

## Crazy 1811

### Chapter 1811: The terrifying mask

“That night, at pill Dragon’s mansion. ”

Plop ...

“Pill Dragon angrily threw a wine cup on the ground, shattering it into pieces. ”

“Many of his subordinates were trembling in fear, their faces pale ... ”

“““It’s ... It’s like seeing a living ghost!”” Pill Dragon roared,““is he a ghost? What was his background? Face-changing ... Face-changing ... ”

“““Hmph! ““It’s fine if you’re in disguise, but you idiots ...”” As he spoke, he kicked one of the officers in the abdomen and sent him to the ground. He then roared angrily,““can’t you even recognize his voice?”” He couldn’t have changed his voice, right?”” ”

“Seeing the officer being kicked, the people around him lowered their heads and didn’t dare to speak. ”

“Secretary su kun was the only one who spoke,““““Don’t worry, this matter is strange. We have to investigate it carefully!”” ”

“““Investigate?”” Elixir long raised his arm and pretended to hit him. However, when he saw su kun’s miserable red and swollen face, he restrained himself and said,““how can we investigate?”” He even saved that France woman! ”

“““I don’t understand. What happened? There were so many Special Forces and soldiers, how could they have escaped? ”

“““Not only did he run away, he even took my car and broke through all the checkpoints. ”

“““Don’t you think that this is the biggest joke in the world? If this gets out, what face will our Maha Zaya have left?”” ”

“““Lord ... Lord representative ...”” A special police officer said.““I asked the people present, and they said that the guy was invulnerable. He was shot several times, but nothing happened to him! ”

“““I also checked the surveillance footage and saw that he was wearing clothes that were not particularly thick. We suspect that ...”” The SWAT officer said, sweating.““He might be wearing a high-tech bulletproof vest from a developed country. So, we also suspect that he might be a Special Agent from a big country ... ”” ”

“““What Special Agent?”” Before he could finish his sentence, an official from the intelligence Department behind him said,““Mr. Representative, I have already investigated. There is indeed a detective named Zhao Yu in China. He is very famous in China and has solved many big cases! You see ... ”” ”

“As he spoke, he showed the photo on his phone to dan long. ”

“““Yes, that’s him!”” Pill Dragon recognized him at a glance. “““It’s this guy. My hand ...”” He pointed at his injured palm. “““It was hit by this kid!”” He’s ... He’s really a detective ... What on earth ...”” ”

“Pill Dragon wanted to bring up Gu man’s case, but he didn’t. ”

“““I think ...”” Secretary su kun said, “““it shouldn’t be that simple, right? Why would a Chinese man want to create chaos here? Why would he save a Frenchman? What was the point of that? ”

“““I think this detective’s identity should also be fake. He’s an imposter. He came in wearing a mask! ”

“““And ...”” Su kun covered his injured face. “““His voice is also very similar. Obviously, he has done his homework and came prepared!”” ”

“““ ...”” Pill Dragon didn’t say anything. He fell into deep thought. ”

“““This is really incredible ...”” An old official said. “““I think this man is likely sent by the France!”” ”

“““Think about it, how fast did the France officials who came to negotiate run? They definitely know what’s going to happen next ...”” ”

“““The key is ...”” Su kun said, “““is that French woman really that important? We know that she is a Special Agent disguised as a reporter. If the French want to save her, I’m afraid they will use a more secure method. ”

“““You can even negotiate with me directly, right? Was there a need to take such a risk? If we find out that you broke into the parliament building alone, wouldn’t you be digging your own grave and get into trouble?”” ”

“““Yup!”” Another official said to pill Dragon, “““Lord representative, did that person make any other requests? He’s only here for that French woman?”” ”

“““ ...”” Pill Dragon looked at the man and his eyes were filled with evil coldness. The man was so scared that he shut his mouth. ”

“““It doesn’t matter, it doesn’t matter ...”” Su kun quickly tried to smooth things over. “““Even if the French woman is taken away, it doesn’t affect us!”” ”

“““That woman has always thought that the opposition is after her. If the France want to negotiate with us later, we will say that we saved her from the hands of the opposition, but we did not contact the French because we could not confirm her identity ...”” ”

“Upon hearing su kun’s words, everyone present felt a little relieved. What they were most worried about was that this matter would cause international trouble and affect their political situation. ”

“Since it did not affect the political situation, it meant that the situation was not as serious as he had imagined. ”

“However, dan long knew what Zhao Yu’s goal was. He knew that, besides the French woman, there was a more important factor. Therefore, his face was frozen. ”

“““Representative,”” one of the military officials said, “““we have searched the entire building and found no bombs. The mysterious man is bluffing!”” ”

“““Also, we checked all the surveillance cameras and didn’t find any traces of Abu Ajie. We suspect that he might be wearing a mask!”

“““So, we can’t be sure if he’s involved in this?”” ”

“““Hello, Secretary General,”” the official from the intelligence Department said to su kun.”““You had the most contact with Abu Ajie today, and you were even knocked out by him. How can you still analyze if he is our chief of the police?”” ”

“““ ...”” Su kun glared at him angrily and did not answer his question. ”

“““Representative of the pill Dragon Empire,”” the military official said again,”““I suggest that from now on, we should increase the security level. When everyone is being inspected, we should check their faces to see if they are wearing masks!”” ”

“““Yeah, this is too scary!”” One of the cabinet ministers said,”““he can change into someone else’s appearance at will. If it’s an assassination or eavesdropping, how can he prevent it?”” ”

“As a result, the moment he said that, the scene suddenly quieted down. Everyone looked at each other, and the atmosphere suddenly became extremely tense ... ”

“Without a doubt, they were all worried. Could the person who could change his face be among these people? ”

“In that instant, the air seemed to freeze, and everyone’s eyes were filled with uneasiness and fear ... ”

“““Enough!”” Suddenly, pill Dragon used his uninjured hand to slam the table. He stood up and shouted,”““everyone, disperse! Go back and do your job. Investigate this matter as soon as possible. Also, we must keep a close eye on the opposition to prevent them from taking the opportunity to create chaos!”” ”

“““Yes ...”” ”

“““Yes ...”” ”

“There were still many things to discuss, but after hearing the pill Dragon representative’s words, they could only nod and leave the living room. ”

“However, before the meeting was over, dan long gestured to the two of them to stay. One of them was Secretary su kun, and the other was the director of the intelligence Department, MA biwu. ”

“Soon, everyone had left, leaving only the three of them in the room. ”

“““Master,”” su kun saw that elixir Long’s expression was not right and hurriedly asked,”““are you worried that that person is really here for ‘that matter’?”” ”

“Su kun deliberately said the words ““that matter”” in a more cautious manner. ”

Pill Dragon nodded silently.

“““That can’t be?”” ““How dare you barge into our parliament building alone for this?”” Mabian asked. Isn’t he a lunatic?”” ”

“““But,”” pill Dragon finally spoke,””this guy is a powerful madman. We have to be prepared. He might come back!”” ”

Chapter 1812: exterminating the weeds and eliminating the roots

“““You still dare to come?”” Maban shook his head and said,””don’t worry. I’ve already set up the highest level of control in your mansion. They are all the best people I’ve carefully selected! ”

“““Even if he can fly, he definitely can’t fly in!”” ”

“““MA biwu,”” su kun reminded him,””remember to change your appearance. Check your men later. Don’t fall into that guy’s trap again!”” ”

“““Don’t worry! ““I don’t need you to remind me ...”” Mabiw waved his hand with confidence. ”

“““Su kun,”” dan long calmed himself down and asked the Secretary General,””have you verified that this so-called China detective is one of the man and woman who I asked you to arrest and investigate?”” ”

“““Yes, it’s been verified. It’s him!”” Su kun nodded and said,””those two people were quite skilled and escaped at the airport. According to Abu Ajie’s security guard and Mali’s butler, they were the ones who kidnapped Abu Ajie and forced Marion to die! ”

“““The China man was called Zhao Yu, which was exactly the same as the one you saw!”” ”

“““Su kun, you’re really something,”” Maban said maliciously.””You just said that you suspected that this person was a fake. How can you be so sure now?”” ”

“““Nonsense,”” su kun said.””There were so many people just now, so we could only push him to France.”” We can’t let them think of ... That matter ...”” ”

“““Well, since the identity has been confirmed,”” said Maban,””it means that the representative of today’s attack was the China detective?”” ”

“““I feel ... Um ...”” ”

Mabiw glanced at pill Dragon and didn’t dare to finish his words.

