

Crazy 2141

Chapter 2141: The landlord who reported the case

“““Here, this is the report from September 2001. Because the information was incomplete, the final investigation was fruitless. But,““ Captain MoU put the information in front of Zhao Yu and said,““look at the report carefully. It seems to be very similar to the victim in the killing diary!““ ”

Zhao Yu took the information and read it carefully.

“““Here,““ Captain MoU explained,““the person who reported this was a female doctor Who worked in the hospital. She reported that she rented her old house to a female tenant, but she had not seen this female tenant for a long time! ”

“““The female tenant had paid half a year’s rent, and it was far from due. So, the female doctor was worried that the female tenant was in danger, so she called the police! ”

“““Look,““ Captain MoU said as he opened a copy of the document.““This is a copy of the rent contract. According to the rent, the female tenant’s name is Xin Lili, and her ID number is on it. ”

“““However, after the police investigated the missing person case, they found that the ID number was fake. After that, the case was never closed. We are looking for the police who handled the case that year to verify the information! ”

“““Also, look here,““ Captain MoU said, pointing to another piece of information.““This is the landlord’s description of the missing person. She said that the missing person claimed to be a college student who was in school. She was only about 20 years old, had a round face, and was not tall ... ”

“““This description seems to fit the description of the deceased in the diary of a murder case ... Could it be ... One of the deceased?““ ”

“Ran Tao held his chin and said,““it does look a little similar ... But, didn’t we already check it out?““ Back then, there was no case of a student going missing in Chengzhou University!““ ”

“““Your brain is really rusty,““ cui Lizhu said.““Didn’t you see that the woman’s name and ID number were all fake? ”

“““In my opinion, this woman isn’t a college student at all. The reason why she doesn’t want to reveal the truth is that she’s involved in illegal activities. For example, the special profession that boss has been suspicious of!““ ”

“““Illegal activity?““ Ran Tao said,““then, isn’t it normal for this woman to go missing? She might not be the victim of this case, right? ”

“““Maybe he was forced by his creditors and ran away?““ ”

“““This detective is right,““ Captain MoU said.““There are many similar cases like this, not to mention in the past! ”

“““But, we found the words”” college student,””as well as the correspondence between the age and height. This is the most consistent with the case of the murderer’s diary among all the reports! ”

“““That’s why we have to investigate!”” ”

“““Yes,”” Zhao Yu nodded,””we can’t let go of any clues! Captain MoU, can you find the landlord who reported the case?”” ”

“““Yes, I’ve already found it!”” Captain MoU said,””this is the phone number of the person who reported the case. We found out that this lady is now the Deputy Director of Chengzhou maternity hospital!”” ”

“““Do you think we should talk to her on the phone or go to her personally?”” ”

“““Mm ...”” Zhao Yu pondered for a moment, then said,””such a thing must be discussed face-to-face. You should send someone to talk to her first!”” ”

“““Alright!”” Captain MoU nodded and went to make a call. ”

“““Boss,”” cui Lizhu said to Zhao Yu.””It was in 2001. Our previous speculation was that the murderer committed the crime between 1998 and 2000. If it was in 2001, could it be the skeleton buried under the big banyan tree?”” she asked. ”

“““Forensic Zhang said that they could only judge the approximate age from the bones, not a specific year, and ...”” Zhao Yu said.””There are a lot of such reports, so they might not be consistent with the case we are investigating.”” ”

“““I remember,”” Ran Tao said.””Forensic Zhang said that female body number four in the garbage dump and female body number five under the big banyan tree were buried not far from each other, so they might have been buried in the same year!”” ”

“““So, even if it was the missing woman, it could be female corpse number four!”” ”

“““It’s too early to say that,”” Zhao Yu said.””I think we’d better wait until we confirm it!”” ”

“““Team leader Zhao,”” Captain MoU came back from the phone and said to Zhao Yu,””I just got in touch with him. The Vice President went to Jinping for a meeting, and he won’t be back until the day after tomorrow!”” ”

“““So ... You see ... This is an urgent case,”” Captain MoU said.””Let’s have a video chat!”” ”

.....

“Fifteen minutes later, a female doctor in a white coat appeared on the screen. It was the landlord from back then. ”

“This person was not young anymore. He looked to be in his fifties. He was slightly chubby, but he was in good spirits. ”

“““Yes, I can still remember the girl’s appearance. She looked like ...”” The female doctor said as she pointed to the picture on her mobile phone.””She looked very similar to this girl. In the corner of her right eye, there was a beauty mole. When she smiled, she had two dimples. She looked very sunny ... ”

“Captain MoU had already sent the 3D images of the five girls to the female doctor for her to identify them. At this moment, the image of the fifth victim appeared on her phone! ”

Waa ...

“The female doctor’s words made Zhao Yu and the others excited. Unexpectedly, after so many twists and turns, they finally found the victim’s information. ”

“”But ...”” The female doctor said cautiously,“”I can only say that they look alike, but I can’t be completely sure. In fact, when I first saw that girl, I only met her a few times!”” ”

“”I understand,”” Zhao Yu said.“”Then, can you tell me the details? Did she have any friends? What else do you know about her?”” ”

“”Very few ...”” The female doctor recalled seriously and said,“”that year, my husband and I bought a new house and rented out the house we got married in. She was our first tenant! ”

“”And then ... Um ...”” The female doctor said.“”She lived in our house for half a year. At first, she paid the rent quarterly. After two quarterly payments, she found it troublesome, so she simply paid another half year’s rent! ”

“”I’m a warm-hearted person. Seeing how she was so forthright, I just rounded it up ... ”

“”After she paid half a year’s rent, in September, the electricity meter in the residential area was being renovated. She contacted me. I went to the rental house to look for her, but I couldn’t find her ... ”

“”In the end, our neighbor said that the girl hadn’t returned to the rental house for a long time. The neighbors thought that she had already canceled the rental! ”

“”From then on, I realized that something was wrong, so,”” the female doctor said,“”I quickly contacted my husband, and we went to the police station to report the case!”” ”

“”We didn’t think much of it at the time, we were just afraid that she was in danger ... ”

“”But, the police told us that the ID number she left was fake ...”” The female doctor continued.“”The police also visited a lot of people at that time, but because there was too little information, they couldn’t find anything ...”” ”

“”I remember that we were worried about her for a while back then. We left the house untouched ... ”

“”When the lease was over, we tidied up the place and rented it to someone else ...”” ”

“”Then ...”” Zhao Yu quickly asked,“”when you were cleaning up the house, did you find anything unusual?”” ”

Chapter 2142: Female college student

“”Of course there is!”” The female doctor answered without hesitation,“”the woman who rented the room left a lot of things in the room, mainly clothes, cosmetics, and so on. ”

“““There’s also a bag. There’s even a few thousand Yuan in it!”” ”

“““So many?”” Zhao Yu was shocked.”“That ... That money ...”” ”

“““I’ve been keeping it in my house! However, I have to go back and look for it. I don’t know where my daughter-in-law put it! Back then, we mentioned it to the police, but the police felt that it was more appropriate for us to keep the money, so we kept it!” ”

“““As for the other things, we kept them for her for a while, but we never heard from her, so we slowly got rid of them ...” ”

“““Police officer,”” the female doctor said to Zhao Yu very solemnly,”“to be honest, my husband and I also suspected that she was in debt and had gone into hiding.” ”

“““But, the things in the house are intact, and they don’t look like they’ve run away. Even if they did, they couldn’t have run away without money, right?” ”

“““To be honest, the feeling she gives me ... She must be in big trouble. Otherwise, it’s impossible for her to not come to me after so many years ...”” ”

“Hearing this, Zhao Yu quickly asked,”“The bag with the money, is it still there?”” ”

“““Yes, he should still be!”” The female doctor replied,”“I’ll call my daughter-in-law right now and ask her to find it and send it to you!”” ”

“““No need,”” Captain MoU quickly waved his hand and said,”“it’s such an important piece of evidence. I’ll send someone to get it!”” ”

“““Then ...”” Zhao Yu asked again,”“after you called the police, did the police look carefully? It’s such an obvious scene, it’s obvious that the missing person might be in danger!”” ”

“““I did, of course I did. What’s the last name of that police officer?”” I don’t remember, but at that time, we were in contact ...”” The female doctor said.”“The police also investigated the scene and asked about the situation in detail, but they didn’t expect that the girl was lying. She was not a college student at all ...”” ”

