

Crazy 2161

Chapter 2161: keeping haze

“““That novel was very well written,”” Xin lang reminisced about the past.””It seemed to be written directly into my heart, tailor-made for me! ”

“I’ve only seen it once or twice, and I’m already completely attracted ... ”

“““I don’t know what’s going on, but I know that it’s just an ordinary manuscript written by an ordinary student. Perhaps, it’s just something for fun ... ”

“““However, every word in it seemed to have magical power, summoning me ... ”

“““I don’t remember the name of the person who wrote it. I only remember that the first time was in my bookstore. He just put the book on the counter and went to read! ”

“““Then, the wind blew the book open, and I saw the contents ...”” ”

Wind?

“Zhao Yu was stunned and quickly looked at the notebook. The notebook was a hardcover, so how could it have been blown open by the wind? ”

“““The original book was made of soft leather and was torn,”” Xin lang immediately explained.””I wrapped it with a book cover!”” Back then, it was the wind that blew it away. Otherwise, I wouldn’t have rashly looked through other people’s things! ”

“““What do you guys think ... Is this considered as fate, or is it the will of the heavens?”” ”

“Zhao Yu glanced at Xin lang, then raised his hand to gesture, which meant,””stop sighing and continue!”” ”

“““The first time I read it, I was deeply attracted to it,”” Xin lang said.””However, that student did not come to my bookstore often. Sometimes, when I could see him at the door, my eyes would always be on his arm, to see if he had that book in his hand ... ”

“““I realized that ... He usually takes it with him for self-study in the afternoon or evening. He never takes it to class in the morning. “”So, I went to his dormitory to take a look. I didn’t expect that he would casually throw the book on his bed ... ”

“““Oh ... I forgot to tell you,”” Xin langhui came back and said,””the old song who guards the door is old. He doesn’t guard the door during the day and only knows how to sleep. By sleeping, not only can I easily enter the ultimate tower, but I can also get his key! ”

“He then added,””I don’t know if I was worried that I wouldn’t be able to read the novel if the dormitory was locked, or if I already had the idea of killing people according to the novel at that time. Anyway, I made a copy of all the keys to old song’s place, including the keys to the main door, the small door, and all the dormitories ...”” ”

““““However, I have to admit that it was quite a difficult time, because ...”” Xin lang said,““““that student wrote very slowly. Sometimes, when I finally entered their dormitory to find the book, there was no movement in the book, no progress ... ”

““““I’m telling you guys, I’m too anxious, so I’ll go back and write it myself ... But no matter how I write, I just can’t write that feeling ... ”

““““I’ve read so many books, why did I? Why was he so interested in this student’s casual writing?”

““““Many years later, I realized that perhaps it was because my heart resonated with the contents of the novel. The novel was written in darkness, and there was no light in my heart ... Such a novel could not be found in a bookstore ...”” ”

““““Then ... Why?”” Hearing this, Zhao Yu couldn’t help but ask,““““are you going to steal the book?”” ”

““““This answer shouldn’t be too hard to guess, right?”” Xin lang smiled slightly, his smile filled with evil charm.””Because as he wrote, it was not that kind of feeling anymore. The protagonist began to repent and everything was developing towards that kind of cliché ... ”

““““What was written at the end was not what I wanted at all,”” Xin lang clenched his fist and seemed a little embarrassed.””I don’t want such a good piece of work to end up being mediocre. So, in a fit of anger, I took the book away ...”” ”

Tsk tsk ...

“Zhao Yu pouted and thought to himself,““““it seems that Liu Weiyi might have already gotten rid of the haze in his heart because of his love.”” ”

“However, this Xin lang was different. He chose to keep the haze. ”

““““After I took the script back,”” Xin lang continued,““““I began to make changes to it, adding a lot of exciting plots, and even wrote a lot of things later ... ”

““““But, but, no matter how much I wrote ... I could not get the satisfaction I had before. I was not satisfied, so ... I began to study whether I could follow the things written in the book and put them into action? ”

““““In that case ... I ... Can I be satisfied?”

““““I think ... You should know,”” Xin lang said.””I took the book in the winter and only put it into practice during the summer break of the following year! ”

““““During this period of time, I thought countless times that my thoughts were just thoughts, my thoughts were just thoughts. I couldn’t really do it. Impossible ... Impossible ... ”

““““Hehe ... Hahaha ... Hahaha ...”” He laughed madly.””But ... Why did I do that?”” ”

““““And after I did it ... I ... I didn’t feel anything ...”” He said. ”

““““Mm ...”” Zhao Yu glanced at Miao Ying and said to Xin lang,““““then ... Let’s talk about your first time. Why did you choose that girl as your target?”” ”

“““Target? She should be ... The female lead, right?”“ ““Why did I choose her?”“ Xin lang was starting to show signs of nervousness. ““First, I know her. When I worked in the nightclub, she never looked me in the eye. She looked down on me just like her ... ”

“““That’s why I’ve decided to let him be the first female lead in my film,”“ Xin lang said with a smile.”“Of course, there are two other reasons. One is that she looks like her. Every time I see her, I feel a kind of heart-stirring, a kind of excitement, a kind of ... A kind of illusion ...”“ ”

“““What’s the other reason?”“ Zhao Yu asked again. ”

“““Another reason is that this woman is from the South. She has no friends. I heard that ... She has no family and grew up in an orphanage,”“ Xin lang said.”“This kind of woman, don’t be fooled by her fame in the nightclub. If she were to die, I’m afraid no one would go to find her!”“ ”

“Zhao Yu’s heart tightened. From the looks of it, from the moment he had chosen this woman, Xin lang had already been prepared to kill. ”

“““What’s her name?”“ Miao Ying asked. ”

“““I can’t remember clearly. This kind of woman never says her real name,”“ Xin lang said.”“The nightclubs call her Yunyun ...”“ ”

“Zhao Yu was a little worried. Now, he was likely to face a problem that he had never faced before. The murderer had been caught, but he didn’t know who the victim was. ”

“““Since she knows you,”“ Miao Ying said,”“then she definitely didn’t go to school with you willingly?”“ ”

“““Right! ““Of course,”“ Xin lang said lightly.”“I know her life very well. I found an opportunity to knock her out and then took her to school on the tricycle I used to transport books ... ”

“““Mm ... Actually ...”“ At this point, Xin Lang’s face revealed a guilty expression.”“Originally, I wanted to find a college student like her, because...The manuscript wrote about college students ... ”

“““But ... I’ve read a lot of books, so I know that if the one who went missing was a college student, it would be terrible! It would definitely become big news, and no one might even report the disappearance of a nightclub dancer! ”

“““The nightclub boss would only think that she ran away with some rich man! ”

“““It’s my first time killing someone. I should at least find a safe and sound one, right?”“ ”

Chapter 2162: similar death

“““It was summer break then ...”“ Xin lang continued his confession.”“There were very few people in the school. I did it in the middle of the night. After the school opened in the morning, I transported her into the school and hid her in my bookstore! ”

“““At that time, the bookstore was still open, and some training staff from the other teaching buildings would come back to my place to borrow books ... ”

“““I hid her in the small room in my bookstore. That small room is where I usually sleep ... ”

“““After hiding for a day, I took advantage of the night to enter the ultimate building. From one of the dormitories on the dark side of the building, I did the things in the manuscript to her ...”” ”

What followed next was an extremely uncomfortable description that made Zhao Yu and the others clench their fists and grit their teeth.