“““According to my information,”” su kun continued,””these two Chinese people used to stay in the same hotel as the France reporters. They have a very close relationship! ”

“““When the France reporters went to the garrison guard station, these two people were with them! So ...”” ”

“““Mm ...”” Dan long nodded and said,””the China detective told me that he was here for the Gu mantong murder case!”” ”

“As soon as they heard the words ““Gu mantong murder case,”” MA biwu and su kun’s faces changed, and they didn’t even dare to breathe. ”

“““He told me that he came to find me to investigate this case, but ...”“ Dan long shook his head and sighed.”“If it’s just for this case, isn’t he a little crazy? ”

“““Today, if I hadn’t lied that I was just a puppet and knew nothing, I’m afraid that we wouldn’t have been able to clean up the mess at all!”“ “I don’t understand,”“ dan long said worriedly.”“He’s Chinese. What does that have to do with him? Didn’t gu man’s case not have a single China person?”“ ”

“““Yes, it’s quite evil!”“ Su kun said,”“this person is like a demon. He can change his appearance and voice. He even dared to break into the parliament building and kidnap the representative! You really are ...”“ ”

Su kun’s face was also filled with worry.

“““My Lord,”“ Mabian was full of confidence.”“Don’t worry too much!”“ Maha Zaya isn’t big, and they’re driving your car, so we’ll probably be able to find their whereabouts soon! ”

“““Also,”“ he glared at su kun and said,”“don’t panic, Secretary General. Even if you can change your face, you’re just a human!”“ ”

“““I suspect that he’s not alone. There might be someone waiting for him inside the state capital building. Otherwise, he wouldn’t be so bold!”“ ”

“““Hmm ...”“ Pill Dragon nodded.”“What I’m afraid of now is that this person has something to do with the opposition! If it’s the oppositions who are behind this, then it’ll be troublesome ...”“ ”

“““I don’t think so ...”“ Mabiuz analyzed.”“If it was the opposition, I’m afraid you would not be able to escape today!”“ Since he let you go in the end, so ...”“ ”

“““I have already sent people to investigate the opposition,”“ su kun said, clapping his hands.”“I have also arranged for people to investigate other aspects!”“ ”

“““Sir representative, of course I hope that we can capture this Chinese man as soon as possible! But just in case, we have to prepare for the worst. What should we do if we can’t catch him? ”

“““Marge is dead Mali Marian is dead, Qi kun is also dead, Abu Ajie’s whereabouts are unknown, and even that French woman has been taken away! ”

“““Next, we have to be fully prepared. Not only do we have to deal with the International dispute properly, but we also have to cover up that incident!”“ ”

“““International disputes are easy to deal with,”“ dan long said indifferently.”“That woman doesn’t know much, and she’s seriously injured. We can continue according to the original plan, and let the Foreign Affairs Department negotiate with the French! ”

“““My biggest headache right now is still this mysterious Chinese man. What does he want to do?”“ Dan long looked at his injured palm and said resentfully,”“I really don’t understand. Why is he so interested in the Gu Man case and so persistent?”“ ”

“““I don’t think you need to worry too much about this!”“ ““Since he believed your puppet’s story, it means that he doesn’t know anything about this case!”“ ”

“““Now, there’s no evidence or witnesses. What else can he know?”” ”

“““No!”” Pill Dragon’s face suddenly darkened and he said fiercely,““we’ve done so much to cover up, but we’ve left behind more clues! ”

“““Besides, he doesn’t need any evidence at all. As long as he spreads the truth of the Goman thong case, we’ll be completely finished, and the entire mahazaya will be finished!”” ”

“““This ...”” Mabiur hurriedly shut his mouth. ”

“““Phew ...”” Pill Dragon panted heavily and said to the two,““from now on, I want you to completely wipe out this matter ...”” ”

“““Yes!”” MA biwu and su kun nodded quickly. Su kun blinked his sinister eyes and asked pill Dragon,““Lord representative, in that case, the hostages in our hands ...”” ”

“““Hmph!”” Pill Dragon snorted coldly and said fiercely,““since both Mali and Qi kun are dead, what value does their family have?!”” ”

“Hearing this, MA biwu and su kun both shivered and quickly nodded. ”

“““Hmph,”” pill Dragon snorted again,““for the future of mahazaya, this little sacrifice is nothing! You have to look further into the future. With revolution comes sacrifice ...”” ”

“““Yes!”” The two of them nodded vigorously. ”

“““Alright, you guys can go back to your work!”” Dan long said,““it’s still the same sentence. I hope that the secret of the Gu mantong murder case will disappear forever. No one will ever mention it again! ”

“““For this, I will do whatever it takes!”” ”

“““Yes!”” MA biwu and su kun bowed and nodded, then left. ”

“At this moment, there was no one else in the living room other than the four professional bodyguards.  
”

“Dan long looked around. First, he tasted the local fruit wine. Then, he sat on the sofa and fell into deep thought. ”

“After pondering for more than ten minutes, he finally let out a long breath and stepped up to the second floor of the villa. The four bodyguards followed closely behind, but kept a distance. ”

“After taking a few steps on the second floor, dan long waved to the four bodyguards. They all stood in place, not daring to come any closer. ”

“After that, dan long went to a room on the second floor and pressed the code on the door. The metal door immediately popped open. ”

“Standing at the door, pill Dragon swallowed his saliva and pushed the door open. ”

“The light in the room was dim, but there was a hospital bed placed inside by the window. On the hospital bed was a sick patient wearing a ventilator! ”

## Chapter 1813: The patient

The person lying on the bed was a Haggard old man.

The old man had an infusion tube in his hand and a ventilator on his face. He lay on the bed motionless like a corpse.

“However, there was a heart rate detector beside the bed, which was beeping rhythmically, proving that the man was still alive.”

“Looking at the old man on the bed, pill dragon’s eyes flashed with a complicated light.”

“He didn’t say anything. He just sat quietly on the chair by the bed and looked at the old man in a daze, as if he had fallen into some kind of memory.”

“However, not long after he was immersed in his memories, he suddenly heard a sound from the door.”

Oh?

“Pill Dragon was slightly stunned. He turned around and saw a man scuttle in from the outside. As soon as he entered, he immediately closed the door sneakily.”

Eh?

“Dan long was shocked. Only his personal servants knew the password to this door, but they wouldn’t suddenly come in at this time ...”

This ...

“When the man who had sneaked in turned around, dan Long’s eyes widened and he almost fell to the ground.”

“The sneaky person was none other than the China detective, Zhao Yu, who had kidnapped him earlier that day!”

““Ah ... Ah!””

Pill Dragon would never have dreamed that Zhao Yu would come to his door so quickly. And ... He had entered his penalty area directly!

This ...

““Shh ... Shh ...”” After Zhao Yu saw dan long, he quickly pointed the gun at him and said softly,““don’t scream, or I won’t just cut open your hand!””

““This ...”” Although dan long was shocked, he still instinctively put his hand into his pocket and pressed the alarm button on his phone.”

“This button was specially designed. As long as dan long pressed any number key on the phone for five seconds, the alarm would immediately be sent to the security system.”

“However, what dan long didn’t know was that Zhao Yu had already taken precautions against him and had used a signal jamming device to block the signal in this room. ”

“““Not bad, you old man,”” Zhao Yu pointed the gun at dan long with one hand, and took a chair with the other. He sat in front of him and said angrily,“““you’ve really tricked me today! Puppet? puppet your head!”” ”

“““You ... You ...”” Dan long thought that his warning had worked. He immediately started to stall for time and asked loudly,“““how did you get in?”” ”

“““Shush ...”” Zhao Yu frowned and threatened,“““I’m telling you, the gun is already equipped with a silencer. If you dare to speak so loudly, I’m really going to shoot!”” ”

“““You ... Um ...”” Pill Dragon was so scared that his face turned pale and his pulse almost ran out. He had to ask a very tacky opening question.“““You ... What do you want to do?”” ”

“““Hmph!”” Zhao Yu snorted coldly, then squinted his eyes and said,“““didn’t I already tell you? I only have one goal, and that is to find out the truth of the Gu mantong murder case. So, now ... It should be time for the truth to be revealed, right? ”

“““I made a low-level mistake today,”” Zhao Yu shook his head and sighed.“““I saw that your trail was different from the Gu mantong killer ‘s, so I ruled you out of the suspect list!”” ”

“““But I overlooked one thing. Although you are not the murderer, you might have something to do with this!”” ”

“““You ... You ...”” Dan Long’s lips trembled in excitement.“““Why do you have to investigate this case so persistently?”” You’re Chinese, what does that have to do with you?”” ”

“““Of course I do!”” Zhao Yu patted his chest and said proudly,“““I’m a detective, and a detective’s job is to investigate cases! I’m on the International stage now. If I can solve the famous Gu mantong murder case, I’ll be famous all over the world, don’t you think?”” ”

“““You ... ”” ”

Dan long was confused. He couldn’t believe that Zhao Yu was doing this for such a weird reason.

