

Crazy 1981

“Chapter 1981: Password, password!”

“””The initial password is 12345678. Remember to right click after you’re done, or the data will self-destruct. Of course, this is a laptop, you have to prepare a mouse ...”” ”

Zhao Yu pointed at the laptop in the man’s hand and told him the password and the correct way to open it.

“The other party was not an ordinary person. Before trying to open the data, a technician first did a precise scan of the computer. After making sure that there were no problems, he nodded to Scarface Manhattan.”

“””Alright!”” Manhattan glanced at Zhao Yu.””I don’t think detective Zhao would be so stupid as to do something here, unless he wants to see this ...”” ”

Pa pa ...

“Manhattan clapped his hands, and his men immediately pushed a sliding ladder to the fish tank.”

“There was a water tank on top of the ladder, and many spiky fish swam in the transparent water tank.”

“””Do you know him? ””You guys call it a lionfish,”” Manhattan laughed.””In fact, its scientific name is Pi Xiu.”

“””Don’t underestimate this fish. There are poison glands on its fins. After being stabbed, people will experience unbearable pain. This kind of pain will be unforgettable!”” ”

“After saying that, under Manhattan’s signal, the criminals on the ladder lifted the tank with the lionfish by half a centimeter and pretended to fall!”

“””Hey!”” Zhao Yu shouted and glared at Manhattan.””According to the agreement, my little sister must be safe and sound. Now that I’ve kept my promise, you must keep your promise too!”” ”

“””Mm ... Hehehe ...”” Manhattan grinned at Zhao Yu and said,””detective Zhao, you finally have your first normal performance!”

“””You’re right. Since you’re the main character, the main character should act like one!”

“””Hahaha...I’m a ruffian, and ruffians have to do what ruffians do, right?”” ”

“After saying that, Manhattan tilted his head at his subordinate, and his subordinate immediately poured a box of lionfish into the fish tank!”

Whoosh ...

A box of sea fish with poisonous stingers jumped into the water.

“””Ah!?”” ”

Zhao Yu clenched his fists and wanted to punch the bastard.

They looked up and saw the lionfish swimming back and forth in the tank. Ding Lan and Xi menna sensed the danger and immediately swam away from the tank.

“Fortunately, the fish tank was big enough. When more than a dozen lionfish entered the tank, Ding Lan and ding Lingyu were not stung by the fins.”

“However, the space they could move in had been greatly reduced, and they could no longer move freely like before ...”

“”Hahaha ...”” Seeing this, Manhattan laughed.””It seems like the mermaids do have some power, don’t they?”” ”

“After saying that, Manhattan waved at his men again. Soon, someone carried a new box of lionfish and placed it on the ladder.”

“”I told you, I kept my promise,”” Zhao Yu said, pointing at the tablet.””I’ve already told you the password and method, what else do you want?”” ”

“”Only the lowest-level retards would threaten women to achieve their own purposes. That’s a sign of incompetence!”” ”

“”Hehe, whatever you say. I’ve already seen through your little trick,”” Manhattan said proudly.””You’ve successfully angered me, so I have to return the favor, right?”” ”

“Then, he brought the laptop in front of Zhao Yu and said gloomily,”””Come on, open it yourself! I have plenty of lionfish, and if anything happens after I open it, I’ll fill the fish tank with lionfish!”” ”

“Zhao Yu glared at Manhattan, then entered the password unwillingly. He then right-clicked with the wireless mouse, and a compressed folder immediately popped up.”

“At this moment, curly hair immediately took the laptop to the side and let the technical staff examine it.”

“While waiting for the DNA test, Zhao Yu finally found an opportunity to point at Xi Mengna and ask,”””I don’t understand. Why did you take such a big risk to snatch Xi menna from the hands of the British?”” ”

“”Also, not only did you kill her sister, but you also turned her into a headless female corpse. It seems that the enmity between you two is not small, right?”” ”

“”Hehe ...”” Manhattan turned to look at Xi menna and said to Zhao Yu,””don’t worry, detective. You’ll know the answer when our deal is done. The good show is yet to come!”” ”

“”Then ...”” Zhao Yu asked again,””do you have a grudge against me? You didn’t lure me here just to meet your idol, did you?”” ”

“”Hahaha ...”” Manhattan laughed.””A detective is a detective. He can’t even protect himself, yet he still wants to find out the truth!”” ”

“”Don’t worry,”” Manhattan smiled.””Since you are my idol, I will tell you the truth in the end!”” ”

“”Finally, I’ll let you leave clearly ...”” ”

““““Oh ...”” Zhao Yu nodded.“““It seems that we really have a grudge! But I’ve never seen you before! Is your ... Um ... Is your wife pretty?”

““““Do you have any photos? Let me see her picture, maybe I’ll remember something ... ”

““““Hmm ... Or ...”” Zhao Yu creased his eyebrows and thought seriously,“““your daughter or sister?”” However, seeing how ugly you are, I don’t think I’ll like you even if you have a daughter and a sister, right?”” ”

““““You ...”” Manhattan’s face turned green. Just as he was about to stand up and ask his men to let the fish go, he suddenly realized something. He sat down and said,“““Zhao Yu, aren’t you a detective? Then think about it yourself, what’s the point of all this?”

““““I’m warning you, if you continue to provoke me like this, I’m going to change my mind! You don’t want to die without knowing why, do you?”

““““Eh?”” Manhattan suddenly realized something and said,“““Zhao Yu, why do I feel like you’re deliberately stalling for time?”

““““Could it be that you think your people can find this place?”” ”

““““Tsk tsk ...”” Zhao Yu pouted, then nodded and said,“““I understand. It seems that you have indeed planted a mole among our people!”” If we take any action, you’ll be notified in advance, right?”” ”

““““Hmm ...”” Manhattan realized that he had said the wrong thing. He looked embarrassed. ”

“At this moment, a technician came over with a laptop and reported,“““““I’ve checked it. The information is real and complete. However, they have divided the information into two parts. We still need an 18-digit password to fully unlock it!”” ”

““““Oh?”” Manhattan’s eyes widened. He turned around and asked,“““you can’t crack an 18-digit password?”” ”

“Before the technician could answer, Zhao Yu said,“““Are you stupid? Of course, we have installed a self-destruction program. If you enter the wrong password or try to decrypt it, the file will self-destruct!”” ”

““““Oh ...”” Manhattan glanced at Zhao Yu but did not say anything. He seemed to be thinking about something. ”

““““So,”” Zhao Yu said, pointing at Ding Lan, who was in the fish tank.“““Now, let my sister go, and I’ll give you the password!”” ”

““““Yeah ... Hehe ...”” Manhattan smiled and asked,“““but, my great detective, what if we let your sister go and you don’t tell us the password?”” ”

““““Motherf * cker,”” Zhao Yu cursed,“““I’m already here. Are you still worried that I won’t tell you the password?”” ”

““““That’s not necessarily true.”” Manhattan glanced at Ding Lan in the fish tank.“““If it weren’t for you, would you have followed us to this point?”” ”

“““You say?”” He pointed at the lionfish beside the fish tank.”“If I keep putting fish in the fish tank, will you tell me the password?”” ”

“““Alright, you can do it!”” Zhao Yu said indifferently,”“if you dare to let the fish go, I’ll fight you to the death. You can kill me, but you can never get that information, because I’m the only one who knows the password!”” ”

“““Oh? Is that so?”” ”

“Upon hearing Zhao Yu’s words, Manhattan suddenly became alert. ”

He reached out and gestured for the technical staff to bring the laptop to him.

“Then, he took a phone from curly hair’s hands and typed in the 18-digit password on the tablet while looking at the screen. ”

“In the end, after he entered the password, Zhao Yu was shocked to see that the file had been successfully unlocked! ”

Chapter 1982: Lines without creativity

“Five minutes ago, in the office of the Guangzhou police station. ”

“The originally clean and tidy room was now in a mess, with the tables and chairs all slanted, and several police officers lying on the ground ... ”

Pa!

“With a strong whirlwind kick from a woman, an officer who was about to resist was kicked to the ground on the spot! ”

“The police officer wanted to pull out his gun, but the woman elbowed him and twisted his wrist with lightning speed, easily snatching his pistol away. ”

“Immediately after, the woman turned around and skillfully moved the pistol to her right hand. She extended her arm and aimed the muzzle at the high-ranking Korean official, Wu Chengjun, who was trying to escape. The muzzle was almost pressed against his head! ”

“““Don’t move!”” The woman shouted softly and turned around. It was the Middle-Eastern beauty, aunt Mei Lola! ”

“““Ah? ““You ...”” Wu Chengjun was so shocked that his face turned pale. He asked the most uncreative line in history,”“you ... What are you doing?”” ”

“Originally, Wu Chengjun was supposed to stay in the office and give orders. However, he didn’t expect that this Amelia would suddenly attack and knock down the other police officers in the office in the blink of an eye. ”

“Although he had asked such an uncreative question, Wu Chengjun had already reacted. This Amelia must have betrayed him!”

