Chapter 2281: Urgent rescue (7)

“Seeing how flustered the purple-masked criminal was, the technician didn’t dare to stop him. He could only open the toolbox and, together with the other criminals, began to dismantle the virus can inside the metal box. ”

“There were a total of four virus cans in the box, each of which was half a meter tall and made of pure metal. They looked very heavy. ”

“Because these virus tanks were installed relatively firmly, it was more troublesome to dismantle them. The technician took a few men to fiddle with them for a long time before they could just dismantle one tank. ”

“Unexpectedly, the virus can wasn’t very thick. After a strong criminal bent down and lifted it, he easily carried it on his shoulder! ”

“““Yes, that’s it!”” The purple-masked criminal ordered angrily,““the two of you, go to the banquet hall now and let them have a taste of the virus!”” ”

“““This ...”” The technician finally couldn’t help but remind him,““boss, they’re wearing gas masks and carrying an eye-catching can. As soon as they go out, they’ll definitely be discovered!”” ”

“““So what if they found out!”” The purple-masked criminal said rudely,““kill whoever tries to stop you. If you can ‘t, then open the can on the spot!” ”

“““Hmph! This is the price that those who don’t keep their word must pay!”” ”

“““Don’t worry, boss!”” The man carrying the virus said,““we’re wearing security uniforms. If anyone asks, we’ll just say that we’re using it for the banquet.”” ”

“““Right!”” The other man raised his gun and said,““we have our men among the security guards. Let’s see who can stop us!”” ”

“““Alright!”” The purple-masked criminal said with satisfaction,““after you’re done with this, meet up with us at the tunnel. We’ll evacuate as soon as possible!”” ”

“““Yes!”” The two of them carried the heavy virus cans and turned to leave. ”

“““Old O, continue to dismantle!”” The purple-masked criminal then ordered the technician,““when they come back later, take the rest out and send them to other places in the building ...”” ”

“In the end, before the purple-masked criminal could finish his sentence, he suddenly heard an abnormal sound! ”

The sound came from the ventilation duct at the top of the air conditioner. He subconsciously turned his head to look and only saw something shaking in the dark.

Not good!

“The purple-masked criminal’s reaction was extremely fast. As soon as he saw that something was wrong, he immediately ran out.”

“As a result, just as he was about to run out, a bullet was shot from the ventilation pipe!”

“Even though the purple-masked criminal reacted fast enough, the bullet still hit his shoulder, causing blood to burst out!”

“”Ah?”” ”

“It happened so suddenly that no one could react in time. When the two criminals carrying the virus cans turned around, the second and third bullets suddenly arrived and hit them!”

“The two of them fell to the ground. The heavy virus can lost its support and fell to the ground, rolling out.”

“”Ah?”” ”

The technician was completely dumbfounded. He never thought that there would be someone hiding in the dark ventilation pipe and shooting at them!

He quickly squatted down and hid behind the metal box.

“Then, he heard a cracking sound in the dark, followed by a depressed voice.””””Motherf \* cker!”” ”

There ... There really was someone!

The technician was so scared that his face turned pale as if he had seen a ghost.

“However, what was even more shocking was that a person jumped down from the ventilation pipe. Under the illumination of the light stick, they saw that the person had purple paint on his face, which was exactly the same as their leader!”

“”Ah ...”” The technician shivered in fear and fell to the ground, unable to believe his eyes.”

“”Go to hell!”” ”

“As the ghostly figure waved his hand, a pistol flew towards him and hit the technician in the face.”

“Because they knew the virus wouldn’t be released, the technician had already taken off his gas mask for work.”

Pa!

“The pistol hit him hard in the face, and the technician screamed in pain. However, he only screamed twice before he was knocked unconscious by a punch ... ”

Not bad!

The person who had suddenly appeared was none other than the detective Zhao Yu!

“It turned out that, when Zhao Yu found the purple-masked criminal, he had already made up his mind. After he shot the purple-masked criminal and his men, he would immediately return to his room and turn off the lights.”

