Chapter 2121: The remaining diary entries

“6 p.m., Heyang Teacher’s College, Zhi Yi tower. ”

“““Seriously,”” cui Lizhu said as she turned on her flashlight and looked into the garbage dump where the body was found.””This garbage dump is really narrow! ”

“““This is the second floor. If four corpses were placed here at the same time, it might not be big enough!”” ”

“““Yes,”” Captain MoU said in a hurry.””The forensic doctor has already tested that the time of death of the four victims should not be in the same time period. The murderers should have killed them separately!”” ”

“““Wow,”” cui Lizhu looked at Captain MoU and said,””four years in college, one kill a year?”” ”

“Ran Tao quickly corrected cui Lizhu’s mistake.””They graduated in June in the last year. If the murderer was a student, he would only have three summer breaks!”” ”

“““Oh ...”” Cui Lizhu nodded. ”

“““Not necessarily,”” Captain MoU said.””In the 1990s, the teacher’s College usually arranged for internships in April. At that time, there was no one in the dormitory. If the murderer was still in the dormitory, there was still a possibility of murder!”” ”

“““But, if everyone else is interning,”” Miao Ying asked,””why didn’t the murderer go?”” ”

“““If we’re not wrong,”” cui Lizhu said,””is the murderer homeless? You’ve been staying in the dormitory for three summer breaks. Ask the old people in the school, won’t they find out?”” ”

“““Eh?”” Ran Tao suddenly thought of something and said in a hurry,””do you think ... The murderer ... Could he be the dormitory manager? Or ... A guard?”” ”

“““Tao, you really have a brain ...”” Cui Lizhu covered her face.””Did you forget where you got the killer Diary? Do you think that the diary was written by a guard?”” ”

“““Not necessarily,”” Ran Tao said, pointing down the corridor.””Didn’t you say that the diary pages were found on the first floor?”” ”

“““Could it be the guardhouse?”” ”

“““Dear leaders,”” Captain MoU said apologetically,””because of the long history, we are still trying our best to find information about the exquisite tower. ”

“““The school has also gathered all the senior teachers with experience to conduct detailed inquiries ... ”

“““Don’t worry, we’ll definitely do this well as soon as possible!”” ”

“““Then ...”” Ran Tao continued,””which room did you find the diary in?”” ”

“Well ...” Captain MoU led the group back to the corridor on the first floor. He then pointed to the rooms on both sides of the corridor and said, “in order to welcome the 100th anniversary of the school, the teacher’s College has decided to transform this historic building into a School Museum. So, recently, they have been sending students to help clean up the items in the building ...”

“Looking for students?” “To save money?” Cui Lizhu asked. ”

“The school said no,” Captain MoU explained. “There are many memorable things in the building. If we look for workers, they are afraid that they will break things ...”

“It won’t be broken if the students help?” Cui Lizhu crossed her arms, but Zhao Yu pulled her to the side. ”

“Speaking of which, it’s quite a coincidence,” Captain MoU said. “The school’s transformation plan did not involve the garbage dump. If the transformation was completed, I’m afraid the four bodies would never be discovered!”

“It’s such a coincidence,” Zhao Yu said. “If it weren’t for the few pages of the killer Diary, and if it weren’t for the fact that the students saw it, it wouldn’t have been exposed either! ”

“Captain MoU,” Zhao Yu said, “I heard that the outside world already knows about the corpse that was found in Zhi ya tower, right?”

“Yes, I am!” Captain MoU said frankly, “the students all have mobile phones. The news can’t be hidden! Therefore, we also released the news through the official channels at the first moment! To prevent the media from spreading it ...”

“I understand,” Zhao Yu said. “No wonder the criminal Division places so much importance on this case!”

“I’m sorry, but I have a question ...” Ran Tao interrupted again. He wanted to ask which room the killer Diary came from. ”

“However, Zhao Yu beat him to it and said to Captain MoU, ”

“Captain MoU, I want you to send plainclothes to stand guard at the school gate and observe any suspicious people,” Zhao Yu said in a commanding tone. “Since the news has spread, we must be on guard that the murderer may choose to revisit the same place ...”

“It can’t be?” Cui Lizhu was shocked. “You mean, after the murderer saw the news of the body being found, he would return to the school?”

“The probability is not high, but just in case,” Zhao Yu said to Captain MoU. “If you really find anyone suspicious, don’t ask around. Follow them first and figure out the situation ...”

“Alright!” Captain MoU gestured to the police detectives under him, and some of them immediately went to make arrangements. ”

“Zeng ke,” Cui Lizhu said to Zeng ke. “You went to college. If you were a college student at that time, how old would you be this year?”

“““Between 43 and 47!”” Zeng ke answered. ”

“““In the diary, there was the word ‘assault’, so ...”” Cui Lizhu’s eyes were wide open.””The murderer should be a man in his forties?”” ”

No one objected to cui Lizhu’s speculation.

“““Well ...”” Captain MoU pointed to the rooms on both sides of the corridor and finally answered Ran Tao’s question.””According to the students, they were collecting items from the dormitories on the first floor. Those books were all collected from these dormitories, but it’s hard to tell which room they were from!”” ”

“With Captain MOU’s introduction, everyone looked into the dormitory. The smell of mold was pungent, and the dormitory was dark and damp, which made people feel very uncomfortable. ”

“This was especially true for the dormitory on the sunny side. Because there was a high wall blocking the outside of the dormitory on that side, the sun could not enter, and it was unusually dark. ”

“““So ...”” Ran Tao scratched his head out of habit.””It has nothing to do with the dormitory manager?”” ”

“““We’ve asked this question before,”” Captain MoU said.””In the 1990s, the management was not as strict as it is now. There were only guards in the dormitory, and no real dormitory management! Usually, only the teachers would do regular inspections, or the senior students would be in charge ...”” ”

“““Security guard?”” Ran Tao asked again,””when the murderer committed the crime, was the security guard still there? Is the security guard also on summer break?”” ”

“““Well ...”” Captain MoU shook his head.””We’re still in the process of asking. I’ll report to you as soon as possible!”” ”

“At this time, Zhao Yu had already walked into one of the gloomy dormitories to check the items inside. ”

“At this moment, the forensics team was also searching and collecting evidence in the dormitories. ”

“Many places were marked, and there were also external lighting devices in the house. ”

Zhao Yu flipped through it and found that the things inside were messy and badly damaged. Many of them had become rubbish.

“““The school said that the cleaning up of the exquisite building has been going on for many days,”” Captain MoU said to Zhao Yu.””Most of the rooms on the first floor have been cleaned up ...”” ”

“““That’s bad,”” cui Lizhu said, rubbing her hands.””We have to find the rest of the diary!”” It’s only a few pages. If the students throw it away, it’ll be bad!”” ”

“““That’s not true ...”” Captain MoU pointed outside.””The school said that the items that were cleared out were all placed in the small square outside. So far, nothing was thrown away. ”

“““We’ve also sent the most professional search personnel to carefully search the items that have been cleared out. As long as the other diary pages are still there, we’ll definitely be able to find them!”” ”

## Chapter 2122: informant

“At 8:30 p.m., In a noodle restaurant in Chengzhou city, Heyang province. ”

“”Boss, this doesn’t seem to be your style, right?”” Cui Lizhu was holding a bowl of steaming mutton noodles, and she said to Zhao Yu, who was deep in thought,“”according to the usual routine, you should be setting up your whiteboard in the police station office now! How come you’re suddenly in the mood to treat me to risotto noodles?”” ”

“At that moment, only Zhao Yu and cui Lizhu were eating the noodles in the noodle shop. Miao Ying and the other team members had returned to the he yang police station to carry out their own duties and to start the investigation of the murder Diary case. ”

“”Nothing,”” Zhao Yu said.””I haven’t seen you for a long time, so I wanted to get closer to you ...”” ”

“Cui Lizhu pointed to her snow-white arm and said,“”look, I have goosebumps that can be measured with a ruler!”” Boss, please don’t say such things. I can tell that you have ulterior motives!”” ”

“”Go to hell!”” Zhao Yu took a bite of mutton and said,“”my tinnitus just now came back again. Your sister Miao saw that I was working too hard, so she asked me to hand this case over to her so that I can have a good rest and not get involved again ...”” ”

“”Wow!”” Cui Lizhu exclaimed.””Boss was impeached!”” How interesting! ”

“”But, rest is just rest,”” cui Lizhu said, sticking her tongue out.””Why did you have to drag me along?”” Don’t tell me that you don’t want me to do it? ”

“”Did you know that in the memoir of a murder case, I also made a great contribution?”” ”

“”Alright,”” Zhao Yu said, glancing at her.””I’m lonely. Is it too much to ask you to eat a bowl of noodles with me?”” ”

“”Yes, of course you can! “”But ...”” Cui Lizhu blinked her big, bright eyes.””You want to tell me about your amazing performance in Korea? that’s not too much, is it?”” ”

“”How is it? you must have had a lot of people over there, right? ”

“”The brave and powerful detective Zhao Yu, versus the Korean ...”” ”

“”Hey, hey, hey, don’t talk nonsense. What are you talking about?”” Zhao Yu pointed at cui Lizhu’s phone and said,“”get serious. What did you see just now?”” Is there any new information on the case?”” ”

“”Oh ...”” Cui Lizhu’s mouth was wide open.””I see. You want me to be your informant!”” \* Cough \* You should have said so earlier! We’re so close, it’s just a matter of a word. “” ”

“”Alright,”” Zhao Yu pouted,“”hurry up and tell me!”” ”

“““Hehe, I knew you couldn’t let go of the case,”” cui Lizhu said as she turned on her phone.“““I just checked, and the University Games were held in November 1997!””

