Chapter 1841: I know the victim

“““The surveillance camera is broken ... The surveillance camera is broken ...”“ The person in charge of the scenic Area covered his head and reported to Zhao Yu and the others in a panic.”“Everything else is fine, except for the surveillance camera. It seems that the power cable leading out of the main control room was cut off. All of our surveillance cameras are connected in series, so ...”“ ”

“““F * ck your father!”“ ““Where are the people on duty?”“ Captain Zhang Ling asked angrily. Someone has come to your Scenic Area to kill someone. You can’t just leave it be, right?”“ ”

“““I’m ... I’m sorry ... I’m sorry ...”“ The person-in-charge said timidly.”“This is ghost city, where is the night shift? Who would dare to work the night shift here? ”

“““Besides ... What do we have to steal here?”“ ”

“As he spoke, the person in charge helplessly pointed to the hall in front of him. Indeed, there was nothing here except for the clay sculptures of the netherworld. ”

“““What the ... This is so depressing ...”“ Zhang Ling was so anxious that she was sweating profusely. It was obvious that the second ghost king case had come so suddenly that he felt great pressure. ”

“““Captain Zhang, calm down, calm down ...”“ Zhao Yu was used to such situations, so he immediately advised Zhang Ling, “the gap between the two cases was so short, and the murderer was meticulous and well prepared. We couldn’t have avoided it!”“ ”

“““Detective Zhao,”“ Zhang Ling said dejectedly, “I’m worried that if there are two, there will be three. If we can’t catch the murderer, it will be a big problem!”“ ”

“““Moreover, he even took a photo of it. This is a huge taboo!”“ ”

“Zhao Yu nodded. How could he not know the consequences of this? However, it was useless to worry now. So far, they still didn’t know who the latest victim was. ”

“From Zhang Peipei’s preliminary judgment, they only knew that he was a young man in his 30s. However, they did not find anything on him that could prove his identity. ”

“““The deceased died of poisoning,”“ Zhang Peipei said.”“The preliminary judgment is that he died last night, within ten hours. ”

“““As for the other conditions ... We’ll have to do an autopsy!”“ ”

“““Mm ...”“ Zhao Yu nodded, indicating that Zhang Peipei could transfer the body back to the police station. ”

“““Oh my ... It’s exactly the same as the illustration in the record of the ghost king!”“ Ran Tao looked at the three corpses, wiped the cold sweat from his forehead, and said, “at first, I was worried that a baby would die! Fortunately, there was nothing in the swaddling cloth ...”“ ”

“““And, it’s a man ...”” Zhang Ling continued,“““if it’s a woman from the Dou clan, shouldn’t she be a female ghost? Could it be that the murderer didn’t kill according to the plot in the book?”” ”

“Listening to the two’s discussion, Zhao Yu walked around the scene, then asked the guide,““““This ... Is the legendary 18 levels of hell, right?”” ”

“““Yes,”” the guide nodded.“““These people are all clay figurines ...”” ”

“““Oh ...”” Zhao Yu thought for a long time, then asked,“““then, does this room lock at night?”” ”

“““No, I’ve never locked it before!”” The person-in-charge of the attraction quickly answered,“““there’s nothing valuable in this room. Even if a thief came in, it would be strange if we didn’t scare him!”” ”

“““Phew ...”” Zhao Yu let out a heavy breath, but he was seriously thinking in his heart, why would the murderer choose this place as the murder site? ”

Did they want the dead to go to hell and never be reincarnated?

“The first one was the Guan Emperor temple, and the second one ... Was the 18th level of hell? ”

Could it be that the so-called purpose of the ghost king case was really to kill for revenge?

Were the victims of the two cases related?

Was there any connection between them and Tao Yulan’s case from sixty-six years ago?

“Thinking about this, Zhao Yu realized that the murderer might have come with ill intentions. Behind the carefully arranged horrifying murder scene, there might be a bigger problem! ”

.....

It was 10 pm on the way back to the police station.

“At first, Zhang Ling suggested that she treat Zhao Yu and ran Tao to a meal, but after watching such a horrifying scene, how could they have any appetite? He had to return to the police station first. ”

“However, while the police car was still on the road, Zhang Ling suddenly received a message from Chong Yang city. ”

“Unexpectedly, through the efforts of the Chong Yang police, they found information about the ghost king case in the archives. ”

“However, what they found was not the original file, but a hand-written document after the system was changed. Moreover, the information was severely damaged, and the content was much simpler than the original files. ”

“““Tao Yulan was only twenty-four years old when she was killed,”” Zhang Ling said, introducing the information she had received to Zhao Yu.“““She was not married at the time, nor did she have any children ... ”

“““However, the information recorded that he had nine siblings, but there was no detailed information ... ”

“““In addition, Tao Yulan did confess to her crime and admitted that he killed the five victims ... ”

“““The identities of the five deceased are already missing. We only know that they were all military officers who were incorporated and modified after the founding of the country. Because of their military ranks, they were probably placed in the lower-level units after they were incorporated ...”” ”

“““Oh ...”” Zhao Yu thought for a moment, then asked,““then ... Did the information mention the cause of Tao Yulan’s death?”” ”

“““No...”” Zhang Ling said,““we’ll go back and slowly study it according to the information. Maybe we can find an answer.”” ”

“““But, the Chongyang police told me that, according to the information, Tao Yulan’s sudden death made the police guess that he had a grudge against the deceased! ”

“““Perhaps, before the country was established, the dead had bullied Tao Yulan or her family, so Tao Yulan killed them with hatred ...”” ”

Oh ...

“Zhao Yu fell into deep thought. If the police’s speculation back then was correct, Tao Yulan was not innocent, but killed because of hatred, then ... What about this case? ”

“It turned out that the murderer was cautious and didn’t leave any clues, which meant that he was prepared. ”

Could it be that ... There was really a grudge between them?

Di di ... Di di ...

“At that moment, Zhang Ling’s phone rang. He looked at the number and answered the call respectfully.
”

“““Hello? ”” Chief Zhao, I was just about to report to you ...”” Zhang Ling spoke quickly, obviously under great pressure.””Yes, this case is the same as the one at the Guan Emperor temple. We can confirm that the murderer killed according to the ‘record of the ghost king’...”” ”

“““Oh ... Oh ... What?!”” Before Zhang Ling could finish her sentence, she received an unexpected piece of news.””You said ... You know the deceased? This ...”” ”

“Hearing this, Zhao Yu and ran Tao were stunned and quickly looked at Zhang Ling with their eyes wide open. ”

“““What? Shen Hao’s son?”” Zhang Ling’s voice trembled.””You’re talking about Shen Hao from Sichuan construction investment Corporation, right? His ... His son? How did you know? ”

“““Oh ... Oh ... Oh oh ...”” Then, Zhang Ling listened carefully to the leader. After a long time, she finally said,““okay, I understand. I will cooperate with you. Don’t worry. Okay, okay ... I understand, understand ... Goodbye ...”” ”

“After hanging up the phone, Zhang Ling’s face looked even worse. She said to Zhao Yu gloomily,““Detective Zhao, this is going to be troublesome! ”

“““The deceased’s name is Shen Wenbin, and he is now the Executive Director of the Sichuan construction investment Group!”” ”

Chapter 1842: Zhao Yu’s pressure

“At oneo’ clock in the afternoon, outside the autopsy room of the andu police station. ”

“““Hello, I’ve heard so much about you, detective Zhao ...”” A middle-aged man in a high-ranking police uniform was holding Zhao Yu’s hand and praising him.””It’s my honor to meet you today!”” He said. ”

“The man was Zhao shengjun, the Bureau chief of the andu police station, and he had the same surname as Zhao Yu. ”

“Zhao Yu was already familiar with these kinds of social interactions, so he immediately exchanged a few words with bureau chief Zhao before getting to the point. ”

“““Detective Zhao, I have already sent someone to confirm,”” bureau chief Zhao shengjun said.””The dead man who appeared in ghost city is indeed the Executive Chairman of the Chuanxing group, Shen Wenbin. ”

“““To be honest, I’ve met Shen Wenbin’s father, Shen Hao, before. I know him quite well, so I’ve seen him a few times ...”” Zhao Yu said. ”

“““Ai! ““What an unfortunate family ...”” After sighing, bureau chief Zhao led Zhao Yu to the side and told him everything he knew.””Chuanxing group is the representative company of the entire western Sichuan Province. It once entered the top 50 in the country and is very powerful. ”

“““Chairman Shen Hao is very ambitious. Because we’re about the same age, have similar interests, and have business dealings, we used to have a good relationship. ”

“““Unfortunately, Shen Hao suddenly fell seriously ill three years ago and needed to rest at home. He could no longer manage the company, so he handed the company over to his son, Shen Wenbin ...”” ”

“““Wenbin is actually doing well in his business. He’s done a lot of big projects in the past few years and didn’t let the company go downhill. ”

“““It’s just that ...”” Zhao shengjun lowered his voice and said,””this child’s way of doing things really can’t be complimented. ”

“““It is said that Shen Wenbin likes to use tricks to achieve his goals. In the past few years, he has offended a lot of people in order to win the project! ”

“““I’ve received complaints before and sent people to investigate him. However, although those things were shady, either someone was the scapegoat or it wasn’t enough to file a case, so in the end, the case was left unsettled. ”

““““And ...”” Bureau chief Zhao continued,“““I heard that Shen Wenbin’s private life is not well-behaved. Although he already has a family, he has slept with countless women, and there have been many rumors of him having an illegitimate child ...”” ”

““““I’m thinking ...”” Bureau chief Zhao weighed the pros and cons, then said,“““could it be that the cause of his death had something to do with his messy private life?”” ”

““““You see, Lady Dou became a malicious spirit because she was abandoned by a man. So ... After the murderer killed him, he disguised himself as Lady Dou. Does this mean that his death was related to a woman?”

