Chapter 2271: Chapter 2267-two against three

"" Oh, oh ... "" "

"In just one round, a dagger was stuck in amiola's left arm, and she was kicked back. "

"Zhao Yu hugged her again, his face full of surprise. "

"" Oh my God, "" amerolan said gloomily, "" who are these people? "" "

"" I'm fine, I'm fine ... "" Zhao Yu pointed to his right arm and comforted her, "" I was stabbed in the right side just now, and the knife wasn't brought back! "" "

This sentence made amiola collapse instantly.

"" You too ... "" Zhao Yu complained. "" Don't you bring a gun with you wherever you go? Where's the gun? "" "

"" Of course, "" amerolan said. "" I'm only here to steal information. This is your country. How can a gun be brought in so casually? "" "

The two of them had only exchanged a few words before the impatient robbers rushed forward again.

"" Don't move! "" Zhao Yu shouted at amiola, then pulled out the knife that was stuck in her left arm. "

"" Ah ... "" Mellaura screamed in pain, "" you bastard! "" "

"Of course, Zhao Yu couldn't just pull it out for nothing. As he pulled it out, he successfully used the invisible hemostatic on Miss Lola. "

"After pulling out the knife, Zhao Yu clenched it tightly and rushed towards the enemy. "

"Zhao Yu thought that, if he and amerolaia joined forces, they would at least be able to deal with the enemy, or even defeat them, and force them to tell him about the thing that could destroy the entire building. "

"However, he had clearly overestimated amilora's abilities and underestimated her. "

"If it was in the past, even those Special Forces soldiers with a certain amount of combat experience would definitely not be able to withstand the violent attacks of his energy booster and invisible hammer! "

"However, the criminals were stunned. This was enough to show that they had encountered an expert among experts. "

"On the other hand, Aurora's strength was only equal to his, so even if the two of them joined forces, it would be difficult to defeat the opponent. "

“The truth was just as Zhao Yu had expected. After he rushed over with the dagger, he only managed to fight a few rounds with the man. Not only did he not manage to stab the man, but the dagger also flew out of his hand. ”

“The leader of the purple-masked criminals was the most powerful. Although the bleeding on his neck had not stopped and he needed to press it with his hand, he was still the most powerful one. He appeared and disappeared unpredictably, and with a sweep of his leg, Zhao Yu fell to the ground. ”

“In fact, after Zhao Yu’s unexpected counterattack, the purple-masked criminal was not only angry, but also a little panicked. ”

This was because Zhao Yu’s counterattack was too strange. There were many phenomena that science couldn’t explain.

“The sudden pungent smell, the sudden change in Zhao Yu’s strength, the terrifying power that could send someone flying with one hand, the disappearance of the electricity, the fact that Zhao Yu could block the knife with his arm, and so on ... ”

“Therefore, the purple-masked criminal was not confident. He could not help but suspect that he had fallen into Zhao Yu’s trap, and that there would be a large team coming to rescue him immediately! ”

“If there was really an ambush, then he would have lost the whole game. ”

“Therefore, he was in a hurry to capture Zhao Yu and interrogate him. Even if he was surrounded, he could use Zhao Yu as a hostage! ”

“Thus, he ignored the wound on his neck and used all his strength to display what he had learned in his life. ”

“Zhao Yu was forced to retreat, rolling and crawling on the ground. ”

The red-masked criminal was also smart. He took advantage of the moment when Zhao Yu turned around and stabbed him from behind.

“However, as soon as the knife was thrust out, there was a metallic clang, and amerola’s metal chain wrapped around his wrist again. ”

“Amiola immediately tightened the noose, and the red-masked criminal let go in pain, dropping the dagger to the ground. ”

“However, before she could do anything, the masked criminal had already pounced forward and collided with her. ”

“In the face of danger, Laura could only let go of the noose and fight the flower-masked criminal. ”

“Then, Zhao Yu flew out and tripped the flower-masked criminal, but he was also kicked by the purple-masked criminal ... ”

“The two-on-three battle went on for about fifty seconds. Zhao Yu and amerolla lost again. Zhao Yu’s left leg was hit by another knife, and amerolla was hit so hard that she kept spitting out blood. There was even a cut on her head. ”

“At this moment, the door of the Presidential Suite opened, and the green-masked criminal staggered out.”

I’ll cut!

“Zhao Yu was dumbfounded. This guy had been hit by his mallet earlier and had fallen so badly, but he had managed to stand up so quickly. This was ... ”

“Of course, what was even worse was that Zhao Yu’s power jamming device was about to end. If the lights were turned on, the other party would be able to see more clearly, and it would be even more impossible to block the attack. ”

Alright!

“Seeing that the situation wasn’t good, Zhao Yu made up his mind to escape again. ”

“However, he only had one invisible flash bomb, and he had just used it. So ... What should he do now? ”

““Zhao Yu!” “Run!” After being kicked again, Amilora shouted at Zhao Yu, “we can’t beat him!” ”

““Sis,” Zhao Yu thought, “I want to run, but I have to be able to run!” ”

This gang of criminals obviously wanted to kill him. They had already blocked both routes and there was no way to escape ...

“Just as Zhao Yu was feeling depressed, he was kicked by the purple-masked criminal again. He rolled back on the ground and landed right at Amilora’s feet. ”

““Zhao Yu!” Amerolaia grabbed Zhao Yu with one hand and threw something out with her other hand. ”

“It was a tennis ball. Amilora slammed the ball on the ground, and the ground burst into flames. ”

“Taking advantage of the flames, Amerolaia quickly pulled Zhao Yu and the two of them ran towards the corridor behind them. ”

““Hurry up! Hurry up!” Seeing this, the purple-masked criminal was anxious and quickly ordered the other criminals to give chase. ”

“The red, flower, and green criminals quickly picked up their weapons and chased after Zhao Yu and Amiola. ”

“After the three of them left, the purple-masked criminal suddenly felt dizzy and leaned against the wall to sit on the ground. ”

There was no doubt that this was dizziness caused by excessive blood loss.

“Zhao Yu’s broken wine bottle had pierced his neck artery. Although he had been pressing down hard, a large amount of blood was still flowing out. ”

“In addition, he didn’t seriously recuperate just now. Instead, he used up a lot of energy from the exercise, so he couldn’t hold on anymore. ”

Bang Bang Bang ...

“Just as he leaned against the wall and sat down, the power was suddenly restored.”

“All the lights were restored in an instant, and the entire corridor was bright again.”

“Seeing this, the purple-masked criminal quickly took out his walkie-talkie and tried to contact his men.”

“However, when he turned on the walkie-talkie, it was all busy. There was no signal at all ...”

“”Damn it!”” He cursed angrily and took out his phone, only to find that there was no signal.”

“”F * ck ...”” He was so angry that he was about to go crazy. He could only endure the dizziness and try to stand up from the ground.”

“However, after struggling for a while, he still fell to the ground.”

Da ... Da ... Da ...

“Just then, he heard the sound of high heels.”

He looked up and saw a woman walking out of the Presidential Suite with a first aid kit in her hand. She strode toward the red-masked criminal ...

Chapter 2272: Chapter 2267-crisis

13000 points!

Oh my ... My little heart ...

“Looking at the points used for the signal jammer, Zhao Yu couldn’t help but feel distressed.”

“At this moment, as he ran with amerolaia, he didn’t forget to strengthen the signal jammer.”

“He knew that at this critical moment, he had to make sure that no signal could be sent out from the entire building. Otherwise, the enemy could use that unknown and terrifying weapon at any time.”

“As Zhao Yu could understand the Malacca dialect, he was very sure that the purple-masked criminals must have installed some deadly weapons in the building.”

“Even if this weapon wasn’t a nuclear bomb, it was bound to be quite powerful.”

“So, Zhao Yu couldn’t let them use it successfully no matter what.”

“However, the area of the building was so large that it would naturally cost a lot of points to cover the entire building with the signal jammer.”

“Luckily, Zhao Yu had enough points. Although he had spent 13000 points, he could still afford it.”

“However, the signal jammer was a double-edged sword. If the building’s signal was blocked, Zhao Yu wouldn’t be able to contact the outside world. If the outside world didn’t know what was going on inside, they wouldn’t attack rashly. ”

“So, Zhao Yu could only fight alone! ”

“In addition, he didn’t know what the thing that destroyed the building was, and he didn’t know where it was. ”

It would be extremely difficult to stop this crisis.

