

Crazy 2111

Chapter 2111: happiness

Seoul hospital.

“Zhao Yu and Li Zhenzhu stood in front of a huge single-sided glass, looking at a Ward on the other side of the glass.”

“Unexpectedly, the hospital also had a room design that was similar to a monitoring room. Zhao Yu stood next door and could clearly see every move that Matsumoto Yosuke made in the ward.”

“At this moment, Masayoshi Matsumoto was being examined by the doctor. The mysterious smile on her face was no longer there. Instead, she was kind and kind.”

“If not for the handcuffs on her hands, no one would have thought that she was the famous black-eyed killer.”

““““Her condition has been completely stabilized,”” Li Zhenzhu said to Zhao Yu in front of the single-sided glass.””““Over the past few days, she has told me all the details about the black pupil case.””

““““Whether it was 45 years ago or now ...””””

““““Mm ...””” Zhao Yu nodded, but his eyes were fixed on the other side of the glass.”

““““I really don’t know,”” Li Zhenzhu said curiously.””““What did you say to her when you entered the ward last time?””””

““““She’s in a completely different state now. She said that she realized that her actions had caused a greater misfortune to others!””

““““Therefore, she was very willing to communicate and persuade those who she had given black pupils to, persuading them to give up on the idea of revenge!””””

““““Oh, I see ...””” Zhao Yu nodded again. He had indeed been worried about this before.”

“Because those people who were given to black eyes by Matsumoto yoyo all had a deep-rooted hatred, Zhao Yu had been worried that although the police had stopped black eyes from killing, they would still take other revenge.”

“After all, these people were only planning to kill and had not actually carried it out, so the police could not stop them completely.”

Perhaps they would only be able to let it go if they realized that their desire for revenge had been instigated by Masayoshi Matsumoto?

“At this time, in the ward, the doctor had finished examining Matsumoto Yosuke. A psychologist came to Matsumoto Yosuke and greeted her warmly.”

““““How is it, Ms. Matsumoto? how do you feel today?””” The psychologist greeted him happily.””““You look good!””””

“Hello,” Matsumoto said politely even though he was lying on the bed. “I feel really good. Sorry for making you worry ...”

“Haha ...” The psychologist laughed and said, “that’s good, that’s good. We’ve contacted the Japanese and will have a video call with them this afternoon. Is that okay?”

“Sure, sure ...” Matsumoto Yushi nodded.

“Then ... Do you need to prepare in advance?” The psychologist tried to persuade her. “Why don’t you treat me as youzi’s brother and we practice it?”

“I ... I understand what you mean ...” Matsumoto said apologetically, “I’ve troubled you! Don’t worry, I know what to do!”

“I magnified their hatred and blinded their kindness,” said Matsumoto Hiroshi sadly. “I’ve realized that what I’ve done is bad and shameful!”

“I want to use their hatred to resolve the knot in my heart. This idea itself is wrong ...” He said.

“As he said this, tears unconsciously flowed out of the corners of his eyes.”

“Actually, there are many beautiful things in this world, but we have completely ignored them because of our hatred!” “I’ve wasted my youth. I’m not happy about it. That’s why I incited and induced those who were troubled by hatred. I was wrong, I was really wrong ...”

“If I had another chance,” Matsumoto sighed, “I would definitely be like the priests and the fraternity, helping them resolve their hatred and sorrow ...”

“A person’s life is so short,” said Matsumoto. “Why do we have to live so painfully? Even if it’s just a short moment of happiness, you should grasp it firmly and cherish it ...”

“Very good. It’s rare for you to have such an understanding so quickly ...” The psychologist praised.

“If ... If I didn’t see my noble brother, I’m afraid I would never understand ...” At this time, Matsumoto Yushi was in a state of reminiscence, and said with a face full of happiness, “it was him who let me let go of my hatred, and let me understand the root of my life’s sorrow at the last moment of my life ...”

“Not only did I harm myself, my family, and my loved ones, but I also caused the deaths of so many people who had nothing to do with me ...”

“You ...” The psychologist’s expression changed slightly and he repeated, “did you see pan Tian’s spirit?” “Where ... Where ... Where is it?”

“Hearing the psychologist’s words, Matsumoto did not answer directly. Instead, he opened his mouth and hummed a Japanese song.”

“Zhao Yu found the melody of the song familiar, but he didn’t know the meaning of the words. He had to turn on the simultaneous translator to understand it.”

“If it’s a dream, then wake up. Ah, one day I’ll wake up! Even if some people would say that it’s better not to have done it, but in the time before I wake up from the dream, I want to call what I see ‘happiness’ ...”

“Happiness ...” Hearing the familiar lyrics, Li Zhen Zhu hummed along, then asked Zhao Yu, “I understand. It seems that Matsumoto Yushi must have dreamed of pangtian nobleness, right?”

“I was really scared just now.” Li Zhen Zhu heaved a sigh of relief and said, “if pan Tian GUI Qi was still alive ... I can’t imagine ...”

“Hehe ...” Zhao Yu laughed along and thought to himself, “in this world, I’m afraid only I know where the pangtian aura that Matsumoto Yushi saw came from!”

“Zhao Yu also didn’t expect that his sudden inspiration, which was to use pan Tian GUI Qi to find out Masahiro Matsumoto’s confession, would actually prompt Masahiro Matsumoto’s enlightenment.”

“Not only those Japanese people,” Li Zhen Zhu continued, “I also hope that Matsumoto yueshu can persuade Yu Wanjin and cui Dongshan. After all, they were all incited by Matsumoto yueshu. Moreover, they were only accomplices and did not really kill anyone ...”

“So,” Li Zhen Zhu said with the same hope in her eyes, “I hope that I can help them get a lenient sentence and get a chance to get a lighter sentence in court!”

“Actually, Matsumoto is right.” Li Zhen Zhu pouted and sighed. “Life is really short!” We have to grab hold of the most important thing in a short period of time ...”

“Okay.” Zhao Yu nodded, then joked, “miss Zhen Zhu must have had an epiphany and finally decided to find a boyfriend, right?” It looks like I’ll have to go back to Korea to attend your wedding before the new year!”

“Alright!” Li Zhen Zhu pouted and joked with Zhao Yu, “you’re so rich, so you can’t be stingy!” Our gifts are very high!”

“It doesn’t matter, I’m just returning the favor!” Zhao Yu laughed. “I’m getting married soon anyway, so you can come back when the time comes!”

“Hahaha ...” Li Zhen Zhu laughed so hard that her body shook.”

“However, even though Zhao Yu was being mean, Matsumoto Yumo’s words had touched him deeply. Life was short, and happiness was hard to come by. It was time for him to consider his own happiness ...”

Chapter 2112: safe journey

“After another three days, the three countries where the blackpupil case took place, after careful planning and arrangements, held a press conference at the same time to announce the details of the blackpupil case to the public and media, as well as some of the details. ”

“Because of the deep-rooted influence of the black pupil case, as early as the beginning of the case, it had already attracted the attention of various media, and it had long been spread in the public. ”

“Now that the official press conference had finally confirmed the case, it naturally caused a sensation, and even many Western media outlets were involved.”

“Fortunately, the police caught the murderer in time and found out the truth. Otherwise, it would be really difficult to explain to the public.”

“According to the plan that they had discussed in advance, when the police announced the black eye case, they also cooperated with many large media outlets to do corresponding positive publicity. While broadcasting Matsumoto Yushi’s confession, they also did an in-depth analysis of the matter and correctly guided it.”

“Violence could not contain violence, and black eyes were not the right way to resolve the indifference of the human heart. To eliminate indifference and violence, everyone needed to work together.”

“Today, Zhao Yu had not only attended the press conference in Seoul, but he had also been interviewed while sitting in the front row.”

“Fortunately, Li Zhenzhu was very meticulous and had prepared a draft and translation for Zhao Yu in advance. The press conference went very smoothly.”

“After the press conference ended, Zhao Yu’s trip to Korea also came to an end.”

“After the meeting, Zhao Yu shook hands with the Korean leaders and took photos with them. Then, Li Zhenzhu personally saw him out of the police station.”

“Standing at the entrance of the police station, Li Zhenzhu extended her right hand and shook Zhao Yu’s.”

“For the past few days, Zhao Yu and Li Zhenzhu had been working together in the previous terrorist attack, the black eye case, and the Xiwei Vault Case.”

“After such a long period of contact and several life and death trials, the two had already established a deep friendship.”

Zhao Yu felt that Li Zhenzhu was definitely a reliable partner. She was capable and loyal. It was rare to have a friend like her.

“Therefore, after shaking hands, the two of them hugged each other.”

““Remember our promise,”” Zhao Yu said, smiling.”“Let’s see who gets to drink first! Hehe ...””

““Hehe ...”” Li Zhenzhu laughed and patted Zhao Yu on the shoulder.”“Detective Zhao, remember to inform me in advance when you come to Korea in the future!”” You should at least treat them to barbecue!””

““Of course,”” Zhao Yu laughed.”“I also hope that miss Zhen Zhu will have the opportunity to come to our country. I will definitely treat you well and let you feel our enthusiasm!””

““Alright!”” Li Zhenzhu nodded.”“When the time comes, I’ll eat all the food I treated you to in Korea ... Hehehe ...””