“““O-okay ... How about this!”” After all, pill Dragon was a big Shot who had seen the world. After thinking for a while, he immediately changed the topic and said,“““no matter what your purpose is, in the end, it’s still for fame and wealth! ”

“““I can give you all of this! ”

“““How about this, Sir? let’s talk ...”” Pill Dragon tried to persuade him.“““You can put forward a condition and see if we can use a better way to solve this problem.”” ”

“““Do you want power, money, or beautiful women? I can satisfy you! ”

“““I ... I have a Manor in Malaysia and an Island in Indonesia. If you agree, I can give them to you for free right now!”” ”

“““Forget it!”“ Zhao Yu shook his head and said,“““I still want to live a few more years! You’re really too ruthless. It’s one thing to control someone’s family! ”

“““Now that he’s dead, you don’t want to give him some compensation. Instead, you want to kill him to silence him. You’re too vicious!”“ ”

“““Ah?”“ “““What?”“ dan long was shocked, then realized that Zhao Yu had eavesdropped on their conversation. His face was pale, and his voice was out of tune.“““You ... What do you want?”“ ”

“““I really don’t want to repeat myself. I only need the truth,”“ Zhao Yu said, waving his hand.“““As long as you tell me the truth about Gu mantong, I promise I won’t cause you any more trouble!”“ ”

“““You ...”“ When Zhao Yu mentioned the name Gu mantong, dan long couldn’t help but look at the old man on the bed. ”

“““Oh ...”“ Zhao Yu immediately understood. He pointed at the old man and said,“““Lord pill Dragon, if I’m not wrong, this is the main character, right? ”

“““Could it be ... That he is the famous Kongtong killer in Southeast Asia?”“ ”

Buzz ... The air in the room instantly froze. Pill Dragon was so stunned that he could not speak.

“““It can’t be?”“ Zhao Yu suddenly became more excited. He opened his eyes wide and said,“““I was scared, really...I guessed it right!?”“ ”

“““I’ve seen a living ghost!”“ ”

“Dan long finally realized that he hadn’t changed the alarm button he had pressed earlier. After such a long time, there was no movement outside. ”

“““Who is he?”“ Zhao Yu pointed at the old man and said,“““your father? What was wrong with him? What terminal illness did he have? Is it Gu mantong’s doing?”“ ”

“Zhao Yu’s words were extremely unpleasant, and dan Long’s face turned pale. ”

“At this point, dan long was in complete despair. He looked at Zhao Yu with only fear in his eyes. ”

“““Master pill Dragon,”“ Zhao Yu took out his phone and said seriously,“““I swear on my reputation that I really just want to know the truth. The things I said just now about becoming famous were all nonsense! ”

“““You see, I don’t have any listening devices or tape recorders on me ...”“ Zhao Yu said, rummaging through his pockets.“““How about this? as long as you tell me the truth, I promise to disappear from your sight and never bother you again. What do you think?”“ ”

“““You ...”“ Dan long was speechless, but from his eyes, it was clear that he didn’t believe Zhao Yu at all. ”

“““Why don’t you understand?”“ Zhao Yu said,“““this is your home. Even if you tell me the truth, even if this old man is really the Gu mantong killer, what can I do? ”

“““Do you think I can arrest you and this old man, then send you to the police and put you on trial?”“ ”

“““This ...”” Dan long looked at Zhao Yu, his eyes filled with pain. He struggled to think for a long time, then pleaded with Zhao Yu,“““I beg you, please don’t keep pursuing this matter, okay?””

“““You don’t know how important this is!””

“““If I say it out today, the entire mahazaya will be plunged into war again, and the people will be plunged into misery and suffering. All the hard work of the reformists for so many years will be destroyed!”” ”

“““Oh ... It’s that serious!”” Zhao Yu smiled and raised his gun.“““Then I’m even more interested to hear it!”” ”

“Chapter 1814: Sorry, I’m a detective ”

“““Why do you still not understand?”” “““I admit that I’ve done a lot of extreme things, but compared to the tens of millions of people in the Maha Zaya Kingdom, this sacrifice is worth it!””

“““If the Goman kidnapper case is exposed,”” pill Dragon glowered,“““it will cause great misery and suffering, and our mahazaya will never have a Day of Peace!”” ”

“““A case ...”” Zhao Yu squinted his eyes and said fiercely,“““to be able to cause such a big sensation, this is the first time I’ve seen something like this in all my years as a detective!””

“““Lord representative, do you think I can leave if I don’t get a satisfactory answer after spending so much effort and taking such a big risk today?”” ”

“““Sir, for the sake of my people,”” pill Dragon said,“““I beg you to let me go! Give me your account number, I’m willing to fork out a large sum of money! State your price!”” ”

“““I’m not short of money!”” Zhao Yu shook his head.“““I’m sorry, I’m a detective! I just want to know the truth!”” ”

“““...”” Pill Dragon took a deep breath and then said faintly,“““alright! If that’s the case, you can either punch a hole in me or kill me. Just come at me, I won’t say anything!”” ”

“““Hehe ...”” Zhao Yu smiled.“““You might not know me well. You don’t know what I was before I became a detective!””

“““If I want you to speak, I have plenty of ways!””

“““But ...”” Zhao Yu suddenly turned his gun to the old man on the bed.“““What I want to try the most now is this one!”” ”

“““Ah? “““You ...”” Pill Dragon was shocked. ”

“““A secret room ...”” Zhao Yu pointed to the old man and said,“““with such advanced medical equipment, I think this person should be very important to you, right?”” ”

“““I think I should ask him directly!”” ”

“Then, Zhao Yu walked in front of the patient and grabbed the infusion tube. ”

“””No... No, no, no...”” Pill Dragon was indeed frightened. He quickly reached out to stop him. ”

“Zhao Yu thought to himself,””it seems that the person lying on the bed is indeed dan Long’s weakness.”” Therefore, he pushed away pill Dragon and made a gesture to pull out! ”

“””No... No, no, no...”” Pill Dragon hurriedly shouted,””I’ll talk, I’ll talk ... Please let go, let go!”” ”

“Hearing dan Long’s words, Zhao Yu let go of his hand, satisfied. ”

“The moment he let go, he suddenly realized that the old man lying on the bed suddenly opened his eyes! ”

“At first, Zhao Yu thought that the man was in a vegetative state, or was in a coma, but it didn’t seem to be the case. ”

“Although the old man looked Haggard, Zhao Yu was still shocked when he opened his eyes. ”

“There was an indescribable sense of terror in this person’s eyes, as if they could steal one’s soul. ”

“Her eyes were filled with sadness, coldness, and viciousness. After Zhao Yu saw it, he felt a chill down his spine and the hair on his arms stood up. ”

“””Sir ...”” Pill Dragon said awkwardly,””are you sure you won’t tell the truth?”” ”

“Zhao Yu nodded, but his eyes were still looking at the old man on the bed. His heart was covered with a strange shadow. ”

“””Okay ... I’ll tell you!”” Pill Dragon, however, seemed to have made up his mind. He pointed at the old man and said,””that’s right. This person is the legendary Kongtong killer!!!”” ”

Oh ...

“Zhao Yu was shocked. Although he had already expected this, he still couldn’t help but take a deep breath when he found out. ”

He didn’t expect that the famous Gu mantong killer would become like this.

What ... What was going on?

“””His name is MA Lijie ...”” Pill Dragon stopped struggling and said honestly,””in mahazaya, the surname MA and the surname su are the most common. The name MA Lijie might sound ordinary to you, but here, everyone knows this name!”” ”

Marij ...

“Zhao Yu muttered to himself, feeling that it was true. Marge, Mali, Mariana, and the fisherman Malfoy all had the surname MA. ”

“””If you search for Marij’s information ...”” Pill Dragon said.””It will only show that he is dead, because we have already held a funeral for him this time last year!”” ”

Oh?

This sentence immediately piqued Zhao Yu's interest.