“Moreover, he was being hunted down! ”

“At that very moment, Zhao Yu and Amerolla were running down the stairs. Because of the charity banquet, they didn’t see anyone on their way down. ”

“The three criminals were all holding daggers in their hands and were chasing closely behind, almost catching up. ”

“““Lola ...”” Zhao Yu asked as he ran, ““you came alone. Do you have an accomplice?”” If you have one, quickly call one out to help!”” ”

“““No, no.”” Amerolla shook her head. ““I’m alone ...”” ”

“““Wait ...”” Zhao Yu suddenly thought of something. ““Did you follow me here?”” You ... What do you want?”” ”

“““Who’s following you?”” Amelia shook her head again. ““I’m here on the chief’s orders to investigate that rich man Li! Hmm ... What is that thing?”” ”

“““Oh?”” Zhao Yu was surprised and asked in a hurry, ““why are you investigating Mr. Li? This person, what does he do?”” ”

“““The chieftain said ...”” As soon as Amerolla said that, she suddenly realized something was wrong and quickly asked, ““Zhao Yu, at this time, you still haven’t forgotten to get information from me?”” You’re really something!”” ”

“““Aiyo, Lola,”” Zhao Yu said helplessly. ““What’s the point of arguing with me at this time? Let me tell you ... In fact, Mr. Li has already ...”” ”

“Before Zhao Yu could finish his sentence, he suddenly saw an oval-shaped object falling from above. He was so scared that he quickly pulled Amerolla and fell to the ground. ”

Shua shua ...

A heavy metal trash can fell from the sky. It was the one that the masked criminal had thrown down the stairs.

“In order to avoid the trash can, Zhao Yu and Amerolla fell to the ground and stopped moving. ”

“Taking advantage of this time, the three criminals jumped down the stairs and stabbed the two men with knives without any explanation ... ”

“At that time, Zhao Yu’s energy booster had already disappeared, and so were his hand hammers and shield. With the disappearance of the energy booster, the side effects began to take over.”

“In order to dilute the side effects, Zhao Yu had to use the invisible recovery agent and strengthen the device by a few levels, which barely offset the side effects.”

“However, even without the purple-masked criminal, Zhao Yu and Amelia were still unable to defeat the three of them.”

“After the fight, the two sides fought back and forth, and Zhao Yu and Aurora quickly got stabbed several times. Fortunately, they reacted fast enough, so their injuries were not particularly serious.”

“In a moment of desperation, Zhao Yu picked up a heavy trash can and threw it at the red-masked criminal. But the red-masked criminal was very powerful. He kicked the trash can in the air and sent it flying downstairs.”

Swoosh ...

“Amiola’s metal chain hit the green-masked criminal’s ankle. Due to his serious injury, the green-masked criminal’s reaction was slow and he couldn’t Dodge.”

“With a pull of the rope, the man fell to the ground!”

“However, the masked thug didn’t stay idle. He stabbed at amerolla’s face, the tip of the knife stabbing at her arm.”

“Amiola quickly spun around to avoid the knife, but in the face of so many enemies, she could only retract her noose and deal with the masked criminal.”

“However, amiola was also injured. She wasn’t the masked criminal’s match at all. In just two rounds, she was once again knocked to the ground by the masked criminal.”

“Immediately after, the masked criminal stabbed his dagger at amerolan’s face. Unable to Dodge, amerolan could only use [grappling hook] to entangle the criminal’s wrist.”

Whoosh ...

“The man stabbed the dagger downward, and amerola tried her best to hold on to the blade so it wouldn’t fall.”

“However, mellaura’s strength was obviously at a disadvantage. Even though she had tried her best, the knife still went straight for her cheek!”

“At this moment, the green-masked criminal had already climbed up from the ground. As long as he rushed over and punched amerola, she would definitely die!”

“To make things worse, Zhao Yu had already been stopped by the red-masked criminal and could not escape!”

Not good!

“Zhao Yu could see that amilora was in danger, so he couldn’t let anything happen to her.”

“Suddenly, Zhao Yu was filled with anger. He gave up on fighting with the red-masked criminal and ran straight to Aurora.”

“The red-faced criminal was the most cunning. He had already seen Zhao Yu’s weakness, so when Zhao Yu rushed forward, he immediately stabbed him, cutting Zhao Yu’s back.”

“However, Zhao Yu ignored the pain and activated the invisible spring launcher in his head. He dashed forward like an arrow, almost as if he was flying close to the ground, and hugged the masked criminal, who was about to stab amilora to death!”

“The masked criminal didn’t expect Zhao Yu to arrive so quickly. Before he could get ready, he was knocked back by Zhao Yu.”

The stairs were right behind him. Zhao Yu didn’t even think and ran towards the stairs with him in his arms.

“””Waa waa waa ...”” ”

The masked criminal was so shocked that he let out a cry of surprise in a foreign accent.

“But Zhao Yu didn’t care. After he hit the railing, he shifted his center of gravity forward and rolled over the railing with the masked criminal in his arms.”

“””Ah ...”” ”

“This was more than a dozen floors, and if he fell down, he would definitely be crushed and die.”

“The masked criminal was so scared that his face turned pale. His hands grabbed randomly, and he actually managed to grab a corner of the railing and hang in the air.”

“””Go to hell!”” ”

“However, Zhao Yu was still hanging onto the masked criminal and was falling towards him!”

“””Don’t ... Don’t don’t don’t ...”” ”

“””Ah!”” The masked criminal screamed, but he could no longer hold on to Zhao Yu. His fingers loosened, and he was about to fall down the stairs with Zhao Yu.”

“However, at the critical moment, the green-masked criminal jumped out from the side. He pounced forward with all his might, his hands passing through the railing and grabbing the flower-masked criminal’s right hand.”

“”” ”

The flower-masked criminal was already scared out of his wits. He quickly grabbed the green-masked criminal’s hands.

Whoosh ...

“With a metallic clang, amiola’s metal chain wrapped around the green-masked criminal’s neck.”

Whoosh ...

Amilora quickly tightened the noose around the man's neck.

"However, at this moment, the red-masked criminal had already rushed over. With one stab, he stabbed amerolla's lower abdomen from under her arm ... "

Chapter 2273: Not to heaven

Ah ...

Ah ...

Oh ...

"In the narrow corridor, from the bottom to the top, several screams were heard. "

"Zhao Yu grabbed the flower-masked criminal and hung him in the air. The green-masked criminal was on the ground and grabbed the criminal's hand. Amerolaha used a metal chain to wrap around the green-masked criminal's neck, while the red-masked criminal stabbed amerolaha's lower abdomen with the dagger. "

""Oh ..."" "

"In an instant, blood flowed from the corner of mellaura's mouth, but her hands did not relax. She still held on to the lock tightly. "

""Go to hell!"" "

The red-masked criminal was eager to save her. He flicked his wrist and pulled out the dagger.

Pfft ...

"Mellaura spat out a mouthful of blood. She had been seriously injured, but the determined girl still stared at the red-masked criminal fiercely, and the lock in her hand did not loosen at all. "

"At this moment, the green-masked thug's neck was already bleeding. It was obvious that he could not hold on any longer. "

The red-masked criminal's eyes were filled with killing intent. He raised his sharp dagger and aimed it at amerolla's throat.

"However, just as he was about to raise his knife and stab, he suddenly felt a cold wind behind him. "

"As an expert, he instinctively realized that there was a problem behind him. However, because the cold wind came too suddenly, he still couldn't react. "

Buzzzzzz!

"He only felt that the back of his head was hit by something, and then he felt the world spinning, and he could not stand steadily. "

“Next, he felt his body become light again, and he was actually slowly floating in the air.”

Oh ...

Am I ... Going to heaven?

“No, that’s not right ... ”

“The next second, he finally came to his senses and understood his situation.”

“It turned out that he had been lifted up by the person who had knocked him out, and his body was suspended in the air.”

“Moreover, he was slowly approaching the railing. It was obvious that the person who was holding him up was going to throw him down.”

Oh ...

“It seems that I’m not going to heaven, but to hell!”

“When he was carried to the railing, he instinctively grabbed wildly and looked down at the same time. What he saw made him lose his wits.”

“He found that his partner was still struggling in the air, but Zhao Yu, who had been on top of the red-masked criminal, was gone!”

“He quickly looked down and was shocked to find that the person who had sneaked an attack on him and raised him up high was none other than Zhao Yu, the detective!”

“No... No, no, no... Impossible!”

“He cried out in horror, unable to believe what he was seeing.”

““Hey!” At this time, he heard Zhao Yu shout at him, “hold on tight!””

“Then, Zhao Yu grabbed his arm and threw him down the stairs!”

““Ah ...””

“The red-masked criminal let out a tragic wail and his body fell heavily, landing on the flower-masked criminal below.”

““Ah ...””

“The flower-masked criminal screamed even more miserably than the red-masked criminal. Under such a heavy blow, he could no longer hold on to the green-masked criminal’s wrist and fell down the stairs. Under the acceleration of gravity, he quickly fell down more than ten floors below, and his screams stopped abruptly.”

““Ah ...””

“It was the red-masked criminal’s turn to hang in the air. He grabbed Zhao Yu’s wrist tightly, his face pale with fear.”