She might be a spy planted in the police station by the enemy. All the things that had to do with her before were all a show for everyone!

She had planned everything from the very beginning!

Ah ...

“At this time, the police officer who had his gun snatched by Amiola shouted and struggled to break free. Then, he bravely pounced on Amiola.”

“However, Amiola was a well-trained agent. She dodged the man’s attack with a light step.”

“At the same time, she quickly struck out with her left arm and accurately and fiercely chopped the man’s neck with her palm. There was an acupuncture point on the neck. After the cut, the police officer fell to the ground on the spot and fainted ...”

Ah?

“Wu Chengjun wanted to take the opportunity to escape, but when he saw that the police officer was unconscious, he gave up the idea.”

Ka!

Amiola pulled the bolt of her gun and pointed it at Wu Chengjun’s head again. Wu Chengjun was so scared that he trembled and subconsciously raised his hands.

““Officer Wu ...” Amerolla suddenly spoke fluent Korean.”“You should know what I’m going to do now, right?”

““I’ve come here especially for you!””

“Then, she reached out her left hand and took out Wu Chengjun’s phone from his waist.”

“Then, she quickly tapped on her phone, as if she was sending a message to someone.”

“Wu Chengjun knew that the message she sent was definitely very dangerous and needed to be stopped. However, the other party had a gun in his hand and he was helpless.”

“At this moment, Wu Chengjun suddenly saw that one of his colleagues was not unconscious. He quietly approached Amiola and reached out to grab a chair, trying to attack from behind!”

“Wu Chengjun’s eyes lit up, and he suddenly saw hope.”

“However, just as the colleague picked up the chair and was about to make a move, Amiolan had already noticed it. She immediately swung her right arm, turned the muzzle, and pointed it directly at the man’s face!”

Ah?

The man was so frightened that he loosened his grip and the chair fell to the ground.

Ah ...

“However, he didn’t expect Wu Chengjun to take advantage of this opportunity. At the crucial moment, he shouted and pounced on Amiola. His hands held onto Amiola’s arms tightly as he tried to grab the gun.”

“However, Amiola was not an ordinary person. She threw away her gun and phone, grabbed Wu Chengjun’s wrist with both hands, bent down, and did a back throw. Wu Chengjun fell heavily on the ground, right on top of the police officer who tried to attack her.”

Bang ...

“The two of them crashed into each other, and they immediately fell over.”

“Immediately after, Amiola kicked the police officer in the face. The police officer didn’t even make a sound before he fainted.”

Oh ... Oh ...

“After all, Wu Chengjun was an old official. After being thrown by Amiola, he suddenly felt the world spinning and his body falling apart. He had lost the ability to resist.”

Hu ...

Amiola took a deep breath and picked up her gun and phone again. She then continued to type on her phone’s keyboard and sent out the incomplete message.

“After she sent the message, she bent down and grabbed Wu Chengjun’s armpit with one hand, helping him up. At the same time, she leaned close to Wu Chengjun’s ear and whispered, “Chief Wu, if you want to live, then listen to me ...”

“After she finished speaking, she flipped Wu Cheng Jun’s wrist and pointed the gun at his back. She then walked towards the door.”

“Just as he reached the door, a young police officer suddenly rushed in. The young police officer was confused and asked before he entered, “Sir, what happened? what was that sound just now ...”

“However, before the police officer could finish his sentence, Amiola rushed forward like a fierce tiger and dragged him into the office.”

“Then, the defenseless young police officer’s head was pressed down by Amiola, and he was slammed against the wall. He instantly fainted and fell to the ground, unconscious ...”

“Ah? “You ...” Wu Chengjun had never experienced such a thing before. His face was pale with fear. He trembled and asked another meaningless line, “what do you want?”

Bang!

“Amiola pulled Wu Chengjun out of the office and slammed the door shut. Then, she pointed the gun at Wu Chengjun’s back and ordered, “”

“““We’re going to the 12th floor now. You should know what that place is, right?”” As she spoke, she pointed the gun at him and threatened,“““if you don’t cooperate, I’m going to start a massacre!”” ”

“““12th floor ...”” Wu Chengjun’s eyes widened and he asked excitedly,“““how did you guys know? You guys ... What do you want to do?”” ”

“““Cut the crap.”” Amiola pushed Wu Chengjun hard.“““Let’s go ...”” ”

.....

“Just as Amelia took control of Wu Chengjun, outside the Guangzhou police station, a black armored explosion-proof car came from a distance and was waiting in front of the shock-proof pole at the gate to enter the police station. ”

Di di ... Di di ...

“A few seconds later, the driver of the explosion-proof car seemed to be impatient and pressed the horn to urge them. ”

“““Hey, hey, hey ...”” Soon, a police officer dressed in a guard uniform ran out of the guardhouse, came to the explosion-proof car, and shouted,“““I’m here, I’m here, what’s the hurry?”” ”

“As he spoke, he raised the remote control in his hand and pressed it a few times before turning on the blast rod. ”

“Seeing the blast rod, the driver of the explosion-proof car smiled at the guard, then reached out his hand and made a shooting gesture. He then stepped on the gas and drove the explosion-proof car into the police station. ”

Tsk ...

“The security guard watched the explosion-proof car drive into the police station, and a sinister smile appeared on his face. ”

“After that, he first looked around before returning to the guardhouse. He dragged a person who was lying motionless on the ground into the back room like he was dragging a dead dog. ”

It turned out that the man who had been knocked down was the real guard of the police station ...

Chapter 1983: The last game

In the secret underground room.

“““Ah ... Ah ... Amiola ...”” Zhao Yu was so shocked that he sat down on the sofa. He felt dizzy and incredulous.“““Why ... Why ...”” ”

“““Hahaha ... Hahaha ...”” The scar-faced Manhattan clapped his hands and said excitedly,“““finally, I can finally see your shocked expression! ”

“““My great detective, don’t tell me ... You’re still saying that my plan is child’s play and not up to standard?”

“““You don’t know,”” Manhattan said proudly with his eyes wide open.””My battlefield isn’t even here!”” ”

“““Ah? ““You ...”” Zhao Yu’s blood was boiling, and his chest was heaving up and down. He asked in a trembling voice,””what do you mean? If the battlefield isn’t here, then where is it?”” ”

“““Tsk, tsk ... My great detective, you’ve disappointed me!”” Manhattan shook his head and said,””why can’t you think about it?”

“““I thought that since you’re so powerful, you would be able to guess my plan!”

“““It seems that I overestimated you ... Hehehe ...”” Manhattan suddenly laughed and said,””but I can’t blame you. I planned too much!”” ”

“““The reason why I agreed to make a deal with you without hurting your little sister is because I have a more important purpose!”

“““Isn’t this ... Using your words, it can be called killing three birds with one stone?”” Manhattan proudly raised a finger.””I used your deal to lure your people out of the Guangzhou Police Department, weakening their defense. ”

“““Then,”” he stretched out a second finger,””I got the information I wanted!”

“““And more importantly,”” he stretched out a third finger,””I also got you, Qianqian! Hahahaha ...”” ”

“““Ah?”” Zhao Yu finally understood,””you want to take action against the Guangzhou police station? Why?”” ”

“““Hmph,”” Manhattan snorted coldly.””Do you know why I chose Qingping Island as the location for the lighthouse murder case?”” That’s because I know that after Laura is rescued, she will be sent to the nearest hospital! ”

“““And when they find out that Lola was sending you a message, they’ll definitely list her as a suspect and lock her up in the Guang Zhou police station for interrogation! ”

“““This way, I’ve achieved my goal ... Hehehe ...”” ”

“““When did the Guangzhou police station offend you?”” Zhao Yu was confused.””What are you guys trying to do?”” ”

“““I knew that you would never understand!”” Manhattan stood up with a smile and stopped smiling.””However, I don’t think that’s what you should be worried about right now.”” ”

“As he spoke, he pointed to the laptop in his arms.””Great detective, I’ve cracked your password. Now, you have no more bargaining chips! ”

“““Then ...”” Manhattan said sinisterly,””our deal can not continue. So, can we watch the show now?”” ”

“After that, Manhattan waved to his subordinate on the ladder. The man immediately picked up a box of lionfish and poured it into the fish tank again! ”

No!