“Then, he used the invisible spring launcher to jump to the top of the ventilation duct and used a precious invisibility cloak to hide himself in the darkness! ”

“The invisibility cloak couldn’t make one completely invisible, but in such a dark place, no one could see it. ”

“Moreover, this room was not a secret room. There was a passage inside, so after the enemies searched the room, they all thought that he had escaped along the passage. ”

The reason why Zhao Yu did this was because he was worried about the powerful scientific weapon.

“It turned out that Zhao Yu’s decision was right. If he had turned around and ran away, it would have been terrible! ”

“He thought that by destroying the control panel and the connection pipe, he would be able to stop the other party from releasing the virus. However, the other party still had backup equipment. ”

“After that, although Zhao Yu used another power jamming device to paralyze the building’s ventilation system, it still couldn’t stop the crazy Purple-masked criminal. He wanted to carry out the virus jar and release it manually. How could Zhao Yu let them succeed? ”

“So, he quietly took out his pistol and sneaked an attack on them. ”

“However, Zhao Yu had underestimated two things. One was that the purple-masked criminal was too alert. Zhao Yu had aimed at the purple-masked criminal’s stomach and fired the gun, but he only hit his arm! ”

“Zhao Yu knew that this guy was not easy to deal with, so he wanted to shoot him to make him lose his ability to resist, but he did not expect things to turn out contrary to his wishes. ”

“The second thing was that he had snatched two pistols, which he thought would be enough to help him deal with the crisis. ”

“However, he had only fired three bullets before he realized that he was out of bullets again! ”

Damn it!

These stingy ruffians didn’t even load their guns with bullets!

Zhao Yu had no choice but to show himself and knock the technician out.

“Seeing that the technician had fainted, Zhao Yu pulled out his dagger, held the gun in one hand, and the dagger in the other, and ran straight to the injured purple-masked criminal. ”

“However, when he turned around, he was surprised to find that the purple-masked criminal had already stood up straight and was waiting for him in a towering rage! ”

“““What the f \* ck?”” Zhao Yu was shocked, and his dagger almost fell to the ground. ”

“““Zhao Yu, you again!”” Even though the purple-masked criminal’s injured arm was still bleeding, he still stared at Zhao Yu and shouted angrily,““why?! Why is it you again?”” ”

“F \* ck!” “Ah!” Zhao Yu exclaimed again, pointing to his face. “I’m already in this state, and you still recognize me?”

“Then, Zhao Yu suddenly realized that, although his face had changed, his clothes had not! The other party would naturally be able to recognize him just by his clothes!”

“Zhao Yu ... You ... What are you?” For the first time, fear appeared in the purple-masked robber’s eyes. However, only 10% of it was fear, while the other 90% was anger!

“Wahaha!” Zhao Yu laughed hysterically. Wahaha, grandson! Do you know what it means to change the face of a national treasure? Watch carefully!”

“Then, Zhao Yu turned his head slightly and mimicked the face-changing action. His face instantly changed back to his original appearance!”

“.....”

“In an instant, the purple-masked criminal was dumbfounded and had goosebumps ...”

#### Chapter 2282: Urgent rescue (8)

“Wahaha!” Zhao Yu laughed wildly again, then aimed his gun at the purple-masked criminal and shouted, “enough! Your perfect plan has been foiled by me alone! Hurry up and surrender!”

“This ... This is too strange ...” The purple-masked criminal was sweating. At first, he thought that Zhao Yu was a magician and that all the abnormalities were the effects of his props.

“However, when he saw that Zhao Yu’s face was expressionless, he could no longer remain calm.”

“Moreover, they had already carefully checked the entire room just now. There was almost nothing above the ventilation pipe, so it was impossible to hide anyone!”

“Either Zhao Yu was hiding in the pipe, or he was hiding in the pipe. Or, this person could be invisible!”