““““The murderer might be one of the women who were harmed by Shen Wenbin. Or, is it related to these women?”” ”

““““Mm ...”” Zhao Yu didn’t know how to answer bureau chief Zhao’s guess. ”

“If one were to look at the case alone, this speculation was reasonable. ”

“However, it was a completely different story if they were to link it to the first case. ”

“In the first case, the victim was disguised as Taoist Guanxian, who was turned into a malicious ghost by the king. However, Niu jinkui had never killed anyone, which was obviously different from the second case. ”

“However ... Bureau chief Zhao’s words might not be wrong, because, after all, the victim of the first case, Niu jinkui, was also promiscuous in his private life and had an affair with many women! ”

“So, could it be that these two murders of the ghost king were caused by women?”

““““Mm ...”” Zhao Yu nodded and said,“““it seems that we do have to focus on the women who are related to the deceased!”” ”

““““Right! That’s what I meant!”” Chief Zhao nodded and said to Captain Zhang,“““well, Zhang Ling, you have to help detective Zhao with the case!”

““““The ghost king case is not an ordinary case. If there are more victims in the future, or if it is publicized by the media, the consequences will be unimaginable!”

““““So, we must catch the murderer as soon as possible!”” ”

““““Yes!”” Zhang Ling promised hurriedly as the pressure on her grew. ”

“Zhao shengjun then shook Zhao Yu’s hand and said,“““if you need anything else, please let us know. The andu police station will do our best to cooperate!”” ”

““““Many thanks!”” Zhao Yu nodded.“““Your words are my greatest support!”” ”

“After that, the two of them complimented each other out of courtesy, and bureau chief Zhao said goodbye to Zhao Yu. ”

Tsk tsk ...

“Zhao Yu naturally understood that although bureau chief Zhao was very respectful and especially polite to him, in reality, he was also putting pressure on him. ”

“Anyway, the main person in charge of this case was detective Zhao. Zhao Yu represented the criminal Division, while the andu police station was only cooperating with him in the investigation. So, once the case went out of control, Zhao Yu would also be criticized. ”

And the andu police had another reason to shirk responsibility.

“People often said that it was easy to conquer a country, but hard to defend it. Zhao Yu was now facing this kind of indescribable embarrassing situation. ”

“He had already made a name for himself in the country. In his hands, no matter what difficult and complicated cases, or old pending cases, they would all be solved in the end. ”

“However, it was precisely because of this almost miraculous record that it gave Zhao Yu invisible pressure. ”

“For example, the case in front of him. Although the case came very suddenly, and the police had already tried their best, if the ghost king case continued like this, then the world would only think that it was Zhao Yu’s incompetence! They thought that this legendary crazy detective was just an empty title ... ”

“Therefore, after working on this case for so long, this was the first time that Zhao Yu had felt so much pressure. ”

“Thinking back, even when he was solving the incredible hanging coffins case, he had never been like this. ”

“After all, the hanging coffin case was a one-time case, while the ghost king case was a vicious serial murder case! ”

Zhao Yu was really curious. Who was the murderer that was imitating Tao Yulan from sixty-six years ago?

And why did he kill them?

.....

“An hour later, in the Special Investigation Group’s temporary office. ”

Zhang Ling sent some people to deliver delicious food and many local snacks to the special investigators.

“However, Zhao Yu was still not in the mood to taste it. He was still facing the whiteboard, carefully recording the new clues he had found. ”

“““Detective Zhao ...”” Zhang Ling reported to Zhao Yu.””According to the information we have so far, Niu jinkui and Shen Wenbin have no direct contact. Whether it’s their work, life, or class, they are completely unrelated! ”

“““The only thing they have in common is that they are all women. It’s just that the women’s grades are different,”” Zhang Ling continued.””According to the information we have, we found out that Niu jinkui had an affair with more than ten women ... ”

“““As for Shen Wenbin, there are so many female models, air stewardesses, and female celebrities. I even sent the police to help!”” ”

“““Maybe ...”” Cui Lizhu guessed.””The murderer’s girlfriend or family had been hurt before, and the murderer hated men like Niu jinkui and Shen Wenbin who played with women, so ...”” ”

“““Team leader,”” Zeng ke suddenly interrupted cui Lizhu and said,””I have a new discovery. Shen Wenbin had a huge insurance policy last year, and the beneficiary was his wife!”” ”

“““If anything happens to Shen Wenbin, his wife will receive a compensation of two hundred million Yuan!”” ”

“““Do you think ... This could be the cause of Shen Wenbin’s death?”” ”

“““Aiyo, there’s really a problem!”” Zhang Ling said hurriedly,””I heard that Shen Wenbin didn’t cheat on his wife at all. He even brought a woman home in front of his wife. He went too far!”” ”

“““Will it ...”” ”

“““Wu Xiumin,”” Zhao Yu pondered for a moment, then said to Wu Xiumin,””I’ll have to trouble you to handle this!”” Get Shen Wenbin’s wife for questioning immediately!”” ”

Chapter 1843: Three-wheeler

“““It still doesn’t work, master.”” In the office, Zhao Yu was answering officer Wang’s phone call from Yaoming.””We’ve screened all the top psychologists in the southeast Region!”” ”

“““It turns out that psychologists don’t necessarily know how to hypnotize people. Even if they do, it’s the kind of auxiliary hypnosis that can’t make people follow orders. ”

“““But no matter what, we’ve checked all of them, and the life trajectories of these people don’t match at all ...”” ”

“““Officer Wang, don’t worry!”” Zhao Yu advised,””the memory killers is destined to be a case that requires a lot of effort. You have to be more patient.”” ”

“““I’ve been thinking about it for the past two days. Maybe you can try to change your way of thinking and see if there are any similar people in the police system. ”

“““I still think that this guy is familiar with the procedures of the police. He should be an internal member of the police force, or someone familiar with the police force.”” ”

“Officer Wang then said, “well, I know ... Actually, it’s quite depressing, as Nong zhifa has been in prison for 14 years. If someone really used hypnosis to make him think that he was the murderer, there’s no way we wouldn’t be able to find him.” ”

““So ... How’s the investigation on the criminal going?”” Zhao Yu asked again. ”

“Officer Wang replied, “we’re still looking into it. After all, we have too many people and we don’t have enough manpower. We need more time.”” But I don’t think he’s a prisoner, right?” ”

““You can’t think of it that way,”” Zhao Yu said. ““Sometimes, the more unbelievable something is, the easier it is for us to be mistaken!”” ”

““Yes ... I will persevere, master!”” Officer Wang said, ““Liu Cheng is getting better, but I’m not in a hurry to bother him. I plan to list the important suspects first, then go to him to identify them, in case he goes crazy again!”” ”

““Okay,”” Zhao Yu nodded, ““you’ve improved a lot. Keep working hard!”” ”

“The master and disciple chatted for a while more, then Zhao Yu put down his phone. ”

“It was already nine o’ clock in the evening. Zhao Yu knew that, because of the second ghost king case, he would have to fight continuously that night. ”

“The climate in western Sichuan was relatively hot and humid. Although the air conditioner had the moisture extraction function on, it still made Zhao Yu a little uncomfortable. ”

He massaged his forehead tiredly and walked to the whiteboard that he had just filled in.

“At this moment, the forensic doctor had already sent the first autopsy report. The condition of the deceased, Shen Wenbin, was the same as Niu jinkui. He died of rat poisoning, and he was also injected. ”

“Looking at the second victim’s condition, Zhao Yu had a bad feeling. ”

“Because, from the murderer’s meticulous and calm modus operandi, he should have been fully prepared. ”

“Therefore, according to this logical speculation, he might have completed his preparations for the third, fourth, or even fifth case, and could commit another crime at any time. ”

The frequency of the crime obviously made Zhao Yu encounter unprecedented difficulties.