""At that time, the opposition was still very powerful. We couldn't hold a state funeral of the highest standard, so we could only bury him in secret ..."" "

""But in fact, he didn't die. He's living in your house!"" Zhao Yu pointed at the old man and asked, ""this Ma Li Jie Mali who is he?"" "

""He is the founder of the mahazaya reformists, my predecessor!"" Pill Dragon looked at the old man and said, ""if you've followed the news before, you should have heard of this name! "

""For many years, he has been working hard to unite the people of mahazaya, and he has made great contributions to the people of mahazaya. It can be said that ..."" Pill Dragon said, ""the reason why we reformists are able to come to power today is inseparable from Mali's outstanding contributions! "

""He is a great leader and has a high reputation in the eyes of the people ... But ... But ..."" At this point, pill Dragon was in a difficult position. "

""But ... No one would have thought that he was the famous killer Gu mantong."" Zhao Yu said. "

""Yes, I am!"" Dan long nodded with difficulty. ""No one knew about this secret until ... Until the case four years ago. I finally found the problem!"" "

""Are you talking about the murder of the chairman of the horse Association, marasijee?"" Zhao Yu asked. "

""Right!"" Dan long nodded. ""Back then, I was the Deputy representative of the reformists and had a position in the Internal Affairs Department. When we realized that this case was the Gu mantong serial murder case, it naturally attracted a lot of attention! "

""You have to know that the Gu mantong killer is a taboo in Southeast Asia. When we found out that the notorious killer was in Maha Zaya, we naturally did not dare to delay and immediately put in a large number of police forces to investigate. "

""At the same time, in order to verify if the case is really the Gu mantong murder case, we also invited experts from Thailand and the Philippines to investigate together! "

""At that time, we thought that this case would be the same as before, with no clues at all! "

""But I didn't expect that there would be an accident during the investigation ..."" "

""At this point, pill Dragon paused again. He thought for a long time before he reluctantly said, "" "

""At that time, an International Bank was being built near marasijie's house. In order to ensure the safety of the project, the government installed many cameras there! "

""Because that was the only way to manasijie's house, after the incident, the police retrieved the cameras and found five suspected vehicles. So, there are five suspects in this case ..."" "

""Then, the police investigated the five suspected vehicles and found that the license plate information of one of the vehicles didn't match the registration, so it was listed as a key investigation target! "

“““At that time, the police were excited for a while, thinking that the Goman child case was about to end in mahazaya, but what happened after that was completely beyond their expectations ...”” ”

Chapter 1815: -premonition comes true

“““That is to say ...”” Zhao Yu couldn’t help but ask,““the main suspect ... Is your leader?”” ”

“““Yes,”” dan long admitted.””At that time, the chief of the garrison, who is the current head of the intelligence Department, mabius, was the first one to notice that something was wrong! ”

“““He sent someone to track down the whereabouts of the suspected car, but found out that the car was directly related to our marijie Mali, so ... He didn’t dare to investigate further, but quickly found me and discussed it with me! ”

“““I didn’t pay much attention to it at first, because I thought that the Mali MA Lijie might have something to do with that car, but it was absolutely impossible for him to be the Goman thong killer himself! ”

“““So ... My movements were a little slow. Who knew that at this critical moment, there would be another problem!”” Pill Dragon said,““at that time, the Thailand expert in charge of the case, Qi kun, also found this clue. He actually began to investigate the representative Mali Ma Li Jie, in secret ... ”

“““Only then did I realize the importance of this matter, so I quickly contacted MA Yiwu and Qi kun’s translator, Mali. Then, I found Qi kun and covered up this matter! ”

“““To be honest, we didn’t think too much about it until that time. We just thought it was a misunderstanding,”” pill Dragon said.””Because it was a critical moment of the Democratic election, we didn’t dare to let Mali MA Lijie have any negative news, so we gave Qi kun a hush money and asked him to give up on the investigation. ”

“““Qi kun was quite straightforward. He accepted our suggestion and forged a new suspect’s information with mabiu, just like that Mali he removed the suspicion from marijee! ”

“““In the end, the investigation of Gu mantong’s case was declared a failure, and the case was closed ...”” Dan long took a breath and continued,““after that, everything went back to normal. Marijee has been successfully elected as the chief of the national parliament, thus allowing the reformists to officially enter the political stage of mahazaya!”” ”

“““Oh? It’s that simple?”” Zhao Yu frowned and asked Mali ““didn’t you tell MA Lijie about this? How did you know that he was the real Gu mantong killer?”” ”

“““That was later ...”” Pill Dragon recalled.””At first, we didn’t dare to tell him directly about this. At that time, we only thought that this was a misunderstanding, or that the representative had some relationship with the Gu mantong killer! ”

“““So, how could I tell him directly? If there’s a connection, we’ll all be in trouble ... ”

““““However, life is unpredictable ...”” Pill Dragon shook his head and said,“““less than a year after that incident, the Mali, Marij, was found to have a physical problem. He suffered from a rare disease called motor neuron disorder! ”

““““This disease is commonly known as Lou Gehrig’s disease Mali but what marijie represented was even more serious than Lou Gehrig’s disease. His condition deteriorated very quickly. In less than a year, his muscles began to shrink, his body was out of control, and his consciousness gradually blurred. In the end, he could only be paralyzed in bed!”” ”

““““I don’t know. Did you hear that there was a large-scale boycott of drugs in Southeast Asia that year? Our so-called Golden Triangle of the sea, mahazaya, has become the target of public criticism! ”

““““The government wanted to reform the government, but they were strongly resisted by the drug lords. An armed struggle broke out in the country, and the situation was extremely serious. ”

““““At that time, after internal discussions Mali we did not dare to release the news that marijie was seriously ill in case the hostile forces took the opportunity to sabotage us! ”

““““However Mali marijee can no longer participate in any public activities. If he doesn’t show up for a long time, it will definitely arouse the suspicion of the enemy forces. ”

““““So, after a discussion with the higher-ups, we finally came up with a way to fake his death. We simply Mali the death of marijie and held a funeral for him! ”

““““With the help Mali the news of Marij’s death, I was finally pushed to the front and became the new representative of the reformists. ”

““““In this way, we can use Marij’s influence to create hype and win the sympathy of the public, thus laying a solid public foundation ... ”

““““Phew ...”” Pill Dragon took a deep breath and pointed to the roof.”““This mansion used to be the residence of Marij’s Mali! ”

““““After I took over, I took over his power and this mansion. I’ve modified this room, sent the best medical staff Mali and purchased the best medical equipment to maintain marijie’s life! ”

““““No matter what, he is our leader. Without him, we would not be where we are today! ”

““““But, what I didn’t expect was that not long after I moved in, I found a secret room in the basement!”““ Pill Dragon’s expression suddenly changed and he said in a heavy voice,“““at that time, when I saw this secret room, I already had a bad feeling. ”

““““So, I didn’t ask anyone else, but su kun, MA biwu, and Mali. I asked them to open the iron door of the secret room! ”

““““In the end, the things inside confirmed my worries. There were many people’s information inside. There were climbing ropes and some syringes in the cabinet, as well as all kinds of terrifying Goman child masks ...”” ”

“Zhao Yu listened carefully. When he heard this, he immediately held his breath, afraid of missing a word. ”

“““We did a quick check and found that all the information was from the victims of the Gu Man child case!”“ Pill Dragon continued,““at that time, we were all scared! ”

“““I would never have thought that the Mali of our marijie, the No. 1 figure of the reformists, the leader deeply loved by the people, would turn out to be the notorious Goman thong killer! ”

“““You can imagine how shocked we are ... ”

“““Of course, we’re still quite cautious. Just in case, we still secretly investigated.”“ ““In the end, we found out that the time and place of the Gu mantong case were exactly the same as the traces that MA Lijie represented. From then on Mali we finally confirmed that MA Lijie was the Gu mantong killer! ”

“““However, although we have conducted an investigation, we still don’t know why Mali marijie is doing this. ”

“““We didn’t find any notes or diaries in the secret chamber, so we don’t know the reason for his murder or the details of the process!”“ ”

“““Mm ...”“ Zhao Yu pondered for a moment, then asked,““then ... Do you still have those things? He’s still in the secret room?”“ ”

“““Of course, I destroyed it!”“ ““I’m sure you understand now how this case will affect our Maha Zaya, right?”“ dan long said. ”

Zhao Yu looked at dan long but didn’t answer.

“““Things are different now,”“ dan long continued.““We reformists finally overthrew the old regime, wiped out the drug lords, and gave the people of mahazaya a short period of peace and stability! ”

“““If someone finds out that the leader of the reformists Mali is actually the goatong killer, how severe will the consequences be? ”

“““If they find out that marijie is still alive, it will be a disaster! ”

“““Sir, I beg you ...”“ Pill Dragon begged,““for the sake of the millions of people of mahazaya, please help me keep this a secret! ”

“““If this news gets out, a new war will break out in the country. When that happens, the people will be plunged into misery and there will be no peace in mahazaya. The people are innocent ...”“ ”

“““ ...”“ Hearing this, Zhao Yu still had a cold expression on his face. He said coldly,““pill Dragon representative, it seems that our story is not over yet, right? ”

“““It won’t be too late for me to decide after you’re done ...”“ ”

Chapter 1816: ins and outs

Pill Dragon wasn’t stupid. He naturally understood what Zhao Yu meant.