“““The police have searched all the nearby universities and high schools, not to mention high schools, but they couldn’t find such a person ...” ”

“““We couldn’t find a friend of hers, a person who knew her. Back then, surveillance equipment was quite scarce. The police searched for a long time, but couldn’t find any clues ...”” ”

“““I can still remember,”” the female doctor said.”“The police and I carefully checked the girl’s belongings, but we didn’t find anything like a phone number, a communication address, or an identity card. What we found were all kinds of female products, as well as shopping tickets!” ”

“““I’ve seen the receipt. The things she sells are all branded goods, and they’re worth a lot!”” ”

“““Um ... And ... And ...”” The female doctor said again.”“We also found a large number of condoms, and those things that are more ... More sophisticated ...”” ”

“““So, the police suspected that the girl might be a social butterfly!”” The female doctor said,““it’s an illegal occupation. I really didn’t expect her to be that kind of person at such a young age ...”” ”

“““If I had known earlier, I wouldn’t have rented the house to her ... ”

“““But then again ...”” The female doctor frowned and said,““she really doesn’t look like it!”” I can tell at a glance that women in special professions have a femininity, but she’s different. She doesn’t have heavy makeup on, nor does she wear gold or silver. She looks like an innocent university student ...”” ”

It was actually like this ...

Zhao Yu sighed in his heart. It seemed that his previous assumption might have been true. These Dead Girls really did not work in a legitimate profession.

“They might have come from an orphanage, or they might have been driven out of their houses, which resulted in the unclaimed result. ”

“These children were actually pitiful victims. Perhaps they did this to make a living, or perhaps they were forced to do this. ”

“Zhao Yu was not unfamiliar with it, but rather, he was an expert in it. ”

“Based on the female doctor’s description, he could basically determine that the female tenant was a professional. ”

“The reason why she had disguised herself as a female university student was to hide her identity and also because it was necessary for the plot. In their industry, there were many cosplay roles. ”

“At that time, college students were the status that many young people yearned for. Dressing up as a female college student would definitely increase their value and get more ““business”” ... ”

“““Unfortunately, my old house has been torn down,”” the female doctor said.““And after so many years, many things have been gone! ”

“““Officer, you’ve asked so many questions, can you give me an answer?”” The female doctor asked,““that girl, did she ... Already die back then? ”

“““I’ve heard about what happened at Heyang Normal School. The house I rented to her back then was not far from the school ...”” ”

“““Well, I’m sorry, but we can’t answer your question accurately for the time being. We can only tell you that we are working hard to investigate, and the clues you provided are very important to us! ”

“““As you know, this matter is of great importance, so ...”” ”

“““I understand, I understand,”” the female doctor said.““Don’t worry, I won’t mention this to anyone!”” ”

“Regarding this, Zhao Yu was quite at ease. After all, the female doctor was already the Deputy Director of the maternity hospital today, so she would definitely be better at keeping her mouth shut than anyone else. ”

“After hanging up the phone, Captain MoU quickly said to Zhao Yu, ””””Team leader Zhao, I’ve already sent someone to her house, and she has also contacted her daughter-in-law to ask her to find her bag and money and give them to us! ”

””””As long as the bag is still there, ”” Captain MoU said excitedly, ””we can be sure that the missing person is female corpse number five under the big banyan tree!”” ”

””””Right!”” Zhao Yu nodded and said, ””in addition, this incident also gave us a hint that the identity of the other victims may be the same as female corpse number five. Captain MoU, ”” Zhao Yu ordered, ””we can’t wait for the test results to come out before moving!”” ”

””””I’ll give you a difficult task!”” ”

””””I know, I know!”” Before Zhao Yu could finish, Captain MoU nodded and agreed. ””I know. You must want me to look for the experienced men in those brothels! ”

””””Perhaps they still remember something after taking over the business of these girls?”” ”

””””Right!”” Zhao Yu gave her a thumbs up. ””You’re very smart! In addition to the old driver, ask all the bar owners, pimps, mothers, and even the retired female technicians! ”

””””I’ll narrow down the scope for you, ”” Zhao Yu said. ””You should focus on the large entertainment venues that used to be large. Those who could pretend to be college students definitely wouldn’t work in small bars. ”

””””That woman rented a room by herself, paid half a year’s rent, and bought so many branded goods. It’s obvious that she doesn’t lack money, ”” Zhao Yu said. ””Even if she was in that profession, she was of a higher rank! ”

””””Ask her properly. Maybe you can really find out her identity. And it’s not just her. You might find more ... ”” ”

Chapter 2143: identity confirmed

“The next night, in a pizza shop in Chengzhou. ”

””””That’s right, ”” a middle-aged man in a white apron said, pointing to the photo in Zhao Yu’s hand. ””Her name is either sang Xiaoxiao or yang Xiaoxiao. We all call her Xiaoxiao.”” ”

””””She’s from the South, and she’s been working in the West Sea nightclub for less than a year, right? ””The man pointed at the photo and said, ”” there’s something wrong with this photo. Her chin is sharper, and she looks more gentle. She even has two dimples when she smiles ... ”” ”

“Upon hearing this, Zhao Yu and MoU Yongen looked at each other. There was no doubt that the police had found the right person. The man really knew the woman who rented the house. ”

It seemed that the woman who disappeared 18 years ago was likely to be the fifth victim in the diary murder case.

“““Then do you remember if there’s a mole on her face?”” To make sure, Zhao Yu asked again. ”

“““There are!”” The man pointed at his right eye.”“It’s either under the right eye or under the left eye!””

“““Then ...”” Zhao Yu spread out the other photos and said,”“take a closer look. Is there anyone you recognize?”” ”

“““No,”” the man said.”“I’ve watched it several times just now! I’m telling you, I’m not bragging, but I have a very good memory! ”

“““Let’s take sang Xiaoxiao for example. I can still remember what he said to me. She said ...”” The person said like a woman,”“Xiaoqiang, can you help me change some change?”” ”

“““Aiyo, that voice makes my bones go soft ... It’s not coy, but it’s very charming ...”” ”

“““Oh?”” Zhao Yu frowned and asked again,”“so, you two were very close at the Xihai nightclub?”” ”

“““Hmm ...”” The man named Xiao Qiang’s eyes dimmed as he said helplessly,”“well, I think that’s the only thing he told me ...”” ”

“““Didn’t I already tell you? ‘I’m just a doorman of a powerful family, guiding the way for those big bosses ...’ ”

“““Xiaoxiao is one of the more high-end goddesses in our place. They only care about the money of the big bosses. They don’t usually look at small figures like me ...”” ”

“““Xihai nightclub, huh ...”” Captain MoU sighed and said,”“it used to be the number one nightclub in Chengzhou, right? At that time, I often heard my brothers say that if I could go to the West Ocean nightclub and have fun, I would be happy to live ten years less!”” ”

“““You’re absolutely right, brother.”” Cockroach gave Captain Hao a thumbs up.”“It seems like we’re on the same side!”” ”

“““Same as you ...”” Captain MoU cursed, then asked,”“hurry up and tell us everything you know about that woman!”” ”

“““Pizzas ... Um ...”” He weakly pointed to the oven.”“This wave of pizzas is almost cooked!”” If it’s burnt, the boss will fire me!”” ”

“““It doesn’t matter,”” Zhao Yu said, pointing to the oven.”“I’ll take care of everything in this oven! Hurry up and tell me!”” ”

“““Oh ... Oh, oh ...”” Xiaoqiang nodded repeatedly. Although he was called Xiaoqiang, he was actually a middle-aged man in his fifties. He tried to recall.”“Xiaoxiao should be from the South, but her Mandarin is very authentic. She also acts like a cultured college student, unlike those wild ... Um ...”” ”

“““In any case, although she’s not tall, she’s quite elegant. Maybe she’s really a college student who’s trying to make money in the sea?”” Xiaoqiang said,”“in that era, she would never play without more than 2000 Yuan!”” ”

““““You make it sound so noble, but in fact, you’re in a special industry, aren’t you?”” Captain MoU asked,““do you still remember when she went missing?”” ”

““““Um ... Um ...”” Xiaoqiang tried to recall and said,““anyway ... It was in the summer. At that time, I remember ... The boss sent people to look for her many times, but they couldn’t find her. I thought she had eloped with someone!”” ”