“He recalled that he had encountered similar difficulties when he solved the hasty murder case in Jinzhong. However, the influence of the two cases was obviously greater than the ghost king case. ”

“If the murderer killed the rest of the people according to the ““record of the ghost king,”” it would undoubtedly have a negative impact on society. ”

“And once the case was publicized by the media, it would undoubtedly bring a certain amount of panic. ”

“So, no matter what, Zhao Yu had to stay alert and find the murderer as soon as possible. ”

“““Detective Zhao, detective Zhao ...”“ At this time, Captain Zhang Ling barged into the office and reported to Zhao Yu,““the tourists have been settled, and the situation is barely under control!”“ ”

“““What’s the point of just deleting the photos ...”“ Cui Lizhu said helplessly in front of her desk.““We can block the network, but we can’t block people’s mouths. They will use their mouths to say it ...”“ She said. ”

“““Yes, then naturally they can’t be controlled!”“ Captain Zhang was equally helpless. He then told Zhao Yu,““detective Zhao, we looked through the surveillance video outside ghost city. We caught a tricycle on the main road north of ghost city!”“ ”

“““Ah?”“ Hearing this, it immediately attracted Zhao Yu’s attention.““A tricycle?”“ ”

“““Yes, it’s an Electric Tricycle.”“ Zhang Ling took out her mobile phone and opened a picture.““The tricycle was completely wrapped. After passing by this camera, it did not appear from the next one.”“ ”

“““If I’m not mistaken, it should be heading towards ghost city. ”

“““I just checked,”“ Zhang Ling said excitedly.““There is no gate to the North of ghost city, but there is an emergency passage. If the murderer had the key, he could have driven the car in from there and then drove straight into the 18th floor of hell ...”“ ”

“““This is the right match!”“ Zhao Yu clenched his fists and said,““there are only small alleys near the Guan Emperor temple. The murderer might have used a tricycle!”“ ”

“““Right!”“ Captain Zhang Ling said,““I’ve already sent the image to the information Department for comparison and analysis. Then, we’ll trace it. Maybe we can find out where it came from?”“ ”

“““Wait ... Wait ...”“ Suddenly, Zhao Yu realized something and said to Zhang Ling,““this can’t be right. If the murderer had driven to ghost city first, then ... How did he deal with the surveillance cameras?”

“““I remember clearly that there are surveillance cameras on all four walls of ghost city! It’s impossible that the light didn’t shine on it!”“ ”

“““Um ... About that ...”“ Zhang Ling scratched her head.““I’ll send someone to check it out ...”“ ”

“““Boss ...”“ Cui Lizhu said.““That’s easy to explain. Although I didn’t go to the scene with you today, it’s such a big scenic spot, so there must be blind spots for the surveillance cameras!”“ ”

“““The murderer could have parked the tricycle far away, then used the blind spot to approach the city wall, and then climbed up the wall to cut off the power of the surveillance cameras. That would solve the problem!”“ ”

“““No...”“ Zhang Ling thought of something and said,““when I checked the surveillance during the day, I saw that the problem was outside the main control room. The power cable there was cut!”“ ”

“““There’s also a set of surveillance cameras outside the main control room. That’s right ...”“ Zhang Ling said in confusion.““We have to check ghost city’s surveillance cameras. Who knows ... We might be able to see something from them ...”“ ”

“Zhao Yu then turned to Zeng ke and said,””inform Ran Tao that he is still working on the surveillance video of the first case. Send him the video of the tricycle and ask him to pay more attention to it!”” ”

“””Yes!”” Zeng ke nodded and immediately got to work. ”

“””Then ... I’ll get back to work ...”” Zhang Ling turned to leave.””Don’t tire yourself out and take care of your health!”” ”

“””Wait a minute, Captain Zhang,”” Zhao Yu stopped Zhang Ling and said,””can you help me investigate Tao Yulan’s information and see if she has any relationship with the two deceased?”” ”

“””Ah? “”Well ...”” Zhang Ling was put in a difficult position. “”I can only try. You know, Tao Yulan doesn’t have any children. The information from more than 60 years ago is probably ...”” ”

“””Not just Tao Yulan ‘s, I also want to know more about the people who were killed by Tao Yulan,”” Zhao Yu said.””To see if those people had any descendants. ”

“””Or ...”” Zhao Yu raised his eyebrows and said mysteriously,””I heard that Niu jinkui and Shen Wenbin are both western Sichuan locals. Can you check their family records to see if their ancestors had any interactions with Tao Yulan’s case?”” ”

Chapter 1844: You don’t understand the world of the rich

“At midnight, the Special Investigation Group office was still in a tense and busy state. ”

“””It shouldn’t be a problem,”” Wu Xiumin reported to Zhao Yu.””It’s normal for Shen Wenbin’s family to have insurance. For them, it’s just the most ordinary insurance, not some kind of huge insurance!”” ”

“””Team leader,”” Wu Xiumin said seriously,””not only Shen Wenbin, but the other members of the Shen family have always had the habit of getting insurance. That is just their normal expenses.”” ”

“””Also, Shen Wenbin’s wife, ye LAN, is the young lady of the ye family in Huaixi. With the strength of her maiden family, it’s not worth it to resort to such a lowly business as cheating insurance! ”

“”” 100 or 200 million Yuan is basically not attractive to her. So, she wouldn’t take such a risk for this insurance!”” ”

“””I don’t think so ...”” Cui Lizhu raised an objection.””I feel that the most important thing is not money, but betrayal!”” ”

“””The wife hated her husband for being a Playboy and having an affair, so she was angry and wanted to kill him. ”

“””If my husband dares to bring a woman home in public, I might go even further. Not only will I kill him, but I will also kill his mistress! After killing them, we’ll strip them naked and hang them on the city walls for all to see!”” ”

Cui Lizhu’s impassioned speech made everyone raise their eyebrows.

““Go away,”” Zhao Yu said, pushing Cui Lizhu away. ““Your sis Wu hasn’t finished yet!”” Let’s see how capable you are!”” ”

““Lizhu,”” Wu Xiumin said seriously, ““it’s not like that. I asked ye LAN personally, and I got reliable evidence through my channels.”” ”

““The young lady of the ye family is not a kind person. Her marriage with Shen Wenbin is nothing more than the product of the joint prosperity of the consortium. ”

““After they got married, the two of them lived their own lives,”” Wu Xiumin said. ““Shen Wenbin went around picking flowers and showing mercy, but ye LAN didn’t stay idle either. She went to the red wolf nightclub almost every week to look for prostitutes, and she lived even more extravagantly than Shen Wenbin!”” ”

““In addition, you may not understand, but every time Shen Wenbin brought a woman home, some of them were introduced to him by ye LAN ...”” ”

“.....”

Wu Xiumin’s introduction made everyone speechless.

““Sis Wu, are you sure ... That this isn’t ye Lan’s disguise in order to escape punishment?”” Cui Lizhu still couldn’t believe that there was such a couple in the world. ”

““You don’t understand the world of the rich,”” Wu Xiumin suddenly joked, then said, ““my information is indeed reliable. There are witnesses and evidence.”” ”

““More importantly, I could tell from her condition that she was a bold and unrestrained woman. Such a person was completely different from the suspect! I don’t think it’s her!”” ”

““That’s true ...”” Zhao Yu said. ““At least, the victim was disguised as the Dou family’s daughter, which is enough to prove that someone hated Shen Wenbin for abandoning her. In a sense, it doesn’t match with ye LAN!”” ”

““But ...”” Wu Xiumin said. ““Although she has been ruled out as a suspect, I will still arrange for people to follow and investigate ye LAN. Although she is not the murderer, she may not be completely unrelated to the case!”” ”

““Very good,”” Zhao Yu nodded, ““then let’s continue to follow them!”” But ... Sis Wu, regarding the ghost king case, why haven’t I seen your psychological profile yet?”” ”

““Hmm ...”” Wu Xiumin frowned slightly. ““I’m sorry, team leader. I’ve tried many times before, but I was rejected because of self-contradiction!”” ”

““The modus operandi of these two cases is beyond my profiling judgment. There are many places that are not logical. Therefore, I need to gather more information and carry out a more detailed and careful deliberation. Please give me a little more time!”” ”

““Okay.”” Zhao Yu nodded again. ““It’s good to be careful. A wrong profile often misleads the investigation direction. Thank you for your hard work, sis Wu!”” ”

“““I’ll be quick!”” After that, Wu Xiumin returned to her seat and continued to work. ”

“““It’s strange.”” Wu Xiumin had just sat down when Captain Zhang Ling reported to Zhao Yu with a worried face,“““detective Zhao, I have sent someone to check ghost city’s surveillance again, but there is nothing in the camera! ”

“““The failure of the surveillance cameras is indeed caused by the power supply in the control room being cut off. However, in order to cut the power supply, you must first enter the control room. ”

“““But there’s a surveillance camera pointing at the door of the surveillance room, but it didn’t capture anything. I don’t understand. What’s the principle behind this?”” ”

“““Could it be ...”” Cui Lizhu, who was familiar with the situation, asked,“““that the surveillance camera was turned around?”” The murderer first pushed the camera to the side, then sneaked into the surveillance room, and after he was done, he pushed the camera back?”” ”

“““No...”” Captain Zhang Ling said,“““my people have checked the surveillance camera carefully. It didn’t move at all before. Then, like the other cameras, the screen went black!”” ”

“““Then there’s only one possibility left,”” cui Lizhu said.“““There’s another way out of the surveillance room!”” ”

“““No, I’m sure,”” Captain Zhang explained.“““The only door and window are all facing the camera. How can it not be captured?”” ”

“Zhao Yu turned to Zeng ke and asked,“““could it be that the murderer was originally captured by the camera, then went to the main control room to erase the video, and then cut off the power?”” ”

“““No...”” Before Zeng ke could say anything, Zhang Ling answered,“““I asked the technical team to check, and the video on the main computer did not show any traces of tampering!”” ”

“““Tsk, tsk ... This is strange!”” Zhao Yu frowned, and a strange thought suddenly came to his mind.“““Could it be that the murderer was invisible?”” ”

“““Not even invisibility!”” “““The doors and windows of the surveillance room were never touched.”” Zhang Ling gave a definite answer. ”

Zhao Yu was speechless and deep in thought.

