Chapter 1821: Still have a problem?

““““I didn’t make it clear just now ... My big brother is also a criminal genius,”” pill Dragon suddenly changed the topic and said,““““I’ve already experienced it in mianlan!”” ”

““““When mianlan asked me for help, I thought that he had already been arrested. In fact, at that time, the local police had just received the report and were just preparing to investigate!”” ”

““““Oh ...”” Hearing this, Zhao Yu immediately understood what pill Dragon meant. It seemed that the legendary Gu mantong killer was indeed extraordinary. ”

“Dan long looked at the patient on the bed and said,““““when I heard about this situation, my first suggestion was to help him escape. But ... He told me ... He said that he accidentally left his fingerprints at the scene and ignored a camera or something. He sounded very professional ...”” ”

““““Also, he said that he was involved in a case before and left his fingerprints. So, once he is listed as a suspect by the police, he will be wanted worldwide!”” ”

““““You have to know that the Gu mantong killer’s power is first-class. Once this news gets out, even I will be implicated!”” ”

““““So, I had no choice but to use my connections to bribe the local police.”” ”

““““After that, although I didn’t ask in detail, I could feel that my big brother was a criminal genius,”” dan long said.““““All the cases he committed in the past didn’t leave any clues.”” ”

““““In order to reduce the chance of being exposed, he would even shave his head every time he committed a crime, not leaving a single hair on the scene!”” ”

““““Every time before he committed a crime, he would do a detailed plan, including the route, the car, the props, and so on. Every time he did it flawlessly, that’s why this case became the number one unsolved case in Southeast Asia!”” ”

““““Oh ...”” Zhao Yu nodded silently. He did agree with dan long. He had read a lot about the Gu mantong case, and just as dan long said, the murderer was so cautious that he was almost perverted. ”

““““But I only found out later,”” dan long said.““““He had als when mianlan committed the crime.”” ”

““““His Lou Gehrig’s disease is very serious. In addition to the muscle nerves, the brain nerves will also be affected, causing memory confusion and other bad symptoms.”” ”

““““That’s why he failed in mianlan and asked me for help. However, at that time, he didn’t know that he was already sick!”” ”

““““I originally thought that after sending him to Su Wu (a city in the Philippines), he would restrain himself. But I didn’t expect that he would target a person who was supporting Gu mantong from Su Wu. In the end, he couldn’t help but attack!”” ”

““““But, because of the deterioration of her illness, she made a lot of mistakes, and she was almost killed by the victim ...”” ”

““““However, in the end, with my connections, I still used money to settle that matter. ”

““““Later on, I found out that he had this disease. This disease was incurable. From the day I found out, I had already expected that he would become like this!”” ”

“As he spoke, dan long looked at BI kun, who was lying on the bed, with a complicated expression and made a painful expression. ”

““““The capital in the Philippines ...”” Zhao Yu muttered to himself.””That was the second last case in the Goman Tongle case, and the murder of Maha Zaya’s Chairman was the last one ... Could it be ...”” ”

““““Right!”” Pill Dragon clenched his fists and said with great resentment,””ever since the incident in the capital, I never dared to let this fiend leave my sight again. So, I secretly brought him to Maha Zaya and let him live with me. I also sent someone to watch over and take care of him every day. ”

““““At that time, his muscles were already showing signs of atrophy. He needed to take medicine and physical therapy every day. He even had problems walking. ”

““““So, as time went by, I let my guard down. I thought that since he was already like this, he wouldn’t do anything out of line. But I didn’t expect ... I didn’t expect ...”” ”

““““Ai!”” Dan long slapped himself hard.””My big brother had his eyes on the leader of the horse gang, marasijil, through the news and newspapers. He even sneaked out a few times to follow marasijil and confirm the information ...”” ”

““““He’s really a devil! My big brother has already been completely demonized by Gu mantong to the point that he has lost his mind. With his physical condition, he actually attacked me behind my back ... ”

““““And it was this time that brought me great trouble. Even today, I haven’t wiped it clean. Sigh ... ”

““““If I had known this would happen, I would have locked him in the basement and never let him see the light of day! ”

““““The death of masasijie has caused a sensation throughout Southeast Asia, not to mention our Maha Zaya ... ”

““““Reporters from all over the world, as well as experts from Thailand and the Philippines, all swarmed in to participate in this case. ”

““““As for this case, my brother did a terrible job. He left evidence at the scene, and the car he was in was captured by the surveillance cameras at the construction site. ”

““““I was really screwed by him. I even wanted to kill him ...”” Pill Dragon clenched his fist and said excitedly.””That was the most dangerous time of my life. My power was far from as stable as it is now. There was marijie inside, the opposition outside, and so many drug lords eyeing me covetously ... ”

““““What my big brother did completely tied my life to him. If he was exposed, then my little life would be completely lost! ”

“““So, in order to survive, I had no choice but to take a series of remedial measures, which barely suppressed this matter! ”

“““At that time, I hired a large number of Southeast Asian assassins and used the double measures of money temptation and threat of life to force the chief of the police to stand on my side. Then, I worked with su kun to win over the Thailand expert, Qi kun, and the translator, Mali ... ”

“““You’re right,”” dan long said.”“When we were negotiating with Qi kun, we gave him two envelopes. One contained a bank card, and the other contained a photo of his family. Under such circumstances, he could only agree to my conditions ... ”

“““All in all, I managed to settle this matter in the end and did not arouse the suspicion of the Marij Mali!”” Pill Dragon said,”“from then on Mali I have been on a meteoric rise. I inherited marijie’s career and have come to where I am today! ”

“““Mr. Detective, please allow me to repeat myself. If the Gu mantong incident is exposed, the entire mahazaya Kingdom will be in chaos. At that time, the deaths of these innocent people will be blamed on you, and you will never be able to live with your conscience ...”” ”

“““Hmph ...”” Zhao Yu snorted coldly, then squinted his eyes and asked,”“what, are you trying to use morality to kidnap me? Or is it a blatant threat?”” ”

“““No, I just hope that you can consider it carefully. The Goman thong murder case is not just a case, but is closely related to politics and the safety of the people! ”

“““I hope that you can show mercy and let us go. I, pill Dragon ...”” ”

“Zhao Yu raised his hand and said,”“don’t be in such a hurry to raise the case. Let me ask you a few questions first, then we can discuss how to solve this.”” ”

“““Ah? Is there ... Is there any other problem?”” Pill Dragon was stunned. Uneasiness flashed in his eyes again. He asked in a trembling voice,”“you ... What else do you want to know?”” ”

Chapter 1822: What do you want?

“““Where are Mali’s family now?”” Zhao Yu asked coldly. ”

“““This ...”” Dan long rolled his eyes, shook his head, and said,”“I don’t know about this. It was all arranged by su kun and MA biwu!”” ”

“““In order to keep your secret Mali even stabbed himself with a fruit knife,”” Zhao Yu said, gritting his teeth.”“Tell me, why did he do that?”” ”

“““This ...”” Cold sweat appeared on pill Dragon’s badly mangled face again. He stammered,”“for his family ... Family!”” ”

“““Hmph, you know that he did it for his family, right?”” Zhao Yu said angrily,”“then let me ask you, if Mali kept his promise and didn’t tell your secret, why did you kill his family?”” ”

“““No, you ... You’re mistaken ... I ... I didn’t.”” Pill Dragon didn’t expect that Zhao Yu’s attention would suddenly shift to this, so he stammered and couldn’t speak. ”

“““This is called not speaking of morality, not being benevolent and unjust!”” Zhao Yu said indignantly,“let’s not talk about other things. This matter alone is enough to make me unable to convince myself to let you go! A person who doesn’t keep his word and kills without restraint is unforgivable!”” ”

“““No... No, no, no... Listen to me ...”” Pill Dragon tried to explain.““I didn’t do anything to his family.”” ”

Whoosh ...

“Zhao Yu turned on his phone, and a recording played. It was the conversation between dan long, su kun, and MA biwu. ”

“““I want you to completely smooth this matter over ...”” ”

“““Since both Mali and Qi kun are dead, what value does their family have?”” ”

“.....”

“““Ah ...”” ”

“Dan long felt around his body, then realized that Zhao Yu had been eavesdropping on him, and he knew his secret. ”

“This time, he couldn’t argue anymore. He could only force himself to argue,““““I ... I don’t know if Mali confessed or not. His ... His family is also aware of this. In ... In order to prevent any future trouble ... I can only ...”” ”

“““I let go of Mali’s servant. He can testify for Marion,”” Zhao Yu said sternly.““Do you think it’s easy to stab yourself with a knife? Do you want to try?”” ”

Gulp ...