“““The sports meet is held once every four years, so it was held in 2001. But I think the murder case happened in 1997, right?”” ”

“““Oh ...”” Zhao Yu nodded.“““The murderer said that the sports students returned to school in advance for training, which would expose him. Does that mean that there were sports students living in the ultimate building back then?”” ”

“““I don’t know yet!”” Cui Lizhu took a sip of the soup and said,“““ever since I was pulled into the Special Investigation Group by you, strange cases have happened a lot.””

“““I just cracked a memoir of a murder, and now a diary of a murderer has appeared! Just look, the person who wrote the diary must be a freak like tu Qiang!”” ”

“““Tsk tsk ...”” Zhao Yu smacked his lips.“““Isn’t he yang police station a little slow?”” Have you found out the identity of the deceased yet?”” ”

“““Um ...”” Hearing this, cui Lizhu finally became serious again.“““I just asked, and the forensics department has extracted the DNA of the deceased and compared it with the database, but ... But ...”” ”

“““It can’t be?”” Zhao Yu was surprised.“““The comparison wasn’t successful? How ... How did this happen?”” ”

“““Yes!”” “““I’m also quite puzzled,”” cui Lizhu said.“““Although the database wasn’t established at that time, after the missing person database was established, didn’t the family members of the missing women know how to record information?”” ”

“““It shouldn’t be, right?”” Zhao Yu swallowed his saliva and felt that something was not right.“““If the deceased were university students, then their family members shouldn’t have not recorded any DNA information, right?””

“““Moreover, even if we don’t record one, two, or four...Will we not record all of them?”” ”

“““It seems that,”” cui Lizhu said,“““we can only compare it with the missing person case that was reported back then! However, Captain MoU said that there were many similar cases of missing women in that era, and it would take some time to find out the truth!””

“““By the way, the school has confirmed that, since the 1990s, there has been no case of missing students in school!”” Cui Lizhu said.”

“““So, at least the victim was not from Heyang Normal University ...”” ”

“““Mm ...”” Zhao Yu said.“““If it was a student from our school, then the school would have already searched the entire place. They might even have opened the trash can to check!”” ”

“““So,”” cui Lizhu’s eyes were wide open,“““the murderer made preparations in advance, and it was all premeditated. He must have known that he couldn’t have killed the girls in his school!”” ”

“““Then ... Who were the girls who were killed? Could he be a student from another university? Was he lured to the dormitory by the author of the murderer’s diary and then raped and killed?”” ”

“““It’s also possible,”” Zhao Yu said.””That he’s not a college student! After all, the case happened during summer vacation, so it’s possible that it was another woman ...”” ”

“““You mean ...”” Cui Lizhu understood what Zhao Yu meant, so she asked,””do you mean those girls who work in special professions?”” ”

“““I’ve been involved in similar cases before. More than half of the missing women who didn’t enter the DNA database for comparison were like this!”” Zhao Yu said,””and, such a girl would be more likely to follow the murderer to the University dormitory ...”” ”

“““That’s true ...”” Cui Lizhu nodded.””Who would have thought that there would be a murderous demon hiding in the University dormitory? ”

“““But ...”” Cui Lizhu guessed again,””the diary mentioned a name called Xiaoling. I’m thinking, if the deceased was really in that kind of special profession, why would the murderer kill anyone? ”

“““It’s just a transaction of money and body. There’s no need to kill, right?”” ”

“““So, either we were wrong, and it was a coincidence that the girl’s data wasn’t in the database, or ...”” Zhao Yu looked up and said seriously,””the murderer had serious psychological problems, and he lured the girl to the University dormitory to kill her!”” ”

“““You’re right, I still have some impression of it,”” cui Lizhu said.””Back then, the University entrance and security measures were not strict, and there were no surveillance cameras. If it was during the summer break, it shouldn’t have been difficult for the murderer to bring a woman back to the dormitory, right?”” ”

“““Who is this person?”” ”

“““Is there any progress on Zhang Peipei’s side?”” Zhao Yu asked again,””the murderer used a lot of tape to wrap the body. Did you find any fingerprints or skin tissue on the tape?”” ”

“““Dr. Zhang is still examining it, so we don’t know the skin tissue, but ...”” Cui Lizhu replied.””There shouldn’t be any fingerprints left, right? Otherwise, I would have known long ago! ”

“““Boss, I’ll say something fair. Don’t blame sister Miao for showing her might!”” Cui Lizhu looked at Zhao Yu with concern and said,””you really look pale! ”

“““How about this? I promise to be your informer and provide you with information at any time, but you must take care of your body. Oh, no, no, no, take care of your body and have a good rest, okay? ”

“““Don’t worry, with sister Miao and US, this case will definitely be solved beautifully! Just wait and see!”” ”

Chapter 2123: This is fate!

“The next morning, Cheng Zhou city, Nan Xing Street antique market.”

“As this place was very close to Zhao Yu’s hotel, Zhao Yu was strolling around.”

“Last night, when Zhao Yu’s tinnitus acted up again, miss Miao was really anxious. She forced Zhao Yu to go back to his hometown in Qinshan to rest, and stopped him from investigating the case.”

“After much persuasion, Miao Ying finally allowed Zhao Yu to stay, but not let him enter the he yang police station until he was fully rested.”

“Zhao Yu was still the leader of the Special Investigation Group, so it was a bit embarrassing for him to be “impeached” by Miao Ying.”

“However, Zhao Yu knew that miss Miao was indeed worried about his health. It was all for his own good, so he didn’t dare to resist.”

“Therefore, he found cui Lizhu and asked her to be his informant.”

“It was already his second day in Heyang. Zhao Yu had a bowl of four-flavor risotto at a food stall in the morning, then strolled to the antique Street not far from the hotel.”

“However, as they strolled around, their hearts could not be at peace. As a senior detective, what he was most concerned about now was, of course, the case.”

“Although the case didn’t look particularly complicated, Zhao Yu was used to being on the front line and thinking about the case with a blank slate. It was really awkward that he couldn’t do anything.”

“He touched his ear and kept grumbling. Why was he fine now? It was the same last night. If Miao Ying didn’t find out about his tinnitus, he would have been fine.”

“”This cui Lizhu is really ...” Zhao Yu looked at his phone. Up until now, he had not received any news from cui Lizhu.”

“However, he didn’t dare to send a message to cui Lizhu, for fear that Miao Ying would find out.”

AI!

“Zhao Yu sighed bitterly in his heart. He was the leader of the Special Investigation Group, the famous detective Zhao Yu, but he had fallen to such a point where he had to play the spy game with his team members. This was really ...”

Alright ...

“Looking at the bustling crowd on the antique Street, he thought to himself, “I have nothing to do anyway, so it’s good to relax. Maybe I’ll get a call from Miao Ying later, saying that the murderer’s diary case has been solved!””

“The antique Street was built next to the Poplar River. On one side of the river, there were antique vendors who had set up stalls on the ground. On the other side, there were antique stores along the street, which sold relatively high-end things.”

“The streets were narrow and crowded. Zhao Yu looked around, feeling bored.”

He knew nothing about antiques and was not interested in them.

“Although he could rely on the invisible appraiser to appraise treasures and buy some valuable treasures, he was not short of money now and was too lazy to do such business.”

Tsk tsk ...

“As he walked, he thought to himself that solving cases and completing missions seemed to have become a part of his life. He was no longer used to a comfortable life.”

“Normally, with Miao Ying leading the Special Investigation Group to solve the case, he could totally take a break and enjoy a comfortable life.”

“However, just like how he quit smoking, he walked on the streets and all he could think about was the case. Even if he wasn’t thinking about the case, he was still thinking about how to find Xi Wei’s Treasury in the future.”

Could this be ... Fate?

“Zhao Yu walked through the bustling crowd, watching people picking their favorite antiques, but he was not in the mood to take a look.”

