

Crazy 1791

Chapter 1791: uninvited guest

Toot ... Beep ...

“Hearing the busy tone from Zhao Yu’s phone, Ding Lan couldn’t help but remind him, ””””Stop hitting brother-in-law. If the phone falls into someone else’s hands, our location will be exposed!”” ”

Toot ... Beep ...

“However, Zhao Yu didn’t listen at all. He stubbornly called Juliet, but the phone didn’t go through. ”

“In the end, Ding Lan couldn’t take it anymore, so she grabbed Zhao Yu’s phone and hung up. ”

“Zhao Yu clenched his fists in anger and grabbed Abu Ajie by the collar. He asked agitatedly, ””””Tell me, is everything you said true? ”

””””Those French people were all killed by the explosion? What’s going on?”” ”

””””I ... Um ...””” Abu Ajie’s face turned pale with fright and he quickly explained, ””””I only received an internal notice, but I didn’t see it with my own eyes. But ... This matter is absolutely true! ”

””””The upper house specially sent me a notice to keep it a secret and not disclose it to the outside world. I got off work so late today because I was dealing with this matter ... ”

””””Of course ... There’s also the matter of arresting you two ...”” ”

””””Hurry up and tell me, what did the notice say?””” Zhao Yu asked, ””””did you see the live video? Did they really die from the explosion?”” ”

””””Not only the foreigners, but our people were also ambushed by the opposition! ””””Oh ...””” Abu Ajie was a little incoherent. ””””Let me tell you, this is what happened! ”

””””Originally, the military only wanted to bring the French back for questioning, but for some reason, the two sides had a conflict and started a fire! ”

””””At the Hilton Hotel. At that time, we also received a notice of assistance, and I also sent police officers over. ”

””””However, the military has more people and has already surrounded the entire hotel! In the end, the French were forced to surrender, and there were no casualties at the scene at first. ”

””””But, ”””” Abu Ajie panted, ””””when the military brought the French people into the car, they were suddenly attacked by the opposition at the hotel entrance!”” ”

””””A grenade hit the car that was escorting the French. The car exploded, and a few of our people died!
”

””””Then, both sides opened fire. In the end, the military won and forced the terrorists to retreat ... ”

““““Actually, things like terrorist attacks are quite common here. However, it’s the first time that so many foreigners have died ...”” ”

Bang!

“Zhao Yu’s fist landed on the seat, giving Abu Ajie a shock. ”

“At that moment, Zhao Yu’s heart was heavy. He had never expected Juliet and the others to end up like this. ”

“Even though he had lost contact with Juliet, he had not been too worried. ”

“He knew that Juliet and the others were professional agents, and even if they had a conflict with the local military, their lives wouldn’t be in danger. ”

“Moreover, even if they were caught by the military, they would not lose their lives! ”

“But the truth was so cruel. If Abu Ajie’s information was true, it meant that Juliet and her many men had been sacrificed! ”

“They had all been killed in the explosion, which was a result that Zhao Yu couldn’t accept. ”

“Although he and Juliet weren’t close, they had been through life and death together, and they were still friends. ”

It was such a pity that Juliet had died on a mission that wasn’t difficult ...

““““Brother-in-law,”” Ding Lan pulled Zhao Yu aside and whispered,””what should we do? They’ve already decided to kill us, we can’t stay here any longer! ”

““““Or ...”” ”

““““No!”” Zhao Yu said firmly,””I have to talk to that guy from the Ministry of Foreign Affairs! I need to know the details. I don’t believe Juliet just ...”” ”

““““Brother-in-law,”” Ding Lan hurriedly advised,””don’t act on impulse!”” Juliet’s death had clearly been planned. If he was right, it was pill Dragon! ”

““““This person’s human rights can topple a country. We can’t afford to offend him!”” ”

““““No,”” Zhao Yu gritted his teeth and said,””there’s no one I can’t afford to offend! Sister, listen to me. Let’s go and have a talk with that guy from the Ministry of Foreign Affairs!”” ”

“Then, Zhao Yu patted Abu Ajie and ordered,””Why don’t you give that guy a call and see where he is?”” ”

“As he spoke, he returned Abu Ajie’s phone and warned him in the local language,””Be careful, I can understand every word you’re saying. If you dare to play any tricks, you’re dead!”” ”

““““Yes, yes yes ...”” Abu Ajie trembled as he dialed the phone. The call was quickly picked up.””Hello?”” ‘Mali? I’m ah Jie, where are you? ”

““““Oh ... Oh ... ”

“““Nothing, I just want to talk to you about something important. I’ll be at your place in ten minutes, so you can tell the guard ...”” ”

“““Alright, alright, see you later ...”” ”

“After hanging up the phone, Abu Ajie quickly reported to Zhao Yu,” “Alright, he just got home. I’ve already made an appointment!”” ”

“As the phone was on speaker mode, Zhao Yu, who was using the invisible translator, could naturally understand what was going on. ”

“So, he immediately started the car and drove to where Mali was. ”

“After the car drove onto the main road, they soon encountered a checkpoint. ”

“However, the soldiers at the checkpoint all recognized the Chief of Police’s car, so no one stopped him. ”

“Just like that, Zhao Yu had a smooth journey and arrived at Mali’s residence. ”

“It was a relatively high-end local community with small villas with their own doors and courtyards. Under Abu Ajie’s signal, they quickly drove into one of the houses guarded by soldiers. ”

“After the car was parked, Zhao Yu gave Ding Lan a look, telling her to stay in the car and look after the two captives in the trunk. ”

“Besides, Ding Lan was a woman, after all, and Zhao Yu didn’t want her to show her face in public. ”

“When Zhao Yu escorted Abu Ajie out of the car, Zhao Yu reminded him in a low voice that the pistol was in his pocket, and that if he dared to play any tricks, he would shoot him immediately! ”

Abu Ajie naturally understood and quickly nodded.

“At that moment, the villa’s door opened, and a middle-aged man in a suit came out. It was the Vice Minister of Foreign Affairs, Mali. He quickly came before Zhao Yu and Abu Ajie and greeted them warmly, ”

“““Aiya, what kind of wind has blown our bureau chief here? Come on in, please come in ...”” ”

“Abu Ajie followed Mali into the house and exchanged a few words with him. Zhao Yu followed behind with his head lowered, not saying a word. ”

“After entering the living room, Mali immediately ordered his servant to pour tea for Abu Ajie. ”

“Then, the two of them took their respective seats, while Zhao Yu stood behind Abu Ajie respectfully. ”

“““Eh? And this is?”” ““What’s going on?”” Mali asked Abu Ajie, noticing Zhao Yu. ”

“““Oh, this is my assistant.”” Abu Ajie didn’t dare to act rashly and quickly explained,” “we’re all on the same side, on the same side!”” ”

“““Oh ...”” After sitting down Mali asked Abu Ajie,” “bureau chief, it’s the middle of the night, and you sounded so anxious on the phone just now. Did something happen?”” ”

“““Oh ... Oh ...”“ Abu Ajie stammered for a moment before quickly asking,““I heard that there was a terrorist attack at the Hilton Hotel today?”“ Is it ... Very serious?”“ ”

“““Oh?”“ ““Oh, it’s because of that. It’s okay. Don’t worry, chief. It has nothing to do with you!”“ ”

“““I’ve already asked the higher-ups for instructions. This matter will be handled by our Ministry of Foreign Affairs and the Ministry of Defense. You don’t have to worry about it. You just have to help us block the news!”“ ”

“““I know. I just wanted to ask about the situation,”“ Abu Ajie asked.”“Are those French people really all dead?”“ ”

“““You ... What do you mean by this?”“ Mali looked at Abu Ajie and said,““the grenade hit their car and exploded. They can’t even recognize the bodies ...”“ ”

Chapter 1792: Five suspects

“““Chief ah Jie ...”“ After the servant served the tea, Mali noticed Abu Ajie’s strange expression and immediately asked,““are you alright?”“ You don’t look too good. ““ ”

“““En ... This ...”“ Abu Ajie was so nervous that his forehead was already covered in sweat. ”

“““Hehe, it’s okay ...”“ Mali said.”“We’re old friends. Just tell me what you need!”“ ”

“““Um ... I’m worried ... I’m worried ...”“ Abu Ajie stammered.”“If a foreigner dies here, I’m afraid it will be bad for our country’s international situation, right?”“ ”

“““Oh?”“ ““That’s for sure!”“ Mali said, slightly stunned. After all, our relationship with France is a bit delicate, but ... It’s not impossible to solve it. After all, the grenades were released by the oppositions! ”

“““That’s even better. We can use this opportunity to carry out a large-scale clean-up and suppression of them. We can even seek international help. This way, it will be more beneficial for our reformists, don’t you think?”“ ”