“However, at this moment, the purple-masked criminal had been forced into a dead end. No matter how strange Zhao Yu was, he couldn’t back down!”

“Hence, the purple-masked criminal raised his uninjured left arm and shouted at Zhao Yu, “Zhao Yu, you’re dead!””

“Hehe ...” Zhao Yu laughed coldly, then pointed at the gun and said, “look clearly, the gun is in my hand. You’re the one who’s dead!”

“If you still had bullets,” the purple-masked criminal said coldly, “you wouldn’t be holding a gun in one hand and a knife in the other!”

“I ... Oh ...” Zhao Yu didn’t expect that such a small action would betray him.

“However, on second thought, the gun was his. He would naturally know how many bullets were in it.”

“However, since he had already started to act cool, he had to continue. So, Zhao Yu pointed his gun again and sneered, “Do you want to try? You’re gambling with your life!” ”

“Hmph, I’ll try it!” The purple-masked criminal took a small step forward and said, as if to encourage himself, “my men will be back soon. If you really have a bullet in your gun, you would have shot it long ago. Are you still trying to scare me?” ”

“Alright, you asked for this! Go to hell!” Zhao Yu suddenly stretched out his arm, as if he was about to shoot. However, as he stretched out his arm, he let go of the gun and threw it away! ”

“Then, just as he threw the pistol, he turned around as fast as he could and pounced on one of the criminals on the ground! ”

This criminal was one of the criminals who had carried the virus tank just now. The reason why Zhao Yu had pounced on him was that he had a gun on him.

How cunning was Zhao Yu? He had just talked to the purple-masked criminal to distract him. His real purpose was to get the pistol as soon as possible!

“However, this time, he had underestimated the purple-masked criminal’s strength. In fact, when Zhao Yu had spoken, the purple-masked criminal had already realized the problem with the pistol! ”

“So, what he said just now was to distract Zhao Yu’s attention. When Zhao Yu suddenly threw his gun, the purple-masked criminal also took a big step forward and jumped onto the other criminal who had fallen to the ground. ”

“There were two criminals carrying the virus cans, and both of them had guns! ”

BOOM!

“The two of them landed on the ground almost at the same time. After landing, neither of them had time to exclaim and quickly reached for the gun on the body. ”

“Suddenly, the two of them seemed to be in the middle of a competition! ”

“As a result, the purple-masked criminal was familiar with the situation, and Zhao Yu had also been trained. The two of them pulled out their pistols almost at the same time and pointed them at Zhao Yu! ”

Bang! Bang!

“Neither of them showed any mercy. As soon as they raised their guns, they immediately pulled the triggers! ”

“The bullets shot out of the gun at close range, and the bullets flew out with a whoosh ... ”

“In the end, 0.5 seconds later, an awkward thing happened. The distance between the two of them was less than two meters, but after firing at the same time, neither of them fell! ”

“Ah?” The purple-masked criminal was shocked, and his face contorted. “Impossible! That’s impossible!” ”

""Yeah ..."" Zhao Yu looked at the gun. ""That's impossible!"" "

It turned out that the purple-masked criminal had aimed at Zhao Yu's face and wanted to kill him with one shot!

"In order to keep him alive, Zhao Yu deliberately lowered the muzzle and aimed at his shoulder. "

"Zhao Yu had already activated the invisible bullet proof suit, so there was no problem at all. Even if the bullet hit his face, it wouldn't be a problem. "

"However, Zhao Yu's wrist shook unconsciously, and the bullet grazed the purple-masked criminal's shoulder. "

"Hence, the ""impossible"" that the purple-masked criminal said was that he had hit Zhao Yu's face, but Zhao Yu was fine! "

"And Zhao Yu's ""impossible"" was because he was blaming himself for missing! "

"However, there was more than one bullet in the pistol. Seeing that the first shot had failed, the two of them immediately fired a second shot! "

"However, after this shot, the situation was completely different! "

The purple-masked robber's arm was shot and blood spurted out!