“Pill Dragon swallowed his saliva, his eyes filled with fear. ”

“““In your eyes, there are only benefits and values, without any mercy or morality. I hate people like you the most in my life!”” Zhao Yu shouted righteously,“you say that you’re doing it for the people, but you even treat your own men like grass and kill them whenever you want. How are you going to do it for your people? ”

“““Even if you become a leader, you are just an evil dictator,”” Zhao Yu said, pointing to the old man on the bed.““Your hands have been stained with more blood than his!”” ”

“““That’s enough!”” Dan long suddenly opened his eyes wide and shouted at Zhao Yu,“you don’t understand politics at all! If you want to reform, there must be sacrifices! If you want to do big things, you must not bother about the trifles! ”

“““Chinese man, you’re right. But I want to ask you, what do you have to do with those people my brother killed? ”

""Marge, Qi kun, and Mali, what do they have to do with you? "

""Are you forcing me today to seek justice for these people? ""Haha ..."" Pill Dragon laughed hideously.""Don't you think that you're being a busybody? "

""Great, now that you know the truth, you've completed your detective mission! What's next?"" Pill Dragon bared his teeth and said,""what else do you want? Are you going to expose us? Let mahazaya fall into chaos? "

""Or, are you going to take me and my brother to another country for trial? "

""Why don't you just execute my big brother and I on the spot and kill us? Was this good enough? "

""Tell me, what do you want?"" "

""Mm ..."" Zhao Yu thought for a moment, then stretched out a finger and said,""I still have a small question ..."" "

""Enough!"" Pill Dragon was about to go crazy. He immediately roared in a rage,""where do you get so many questions from? I've told you everything you wanted to know without any falsifications. Is that not enough? "

""What else do you want? You're crazy, this ..."" "

Pa ...

"Before dan long could finish, Zhao Yu slapped him across the face. Dan long staggered, and his body hit the medical equipment on the bed, making a mess. "

"Zhao Yu didn't say anything, but punched dan long again, then stepped on dan Long's injured palm for the second time. This time, he stepped on it even harder than before, and even stomped a few times ... "

""Ah ... Ah ..."" "

"Pill Dragon rolled on the ground in pain, his whole body twitching. He quickly slapped the ground with his other hand and begged loudly,""Ask, you ask, quickly ask. As long as I know, I will tell you everything! Ah ah ... Ah ah ... Wu ..."" "

"After that, pill Dragon even started to cry. "

""I have a small question,"" Zhao Yu said, stepping on his palm with satisfaction.""Regarding the French incident, it must have been your own doing, right? "

""You deliberately killed those French people to frame the opposition, and then joined forces with the French military to carry out a large-scale clean-up operation against the opposition? "

""Not only did we keep the secret of the Gu mantong case, but we could also take the opportunity to eliminate the opponent, killing two birds with one stone?"" "

""No... No, no, no..."" Pill Dragon shuddered and roared.""This is an accident!"" No matter how bold we are, we wouldn't dare to play like this! "

""Once this kind of thing is investigated, it will be a disaster for us. The French are not stupid ..."" "

“““Still pretending!”” Zhao Yu pinched his foot again and asked fiercely,““you said before that the French incident will go according to plan, and we just need to find someone to negotiate with them ...””

“““Yes, yes, I did say that!”” ““But my original plan was to make good use of this incident and promise the French benefits so that they can help us eliminate the opposition,”” dan long replied in pain.““That’s all I meant!””

“““Believe me, believe me, I’m not lying. You can investigate ...”” Dan long opened his mouth and said anxiously,““our Intelligence Department has found out who planned the attack. If you don’t believe me, I can show you the document ...””

“““The opposition, they’re really the opposition! Wuwu ...”” ”

“““Oh ...”” Zhao Yu nodded slightly. It seemed that this time, he was not lying. The France reporter’s explosion might really have been an accident. ”

“So, Zhao Yu finally retracted his leg and looked at dan Long’s injured palm, which was already badly mangled and bleeding. ”

“At this moment, a series of footsteps and the sound of someone pulling a gun were heard from the outside. From the sound alone, one could tell that a fully armed team had arrived and surrounded the entire mansion. ”

“““Oh ... Oh oh ...”” After hearing this, dan long spat out a mouthful of blood and said to Zhao Yu,““Mr. Detective, can we discuss this again?””

“““As long as you promise to keep my secret, I’ll definitely ensure your safety ... How about it?”” Then, he put on a stern face.““If you don’t agree, then I’d rather die with you today than let my people be caught in a war because of the Gu mantong killer!””

“““I will use my death to defend my dignity!”” ”

“““No...”” Zhao Yu shook his head and said,““Pill Dragon representative, you’re overthinking it! Today, not only do I want to get out safely, but I also want to take you and this killer Gu mantong away. I’m a detective, and your Yingluo is under arrest!”” ”

Chapter 1823: How do you catch me?

“““You ...”” Pill Dragon was about to go crazy. He endured great pain and said,““you’re an interesting person ...”” ”

“You’re still so arrogant even at this time ... Really ...”” ”

“At this moment, the footsteps outside the door became more and more hurried. It was obvious that the people outside had surrounded the secret chamber and were about to rush in. ”

“““Dan long,”” Zhao Yu said,””you have killed so many people. Although you have your own reasons, you have no regard for human lives. You have to be responsible for your own evil deeds! ”

“““I know,”” Zhao Yu said.””I don’t have the right to judge, but there is justice in this world, and it is no exception for your Maha Zaya! ”

“““So, I will reveal your crimes to the public, and let you and this famous killer Guman Thong get a fair trial!”” ”

“““You ... You ...”” Pill Dragon lay on the ground with a look of disbelief.””You’re already at death’s door and you still want to judge me ... You’re really interesting! ”

“““Once my people come in, you’ll be beaten into a sieve. So what if you change your face? Do you think you can escape this time? Do you think that you can still escape with my big brother and me? ”

“““Lunatic, he’s a complete lunatic!!!”” ”

“““Hmph ...”” Zhao Yu looked at dan long with disdain, then pointed to the door of the secret room and said,””today, I’ll show you how I take you out of this room safely! ”

“““Open your eyes wide and watch ...”” ”

“Then, Zhao Yu walked to the door and pressed the button. The door opened automatically. ”

“Moreover, not only did he not use tools like a disguise machine or a bulletproof vest, but he also did not hold dan long or Bl kun as hostages. He just stood at the door, looking down on the world. ”

“““This ...”” Dan long peeked at the bed and thought to himself that as soon as his men rushed in, he would immediately order them to shoot Zhao Yu, then he would hide behind the bed. ”

“However, when the door opened, pill Dragon was dumbfounded. ”

“The people holding guns outside the door were not his men, but a small team of Special Forces soldiers in camouflage uniforms and riot helmets. ”

Pill Dragon knew that his Army didn’t have such equipment. These people weren’t his men.

“““This ...”” ”

Pill Dragon was shocked and his head buzzed.

“The next second, something even more shocking happened. The leader of the Special Forces took off his helmet and saluted Zhao Yu. ”

“The Special Forces soldier was a blonde, white-skinned European with an unusually burly and tall figure. She was also a curly-haired woman! ”

“However, the woman’s head was wrapped in bandages, so she must have been injured. ”

“““Holy sh * t!”” Zhao Yu was shocked when he saw the woman.””Senior, aren’t you working too hard?”” Your injuries haven’t healed yet, and you’re personally going into battle?”” ”

“It turned out that the tall European woman was none other than Juliet, the France Senior Sister touqiang.”

“”Hehe ...” Juliet smiled and patted Zhao Yu on the shoulder.””How could I miss such a historical moment?”” ”

“Juliet waved her hand, and the soldiers behind her immediately rushed into the house and took control of the unrecognizable pill Dragon.”

“”Oh,”” Juliet said as she came to the bed and looked at the patient.””I didn’t expect the famous Goman thong killer to be hiding here!”” ”

“”Furthermore, it has already become like this ... ”

“”How emotional!”” Juliet turned around and patted Zhao Yu affectionately.””Thanks, my dear brother! We’re even now for the favor you owe me!”” ”

“”Don’t give me that!”” Zhao Yu quickly tried to argue with her,””senior, I saved your life at the parliament building, so we’re even! ”

“”Now, I have helped you find out the truth of the Gu mantong case, as well as the truth of your companion’s explosion. So, you owe me this time!”” ”

“”This ... Hehe ...”” Juliet was still pale from her serious injuries, but she was still amused by Zhao Yu’s words. She immediately gave Zhao Yu a thumbs up and said,””you’re really good at settling accounts, okay!”” ”

“”I’m completely convinced. I owe you a big favor, and I’ll return it double in the future. Is that okay?”” ”

“”Mm ... That’s more like it ...”” Zhao Yu nodded with satisfaction, then counted on his fingers and said,””bonuses, and the honor of being a good citizen of Paris, you can’t miss out on any of these!”” ”

“”Okay, okay, okay ...”” Juliet put her hands together and bowed to Zhao Yu.””I’ll let our President give you the award in person, okay?”” ”

“After that, the two of them laughed heartily as if there was no one else around. Dan long was stupefied and dumbfounded on the spot.”