“““Oh ... Yes, yes, yes ...”“ Abu Ajie wiped his sweat. ”

“““What’s wrong?”“ ““You don’t really care about politics. Why are you so nervous today?”“ ”

“““Nothing, nothing,”“ Abu Ajie said incoherently,““as long as it doesn’t affect our political power, that’s good, that’s good ...”“ ”

“““Hehehe ...”“ Mali chuckled and handed a cup of tea to Abu Ajie.”“Come, have some tea!”“ You look sick ...”“ ”

“““MA ... Mali ...”“ Abu Ajie’s finger was injured and he didn’t dare to take the teacup. He could only force himself to get to the point and ask Marion,““actually, I came here to look for you!”“ ”

“““I have a case here that I need your help with ...”“ He said. ”

““““Oh? Case?”” Startled Mali put down his teacup and asked,““““I don’t think I’ve heard of any new cases. Oh ...”” ”

“Mali slapped his thigh and quickly put his hands together in a Buddhist prayer gesture. He then turned to Abu Ajie and said, ““““I’m really sorry, I’m really sorry. I’ve been too busy recently and forgot about Marge’s family. I’ve sinned, sinned ...”” ”

““““Chief ah Jie,”” Mali asked, his eyes wide open.””““Are you here to investigate Marge? I heard that their family died in an accident ...”” ”

“Mali deliberately emphasized the word ““““accident””” to remind Abu Ajie to watch his words. ”

““““No... It’s not about that. It’s because of the file ...””” Abu Ajie organized his words and finally said his purpose,““““do you still remember the Guman Tong murder case that happened here four years ago? ”

““““The chairman of the horse Association, masasijie, was killed by the goatong killer. Then, we found five suspects ... ”

““““At that time, you were a translator for the foreign experts and participated in the investigation of the suspect, so...I think ...”” ”

“When he heard Abu Ajie mention the ““““Goman Tong murder case,””” Marion’s expression changed. It became sinister and terrifying. ”

““““To be honest, we lost some of the files, and I have to quickly make up for them!””” Abu Ajie was still weaving his lies.””““So, you should still remember the information of the five suspects, right? ”

““““Can you help me recall now so that I can fill in the files ...”” ”

““““Enough!””” Hearing this Mali suddenly stood up and pointed at Abu Ajie.””““You ... What do you want?””” Are you crazy? ”

““““At this time, with so many things happening, why are you still thinking about the old case from a few years ago? What do you want to know, huh?”” ”

“Abu Ajie didn’t expect that Mali would have such a big reaction. He quickly explained, ”

““““No, listen to me,””” Abu Ajie said.””““I just wanted to make up some information. No one else remembers, so I wanted to ask you!””” You are ...”” ”

““““What?””” All of a sudden, Mali saw Abu Ajie’s hand. His eyes widened as he asked,““““chief Ajie, your hand ... What happened?”” ”

““““Oh ...””” Abu Ajie quickly hid his fingers between his legs and shook his head.””““It’s nothing. I just got a little injured by accident!”” ”

““““Oh ... Yeah ...””” At this time Mali seemed to have noticed something from Abu Ajie’s abnormal state. He looked at Zhao Yu carefully, then slowly sat down and said to Abu Ajie,““““well, you want to know the information about the suspect in the Gu mantong case, right?”” ”

““““Alright, let me think. I should still be able to remember ...”” ”

“As he spoke, Mali picked up his teacup and took a sip. ”

“““That’s good, that’s good ...”” Abu Ajie’s face was full of smiles.”““I knew you would be able to help me. That’s great, hehe ...”” ”

“In the end, Abu Ajie was still giggling to himself, but Mali had already made a small move. He reached his arm under the coffee table to grab the hidden pistol! ”

“It turned out that he had already seen that there was something wrong with Zhao Yu, and he wanted to catch Zhao Yu off guard by pulling out his gun and striking first. ”

“However, who was Zhao Yu? As soon as he entered the room, his invisible detector had detected that there were weapons hidden under the coffee table. ”

“Therefore, by the time Mali tried to pull out his gun, Zhao Yu had already made his move. He jumped over Abu Ajie’s head and took out his gun in the air. When he landed, he pointed it at Marion’s temple! ”

“““Don’t move!”” This time, Zhao Yu used the local Malay language. ”

“At this time Mali had already taken out his gun, but he was just a second slower than Zhao Yu. His gun stopped in mid-air. ”

“When Zhao Yu shouted at him not to move, he immediately raised his hands and did not dare to move again. ”

“The next second, Zhao Yu grabbed Mali’s gun and pressed him down on the sofa. ”

“At that time, Abu Ajie had tried to escape, but when he thought of the female fiend outside, he gave up on the idea. ”

“““Who are you? Aren’t you too bold?”” “““What’s going on?””” Mali glared at Zhao Yu and asked, clenching his teeth. ”

Clang ...

“As soon as he finished Mali, the door exploded. One of his guards flew in from the outside and fell heavily to the ground. He vomited blood, fainted, and lost consciousness ... ”

“Then, Ding Lan entered the hall with a rifle in her hand and made an OK gesture at Zhao Yu. ”

“It turned out that Ding Lan had been observing the situation in the room from the outside. When she saw that Zhao Yu had been exposed, she immediately took care of Mali’s guards. ”

“““Ah?”” Hearing the noise Mali’s servant hurried to the living room to check. ”

Ding Lan aimed her gun at him and took control of him on the spot.

“Then, Ding Lan closed the door and tied up the unconscious guards and the servants. ”

“““Alright, department head MA!”” Zhao Yu pointed the gun at Mali and asked fiercely in the local dialect,”““now, can we have a good talk?”” ”

“““Who ... Who are you?”” Mali swallowed and asked,““what are you guys trying to do?”” ”

“““Hehe ...”” Zhao Yu smiled faintly, then stared at Mali and said,““now, tell me the five suspects in the Goman kid case. Who are they to Qianqian?”” ”

Chapter 1793: No more people can die

“““Oh, I remember now,”” Mali said, staring at Zhao Yu and Ding Lan.““You’re the two wanted Chinese, right?””

“““You guys are really bold!””

“““Do you know what we’re doing now? If you kidnap our diplomat, I can make you spend the rest of your life in prison ...”” ”

Pa ...

“Zhao Yu gave him a tight slap across the face, causing blood to flow out of the corner of his mouth and his face to swell.”

“““Cut the crap and answer whatever I ask you!”” Zhao Yu threatened her fiercely,““hurry up and give me the information of the five suspects!”” ”

“““I don’t understand ...”” Although Mali was in pain, he still stared at the five suspects and said,““why are you holding on to these five suspects?””

“““Don’t you think that enough people have died?”” ”

“““Oh?”” Zhao Yu’s eyes suddenly widened, as if he had just caught on to something.““It seems that you do know a lot of information! Tell me, did you already know that Marge’s family died because of the Goman kid case?”” ”

“““...”” Mali realized that he had said something wrong, but he still stubbornly said,““I advise you to stop before things get to the point of no return!”” ”

“““You didn’t make a big mistake. With the Embassy here, we will guarantee that you will be dealt with legally! However, if ...”” ”

Pa ...

“Another slap landed on his face, and it was so painful that he shivered.”

“““I think I can see it, tsk tsk ...”” After slapping him, Zhao Yu pinched Mali’s cheek and said,““I really missed a detail!”” Hehehehe ...”” ”

Zhao Yu’s sneer was creepy to Mali.

“““Four years ago ...”” Zhao Yu said with a grin. “““You were just an insignificant translator, but now, you’ve made a meteoric rise and become the Vice Minister of Foreign Affairs. You’re really young and promising!”” ”

“““What ... What do you want to say?”” Mali covered his face and wiped the blood from his nose. He could not help but show a look of fear. ”

“““What do I want to say?”” Zhao Yu said, ““no wonder you didn’t want to reveal the information of the five suspects! You must have received some benefits back then, right?”” ”

“““What ... What did you say?”” Mali trembled. ”

“““Oh?”” Zhao Yu’s eyes widened again, and he said in disbelief, ““it seems that I’ve finally found the person! ”

“““Speak! Did you go easy on him back then? You F * cking knew that one of the five suspects was the famous Gu mantong killer! But you still let him go! Why is that so?”” ”

“““You ...”” Mali roared in pain. “““You’re crazy!”” The Gu Man child case was a ghost case, and there was no murderer at all! I ... What am I supposed to do?”” ”

“““Tsk, tsk, tsk ... If I’m not wrong,”” Zhao Yu continued to exert pressure, ““the murderer has a close relationship with the pill Dragon representative, right? Did pill Dragon give you some benefits, so you decided to go easy on him? ”

“““That’s why you’re so successful today!”” ”

“““Ah ...”” Unexpectedly, under Zhao Yu’s pressure, Mali pushed Zhao Yu desperately, trying to snatch the gun from Zhao Yu’s hand. ”

“Zhao Yu was very strong, so he immediately put his hand around the man’s neck and pressed him against the coffee table. Then, he put his mouth close to the man’s ear and continued, ”

“““If I had to guess, the death of Marge’s family was also your doing, right? You’re pill Dragon’s loyal dog! ”

“““You’re a lunatic! Not only did you want to frame us, but you also killed all the innocent France workers. You’re too cruel ... ”

“““For the sake of profit, he even dared to release the Gu mantong killer ...”” ”

“Zhao Yu was complaining loudly, but Ding Lan suddenly saw something and quickly reminded him, “““Be careful!”” ”

“But before Ding Lan could finish her sentence, she saw in shock that Mali had picked up a fruit knife from the coffee table. Then ... Then ... Something incredible happened! ”

“However, after Mali picked up the knife, he did not stab it at Zhao Yu, but instead, he stabbed his own throat! ”

Puchi!