“Zhao Yu wanted him to explain what happened after that. However, he obviously didn’t want to talk about what happened later. ”

“Up until now, dan long had been pressing on his phone so hard that it was about to break, but the rescue team he had expected had not appeared. ”

“““Let me give you a warning,”” Zhao Yu said.”” Let’s start with the Xiangjiang incident! Why did Qi kun return to the martial world and help you deal with Mia?”” ”

“““For money,”” pill Dragon said.”” Qi kun is a gambler and owes a lot of money. So when we found him, he happily agreed!”” ”

“““You’d better tell me in chronological order,”” Zhao Yu shook his pistol and reminded her,”” don’t play any tricks!”” Otherwise, I won’t be polite with you!”” ”

“““Okay,”” dan long paused for a moment, then reorganized his words and said,”” the cause of this incident was the Gu mantong murder case that suddenly appeared in Xiangjiang, which shocked us! ”

“““To be honest, from the beginning, we had our suspicions that marijee might not have committed the crime alone. Maybe he had an accomplice or something. ”

“““Think about it. If he really has such an accomplice, then we’re definitely in danger!”” Dan long said,”” if he is caught by the police, it will involve Mali MA Lijie. That will be a big problem! ”

“““So, we sent someone over and asked him to find out what was going on with the case. ”

“““In the end, our people couldn’t get close at all, and we couldn’t get any useful information. So, we had no choice but to find Qi kun and ask him to help with the investigation. ”

“““Coincidentally, the Thailand expert that was sent to Xiangjiang was Qi kun’s former subordinate. His name is ...”” ”

“““Miya ...”” Zhao Yu said the name. ”

“““Oh, yes, Mia.”” Dan long nodded.”” Then, Qi kun went and used his understanding of Mia to bribe her assistant to monitor her. ”

“““In the end, Mia came to a conclusion very quickly. She said that the case was a poor imitation and not the real Gu mantong murder! ”

“““In that case, we can rest assured!”” Pill Dragon said,”” at first, we had already informed Qi kun to go back, but we didn’t expect that on the same day, there would be a sudden change in this matter!”” ”

Oh?

“Hearing this, Zhao Yu immediately perked up his ears and listened carefully. ”

“““Qi kun suddenly called Secretary General su kun,”” dan long said.”” He said that Mia received some guidance from an expert and suddenly realized something. He even called Deputy Director Marge of the garrison guard Bureau and began to ask about the suspect!”” ”

As expected ...

Zhao Yu's heart tightened. It seemed that his previous guess was right. Mia's death was related to his warning.

""On the phone,"" dan long said.""Mia and Marge discussed the case back then, and then they focused on the suspect. They wanted to re-investigate the suspect. "

""I don't know how he thought of this,"" pill Dragon shook his head.""But the suspect has become our taboo. We can't allow anyone to touch it! "

""What's worse is that Mia has an original record, which also has the suspect's information! "

""You know, one of the suspects was faked by us! Once he found out the identity of the suspect, he would immediately suspect Qi kun, mabius, and Mali, which would lead to a series of chain reactions! "

""So, we have to kill this in the cradle. So, we gave Qi kun an order to deal with Miya!"" "

""Oh ..."" Zhao Yu nodded.""It seems that I was right! You were the ones who ordered Qi kun to kill mi ya!"" "

""However, there was a small mistake in this, and it was this mistake that led to the subsequent series of losses!"" Pill Dragon said,""our original intention was to wait for Mia to return before letting Qi kun take action! "

""However, he couldn't wait any longer. He killed Mia in Xiangjiang. The consequences are completely different now!"" "

""Tsk tsk ..."" Zhao Yu smacked his lips. Pill Dragon was right. If Miya had been killed after returning to the country, then Zhao Yu had no right to investigate. "

"So, if Zhao Yu didn't know the cause of Mia's death, he wouldn't have thought that her death was related to the Gu mantong case, and he wouldn't have continued to investigate so persistently. "

""Qi kun's explanation was,"" dan long said,""through eavesdropping, he learned that not only did Mia suspect the five suspects, but she also suspected Qi kun! "

""When he was watching the concert, Mia called his colleagues in Thailand and asked them to send him the suspect and Qi kun's information ... "

""Therefore, Qi kun couldn't stand it anymore and had to kill him in Xiangjiang city!"" "

Oh ...

Zhao Yu finally understood what had happened in Xiangjiang.

""Then ... You killed Mia's assistant?"" Zhao Yu asked again. "

"Pill Dragon nodded.""It was mabiu's men. We can't let him live. He knows too much!"" "

""And then?"" ""Marge ..."" Zhao Yu said. "

""Here, I need to clarify,"" pill Dragon said.""I don't want to see Marge's death. At first, I sent mabiu to win him over, hoping that he would join my side! "

““““But I forgot that there was a grudge between Marge and Fabio. Besides, Marge was a member of the old faction. So, Fabio took the opportunity to do something outrageous ...”” ”

““““I punished him for this, but he told me that he had planned the time of the fire, but he didn’t expect Marge’s wife and child to suddenly come home, so that unfortunate thing happened ... Sigh ...”” ”

““““Mabiu also said that after Marge received Mia’s call, he became interested in the case and began to organize the information to re-investigate ...”” He said. ”

““““What about the information from the garrison guard station? You must have arranged it, right?”” Zhao Yu asked again. ”

““““Well ... That’s also mabius’ doing,”” pill Dragon said.”“The garrison guard is full of people from the old faction. Our fake information can’t stand the investigation at all. We must not leak it!”” ”

““““Good ... Good ... You’re really something. You’re ruthless!”” Zhao Yu said,”“next, let’s talk about our relationship with the French reporters, right?”” ”

““““This ...”” ”

“At the mention of this, pill Dragon subconsciously shrank his neck and rolled his eyes, as if he was brewing some countermeasures. ”

““““Alright,”” Zhao Yu reminded her,”“since you’ve already confessed, don’t play around. It’s boring!”” I’d better tell you the truth!”” ”

““““Okay, okay ...”” Dan long made a determined gesture and said,”“from the moment you checked into the Hilton Hotel with the French, our Intelligence Department had already noticed you!”

““““Especially you ...”” Pill Dragon glanced at Zhao Yu.”“Qi kun recognized you from the very beginning!”” ”

““““Oh, Qi kun ...”” Zhao Yu nodded. ”

““““After Qi kun killed Miya, he knew that he couldn’t return to Thailand, so he came to Maha Zaya to seek refuge with me!”” Pill Dragon said,”“therefore, I let him follow up on Gu mantong’s matter and closely monitor all related movements. ”

““““He knows that you’re a famous detective China and that you solved the Xiang Jiang case, so he’s been paying attention to you. He didn’t expect you to dare to come to Maha Zaya! ”

““““So, as soon as you arrived at the airport, Qi kun had been watching you in secret, but ...”” Dan long paused, then continued,”“he watched you and thought you were here to catch him. He didn’t expect that you were with a group of French people! ”

““““What was even more terrifying was that the next day, you followed the French to the garrison guard station, where you pretended to interview them, but in fact, you were trying to find out more about the Goman thong case. You even tried to steal the case files and materials ...”” ”

Chapter 1817: spinning a cocoon around oneself

“““This time, we’re really scared!”“ ““I really didn’t expect the situation to develop to this point,”“ dan long said in frustration.”“Even the France are involved. ”

“““Moreover, it’s obvious that you’re not just here to arrest Qi kun, but to arrest Gu Man. ”

“““At that time, even though we weren’t sure to what extent you had investigated, we had already realized the seriousness of the situation and had to take emergency measures. ”

“““You know what? In the current situation, even if you don’t find any real evidence, as long as you spread any rumors or conjectures that are unfavorable to us, it may lead to our destruction! ”

“““We ... Were forced to do this!”“ ”

“““Hmph, you were forced to do so?”“ Zhao Yu sighed.”“As expected of the representative. You’re pretty cocky, turning black into white.”“ ”

“““In order to cover up your crime, you actually blew them all up. Isn’t this too much?”“ ”

“““No... No, no, no...”“ Pill Dragon hurriedly clarified.”“Listen to me. Even if I had the guts, I wouldn’t dare to do that! ”

“““The explosion that day was really a surprise attack launched by the opposition. I’m still investigating the reason! ”

“““I don’t know if the enemy is following our soldiers or if there is a spy on our side. I don’t know how the news was leaked. ”

“““The ones who killed the French people were really terrorists from the opposition!”“ Dan long said excitedly,”“I can swear to God that my original intention was just to find a reason to arrest those French people and interrogate them to find out what they know. What were they trying to do? ”

“““If I were to send people to blow them up, wouldn’t I be digging my own grave?”“ ““This is all the conspiracy of the opposition,”“ dan long explained.”“They want to take the opportunity to let the France Army enter Maha Zaya to suppress our strength and cause trouble for us ...”“ ”

“““Hmph!”“ Zhao Yu snorted and asked,”“if that’s the case, what’s up with that French woman? Why did you send people to kill her?”“ ”

“““When we were at the Hilton Hotel, the woman ran away. My men naturally went after her!”“ Pill Dragon explained,”“think about it. The more she runs, the more afraid we will be! ”

“““We’re worried that she already knows the truth about the Gu mantong case ... ”

