Chapter 1771: being harmed

“The next night, in the Shangri-La Hotel in Xiangjiang. ”

“Zhao Yu had just attended a luxurious banquet that the local police had specially prepared for him. The chief Superintendent, the police chief, and other high-ranking officials were all present, which was a great honor for Zhao Yu. ”

“However, although the standard of the banquet was high, Zhao Yu didn’t feel much about it. He talked and laughed, and bragged as much as he could. The atmosphere of the banquet was just nice, and it didn’t lose any dignity. ”

“After the banquet, Zhao Yu sat in Ding Lan’s bulletproof business car and returned to the police station. ”

“”Sister ...”” While driving, Zhao Yu was slightly drunk. He asked Ding Lan,“”since we’ve already proven that these two cases weren’t targeted at us, why are we still so careful?”” There’s still someone protecting us in the distance, right?”” ”

“”Of course!”” “”You’re a Big Shot now,”” Ding Lan said. Even if we don’t have so many enemies watching us, we can’t be careless in our security work!”” ”

“”Mm ... With my sister here ...”” Zhao Yu took the opportunity to Pat his sister-in-law’s shoulder.””I’m much more at ease!”” ”

“”Brother-in-law, why don’t you go back to the hotel earlier today?”” she asked. “”You’re still going to the police station after drinking?”” Ding Lan asked with concern as she drove. The higher-ups didn’t order you to be in charge of Mia’s murder!”” ”

“”But, didn’t we make it in time?”” Zhao Yu said,“”firstly, I feel like I get along very well with this Thailand expert. Secondly, he died in a foreign land, so we need to find out the truth. Third ...”” ”

“”Third?”” Ding Lan was curious.””What’s the third?”” ”

“”Thirdly ...”” Zhao Yu thought for a moment, then said,“”if Mia’s death is related to the two fake Goman children cases, then it’s not strange!”” ”

“”But, since there’s no relationship, we have to study it carefully ...”” ”

“”What’s wrong?”” “”Don’t tell me you think there’s more to Mia’s death?”” Ding Lan asked. ”

“”It’s more than just strange ...”” Zhao Yu sighed.””The day I met him at the Western restaurant, because we had a good talk, I gave him a few suggestions and asked him to follow my suggestions to find new clues about the Gu mantong case ...”” ”

“”But who knew that he would die at night when I talked to him during the day ... ”

“”Don’t you think ... This is strange?”” ”

“““This ...”” Ding Lan suddenly slowed down the car and said with a complicated expression, ““brother-in-law ... Why do I feel so scared when I hear you talk?”” ”

“““You’ve solved too many cases, don’t tell me you think there’s a problem behind every case? Is there ... Such a coincidence?”” ”

“““Of course, it might not be such a coincidence!”” Zhao Yu said, ““but he’s dead! And he just had to die at this time, where do you think you can find the reason?”” ”

“““What if ... Miya was killed for some other reason?”” Ding Lan retorted, ““is it because of his personal grudges?”” ”

“““Personal grudges? I don’t think so!”” Zhao Yu shook his head. ““I wouldn’t have settled my personal grudges in Xiangjiang! Can’t I kill him at any time? ”

“““And why do we have to do it at the eye of the storm?”” Zhao Yu insisted on his theory, ““let me tell you, if someone dared to kill Mia like this, it must be because they had a big problem that they couldn’t solve and had to kill someone!”” ”

“““Wait a minute ...”” Ding Lan suddenly remembered something and asked, ““I forgot to ask you just now. What advice did you give to Mia?”” ”

“““I ...”” Zhao Yu thought for a moment, ““I told Mia that although the Goman thong murder case had never been heard of again after 2015, that didn’t mean that the case was closed. If we investigate the last few cases that he committed, we might be able to find new clues!”” ”

“Then, Zhao Yu lay down heavily in his seat. ”

“Ding Lan waited for a few seconds, then couldn’t help but turn around and ask, ““““Are you done?”” ”

“““Yeah?”” Zhao Yu shrugged his shoulders. ”

“““What’s going on, brother-in-law ...”” Ding Lan shook her head doubtfully. ““It’s getting more and more ridiculous! ”

“““The last case! ”

“““Do you know how many people have been studying the Gu mantong murder case day and night for so many years? just with your words of investigating the case that was committed at the end, the truth of the case will be revealed?”” ”

“““Mia is a smart person. Sometimes, he just needs me to give him a little hint, and he’ll see through it.”” Zhao Yu felt good about himself. ”

“““That’s ridiculous.”” Ding Lan shook her head. ““What kind of wine did you drink tonight?”” ”

“““No, listen to me ... I’m not making a wild guess ...”” Zhao Yu said with sleepy eyes. ““Think about it. Maybe the whole process was like this. ”

“““The Gu mantong killer has already retired. However, one day, he suddenly heard that there was another Gu mantong murder case in Xiangjiang. How do you think the murderer will react? ”

“““If it were me, I would definitely be very curious and want to see who is copying me. Did he learn it well? Why did you copy me?”

“““Therefore, the murderer found his accomplices or subordinates to come to Xiangjiang to take a look.”

“““But, they are all police. How do they get information?”

“““So, they turned their attention to Dr. Mia ...”

“““Of course they know Mia. After all, she is an expert in the Gu Man Tong case. So, they slowly got close to her and eavesdropped on his every word and action.”

“““In the end, they suddenly realized that after a world-class detective like me reminded them, Mia might have found out the truth about the real Gu mantong killer, so ...”“”

“““Alright, alright, stop it, stop it, brother-in-law ...”“” Ding Lan said uncomfortably.“““You’re giving me goosebumps!”

“It seems that a super detective’s way of thinking is indeed different from normal people’s ... No, it’s too different ...”

“““Fine, fine ...”“” Ding Lan said, gripping the steering wheel tightly.“““No matter what, I’ll use all my resources to help you investigate Mia’s case!”“” Aiya ...”“”

“As she spoke, Ding Lan couldn’t help but shiver again ...”

.....

“Maybe it was because the aftereffects of the good wine were too strong, but Zhao Yu felt a rush of alcohol even before he arrived at the police station in Ding Lan’s car.”

“So, under Ding Lan’s persuasion, he had no choice but to return to the hotel he was staying at.”

“After entering the room, Ding Lan checked the room and poured Zhao Yu a glass of water. They had a brief conversation, then left the room.”

“Zhao Yu then took a shower, then lay down on his bed, ready to sleep.”

“These two days, Miao Ying was still in the trial training, so he couldn’t contact her for the time being, but he still sent her a voice message, briefly explaining his recent situation, and cheering for miss Miao ...”

“Originally, he was already extremely tired and thought that he could fall asleep with his eyes closed.”

“However, after she closed her eyes, she realized that she could not fall asleep.”

“He knew that the reason he couldn’t fall asleep was because he still had an unresolved issue, and that was Mia’s murder.”

“In fact, the debate he had with Ding Lan in the car was not all nonsense. Rather, he did indeed have a piece of evidence that could not be extracted.”

“The invisible detector in his mind had been activated the whole time he had met Mia. Back then, he had discovered that there was a special miniature electronic device, a tapping device, on Mia’s body! ”

“The tapping device was placed in Mia’s tie clip, so it could not be seen from the surface. ”

“However, Zhao Yu didn’t pay much attention to it at the time, because, in addition to the listening device, Mia was also wearing many advanced electronic devices. ”

“So, he thought that the bug was just a work habit of Mia. For example, if he remembered something, he had to record it in the form of a voice recording. ”

“But now, it seemed that the listening device was a little strange! ”

Zhao Yu carefully examined Mia’s body. The listening device had long disappeared.

“Therefore, it was precisely because he knew about the existence of this listening device that Zhao Yu felt that even if Miya’s death had nothing to do with the real Gu mantong killer, there must have been a major reason! ”

Chapter 1772: acquaintance

“When he woke up early in the morning, Zhao Yu habitually wanted to open a hexagram. When he opened the system, he remembered that after the last time, although there were no super big hexagrams like “Qian Kun” or “Kun Qian”, the system still had to freeze the hexagram area for five days. ”

“Therefore, he couldn’t open a hexagram yet. ”

“Actually, what Ding Lan had said last night was right. The murder of Mia was not part of Zhao Yu’s job scope. Without the instructions of the central Criminal Division, he could have left Xiangjiang immediately if he wanted to. ”

“However, Zhao Yu’s attitude was very firm. Ever since he had solved the fake Goman child case, he had put all his attention on Miya’s murder case. ”

“So, after washing up, he had breakfast in the dining room and went straight to the police station. ”

“The team members knew their leader’s temper well. Everyone had arrived earlier than Zhao Yu, so they had already been involved in the investigation of Mia’s murder case. ”

““Boss!”” Seeing Zhao Yu arrive, Ran Tao was the first one to report.”“We found traces of Mia at Xiao Yaqi’s concert, and we saw his car in the parking lot. There was also a ticket inspection passage, and we saw him holding a ticket. That passage was even the front row VIP!”” ”

““This guy is a die-hard fan. We searched Miya’s room,”” cui Lizhu reported.”“We also saw a lot of posters and flyers about Xiao Yaqi. In fact ... Xiao Yaqi has been out of fashion for a long time. Otherwise, her concert would at least be held in honghun!”” ”

