth, but couldn't answer. "

""At least 100 meters?"" Zeng ke answered,""because of the trees, it might be higher than what we estimated."" "

""That's right!"" Miao Ying clapped her hands and said in surprise,""there was a landslide in that place, which means that the mountain is not completely solid rock structure. If that's the case ... If that's the case ..."" "

""My lady ..."" Zhao Yu asked,""what is it?"" "

""To open a well halfway up a mountain where there was a landslide,"" Miao Ying said." "How could there be water in the well? Is there something wrong with the person who built this well?"" "

""Eh?"" Zhao Yu scratched his head and said,""that's true. It seems that well ... Was not used to draw water at all!"" "

""What's the use if we don't get water?"" Zeng ke wondered. Don't tell me it's just to bury people?"" "

""You're right!"" Zhao Yu and Miao Ying said in unison,""that well was probably used to bury people!"" "