“However, when he walked to the door of a pet shop, he stopped. There were many cages at the door of the Pet Shop, and there were all kinds of kittens and puppies in the cages.”

“Seeing that the cat and dog were quite cute, Zhao Yu stopped in his tracks and took a few glances.”

“Just as he was teasing a little white cat, the person beside him suddenly screamed.”

“”Eh? Quickly look ...””

Zhao Yu turned around and saw that someone was pointing upstairs and screaming. He quickly looked up and saw that a white object had suddenly fallen from the several-story building!

No way!

“Zhao Yu was shocked, as he saw that it was not an object, but a bearded man in white pajamas!”

Ah?

This was ... Jumping off a building ...

“When Zhao Yu raised his head, the man was already falling from the sky at an extremely fast speed, and was about to hit the ground.”

Zhao Yu instinctively used the invisible parachute on the man.

“However, the man was falling too fast. By the time the parachute attached itself to his body, he had already fallen to the ground!”

Hualalalala ...

“The man fell on a shelf in front of a shop, knocking it down. The shelf fell heavily to the ground, and the calabashes, walnuts, and other things on it all scattered on the ground ...”

“What was more coincidental was that after the shelf fell to the ground, it happened to fall on the street of antique Street. At this time, an Electric Tricycle happened to drive over from the distance!”

“The driver of the three-wheeled motorcycle was an old man. Seeing that the shelf was about to hit his head, the handle of the bike tilted and rushed directly toward the river!”

“Moreover, after the old man was frightened, he turned the electric gate hard and turned the electric Tricycle to the fastest speed!”

“There were street stalls on one side of the river. When the tricycle suddenly rushed over, the antique goods on the street stalls were crushed into pieces, and the small vendors quickly avoided it.”

“What was even more incredible was that there was a cement railing along the river. If the tricycle hit it, it would definitely stop. However, there was a small door on that section of the railing. The electric Tricycle hit the small door precisely!”

“In the end, under the powerful impact, the small door instantly fell apart, and the tricycle was suspended in the air and fell down, directly into the river ...”

The Baiyang River was the largest river in Heyang province. The river water was turbulent and muddy. There was no way the old man could have survived if he had fallen into the water with his tricycle ...

AI!

“Zhao Yu first looked at the person who jumped off the building, then looked at the old man who fell into the water. As he took off his clothes, he sighed in his heart.”

“After sighing, he took off his shirt, mobile phone, and other electronic items. Then, he rushed over and jumped into the ice-cold white poplar River ...”

.....

“8:30 am, Chengzhou Central Hospital.”

“Zhao Yu was drying his hair with a hairdryer, but he was still wet.”

““I ‘m, I’m sorry ...”” At this time, one of the police officers in charge of the incident said to Zhao Yu, ““please wait a moment, I’ll get you a towel!”””

““No need, no need ...”” Zhao Yu waved his hand and asked, ““how’s the patient?”””

““She’s out of danger,”” the police officer replied quickly. ““The old lady is fine, but she’s old and thin. She’s a little scared, and her mental state isn’t very good!”””

““What about the one who jumped off the building?”” Zhao Yu asked again, ““is that a girl?”””

““Yes, it’s a girl!”” The police officer replied, ““she broke a few ribs and has some abrasions. Her life is not in danger ...”””

““Then ...”” Zhao Yu asked again, ““why did she want to jump off the building? I saw her in her pajamas. Was she forced to do this?”””

“““No...”” The police officer replied,““the child wanted to commit suicide by jumping off the building. We just asked him, and he said that he couldn’t think it through, so he opened the window and jumped out!”””

“““That’s ...”” Zhao Yu creased his eyebrows.““This lady is too cruel.”””

“““Eh? Team leader Zhao, why are you here?”” Just as Zhao Yu finished his sentence, he suddenly saw a familiar face. It was Captain MoU Yongen.”

## Chapter 2124: training

“Captain MoU happened to pass by the lobby on the first floor and happened to see Zhao Yu, so he was naturally very surprised. ”

“““Team leader Zhao, what are you doing here?”” Captain MoU took a closer look and was even more curious.““You ... Why are you all wet?”” ”

“““Great ... Great captain!”” When the policeman saw Captain MoU, he quickly saluted him. He had never expected that Zhao Yu would know the captain. ”

“““Ahem!”” Zhao Yu waved his hand,““it’s a long story!”” ”

“““I didn’t see you at the meeting this morning. Why did you ... Come to the hospital?”” Captain MoU pointed at the policeman.““Could it be ... That you have any new clues here?”” ”

“““No, no...”” Zhao Yu quickly waved his hands, then told Captain MoU about what happened in the morning. ”

“““So it’s like this! Aiyo, you’re really a great hero who sacrifices himself to save others ...”” Captain MoU was still afraid.““The current of the Poplar River is fast. You can’t go down casually ...”” ”

“““You ... Are you okay?”” Captain MoU quickly asked the policeman,““have you done a checkup? To team leader Zhao Yu?”” ”

“““Zhao ... Zhao Yu?”” The police officer felt that the name sounded familiar, but he did not recognize it. He quickly said,““not ... Not yet!”” ”

“““No need,”” Zhao Yu said, waving his hand.““I’m fine!”” ”

“““Aiyo, this is no small matter. You’re the leader. How can I let you put yourself in danger!”” Captain MoU reproached himself.““It’s better to, it’s better to quickly do a check!”” ”

“““I really don’t need it, but ...”” Zhao Yu said.““When I saved her, I took off my clothes and put my phone together with my clothes! ”

“““But, when I came up, my clothes were still there, but my phone was gone! Please help me find it!”” ”

“““Sigh, I’m really sorry.”” Captain MoU patted his head and quickly agreed.““Don’t worry, I’ll definitely get my phone back!”” ”

“Just as Captain MoU finished speaking, two people ran over from the ward. They knelt down in front of Zhao Yu and called him “benefactor.” ”

It turned out that these two people were the sons of the old man who had fallen into the water.

Zhao Yu quickly helped the two of them up and asked them to take good care of the old man. The two of them thanked Zhao Yu again and asked him to leave his name and phone number so that they could thank him later.

“Of course, Zhao Yu rejected their good intentions. Although he was usually anxious and arrogant, when it came to real matters, he was very decisive. Besides, he had the invisible breathing device that could save his life. It was 100% safe to go into the water to save people. Of course, he would not hesitate to do so! ”

“After seeing the two of them off, Zhao Yu also sent the local police away, then pulled Captain MoU to the side and asked about the situation,” ”

““How is it? is there any new progress in the case? “And ...” Zhao Yu was curious, “what are you doing in the hospital?” ”

““Well ...” Captain MoU organized his words and started with the first thing. “I’m going to find the experts in the hospital now to help us make 3D simulations of the four corpses and restore the appearance of the deceased ...” ”

““Oh ...” Zhao Yu nodded. “So, you haven’t found the victim’s identity yet?” ”

““Yes, we did a match with the missing person database and the internal database,” Captain MoU shook his head and said. “But we didn’t find any matching information. The family members of the four people did not enter their information into the database! ”

““And,” Captain MoU said, “we have already selected the missing persons cases from 1995 to 2001. Today, I will eliminate a large number of people to do the confirmation work to see if there is anyone who matches the four deceased!” ”

““And ... Um ...” Captain MoU asked Zhao Yu sympathetically, “team leader Zhao, is it appropriate for me to report to you like this?” ”

““Yes, yes,” Zhao Yu nodded, “the team members are doing this for my own good, but don’t worry, I’m still the team leader!” ”

““Okay, then I’ll tell you,” Captain MoU said. “The diary mentioned a Xiaoling and also mentioned the National University Games. The games were held in November 1997, so we will focus on investigating the women who disappeared in July 1997 to see if there is any girl with the word ‘Ling’ in her name ...” ”

““Oh?” Zhao Yu suddenly realized another problem. “So, you’re saying that you’ve been looking for a whole night and still haven’t found any new diary entries?” ”

““Hmm ...” Captain MoU’s expression was ugly as he nodded and said, “yes, we have searched the entire building and all the items that have been moved out, but we have not found anything new! ”

“““We suspect that the murderer might have taken care of the whole diary. The few pages we are looking at now are just a part that the murderer left out!”” ”

“““Mm ... Indeed ...”” Zhao Yu said.”“I’ve thought about this question before. Since the murderer killed someone, why would he keep his diary?”” ”

“““Yes, at least ...”” Captain MoU said.”“It’s okay to keep it well, right? If that student didn’t see it, I’m afraid this matter would never see the light of day!”” ”

“““Then ... What about the school?”” Zhao Yu asked,”“did you find any information?”” ”

“““Yes,”” Captain MoU said, nodding.”“The school has found the list of people who lived in that building. Every year’s student is on it, no one is missing! ”