““““Alright! ““““You don’t have to send me off.”” Zhao Yu gestured to the parking lot.””My people will come and pick me up!”” I don’t need to trouble you ...”” ”

““““By the way,”” Li Zhen Zhu quickly opened her backpack and took out a few books.””These were sent to me by Masako Yangshan a few days ago, and she asked me to give these books to you!”” ”

“Zhao Yu took a look and saw that the books were all Japanese. However, Japanese and Chinese had a lot in common. Zhao Yu could tell at a glance that these books were all related to black eyes. ”

““““These books,”” Li Zhen Zhu said,””are all signed by Tani zhaichiro. Masako specially gave them to you!”” ”

““““She also said that after the follow-up work of the black pupil case is done, she may go to you to talk about cooperation!”” ”

““““Tsk tsk ...”” Zhao Yu smacked his lips.””This little girl is still thinking about my cases!”” ”

““““Actually ...”” Li Zhenzhu said meaningfully,””just like the black pupil case, many crimes can give people inspiration! ”

““““I think it’s a good thing to let people who live healthy lives understand the darkness of the world and thus take preventive measures ...”” ”

““““That’s true,”” Zhao Yu said frankly.””Through the black pupil case, I also understood a lot of principles! In the past, I only thought that by announcing the cases that I’ve solved, some people would follow my example. ”

““““However, I overlooked the fact that some crimes also have a profound warning effect! ”

““““So ...”” Zhao Yu nodded slightly.””When I get back, I’ll look for an expert in this area and try to make good use of this double-edged sword!”” ”

““““En!”” Li Zhenzhu nodded her head hard.””In order to reduce crime rate, you should contribute!”” ”

““““Then ...”” Zhao Yu took two steps back and waved at Li Zhenzhu.””See you again, miss zhenzhu!”” He said. ”

““““We’ll meet again!”” Li Zhenzhu also waved to Zhao Yu.””Have a safe journey ...”” ”

“Just like that, Zhao Yu said goodbye to Li Zhenzhu, then turned and left the Seoul police station. ”

“As soon as he reached the side of the road, Ding Lan stopped a modern car in front of him. ”

“After Zhao Yu got into the car, he found that his father-in-law, Miao kun, was also in the car, but Li Jing and Xiao hang were nowhere to be seen. ”

““““What’s wrong?”” ““““Are you going back with me?”” Zhao Yu asked Miao kun. ”

““““Can I go back!?”” Miao kun’s face fell.””We haven’t found that old man yet!”” ”

““““Ahem!”” Zhao Yu waved his hand and said,””forget it! He’s already like a bird startled by the mere twang of a bow ...”” ”

“““It’s easy for you to say. Forget it if you can’t find it. How can you forget it?”” Miao kun shook his head.””He took Xi menna with him. Xi Wei’s information might have fallen into his hands. How could I not be angry?”” ”

“““Don’t worry!”” Zhao Yu said,””you SUFU couldn’t find anything. Xi Wei’s vault has become an unsolved mystery ...”” ”

“““Zhao Yu,”” Miao kun said seriously,””you’re a detective. I’ll talk to the higher-ups, and no, I’ll leave this difficult task to you!”” ”

“““Since you’ve found the gold that was so hard to find in the past, it shouldn’t be a problem to find Xi Wei’s vault, right?””

“““Besides, you’re also responsible for letting you SUFU go ...”” ”

“““F * ck you ... Um ...”” Zhao Yu remembered that Miao kun was his father-in-law, so he stopped scolding Miao kun and asked,””why don’t you exchange with me?”” Try and see if you can still capture you SUFU in that situation. ”

“““It’s really easy to talk while standing ...”” ”

“““Yes, Godfather!”” Ding Lan, who was driving, stood up for Zhao Yu.””It’s a miracle that my brother-in-law survived! ”

“““I think brother-in-law is right. We don’t have to worry about you SUFU. Under such circumstances, he won’t be able to find Xi Wei’s vault!”” ”

“““You make it sound so easy,”” Miao kun retorted.””I’m not worried about whether he can find the vault, but I’m worried that the US will catch him before we do!”” ”

“““Ahem!”” Zhao Yu was disdainful.””So what if I caught him? If they couldn’t find the vault, wouldn’t they still be unable to find it? Father-in-law, there’s an old saying that a gentleman loves money and takes it in the right way. We don’t have to hold on to it! ”

“““Even if I find it, I’ll at most make a fortune ... ”

“““First, there was Xi Wei, londee, and now there’s Yusufu. They’ve all been destroyed by their own obsessions, so you should be more optimistic!”” Zhao Yu advised,””do what you’re supposed to do, that’s better than anything else!”” ”

“““Hmph, you brat, you only know how to use the principles of the martial world to talk! How would you know about the unpredictable changes in the international situation? in the game between major countries, they would often lose because of a small piece of information. As the saying goes, the weak are prey to the strong. Who would talk about morality with you? ”

“““It’s precisely because we don’t know what kind of information is in Xi Wei’s Treasury that we’re even more eager to find out! If it’s useless, then what’s the big deal about burning it?””

“““But, if it’s useful and used by criminals, it’ll be a big deal!”” ”

“””Alright, alright, alright. I’m scared of you, alright? “””Well ...”” Zhao Yu said.”””I’m exhausted from staying in Korea. How about this, I’ll go back and rest, and you guys continue searching for clues.””” ”

“””When I’m done resting, I’ll come back and help you find Xi Wei’s treasure. That should be fine, right?””” ”

“””Hmm...That’s more like it!””” Miao kun widened his eyes and said,”””but you can’t rest for too long! You must come back as soon as possible and help me find Xi Wei’s vault as soon as possible!””” ”

Chapter 2113: true hero

“Above the thick clouds, the plane was flying steadily. ”

“Zhao Yu, who was sitting by the window, looked out. He saw clouds floating and shadows floating. It was a beautiful sight. ”

“At that moment, Zhao Yu heard a voice in his ear. ”

“””... The morals of the pugilistic world no longer exist. There’s no one around me that I can trust ...””” ”

“He turned his head and saw that the movie being played on the plane was the old version of “””the true colors of a hero”””. It was in Chinese, but there were Korean subtitles on the screen ... ”

“Next to him, his godson Li Jie’s eyes were wide open. He was actually entranced by the sight. ”

This child ...

“Zhao Yu frowned. He didn’t know if the man understood what he was saying, but he was fascinated by it. ”

“””...I’m a God, and a God is also a human. Those who can control their own fate are gods ...””” ”

“Listening to bronny’s domineering lines in the movie, Zhao Yu’s thoughts were brought back to his trip to Korea. ”

“This time, it was different from his previous trips abroad. Not only did he participate in a Special Agent mission, but he also solved several cases, starting from the first fake lost hand case, to the terrorist attack later on, the underground secret room, the steel ball case, the president’s murder, the black eye case, the XI Wei Treasury, and so on. ”

“In that short period of time, Zhao Yu felt like he had been on a roller coaster, more exciting than ever. ”

“From the beginning of the [double kun] hexagram, he had not stopped for a moment. He was like a robot that was fully wound up and was in a state of intense work every day. ”

“However, after this trip to Korea, he had learned a lot and become more mature. ”

“Especially through Xi Wei, londee, and Yusufu, he understood the principle of ‘enough is enough’. ”

“Xi Wei did it for the diamonds, londee for revenge, and Yusufu for the information. The three of them had wealth that could rival a country’s, but because of their own obsessions, none of them ended up well.”

“So, this also reminded Zhao Yu to stay clear-headed at all times. He couldn’t neglect the most important things because of his obsession.”

“In addition, through the solving of the black eye case, he also understood a deeper truth. To deal with a crime, it was not just about catching the murderer.”

They also had to consider the nature of the case and come up with a reasonable way to deal with it.

“Just taking Masamoto yozuki as an example, punishing the murderer was not necessarily the best solution. If it wasn’t for Zhao Yu pretending to be otakumi to reform the murderer, they wouldn’t have been able to stop more black eye cases from happening in time.”

“Also, regarding the matter of writing a book, Zhao Yu had some resistance before, as he thought that writing the case into a book would hurt the victim’s family.”

“However, things were different now. If he could start a biography and help more people avoid evil, it might not be a bad choice ...”

Hu ...

Zhao Yu put his hands behind his head and lay down on the sofa in the first class cabin.

“In his mind, he was still recalling the various people he had come into contact with since coming to Korea. Li Zhenzhu, Park Hyun-ho, Lee Bencheng, Quan youdong, Xu Meina, Qiu minzhe, Captain ju, Yu Wanjin, cui Dongshan ...”

“Of course, there was also londee, Yusufu, Jiang Kui, mellaura, Simone, Matsumoto Yuya, Masako Yangshan, and so on ...”

“God, if he didn’t count carefully, he really didn’t expect that in such a short trip to Korea, he had dealt with so many people. There were police officers, special agents, murderers, and even international big shots.”

“””I’m warning you, don’t point your gun at my head!””” ”

“At this time, the movie had reached its climax. Li Jie was very engrossed in the movie, especially when the gun battle began. He even imitated bronny’s shooting style and gestured with his hands and feet. He even muttered some Eastern European language that he did not understand ...”

This ...