“The blade howled, giving off a terrifying tearing sound. ”

“No one knew how Mali did it, but he pulled out the knife and stabbed himself twice in the throat. Blood gushed out of his throat like a fountain, splashing onto Zhao Yu’s face. ”

“No... No, no, no... ”

Zhao Yu had never expected that Mali would be so cruel to himself. He panicked and quickly used his hands to block Marion’s wound.

“However, the knife had pierced through his carotid artery, and Zhao Yu could not stop it. Not long after Mali fell into a pool of blood, lifeless. ”

Damn it!

Zhao Yu threw the dead body away and punched the coffee table in frustration.

“Ding Lan was also dumbfounded. She stood there in a daze, regretting her slow reaction. ”

“““This ... This ... How did this happen?”” Seeing that Mali had committed suicide, Abu Ajie was so frightened that he fell to the ground and mumbled,““just what is this for?”” Can’t you just talk about it?”

“““Al!”” He covered his face in frustration.““It seems like ... I’m not far from death ...”” ”

“““Brother-in-law, I’m sorry ...”” Ding Lan apologized to Zhao Yu.““Just now ... I didn’t expect ...”” ”

“““...”” Zhao Yu didn’t speak, nor did he wipe the blood off his face. He was still immersed in the incredible horror. ”

“““Do you think ...”” Ding Lan gasped for breath and made a guess.““What you said just now, could it be that you hit his weak spot, and that’s why he committed suicide?”” ”

“““At least ... At least one thing is right!”” He said. Abu Ajie couldn’t help but interject,““it’s indeed a little suspicious for Mali to be promoted to Deputy Minister in just four years without any backing. I’ve been jealous of him for a long time!”” ”

“““He would rather commit suicide than cooperate with us!”” Ding Lan continued,““this shows even more how terrifying that force is! ““Brother-in-law,”” Ding Lan said in Chinese,““let’s stop playing and leave!”” ”

“““Brother-in-law ...”” ”

“Ding Lan shouted a few times, but Zhao Yu remained unmoved. ”

“““Brother-in-law, this is not the time to be in a daze,”” Ding Lan quickly advised.““I’m begging you, stop thinking about Gu mantong. Our lives are more important!”” ”

“““Dirty ... Tainted witness ...”” Zhao Yu blurted out the term for no reason, then turned his head and spoke to Abu Ajie in English,““bureau chief, aren’t you afraid of death? Why don’t you take your family and leave with us?” ”

“““In the future, when we go to war with that terrifying enemy, you can be a witness! How was it? Do you agree?”” ”

“““What? Follow ... Follow you?”” Abu Ajie was taken aback. ”

“““Brother-in-law, what are you saying?”” Ding Lan raised her objection in Chinese.”“This person is of no value to us anymore. He’s not a tainted witness!”” ”

“““I ... I agree!”” Abu Ajie suddenly reacted and quickly nodded.”“Please take us to China! My wife and child are innocent. I don’t want them to be implicated with me!” ”

“““Marge’s family was burned to death. It was terrible ... I agree, I agree ...””He said. ”

“At this emotional point, Abu Ajie actually shed tears of excitement again. ”

“““Did you hear that?”” Zhao Yu said to Ding Lan,”“because of Gu mantong, so many people have already died. I don’t want any more innocent people to be sacrificed! ”

“““So ... Let’s take them with us! ”

“““Won’t we be able to sit on the plane that’s picking us up?”” ”

“““I’m willing to sit, but is it worth it?”” Ding Lan couldn’t understand what Zhao Yu meant. ”

“““It doesn’t matter if it’s worth it or not,”” Zhao Yu said, squinting his eyes.”“One less person dying is always a good thing! ”

“““Come ...”” Zhao Yu helped Abu Ajie up and said,”“let’s go and pick up his family now, then leave together ...”” ”

Chapter 1794: An unexpected call

“At four o’ clock in the morning, Zhao Yu drove Abu Ajie’s car and stopped at an uninhabited beach to the East of mahazaya. This was the rendezvous point he had agreed to meet with secret services. ”

“In the car, besides Abu Ajie, his wife and child were also there. ”

Zhao Yu kept his promise and brought his family to the meeting place.

“With them were the three secret agents who had helped. Now that mahazaya was in danger, the three secret agents had no need to stay, so they left with Zhao Yu and the others. ”

“However, there were still more than two hours before the appointed time, so they had to wait patiently here. ”

“Two hours later, a helicopter would pick them up and send them to their country’s warship before returning to their country. ”

“Of course, just in case, Abu Ajie’s two security guards Mali’s security guard, and servants were also brought to the scene and detained in a small house by the sea. ”

They would only be released after everyone was safe.

“““Sir,”” while waiting for the meeting, one of the agents reported to Zhao Yu and Zhao Yu,””I’ve already checked the Hilton Hotel! ”

“““It was Juliet and her men who got into the accident, but I don’t know the specific casualties. ”

“““Right now, the France Embassy is putting pressure on the Maha Zaya side, and the Commissioner they sent is also on the way. ”

“““This matter isn’t as easy to deal with as you think. The France have a tough attitude. It is said that if it can’t be resolved properly, they won’t rule out the use of unilateral military measures!”” ”

“““Oh ...”” Zhao Yu nodded slightly, then said to Ding Lan,””so, the situation isn’t as optimistic as what Mali said?”” ”

“““That’s for sure!”” Ding Lan nodded.””Those who were killed weren’t ordinary citizens, they were all elite agents. It’s a shame that they died in Maha Zaya without even knowing the reason!”” ”

“““I think ... There’s more to this!”” Zhao Yu pondered for a moment and said,””although the reformists have established a new regime, the situation is not stable! ”

“““Pill Dragon is the representative of the new regime. At this time, he should focus on stability. How could he do such an irrational thing?”” ”

“““I think so too,”” Ding Lan said.””Could it really have been an accident?”” It was just a coincidence that he was attacked by the opposition? ”

“““Or is this a carefully-planned scheme of the oppositions? They want to use the death of the French to overthrow the new regime?”” ”

“““There’s also the possibility that the French planned it themselves,”” Zhao Yu said, surprising everyone.””To take the opportunity to enter Maha Zaya and take the lead! ”

“““I heard that a few decades ago, mahazaya was once a France colony?”” ”

“““It shouldn’t be this dark, right?”” Ding Lan pouted.””There are wolves and tigers waiting for you in the mahazaya area. It’s not a good place. They’re not stupid enough to jump into this fire pit!”” ”

“““Oh ...”” Zhao Yu didn’t understand the international situation, so he was speechless. ”

“In fact, the reason why Zhao Yu had made such a guess was that, deep down, he still didn’t believe that Juliet was dead! ”

“If it was just a show put on by the French, it meant that Juliet should still be alive. ”

“But now, it seemed that everything was just his own subjective imagination. ”

“Looking back on the past, although his father-in-law, Miao kun, didn’t have a high opinion of touqiang, thinking that she did things with a purpose, Zhao Yu felt that she was a loyal person! ”

“Take the house of sin incident as an example. If she didn’t convince the France military to go to the house of sin to save them, they would have died in the desert prison. ”

“Also, if she had wanted to force londee, the richest man in the world, to stay, even Miao kun and the others would not have been able to stop her.”

“However, she didn’t do that in the end. Instead, she did them a favor at no cost and fulfilled their wishes. Although she had taken the money later on, this friendship was very rare.”

“So, Zhao Yu had always had a good impression of Juliet and always treated her as a friend. Now that he knew that she had died in a conspiracy by mahazaya, he felt extremely upset.”