""Oh ..."" "

"At the same time, Zhao Yu heard amerolaia's weak moans from behind him. "

"Zhao Yu turned around and saw that blood was flowing out of amerolla's lower abdomen. He then looked at the green-masked thug, who was tied up by his neck. He was dead, without any signs of life! "

""Laura ..."" "

"Zhao Yu opened his device bar, then used the invisible hemostatic agent on amiola. "

"In the end, the system notified Zhao Yu that it required 4000 points to strengthen it. "

"Zhao Yu didn't dare to be stingy, so he quickly used the device on amiola. "

"Zhao Yu was relieved, because if the system prompted that she needed to be strengthened, it meant that amiola's injury was not fatal. "

"As long as he could stop her bleeding, she would not die! "

""Oh ... Oh ..."" However, amiola didn't know what was going on. She fell onto the green-masked thug's body dejectedly, her eyes filled with reluctance and despair. "

""Lola ... Listen to me,"" Zhao Yu comforted her,""you'll be fine. You must hold on!"" Trust me ..."" "

""Oh ..."" Amelia sighed and asked,""Zhao Yu, can you tell me if you found Xi Wei's treasure?"" "

""Mm ..."" Zhao Yu didn't expect to be asked this question at this time. "

""What ..."" Amiola said bitterly." "I'm dying, and you still don't tell me the truth?" " Oh ..."" "

""Alright, alright, I'll tell you!"" Zhao Yu turned to look at the red-masked criminal in the air and said coldly,""but, I have to deal with this guy first!"" "

""Hey ... Hey, hey, hey ... Catch him, catch him ..."" At this moment, the red-masked robber saw the tragic state of the flower-masked robber below. His face was as white as a sheet of paper, and his whole body trembled. "

""I, Zhao Yu, have always kept my word,"" Zhao Yu said." "As long as you answer my questions honestly, I'll let you go!"" "

""R-really? ""But ..."" The red-masked thug said awkwardly,""if I answer your question, I won't be able to live!"" "

""It's okay,"" Zhao Yu said." "You can follow me in the future. I can protect you!"" "

""You ... Hmm ..."" The red-masked criminal hesitated. "

"Zhao Yu deliberately stretched his arm forward, which frightened the red-masked criminal and made him scream again. "

"In fact, Zhao Yu had already seen that the red-masked criminal was a smart person. Such people generally cherished their lives. Even if they were strictly trained special agents or spies, it would be difficult to hide their survival instincts! "

“At first, Zhao Yu was worried that this kind of person would shout about suicide drugs, so he had even prepared an invisible antidote. But now, it seemed that there was no need to. ”

“““Hey, I’m already tired ...”” Zhao Yu said.”“If you need to think about it, then go down and think about it!”” ”

“Then, Zhao Yu loosened his grip. ”

“““Oh oh oh ...”” The red-masked criminal was frightened and quickly said,”“okay okay okay, ask, ask, hurry up ... Hurry up ...”” ”

“““Tsk ...”” Next to him, Amelia gave Zhao Yu the middle finger and mumbled,”“your mission is still the most important. I’m about to die ... You’re making me so sad ...”” ”

“““This ...”” Zhao Yu was helpless. He ignored Miss Lola, but asked the red-masked criminal directly,”“tell me, what amazing things did you install in this building?”” ”

“““You ... You really don’t know?”” The red-masked criminal was surprised.”“It’s no secret that something was lost at the dead men’s dock, right?”” ”

“““You still dare to talk nonsense?”” Zhao Yu shouted,”“I really don’t have any strength left!”” ”

“““Oh, tell me, I’ll tell you ...”” The red-masked criminal quickly said.”“It’s a engine-type scientific weapon! It’s used to spread the virus. Once it’s opened, everyone in the building will be dead!”” ”

“““I’ll cut!”” Zhao Yu was shocked. No wonder these criminals carried gas masks with them! ”

“It turned out that it wasn’t just to use smoke bombs, but also to prevent viruses from invading ... ”

“““Where did you guys put this thing?”” Zhao Yu asked again. ”

“““I ... I really don’t know!”” The red-masked criminal shook his head and said,”“I only know that when the item has been set, it will automatically activate after the banquet starts!”” ”

“““The banquet ... The banquet begins ...”” ”

“Zhao Yu looked at his watch, then suddenly remembered that the banquet was to start at 8 pm sharp. There were less than ten minutes left! ”

Chapter 2274: Where is it?

“At the most dangerous moment, Zhao Yu couldn’t think too much. ”

“Therefore, when he carried the masked criminal over the railing, he had already made up his mind to use the invisible aircraft. ”

“Of course, an invisible parachute might be more economical, but jumping down from such a narrow staircase could not guarantee that the parachute would not be in danger. ”

“Moreover, this was a place that was more than ten stories high. If he used a parachute, he would have to land on the ground. ”

“Then, by the time Zhao Yu climbed up again, Amerolla would be in danger. ”

“Hence, Zhao Yu was not stingy. While the masked robber was clinging to him, he secretly used the invisible aircraft to fly upstairs from the other side of the stairs. ”

“Then, he suddenly attacked the red-masked criminal from behind and threw the red-masked criminal down the stairs, hitting the flower-masked criminal. ”

“However, what Zhao Yu didn’t expect was that he was still one step behind. Amerolla was stabbed in the abdomen by the red-masked criminal, and he almost couldn’t save her in time! ”

“”””Tell me!””” When he heard that the mysterious scientific weapon was about to be activated, Zhao Yu was really anxious. He put the red-masked thug down again and shouted,“”””where is the weapon in the building?””” ”

“”””I ... I really don’t know!””” The red-masked criminal said,“”””you’ve seen our boss. He doesn’t trust anyone. Only he knows where the thing is!””” ”

“”””Go to hell!””” Zhao Yu scolded,“”””you really won’t give up until you see the coffin! Since you won’t tell me the truth, then you can go to hell!””” ”

“Then, Zhao Yu let go of her again. ”

“”””Don ‘t, don’ t, don’t ... Oh, oh, oh ...””” The red-masked criminal was so scared that his face turned pale. He quickly grabbed Zhao Yu’s arm and shouted,“”””I know, I know. Pull me up first, then I’ll tell you ...””” ”

“”””No... You can’t ...””” Amelia reminded Zhao Yu,“”””pull him up. You can’t beat him!””” ”

“”””Tell me first and I’ll pull you up!””” Zhao Yu started to haggle,“”””there’s no time anyway. If you don’t tell me, I’ll just throw you down and run away!””” ”

“”””Um ... You ...””” ”

“Just as the red-masked criminal was about to speak, the fire door on the side of the corridor suddenly opened, and a man in a security uniform rushed in. ”

“”””What’s wrong? What’s wrong?””” The security guard asked with his eyes wide open when he saw the tragic situation. ”

“”””Hurry ... Hurry, hurry, hurry ...””” The red-masked criminal saw his Savior and quickly shouted,“”””hurry, save me!””” ”

“”””Don’t move!””” “”””Don’t move!””” The security guard saw this and immediately took out his gun, aimed at Zhao Yu, and shouted. ”

“Zhao Yu frowned and said,“”””I didn’t move!””” ”

“”””No, no, no...””” The security guard pointed his gun at Zhao Yu.“”””Pull him up!””” ”

“After that, the security guard took out his walkie-talkie, but there was no signal at all. He was so anxious that his head was covered in sweat. ”

“““Hurry, hurry up and pull me up!”” The red-masked criminal shouted at Zhao Yu, while his other hand grabbed the railing. ”

“However, Zhao Yu didn’t care at all. He pressed down hard and shouted at the red-masked criminal,““Quick, tell me where the bullet that can blow up an entire building is hidden.”” ”

Zhao Yu said this to remind the security guards that he was doing the right thing!

“““Hey, don’t be like this,”” the security guard shouted nervously.””If you keep doing this, I’m going to shoot!”” ”

“““I’m an agent!”” Zhao Yu had heard from li liya before that the security guards ‘pistols were all fake, so he didn’t pay much attention to them. He explained to the security guard,““this man is a terrorist. They installed a Lethal Weapon in the building! You have to evacuate the people in the building immediately ...”” ”

“““Oh ...”” The security guard was confused.””Really?”” ”

“““Tell me,”” Zhao Yu turned around, clenched his fist, and asked the red-masked criminal,““if you don’t tell me, you won’t have a chance!”” ”

“““This ... Okay, I’ll tell you, I’ll tell you ...”” The red-masked criminal had no choice but to compromise. He pleaded with Zhao Yu,““that thing is in ...”” ”

“However, just as the red-masked criminal was about to exit, the security guard suddenly turned his gun and pulled the trigger at him! ”

The bullet hit the red-masked criminal’s head!

“Blood spurted out from the red-masked criminal’s head. Zhao Yu felt no more strength in his arm, and the red-masked criminal suddenly fell down ... ”

“““Ah?”” ”

“Zhao Yu was shocked. He didn’t expect the security guard’s gun to be real, and that he would suddenly shoot at the red-masked criminal! ”

And ...

Zhao Yu then noticed that the gun in the security guard’s hand was equipped with a silencer!

This was enough to prove that he was not a security guard at all!