Zhao Yu looked at Li Jie in a daze and wondered if Li Jie would become an outstanding secret agent like his biological father in the future.

This kid ...

“Fortunately, his father-in-law, Miao kun, had already arranged everything. Otherwise, he would not know how to take care of the child.”

“He wondered what Miao Ying’s reaction would be when she saw Li Jie. Before this, Zhao Yu had already explained to Miao Ying, but Miao Ying didn’t say much. As long as he wasn’t Zhao Yu’s biological son, it was fine. ”

“This time, as Miao kun was still searching for Yusufu, he, Ding Lan, Xiao hang, and the others remained in Korea. They did not return with Zhao Yu. ”

“However, they still arranged for several special agents to accompany and protect them. These special agents were all on the plane. ”

Hmm ... Alright ...

“Zhao Yu heaved a long sigh of relief. The black pupil case in Jinghai city had been closed, and he had also spoken to Miao kun. ”

“So, after returning to China, he should have a good rest! ”

“Hopefully, there won’t be any major cases. ”

Happiness is hard to come by. I must cherish my happy time and spend more time with miss Miao and my family ...

“Thinking of this, Zhao Yu closed his eyes and looked at the miracle System in his brain. The double kun hexagram needed a cooldown of 100 days to recover, and there was still a long way to go before that! ”

“But ... Zhao Yu knew very well that, according to his father-in-law’s temper, he would not really let him rest for such a long time. ”

“After he returned, even if there were no major cases in the criminal Division, his father-in-law would probably call him back to the Secret Service and ask him to continue searching for Xi Wei’s Treasury! ”

“Treasury, Treasury, where are you? ”

“Tina’s dead, and all the clues are gone. Even if I, Zhao Yu, were to go, I might not be able to find her. ”

“In fact, it was different from the gold and treasure in the past. Zhao Yu had always been indifferent about Xi Wei’s vault. Although he knew that there must be something in Xi Wei’s vault, he just couldn’t lift his spirits. ”

“Perhaps, it was because he no longer lacked money. Or perhaps, he was really following the morals of the pugilistic world and believed that a gentleman would take money with Dao. Or perhaps, he felt uncomfortable seeing you SUFU lose her mind over the Treasury ... ”

“Of course, there might also be factors such as Xi menna ... ”

“In short, he felt that Xi Wei’s Treasury might as well become an unsolved mystery and leave a memory for the world. ”

“However, through Miao kun’s analysis, he had already felt that the information in the vault could really influence the international situation. Therefore, he should be leaving the mountain soon to search for Xi Wei’s vault. ”

“If that was the case, then he should make preparations. If he really went to search for the Treasury, he would probably meet you SUFU and his gang, or even more impressive people ... ”

“”I want to prove myself; not to prove that I’m amazing. I’m telling them that I must get back what I’ve lost!”” ”

“In the movie, following brony’s roar, Li Jie slapped the armrest of his chair and shouted,””””Take it back! Ah fawn on Kolia, Heath ramabosa ...”” ”

The young man’s shout attracted the attention of the other passengers.

Hmm ...

“Zhao Yu covered his face awkwardly. He wanted to turn off the movie, but was afraid that the young man would be unhappy, so he smiled and said,””Just take back what you’ve lost, and stop speaking in foreign languages, okay ...”” ”

“However, the young man could not understand what Zhao Yu was saying at all. He was still excitedly dancing to the rhythm of the movie and talking in European language ... ”

Chapter 2114: revisiting an old place

“At 8 p.m., Zhao Yu’s bell-like voice came from Feng restaurant 0317 hotpot chicken main branch. ”

“”At this point, everyone thought that the black pupil case could be closed!”” Zhao Yu told the members of the Special Investigation Group,””but who knew that Miaomiao would suddenly call me and tell me that there was a New black-eyed case in Jinghai. Then, there was another black-eyed case in Quzhou.”” ”

“”Wow, all of a sudden, it’s all a mess ...”” ”

“”This is really ... Um ...”” Cui Lizhu blinked her big, cute eyes and said,””it’s full of twists and turns! Who would’ve thought that it’s not over yet after we’ve caught the criminal ...”” ”

“”Matsumoto took advantage of people’s vengeful mentality,”” Wu Xiumin said meaningfully.””He made blackpupil a seed of revenge, which took root and sprouted in those people’s hearts!”” ”

“”Fortunately ...”” Zeng ke exclaimed.””You found the rest of the black pupils in time. Otherwise ... This matter would have been really difficult to control!”” ”

“”Exactly ...”” Zhao Yu said as he ate a piece of delicious chicken.””Fortunately, Matsumoto Yushi had found his conscience, so he told me the whereabouts of the black pupils, which stopped the black pupils case from getting worse in time ...”” ”

“”To be honest, I’ve been through a lot of big cases, but this is the first time I’ve encountered a case like the black pupil case ...”” ”

“““Actually, I think ...”” Ran Tao scratched his head and said,““this case is also quite thought-provoking. Those people who ignored their lives are really hateful!”” ”

“““If people were friendly, this black-eyed killer wouldn’t have incited others, right?”” ”

“““Yes!”” Zhang Peipei said,““if Quan youdong had chosen to save Yu Wanjin’s wife, even if his wife was not saved in the end, I’m afraid he wouldn’t have been so angry, right?”” ”

“““Yeah, it was Quan youdong’s behavior that made Yu Wanjin fall into deep despair. That’s why he was incited by Matsumoto yoyo ...”” Cui Lizhu stuck out her tongue.””I think Quan youdong’s behavior is even more despicable than that irresponsible driver ...”” ”

“““That’s true, but,”” Zhao Yu concluded,““any misfortune or hatred can not be a reason to kill! ”

“““There is indeed injustice in the world, but the human heart can not be imbalanced ...”” ”

“““Yes, boss is right! ““In such a happy atmosphere, let’s not talk about such a heavy topic. Come on ...”” Ran Tao raised his glass first.””Welcome back to our glorious country, boss. Now, you are a world-renowned detective!”” ”

“““Yes, yes, yes ...”” ”

The others also raised their glasses and celebrated together.

“Zhao Yu raised his head and finished the beer in his glass. He then realized that his girlfriend, Miao Ying, had not raised her glass, but was taking care of his godson, Li Jie, as he ate. ”

“““MeowMeow, he’s not a two or three-year-old child anymore,”” Zhao Yu said.””He can take care of himself!”” ”

“““This ...”” At this time, everyone remembered that there was a child at the table. Cui Lizhu quickly said,““shouldn’t we be more restrained in front of the child?”” Wasn’t it inappropriate to talk about the murder just now?”” ”

“““It doesn’t matter,”” Zhao Yu said, waving his hand.””He doesn’t understand us yet!”” ”

“““Big brother, I haven’t been a big brother for a long time!”” When he saw that everyone was looking at him, Li Jie suddenly said a line from ““the true colors of a hero”” . ”

“His Chinese pronunciation was not accurate, but his aura was on point, making everyone dumbfounded. ”

“““This is ... This is ‘a hero’s true colors,’ hehe ...”” Zhao Yu explained.””He watched it on the plane, and this kid actually remembered the lines! A genius, a genius ...”” ”

“““Zhao Yu,”” Miao Ying scolded,““how could you let him watch such a violent movie? Even if he wasn’t a two or three-year-old child, five or six years old wasn’t that old, right? ”

“““Such a spicy hotpot chicken, you shouldn’t have brought the child here, and ...”” Miao Ying pointed at the restaurant and said,““and he even ran so far!”” ”

“Hehehe ...” Seeing that Miss Miao was reproaching him, Zhao Yu quickly smiled apologetically. “I’ve been abroad for too long, so I just wanted to have a taste of this!”

“There’s either kimchi or cuisines there, I’m really tired of it ...”

“Besides, since my godson is here, I have to give him some authentic food to try ... What do you think, son?” Zhao Yu patted Li Jie’s head and asked, “is it good?”

“Li Jie ignored Zhao Yu, but continued to eat with relish.”

“Team leader Miao,” Ran Tao quickly agreed on behalf of Zhao Yu, “we came from Jinghai anyway, and we didn’t take a detour. I really miss this feeling ...”

“It’s really strange. I’ve eaten hotpot chicken in so many restaurants, but I’ve never eaten from this one ... Hehe ...” He pointed to the pillar in the distance and said, “back then, boss met his father-in-law here and beat him up ...”

“Suddenly realizing that he had said something wrong, Ran Tao’s face changed color. He quickly closed his mouth and ate his chicken ...”

“Tao, you did it on purpose, didn’t you?” Zhao Yu glared at Ran Tao.

“Oh ...” Miao Ying smiled. “So, this is where you first met?” It’s such a pity that I didn’t get to see such a wonderful show ...”

“Zhao Yu, don’t tell me you’re not here to win the chicken dinner, but to revisit the place and relive the great achievement of beating up your father-in-law?”

“That’s ...” Zhao Yu smiled and explained awkwardly, “didn’t I already explain it to you? At that time, because of the isolated island murder case, I was upset, so I had a bad temper. After that, I regretted it so much!”

“Hehe ...” Miao Ying suddenly laughed and said, “my dad told me that, at that time, he had already subdued you, but your arm somehow twisted, and then you plotted against him!”