“““I imagined her as her. At first, I didn’t want to kill her, but she knew me and who I was ... It was useless for her to beg me ... ”

“““She went back and forth like that for about three to four days. I heard that a teacher’s training would be arranged in the ultimate tower, so I took advantage of that time to deal with her ... ”

“““Then,”” Xin lang paused for a moment, then said,””I followed the manuscript’s description and cut open the cement wall that sealed the garbage dump. Then, I wrapped the body with a lot of tape, in case the smell escaped and was discovered ... ”

“““To be honest,”” Xin lang said,””not to mention killing someone, even such a small detail was not as simple as it was written! ”

“““The cement wall was very strong. Even though I did it in the middle of the night, I was still afraid of making too much noise and being discovered ... ”

“““So, I used the hammer to smash it for a long time, and my arms were sore, but it didn’t break! Later on, he was really anxious, so he used a lot of force, but it took him more than 20 times to barely make a hole ... ”

“““And ...”” He continued,””sealing the trash mouth was far more troublesome than I thought. I prepared a large number of bricks in the bookstore in advance, but I didn’t expect that it was still not enough in the end. I had to pay attention to the broken bricks that fell down and repair them ... ”

“““That day, from 12 am all the way until dawn, I didn’t finish. Fortunately, no one came in during the day. I spent the entire morning just cleaning ... ”

“““Throughout the entire process, I kept asking myself, what am I doing? What am I doing?”” Xin lang raised his head and said bitterly,””at that time, I thought that it would be my last time and I would never do it again! ”

“““But ... Not long after, in August, when the training teachers left and the entire campus fell silent again, I couldn’t help it ... ”

“““I went to the nightclub that I used to work in and looked from afar, searching for the target ...”” Xin Lang’s face was numb and his eyes gradually became dull.””I stared for a long time and remembered one thing. I can’t start from the same nightclub again! ”

“““Losing two girls in such a short time, they might call the police! ”

““So ...”” Xin lang said, ““I went to a place further away in the suburbs to look for a target. Soon, I found another girl who looked like her! ”

““Officer, please don’t ask for my name,”” Xin lang said. ““It’s just that we look alike. I don’t know her, and I’ve never seen her before ... ”

““After I caught her, I didn’t ask for her name. Even if I did, I’m afraid I’d have forgotten ...”” ”

““That ...”” Miao Ying couldn’t help but ask, ““what’s the name of the nightclub?”” ”

““I only remember ...”” Xin lang shook his head and said, ““it’s in the South of Chengzhou. It used to be a suburbs, but now it’s called the High-tech Zone ...”” ”

““She ...”” Zhao Yu couldn’t help but ask, ““what’s the name of the ‘she’ you mentioned?”” ”

““...”” Who knew that when he heard Zhao Yu’s question, Xin lang would not say anything. ”

““Team leader,”” at this time, Zeng ke’s voice came from Zhao Yu’s headset, ““you don’t have to ask anymore. We have found Xin Lang’s high school. Now, as long as we find his high school classmate, we can get the girl’s name ...”” ”

““Mm ...”” Zhao Yu nodded slightly and asked Xin lang, ““so, you’re saying that you’re addicted to killing two girls in a row?”” ”

““Yes,”” Xin lang did not deny it. ““Although it was a little troublesome to clear the trash, I was still deeply satisfied from it. In my heart, I would think that I had already killed her!”” ”

Oh?

“Zhao Yu’s heart skipped a beat. Hearing this, could it be...That the ““she”” that Xin lang was talking about was still alive? ”

““However, the plot needs it, but it’s also necessary in reality,”” Xin lang said indifferently. ““The summer vacation is over, and Zhi Zhen tower has regained its liveliness. I can’t do anything ... ”

““I could only choose to endure and wait. I had a chance to make a move during the winter break, and because of the new year, there would only be fewer people in the school, but I couldn’t find a target, and the manuscript didn’t say ... ”

““During that period, my life went on as usual. Sometimes, I would think of the rubbish dump in exquisite building, and sometimes I would have nightmares. However, I always felt that the depression in my heart was much less than before ... ”

““I’m no longer troubled by ‘her’. I won’t be troubled by ‘her’ anymore ...”” Xin lang reminisced. ““Finally, I’ve waited for summer break ... I can start again ...”” ”

“Following that, Xin lang described how he had killed the third and fourth women. These two women were also killed by him in sequence during the summer break. ”

“He first went to the nightclub to look for targets, then followed the pattern and carried out the crime that he had been planning for a long time. No one would have thought that the reason for the girls ‘deaths was because they looked similar to Xin Lang’s first love ... ”

“““Her favorite thing to do is to paint her toes...So...I painted it for them too so that they can go ...”“ Xin lang confessed,”“of course, that also includes the last one ...”“ ”

“At this time, Xin lang changed the topic and talked about the process of him killing his fifth victim,  
““She’s different from the others. I know her name. Her name is sang Xiaoxiao, but her real name is sang Xiaoling. Many years ago, she came to Chengzhou once. At that time, she happened to be in the nightclub I worked at! ”

“““At that time, I was already infatuated with her because she looked very similar to my ‘her’.”“ Xin lang closed his eyes and recalled,”“and I have to admit that she was even more beautiful than my ‘her’. My heart was moved and I would think of her sometimes ... ”

“““However, she was a freelancer, so she left Chengzhou not long after. I didn’t expect that a few years later, when I went to the nightclubs to look for her, I would see her again! ”

“““So, she could only become my last target ...”“ Xin lang shook his head and said,”“at that time, it was a challenge for me to bury her under the tree! ”

“““I don’t know if I can do it or not, because The Great Banyan Tree used to be a relatively open area. Sometimes, at night, there will be students who want to date there ... ”

“““Even though it’s summer break, I’m still on tenterhooks. I can only dig holes, dig holes ... And bury the bodies after I’m done ... ”

“““The ground there was especially hard. I had to dig for a long time before I could put the body down. After I was done, I even collapsed ...”“ ”

## Chapter 2163: The murderer’s strange life

“““Team leader ...”“ Just as Zhao Yu was listening to the interrogation, Zeng ke’s voice rang out in his headset again.”“The results from Zhang Peipei’s side are out. The DNA samples found in the body bag and the tape match Xin Lang’s DNA completely!”“ ”

“““Also, we’ve investigated Xin Lang’s background,”“ Zeng ke continued.”“His ancestor was the Li family of the first generation of menxia. He was a direct descendant and should have been surnamed li, but because his parents divorced, he took his mother’s surname ...”“ ”

So ...

“This time, there won’t be any more accidents. Whether it’s the details of the crime or the identity comparison, Xin lang is the murderer of the diary of murder case! ”

“However, there were only two mysteries left. One was, who was the “she” that Xin lang had been talking about? Also, what did Xin lang do after killing so many people? What was his relationship with the illegal loan organization? ”

“However, regarding these questions, Zhao Yu didn’t need to ask, Xin lang had already started to explain.”

“”The female body under the big banyan tree. This is the last one in the manuscript,”” Xin lang recalled.””Sometimes, I would go under the banyan tree to take a look, especially after rain. The book said that if a body was buried in the soil, then it would be concave after rain!”

“”Back then ... There was an old-fashioned square brick under the tree. I felt that the square brick was a little sunken, so it would automatically fill the top with soil ... The most ridiculous thing was,”” Xin Lang’s lips suddenly curled up.””One night, when I pried open the square brick to fill the soil, I was caught by two university students who were dating, but ... ”

“”They thought I was doing a good deed or some school worker, so they didn’t ask me and just walked around ... ”

“”From then on,”” Xin lang said,””when I fill up the soil again, I will choose to do it during the day! He had never aroused any suspicion ... ”

“”People always say that one will feel guilty after killing someone.”” Xin lang lowered his head.””But that’s not the case for me. I think that those women may look glamorous in front of others, but they’re actually living a hard life. Instead of living a hard life, it’s better to reincarnate earlier. I’m helping them ... ”

“”Every time I enter the exquisite building’s corridor, I will gently caress the trash path that I have sealed off. I will feel a deep sense of satisfaction ... ”

“”However, the days of filling in the soil and touching the walls did not last long. My days at Heyang Normal School were over ...”” Xin lang changed the topic and said,””my manuscript was gone, and I was disheartened. Originally, I continued to write about some other cases, but for some reason, I just couldn’t write the feelings of the student author ... ”

“”At first, I had a strange idea. I wanted to kidnap the author and force him to finish the story. I even rented an old warehouse for this purpose. I wanted to kidnap him and force him to finish the story! ”

“”However, when I started following him, I saw him and his wife stuck together like glue. I could no longer see the thing I needed on his face ... ”

“”Only then did I understand that even if I forced him to his death, he wouldn’t be able to write that kind of novel again ... ”

“”So, I left that place to look for something new ... I don’t know ...”” Xin lang raised his head and looked at Zhao Yu.””Did you guys already know everything? However, it didn’t seem to matter anymore, right? ”

“”The loan for college students is my original idea! ””When I was in Heyang Normal School, other than reading books, I also observed them in secret ...”” Xin lang moved on to the next topic,””I realized that their perception of material things is getting deeper and more obvious ... ”

“”They lost their simplicity and naivety and began to deeply experience the happiness that material enjoyment brought to them. From that moment on, I already had an idea! ”

“““After I left Heyang Normal School, my feelings were conflicted and complicated,”” Xin lang said.””I couldn’t look at Zhi ya tower and the big banyan tree every day. I always felt uneasy. It was as if those corpses could be found at any time and the police would find me very soon and handcuff me ... ”

“““So, at that time, I also went all out. In addition to running the bookstore business every day, I used the savings I had saved over the years to start a college student loan business! ”