“He then understood that Zhao Yu had not come alone, but had come prepared! ”

“Earlier, when Zhao Yu had risked his life to save Juliet from the parliament building, he had found that Juliet’s injuries weren’t as serious as he had thought. She had only been injected with a tranquilizer and had fallen into a coma.”

“So, he woke her up with an invisible antidote.”

“When Juliet learned the truth, she was naturally furious. She immediately contacted their local intelligence Agency and the Special Forces in the nearby countries, ready to settle the score with pill Dragon.”

“However, Zhao Yu still dissuaded her. After all, they didn’t have any real evidence, and so far, they still didn’t know the truth of the Gu mantong case. They couldn’t judge whether the explosion outside the Hilton Hotel was dan Long’s doing. ”

He was only a major suspect.

“Hence, Zhao Yu felt that taking revenge so rashly was not justifiable, and it was easy for accidents to happen. ”

“Therefore, he came up with a plan to sneak into the building first and force dan long to tell the truth. ”

“After the interrogation was clear and there was enough evidence, Juliet would lead her team in a surprise attack. ”

“Of course, Zhao Yu knew that after the incident, pill Dragon’s mansion would be impregnable and heavily guarded. ”

“However, not only could Zhao Yu fly, but he could also become invisible, so sneaking in was a piece of cake. ”

“During the whole process, Zhao Yu had brought a pinhole camera with him, so Juliet could know the situation at any time and adjust her plan in time. ”

“So, when dan long admitted that the patient on the bed was the Goman thong killer, Juliet immediately led her men to launch a surprise attack. ”

Juliet’s men were all elites with extraordinary skills. They were equipped with a kind of powerful exercise bullet that could instantly make the enemy lose the ability to resist.

“Therefore, in less than ten minutes, they had quietly occupied pill Dragon’s mansion. ”

“Because of this, Zhao Yu asked one more question at the end, forcing dan long to tell him the truth about the attack on the France reporters. ”

It seemed that the sudden explosion had indeed originated from an accident.

“However, Juliet wasn’t a kind person. After all, pill Dragon was the one who had hunted her down and kidnapped her. ”

“So, now that they were enemies, Juliet didn’t care about pill Dragon’s unrecognizable face, but still rushed up and beat him up again, until pill Dragon wailed and howled ... ”

Chapter 1824: world class detective

“The next day, at 10:10 am, on a cargo ship in the eastern part of the Maha Zaya sea. ”

“As it was located in the tropical zone, even though the morning sea breeze was blowing, it was still mixed with a damp heat, and there was no refreshing feeling at all. ”

“At that moment, Zhao Yu was sitting on the deck, looking at the sunrise in the distance. ”

“Last night, when they raided pill Dragon’s mansion, they had already captured pill Dragon, BI kun, MA biwu, su kun, and the others. They had all been captured and brought to this cargo ship. ”

“Soon, a tall Juliet came from afar and sat down next to Zhao Yu, lighting a cigar for herself. ”

“Because of the hot weather, Juliet had taken off her top and was only wearing a sling, which couldn’t hide her hot body. ”

“Zhao Yu looked at her and wanted to advise her not to smoke, but he held back. ”

“““We got everything from the interrogation last night,”” Juliet said to Zhao Yu after taking a few puffs.””Basically, just like you interrogated, the truth of the Goman kid case has finally been revealed!””

“““Basically?”” Zhao Yu caught on to this word.””So, there are still some discrepancies?”” ”

“““Oh ...”” Juliet said,””it’s not an important issue. After BI kun committed the crime in the Philippines, in order to help him settle it, danlong not only spent money, but also used force! ”

“““It was settled with money and blood. Several witnesses were killed ...”” ”

“““Oh ...”” Zhao Yu grinned. Obviously, this news was reasonable. ”

“““One more thing. Pill Dragon lied, too,”” Juliet said, taking a few more puffs.””Mali Marij is really dead, and his funeral is real! ”

“““But ... Um ...”” ”

“““Marijy didn’t die of natural causes?”” Zhao Yu said. ”

“““Waa!”” Juliet’s eyes widened and said in surprise,””you’re really a God. You even guessed that?”” ”

“““I just had this feeling ...”” Zhao Yu said.””Marijje’s body was fine. How did he suddenly die? ”

“““At that time, because of the Goman case, marijje should have already threatened pill Dragon. With pill Dragon’s fierce personality Mali he definitely wouldn’t just sit back and wait for death ...”” ”

“““Right!”” Juliet said,””this man is unscrupulous in order to get to the top! His savagery was no less than his big brother ‘s! ”

“““Like brother, like brother ...”” ”

“““This person is evil,”” Zhao Yu said.””Even if he becomes the leader of the mahazaya Kingdom in the future, he will definitely not do anything good. He will definitely be an obstinate dictator. ”

“““But ...”” ”

“““I know.”” Juliet took another puff of her cigar and said,””you’re worried that once pill dragon falls, mahazaya will be plunged into war and people will be killed, right? ”

“““Don’t worry!”” Juliet said,””we’ve drafted a detailed plan. We’re going to submit pill Dragon’s crime to the Maha Zaya Council through the Embassy and let them decide on their own. ”

“Furthermore, we will report this to the United Nations and send peacekeeping troops to closely monitor Maha Zaya’s every move to ensure that there will be no turmoil!”

“The drug lords of mahazaya are cancer to the world,” Juliet said. “No one wants to see them rise from the ashes ...”

“So, it’s not as serious as you think ... Don’t listen to pill Dragon’s exaggerations. It’s just an excuse ...”

“Hearing this, Zhao Yu nodded and said, “Actually, be it the Goman child case or the politics of mahazaya, none of them had anything to do with me!”

“My real mission was to capture Qi kun and the murderer of Mia, but I didn’t expect ... To do so many good deeds in one go. Please don’t praise me anymore, I feel like I’m about to become a great Savior!”

“Tell me, where can we go to reason? What if I become too proud in the future? This is really ...”

“You ...” Juliet swallowed and was at a loss for words. Obviously, she was not prepared for Zhao Yu’s shamelessness.

“However, even though Zhao Yu was so boastful, Juliet couldn’t help but say, “

“I can’t see through you anymore,” Juliet said with a sigh. “You can speak Malay, English, French ... And even ... In the home of sin in Africa, you ...”

“Mm ...” Zhao Yu quickly waved his hands. “Sometimes, I also think that I’m a language genius, so much so that I’m a little too much of a genius!”

“I’ll put it this way. Other than these, I can also speak Latin, German, Japanese, and even the native language!”

“...” Juliet was speechless again. After a long silence, he continued to voice his doubts. “Apart from the language, I heard from danlong that you can change your face and turn into him to cause a scene in the Capitol. You ... Know how to disguise yourself?”

“This ... This ...” Zhao Yu quickly replied mysteriously, “this is a trade secret, I can’t tell you!”

“...” Zhu liye paused for a moment, then asked, “dan long also said that you have an extremely powerful bulletproof vest that even a rifle can’t penetrate. You look like Iron Man?”

“Um ... This ...”

“It’s also a secret, right?” Juliet put on a stern face and threatened, “aren’t you afraid that I’ll arrest you and torture you for a confession? We’ve been dreaming of having such powerful black technology!”

“Black technology? Black my ass!” Zhao Yu grinned and said casually, “those soldiers are shirking responsibility. Can’t you see that?”

“When I saved you, I transformed into a pill Dragon. They were really afraid of me, so although they shot me, they didn’t dare to actually hit me!” Zhao Yu pouted. “I risked my life to save you from the enemy!”

““““And you still dare to threaten me? do you have no shame?”

““““If it wasn’t for me, you would have been killed by them!”” ”

“Juliet blushed at Zhao Yu’s words. She quickly put out her cigar and said apologetically,“““““Don’t be angry, my dear. I was just joking. Can’t you tell?”

““““I, Juliet, am a man of my word,”” the France senior swore, patting her chest.““““No matter what our positions are in the future, you’ll always be my Savior and my most respected friend. Even if my superiors order me to harm you, I’ll never go against my word!”” ”

““““Hmm...That’s more like it!”” Although Juliet’s words were a little exaggerated, it was not easy for her to make such a statement, and Zhao Yu was quite touched. ”

“After Juliet made her vow, she hugged Zhao Yu and kissed him a few times, almost making Zhao Yu breathless ... ”

“Of course, Zhao Yu didn’t dare to mess around with her, so he quickly pushed her away and changed the topic.””So, how do you plan to solve the Gu Man case?”” ”

“Hearing that, Juliet stopped talking, straightened her clothes, and said,“““““Of course we have to announce it to the world!”