“““Oh ...”” The next second, cui Lizhu raised her hands and shouted excitedly,“““I got it! If the previous speculations are not true, then there is only one possibility left!”” ”

“““Hmm ... You seemed to have said the word ‘only’ just now ...”” Zeng ke said. ”

“““This time, it’s really the only one!”” Cui Lizhu said,“““in my opinion! The murderer is definitely not fighting alone. He has an accomplice hidden in ghost city!”” ”

“““I’ll go ...”” ”

“““Mm ...”” ”

“““This ...”” ”

“Cui Lizhu’s words didn’t shock everyone, but they did. ”

“““No...”” Wu Xiumin thought about it carefully for a moment, then said,“““previously, we have used countless criminal cases to prove that all psychotic serial murders were committed by one person, and the possibility of there being an accomplice is very low!”” ”

“““And ...”” Zeng ke raised an objection.“““If there is really an accomplice hiding in the monitoring room, then we just need to go back to the video, and then we can find him, right?”” ”

“““Hmm ...”” Zhang Ling was a little confused. She scratched her head and said with uncertainty,“““how about ... I send someone to forward the video?”” ”

“““Oh ...”” Zhao Yu suddenly clapped his hands and shouted excitedly,“““I know, I know!”” ”

“““This ...”” Everyone was shocked. Zeng ke quickly asked,“““team leader, what did you find out?”” ”

“““I said, I’ve always felt that something was wrong!”” Zhao Yu’s eyes were wide open as he said,“““cui’s words reminded me that the murderer might not be alone. The ghost king case might be a well-planned joint murder!”” ”

Chapter 1845: theory of cooperation

“““Wu Xiumin,”” under everyone’s surprised gaze, Zhao Yu asked Wu Xiumin,“““you just said that regarding this case, do you feel that it is difficult to make a psychological profile of the murderer?”” ”

“““Right!”” Wu Xiumin nodded.“““On one hand, there are too few similar cases, so we can’t make an effective information comparison. On the other hand, in this case, the murderer’s personality seems to have a certain conflict, which always causes contradictions in my reasoning. ”” ”

“““This is right!”” Zhao Yu said,“““if there is more than one murderer, does that explain your second question?”” ”

“““More than one person ...”” Wu Xiumin frowned deeply.“““More than one person?”” ”

“““It’s like this,”” Zhao Yu said.“““Ever since the case at the Guan Emperor temple, I’ve been feeling that something was wrong! ”

“““Now it seems that the problem is most likely here! ”

“““Did you realize that it wasn’t easy for the murderer to set up such a complicated murder scene?”” ”

“““This ...”” Everyone fell into deep thought. ”

“““Think about it ...”” Zhao Yu said.“““The murderer who killed Niu jinkui had to investigate Niu jinkui’s living habits in advance, and also avoid the surveillance cameras. ”

“““Then, he had to look for the crime scene and familiarize himself with it to ensure that he wouldn’t be disturbed. ”

“““Secondly, he had to prepare a large number of crime tools, as well as carefully put on makeup for the victims.”

“““In addition, he had to use a chemical reagent to break down the poisonousness and accurately inject it into the victim’s digestive and gastrointestinal tract.”” ”

“““In addition, he also had to tranquilize, tie, transport, and kill the victims. He even had to set up the scene, such as the zither. He had to dress the victims up like the ones in the ghost king Record. It was a huge project!”” ”

“““Oh ...”” Cui Lizhu suddenly understood.””So ... You think that the murderer isn’t alone, but has a helper?”” she asked. For example, the second case that happened in ghost city?”” ”

“““Anyway, that’s what I felt wrong before,”” Zhao Yu said.””I think that the case is too complicated, and I can’t handle it alone!”” ”

“““But ...”” Wu Xiumin raised her objection.””If it had been carefully prepared and rehearsed in advance, it would not have been impossible for one person to complete it alone, right?”” ”

“““After all, the autopsy report showed that the murderer used a large dose of anesthetic when he kidnapped the victim,”” Wu Xiumin analyzed.””Also, the place and time that the murderer chose to kidnap the victim ensured that no one would disturb him the whole night. So, he had enough time and conditions to commit the crime!”” ”

“““I think, as long as the murderer had the strength to drag the victim, he could have done it alone!”” ”

“““Yes ...”” Cui Lizhu scratched her head.””Niu jinkui and Shen Wenbin both weigh less than 60 kilograms. If it was a slightly stronger person, it wouldn’t be a problem to carry them on their shoulders and perform a small transfer, right?”” ”

“““But ...”” Captain Zhang Ling pondered,””the first case might be solved independently, but what about the second case? Even if he has an accomplice, we still can’t explain the surveillance. “” ”

“““Captain Zhang ...”” Zhao Yu said,””because it’s already dark today, there might be some things that can’t be seen clearly. How about this, tomorrow morning, you Ask the Experts to check the surveillance cameras again to see if there are any other clues? ”

“““After all, the surveillance is not a small matter. It might be the key to solving the case!”” He said. ”

“““Alright,”” Zhang Ling nodded,””I know what to do!”” ”

“““Boss, boss ... We found it, we found it ...”” As soon as Zhang Ling finished speaking, Ran Tao Ran into the office with his mobile phone and reported to Zhao Yu,””we found the tricycle from the camera of a private shop outside the community where Niu jinkui lives!”” ”

“““Oh?”” Hearing that there was a tricycle, Zhao Yu immediately perked up. ”

“““You see ...”” ”

“Ran Tao played the video in front of Zhao Yu. There was a blurry tricycle in the video, but Zhao Yu could still see that the tricycle was very similar to the electric Tricycle in the second case. ”

“““It was a barbershop. The owner had a conflict with the shop he rented, and he was worried that someone would take revenge, so he installed a camera. In the end, this was captured. Unfortunately, the camera is cheap, and the image is a little blurry ...”” ”

“““Then ... What about the time?”” Zhao Yu asked as he looked at the video. ”

“““Just in time,”” Ran Tao replied.””It was four and a half minutes different from the time Niu jinkui came out of the community and disappeared into the blind spot. ”

“““We did a simple measurement of the speed. Niu jinkui could have reached the main road with surveillance in three minutes, but he didn’t appear in the end. ”

“““So, it’s very likely that he was kidnapped by this Electric Tricycle! Oh no, it was the person who drove the tricycle! ”

“““Boss, look ...”” Ran Tao opened the map on his mobile phone and pointed out the location of the barbershop.””This place is located in an alley without surveillance cameras!”” He said. ”

“““So, the murderer took the chance when Niu jinkui was unprepared to knock him out. Then, he put Niu jinkui on a tricycle and left along this small road! ”

“Ran Tao then pointed to another location on the map and said,””it’s a wilderness with many intersections. We still need some time to catch the tricycle’s movement.”” ”

“““This shouldn’t be too difficult, right?”” ““The tricycle must have gone in the direction of the temple of Emperor Guan,”” cui Lizhu said. ”

“““Do I need you to remind me of this?”” Ran Tao narrowed his eyes.””I’ve already sent someone to get the surveillance footage!”” ”

“““But ...”” Wu Xiumin shook her head and said,””even if we can be sure that the tricycle is the same as the second case, and that the driver is the murderer of the ghost king case, the tricycle is completely sealed, so we still can’t see the driver’s face.”” ”

“““That’s right ...”” Zhang Ling said.””I’ve sent someone to do some statistics before. There are more than 20000 tricycles of the same type on the market in Quan ‘an city. Because of the heavy rain here, people who buy tricycles like to buy these fully enclosed ones!”” ”

“““It can’t be?”” Zhao Yu pouted.””So many? In other words, the murderer didn’t modify the tricycle?”” ”

“““Right!”” Zhang Ling said regretfully,””it’s like this the moment it’s out of the factory. I’m guessing that the murderer must have known that he couldn’t completely get rid of the surveillance cameras, so he chose the most difficult means of transportation to find. ”” ”

“““Master ...”” Cui Lizhu sighed.””This is really a master!”” He actually thought of everything!”” ”

“““Whether or not I want it ... The investigation must continue! So, brother Tao, you should continue to follow up!”” Zhao Yu ordered Ran Tao,””after all, this is a very important clue. If we can restore part of the track, it may help solve the case! ”

“““And ... If we can get a clearer picture, we might be able to find something special about the car and narrow down the scope of our investigation!”” ”

“““Okay,”” Ran Tao agreed.””I’ll continue to investigate!”” ”

“After Ran Tao left, Zhao Yu couldn’t help but feel uneasy. He was worried that he couldn’t stop the murderer before the next ghost king case happened. ”

“So, he reached out and picked up the photocopied ““record of the ghost king”” from the table, and then turned to the next chapter of Lady Dou. ”

Chapter 1846: hidden flower

“Three days later, in the Special Investigation Group’s office at the andu police station. ”

9 am.