“““Because I accurately grasped their minds and business opportunities, and at that time, I really made a lot of money, earning my first bucket of gold! ”

“““My life changed. For the first time, I realized that I had the chance to become a nouveau riche. I can wear a branded coat to a high-end nightclub. He wasn’t a waiter ... ”

“““But ...”” Xin lang heaved a long sigh,””the more money and status I gained, the more I cherished them. I finally began to regret the ridiculous things I did in he yang Academy! ”

“““Otherwise, I could have ... I could have had a perfect life ... ”

“““Since then, I’ve been constantly worried that the police would suddenly come to my door and take everything away from me. I was afraid. I’ve never experienced that kind of fear before, not even when I was killing someone.”” ”

“““I always thought I was a cold-blooded animal, but I later found out that cold-blooded animals also have times when they are afraid!”” Xin lang said,””hence, I began to deliberately conceal my identity and not show my face! ”

“““I transferred all my cultural companies to Li Mingyuan, wanting him to be my shield. From then on, I moved behind the scenes and focused on my loan business! ”

“““In the beginning, I thought about legalizing loans, but I couldn’t. That would lose 50% of the profits. Later, there were competitors everywhere, and business was difficult! ”

“““I could only take an unconventional path and start an alternative business. I admit that college student loans are my original idea, but loan Luo is not. I learned this from others! ”

“““However, other companies will lose money if they take a loan, but I won’t. I have more ways to make use of the resources of those female college students! ”

“““I’m also better at capturing their minds, so I can extract more benefits from them. Even if they can’t pay back the money or the interest, I can still use them to make money ...”” ”

“Next, Xin lang confessed his business without holding anything back. Just as Zhao Yu had expected, Li Mingyuan was not a puppet who knew nothing at all. He had long been Xin Lang’s right-hand man. In addition to using bright vision to help him with money laundering, he also gave advice and held important positions in some of the loan companies! ”

“Therefore, Li Mingyuan was not an innocent victim at all, but a high-level planner of the illegal loan group. It would be difficult for him to escape the trial! ”

“““That’s good.”” At this point in the case, Zhao Yu finally felt a sense of relief. He snapped his fingers and said to Xin lang,”” next, let’s talk about how you used your illegal business to satisfy your own selfish desires! ”

“““How many girls have you cheated all these years? Don’t they all look like the ‘she’ in your heart?”” ”

Chapter 2164: Knowledge can change fate?

“““What? There’s no such person?”” In the monitoring room, Zhao Yu was very surprised.””That girl was his high school classmate, and she was admitted to Heyang normal Academy. Even if you don’t ask, you can easily find out, right?”” ”

“““Yup!”” Zeng ke shook his head and said,””but none of them met the requirements! In Xin Lang’s high school class, not a single one of them managed to get into Heyang normal Academy, let alone the girls!”” ”

“““What ... What’s going on?”” Zhao Yu frowned, suddenly feeling that the case was complicated. ”

“““So far, we have asked a total of 16 people, including Xin Lang’s high school classmates and teachers,”” Zeng ke reported.””Their descriptions are very consistent. Xin lang dropped out of school in the second year of high school because he was not good at his studies, and he had never been in a relationship or had a first love! ”

“““Especially when their form teacher said that if a girl in the class really got together with Xin lang, she would definitely know! ”

“““And,”” Zeng ke continued,””these teachers and students also provided us with a piece of information. They said that Xin Lang’s brain was not normal. The words he usually said were very special, and we couldn’t understand them ... ”

“““Also, Xin lang is quite boring and rarely talks to people. He usually likes to write and draw things, and the things he draws are especially dark ...”” ”

Oh my God ...

“Zhao Yu clicked his tongue, and a picture of han Kuan’s love for drawing when he was in school suddenly popped up in his mind. ”

It seemed that these psychologically distorted murderers all had some similarities!

“““I think ...”” Wu Xiumin stepped forward and said,””if we want to know the answer, one is to let sister Miao get it directly from Xin Lang’s mouth, or at least get his name first!”” ”

“““Secondly, we need to investigate his family. The misfortune of his family is also an important factor in his psychological deformity. ”

“““I suspect that ...”” Wu Xiumin glanced at Xin lang, who was confessing his crimes in the interrogation room, and said quietly, ““this man may be delusional!”” That first love may have been created by him, and there’s no such person in reality!”” ”

“““No way? So evil?”” Cui Lizhu grinned. ““If he was delusional, then everyone should have listened to him, right? It should be whatever he thought. How could he be jilted?”” ”

“““Maybe ...”” Wu Xiumin said. ““In his subconscious mind, he knew that this ‘she’ was a fake and would eventually leave him, so he imagined that he was in a state of heartbreak!”” ”

“““All in all, Xin Lang’s situation is very special. If he really has delusional disorder, it would be the only special case I’ve seen so far, because ...”” Wu Xiumin voiced her doubts. ““People with delusional disorder usually have very obvious symptoms. In the end, they either break down or can’t concentrate ...”” ”

“““However, this Xin lang has become a successful business owner. This is very unusual. Perhaps, he has a certain level of control, or ... Someone is guiding him ...”” ”

“““This kind of thing ...”” Cui Lizhu shook her head and retorted, ““he shouldn’t have any accomplices, right?”” ”

“““During the interrogation, I also felt that Xin lang was different from the previous criminals,”” Zhao Yu said. ““There were many contradictions in his words, but when it came to some logical analysis problems, he was very clear about them, even more so than me! ”

“Zhao Yu then said, ““for example, his targets were all people who went missing without being reported to the police, and they might have grown up in orphanages. Sometimes, I have the illusion that there was another han Kuan!”” ”

“““Did you guys notice that he can accurately read a person’s mind and know what to do to avoid danger? this is especially terrifying for a criminal!”” Zhao Yu said, ““it’s because of this that he’s able to get into the illegal loan business like a fish in water! ”

“““He could almost tell at a glance who would borrow money from them for money! What kind of person would be at his mercy ...”” ”

“““I got it!”” Suddenly, Ran Tao patted his head and said, ““bookstore! In the end, it was still knowledge that changed fate! ““Don’t look at how he hasn’t gone to college. He said that he’s read all the books in the rental bookstore and has read a lot of books. That’s why he can do this ...”” ”

“““Eh?”” This sentence enlightened Zhao Yu, and he said in surprise, ““brother Tao, you do make sense! I’ve read about it. The book rental store was divided into two rooms, one for miscellaneous books and the other for academic books. If that guy really read all the books, it’s really ...”” ”

“““This reasoning is very likely to be true,”” Wu Xiumin said with a sigh. ““Heyang Normal University has always been one of the top universities in China in the field of psychology and Educational Psychology. I think he must have a lot of books about psychology in his bookstore, right?”” ”

“““Wow, you’re getting more and more mysterious!”” Cui Lizhu was speechless. ““If you’ve read so many psychology books, why can’t you cure your own paranoia?”” ”

“““When we were in school, our teacher once warned us,”” Wu Xiumin said.”“The human heart is unpredictable. As a person who studies psychology, it is not easy to capture other people’s hearts!”” ”

“““However, what we don’t know is that it’s harder than others to capture our own hearts! ”

“““So, there’s a Gatha in our line of work: A psychologist can never cure his own mental illness!”” ”

“““Okay, no matter what,”” Zhao Yu said, pointing to the interrogation room.”“Let’s finish the interrogation first. Later, I’ll find a suitable opportunity to ask him about his first love!”” ”

“““You guys continue as well. Right now, focus on Xin Lang’s family. Let’s see what happened to this guy. Maybe he’s our stepping stone!”” ”

“““Alright!”” Everyone agreed, while Zhao Yu opened the door and returned to the interrogation room.  
”

“At this moment, the interrogation room was still ongoing. Xin lang had already explained to Miao Ying how he had used his own conditions to find someone who looked like ““her”” in his heart, and then forced them to give themselves to him to satisfy his own selfish desires! ”

“““... By doing this ...”” Xin lang said,”“I will also get some kind of psychological comfort. Although this kind of comfort is not as satisfying as killing someone, I still enjoy it ...”” ”

“““Did you know?”” Xin lang gave a strange smile.”“Because I gave them a lot of money after the incident. More than 70% of them chose to serve us again and contacted our platform. However, I didn’t bother with them anymore and left them to the platform to deal with ... ”

“““Whether it’s with the loans or doing these things, I always maintain a high level of vigilance! ““Also,”” Xin lang said,”“I’ve been paying attention to the movements of Heyang Normal School! ”

“““Planning ahead, hehe, planning ahead ...”” As he spoke, Xin lang suddenly clenched his fists and said regretfully,”“I didn’t expect that in the end, I would still fall for my plan ahead! ”

“““If ... If I had chosen another way back then ... Perhaps it would not have resulted in today’s situation ...”” Xin lang sighed and said,”“from the looks of it now, the school would not have demolished that building on their own accord, but I ... I just had to do something unnecessary. I had Li Mingyuan take the initiative to sponsor it and come up with his own renovation plan. This is equivalent to having three hundred taels of silver without any evidence. It’s a self-confession ... Sigh ...”” ”

Chapter 2165: Her name

“““I’m really curious,”” at this point, Xin lang turned to Zhao Yu and Miao Ying and asked,”“I only heard that a student used a hammer to open the trash can. Why? Why is it like this?”” ”

“““What’s wrong?”” Miao Ying asked,”“don’t you know? You didn’t ask around after that?”” ”

“Of course not!” Xin lang said very seriously, “I’ve already made a mistake, I can’t make a second mistake! In many old cases, it was because the murderer couldn’t hold back and asked questions that they were suspected!”