““““Who, who, who?”” MoU Yongen caught the main point and asked,““who is it?”” ”

““““It can’t be?”” Xiaoqiang grinned. ““When I said ‘who’, ‘who’, I meant a specific person, right?”” This kind of thing is common in our world. Yes ... It’s commonplace! ”

““““This word should be more accurate, right?”” Xiaoqiang said seriously,““for example, some rich man took a fancy to Xiaoxiao and made her a mistress?” ”

““““The boss is quite angry, but Xiaoxiao is different from other women. She’s a freelancer and didn’t sign a contract with the boss. She just left and the boss couldn’t do anything about it! ”

““““But after Xiaoxiao left, the boss changed the rules and made it more and more formal. He was afraid that these women would cause him trouble! ”

““““Police officer, I’m afraid ... That’s all I know,”” said cockroach, rubbing its hands. ““About this woman, Xiaoxiao, maybe our boss knows more?”” ”

““““Then ...”” Zhao Yu quickly asked,““where’s your boss? Do you still have it now?”” ”

““““He died in Africa,”” said cockroach. ““It’s said that he ran away with a huge sum of money, but he encountered bandits in Africa. He lost his money and his life. It was quite tragic ...”” ”

““““Yes,”” MoU Yongen nodded and said,““this is not a legend, it is true! ”

““““The owner of Xihai nightclub is called Hu Wanchun. He used to be quite famous in Chengzhou and was involved in many cases, including murder cases. He fled overseas after being wanted by the police. ”

““““Later, our Chengzhou police station also sent special investigators to Africa to investigate the matter, which has been officially confirmed!”” ”

““““Then ...”” Zhao Yu asked again,““think about it carefully. Is there anyone else who knows sang Xiaoxiao better than you? For example ... Other girls? Or mommy?”” ”

““““Well ... I can provide you with a few names, but ...”” Xiaoqiang stretched out his finger and said,““it has been 18 years. I only remember those people’s names, but I don’t know their whereabouts!”” ”

.....

““““It seems that it’s quite difficult to find out the identity of female corpse number five,”” MoU Yongen said to Zhao Yu while eating pizza on the way back. ““After sang Xiaoxiao disappeared, the owner, the police, and the nightclub all looked for her, but they couldn’t find her. ”

““““What’s even more incredible is that even though we know the name of female corpse number five, we still don’t know who she is!”” ”

“““In my opinion, the name might not be real,”” Zhao Yu said.”“The rental registration says Xin Lili, and the nightclub owner is called sang Xiaoxiao or yang Xiaoxiao ...”

“““You know what? It’s rare for a person to change his surname when he’s forging a name!”” Zhao Yu said,””so, I suspect that this sang Xiaoxiao might really be an orphan who grew up in an orphanage!”” ”

“““We’ve investigated it before,”” Captain MoU said.”“Leave this job to me. I’ll send someone to investigate it! Now, at least we have the girl’s name and a rough idea of her age. We can try ...”” ”

“As soon as Captain MoU finished speaking, his mobile phone rang. He opened it and was immediately excited.”

“““Team leader Zhao,”” Captain MoU quickly reported to Zhao Yu,””we found a complete piece of skin tissue from the bag provided by the female doctor. After examination, it has been confirmed that it belongs to female corpse number five!”” ”

## Chapter 2144: killing

“Chengzhou police station, Special Investigation Group office.”

Late at night.

“Zhao Yu couldn’t remember how many times he had stayed up late to analyze a case since he had become a Criminal Police officer. Although the location had changed many times, and he had even been overseas, the White boards in front of him were always so similar and familiar.”

“To be honest, Zhao Yu was exhausted, especially after returning from Korea. He did not feel as energetic as before.”

“Moreover, he didn’t know if it was because he wasn’t acclimatized to the environment or some psychological effect, but his tinnitus, which had already recovered smoothly, also acted up.”

Perhaps ... He really should take a good rest?

“In fact, Zhao Yu knew his own situation very well. Although there was a big case now, since he had been in Chengzhou for more than a week, he had not really stayed up all night, nor did he feel too much pressure.”

“After all, he had solved too many cold cases. From the beginning, he didn’t think much of the diary of a killer case.”

“From Zhao Yu’s point of view, the case had happened on a school campus, after all. Although it was also an old case that had happened more than twenty years ago, the clues that could be found in this case were obviously more than the unsolved cases that he had investigated before.”

“Therefore, he had always believed that solving this case would be as easy as before!”

“Moreover, there were more and more clues now, especially since they had collected crucial suspicious samples from the skeletons. As long as they could find the suspect, they could make a comparison. ”

“Now, they had identified one of the victims, so Zhao Yu felt that the day to reveal the truth of the murder Diary was not far away! ”

“So, Zhao Yu ignored Miao Ying’s objection and planned to go through the case again overnight. ”

“Just like many times before, he had a faint feeling that the truth might have already appeared in his field of vision, just that he had not yet captured it. ”

“”Team leader Zhao,”” at this time, Captain MoU Yongen, who was accompanying Zhao Yu, reported to Zhao Yu,””we have found the police officer who was in charge of Xin Lili’s disappearance.”” ”

“”But ... The two police officers have already retired. You know, at that time, they would receive similar reports every day, and they don’t have any impression of it ...”” ”

“”Mm ...”” Zhao Yu nodded. In his opinion, the victim’s information was important, but it wasn’t very useful in solving the case. ”

This was because there were clear serial killer factors in this case. The murderer chose his victims in a hidden environment.

“In addition to the special identity of the victim, it would be very difficult to investigate the case through the interpersonal relationships of the victim. ”

“Before this, Captain MoU had sent out a large number of police officers to find the relevant personnel according to the names and information provided by Xiao Qiang. ”

“However, so far, there had been no useful information. Although the police had found a few people who knew Xin Lili or sang Xiaoxiao, they all said that they were not familiar with sang Xiaoxiao! ”

“In most murder and body dumping cases, as long as the body was identified, the suspect could be found. The murderer must have had a grudge or dispute with the deceased. ”

“However, the most difficult part of the murderer diary case was that the murderer might not have any other relationship with the deceased, and the murderer had chosen the murderer based on certain characteristics. ”

“In other words, this case was not only an old pending case, but also a random serial murder case! ”

“Hence, Zhao Yu felt that, if he wanted to solve the case, he would have to work on Liu Weiyi’s manuscripts, the residents of the brothel, and the school. ”

“At that moment, Zhao Yu was standing in front of the white board, re-filtering the clues he had so far, trying to find a way. ”

“”Team leader,”” Zeng ke, who was checking the recording of the class reunion, reported to Zhao Yu,””one of Liu Weiyi’s classmates at the dinner table claimed that old song, the security guard of Zhi Zhen Building, had his nephew take over his shift for two months ...”” ”

“”Oh?”” Zhao Yu snapped his fingers and only said one word,””investigate!”” ”

“““Understood!”” Zeng ke nodded, then said,““ also, a teacher said that one summer, because the school’s main building was under maintenance, a temporary passage was opened on the west side of the school. ”

“““That passage just happened to pass by Zhi Yi tower. Could the murderer have brought the victim in through that passage?”” ”

“““Remember to contact this teacher tomorrow,”” Zhao Yu reminded her,““and ask for more details!”” After all, the construction was done in a short period of time, but the murder case continued for several years!”” ”

“““Alright,”” he said. Zeng ke nodded and continued to check the video. ”

“““Boss, someone here said,”” Ran Tao said to Zhao Yu.””He saw Liu Weiyi’s manuscript. It was a blue notebook, and he also said that Liu Weiyi’s handwriting was a little sloppy, so he couldn’t bear to read it ... ”” ”

“““For such a clue,”” Zhao Yu waved his hand and said,““just write it down in your book. You don’t have to report it to me!”” ”

“““Oh ...”” Ran Tao quickly shut up and continued to check. ”

“At that moment, Zhao Yu already had a general idea in his mind. He knew the type of person that victim number five, sang Xiaoxiao, was. ”

“After all, in his previous life, he had often dealt with women with this kind of special profession. ”

“Zhao Yu thought that, according to Xiaoqiang’s description, sang Xiaoxiao should be similar to a high-level employee in Xihai nightclub, and a freelancer at that. ”

“In addition to her temperament and appearance, Zhao Yu could tell that the price for asking sang Xiaoxiao out would definitely be high. ”

“He recalled that when he had just transmigrated, he had once encountered the embarrassing ‘true love is priceless, 3000 Yuan a night’ incident with Yang Hong. ”

“Hence, Zhao Yu judged that, for a woman as high class as sang Xiaoxiao, even if the other party offered a lot of money, she would not accept going to the school dormitory with them! ”

The hotels they went to were usually star-rated.