““““The Gu mantong case has always been the number one unsolved case in Southeast Asia. There are many victims, and the impact is bad. Whether it’s for the sake of the victim’s family or for the sake of justice, it must be made public.”” ”

““““Mm ...”” Zhao Yu said.““““So many people have died, and the Gu mantong killer has become a patient with Lou Gehrig’s disease. In the future, the trial will definitely be a big project!”” ”

““““En!”” Juliet nodded.““““I’ll report it to the government, and then all the countries where the victims are from will form a joint trial group to conduct a public trial for the case!”

““““Of course,”” Juliet said, patting Zhao Yu on the shoulder.““““We’ll put your name first! Let everyone know that it was you, great detective Zhao, who solved the number one unsolved case in Southeast Asia.”

““““Congratulations, Zhao Yu, you’re going to be a world-renowned detective soon!”” ”

Chapter 1825: Can’t be too solitary

“The plane shuttled through the clouds, but the vast ocean under the clouds could not be seen. The only thing visible was the huge sun that was about to set in the West. ”

“The golden light of dusk shone through the plane’s porthole, shining on Zhao Yu’s face. ”

“However, Zhao Yu’s eyes were closed, and he wasn’t affected by the golden light. He was lying comfortably on the massage sofa in the first-class cabin with his legs crossed. The corners of his mouth were high, and he was immersed in happiness.”

But ...

“Due to the successful completion of Gu man’s case, the Kun Qian hexagram that he had opened last time had also been completed.”

“Not only did he obtain as many as 50 items as a reward, he also won points from the bet and successfully selected the all-purpose sniping scope that he had been dreaming of.”

“This time, Zhao Yu had really earned a lot. His total points had reached an astonishing 79720 points, and he was very close to his goal of 100000 points.”

“Zhao Yu estimated that with another super big hexagram, he should be able to upgrade the system again.”

He wondered what new functions would appear in the system after the next upgrade. Would there be even more heaven-defying items?

“In terms of devices, Zhao Yu was also pleasantly surprised. Not only did he win the all-purpose sniping scope, but the system also rewarded him with the same device, which meant that he now had two devices.”

“In addition, he had also obtained a top-tier device like the invisible spacesuit and emergency evacuation ball.”

Other common items such as flying devices and invisibility cloaks were also obtained.

“In terms of offensive devices, he had also obtained many powerful devices, such as an invisible blade cutter, an invisible electric baton, an invisible stun grenade, and so on.”

“Of course, among the fifty devices, there were also some new devices, such as the invisible emetic pill that could make people vomit, the invisible hearing loss pill, and so on. These were enough for Zhao Yu to study for a while.”

“However, it was a pity that, ever since Zhao Yu had used the only invisible lie detector, it had not appeared among the other devices that he had obtained.”

“But Zhao Yu didn’t care about this small regret. After all, the lie detector was no longer the overpowered BUG it used to be. Under various restrictions, it was not as effective as before.”

“In the end, the system was the same as before. As soon as the Kun Qian mutated hexagram was completed, the hexagram opening area immediately entered a frozen period.”

“This time, the hexagram area would be frozen for 30 days. He could only open another hexagram after 30 days.”

It had been a whole month.

“Zhao Yu looked at the system interface, thinking about his future plans.”

“At that moment, Ding Lan patted Zhao Yu from the side and pouted, “”””Brother-in-law, why do I feel like there’s something you’re not telling me?”

“”””You know, we have to do a report when we go back!”

“”””How about ... You tell me in detail again? I keep feeling that there’s something wrong. Isn’t this a little too strange?”” ”

“”””Aiyo,”” Zhao Yu impatiently turned his face to the side of the porthole, and the sun happened to shine directly on him. He felt a little glaring, so he quickly covered his face with his hands and said,“””I’ve told you a thousand times, I’ve told you everything that happened after we separated!”” ”

“”””It’s not bad at all ...”” ”

“”””You ... You really dare to break into their parliament building? Do you really know how to disguise yourself?”” Ding Lan was curious.“””You’re not making it up, are you?”” Is that Juliet’s plan, and you’re just a follower?”

“”””Hey, you have to tell me the truth!”” ”

“”””If you don’t believe me, you can ask Juliet,”” Zhao Yu said, frowning.“””Didn’t I tell you? The Gu Man child case has nothing to do with us, so why are we still writing a report? Why don’t you just close Mia’s case first?”” ”

“”””Yes,”” Ding Lan bent down and said,“””I’ve already explained the situation to Xiangjiang, but ... Qi kun is dead, and we can only provide a written report to close the case ...”” ”

“”””It doesn’t matter,”” Zhao Yu said.“””I’m the one involved, so I’ll write a detailed report on this matter. If the Thailand side wants to investigate, they can come and find me directly!”” ”

“”””Brother-in-law,”” Ding Lan quickly grabbed Zhao Yu’s arm,“””can you tell me in detail what the Gu mantong killer looked like?”

“”””According to the official data, there were 26 victims. However, if we count the first enemy he killed, doesn’t that make 27 people?”” Ding Lan sighed.“””That’s 27 lives we’re talking about. If that’s true, then he’s a real murderer!”” ”

“”””That person looked quite fierce,”” Zhao Yu said, recalling.“””Although he couldn’t move, his small eyes could scare people!”” ”

“”””Is that so?”” Ding Lan shivered and said,“””but this is also retribution! He finally got this kind of disease, he deserved it ...”” ”

“”””Sigh ...”” ”

“Zhao Yu sighed. Although he knew that the Gu mantong killer was guilty of serious crimes, he had his reasons for killing. ”

“He didn’t know why, but the Gu Man child case reminded Zhao Yu of Li Fei, who was involved in the headless female corpses case. ”

“Back then, Li Fei had committed those revengeful crimes because of the abuse he had suffered as a child, which had led to a psychological deformity. ”

The current Bi Kun was somewhat similar to Li Fei.

“However, Zhao Yu clearly knew that no matter what the reason was, it couldn’t be an excuse to kill someone. No matter who it was, they had no right to take another person’s life! ”

“Therefore, the Gu mantong killer would always be a notorious murderer who was despised by others. ”

“”To be honest ...” Ding Lan took Zhao Yu’s arm and said,“”before we went to Maha Zaya, I didn’t think that we would be able to solve the Guman Thong murder case. ”

“”After all, it was the number one unsolved case in Southeast Asia. The murderer didn’t make a move for three years, so I thought it would become a historical mystery! ”

“”I didn’t expect ...” Ding Lan patted Zhao Yu’s shoulder in admiration.“”Brother-in-law, you’re really the master of solving cold cases! You can solve all the hard cases!” ”

“”Don’t praise me,” Zhao Yu said.“”I can’t be too proud!” ”

“”That’s amazing ...” Ding Lan continued to compliment him cheekily.“”Why don’t you go and investigate some historical riddles?” ”

“”For example ... Where did the heirloom seal go? And Empress Dowager Cixi’s night-luminescent Pearl ...” ”

“”That’s enough, sis,” Zhao Yu pried Ding Lan’s hand away and said seriously,“”I always thought that I was shameless enough. I didn’t expect you to surpass me. You really know how to brag about your brother-in-law ...” ”

“”Actually ...” Zhao Yu pressed on Ding Lan’s shoulder and said seriously,“”I think I should go and investigate how Zhao Kuangyin, the great ancestor of Song family, died. This murder case is quite promising, don’t you think so?” ”

Puchi ...

“Ding Lan was shocked by Zhao Yu’s strange train of thought, and she couldn’t help but laugh. ”

“Zhao Yu lay down lazily. He thought that the conversation was over, but after Miss Ding laughed enough, she grabbed Zhao Yu’s arm again and said seriously, ”

“”But ... I think you can give Jack the Ripper a try, brother-in-law. It’s not too long ago ...” ”

“”Aiyo, stop playing, great aunt!” Zhao Yu once again pried Ding Lan’s hands away and said solemnly,“”you can’t be too independent. Let’s leave a few unsolved cases for the world!” ”

Chapter 1826: Mental patient (part one)

“15 days later, Tongjiang province, chaohai city, Sheng an psychological hospital, 9 p.m.”

Zhao Yu was wearing a patient’s garb and sitting on the sofa in the best Ward in the hospital. He was eating a local beggar’s chicken and watching the international news on TV.

The TV was broadcasting news about Gu man’s case.

“However, the news broadcasted on TV was very different from the truth. It didn’t mention Zhao Yu or the France police, but only said that the case was discovered by the surveillance system of mahazaya.”

“Due to the great impact of the case, it had caused a sensation all over the world, attracting countless reporters to head to Maha Zaya to report.”