“““Oh, really? Ran Tao shook his head.”“But ... More than 10000 fans came that day. That’s not bad, right?”“ ”

“““At least half of them are here to support us!”“ Cui Lizhu replied,““it’s the college students nearby. The tickets are free!”“ ”

“““This is really ...”“ Ran Tao was embarrassed.”“I have nothing to say ...”“ ”

“““Boss,”“ cui Lizhu said.”“All of Mia’s personal belongings in her room have been sent to forensic Zhang for examination!”“ ”

“““Sister Peipei told me to tell you that the murderer who killed Mia wasn’t a professional. He probably strangled her for a long time before he succeeded, but he was very strong,”“ cui Lizhu said, pointing to her neck.”“It’s not like his cervical vertebrae were all dislocated!”“ ”

“““Team leader,”“ Zeng ke continued to report,”“Mia’s laptop is missing, too. According to Mia’s assistant, she took her laptop to the concert that night. ”

“““But from the surveillance cameras in the stadium, we didn’t see Mia bringing a laptop with her.”“ ”

“““Oh ...”“ Zhao Yu nodded.”“So ... It was placed in the car, and then the murderer took it away ...”“ ”

“““It should be!”“ Zeng ke continued,”“however, using Mia’s ID number as a basis, I obtained some of his login accounts, such as Facebook, YouTube, TikTok, and so on ...”“ ”

“““Oh?”“ Zhao Yu’s eyes widened.”“You can crack his password?”“ ”

“““No!”“ ”“Leader, Mia’s death is related to international relations. If we were to steal his private account, we would definitely leave some traces behind, which would be very unfavorable to us!”“ Wu Xiumin reminded him. ”

“““Then ...”“ Zhao Yu raised his eyebrows. ”

“““I’ll contact the Thailand side now. As long as we explain our purpose and reason, I think they’ll agree to it!”“ Wu Xiumin reminded him again,”“team leader, this is not a small matter. Please don’t do anything rash.”“ ”

“““Hmm ... Alright!”“ Zhao Yu weighed the pros and cons and had to compromise.”“Then I’ll leave it to sis Wu!”“ Hurry! Perhaps, the murderer hasn’t left Xiangjiang city yet!”“ ”

“““I understand!”“ Wu Xiumin quickly picked up her cell phone and turned to leave. ”

Zhao Yu turned around and started to add information on the whiteboard.

“However, he discovered an important problem not long after he started writing! ”

“““Eh? That’s not right?”“ Zhao Yu pointed at the crime scene map and murmured,”“the scene of the car dump isn’t the only path that Mia had to take from the stadium to the hotel, right?”“ ”

“““Right!”“ Cui Lizhu leaned over and looked at the map.”“After leaving the stadium, Mia should have gone straight to the tunnel and crossed the sea, but she suddenly went east and went up the mountain ...”“ She said. ”

““““And ...”” Zhao Yu opened his hands and made a strangling gesture.”““If a killer was lurking in the car and was going to strangle the driver with a rope, he wouldn’t be so stupid as to wait for the driver to drive before killing him, right?”” ”

““““What if the driver gets anxious and hits the wall? wouldn’t they all be dead then?”” ”

““““Eh? Yes!”” “““That’s true,”” cui Lizhu said.”““The killers on TV also kill the victims as soon as they get in the car!”” ”

““““Could it be that ...”” Ran Tao guessed.”““The murderer killed Mia as soon as she got into the car, then moved her away, drove the car out, and then released her after abandoning the car?”” ”

““““Tsk tsk ...”” Cui Lizhu shook her head at Ran Tao, then sighed.”““Brother Tao, is there something wrong with the murderer?”” If he killed someone in the parking lot, why didn’t he just leave after killing them? Is there a point in tormenting people?”” ”

““““By the way,”” Zeng ke asked,”” can’t you see Mia’s car in the parking lot? Didn’t you see someone get into his car?”” ”

““““There’s a big blind spot in the parking lot,”” Ran Tao said.”““We could only see Mia’s sharp edge going in and out of the parking lot, but we couldn’t see what happened when she stopped.”” ”

““““As you all know, the stadium’s parking lot is too big!”” ”

““““Then, did the surveillance camera at the exit see ...”” Zeng ke asked again.”““Who was in the car? Did Mia herself drive the car out?”” ”

“Ran Tao scratched his head and said,””because the surveillance was not good, I couldn’t see the driver’s face clearly!”” ”

““““It’s fine if you have an outline,”” Zeng ke said.”““Hurry up and give me the video. I’ll do an outline analysis.”” ”

““““The point is ...”” Zhao Yu creased his eyebrows and said,””the murderer’s actions don’t make much sense. If it was to kill him, then they could have done it in the parking lot. After killing him, they could leave the car there and leave!”” ”

““““Why do we have to drive it up the mountain?”” ”

““““If you wanted to destroy the body, there are many ways. Find a place to bury the body, burn the car, or push the car into the sea. But why did you let the car hit the bus stop?”” ”

““““Yes!”” Cui Lizhu also felt that it was strange.”““It feels like the murderer wasn’t determined to kill anyone!”” ”

““““Right!”” Zhao Yu patted cui Lizhu on the shoulder.”““I have the same feeling. It seems like the murderer is still hesitating whether or not to kill Mia.”” ”

““““So ...”” Cui Lizhu’s eyes were wide open as she asked Zhao Yu,””are you trying to say that Mia’s case was committed by an acquaintance?”” ”

“““It’s possible!”” Zhao Yu said,““combined with the various factors at the crime scene, I can only explain it this way ...”

“““That day, after watching the concert, Mia might have met an acquaintance, so she gave him a ride. Then, the two of them chatted in the car ... But as they chatted ...”

“““This acquaintance realized that something was wrong, so ... He killed Mia! In fact, the car was still moving at the time ...”” ”

“““They were talking, and then they killed her ... Hehe ...”” Cui Lizhu laughed dryly, but after that, her expression suddenly stiffened.““Wait a minute, do you mean ... That Mia’s death was because ... Because ...”” ”

“““Because he might have discovered the truth of the Gu mantong murder case, the acquaintance had no choice but to kill him!”” ”

Chapter 1773: The monitored expert

“At noon, in the Special Investigation Group’s office.”

“““Boss,”” Ran Tao reported to Zhao Yu,““all the videos that appeared in the stadium’s cameras showed the same person. There doesn’t seem to be any acquaintances!”

“““And from his expression, he doesn’t seem to have any friends!”” ”

“““Team leader,”” Zeng ke said,““I compared the footage of the Ford leaving the parking lot with the one in the video. There is a 90% possibility that the person who drove the car out of the parking lot was Mia herself!”” ”

“““Also, at least there’s no one in the front passenger seat, but it’s hard to determine if there’s anyone in the back seat.”” ”

“““Maybe ...”” Zhao Yu pointed to the map of the stadium and said,““the acquaintance stopped him after he left the stadium, or called him ...”” ”

“““Or ... They met inside the stadium, and the acquaintance was waiting for him on the road outside, so he avoided the camera ...”” ”

“““Boss ...”” Cui Lizhu came over with a report and said,““this is the paternity test report from sister Peipei. The test proved that Mia was strangled to death in the driver’s seat of that car!”” ”

“She handed the report to Zhao Yu and said,““the location of the wound matches the traces on the driver’s seat, and ...”” She then continued,““through the autopsy, Mia was strangled to death by a climbing rope made of DuPont silk, with a diameter of nine millimeters!”

“““This rope is the most common kind of climbing rope. You can buy it everywhere.”” ”

“““Climbing rope ...”” Zhao Yu muttered, “““why do I remember that in the Gu mantong murder case, the murderer also used climbing rope?”” ”

“After Zhao Yu finished speaking, the room fell into a dead silence. ”

“Now, to everyone, the three words ““Gu mantong”” had become more and more sensitive. ”

“““But ...”” A few seconds later, Cui Lizhu was the first to speak. ““The murderer who killed Mia was obviously not as skilled as the Gu mantong killer. ”

“““Although he was very strong, he still strangled Mia a few times before he finally strangled her to death!”” Cui Lizhu pointed at the autopsy report and said, ““there were six or seven strangle marks on Mia’s neck. Obviously, the murderer didn’t know what was going on, or he was disturbed ...”” ”

“““If it were me ...”” Zhao Yu said, gesturing. ““When I strangle someone, I would at least use my foot to step on Mia’s seat, so that I can use the most force, right? ”

“““Then ... Behind the seat, were there any footprints?”” ”

“““We only found a leg mark near the knee.”” Cui Lizhu opened the autopsy report and pointed to a place. ““Sister Peipei said that the murderer might be tall. He only used his knee to press against the seat and strangled the man to death, so he didn’t need to use his foot!”” ”

“““I know this model of sharp edge,”” Ran Tao said. ““The back seat is quite spacious. If you can kill someone with just a knee, then this person is really tall!”” ”

“““Tall and big ...”” ”

“Zhao Yu made a mark on the white board, but for safety’s sake, he added a question mark after the four words. ”

“““Although climbing ropes are common, they’re not a necessity!”” Ran Tao analyzed the situation. ““So, the murderer killing Mia was at least premeditated!”” ”

“““Of course,”” Zhao Yu said. ““Otherwise, he wouldn’t have been able to avoid all the surveillance cameras!”” ”

Clang clang clang ...