“In addition, Zhao Yu knew that for a high-end place like the Xihai hotel, if sang Xiaoxiao were to make an offer, she would usually only agree to regular customers. ”

“If it was a new guest, the hotel would take measures in case the new guest was a spy or something. ”

“Therefore, if the murderer had asked sang Xiaoxiao out through proper channels, the hotel would definitely have found out about it. ”

“Hence, Zhao Yu concluded that sang Xiaoxiao must have been kidnapped by the murderer with violence and was taken to school. ”

“Based on this line of thought, the murderer’s financial condition must have been very ordinary at the time.”

“Also, judging from the corpses, as the appearance and height of the five victims were slightly similar, Zhao Yu had reason to suspect that the murderer had a certain standard for choosing his victims!”

“In Liu Weiyi’s manuscript, the victims were all university students from other schools.”

“However, the real dead were all special practitioners.”

Then ... Was there a hidden reason behind this?

“Perhaps, Liu Weiyi’s diary was just a trigger, and the mysterious murderer had already developed the thought of killing someone because of his twisted mentality, or because he had suffered some kind of blow.”

He only used Liu Weiyi’s manuscript to fulfill his long-cherished wish of killing someone?

Then ... Who could this person be?

#### Chapter 2145: Vice-Principal

“Four days later, the investigation still made no progress.”

“Other than the police suspecting that female corpse number three might have worked at a nightclub based on the confession of an old pimp, the other aspects were at a standstill.”

“In the past four days, the police had compared the DNA of a large number of related personnel, including the students, security guards, school workers, and teachers from that year, but they still did not find a match.”

“According to the DNA test conducted by geneticists, they could not narrow down the range of the DNA map. The criminal was very lucky. None of his close relatives had left any DNA data.”

“In addition, the 3D image restoration and the missing person case comparison were also difficult and slow to progress.”

“Including today, the Special Investigation Group led by Zhao Yu had been in Chengzhou for almost half a month. No one had expected the case to be investigated to such an extent.”

“Now, the police had expanded the scope of the search and began to investigate the sports students in the school and students of other grades related to the ultimate building.”

“At that moment, the atmosphere in the Special Investigation Group office was heavy.”

“No one had expected that the case, which seemed to be solved soon, would be further and further away from the investigation.”

“By now, the public media had already spread the news. This old murder case had attracted the attention of all walks of life.”

“As the case happened on the university campus, it attracted the attention of the University students.”

“Although it looked calm on the surface, Heyang Normal University had already been pushed to the forefront of public opinion.”

“The school was naturally more anxious than the police. If they couldn’t find out the truth, it would have a huge impact on the school.”

“This would not only affect the enrollment rate, but it would also seriously affect the reputation of the Academy.”

“The power of public opinion and media was strong. Up until now, hundreds of vivid versions had appeared on the internet. Some said that the school was involved in gangsters, some said that a certain classroom was a perverted murderer, and even more outrageous were rumors that the school was a brothel back then, organized female students to sell their bodies, and so on. It was said in a god-like way, and it was as ugly as it could be.”

“Under such circumstances, Zhao Yu and the others undoubtedly felt great pressure.”

“Zhao Yu finally understood that this case was really different from the previous cases. Moreover, he had to ensure that he would invest 100%.”

“So, in the past few days, he had returned to his previous work state and put all his effort into investigating the case every day.”

“He didn’t know why, but after Zhao Yu took it seriously, his hearing problem didn’t act up again.”

““Team leader,”” Zeng ke reported to Zhao Yu,”” we can’t contact the boss of the book rental store and the telephone room. The school doesn’t even remember his name ...”” ”

“It turned out that, through the memories of the students and the school, there was a row of single-story houses outside the exquisite building. The school had rented out that row of single-story houses, and many people had started small businesses.”

“For example, there were hairdressers, small shops, fruit shops, snacks shops, and so on. The most popular ones were the book rental house and the telephone room ...”

“This kind of school shop was very popular at that time, and it almost became an inseparable part of the students’ college life.”

It was also because of these shops that there was no way to regulate the management.

“Zhao Yu thought that since this row of shops was very close to Zhi Hui tower, the staff in the shop seemed to be able to commit the crime.”

“As a result, he had asked Captain MoU to carry out an investigation a long time ago. Unfortunately, the management of those shops was more scattered. The shops were like walking Horse lamps, and people were constantly changing every year, so it was quite difficult to find them.”

“Zeng ke told Zhao Yu that, so far, they had not found the owners of the book rental store and the phone booth. ”

“Before this, Zhao Yu had carefully analyzed that, if the case of the diary of a killer was related to these shop owners, then at least, the shop had been in existence on campus for a long time, at least between 1997 and 2001. ”

“After some confirmation, the police found that only the book rental house, the telephone House, and the barber shop had been in operation for the longest time, which matched the time standard of the diary of murder case. ”

“However, according to Liu Weiyi and the rest’s memories, the owner of the salon was an elderly woman. Hence, they had already ruled out the possibility of a salon. ”

“The owners of the book rental store and the phone booth were both young men, so Zhao Yu wanted to find the two people and conduct a comparison investigation on them. ”

“Unfortunately, the row of bungalows was completely demolished in 2005. Because the school couldn’t find the lease contract from that year, so until now, the police not only couldn’t find the two parties involved, but they didn’t even know their names. ”

“Liu Weiyi and the others also said that they only remembered that the two bosses were men, but they had never asked for their names. ”

“The police found a few students who used to rent books and asked them to draw a portrait, but they couldn’t remember any of them. ”

“In addition, the situation at the telephone House was similar. The police could only investigate the information from the telecommunication Bureau, but because of the long history, it still took a lot of time. ”

“Of course, in addition to these people, the police also included the boiler worker, the plumber, and even the cafeteria worker. They were still actively investigating and looking for them. ”

“““Team leader,”” Zeng ke reported to Zhao Yu,””old song’s nephew has been found, and his DNA is being tested, but ... As you know, the possibility is not high ...”” ”

“““Mm ...”” Zhao Yu nodded. Of course, he knew that although Lao Song was no longer alive, the police had extracted the DNA of Lao song’s relatives and compared it with the target. ”

“In that case, old song’s nephews should have similar DNA, so there shouldn’t be any relationship. ”

“However, in order to ensure that nothing went wrong, the work that had to be done still had to be done. What if this nephew of his was not related to old song by blood? ”

“Just like that, the investigation continued, and Zhao Yu and the other investigators did not rest for a moment. ”

“In the blink of an eye, it was already late at night. ”

Zhao Yu was left alone in the office.

“This time, he wasn’t standing in front of the whiteboard. Instead, he was carefully watching the video of the fellowship Party.”

“As for the video of the fellowship Party, Zeng ke, Ran Tao, and the others had all carefully checked it before, and they had recorded information that might be related to the diary of murder case.”

“For example, old song’s nephew had been found out through this method.”

“After a few days of investigation, they had basically ruled out most of the clues. However, Zhao Yu was afraid that Zeng ke and ran Tao had missed something, so he insisted on reading it again.”

“Although he said he was going to watch it again, in reality, Zhao Yu had already seen it countless times.”

“At that moment, he was watching a video of the school’s leaders. The people sitting at the table were the former leaders of River sun college, as well as the new leaders.”

“Among them, a current Vice-Principal sipped his wine and said,”

“”If you ask me, I’d say that we have to acknowledge the free will of the heavens!”” He put down his wine glass and said to his colleagues,””the ultimate tower should have been demolished a long time ago ...”

“”All these years, the sports program of Heyang Normal School has been doing very well. Therefore, the school has decided to tear down the ultimate building and build a new auxiliary Stadium!”

“”If it’s really dismantled,”” he said with a mysterious expression,””then the body hidden in the trash can would have been discovered long ago, right?””

Chapter 2146: sponsor

“”Of course,”” a school leader said.””Once the building is demolished, the body will be exposed!””