“Zhao Yu shouted and wanted to rush over, but curly hair had a gun to his head. ”

“As more and more lionfish entered the tank, the situation in the tank took a turn for the worse. Amelia and Ding Lan tried their best to avoid them, but they were still stung by the fins, and their faces were filled with pain ... ”

“And outside the fish tank, someone carried in new boxes of lionfish, one after another ... ”

“””You motherf * cker!”” Zhao Yu shouted at Manhattan,“”if you have the guts, come at me! What kind of man are you to always bully women?” ”

“””I knew it. You’re only fit to be a mentally-retarded little supporting role ...”” ”

“””Hmph!”” Manhattan smiled coldly and said to Zhao Yu,“”great detective Zhao, don’t be so anxious! We have all the time in the world to have fun! ”

“””I just wanted to see if your evaluation of me would improve.”” ”

“After that, Manhattan waved at the Asian man who had committed the devil case. The man immediately went to a room in the hall and quickly brought out a heavy plastic bag. ”

“As the plastic bag was transparent, Zhao Yu could tell that there was a person inside! ”

“Very quickly, the plastic bag was dragged in front of Zhao Yu. The Asian criminal grabbed it forcefully, and the person in the bag rolled out. ”

“This person was basically naked, covered in dirt and dust, and only had a bath towel wrapped around his private part. ”

“After being shaken out, the person lay on the ground like a corpse and didn’t move for a long time. If it wasn’t for the slight rise and fall of his chest, Zhao Yu would have thought that he was dead. ”

I’ll cut!

“Seeing this person, Zhao Yu was speechless. ”

“It turned out that this person was none other than the chieftain of the Middle East, yousufu! ”

“””I told you,“” Manhattan said as he looked at the half-dead chief.“”It’s much more difficult to imitate someone else’s case than to commit a crime directly! ”

“””It’s true,“” he pointed at you SUFU and said,“”have you seen this person? I’ve already starved him for four days, but he’s still alive. ”

“””If you want to starve someone to death, you need a lot of patience!”” ”

“””Mm ...”” Zhao Yu looked at the plastic bag and said,“”you ... Are you trying to imitate the bank hidden corpse case?”” ”

“““You’re right!”” Manhattan grinned hideously and said,““I wanted to continue playing games with you! But I didn’t expect that you would insist on making a deal with me over the phone, which messed up my plan. So, I can’t use it for the bank hidden corpse case!”” ”

“Perhaps hearing Zhao Yu’s voice, you SUFU slowly woke up. She raised her head to look at Zhao Yu, then lay on her back on the ground and said dejectedly,““ ”

“““Zhao Yu, what are you wearing? Did you go surfing?”” ”

“““...”” Zhao Yu looked at his gaudy swimming trunks and was at a loss for words. He didn’t expect that the chief would still be in the mood to joke at a time like this. ”

“““See?”” Manhattan shook his head and sighed.““He can still talk! His life is really tough, and his desire to live is really admirable!”” ”

“As he spoke, he looked at the tank again. After being stung a few times, Xi menna and Ding Lan had retreated to the corner of the fish tank, temporarily avoiding the attack of the lionfish. ”

“However, as the number of lionfish in the bathtub increased, the space they could hide in became smaller and smaller. If this continued, they wouldn’t be able to hold on for long ... ”

“““Great detective, I want to know how you feel right now.”” Manhattan turned around and said to Zhao Yu,““do you still want to know the truth?”” ”

“““Yes ... Yes ...”” Unexpectedly, the one who spoke was not Zhao Yu, but Yusufu, who was lying on the ground.““Lola ... Where is Lola?”” You ... You tell me ...”” ”

“At this point, you SUFU seemed to have seen the woman in the fish tank in the distance. She turned over and looked at the fish tank. ”

“However, when he realized that the woman in the fish tank was not amiola, he lowered his head in disappointment. ”

“““I didn’t ask if you were okay.”” Manhattan shook his head at yosufu, then looked at Zhao Yu. ”

“Before Zhao Yu could speak, you SUFU, who was on the ground, spoke again,““ ”

“““Zhao...Zhao Yu, you don’t have to ask them. In fact, I already know the truth. I know why we were caught and brought here. I know who it was ...”” ”

Pa!

“In the end, you SUFU hadn’t even finished speaking when curly hair flew over and kicked you SUFU unconscious. ”

“““This old man is really talkative!”” Manhattan walked over and squatted down to confirm.““I thought he couldn’t speak anymore!”” He said angrily. ”

“When he saw that yosufu had fainted, Manhattan stood up and said to Zhao Yu,““““Alright, great detective, no one will disturb us now! ”

“““Come on! Let’s officially start the game!”” ”

“As he spoke, he gestured to his men on the ladder in the distance. At this time, several boxes of lionfish had been moved up the ladder. ”

““Is that so?”” Zhao Yu gritted his teeth and asked,““How do I play?”” ”

““Like this!”” Manhattan pointed at the lionfish.““Didn’t you want to know the truth? You can ask me questions now, and I can give you answers! ”

““But, every time I answered your question, I would pour a box of anglerfish into the fish tank!!!”” ”

Chapter 1984: The ultimate reasoning (1)

““Alright!”” Zhao Yu smiled and crossed his arms.““I think that’s a good idea!”” ”

““Oh?”” ““Detective, Are you sure?”” Manhattan was surprised to see that Zhao Yu was not playing by the rules. ”

““As long as I answer one of your questions, I’ll pour fish into the fish tank! Are you really willing to see your little sister and that mixed-blood beauty get stung to death?”” ”

““Xi menna is not a mixed-blood beauty,”” Zhao Yu clarified.““Besides, she has a grudge against me. Why should I save her?”” ”

“““Hmm, it sounds logical, but,”” Manhattan pointed at the fish tank,““your little sister is in the fish tank too!”” ”

“““Hmph, I don’t need you to remind me,”” Zhao Yu said, then stared at Manhattan with a serious expression.““Didn’t you want to play games with me? Then ... You can’t set all the rules, right? Do you want to have more fun?”” ”

“Zhao Yu’s words immediately piqued Manhattan’s curiosity.““Oh? How could he make it more exciting?”” ”

“““I don’t understand. You don’t have any more trump cards, so why are you still feeling so good about yourself?”” ”

“““I’m going to die sooner or later, so I might as well die with dignity,”” Zhao Yu crossed his arms and asked indifferently,““so, do you want to play?”” ”

“““Alright!”” Manhattan extended his hand.““Tell me first. How do you want to play?”” ”

“““Aren’t you my fan?”” Zhao Yu said,““do you want to see my ultimate deduction performance?”” ”

“““What?”” Manhattan was taken aback.““A performance of ultimate reasoning?”” ”

“““I was tricked by you before because I didn’t understand the situation,”” Zhao Yu said.““But, from what happened just now, and what you said, I can probably guess the truth of this matter!”” ”

“““Oh?”” Manhattan’s eyes were wide open. They were filled with suspicion. ”

““““What, you don’t believe me?”” Zhao Yu smiled and said,“““how about this? Let’s add a rule. After you answer one of my questions, I will tell you my reasoning!”” ”

““““If my reasoning is correct, I can continue to ask the next question!”” ”

““““If it’s wrong, how about you release the fish again?”” ”

“Upon hearing Zhao Yu’s suggestion, not only Manhattan was stunned, but all the criminals at the scene also felt that this was a new idea. ”

““““No!”” However, Manhattan pondered for a moment, shook his head, and said,“““if I answer a question of yours first, you might get some clues from my answer!”” ”

““““So ... No, this won’t do. I’m at a disadvantage ...”” ”

““““Alright,”” Zhao Yu said.“““I’ll make a deduction first, then you answer my question. Is that okay?”” ”

““““Of course not. Do you really think I’m childish?”” Manhattan sneered.“““You’re asking me an important question instead of an unimportant deduction. Tsk, tsk ... Great detective, aren’t you a charlatan now?”” ”

““““Mm ...”” Zhao Yu said helplessly.“““Alright, tell me, how do you play this game?”” ”

““““If you ask me ...”” Manhattan quickly thought of something. He slapped his forehead and said,“““Aiya, I was almost misled by you!”” ”

““““Great detective, you’re indeed sinister!”” ”

““““...”” Zhao Yu was speechless for half a second, then laughed at himself.“““If I was cunning, would I be in such a miserable state now?”” ”

““““No, that’s not what I meant.”” Manhattan stared at Zhao Yu with wide eyes.“““You just set a logical trap for me, and I didn’t realize it!”” ”

““““You said that you’ve already deduced the truth of the entire matter. Then, what’s the point of me answering your question?”” ”

““““Isn’t the purpose of you asking me questions to know the truth? Since you’ve already deduced the truth, why are you still asking me?”” ”

“Hearing Manhattan’s analysis, the robbers nodded in agreement. They had fallen into Zhao Yu’s logical trap and did not understand. ”

““““Hahaha ... You’re still trying to play tricks on me, aren’t you?”” Manhattan smiled proudly.“““Now, I know how to play this exciting game!”” ”

““““Hahaha ... Great detective, didn’t you say that you’ve already deduced the truth? Then let’s wait and see if your ultimate reasoning is right!”” ”

““““From now on, you’re going to reason with them one by one.”” Manhattan pointed at the fish tank.“““If you make a mistake in your reasoning, I’ll have someone put a box of fish in it!”” ”

“““I’ll put in as many boxes of fish as the number of mistakes I made. I don’t believe that you can figure out the truth under these conditions!”” ”

“““Hmm ... Alright!”” Zhao Yu grinned and said,““pretend I didn’t say anything just now. Let’s change the way we play the game!”” ”

I’ll ...