“Some people even went to the crime scene to check it out, only to be caught red-handed by the police ...”

F \* ck ...

“Zhao Yu cursed in his heart. This guy really knew a lot. The first thing he did was to arrange for plainclothes officers to catch suspicious people at the entrance of the yang college, but this guy didn’t fall for it!”

“Officer, can you tell me?” Xin lang asked again, “the rumors outside are very strange. They say that the classmate was possessed by a ghost! Is there really such a thing?”

“Alright!” Miao Ying said, “tell me who the ‘she’ you’re talking about is, and I’ll tell you!” “What’s her name?”

“Mm ...” Hearing Miao Ying’s question, Xin lang frowned deeply, as if he was thinking or recalling something. There was even a blank look in his eyes.

“It doesn’t matter,” Zhao Yu said, nodding at Miao Ying. “We can tell him!” “Since he has already confessed, we should also show our sincerity!”

“Xin lang,” Zhao Yu said, “don’t worry, this is not a possession by a ghost, but rather, it’s the will of the heavens! You might not have expected that Liu Weiyi had also made many drafts when he wrote his killing diary!”

“The school sent students to empty Zhi ya building. One of the students saw Liu Weiyi’s draft and, out of curiosity, opened the garbage entrance and exposed your crime!”

“Think about it,” Zhao Yu said. “If the ultimate tower hadn’t been rebuilt, if the student hadn’t happened to see the draft, or if the student had seen it, he would have just taken it as a joke. Then, the body ... Wouldn’t have been found?”

“However, even if the probability is so low, the students still managed to dig the entrance to the rubbish chute. What do you think this is called?”

“Do you really think that as long as the exquisite building doesn’t fall and The Great Banyan Tree doesn’t die, no one will be able to expose your evil deeds of murder?”

“This ...” Zhao Yu’s words were powerful and resonated in the hearts of the people. Suddenly, Xin Lang’s whole body trembled, his face was embarrassed, and his straight back also gradually became listless.

“So ... So that’s how it is ...” Xin lang sighed, “perhaps ... You’re right! It’s precisely because of this that I’m getting more and more hopeful!”

““““I naively thought that even if you found the body, you wouldn’t be able to trace it back to me! Although I used to run a bookstore in Heyang Normal University, there shouldn’t be many people who can remember me ...”” ”

““““Hmph!”” ““““Hmph!”” Zhao Yu snorted coldly. In order to completely destroy Xin lang, he pointed at Xin Lang’s neck and said,““““there are not many people who can remember you, but there are a lot of people who can remember your eyes!”” ”

““““Ah?”” Xin lang lowered his head to take a look. Even though he could not see his own eyes, he still understood something. A look of regret appeared on his face again as he said,““““I thought that even if I left traces on the body, you wouldn’t be able to find me because I didn’t have a criminal record! ”

““““I didn’t expect...I didn’t expect ...”” ”

““““Hmph!”” ““““Hmph!”” Zhao Yu snorted again,““““there are a lot of things that you didn’t expect. Although you don’t have a criminal record, and there is no information on you in the database, we have found out that the murderer’s DNA belongs to the Li family of Men Xia, and we have already locked onto your generation. Do you really think you can escape?”” ”

““““Ah?”” Xin lang had never heard of the technology of DNA mapping. He immediately revealed a surprised expression,““““it’s ... It’s actually like this! If I had known ... If I had known ...”” ”

““““If I had known,”” Zhao Yu said coldly,““““you should have run away earlier, right? We’ve found out that you’ve been busy transferring assets these few days. Do you naively think that our criminal investigation personnel can’t touch you just because you transferred the money to a shell company in the Pacific Island?”” ”

““““I ... I ...”” Xin lang wiped the cold sweat off his forehead. He was obviously defeated by Zhao Yu. He sighed and praised Zhao Yu,““““a detective is a detective indeed. When I knew you were here to solve this case, I might as well have turned myself in to the police station!”” ”

““““What you said ...”” Zhao Yu knocked on the table, then said,““““makes sense!”” ”

Zhao Yu’s words made Miao Ying roll her eyes.

““““Later ...”” Zhao Yu whispered to Miao Ying,““““We can edit this part and broadcast it on our WeChat moments. It will definitely attract a large number of criminals to turn themselves in ...”” ”

“Miss Miao narrowed her eyes, but the entire monitoring room had already collapsed ... ”

““““Police officer, I have nothing to say now that you’ve caught me ...”” Xin lang raised his head and said,““““I’ve killed people, let off loans, and harmed women. I deserve it. I can’t run away ...”” ”

““““It’s been more than 20 years,”” Xin lang raised his head and closed his eyes.““““I’ve been living in fear every day. It’s time to end my days of seclusion. I know that I have a big psychological problem. If it wasn’t for ‘her’, I might not be like this!”” ”

““““Xin lang,”” hearing this, Zhao Yu took the opportunity to get to the point,““““now can you tell me about your ‘her’? Who was she? What’s her name?”” ”

““““Mm ...”” Hearing Zhao Yu’s question, Xin lang fell back into his previous state of confusion. ”

“““What’s wrong? You’re so deeply in love with her, yet you don’t know her name?”” Zhao Yu adjusted his earphones and said to Xin lang,““think about it. You’ll remember!”” What’s her name?”” ”

“““She ... She’s called ... She’s called ...”” Xin Lang’s eyes were in a daze. ”

“““It seems like ... You really didn’t lie!”” Zhao Yu sighed and said,““Xin lang, we’ve checked your high school and Heyang Normal School. There’s no such person! ”

“““When you were in college, you’ve never been in a relationship ... This ‘she’ of yours is completely your own imagination ...”” ”

“““Ah? What? What?”” Xin Lang’s entire body trembled.““What did you say? What do you mean I thought of it ... She ... She’s called ... Called ... Ah!”” ”

“Xin lang smacked his head with both hands, appearing to be in pain. ”

“““If not, then tell me, what happened to her after that?”” ““Have you seen her?”” Zhao Yu asked. ”

“““After ... After? ““No...”” Xin lang said.““After she graduated, I didn’t know where she went. I never looked for her! ”

“““I miss her, so when I see women who look like her, I ... I get impulsive ...”” ”

“As he spoke, Xin Lang’s tears and snot were already flowing out of his eyes. Suddenly, he felt as if he had lost a part of his body as he scratched his ears and cheeks, his body twisting and turning violently ... ”

Chapter 2166: monster

“““Yes, I’ve said it before,”” in the Chengzhou police station office, Zhao Yu said to Captain MoU Yongen solemnly,““I promised the female victims that I wouldn’t tell anyone about their relationship with Xin lang or the loan group. So, I must keep my word!”” ”

“““Although they had it coming back then, they were still victims, so don’t add salt to their wounds! ”

“““A person’s life could be completely destroyed because of this! ”

“““Besides, they have already provided us with clues for our investigation, so you don’t need to arrange for them to identify the suspect!”” ”

“““Okay, okay ...”” MoU Yongen nodded and agreed.““In that case, I’ll deal with this matter immediately. Strictly forbid the photos of those girls from being leaked!”” ”

“After that, MoU Yongen quickly took out his mobile phone to deal with the matter. ”

“Zhao Yu turned to Zeng ke and asked,“““How is it? Have you found out anything about Xin Lang’s family background?”” ”

“““Yes,”” Zeng ke said.”” According to an insider, Xin Lang’s parents divorced early, and his father’s whereabouts were unknown. His mother raised him alone, but unfortunately, his mother died of leukemia ... ”