“He could tell that, although the solving of the goatle murder case was at the president’s behest, Juliet was particularly interested in the case itself. Otherwise, she wouldn’t have invited Zhao Yu to participate so enthusiastically.”

Sigh ...

“Sitting by the beach, Zhao Yu let out a long sigh. He was not willing to give up, but he was also full of regret ...”

“Two hours later, the sky had just brightened, and a medium-sized helicopter finally appeared above the sea.”

“Ding Lan quickly contacted the helicopter and confirmed its identity. Ten minutes later, the plane landed on the open space by the sea.”

“Seeing that they were about to leave safely, the agents, under Zhao Yu’s instructions, went to The House by the Sea, untied the hostages, and released them.”

“The location was remote. By the time those people ran out, Zhao Yu and the others would have already left safely.”

“After that, Abu Ajie’s family boarded the plane, followed by the three secret agents ...”

“Just as Ding Lan boarded the plane, Zhao Yu’s phone suddenly rang.”

Zhao Yu looked at the caller ID and his heart trembled.

“He had never expected the caller ID to be his France senior, Juliet!”

This ...

Zhao Yu was shocked and fell into great hesitation.

This phone call ... Should he answer it or not?

“At the same time, Ding Lan, who had already boarded the plane, noticed Zhao Yu’s abnormal behavior. She hurriedly shook her head at Zhao Yu, signaling him not to pick up the call, in case he exposed his location.”

“But ... It was Juliet’s phone number, after all. The sudden call was full of possibilities.”

What if ... What if Juliet was still alive?

“At that moment, the helicopter’s propellers were already spinning. As soon as Zhao Yu got on the helicopter, it could take off. ”

“So, Zhao Yu thought that even if their location was exposed, there wouldn’t be any danger. ”

“Thus, he made up his mind and answered the call. However, he did not say anything after he answered the call. ”

“#@?.....#@?.....”

“Zhao Yu could tell that it was a man with a sharp voice, and that there was also the sound of fierce waves on the phone. ”

This ...

“Upon hearing this voice, Zhao Yu instinctively realized something and quickly turned on his simultaneous translator. He finally understood what the other party meant. ”

“““Hey, Who are you? Do you recognize this phone? There’s a foreigner here. She’s a woman and she’s quite tall. Do you know her? ”

“““I ... I know him!”” Hearing this, Zhao Yu’s blood started to boil. He quickly asked,““she ... How is she? Where are you guys?”” ”

“““She’s fine, just unconscious ...”” The man on the phone said.““I came back from fishing last night and found her on the cliff. She was seriously injured, and her head was broken. We sent her to uncle ah Lu’s house in the village ...”” ”

A cliff? Injured?

“Zhao Yu quickly analyzed the situation and came to a conclusion. Juliet was not dead. She must have escaped from the attack, but was seriously injured. ”

“““I thought my phone was broken at first,”” the man continued.““I didn’t expect it to be turned off. I saw this number on the screen, so I called you! ”

“““Hey, if you know her, then come and pick her up!”” ”

Chapter 1795: traveling alone

Buzz ... Buzz ...

“The helicopter’s propellers were spinning quickly, and Ding Lan, who was in the helicopter, extended her arm to Zhao Yu and shouted,““““Brother-in-law, come up quickly! Who was it?”” ”

“Zhao Yu looked at his phone, then looked at Ding Lan, who was on the plane, with a serious expression.
”

“““Brother-in-law, hurry up!”” Ding Lan urged, ““if it’s used for positioning, then we’ve already exposed our position! Let’s get on the plane first, hurry!”” ”

“Zhao Yu gritted his teeth and thought of a plan. He finally reached out to grab Ding Lan, then jumped onto the plane. ”

“However, as soon as he got on the plane, before he could close the door, he suddenly took out a pair of handcuffs and handcuffed Ding Lan to the armrest of the plane seat with lightning speed! ”

“““Ah?”” Ding Lan was shocked.””Brother-in-law, what are you doing?”” ”

“““Younger sister, listen to me!”” Zhao Yu’s eyes were wide open.””Juliet is still alive, and she’s seriously injured. I’m going to save her now!”” ”

“““What ... What are you saying? ““Let ... Let me go ...”” Ding Lan struggled a few times, but the handcuffs were very tight. ”

“At the same time, whether it was Abu Ajie or the three secret agents, they were all dumbfounded. No one dared to move. ”

“““Younger sister, listen to me!”” Zhao Yu said solemnly,””I, Zhao Yu, have always been a loyal man. Now that I know Juliet is still alive, I have to save her!”” ”

“““No... No, no, no... Brother-in-law, you have to listen to me!”” ““This is definitely a trap!”” Ding Lan roared in excitement. You can’t be fooled!”” ”

“““Even if it’s a trap,”” Zhao Yu said determinedly,””I have to go!”” ”

“““Alright, let’s fly over to save her now. What do you think?”” Ding Lan’s voice changed in excitement.””Let go of me!”” ”

“““No!”” Zhao Yu said,””the people who saved Juliet have already called the police. If we just fly there like this, there will definitely be danger! ”

“““Listen to me, I’ll go save her. We’ll contact each other after I’ve saved her!”” Zhao Yu didn’t look back, but jumped off the plane and landed on the beach. ”

“““No!”” ““Let go of me!”” Ding Lan screamed.””I want to go with you!”” Brother-in-law, don’t ...”” ”

“““I’m sorry, little sister!”” Zhao Yu waved at Ding Lan.””You guys should leave this place quickly! I can take care of myself! Hurry up and run!”” ”

“Seeing that the pilot was still hesitating, Zhao Yu took out his gun and threatened him. The pilot had no choice but to control the plane to take off. ”

“The three agents quickly closed the hatch, and the plane took off ... ”

“After watching the plane leave, Zhao Yu finally felt at ease. He then turned around and got into Abu Ajie’s car, driving in the direction of the location he had just received from the phone. ”

“It was a fishing village on the West Coast of mahazaya, more than 100 kilometers away. As there were no highways in the area, even if the roads were smooth, it would take Zhao Yu at least an hour and a half to get there. ”

“Actually, Zhao Yu had thought of using a helicopter to pick them up. ”

“But on second thought, he couldn’t tell if it was a trap. He couldn’t let the helicopter take such a big risk. ”

“Furthermore, this was still the territory of the mahazaya, and now that the sky was bright, flying over would only increase the danger. ”

“Therefore, he finally decided to go and check it out himself. ”

“If it was true, he would find a way to evacuate after he settled Juliet. ”

“And if it was a trap, he could definitely escape unscathed with his super prop. ”

“It was precisely because of this that he decided to go alone. If he brought Ding Lan with him, he would have a lot more to worry about, and he wouldn’t be able to use many of his skills. ”

“On the way, Zhao Yu couldn’t help but look at the Kun Qian hexagram in his mind. He finally understood that when a super hexagram came out, he couldn’t help but move. He couldn’t Dodge it just because he wanted to! ”

Di di ... Di di ...

“As he was rushing forward, Zhao Yu’s phone rang again. This time, it was Ding Lan. ”

“Without a doubt, Ding Lan wanted to question him. ”

“Zhao Yu didn’t want to pick it up, but he was afraid that Ding Lan would do something dangerous, so he couldn’t help but pick it up. ”

“””Why, brother-in-law? I just don’t understand. That French woman is not related to us at all. Why would you risk your life to save her?”” ”

“As soon as the call connected, Ding Lan’s barrage of questions came through. ”

“””This isn’t about family,”” Zhao Yu said solemnly.””I, Zhao Yu, have always been loyal. Juliet saved us from the house of sins, and I can’t just watch her die!”” ”

“””Save, we can save, it’s not that we don’t want to save!”” Ding Lan said angrily,””but as long as you call the France Embassy, we’ll be done with our duty. Why did you walk into the trap?”” ”

“””Brother-in-law, so many people have died. Are you really not afraid of death? Why do you have to do this?”” ”

“””No! Little sister!”” Zhao Yu said seriously,””it’s because so many people have died that I can’t just stand by and do nothing. Juliet, I have to save her! ”

“””Don’t try to persuade me anymore. Don’t worry, your brother-in-law won’t die so easily. Listen to me, send everyone back first and wait for my call!”” ”

“““Brother-in-law, brother-in-law ...”” Ding Lan saw that Zhao Yu was about to hang up the phone and quickly advised him,””how about this, you can go if you want, but you must be careful!”” ”

“““If you find that the situation is not right, quickly retreat, understand?”” ”

“““Yes, I know what to do!”” Zhao Yu said,””you guys have to be careful too!”” ”

“Then, Zhao Yu finally hung up the phone and let out a long sigh of relief. He stepped on the gas and sped towards the target. ”

“Zhao Yu didn’t stay idle on the way. Through the GPS, he found that Juliet had been rescued by the fishermen, which was quite a distance from the Hilton Hotel where the explosion had taken place. ”

He didn’t know how Juliet had gotten to the fishing village.