The robbers were struck by lightning and almost fell down. They had never seen such a thick-skinned person.

“““No!”” ““Great detective, you and your little sister are going to die together. Why don’t you carry on with your ultimate deduction? maybe you can really find out the truth before you die!”” ”

“““You’re joking. Are you going to watch my sister get stung to death? Then I’d rather die a happy death with her!”” Zhao Yu shook his head.““I’m telling you, I’m not doing it without a bet!”” ”

“““You’re so stubborn,”” said Manhattan, pointing at the fish tank.““If you don’t want to play this game, I’ll have them pour all the fish in now!”” ”

“““Pour, pour!”” Zhao Yu said indifferently,““my sister is dead, so there’s no point in me living anymore. I don’t want to play with you!”” ”

“““You ...”” Manhattan was surprised. He thought for a moment, then narrowed his eyes and said,““fine, fine. You want to bet, don’t you? ”

“““Good! I promise you, as long as you can guess the truth, I will let your sister go and I promise not to harm her life. How about it?”” ”

“““Oh?”” This time, Zhao Yu’s eyes lit up. He nodded and said,““okay! You have to keep your word! This way, at least there’s a point for me to take a gamble!”” ”

“““Of course it counts,”” Manhattan said.““But I have to remind you that if your little sister is stung to death by a fish because of your mistake, it will be none of my business!”” ”

“““Good! Life and death are up to fate. If she’s stung to death, she can only accept her fate!”” Zhao Yu said,““but I have to remind you that if I’m right, you can’t go back on your word! ”

“““I guessed it right, but you insist that I didn’t. That’s not interesting, right?”” ”

“““Don’t worry, don’t worry.”” Manhattan nodded.““I promise with my character that I won’t go back on my word!”” ”

“““Hmph, you don’t have any character ... Fine!”” Zhao Yu said,““if that’s the case, then I can only risk my sister! ”

“““I’m going to guess now!”” ”

“Manhattan looked around, then extended his arm to Zhao Yu and nodded. ““Let’s start the game! Let’s all enjoy the ultimate deduction of Zhao Yu!”” ”

“After that, at his signal, the criminal on top of the fish tank bent down, lifted the box of lionfish, and pretended to fall! ”

“From the looks of it, Manhattan was certain that Zhao Yu wouldn’t be able to guess anything. ”

“”””Alright, I’ll start now!””” Zhao Yu glanced at Ding Lan in the fish tank, then turned to Manhattan and said,“”””if that’s the case, then don’t try to act like you’re here. Ask your boss to come out and see me!””” ”

Chapter 1985: The ultimate reasoning (2)

“Zhao Yu’s words were shocking. Not only did Manhattan not react in time, but all of the criminals were also shocked. ”

“”””What? What did you just say?””” “”””What do you mean by that?””” Manhattan asked Zhao Yu. ”

“Pa, pa, pa ... ”

“Zhao Yu gave himself a small round of applause, then laughed and said, “”””Didn’t you ask me to carry out the ultimate deduction? This is my first deduction! ”

“”””It seems that my guess was right. You’re just an errand boy! You have another boss behind you! And that boss is the mastermind behind the Korea incident, right?””” ”

“”””You ...””” Manhattan was stunned for a moment, then realized that he had missed the time to act shamelessly, because his first reaction had already betrayed him. Zhao Yu had already seen through him. ”

“However, Zhao Yu’s words had hit his soft spot. ”

“Therefore, Manhattan turned to look at his subordinate who was about to pour the lionfish into the fish tank, but in the end, he did not give the order. ”

“”””I didn’t expect this ...””” Manhattan thought about it carefully, then turned around and asked Zhao Yu,“”””your train of thought is really surprising. Well, since you think I have a boss, then tell me, who is my boss?””” ”

“”””Don’t worry,””” Zhao Yu said seriously.“”””I have to slowly deduce it! Your lines are, um ... You should be asking me how I came to this conclusion?””” ”

“”””You ...””” Manhattan was speechless. He thought for a few seconds and nodded in agreement.“”””Okay, then let me ask you. How did you come to this conclusion?””” ”

“”””It’s very simple,””” Zhao Yu said, pointing to the many criminals in the room.“”””The eyes and actions of your men told me that after I entered here, I found that not all of them were your men! ”

“”””When you gave the order, only a small portion of them listened attentively. The rest of them had scattered looks in their eyes. There was even a little disdain! ”

“““Also, you SUFU almost spilled the beans just now,”” Zhao Yu said, pointing at the unconscious chief.”“If you were the one in charge, why didn’t you just kill him with one shot? Instead, he let curly hair knock him out? ”

“““You probably don’t dare to kill you SUFU, right? ”

“““So, I’m guessing that not only are some people not under your command, they don’t even listen to your orders! ““Then ...”” Zhao Yu pointed at the criminals with his finger.”“I counted down silently and found that most of them didn’t listen to your command. So, I judged that you weren’t the real boss!”” ”

“““Oh? ““I see ...”” Manhattan looked at his subordinate and nodded in admiration.”“The detective’s observation skills are indeed impressive, hahaha ...”” ”

“““Stop laughing,”” Zhao Yu interrupted Manhattan solemnly,”“next, I’m going to figure out your identity!”” ”

“““If I’m not wrong, you’re a wanted criminal who has been active in Japan and Korea for a long time, right?”” ”

Manhattan’s face darkened.

The robbers suddenly quieted down and looked at Zhao Yu with strange expressions.

“““Wanted criminal ...”” Manhattan clenched his fists.”“Okay, I don’t need you to remind me of my lines. I’ll ask myself. Great detective, how did you know that I’m a wanted criminal?”” ”

“““Isn’t this easy to guess?”” Zhao Yu said,”“I can’t believe you could use an air-raid shelter during the war as your lair, and you’re also cultivating ornamental fish here. It can be seen that you’ve been running this place for many years! ”

“““Also, you guys were able to forge military equipment and even get a helicopter. It seems like you guys are the most advanced criminal gang! ”

“““I have to say, although you are just a worker, you are definitely not an ordinary person,”” Zhao Yu analyzed.”“At least, the technology Building and the undersea base were all done by you. If you didn’t have any ability, your boss wouldn’t have asked you to cooperate!”” ”

“““Oh ...”” Zhao Yu seemed to have suddenly realized something and said,”“you have a close relationship with your boss. You must have been partners for decades, right? ”

“““Maybe you have some opinions about this mission, but he is your boss. You have to listen to him and do as he says!”” ”

“““You ... You ...”” Suddenly, Manhattan’s eyes widened. He was extremely agitated. ”

Zhao Yu’s analysis once again hit his weak spot.

“After Zhao Yu finished speaking, there was a small fluctuation in the robbers’ emotions, and they started to have some suspicions. ”

“““So,”” Zhao Yu said proudly,”“the person who has a grudge against me, Xi menna, Miao kun, and you SUFU is not you, but your boss!”” ”

""It's your boss who wanted us dead! And you, you're just an obedient child, a good baby!"" "

Bang!

"Upon hearing this, Manhattan couldn't help but slam the table. He was so angry that his body trembled. Then, he waved his hand at the criminals in the fish tank, indicating for them to pour the fish!"

""Hey,"" Zhao Yu quickly stopped her,""I'm not done yet. A logical deduction required a lot of analysis before it could be concluded! "

""You're in such a hurry to release the fish, are you trying to break the rules?"" "

""You? ""You ... You ..."" Manhattan pointed at Zhao Yu angrily for more than ten seconds before he came to his senses. He quickly sat down on the sofa and suppressed his anger.""Oh ... I understand now. You're trying to drive a wedge between us. I almost, almost fell for your trick ..."" "

""Pick what? separate what?"" Zhao Yu glared at Manhattan and said,""I'm just telling you my analysis. You're overthinking it, aren't you?"" "

""Okay, okay ..."" Manhattan waved his hand and said,""go on, go on. I want to see how much you know."" "

""Here ..."" Zhao Yu pointed to the corner of Manhattan's eye.""The scar on your face looks very fake, did you know that? Did you do something to your hair and chin?"" "

""You?"" Manhattan had finally regained its calm, but Zhao Yu's words made him nervous again. He quickly touched the scar on his face. "

""Alright, stop pretending. I've already seen through it!"" Zhao Yu said,""a white man with a scar on his face, a weird tone, and a broken middle finger ... All these can completely change your appearance as a wanted criminal, right?"" "

""You ..."" Manhattan gulped. His expression was one of extreme embarrassment. "

""You don't say."" Zhao Yu sighed.""I really couldn't tell that you had a finger. You didn't cut it off on purpose to change your appearance, did you?"" That's too cruel of you!"" "

""You ..."" Manhattan trembled for a long time, but he was speechless. "

""You deliberately let Amiola pass on the message that she had a scar-faced man, a white man, and one finger missing,"" Zhao Yu said.""This way, you could divert the police's attention from your original identity! "

""But in fact, you might not even be white,"" Zhao Yu said.""You are an important criminal wanted by the Korea National Security Bureau! "

""You were afraid that your identity would affect your important mission this time, so you put on a temporary disguise. Am I right?"" "

"Manhattan had a strong ability to adjust to the situation, so he quickly recovered from the panic and asked Zhao Yu,""So, you already knew my identity?"" "

“““What do you know!”” Zhao Yu scolded, ““use your brain! If I had known your true identity earlier, would I still need to play this ultimate reasoning game with you?””