“While they were discussing the case, Ding Lan suddenly knocked on the door and entered. ”

“““What do you think, great detectives?”” Ding Lan walked into the office happily. After greeting everyone, she said to Zhao Yu affectionately, ““brother-in-law, I’ve already ordered Weiji seafood for you. It’s just nice to go over now ...”” ”

“““Spicy crab, garlic zebra shrimp, and abalone soup ... Wow, it’s so delicious just thinking about it. Can we set off now?”” ”

“As soon as Ran Tao saw Ding Lan, he looked dazed and dazed. ”

“Although Ding Lan was a Secret Service agent, she didn’t always look valiant and heroic. Instead, she had a more charming and graceful air to her. ”

“Not to mention Ran Tao, every time Zhao Yu saw his sister-in-law, his heart would beat faster. ”

““Mm ... Okay ... Okay ...”” Zhao Yu nodded and said,““then ... Let’s try it. It’s rare to come to Xiangjiang ... Hehe ... My treat, my treat ...”” ”

““Tao,”” Zeng ke handed Ran Tao a piece of tissue and said contemptuously,““wipe your saliva!”” I don’t think you’re drooling because of the spicy crab, right?”” ”

““What?”” Ran Tao was shocked and quickly wiped his mouth with his hands, but there was no saliva. ”

“When he looked at Zeng ke again, he found that Zeng ke had covered his mouth and was laughing so hard that he was bending over ... ”

““Zeng ke ...”” Zhao Yu called out quickly.““Call Peipei, too. We’re going to have a seafood feast now!”” After you’re done eating, you can continue working!”” ”

“With the leader’s words, everyone happily packed their clothes and prepared to set off. ”

““Mm ... By the way ...”” Ding Lan took out her mobile phone and showed Zhao Yu a few photos.““This is a lead that my people found. We deduced all the surveillance videos of Mia after she came to Xiangjiang and found that this car had been following him!”” ”

““Ah? What?”” ““What car is this?”” Zhao Yu was stunned and quickly took the phone to check it. ”

““It’s a white Honda Odyssey,”” Ding Lan said.““It was the top-selling car in Xiangjiang last year, and it’s one of the more popular models. ”

““This car has been following Mia since she got off the plane! Wherever Mia goes, this car will follow!”” ”

““What the ...”” Zhao Yu was secretly shocked. It was obvious that the news that Ding Lan had gotten was definitely an important clue. ”

“At the same time, the team members all stopped putting on their clothes and focused their eyes on Zhao Yu. ”

““Mm ...”” Zhao Yu hesitated, then asked,““sister, have you checked this car?”” ”

““No... No way?”” Ding Lan seemed to have noticed something, and she quickly said to Zhao Yu,““hey, brother-in-law, why do I feel like lunch is going to be canceled? ”

““If that’s the case, then just pretend I didn’t say anything, okay?”” ”

Ding Lan quickly snatched the phone back.

““No... Dinner isn’t a big deal. Can’t we change it to tonight?”” Zhao Yu tried to bargain,““do you know how important this clue is? if we find out who’s in the car, the case might be solved!”” ”

““No, let’s do it at noon!”” Ding Lan put away her phone and haggled over the price without giving in.““I’ve been craving for spicy crab at the typhoon Shelter for a long time ...”” ”

““This ...”” Zhao Yu rolled his eyes.““Are you a professional agent? You can’t be that unprofessional!”” ”

“““Aiyo, brother-in-law!”” Ding Lan suddenly grabbed Zhao Yu’s arm and said coyly, “““can I not investigate? That car’s license plate is fake. I’ve already sent my men to track it down!””

“““Just wait, there might be news after dinner!”” ”

“““Oh ... This ...”” Zhao Yu scratched his head. ”

“““What are you waiting for?”” Ding Lan tugged at Zhao Yu’s arm. “““You can wait, but you can’t wait to eat.”” You don’t know how to plan, do you?”” ”

“Zhao Yu really didn’t know what to do with his sister-in-law, so he was eventually dragged out of the house by her. ”

“When the team members saw this scene, they couldn’t help but laugh, but they didn’t know whether to laugh or cry. ”

“However, most of them still stood on Ding Lan’s side. Not only were they hungry, but they also wanted to try the spicy crab at the typhoon Shelter ... ”

Chapter 1774: A guess that can not be ignored

“At threeo’ clock in the afternoon, everyone had a taste of the seafood. After returning to the police Office, Zhao Yu finally understood how good Ding Lan’s foresight was. ”

They had just returned to the office when the latest news from the Secret Service team was sent to Ding Lan’s phone. It really didn’t delay their work at all.

“““This white Honda Odyssey used a fake license plate,”” Ding Lan reported to Zhao Yu, holding the information on her mobile phone. “““But through our investigation, we found that it came from a car rental company in Xiangjiang. ”

“““Here ...”” Ding Lan opened a picture on her phone. “““This is the person who was registered with the rental company!”” ”

“Zhao Yu saw that it was a tall, middle-aged man with a full beard and dark skin. ”

“““This person’s registered identity information is all fake,”” Ding Lan continued. “““We’re investigating this person’s true identity, and we’re starting to deduce from the video from the car rental company to see where he came from.”” ”

“““Mm ...”” Zhao Yu pointed to the photo and said, “““this person is very tall, which is more in line with the murderer’s characteristics that we deduced.”” ”

“““Team leader,”” Wu Xiumin reported, “““the Thailand side has sent us a document, agreeing to let us use informal means to check Mia’s documents. Zeng ke can do it now.”” ”

“““Also, I’ve learned from Mia’s unit and the local police that she only brought one assistant with her to Xiangjiang this time. There were no other people involved.”” ”

""Mm ..."" Zhao Yu nodded. ""So, there must be something wrong with this car!"" "

""Mia was just an expert in the goatong murder case,"" cui Lizhu said, pouting. ""Why would someone be monitoring him? Are you afraid that he will know the truth of the Gu mantong case, or that he will leak some information?"" "

""Don't worry, this is just the beginning. The truth might not be hidden for long ...""He said. "

Ding Lan raised her phone to receive a new message.

Ding Lan's eyes lit up when she opened the box.

Zhao Yu quickly went over and was surprised to see that there was a video of the White Honda Odyssey on his phone.

""This is the surveillance video around the hotel on the day Miya checked in,"" Ding Lan said. ""It was 12:10 a. M. This car passed by lanyuan Street on the east side of the hotel and appeared on the surveillance video. "

""Then, at 12:30, he left the same surveillance camera ..."" "

""This means ..."" Zhao Yu said. ""The Odyssey approached the hotel that Mia was staying at, and stayed in a place that couldn't be caught by the surveillance cameras for twenty minutes, then left?"" "

""No, this is not the key!"" Ding Lan smiled and played the second video on her phone. ""This video is from the hotel's internal surveillance. Take a look ..."" "

"After the video started, Zhao Yu was first shocked, then he couldn't help but take a deep breath. "

"In the video in the hotel lobby, a young man was walking past the surveillance camera in a hurry, and he was none other than Mia's young artiste assistant! "

"Assistant Miya left the hotel at 12:15 and returned at 12:25. She's almost in sync with the car!"" Ding Lan smiled. "

""Oh my God!"" Cui Lizhu was shocked. ""So, Mia's assistant might have gone to see this car?"" They ... Are in cahoots?"" "

""It's definitely him!"" ""Don't forget that it's midnight,"" Ran Tao said. "

""I think ..."" Wu Xiumin started to analyze the situation nervously when she saw that there was something wrong with Mia's assistant. ""It doesn't make sense. If Mia's assistant is in cahoots with the people who are watching her, isn't that a little too much?"" "

""That's not the point!"" Zhao Yu clenched his fist, pointed at the video, and said, ""the point is, we have to quickly catch this guy and interrogate him!"" "

""It's too late!"" Ding Lan shook her head. ""Because he's already been interrogated, and my people didn't list him as a key surveillance target, so ..."" "

""What's wrong?"" Zhao Yu suddenly had a bad feeling. "

“““Miya’s assistant is called Gao Jia,”” Ding Lan said.”““My people have checked his information. He left Xiangjiang this morning and is now in Bangkok!”” ”

“““That’s depressing. Then contact the Thailand side and tell them not to let him go!”” Zhao Yu quickly ordered. ”

“““Don’t worry,”” Ding Lan said.”““I’ve already contacted our people. He shouldn’t be able to escape!”” ”

“““He actually ran away?”” Cui Lizhu pouted.”““That means he’s confessing. There must be a problem!”” ”

“““I still have to check the airport information!”” Zhao Yu continued,”““the group of people who were monitoring Mia might have left with Mia’s assistant!”” ”

“““I ... I’ll do it?”” Zeng ke asked. ”

“““No,”” Zhao Yu said.”““Hurry up and crack Mia’s account and password. Get an expert to analyze all of his personal information. Mia must have some secrets that no one knows about!”” ”

“““Alright, I’ll do it immediately!”” Zeng ke ran to the computer. ”

“““Ding Lan ...”” Zhao Yu turned to Ding Lan and asked,”““on the night of Mia’s accident, did you see the Odyssey near the scene?”” ”

“““No, I didn’t!”” “““We’ve searched the surveillance footage at the same time, but we didn’t find any trace of the car,”” Ding Lan replied with certainty. ”

“““By the way, since the car was rented, there’s always a return,”” Zhao Yu said.”““Where is the car now?”” ”

“““I’ve already sent someone to the car rental agency to keep an eye on them. The car hasn’t been returned yet,”” Ding Lan said.”““But the car rental agency has their own methods, so they should be able to find the car in a short time.”” ”

“““Tsk tsk ...”” ”

“Zhao Yu’s thoughts were in a mess. Spying on Mia’s car, the suspicious assistant, and Mia’s murder ... ”

What was the reason behind Mia’s death?