“““Don’t move!”” The security guard’s face suddenly changed, and he looked cunning and cruel. He pointed the gun at Zhao Yu. ”

“““You ...”” Zhao Yu was surprised.””What do you do for a living?”” ”

“““Cut the crap!”” The security guard threw a pair of handcuffs at Zhao Yu.””Put them on first, detective Zhao!”” ”

““Ah?”” Zhao Yu was surprised again. ““You ... You know me?”” ”

““Hmph,”” the security guard smiled, ““don’t try to trick me. If you want to live, listen to my orders!””
Hurry up and handcuff me!”” ”

““You ... Listen to me,”” Zhao Yu explained. ““In a few minutes, the whole building will be attacked by a virus, and we will all die ... Mm ...”” ”

“Before Zhao Yu could finish his sentence, he saw the security guard take out a gas mask from behind him. ”

““Oh ... Alright!”” Zhao Yu said in a daze, ““I understand now! You’re in cahoots with the guy who jumped off the building. You even killed your own people, how ruthless!”” ”

““They broke the rules, so they must die!”” The security guard said coldly, ““hurry up, great detective Zhao. I have a gas mask here. If you don’t want to be poisoned to death, then cooperate with me!”” ”

““It seems that ...”” Zhao Yu said, ““you guys are really in a big team! You’ve killed so many innocent people, don’t tell me you feel good about it?”” ”

““Cut the crap!”” The security guard straightened his arm that was holding the gun and shouted at Zhao Yu, ““hurry up and handcuff me!”” ”

Whoosh ...

“Just as the security guard stretched out his arm, with a metallic sound, the security guard’s arm was suddenly bound by the chain! ”

“The chain tightened, and the security guard’s arm had to be swung down. ”

Pfft ... Pfft ...

“In a moment of desperation, the security guard fired two shots, but all the bullets hit the ground. ”

“Just as the gunshot rang out, Zhao Yu picked up the handcuffs and threw them at the security guard’s face! ”

Pa ...

“This hit was not light, and the security guard immediately screamed. ”

“When he recovered from the chaos, he realized that Zhao Yu had already taken his gun. ”

Damn it ...

He covered half of his face and used one eye to see that the woman on the ground was actually alive!

“He had seen amiola earlier, but she was covered in blood. He had thought she was dead! ”

Crack ...

“Zhao Yu pulled the bolt and pointed the gun at the security guard’s head, then shouted, ”

““Tell me, where is that deadly scientific weapon!”” ”

Chapter 2275: Urgent rescue (1)

“Hehe ...” Amiola fell to the ground, shaking her head and sighing. “It’s none of my business whether you have any weapons or not!”

“Speak!” Zhao Yu pointed the gun at the security guard’s head and shouted, “where the hell is that weapon?”

“As a result, Zhao Yu used a little force, and the security guard grabbed the gun with both hands and started to fight with Zhao Yu.”

“From the looks of it, he didn’t want to live!”

Damn it!

“Zhao Yu didn’t expect the man to be so reckless, but if he really shot the man, he would have lost his best chance.”

“So, Zhao Yu didn’t pull the trigger, but fought with the man.”

“Seeing that Zhao Yu didn’t dare to shoot, the security guard was even more insatiable. He even raised his fist and punched Zhao Yu.”

“Zhao Yu’s hands clutched the gun tightly, and he could only take a punch. He then shouted at Lola, “Hurry up! Laura, help!”

“Oh my God ...” Amerolla was depressed. “You won’t even let a dying person go?”

“Although amilora was making sarcastic remarks, the metal chain in her hand still flew out and grabbed the security guard’s ankle.”

“The security guard couldn’t control central, so he leaned back. Zhao Yu immediately pointed the gun down and fired!”

“The bullet shot out and hit the security guard’s thigh, causing blood to spray out!”

“Ah ...” The security guard drooped down in pain and suddenly lost his ability to resist.”

Pfft!

“Zhao Yu took advantage of the situation and shot him in the other thigh, making him unable to move.”

“Ah ...” The security guard wailed loudly. He was in excruciating pain.”

“Zhao Yu stepped on his wound and twisted it, then shouted again, “Speak! Hurry up and tell me!”

“Ah ...” The security guard was in so much pain that he was about to suffocate, but he still clenched his teeth and refused to let go.”

“Zhao Yu was about to give him another kick, but the security guard suddenly pulled out a dagger from his ankle! ”

“Then, he didn’t stab the dagger at Zhao Yu, but instead, he stabbed himself in the heart! ”

“”Ah ...”” Zhao Yu didn’t expect this guy to be so strong-willed, and it was too late to stop him. ”

Whoosh ...

“Amilora threw out her metal chain, but it was still too late. By the time the chain wrapped around the man’s wrist, the knife had already stabbed into his chest! ”

“”Ah ...”” Amiola let out a loud roar and tried her best to pull the man’s arm back. However, the knife had already pierced deep into his heart. He was about to die. ”

“”Don ‘t, don’ t, don’ t ...”” Zhao Yu squatted down and quickly used the invisible hemostat, but the system reminded him that the hemostat was no longer effective. ”

“Soon, the man’s pupils dilated and he lost all signs of life. ”

“”Dammit! You should die!”” Zhao Yu swung his arm in anger. This meant that he had not gotten any valuable information. ”

He didn’t even know who the mastermind behind these criminals was!

“”Zhao...Zhao Yu ...”” At this time, Amilora thought that she was reaching the end of her life, so she stretched out her arm to Zhao Yu and said,“tycoon Li is the middleman. Londee, Xi Wei, and even my boss, Yusufu, have worked with him before ... ”

“”This time, the chief asked me to come over to understand the latest market and to inquire about Xi Wei’s treasure! ”

“”I really didn’t expect to meet you here!”” ”

“”Alright, stop talking!”” Zhao Yu walked over and used the security guard’s dagger to tear off his sleeve. He then symbolically bandaged up Amiola’s wound. ”

He wrapped the torn clothes around Amilora’s waist and tightened the wound.

“”Are you playing around by doing this?”” “Shouldn’t you take off my clothes first?”” Miss Lola retorted. ”

“”Alright, I’ll just make do with it!”” Zhao Yu pressed on Lola’s shoulder and said,“since you’re going to die soon, why don’t I give you a goodbye kiss? Do you think I should kiss you on the face or the mouth?”” ”

“”You ...”” Amiola was depressed.“I’m about to die, and you still have the mood to ... Hey, hey, hey ... ”” ”

“Unexpectedly, Zhao Yu raised his arm and helped Amilora up from the ground. ”

“”Hey, hey, hey, do you still have any humanity?”” I ... I’m already in this state! According to the script, you should be telling me about Xi Wei’s treasure. You ... Hey, be gentler, gentler, okay ... Ouch ... ”” ”

““Listen to me!”“ ““There are more than a hundred people in this building. If what the robbers said is true, then this is a big deal!”“ ”

““So, let’s get this over with first, and then we can slowly catch up! Don’t worry, we’ve gone through life and death together again. I’ll definitely cooperate with you and tell you what you want to know!”“ ”

““But ... But ...”“ Amiola looked at her wound.”“I’m dying. How can you be like this?”“ ”

““It’s okay, you won’t die first!”“ Zhao Yu said,”“listen, in a few minutes, that thing is going to start! ”

““So, I need you to do something for me. Evacuate the people in the building, okay?”“ ”

““I can ‘t!”“ Amiola shook her head hard.”“I’m just talking. Who can believe me?”“ He would definitely arrest me for being a lunatic! ”

““And,”“ she pointed at the security guards on the ground and said,”“with such a big movement, there must be more than one or two enemies. Once I evacuate the people, I’m afraid they’ll be killed by the enemies immediately!”“ ”

““Besides, I’m a dying man. I don’t even know if I can walk down the stairs now!”“ ”

““Mm ...”“ Zhao Yu thought about it and realized that it was true. ”

Then ... What should I do?

““Okay, okay ...”“ Zhao Yu thought about it and suddenly thought of a problem. He immediately grabbed ahmelaura’s shoulder and said,”“look, Lola, they just said that they used a scientific weapon, which was a virus to spread it, right?”“ ”

“Zhao Yu picked up the security guard’s gas mask from the ground and continued,”“As long as people wear this gas mask, they will be fine! ”

““But, won’t it take a certain amount of time for the virus to spread?”“ ”

““You ... Hmm ...”“ Amerolla was confused.”“What are you trying to say?”“ ”

““In this building, where do you think the scientific weapon should be placed to maximize its power?”“ Zhao Yu asked. ”

““Mm ...”“ Amiola obviously couldn’t keep up with Zhao Yu’s pace. ”

““There are only two places,”“ Zhao Yu said.”“One is the ventilation system! One is ... The banquet hall!”“ ”

““Oh ...”“ Amiola’s eyes widened as she said,”“the ventilation system can spread the virus to every corner of the building! The banquet hall has the most people ...”“ ”

““So, let’s split up,”“ Zhao Yu said.”“You go find the ventilation system, I’ll go to the banquet hall and evacuate the crowd ...”“ ”

““...”“ Amiola rolled her eyes.”“You really don’t treat me as an outsider, do you?”“ If the robbers used the ventilation system, not only would I not be able to stop them, but I would also be killed in vain!”“ ”

“““Oh ... You’re right!”” Zhao Yu pouted.”““Alright, then let’s go to the main hall together! The main hall is on the second floor, close to the entrance. At least we can escape!”” ”

“After making up his mind, Zhao Yu pulled amerola1 along and prepared to leave. ”

“However, the smart amerolaia quickly laid on top of the security guard’s body and took out another gas mask from the bag behind the body ... ”

Chapter 2276: Urgent rescue (2)

In the banquet hall on the second floor of the multi-millionaire’s building.