“Zhao Yu, why don’t you give us a demonstration? How did you manage to bend your arm back then?” Then, Miao Ying stretched out her hand and pressed on Zhao Yu’s arm.

“Don’t ... Don’t ... Don’t ...” Zhao Yu quickly ‘showed weakness’ to Miss Miao. “Don’t let me do a demonstration. I’m a crazy detective now. If I don’t do anything, I’ll either kill you or get injured. For the sake of your life, forget it!”

“Is that so?” “Hey!” Miao Ying grabbed Zhao Yu’s arm and said provocatively, “I’ve learned a lot of new tricks from Secret Service recently. I really want to have a fight with you!”

“Don’t, don’t, don’t ... It hurts ...” Zhao Yu quickly begged for mercy. “I’m just joking, I’m just joking!” Even if they wanted to spar, they couldn’t do it here! Don’t burn it again ...”

“Waa!” Seeing Zhao Yu’s defeated look, his godson Li Jie suddenly stood up, clapped his hands, and shouted, “arubacheya ...”

“This shout immediately stunned everyone. Fortunately, they were in the private room. Otherwise, they would only attract more attention.”

““Which ... Which country’s language is this kid speaking?”” Ran Tao and the others stared at each other.”

““Miao ... MeowMeow ...”” Zhao Yu quickly pulled out his arm, rubbed it, and said,“it seems that your Kung Fu has improved again. After dinner, let’s find a spacious place and learn from you ...””

“As he spoke, Zhao Yu blinked his eyes. It was obvious that he was up to no good. The spacious place he was talking about was probably the hotel’s Presidential Suite.”

“Cui Lizhu looked at Li Jie, shook her head, and sighed.”“Boss, don’t think about sparring. You should teach your godson how to speak first!””

““You can put me in a bad shape, but you can’t put me in a bad shape ...”” Li Jie suddenly said a line from “the true colors of a hero”, which made everyone burst into laughter ...”

Chapter 2115: A true genius

“Late at night, in a room of a luxury hotel near the hot pot restaurant.”

““Aiyo, he’s finally asleep ...”” Cui Lizhu looked at Li Jie, who was sleeping soundly on the bed. She wiped the sweat off her forehead and muttered to herself,“it’s really not easy to take care of a child!””

““Especially ... Foreign children who can’t communicate ...””

“As it turned out, because everyone had drunk tonight, they did not choose to return to the capital. Instead, they chose a place to stay near the hotpot chicken restaurant.”

“Zhao Yu and Miao Ying hadn’t seen each other for a long time, so they had a lot to talk about.”

“Cui Lizhu was very obedient to Zhao Yu, so she agreed readily.”

“However, what she didn’t expect was that Li Jie was different from ordinary children. He kept pestering Cui Lizhu for the entire night, asking her to play a gunfight movie for him.”

He finally fell asleep after seeing this scene.

““Where did the boss get such a weird son?”” Cui Lizhu shook her head as she turned off the TV and muttered,“you can’t even speak Chinese, and you like to watch shooting movies. Seriously ...””

“After turning off the television, the room finally fell silent.”

““Eh?”” Cui Lizhu listened carefully and muttered in her heart,“Why is there no movement from the boss? He was still mumbling just now!”

It turned out that Zhao Yu and Miao Ying’s room was right next to Cui Lizhu’s.

“Earlier, when Cui Lizhu was taking care of Li Jie, Zhao Yu’s room had been ringing non-stop, which made Cui Lizhu feel awkward.”

“But now, there was no movement ... ”

It can’t be ...

“It ended so quickly, right?”

“Cui Lizhu stuck her ear to the wall and listened carefully, but she didn’t hear anything ... ”

“Just as Cui Lizhu was listening attentively, she heard Zhao Yu’s low groan, although there was no loud sound coming from Zhao Yu’s room.”

“They saw Zhao Yu and Miao Ying lying on the floor. Zhao Yu’s hands and feet were tightly clutched by Miao Ying. Zhao Yu was so anxious that his face turned red, but he couldn’t break free!”

“He wanted to use his hands to slap the ground and admit defeat, but both his hands were restrained by Miao Ying and he couldn’t move at all.”

“Miao Ying seemed to have suddenly become an octopus, holding onto Zhao Yu tightly ... ”

“““I can’t, I can’t ...”” Zhao Yu snorted.““I can’t breathe. I admit defeat, I admit defeat.”” ”

Miao Ying finally let go of Zhao Yu’s hand.

“““Wow ...”” Zhao Yu gasped for breath and gave her a thumbs up.““You’re awesome! The Secret Service’s closed-door training is really not for show!”” ”

“““Hmph, how boring ...”” Miss Miao stood up and crossed her arms.““You didn’t even use any force. Do you think I can’t tell?”” ”

“““Why don’t you use your true abilities? Just like ... Just like when you beat up my dad?”” ”

“““What!”” Zhao Yu looked bitter, then changed the topic naturally.““When I was in Korea, I was busy solving cases every day, so I really neglected my training!” ”

“““I feel like I can’t follow my heart anymore ...”” ”

“““Mm ...”” Miss Miao was fooled. She immediately pressed on Zhao Yu’s shoulder and said,““indeed, the work is too hard. I really shouldn’t have asked you to spar with me the moment I came back!”” ”

“““It’s okay,”” Zhao Yu said.““Aren’t we free now? When we go back, I’ll definitely strengthen my training and try to recover to my previous peak state. At that time, don’t you dare beg me for mercy!”” ”

“““Hmph, Hmph, I won’t!”” Miao Ying smiled and put her arms around Zhao Yu’s neck.““We’ve been apart for too long. I really missed you!”” She said coyly.”

“““Me too ...”” Zhao Yu was speaking the truth.”

“““Did you know?”” Miao Ying said,““my previous understanding of agents was all wrong! When I entered the Secret Service training, I realized that the fighting skills I had learned in the past were completely useless!” ”

“““When I get there, I have to forget all the martial arts I’ve learned before and start from the beginning ...”” ”

“““Yes,”” Zhao Yu said.““I’ve seen Ding Lan’s moves. She didn’t beat around the bush at all, and every move was straight to the point. She had to subdue the opponent in the shortest time possible!”” ”

“““Mm ... In the past ...”” Miao Ying was a little disappointed.““I was very envious of Ding Lan for being able to get into the Secret Service. Only now do I know that she is indeed more talented than me!”” ”

“““There’s no comparison,”” Zhao Yu said.““Take me for example! I’m not as good at fighting as you guys, but every time, didn’t I still successfully complete the mission?”

“““So, when it comes to being an agent, you have to rely on your brain most of the time!”

“““Londee is awesome enough, right?”” Zhao Yu was proud of himself.““Didn’t you get played by me?”” ”

“““By the way, since we’re talking about it ...”” Miao Ying said,““I’ve already talked to my dad, and your mission is over. You can tell me about it now!”” ”

“““What happened to you in Korea? Why do we have to protect your family with the highest standards?”

“““All of this, was it really planned by the richest man in the previous world, londee?”

“““Also, you brought back a godson, but you haven’t introduced him to me yet! Why is he speaking in the Sylvie language?”” ”

“““Is it Sylvie? ”” Although it’s not against the rules to tell you the details now, I have to at least confirm that you’re not a spy,”” Zhao Yu said. ”

“““It’s here again!”” Miao Ying pressed on Zhao Yu’s arm.““Do you want to have a taste of what it was like just now?”” ”

“““Aiyo, yoyo ... I was just joking, just joking ...”” Zhao Yu quickly shouted in pain, then said,““Okay, okay, okay, I’ll tell you, I’ll tell you, I’ll confess everything ...”” ”

“Just like that, Zhao Yu told Miao Ying about his experience in Korea from beginning to end. Just like before, he removed the props and the hexagram, and everything else was basically true. ”

“However, even so, it was still thrilling enough. Miao Ying clenched her fists tightly, and she was sweating. ”

“““That was so close ...”” Miao Ying gulped.““That’s ... Too dangerous, right?”” she asked. You’re facing an entire team of heavy-armored soldiers, and you actually ... ”

“““Also, why did you jump off the plane?”” Miao Ying patted Zhao Yu’s shoulder.““It’s obvious that there was an internal problem. Even if they were responsible, it had nothing to do with you!”