“When memories was chatting with Mia, he was leisurely sipping his coffee, reading the newspaper, and booking tickets for his idol’s concert. ”

All of this showed that Mia didn’t realize what kind of danger she would be in. He only thought that this investigation in Xiangjiang was just a comfortable vacation ...

“At the same time, this also meant that there might not be anything wrong with Mia. He might not have any enemies or opponents ... ”

So ...

“At the end of the day, Zhao Yu felt that his previous judgment might be correct! Miya’s death could very well be related to the real Gu mantong murder case! ”

This was the only way to explain why he had died in a foreign land ...

Therefore ... Therefore ...

“Zhao Yu felt his heart beat faster, and his blood was boiling. He became more and more excited, as he realized that he might have come across the real Youyou Gu mantong murder case! ”

““Eh?”” At that moment, Zeng ke suddenly stood up and shouted at Zhao Yu,““team leader, come and see! Earlier today, someone logged into Mia’s account ...”” ”

““It seems like ...”” He quickly typed on the keyboard and then said in surprise,““it seems like a lot of information has been deleted!”” ”

““It can’t be?”” Zhao Yu was shocked and ran over to check it out. He asked Zeng ke,““can deleted messages be recovered? Also, where did they land from? can you find the specific location?”” ”

““I ... I have to take it slowly ...”” Zeng ke said.““The data may be restored, and the landing location depends on the situation, but I need time ...”” ”

““Brother-in-law,”” Ding Lan suddenly put down her phone and said to Zhao Yu,““I just received another message that might be helpful to our case!”” ”

““Do you still remember that Mia has a work phone? The one that was lost at the scene of the crime?”” ”

““Yeah, what’s wrong?”” Zhao Yu asked. ”

““We found the phone number. Although we didn’t confirm the location, we got a complete call record!”” ”

““Look ...”” Ding Lan showed Zhao Yu a screenshot on her phone.““After you and Mia met, Mia had a 45-minute long international call with someone!”” ”

““Oh? An international call?”” Zhao Yu did not understand what she meant, so he asked directly,““where did you call from?”” ”

“Ding Lan was silent for a second, then said four words to Zhao Yu,““Ma Jia ha Jia Zha Jia Ya!”” ”

Chapter 1775: Zhao Yu’s style

“At 5 p.m., In the Special Investigation Group office of the Xiangjiang police station. ”

““Team leader ...”” While there was no one around, Wu Xiumin quietly came up behind Zhao Yu and said with a slightly red face,““I’m sorry, I didn’t interrogate Gao Jia clearly, so he got away with it!”” ”

““No...”” Zhao Yu was adding information on the whiteboard when he heard this. He quickly turned around and comforted her,““don’t say that. This is my responsibility, it has nothing to do with you, sis Wu.”” ”

““““Although I was suspicious of that guy at the time, I didn’t study it carefully, so I made a mistake. It’s not your fault.””

““““Besides, he had a sufficient alibi at the time. It’s reasonable for him to miss out on the interrogation.”” ”

“Wu Xiumin nodded and said,““I will remember this lesson and not make the same mistake again.”” ”

““““Mm, sis Wu has always been the most stable person in our group,”” Zhao Yu said sincerely.””“Don’t let such a small thing affect your mood. We still have a lot of things to do next!”” ”

““““Mm, don’t worry! ““Oh, right ...”” Wu Xiumin suddenly thought of something, then said in a hurry,””Mia’s family and friends have arrived at the police station. I’ll go and deal with them!”” ”

““““Okay,”” Zhao Yu said.””Ask about Gao Jia and see what they have to say.”” ”

““““Understood!”” After that, Wu Xiumin turned around and left the office. ”

“However, as soon as she opened the door, she saw Ding Lan’s tall figure rushing into the office like a gust of wind. ”

““““Brother-in-law ...”” Ding Lan said, panting.””We just received news that Gao Jia is dead!”” ”

““““What?”” ”

“His words shocked everyone in the room. Even Wu Xiumin, who was about to leave, stopped in her tracks. ”

““““Twenty minutes ago, she was found in the washroom at the airport in Bangkok,”” Ding Lan said.””Her neck was broken, possibly by a professional killer!”” ”

““““He’s dead ...”” Zhao Yu was in disbelief. He scratched his head and said,””he didn’t even leave the airport. How could he be so impatient?”” ”

““““Oh my God, what did this professor Mia do?!”” ”

““““Yeah ...”” Cui Lizhu also felt breathless.””Even if it’s the Gu mantong murder case, so what? is there a need to kill so many people to silence them?”” ”

““““Could it be ...”” Ran Tao said.””That this case is related to something else and has nothing to do with Gu mantong at all?”” For example, a drug gang ...”” ”

““““I’ve already sent someone to verify the situation and to start an investigation!”” Ding Lan said,””apart from this, I have a few other things to say. Let’s do it one by one!”” ”

““““Let’s look at this first ...”” ”

“Then, she handed a document to Zhao Yu. ”

““““We’ve compared the photo of the suspect at the car rental shop, but we couldn’t find anyone that matched the description. Our comparison expert said ...”” Ding Lan pointed at the suspect in the photo.””This person must have put on a disguise. A big beard, sunglasses, and a hat-these are the most common methods of disguise.”” ”

“““It seems like ... He’s also an expert ...”” Zhao Yu said, biting his lips. ”

“““We’ve asked the staff,”” Ding Lan said.””The staff remembered that his Cantonese was very inaccurate. It sounded like he had a foreign accent, and his English was mixed in ... ”

“““And ...”” Ding Lan gestured at her long legs.””His right leg is limping, and he’s limping!”” ”

“““Limping?”” Zhao Yu shook his head.””It’s very likely that he’s in disguise.”” ”

“““Right!”” “““But we suspect that he’s a foreigner,”” Ding Lan said. ”

“““Have you checked the airport?”” Zhao Yu asked,””did you find any suspicious targets?”” ”

“““We’re still investigating ...”” Ding Lan replied.””If the suspect is in disguise, it’ll be difficult to identify him. We can only use the body outline technique, so we still need time ...”” ”

“““Now, all the problems are on this big-bearded man who rented the car!”” “““He followed Mia and contacted her assistant,”” cui Lizhu said. ”

“““Maybe Miya and gaudy were both killed by him!”” ”

“““No!”” “““Gao Jia’s neck was broken,”” Ding Lan said decisively.””It’s obvious that it was the work of a professional killer.”” However, the person who killed Mia was not a professional. It was more like his first time killing someone!”” ”

“““Oh ...”” Cui Lizhu covered her mouth. ”

“““In addition to the bearded man, we have another important point ...”” Zhao Yu turned around and pointed to the white board.””The last call that Mia made!”” ”

“““Mahazaya!”” “““Boss, do you think that Mia’s death is related to the Buddha statue case?”” Ran Tao asked. ”

“““No!”” Zhao Yu said,””when I was talking to Miya, I reminded him to investigate the last few cases of the Gu mantong killer. ”

“““Coincidentally, the last case of the Gu mantong murder case happened in Maha Zaya! ”

“““I feel that ...”” Zhao Yu’s eyes became deep.””This is not a coincidence.”” ”

“““Yes!”” Cui Lizhu pouted.””The four drug dealers who stole the money said that it was because of the Goman thong murder case in Maha Zaya that they had a deep impression of it and thought of using the Goman thong ...”” ”

“““Ding Lan ...”” Zhao Yu turned around and asked,””did you find out who the person on the phone that Mia made was to mahazaya?”” ”

“““Yes,”” Ding Lan said.””The number belongs to the mahazaya National Guard. Before the coup, it was called the Supreme judicial police Department, which is equivalent to our Criminal Division.”” ”

“““Oh ...”” Zhao Yu couldn’t help but clench his fists and ask again,””then ... Can you find out who he was talking to?”” ”

“““Mm ... Brother-in-law ...”” Ding Lan grabbed Zhao Yu’s arm and pulled him to the side. She then spoke in a voice that only the two of them could hear, ““that phone call was from the main line. We don’t know who Mia called! ”

“““I was just about to ask you. Do we ... Need to fight?”” ”

Oh ...

Zhao Yu finally understood why Ding Lan had been so careful.

“As a matter of fact, all he had to do was make a phone call, and he might be able to find out who Mia had been talking to on the phone for more than 50 minutes. However, once the person on the other end of the phone was related to the case, it was equivalent to beating the grass and alerting the snake! ”

“Therefore, he could not make this phone call! ”

Tsk tsk ...

“This time, Zhao Yu was in a difficult position. He asked, ““Then ... Is there no way to find out more from the side?”” ”

“““That’s mahazaya.”” Ding Lan shook her head. ““There was a coup there just now, and the situation there is even more complicated than the one you’ve been to in wakreya and the Sahara!”” ”

“.....”