“““Ladies and gentlemen, I’m very sorry,”” on the stage, the host said to the crowd.”““We have just received news that Mr. Rich man Li is unable to attend tonight’s dinner because he suddenly feels unwell. Let me apologize on his behalf!” ”

“““However, dear guests, tonight’s charity party will be held as usual. I still hope that everyone will be generous and add some love to those who need help ... ”

“““Also, we’ve invited many celebrities tonight. They’ll be giving us wonderful performances. Let’s welcome them with a warm round of applause!”” ”

“Under the host’s enthusiastic introduction, the stars present appeared on stage one by one. The stage was full of flashing lights, and as each star came on stage, warm applause was given. ”

“““Eh?”” At this time, a female star on the stage looked around and asked her companion anxiously,”““where’s Li Qian? Who saw Li Qian?”” ”

“““No,”” a male star said.”““I think I saw her just now!”” She’s with rich man Li’s daughter!”” ”

“““Hmph,”” a fashionably dressed female star next to him taunted,”““he’s always around miss. Just look, he’s definitely out to get sponsors!”” He made a name for himself with a murder case. This guy must be a weirdo, right?”” ”

“““Why don’t ...”” The female star from before said,”““I give her a call!”” Eh? ““Why ...”” She looked at her phone and asked,”““why is there no signal?”” ”

“““It’s normal to have no Signal!”” The male celebrity said,”““I heard that boss li has never liked paparazzi. This is an internal Charity Association, and those who can participate are all big shots! ”

“““I think they must have blocked the signal. They don’t want the information to get out, right?”” ”

“““That’s bad,”” the female star said.”““Didn’t anyone remind Li Qian? She’s the first one to perform on stage!”” ”

“Just as the celebrities were discussing, a disheveled woman ran into the hall. It was the female celebrity, Qian Qian! ”

“Li Qian’s hair was in a mess, and her clothes were disheveled. She had just run to the entrance of the hall when she was stopped by the security guard. ”

“““What ... What’s wrong with you?”” The security guard was surprised to see Li Qian in such a sorry state. ”

“““Hurry, hurry!”” Li Qian said anxiously,“““quickly inform everyone that there are bullets in this building! It was going to explode soon! Hurry up and evacuate everyone ...”” ”

“““You ... This ...”” The security guards were dumbfounded by Li Qian’s words. ”

“““Hurry up!”” Li Qian was anxious.“““It’ll be too late if we don’t evacuate now!”” ”

“““Excuse me,”” an experienced security guard asked,“““Who are you?”” Do you have an invitation? You’re not joking with us, are you?”” ”

“““You ...”” Li Qian was going crazy.“““I’m Li Qian!”” Of course, I have an invitation card. I really ... Aiya, where ... Where’s your manager? Quickly call your manager over, do you know? The boss of rich man Li is dead!”” ”

“““Chi ...”” ”

His words made the security guards exclaim in shock.

“The old security guard immediately took out his walkie-talkie and tried to contact his leader, but the walkie-talkie was full of busy tones and there was no signal at all. ”

“““What’s wrong? What’s wrong?”” ”

“Just as the old security guard couldn’t connect to the walkie-talkie, a tall security guard came from a distance. Judging from the uniform, this person should be the leader of the security guards. ”

“““Aiyo, Captain, you’re just in time!”” The old security guard quickly pointed at Li Qian and said,“““this lady insisted that there was a bullet in the building and asked us to evacuate! ”

“““She ... She also said that boss li has been killed!”” ”

“““What?”” “““Which Mr. Li?”” the security Captain asked Li Qian. ”

“““Mr. Li!”” Li Qian said anxiously,“““I saw it with my own eyes! If you don’t believe me, hurry up and go to his Presidential Suite to take a look! ”

“““By the way, you have to be careful of those masked, oh no, those performers with oil paint on their faces. They ... They are all criminals!”” ”

The security guards were getting more and more confused.

“However, the security captain’s expression became extremely complicated. He quickly said to the security guards,““““Alright, leave her to me!”” ”

“““Madam, please follow me,”” he said.“““We can’t make the decision. Please follow me to see the manager!”” ”

“““Also, we have to verify what you said. Otherwise, we don’t have the authority to evacuate the area rashly!”” ”

“““It’s true. I’m telling you the truth. Why don’t you believe me?”” Li Qian suddenly stomped her foot.””Alright! If that’s the case, then don’t blame me when something happens! ”

“““I’ve already tried my best!”” After that, Li Qian turned and walked toward the main door.””I don’t dare to waste any more time. Who knows when that thing will explode?”” I’ll be leaving first!”” ”

“““Um ... This ...”” The security guards were even more confused. ”

“““Alright then!”” The head of security pointed at the door and said,””in that case, I’ll send you out! Don’t worry, we’ll verify it immediately!”” ”

“““Alright, do as you wish! It’s really hard to be a good person these days!”” Li Qian mumbled as she trotted to the main door. ”

“Seeing this, the head of security waved at the security guards, telling them to ignore her. Then, he strode away and followed Li Qian. ”

“As a result, when Li Qian turned the corner, the head of security immediately rushed forward, covered Li Qian’s mouth with one hand, and strangled her neck with the other. ”

“““Wu...Wuwuwu ...”” Li Qian screamed in horror, but she couldn’t make a sound. ”

“Then, she was pushed behind a marble pillar by the head of security. In less than ten seconds, she fainted from suffocation ... ”

The poor girl had lost consciousness three times in less than an hour.

“After putting Li Qian down, the security guard gently picked her up and turned to the dark side of the corridor. He walked along the dark corridor until the end and stopped in front of a room marked with a surveillance sign. ”

“Then, he knocked on the door rhythmically, and the door opened from the inside. ”

“After entering, he saw several strong men standing in the room, all of them wearing security uniforms. ”

“The moment they saw the head of security carrying a woman in, the crowd gathered around him nervously. ”

“““Captain, what’s wrong?”” Someone asked. ”

“““Something must have happened up there!”” The head of security said with a gloomy face,””this woman said that rich man Li has been killed and that the building has been installed with bullets!”” ”

“““It’s broken!”” One of them said,””Captain, our communication is still not working. Someone must have blocked the signal! And it’s the kind that covers all directions. We can’t establish contact with the boss!”” ”

“““What’s the situation outside?”” The head of security pointed at the monitor screen and asked, ““any movement?”” ”

“““No, I didn’t!”” The person in charge of surveillance replied, ““I didn’t find anything unusual. I really don’t know what they are doing!”” ”

“““It seems that ...”” The security Captain put Li Qian down, then pondered for a moment and said, ““we have to carry out the backup plan immediately!”” ”

“He was the first to take out his gas mask and said, ““““We have to make sure that thing can be activated successfully! So ... Leave one person here to keep watch, and the rest follow me! Let them see how powerful our scientific weapons are!”” ”

Chapter 2277: Urgent rescue (3)

“““Oh ... Can’t you walk a little slower?”” In the corridor, amerolla complained to Zhao Yu, ““do you really want me to die? What’s the Chinese term for it, Thunderman?”” ”

“““A burden!”” Zhao Yu corrected her, then quickly pushed her into the elevator and said, ““remember, if you find that the situation is not good, put on a gas mask immediately!”” ”

“““I know ...”” Miss Lola rolled her eyes at Zhao Yu, still bothered by it. ““Just tell me if you found Xi Wei’s treasure. Is it that hard?”” ”

“““If you don’t tell me, does that mean ... You’ve already found it?”” ”

“““Look at how confident you are,”” Zhao Yu said. ““You don’t look like someone who’s about to die!”” ”

“““Again!”” ““I’ve saved you so many times, but you didn’t even tell me the truth. How sad!”” Said amilora. ”

“““Don’t mess around,”” Zhao Yu said, putting his arm around Miss Lola’s shoulder. ““I said, we’ll talk about it after this is done! Don’t forget, there are still hundreds of people waiting for us to save them!”” ”

“““It’s less than five minutes, right?”” ““Do you really think you can save them?”” asked amiola as she looked at her watch. ”

“““Even if there’s only one minute left, I have to try!”” Zhao Yu said resolutely, ““no matter what the result is, we must do our best!”” ”

“““You’re really great!”” A hint of admiration appeared in amiola’s eyes, but it was quickly replaced by doubt. ““I remember that you fell down the stairs too, right? You ... How did you get up here?”” ”

“““I’ll tell you a secret. Don’t ever tell anyone else!”” Zhao Yu replied mysteriously, ““because I can fly! I just flew back!”” ”

“Just like before, Zhao Yu was telling the truth, but Miss Lola rolled her eyes at him. ”

“In the end, before Miss Lola could roll her eyes, the elevator suddenly stopped on the 8th floor. Then, the elevator door opened, and a burly security guard walked in! ”