“”But,”” the vice-principal said,””the strange thing is that the school has been planning for so many years, but this building has never been moved. It’s quite incredible!””

“”Yup!”” An old leader with white hair said,””it’s hard for you to imagine that I already had that building when I was young!”

“”People say that this building was built in the year when Heyang Normal University was first established! For this, we’ve checked the historical records. Guess what happened?”

“”It turns out that the rumors were all false,”” the old leader said.””The real building age may be traced back to the end of the Qing Dynasty!”

“”When the school was built in 21st, it underwent a large-scale renovation!””

“”Indeed, this building has a long history,”” another school leader said.””Otherwise, we wouldn’t have suggested that this building be preserved!”

“““I remember that when the building was sealed in 2005, we had a special discussion about it! Although it has been renovated several times, this building has been around for hundreds of years, so it is very memorable!”” ”

“““The two old leaders are right,”” at this time, the vice-principal said,””or else, it’s fate! ”

“““You see, the school had already decided to keep this building and turn it into a School Museum. Logically speaking ...”” The person said sadly,””if it was really turned into a Museum, then the female body hidden in the garbage can will never see the light of day again, right? ”

“““With our current construction technology, this building can stand for another 100 years, right?”” ”

“““Principal yang, you’re right,”” the old leader from before took a sip of Maotai and said,””it’s really the will of heaven! ”

“““I heard that a student discovered the problem on a piece of paper?”” ”

“““Yes, I am!”” Principal yang nodded and said,””it’s said that after the child read the note, it was as if he was possessed. He directly picked up a hammer and smashed open the trash can! ”

“““There are a total of two rubbish bins in the Zhi ya tower. However, that child just happened to smash open the rubbish bin that contained the female corpse ... If he had smashed the wrong one, I’m afraid the result would be unknown!”” ”

“““Cough! Principal yang, the version we heard is even more impressive than what you said!”” Someone next to him said,””we heard that the child was possessed by the vengeful spirit of the female corpse, which was why he could smash the stairway open so accurately ...”” ”

“““Aiyo, old Liang ...”” Principal yang frowned and said,””such a big thing has happened and our school has been pushed to the teeth of the storm. As the school leader, you shouldn’t help them spread rumors!”” ”

“““I didn’t spread the rumors, but the rumors have already spread,”” the man named old Liang said.””In my opinion, we’d better find the student and let him clarify in person, so that people won’t spread the rumors and make them more ridiculous!”” ”

“““Rumors stop with the wise. I believe,”” at this time, a dignified old Vice-Chancellor said,””as long as the police solve the case and find out the truth, these rumors will be dispelled on their own!”” ”

“““Yes, yes,”” Lao Liang quickly nodded in agreement.””Deputy Principal MA is right!”” ”

“Vice-Principal MA was the former principal of River sun college and was quite authoritative. After he spoke, the others quickly echoed and praised him, even principal yang. ”

“““Principal MA is right,”” principal yang said.””I have great confidence in the police. I heard that the great detective who solved the devil case and the headless female corpses case was sent to investigate this case!”” ”

“““Yes, I heard about it too,”” one of the leaders said.””What ... What was it called again?”” ”

“Everyone thought for a long time, but they couldn’t remember Zhao Yu’s name. ”

“Hearing this, Zhao Yu couldn’t help but smile. It seemed that, although he was famous in the detective world, he was still a stranger to these people! ”

“At first, Zhao Yu was going to end the video and then watch another video. ”

“Unexpectedly, the leader called old Liang spoke again. He asked principal yang, ” ”

“”Principal yang, since such a big case has happened, then we can only put the matter of rebuilding the ultimate tower into a Museum on hold, right?” ”

“”Yes!”” Principal yang said worriedly, ”we just had a meeting yesterday. The leader is having a headache! The current situation was really hard to say. Even if the police solved the case quickly, the building could not escape the name of a haunted house! ”

“”So, in my opinion, there’s no way we can keep the ultimate tower! I’m afraid that the school’s investment plan will have to be redesigned again!” ”

“”Is that so?”” Elder Liang said, ”I’m afraid it’s not good to demolish a hundred-year-old building just like that? This matter is really quite difficult!” ”

“”Yup!”” Principal yang sighed. ”Previously, the school had already received a sponsorship! However, from the looks of it now, the sponsorship was definitely gone. Who would still dare to invest in a haunted house? ”

“”If there’s no sponsorship, the school will definitely make other choices. Even if they build a Museum in the future, they won’t be able to use this building ...” ”

“”Actually, ”” Deputy Principal MA finally put down his chopsticks and said sternly, ”the school doesn’t need to be entangled in this matter. It doesn’t matter if we tear it apart or not. It’s normal! ”

“”The development of a school depends on the teachers, the students, and their attitude. It doesn’t depend on whether the school has a Museum or not! ”

“”Many famous schools don’t have museums, but aren’t they still famous schools? Am I right?” ”

“”Yes, yes ...”” Everyone quickly agreed and toasted to Deputy Principal MA. The topic of the killer Diary ended there. ”

Eh?

Tsk tsk ...

“Zhao Yu paused the video, but his heart was filled with mixed feelings. ”

“He had seen the video before. The first time he saw it, he had a faint feeling that there was some information behind the conversation! ”

“Now, it seemed like ... There was really a problem ... ”

Then ... What was the problem?

“Among the people who had just appeared, only principal yang was the current Vice Principal of River sun institution. The others, such as old Liang and principal MA, were all the school leaders who had retired. ”

Principal yang ...

Zhao Yu rewound the video and rewatched what principal yang had said at the banquet.

“And this time, he finally found the problem. ”

Right?

“The school wanted to renovate an academic building into a Museum, and they could actually ... Get sponsorships? ”

Who would sponsor such a project?

“According to Zhao Yu’s knowledge, only when a school was building a new school or a school was building a new building would they look for sponsors, right? The sponsor could at least get a title, or get some benefits through the school’s division of districts. ”

“However, what was the point of transforming the museum? Was there a need? Were there any benefits? ”

Who would sponsor such a transformation?

“Or rather, who was the person who was willing to invest in the reconstruction of zhibi tower? Why did he do that? ”

Could it be that ... There’s something wrong with this?

No!

Zhao Yu thought that he had to look into this clue carefully.

“Hence, he flipped through the documents and quickly found principal Yang’s phone number. He didn’t care that it was already very late at night and directly dialed the number ... ”

Chapter 2147: The nature of the sponsorship

“““Officer, it’s useless to talk to me about this!”” Principal Yang’s voice came from the phone.””The renovation of the school is a big deal. It’s all decided by the principal ...”” ”

“““Cut the crap,”” Zhao Yu shouted.””I’ll ask your principal about it. What you need to do now is to tell me everything you know about the sponsors! ”

“““I’m warning you,”” Zhao Yu warned seriously,””every detail may be related to the case. If you hide anything from me and don’t report it, you should know the consequences!”” ”

“““I know, of course I know,”” principal yang said.”“Don’t worry. We are the ones who hope that the police can solve the case the most!” ”

“““Don’t worry, I won’t hide anything as long as I know it. But ... Regarding the sponsors, you really have to ask the principal. I only heard some things from the side, so I’m not sure about the details. If I’m wrong, it won’t be good to mislead you, right?”” ”

“““It doesn’t matter. Tell me what you know first!”” ““Are there any sponsors in Heyang college or other higher institutions that would sponsor the renovation of old buildings?”” Zhao Yu asked. ”

“““Oh, you’ve asked the right person. I used to work in the construction office of the Education Commission,”” principal yang said.”“To tell you the truth, the school only sponsorships for the construction of the school. But for the renovation of the old buildings ... ”

“““Hehe ... Our Heyang Academy doesn’t need that much money!”” ”

“““I heard,”” Zhao Yu said,”“that the ultimate tower was supposed to be demolished, but a sponsor suddenly appeared and changed the school’s mind. In the end, they decided to renovate the old building into a Museum?”” ”

“““No, no, no,”” principal yang quickly clarified.”“It’s not a sponsor that suddenly appeared. Li Mingyuan graduated from Heyang Normal School. He has done a lot of charity work over the years and has been cooperating with our school often!”” ”

“““Li Mingyuan?”” Zhao Yu repeated the unfamiliar name and asked,”“he’s the sponsor?”” ”

“““Mm ...”” Principal yang then realized that he had fallen into Zhao Yu’s trap, so he had to be honest.”“Yes!”” Li Mingyuan is a 2006 graduate from Heyang Normal University. After he graduated, he founded Mingyuan culture company and his business grew bigger and bigger. He is now a famous entrepreneur in Chengzhou! ”

“““This child never forgets his roots. He often participates in charity activities and donates a lot!”” Principal yang introduced,”“previously, our school had several large-scale activities, and Li Mingyuan was also the one who cooperated with us.”” ”

2006?