“““Then, he was probably taken into the asylum, but he was almost an adult when he was taken in, so he didn’t stay long ... ”

“““He did go to high school, but his grades were terrible. He dropped out of high school in his second year ... ”

“““His family has a house, and his mother left him some savings. However, whether he lived alone during that period of time is still to be verified ...”” ”

“““I’ve already asked Xin lang this question,”” Zhao Yu said.”” He shouldn’t be lying. He was alone during that period of time. He learned to be independent at a very early age. His antisocial personality is very likely to be caused by being alone for a long time!”” ”

“““Team leader, did you notice?”” Wu Xiumin went straight to the point.”” In Xin Lang’s confession, there were two sensitive points that he didn’t mention! ”

“““One of them is the ‘her’ that could possibly come out of his fantasies, and the other is her mother ... ”

“““I suspect that his mother’s death might have left him with a psychological trauma, so he fantasized about ‘her’. This is a type of emotional adjustment under his delusion to obtain comfort ... ”

“““That’s why he has such a deep impression of this ‘she’ that he has been deluding himself with, to the point that he has done so many ridiculous things!”” ”

“““Ridiculous? It should be brutal, right?”” Ran Tao raised an objection.”” Since he fantasized about protecting himself, why did he kill people?”” ”

“““Didn’t I say it before?”” Wu Xiumin reminded him,”” he subconsciously thought that the woman had left him, so he wanted to take revenge!”” ”

“““Then ... Those girls who were killed were too pitiful, right?”” Ran Tao sighed.”” You lost your life for something that doesn’t exist! This is really ...”” ”

“““And those girls who were framed by Xin lang ...”” Zeng ke gritted his teeth and said,”” without Xin Lang’s fantasy, they wouldn’t have fallen deeper and deeper!”” ”

Buzz Buzz ... Buzz Buzz ...

“Just as they were talking, Zhao Yu’s phone rang. He picked up the call and saw that it was from cui Lizhu, who was outside. ”

“““Boss, I just found a witness who knows about Xin Lang’s past,”” cui Lizhu said, panting.”” This person is Xin Lang’s uncle, and he knows Xin Lang’s parents!”” ”

“““He said that Xin Lang’s father’s surname was li and his mother’s surname was Xin. They were foreigners and had no relatives in Chengzhou. ”

““““Back then, his parents got a divorce because Xin Lang’s mother led a promiscuous life. After giving birth to Xin lang, he didn’t look like his father at all ...”

““““Then, there were rumors and conflicts everywhere. In the end, his father was narrow-minded and jumped into the well! Although he was saved, he was basically in a vegetative state ...”

““““After that, Xin Lang’s mother couldn’t take it anymore. She was chased out before her confinement period was over and she completely cut off all ties with the Li family ...”

““““As for what happened after Xin Lang’s mother was kicked out, he doesn’t know. He only heard rumors that Xin Lang’s mother went to a nightclub to be a dancer, but he couldn’t guarantee that the rumors were true ...”““ ”

““““Oh my God ...”“ Zhao Yu was speechless.”“We’ve already caught the person, but it’s still being tried. This case should be recorded in history, right?”“ ”

““““Boss,”“ cui Lizhu said over the phone,”“maybe ... Xin lang chose to kill those nightclub girls for a reason?”“ ”

““““I’m thinking ... Will I ... Will I ...”“ ”

““““Oh my God!!!”“ ”

“Suddenly, Zhao Yu had goosebumps all over his body, because he understood what cui Lizhu meant. Cui Lizhu was saying that the ‘she’ that Xin lang had been dreaming of, could he be referring to his Qianqian’s mother?”

““““Boss,”“ cui Lizhu said.”“Give me some time. I’ll find a way to find Xin Lang’s mother’s photo. As long as I find his mother’s photo, we’ll know if our guess is correct!”“ ”

““““Alright, I’ll leave it to you!”“ Zhao Yu nodded, then hung up the phone. ”

“After hanging up the phone, Zhao Yu started to sort out his thoughts. ”

““““Xin lang followed his mother since he was born. If his mother really made a living in that kind of profession, it would be like ... Xin lang grew up in a nightclub. His mother only died of leukemia when he was almost an adult ... ”

““““In other words ... If ‘her’ is his mother, then ...”“ ”

““““In that case,”“ Wu Xiumin nodded, following Zhao Yu’s rhythm,”“our analysis of Xin Lang’s personality and psychological analysis will all be linked together!”“ ”

““““Right, I think so too!”“ Zhao Yu waved his fingers in the air and said,”“the ‘she’ that Xin lang was talking about appeared in high school, right after his mother died! ”

““““So, his mother’s death was a huge blow to Xin lang. Subconsciously, he imagined a ‘she’ based on his mother, and this ‘she’ became Xin Lang’s classmate and lover ... ”

““““However, because Xin lang knew that his mother had already passed away, he naturally thought that the ‘she’ he had imagined would leave him ... ”

""That's why he said that 'she' broke up with him and went to Heyang Normal University ... ""

""After that, he went to the bookstore opened by the Heyang division. Coincidentally, the dark novel written by Liu Weiyi resonated with him and became the key to his killing mode! ""

""The reason why he didn't follow the diary to find the University student wasn't just because it was easy to be exposed if a university student went missing, but also because he had a mother complex. He thought that he had to kill a nightclub girl who looked like 'her' or her mother ... ""

""So, all of this matches up ... Subconsciously, on one hand, he misses his mother. On the other hand, he hates his mother for abandoning him ... ""

""That's why there's such a complicated monster ..."" "

"After Zhao Yu finished speaking, the entire place fell silent. Everyone was stunned by Zhao Yu's speculation. Xin Lang's encounter was truly difficult to describe and understand. "

"After more than ten seconds of silence, Ran Tao finally broke the silence. He patted his head and suddenly realized,"" "

""Aiya, in that case, Xin Lang's father jumped into the river for nothing!"" Ran Tao spread his hands and said,""Xin Lang's DNA shows that he is from the Li family, which means that Xin Lang's mother did not eat the food secretly. The child is his!"" "

Chapter 2167: How to defeat the inner demon?

"Late at night, in the office in Chengzhou, all the members of the Special Investigation Group, as well as Captain MoU Yongen, were sitting together and looking at a photo on the big screen. "

Cui Lizhu had gone to great lengths to find this photo from the medical insurance Center.

"As Xin Lang's mother had contracted leukemia before, the medical insurance Center had a record of her medical insurance payment, and her photo was also on the certificate. "

""Alright, that's enough!"" Miao Ying pointed at the big screen, then said to Zhao Yu and the others,""next, our most important task is to find out the identity of the victim! ""

""These girls, no matter if anyone still misses them or not ... We can't erect nameless gravestones when they are buried!"" "

""Right!"" Cui Lizhu clenched her fists and said,""no matter what these girls did in the past, they might have been abandoned by their families, or it might have been a natural or man-made disaster. They are already very pitiful. They can't die without a name!"" "

""Although Xin lang doesn't know their specific names, he has provided us with detailed information,"" Miao Ying said."""So, if we increase our efforts, we should be able to find out their identities!"" "

“““Dear leaders, please rest assured!”“ At this time, Captain MoU Yongen stood up and promised,”“I have already asked the higher-ups for instructions. The higher-ups have specially approved that we will join forces with many departments to search for the victims in the diary of murder case. We must get an explanation for the deceased!”“ ”

“““Team leader Miao is right. The girls who were killed were already too pitiful. We will never let their names be left on their tombstones!”“ ”

“““En!”“ Zhao Yu patted MoU Yongen’s shoulder.”“Thank you for your hard work, Captain MoU. From tomorrow onwards, I’ll leave the task of finding the victim’s identity to you!”“ ”

“““I promise to complete the mission!”“ MoU Yongen saluted Zhao Yu, his eyes full of admiration. ”

“After Captain MoU left, the police detectives calmed down. Zhao Yu said,”“Alright, everyone has worked hard these past few days! Rest well for a few days, I’ll still need to rely on everyone to close the case!”“ ”

“““Al!”“ Cui Lizhu didn’t move, but sighed.”“I’ve never encountered a case like this before. The case was solved, but my heart was so heavy! ”

“““I still don’t understand. Xin lang was a delusional person with schizophrenia. He didn’t go to a mental hospital. He didn’t go to the hospital. Instead, he became the leader of an illegal group. His business was doing well. No one even knew that he was sick ...”“ He said. ”

“““How ... How did this happen?”“ Cui Lizhu sighed.”“Is this a miracle of fate or a tragedy of reality?”“ ”