“““Next, we will investigate one by one,”” Captain MoU said.”“I believe that it won’t take long for us to find out who the diary writer is!”” ”

“““Oh ...”” Zhao Yu suddenly thought of something and fell into deep thought. ”

“““By the way,”” Captain MoU said,”“last night, according to the investigation report of our investigators, the school asked some old teachers and students who knew about the situation in the ultimate building, but they all said that the dormitory would be closed during the summer vacation, so there shouldn’t be any students staying!”” ”

“““Oh?”” Zhao Yu was surprised.”“Could it be ... That the murderer moved in secretly?”” ”

“““So, he hid a woman in the building,”” Captain MoU said.”“So, no one else would find out! The murderer ... Might have duplicated the key? ”

“““However,”” Captain MoU continued,”“some people also said that in those years, the ultimate tower was used for training and was used by teachers from other places!”” ”

“““Teacher training?”” Zhao Yu was unfamiliar with the profession of a teacher, so he immediately asked,”“what kind of teacher? Why did you come to the teacher’s College?”” ”

“““It’s similar to the current provincial and National Training,”” Captain MoU explained.”“Every summer vacation, the school will receive teachers from all levels from all over the world to come to the college for training and learning. The professors or experts invited by the hospital will train them! ”

“““Later, the Academy specially built the Lili training building and separated the training from the students. In the past, the students lived in the student dormitory ...”” ”

“““Oh, I see ...”” Zhao Yu said.”“If there was training, then the murderer definitely wouldn’t be able to do it. Therefore, it must be a time when there is no training!”” ”

“““Yes,”” Captain MoU said.”“We are asking the school to give us an accurate list. It will probably be sent back this morning.”” ”

“““This case should have nothing to do with the training, right?”” Zhao Yu asked. ”

“““I don’t think it’s a problem,”” Captain MoU said.”“The students will only come here once. After they leave, the dormitory will still belong to the students! How could he have left a killing diary? ”

“““Besides, there are so many trainees. It’s impossible to hide a woman ...”” He said. ”

“““Right!”” Zhao Yu said,““in that case, we have to find the author of the diary first!”” ”

Chapter 2125: sinking into the mud

“““It’s like this,”” outside the ward, the police officer from before said to Zhao Yu,““it’s caused by the illegal school loan again. A few years ago, we cracked down on it, but we thought that it had disappeared. We didn’t expect it to resurface. It seems that this thing still has a big chain of interest!”” ”

“““An illegal school loan?”” Zhao Yu had heard of this term before, so he immediately asked,““is it a special loan for students? The students don’t have jobs, so how are they going to pay back the money?”” ”

“““Regular loans are better, but many of them are illegal and can hurt people! For example ...””The man pointed to the ward.”” This girl who jumped off the building is a typical victim. There are many people who have been tricked like her! ”

“““Moreover, those bad loan sharks have become more aggressive and have started to play many new tricks!”” ”

“““What’s going on?”” Zhao Yu asked,““can you tell me in detail ...”” ”

“““Yes.”” Through Captain MoU Yongen, the policeman already knew Zhao Yu’s identity. He immediately told him the experience of the girl who jumped off the building.””The girl’s name is Gu Xiaoling, she is a university student at the water conservancy college ...”” ”

“““What?”” ”

“Zhao Yu’s heart thumped. He was obviously shocked by the girl’s name. This girl was actually called Gu Xiaoling? However, in the killer Diary, Xiao Ling was mentioned ... ”

Oh ... Oh ...

\* Cough \*

“Two seconds later, Zhao Yu suddenly realized that the murder Diary was a case from twenty years ago, so it couldn’t have anything to do with the girl who jumped off the building. ”

“““What’s wrong?”” The police officer was shocked.””Do you know her?”” ”

“““No, no...”” Zhao Yu waved his hand and said,““go on ...”” ”

“““Okay,”” the policeman continued,““Gu Xiaoling saw a female classmate beside her buying bags and many expensive cosmetics. She was envious and obsessed. Under the urging of her classmates, she also made an online loan!”” ”

““““But it was the kind of loan that required her to take a photo with her id. At first, she hesitated, but then she thought about it. It was just a photo. After taking the photo, she could get the money and buy good things, so she did it!”

““““At first, she only took out a few thousand Yuan. After the photo was sent, the money was transferred to her. When the repayment date arrived, she used the living expenses given by her family to pay off the debt and thought that everything would be fine.”

““““However, it was hard to suppress her desires. Later on, she took out a few more loans and gradually couldn’t pay them back!”

““““She couldn’t pay it, so she had to apply for an extension from the platform. In the end, the loan provider told her that she could only apply for an extension if she were to film such an indecent video ...”

““““Just like that, Gu Xiaoling fell into their trap step by step and was at their mercy ...”

““““Later on, something even more outrageous happened. The moneylender told Gu Xiaoling that she had a good figure and appearance. As long as she was willing to give herself to him and have sex with him, she would be able to write off part of her debt ...”” ”

““““At that time, Gu Xiaoling still had the mentality that she would be lucky. She thought that as long as she paid off her debt with her body, everything would be over and this secret would never be known to anyone ...”

““““However, she didn’t realize her situation. After she gave up her virginity, the loan sharks did reduce her debt, but from then on, the loan sharks became more aggressive and demanded her to give herself to different men ...”” ”

““““It was not until then that Gu Xiaoling realized that she had become a cheap professional woman and could no longer get out of it!”

““““The true purpose of those loan providers is to make her fall and become a tool to make money!”” ”

““““So, she refused the loan shark’s indecent request, and pieced together the debt to pay back the loan shark!”

““““Who knew that her nightmare wasn’t over yet? when she woke up this morning, she received an anonymous text message. There was a website address in the text message, and she was asked to open it on her computer!”

““““When Gu Xiaoling opened the website, she saw that her indecent photos and videos, as well as the videos of her giving herself to others, had all been posted on the internet by the moneylender ...”” ”

““““So, in her despair,”” the police officer sighed regretfully,””she jumped down from the building! The place you see, she lives on the fifth floor, the house she rented with her classmates!”” ”

““““I see ...”” Earlier, when Zhao Yu saw the girl jump off the building in her pajamas, he had already predicted that something must have happened to her.”

““““Otherwise, if she was prepared to commit suicide, at least she wouldn’t be wearing pajamas.”

“Besides, the floor she was on wasn’t enough to guarantee that she would fall to her death. If it was a suicide after careful consideration, she wouldn’t have jumped off the building so rashly. ”

“Besides, the Baiyang River was right across the street. Rather than jumping off a building, he might as well jump into the river. ”

““““AI!”” The police officer said,““we will investigate this matter. We can’t let these loan sharks do whatever they want!”” ”

““““Mm ...”” Zhao Yu nodded and said,““as a mature college student, the girl herself does have some mistakes! However, these illegal loan dealers were obviously extorting and forcing others. Moreover, they were not moral, which was too much! ”

““““Even if we don’t pursue the other matters, since they have already paid off their debts, we can’t expose their privacy! ”

““““This is too much?”” Zhao Yu clenched his fist.”“Such an immoral act, I can’t let him off easily!”” ”

““““Yes,”” the police officer said indignantly.”“I think there should be many more victims like Gu Xiaoling!”” ““However, the others chose to compromise because they couldn’t pay up ...”” ”

““““Okay,”” Zhao Yu said.”“I will talk to your leader about this. Let’s exchange numbers. You can investigate Gu Xiaoling’s case and find out who those people are!”” ”

““““Yes!”” The police officer saw Zhao Yu’s arrogant tone and quickly nodded.”“Don’t worry, we will definitely catch those bastards!”” ”

““““Okay, um ...”” Zhao Yu thought about his situation carefully, and suddenly had a sudden idea to investigate the illegal loan case with the police. ”

“That was because he really had nothing to do now. Miss Miao did not allow him to get involved in the police station. Anyway, he couldn’t just stay in the hotel every day, right? ”

“Instead of doing nothing, it was better to investigate this jumping case with the police. ”

“So, he put his hand into his pocket and wanted to contact MoU Yongen, but when he put his hand in, he found that his mobile phone was gone. ”

““““Alright then!”” Zhao Yu grinned and sighed.”“Since miss Miao doesn’t want me to investigate the murderer’s diary case, then I’ll just entertain myself!”” ”

“Hence, Zhao Yu raised his head and said to the local policeman,“““““Let me borrow your phone for a while! Give your leader a call first. Oh right, what’s your name?”” ”

““““I’m Wang Shuai!”” The local policeman replied, then quickly handed his phone to Zhao Yu respectfully. ”

““““Okay,”” Zhao Yu said.”“From now on, you’re my partner! You don’t have to thank me, but you can buy a lottery ticket! ”

““““Next, let me, an old driver, guide you well. Yohahaha ...”” ”

“...” Wang Shuai’s forehead was filled with black lines. He had never seen such a shameless person ...”