“A rare wave of heat swept over, causing the entire western Sichuan land to be engulfed in heat. Even in the office where the air conditioner was on, Zhao Yu could not help but feel a wave of heat. ”

“Of course, his heat did not come from the hot weather, but from the fact that there was still no progress in the ghost king case. ”

“For the past three days, the entire andu police station had been mobilized to participate in the investigation of this rare serial murder case. Even though they had found the suspicious target, there had been no obvious progress so far. ”

“Zhao Yu knew that there was a gap of four days between the first and the second case, which meant that if they couldn’t find any key clues by that day, there might be a third ghost king case that would happen after tonight! ”

“In Zhao Yu’s memory, it seemed that only the hasty murder case that had happened in Jin middle school had made him feel so stressed. ”

“However, the hasty murder case was committed by some professional criminals with the purpose of kidnapping and blackmailing. ”

“But the ghost king case was obviously different. The murderer was obviously a serial killer with a dark mind. If he couldn’t bring him to justice quickly and effectively, Zhao Yu’s reputation would be ruined, but the most important thing was that it would have a negative impact on the entire police force. ”

“Hence, Zhao Yu had very little rest these few days, and put all his energy into the case. ”

“At this moment, he was standing in front of the whiteboard, thinking about something. His phone suddenly rang. ”

“When he opened it, he saw that it was his sister-in-law, Ding Lan. ”

“Ever since the mahazaya mission, Zhao Yu had not contacted Ding Lan. He didn’t know why Ding Lan would call him at this time. ”

Could it be that the Secret Service had a new mission?

“““Please don ‘t!”” Zhao Yu prayed in his heart. He had been engrossed in studying the memoir of the murders, but the ghost king case had suddenly disrupted his rhythm, causing his progress to be slow. ”

“Now that the ghost king case had entered the White hot stage, secret services had better not have any new developments! ”

“No, Zhao Yu secretly made up his mind. No matter what the situation was with the Secret Service, he had to solve the ghost king case first and catch the mysterious serial killer. ”

Whoosh ...

Zhao Yu pressed the answer button.

“““No way? That long?”” Ding Lan’s voice came from the other end of the phone.”” Brother-in-law, it seems like ... You’re facing some difficulties in your case in western Sichuan, right?”” ”

“““What are you saying!”” “““I’ve already solved the Gu Man Tong case. What other cases can stump me?”” Zhao Yu said, putting on a front. ”

“““Tell me, why are you looking for me?”” ”

“““Yo, yo, yo ...”” Ding Lan said coquettishly,”” do I have to come to you for something?”” Can’t I even have a heart-to-heart talk with brother-in-law?”” ”

“““Mm ... This ...”” Zhao Yu’s forehead was covered in sweat. Towards his beautiful and capable sister-in-law, he could not control his emotions very well, so he could only agree with her,”” sure, sure, hehe...Hehe ...”” ”

“““Pfft ... I’m so disappointed. Is your case the most important thing?”” “““Why didn’t you say something nice when she called?”” Ding Lan complained.”” I’ve been thinking about you every day ...”” ”

“““This ...”” Zhao Yu continued to wipe his sweat and quickly apologized with a smile.”” I’m sorry, sister, how can I not miss you? However, the case is a little tricky, hehe ...”” ”

“““Alright, I’m done with your silly face.”” Ding Lan’s tone suddenly changed.”” Of course I have something important to tell you. I have two pieces of news, one good and one bad. Which one do you want to hear first?”” ”

“““This ... Um ...”” Zhao Yu was not prepared for this. He thought for a moment, then asked,”” you can’t see me, so how do you know that I’m looking silly and cute?”” ”

“““Hehe ...”” Ding Lan chuckled, then said seriously,”” then Let’s Make a Deal first!”” Let me tell you, under the joint suppression of the big bosses, Xi Wei’s criminal group has been completely annihilated!”” ”

“““Wow!”” Zhao Yu never expected that Ding Lan would be talking to him about Xi Wei.”” That’s really good news!”” ”

“Of course,” Ding Lan said. “Can you guess who played a key role in this operation?”

“My father-in-law?” Zhao Yu said without thinking, “how about Juliet or Yusuf? If not ... It’s me!”

“It seems like your case is quite a difficult one, my detective,” Ding Lan said jokingly. “The one who played a key role was, of course, that Big Boss Londee!”

“Think about it, Londee was imprisoned by Xi Wei for so many years. Of course, he’s the one who hates Xi Wei the most!” Ding Lan said, “he was the richest man in the previous world. After we rescued him, he immediately spent a huge sum of money to buy information and hired top masters to suppress Xi Wei’s remaining forces at all costs!”

“In order to uproot Xi Wei’s power in North Africa, he even equipped a country with a modern army!”

“So, Xi Wei’s criminal group was completely destroyed in such a short time!”

“Oh ...” Zhao Yu nodded. “I really didn’t expect that, hehe ... But ... I think there’s still some bad news, right?”

“That’s right,” Ding Lan said. “We’ve already found out that Xi Wei really has two daughters!”

“Wow!” Zhao Yu was suddenly excited. “What do I say? They’re twins, right?”

“No, they’re biological sisters!” Ding Lan said, “the one locked up at the CIA is her younger sister. Her name is Xi Menna! The one you saw at the house of sins was the older sister. Her name was unknown, but the trusted aides of the corporation called her Tina!”

“Xi Wei’s really an old fox. He did plastic surgery for Tina before and purposely made both of his daughters look exactly the same. He also let the public know that he only has one daughter!”

“Oh ...” Zhao Yu nodded. “But, no matter what, she’s still Xi Wei’s biological daughter! Xi Wei is dead, so she hates Miao Kun and the detectives who were involved in the diamond case to the bone!”

“Since you have bad news, you must have failed to capture Tina, right?”

“Well, this is more like a detective!” “That’s right,” Ding Lan said. “Even though Xi Wei’s company was destroyed, they didn’t manage to capture Tina. Londee put out a 10 million dollar bounty on Tina’s head!”

“If we can catch him alive, he’ll pay double the reward!”

“Wow ... This guy is really not easy to deal with,” Zhao Yu said. “It seems that the world’s richest man is not to be trifled with!”

“But,” Ding Lan said, “even though Tina is at her wit’s end, we still have to be more careful. A person who is pushed into a corner can do anything!”

“I’ll be sending more security guards to you in the next few days, so I’m just letting you know in advance. Don’t cause any misunderstandings.”

“Mm ... I got it.” Zhao Yu nodded. “Tell your Godfather to be careful too. If there’s a trap like the one in Morocco, don’t fall into it!”

“““Don’t worry about that,”” Ding Lan said.”““Everyone’s on high alert!”” Since you’re the one who directly caused Tina’s defeat, you’re now under heavy protection. ““ ”

“““Mm, understood ...”” Zhao Yu nodded.”““I’ll be careful!”” ”

“““Then ...”” ”

“Ding Lan seemed to want to say something, but something unexpected happened on Zhao Yu’s side. In the distance, Zeng ke suddenly jumped up from the table and waved at Zhao Yu in horror. ”

“““Team leader, you ... You ... Come and take a look, something happened! Someone posted photos of the ghost king case on the internet!”” ”

“““Ah!”” ”

“Zhao Yu was shocked, so he quickly hung up the phone and ran to Zeng ke’s desk. ”

Chapter 1847: The third set of photos

“After hearing the shocking news, the special investigators all gathered around Zeng ke’s computer. ”

“““Look ...”” Zeng ke pointed to the webpage on the computer and said,”“they were all just posted on Tieba, Weibo, forums, WeChat moments, and many other channels. In less than ten minutes, the click count has exceeded one million!”” ”

“““How ... How did this happen?”” Zhao Yu saw that a picture had appeared on the website. It was the murder scene of the case that had happened at the Guan Emperor temple! ”

“The dead man, who was disguised as a Taoist priest, was sitting behind the statue with a ferocious face. He was playing the zither with both hands, which was unspeakably strange! ”

“What was even more amazing was that these were just pictures. As he moved the mouse, six pictures related to the case appeared in a row, and there were even pictures of the emperor’s temple’s exterior ... ”

“““How ... How did this happen?”” Ran Tao was about to go crazy. He clenched his fists in excitement and said,”“is the murderer also someone in the police force? How did he even get such a photo? What is this Captain Zhang Ling doing?”” ”

“Then, Ran Tao took out his phone and called Zhang Ling, but the phone was busy. ”

“At this time, as Zeng ke clicked the mouse, they found that there was a text introduction below the photo of the crime scene. ”

“Not only did the publisher explain the situation, but it also revealed the details of the case, saying that this case was the same as Tao Yulan’s murder case from sixty-six years ago. The ghost king Killer appeared in andu and wanted to continue Tao Yulan’s unfinished serial murder case, etc ... ”

“After that, the page showed the photos of the second case that happened in ghost city. ”

“Shen Wenbin, the deceased in a fiery red dress, appeared in the scenic spot of the eighteen levels of hell.”