Zhao Yu pondered for a moment. The person’s age obviously didn’t match the killer Diary. It seemed that this person was not a suspect.

“““Then ...”” Zhao Yu emphasized,”“tell me in detail about the renovation of Zhi ya tower! Did Li Mingyuan bring this up on his own, or did your school look for him?”” ”

“““Aiyo, police officer, this question ... I can’t answer you!”” Principal yang said,”“actually, regarding the renovation of the exquisite building, it has always been a difficult problem for the school leaders. ”

“““We’ve been divided into two factions internally. One side agrees to demolish the old building and rush in to build a new building or a Stadium! ”

“““The other group thinks that this building is Heyang Normal school’s landmark and shouldn’t be demolished so easily. They think that it should be renovated and turned into our school’s Museum! ”

“““I remember that in 2005, when Zhi ya tower was sealed off, the principal finally made the decision to tear down the building. However ...”” Principal yang recalled,“““after applying to knock down the Board of Education, he was rejected! ”

“““It turns out that the Board of Education also has different opinions on Zhi ya tower. Some people are worried that tearing down this hundred-year-old building will cause a negative impact on students and society, so this matter has been delayed until now ... ”

“““This year, the Board of Education has changed its terms,”” principal yang said.“““So, the principal put the ultimate Pavilion on the agenda again. From the end of the year, they’ve held several meetings on and off. It wasn’t until last month that they finally decided to keep the ultimate Pavilion and transform it into a School Museum! ”

“““As for how Li Mingyuan got his sponsor, I don’t know,”” principal yang said.“““Because he runs a cultural company, he has a good relationship with the Board of Education. I think that after the Board of Education made a decision, they looked for him, right? ”

“““After all, not many people would agree to renovate an old building! ”

“““But ...”” Principal yang said hesitantly,“““if Li Mingyuan took the initiative to look for the Board of Education, it’s not impossible ... Tsk tsk ... In my opinion, you can ask our principal, or the Board of Education and construction office ... ”

“““That’s all I know!”” ”

“““Alright! ”” Principal yang,“““ Zhao Yu said solemnly,“““I heard that you’re the most well-informed person in the school. How about this, from tomorrow onwards, you help me find out more about the sponsor, Li Mingyuan! ”

“““You’re a smart person. If you can really help us solve the case, go ahead! It’ll only be good for you, and there won’t be any harm. This is a great opportunity!”” ”

“““Um ... This ...”” Principal yang hesitated for a moment and asked,“““police officer, I’m quite familiar with Li Mingyuan. Are you suspecting that he is related to the school’s case?”” ”

“““Whether or not they are related depends on the evidence!”” Zhao Yu said heavily,“““from this Li Mingyuan, I only want to know the problem of initiative! ”

“““If the Board of Education and the school found Li Mingyuan and asked him to sponsor the renovation of the exquisite building, then there would be no problem. ”

“““But,”” Zhao Yu said in a powerful voice,“““if Li Mingyuan took the initiative to contact the Board of Education or the school, and asked those leaders to transform Zhiming building into a Museum, then the nature ... Would be completely different!”” ”

“““Oh ... I understand, I understand ...”” Principal yang swallowed his saliva and said in fear,“““if the ultimate tower is transformed into a Museum, then the bones hidden in the rubbish dump will never be discovered again!”” ”

“““So,”” Zhao Yu said,“““it’s good that you understand the nature of this matter. I’ll send you my phone number, so please reply to me as soon as possible!”” ”

““““Okay, officer, I understand!”” Principal yang promised,““““I’ll help you find out the news tomorrow! I don’t care if I’ll make a contribution or not, I just hope that we can catch the real murderer as soon as possible and get justice for the girls who were injured!”” ”

“Zhao Yu said a few more words, then hung up the phone. ”

“However, while the phone was still in the air, he called Zeng ke directly, waking him up from his dream. He ordered,“““ ”

““““Zeng ke, remember a name and check this person’s background for me!”” ”

“Zhao Yu told Zeng ke the information about Li Mingyuan, then said,““““Also, contact cui Lizhu tomorrow. I don’t care what method you use, but I need to get Li Mingyuan’s DNA as soon as possible!”” Zhao Yu said. ”

#### Chapter 2148: The same suspect

“At noon two days later, Zhao Yu finally received a call from principal yang. ”

““““Hey, police officer, I’ve asked everything,“““ principal yang said in full detail.““““But it’s still a bit of a problem as to who’s more proactive! ”

““““It’s like this, it wasn’t anyone’s idea to turn Zhiming tower into a Museum. It’s always been in the school’s plan, and the Board of Education has always been more inclined to this. After all, everyone is worried about public opinion. ”

““““Although the exquisite building isn’t the main building of River sun institution, it’s the only building that has been preserved for a hundred years. So, both the school and the Board of Education are more inclined to renovate it! ”

““““But I heard from the construction office that after Li Mingyuan learned of the news, he took the initiative to contact the Board of Education and expressed that Mingyuan Corporation was willing to sponsor the reconstruction of the exquisite building. ”

““““This undoubtedly made the leaders even more determined, which was why they made the decision to modify it! ““““And ...”” Principal yang said,““““I’ve found out everything. Bright vision is not just a sponsor. Since their company is also responsible for the construction of the campus culture, they’ve also taken on the renovation plan for the exquisite building ... ”

““““So, this matter is really hard to judge! ”

““““You see,“““ principal yang analyzed for Zhao Yu,““““the reason why bright vision is so active in sponsoring and designing for free is actually to promote their company’s brand image, so that they can invite bids for more similar businesses in the future! ”

““““So, from a company’s long-term planning perspective, there’s nothing wrong with it. It’s a normal thing ... ”

“““But, if you combine it with this case, it’s full of coincidences and oddities. Although the transformation plan hasn’t come out yet, but ...”” Principal yang lowered his voice and said,““if Li Mingyuan is really related to the murder case, then he can definitely ignore the transformation of the garbage dump in the drawing, and thus achieve the purpose of covering up the body! ”

“““So, I suggest that you look into it again. I really can’t say for sure if Li Mingyuan was taking the initiative!”” ”

“““Alright, principal yang,”” Zhao Yu said.””Thank you for providing us with the clues. We know what to do! If there’s any new information, remember to inform me at once!”” ”

“““Alright, alright!”” Principal yang thanked him and hung up the phone. ”

“““Team leader,”” at this time, Zeng ke, who had been listening by the side, said to Zhao Yu,““the DNA comparison has been done. Li Mingyuan’s DNA does not match the suspect’s, so it can’t be him, right?”” ”

“““Yes, whether it’s age or school age, they are all different from the suspect,”” cui Lizhu said.””When the case happened, boss li was still a middle school student!”” ”

“““We’ve checked his interpersonal relationships,”” Ran Tao said.””We also asked Liu Weiyi, but they didn’t know each other before. It was only after Liu Weiyi became the chairman of the couplet organization that he started to have dealings with bright vision!”” ”

“““Also,”” Wu Xiumin continued,””we have also sent people to investigate the principal and the Board of Education. It is indeed as principal yang said. Although Li Mingyuan took the initiative to ask, it is undeniable that he did have some business factors in it.”” ”

“““But ...”” At this time, Zhao Yu did not say anything, but Miao Ying suddenly stood beside Zhao Yu and said,““what if we are wrong? Although Li Mingyuan was not the real murderer, but ... Was it possible that he was protecting someone? ”

“““For example ... His father? Elder brother? Or.....Someone else?”” ”

“““Sister Miao, have you been too busy these past few days?”” Cui Lizhu asked,““did I get Li Mingyuan’s hair for nothing? ”

“““We have already tested Li Mingyuan’s DNA. If he is covering up for his relatives, it can be fully reflected through the DNA!”” ”