## Chapter 2126: A bloody case caused by a phone

“Aiya! Aiyaya ...”

“In a pet shop that sold dogs on antique Street, a long-haired dog seller screamed, but his screams couldn’t stop him from being beaten. As he was beaten, he spat out two bloody teeth in a row.”

“There were a few other people in the shop, but none of them dared to step forward.”

“I was wrong, I was wrong, master ...” The dog vendor begged for mercy. “I shouldn’t have taken your phone. I ... I thought you would never come back up after jumping into the White poplar River ... I was wrong, wuwuwu ...”

“In the end, the dog dealer even started crying.”

“Yes, sir!” Wang Shuai, who was dressed in plain clothes, couldn’t stand it anymore. He quickly advised, “if you continue to hit him like this, he will be killed!”

“Hmph!” Zhao Yu looked at his lost mobile phone, snorted at the dog dealer, and scolded, “you motherf \* cker, I hate people like you the most in my life!”

“You even stole the phone of a hero who jumped into the water to save a life. Are you even made by a human?” Zhao Yu pointed at the dogs in the cages and shouted, “you’re worse than a dog!”

Pa ...

“Zhao Yu slapped him again, making him cry for his parents. His tears and blood were mixed together.”

“I was wrong, Wuwu...I know I was wrong ...”

The dog dealer was begging for mercy when a car suddenly stopped at the door. Four or five people holding iron rods jumped out of the car.

“These people all looked fierce, and it was obvious that they were the reinforcements invited by the dog traffickers.”

“Seeing the arrival of these people, the people in the shop who had not dared to come forward before were all invigorated. Their previous timidity was gone, and they shouted at Zhao Yu,”

“How dare you cause trouble here! We’ll beat you to death!”

“Ah?” Wang Shuai didn’t expect the situation to turn out like this. He was so scared that his face turned pale. He quickly reached out to take out his identification card, wanting to show his identity.”

“Phew!” Zhao Yu grabbed his hand and said, “move aside! This old driver will now teach you a famous saying, and that is, if you don’t seek death, you won’t die!”

““““Open your eyes wide and take a good look ...”“““”

“Then, Zhao Yu rushed towards those people with his bare hands ...”

“After a short six minutes and 25 seconds, the Pet Shop was beyond recognition. The people who had been in the shop and the people who had rushed into the shop later were all lying on the ground with blood in their mouths and wailing. They almost couldn’t bear to look like human beings ...”

“Zhao Yu was standing in the middle of the shop with a murderous look on his face. He was stepping on the dog dealer, like a giant God! Wang Shuai almost knelt down as he watched ...”

“In the past, he had only seen such awesome characters in movies. He did not expect to see them in person.”

“To be honest, Zhao Yu’s reputation in the police circle was mainly that of a detective. The police only knew that Zhao Yu was a super detective who had solved the devil case and the headless female corpses case, but not many people knew that Zhao Yu was also a very good fighter!”

“This was different from Zhao Yu’s international reputation. At the international level, people knew that he was a crazy detective, and they seemed to be more violent towards him than detectives!”

““““Wuwuwu ... Wuwuwu ...”“““ At this time, the dog dealer cried sadly and regretfully. He didn’t expect that a mere mobile phone would cause him such big trouble!”

Buzz ... Buzz ...

“Finally, police sirens came from outside the door. The dog dealer was in high spirits again, as if he had seen his Savior. He shouted at Zhao Yu,““““

““““Don’t go, the police are here. I’ll see what you can do! I’m telling you, you destroyed my shop, and each of them cost a million or eight hundred thousand. I can’t let this go ...”“““”

“While they were talking, the police officers had already rushed into the Pet Shop. When the first police officer saw Wang Shuai, he was stunned and hurriedly asked,““““

““““Eh? Wang Shuai, why are you here?”“““”

Wang Shuai was the police officer of the antique Street area. These people who received the call and rushed to the scene were naturally Wang Shuai’s colleagues.

““““Mm ... Mm ...”“““ Wang Shuai was completely confused. He stood between Zhao Yu and his colleagues and made a few hand gestures. Then, he said to his colleagues,““““let me introduce you to the leader of the Special Investigation Group of the criminal Division. He is the criminal investigation expert invited by our Heyang Provincial Office, the famous detective Zhao Yu ...”“““”

““““I’ll cut!”“““ The police officers had all heard of Zhao Yu’s name and were shocked. They all gathered around.”

““““Oh, it’s really detective Zhao! The devil case and the five unsolved cases were all solved by you!”“““ One of the police officers exclaimed in shock, then took out his mobile phone and quickly took a picture with Zhao Yu.”

““““He ... He actually came to Heyang ...”“ The other police officer didn’t care about the mess at the scene, but quickly took out a pen and paper, asking Zhao Yu to sign for him.”

““““I heard that you are here for the diary murder case, right?”“ Another police officer asked Zhao Yu,““““what are you doing here? Could it be ... That this place is related to the murder case?”“““

““““No,”“ Zhao Yu said.““““I’m working on a case, and my phone was stolen by this group of people ... Here ... It’s him ...”“““

“Following Zhao Yu’s finger, the crowd saw the dog dealer covering his ears and quietly crawling to the door of the Pet Shop, trying to escape.”

“Previously, he thought that he would be fine once the police arrived. He never expected that the person who beat him was a famous detective. He even started to chase after celebrities on the spot ...”

““““Wow!”“ The police officers were all shocked. No one had expected Zhao Yu to be so good at fighting that he could beat so many people down.”

““““Um ... Um ...”“ Wang Shuai said,““““not only did these people steal detective Zhao’s mobile phone, but they also tried to attack the police. I think we should arrest them all and bring them back for trial!”“““

““““I’m innocent ...”“ The dog dealer wanted to die and quickly explained,““““I ... I didn’t know you were police officers. I didn’t assault a police officer ... And, I didn’t steal the phone. I picked it up. I really picked it up ...”“““

““““Alright!”“ Zhao Yu nodded and said,““““he’s right. We can’t wrong people! Before they tried to attack me and Wang Shuai, we indeed didn’t reveal our identities. So, let’s just forget about this matter!”

““““Don’t make things difficult for them, we’re all upright people ...”“““

““““Yes, yes, yes, yes, yes ...”“ The dog dealer nodded quickly.““““That’s right!”“““

““““Since he returned my phone to me, it’s fine!”“ Zhao Yu waved at Wang Shuai and said,““““let’s go, we still have to catch the bad guys!”“““

“Then, Zhao Yu swaggered out of the Pet Shop, as if nothing had happened.”

“The other police officers looked at each other for a long time, shrugged their shoulders, and left the shop, leaving only the dog dealer who was full of regret.”

“This bloody lesson would definitely be unforgettable for him. In the future, not to mention stealing other people’s mobile phones, even if he saw a ready-made one on the street, he would not dare to pick it up!”

““““Old driver, he’s really an old driver!”“ Wang Shuai followed Zhao Yu’s footsteps closely and said to Zhao Yu with admiration,““““please guide me! Where should we go next?”“““

““““Let’s go to the house of the woman who jumped off the building,”“ Zhao Yu said expressionlessly.““““Next, we should see what kind of God those loan sharks are!”“““

## Chapter 2127: loan provider

“““Boss, what are you doing?”“ In the residence of the woman who jumped off the building, Zhao Yu was answering a call from Cui Lizhu. ““I looked at the location. Are you taking a walk in the antique market?”“ ”

“““Let me tell you, there are a lot of smuggled goods there. If you really want to exchange for good things, let me give you some advice. Don’t just sell them!”“ ”

“““Okay, okay,”“ Zhao Yu urged, ““I was just walking around. My phone was on silent, so I didn’t hear your call! ”

“““Hurry up, is there any new information from the killer Diary?”“ ”

“““Yes,”“ Cui Lizhu said. ““Captain MoU went to the hospital to hire some experts, so they couldn’t find out the identities of the four victims. They could only use 3D restoration technology!”“ ”

“““After it’s restored, we’ll send out a notice to find the body or let those involved identify it ...”“ ”

“Zhao Yu already knew about this, so he quickly urged, “““Then, is there any other news?”“ ”

“““Also, through the data analysis, we have found the key suspects,”“ Cui Lizhu said. ““We are going to interrogate these people today to see who wrote those diary pages!”“ ”

“““As these people are from all over the country, and some even migrated overseas,”“ Cui Lizhu said, ““we decided to start with the most recent one! ”

“““Just in case, sister Miao asked us to join in ...”“ ”

“““Okay,”“ Zhao Yu said. ““I feel that the suspect is very likely to be from this city. His family background is average, so he thought of using the holiday dormitory to imprison and kill the girl! ”