“In some pictures, the deceased was holding a baby and wearing a veil. Some of the pictures showed the face of a ferocious man after the veil was removed.”

“After that, there were also outdoor photos of ghost city and the 18 levels of hell. Next, there was a text introduction, as well as many terrifying descriptions and speculations ...”

“““What’s going on?”” Zeng ke put down the phone helplessly and reported to Zhao Yu,“““Zhang Ling is not picking up the phone!”” ”

“““Team leader,”” Wu Xiumin suggested,“““should we immediately contact the internet security Bureau to block this news?”” ”

“““No... That’s not right!”” “““Look!”” Zhao Yu pointed at the photo of the second case and said in surprise,“““look! This photo was taken at night! The photographer used a flash!”” ”

“““Flash?”” Everyone was puzzled.“““At night? What’s wrong?”” ”

“““Oh my God!”” Suddenly, Zhao Yu gasped and had goosebumps all over his body.“““Did you forget that the ghost city case was discovered by the tourists during the day? The photos we took were all taken during the day!”” ”

Whoosh ...

“As soon as he said that, the scene fell into a strange silence. Everyone felt a chill from head to toe.”

“““That ... That is to say ...”” Cui Lizhu trembled as she said,“““these photos were not leaked from the inside!”” It’s ... It’s ...”” ”

“““The murderer took the photo himself!”” Zhao Yu answered,“““the murderer took photos at the scene and now posted them! He ... What does he want to do?”” ”

Bang ...

“Captain Zhang Ling rushed into the office and shouted at Zhao Yu in a panic,“““Detective Zhao, it’s bad! Someone posted the photos of the crime scene on the internet!””

“““The media ... The media already knows ...”” ”

“Just as Zhang Ling finished speaking, his phone rang. Zhang Ling looked at the number and picked it up immediately.”

“““Yes ... Yes, yes, yes, chief Zhao. We’re checking the source. It was just released, but the situation is still unclear ...”” ”

“““He’s really a lunatic!”” Cui Lizhu gritted her teeth and asked,“““what is the murderer trying to do? He knew that the ghost king case would cause panic if it was spread, so he ... He did it on purpose!”” ”

“Wu Xiumin then said,“““it seems that his purpose was really not just to kill!”” ”

“Zhao Yu looked at the photos on the internet, frowning and his heart beating faster. In his opinion, the murderer’s behavior was beyond his experience and knowledge. ”

He had not expected the murderer to do this. He did not understand what the murderer wanted to do.

“Not only did the murderer post a photo of the murder, but he also attached a text description and even mentioned Tao Yulan ... Could it be that this case is really related to the murder case from sixty-six years ago? ”

“That was ‘ 66 years ago, more than half a century. What kind of deep hatred could last for so long? ”

Or was the murderer a typical mental patient?

“““Detective Zhao,”” Zhang Ling hung up the Bureau chief’s phone and said to Zhao Yu in a hurry,””now, we have to find a way to delete the information on the internet! If I continue to spread it, I won’t be able to control it ...”” ”

“Seeing that Zhao Yu did not speak, Zhang Ling explained, ““I’ve already launched an internal investigation to check on the people from the forensics department. Damn it, if I find the person who leaked the information, I’ll make him taste what it’s like to be in jail!”” ”

“““No!”” Ran Tao quickly said,””stop investigating. These photos were not leaked at all. The murderer took and posted them himself!”” ”

“““What?”” Hearing this, Zhang Ling was so scared that she almost fell to the ground. Fortunately, Ran Tao reacted quickly and caught her. ”

“““The content does need to be deleted, but ...”” Zhao Yu said, embarrassed.””These photos may contain important clues about the murderer! ”

“““Captain Zhang Ling,”” Zhao Yu instructed Captain Zhang,””quickly contact the internet security Department to conduct a comprehensive investigation of this information, trace the source, and then take full control of it!”” ”

“““Yes!”” Zhang Ling hurriedly made the call. ”

“““Wu Xiumin,”” Zhao Yu said to Wu Xiumin,””Miao Ying isn’t here, so you should go and deal with the media!”” Once this matter got out, the media would definitely be unable to control it. ”

“““Work with the leaders of the police station and the relevant local departments to negotiate and coordinate with the media. Explain the nature of the case and the stakes to them. Try to handle it with low temperatures!”” ”

“““Alright!”” Wu Xiumin nodded in agreement. ”

“After that, Zhao Yu turned to Zeng ke and said,””Little Zeng, immediately save the information released by the murderer. I want to study it carefully!”” ”

“““Yes!”” ”

“As he spoke, Zeng ke tapped on the keyboard, trying to save the data. However, he had just pressed a few keys when he suddenly saw something new on the web page. ”

“““It can’t be?”” Zeng ke’s body trembled, and he hurriedly said to Zhao Yu,““team leader, the person who posted this just posted a new message!”” ”

“““What?”” Zhao Yu was shocked and quickly looked down. ”

“As Zeng ke scrolled through the page, he saw that there was indeed new information on the page. ”

“When they saw the first picture, Zhao Yu and Zeng ke were both stunned. ”

A woman in ancient women’s clothing appeared on the web page!

“The woman was sitting on an antique chair with one leg raised high and the other crossed, in a flirtatious posture. ”

What was even more evil was that there was a poisonous snake coiled around the woman’s body!

Chapter 1848: City Lady

“““Damn it!”” ”

“When he saw the latest photo, Zhao Yu’s heart skipped a beat. The thing he didn’t want to see the most had happened, and it was far from what he had expected! ”

The eighth ghost recorded in the <> was called the city Lady.

“It was said that this ghost was a hybrid of a human and a snake. It often used its beauty and charm to seduce strange men. Then, it would transform into a snake and absorb the man’s yang Qi. It was a real evil ghost! ”

“This ghost was recorded in ““Strange Stories from a Chinese Studio,”” but it was slightly different from the description in ““records of the ghost king.”” ”

“The figure in the photo was exactly the same as the woman in the city in the ““record of the ghost king.”” There was no doubt that the murderer had committed a new murder! ”

The woman in the photo was already dead!

“If one looked closely at the photo, they would see that although the woman had heavy makeup on and looked very flirtatious, her face was uncontrollably distorted, becoming extremely ferocious and terrifying, exactly the same as the previous two ghost king murders! ”

“““This ...”” Cui Lizhu gulped, her face pale.”“Is this the third ghost king murder case?”” ““Why ... Why ...”” She counted with her fingers.”“Why is it only three days?”” ”

“““The point is ...”” Wu Xiumin was also surprised.”“We have to know where we are.”” Zeng ke, take a look ... Do you have more detailed pictures?”” ”

“Zeng ke quickly clicked on the mouse, slid across the web page, and found a complete set of photos. ”

“The first few photos were of the deceased, and only the last two had an ancient building. The building was an ancient two-story building. It was obvious that it had been built for a long time. ”

“““Hurry up!”” Zhao Yu ordered.””Find out where this is!”” ”

“““Alright!”” Zeng ke clicked the mouse and pasted the picture, trying to find the source of the building. ”

“““Wait! I don’t think ... There’s a need?”” Cui Lizhu quickly reminded Zeng ke,””this post has already attracted so many people! Hurry up and take a look at the comments. Someone should have recognized it long ago, right?”” ”

“““Yeah!”” Zeng ke quickly searched the forums related to the photo and soon found the answer from the comments. ”

“After seeing the answer, Zeng ke felt even more incredulous, and he immediately stammered,””““Oh my God! It’s actually a Kongtong middle school!”” ”

“““What?”” Everyone was shocked and surprised. ”

“““It’s andu high school 17th!”” Zeng ke pointed to the comments on the forum and said,””this building is called the Lanyang Academy, which is an ancient building left behind from the Qing Dynasty ...”” ”

“““The predecessor of andu city’s 17th high school was this Lanyang Academy. Later, when the 17th high school was expanded, this building was included in the campus and became the school’s landmark. ”

“““It’s said that the Lanyang Academy will open to the public at a specific time every year, so the Academy has specially arranged some old furniture for tourists to visit!”” ”

“““The old furniture ...”” Cui Lizhu said.””It’s exactly the same as the scene at the crime scene!”” ”

“““It can’t be?”” Zhao Yu quickly asked,””hurry up and take a look. When will it be open to the public?”” ”

“““Oh my God ...”” Zeng ke searched the information and suddenly widened his eyes.””It’s today!”” It’s 9:30 in the morning!”” ”

“Everyone looked at their watches. It was exactly 9:30 in the morning, not a minute off! ”

“““Motherf * cker!”” Zhao Yu was shocked and quickly waved at cui Lizhu.””Hurry up and contact 17th high. We must stop the tourists from visiting!”” Get them to seal off the scene!”” ”

“““Yes!”” Cui Lizhu quickly made the call. ”

“Zhao Yu didn’t even bother to tidy up his clothes, but rushed out of the office. ”

...