“““This ... This is really too dangerous ...”” ”

“““Don’t worry!”” Zhao Yu said lightly, “““your husband is a crazy detective, and I have a root in my heart. So, when you really go on field missions in the future, you must follow me!”” ”

“““Oh my God!”” Miao Ying gasped. “““I thought that after learning those fighting skills and strengthening my basic skills, I would be able to complete the mission!”” ”

“““It seems that I was too naive ...”” ”

“““Cough! “““Don’t be discouraged ...”” Zhao Yu advised. “““A mission like Londee’s is just a rare one, it’s basically a once in a hundred years event! They were the ones who set up the trap for us to fall into. They were fully prepared! ”

“““If it was a normal mission, it wouldn’t be this dangerous. Don’t think of the mission as too difficult!”” ”

“““Even my dad and Ding Lan were caught by them. Isn’t that difficult?”” Miao Ying’s eyes were filled with disbelief. “““Zhao Yu, Who are you? You ... Back then, you were just a small-time police officer. How ... How could you have handled it so well?”” ”

“““Ahem, I told you before ...”” ”

“““No, please don’t tell me about your friends,”” Miao Ying interrupted Zhao Yu. “““I finally understand why my dad was so picky and made an exception to recruit you into the Secret Service team.”” ”

“““So, you ... You’re the real genius!”” ”

Chapter 2116: strength

“““I’ve really underestimated you in the past!”” As they snuggled together, Miao Ying said to Zhao Yu, “““I thought that you solved so many cases and completed so many difficult missions only because of your hard work and your quick-witted mind. ”

“““But now I understand that you really have talent ... ”

“““No wonder you can complete so many incredible missions! ”

“““It wasn’t until I joined the Secret Service that I finally understood how difficult it was for you ...”” Miao Ying said, stroking Zhao Yu’s hair. “““You pretended to be so irritable and annoying, but in fact, you just didn’t want us to worry about you! ”

“““Now that I think about it, I was really stupid back then. I foolishly thought that you were just an unscrupulous detective, an evil little ruffian ... ”

“““But now, I finally understand your good intentions!”” ”

“““You ... Mm ...”” Zhao Yu was at a loss. “““You’re making me sound too great.”” I feel like I really can’t get used to it if you suddenly stop scolding me and start praising me instead!”” ”

“““Silly girl, I’m just complimenting myself! This is enough to prove that I didn’t choose the wrong man!”” Miao Ying took the opportunity to clamp her arms around Zhao Yu’s neck, then laughed heartily.”“I really hope that I can go on missions with you and learn from you! ”

“““In the future, let’s exchange our identities. You’ll be my teacher ...”” ”

“““Um ... Well ...”” Zhao Yu laughed foolishly.”“It seems possible, but if you want to learn well, you have to pay a tax to your master first ...”” ”

“““But then again,”” Miao Ying said,”“you’re quite lucky with women! I’ve met a lot of pretty girls in Korea! ”

“““Female police officer, female spy, female writer, female secret agent, and even female criminal. You’ve met all of them ...”” ”

“Zhao Yu was indeed a genius. From Miao Ying’s short sentence, he could already tell that something was wrong. He almost instinctively changed the topic, ”

“““You’re right! ”

“““I didn’t even realize that I was so popular with women! ”

“““You know what? ”” Among all these women, the one I miss the most is that Simone, whose life and death is unknown! ”

“““I have a feeling that this woman might have lied to the chieftain as well. Regarding Xi Wei’s treasure, she definitely knows something ...”” Zhao Yu said, pretending to be serious.”“If we can find her, we might even have a chance to find Xi Wei’s Treasury!”” ”

“““So ...”” Miao Ying was kind by nature, and eventually fell for Zhao Yu’s trick. She followed Zhao Yu’s train of thought and asked,”“do you still want to go and look for it?”” ”

“““Hehe, that’s for sure!”” Zhao Yu’s eyes lit up.”“Your dad told me to rest and recuperate, then help him find the vault! ”

“““I didn’t want to go at first, but I have no choice. It’s a matter of national importance and important information. I’m an invincible detective, so I have to do it!”” ”

“““I see ...”” Miao Ying was also excited.”“I ... Can I go with you for an internship?”” ”

“““Nonsense!”” Zhao Yu patted his chest and promised,”“if they don’t let me take you with me, then I won’t serve them! What gold vault, Silver Vault, go to the side, I don’t care for it!”” ”

“““That’s great, that’s great ...”” Miao Ying said.”“I don’t think Xi menna’s sister would have moved so many things too far away. Maybe the things are still in Korea! ”

“““Zhao Yu, Zhao Yu ...”” Miao Ying nudged Zhao Yu excitedly.”“How do you feel now? Have you rested? How about we go back to the criminal Division tomorrow to report and help my dad find the vault?”” ”

I’m down!

“Zhao Yu felt embarrassed. ““You’re really my wife, meowmeowmeow...Are you trying to cheat your husband?”” he thought. ”

“However, at the same time, Zhao Yu also grasped miss Miao’s pulse and laughed coldly. ”

“““Mm, meowmeowmeowmeow...If you want to follow your master out to search for the Treasury, isn’t it a simple task? ““But, hehehe ...”” Zhao Yu’s face was evil, like a big Bad Wolf baring its fangs and brandishing its claws.”“It all depends on your performance! ”

“If I’m satisfied, I might consider it ...”” ”

“Then, Zhao Yu pounced on her like a hungry wolf, and then ... ”

.....

“The day before Zhao Yu returned to China, in Chengzhou city, Heyang province ... ”

Heyang Teacher’s College was a well-known Teacher’s College in the province. It was established in 1922 and had a long history. It was very close to being a hundred-year-old school.

“However, for he Ningning, who was a student of the language Department, she wouldn’t be able to make it for the school’s 100th-year anniversary. This was because he was already in his fourth year and was about to graduate. ”

“The last two periods of the day were supposed to be P.E. Classes, but he Ningning and all the boys in the class didn’t have lessons on the field. Instead, they were assigned by the teachers to an old building in the school to help out with work. ”

This three-story building was called Zhi ya building. It was the school’s oldest teaching building. It was said that this building had existed since the establishment of the school.

“However, due to the changes in history, this building had been abandoned for many years. The school had wanted to demolish it several times, but it had been put on hold for various reasons. ”

“It was said that this time, in order to welcome the school’s 100th year anniversary, the school planned to renovate the abandoned building and turn it into the school’s Museum. ”

“He Ningning and her classmates ‘task was to clean up the old items in the building, move them out, and sort them out. ”

“““Really ...”” While working, he Ningning’s classmate complained,““is the school so stingy? Why should we students do this kind of physical work?”” ”

“““Yup!”” Another student echoed,““you’re not giving us money again? Who would do such a thing? Look at these cabinets and books, they’re all moldy ...”” ”

“The man gave it a hard push, and the moldy cabinet toppled over, sending up a cloud of dust. ”

Cough cough ... Cough cough ...

The few of them rushed out of the house and went outside to avoid the dust ...

“““He Ningning ...”“ At this time, the class leader came out from another room with a box in his arms and shouted at he Ningning and the others,“““you guys be careful. Many of the things here are old antiques that can be used in the school Museum! ”

“““If you break it, you’ll get a bear!”“ ”

“““Antiques my ass, antiques my ass, there’s a pile of rat sh * t! “““Tsk ...”“ One of the students glared at the class monitor in disdain, then flicked his sleeves and went out to rest. ”

“““Wow, class monitor ...”“ He Ningning looked at the box in the class monitor’s arms and grinned,“““why are there so many books?”“ ”

“““Yup!”“ The class monitor said,“““wasn’t this building changed into a new dormitory? These books were all taken from the dormitory!”“ ”

“““Waa!”“ He Ningning took out a book from the box, looked at the label on the book, and said,“““a 1993 book, you don’t say, it’s really an antique! ”

“““There are so many books. Why didn’t the students from back then take them away?”“ ”

“““Who knows? ““Come ...”“ The class leader gestured to he Ningning.“““There’s another box in the back, help me!”“ ”

“““Okay ...”“ He Ningning quickly went forward and picked up another box full of books from the ground. ”

“Then, the two of them moved out of the building together and placed the box in the open space outside. ”

“At this time, the open space was already filled with all kinds of old items of various sizes. The old items emitted a musty smell that made people avoid them. ”

“However, he Ningning developed a strong interest in those old books. She flipped through the box and read ... ”

Chapter 2117: Don’t book a restaurant or a plane ticket

“Beijing, the headquarters of the criminal Division, in the director’s office. ”

“““Very good, very good, Zhao Yu ...”“ Division Chief Jiao said to Zhao Yu with a face full of relief.“““From the well murder case to the ghost king case, to the memoir of the murder, and then the black eye case, you have handled these few cases very well!”“ ”

“““You’re too kind,”“ Zhao Yu said, cupping his fists.“““This is all thanks to the wise leadership, oh no, the wise leadership ...”“ ”

“““When did you learn to flatter?”“ Division Chief Jiao said with a smile,“““you and I know best that these few cases wouldn’t have been closed so quickly if it weren’t for you, great detective Zhao!”“ ”

“““Zhao Yu, I really can’t do without you! I really can’t bear to see you get snatched away by secret services ...”” ”

“““Don’t worry, sis,”” Zhao Yu said.”” Although I’m very popular, and Secret Service has high hopes for me, our relationship is still very close. ”

“““Don’t worry, as long as there are any difficult cases, I, Zhao Yu, will definitely not shirk my responsibility!”” ”

“““Really? ““I’m so touched by your words ...”” Division Chief Jiao shook Zhao Yu’s hand excitedly and said,”” your brother-in-law has told me many times that he wants you and Miao Ying to come to my house as guests. I’ll give you a good treat!”” ”

“““If it wasn’t for you, the two of us would have been separated by death at vachery ...”” ”

“““No problem, no problem ...”” Zhao Yu laughed.”” I’m fine today, what are you treating me to?”” ”

“““Hmm...Sigh!”” However, Division Chief Jiao sighed and shook her head.”” It’s a pity that your brother-in-law isn’t home. He went to tartein again ...”” She said. ”

“““It can’t be?”” ““Brother-in-law, you’re really dedicated to your work. Why did you go again?”” Zhao Yu suddenly admired him. ”

“““There’s no other way,”” Division Chief Jiao said.”” The project is not completed yet, and he’s worried about sending someone else. However, there’s no problem with security this time. After the last incident, tarstein has strengthened the security work. There won’t be a similar incident again!”” ”

“““But, that’s true ...”” Zhao Yu said.”” The last time, it was also the ignorance of the Maha Zaya opposition. They took my brother-in-law for oil! ”

“““But in fact, brother-in-law is a member of the exploration team, which is a completely different thing ...”” ”

“““It’s okay, it’s okay,”” Division Chief Jiao sighed and said to Zhao Yu,”” it doesn’t matter if your brother-in-law isn’t home. It’s the same if I treat you. Tonight, I’ll book a good restaurant and treat you, not just you, but your entire Special Investigation Group!”” ”

“““It’s been hard on you all these days!”” ”

“““Wow, you’re so generous,”” Zhao Yu laughed.”” No leader will invite us. I think I should be the host!”” Why don’t we call our old friends from the criminal Division?”” ”

“““Hmm ... I don’t think we should expand the scope,”” Division Chief Jiao said.”” Let me invite your team!”” ”

Ding ...