“““After that, although the woman was injured, our people still couldn’t catch her. It was not until someone called the police and said that a French woman was found by the sea that we sent people to catch her again!”“ ”

“““Hmph, it’s fine if they’re just arresting people!”“ Zhao Yu grabbed dan Long’s collar,”“but the doctors and fishermen who took in the French women were innocent. Why did you not let them go? ”

“““If you just want to arrest someone, you could have just sent the police. Why did you pretend to be a terrorist?”” ”

“““There’s no other way!”” Dan long explained,““the French are also looking for her. What if they find out that it was the police who took her away and ask us for her?” ”

“““So, we could only pretend to be terrorists ... ”

“““As for those innocent fishermen, I’m also very sorry ...”” Pill Dragon said.““It’s my fault that my men didn’t do their job well. I’m responsible ...”” ”

“““Hmph!”” ““Hmph!”” Zhao Yu snorted again.““It seems that no matter how much the French woman knows, you have no intention of letting her go?”” ”

“““No... No, no, no...”” Dan long quickly clarified.““We plan to wait for her to recover and question her. If she doesn’t know the truth of the Goman kid case, we will still return her to the France government ...”” ”

“““What if she understands?”” Zhao Yu retorted. ”

“““This ...”” Pill Dragon was instantly speechless. ”

“““Phew ...”” ”

“Zhao Yu took a deep breath, calmed his heart, and finally understood the whole story. ”

“It seemed that Qi kun had been ordered to go to The Village by the Sea to supervise the kidnapping of Juliet. However, after Juliet was taken away, he suddenly found Zhao Yu. ”

“So, he decided to kill Zhao Yu there to avoid any future trouble. ”

“As he had strangled Mia to death in the car before, he did the same thing and hid in Zhao Yu’s car, hoping to strangle Zhao Yu to death as well. ”

“However, he never expected that Zhao Yu would have a gun with him, so he ended up in such a tragic state. ”

“It seemed like Zhao Yu and Ding Lan’s decision to risk kidnapping bureau chief Abu Ajie was right, and Zhao Yu’s decision to take Abu Ajie’s family away was also right. ”

“Otherwise, their family would be exterminated like Marge. ”

“““Mr. Detective,”” dan long pleaded with Zhao Yu in a low voice,““I’ve told you everything I know. Please keep it a secret for us!”” ”

“““We’re really doing this just for ...”” ”

“““Stop!”” Zhao Yu made a stop gesture and said coldly,““don’t be in a hurry to close the case with me. I still have something to ask you!”” ”

“““Oh ... There’s ... There’s more?”” Pill Dragon swallowed his saliva, looking very nervous. ”

“““I want to know ...”” Zhao Yu said.”“That day, my female colleague and I had already booked plane tickets and were planning to leave Maha Zaya, but why did you send someone to frame us? ”

“““Wouldn’t it be fine if we left? Why can’t I just leave? ”

“““Oh ... Oh ...”” ”

“Before he could finish his question, Zhao Yu had already thought of the answer. ”

“““How can I do that?”” ““We saw that you guys had booked the plane tickets so quickly, so we thought that you had already obtained important information about Gu Man Tong’s case. You were in a hurry to go back and expose us!”” ”

“““Can I not stop you? ””Sigh ...”” He smacked his forehead hard.”“If I had known that you didn’t find any important information, why would we do that? ”

“““This is really ... Really ...”” ”

“““You’ve caught yourself in a cocoon!”” Zhao Yu said a China idiom. Dan long quickly nodded and admitted that it meant that. ”

“““Mr. Detective, I’m sorry. I apologize to you and your companion for my bad behavior!”” Pill Dragon said apologetically,”“now, since everything has been explained clearly, this ... This is just a huge misunderstanding! ”

“““You see, now that you’ve achieved your goal, and I’ve told you the truth of the Gu mantong case, then ... ”

“““You promised me before that as long as I know the truth, you will let bygones be bygones, right? ””I ...”” Pill Dragon said excitedly.”“I’m willing to compensate you for your losses. Can you name a price?”” ”

“““He...Hehe ...”” Who knew, after hearing dan Long’s persuasion, Zhao Yu actually laughed, and his laugh was particularly strange. ”

“““You ...”” Dan long was dumbfounded by Zhao Yu’s smile. He didn’t know what Zhao Yu was thinking. ”

“““Hehehe ...”” Zhao Yu laughed dryly a few more times. Knowing that his laughter was hoarse, he squeezed out a line of words from between his teeth,”“you old fox, you really know how to act! ”

“““You’ve already insulted my intelligence once. Do you want to do it again?”” ”

“““You ... What do you mean by this?”” Pill Dragon was stunned. His face trembled slightly.”“I’ve told you everything I know!”” ”

“““Yes, I said that as long as you are willing to tell me the truth, we will write off the past! ””I won’t go back on my word,”” Zhao Yu said coldly.”“But ... You’re an arrogant man. If you don’t tell me everything, don’t blame me for being ruthless!”” ”

Chapter 1818: Who is he?

““““You ... What do you mean ...”” Pill dragon’s eyes widened, and he defended himself with an innocent look on his face.”“What do you want to know? I’ll tell you everything! ”

““““I’m just telling the truth, you ...”” ”

Pa ...

“With a crisp slap, pill Dragon fell to the ground, blood flowing out of the corner of his mouth ... ”

““““Ah ...”” Dan long covered his face and looked at Zhao Yu’s palm in horror.”“You ... What else do you want to know?”” ”

Pa ...

“Zhao Yu didn’t say anything, but slapped her a second time. ”

“This time, dan long reacted. He blocked with his hand and dodged at the same time. Zhao Yu only hit a small part of his body, not the real thing. ”

““““Oh?”” Zhao Yu grinned.”“You still dare to Dodge? you must be tired of living!”” ”

“Then, Zhao Yu grabbed the man’s hair and slammed his head against the metal edge of the bed. ”

““““Ah ...”” Pill Dragon screamed again. A big bump had appeared on his forehead. ”

Zhao Yu picked him up and gave him a tight slap on the face with his left hand!

Pa ...

““““Ah ...”” Pill Dragon spun around on the spot and fell to the ground like a spinning top. ”

“When she looked at his face again, it was already red and swollen with blood coming out of his mouth and nose ... ”

““““Wu...Wuwu ...”” Pill Dragon covered his face and twisted his body on the ground in horror. He cried in despair, trembling,”“you ... What do you want?”” What are you doing? Aiyo...Ah ...”” ”

“Zhao Yu went up and kicked him a few times, causing pill Dragon to scream in pain. ”

“Finally, after Zhao Yu had kicked him enough, he grabbed dan Long’s collar and dragged him to the bed like a dog. He then pointed at the old man on the bed and asked him, ”

““““I’ll give you one more chance,”” Zhao Yu said coldly.”“Now, tell me, who is this famous Gu mantong killer, Gong Jie!”” ”

““““Ah?”” Hearing Zhao Yu’s question, pill Dragon was stunned. ”

““““Lord representative, you’ve forced me to do this. I originally thought that for a high-level figure like you, we could resolve these problems in a proper manner. ”

““““But I didn’t expect that you would still want to challenge my bottom line and make me use force on you like a local ruffian! ”

““““Alright, hurry up and tell me!”” Zhao Yu pointed at the patient,”“who is he?”” ”

“““MA ... Ma Li Jie ...”“ Pill Dragon wiped the blood from the corner of his mouth and said,“““I told you, he was the former chairman of the reformists!”“ ”

“““Ha ... Hahaha ...”“ Zhao Yu laughed evilly. He stroked pill dragon’s head and said fiercely,“““you may not know, but I, Zhao Yu, have another nickname, right?”“ ”

“““S-nickname ...”“ ”

“““I’m a famous detective,”“ Zhao Yu said.“““You may be able to Fool me once, but you can’t fool me twice!”“ ”

“““I admit, you’re good at telling stories! If you were to become an editor, you would be able to get a place in Hollywood ... ”

“““I fell for your puppet speech today. ”

“““But ... You can’t always make things up!”“ Zhao Yu pointed at the patient on the bed and said,“““do you think I’m your reader?”“ ”

“““I ...”“ Pill Dragon still looked innocent.“““What did I make up?”“ I’m telling the truth!”“ ”

“““You’re still pretending ...”“ ”

Zhao Yu raised his palm and prepared to hit him. Dan long was so scared that he quickly covered his face and shivered.