“Zhao Yu wasn’t surprised by this result, because Juliet had told him that for a high-level case like the Goman thong murder case, the official announcement would usually be reserved.”

“Especially when it came to foreign factors, the local government would often keep it a secret. Because if they mentioned that the case in their country was solved by foreigners, it would be more or less embarrassing.”

“Not to mention, the Goman juvenile case involved too many sensitive political factors, so neither Zhao Yu nor Juliet wanted to expose too much.”

“So, after the case was announced, there was no information related to Zhao Yu. The International side could only hear that the United Nations had sent peacekeeping troops to ensure the safety of Maha Zaya.”

“It turned out that after the incident, the situation was not like what pill Dragon had said, which would cause a new round of war in mahazaya. On the contrary, the authorities only impeached the current representative pill Dragon under the leadership of the Parliament and arrested him and his accomplices.”

“The reformists also carried out a timely purge and reorganization, and quickly stabilized the internal and external situation of mahazaya.”

“It was worth mentioning that the Chief of Police, Abu Ajie, who had defected, had not only returned to Maha Zaya, but had also become a national hero who exposed dan Long’s evil deeds.”

“It was said that the upper house had also invited him to participate in the election. In the future, there was a great chance that he would enter the Congress and become an important task for Maha Zaya.”

“It was really a blessing in disguise. Now, Abu Ajie must be very grateful to Zhao Yu. Without Zhao Yu’s help, his whole family would have been killed by the pill Dragon.”

“According to the news, pill Dragon and his big brother, BI kun, were currently under the control of the Maha Zaya authorities. Due to BI kun’s serious condition, he could not participate in the trial, so the future trial could only be carried out around pill Dragon.”

“Even though dan long did not know much about BI kun’s crimes, he was still the one who had the closest relationship with the Gu mantong killer.”

“In addition, as the Goman juvenile case involved many people and countries, the Maha Zaya police were also contacting all the relevant countries to send special agents to conduct a further trial. ”

“With that, the Gu mantong serial murder case that had troubled the southeast Asian police for more than a decade was finally over. ”

Zhao Yu was quite satisfied with the result.

He knew that it wasn't a bad thing that the officials didn't reveal his name. It could save him a lot of trouble.

“Moreover, although there was no official announcement, from an internal perspective, it did not affect Zhao Yu's rise at all. ”

“Juliet had already revealed that Zhao Yu was the hero in solving the Goman kid case. In the International Detective circle, Zhao Yu was already a world-class detective! ”

“In the past few days, Yusoff from the Middle East and Jecca from cozovia had both sent congratulatory messages to Zhao Yu, congratulating him on solving the Goman thong murder case and becoming a world-class detective. ”

“She even talked about business with Zhao Yu. She wanted to be Zhao Yu's international agent and arrange for him to go to various countries to solve difficult cases, so as to ensure that he could make a lot of money in the future. ”

“Over the phone, Yusufu had bragged that Zhao Yu's appearance fee was at least one million euros, and anything less than that was non-negotiable. ”

Hmph ...

“Zhao Yu took a bite of the chicken leg. Because it was so delicious, he bit into it and even the chicken bone was crushed. ”

“““You want to hire me, the great detective Zhao, with just one million Yuan?”” he thought disdainfully in his heart.”“What a joke!”” With my current status, I should at least add some conditions ... Hehehe ... ”

Zhao Yu was still enjoying himself when his phone suddenly rang.

“He opened it and saw that it was his girlfriend, Miao Ying. He quickly wiped his greasy hands and answered the phone. ”

“““Hello, my dear.”” After the call was connected, Miao Ying's excited voice could be heard from the other end of the phone.”“Three as. I didn't embarrass you, great detective Zhao. I passed!”” ”

“““Amazing, amazing!”” Zhao Yu's eyes widened and he shouted happily,”“I knew you wouldn't have a problem! Your father told me long ago that he believed in your ability. He was just afraid that you would be in danger, so he deliberately belittled you in the past! ”

“““It's good that you've passed. That means ... You'll be able to go on a mission with me soon?”” ”

““No...” Miao Ying said.”“I passed the test, but there are still several important training sessions after that, which will take about a month, and there are also internship tasks after that ...”

““When I pass all the tests, I’ll be able to become the great detective Zhao’s assistant!”” ”

““That’s great! Both of them have leveled up!”” Zhao Yu shouted excitedly.”“In the future, we’ll be able to enter a higher stage!”” Wahahaha ...” ”

““By the way,”” Miao Ying suddenly remembered something and asked,”“how are things on your side? You’ve been in the mental hospital for nine days. Any progress?”” ”

““Mm ...”” Hearing Miao Ying’s question, Zhao Yu suddenly drooped his head. ”

It turned out that he wasn’t staying in the mental hospital for fun. He had an important mission.

“Speaking of this, it had to start from the end of the Gu Man child case. ”

“After Zhao Yu and Ding Lan returned to Xiangjiang and met up with the Special Investigation Group, they first contacted the Thailand police, who were in charge of Mia’s murder case, under the arrangement of the Secret Service and the criminal Division, to help them complete the post-investigation and evidence collection work. ”

“After that, they closed the case of the fake Guman Tong before leaving Xiangjiang and returning to the criminal Division to report. ”

“However, before this, Zhao Yu had been thinking about the special ““memoir of killing”” case. ”

“So, before he left, Zhao Yu contacted officer Wang Can in Yaoming to ask about the progress of the case. ”

“However, after asking, Zhao Yu immediately changed his mind and applied to the criminal Division to change the flight to Yaoming. ”

“Even though the criminal Division had sent a Special Investigation Group to assist in the investigation of the case, the investigation of the case was still difficult and had not made much progress. ”

“The reason was that the suspect, Nong zhifa, who had written the memoir of a murder, had passed away. The memoir of a murder was not written in detail, and many details could not be determined. ”

“So far, out of the 13 vicious murders he had described, only a few had been confirmed. ”

Most of the other cases still couldn’t be confirmed.

“For example, the suspect claimed that in September 1998, he killed a woman in a public toilet in Donghu County and then buried the body in the nearby woods. ”

“However, officer Wang couldn’t confirm the victim’s identity even after looking through all the local missing persons records. ”

“As for the location of the burial, there was no way to find it ... ”

Chapter 1827: Mental patient (2)

“In addition to the fact that the body could not be found and that there were missing persons that matched the characteristics, there were still many suspicious points in the case.”

“For example, the suspect, Nong zhifa, claimed in his memoir that in September 1999, he attacked a female victim outside a movie theater in chaohai and knocked her out.”

“After that, he dragged the victim into the wild, raped her, and killed her before burying her on the spot.”

“According to the records, the woman was 1.7 meters tall, wearing a brown trench coat and red high heels. There was also a birthmark in the shape of a plum blossom on the woman’s private part.”

“After that, officer Wang looked through the original missing person records, but he didn’t find anyone who matched the missing person’s characteristics.”

“However, the strange thing was that after searching and comparing, they found that the process of the crime described by Nong zhifa was very similar to a missing person case in the southwest Street of Haifeng city.”

“In this case, a 23-year-old music Hall waitress, Mr. Nie, disappeared after work and was still missing. And this NIE’s attire was almost exactly the same as Nong zhifa’s description.”

Her family members even confirmed that there was indeed a plum-shaped birthmark on the woman’s private part.

“However, I went missing in August 1999, a month earlier than the time described by Nong zhifa.”

“Moreover, Haifeng city was 170 kilometers away from chaohai city. Officer Wang suspected that Nong zhifa might have remembered the time and place wrong.”

This Mr. Nie who went missing in Haifeng city was the victim described in Nong zhifa’s memoir of killing people.

“As a result, the location of the buried body became even more of a mystery, and there was no way to find it.”

“In addition, through questioning the prison guards and fellow inmates of Nong zhifa’s prison, many suspicious points appeared.”

“These people claimed that Nong zhifa’s mental state had been unstable since he was imprisoned. He was sometimes irritable, sometimes docile, and sometimes mumbling to himself, as if he had a certain mental problem.”

“It was said that in the later stages, his character became more and more unsociable, so he had no friends in the prison, and people did not know him well.”

“In addition, there was another important doubt, and the most direct one, that was also troubling officer Wang. It was about the trajectory of Nong zhifa.”