“““Don’t think too much, cui!”“ Wu Xiumin stepped forward to persuade him,”“your understanding is still wrong. Not all mental patients can be seen through!”“ ”

“““Xin Lang’s case is indeed very special. Although he has serious psychological problems, he has a psychological quality that no one else has, as well as abilities that ordinary people can’t master ... ”

“““Just like how some people with innate defects are gifted in perception or other aspects, Xin Lang’s psychological problems did not hinder his business development. In fact, his keen insight even gave him a great advantage!”“ ”

“““Indeed, and,”“ Zhao Yu added,”“this guy is meticulous and cautious in his work. That’s why he didn’t reveal any flaws for so many years!”“ ”

“““But, no matter what,”“ Miao Ying said,”“if you really want to trace the source, Xin Lang’s unfortunate childhood could be considered one of the reasons! If he had grown up in a happy childhood, I’m afraid such a case wouldn’t have happened!”“ ”

“““Yes,”“ Zeng ke said, nodding.”“For example, Liu Weiyi, who wrote the diary. If he didn’t have a girlfriend, something might have happened to him!”“ ”

“““I’ve read the murderer’s diary. If it were a normal person, they definitely wouldn’t be able to write that kind of novel! He actually ... Actually wanted to publish it! ”

“““The publishing firm must have gone crazy to publish such a thing!”“ ”

““““AI!”” Cui Lizhu turned around and looked at the photo on the big screen again. She sighed again and said,““““it turns out that the devil in Xin Lang’s heart, the ‘she’ he created in his heart, is his mother!”” ”

““““I used to think that demons were used to scare people, but I didn’t expect ...”” Cui Lizhu shook her head and sighed.““““The demons are in people’s hearts ...”” ”

“After that, she sighed and left the office. ”

““““Um ...”” Wu Xiumin pointed at cui Lizhu and said,““““cui is not in a good state. I’ll go talk to her ...”” ”

“After that, Wu Xiumin also left. ”

““““Mm ...”” Ran Tao quickly pointed to his watch and said to Zhao Yu,““““it’s already midnight, so it’s not safe for two women to go back to the hotel alone. I’ll go and be their escort ...”” ”

“After that, Ran Tao packed up his things and ran away. ”

“Zeng ke took Zhang Peipei’s hand and said,““““we’ll go back to rest!”” Team leaders, you’ve been working the hardest these past few days. Since the truth of the case has been revealed, you should have a good rest!”” ”

““““Yes,”” Zhang Peipei said with a smile.““““Leave the rest of the case closing work to us!”” I’ve closed so many cases that I’ve gained experience points!”” ”

“Then, the two bade farewell to Zhao Yu and Miao Ying, and returned to the hotel to rest. ”

““““Aiya.”” Seeing that there was no one else in the office, Zhao Yu quickly put his arm around miss Miao’s shoulder and said,““““MeowMeow, I think they’re right. We should really take a good rest and go on a vacation!”” ”

““““Tsk tsk ...”” Miao Ying took Zhao Yu’s hand and said emotionally,““““now I finally understand why you fought with my dad at the hotpot chicken shop!”” ”

““““Mm ...”” Zhao Yu pouted.““““You seem to have gone a little too far. Was it because of cui? It’s alright, don’t worry!”” ”

““““I know that girl the best,”” Zhao Yu said, snapping his fingers.““““She doesn’t have a partner now, but when she finds a suitable man, she won’t be so emotional!”” ”

““““I didn’t mean that,”” Miao Ying said.““““I saw you through cui, and I finally understood how much psychological burden you had to bear in the Yongjin Island case!”” ”

““““As a Criminal Police officer, we really have to pay more attention to psychology,”” Miao Ying said.““““I didn’t have such a deep understanding before, but after the ghost king case, the memoir of murder, the blackpupil case, and now this diary of murder case, I realized that the more we work on a case, the greater the impact it has on us!”” ”

““““Oh ...”” Zhao Yu quickly comforted her,““““I see! Are you feeling depressed? I was the same at that time, so I went around looking for trouble, but I didn’t expect to find my father-in-law ...”” ”

“So ...” Miao Ying raised her head and looked at Zhao Yu with hope. “So, in order to relieve the pressure on me and not let me be affected by my inner demon, Zhao Yu, let’s find a place to have a fight!”

“...” Zhao Yu patted his head and said quickly, “I think, if we go back to the hotel and have a big fight, it would be better than just one fight, right?”

Chapter 2168: dismantling sin

“Ten days later, in a mixed martial arts training center in Cheng Zhou.”

“Originally, there were many contestants in the training hall and it was very lively. However, at this moment, all the training staff stopped their training and came to one of the venues.”

“At this moment, a man and a woman were engaged in a fierce fight in this regular boxing field. The woman was like a mountain tiger, her every move ruthless and ruthless, while the man was like a dragon crossing the sea, his attacks vicious and ruthless.”

“The two of them had just fought for over twenty rounds, and they had successfully attracted the attention of all the training staff in the dojo. No one had ever seen such a fierce battle between a Dragon and a Tiger!”

“The two of them didn’t know what to do, but they fought so fiercely that everyone was dumbfounded!”

Whoosh ...

“At that moment, the woman launched a powerful thunderclap whirlwind kick. The man seemed to have been prepared for it. As soon as the whirlwind kick arrived, he quickly lowered his head and bent over, his head brushing past the woman’s ankle. Then, he hugged the woman’s jumping leg!”

“This was a move that he had long planned. As soon as he hugged the woman’s thigh, he immediately leaned forward, wanting to throw the woman to the ground.”

“However, the woman had a backup plan. As soon as she saw that someone was hugging her thigh, she immediately retracted her whirlwind kick and pinned it on the man’s neck.”

“Then, she grabbed the man’s neck with both hands and turned around before she fell to the ground. She rode on the man’s neck with one leg.”

Thump!

“The man fell heavily to the ground, but he didn’t injure the woman. Instead, he was pressed down by the woman and couldn’t move!”

Waa ...

The trainees were all dumbfounded and couldn’t help but clap ...

“However, they thought that the man had lost for sure, but the man used some kind of ghostly trick. He wriggled and crawled out from under the woman’s legs. Then, he rolled on the ground and pressed the woman back onto the cushion. ”

“However, the woman was not to be trifled with. She took the man’s pulse with both hands, and her long legs passed through the man’s arms. She actually clamped the man’s neck under her legs again ... ”

Waa ...

“Once again, the crowd exclaimed in shock. ”

“Yes, the man and woman were Zhao Yu and Miao Ying. In order to relieve the pressure in their hearts, they had found such a proper place to spar. This was the third time they had come here today, and the first two times, they had not managed to determine a winner. ”

“Of course, that was not their goal, so it was no longer important to determine the winner. They just wanted to open the eyes of the training staff ... ”

“Just as Zhao Yu and Miao Ying were fighting, on the wall of the living room outside the mixed martial arts training hall, there was a television that was playing the news. ”

The news screen was showing the scene in the press conference room of the Chengzhou police station.

“Due to the conclusion of the diary of murder case, in order to let the public know the truth of the case as soon as possible and eliminate the negative rumors, the police finally held a Grand press conference today. ”

“However, the press conference was entirely hosted by the Chengzhou police, and not a single member of the Special Investigation Group was present. ”

“This was not only Zhao Yu and Miao Ying’s decision, but also the request of secret services. ”

“Today, as Zhao Yu and Miao Ying’s identities were becoming more and more sensitive, they could no longer show their faces in public, but could only be heroes behind the scenes. ”

“Therefore, the press conference was handed over to the local police to handle. ”

“However, at the press conference, Captain MoU Yongen still mentioned that it was the Special Investigation Group’s credit that they were able to solve the diary of a killer case in time. ”

“After that, Captain MoU introduced the entire process of solving the case to the media and announced that, through the relentless efforts of the police, they had identified four of the five female victims in the case. ”

“At present, they had found crucial clues for the last place. It should not take long for them to find out the truth. ”

“In addition, at the press conference, the police once again released the photos and related information of the five victims. They also asked for help from the general public, hoping that everyone could help these unfortunate girls find their family members and relatives ... ”

“At the meeting, the police also said that they had already joined forces with the Civil Affairs Department to start preparing the burial of the deceased. They would definitely let these poor victims rest in peace ...”

“As for the murderer, the police also said that because the murderer had huge psychological problems, the case was still in the process of further trial. If there were any new discoveries, they would be released to the media in time.”

“Throughout the press conference, the police did not mention anything about the illegal loan group. This was to protect the privacy of the girls who were used by the loan group.”