“Andu city’s 17th high school was very close to the police station, so it only took Zhao Yu and the others about ten minutes to get to the scene. ”

“Although the No. 17 high school evacuated the tourists as soon as possible and closed the Lanyang Academy after receiving the notice, a large number of tourists still saw the strange and terrifying crime scene!”

“It was conceivable that the strange scene at that time must have left an indelible impression on those people, which was obviously a great disadvantage to the confidentiality of the entire ghost king case.”

“““The snake is fake ...”” At the crime scene on the second floor of Lanyang Academy, Zhang Peipei, the forensic doctor, was doing a preliminary examination of the body while reporting to Zhao Yu,““it’s a simulated toy!”” ”

“““The victim is a female, about 40 years old. Her physical condition is the same as the previous two ghost king cases. The time of death is no more than 10 hours. She should have died last night ...”” ”

“Listening to Zhang Peipei’s report and looking at the sinister limbs in front of him, Zhao Yu felt dizzy.”

“In his daze, he even had an illusion that the illustrations of the city Lady in the records of the ghost king and the scene in front of him were mixed together.”

Or ...

It still happened ...

“Zhao Yu had a bad feeling about this. He wasn’t sure if the time between each case was randomly chosen by the murderer, or if there was some kind of pattern or explanation.”

“The second case was four days apart from the first, while the third case was three days apart from the second, a day shorter. If this continued, wouldn’t the fourth case happen soon?”

“Also, why did the murderer release the photos he took?”

“Logically speaking, with the visit to the Lanyang Academy today, even if the murderer did not post, someone would have found the murder scene.”

He was deliberately blowing this matter up!

What ... Was he trying to do?

Di di ... Di di ...

“At that moment, Zhao Yu’s mobile phone rang. It was Zeng ke.”

“““Hello, team leader,”” Zeng ke said over the phone.””Someone on the forum just recognized the deceased, saying that she might be the foreman of chuanmei bathing center, Tao Yan. Um ... Um ...”” ”

“““What?”” Zhao Yu shouted,““tell me!”” ”

“““The person on the post said ...”” Zeng ke said quickly.””This woman is the mother of the bath center, and all the waitresses are arranged by her ...”” ”

“““What mommy? it’s just an old castle ... Um ... Wait ...”” Suddenly, Zhao Yu thought of something and said to Zeng ke in a hurry,““I remember that the victim of the first case, Niu jinkui, often went to a bath center, right?”” ”

“Hurry up and find out what the name of the bathing center is!”

“Okay, please don’t hang up ...” Zeng ke replied after a few seconds. “That’s right, it’s the same place!”

“F * ck!” Zhao Yu said, “it seems that the victims are related. Send me the address, and I’ll go to that Sichuan beauty shop later. Oh no, I’ll check it out!”

“Alright! But ...” Zeng ke quickly said, “I’ll send you Tao Yan’s photos and information first, so you can compare them with the deceased.”

“Also, should I make a call to verify it? To see if Tao Yan has gone missing?”

“Don’t hit me!” Zhao Yu quickly stopped her. “I don’t want to alert the enemy. This small bathing center may have a major connection with the ghost king case. Maybe the murderer is also there. So, let me verify it first!”

“Alright! I’ll send you the information first ...”

“After hanging up the phone, Zhao Yu vaguely realized something. If Niu jinkui knew Tao Yan, could it be that the second victim, Shen Wenbin, also knew Tao Yan?”

“Tao Yan was his mother, and Shen Wenbin was a Playboy. Could it be that Tao Yan had introduced business to Shen Wenbin before?”

“Could it be that ... At the end of the investigation, the case had returned to the way it was before, and it was basically a vendetta?”

“These three people had offended one person because of something, and this person was the culprit of this case!”

Chapter 1849: Professional

At the crime scene of Lanyang Academy in andu 17th high school.

“Detective Zhao,” Captain Zhang Ling reported to Zhao Yu, “the forensics team has confirmed that the deceased is Tao Yan from chuanmei bathing center! And this bathhouse just so happens to be the one that Niu jinkui frequently patronizes ...”

“Okay.” Zhao Yu nodded. “In this way, it is equivalent to having a connection between the deceased. Captain Zhang, later, you change into casual clothes and accompany me to the bathing center to investigate!”

“Hmm ...” Zhang Ling frowned and said, “listen to me, I just investigated and found out that this bathhouse has closed down!”

“What?” Zhao Yu was stunned, “closed? Why?”

“““It’s like this,”” Zhang Ling explained,“““Tao Yan is not only a mommy, she is also the owner of the bathing center! Five days ago, her friend reported that she was missing!”” ”

“““Ah?”” Zhao Yu was surprised,“““five days? This ...”” ”

“““Tao Yan doesn’t allow anyone to interfere with the business of the bathhouse, so the people in the bathhouse were worried that something might go wrong, so they closed the shop!”” ”

“““I can’t believe it ...”” Zhao Yu frowned, feeling very surprised.“““Could it be that the murderer had kidnapped Tao Yan five days ago, and only killed her last night?!”” This ...”” ”

“““It’s ... It’s possible!”” “““Yes.”” Zhang Ling echoed,“““ever since I found out that Niu jinkui had a relationship with this bathing center, I’ve already sent people to investigate. Now, we’ve found some of the employees there ... ”

“““Detective Zhao, this bathhouse must be closely related to this case. Why don’t we conduct a comprehensive search and bring everyone related to the bathhouse to the police station? we’ll investigate them one by one and see if we can find any clues.”” ”

“““Alright, that’s the only way!”” Zhao Yu emphasized,“““you arrange for someone to do it! Get to the bottom of everything about Tao Yan as soon as possible!”” ”

“““Alright!”” Zhang Ling immediately took out her phone and went to assign tasks. ”

“““Boss,”” Ran Tao quickly came up from the stairs and reported to Zhao Yu,“““we’ve checked everything. The murderer should have entered through the back door of the Lanyang Academy.”” ”

“““That back door has been abandoned for many years. There’s only an old, rusty lock on it, but that lock is gone! ”

“““Also, there’s an abandoned courtyard near the back door. There are no surveillance cameras there ...”” ”

“““Is that so?”” Zhao Yu frowned.“““I just saw that small courtyard. It was completely sealed, and there was no door! You’re not trying to say that the murderer brought the victim over the wall, right?”” ”

“““Ran Tao scratched his head out of habit.””““I have sent a technical team to do a detailed examination. Maybe the murderer used scaffolding or something?”” he asked. ”

Tsk tsk ...

“““Zhao Yu pouted, and his previous thought came back to him. Could it be that there was more than one murderer? Was the ghost king case a crime committed by two or more people? ”

.....

“““That night, in the Special Investigation Group office of the andu police station. ”

“““The third ghost king case, in addition to the spread of the news on the internet, had already left the police officers in a terrible fix. ”

“For this reason, the andu police station specially dispatched more criminal investigation personnel and technical personnel to participate in the case. The scale of the investigation was very rare in the local area.”

“At this moment, the members of the Special Investigation Group were working hard to carry out the investigation.”

“Zeng ke was in charge of tracking the network, and he was tracking the source of the publisher with the internet security Department.”

“Ran Tao was mainly in charge of the crime scene, and together with the technical team, he collected clues at the scene, checked the surveillance cameras, and captured the traces of the suspect.”

“Wu Xiumin’s task was the most arduous. On the one hand, she needed to cooperate with the senior police officers to deal with the impact of the media and quell the negative impact caused by the ghost king case.”

“On the other hand, she was also in charge of the investigation. She had to check everyone’s interrogation video to see if anyone had lied.”

“According to their previous duties, Miao Ying had been in charge of all the external work of the Special Investigation Group, but now that Miao Ying was not there, Wu Xiumin had to take on two roles.”

“As for Zhang Peipei, she and her team had been busy day and night for the past few days, carefully examining each body and examining a large amount of suspicious evidence.”

“Hence, the only person left to accompany Zhao Yu in the office was cui Lizhu.”

“However, cui Lizhu didn’t stay idle either. Over the past few days, Zhao Yu had given her a more important task, which was to gather all the information about Tao Yulan’s case.”

“Until now, Zhao Yu still insisted that the ghost king case in front of him should have some connection with the case from sixty-six years ago.”

“Be it the victim or the murderer, one of them might be related to Tao Yulan.”