“““If he’s not from this city, then his family must have had some serious problems, such as his parents’ divorce or the loss of a loved one. Such unfortunate things caused him to not want to go home even when he was on leave!”“ ”

“““I understand, I understand,”“ Cui Lizhu said. ““What you’ve thought of is similar to Wu Xiumin’s analysis. She has already done a psychological profile of the murderer! I’ll send it to you later! ”

“““By the way,”“ Cui Lizhu added, ““there’s another piece of big news. Zhang Peipei found hair and skin tissue of the deceased in the body bag and tape. It’s possible that this was left by the deceased!”“ ”

“““Right!”“ Zhao Yu said, ““at that time, DNA technology was far from being common. The murderer should have only noticed that there were no fingerprints left, but ignored the skin tissue ...”“ ”

“““The test results just came out,”“ Cui Lizhu said. ““We’re now comparing it with the database, which means that this case will be closed soon!”“ ”

“““As long as we can find out who the suspicious DNA is, we can lock onto the murderer ... ”

“““Just like when I solved the video cases, I’m afraid that the murderer is no longer alive!”” Cui Lizhu said, worried. If this fellow is already dead, then ...”” ”

“““He shouldn’t be that short-lived, right?”” Zhao Yu calculated with his fingers and said,““this person went to college in his 20s. Now that more than 20 years have passed, he shouldn’t even be 50 yet, right?”” ”

“““From what I can remember, this kind of perverted guy usually dies quite quickly!”” Cui Lizhu said,““maybe this person is now in the mental hospital!”” ”

“““Alright then!”” Zhao Yu said,““send me a copy of the information you have so far, and then follow Miao Ying’s instructions!”” ”

“““I feel the same way. Even though it’s been more than 20 years, the truth should be out soon!”” ”

“After hanging up the phone, Zhao Yu looked at the room in front of him. It was the room of the girl who jumped off the building, Gu Xiaoling. ”

“The house was small and the environment was average. Because it was located in the antique market, the rent was very cheap. ”

“Originally, Gu Xiaoling had a female companion, but she had been traveling to the South recently, so Gu Xiaoling was the only one living there. ”

“Gu Xiaoling was beautiful, had a good figure, and her family situation was not particularly bad. Zhao Yu really couldn’t imagine how such a girl could easily fall into the trap of those illegal loan dealers! ”

Could it be that it was only because of his vanity? Just because he saw his classmates buying beautiful bags and makeup?

Didn’t Gu Xiaoling know how dangerous the Luo loan was and how endless the consequences would be? She was a college student who had received higher education. How could he not even understand such a simple logic?

“At this time, Wang Shuai had already turned on Gu Xiaoling’s computer. Through the web page recovery function and the password provided by Gu Xiaoling, he quickly found the indecent photos and videos from Gu Xiaoling’s email. ”

“““They even blurred out the man!”” Wang Shuai shook his head and said angrily,““Gu Xiaoling said that the loan providers made Gu Xiaoling sacrifice herself several times in her room, and even the money for the room was left!”” ”

“““This is too despicable. This is clearly extortion. We can even Sue him for rape ...”” ”

“Looking at the situation, Zhao Yu didn’t express his opinion, but sat down in front of the computer and began to type seriously. ”

“““Officer Zhao,”” Wang Shuai said,““are you trying to find the address of the video? Although they sent the email, people like them are usually more careful. I’m afraid we’ll have to call the internet security experts over to find out, right?”” ”

“Just as Wang Shuai finished speaking, Zhao Yu found an address. He used his mobile phone’s electronic map to open the address and quickly found the specific location. ”

“““Wow, he’s an old hand ... Oh ... He’s a super detective!”” Wang Shuai didn’t know that Zhao Yu had a powerful hacker’s command, so he was naturally surprised. ”

“““I think it’s in the suburbs?”” Zhao Yu showed the address to Wang Shuai. ”

“““Yes, I think it’s Sanli garden,”” Wang Shuai said.””It’s an unfinished building!”” ”

“““It seems like,”” Zhao Yu said,””these people are organized. I like it. Let’s go and mess with them?”” ”

“““Um ...”” Wang Shuai was dumbfounded.””Detective Zhao, it’s beyond my authority to arrest them. I have to report to the higher-ups and request for the police! And ... Eh? Hey, hey, hey ...”” ”

“Before Wang Shuai could finish his sentence, he was pulled away by Zhao Yu. ”

“Two hours later, in the Sanli Jiayuan District in the northern suburbs of Chengzhou city. ”

“Zhao Yu and Wang Shuai were sitting in the police car. A crosstalk was playing on the car radio, but Wang Shuai could not sit still. ”

“““Detective Zhao, where is the support you’ve applied for?”” Wang Shuai looked out of the car and asked,””it’s been so long. Why aren’t they here yet?”” ”

“““Don’t worry,”” Zhao Yu said, pointing to a building in the distance that had not yet been painted.””These people are very alert. They chose the location of the king of the buildings, from which we can overlook the entire community. No matter which way we rush in, we will be discovered by them!”” ”

“““Also, there’s a bridge upstairs that allows them to go to any unit, making it easy for them to escape ...”” ”

“““Oh ...”” Wang Shuai nodded.””You don’t mean that you want to act after dark, do you? That’ll take a long time!”” ”

“““Don’t worry,”” Zhao Yu said with a smile. He looked at his watch and said,””it should be almost time!”” ”

“Sure enough, just as Zhao Yu finished speaking, his phone suddenly rang. ”

“““Team leader Zhao,”” Captain MOU’s voice came from the phone,””the people have all been caught. This is really the lair of illegal loans!”” ”

“““You can come up now ...”” ”

“Demo Version, Only convert first 5 files at one time, Please buy now!”

Chapter 2128: The couplet

“When Zhao Yu and Wang Shuai went upstairs, they saw that Captain MoU Yongen had already led his men to control all the criminals. ”

“There were a total of 12 criminals here, the room was filled with computers, and the table was filled with countless mobile phones. ”

“Looking at the computer screen, these people were using their own internet platform to carry out illegal loans. From the chat history on the screen, he could see that their loaning partners were basically young female college students. ”

“Among them, the police also found a large number of indecent photos and unsightly videos on a computer. It could be seen that Gu Xiaoling was definitely not the only victim. ”

“““The address extends to all parts of the province,”” a technician reported to Zhao Yu and Captain MoU.””From this, we can see that this is a very large-scale online illegal lending platform!”” ”

“““Yes,”” Zhao Yu said.””They have formed an industry chain, using the college students ‘vanity to lend them money, and then using their photos and videos to threaten and tempt them, turning them into money-making tools! ”

“““This kind of method is even worse than the one in the martial world ...”” ”

“““Moreover,”” the technician continued,””this group of people is particularly despicable. If it was a girl with a bad face and figure, even if we send them a photo, they would not lend the money to the other party. Instead, they would use many excuses to avoid it, and in the end, they would even disappear ...”” ”

“““It’s really too despicable,”” MoU Yongen said angrily.””This kind of harmful thing, not only has it been banned repeatedly, but it has also played tricks. It’s really hateful!”” ”

“““Captain,”” the technician said,””we have a rough look at the scale of this place. We feel that this may be just a branch, and there may be a higher level of upper management behind them! ”

“““Perhaps, this industry chain has already spread all over the country!”” ”

“““Waa!”” MoU Yongen turned to Zhao Yu and said,””detective Zhao, you’re really amazing. You just met the girl who jumped off the building this morning, and in the afternoon, you caught the mastermind. This time, you’ve done us a big favor! ”

“““I really don’t know how to thank you ...”” ”

“““This is what I should do,”” Zhao Yu said.””I think you guys have to deal with this matter well! “““Let’s try to catch them all in one fell swoop and stop harming those female students ...”” ”

“““Of course!”” MoU Yongen nodded and said,””let’s go back and conduct a secret trial on these people first. Then, we’ll join forces with the police from all over the world and catch them all in one fell swoop!”” ”

“““Mm ... That’s good ...”” Zhao Yu waved his hand and turned around to leave. ”

“Before he left, he glanced at the indecent photos and videos on a certain computer. He did not expect that the large hard drive was almost full! ”

“Oh my God, how many girls have these criminals harmed? ”

It seemed that this was not just a matter of vanity. The girls ‘awareness of defense was also quite worrying. It needed to be strengthened so that they would not be used by others and the tragedy of Gu Xiaoling would not happen again ...

Hu ...

Zhao Yu walked out of the computer room and let out a long sigh. The sins in this world were far from the cases that he had solved!

“Just like this loan shark incident, the moment those obsessed girls took out their cell phones to take selfies, they had already given their souls to the devil! ”

“Those people who lent money illegally had no bottom line, they could use these photos to make a big deal out of it, and control it firmly in the palm of their hands, letting the girls be at their mercy! ”

“So ... Zhao Yu couldn’t help but sigh. The police’s task was always a long and arduous one. As long as there was evil in the world, they had to be ready at all times. ”

Then ...