“Zhao Yu fell into deep thought. He could already feel that Mia’s death was more complicated than he had imagined. Behind it, there might be something that was very, very difficult to control! ”

Then ... What should he do next?

“““I’ve checked,”” Ding Lan continued. ““Ever since you talked to Mia, he’s called six times in total. The other five were all normal calls that lasted less than a minute. They were either to his family or to talk about the concert. ”

“““So, if there’s a problem, then it can only be this 50-minute international call! ”

“““But ...”” Ding Lan looked at Zhao Yu and said worriedly, ““the phone call came from mahazaya, which is beyond the capabilities of our mission! ”

“““Brother-in-law ...”” Ding Lan said in a serious tone, ““are we still going to continue investigating this case?”” ”

“Zhao Yu looked at Ding Lan and thought for a while, then said firmly, ““investigate!”” ”

“““Giving up halfway isn’t my style! ”

“““Ever since I started my career, I, Zhao Yu, have never given up on a case halfway! ”

“““There was no such thing in the past, and there will be no such thing in the future! ”

“““Sister ...”” Zhao Yu pressed both hands on Ding Lan’s shoulders, his eyes determined as he said, ““think of a way, we’ll just go to mahazaya!”” ”

Clang ...

“Cui Lizhu didn’t hold it properly, and the case file in her hand fell to the ground ...”

Chapter 1776: Not a simple woman

“11 O’ clock at midnight, in the Special Investigation Group’s office. ”

“””Brother-in-law, don’t mind my nagging. “””Your sister-in-law is gone, so I have to say something to you,”” cui Lizhu said seriously as she handed Zhao Yu the coffee she had made.”””You can’t always be like this!”” ”

“Zhao Yu took the coffee, smelled the aroma, then raised his eyebrows and asked,””””What kind of person?”” ”

“””Tsk ... You’re asking the obvious? Are you going to go crazy again without sister Miao?””” Cui Lizhu put her hands on her waist and pouted.”””What does the Gu mantong murder case have to do with you? ”

“””Why risk your life? Do you really think that you have nine lives?”” ”

“””Alright ...”” Zhao Yu waved his hand and turned back to look at the whiteboard.”””I know what you want to say, save your energy!”” ”

“””Hey? What’s with your attitude?””” Cui Lizhu picked up her phone and turned it to Zhao Yu.”””Do you believe that I can call sister Miao right now?”” ”

“””Let me ask you, don’t you know what sort of place mahazaya is? How many foreign reporters had died there already? Also ... Did you know that there’s an organization that’s against the Chinese? ”

“””Why are you getting involved in that muddy water?”” ”

“Zhao Yu grabbed cui Lizhu’s wrist and said impatiently,”””cui, I’m investigating Mia’s case right now, okay? It’s all part of my job ...”” ”

“””Aiyoyo, you really know how to quibble!””” Cui Lizhu shook her head.”””The assistant’s neck was broken by someone!”” ”

“””Don’t you think that this is even scarier than Gu mantong?”” ”

“””Tsk ...”” Zhao Yu turned around and continued to think about the case. ”

“””Eh? “””You ...””” Cui Lizhu turned around unwillingly and pouted her little mouth angrily.”””You can do whatever you want! China is so big that you can’t fit in anymore, right? ”

“””Right! The Gu mantong murder case is an unsolved case in the world. If you can solve it, you’ll be a world-class detective! ”

“””But boss,””” cui Lizhu said, clapping her hands.”””If you die, they’ll all be dead. What’s the point of having the title of world-class detective?”” ”

“““Shut up, you crow’s mouth. Go, go, go ...”” Zhao Yu grabbed cui Lizhu’s little hand and covered her mouth. ”

“““Wu ... Wu Wu Wu ...”” Cui Lizhu struggled for a few seconds, then shook off Zhao Yu’s big hand and continued,““I know that you have the support of secret services, but that was in Maha Zaya, after all. Even with the Secret Service, it couldn’t be foolproof, right? ”

“““What’s more, the Secret Service has a budget. They must be crazy to agree to you going to Maha Zaya to investigate the case. ”

“““We’re not going to Bangkok Jakarta Osaka, or Singapore. Can you not go into Qi deviation? Hey ...”” ”

Di di ... Di di ...

“Just as cui Lizhu was trying to persuade him, Zhao Yu’s mobile phone rang. ”

“Zhao Yu looked at the caller ID, then immediately pushed cui Lizhu aside and answered the call. ”

“““Zhao Yu, I’ve received your application,”” Miao kun’s voice came from the phone.““Have you really made up your mind?”” You’re going to mahazaya?”” ”

“““Right!”” Zhao Yu said,““although I can’t be 100% sure that it has something to do with the real Gu mantong murder case, I still think it’s necessary to make a trip there!”” ”

“Seeing that cui Lizhu was looking at him with murderous eyes, Zhao Yu turned around and walked to a quiet corner. ”

“““I’ve done some research. After the goatong murder case, Mia and his team went there to investigate, and they stayed there for more than 50 days! ”

“““Although we didn’t find the murderer in the end, I think they must have found some important clues there, or encountered something special. ”

“““So, as long as I find the person who talked to Mia, I might be able to find out more. ”

“““Even if ... In the end, it has nothing to do with the Gu mantong killer, at least we can find out about Mia’s death. ”

“““After all, Mia died in Xiangjiang. What if there’s a conspiracy against us behind this?”” ”

“““Mm ... Alright ... I know!”” Miao kun thought for a moment and said,““but ... You should be aware of the danger of this matter, right?”” ”

“““For the criminal Department, it is indeed dangerous, but for the Secret Service ...”” Zhao Yu came to the corner of the office and said calmly,““they should all be normal tasks, right?”” ”

“““For a normal country, of course it’s a normal mission!”” Miao kun clarified,““but for an abnormal country, it’s not a normal task! ”

“““Have you forgotten how hard it was for us back in vacheria? ”

“““Also, what about our helplessness in the house of sins?”” ”

“““That’s why I’m discussing it with you!”” Zhao Yu lowered his voice,““father-in-law, have you told your lover? You should know why I’m working so hard, right?”” ”

“““I know, I know ...”” Miao kun said with emotion.““I didn’t expect you to be a man of your word. No wonder my daughter likes you!”” ”

“““Of course! Honesty is the most important thing in the pugilistic world!”” Zhao Yu patted his chest and said,““in North Africa, we promised the French woman that we would help her investigate a world unsolved case ...”” ”

“““Tell me, am I not doing this all for you? Otherwise, if she keeps ridiculing you about this in the future, you won’t have the face to see anyone anymore.”” ”

“““Well, you know how thick-skinned I am,”” Miao kun laughed shamelessly.““That woman took a lot of benefits from me regarding londee’s matter. As for the promise, why take it so seriously?”” ”

“““It’s not like we’re not going to honor our promise. We just need to find an excuse to reject it, and it’ll be over.”” ”

“““In this day and age, the one in debt is the boss!”” ”

“““Go to hell!”” Zhao Yu said seriously,““I, Zhao Yu, am a detective, and I am a man of honor. I keep my word. Now that I have a good opportunity, I might as well take the opportunity to return the favor to her!”” ”

“““Alright, alright ...”” Miao kun laughed slyly.““Do you think I don’t know you?”” No matter what, you still like to solve cases. If it’s something you don’t like, even eight horses can’t pull you away!”” ”

“““Hehehe, father-in-law knows me well! ““Wahaha ...”” Zhao Yu laughed wildly. ”

“““Alright, I got it,”” Miao kun said.““In fact, Juliet is even more anxious than you are! She’s been keeping an eye on your news. I’ve already talked to her! ”

“““She said that she has an office in mahazaya. Not only can she guarantee your safety, but she can also provide you with help! ”

“““And ... She will personally go to mahazaya to help you solve the case! ”

“““Even if the case had nothing to do with the Gu Man child case,”” Miao kun said,““she would still help us!”” ”

“““I’ll go! So you’ve already made all the arrangements, old Jiang!”” Zhao Yu scolded Miao kun, then sighed.““But, this woman is even more persistent than I am! ”

“““Gu man’s child case has nothing to do with me, and it doesn’t seem to have anything to do with her either. ”

“““She’s even willing to use the state’s resources for this case? ”

“““What is she doing this for? ”

“““Just to complete Grimm’s last wish? ”

""Is she having an affair with Grimm?"" "

"Miao kun snorted." "I don't know, but I know this woman!"" "

""This isn't stubbornness, this is ambition! "

""You don't know, but she wants to improve her international status by solving the world's unsolved cases, and thus, further improve her career!"" "

""Oh ... I see!"" Zhao Yu exclaimed,""this woman is not simple!"" "

""So,"" Miao kun said,""when you get to mahazaya, you have to stay awake. Don't be charmed by that woman and run into her bed ..."" "

Chapter 1777: Mahazaya

"Three days later, at Xiangjiang airport. "

Zhao Yu was waiting for his flight to Maha Zaya.