And how did he escape the explosion?

“Perhaps ... She had already escaped when they were surrounded by the military? But, how did she get injured? ”

“Had she been injured from the start, or had someone been hunting her down? ”

Tsk tsk ...

“Zhao Yu recalled the conversation he had with the fisherman. He could tell that the other party was a ruffian, and he spoke like a fisherman. It didn’t feel like a trap. ”

“However, the fisherman told him that he had indeed called the police before. If the military found out, there might be trouble! ”

“Therefore, his top priority was to rush over as soon as possible and see the situation first. ”

“After daybreak, the curfew was over, and there were more cars and pedestrians on the road. In order to avoid being discovered, Zhao Yu didn’t dare to drive at his fastest speed. ”

“About an hour later, they finally arrived at the location marked on the navigation. There was indeed a seaside town that was far away from the city. ”

“However, when he entered the town, Zhao Yu couldn’t get through to Juliet. ”

“This time, the call was no longer a busy tone. It went through, but no one picked up. ”

Not good ...

“Zhao Yu instinctively realized that something was wrong, so he quickly found a hidden place to park the car. He then walked towards the fishing village by the sea. ”

“As soon as he entered the fishing village, he heard a shrill cry. ”

“Following the crying, he soon saw that the fishermen were gathered at the door of a shop, shaking their heads and sighing. ”

“Zhao Yu secretly held the gun, then quickly went over. He was shocked to see that the shop had an icon of a pharmacy on it. There were also many medicines in the shop, so it was obviously a pharmacy. ”

“At this moment, there were three bodies lying in the pharmacy. Someone was crying and covering the bodies with a white cloth ... ”

Chapter 1796: furious detective

“Zhao Yu had already turned on the real-time translator, so before he asked anyone in detail, he had already heard the general situation from the discussion of the crowd. ”

“Some people had already mentioned the word ““foreigner,””””woman,””””murderer,””” and ““Dr. Ah Lu.”” ”

“Zhao Yu remembered that the fisherman on the phone had mentioned Dr. Aru, saying that Juliet was being treated in his clinic. ”

It seemed like ...

“““Eh? ““Police ... The police are here ... Get out of the way ...””” As the crowd exclaimed, Zhao Yu suddenly noticed that the onlookers were all looking at him. ”

Only then did he remember that he was still wearing a police uniform!

This matter is so troublesome!

“Zhao Yu smacked his head and quickly adjusted the real-time translator, then said in the local language, ““What’s wrong? What’s wrong? What happened? Who can tell me what’s going on?”” ”

“““Someone’s dead, someone’s dead! ““You’re finally here ...””” An old man wearing a local ethnic costume hurried forward and said,““Dr. Aru and his wife, as well as the fisherman, Malfoy, were killed by someone. They were killed with a gun. It’s a terrible death!”” ”

Thump ...

“Even though Zhao Yu had expected this, he still felt a little uncomfortable. He immediately said, ”

“““Slow down, who killed them? Why did you kill them?”” ”

“““It’s like this,”” the old man quickly replied.””Malfoy saved an injured foreign woman last night and sent her to Dr. Aru’s clinic for treatment ... ”

“““Dr. Ah Lu said that the foreigner was seriously injured and was afraid that he couldn’t be cured, so he called the police. But, unexpectedly, by dawn, the police didn’t come, but a group of criminals with submachine guns! ”

“““They ... They rushed in and killed Dr. Aru, his wife, and Malfoy!”” As he spoke, the old man had already shed tears.””I was helping Dr. Ah Lu. If I didn’t go to the toilet in the morning, I’m afraid ... I wouldn’t have survived ... Sob ...”” ”

“As the old man cried, the people in the room also started to cry. The entire clinic was filled with sorrow. ”

““Where are they? Where’s that foreign woman?”” Zhao Yu asked. ”

““She was taken away by those robbers. The woman was very heavy. I saw three or four robbers carrying her away ...”” The old man recalled.”“Then, she got into a car and drove South!”” ”

““Criminal?”” Zhao Yu asked again,”“what kind of criminals? Are they soldiers of the government or the opposition?”” ”

““This ...”” The old man shook his head helplessly.”“How could we tell ... Police officer, you have to stand up for Dr. Ah Lu. They died so miserably!”” Wuwu ...”” ”

Damn it!

“Zhao Yu sighed gloomily. He didn’t expect that he would be one step too late, and that someone would steal Juliet before him. ”

Then ... Who could this group of people be?

“According to the fisherman, they had only called the police, but not a single police officer had arrived. There must be something wrong! ”

“So, Zhao Yu had to assume that the people who took Juliet were the military who had wanted to arrest them! ”

“If it had been the opposition, they wouldn’t have been able to intercept the police’s phone call, and they wouldn’t have gone to such great lengths to attack Juliet. ”

There might be many other reasons behind this!

“Now that Juliet had been taken away, how was he supposed to find her? ”

AI!

“Just as he was sighing, Zhao Yu saw a little boy about ten years old run in from the back of the clinic. The little boy was crying on top of ah Lu and his wife’s bodies. The scene was extremely tragic. ”

The neighbors quickly pulled the little boy back and brought him into the back room ...

“After that, Zhao Yu went into the house to check on the body and asked some questions. He then found out that the little boy was the child of ah Lu and his wife. ”

Who would have thought that the little boy would become an orphan overnight ...

And all of this ...

* Crack crack ... *

“The more Zhao Yu thought about it, the angrier he got. His veins were bulging, and he clenched his fists. ”

“He had thought that his departure would bring him temporary peace, but he did not expect that the killing was still going on. It had nothing to do with his departure. ”

“Without a doubt, all of this was caused by the Goman kid case, and the culprit was the person who had been trying to hide the truth behind the scenes!”

“In order to stop the investigation, this guy disregarded life and killed so many people. It was really detestable!”

“And now, he had taken Juliet, who was already seriously injured, and was in even worse shape.”

No!

“Zhao Yu stood up and thought to himself,“I have to find a way to save her, and I can’t let the murderer off, no matter who he is!””

Then ... How could he save her?

“Just as Zhao Yu was thinking about this, there was a commotion outside. A villager pointed into the distance and shouted,“Alright, alright, the police are all here, the police are here!””

This ...

Zhao Yu quickly ran out of the clinic and looked into the distance. He saw a police car driving towards the clinic.

“He was a wanted criminal now, and if they met, he would definitely not have a good ending.”

“So, Zhao Yu turned and walked in the opposite direction.”

““Eh?”“Officer, where are you going?” the old man from before saw that Zhao Yu was about to leave and quickly stopped him.”

““I ... Um ...” Zhao Yu pointed to where he parked his car and started to lie,“I’ll go get the walkie-talkie and call more people over!””

““Oh ...” Although the old man still had doubts, the police was a daunting profession in the eyes of the local people, so he did not dare to stop them.”

Zhao Yu took the opportunity to Dodge the crowd and quickly ran towards his car.

“At the same time, the police car had arrived at the clinic, and a police officer got out of the car to ask about the situation.”

“Zhao Yu was worried that he would be exposed, so he immediately hid behind a house, then ran around the house and returned to his car.”

Whoosh ... Whoosh ...

The situation was so critical that Zhao Yu didn’t have time to think about his next plan. He quickly took out his car keys and wanted to leave the scene as soon as possible.

“Before he could insert the car key into the keyhole, a cold wind suddenly came from behind his head, and an orange rope was wrapped around Zhao Yu’s neck!”

“The rope immediately tightened, and Zhao Yu was tied to his seat.”

““Ah!”” ”

“Zhao Yu was shocked and struggled hard, but he found that the person who was holding him was very strong, and he couldn’t break free. ”

“In less than two seconds, Zhao Yu felt a suffocating sensation on his neck, and he could no longer breathe. Moreover, as the rope continued to tighten, he felt that his neck had begun to twist and deform ... ”

Wu...Wuwuwu ...

“Zhao Yu tried to grab the rope, but the rope was tightly wrapped around his neck, and he couldn’t move at all. ”

“The next second, he quickly reached for the pistol at his waist, but before he could pull it out, a strong force suddenly came from behind him. His neck made a cracking sound, as if his bones were about to break ... ”

“It happened so suddenly that Zhao Yu wasn’t prepared at all. He suddenly felt a lack of oxygen in his brain, and his thoughts stopped. He couldn’t think of anything, and even put down the hand that was pulling out the gun. ”

“However, Zhao Yu was not a newbie. At the critical moment, he instinctively used an invisible breathing device! ”

“After inhaling a breath of oxygen, he suddenly felt that his mind was clear. His eyes suddenly lit up, revealing an angry and ruthless light ... ”

Chapter 1797: a man’s words are not kind when he is about to die

“The moment he regained his senses, Zhao Yu didn’t rush to take out the gun from his waist, but used his left hand to adjust the handle under his seat and leaned back! ”

Ka ...