“Just as Zhao Yu was thinking about this, his ears started to buzz again. ”

Damn it!

It’s here again ...

“Zhao Yu recalled his last trip to Korea. He had been in shock almost every day, but his tinnitus had never happened. ”

“However, when she finally returned to the country and was ready to take a break, all her problems came back and she couldn’t even participate in the diary of murder case. How depressing! ”

Could it be ...

“Zhao Yu had a strange thought. Could it be that he couldn’t be too free? When I’m free, the tinnitus will come back? And living under pressure every day, but nothing happened? ”

“““Team leader Zhao, team leader Zhao ...”” Just as Zhao Yu was thinking, Captain MoU suddenly ran out of the room. He was holding his mobile phone and said excitedly to Zhao Yu,“I just received a notice that we ... We may have found the suspect!”” ”

“““What?”” Zhao Yu’s eyes widened. Did you find a match in the DNA test?”” ”

“““No!”” Captain MoU shook his head.””On the contrary, I found out through an investigation! You see ... ”” ”

“Then, Captain MoU showed Zhao Yu a video. ”

“In the video, a man in a suit and leather shoes appeared. The man should be a successful entrepreneur. He was facing the camera and saying,”” ”

“””Yes, I lived in Zhiyi building back then. Half of the people who lived there were from the literature Department, the other half were from the sports department, and there was an especially small number of computer science majors ...”” ”

“””Do you have any impression of the National University Games?”” In the camera, Wu Xiumin’s side profile could be seen. Obviously, Wu Xiumin had questioned the man. ”

“””The University Games ... I think ... It’s in 1997?”” The student replied,””there were quite a few people from the sports department who participated. That year, the provincial Sports School renovated the sports field, so they all trained in our Teacher’s College ... ”

“””But I don’t have much of an impression of it. I can’t even remember which city the University Games were held in!”” ”

“””Let me ask you,”” Wu Xiumin asked,””do you remember that summer vacation that year, was there anyone living in the ultimate tower?”” ”

“””Well ...”” The man tried hard to recall.””I don’t seem to know.”” We’ll all go home after the summer break ... ”

“””It seems that there was a year when we had a teacher training, and some teachers from other places moved into our dormitory. They even lost a lot of things! ”

“””From then on, we’ll always bring everything home during the summer break ...”” ”

“””Then ...”” Wu Xiumin asked again,””have you ever heard of Xiaoling?”” ”

“””Xiaoling?”” The man tried to recall again, then shook his head and said,””I don’t think so. At least, there are no girls in our class with the word “Ling” in their names ...”” ”

“””Alright then!”” At this time, Wu Xiumin had no choice but to open the photo on her mobile phone, show it to the man, and ask,””take a look, do you recognize the handwriting on this?”” ”

“””Oh?”” The man was surprised and hurriedly checked it carefully. However, his eyes lit up after a few glances and he said,””this ... This should be written by Liu Weiyi, right?”” ”

“””What?”” As soon as he said that, the camera suddenly shook. Obviously, even the police officer who recorded the video was shocked. ”

“””What did you just say?”” Wu Xiumin pointed to the diary on her phone and asked,””Are you sure?”” ”

“””Of course I’m sure!”” “”He created the toad handwriting. Also, Liu Weiyi is my deskmate. I definitely won’t remember it wrong!”” The man said with certainty. ”

“””Liu Weiyi?”” “”Is he your classmate?”” Wu Xiumin asked. ”

“””Yeah,”” the person said.””I think Liu Weiyi should be considered a famous person in Chengzhou, right?”” Don’t you have any impression of it? ”

““““He’s now the chairman of our Chengzhou city’s couplet organization!”” The man said,““““we were just having dinner together a few days ago!”” ”

Chapter 2129: unusual message

“At 4:30 p.m., The car sped towards the Chengzhou couplet organization. Zhao Yu and Captain MoU took a car together. ”

“Because he had suddenly found a suspect, Zhao Yu couldn’t abide by Miao Ying’s rules, so he decided to go to the scene of the arrest with Captain MoU. ”

““““Officer Miao and the others are also on their way to the couplet organization,”” Captain MoU said to Zhao Yu excitedly.““““I’ve heard of this name before. My son has published a lot of articles in magazines before, and he even asked me to help him ask about joining the city’s writers ‘Association ...”” ”

“Zhao Yu ignored Captain MOU’s report, but continued to look at the video on his mobile phone. ”

“The person being questioned in the video was the principal of a local private school in Chengzhou. He was a grade 96 student from Heyang Normal University’s Department of Literature. Back then, he and his male classmates had lived in Zhiyi building. ”

““““Old Liu used to love writing ...”” In the video, the president was introducing Liu Weiyi to Wu Xiumin.““““He liked to write novels, and his articles were serialized in the school newspaper, but to be honest, his literary talent was really average ...”” ”

““““It’s actually quite surprising that he can become the chairman of the couplet organization ...”” ”

““““Do you think this person is mentally normal?”” Wu Xiumin asked directly. ”

““““Is it normal?”” The principal already knew that this was a serious matter, so he thought about it carefully before answering,““““all novel writers are like that, right? She felt that this person was rather boring and didn’t like to talk much ... ”

““““He doesn’t participate in basketball or cards,”” the principal said.““““But ... If you say ... He ... He killed someone ...”” ”

““““When did I say he killed someone?”” Wu Xiumin said seriously,““““you just have to answer whatever I ask you!”” ”

““““Yes, yes, yes!”” The principal quickly nodded. ”

““““Which dormitory did you stay in at that time?”” Wu Xiumin took out the floor plan of the exquisite building dormitory and asked the man. ”

““““Um ... Turn right on the first floor. The room in the middle, facing the sun ...”” ”

““““Back then, how many people were there in the dormitory?”” Wu Xiumin asked again. ”

“Six,” the man answered without thinking. “But Qin Xiaohu fell seriously ill and didn’t come for half a year. There were only five of us ...”

“Do you know what activities Liu Weiyi has during the summer vacation?” Wu Xiumin asked again. ”

“Summer break? I rarely see him, right?” The man recalled carefully and said, “Liu Weiyi and I were both from Chengzhou city. Although we lived in the same dormitory, we weren’t particularly close, so ... I really don’t know what he was doing during the summer break ...”

“Police officer ... This isn’t the news anymore.” Suddenly, the man changed the topic and said to Wu Xiumin, “I know that the body was dug out from the building we lived in that year!”

“But ... I don’t think that Liu Weiyi was the one who did it. Although he’s a little listless, he never had any violent tendencies!”

“Also, there’s something I have to tell you ...” The man said to Wu Xiumin in a very serious manner. “Liu Weiyi had a girlfriend back then, and she was the most beautiful girl in our class!”

“Oh?” Wu Xiumin was surprised. “He has a girlfriend? Which year?”

“We confirmed our relationship in our second year of University, but we were already ambiguous in our first year of University! “We were all so envious of him ...” The man said. “Old Liu was very devoted to his girlfriend. Later, they really got together and had a happy marriage. They even had a beautiful daughter ...”

“You ...” Wu Xiumin suddenly realized something, and immediately became alert to the president. She asked, “what do you mean by that?” Our police information has never been released to the public. How do you know that the victim is a woman and that this case is related to a woman?”

That’s right!

Zhao Yu asked. He also felt that the principal was a little excited and strange.

“What’s wrong?” At this time, Captain MoU saw that Zhao Yu was so serious and asked hurriedly, “officer Zhao, do you think there is something wrong with this person?”

“Zhao Yu didn’t say anything, but continued to watch the video.”

“It can’t be?” The principal took out his phone and said, “look, this is our class group chat. Someone in the group said that four female corpses were found in the garbage dump and they are suspected to have been sealed in the garbage dump for more than 20 years ...”

“What?” Wu Xiumin was surprised and quickly took the man’s mobile phone to check.”

“Captain MoU,” Zhao Yu heard this and immediately turned to ask MoU Yongen, “have you released the information about the four female corpses?”

“I didn’t?” Captain MoU said in surprise, “I ... Didn’t you see me this morning? I just went to the hospital this morning to contact an expert. The 3D model will only be completed after 72 hours!”

“Only when the portrait is out will we put up the body search notice and release the message ...”