""To be honest ..."" Ding Lan, who was leaning on his shoulder, said lazily,""I really don't like that French woman!"" "

""Yeah, I don't like it either!"" Zhao Yu patted his sister-in-law's shoulder and said,""I say, in my impression, secret agents are the kind who sit very straight and stand very straight, but you ... Why do you seem to be boneless today? Are you tired?"" "

"Every time Ding Lan got close to him and did something intimate, Zhao Yu's heart would race. "

"He thought that he was immune to pretty girls, but he still felt a little uncomfortable facing a top-class beauty like Ding Lan. "

""Don't be silly ..."" Ding Lan held Zhao Yu's arm affectionately and even plunged into his arms. She closed her eyes and said,""secret agents are human too. Can't you act cute?"" "

""Brother-in-law, our trip to Maha Zaya this time is different from going to Morocco. Why don't we use the identity of a couple to cover it up?"" "

""Couple ... Mm ..."" Zhao Yu spoke his mind." "I'm just afraid that the act will turn out to be real ... I don't have much self-control, so you'd better not test me!"" "

""If I can't control myself, how am I going to explain it to your sister? "

""Besides, your Godfather sent you to come with me to monitor me. He didn't say anything about teasing me, did he?"" "

""Hehe ..."" Ding Lan seemed to be doing this on purpose, as she snuggled into Zhao Yu's arms again." "This is What I Like About You, brother-in-law. You look like a hooligan, but you always stick to your principles." "" "

“““Otherwise, you’d have gotten ahmelora and Gena already ...”

“““Actually, I can tell that you’re absolutely devoted to my sister Miao. I’m so envious of you, and even a little jealous ...”“ ”

“““Is that so?”“ Zhao Yu carried Ding Lan in his arms.”“Then, you don’t have to test me, right?”“ ”

“““No.”“ Ding Lan pushed Zhao Yu away and ran into his arms again.”“It’s not easy for me to complete a mission with brother-in-law. If I don’t do something, how can I face my sister?”“ ”

“““What kind of logic is this?”“ Zhao Yu asked. ”

“““For the Maha Zaya operation this time ...”“ Ding Lan said as she lay in Zhao Yu’s arms.”“Secret services only allowed three special agents to go with us. They are all veterans who have worked in Southeast Asia for many years. When we arrive, they will come to our aid!”“ ”

“““Then ...”“ Zhao Yu asked,”“the French woman is also waiting for us at the airport. Is this ... Appropriate?”“ ”

“““What’s there to be concerned about?”“ Ding Lan said indifferently.”“We’re just going to investigate a case. We’ll see what that woman has to say ...”“ ”

“““Well, I don’t care about anything else.”“ Zhao Yu took out his notebook.”“Continue investigating my case!”“ ”

“““Yes, just be a good detective,”“ Ding Lan said.”“Have you thought about what we’re going to do when we get there?”“ ”

“““The first thing is to find the person who talked to Mia on the phone. He is the key to this mission!”“ Zhao Yu said,”“secondly, I want to go to the scene of the Gu mantong murder case. In 2015, the last Gu mantong murder case was there! ”

“““I’ve been trying to recall the details of my conversation with Mia these past few days. I remember that when I reminded him to investigate the last few cases, his expression must have changed, as if he had thought of something!”“ ”

“““So, you think that the Goman thong murder case that happened in Maha Zaya is a little suspicious?”“ Ding Lan asked. ”

“““It should be!”“ Zhao Yu replied with certainty,”“otherwise, after I left, Miya wouldn’t have contacted the Maha Zaya police so urgently ...”“ ”

“““That’s not what I’m worried about, but ...”“ Ding Lan said.”“The scariest thing is that Mia was killed right after she made the call! ”

“““Think about it, even if Mia knew the truth of the Gu mantong case, she wouldn’t be killed, right?”“ ”

“““I understand!”“ Zhao Yu nodded.”“If it’s really because of this phone call, then it means that there’s something more powerful behind this case! ”

“““But the more it is like this, the more we should find out the truth!”“ ”

“““Amazing, as expected of a crazy detective!”” Ding Lan lay in Zhao Yu’s arms and patted Zhao Yu’s head with her long arm.”“I’m on your side!”” ”

.....

“Maha Zaya was located in Southeast Asia. It was a tropical island with a large area, adjacent to Indonesia and Malaysia. ”

“The local people spoke Malay, but English, French, and Chinese were also very popular. ”

“It took less than three hours to fly from Xiangjiang to the airport. When Zhao Yu and Ding Lan walked out of the airport, they suddenly felt a wave of tropical air blowing against their faces. ”

“It was around Seveno’ clock in the evening. In addition to the hot weather, Zhao Yu also found something different from other places. ”

“The police force at the airport was several times higher than that of an ordinary airport. There were soldiers with loaded guns everywhere, and many armed military vehicles were parked outside the airport ... ”

“Zhao Yu knew that although Maha Zaya had established a new regime, the situation was not stable. The new political party was trying to maintain stability, but the old forces were still restless, and the situation was very tense. ”

“As soon as they walked out of the passage, Zhao Yu and Ding Lan met up with their agents. ”

“To Zhao Yu’s surprise, the three secret agents were tall and short, thin and fat. They looked very ordinary, and did not look like secret agents at all. ”

“The three of them had dark skin and were unkempt. If one didn’t know better, they would have thought that they were all three-wheeled pedlars. ”

“However, on second thought, Zhao Yu quickly understood that a real secret agent couldn’t be recognized at a glance. No wonder Ding Lan had been holding his arm the whole time, as if she were his girlfriend! ”

“The five of them met up and talked for a while, then walked out of the airport together to meet Juliet at the designated location. ”

Juliet’s side was even weirder. They had brought a news van with the of a France News media on it.

“After he got in, he saw Juliet and her team waiting for him. ”

“Seeing Zhao Yu get into the car, Juliet immediately gave Zhao Yu a warm hug. Her broad shoulders and strong arms almost made Zhao Yu pass out. ”

“““My Dear China detective, my dream has come true. I’m so excited!”” After letting go, Juliet expressed her excitement.”“I’ve been waiting for a chance to work with you!”” ”

“““Me too, me too ...”” ”

“Zhao Yu quickly found a place far away from Juliet and sat down. The car started, and Juliet introduced her team members to Zhao Yu and the others one by one. ”

“These people were all disguised as employees of a France Television station, each of them looking ordinary. ”

“However, Zhao Yu knew that these people were definitely top secret agents, and none of them were easy to deal with. ”

“Out of courtesy, Zhao Yu also introduced his team members to each other. Both sides nodded to each other, and the atmosphere was quite harmonious. ”

“Just as Ding Lan had expected, they were only here to solve a case, not to complete some mission from Mission Impossible. Therefore, there were not many conflicts of interest between them, and they naturally got along well. ”

“”Mm ... Sister Zhu ...”” After calming down, Zhao Yu got straight to the point.””I’ve told you everything about the situation. Now, let’s talk about your plan!”” ”

Chapter 1778: The last crime

“The news broadcast car took Zhao Yu and the others to the Hilton Hotel in the city center, one of the few high-end hotels in all of mahazaya. ”

The people who stayed in the hotel were basically businessmen and politicians from European and American countries.

“Although it was a critical period, the hotel was already short on rooms and had many guests. ”

“Juliet had already booked rooms for Zhao Yu and Ding Lan. Because the three men had their own plans, they didn’t stay in the same hotel. ”

“But, either on purpose or because of the lack of guest rooms, Juliet arranged for Ding Lan and Zhao Yu to stay in the same room. ”

“At that moment, Ding Lan was taking a shower in the bathroom, while Zhao Yu was carrying a bottle of red wine to the balcony. ”

“From the balcony, one could see the city streets of mahazaya. ”

“As it had been ostracized by the international community for many years, the economy of mahazaya was very backward. Even in the city of the capital, there were very few particularly tall buildings. ”

“Zhao Yu could see the dilapidated neighborhood in the distance, which was full of garbage. It was a world of difference from the place he lived in. ”

“Recently, due to political needs, a curfew had been implemented in the local area. Civilians were forbidden from going out after eight o’ clock at night. ”

“Therefore, looking from the balcony, other than the military vehicles and the soldiers on guard, there was no one else. There were almost no cars on the road ...”

Zhao Yu retracted his gaze. He sipped his red wine and thought about his next step.

“During dinner, Juliet explained their plan to Zhao Yu. The next day, they would go to the Maha Zaya National Guard Bureau as reporters to find out the source of Mia’s phone call.”

“Although they had made preparations in advance and informed the other party, it was the National Police station after all. When they arrived there, they had to act with the most cautious method.”

“Moreover, this mission seemed simple, but it was actually very dangerous.”

“After all, Mia might have lost her life because of this phone call. Therefore, they could not use direct methods to find the person directly. They could only investigate in secret.”

Even the matter of the Gu mantong killer had to be controlled and not spoken recklessly.

“Hence, Zhao Yu was thinking about what he should do and what he should say the next day to avoid getting into trouble.”

“At that moment, Ding Lan had just come out of the shower. Wrapped in a bath towel, she exuded her natural beauty. Her body was alluring, and even Zhao Yu couldn’t help but drool when he saw her.”

Tap ...

Ding Lan took out her gun from her bath towel and placed it on the dressing table. She then started to put on her makeup in front of the mirror.