"But looking at Zhao Yu again, he was still unscathed! "

""Ah ..."" This time, the purple-masked criminal was in complete despair. He had clearly hit Zhao Yu twice, but Zhao Yu didn't fall. "

He even began to suspect that the gun was empty ...

""Wahaha!"" Zhao Yu laughed wildly and stood up from the ground. He aimed the gun at the purple-masked criminal's head and shouted arrogantly, ""if you have the guts, shoot me again!"" "

""You ... Oh ..."" This time, the purple-masked criminal didn't shoot rashly. His eyes were filled with surprise, shock, and horror ... "

Bang! Bang!

"Just as Zhao Yu was pointing his gun at the purple-masked criminal, several enemies dressed as security guards suddenly appeared from the inner passage. "

"They had been chasing after Zhao Yu, but now they had come back-handed. They just happened to see Zhao Yu shooting at their boss, so they quickly fired. "

"Taking advantage of this opportunity, the purple-masked criminal rolled and hid behind a row of air filtering machines. "

""F \* ck!"" Zhao Yu then realized that he had made a mistake. He wasn't afraid of bullets, so he didn't have to avoid them. "

"Hence, Zhao Yu faced the enemies who were rushing over, raised his arms, and calmly fired a shot! "

Bang ...

Bang ...

“Even though Zhao Yu’s marksmanship was limited, the changing room was not big. At such a close distance, he was still very confident that his few shots would not miss, and all of them would hit the enemy!”

“The enemies who had just rushed in were also stunned. They couldn’t understand why the bullet had hit this guy in front of them, but he was fine.”

“However, before they could figure it out, they would never be able to figure it out!”

Because they had already been shot by bullets and died on the spot ...

“Of course, it wasn’t entirely true that they were all dead, because four enemies had rushed in, and Zhao Yu had only fired three bullets, so there was only one left!”

Crack ...

“Once Zhao Yu saw that he had run out of bullets, he immediately used the same trick and threw the gun at the last criminal’s face.”

“However, the criminal was wearing a gas mask, so the bullet didn’t have much of an effect on him.”

“Zhao Yu understood the principle of a spurt of energy, so he immediately pulled out a dagger and rushed forward, stabbing the man’s chest!”

“However, the criminal had received professional training. As soon as Zhao Yu stabbed him, he immediately raised his hands and grabbed Zhao Yu’s wrists, preventing himself from stabbing him!”

“Zhao Yu immediately raised his knee and aimed for the man’s vital parts, but the man was prepared. He also raised his knee and kicked Zhao Yu.”

Woah ...

“Zhao Yu felt his knees go numb, as if he had lost all feeling.”

“However, the other party didn’t seem to be in a good state either. The knee that was hit was also trembling slightly ...”

“““Ah ...”” The enemy shouted and struggled to lift Zhao Yu’s hands. Then, they started to fight.”

“At this critical moment, Zhao Yu suddenly heard a metallic sound. He then saw that the purple-masked criminal was using one of his arms to drag the virus jar out of the door.”

Chapter 2283: Urgent rescue (9)

Squeak ...

“The heavy virus container rubbed against the ground, making an ear-piercing squeak.”

He saw the purple-masked criminal using his uninjured left hand to drag the virus container out ...

F \* ck!

Zhao Yu pouted and sighed. This grandson was too persistent.

What was he doing?

Was he going to drag the virus jar to release the virus?

“Aiyo, not good!”

“Zhao Yu suddenly realized that the weapon in the can was an airborne virus. Even if it wasn’t released in a crowded place, its power couldn’t be underestimated.”

“In other words, as long as the purple-masked criminal opened the virus jar, the virus could spread to any corner and the entire building would be in danger!”

“Thinking of this, Zhao Yu was naturally anxious, but because he was distracted, he was hit by the elbow of the enemy in front of him!”

“The elbow hit his face, causing Zhao Yu to see stars and blood to flow from his nose. He almost fainted ...”