Division Chief Jiao’s office phone suddenly rang.

“Zhao Yu saw this and quickly nodded.”” Well, if that’s the case, I’ll follow your arrangement! We can eat anything ...”” ”

“Then, Zhao Yu made a gesture to back out. ”

“However, Division Chief Jiao had no intention of letting Zhao Yu leave. She immediately waved her hand and asked Zhao Yu to wait there. ”

“““Hey, yes, what’s up?”” Division Chief Jiao picked up the phone and sat in her seat. She nodded and said,““he Yang Province? Hmm...Hmm...Another old case?”” ”

“Upon hearing this, Zhao Yu’s eyes suddenly widened. There was no doubt that there was another case. ”

“Zhao Yu knew that the cases that needed to be handled by the criminal Division would usually be handed over to the criminal Division first, and then assigned to each Special Investigation Group according to the situation of the case. ”

The only cases that could be reported to Division Chief Jiao were those that were either urgent or influential.

“Since Division Chief Jiao was on the phone, it meant that there was a major case, and the crime scene might be in Heyang province. ”

“Heyang province was located between Jin ‘an province and Longxi province. It was located in the core of the Central Plains. Even though it was close by, Zhao Yu had never been there before. ”

“““A Teacher’s College?”” Division Chief Jiao looked puzzled.”“A body was found in the college, and ... And a body from decades ago?”” she asked. ”

“““Mm ... Mm ... I know ... But ...”” Division Chief Jiao said with a serious expression.”“Since it’s a school, no matter how much money it is, at least there are clues to investigate. This kind of thing should be handed over to the local police station to handle. Can’t they do it?”” ”

“As she spoke, Division Chief Jiao unconsciously glanced at Zhao Yu. Zhao Yu’s eyes were calm and he was deep in thought. He was obviously attracted by Division Chief Jiao’s words. ”

“““Alright, I got it. I’ll see which group is free now! Wait for my news, let them investigate first ...”” ”

Division Chief Jiao hung up the phone.

“““What’s wrong?”” ““Is there a new case?”” Zhao Yu asked casually. ”

“““Yes,”” Division Chief Jiao said, shaking her head.”“It’s an old case. The teacher’s College was dealing with an old building, but they suddenly found a body that had been buried for many years. Also, looking at the situation, there was more than one body ...”” ”

“““A Teacher’s College ...”” Zhao Yu frowned slightly, obviously interested.”“Even if it’s an old building, how could it hide the body?”” ”

“Division Chief Jiao pouted and sighed.”“The body has already turned into bones. It must have been hidden for decades. There are so many strange cases this year ...”” ”

“““That’s really ...”” Zhao Yu agreed.”“There’s really quite a lot!”” ”

“““Because the body was a long time ago,”” Division Chief Jiao continued,””the criminal Division in Heyang province hoped to send a special task force to investigate!”” ”

“““It’s not that they can’t handle it, but considering the nature of the case, they still hope that we can send someone over.”” ”

“““The nature of the case?”” Zhao Yu was puzzled.””Isn’t it just an old case? After finding out the identity of the deceased, they would catch the murderer! What kind of nature?”” ”

“““No, it’s not as simple as you think. That’s Heyang division University we’re talking about!””

“““Although it’s an old corpse, you should know the impact it has on the school, right?”” Division Chief Jiao said. ”

“““Oh ...”” Zhao Yu finally understood.””It’s true. There are so many corpses in the school. It’s quite uncomfortable for the students and teachers ...”” ”

“““A few days ago, there was a similar incident in the South. Have you seen the news?”” ““A corpse was dug up during the renovation of the sports field. It was involved in a gang-related case, which caused a huge impact ...”” Division Chief Jiao said. ”

“““Oh ...”” Zhao Yu nodded.””They’re worried that there’s a force behind this case?”” ”

“““Cough, what am I saying? why am I telling you so much?”” Division Chief Jiao suddenly realized something and quickly said to Zhao Yu,””alright, Zhao Yu, don’t worry about it! ”

“““You just came back from a mission overseas, so you need to rest. I will find the right people to deal with these old cases! ”

“““I’ll make a reservation at a restaurant and treat you guys to a good meal tonight ...”” ”

“““Uhm ... About that ...”” Zhao Yu seemed to be frozen and couldn’t move. After thinking for more than ten seconds, he said to Division Chief Jiao,””sis, how about ... Let me handle this case!”” ”

“““You?”” Division Chief Jiao said awkwardly,””you’ve worked too hard. I feel that although this case is an old one, it shouldn’t be too difficult, right? You should still ...”” ”

“““I don’t think you should book a restaurant. You should book a plane ticket instead!”” Zhao Yu said directly,””since the case isn’t difficult, I’ll just take it as a break!”” ”

“““You ... Sigh!”” Division Chief Jiao said reluctantly,””since you’ve said so, then okay, I’ll leave this case to you. I’ll ask Xiao Cheng to book plane tickets for you!”” ”

“““Alright, I’ll get ready,”” Zhao Yu said.””We’ll leave immediately!”” ”

“Then, Zhao Yu turned around and left the office to gather his team members. ”

“““Sigh ...”” ”

Division Chief Jiao looked at Zhao Yu’s back and sighed. She then touched her phone with a proud look on her face.

“It turned out that Division Chief Jiao had already known about the case and had wanted Zhao Yu to handle it, but she was afraid that Zhao Yu wouldn’t be willing to go, so she put on a show to answer the phone. ”

“Unexpectedly, this scene had indeed piqued Zhao Yu’s interest. Not only did he happily go, but he also bought a good ... ”

Chapter 2118: Killer Diary

“Two days ago, he Ningning was under the sun, flipping through those old books. Most of the books were reference books, but they were basically related to Chinese Language and Literature. ”

“He Ningning was from the language Department, so she was more interested in these books. She flipped through them one by one and realized that some people had even taken notes in some books ... ”

“””He Ningning...Take it ...”” At this time, the class monitor threw him a bottle of mineral water to thank he Ningning for helping him move the books. ”

“””Hey, hey, hey ...”” Because the mineral water was thrown too suddenly, he Ningning didn’t catch it and staggered. She actually directly kicked over the box of books ... ”

Half a box of books fell out and scattered all over the floor ...

“””Hahaha...No way!”” The class monitor hurried over to help him up.””You can’t even catch a bottle of water?”” ”

“””It’s nothing, it’s nothing. I was too engrossed in reading, hehe ...”” He Ningning gloomily got up from the ground. She unscrewed the bottle cap and drank some water, but her eyes fell on the books closest to her. ”

“These books had just been taken out of the box. Other than the books, there were also some notebooks. He didn’t know if it was some kind of telepathy or coincidence. ”

He Ningning drank water while casually flipping through it. She discovered a notebook that had been torn in half and a thick reference book stacked together.

“There were words written on the torn notebook with a ballpoint pen. He Ningning reached out to peel the notebook off the reference book, but she accidentally tore off a page from the notebook. ”

“Due to its age and decay, the paper had become very fragile. When it was torn, it did not make a sound. ”

“Oh, oh ... ”

“He Ningning put down the bottle of water and held the paper with both hands, seriously reading the words written on it. However, after a few glances, he suddenly felt a chill on his back. The words were scribbled on it: ”

“““Let’s do this! In fact, I quite like her. I’ve always been fascinated by her seductive xxx. Her eyes were like crystal Gems, making me fall deeply in love ... ”

“““But ... I know that I can’t let her live anymore ... ”

“““There’s nothing I can do. He already knows who I am. If I let him go, he’ll definitely call the police ... Also, because of the preparations for the National University Games, the sports department is about to start school ... ”

“““I’m sorry, Xiaoling ...”” ”

No way?