“According to “‘memoir of murder,’” all the cases committed by the suspect were between 1993 and 2003. The murderer had brutally killed 13 victims in 10 years. ”

“However, after a few days of investigation, the police found that the traces of Nong zhifa’s incident seemed to be somewhat different from his memoir. ”

“Nong zhifa’s life had been rough. He had worked for others and done small businesses before. He had been to many places, and his basic activities were along the southeast coast. ”

“At first glance, his traces and the killer Diary were relatively mild, but if one looked closely, one would find that many times and places did not match. ”

“The most obvious one was in 1996. In 1996, Nong zhifa had gone to Halong River to do a farming business for a year. He returned to his hometown, Yaoming, because his business was losing money. ”

“However, in his memoir, he claimed that he had killed three people in 1996, and all three cases were committed in the southeast coastal area. ”

“As a result, there was a clear difference between the two. ”

“She didn’t know if he had quietly returned home while he was in the northeast, or if there was another reason. ”

“However, because of the long history, it was difficult to verify the matter. So, after a long investigation, officer Wang still didn’t get a clear result. ”

“In addition, Nong zhifa’s personality and life experience were somewhat different from the murderer in the memoir. ”

“Therefore, after such a long time of investigation, officer Wang was exhausted and almost sick. ”

“When he saw Zhao Yu coming over from Xiangjiang to help, he was overjoyed as if he had seen his Savior. He didn’t dare to waste a second and explained all the investigation details to Zhao Yu. ”

“After Zhao Yu understood the case, he felt a little confused. ”

“Before this, he had always felt that there was something wrong with the case. Now that the case had come to such a conclusion, he was both excited and worried. ”

“He was excited that he had another difficult case to investigate, but he was worried that this case was different from any previous case, and many of his previous investigation methods could not be used at all. ”

“Moreover, due to the long history, there were many victims. If they were to investigate it in detail, it would be a huge and heavy project. Who knew how long it would take to find out the truth? ”

“In any case, Zhao Yu quickly threw himself into the investigation of the memoir of a murder case. He led his team and Wang Can to study the case and look for a breakthrough. ”

“In the end, on the third day of the research, they finally caught a bright spot. ”

“It turned out that, among the five murder cases that had been verified, one of them had caught Zhao Yu’s attention.”

“According to the memoir, Nong zhifa claimed that he raped and killed a woman in the toilet of the chaohai National sanatorium on a certain day in 1995.”

“After Wang can’s investigation, it was confirmed that the case had happened that year.”

“The victim was an employee of the sanatorium. Because she had an urgent need to sleep late at night, she went to the outdoor toilet. As a result, she was attacked by the robbers and was brutally killed.”

“The murderer didn’t dispose of the body after the murder. Instead, he threw the victim in the toilet. Although the follow-up investigation found many suspects, they were all ruled out in the end and the case had not been solved.”

“In his memoir, Nong zhifa wrote that he was guarding a construction site in chaohai city. He was bored at night and wanted to find a woman to relieve his boredom, so he wandered around to find a target.”

“At that time, the walls of the sanatorium were still made of simple iron bars. Through the iron bars, he saw a woman using a flashlight to go to the toilet, so he climbed over the bars, followed her in, and committed this cruel crime.”

“Originally, according to the usual practice, he was going to find a way to deal with the body, but the woman was very heavy, and he almost couldn’t move her.”

“Therefore, he had to throw it in the toilet ...”

“The description of the victim and the process of the crime in the memoir matched the description in the police records, so officer Wang could conclude that the case was true and that the murderer should be Nong zhifa.”

“If it was someone else’s doing, Nong zhifa wouldn’t have been able to know so much.”

“The reason why Zhao Yu focused on this case was because he found in the police records that, that year, the police not only found the suspected killer’s shoe prints in the toilet and the yard, but also a rare witness!”

“Coincidentally, at that time, there was a patient named Liu Cheng living in the sanatorium. His room was directly facing the outdoor toilet.”

“After the incident, Liu Cheng reported to the nurse that he saw the female employee who was killed walk into the toilet that night. He also saw the suspect follow the female employee into the toilet. He even saw the suspect’s appearance clearly!”

“However, because Liu Cheng was a mental patient, the hospital didn’t pay too much attention to it at that time and only told the criminal Police on the case.”

“In the end, through the interrogation of the criminal Police, Liu Cheng was able to accurately tell the location where the suspect climbed over the iron fence, which surprised everyone ...”

Chapter 1828: Mental patient (part two)

“According to the footprints left at the scene, the police could determine the location of the suspect’s entry and exit to the sanatorium. However, this was all confidential information of the police, and outsiders were not allowed to know.”

“Therefore, since the patient named Liu Cheng could tell the exact location, it meant that he might have seen the suspect that night.”

“It was a pity that Liu Cheng was a mental patient. If he had found out that the suspect had followed the female employee into the toilet, he only needed to shout loudly and he could have saved the female employee’s life.”

“However, Liu Cheng’s mental state was abnormal. He had a serious social barrier. He was usually quiet and spoke very little. Otherwise, he would not have been sent to the sanatorium by his family since he was very young.”

“However, in any case, Liu Cheng was still an important witness who had witnessed the case. The police immediately sent the best psychologist to communicate with him, and finally obtained a relatively complete confession and a portrait of the suspect!”

“However, even with this portrait, the suspect was still like a stone thrown into the sea. Even though the police never gave up on the investigation, they still couldn’t find the real murderer.”

“Now, when officer Wang found out that the case was in the memoir of a murder, he immediately took the police information from that year and began to compare them.”

“The first was the shoe print from that year. The technicians confirmed that it was a pair of common size 42 cloth shoes, and the murderer’s height should be around 1.72 meters.”

“On the other hand, Nong zhifa was 1.73 meters tall, and he was wearing size 42 shoes.”

“Officer Wang then compared the suspect’s wanted portrait with Nong zhifa’s, but the result was a little surprising.”

“According to the experts’ comparison, it was proven that Nong zhifa’s appearance was only 61% similar to the wanted portrait. This ratio did not meet the standard of compatibility at all.”

“However, this ratio could not completely eliminate the suspicion of Nong zhifa.”

“After all, it was drawn by witnesses, and it was normal for there to be some deviations.”

“However, now that they had Nong zhifa’s memoir of killing people, the situation was obviously different.”

“Zhao Yu thought that as long as he took Nong zhifa’s photo and asked Liu Cheng, the answer would be clear.”

“It was a pity that although Liu Cheng was still alive, his condition had already worsened.”

“He was now living in chaohai’s Sheng an psychological hospital. Every day, apart from eating, drinking, and peeing, he would go to the park of the sanatorium and stare at the flowers in the park for the whole day.”

“Sometimes, even if it was raining, he would still go out with an umbrella. His behavior was quite unusual.”

“Wang Can had sent someone to visit him with Nong zhifa’s photo, but Liu Cheng didn’t say a word, as if he had completely lost the ability to communicate.”

“According to the hospital nurse, it was not that Liu Cheng could not speak. It was just that he could not communicate with people normally and had fallen into a self-isolated world.”

“Hence, the police had to return empty-handed.”

“Without Liu Cheng’s confession, it would be impossible to determine if the real murderer of the case was Nong zhifa himself.”

“So, Zhao Yu felt that he needed to put in more effort on Liu Cheng to see if he could provide new clues for the case.”

“Therefore, he pretended to be a mental patient and was admitted to the mental hospital. He tried to approach Liu Cheng as a patient and ask him what he wanted.”

“Speaking of which, this kind of mission was quite strange.”

“If it had been a criminal, Zhao Yu would have had ways to make him talk, but facing a mental patient, he didn’t know how to start.”

“Ever since he had been admitted to the mental hospital, Zhao Yu had been trying to get close to Liu Cheng all the time. But, just as the information showed, Liu Cheng treated Zhao Yu like air, completely ignoring him.”

“Even when Zhao Yu took the initiative to strike up a conversation with him, he didn’t notice and had no reaction.”

“Logically speaking, when an ordinary person saw this situation, they could only think of other ways.”

“But Zhao Yu was different. He was a person who wouldn’t give up until he got what he wanted. He saw Liu Cheng squatting in the garden every day looking at the flowers, and it was an entire day.”

“He simply stayed in the garden every day and stared at the flowers every day like Liu Cheng. He didn’t even miss the rain. As long as Liu Cheng looked at the flowers, he would also look at the flowers.”

He wondered if he could find a common language and make Liu Cheng speak if he imitated Liu Cheng.

“One day, two days, three days ...”

“After a few days, Zhao Yu felt like he was going crazy. However, Liu Cheng still treated Zhao Yu like air and ignored him.”