“However, Zhao Yu knew that there were more than one or two illegal loan organizations. Besides Xinlang, there were many other similar illegal organizations. They targeted the evil hand at those students who were not very experienced in the world.”

“Therefore, the police still had many things to do. Not only did they have to crack down on those criminals, but they also had to increase the intensity of their publicity. They had to let the students know to be clean and not to be materialistic, and not to be used by bad people. Otherwise, they would not only lose money, but also their own bright future ...”

“When the press conference ended, Zhao Yu and Miao Ying’s sparring session had also ended. Just like the previous few times, there was still no clear winner between the two.”

“Just as the two finished their sparring and were about to return to the locker room, the audience who had not had enough stood on both sides of the road, their eyes full of admiration ...”

“When the two of them passed by the television, the scene on the television had already cut back to the studio. A host said, ”” ”

”””Ladies and gentlemen, we have received the latest news. Due to the major murder case in Heyang Normal University, with the approval of the provincial Commission of education, the leaders of Heyang Normal University have decided to demolish the zhibi building after the trial ...”” ”

”””The ultimate tower has a history of a hundred years and has witnessed the development of the Academy. Many people may feel that it is a pity, but after the murder case, it is impossible for the Academy to keep this ancient teaching building ...”” ”

”””Therefore, after the news was announced, it caused a heated discussion among the teachers and students of Heyang Normal University, as well as the general public ...”” ”

”””A thousand sails pass by the sinking boat, ten thousand trees spring before the sick tree ...””” Facing the TV camera, miss Miao suddenly became poetic.””It’s not the building that’s being demolished, but the crimes that have happened in the building. I can only hope that these crimes will go with this building ...”” ”

.....

“Just as miss Miao was staring at the television, a fire was burning on the balcony of a small district in Chengzhou.”

Liu Weiyi took a puff of his cigarette before he opened the box that he had kept for many years and took out the book inside.

What was written in these books were the original manuscripts of the novels he had written in the past. It turned out that the killer Diary was just one of the many killer novels he had written!

“Sigh ...” Liu Weiyi sighed and poured the books into the fire one by one. As the flames were burning wildly, his hand was scalded, and his cigarette fell into the fire ... ”

.....

“At the same time, in a classroom in Heyang Normal University, the students who were in their self-study class were also discussing the murder in Zhiyi building ... ”

“Hey...Hello ...” At this time, a female student quietly poked he Ningning, who was looking at her phone, and said,“he Ningning, you’ve become a celebrity in our school now! If you hadn’t been so brave that day, this case wouldn’t have been exposed! ”

“By the way, I believe that many people must have asked you, right?” The female classmate asked curiously,“that day, you really just saw that piece of paper and were so sure that there was a body in the trash can? ”

“Also, there are two rubbish bins in the Zhi ya tower. How did you manage to pick the right one so quickly?” ”

“Mm ...” Hearing the female classmate’s question, he Ningning hesitated for a moment, then lowered her voice and whispered,“I’ll tell you the truth. What the people outside are saying is not a rumor at all! I really ... Really am a little ... A little ... Can’t remember ... I don’t know ... What happened ...” ”

“Upon hearing this, the female student’s expression instantly froze, and she felt a chill run down her spine ... ”

## Chapter 2169: I’m your Lucky Star

Wuuu ...

“With a whistle, a huge costar cruise ship left Jinghai Harbor and headed for the depths of the ocean. ”

“It was an international cruise ship called the Heavenly King. After going out to sea, they would head to Jeju Island in Korea and naki Fukuoka in Japan for seven days. ”

“The White cruise ship was huge, like a city on the sea. There were all kinds of entertainment facilities on the ship, even bungee jumping ... ”

“Even though the weather had turned cold and it was not the peak season for tourism, there were still many tourists on the cruise ship. At this moment, the deck was full of people. Many of the tourists who were on the cruise for the first time were holding the railing excitedly and looking out at the sea ... ”

“Mm ...” Zhao Yu sat on a recliner by the pool, basking in the sun. Although the sun was bright, the wet and cold sea breeze still made him feel cold. ”

“Ah ... Achoo ...” Suddenly, Miao Ying sneezed, which caught Zhao Yu’s attention. ”

“It seems that you really have a cold,” Zhao Yu said. “Why don’t we go into the cabin and take some medicine?” ”

“Zhao Yu, be serious,” miss Miao said, pinching her nose. “Have you forgotten what we’re here for? Do you think they sent us here for a vacation?” ”

“Vacation?” Zhao Yu frowned. “How could that be? It’s clearly our honeymoon!” ”

“Don’t be silly!” Miss Miao said seriously, “this is my first time completing a mission, so you have to buck up!” ”

“Alright,” Zhao Yu said, not minding at all. “First, they only found a brochure about the Heavenly Star cruise in the house where Tina hid Xi Wei’s treasure! ”

“It’s just a brochure, what can it mean? It could appear in any kind of situation ... ”

“For example ...” Zhao Yu waved his hand and said, “it’s a free gift when you buy something, like wrapping sweet potatoes or something, or ... When the house is empty, someone will go in to play and bring it with them! ”

“Tina is so smart. If Xi Wei’s treasure is really related to this ship, she wouldn’t have left any clues!” ”

“Okay.” Miss Miao didn’t refute him, but asked, “what’s the second?” ”

“Second,” Zhao Yu said, raising two fingers. “We have already checked the information on the Heavenly King. This ship entered Korea territory and only stopped at Jeju Island for half a day! ”

“Jeju Island is an Island, it’s still far from the place where Tina hid Xi Wei’s treasure! ”

“Thirdly,” Zhao Yu continued, “this job was given to us by your father. Don’t you think it’s a little unofficial? ”

“Zhao,” Zhao Yu mimicked Miao kun’s tone and said, “we found a clue. Take Ying Ying to the cruise ship and check it out!” ”

“And then? Zhao Yu sighed. “Can’t you tell? He deliberately sent us to the cruise ship to check it out. In fact, he just wanted us to have fun! ”

“Of course, I can also point out the fourth point,” Zhao Yu said. “Even if Tina really took the things on this cruise ship, it has been so long, so it’s impossible for them to still be on the ship, right? ”

“Fifth ...” Zhao Yu opened his mouth and wanted to continue, but he was taken away by miss Miao. ”

“Zhao Yu,” Miao Ying said seriously, “first of all, the brochure was not found in the empty house, but was hidden in a more secretive place. It is possible that someone deliberately left it there! ”

“Also, the house is completely empty. There’s nothing left behind. This means that the brochure we found is very unusual! ”

“““You said that Tina was so smart that it’s unlikely that she would leave any clues behind, but ... You have to consider her situation at the time. She was being hunted down by londee and knew that she might be killed, so she left behind this picture book, perhaps to leave a clue for her people ... ”

“““Secondly,”” miss Miao also raised two fingers,””although the cruise ship only reached Jeju Island, don’t forget that the Korea sea was not big to begin with. Tina could have used another small boat to send the things over! ”

“““The cruise ship’s security checks are different from other security checks. If she really used the cruise ship to move Xi Wei’s treasure, it would be very reasonable! ”

“““Third,”” miss Miao continued to refute,””my dad is the commander of the Secret Service. His words are orders! Even if there were some emotions involved, we can’t simply think that he’s letting us play! ”

“““Fourth,”” Miao Ying retorted,””what if that thing was really on this ship? Then we have to find the whereabouts of that thing no matter what, right? ”

“““So, Zhao Yu, your reasons aren’t really reasons. You’d better have a proper attitude!”” Miao Ying smiled, her eyes firm.””We’re really not here to play!”” ”

“““Wahaha ...”” Zhao Yu laughed, which he hadn’t laughed for a long time. He picked up a glass of orange juice and said,””MeowMeow, life isn’t easy. You should relax!”” ”

“““Ever since the murderer’s diary case, you haven’t been able to get back to your normal state. Don’t worry!”” Zhao Yu took a sip of his orange juice and said,””don’t say that nothing will happen. Even if something does happen, I’m here! I will protect you! ”

“““I joined the Secret Service earlier than you did. Come, let the senior teach you!”” ”

“““You’re still talking!”” Miao Ying sat on Zhao Yu’s recliner and said very formally,””if it weren’t for you, I wouldn’t be so worried! Don’t you realize that wherever you go, something will happen? My jinx detective!”” ”

“““Nonsense!”” Zhao Yu pouted.””How can you say that about your own husband? What was a jinx? I’m a detective, so I’ll go wherever there’s a case. Why is it that I’m the one who’s in trouble?”” ”

“““Is that so?”” Miss Miao narrowed her eyes.””The landing, jiang ke’s robbery, the barn fire, and the few times abroad ... You know all about it. Do you need me to retell you your life-risking experience?”” ”

Well ... This ...