“He Ningning felt more and more that something was wrong. At first, he thought that this was just some random writing by a student from the language Department. However, the more he looked, the more he felt that something was wrong. ”

“So, he quickly opened the reference book and carefully pulled out the notebook. ”

“However, only half of the next page was left, and the words on the first half of the page could no longer be found. ”

“““...In the middle of the night, I used a hammer to break open the garbage dump that was piled up with bricks and threw Xiaoling’s body down from the second floor ... ”

“““I was worried that the rotting body would give off a foul smell, so I wrapped her body in three layers of plastic bags and more than ten rolls of thick tape ...”” ”

“““After throwing the bodies, I threw in the broken bricks as well. Then, I used the bricks and cement I prepared in advance to seal the trash mouth again ... ”

“““The cement needs 10 hours to completely dry. If it wants to return to its original appearance, it will take at least a few days. But ... I’m not worried, because I’m the only one in this building! ”

“““Even if someone walked through the corridor, I wouldn’t be worried because I broke the light bulb in the corridor in advance. The corridor is so dark that no one would notice. What’s the difference between the garbage mouth and the past ...”” ”

“Seeing this, he Ningning discovered that the words had already disappeared. He turned back a few pages in a daze, but discovered that the words at the back were already completely unclear because they had been soaked in water ... ”

“““What is this?”” The class monitor saw that he Ningning was entranced. He bent over and asked,“““is this a love letter from a senior?”” ”

“““No...”” He Ningning said with a serious expression,“““from what I see, it looks more like a certain senior’s diary of a Wanwan killer!”” ”

“““Are you kidding me ...”” The class monitor took the notebook and looked at it carefully for a long time. He then said,“““this ... Should be just written by the seniors in the language Department for fun, right? A dark novel?”” ”

“““Wait ... Wait ...”” At this time, he Ningning’s back was covered in a layer of cold air, and her expression was unusually terrified as she said,““just now ... When we went upstairs, but ... But we saw that garbage entrance ...”” ”

Whoosh ...

“Hearing this, the class monitor was stunned. Goosebumps rose all over his body, and his scalp felt a little numb ... ”

“““This ...”” He was still trying to find a reason.““This might just be a coincidence, right?”” Or ... Was it because there was a closed trash can first, so, so there was this diary or something? ”

“““This kind of wording, is it just a first-person novel? Hey...Hey...He Ningning...You...What are you doing?”” ”

“Suddenly, the class monitor discovered that he Ningning was actually walking towards the entrance of the exquisite building. Furthermore, he even picked up a hammer along the way ... ”

“““No way? Was he crazy? ““He Ningning...Hey ...”” The class leader quickly chased after her and advised,““don’t do anything stupid. If you think there’s a problem, you should report it to the teacher first!”” ”

“““This building ...”” He Ningning didn’t stop and continued to walk quickly towards the corridor. At the same time, she said to the class monitor,““you know, this place is going to be turned into a Museum ... Turning it into a Museum, they won’t touch the trash ... ”

“““We ...”” He Ningning’s eyes were firm as she said,““we should go and see what’s going on. If we just smash open the trash, the teacher won’t blame us if he knows!”” ”

“““Don ‘t, don’ t, don’t ... Wait, wait ...”” The class monitor was frightened. He quickly ran to the field to call the teacher. ”

“He Ningning, on the other hand, seemed to be possessed. She picked up the heavy oil hammer and walked to the second floor of the stairs, standing in front of the garbage mouth that was sealed by cement. ”

“For some reason, although the mouth of the garbage was sealed with cement, it was not painted. It was still the color of lime cement, so it could be clearly recognized. ”

Thump ...

He Ningning picked up the hammer and smashed it towards the trash.

“““What’s the situation?”” ”

“As the hammer smashed down, it immediately attracted the attention of the other students, and they all gathered around. ”

“““It’s he Ningning!”” Someone asked,““he Ningning, what are you doing? He dachui ...”” ”

Thump ...

“He Ningning ignored her classmates ‘mockery and continued to hammer down. Finally, cracks appeared on the old cement, and it looked like it was about to collapse! ”

“““He Ningning, stop!”“ At this moment, a teacher ran over and shouted,““what are you doing? Who told you to smash the wall?”“ ”

“However, he Ningning didn’t listen to the teacher’s words. Once again, she used all her strength to swing the hammer and heavily smashed it against the wall. ”

“In the end, the cement crumbled and revealed the trash can from back then ... ”

“With the appearance of the trash can, all the students present were stunned. For some reason, everyone felt a chill run down their spines. ”

Everyone’s gazes were also drawn to the black hole in the trash.

“There seemed to be a gust of wind coming from the rubbish dump, and there was an uneasy aura mixed in with the wind. It was as if this aura came from the ancient and distant netherworld. ”

“““Faster ... Faster!”“ He Ningning beckoned to her classmates,““quickly turn on the flashlights on your phones. Look inside ... What exactly is inside ...”“ ”

Chapter 2119: traveling with you

In the Miao family’s mansion in the western suburbs of the capital.

“““Aiya, I’m really emotional!”“ Looking at the octagonal iron cage in the hall, Zhao Yu was full of emotion and said proudly,““back then, it was here that I defeated the world’s number one, sangerov, twice!”“ ”

“““Tsk,”“ miss Miao narrowed her eyes and said in admiration,““you’re really thick-skinned!”“ The first time was a sneak attack, and the second time was a fake punch, yet you still have the face to say that ...”“ ”

“““Hmph, haha ...”“ Zhao Yu looked up and laughed.““MeowMeow, you’re wrong. Even if it’s a sneak attack, not everyone can succeed! ”

“““Sangroff’s head is already harder than a rock. I punched him into the ICU, and the energy is not to be ignored!”“ ”

“““Tsk, you speak as if you’re a One Punch Man,”“ Miao Ying said, pointing to the octagonal cage.““My uniform is in the locker room. Zhao Yu, why don’t we have a match now?”“ Can you not give in to me?”“ ”

“““Mm ...”“ Zhao Yu cupped his fists and said,““please spare me, miss. Look at your watch. We’re going to Heyang to investigate a case. The high-speed train doesn’t wait for anyone ...”“ ”

“Originally, Zhao Yu had booked a plane ticket, but because he had to send Li Jie home, the time did not match, so he had to change it to a high-speed train ticket.”

“Before this, Miao kun had already arranged everything for Li Jie, including his daily life and studies. He had hired someone to take care of everything.”

“The child didn’t understand Chinese yet, so he could only hire a tutor. When he could communicate with people in the future, he would arrange for him to go to school.”

“””There’s still an hour left. We can make it.”” Miao Ying looked at her watch.””I just learned some new tricks from secret services. I haven’t used them yet ...”” ”

“””Forget it, sis.”” Zhao Yu waved his hand again.””I give up, I give up, okay? Please spare me this time on the account that I still have to solve the case! ”

“””I’m physically and mentally exhausted right now. Let me slowly ...”” ”

“””Hmph, you also know what it means to be physically and mentally exhausted?”” “”I think you’re full of energy,”” Miao Ying said.””You’re on such good terms with Division Chief Jiao. She wouldn’t make things difficult for you if you quit the case!”” ”

“””Why bother? There are so many Special Investigation groups in the criminal Division, why do they have to send you?”” ”

“””Well, I chose it myself,”” Zhao Yu said.””Division Chief Jiao thought I couldn’t tell, but she was too deliberate in front of me. She was the one who put on a one-man show!”” ”

“””I know what she meant. She wanted to pique my interest in this case, so that I would volunteer myself, and then she would do me a favor ...”” He said. ”

“””Damn, no way? Division Chief Jiao still has such thoughts?”” Miao Ying frowned.””Then why did you agree to it?”” ”

“””Hehe,”” Zhao Yu laughed,””Division Chief Jiao really put in a lot of effort! “”I can tell that she still places a lot of importance on this case. She definitely won’t feel at ease sending someone else, but she doesn’t want to give me direct orders, so she did it ... ”

“””If it’s a case that can give the division Chief a headache, it must be no small case,”” Zhao Yu said.””So, let’s go to Heyang ...”” ”

“””Maybe it’s a tricky situation for others, but for me, Zhao Yu, it’s just a vacation!”” ”

“””If I wasn’t afraid of affecting my ladylike image, I would have punched you in the face,”” Miao Ying said seriously.””You make it sound so easy, but when has solving a case ever been easy?”” ”

“””Hehe ...”” Zhao Yu laughed again, then put his hand on miss Miao’s shoulder.””I can’t help it. Your husband is so professional.”” ”

“””Child, child ...”” At that moment, the two of them saw a woman’s voice coming from the octagonal cage. ”

“When they saw their godson, Li Jie, who was playing in the iron cage, suddenly fall down, an elderly woman rushed forward to help him. ”

The woman was the one who had pretended to be Miao kun’s wife when Zhao Yu had first come here.

It wasn’t until a long time later that Zhao Yu realized that the madam Miao was a fake.

“Zhao Yu remembered that when he first met Miao Ying, he had heard Miao Ying’s mother talking to her. Miao Ying’s mother had sounded arrogant over the phone, and he could tell that she was not a kind person. ”

“However, the person he saw in the Miao residence was gentle and elegant, graceful and natural. It turned out that she was just the Butler of the Miao residence. ”

“In the past, Miao Ying had also talked to Zhao Yu about her mother. She said that her mother also worked in a secret department. When Miao Ying was very young, she had divorced Miao kun because of some problems. ”

It turned out that her old man was single. No wonder he was so forthright every time he went abroad.