“Just like that, Zhao Yu stayed in the mental hospital for nine days, and until today, he still had no results. ”

“““In my opinion,”” Miao Ying said over the phone,””if you feel that work is too tiring, I don’t mind if you recuperate in the mental hospital!”” ”

“““But, if you want to investigate the case, I think you’re wasting a bit of time!”” Miao Ying said frankly,””I know that you’re working so hard to deal with mental patients because you want to prove that Nong zhifa is not the original author of the memoir, and that the murderer is someone else, right?”” ”

“““Well ...”” Zhao Yu nodded, pouting.””I just think that Nong zhifa is very similar to Kang Ziqing. Their personalities don’t match, and their paths don’t match. I think that even if he’s the murderer, there’s a high possibility that there are accomplices in this case!”” ”

“““MeowMeow, although Nong zhifa is dead, if there are accomplices in this case, the nature of the case will be different! Don’t you understand? ”

“““Now, most of the bodies can’t be found, and most of the cases can’t be proved. If there are really accomplices, then we can clear the injustice for those deceased victims!”” ”

“““I understand, I understand!”” Miao Ying said,””but ... What can a mental patient prove? His testimony and confession were invalid by law. ”

“““Even if the patient spoke in the end and told you that the person he saw back then was Nong zhifa, wouldn’t that be equivalent to doing useless work?”” ”

“““What if ... He’s not?”” Zhao Yu was not convinced. ”

“““If not,”” Miao Ying said,””would you believe it?”” ”

“““This ...”” Zhao Yu frowned. Miao Ying’s words did make sense. Perhaps he was really wasting his time. However, Zhao Yu had a kind of stubbornness in his bones. He still gritted his teeth and said,””MeowMeow, I think maybe the testimony of a mental patient is more true than that of a normal person. ”

“““Because they can’t lie, at least? ”

“““Besides ... I don’t need him to use as evidence in court, I’m just asking! “”And ...”” Zhao Yu continued,””you don’t know, but I don’t think I’ve wasted these nine days. When I was looking at flowers with him today, he secretly looked at me twelve times, much more than before! ”

“““I think I’ve already attracted his attention. As long as I hold on for a few more days, he’ll definitely treat me as his friend!”” ”

“““I really have to give it to you!”” Miao Ying was speechless.””Okay, I respect your choice,”” she said.””Who asked you to be a great detective? ”

“““However, I have to remind you that you can’t go crazy while you’re investigating a case. Don’t forget that you’re not a mental patient. You’ve always been mentally unstable. I’m just afraid that you ...”” ”

“““Okay, okay,”” Zhao Yu said, bowing.”“Don’t say that, miss. I didn’t think about it in this way, so don’t try to mislead me ...”” ”

“After that, the two of them exchanged a few more intimate words before hanging up. ”

“At that moment, the news on the TV had finished its report. Zhao Yu was no longer in the mood to win the chicken dinner, and he started to think carefully about Miao Ying’s words. ”

Trying to get close to a mental patient? It was indeed a little whimsical!

Hehe ...

Zhao Yu scratched his head and started to wonder if he should stop his ridiculous behavior after today.

Chapter 1829: it’s hard to change a person’s nature

“The next morning, the sun was scorching, but the small garden in the mental hospital was particularly refreshing because of the shade of the trees. ”

“At that moment, Zhao Yu was squatting next to a flower bush. He pretended to stare at the bright flowers, while secretly looking at Liu Cheng, who was three meters away from him. ”

“Zhao Yu had a stubborn temper. Even though he had planned to return empty-handed the night before, he still wanted to try again after dawn. ”

“Zhao Yu didn’t know why, but he felt that he had attracted Liu Cheng’s attention, even though Liu Cheng had never talked to him in the past nine days. ”

“This was because, in the past few days, Liu Cheng had been casting curious looks at him, intentionally or otherwise. This had never happened in the first few days. ”

“At this moment, Liu Cheng was squatting in front of a peony flower, looking down at something. ”

“Just like before, Liu Cheng was watching seriously, and he would Mutter something from time to time, as if he was talking to the flower. ”

“Zhao Yu had tried to listen, but Liu Cheng didn’t make a sound, so he couldn’t know what he was talking about. ”

“In order to attract Liu Cheng’s attention, Zhao Yu imitated him and also moved his lips towards the flower. He was like a mental patient, but Liu Cheng still ignored him. ”

“Time passed by, and in the blink of an eye, it was already 10 in the afternoon. Not long after, a nurse would come over to take Liu Cheng to lunch. ”

“At this time, Zhao Yu felt that his energy was almost exhausted. It seemed that Liu Cheng’s inner world had been completely sealed, and there was no way to open it. ”

It was probably impossible to get the testimony from him back then.

“Miao Ying was right, it would be useless to continue like this.”

“So ... Zhao Yu had to stand up in disappointment, Pat the mud off his knees, and get ready to leave ... ”

“As he had been squatting for too long, Zhao Yu felt that the blood in his legs was not flowing smoothly, and his feet were numb. He had no choice but to stand on the spot and slowly regain his strength. ”

“Who knew that just as he was slowing down, a thought suddenly flew out of his mind. ”

That’s right!

Am I not Stupid?

“For the past nine days, because the system couldn’t get any hexagrams, Zhao Yu rarely paid attention to the system. It was only then that he realized that he had the lip reading device. ”

“With this magical device, even if you don’t say anything, I can still know what you’re saying. ”

“Thinking of this, Zhao Yu ignored the numbness in his legs and quickly squatted down again. Then, he took out a lip-reading device and used it on Liu Cheng. ”

“It was time to witness a miracle. When the lip-reading device was used, the display in Zhao Yu’s brain was suddenly filled with garbled code! ”

‘F * ck ...’

“Zhao Yu was so surprised that he wanted to curse. It seemed that the world of lunatics was really incomprehensible, and even magical devices couldn’t be deciphered. ”

“Things! What he said was not human at all, so how could you break it? ”

“This time, Zhao Yu was in complete despair. Not only was he in despair, but he was also a little irritable. He felt that he, a great detective, had been humiliated by a mental patient! ”

He didn’t know if it was anger or anger.

“In that instant, Zhao Yu’s head heated up. He threw his years of self-restraint to the back of his mind and reached out to pick up a stone from under the flowers. He then raised his hand and aimed at Liu Cheng, ready to hit! ”

‘I ...’

I ... I ...

“However, Zhao Yu was different from before. After he raised the stone, he calmed down and quickly stopped. He was so scared that he broke out in a cold sweat. ”

‘What ... What’s going on?’

“Zhao Yu shivered, looking at the stone in his hand, he couldn’t help but feel scared. ”

“I ... I’m a great detective, right? ”

Why did he suddenly become the little ruffian from before?

Why would he subconsciously use such a despicable method?

'Am I ... Unable to change my nature?

Oh ...

"Zhao Yu panted heavily, then came back to his senses. It seemed that after staying in the mental hospital for so many days, he had been affected to a certain extent. This was not good ... "

"In the end, at this critical moment, something even more bizarre happened. "

"Liu Cheng, who had been staring at the flowers in the distance, suddenly turned around and said to Zhao Yu with his eyes wide open, """"You ... You've finally realized? I ... I thought I was the only one who could hear it!"" "

Whoosh ...

"In an instant, Zhao Yu felt as if he had been frozen at a low temperature and then roasted by a fire. "

This ...

"The next second, Zhao Yu could see clearly that Liu Cheng's eyes were on the stone in his hand. "

""""You ... "" Liu Cheng timidly asked, ""are you going to throw it away?"" "

""""I ... "" As it had happened so suddenly, Zhao Yu was dumbfounded. He held the stone awkwardly, not knowing what to do. "

""""I advise you not to be impulsive ... "" Liu Cheng said seriously, ""at first, I wanted to throw it away like you, but ... "

""""Look ... "" As he spoke, Liu Cheng pointed to the garden, ""there are so many of his companions here! If you throw one away, they'll take revenge on you!"" "

""""I ... "" Zhao Yu felt like he was about to turn into ashes. "

"Before this, he had designed countless lines, but at this moment, when he saw Liu Cheng really talking to him, he was speechless. "

"However, Zhao Yu was a quick-witted detective, after all. Liu Cheng's words seemed to be nonsensical, but they still provided some guidance. "

Zhao Yu guessed that the reason Liu Cheng was talking to him might be related to the stone in his hand.

The rock ...

"Zhao Yu took a look around. For the sake of the garden's beauty, there were some ornamental stones laid under the flowers. These stones were all about the size of goose eggs, and they were of different colors, which made them look more beautiful. "

Could ... Could it be ...

"Zhao Yu suddenly realized why he had not been able to grasp the main point in the past nine days! It turned out that Liu Cheng's attention was not on the bright flowers, but the stone under the flowers! "

This ...

““““You should put it down!”” At this time, Liu Cheng advised him seriously,““““as time goes on, you will know that it is our good friend! ”

““““They know everything, they can tell you stories, they can even guess riddles ...”” ”

“Zhao Yu frowned and thought quickly, how should he respond? ”

There was!