“”According to the genealogy investigation ...” At this moment, cui Lizhu was reporting the information she had found.””The ancestors of the deceased, Niu jinkui and Shen Wenbin, were not from western Sichuan, so they should have nothing to do with the case!”” ”

“”As for Tao Yulan’s descendants,”” cui Lizhu shook her head and sighed,””that’s an impossible task!” ”

“”After searching for so long, I only found out that when we arrested Tao Yulan, although we found poison, makeup clothes, props, and other items in her house, we didn’t find the records of the ghost king!” ”

“”So, I suspect that Tao Yulan passed on the”” record of the ghost king “”to someone else, or she hid it somewhere.” ”

“““Perhaps he wrote something provocative in the”” record of the ghost king “”and was discovered by someone with a mental problem in the modern era? Then, he was incited by the book to inherit Tao Yulan’s will and continue to kill?”” ”

“““Alright,”” Zhao Yu shook his head and sighed,””don’t make up stories for yourself. The more guesses we have, the more energy we’ll have!”” ”

“““This case ... There must be a key point,”” Zhao Yu said, frowning.””Only by finding this key point can the truth of the case be clear!”” ”

“““Detective Zhao ...”” Just as he said this, Captain Zhang Ling rushed in from outside and said,””didn’t I send someone to ghost city to check the surveillance cameras again today? ”

“““Hey, you’re right! This time, they really did find a problem!”” ”

“““Oh?”” ““What is it?”” Zhao Yu asked. ”

“““The experts I sent over all agreed that,”” Zhang Ling said,””the murderer cut off the power in the monitoring room. It was not what we thought! ”

“““Actually, his real method of avoiding the surveillance cameras was to cut off the entire power supply of ghost city from the outside!”” ”

“““What?”” Zhao Yu didn’t understand. ”

“““It’s like this,”” Zhang Ling said.””After the murderer took the people outside ghost city, he went to the main switch of the external cable and did something there, causing the entire power system of ghost city to be paralyzed. ”

“““Then, he swaggered in on a tricycle and moved the people in!”” ”

“““Electricity breakdown? Did something to it?”” Zhao Yu still didn’t understand.””How did you do it? Pull the power switch?”” ”

“““No, of course not,”” Zhang Ling said.””It was a very complicated operation. The experts said that the murderer must have used some kind of tool that could use the resonance of the relay to affect the power output. It could paralyze the power for ten to twenty minutes! ”

“““So, after the murderer entered ghost city, he didn’t rush to kill anyone. Instead, he went to the surveillance room and cut off the power output. This way, even if the power was restored, the surveillance would be out of order! ”

“““So ...”” Zhang Ling said hesitantly,””it can be done by one person!”” ”

“““What the ... Is he that professional?”” Hearing this, Zhao Yu’s mouth was wide open.””This guy...What does he do for a living!”” ”

Chapter 1850: The ninth ghost and the old bastard

“““Yes, there are nail marks and riveted marks, as well as many traces of friction between metal and rope. The technical team has already sent them to the forensics department for examination!”” In the office, Ran Tao reported to Zhao Yu, ““although we can’t see what was used, the traces are all new, so the murderer should have climbed over the wall from there! ”

“““Also, he must have used some kind of advanced mechanical equipment to help him transport the victims over the wall!”” ”

“““Boss,”” cui Lizhu couldn’t help but voice her opinion, ““think about it. If he had an accomplice, we wouldn’t have to go through so much trouble, right?”” ”

“““So, the possibility of the murderer being a single person is the highest! ”

“““After all, the probability of a few perverts gathering together is too small!”” ”

“Zhao Yu stared at the photos of the crime scene that Ran Tao had given him, but he didn’t express his opinion. Instead, he fell into his usual deep thought. ”

“After thinking for a long time, he finally said, ““““Whether it’s just one or a few people, I’m sure they’re professional!”” ”

“““Of course,”” cui Lizhu pouted. ““You’ve already committed three murders, but you didn’t leave any clues behind. That’s not professional enough, is it?”” ”

“““Yeah,”” Ran Tao said, scratching his head. ““This reminds me of the bone case in Hailan. Could the murderer be a professional killer like Liang perseverance?”” ”

“““No,”” Zhao Yu shook his head, ““a professional killer would not be so ostentatious! I’m only talking about the technical specialies...But ...”” ”

“““Team leader ...”” At this time, Zeng ke suddenly appeared in the office and reported to Zhao Yu, ““similar to the previous video case, the murderer used an overseas website to make many jumps. It will take some time to find out the specific post location!”” ”

“““Oh?”” Zhao Yu nodded slightly. He had already expected this to happen. ”

“Because from the murderer’s meticulous means, he must have been fully prepared before he posted the photos on the internet. ”

“““However,”” Zeng ke said, ““we won’t be able to jump that many times this time. I think we should be able to do it in three days!”” ”

“““Hehe ...”” Cui Lizhu laughed. ““I bet that even if we find the location of the upload, it’s definitely just a cover, and we can’t catch the murderer!”” ”

“““It seems that the murderer is very professional!”” ”

“““Team leader,”” Zeng ke said, ““the information on the internet has been controlled, but the click rate is over a million, which has caused a huge impact!”” ”

“““I know that,”” Zhao Yu said, nodding. ““The murderer beat us up, but we haven’t even found his shadow yet. This is really ...”” ”

“““That’s embarrassing!”” Cui Lizhu covered her face and said. ”

“““Wrong!”” Zhao Yu squinted his eyes and said,““this just shows that it’s not that we are incompetent, but that the murderer had made careful preparations in advance. ”

“““He might have been planning this ghost king plan for a long time ... ”

“““But,”” Zhao Yu said,““there is no perfect crime in this world, not to mention such a big case. Hmph ... ”” ”

“““That’s great!”” Seeing Zhao Yu’s reaction, Cui Lizhu couldn’t help but clap her hands. She said excitedly,““in the past, whenever I heard boss say something like this, it meant that the case was about to be solved! ”

“““Quick, don’t keep me in suspense!”” Cui Lizhu urged,““hurry up and tell us. Have you found the key to solving the case?”” ”

“““Hmph! ““Wahaha ...”” Zhao Yu winked and made a series of flirtatious poses, then said seriously,““to be honest, I don’t have any clue at all!”” ”

I’ll ...

Everyone on the scene fell ...

“““But ...”” Zhao Yu said,““I have a feeling that we are very close to the truth!”” ”

“Cui Lizhu stuck out her tongue and said,““I’ve heard that a thousand times!”” The second case is four days apart, and the third is three days apart. I have a feeling that the fourth ghost king case will happen soon! ”

“““You’d better hurry up and see who’s the next one to become a malicious spirit. ““ ”

“““Hmm...Next ...”” ”

“Zhao Yu flipped open the ““ghost King’s record”” and saw that the evil ghost after the woman in the city was called the Zhenhai. It was a kind of evil ghost that ate women according to the records of God searching. The ghost had two horns on its head and fangs in its mouth. It ate women without even spitting out the bones. It was very fierce. ”

“However, like the other malicious spirits in ““record of the ghost king””, Zhen Yan had his own story. He had become a malicious spirit to harm people because he had been wronged and died. ”

“““I don’t know ...”” Cui Lizhu pouted.““Who is the ninth evil spirit?”” ”

Di di ... Di di ...

“At that moment, Zhao Yu’s phone rang. He opened it and saw that it was a video that Wu Xiumin had sent him. As the video did not have any additional instructions, Zhao Yu didn’t know what it meant. ”

“Therefore, he immediately played the video. ”

“After the image was shown, Zhao Yu understood at a glance that it was a video of an interrogation. The person being interrogated was a young woman in a sexy outfit. ”

“““Yes, I know him!”” The woman pointed to a photo and said,““this is a perverted old bastard. I think his surname is Niu, but I don’t know his name. I only know that my sisters call him the thief! ”

“““This guy is an old bastard with a bad reputation. When I was at the harmony Association, he was a regular there ... ”

“““He doesn’t give us a single cent more for his business. He even steals cigarettes from us, pack by pack. He’s a thief ...”” ”

“Although the video came a little abruptly, Zhao Yu could still tell that the woman should be a special staff member of the bathing center, and the thief she was talking about was the first victim of the ghost king case, Niu jinkui. ”

“““Furthermore, this guy is especially sinister and perverted!”” The woman continued,““every time he had s * x, he would always sneakily put on condoms to blind people. Whenever we think of this, we’ll be angry! ”

“““I really don’t know what he’s thinking. He wished he could slap him to death! ”

“““Right, let me tell you, last time there was a newcomer who didn’t know the thief’s character, so he fell for his trick and really got pregnant with his child! ”

“““Can you guess what happened after that?”” The woman’s eyes widened.““I don’t know what that girl was thinking. She actually secretly gave birth to the child!”” ”

“““But then, for some reason, she jumped off the building with the child. Both mother and daughter fell to their deaths. It was even reported in the newspapers! It was too tragic! ”

“““But guess what? after the incident, that old bastard acted like nothing had happened and continued to have fun at our place ...”” ”

Giggle!

“Seeing this, Zhao Yu’s heart thumped, and he suddenly understood what Wu Xiumin meant. If the death of this woman who was pregnant with Niu jinkui’s child was related to him, then could it be related to the ghost king case? ”

Bang ...

“At that moment, the office door opened, and Wu Xiumin rushed in. ”

“““Team leader, did you see the video?”” Wu Xiumin asked. After everyone nodded, she continued,““I’ve found out that the woman who jumped off the building was called mi Rou. Four months ago, she did jump off the building with a one-month-old baby in her arms. ”

“““Team leader, do you think that this woman is the motive for the ghost king case?”” ”