“““Oh ...”” Miao Ying touched her forehead and sighed.””You’re right. I’ve been really busy these past few days!”” Chengzhou can’t take the pressure anymore and wants to hold a press conference, but ... We still don’t have any clues. Even if we do hold it, we won’t be able to say anything!”” ”

“““This case has indeed been dragged on for a long time, but,”” Zhao Yu said,““after all, it was an unsolved case from more than twenty years ago. Even if I’m a great detective who shook the universe, you still have to give me more time, right? ”

“““In my opinion,”” Zhao Yu pointed to Li Mingyuan’s photo on the big screen and said,““the most important thing now is to investigate this person carefully. Even if he has nothing to do with it, we have to make sure that he can be eliminated as a suspect!”” ”

““““Ran Tao, Cui Lizhu, why don't we ...”” ”

“Zhao Yu was just about to order the two men to investigate, when Captain MoU Yongen suddenly ran into the office in a hurry. As soon as he came in, he mysteriously pulled Zhao Yu to the side. ”

“Then, he pointed to Li Mingyuan's photo on the big screen and asked Zhao Yu,““Team leader Zhao, are you investigating this person?”” ”

““““Yeah, what's wrong?”” Zhao Yu saw MoU Yongen's strange expression and hurriedly asked,““do you know each other?”” ”

““““We just met.”” MoU Yongen first looked at Miao Ying and the others, then lowered his voice and said to Zhao Yu,““in fact, we are investigating him! It's just because of another case!”” ”

““““Oh? What case?”” Zhao Yu was even more curious. ”

““““Mm ... Mm ...”” MoU Yongen was in a difficult position. He then bit Zhao Yu's ear and said in a very low voice,““do you remember the school loan case that we solved together? We're now suspecting that Li Mingyuan is related to the Luo loan case!”” ”

““““It can't be?”” Zhao Yu finally understood why MoU Yong 'en was so quiet. It was because Zhao Yu didn't let Miao Ying know about this. ”

“At that time, Zhao Yu was forced to take a leave of absence. If miss Miao knew that he had saved a girl who jumped off a building, jumped into a River to save someone, and also cracked an illegal loan case, she would definitely be furious. ”

“Feeling that the problem was serious, Zhao Yu quickly pulled MoU Yongen out of the office, came to the corridor, and asked, ““What's going on? Could it be that ... The boss behind the loan is this Li Mingyuan?”” ”

““““It's just a suspicion, just a suspicion ...”” MoU Yongen explained.““It's like this. Because I was the one who commanded the raid on the Luo loan company, I have been in charge of this case!” ”

““““For the past few days, we have been tracking down the illegal loan organization. However, we discovered that the place we destroyed was actually the headquarters of the entire plain area!” ”

““““Their business is spread throughout the Central Plains, and they've become quite influential. These people have really harmed many college students!” ”

““““No! ““Not only college students, but also a large number of young people, especially young women ...”” Captain MoU explained.““They take advantage of the young people's gloating mentality, make them take loans, and then use the photos and videos in their hands to blackmail!” ”

““““In more serious cases, they will be like Gu Xiaoling, who will make them commit themselves ...”” ”

““““Many female victims did not dare to speak up because they were threatened. Some obediently paid a huge sum of money, while others could only go to sea and give themselves up, never to be recovered ...”” ”

“““Oh ...”” Zhao Yu nodded and said,““so, what we just destroyed was a big fish! So ... What does Li Mingyuan have to do with this illegal group?”” ”

Chapter 2149: fatal photo

“Captain MoU reported to Zhao Yu,““when we were investigating the whereabouts of the illegal loan group’s funds, we found that most of the funds were missing. They hid the flow of the illegal funds through shadow companies and overseas accounts!”” ”

“““So,““ Captain MoU said,““we can only start with the witnesses. Over the past few days, we have interrogated those illegal personnel. ”

“““But I didn’t expect the boss behind the illegal loan group to be so cautious. He didn’t leave any traces, and even the leaders didn’t know who he was!”” ”

“““It seems that he’s really an expert!”” Zhao Yu asked,““do you need me to send Zeng ke to help you investigate?”” ”

“““No need for now!”” Captain MoU quickly said,““in fact, although we didn’t find any specific evidence of the flow of funds, our interrogation still yielded some results! ”

“““Based on the statements of several leaders of the illegal group, we suspect that this illegal loan group may be related to Mingyuan culture. ”

“““Well ...”” Captain MoU paused for a moment and explained,““because part of it is handled by the economic investigation team. I don’t know the specific details. It may be the instance information of the shadow account, or the online registration. ”

“““Those small leaders also mentioned that they had seen Li Mingyuan from the headquarters. However, Li Mingyuan was wearing a mask and was more cautious, so they were not completely sure!”” ”

“““I see ...”” Zhao Yu’s mind was spinning, trying to think about the information revealed behind Li Mingyuan and the illegal group. ”

“But, after thinking for a long time, Zhao Yu suddenly realized that although Li Mingyuan might be the leader of the illegal group, he might not have anything to do with the diary of murder case. ”

“So ... Maybe the clues in front of him wouldn’t help him solve the diary of murder case, but ... ”

“As he was thinking, Zhao Yu couldn’t help but take a look at the system in his mind. It was less than half the day of the hexagram opening, and the hexagram area was still dark. ”

Tsk tsk ...

“Based on his understanding of the system, Zhao Yu clearly knew that everything he had encountered could be a key clue to solve the case. ”

Could it be that ... This time was no exception?

It wasn't a coincidence that he met the girl who jumped off the building at the antique Street and exposed the illegal loan group's crimes?

"Instead, it contained more important information? "

No way?

"Zhao Yu thought to himself, ""system bro, I can't even get a hexagram now, are you still supporting me?"" "

""Alright then!"" Thinking of this, Zhao Yu said to Captain MoU, ""although the illegal loan and the diary are two completely different cases, because both cases involve the same person, we must not ignore this detail! "

""How about this, "" Zhao Yu said, ""you give me the information on the illegal loan case, and I'll let my people analyze it!"" "

""Okay, but ..."" Captain MoU said cautiously, ""team leader Zhao, you should know that, in a sense, the impact of the illegal loan is no less than that of the diary of murder case!"" "

""So ..."" "

""Nonsense!"" Zhao Yu understood what Captain MoU meant and immediately glared at him. ""You're not afraid that I'll leak the news, are you? I'm the leader of the Special Investigation Group ..."" "

""I know, I know ..."" Captain MoU quickly bowed. ""Without you, this case wouldn't have been discovered!"" I just want to say that the provincial Department is paying special attention to this case and asked us to keep it a secret until we catch the big fish behind the scenes and all the people online and offline! "

""What we caught was the brain of this illegal group. However, this illegal group is spread all over the plain area like a spider web! "

""We have to be more cautious than cautious. We can't let a single one of them go until we've caught them all in one fell swoop!"" "

""Mm, don't worry!"" Zhao Yu nodded and said, ""I still have my professional ethics. In that case, you don't have to give me the information. I'll take Zeng ke to your place later!"" "

""Okay, okay ..."" Captain MoU had the same intention and quickly bowed. "

""And ..."" Zhao Yu gulped. He first looked around the office, then gave Captain Hao a thumbs up. ""You did the right thing just now. I haven't told team leader Miao about this yet!"" "

""If he knew what I did at the antique Street, he would definitely scold me!"" "

""Yes, yes, yes ..."" Captain MoU nodded quickly. ""Don't worry about this. I'll definitely keep my mouth shut ..."" "

.....