“““If only I could see you earlier, that would be great!”” ”

“““Oh ...”” Manhattan calmly analyzed the situation and thought that Zhao Yu was right. He then said, ““Okay, okay, in that case, you’re right!””

“““Great detective, I have to admit that your reasoning is indeed outstanding. However, I don’t think it’s possible for you to deduce the whole truth, right?”” ”

Chapter 1986: The ultimate reasoning (3)

“““There’s a famous saying in the detective world that there’s nothing that can’t be done, only something that can’t be thought of (in fact, it’s an advertisement slogan),”” Zhao Yu said as he slowly sat down on the sofa and spoke mysteriously to Manhattan.””Anything is possible. Maybe I don’t know now, but as I guess, I might be able to find out the truth.”” ”

“““Okay, I have time anyway,”” Manhattan said indifferently.””Then you can continue! I’m still waiting to see the beautiful girls and lionfish’s wonderful performance!”” ”

“““Hmph ...”” ”

“Zhao Yu took a look at Ding Lan, who was in the fish tank. He saw that Ding Lan was curled up in a corner, trying her best to tread on the water while avoiding the nearby fish with poisonous stingers. ”

“Zhao Yu was, of course, anxious, but since things had developed to this point, he had no choice but to be patient and continue, ”

“““I’m guessing that the Korea agent, Lee Ben Cheng, has something on you guys, right?”” Zhao Yu said, ““he didn’t really join you, but he was forced to!”” ”

“After hearing Zhao Yu’s speculation, Manhattan calmed down and nodded.””It seems that I can’t release the fish this time! ”

“““Then, tell me your analysis, great detective!”” ”

“““The analysis is simple, of course,”” Zhao Yu said.””Lee Bencheng was killed by your people. If he had really joined you, why would he have been shot by you? ”

“““Besides, Lee Bencheng is an outstanding agent with good qualities. He won’t easily betray us for temptation! You B * stards, did you capture someone’s family? Is she his girlfriend or his child?”” ”

“““Hahaha ... Great detective,”” Manhattan waved his hand and said, ““since you are in charge of reasoning, you must remember that you can only use statements, not questions!”” ”

“““You’d better not try to get any information from me, I won’t fall for your trick!”” Manhattan added, ““by the way, lower three two, what does that mean?”” ”

“““It’s not a B * tch, it’s a B * tch. This is an old China saying,”” Zhao Yu said, looking at Manhattan.”““It’s a respectful title for people like you. You’re a proper B * tch!”” ”

“““Oh, thank you ...”” Manhattan smiled and said,”“well, even though this reasoning is correct, I feel that it is still far from the truth, right?”” ”

“““Don’t worry, take it slow ...”” Zhao Yu suddenly closed his eyes and said,”“in fact, you didn’t catch Jecca, Juliet, and sai wanbach. These people have nothing to do with your boss!”” ”

“““The reason why you asked Miao kun to call me and lie that these people had all disappeared was to distract me and make me think that the Korea incident had something to do with the detective salon! ”

“““But in fact, at that time, you had already caught everyone you wanted to catch, except for me ...”” ”

“““Hmm ...”” Manhattan nodded slightly and was about to comment, but Zhao Yu stopped him. ”

“““Don’t talk,”” Zhao Yu said, frowning.”““You deliberately made me stay so that I could act as a middleman and attract the police’s attention, so that you could complete your plan! ”

“““Your real purpose is to destroy the signal enhancement research project in the Science and Technology Building, destroy the submarine laboratory, and obtain the core information of the synthetic rare earth! ”

“““In the technology Building, you deliberately let li Bencheng leave me a USB drive,”” Zhao Yu entered a special state of selflessness, closed his eyes, and said,”“that means that you don’t want me to die in the 11th laboratory, but want me to continue to help you matchmake! ”

“““When we arrived at the undersea base, you put an explosive in Miao kun’s bag and didn’t leave any new clues for me, which means that you wanted me to die there and be buried in the sea! ”

“““This was your original plan. As for the lost hand imitation case, the devil case, and the lighthouse case, they were just to divert attention and lead me to Korea, so that everyone would think that it had something to do with my personal grudges!”” ”

“““Uhm ... You ...”” Manhattan saw that Zhao Yu was a little out of control and wanted to stop him. ”

“““Don’t say anything!”” However, Zhao Yu roared at him again and continued,”“you committed the headless female corpses case, but you didn’t leave any clues on the female corpses, which means that the female corpses had nothing to do with your purpose! ”

“““The female corpse’s name is Tina, and she is Xi Wei’s daughter. You used the headless female corpses case to cut off her head, which means that your hatred for her is the greatest! ”

“““Killing her is just pure revenge ... ”

“““I know Tina. After Xi Wei’s death, she ran the house of sins in Western Sahara. She imprisoned many of Xi Wei’s enemies in the house of sins, and the most famous one was ...”” ”

“Then, Zhao Yu’s eyes suddenly widened. He looked up at Manhattan and said,”“My God, if I’m not wrong, your boss should be the former world’s richest man who was imprisoned by Xi Wei for six years, right?”” ”

“““Ah!?”” Upon hearing this, Manhattan almost fell off the sofa. He looked at Zhao Yu as if he was looking at a monster! ”

“““As expected!”” However, the strong reaction from Manhattan had given Zhao Yu the right answer. Zhao Yu stood up slowly and said to Manhattan,““it turns out that the mastermind of the Korea incident was indeed Rondi!”” ”

“As soon as londee’s name was mentioned, the dozen or so soldiers immediately held onto their pistols. It looked like they were about to shoot at Zhao Yu and kill him! ”

“The atmosphere in the hall suddenly became tense and oppressive, and there was a dead silence. ”

Slap ... Slap ... Slap ...

“At this moment, a small door on the east side of the hall opened, and an old man in a suit and walking stick stood at the door, clapping for Zhao Yu. ”

“Zhao Yu looked towards the source of the voice and was shocked to see that the person was none other than the richest man in the world, Richard londee, who he had saved in the past! ”

It’s ... It’s really him?

“Tap, tap ... ”

“After clapping, londee leaned on his walking stick and walked slowly towards Zhao Yu and the others. ”

“““You ... You ...”” At this time, Manhattan’s face turned purple. He pointed at Zhao Yu and asked in disbelief,““how did you guess it? Just because of ... That woman?”” ”

“““Wrong!”” Londee suddenly spoke,““Mr. Manhattan, you’ve still been deceived by our China detective. His reasoning just now seemed magical, but in fact, it was all facts that he had already known. He was acting! ”

“““So, he’s not worried that you’ll let him go if he makes a mistake in his reasoning ...”” ”

“““What ... What do you mean?”” Manhattan stood up slowly and respectfully stood beside londee. ”

“At that moment, someone pushed a wheelchair over for londee even though there was a sofa beside him. ”

“Although Zhao Yu was shocked, he still underestimated one thing. ”

“Holy sh * t, this londee’s problem was not light. If he was always in a wheelchair, why did he not come over in a wheelchair just now? Why did he have to take two steps? ”

Why?

Are you trying to show off that you can walk?

Tsk ...

“““Okay, China’s super detective ...”” After sitting down, londee spread his hands and said,““now, even though the boss has appeared, our game can still continue! ”

“““Now, please continue with your reasoning! Tell us first, how did you suspect me?”” ”

Chapter 1987: Ultimate reasoning (4)

“Londee’s appearance caused the atmosphere in the hall to change abruptly, causing all the robbers present to become especially nervous, all of them keeping quiet out of fear. ”

Manhattan had also become more restrained. He was no longer as carefree as before. He sat on the sofa beside londee without saying a word.

“In the distance, Ding Lan and Xi menna, who were in the fish tank, were also extremely surprised, especially Ding Lan. She had never expected that the rich londee would appear here! ”

She also did not know what londee’s appearance would mean.