“But this time, Zhao Yu didn’t hit him, because he knew that he was heavy-handed, and he was worried that he would hurt him. ”

“““Alright,”“ Zhao Yu picked up dan long and glared at him.“““Do you really think that I didn’t do my homework? Do you think that I’m trying to get away with it because I don’t know much about your mahazaya history?”“ ”

“““You ... Um ...”“ Pill Dragon’s face was extremely ugly. ”

“““I was just pretending. I know who marijee is Mali and I’ve seen his news. I know that he’s the beloved leader of the people in your Maha Zaya Kingdom, but he unfortunately died of illness a year ago! ”

“““Als ...”“ Zhao Yu looked at the old man on the bed.“““This person does have als, and this person is indeed the famous Gu mantong killer!”“ However, this person might not be your Mali, MA Lijie!”“ ”

“““You ...”“ Pill Dragon’s face was filled with fear, but he insisted on quibbling.“““This person is the Marij Mali!”“ ”

“““Hmph!”“ Zhao Yu glared at dan long and said fiercely,“““if you weren’t so weak, I’m afraid I’d beat you to death. You definitely wouldn’t be in such a happy state now ...”“ ”

Pill Dragon shut his mouth immediately.

“““I’ve checked the information on MA Lijie’s Mali,”“ Zhao Yu said.“““This person can’t be the goatong killer! Pill Dragon, do you want to know the reason?”“ ”

“““...”“ Seeing that his lie had been exposed, pill dragon’s head drooped down like a deflated balloon. ”

“““Mm ...”” Zhao Yu thought for a moment,““let’s talk about three points first! ”

“““First, because the Gu mantong murderer used ropes to kill, the official description of his height was at least 1.7 to 1.8 meters! ”

“““The height that marijee represents is 1.65 meters. ”

“““Second Mali the movements of Ma Li Jie’s representative do not match the Goman Tong killer. ”

“““Other than the small events, in 2005, because of political attacks Mali the representative of marijee was imprisoned for 11 months in mahazaya. That year, two murders of the Kuman Thong occurred in Malaysia. ”

“““Therefore, this is a very direct and clear evidence. ”

“““Also, for the third point Mali marijee has asthma and has always been in poor health. This doesn’t fit the criteria of a serial killer at all. ”

“““Hmm ... How about ... I add more?”” Zhao Yu continued,““when the last Goman thong murder case happened in mahazaya Mali MA Lijie was attending the Asian Forum in our country’s Qiongzhou. How do you think he could have committed murder?”” ”

“““ ...”” Hearing Zhao Yu’s analysis, dan long fell to the ground in despair. ”

“““Can you tell me now?”” Zhao Yu pointed at the patient again,““the real Gu mantong killer, who is he?”” I’m guessing ... That you and he are very close, right? ”

“““Otherwise, you wouldn’t have treated him like this ...”” ”

“““ ...”” Pill Dragon didn’t speak. He had already fallen into despair. ”

“““If the real goatong killer was not represented by MA Lijie Mali but by your family ...”” Zhao Yu laughed coldly.““Then, it would mean that the whole thing was a personal war with you! ”

“““So, don’t mention your people to me anymore!”” Zhao Yu’s face tensed up, and he said righteously,““a selfish villain like you who disregards life doesn’t deserve to be the representative of the people! ”

“““You’re vicious and cruel. In order to control Mali and Qi kun, you kidnapped their families. Now that they’re dead, not only are you not giving them any compensation, you’re even trying to get rid of them!  
”

“““A person like you should have gone to hell long ago. You’re even more despicable than this Gu mantong killer!!!”” ”

“““Ah ... Ah ...”” Suddenly, pill Dragon screamed hysterically, straightened his body, and pounced on Zhao Yu.““I’ll fight you to the death today!”” Waya ...”” ”

Chapter 1819: out of control

“Zhao Yu was right. Because he had been tricked once in the parliament building, he was more careful this time. When dan long was explaining the case Mali he quietly used the invisible browser to search for information about marijje. ”

“Although Ma Li Jie was indeed the leader of mahazaya, after analyzing the information, Zhao Yu quickly ruled out his suspicion and exposed dan Long’s lie. ”

Bang ...

“At that moment, facing pill Dragon’s crazy attack, Zhao Yu didn’t use his gun, but just threw a punch. Pill Dragon’s nose collapsed, his teeth flew out, and he fell to the ground ... ”

Ah ... Ah ...

“This Lord representative, who was usually pampered, had never suffered such a heavy blow before. He immediately fell to the ground and wailed in pain ... ”

“Zhao Yu was an expert in beating people up, so he immediately stretched out his foot and stepped on dan Long’s injured palm. ”

Ah ...

“This time, dan long was in even more pain. He pushed Zhao Yu with his other hand, but he couldn’t move him at all. ”

Zhao Yu twisted his ankle.

“““Ah ...”” Pill Dragon was in so much pain that he screamed and almost passed out. He couldn’t stand the pain anymore. He patted the ground and said,““say, say, I’ll say Mali I’ll say ... This man is not marijee ... Ah ...”” ”

“Seeing dan Long’s confession, Zhao Yu stopped twisting his foot, but still stepped on his palm and asked,““Then ... Who is he?”” ”

“““My ... My big brother!”” Pill Dragon said helplessly,““BI kun, his name is BI kun ...”” ”

“““Oh ...”” Zhao Yu looked at the patient on the bed and said,““it turns out to be your brother!”” He’s not young anymore. At first, I thought he was your father!”” ”

“““Phew ... Phew ...”” Pill Dragon held the edge of the bed and got up. His palm was almost trampled flat. It was a terrible sight. ”

“““Your big brother is the famous Gu mantong killer. That’s ... Interesting ...”” Zhao Yu shook his head and sighed. He didn’t know what to say. ”

“““Although ... Although he’s my big brother ...”” Dan longqiang swallowed hard and said to Zhao Yu,““if the truth gets out, not only will my image be destroyed, but the entire reformists will be finished! ”

“““Mr. Zhao Yu, I beg you, please let us go this time!”” Dan long begged,““my brother did kill a lot of people, but ... Those people were not good people. They had evil intentions and used Gu Man Tong to harm people. They were especially evil ... ”

“““I beg you ...”“ Dan long knelt down in front of Zhao Yu.”“In today’s society, only we, the reformists, can save mahazaya. I beg you, for the sake of the millions of poor people, please spare us!”“ ”

“““I’m begging you!”“ ”

“Then, dan long put his hands together and kowtowed to Zhao Yu. ”

“““Wait ...”“ Zhao Yu quickly stopped him with his foot.”“You’re a great representative, I can’t stand you!”“ Now, I just want to know, what is your brother’s background? ”

“““Why did he kill so many people?”“ ”

“““Mm ...”“ Dan long raised his head and looked at Zhao Yu, then at the patient on the bed. He then lowered his head and said,”“my big brother did this for a reason! ”

“““It’s a pity that I found out too late. If I had realized it earlier, perhaps it wouldn’t have become so serious later ...”“ ”

“““Mm ...”“ Zhao Yu crossed his arms and made a gesture of listening. ”

“““This incident can be traced back to when we were young ...”“ Pill Dragon began to speak.”“You know, our family used to be the nobility of mahazaya. ”

“““Back then, my father was the first seat of the House of Lords. If it wasn’t for that incident, he would have become the leader of the Maha Zaya! ”

“““If my father had won the election back then, then the current mahazaya would not be in this state. The people would definitely be able to live a good life.”“ ”

“““Then ...”“ Zhao Yu asked,”“what happened?”“ ”

“““When he was preparing for the election, my father suddenly fell ill ...”“ Dan long said.”“The illness was very strange. My father was drowsy every day, but we couldn’t find the cause! ”

“““Because of this, my brother once took him to Manila m for a special examination, but the doctor only said that his white blood cells were abnormal and suspected inflammation. But the strange thing was, after so many tests, nothing was found ...”“ ”

“““At that time, big brother tried almost everything. He went to find a Magus, prayed to Buddha, and so on ... In the end, my father’s illness was cured, but his mental state was greatly affected and he could no longer participate in the election! ”

“““Father’s loss was no different from an earthquake to our family. It affected more than just the benefits we can see now. ”

“““Because of my father’s loss of power, many of the forces that used to rely on my father all turned to other places. In just a few years, our family went from glory to decline. ”

“““My business was robbed, I was ostracized, and even threatened by the drug lords. No matter how hard my father and big brother tried to save me, they couldn’t do anything in the end. I couldn’t stay in Maha Zaya any longer and could only choose to flee abroad. ”

““““And just as we were fleeing with our tails between our legs, father was filled with grief and indignation. He fell ill and could not get up. Not long after, he left with hatred ...”

““““Big brother and I are Blood Brothers from the same father and mother.”” Pill Dragon pointed to the old man on the bed.””In addition to us, father used to have many concubines, and we also had some younger brothers and sisters. But ... With the decline of the family, these people all separated from the family long ago. There are only US two brothers in the family, and we rely on each other with our mother!”

““““However, my brother and I have both worked hard. We have both made up our minds to work hard and earn money so that we can fight our way back to Maha Zaya and complete the unfinished business that my father had!”