“““What the ...”” Zhao Yu exclaimed.”“You even brought a gun with you when you took a shower?”” ”

“““It’s just a habit,”” Ding Lan said.”“Brother-in-law, you have to be careful in the future. When you’re out in the field, you can’t leave your gun. You have to be alert at all times!”” ”

“““Oh.”” Zhao Yu nodded. ”

“““We’re going to that French woman’s room later, right?”” Ding Lan asked,”“from what you said just now, it seems like they only want to invite you, right?”” ”

“““Will it be rude of you to bring me there?”” ”

“““No, you have to come with me!”” Zhao Yu said,”“she said that she wanted to discuss the Gu mantong case with me, as well as have some supper and red wine. It’s obvious that she’s up to no good!”” ”

“““It can’t be?”” Ding Lan smiled.”“Aren’t you a detective? He was actually frightened by a France lady? Could it be that you’re afraid that she’ll eat you?”” ”

“““I’m not afraid, but I really can’t beat her. If she wants to use force, I might ... Hmm ...”” ”

“Pfft, miss ding couldn’t help but laugh.”

.....

“Fifteen minutes later, Zhao Yu and the well-dressed Ding Lan entered tuoqiang’s room.”

“Juliet’s room wasn’t a Presidential Suite, but it was still ridiculously large. ”

“As soon as Zhao Yu and Ding Lan entered, they saw Juliet’s men playing cards at the table, and some were drinking beer and watching TV. It was very lively. ”

““Come on, this way ...” Juliet was wearing silk pajamas with white chiffon edges, and she enthusiastically led Zhao Yu and Selina into the bedroom. ”

““Honey,” Juliet said affectionately as she handed Zhao Yu a stack of documents.”“These are the details of the case. Our agents spent a lot of effort to find them!”” ”

““Oh?”” Zhao Yu took the information and flipped through it, but other than the photos, he couldn’t understand anything else. It was all in Japanese. ”

““Zhao Yu,” Juliet finally stopped smiling and said seriously in Chinese,”“next, for the convenience of communication, can we speak in English?”” ”

““Then speak French!”” Zhao Yu immediately used a real-time translator, then spoke in standard French,”“this is more convenient!”” ”

““...”” Ding Lan was stunned. ”

“She thought that she knew Zhao Yu very well, but she never expected that Zhao Yu could even speak French. ”

““Then ...”” Juliet glanced at Ding Lan. ”

““No problem, I can, I can ...”” Ding Lan quickly replied in French. ”

““Very good.”” Juliet nodded in admiration, then pointed at the information and said,”“in April 2015, in the capital Urban area of mahazaya, there was a goatle murder case! ”

““After the local police and international experts”” evaluation, they unanimously determined that the case was the work of the notorious Gu mantong killer! ”

““The police immediately launched an investigation, but like all the other cases, they came to no conclusion ... ”

““The victim was the chairman of the local horse Association, his name was malaxi. He had a certain reputation in the area, so this case caused quite a stir at that time ...”” ”

“When Juliet was explaining the case, Zhao Yu looked through the photos. Although they were all photocopied, he could still clearly see that the real Gu mantong murder case was very different from the two fake Gu mantong murder cases he had experienced in Xiangjiang! ”

“The face of the real victim of the Goman child case was extremely hideous. Her facial features were distorted and her bones were dislocated, as if she had suffered great pain before she died! ”

Such a picture of death would make anyone who saw it feel extremely uncomfortable ...

““Zhao,” Juliet said.”“I’ve looked up the information from that year, and Mia was also involved in the investigation of this case! ”

“““At that time, although Miya was also an expert in the Gu Man Tong case, he was not the supervisor. He was involved in the investigation with a criminal investigation team Thailand, and the person in charge was called Qi kun!”

“““In addition to the Thailand side, the Philippines also sent police to participate in the investigation because there was also a Guman Tong murder case in the Philippines before the Maha Zaya incident.”

“““At that time, Miya and the others stayed in Maha Zaya for more than three months. Because they were unable to find anything, they had no choice but to return.”

“““From then on, Miya never came to mahazaya again, and that case became the unique song of the Gu mantong killer, never to be seen again!””

“““Oh ...”” Zhao Yu seemed to have thought of something, and he asked Juliet,””does this information show who was in charge of investigating the case?””

“““I think, since Mia hasn’t been to mahazaya for so many years, could it be that the person on the phone with him was the local Criminal Police who was in charge of investigating the case?””

“““Yes, that makes sense!”” Juliet nodded and said,””we’ll look into it now. If we can find this person in advance, it’ll be a relief!””

“““Eh?”” At this moment, Zhao Yu suddenly realized something. He quickly pointed to a certain part of the information and said,””how do you explain this? in the past, the suspect was once found in this case. And there’s more than one?””

“““No way!”” Juliet’s eyes almost popped out of their sockets.””That’s Malay. You ... You can understand it?””

Chapter 1779: The difference

“““It’s not the first time there’s a suspect,”” Juliet said.””For a serial murder case with more than twenty victims, I’m afraid it’s normal to have a few suspects, right?””

“““No, I didn’t mean it that way!”” Zhao Yu said,””I had a conversation with Mia once. When I reminded him to investigate the case backward, he said something to me.”

“““He said that in the last few cases of the Gu mantong killer, there was indeed a different situation than before. He suspected that either the murderer’s body had a problem, or his mentality had changed!”

“““It’s a pity that I didn’t ask in detail what problems and changes had occurred ...””

“““Oh? Did he say that?”” Juliet thought for a moment and said,””so, you think it’s about the suspect?””

“““I’ve read all the files you gave me about the Gu Man Tong case, but I can’t see any difference between the last few cases and the previous ones.”” Zhao Yu said frankly,””so, I suspect that, what Mia meant, was, is she referring to the suspect?””

“““No, um ... I’m sorry ...”“ Juliet stammered.”“Zhao, here’s the thing. The files I gave you were all obtained by Grimm through some unconventional means. Many of them are incomplete, and some of them are fake ...”“ ”

“““Oh?”“ ““Why?”“ Zhao Yu asked, confused. ”

“““Don’t you already know the answer?”“ Juliet spread her hands helplessly.”“Because the victim didn’t die of strangulation, but heart failure or cardiac muscle rupture caused by shock! ”

“““The dead are all scared to death! ”

“““If this rumor were to spread, it would inevitably cause a large-scale panic among the people. This is a taboo for all those involved. Therefore, they would rather tacitly agree that he was strangled to death than disclose the real cause of death. ”

“““Being strangled to death, at least this is a murder! It’s man-made!”“ ”

“““So, you already knew that you were scared to death,”“ Zhao Yu rolled his eyes,”“but didn’t tell me the truth? Hmph! If I knew that you didn’t trust me, I wouldn’t have come to Maha Zaya!”“ ”

“““Don’t overthink it,”“ Juliet said.”“You should be able to understand what I’m thinking. You did so well with londee’s case that you almost left us all behind! ”

“““So, regarding the Gu mantong matter, I have to leave some cards up my sleeve, right?”“ ”

“““Hehe, londee’s case was for money, and Gu mantong has started to profit again!”“ Zhao Yu said sarcastically,”“when you become the president in the future, don’t forget the benefits of being a brother!”“ ”

“““Hahaha,”“ Juliet laughed.”“You’ve got a way with words, Zhao! My goal is very simple. As long as I can become the police chief in the future, I’ll be satisfied!”“ ”

“““I don’t understand. There are so many famous unsolved cases in Europe,”“ Zhao Yu said.”“But you chose a Southeast Asian case to be your top case. Isn’t that a little ridiculous? ”

“““Even if we solve the case, can it really help you rise to the top?”“ ”

“““Hahaha, my dear.”“ Juliet shook her head.”“You’re straying off topic. Let’s be professional, okay?”“ ”

“““Okay, okay, be more professional ...”“ Zhao Yu said.”“So, at the detective salon, no one else knew the real cause of death of the victim in the Goman Tong case?”“ ”

“““I feel that this topic is still a bit far away!”“ Juliet said seriously,”“after I received your message, I studied the last few cases again! ”

“““I realized that the last few cases are indeed a little different from the previous ones.”“ ”

“““Oh?”“ ““What’s the Difference?”“ Zhao Yu asked. ”

“““It’s ...”“ Juliet opened the photos in the file and said to Zhao Yu,”“in the early stages of the Goman child murder case, the murderer was very cautious, almost paranoid, and kept the crime scene clean!”“ ”

“““The previous crime scene was very clean. Except for the deceased and the Gu Man Tong in his arms, almost nothing was moved at the scene. ”

“““But, in the later cases, the crime scenes changed. They were no longer as clean as before. ”

“““At first, only a stool fell over, or the door wasn’t closed.”“ Juliet pointed at the photo.”“But later, the scene became more and more chaotic. The glass was broken, the water glass fell, and the table, stool, pots, and pans were all thrown to the ground. It seemed like there was a fierce fight at the scene!”“ ”

“““Oh ...”“ Zhao Yu suddenly got her attention and muttered,”“it seems that there is indeed something wrong with the murderer’s body!”“ ”

“““In the last case,”“ Juliet said,”“not only was the scene chaotic, but there was also a fight. Even the victim suffered secondary injuries!”“ ”

“““Secondary damage?”“ ”

“““The previous victims only had strangulation marks on their necks,”“ Juliet said.”“In this last case, there are bruises on the bodies, and there are several strangulation marks on their necks. They’re not as clean as before ...”“ ”

“““This means that ...”“ Zhao Yu said.”“The murderer was old, so he wasn’t as ruthless as before, and the deceased almost turned the tables! So, he was so scared that he didn’t dare to reverse the verdict again!”“ ”