“The seat fell backward and hit the assassin in the back seat, trapping him there. ”

Oh ...

“The killer let out a pained cry, clearly in a panic. ”

“As the seat tilted, the rope around Zhao Yu’s neck loosened, allowing Zhao Yu to temporarily escape the danger of his neck being broken. ”

“However, the rope was still around his neck, and he was still not completely out of danger. ”

“This time, Zhao Yu didn’t hesitate to take out his pistol, release the safety, turn his wrist, and shoot at the back seat! ”

Oh ...

“The killer’s scream came from the back seat again, and Zhao Yu suddenly felt that there was no pressure on his neck. He took the rope off his neck. ”

“Zhao Yu didn’t dare to delay, so he quickly turned around and aimed the gun at the killer behind him. He was shocked to see that the killer had been shot in the abdomen and had lost his ability to resist. ”

“However, when Zhao Yu saw the killer’s face clearly, his eyes instantly widened, and he was greatly surprised. ”

No way!

“He did not expect to know this killer. He was the chief Inspector, Qi kun, who had investigated the Goman kid case with Mia! ”

This man was also the number one suspect in killing Mia.

Cough ... Cough cough ...

“Due to the end of the breathing device, Zhao Yu suddenly felt an uncomfortable feeling in his throat. His qi and blood were not flowing smoothly, and he found it difficult to breathe. ”

“He touched his throat, only to find that his neck had been strangled to a deep groove, and the injury was very serious! ”

He had no choice but to use an invisible breathing device and extend the time of the breathing device to regain fresh oxygen.

Oh ...

Oh ...

“At this moment, Qi kun was covering the wound on his abdomen with his hand, but blood was still flowing out, and it could not be stopped. ”

“””Over there ... Over there ...”” ”

“Who knew that at this critical moment, a wave of noisy shouts came from the distance. ”

He looked up and saw the old man leading a group of police officers at the village entrance. He was pointing at his car and gesturing.

The police officers took out their guns and rushed towards Zhao Yu’s car.

F * ck!

“Zhao Yu covered his neck gloomily, then quickly started the car and drove towards the main road. ”

“When the police saw Zhao Yu start the car and run back to the town, they probably went to get the police cars. ”

“””You ... Oh ...”” Just as Zhao Yu was in a hurry to escape, Qi kun spoke from behind,“”why are you driving Abu Ajie’s car? where is he?”” ”

""Oh?"" "

"This sentence reminded Zhao Yu of Qi kun's importance. If he wanted to find Juliet and understand the truth, he couldn't let Qi kun die! "

"Hence, Zhao Yu quickly took out the invisible hemostatic agent and used it on Qi kun. "

"However, the system quickly sent a reminder that the user's injuries were too severe, and the hemostatic agent could not be fully effective. "

"Zhao Yu understood that Qi kun had suffered a fatal gunshot wound and would not be able to survive. However, he still insisted on using the hemostatic agent on him. "

"His meaning couldn't be any more obvious. Even if he died, he wanted him to die a little slower. She still had a lot of things to ask him! "

""Qi kun,"" after using the hemostatic agent, Zhao Yu drove in a hurry, while asking Qi kun in Thai,""it seems that you know me? Why do you want to kill me?"" "

""Oh ... Cough, cough ..."" Qi kun coughed up blood and gritted his teeth.""So ... You know me too!"" He said. You can actually ... Speak Thai ..."" "

""Sawadika ..."" Zhao Yu turned around and glared at Qi kun, then said,""I didn't expect that we would meet in this way!"" "

""You're trying to make me die the same way as Mia! It's a pity that you're one step behind. You forgot that the car seat can fall back ..."" "

""Hmph ..."" Qi kun snorted coldly, and his face was extremely pale. However, he did not answer Zhao Yu's question directly. "

""Alright,"" Zhao Yu said faintly,""let's talk about the Gu mantong case! Tell me, is the real culprit behind this the pill Dragon representative?"" "

""..."" Qi kun gasped for breath with difficulty and still did not answer Zhao Yu's question. "

""Sigh, what's the point of hiding it at this point?"" Zhao Yu started to beat around the bush.""Did you already catch the murderer when you were investigating the Gu mantong case? "

""In the end, the pill Dragon representative found you and asked you to let him go. Then ... He gave you a lot of benefits? But, why are you still following him?"" "

""..."" Qi kun grinned, still not saying a word. "

"At that time, even though Zhao Yu was driving very fast, the surrounding terrain was open, and police sirens could be heard from behind. "

"He looked back and saw the police car from before, chasing after him quickly. "

Zhao Yu had no choice but to step on the gas pedal and speed up.

""Alright, if you can tell me the answer,"" Zhao Yu turned to Qi kun and said,""I'll take you to the hospital now. You can still be saved!"" "

“““Pill Dragon gave you so much money. You have to be alive to spend it, right ...”” ”

“““Hmph ... You don’t know anything at all ...”” Qi kun finally said with a trembling voice, but this sentence clearly showed his attitude. ”

Tsk tsk tsk ...

“Zhao Yu pouted and felt depressed. If there weren’t people chasing him now, if Qi kun wasn’t dying, he would have many ways to make this guy talk ... ”

“““Fine, you said I don’t know anything, right?”” Zhao Yu said,““alright, tell me, what do you know?”” ”

Qi kun was speechless.

“““I look down on people like you the most. You dare to do something but don’t dare to admit it!”” Zhao Yu had no choice but to use the last resort and started to mock him,““you betrayed us, killing our brothers who had gone through life and death together. You’re too inhumane! ”

“““I look down on you, I despise you ...”” ”

“““Cough ... Cough, cough ...”” Qi kun was so angry that his chest heaved up and down, and he coughed out another mouthful of blood ... ”

“““This is called”” one can’t live with one’s own sins. ““Do you see how many people you’ve already killed? Is it worth it to keep a secret?”” Zhao Yu continued,““how many people did the Gu mantong killer kill? As a police officer, not only did you not fulfill your duty to arrest the murderer, but you even helped the evildoer. ”

“““Don’t you think that you’re even more despicable than the murderer?”” ”

“““I ... Cough, cough ...”” Qi kun coughed up another mouthful of blood. After panting for a long time, he pointed at Zhao Yu and said weakly,““you don’t have to say anymore, Chinese man! You don’t know anything, and I won’t tell you anything! ”

“““If I die, you won’t be able to live either! ”

“““You will never ... Cough cough ... Never know the truth! Cough cough ... Cough cough ...”” ”

Qi kun’s coughing became more and more severe. It was obvious that he was on the verge of death.

“““Hey, take it easy,”” Zhao Yu said in a hurry.““You’re going to die soon. Can’t you say something?”” ”

“““Why do you want to kill me? Who was the one who stole the French woman? And Gu mantong ... Hey...Hey...Hey ...”” ”

“““Hu ... Hu ...”” Qi kun covered his wound and looked at Zhao Yu ferociously. At last, he spat out three words,““go’ die ‘!”” ”

“After he said that, his pupils dilated and he lay down in the car seat, not moving anymore ... ”

“At the same time as Qi kun’s death, the police car from before had caught up with Zhao Yu and was shouting at him, signaling him to stop the car. ”

“F * ck you, you F * cking bear!”

“Zhao Yu felt a suffocating feeling in his chest, and his blood was boiling. He immediately grabbed the steering wheel and turned it with all his might, then slammed into the police car!”

The front of the police car swerved and fell into a ditch nearby ...

Chapter 1798: My way

“Zhao Yu’s hit was too brutal. After the police car fell into the ditch, it first hit the slope of the ditch, then flipped over and fell to the bottom of the ditch.”

“However, the ditch was not dry. There was nearly half a meter of sewage at the bottom of the ditch. After the police car overturned, the sewage drowned the police officers inside the car.”

Creak ...

Zhao Yu quickly stepped on the brakes and stopped the car by the ditch.

“He waited for more than ten seconds, but he could only see an arm knocking on the window under the ditch. He didn’t see any police officers coming out of the car.”

“If this continued, the people inside would definitely drown.”

Al!

“Zhao Yu sighed gloomily, then opened the car door and jumped out of the car. Without thinking, he jumped into the dirty and smelly ditch.”