“”Hello ... Hello ...”” The security guard was holding a walkie-talkie, but there was no signal. ”

“”Eh?”” When he saw the blood-covered amerolla, he instinctively froze and asked,””are you ... Okay?”” ”

“”Hmm ...”” Amiola wasn’t prepared for this, so she didn’t know how to answer. ”

“”It’s okay, it’s okay ...”” Zhao Yu was smart. He immediately waved his hand and said,””we have a performance later!”” ”

“”Oh ...”” The security guard nodded and turned around. He pressed the elevator button and the elevator door closed. ”

“Just as the security guard turned around, Zhao Yu and Lara clearly saw that the security guard was wearing a black gas mask on his belt! ”

“When the elevator door closed, the security guard was stunned. He seemed to have thought of something and quickly turned around ... ”

“The next second, lights and shadows flashed in the elevator. Zhao Yu’s fist, the amiola’s entanglement, and the security guard’s huge body could be seen shaking. They hit the buttons heavily, lighting up the row of buttons. ”

“Soon, the elevator stopped on the sixth floor. When the elevator door opened, Zhao Yu was being held tightly by the security guard by the neck. He was being knocked around in the elevator, but the security guard’s wrist was also locked. ”

“Then, when the elevator door opened on the fifth floor, the security guard inside the elevator was already sitting on the floor, wailing in pain. Zhao Yu looked at the gun in his hand, a little confused ... ”

Ding ...

“On the fourth floor, the security guard was lying on the ground, barely breathing, while amiola was complaining loudly to Zhao Yu, “”Aren’t you going to hit your legs? Who told you to hit his stomach!”” ”

“”I ...”” Zhao Yu explained,””I wanted to hit his leg, but he didn’t listen ...”” ”

Ding ...

“When the elevator reached the third floor, amerolaia had already closed the elevator doors. ”

“”Hu hu ...”” ”

“”Hu hu ...”” ”

“Although the elevator had only gone down a few floors, the battle had been extremely intense. ”

“”These people are the worst brain teasers I’ve ever seen!”” Looking at the dead body on the ground, amiola panted heavily and complained,””you don’t know how to judge the situation. There’s no meaning to your death!”” ”

“““They’ve all been brainwashed! You have a gun pointed at you, but you still want to play with your life!”” Zhao Yu squatted down to search the dead body. He only found the phone in the man’s hand, the dagger hidden by his ankle, and the gas mask he was wearing. ”

“““This is going to be troublesome!”” Zhao Yu said,““even the security guards are their people. I’m afraid ...”” ”

“““You see ...”” Lola Mei pointed to the elevator button and said,““this person pressed the second floor before. Where is he going?”” ““And ...”” She took out her cell phone and asked,““why is there no signal? did your people do it?”” ”

“““Laura!”” Zhao Yu put his hands on Miss Lola’s shoulders and said solemnly,““the second floor of the house is the entire building’s air conditioning and return wind system. If I’m not wrong, they should have placed that thing there! ”

“““Now, these people must be rushing there to make sure that the weapon is activated!”” ”

“““That’s right.”” Amiola swallowed.““If the air conditioner is on and the weapon is activated at the air vent, the whole building will be filled with the virus in less than five minutes!”” This is too ruthless!”” ”

“““The situation is very bad,”” Zhao Yu said.““The enemy is more than we thought! So, we have to think of another way!”” ”

“““Is there any other way?”” ““Let’s escape before that thing is activated,”” amilora said.”” ”

“““I know of a secret passage that allows you to go outside without going through the main entrance!”” ”

“““Oh, really?”” Zhao Yu’s eyes lit up as he suddenly had an idea. He quickly said to amiola,““Lola, I’ll leave the rest to you!”” ”

“““What?”” Amiola was depressed.““You’re so shameless!”” ”

“““Remember this number,”” Zhao Yu said.““Now, you have to find a way to get out. When you get a signal, call this number immediately! Tell the people on the phone to attack quickly and destroy the enemy, the sooner the better! ”

“““And,”” Zhao Yu said his number,““this is my number, and my boss is called cactus. As long as you tell them this, they will believe you!”” ”

“““Also, tell them where I am in the building ...”” ”

“““You ... Um ...”” Amerolla squinted her eyes and asked,““do you really think I’m a good person?”” Why should I help you?”” ”

“““Hmm ... Alright!”” Zhao Yu said,““I’ll tell you the truth! We’ve indeed found Xi Wei’s treasure, and it has always been hidden on the Heavenly King!”” ”

“““What?”” Amilora was shocked.““That’s impossible. We’ve already searched the entire ship!”” ”

“““It’s in the water,”” Zhao Yu said.”“It’s an underwater sealed cabin. Tina used to use this method to smuggle goods. She was worried that the treasure would be discovered after it got out, so she simply hid it underwater!”” ”

“““It’s ... It’s actually like this ...”” Lola Mei was speechless. ”

“““Also,”” Zhao Yu continued,”“all of the information was installed with a virus, which couldn’t be unraveled at all. We only found a large number of words about rich man Li in the information by scanning the source file, so we came here! ”

“““Now, do you understand?”” ”

“““This ...”” Amiola was a little confused.”“I can’t believe it. You ... You’re not lying to me, are you?”” ”

“““If I said I didn’t find the treasure, then I would be lying to you!”” Zhao Yu asked,”“how is it? I’m sincere, right? Tell your chief later that I can share the information with him and decipher it together! OK?” ”

“““Oh ... Oh, oh, oh ...”” Amiola nodded hard and said,”“alright, Zhao Yu, I’ll help you with this!”” But ... If I go out, you ... What will you do?”” ”

Chapter 2278: Urgent rescue (4)

“““Here, take this ...”” Zhao Yu handed the pistol to amerolan and said,”“we don’t know how many enemies we have. Don’t trust anyone, especially those who are wearing gas masks!”” ”

“““No...”” Amiola pushed the gun back.”“You need it more than I do. Don’t worry. As long as my wound is fine, I can take care of myself!”” ”

“““But,”” amerolan said worriedly,”“don’t you think that you’re being too stupid? With so many enemies, even if you could find the weapon, how could you stop them from activating it? ”

“““Why don’t you ... Come with me!”” ”

“““No!”” Zhao Yu said,”“we’re running out of time, so I won’t waste any more time with you! Since you don’t want a gun, then take this ...”” ”

“Then, Zhao Yu passed the dagger that he had found on the dead body to amilora, and pressed the elevator button that led to the first floor. ”

“““Listen,”” Zhao Yu said,”“if you really don’t want anything to happen to me, then do as I say and let the people outside come in to save me!” ”

“““Also, don’t forget to warn them to pay attention to those wearing gas masks!”” ”

“As they were talking, the elevator door opened from the first floor. Zhao Yu looked around and saw that there was no one outside. It was very safe. ”

“”Zhao Yu!”” Mellaura suddenly hugged Zhao Yu and kissed him on the face.””You must Live! In the future, I’ll still fight alongside you!”” ”

“”Don’t worry!”” Zhao Yu was touched.””It’s not that easy for a detective like me to die! Go!”” ”

“”Alright!”” “”Wait for me ...”” Amiola said as she walked out of the elevator, covering her wound. ”

Ding ...

“The elevator door closed, and Zhao Yu quickly pressed the button for the second floor. ”

“When he was the only one left in the elevator, he took a deep breath at the mirror in the elevator. Then, he used the life detector and the air detector in his device bar. ”

The life detector was used to detect the enemy’s location.

“The air detector was just in case. If the enemy had activated a scientific weapon, he had to know immediately and wear a gas mask. ”

“The elevator reached the second floor in the blink of an eye. As the elevator door opened, the underground parking lot appeared in front of them. ”

“Zhao Yu had seen the building’s blueprint before, so he knew that the air conditioner was on the same floor as the underground parking lot. He just needed to go straight through the parking lot to reach it. ”

“As time passed by, Zhao Yu was already sweating nervously! ”

“In fact, he was very clear that no matter who these enemies were, at least half of their goals were for him! ”

“Therefore, he should leave this dangerous place as soon as possible and meet up with his mother-in-law. ”

“However, Zhao Yu didn’t dare to take such a big risk by leaving the building without permission. As soon as he left the building, the signal blocking device would lose its effect. The enemy might risk activating the Lethal Weapon in their anger. ”

“Therefore, no matter what, he had to go to the mountain knowing that there was a Tiger! ”

The air-conditioning unit was not too far away. Zhao Yu ran a few steps and found it.

“In the end, he was surprised to see that the door of the ventilation room was open. He could tell that he had come to the right place. ”

Zhao Yu took the gun and walked in carefully.

“There were a total of ten bullets in the pistol’s magazine. Zhao Yu had just opened it to take a look, and there were six bullets left. Although there weren’t many bullets, it was an extra layer of protection. ”

“The ventilation room was dimly lit, and the road was narrow. Zhao Yu walked along the corridor and soon heard some movement. ”

“““I say ... What’s going on?”” A Malacca-dialect voice came from the room. “““Why can’t I contact all of them? There was no signal? Where’s the boss? Why hasn’t he sent a message yet? ”

“““How long do we have to wait here?”” ”

“Zhao Yu peeked over and saw that in the control room of the ventilation room, there were two people with paint on their faces. They were sitting on a metal box and complaining! ”

Oh ...