“““I can’t deny that it’s possible. It could also be a disease, but ...”“ Juliet’s eyes glowed.”“There’s something else that’s very important!”“ ”

“““What does it mean?”“ ”

“““It means that our previous speculations were wrong,”“ Juliet said.”“We used to suspect that the Goman thong case might have been caused by a gang, and that there was more than one killer! ”

“““But now, it seems that this is not the case!”“ ”

“““Oh ... You’re right! There’s only one murderer!”“ Zhao Yu said,”“one person killed more than twenty people without leaving any traces. This person...Is really awesome!”“ ”

“““Of course,”“ Juliet said.”“There are many factors that can cause an unsolved case, and it’s also related to the local criminal investigation technology. Besides, the lack of surveillance cameras and other equipment is one of the reasons ...”“ ”

“““Indeed, if it were in our country,”“ Zhao Yu said,”“such a murderous demon,”“would have been caught long ago!”“ ”

“““So,”“ Juliet said,”“you’re right. Although the murderer has,”“stopped committing crimes, we still have a lot to investigate! ”

“““Maybe the truth is hidden in a place that we don’t pay attention to. As long as we find it, we can reveal the truth of the top case in Southeast Asia!”“ ”

“““Then ...”” Zhao Yu raised the information in his hand and said seriously,““about the suspects mentioned in the last case, I hope you can find all of them. We’ll filter them again to see if there’s any problem here!”” ”

“““Mm ...”” ”

Juliet had just nodded when his subordinate entered the house with a laptop.

“It turned out that his men had already found the police officers responsible for the Gu mantong murder case. Among them, there were five high-level leaders, more than ten middle-level police officers, and more than 40 Criminal Police detectives. ”

“““I think ...”” Zhao Yu looked at the name list and said,““the person who spoke to Mia on the phone was not an ordinary police officer. So, we should screen them from the middle and high-level leaders to see which one of them is still working at the National Guards Bureau!”” ”

“““Alright!”” Juliet said,““if we can find this man now, we won’t have to risk going to their police station tomorrow!”” ”

Chapter 1780: Another major event

“At midnight, Zhao Yu and Ding Lan were in their room. ”

“““That is to say ...”” Ding Lan looked at the information on her mobile phone and said to Zhao Yu,““tomorrow, when we go to the garrison guard station, our main purpose is to investigate these five people?”” ”

“““But, how should I investigate? Beating around the bush or getting straight to the point?”” Ding Lan said worriedly,““I’m afraid I won’t be able to get anything out of him by beating around the bush, but I’m afraid I’ll alert the enemy if I go straight to the point. This is going to be a headache!”” ”

“““We don’t have to worry about that,”” Zhao Yu said.““The French woman should have already made up her mind. She knows what to do. Let’s just wait and see.”” ”

“““What I’m afraid of now is that Mia’s death has nothing to do with this person. If that’s the case, we’ll all be in deep trouble!”” ”

“““That’s true,”” Ding Lan said.““Brother-in-law, I have a bad feeling about this. Promise me, once it’s proven that the death of Mia has nothing to do with the Maha Zaya, we’ll go back immediately!”” ”

“““Don’t get involved in Gu mantong’s matter anymore. This case has nothing to do with us. There’s no benefit in solving it. You’d better not be stubborn ...”” ”

“““Mm ...”” ”

“Zhao Yu nodded. He had the same feeling, especially after his conversation with Juliet. ”

“So far, he still couldn’t understand why Juliet was so interested in the Goman kid case. They didn’t even hesitate to use their country’s outstanding special agents and many resources, as well as take great risks.”

“He felt that even if Juliet wanted to use the Goman child case to rise to power, it would be a little farfetched.”

“Therefore, he could not help but worry that this French woman had other unknown motives. It was either related to politics or personal grudges.”

“But no matter which one it was, it was not good for him.”

“The feeling that Zhao Yu got was that, even before the investigation of the Gu Man Tong case had officially started, there were already many things that were beyond the case itself.”

“It seemed that there was a reason why this serial murder case, which had lasted for more than ten years and had more than twenty victims, had become an unsolved case.”

“So, he completely agreed with Ding Lan’s suggestion. Once they found out that the death of Mia had nothing to do with mahazaya, they would find an excuse to leave.”

““Brother-in-law,”” Ding Lan took out a gun and handed it to Zhao Yu,””bring it with you tomorrow for self-defense!”” ”

““But ...”” Zhao Yu took the gun.””Did you make a mistake? We’re going to the police station tomorrow, and we’re even bringing guns?”” ”

““It’s fine,”” Ding Lan explained.””Juliet and the others all brought guns. In mahazaya, foreigners are allowed to carry guns because some places are not safe. They advocate for foreigners to protect themselves.”” ”

““Okay ...”” Zhao Yu put away his gun and said casually,””then let’s get into bed and rest!””
Meowmeowmeowmeow ...”” ”

“After blurting it out, Zhao Yu was stunned. He never expected that he would mistake Ding Lan for Miao Ying and say “Meow Meow.”” ”

““Oh, no... No... Wrong ...”” Zhao Yu quickly waved his hands, then sighed helplessly.”

““What, are you treating me like my sister?”” “It’s fine, I’m fine with it,”” Ding Lan said calmly.””I’ll just go under the covers ...”” ”

“With that, Ding Lan took off her top and burrowed under the covers.”

Zhao Yu hugged his blanket and ran to the sofa.

.....

“The next morning, Zhao Yu woke up very early.”

“Even though he was sharing a room with his sister-in-law, he was quite open-minded, so he had a good sleep last night.”

“The reason why he woke up early was that he suddenly thought of something. Now that the five-day cooldown period was over, he could get a new hexagram. ”

“It was a critical moment in the investigation, so how could he not open a hexagram? ”

“Hence, Zhao Yu opened a new hexagram in his mind without even opening his eyes. ”

“In the end, after opening the hexagram, Zhao Yu’s cursing could be heard from the room.”“Oh my God, you can’t play like this!” ”

Whoosh ...

“Hearing Zhao Yu’s curses, Ding Lan jumped out of bed, her hand gripping the gun tightly. ”

“However, after seeing that Zhao Yu seemed to be talking in his sleep, Ding Lan lay back down lazily. ”

‘F * ck ...’

“Zhao Yu cursed in his heart,”“system boss, you really hate me to death. Just when I needed you the most, you gave me the Kun Qian hexagram. This is really ...” ”

AI!

“After letting out a long sigh, Zhao Yu turned his mind to the system interface and saw three big words appear in the hexagram area,”“Kun Qian Gen!” ”

Tsk tsk ...

“Regarding this standard super hexagram, Zhao Yu had an indescribable feeling. Sometimes he was looking forward to it, sometimes he was afraid, and sometimes he was speechless ... ”

“But no matter how he felt, the appearance of the Super hexagram undoubtedly indicated that Zhao Yu’s future trend would be very dangerous, or even earth-shaking! ”

It seemed like ...

“His trip to Maha Zaya this time was really the “right” decision! ”

“The appearance of the “Gen” hexagram indicated that there would be a major breakthrough in the case, but Zhao Yu didn’t know whether the so-called case was related to Miya’s murder case or the real Gu mantong murder case. ”

Sigh ...

“For a moment, Zhao Yu was filled with complicated feelings, and he couldn’t help but let out a sigh. ”

““Brother-in-law, are you okay?”” Ding Lan sat up in bed impatiently.”“It’s so early in the morning, yet you’re talking in your sleep and sighing. What are you trying to do now?” ”

““Hey ...” ”

“Facing his sister-in-law’s accusation, Zhao Yu could only continue to close his eyes and pretend to be asleep. ”

“Of course, pretending to be asleep was one thing. Taking advantage of this rare opportunity, he quickly placed a bet of 1700 points on a 700% completion rate.”

“In addition, he spent more than 2000 points to bet on an item called the laser booster.”

“This device was a special device among offensive devices. After using it, it could add a laser effect to the weapon, and its power could be imagined.”

“In the past, Zhao Yu had wanted to bet on this device, but every time, he had to bet on a completion rate of at least 700%. So, every time, he could only look at the device and sigh.”

“However, it was different this time. He had opened the Kun Qian change hexagram, so he could take a gamble.”

“After choosing the tools and points, Zhao Yu started to think about his next move.”

“Since the Kun Qian variation hexagram had appeared, it meant that he would encounter a major event no matter what. Therefore, he had to be fully prepared.”

“Sometimes, Zhao Yu had thought more than once about what would happen if he chose to avoid the Super big hexagram after getting it.”

“For example, if he had known that something big was about to happen today, he would have quickly taken a plane with Ding Lan and escaped. Would the hexagram have come true?”

“However, on second thought, there seemed to be another possibility, right?”

What if the so-called major incident happened on the plane instead of the police station? Then wouldn't he be even more miserable?

“So, Zhao Yu's mood began to sink, and his eyes were firm. He quickly calmed down.”

That's right!

“Since he had come, he would take it!”

“Since what was going to come would come, it was useless to hide and avoid. It was better to take a gamble and turn the situation around!”

“Moreover, since he had gotten a super hexagram, it meant that his idea might be right. Perhaps solving the number one unsolved case in Southeast Asia was no longer an unattainable dream ...”

“Thinking of this, Zhao Yu was no longer as uneasy and nervous as before, but calmly got out of bed to wash up and start preparing for the big event that was about to happen.”