“Zhao Yu was at a loss for words. In fact, similar situations could be found in detective salons, as well as many overseas missions that Miao Ying did not know about. ”

“Of course, Zhao Yu knew very well that he had the miracle System. Without any miracle, how could he be called the miracle System? ”

“““Ahem!”” Zhao Yu refused to admit it. “““What you said was just what I happened to encounter when I was investigating the case. The facts have proven that the things I encountered were more or less related to solving the case! ”

“““I followed the clues there, so I can’t be considered a jinx, right?”

“““Besides,”” Zhao Yu took another sip of orange juice and said,““don’t think that I’ve encountered so many accidents, but in the end, didn’t I solve them all perfectly?”

“““If he was a jinx, wouldn’t he have died long ago? ““I think ...”” Zhao Yu pulled Miao Ying into his arms,““you should Call Me Lucky Star!”” ”

“““Good, good, good, Lucky Star, I’m impressed by your star! Miao Ying sneezed again and said,““but, let’s discuss our search plan first.”

“““Where do you think we should start? My Lucky Star?”” ”

“““I think ...”” Zhao Yu thought carefully, then said,““let’s start with indigowoad root! Your cold is getting worse. If you can’t even take care of my goddess, how can you be called a Lucky Star?”” ”

## Chapter 2170: cruise

“Regardless of whether Zhao Yu was a Lucky Star or not, his jinx seemed to have been blessed.”

“On the first night after he and Miao Ying boarded the ship, Miao Ying’s cold had gotten worse. She had already taken her medicine and was resting in the cabin.”

“Of course, Zhao Yu wanted to keep his goddess company, but Miao Ying coaxed him out and asked him to look for clues.”

“Zhao Yu was stubborn, so he left Miao Ying in the room and went to the boat.”

AI!

“When he walked out of the room and walked along the corridor to the Cruise’s lobby, he couldn’t help but sigh.”

“This was because, from the moment Zhao Yu had received the mission, he had not taken the cruise seriously. Although what Miao Ying said made sense, Zhao Yu’s analysis was that this ship definitely had nothing to do with Xi Wei’s treasure.”

“The brochure with the Uranus cruise printed on it had been found in Xi Wei’s vault, but that didn’t mean anything.”

“He also felt that even if Tina wanted to leave behind some clues, she shouldn’t have left behind such obvious clues.”

“Plus, Zhao Yu roughly counted the days. It had been ten days since he solved the diary of a killer case, which meant that it had been nearly a month since the Korea incident.”

“The Koreans must have found the cruise ship brochure first. With the shrewdness of Li Zhen Zhu and her people, they would have already searched the cruise ship thoroughly. If there were any clues, they would not have informed secret services so quickly.”

“Besides, Zhao Yu knew his father-in-law, Miao kun, too well!”

“When he had answered Miao kun’s phone, he could feel that Miao kun was being perfunctory, so he was very sure that Miao kun had sent him and Miao Ying to search the cruise ship for personal reasons.”

“No matter what he said, he was still afraid that his own daughter would be in danger, so he deliberately arranged it this way.”

Zhao Yu had already determined that the cruise trip with Miao Ying was actually a disguised vacation.

“However, Miao Ying, who was on her first mission, did not think so. Although she had a cold, Miao Ying was obviously more excited than Zhao Yu. She felt that since it was her first mission, she had to complete the mission and find some clues no matter what.”

AI!

“Zhao Yu sighed again. The cruise was so big, where could he find any clues? It was just a brochure, how could it be related to Xi Wei’s treasure?”

Sigh ...

“Just after Zhao Yu sighed, another sigh came from the entrance of the corridor next to him.”

Oh?

The man’s sigh immediately attracted Zhao Yu’s attention.

He looked up and saw two people standing by the trash can outside the corridor. One was a young man and the other was an old man. The old man was the one who sighed.

“The old man looked like he was in his sixties, but he was dressed fashionably. He wore plaid pants and a flowery shirt, and his hair was permed with floral curls. When he spoke, he shook his head and looked like he was high and mighty!”

“However, Zhao Yu’s eyes were sharp. From the old man’s dressing, he could tell that he was not a poor man. The clothes he was wearing were all famous brands, and he had the aura of a local tyrant.”

“Smoking was not allowed in the cruise ship, but this person ignored the rules and held a thick cigar. As he smoked, he complained to the young man beside him!”

““F \* ck, he’s definitely doing this on purpose!”” The old man gritted his teeth and cursed, ““what F \* cking cruise party? they’re just trying to embarrass us on purpose!””

““He knows everything, he knows that such a big thing has happened, but he ... He actually brought these people to me. Tell me, did he do it on purpose?””

“As he spoke, the old man slammed the cigar into the trash can and stubbed out the end. The cigar seemed to have only taken a few puffs, but he threw it directly into the trash can.”

““What kind of cigarette is this? it’s much worse than the godd \* MN Cuba cannon (cigar)!”” The man kept using vulgarities, but when he saw Zhao Yu looking at him, he restrained himself a little.”

““Let’s go!”” The old man waved his hand at the young man. ““I’m too lazy to talk nonsense with these people. Let’s go to the dance hall and see if there are any beautiful girls!”” ”

“Then, he walked past Zhao Yu arrogantly. As he walked past Zhao Yu, he deliberately glanced at Zhao Yu.”

The young man was probably the old man’s assistant or secretary. He quickly nodded and followed behind ...

Zhao Yu looked at the cabin that the old man had come from and suddenly understood something.

“Zhao Yu was on business, so he had to book the best room on the cruise. However, in order to keep a low profile, the higher-ups had only booked them a luxurious balcony room.”

“However, the luxurious balcony rooms were not the best rooms on the Heavenly King. The best rooms were all in the corridor that the old man had just come from.”

“All the rooms there were presidential suites on the cruise ship, and they even came with a small swimming pool. A night’s stay there would cost at least 10000 Yuan.”

“Zhao Yu looked at the old man’s back as he left and thought to himself, ““this guy is really rich.”” Moreover, he was already so old, yet he still had to look for a pretty girl? But there was ... Hmm ... ”

“Zhao Yu couldn’t help but think, why don’t I go to the dance club with the old man? ”

“Well ... After some thought, forget it! ”

“I’m a man who carries my chastity everywhere. Not only did I bring my girlfriend here, but my girlfriend is sick and is staying in the cabin. If I go out to play, I’m such a scumbag! ”

“So, Zhao Yu changed his direction and walked in the opposite direction of the old man.”

“To be honest, Zhao Yu didn’t have any ulterior motives. Although this was his first time on a cruise ship in his life, he was used to seeing the world. A cruise ship wasn’t very attractive to him.”

“Therefore, he was just walking around the cruise ship and observing the environment to see if there was anything fun to do.”

“Before he boarded the ship, he had already done a thorough research on the cruise ship. He had also circled out a few key areas and was prepared to investigate carefully to see if this ship had anything to do with Xi Wei’s treasure.”

“Just like that, Zhao Yu went up and down, then walked around the cruise a few times. Finally, he was tired and walked to the entrance of the casino.”

“Seeing that the casino was quite lively, Zhao Yu didn’t think much and walked in directly.”

“However, something interesting happened. As soon as he entered, he saw the old man who smoked the cigar from before.”

“He was sitting in front of the gambling table with poker cards in his hand, carefully calculating something. However, his young assistant was nowhere to be seen.”

“Interesting, didn’t he go to the dance hall? Why did he come to the casino?”

“In his previous life, Zhao Yu wasn’t particularly interested in gambling, because he was a debt collector. He had seen too many tragic scenes of families being destroyed because of gambling. ”

“Therefore, from the bottom of his heart, he didn’t like it. In fact, he was particularly against it. ”

“Because he had come into contact with them too much, he also understood the truth. There was not a single person who really became rich by gambling! Even if there were, most of them didn’t know how to stop and would fall into the trap sooner or later ... ”

“As the saying goes, nine out of ten gambles lose. The one who really makes money isn’t the gambler, but the person who runs the casino! ”

“Just like the fighting match he had played with Miao kun before, the person who placed the bet was never the one who set up the game! ”

But ...

“Although Zhao Yu had no interest in gambling, he still sat at the gambling table. ”

“For some reason, when Zhao Yu saw the old man’s smug look, he felt particularly uncomfortable. Therefore, he sat at the gambling table, wanting to suppress this guy’s arrogance! ”