“Zhao Yu’s eyes lit up and he suddenly had an idea. He quickly cleared his throat and pointed at the stone in his hand, saying, ““““It’s especially annoying. It doesn’t believe me, so I’m going to throw it away!”” ”

““““It ... Doesn’t believe me?”” Liu Cheng repeated with a blank expression. ”

““““Yup!”” Zhao Yu quickly said,““““I told it that I saw a murderer, but it didn’t believe me!”” ”

““““Murderer?”” Liu Cheng repeated. His expression was blank, but he was a little curious. ”

““““Yup!”” Zhao Yu made up his mind and said heavily,““““I told it that I saw a murderer kill a person in the women’s bathroom! ““““I saw it clearly, but it ...”” Zhao Yu pointed at the stone and said angrily,““““it didn’t believe me! ”

““““It insisted that it wasn’t me who saw the murderer, but you ...”” ”

“Then, Zhao Yu pointed at Liu Cheng. As he was not confident, his wrist kept shaking ... ”

“.....”

“At this time, Liu Cheng raised his eyebrows as if he was thinking about something. After thinking for a few seconds, he said,““““Murderer, I’ve seen him! The women’s washroom, yeah...Yes...Yes, someone was killed in the women’s washroom. The person who was killed was my nurse ...”” ”

Waa!

“Zhao Yu was very excited, but he still played hard to get.””Impossible. You’ve long forgotten what the murderer looks like, right?”” ”

““““I ... I remember!”” Liu Cheng’s eyes widened and he said with certainty. ”

That’s great!

“Zhao Yu quickly took out Nong zhifa’s photo and held it in front of Liu Cheng, asking,““““Look, isn’t it this person!?”” ”

“Liu Cheng looked at the photo carefully, then made a move that shocked Zhao Yu. ”

“He shook his head hard and said with certainty,““““No, it’s not Yingluo!”” ”

Chapter 1830: The most terrifying place

“That afternoon, in the Special Investigation Group’s temporary office at the Yaoming police station. ”

“Zhao Yu was standing in front of the whiteboard, analyzing the case. In addition to Wu Xiumin and the others, officer Wang’s team, as well as another representative from the Special Investigation Group, were also discussing the case in the room. ”

“““Master,”” officer Wang said after Zhao Yu finished explaining the latest situation.””It has been twenty-three years, and Liu Cheng is a mental patient. Can we trust his words?”” ”

“““He’s trustworthy!”” Zhao Yu said with certainty,””it’s precisely because he’s a mental patient that he can remember it more clearly than the average person! ”

“““Also, in order to prove it, he told me in detail about the situation that year. He even remembered the police ID of the criminal Police who were working on the case at that time! ”

“““So, I don’t think he remembered wrongly. The murderer in the sanatorium case was very likely not Nong zhifa at all!”” ”

“““No...”” Cui Lizhu pouted.””Who else could it be? If he wasn’t the murderer, how could he have known so many details?”” ”

“““Even if it wasn’t him,”” Wu Xiumin analyzed,””the relationship between the murderer and Nong zhifa must be unusual!”” Perhaps the real murderer told Nong zhifa all these details!”” ”

“““Boss,”” Ran Tao asked Zhao Yu,””what do you think? Why did this happen? could it be that ... The real murderer in the memoir was not Nong zhifa? ”

“““But ... How do you explain the cases that have already been compared?”” ”

“““Mm ...”” Zhao Yu pondered for a long time, but didn’t speak. ”

“Officer Wang said,””if we analyze the data, we can only come to one conclusion.”” ”

“““Nong zhifa might have had a like-minded partner, and the thirteen cases in the memoir might have been completed by them! ”

“““Then, the two of them shared it, and in the end, Nong zhifa wrote a memoir!”” Officer Wang analyzed,””in this way, we can explain the situation that the trajectories don’t match. ”

“““When Nong Zhi was sent to the northeast, his accomplices were still in the southeast. This case should have been done by the two of them. No wonder there are differences in the methods of killing in these cases! ”

“““The police never considered that these people were the work of a serial killer!”” ”

“““No, I don’t think so!”” Zhao Yu suddenly raised an objection and asked officer Wang,””take the sanatorium case as an example. Although there were witnesses, the police only found shoe prints. Don’t you think there’s something wrong with that?”” ”

“““What’s the problem?”” Officer Wang wasn’t the only one who was confused. ”

“““The murderer didn’t wear a mask, so Liu Cheng saw his face and left his footprints,”” Zhao Yu said.””So, at first glance, this case seems to be a spontaneous idea of the murderer. He saw a woman going to the toilet in the middle of the night, so he went in to rape and kill her!”” ”

“““But ...”” Zhao Yu spread his hands.””I’ve seen the case records. Where are the fingerprints? No! Where’s Jing Ye? Also nothing! I don’t understand. What’s going on? You don’t even have the essence, how can you judge it to be strong and sharp?”” ”

“Officer Wang quickly replied,””the forensic doctor confirmed that the murderer was wearing a condom based on the characteristics of the victim. Also, they found traces of paraffin wax and ethanol, which proved that the murderer was wearing condoms!”” ”

“““Where’s the hair?”” Zhao Yu continued,””he didn’t get the essence, but under such intense circumstances, the murderer didn’t even lose a hair?”” ”

“““This ...”” Can Wang was speechless. ”

“““There are only two reasons for this.”” Zhao Yu extended two fingers.””First, the technical team made a mistake that year and did not collect any suspicious hair. Second, the murderer took strict protective measures and shaved off the hair below him in advance!”” ”

“““ ...”” Everyone listened carefully. The room was silent. ”

“““If it’s the former, it might be understandable! ““But ...”” Zhao Yu said.””If it’s the latter, then this matter is not so simple! ”

“““That means that the murderer didn’t come on the spur of the moment, but was prepared!”” Zhao Yu spoke with great force,””think about it, this murderer’s behavior seemed bold and crazy, but the entire process of committing the crime was so meticulous. This is the scariest part of this case!”” ”

“““This ...”” Everyone was trying their best to keep up with Zhao Yu’s rhythm. ”

“““The murderer knows how we handle cases,”” Zhao Yu said.””He knew that it wouldn’t be a big problem to just leave a footprint! However, he couldn’t leave behind any hair, fingerprints, or essence! ”

“““Look at Nong zhifa’s memoir about the sanatorium murder case. Although his description was consistent with the scene of the crime, he didn’t mention a single word about the hidden details! ”

“““So, I have reason to suspect,”” Zhao Yu said,””that Nong zhifa was just used by someone, and as for the memoir of the murder case, it’s very likely that there’s another real murderer!”” ”

Whoosh ...

“After Zhao Yu finished speaking, the office was silent, and everyone felt a chill run down their spines. ”

“After a long time, cui Lizhu was the first to speak.””Boss, this ... This is too unbelievable, right? If the real murderer is someone else, then what’s up with Nong zhifa?”” ”

“““The real murderer might have seen that Nong Zhi’s illness was beyond cure, so he promised him some benefits and made him take the blame for himself, becoming the brutal serial killer! ”

“““Or ...”” ”

“““But ...”” Ran Tao raised an objection.”““If Nong zhifa didn’t take the initiative to tell us, I’m afraid no one would have known about the memoir of the murder case, right?”” ”

“““Officer Wang pondered for a moment, then said,”““could it be that the murderer found out that he had been exposed, so he made Nong zhifa the scapegoat?”” ”

“““It’s a pity that Nong zhifa is already dead ... Sigh!”” Ran Tao sighed.”““If we had found out earlier, maybe it wouldn’t have been so troublesome!”” ”

“““I can’t tell you the specific situation,”” Zhao Yu said.”““My inference itself is not reliable, but we can extend it along this line of thought! ”

“““Now, after all, we have Liu Cheng as a breakthrough,”” Zhao Yu pointed to Liu Cheng’s photo on the whiteboard,”““since Liu Cheng has seen the real murderer, then let’s take all the photos of the people related to Nong zhifa and let Liu Cheng identify them! ”

“““If Liu Cheng can recognize it, then this case may be able to end in the simplest way!”” ”

“““Good idea!”” Ran Tao clapped his hands and quickly waved to Zeng ke.”““Little Zeng, let’s do this!”” ”

“““Hmm, let me do it!”” Officer Wang said,”““a few days ago, in order to do a good job in the investigation, we have collected information, so it’s more appropriate for me to do this!”” ”

“““Officer Wang then said worriedly,”““but ... Liu Cheng is a mental patient, after all. It took master ten days to make him talk. We ...”” ”

“““It doesn’t matter,”” Zhao Yu said.”““I have found the root of Liu Cheng’s illness. After the experts intervene, I believe Liu Cheng can be cured!”” ”

“““Good! I’m relieved then!”” Officer Wang nodded and said,”““master is indeed a great detective. He can even cure mental patients. He is a good example for us!”” ”

“““You,”” Zhao Yu pointed to officer Wang, smiled, and nodded.”““Why haven’t you improved your ability to praise people? I’m an international super detective, you have a lot to learn in the future! Wahahaha ...”” ”