“That night, in an office in the Chengzhou police station. ”

“““Team leader Zhao, look ...”” Captain MoU opened a document on the computer and said to Zhao Yu,““the information about the illegal loan group is here! ”

“““We’ve already sent their bank account details to the economic Investigation Department. Perhaps we can find out the connection between them and bright vision!”” ”

“““Alright,”” Zhao Yu said, waving his hand.””Just give me a cup of coffee!”” ”

“““No problem!”” Captain MoU turned around and left to pour Zhao Yu a cup of coffee. ”

“Zeng ke asked Zhao Yu,““““Team leader, what are you doing? Is there any connection between the illegal loan and our case?”” ”

“““It’s hard to say,”” Zhao Yu said frankly.””I called you here because I want you to help me see if you can find out the boss behind the illegal loan group from this information!”” ”

“““This ...”” Zeng ke said, embarrassed.””Didn’t you ask me to investigate Li Mingyuan? Do you really think that Li Mingyuan is doing Illegal Business?”” ”

“““Yes, that’s probably what it means!”” Zhao Yu said,““even if Li Mingyuan has nothing to do with the diary murder case, if he is the boss of the illegal group, we can’t let him go! ”

“““Do you know how many young female students they’ve harmed?”” ”

“““Alright, alright ... You’ve already explained it clearly to me. Don’t worry, as long as I can do it, I’ll do my best!”” As he spoke, Zeng ke put his laptop on the table and said very professionally,““can you help me apply for permission now so that I can check all the accounts under Li Mingyuan’s name?”” ”

“““Let’s see if we can find anything inside ...”” ”

“““Okay, no problem.”” Zhao Yu quickly took out his mobile phone and said,““I’ll call the criminal Division now!”” ”

“After that, Zhao Yu immediately applied for senior investigation authority from the higher-ups, so that Zeng ke could successfully obtain information about Li Mingyuan himself, as well as his company’s financial and accounting information. ”

“At this time, the coffee was ready. Zhao Yu sipped his coffee while he watched Zeng ke use advanced computer technology to analyze Li Mingyuan’s information. ”

“Of course, Zhao Yu knew very well that although Zeng ke’s operation seemed simple, it was actually a huge and cumbersome task, and he might not be able to achieve anything in a short period of time. ”

“So, Zhao Yu opened the folder on his computer and began to look for information about the illegal loan group. ”

“Maybe it was out of some kind of intuition, or maybe it was out of his natural curiosity, Zhao Yu opened the first one. It was the photos and videos of the victims that were stored in the illegal loan group. ”

“At first, he didn’t think too much about it and just opened one of the folders. However, after looking at a few photos, his eyes suddenly widened ... ”

Chapter 2150: Red nail polish

“““What’s wrong?”” Zeng ke saw Zhao Yu’s strange behavior and quickly turned to check on him. He asked,““you ... You’re looking at ...”” ”

“What appeared on the computer screen were selfies of the girls who had taken loans, and every one of them was so revealing that Zeng ke could not help but feel embarrassed. ”

“However, Zhao Yu looked shocked. He pointed to the photo on the screen and said to Zeng ke,““““Zeng ke, look, look at this girl’s feet ...”” ”

“““Feet?”” Following the direction of Zhao Yu’s finger, Zeng ke also looked at the feet of the girl, then asked in confusion,““she’s barefooted! What’s wrong?”” ”

“““Silly girl, look carefully!”” Zhao Yu said,““her toenails are painted red!”” ”

“““Oh?”” Zeng ke took a closer look and finally understood what Zhao Yu meant. He saw that the girl’s toes were indeed painted with red nail polish. ”

“““But ...”” Zhao Yu zoomed in on the picture and pointed at the girl’s hand.““Look at her hand, there’s no nail polish! ”

“““This ...”” ”

“Suddenly, Zhao Yu remembered the autopsy report of the five girls. The report stated that the five girls had nail polish on their toes, but they didn’t apply it on their hands. ”

“““Zeng ke ...”” Zhao Yu swallowed, then said to Zeng ke,““once might be a coincidence, but twice, or thrice ... That’s not a coincidence, right?”” ”

“As Zhao Yu flipped through the pictures, Zeng ke was stunned. He never expected that in the following selfies, all the loan girls had painted their toenails with red nail polish! ”

“The red colors were all different. Some were light red, some were dark red, some were pink, and some even had a red pattern. They all looked more natural, and they were located at the feet, so ordinary people would not notice them. ”

“However, Zhao Yu had only looked through them once before he was immediately attracted by the girls’““nail polish. ”

“““Leader ...”” Zeng ke’s voice trembled as he asked,““are we getting close to the truth of the killer Diary?”” These girls all painted their toenails with the same color nail polish. Could it be ... That they were instructed by someone?”” ”

“Without a doubt,” Zhao Yu nodded and said, “the person who instructed them must be the loan shark!”

Zhao Yu closed the group of photos and opened another folder.

“However, the red nail polish on her toenails was gone from the photos of the girl in the new folder.”

“Eh?” Zeng ke was surprised. “Why is there no one this time?”

“Zhao Yu quickly looked at the other sets of photos. In the photos of the girls, there was no sign of nail polish on their feet.”

“So ...” Zhao Yu went back to the first folder and guessed, “only this set of photos had nail polish on!”

“As he spoke, he looked at the number and found that there were as many as 200 cards. The photos were all taken at different times, and the oldest one could be traced back to six or seven years ago ...”

“Team leader, look ...” Zeng ke pointed to the folder’s name and said, “this set of photos has been numbered, and they are marked with the words ‘FPW’!”

“FW?” Zhao Yu was curious. “Is it a radio?”

“Radio is FM,” Zeng ke said, thinking carefully. “I think that the meaning of FM may be the abbreviation of fine works!”

“fine works?” “What do you mean?” Zhao Yu asked, not understanding English.

“It means premium quality!” Zeng ke replied, “if you used to browse adult websites often, you would notice these two letters. Premium, premium ... Only VIP members can watch it!”

“F \* ck,” Zhao Yu grinned, “I’m not afraid of hooligans looking at the website, I’m more afraid of hooligans knowing English!”

“Team leader,” Zeng ke swallowed, then asked, “did you notice? Those girls with red nail polish are more beautiful!”

“Mm ...” Zhao Yu quickly opened it and read it carefully. He suddenly had a whole new level of respect for Zeng ke and praised him on the spot. “You, boy, I really underestimated you!”

“She’s really ... Prettier than other loony girls, and her figure is one in a hundred ...”

“Fine quality! Only high-quality products are required to have their nails painted red ...” Zeng ke speculated. “So, as long as we find out who asked these girls to have their nails painted, then this person ... This person ...”

“This person,” Zhao Yu gritted his teeth and said, “could be the real murderer of the diary murder case!”

“After Zhao Yu finished speaking, the room fell into ten seconds of silence. After the silence, Zhao Yu sighed emotionally.”

“““Damn it, this guy is a F \* cking pervert! He actually ... Actually even ranked Luo Yao’s girl. What? Was this a beauty contest? ”

“““Or is it a point system? The higher the points, the more loans the girl could get? Or was it that the more beautiful the girl was, the more money she could earn for them? The more they take care of the person?”” ”

“““It’s too evil!”” Zeng ke echoed indignantly, but he suddenly realized that the situation was not good, so he quickly said to Zhao Yu,””team leader! ”

“““If ... If the person who made these girls paint their nails and take pictures was the murderer of the diary murder case, then ... How are these girls now? ”

“““Don’t ... Don’t ...”” The more Zeng ke thought about it, the scarier he became. He quickly enlarged one of the photos and said,””fortunately, these girls have ID cards in their hands, so I can find out their whereabouts very quickly!”” ”

“With that, he wrote down one of the girls ‘ID number as fast as he could, then turned on his computer and checked it. ”

“In less than a minute, Zeng ke breathed a sigh of relief.””Phew ... It’s ... It’s fine ... There’s no missing person report on this girl! ”

“““I’ll track down her phone number again,”” Zeng ke said worriedly.””To make sure that she’s fine!”” ”

Hu ...

“Zhao Yu heaved a sigh of relief. There were more than two hundred girls “”photos in the folder. If the murderer had chosen to kill them, it would have been a disaster! ”

“It seemed that the murderer didn’t continue with his killing, but only let these girls take photos ... Hmm ... ”

“Suddenly, Zhao Yu thought of another problem. According to the experience of Gu Xiaoling, who had jumped off the building, Zhao Yu judged that the illegal loan sharks would not let go of these girls who were listed as premium goods easily! ”

Could it be that ... These girls would be forced to give themselves up like Gu Xiaoling?

Offering ...

Offering ...

To whom?

“Thinking of this, Zhao Yu suddenly had goosebumps all over his body. Could it be that the person these girls had sacrificed themselves to was the real murderer of the day of murder case? ”

“In other words ... As long as he could find these girls and ask them about their experiences, maybe ... Maybe he could find that person? ”

Would he?

““Team leader,”” Zeng ke said to Zhao Yu.””I think, if he can ask these girls to apply nail polish, does that mean that this person is the leader of the illegal loan group?”” ”

““Do you think that this person is Li Mingyuan?!”” ”