“““Cough cough ...”” Londee, who was sitting in the wheelchair, coughed lightly and spoke to Zhao Yu in a hoarse voice,“““I thought that you wouldn’t suspect me. After all, you were the one who saved me from a sinful house. You are my Savior, and I even paid you a large sum of money!”” ”

“““That’s right ...”” Zhao Yu looked at londee and could not hide his excitement.“““At the beginning, I didn’t think in that direction. I only thought that you only had one enemy, and that was Xi Wei!”” ”

“““Hmm ...”” Londee was old, after all. He took a deep breath before he spoke, then asked,“““then ... What happened after that?”” That’s why you’re suspecting me?”” ”

“““You’re right,”” Zhao Yu said, pointing to Manhattan.“““I was just teasing him. In fact, before I made the deal with him, I already knew that my enemy might be you!”” ”

“““You ...”” Manhattan glared at Zhao Yu, but because londee was present, he suppressed his anger. ”

“““At first, I just thought of you because of Tina. I think ...”” Zhao Yu said,“““the person who has been holding a grudge against Tina and wants to catch her, I’m afraid you are the one, right?”” ”

“““After all, it was her and her father who locked you up in a sinful house and made you suffer in prison! Xi Wei is already dead, so your hatred will naturally be transferred to her! ”

“““Not only did you kill her, but you also turned her into a headless female corpse. From this, it can be seen how much hatred you have for her! ”

“““So, at that time, I was already suspicious that this matter might have something to do with you! ”

“““But, you used Miao kun to distract me, making me think that all the people who attended the detective salon had gone missing. So, you successfully diverted my attention. ”

“““After all, we’re enemies with Xi Wei. I need to find someone who has a grudge against both of us, but this person clearly doesn’t exist. ”

“““So, I began to change my mind and think of other possibilities. ”

“““After that, I received another piece of news. Xi menna, who had been locked up in the United Kingdom military intelligence Department, had been rescued. I couldn’t help but suspect that there was an internal conflict within the Xiwei group. ”

“““Someone overthrew Tina and usurped Xi menna’s position. “““But ...”“ Zhao Yu looked at londee and Manhattan and said,“““I have a feeling that the Xiwei group has already been suppressed by londee to the point that it is barely surviving. Even if someone wanted to run the company on their own, even if Xi menna took over the company, she definitely did not have the power to do such a big thing! ”

“““Besides, Xiwei group isn’t in the technology business. Signal enhancement and artificial rare earth synthesis technology are of no use to them! ”

“““There’s one more thing. I know this woman quite well,““ Zhao Yu said, pointing at Simone.“““I don’t think she’s that shrewd.”“ ”

“““If she’s seeking revenge from me, she’ll definitely use a more direct method! He didn’t have the time and energy to imitate a murder case! ”

“““So, at that time, I came to a conclusion. Xi menna was not rescued, but kidnapped! ”

“““And from that moment on, I suspected londee again, because ...”“ Zhao Yu glanced at the rich man, londee.“““Xi menna’s deal was top secret. Since she was kidnapped at the scene of the deal, then someone must have leaked the news! ”

“““Since londee was the one who facilitated this deal behind the scenes, I had my suspicions. Could it be that londee was also the one who kidnapped Xi menna? ”

“““The reason is simple. If the transaction is completed, then Simone will be taken away by the FBI. In that case, londee will still have no way of getting her! ”

“““Londee knew the details of the deal. Only he could have kidnapped Simone so easily! ”

“““But, in this case, my reasoning is back to square one,““ Zhao Yu said.“““I still can’t explain how I offended this rich man. ”

“““He can target others, but it’s obviously unreasonable for him to target Miao kun and me,““ ”

“Zhao Yu’s layers of reasoning had piqued londee and the others ““curiosity, and they all listened very carefully. ”

“““After that, amiola suddenly appeared, which confirmed that Yusufu was also kidnapped. Li Bencheng was dead, and Lab 11 was almost burned down.“““In the underwater base, you killed Miao kun,““ Zhao Yu said.“““This series of encounters overwhelmed me, and I couldn’t calm down and think about it seriously! ”

“““Miao kun’s death, in particular, made it hard for me to calm down,““ Zhao Yu pretended to be sad and said,“““although I foiled your plot to drown the underwater base and stole the core information on the rare earth synthesis technology, I still feel hurt!”“ ”

Zhao Yu had lied about Miao kun’s death.

“Previously, the reason why the Korean authorities had requested for Miao kun to be transferred from the hospital was to ensure absolute secrecy. They did not want the outside world to know that Miao kun had not been killed by the explosion. ”

“””But ...”” Zhao Yu took a deep breath, as if he was trying to calm himself down, then said,””I got another clue from Miao kun’s death. ”

“””That is, the mysterious murderer must have hated Miao kun to the core, so he didn’t hesitate to kill him with a bomb! ”

“””The murderer must have hated Miao kun as much as he hated Tina and Xi Wei, so he did that! ”

“””Then ... Who else could the murderer be?”” ”

“When Zhao Yu said this, the entire place fell silent. Everyone held their breath, especially wanting to know how he had suspected londee. ”

“Zhao Yu continued,””when I calmed down, I thought of another possibility. ”

“””I remember that after londee was taken away by Xi Wei, the company’s shareholders and his family did not announce it to the public for the benefit of the company. Instead, they used a substitute! ”

“””So, I started to suspect this substitute, as well as the interest Group behind him!”” Zhao Yu said,””I’m guessing that the truth of the matter is like this? ”

“””When Miao kun and I rescued londee, who was trapped in the house of sin, and sent him back to his country, did we touch the interest Group of the substitute, causing him to lose everything? ”

“””So, this substitute hates us and decided to take revenge? ”

“Ding Lan, Miao kun, Yusufu, amerola...We are all connected to londee’s rescue ... ”

“””I’m even more daring. I’ve even thought about whether londee’s previous kidnapping was related to the interest Group of this substitute. Were they the ones who betrayed londee, then worked together with Xi Wei to kidnap him? ”

“””So, with londee’s re-appointment, they would naturally vent their anger on Xi Wei and his daughter. That’s why they took care of Tina and Xi menna at the same time? ”

“””That’s the only way to explain why they would treat us and the Xiwei group as their enemies! ”

“””But, Qianqian is Qianqian.”” Zhao Yu’s sudden change in topic was like the finishing touch, which once again attracted everyone’s attention.””But ... When I carefully investigated the information and thought about it over and over again, I finally ruled out this speculation! ”

“””And at that time, a new clue appeared, and I had an unexpected discovery. It was based on this discovery that I realized,”” Zhao Yu said, then glared at londee coldly,””that I was close to the truth about Qianqian!”” ”

""Oh?"" Londee and Manhattan spoke almost at the same time. ""What clues?"" "

""Don't be anxious, listen to me slowly!"" Zhao Yu said slowly, ""as detectives, we like to explain things in a logical order. You'd better not interrupt my thoughts, okay? "

""Hmm ..."" He thought for a moment. ""Where was I?"" See, didn't I forget? "

""Let me think ... Yes, yes ... I later found out that Mr. Londee's body double was hired by your family, and there was more than one! "

""Not only do these stuntmen have no real power, but they also don't belong to any faction. In general, they're more or less like actors who get paid! "

""So, it's impossible for them to form a climate. "

""Besides, the Korea incident was carefully planned, so it's obvious that the opponent's strength isn't ordinary. If the substitutes were really so capable, then they could replace you at any time. "

""Tell me, isn't this the truth?"" "

""Yes, that's true."" Londee nodded, then looked at his watch and said, ""but why do I feel like you're trying to stall for time?"" "

""Hahaha ..."" Manhattan chuckled out of habit. ""Mr. Londee, don't worry. I can guarantee that no one will come and disturb us for the next 24 hours! "

""So ..."" Manhattan looked at Zhao Yu and said, ""detective, you'd better not have any fantasies. If you're capable, try to drag it out for 24 hours!"" "

"As he spoke, he deliberately raised his hand to point at the fish tank, warning Zhao Yu that if he didn't cooperate, they would continue to release fish! "

""F * ck you, who's stalling for time?"" Zhao Yu stared at Manhattan and said, ""didn't you ask me to make the final deduction? "

""I'm just deducing. "

""If you're so capable, don't listen to me. "

""If you're so capable, why don't you just kill me with one shot?"" "

""You ..."" Manhattan was stunned. "

""Alright, let's release the fish then!"" To his surprise, londee turned his face in the direction of the fish tank and threatened nonchalantly, ""I also want to see the beautiful scene of mermaids and lionfish dancing together!"" "

""Don 't! ""Don 't, don' t, don't ..."" Zhao Yu saw that something was wrong and quickly stopped londee, saying, ""you can't break the rules. Didn't we agree on this? You can only release the fish if I'm wrong. Do I look like I'm wrong?"" "

""This ..."" Manhattan frowned. Zhao Yu was right. So far, all of his deductions had been correct. "

"However, londee was clearly getting impatient. He looked at the fish tank again. From the looks of it, he was prepared to ignore Manhattan's feelings and release the fish forcefully! "

""Okay, I'll continue, continue,"" Zhao Yu responded quickly. He immediately saw londee's frustration and said,""actually, the clue I mentioned is very simple. It's all because of one sentence!"" "

""Oh?"" "

"As expected, Zhao Yu's words brought londee's attention back to him. "

""Actually, in the undersea base, there was a problem with the explosive package you prepared in advance,"" Zhao Yu said quickly.""In the end, the short man turned on the switch of the explosive package himself, which detonated the bomb by force! "

""But, before he detonated them,"" Zhao Yu said,""I clearly heard him shout something! Here, the clue I was talking about was what he shouted!"" "

Zhao Yu's words made everyone even more curious.