“Seeing that there were only two people in the room, Zhao Yu was relieved. Moreover, from what the other party was saying, the weapon had not been activated yet, and they were still waiting for orders! ”

“““Really, it’s chaotic, it’s all chaotic!”” The man in white paint said in a hoarse voice, “““we must have been discovered. They used advanced weapons to block our signal! ”

“““ 190 seconds left ...”” As he spoke, he looked at the monitor on the box and said, “““it’s about to start! What should I do? ”

“““How about ...”” He said to a dark-faced man next to him, “““you go up and look for the boss!”” Let’s see if it’s turned off or not!”” ”

“““It’s too late.”” The black-faced man shook his head helplessly. “““ 190 seconds. Even if I can fly, I won’t be able to make it in time!”” ”

Oh ...

“Zhao Yu realized that the weapon was the huge metal box, and it had been set to be activated at a fixed time. ”

“Several huge plastic tubes extended out of one end of the box, all of which were inserted into the air conditioner’s air inlet! Once it was activated, the virus would be sent to every corner of the building through the air vent! ”

“It seemed that the purple-masked criminal was well prepared. He probably anticipated that the negotiation would not go smoothly, so he set a time for the scientific weapon. ”

“According to their agreement, this was the time to exchange for the female assassin. ”

“In other words, once the female assassin was sent into the building, the purple-masked criminal would inform the two of them to temporarily turn off their weapons. ”

“However, now that the signal had been blocked, the two of them clearly didn’t know what to do! ”

Alright!

“Zhao Yu clenched his gun. He had wanted to threaten them with his gun after he went in, so that they would shut down their weapons. ”

“However, just as he was about to attack, he suddenly remembered the situation in the elevator. Tsk tsk ... What if these two people were like the two security guards and didn’t accept his gun? ”

They would rather die than let him succeed?

Tsk tsk ...

“He might not be able to shut down such a complicated weapon, so ...”

“In this emergency, Zhao Yu suddenly had an idea.”

“He had already clearly memorized the purple-masked criminal’s face. Furthermore, the purple-masked criminal’s figure was similar to his, only his clothes were different.”

Then ...

Why don’t I go along with it and act tough to the end?

“Thinking of this, Zhao Yu immediately opened the invisible disguise device and turned himself into the purple-masked criminal. At the same time, he used 1000 points to strengthen the simultaneous translator, so that the translator could be used in the Malacca dialect the other party was using.”

“After that, he turned on the invisible voice changer so that he could make a similar sound to the purple-masked robber.”

“When he was ready, he immediately cleared his throat and coughed.”

““Ah?”” The two criminals were shocked by the cough and quickly pulled out their pistols.”

F * ck!

“Zhao Yu grinned. Luckily, he had not taken any risks. He did not expect the two of them to be armed.”

““Cough cough ...””

“Zhao Yu cleared his throat again and was about to walk into the house to show off, when he suddenly heard noisy footsteps coming from the door of the ventilator room.”

“Zhao Yu leaned against the wall, and his jaw almost dropped to the ground.”

“He saw a large group of people running in a hurry from outside. Most of them were dressed as security guards, but they were all wearing gas masks around their necks. They were clearly enemies!”

“What made Zhao Yu’s jaw drop was that, in the center of the group, there was a man with purple paint on his face and a bandage around his neck. It was the purple-faced criminal!”

Chapter 2279: Urgent rescue (5)

I’ll be happy ...

“Zhao Yu was dumbfounded when he saw the return of the purple-masked robber, King.”

“This guy ... Was really tough. The artery on his neck had been pierced, but he was still alive!”

Tsk tsk ...

“He had wanted to act tough, but he didn’t expect to be slapped in the face so quickly. Of all people, why did he have to act tough? ”

“However, Zhao Yu was also an experienced fighter. Seeing the purple-masked criminal coming with a large group of people, he didn’t have any intention of retreating, but had an idea! ”

Alright!

“Since things have already come to this, I’ll just turn them upside down! ”

“Thinking of this, Zhao Yu no longer hesitated and rushed into the gas room. He spoke in an unfamiliar Malacca dialect,” “How much more time?” ”

““Ah?”” The black and red criminals were so shocked that they almost fired their guns. ”

“When they saw that the person who came in was their boss, they quickly put down their guns. The pale-faced man quickly replied,” ““Less than 100 seconds left! Boss, why is there no signal?”” ”

““Cut the crap,”” Zhao Yu shouted,” “turn it off!”” ”

““Oh ...”” The two of them had been waiting for the order to close the weapons. After hearing Zhao Yu’s order, they didn’t hesitate at all. They walked directly to the metal box and pressed the switch! ”

I ... F * ck ...

Zhao Yu saw that the switch on the metal box was very primitive and simple. It was the kind of red switch that represented the off and on switch.

“If he had known earlier, he would have turned it off too! ”

“However, at this time, Zhao Yu knew that there was a large group of people outside, so when he saw them turn off the switch, he immediately stretched out his hand and said,” ““Hurry up and give me the gun!”” ”

““Ah?”” The two criminals trembled slightly, not knowing what was going on. ”

““Hurry up!”” Zhao Yu didn’t give them any time to react. He pointed outside and said,” “there are people outside! Hurry up!”” ”

““Oh ...”” The pale-faced criminal quickly handed his pistol to Zhao Yu. ”

“In fact, when he handed Zhao Yu the gun, he had already noticed that Zhao Yu’s clothes were a little special. It didn’t seem to be the boss’s clothes. ”

“However, the resuscitation room was dimly lit, and the situation was urgent, so he didn’t dare to say anything. ”

““What? someone’s here?”” The dark-faced man was still nervous and asked,” “who is it? who’s here? Are we ... Surrounded?”” ”

“Zhao Yu ignored him, grabbed his gun, and motioned for them to follow him. ”

“The two of them were completely confused by Zhao Yu’s shout, but they still followed Zhao Yu to the door of the changing room.”

He looked outside the door and heard noisy footsteps.

““Ah ...”” The pale-faced criminal was shocked and exclaimed in a low voice,““why are there so many people?”” ”

““Yup! ““Hmm ... The black-faced man had sharp eyes. He leaned against the door and could tell that the people outside seemed to be his own people. He even vaguely saw his leader, the purple-faced criminal! ”

““Eh?”” The black-faced criminal was dumbfounded. He wanted to turn around and look at Zhao Yu. ”

“However, Zhao Yu didn’t let him think about it carefully. He had already drunk a ““Holy sh * t”” and kicked the two of them out of the gas station. ”

“After kicking the two of them out, Zhao Yu raised his hand and fired a shot! ”

Pfft!

“The gun was equipped with a silencer, but the sound of the bullet could still be heard by everyone! ”

““Be careful!”” The people outside felt the bullets brush past their shoulders and hurriedly looked for cover to hide. A few of them with quick reactions had already fired at the gas room! ”

Pfft ... Pfft ...

Ah ...

“With just one round of bullets, the howls of the criminals could be heard at the door. The bullets didn’t hit anyone else, but the two of them. ”

““Don’t ... Don’t shoot ...”” The masked criminal raised his hand and shouted,““we’re ... We’re on the same side ... Ouch ...”” ”

““Ah?”” The purple-masked criminal outside was shocked and quickly ordered his men to stop shooting. ”

“However, Zhao Yu was good at controlling the rhythm. As soon as the other side shouted to stop, he took the opportunity to fire two more shots! ”

Zhao Yu was extremely lucky. One of the shots hit a ruffian who was disguised as a security guard. The man suddenly fell to the ground and wailed in pain.

Pfft ...

Pfft ...

“As a result, the purple-masked criminal’s men had no choice but to continue shooting. However, their marksmanship was good and they didn’t hit the black and white criminals again. They all hit the inside of the door frame! ”

“However, after Zhao Yu fired two shots, he had no intention of continuing the fight. He turned around and walked towards the huge metal box. ”

He didn't expect the weapon to be so huge and heavy. There were metal objects in the shape of oxygen tanks in the box. There was no doubt that the tank contained a fatal virus!

These metal cans were tightly arranged and he could not move them at all.