“Then, he waded to the front of the police car and reached out to pull the door, but the door was already deformed and couldn’t be opened.”

“At this time, as the police officers in the car had choked on water, there were bursts of coughing sounds. It was obvious that the situation was quite critical.”

“Zhao Yu had no choice but to use three breathing devices in a row. He first used them on the three police officers who were trapped in the car, so that they could breathe smoothly.”

“After that, he used the invisible disrupter to finally open the car window and pull the people out of the car.”

“Soon, a passing car saw this and stopped. A group of people surrounded the ditch in the blink of an eye. They carried the injured police officer to the shore in a flurry.”

“The policemen were seriously injured. Although their lives were not in danger, they were still lying on the ground, unable to move. They didn’t have the time to arrest Zhao Yu.”

“Zhao Yu watched as they got out of danger, then returned to his car, stepped on the gas, and left the scene.”

He drove on the main road for a long distance before he stopped the car in a relatively quiet forest.

“At that moment, Zhao Yu’s mood was extremely complicated. He was covered in mud and reeked of a foul smell. He was in a sorry state, and looking at the dead body in the back seat, his morale was even lower.”

“Not only was his appearance muddy, but his heart seemed to have fallen into a bottomless quagmire, and he couldn’t get out no matter how hard he struggled.”

Previously Mali MA Anning had refused to reveal the name of the mastermind behind the scenes.

“Now, Qi kun was doing the same. He would rather die a miserable death than reveal any useful information to Zhao Yu.”

“So far, Zhao Yu still didn’t know the truth of the Goman Tong case, nor did he know anything about the five suspects. He didn’t even know where Juliet had gone, or if the mastermind behind the scenes was the powerful pill Dragon representative.”

What to do?

“Zhao Yu had to start thinking seriously, was there any need for him to stay?”

Was he really going to let go?

“Other than Mia’s murder, none of the other cases seemed to have anything to do with him. However, he could not get over this!”

“Perhaps, this was the nature of a detective?”

“The crueler reality was, the stronger his desire for the truth was.”

Zhao Yu still couldn’t understand why so many people had died because of the mysterious Gu Man case. Why did things get out of hand?

What did the mastermind behind the scenes want to do?

“Was it just to cover up the truth, or was there another purpose?”

Whoosh ... Whoosh ...

Cough cough ...

“Zhao Yu panted heavily, but because of the injury on his neck, his breathing was not smooth, and he kept coughing.”

“However, as his mood calmed down, he could breathe normally without the help of the invisible breathing device, just that he could not use too much force.”

“Gradually, he tried to calm down and think seriously.”

Yes ...

“He was a detective. Even if he didn’t get the clues he wanted, could he infer something from what had happened?”

“First of all, why did Qi kun appear in that fishing village town, and why did he suddenly attack him ... ”

And ...

“Zhao Yu finally thought of a key question. If Qi kun was going to kill him, would he have a gun with him to increase his chances of success? ”

“At that time, he had an invisible detector on in his mind. If Qi kun had a pistol, he would have detected it long ago and not fallen into his trap. ”

Then ... That was to say ... Qi kun did not go for her?

Then what was he going to do?

Could it be ... That he wasn't the one who stole Juliet?

He was only here to find out about the situation?

“Then, he accidentally discovered him, so he decided to kill him at the last minute, and then tried to strangle him to death with a rope? ”

Then ...

Zhao Yu carefully looked at the detector and quickly found the signal on the phone on Qi kun's body.

“In fact, when Qi kun had attacked him, the detector had already caught Qi kun's mobile phone, but because it was not obvious, it did not attract Zhao Yu's attention. ”

The invisible detector would only sound an alarm when it detected a dangerous weapon.

“Hence, Zhao Yu quickly searched Qi kun's body and found his phone. ”

“However, when he opened the phone, there were no messages. There were no photos, no messages, no software, and not even a call record. ”

“From this, it could be seen that this phone was only used to make calls, and after the call, it would automatically delete the record. ”

Cough cough ...

Zhao Yu felt suffocated and coughed a few more times. He then put down his phone and calmed down to analyze the situation.

What was he going to do next?

Contact Ding Lan and evacuate immediately?

Or ... Try to track Juliet's cell phone signal?

Or perhaps ... Or ...

“In that instant, the past flashed through his mind like a trotting horse lamp. The tragic deaths of Marge's family, Mali's suicide, the France team that was attacked, Juliet who was seriously injured, Dr. Aru and the fisherman who died in the clinic, and Qi kun who was in front of him ... ”

“As he was thinking, Zhao Yu’s eyes suddenly flashed with a cold light, and an idea formed in his mind.”

Or else ...

I’m going to ... Go big in Maha Zaya this time?

Right!

“Since the mastermind behind the scenes is so confident and brutal, I’ll let him have a taste of the power of a crazy detective!”

“So what if you have the power to topple a country? If you provoke me, I’ll fight you to the death and get rid of evil for the people!”

“Thinking of this, Zhao Yu looked at Qi kun’s phone and thought about his plan again. He then whispered, ““““Qi kun, didn’t you say that I don’t know anything?”

““““I don’t believe in this. Today, I’m going to reveal the truth for you to see!”

““““Didn’t you want me to die?”

““““Then don’t rush to hell. Open your dog eyes and watch. Let’s see if it’s me or the mastermind who dies!”””

“Thinking of this, Zhao Yu bent down and carried Qi kun’s body out of the car, then put it in the trunk.”

“Then, he adjusted his emotions, started the car, and drove out of the forest.”

“After he drove out of the woods, he turned the car around and drove straight to the city center of mahazaya. This time, his goal was very clear. The place he wanted to go was none other than the most heavily guarded place in the entire mahazaya country, the state capital building!”

Chapter 1799: Showing off in Hushan

Wuuu ...

“At around ten in the morning, Zhao Yu drove Abu Ajie’s car into the city center. As he was approaching the parliament building, he was stopped at a military checkpoint.”

“The soldiers at the checkpoint were fully armed with loaded guns. After seeing that the car Zhao Yu was in was full of mud, they were instinctively on alert. The soldiers behind them kept their rifle triggers tightly.”

“However, when the window was rolled down and the soldier in charge of inspection saw who was sitting in the car, he suddenly straightened his back and saluted.”

It turned out that Zhao Yu wasn’t stupid enough to break into the parliament building. The reason he was fearless was that he had made up his mind to use an invisible disguise device to change himself into Abu Ajie’s appearance.

“Hence, the soldiers only thought that the person sitting in the car was their Garrison guard bureau chief. ”

“However, after the salute, the soldier in charge of the inspection still bowed and said respectfully, ““““Director, you know the rules. Please show me your ID! ““““And ...”““ He took a form.”““You have to register!”““ ”

Cough cough ...

“Hearing the other party’s request, Zhao Yu couldn’t help but cough a few times, feeling a little suffocated in his chest. ”

“As he had come in a hurry, he did not have any documents. ”

MMM...MMM...Mm ...

Zhao Yu was stunned.

““““Director,”“ the soldier handed the form back to the car and said,”“sorry to trouble you ...”““ ”

Al!

“Seeing that the situation was not as simple as he thought, Zhao Yu made up his mind and put on an extremely unhappy and impatient expression. He then shouted at the soldier, ”

““““I’m telling you, it’s pill Dragon’s representative who asked me to come. Give him a call now and see if he’ll let me in!”““ ”

““““Ah?”“ The soldiers were shocked. The leader quickly bowed deeply and begged,”“director, please don’t make things difficult for us. We’re just following orders. The situation has been tense recently. I hope you can understand ...”““ ”

““““I’m not making things difficult for you. Call the pill Dragon unit’s representative immediately,”“ Zhao Yu roared, his eyes wide open.”“You’ll know what’s going on once you call! Hurry up!”““ ”

““““Don’t ... Don ‘t, don’ t, don’t ...”““ The leading soldier hurriedly waved his hand and said,”“how would I dare to call the representative! ”

““““How about this? we know you, so we don’t need to look at your documents. But please fill out the form, and then we will do a routine check before letting you in. Is that okay?”““ ”

Oh ...

“There was a dead body in the trunk, and the back seat was covered in blood. He should have felt guilty when he heard that the other party wanted to do an examination. ”

“However, Zhao Yu was not an ordinary person. He had already thought of a countermeasure that would not be an ordinary one. ”

“So, he took the Guard’s form, tore it into pieces, and then opened the door and got out of the car in a very irritable way! ”

““““Ah?”““ ”

“The soldiers saw Zhao Yu’s rage, but they couldn’t do anything about it. They quickly surrounded him, trying to calm him down.”

“However, Zhao Yu pulled the Guard’s collar, then pointed at his own neck and said, “Take a good look, I was almost strangled to death just now!””