““““Relying on the foundation that my father laid down in the past, we resumed our old businesses in the Philippines and Malaysia. We started our businesses and gradually made some money.”

““““At that time,”” pill Dragon closed his eyes and recalled,””big brother mentioned it to me several times. He suspected that there was something fishy about father’s illness.”

““““Also, he suspected that someone used Gu mantong to attack our Father, which caused him to fall ill!”

““““I’m not too good at these things, so I didn’t pay too much attention to them at the time.”

““““I think big brother mentioned it to me a few times, but I didn’t pay much attention to it ...”” Pill Dragon opened his eyes and continued,””after that, I never heard him mention it again!”

““““At that time, I put all my energy into business, and my hard work paid off. After more than 20 years of fighting overseas, we established an Enterprise Group, and our assets grew stronger by the day. We also established good relations with many political parties in various countries, which laid the foundation for our return to mahazaya!”

““““As I expected, not long after, the reformists, led by marijee Mali invited me to return to mahazaya, join the reformists, and serve our people.”

““““After receiving this good news, I informed my big brother overnight and told him to prepare to return to the country with me. “““But ...”” Pill Dragon shook his head and said,””my big brother didn’t agree ... He just told me to be careful, but he didn’t want to come and help me!”

““““Actually, a long time ago, I already discovered that big brother’s thoughts were somewhat wrong!”” Pill Dragon recalled,””when we were doing business, big brother was mainly in charge of the business in the Central South Peninsula. At first, he worked very hard, but later, when our strength grew stronger and stronger, he became a little absent-minded.”

““““At that time, my subordinates kept complaining to me, saying that big brother didn’t even show his face, and that a lot of business had stagnated.”

““““I really had no choice, so I sent some assistants to help him take care of it, and it only improved slightly.”

“““It’s all my fault ...”“ Pill Dragon said.”“I was so focused on business that I ignored big brother’s feelings. If I had noticed his abnormal situation earlier, I’m afraid ... Things wouldn’t have gotten so out of hand ...”“ ”

Chapter 1820: The most terrifying fear

“““At that time, I was still angry with my big brother!”“ Pill Dragon recalled,”“I’m blaming him for not coming to mahazaya to help me. When I was in my most difficult time, he didn’t come to Stand By Me to complete our father’s unfinished business! ”

“““AI!”“ Pill Dragon shook his head helplessly.”“But I really didn’t expect that he ... He actually ... Sigh! ”

“““In a fit of pique, there were a few years when we didn’t contact each other as much. He seemed to have changed into a completely different person. He didn’t care about his business, me, or career at all. ”

“““At that time, I thought that he was going to indulge in debauchery and enjoy his life! However, he now knew that he ... He had already gone mad at that time! ”

“““As a Southeast Asian, of course I have heard of the famous Gu mantong murder case. However, I don’t raise Gu Man Tong, and I don’t believe in religion, so I rarely pay attention to these things. ”

“““I would never have dreamed that ... The Gu mantong killer ... Was actually ... Sigh! AI!”“ ”

“Through pill Dragon’s laments, Zhao Yu could feel that he was indeed very helpless. ”

“““Finally, after so many years of hard work,”“ pill Dragon continued,”“I gained a firm foothold in mahazaya. At that time, I almost forgot that I still had such a big brother. We almost lost contact. ”

“““Until one day in 2012, when it was still late at night, I suddenly received a call from my big brother, Bi kun. He said ... He got into trouble at mianlan’s stall and wanted me to go and save him! ”

“““That call came very suddenly. I asked him what happened, but he didn’t say anything and even hung up the phone! ”

“““I had no choice. He was my big brother and I couldn’t just leave him be. So, I took a few of my capable assistants and rushed over overnight. ”

“““When I saw him, I finally understood what happened ...”“ Dan long blinked his eyes numbly, as if he had fallen into a memory that was difficult to speak of. After a long pause, he continued,”“at first, he refused to tell me the truth. He only said that he accidentally killed a person and left evidence at the scene, and wanted me to help him deal with it! ”

“““Although I killed someone, I didn’t think much about it at first. I found the local police in charge of the case through my connections and bribed them with money. I destroyed the surveillance cameras, vehicles, and other evidence to help my brother solve the case. ”

“““Fortunately, there was no witness in that case. Otherwise, it would have been more troublesome ...””

‘F \* ck ...’

Zhao Yu cursed in his heart. No wonder the Gu mantong case became an unsolved case. So much evidence was destroyed just like that ... I’m really speechless ...

“““Since I’m the one who handled the matter, I have to investigate who my big brother killed and why. In the end, sigh ... That day, I was really scared! ”

“““I’m going crazy. I would never have thought that my big brother was the notorious Gu mantong killer who caused panic throughout Southeast Asia!”” ”

“““How could it be him? ”

“““Why is it him? I kept repeating this, but I just couldn’t understand this logic! ”

“““Of course I asked him personally. He told me ...”” Pill Dragon swallowed his saliva and said in an extremely uncomfortable manner,““a long time ago, he found out that our father’s serious illness was indeed caused by someone using the Gu Man Tong to maliciously attack our Father! ”

“““The person who provided for Gu mantong was one of my father’s political opponents. Later, that political opponent did not have a good ending. He quickly lost power in the power struggle and was stranded overseas. ”

“““Then, my big brother found him, kidnapped him, and forced a confession out of him. That person then confessed that he used Gu mantong to harm my father! ”

“““That person said that he didn’t expect Gu mantong to be so effective. It actually caused my father to fall sick ... ”

“““In the end, my big brother strangled him in a fit of anger, and from then on, he opened the prologue of his killing ...”” ”

“Then, Zhao Yu suddenly felt a chill down his spine. He couldn’t help but look at the old man on the bed again. The man’s eyes were still wide open, and there was an indescribable evil look in them. ”

“““My big brother Bi kun said that it was not a crime to provide for Gu Man Tong, but those who used Gu Man Tong to harm people should all die! ”

“““He wanted to seek justice for those people who were killed by Gu Man Tong. Not only did he want those evil people to die, he also wanted them to taste the most terrifying fear in the world ...”” ”

Oh ...

Zhao Yu couldn’t help but exclaim in his heart.

“Miya had said that all the victims of the Goman child case were not strangled to death by ropes, but were scared to death. Could it be ... ”

“““He told me some specific details about the killing process ... But ...”“ Pill Dragon said,“““I detest this kind of evil art so much that I didn’t listen carefully. ”

“““The general meaning is that my big brother found a secret recipe in the island of Borneo. People who drink this secret recipe will feel their hearts palpitate and their nerves become chaotic. It will also amplify their fear! ”

“““So, after my big brother found a target, he first sneaked into this person’s house and strangled him with a rope, making him unconscious so that the blood supply to his brain was insufficient. Then, he fed him this secret recipe ... ”

“““After that, when the unconscious person gradually woke up, my big brother would put on a mask that he made himself. The mask would often look exactly like the Gu Man Tong that the victims had been feeding. It was as scary as it could get ... ”

“““Just like that, under the effects of the secret recipe, once the victims see the disguised Gu mantong, they will mistakenly think that it’s Gu mantong that has come back to life. You can imagine the degree of fear, some can even be scared to death!”“ ”

Oh ...

“Zhao Yu finally understood what was going on. It seemed that Bi kun’s Secret recipe was not easy to find out from an autopsy, which was why the case was so confusing and incomprehensible. ”

“Bi kun’s method seemed to be similar to Han Kuan’s method in the devil case, but obviously, the Gu Man child case was more complicated. ”

“““My big brother has really gone mad.”“ Pill Dragon shook his head and sighed.“““I’ve been working hard for the country in Maha Zaya, but my big brother has been studying how to kill people, how to scare a living person to death! ”

“““So, after I found out the truth, I was both angry and scared!”“ Pill Dragon clutched his chest and said,“““but if he’s really caught, I’m definitely finished! ”

“““With such a Gu mantong killer as my big brother, how can I participate in politics in the future? ”

“““So, I sent someone to send my brother to the Philippines and put him under guard,”“ dan long continued.“““I have a villa in Su Wu. It used to be where my mother lived, but she’s no longer here. ”

“““I thought that big brother would stop here, but I didn’t expect ... Sigh ...”“ Pill Dragon said helplessly.“““By accident, the Gu mantong murder case happened in su city again! ”

“““I went home and asked. It was my big brother again. This time, he left more clues. I spent hundreds of thousands of dollars to barely get it done! ”

“““At that time, I was so angry that I even wanted to kill him! However, when I faced him, I suddenly realized that my big brother seemed to be different from before! ”

“““His face gradually lost all expression, and he didn’t know how to smile ... ”

“““In the end, I took him to the hospital for a checkup. Only then did I find out that he had ALS, and it was a very malignant kind ...”” ”