“““That’s strange,”” Zhao Yu said.”“Someone in their class group actually knew that the bodies were found in the trash room, and they even knew that there were four female corpses!”” ”

“““Wow ...”” Captain MoU thought of something and said in a hurry,”” could it be that ... The real murderer of the diary is in their class group?”” Could it be this Liu Weiyi?”” ”

“““Let me ask you ...”” At this time, Wu Xiumin, who was in the video, also realized the importance of the matter, so she hurriedly asked the principal,”” who first spread the news?”” ”

“““Well ... I don’t remember,”” the principal said, pointing to his phone.”” I’ll climb up the stairs to see. There should be a record.”” It was either Kong Xiaoxue, Li Yuhan, or Zhang Yanyan. In any case, it was a woman ... ”

“““By the way,”” he explained to Wu Xiumin as he checked his mobile phone,”” it seems that this female classmate also heard about it from someone else ...”” ”

“After that, the principal quickly checked his phone to find the person who had left the message for Wu Xiumin. ”

“At this moment, Captain MOU’s phone suddenly rang. After picking up, Captain MoU actually made a strange sound.””““What did you just say? You ... You, you, you ... Say that again! ”

“““What? No... No... It can’t be?”” As he spoke, Captain MOU’s eyes almost popped out of their sockets. ”

“““What’s wrong? What happened again?”” Zhao Yu asked. ”

“““It’s strange,”” Captain MoU reported to Zhao Yu in a hurry.”” I just received a notice from the Bureau, saying that they had set the location of the phone of the couplet organization Chairman, but found out that the person was not at the couplet organization at all, but ... But ... At our police station!!”” ”

“““What?”” Zhao Yu was stunned.”” He’s at your police station? What is he doing?”” ”

“““Hurry up!”” Captain MoU shouted into the phone,”” find him quickly and control him! He ... What is he doing?”” ”

“““Could it be ...”” The driver in front was also surprised. He turned around and said to Captain Hao,”” he went to the police station to turn himself in?”” ”

Toot ... Beep ...

“As soon as the man finished speaking, Captain MOU’s mobile phone rang again. Captain MoU simply turned on the speaker, and the excited voice of a police officer came from the other end. ”

“““Captain MoU, we’ve caught this person! Don’t worry! He can’t run away ...”” ”

Chapter 2130: my secret

“Due to the unexpected situation, Captain MoU hurriedly made the car turn around and returned to the Chengzhou police station like crazy. ”

“When they returned to the police station, an agent immediately came to report, ””””I caught him, great captain! He’s in the interrogation room now, and team leader Miao from the Special Investigation Group is interrogating him!”” ”

””””Oh, really? He’s so gutsy!””” Captain MoU quickly jogged to the interrogation room with Zhao Yu. ”

””””Did he admit it?””” On the way, Zhao Yu asked the police officer. ”

””””I admit it!””” The police officer said, ””””he was the one who wrote the diary! This guy ... He knew that he couldn’t run away, but he still came to our police station! ”

””””When we caught him, he was wandering around the autopsy room sneakily. I don’t know what he was up to!””” The agent said in confusion. ”

””””Autopsy room?””” Captain MoU frowned and said, ””””what does he want to do? Do you still want to steal corpses?””” ”

””””There’s no body,””” the agent explained.””””There’s only a pile of bones left!””” ”

“Just like that, with deep doubts, the group went all the way to the interrogation room. In the interrogation room, Miao Ying was interrogating Liu Weiyi, so Zhao Yu and the others had to enter the monitoring room first. ”

””””It can’t be?””” As soon as Zhao Yu entered, he heard Ran Tao’s surprised voice.””””Oh my God, boss, why are you here? Didn’t you ...””” ”

””””Shh ...””” Zhao Yu made a shushing gesture at him. ”

””””It’s okay, it’s okay now,””” Zeng ke whispered to Ran Tao.””””The suspect has been caught, and the case is closed. Team leader can rest now. How could sister Miao still be angry?””” ”

””””Oh ... You’re right, you’re right ...””” Ran Tao was relieved. ”

“Zhao Yu ignored the two of them, but walked straight to the one-way glass to see the interrogation. ”

“In the interrogation room, Miao Ying and cui Lizhu sat in the interrogators’ seats, while a dignified middle-aged man sat in the interrogation chair opposite them. ”

“Needless to say, the man should be the major suspect of the diary of murder case, Liu Weiyi! ”

“Liu Weiyi looked around anxiously. He wiped the sweat off his forehead and tried to explain to Miao Ying and Miao Ying,””” ”

””””It’s a misunderstanding, a misunderstanding! I ... I’m here to report an important situation to the police. You ... Why are you doing this to me?””” ”

””””You’re an interesting person!””” Cui Lizhu asked, ””””you just admitted that you wrote the diary. Do you still want to deny it?””” ”

““““I ... I won't deny it,”” Liu Weiyi admitted with a nod.””I'm not lying. I did write the diary, but ... But the name isn't the killer Diary!”” ”

Cui Lizhu was speechless. She felt that Liu Weiyi's words were a little strange.

““““If it's not called the murderer's diary,”” Miao Ying frowned and asked,””what should it be called?”” ”

““““The novel I wrote back then was called 'my secret',”” Liu Weiyi said solemnly.””Detective comrades, can you ... Can you let me take a look?”” ”

Liu Weiyi's words surprised Miao Ying and Cui Lizhu again.

““““What ... What do I want you to see?”” Cui Lizhu couldn't help asking. ”

“““““ My secret ““?””” Liu Weiyi widened his eyes and said,””I wrote this book when I was in my second year of University. In first-person, it was about a mentally-twisted college student who was obsessed with women. In the end, he killed someone and dumped his body. I lost the book before I could finish writing it!”” ”

““““Now, since something has really happened to the Ultimate Joy Pavilion, someone must have followed my book and really ... Really did it!”” ”

No way?

“Upon hearing Liu Weiyi's words, Zhao Yu's heart thumped, and the first thing that came to his mind was Han Kuan's serial murder case in the Golden City! ”

Could it be ...

“In this diary of murder case, someone was also killing people according to the book? ”

““““To tell you the truth,”” Liu Weiyi tried his best to defend himself,””I blame myself deeply for this, really!”” I was wrong. I was so focused on writing a shocking novel that I neglected other things. Although I was a college student at that time, I was still quite naive. I only wanted to attract the readers' attention by killing perverts! ”

““““But I never thought that I would be used by the murderer!”” ”

““““You said that the novel you wrote is missing ...”” Miao Ying and Cui Lizhu exchanged a look, then asked Liu Weiyi,””where did you lose it?”” ”

““““No way? If I knew where I lost it, I would have found it long ago!”” Liu Weiyi said,””you should know that I was preparing to submit my novel at that time. Losing it is like losing a child!”” ”

““““My heart ached so much that I couldn't eat for a few weeks ... ”

““““I can't figure it out. I'm not famous, and my manuscript is useless to others ...”” Liu Weiyi said.””Later, I thought about writing another book, but I had another idea in my mind, so I didn't continue ... ”

““““It wasn't until many years later that I finally realized how childish 'my secret' was and how much of a sensationalism it was. Even if I had submitted it back then, it definitely wouldn't have passed! ”

“““But ...”” Liu Weiyi thought for a while and added,““in ‘my secret,’ although there are many obscure murder plots, the final ending is still positive. The evil murderer finally got the punishment he deserved. It’s a pity ...”” Liu Weiyi was on the verge of tears.”“I haven’t finished writing it yet!”” The manuscript was gone ...”” ”

“Hearing Liu Weiyi’s words, Miao Ying and Cui Lizhu were both stunned. No one had expected that the situation would not be as simple as they had thought. ”

“So, under Miao Ying’s instructions, Cui Lizhu took out the killer Diary pages and handed them to Liu Weiyi. ”

“At this time, the door of the monitoring room next door opened, and Wu Xiumin, who had just finished her interrogation task, entered the monitoring room. ”

“When Wu Xiumin saw Zhao Yu, she was a little surprised, but she didn’t show it. ”

“Zeng Ke quickly told Wu Xiumin everything that had just happened. Wu Xiumin immediately stood in front of the one-way glass, staring at the changes in the interrogation room. ”

“““This ... This ...”” Liu Weiyi looked at the diary and said,““this is not it!”” This was just a random stroke of my hand back then ...”” ”

“““What? Random writing?”” Cui Lizhu swallowed her saliva.”“This ... This isn’t a complete manuscript?”” ”

“““Yup!”” Liu Weiyi said,““didn’t you see how illegible the handwriting was? This is something I thought of in class, so I wrote it down. When I start writing, I’ll add it to the main body! ”

“““So, you found this ...”” Liu Weiyi said.”“Back then, I wrote a lot of these notes!”” Even when I didn’t have a script, I wrote it in the textbook, and my classmates laughed at me for it!”” ”

“““What the hell!”” In the monitoring room, Ran Tao sighed and said,““it’s just a casual writing ... The real ... The real manuscript, who is it?”” ”

“““If that’s the case, and he didn’t lie ...”” Zeng Ke looked at Zhao Yu and said,““that is to say, whoever stole his manuscripts is the real murderer of the diary of murder case!”” ”