“So, Zhao Yu didn't try to move them, but reached out and pulled out the plastic pipe that connected the metal can to the air vent. Not only did he pull it out, but he also tore it all apart! ”

“Zhao Yu was still worried, so he fired another shot at the metal box, breaking the display. ”

“At that moment, the purple-masked criminal outside clenched his fists and trembled with anger. ”

“Today, he was really not going well! ”

“All the actions had been under his control, but in the end, he had ended up in such a miserable state! ”

“He was almost killed by a broken bottle, and a few of his capable men had all died in the stairwell. Some were strangled to death, and some fell to their deaths ... ”

“Then, he was depressed to find that the entire building had no signal! ”

“Originally, he had prepared professional walkie-talkies for his men just in case. Even if the mobile phone signal was blocked, the walkie-talkies should still be able to communicate! ”

“However, the situation was so strange that even the walkie-talkie was not working! ”

“Helplessly, he had to personally bring people to the ventilation room with the scientific weapon to check. ”

“According to the original plan, he should have received the news about the female assassin who tried to assassinate rich man Li by now. But now, he couldn't even use his phone to scare the other party! ”

“What was even more depressing was that when he finally gathered his men and came to the ventilator, he did not expect that someone in the ventilator would actually shoot him! ”

“”” Ah ... ”” ”

He looked at his watch. There were less than 50 seconds left until the time he set to activate the scientific weapon! He wasn't sure if the weapon had been shut down.

“Therefore, at the critical moment, he quickly reminded his men to wear gas masks. ”

“This scientific virus could only be transmitted through the respiratory tract, so as long as one wore a gas mask, they would not be harmed. ”

“After putting on the gas mask, he quickly ordered his men, ”””” Hurry up! No matter who's inside, you have to rush in. Go! ””” ”

“At the purple-masked criminal's order, someone immediately rushed to the gas room. Someone next to him aimed at the gas room and prepared to provide cover. ”

Pa ...

“However, as soon as they reached the door, the light bulb of the changing room broke, and the room fell into darkness. ”

The criminals who had just rushed to the door were all shocked and quickly fell to the ground ...

“However, after lying on the ground for a few seconds, they were not attacked. Everyone quickly lit up the light sticks and threw them into the room! ”

“At this moment, the purple-masked criminal was following behind the vanguards. He came in front of the black and white criminals. ”

“Looking down, he saw that the white-faced criminal had already died from being shot, and the black-faced criminal also looked like he was on his last breath. ”

“““Hurry up and tell me!”” The purple-masked criminal asked,“““who’s the one shooting inside?”” ”

“““It’s ... It’s ...”” The black-faced criminal was still dumbfounded. He pointed at the purple-faced criminal and said with grief and indignation,“““it’s you ...”” ”

Chapter 2280: Urgent rescue (6)

“““What?”” The purple-masked criminal’s eyes widened. He grabbed the black-masked criminal’s collar and shouted,“““did you take the wrong medicine?!”” I’m asking you who fired the gun inside!”” ”

“““Oh ... Oh ...”” The black-masked robber was on the verge of death. He used his last bit of strength to point at the purple-masked robber. Then his head tilted back and he stopped moving! ”

“““I’ve really seen a living ghost!”” The purple-masked criminal placed the corpse down, but accidentally hit the wound on his neck. He immediately covered it in pain. ”

He then stood up and rushed into the changing room with his men.

“The lights in the changing room had been broken, and there were broken glass on the ground. The light from the light stick was not enough to light up the entire room, so the robbers were searching nervously. ”

“““Safe!”” ”

“““Safe!”” ”

“““Safe ...”” ”

“After a while, the robbers searched every corner of the room to make sure it was safe. ”

“““Boss ...”” One of the robbers in the distance raised his arm to greet the purple-masked robber and then pointed to the passage in front of him. ”

“As it turned out, the ventilation room was not completely sealed. There was a passage leading to other places in the ventilation room.”

“This person’s signal couldn’t be any more obvious. If the room was safe, then the person who fired the shot would have escaped along this passage!”

“Seeing this, the purple-masked criminal hurriedly made a gesture to chase. Several criminals with pistols immediately followed the passage.”

“Then, the purple-masked criminal quickly arrived in front of the metal box containing the scientific weapon. When he saw that the control panel of the metal box and many of the plastic pipes had been destroyed, he was so angry that he flew into a rage!”

Bang!

“He punched the metal box, and a dent appeared on the sturdy box.”

“At this time, the purple-masked criminal was about to go crazy. He had never thought that his carefully designed plan would be ruined to such an extent!”

“”Ah ...”” He let out a dejected roar. His face, which was smeared with purple paint, trembled continuously, making him look even more sinister and terrifying.”

“”Hurry up!”” He shouted at his subordinates,“”check if this thing can still be activated! Do you have any spare tubes?”” ”

“”Yes, there should be ...”” One of the criminals who knew how to operate the machine nodded and said,“”the control is broken, but we can start it manually!”” ”

“”This is the ventilation room. There should be many spare tubes in the warehouse!”” ”

“”Then what are we waiting for?”” The purple-masked criminal shouted,“”hurry up and get it!”” ”

“”Yes, yes, yes ...”” The criminal quickly called his two companions and went to the warehouse inside.”

“At this time, there were only three people left in the room. In addition to the purple-faced criminal, there were two men dressed as security guards. One of them was the security Captain who had knocked Li Qian out!”

“”Boss!”” The head of security asked nervously,“”are we ... Are we really going to start this thing? Inside the building ... There are hundreds of people!”” ”

“”They forced us to do this,”” the purple-masked criminal said.“”Since they don’t cooperate with us, we don’t have to show them any mercy. We have to make them pay a price so that they will remember this!”” ”

“”You ...”” He said to another subordinate,“”go to the control room and close two-thirds of the air delivery channels. After we evacuate, open all the channels!”” ”

“”Oh ...”” The subordinate received the order and immediately went to the control room.”

“““And you!”” The purple-masked criminal then said to the security Captain,““ next, it’s up to you! Once someone is infected, the building will immediately fall into chaos. Take your men and guard the door. Don’t let the people inside out, and don’t let the people outside out either! ”

“““If the signal is restored, you will be at my command at all times! ““If it doesn’t recover,““ the purple-masked criminal said,““you must hold on for 20 minutes before you evacuate!”” ”

“““I understand, don’t worry!”” The head of security put his hand on his shoulder and saluted in a strange way, then turned and left the changing room. ”

“““Ah ...”” After everyone had left, the purple-masked thug clenched his fists tightly. He was still burning with anger. ”

“If he didn’t succeed in this mission, not only would his plan fail, but he would also have to face the doubts of the higher-ups when he returned. It would be very difficult for him to answer to them! ”

“He placed his hands on the metal box that contained the scientific weapon, and his mind quickly recalled all kinds of incredible experiences before, but he couldn’t understand why he had failed so badly! ”

“After much thought, he thought of an important reason, and that was the signal blocking. ”

“He had initially thought that this was the other party’s secret weapon. As long as the signal was blocked, they would not be able to exert their strength and bargain with the other party. ”

“However, if the signal jammer was really a secret weapon, the whole building should have been surrounded by anti-terrorism elites by now, right? ”

“However, there was no movement outside the building, which confused the purple-masked criminal. ”

“Then, he thought of Zhao Yu and gradually realized that everything was strange since he started interrogating Zhao Yu! ”

“Not only did he fall for Zhao Yu’s tricks one after another, but there seemed to be many things about Zhao Yu that didn’t make sense. It was as if he wasn’t just crazy, but crazy to a strange extent ... ”

“Just as the purple-masked criminal was thinking, the technician brought two criminals from the warehouse and brought a large box of plastic pipes. They came to the metal box and immediately began to reconnect them. ”

“The technician’s operation was more skilled. In a few moments, he had connected several pipes. However, when he finally connected the pipes, he suddenly found a serious problem! ”

“The air conditioning ventilation system seemed to have stopped all of a sudden. Previously, the huge ventilation duct was buzzing, but at this moment, it suddenly became quiet. ”

“““Eh?”” The technician quickly stepped on the box and climbed into the pipeline to check, only to find out that the entire ventilation system had stopped working! ”

He quickly reported the situation to the purple-masked criminal.

""Ah?"" The purple-masked criminal's face was no longer filled with anger, but with fear. He trembled as he asked,""the main control room is full of our people. Why ... Why did it stop working?"" "

""I ... I don't know!"" The technician was also dumbfounded.""Could it be ... There's a remote control? I ... I'll go and take a look now ..."" "

""Wait ..."" The purple-masked criminal suddenly realized something. He quickly took out his phone to check, only to find that it was out of battery! "

""Ah? Is there a power outage?"" The technician was dumbfounded again.""B-but the building has a backup power supply? We've already thought about it in our plan. If they lose power from the outside, we'll use the backup power supply. How ... How ..."" "

"At this point, the technician realized something common sense. Even if there was a power outage, it couldn't have affected the mobile phone! "

""Strange!"" The technician was dumbfounded for the third time.""This is really too strange! What ... What was going on? Is there such a high-tech thing in this world?"" "

"Just as the two of them were in shock, the criminals who had been chasing them returned to the changing room and reported to the purple-masked criminal,"""Boss! That person ran too fast. We chased him for a long time, but we didn't even see his shadow!"" "

""Ah ..."" The purple-masked criminal was filled with grief and anger. He clenched his fists so hard that they made cracking sounds. In his anger, he shouted at his subordinates,""since that's the case, I'll fight you to the death!"" "

""Hurry up!"" He pointed at the scientific weapons in the box.""Take down these virus containers, one for each of you. Go to different corners of the building and release the virus for me!!"" "