""At that time, I didn't know which language he was using ..."" Zhao Yu recalled,""but I still remembered it. "

""Later, through my search and comparison, I finally understood the meaning of the sentence. It meant 'for glory'! "

""The Shorty was using a language from Eastern Europe and the Bosnian region. "

""I followed this lead and soon found the Seve missionary. The Seve missionary is a resistance organization that is active in Central and Eastern Europe. It was very famous in the 1980s and 1990s and was related to many famous terrorist attacks and assassinations! "

""Not only do they advocate violence and do extreme things, but they also build perfect training mechanisms, recruit talents from all over the world, and then brainwash them for their own use. "

For glory is the slogan of this organization ...

""Of course, according to the records, this organization was later eliminated by European Union,"" Zhao Yu said.""It has been extinct for nearly thirty years. "

""At first, I really couldn't understand why that short man would use the slogan of Seve's teachings. "

""What I don't understand is, what does the Korea incident have to do with this organization? "

""This organization is not destroyed? Was this organization the mastermind behind the scenes, or was someone else instigating it? "

""As I was thinking, I suddenly remembered something! I finally understand who my enemy is!"" "

"Then, Zhao Yu looked at londee and Manhattan. The two of them were so engrossed in the story that their eyes did not register anything. "

“““You ...”” Londee raised his eyebrows and asked coldly, “““what did you remember?”” ”

“““Lanzhi dinglu Island!”” Zhao Yu enunciated these three words, his eyes fixed on londee. “““I remember that I once showed off my power in the landing and fought against a criminal gang from the West! ”

“““Through a brave and tenacious battle, not only did I foil their plot, but I also stole their secret information ...”” ”

“Hearing Zhao Yu’s words, londee was obviously unable to sit still, and he twisted his body in the wheelchair, looking very unnatural. ”

“““I suddenly remembered,”” Zhao Yu said. “““When I was fighting with the criminal gang in the landing, the language they spoke was very similar to what the short man said! ”

“““Not only their language, their looks, and ... And their moves, they’re all the same!”” Zhao Yu nodded slightly. “““I just realized that the reason why someone was targeting Miao kun and me was probably because of the landing incident!”” ”

“““Then, as I thought along this line of thought, I quickly found another common point,”” Zhao Yu said. “““The criminal group often used despicable means to engage in vicious competition and accumulate wealth. ”

“““One of his best skills is the destruction of the Kasaya! ”

“““When they determine that a large company is their enemy, they will hire seemingly unrelated people to maliciously destroy the company’s construction project, causing the project to be aborted or failed. ”

“““After the company was defeated, they sent another company to make an appearance and acquire it at a low price ... ”

“““Sometimes, in order to suppress their peers, they would even do things that hurt others without benefiting themselves. Their methods are very radical and extreme ...”” ”

“““Oh ...”” Manhattan nodded and couldn’t help but say, “““so, you feel that the technology Building and the undersea base are similar to the criminal organization’s methods, so you’re more certain?”” ”

“““But ...”” Manhattan looked at londee and asked Zhao Yu, “““how do you know that the criminal group is related to Mr. Londee?”” ”

“““Yes, this is indeed a problem!”” Zhao Yu said, “““when I thought of the terrifying criminal group, I didn’t think of londee at first. I just ...”” ”

“““I just realized that what I was facing was not an ordinary case, but a large-scale transnational case! ”

“““This time, it’s completely different from my previous investigations. ”

“““So, I can’t just look at my shallow judgment. If I want to see the truth, I have to stand at a height where I can see the overall situation! ”

“““What I want to know is not only the case and clues that I can see in front of me, but also the causes and consequences of those that are not easy to detect on the outside! ”

“““This is the only way I can be sure who Qianqian is!”” ”

Chapter 1989: The ultimate reasoning (6)

“““You told me that this is my ultimate conclusion,”” Zhao Yu said, staring at Manhattan.””I also think that this is the most challenging case I’ve ever encountered!”” ”

“For some reason, when Manhattan saw Zhao Yu’s eyes, he did not dare to look him in the eye. He felt that Zhao Yu’s eyes were frightening. ”

“““These days, on the surface, I’ve been worrying about the traps you’ve set for me, but in fact, I haven’t been idle for a moment. ”

“““I know, this is a foreign land, so it’s inevitable that you have eyes and ears around. Therefore, I don’t dare to trust anyone. There are some things that I can only investigate in secret. ”

“““My years of experience in handling cases played an important role,”” Zhao Yu said, turning his head, as if he was enjoying and reminiscing about something.””In fact, although this case is complicated and Grand, in my opinion, it’s similar to the cases I’ve worked on before! ”

“““Because I’ve already found three clues. 1. Londee, 2. Seve LA’s preaching; 3. A super criminal group. ”

“““So, my investigation is to prove the connection between these three points. ”

“““With this premise, my goal has become even clearer. Thus, I began to gather information and conducted an investigation around these three points. ”

“““I began to reanalyze Mr. Londee’s past experiences ... ”

“““I’ve sent someone to investigate Slovenia ... ”

“““Also, I applied to the higher-ups to retrieve the information we found in the landing and began a detailed study and comparison ... ”

“““Mr. Londee,”” Zhao Yu turned to londee and asked,””Speaking of which, you must have a question. You’ve done such a good job of keeping it a secret, so how did I know that you were in contact with Seve’s teachings and the Super criminal group, right?”” ”

“Hearing Zhao Yu’s question, londee’s expression was cold as he grinned, as if he was still full of disdain for Zhao Yu. However, his eyes betrayed him. He was indeed very curious. ”

“““However, I can tell you responsibly that the answer is actually very simple. ”

“““First of all, I checked all the businesses related to you and found that the businesses you’ve done in the past are shockingly in sync with the criminal tracks of that super criminal group!”

“““I won’t list the specific examples one by one. Otherwise, you’ll have to say that I’m stalling for time. I think you should know better than I do. ”

““““Secondly, because my brave and invincible detective Zhao Yu destroyed the database of the Super criminal group in the landing and stole the important information, the criminal group’s Secret was leaked.”

““““In the end, under the joint efforts of many countries, it finally collapsed and was destroyed by us.”

““““However, even though the police have arrested hundreds of criminals and their leaders, they have yet to find the big BOSS behind the scenes.”

““““We’ve worked together with many parties, but we only know that there’s a big Boss in the criminal group. We don’t know who the mysterious Big BOSS is ...”

““““We only know that the person is cautious and meticulous in his work. He also has an unusually strong power on a global scale.”

““““But, because of this, we had a deep question.”” Zhao Yu looked at londee again, then bared his teeth and said,””the big BOSS’s behavior was so radical and extreme, but why didn’t he do anything when we were clearing out the enemy?”

““““Not only did he not counterattack, he didn’t even put up any decent resistance ...”

““““You have to know that this criminal organization is huge. It’s a super criminal group that has branches all over the world. They originally had the strength to resist the clean-up operations carried out by various countries.”

““““Even if they didn’t resist, they should have preserved their strength appropriately. But, the feeling they gave us was that since the clean-up began, this powerful super criminal group seemed to have automatically surrendered. It was a complete mess.”

““““This is clearly a little unusual.”

““““At that time, we really couldn’t understand. However, when I compared these things to Mr. Londee’s experience, I suddenly realized that at that time, londee had been captured by Xi Wei!”

““““So, I began to suspect that the sudden collapse of the criminal group back then was caused by the lack of a leader.”

““““So, the mysterious Big BOSS is londee!?”” ”

“At this point, londee’s expression clearly changed. He twisted his body in the wheelchair again, as if his heart was going through a painful struggle and reminiscing.”

““““Thirdly,”” Zhao Yu did not finish his sentence,””the reason why the Seve missionary work was able to rise in Eastern Europe was also because there was someone supporting them from behind.”

““““Of course, the people who support it must have their own goals.”

““““So, I studied the later activities of Seve’s teachings and realized that these activities are very similar to that super criminal group.”

““““For example, sinister criminal methods, radical attitudes, and so on ...”