“In the past, Zhao Yu had thought that he had something on his father-in-law, but in reality, Miao kun was not afraid at all. ”

“““Then ...”” Zhao Yu asked Miao Ying, “““you haven’t seen your mother for a long time?”” ”

“““Who said that?”” Miao Ying smiled. “““We meet a lot, but it’s always her who comes to me! He’s just like my dad!”” ”

“““Wow, then your life is really weird!”” Zhao Yu sighed, then asked, “““it seems that it’s very difficult for a family to get together?”” ”

“““It’s not that it’s difficult, but that it’s impossible!”” Miao Ying said, “““especially during Chinese New Year and other festivals ... So, when you join the special task force, think about how I feel! ”

“““The three most important people in my life have all become elusive. I can only see you when you want to see me! ”

“““And when I wanted to see you, I didn’t even know if you were alive or dead ... ”

“““This feeling, I’m afraid it’s weird enough, right?”” ”

“““Oh ...”” Zhao Yu was deeply touched. He said with self-blame, “““I didn’t realize until today that you were trying so hard to join the Secret Service team not because of your interests, but because you wanted us to be together and never be apart!”” ”

“““These words are actually quite hurtful,”” miss Miao said, crossing her arms. “““You’re a detective. Why didn’t you understand it until today?”” ”

“““I’m sorry, MeowMeow ...”” Zhao Yu hugged Miao Ying, feeling touched. “““I’ve neglected your feelings! Don’t worry, from now on, we’ll never be apart. No matter what mission it is, I only have one condition, and that is to have my beloved wife with me!”” ”

“”””Hmm...That’s more like it!”” Miss Miao nodded her head in satisfaction. ”

“”””I now ...”” Zhao Yu pondered for a moment, then said,“”””I understand another important thing!”” ”

“”””What is it?”” ”

“”””No wonder ... When you heard that I beat up your father, not only did you not feel angry, but you even laughed! ”

“”””Do you think that you’ve vented your anger?”” ”

“”””Hahaha ...”” Miao Ying laughed.“”””You don’t say, I really did have a little bit!”” My dad thinks highly of himself and no one dares to provoke him! ”

“”””I’m suddenly beaten up by son-in-law. It’s so satisfying just thinking about it, hehehe ...”” ”

“Looking at Miao Ying’s sneer, Zhao Yu covered his face and was speechless. He did not dare to laugh with her. ”

“At this time, the Butler’s mother had already brought tie-knot li out of the octagonal cage, and Zhao Yu looked at the time. It was time to leave. ”

“Hence, they did not care whether Li Jie understood them or not. The two of them went forward to give their child some instructions before bidding their farewells to the Butler’s mother and setting off for he yang ... ”

Chapter 2120: -sealed trash can

“Heyang province, Chengzhou police station conference room.”

“”””We have cordoned off the scene and carefully searched all the suspicious books ...”” MoU Yongen, the captain of the Chengzhou police station, stood in front of the big screen in the conference room and explained to Zhao Yu and the others.“”””But, we did not find any other parts of the diary ...”””

“”””That is to say ...”” Zhao Yu asked.“”””About the killer Diary, there are only a few pages left?”””

“”””There are 15 pages in total,”” Captain MoU said solemnly.“”””Only five of them have words written on them, but some of the words are seriously damaged, so our technical staff are carefully repairing them ...”””

“Zhao Yu then said,“”””let’s talk about the four victims!”” I heard that the building has more than one sealed trash path!”””

“”””Yes,”” Captain MoU said.“”””Because it was originally designed for teaching purposes, there are three staircases in total. There is a main staircase in the middle, and an auxiliary staircase at the East and West ends.”

“”””The main staircases are open, and there are no dumpsters. There are only dumpsters on the East and West sides ...”

“““According to the school’s principal, the trash path was sealed off around 1995.”

“““At that time, because Zhihui Building was converted into a dormitory, the students had more domestic garbage, and the garbage dump was slightly narrow. It was blocked every two or three days, and the stench was unbearable. So, the school finally decided to use bricks and cement to seal the garbage dump, and the students would dispose of the garbage by themselves every day ...”““

“““The body ...”“ Miao Ying looked at the information and asked,”“which side of the garbage can was it found?”““

“““West side!”“ Captain MoU replied,”“the four bodies were all found in the garbage dump on the west side. Just in case, we’ve already opened the east side of the dumpster, but we didn’t find any corpses there!”““

“““Interesting ...”“ Zhao Yu put his materials on the table and said,”“a student found a piece of paper with words written on it when he was carrying things. After reading it, he used a hammer to smash open the west side of the garbage dump that had been sealed for more than twenty years, then found the body ...”““

“““Isn’t this a bit too much of a coincidence?”

“““You put so many books aside to read a piece of paper?”““

“““Yeah ...”“ Cui Lizhu couldn’t help but interrupt.”“Why did the student know that what was written on the paper must be true?”“ Also, there were clearly two dumpsters, the East and the West. Why could he directly choose the dumpsters with corpses?”

“““This child ... Have you checked?”““

“““The student’s name is he Ningning. She’s a fourth-year student in the Department of Literature at Heyang Normal University,”“ Captain MoU replied.”“We’ve already asked he Ningning the question you asked just now. He said ...”

“““Well ...”“ Captain MoU hesitated, then said,”“he said that he seemed to have some kind of telepathic connection. After reading the text, he almost instinctively knew that the garbage dump written in the diary was from the exquisite building!”

“““Of course, he also explained to us why he chose the west side of the garbage dump. It’s because,”“ Captain MoU said,”“there is a small field on the east side of the exquisite building. There are windows on the stairs, so it’s very bright!”

“““On the other hand, the west side of the exquisite building is next to another building. There are no windows in the corridor, so even during the day, they need to rely on electric lights for illumination ... Because according to the diary, the murderer damaged the light bulbs in advance to avoid people noticing the abnormality in the garbage mouth.”

“““So, he Ningning was very sure that the diary wrote about the west side of the stairway ...”

“““Of course, in the diary, there was a detailed description of that sealed trash path, which left a deep impression on he Ningning, so she had the urge to smash it open!”““

“Tsk tsk ...” Cui Lizhu smacked her lips and mumbled to Zhao Yu, “I still think that there’s something wrong with this student. That building has been closed for a long time, and he only went in to move some things. How could he know so much about it?”

“How’s the investigation on the four victims’ identities going?” Zhao Yu ignored Cui Lizhu and asked Captain MoU.

“It’s still being processed,” Captain MoU said. “Our technical staff is extracting DNA. At present, we only know that the four victims are all female, and they are young women ...”

“How complete is the corpse?” Zhang Peipei pointed to the report and said, “there’s no detailed indication on it ...”

“Oh, I’m sorry, the materials were written too quickly,” Captain MoU said quickly. “Just as it was written in the killer Diary, the murderer wrapped the body in three layers of plastic bags, and as expected, the clothes were covered with tape.”

“However, because of this, the skeletons are relatively well preserved, and the forensic doctor can clearly distinguish the four bodies ...”

“But ...” Zhao Yu quickly found a problem. “The killer Diary only described one case, but in the garbage dump, there were four corpses? Doesn’t this mean ...”

“Yes ...” Captain MoU nodded and said, “in the missing diary, the murderer may have recorded three other murder cases. We are still looking for them one by one ...”

“Then,” Miao Ying asked, “what’s the cause of death? Can you still find out?”

“There are no obvious external injuries,” Captain MoU said. “At present, the forensic doctor suspects that the deceased died of suffocation. They may have been strangled or strangled by the murderer!”

“There’s no description of the way of death in the diary?” Miao Ying asked again.

“It just so happens that the last section is damaged,” Captain MoU said regretfully. “Our technicians are trying their best to repair it ...”

“Have you checked the school?” Zhao Yu continued to ask, “has there been any similar disappearance cases in the school? Did a female student go missing during that period?”

“Yeah ...” Cui Lizhu agreed. “The skeletons are all young women. Maybe they are female students from our school?”

“In that case,” Zeng Ke said, “it would be big news. It shouldn’t be difficult to find out, right?”

“At this point, everyone looked at Captain MoU. Captain MoU frowned and said to everyone, “Currently, the school is still actively searching for it!”

“But, according to some of the old teachers, Heyang Normal University has never had a student go missing since the founding of the country!”

“What do you mean after the founding of the country?” Cui Lizhu pouted. “Just say the 90s!” The four girls who were killed must have died after the trash can was sealed!”

""I'm sorry, we're still confirming it,"" Captain MoU explained.""After all, it's been too long!""

""There's one more thing that I don't quite understand ..."" Miao Ying said.""According to the killer Diary, the time of the crime was during the summer vacation. Plus, he was the only one in the dormitory building, so he had the chance to kidnap the girl, kill her, and then dump the body!""

""Regarding this matter, does the school have any explanation?"" Miao Ying asked,""which students have lived in Zhi ya tower before? They should have a clear record, right?"

""Also, there are students in the dormitory who don't go home during the holidays. How could the school management not remember?"

""If we check the records, can we ... Easily find this person?""

""Yeah ..."" Cui Lizhu agreed.""The diary mentioned the University Games. Can we determine which year it is?""

""Also, since he's afraid that the sports department students will return to school early, then he's definitely not a student from the sports department?""