“Ah?”

His words immediately left the guards in a daze.

“Come here,” Zhao Yu pulled the man’s collar, pointed to the blood on his back seat, and said, “take a good look, I was almost killed!”

“This ...”

“My guards are all dead,” Zhao Yu said, pointing at the stinky mud on his body. “Look at me, can you see how dangerous I am?”

“...” The guards stared at each other and touched their heads.

“Come here!” Then, Zhao Yu brought them to the back of the car. He opened the trunk without hesitation, revealing Qi kun’s body.

“Look! You guys take a good look! He’s a foreign assassin, a spy, he almost killed me!”

“Oh oh oh ...”

“The moment they saw the corpse, the soldiers were all scared out of their wits. They were all at a loss for what to do.”

“Do you know what happened just now?” As he spoke, he grabbed the Guard’s neck and whispered into his ear, “let me tell you, this spy has a relationship with the pill Dragon representative. He’s calling me over for a secret talk, but you’re still trying to argue with me about my identification ...”

“Then, Zhao Yu grabbed the Guard’s head and pushed him away. The man staggered and was so scared that he almost dropped his hat.”

“Hurry up, call the pill Dragon representative and tell him I’m here! My phone’s out of battery ...” Zhao Yu took out his phone and shouted in an extremely manic manner.

“Don’t ... Don’t don’t don’t ...”

“This time, the guards were really scared. They didn’t dare to call the representative of the pill Dragon unit, so they quickly moved the roadblock away and let Zhao Yu in.”

“Zhao Yu was addicted to acting cool. He first tidied his hair, then got into the car.”

“When he was about to pass the inspection station, he saw mineral water and drinks at the inspection station. He directly reached out and asked for them. “Hurry up, give me a can of soda!””

“Yes...Yes, yes, yes ...” The guards did not dare to delay, and quickly carried the entire box of soda to Zhao Yu’s car.

“After the car passed the checkpoint, Zhao Yu opened a can of soda and gulped it down. ”

“Maybe he was really thirsty, or maybe it was the mohazaya soda that tasted good, but Zhao Yu opened another bottle after he finished it. ”

“Not long after passing through the checkpoint, the car arrived at the entrance of the parking lot of the Congress building. There, professional riot dogs and bomb guards conducted further inspection of the car. ”

“However, as they had already passed the first checkpoint, the guards had obviously let down their guard. When they saw that the driver was the chief of the garrison guards, they only gave him a quick response. They didn’t even open the trunk before letting Zhao Yu in. ”

“After entering the parking lot, it was very noisy, probably because a meeting had just ended. No one noticed Zhao Yu’s arrival. ”

Zhao Yu parked his car in a corner and started to get ready.

“He spent 2000 points to upgrade his invisible detector by one level, increasing the detection range and the detection function by one level. ”

“After that, he adjusted the temporary device bar and adjusted a series of common tools such as bullet proof suit, invisibility cloak, aircraft, life detector, x-ray vision device, lock opener, and so on. Then, he opened the door and got out of the car. ”

“On the way to the elevator, he opened the browser on his mobile phone and silently memorized the information about dan long. ”

“Although dan long was close to 50 years old, he had an extraordinary temperament. He had handsome brows and sword-like eyes. He was full of spirit. One look and you could tell that he wasn’t an ordinary person. ”

“This person’s experience was also very legendary. In his early years, he was the son of a wealthy family in mahazaya. Later, because of his family’s decline, he was forced to flee overseas and was even imprisoned for various political reasons. ”

“After that, he began to do business and gradually accumulated wealth. He returned to Maha Zaya ten years ago and entered politics, establishing the reformists. From then on, things got out of hand, until he overthrew the ruling party and finally rose to the top of the hierarchy in Maha Zaya, reaching the peak of power! ”

“Looking at the picture of the pill Dragon on his phone, Zhao Yu squinted his eyes, and a hint of determination flashed in his eyes. ”

“That’s right, he took the risk to enter the parliament building because Yingying came for him! ”

Chapter 1800: Deep into The Tiger’s Den

“He found out where the escape routes were, where the fire escape devices were, and so on ... ”

“After he had mastered everything, he began to prepare to go upstairs. ”

“But, to be honest, before entering the building, Zhao Yu didn’t think too much about the details. His purpose was to use his fake identity to find a chance to talk to dan long face to face, to see if he was the mastermind. ”

“If he was, then he would play with his life! ”

“If not, he would be asked to investigate the case thoroughly and see who the real murderer behind the scenes was. It could also help Maha Zaya avoid a crisis. ”

“However, after entering the building, he realized that things weren’t as simple as he thought. For example, he didn’t even know where dan long was. ”

There was no indication of where pill Dragon’s office was on the map. This was ...

“He was still wandering around the hall, and from time to time, many staff members walked past him in a hurry. Some of them recognized the Chief of Police and nodded at him. ”

“Zhao Yu didn’t know any of them, so he just ignored them. ”

“However, he knew that he would only be running around like a headless fly if this continued. In the end, he still decided to use a small trick to find out more. ”

“So, he went straight to the information desk in the hall and waved for the most beautiful consultant. ”

““Hello, chief ah Jie!”” The consultant recognized the chief of guards and immediately greeted him with a smile. ”

“Zhao Yu’s face was still tense, and he asked in a cold and urgent voice, ““I’ve made an appointment with the pill Dragon representative. Where’s he?”” ”

““Ah?”” The consultant was stunned. He didn’t expect Zhao Yu to mention the top leader. After being stunned for a while, he quickly said, ““you...Wait a minute, let me see ...”” ”

““There’s no need to look,”” a chubby consultant behind him said lazily.”” A few Consul’s just came from the France Embassy. The representative of danlong is talking to them!”” ”

““Oh ...”” Zhao Yu quickly put on a look of sudden realization.””I was wondering why he wasn’t in the office. Hurry up, find out where he’s having the meeting. I have an extremely urgent matter to see him about!”” ”

““This ...”” The beautiful female consultant was stunned again. ”

““It’s either the fifth floor reception room or the Consul’s office on the sixth floor,”” the fat consultant behind him said lazily.””You can go up and take a look! Wherever there are more security guards, that’s where it is!”” ”

AI!

“Zhao Yu sighed. Beauty did not mean ability. He immediately gave the fat consultant a thumbs up, then turned and walked towards the elevator. ”

“When the elevator reached the fifth floor, Zhao Yu didn’t walk for long before he saw a place that was heavily guarded by security guards. There was even a tall white man among them. ”

It was obvious that he had come to the right place. The representative of the pill Dragon Kingdom should be having a meeting with the French consul here.

The purpose of their meeting was also very obvious. It must be about the attack at the Hilton Hotel.

Tsk tsk ...

Zhao Yu wandered around the periphery for a while and began to Mutter in his heart. He estimated that this negotiation would take a long time. How should he meet with pill Dragon?

Was he just going to wait?

“However, even if he was done with the discussion, even if he pretended to be the chief of the garrison, would he really be able to meet him? After all, there was still a huge gap between their levels! ”

Should I ... Do some destructive activities?

Or perhaps ...

“Just as Zhao Yu was thinking about this, the door of the meeting room suddenly opened, and a middle-aged man in his forties, wearing glasses, walked out. ”

“This person was wearing a well-ironed blue suit. Although his skin was dark, he had a scholarly look on his face. He looked like a civilian staff. ”

“As he walked out of the conference room, he answered the phone with a particularly serious expression. ”

“He was on the phone when he saw Zhao Yu, who was pretending to be the Chief of Police. ”

““Eh?”” The man was shocked and seemed to be very surprised. He quickly put down his phone and walked to Zhao Yu. He asked anxiously,“bureau chief ah Jie, why are you here?” ”

““Mm ...”” Zhao Yu didn’t know this guy, but from his tone, he could tell that this person’s rank wasn’t low. ”

““Are you alright? Why are you covered in mud? There’s blood on your neck ...””The man asked in surprise,“ what have you been doing?” ”

““I ... Um ...”” Zhao Yu rolled his eyes and took the opportunity to ask,“where is the pill Dragon representative? Is he inside?” ”

““I’m ... I’m here ... What’s wrong?”” This person was even more curious. ”

““Oh ...”” Zhao Yu scratched his head.“Can you please tell him that I want to see him? I have something important to report to him!” ”

“Hearing this, the middle-aged man was even more curious. He immediately pushed up his glasses and said, “””It’s okay, just tell me if there’s anything. I’ll tell him!” ”

“””You know, pill Dragon’s representative is dealing with an important international incident ...”” ”

“””No,”” Zhao Yu said solemnly.””I have to talk to him about this. Please tell him!”” I’ll be waiting for him here ...”” ”