“““To tell you the truth, I didn’t find any solid evidence due to the lack of information. However, since I’ve fought with them before, I’m sure that the Super criminal group is connected to this Seve preach. ”

“““Fourth,”” Zhao Yu continued,”“the main cause of the Korea attack was signal enhancement and artificial rare earth synthesis technology. These are all related to technology, and londee was founded by a technology company. ”

“““He’s the only one who’s interested in these two frontier techniques. ”

“““Also, I’ve carefully looked through the information on londee technology company and quickly discovered something even more important. ”

“““So, regarding these two projects,”” Zhao Yu looked at londee and said,”“londee company had already started researching them eight years ago! ”

“““So, I suspect that londee’s choice of such a risky method was also partly due to his personal feelings,”” Zhao Yu said.”“You think that these two companies stole your project, and that the first to develop it should be your company! ”

“““So, you did not hesitate to use such an extreme method to retaliate! No wonder I felt like I was taking revenge from the start!”” ”

“““You ...”” Hearing Zhao Yu’s question, londee felt like he was sitting on pins and needles, and he became even more agitated. ”

“However, Zhao Yu’s ultimate reasoning continued.”“Fifth, this is an era of peace. Even if someone covets these two technologies, they would definitely not dare to do something so risky! ”

“““Because once we are exposed, not only will we be doomed for eternity, we might even start a war! Even the government and military would not dare to do such a thing, let alone a small criminal gang. ”

“““So, I came to the conclusion that the person who dared to plan this incident in Korea was not only a madman, but also a person who has already been separated from reality! ”

“““This person is still living in the era of his ideal. He thinks that he can control everything. He has been completely out of touch with modern society! ”

“““Mr. Londee, you have been imprisoned in the house of sin for six years!”” Zhao Yu said to londee fiercely,”“tell me, the person I’m talking about who’s out of reality, is that you?”” ”

Chapter 1990: The ultimate reasoning (7)

“““You ... You ...”” Londee clutched his chest, his body trembling violently, and his eyes staring at Zhao Yu in disbelief. ”

“At the same time, a strange look flashed across Manhattan’s eyes. He glanced sideways at londee. From the looks of it, he seemed to be dissatisfied with londee’s actions. ”

“““A thousand sails pass by the side of a sinking boat, ten thousand trees spring before a sick tree.”“ Zhao Yu recited an ancient poem, then said to Londee, “““have you forgotten that we have to add a ‘Qian’ in front of your title of ‘world’s richest man’? ”

“““It’s been six years. It’s not the time when you can do whatever you want! Wake up!”“ ”

“““You ...”“ The wrinkles on Londee’s face trembled. He was obviously at the peak of his agitation. He stretched out his hand and pointed at Zhao Yu, then roared angrily, “““Zhao Yu, you are really crazy! ”

“““Even if your reasoning is correct, even if I’m that mysterious Big BOSS, even if I’m the person you think can’t keep up with the times. ”

“““However, everything in front of me is the best proof! ”

“““I’ve already achieved my goal! I’ve also succeeded in what I wanted to do! You’re just a nameless soldier struggling on the brink of death. What right do you have to speak like this?”“ ”

“““A dying man’s words are kind,”“ Zhao Yu said indifferently. “““Since you’re going to die anyway, why don’t you tell the truth?”“ I’m not as hypocritical as you!”“ ”

“““Okay, okay ...”“ After hearing this, Londee was relieved. He stopped his previous excitement and looked at Zhao Yu coldly. “““In that case, I’ll let you die knowing why!”“ ”

“““That’s right. I arranged all of this!”“ Londee’s lips curled up, revealing a hint of ferocity. “““The moment I woke up, I lost everything! ”

“““Now, I’m going to take back everything I’ve lost! ”

“““Xi Wei, that bastard!”“ Londee gripped the armrest of his wheelchair tightly. “““If he had not plotted against me, my Empire would still be running, and all of you are just lowly commoners! ”

“““That’s right,”“ Londee said. “““The Super criminal group you’re talking about was founded by me! I once commanded the winds and clouds, standing at the peak of power. Even the leaders of those big countries had to look at me! ”

“““The world’s richest man, the president of Londee technology company, that’s just my most ordinary identity! ”

“““If not for Xi Wei, Miao kun, and you, I wouldn’t be in this state! It was you who took away my most precious thing! ”

“““Didn’t you want to know the truth? Alright, I’ll tell you everything!”“ Londee said viciously, “““Xi Wei plotted against me and even imprisoned me for six years. So, I’m going to find him for revenge! ”

“““It’s a pity that he died too early!”“ Londee pointed at the fish tank. “““So, I want his daughter to pay with her blood! The elder daughter was turned into a headless female corpse; I’ll imprison my second daughter for her entire life and make her wish she was dead. I’ll pay for her father’s debt! ”

“““As for you and Miao kun, I have to admit that I did hesitate before. After all ...”“ Londee turned to look at Zhao Yu. “““You were the ones who saved me from the house of sin! It was you guys who forced Xi Wei to his death. You guys have indirectly avenged me! ”

“““Therefore, when I learned later that you were the culprits who destroyed my Empire of power, I tried to persuade myself to let you go! ”

“““But it’s a pity that I said I’m not convinced by myself!”” Londee said coldly,““everything in the world has a cause and an effect. If there is a grudge, it must be avenged! ”

“““My Empire of power is the thing I value the most, but you cruelly destroyed it! I must take revenge for this! ”

“““So, in order to find a balance, I’ll double your reward. Consider it as returning the favor of saving me! ”

“““However, your lives must belong to me. You must pay for the mistakes you have made!”” ”

“Hearing londee’s extreme theory, Zhao Yu wanted to confront him and scold him. But, in order to fully understand the truth, he chose to bear with it. ”

“““So,““ londee said with a fierce look in his eyes,““I put explosives on Miao kun so that he wouldn’t leave in pain!”” ”

“““As for you ...““ Londee looked at Zhao Yu.““I really can’t bear to part with you. Detective Zhao is indeed a talent! ”

“““You stopped the fire in the technology Building, thwarted the operation of the undersea base, killed so many of our good hands, and stole our information! ”

“““Tsk tsk ... What’s even more amazing is that you’re a genius in deduction. You’re both well-versed in literature and martial arts, which is indeed very rare!”” Londee said regretfully,““it’s a pity that you are an extremely dangerous person! ”

“““Manhattan and I have studied you. We found out that everyone who has dealt with you did not have a good ending! ““So ...““ Londee shook his head.““I still gave up on the idea of recruiting you. However, I can guarantee that I can give you a quick death, just like Miao kun!”” ”

“““Alright!”” ““Mm!”” Zhao Yu nodded without thinking, then pointed at the unconscious Yusoff and said,““but, there’s something I don’t understand. What does our grudge have to do with the chief?”” ”

“““Hmph, Hmph, Hmph ...““ Londee snorted coldly,““it seems that you don’t know yet! The reason why I was caught by Xi Wei back then was because someone leaked my whereabouts!”” ”

“““It can’t be?”” ““Huh?”” Zhao Yu was confused.““At the house of sins, he even sent a plane to rescue you! A-amiola was his subordinate! He also got a share of the money!”” ”

“““Hmph!”” Londee snorted coldly once again.““He knows it best. Otherwise, why would the plane he sent to save me be intercepted in the desert? Why did Miss Lola betray him? ”

“““He’s a selfish villain, a profiteer through and through,““ londee’s eyes were filled with disdain.““He never thought of going to the house of sin to save you, even if he was willing to sacrifice his subordinates! ”

“““If it wasn’t for the plane sent by that France lady, we would have all died there!”” ”

""So, I gave you SUFU a large sum of money after the incident, just to keep him in check! He'll think that I don't know that he betrayed me ..."" "

""Oh ..."" Zhao Yu nodded.""No wonder he said that he knew the truth! It seemed that he had already figured it out! "

""But there's still something I don't understand."" Zhao Yu asked again,""what did Li Bencheng do to you? Why did you bring him in?"" "

""Lee Bencheng is my cup of tea!"" Manhattan, who had been silent for a long time, suddenly said,""great detective, you guessed it right. I'm indeed a wanted criminal by the Korean authorities. Especially this Lee Bencheng, he knows me like the back of his hand. "

""So, if I want to take action, I have to get rid of him first! "

""Also,"" Manhattan continued,""I do have something on him. Lee Bencheng has an illegitimate son. He is only 12 years old this year. No one knows about it!"" "

""Ah?"" Zhao Yu quickly asked,""then ... What about the child?"" "

""Hahaha ..."" Manhattan laughed evilly.""Li Bencheng is dead. Do you think I don't understand the principle of eliminating the roots?"" "

""Ah? You despicable villain! You won't even let the child off!"" Zhao Yu clenched his fists and glared at Manhattan for a few seconds. He then turned to the fish tank and said,""okay, Let's Make a Deal first. I've figured out the truth. According to our agreement, you should release my sister now!"" "

""NO, no, no..."" Before Manhattan could speak, londee suddenly interrupted,""detective, your ultimate reasoning is not complete. There is one more thing that you have not figured out! "

""If you can't guess it, then your agreement will not take effect!"" "