‘F \* ck ...’

Zhao Yu then realized that he still had a strong opponent on his side!

“Thinking of this, Zhao Yu’s body supported himself and he also elbowed back, but was blocked by the man’s hand.”

“Zhao Yu was used to it, so he lifted his knee and kicked the man’s lower abdomen with the leg that had injured his knee.”

“The security guard didn’t react in time and also raised his injured leg to fight back. As a result, the two injured knees hit each other again!”

Ah ...

Ah ...

“The two of them screamed at the same time, but Zhao Yu was quick to react and cut the man’s face with the knife.”

Whoosh ...

The sharp blade cut through the gas mask and left a rather deep wound on the man’s face.

Ah ...

“The enemy was experienced. Although he screamed in pain, he didn’t care about his wound, but raised his pistol and fired a few shots at Zhao Yu!”

“However, when the bullets ran out, Zhao Yu was still standing there unscathed, which scared the man so much that he was gasping for breath. The man’s gas mask was covered in water vapor, which even affected his vision. ”

“Zhao Yu wanted to grab the gun and chase after the purple-masked criminal, but he didn’t expect the idiot to use up all his bullets! ”

“In his depression, he could only raise his dagger and stab it straight at the man’s face! ”

“””Oh oh oh ...”” ”

“””Ah!”” The man exclaimed and threw the gun away. He raised his hands and grabbed Zhao Yu’s wrist again to prevent Zhao Yu from succeeding! ”

“Zhao Yu roared and pushed the man back, slamming him into the metal box that contained the virus. ”

“””Go to hell!”” Zhao Yu shouted and pressed down hard, but the enemy’s waist strength was amazing. He bent back into the box and happened to lie on one of the virus cans! ”

“Zhao Yu suddenly stabbed downwards, and the man quickly held on, not letting Zhao Yu stab him. ”

“”” ”

“At that critical moment, Zhao Yu spat on the man’s gas mask, blocking his view. ”

“””Ah ...”” ”

The enemy had never seen such a disgusting person. He immediately roared and moved Zhao Yu’s wrist!

“In the end, the knife stabbed into the virus can with a clang! ”

I’ll go!

“Zhao Yu’s face turned pale, and he quickly let go. ”

“The enemy also quickly took off his gas mask. When he saw the knife on the virus tank, he was scared out of his wits. He quickly took out a new gas mask from his butt. ”

“””Go to hell!”” ”

“Zhao Yu seized the opportunity. He held the man’s head with his left hand and held the knife with his right hand. Then, he let go of the knife with his left hand, and the man’s neck was cut by the sharp blade. ”

“Soon, the enemy could no longer make a sound. He could only use his hands to block the bleeding wound, but how could he block the wound? ”

“After a short while, he could only tremble all over, then he covered his neck and stopped moving. ”

F \* ck!

“Zhao Yu looked at the knife on the virus container and listened carefully. At the same time, he activated the invisible gas mask in his head and prepared himself for the invisible antidote. ”

“Fortunately, he didn’t hear any terrifying rustling sounds, and the air quality detector and invisible detector in his brain didn’t show any abnormalities.”

Hu ...

“Zhao Yu heaved a sigh of relief, but then he remembered the purple-masked criminal.”

“So, he quickly got out of the box, picked up a pistol from the dead body, and chased in the direction where the purple-masked criminal had disappeared.”

“However, Zhao Yu’s knee was seriously injured. He had only taken two steps when he felt a sharp pain in his knee. He staggered and fell to the ground!”

Oh ... Ah ...

He didn’t expect his knee to be so seriously injured. He immediately used the invisible bone setting device and spent 3000 points to strengthen it before it was successfully used.

“However, the injury in his knee was not limited to just his bones. Even though he had used a bone setting device, Zhao Yu was still limping when he walked, and he did not dare to use any strength in his knee.”

“There was no walking stick in front of him, and Zhao Yu didn’t need to use a precious flying device, so he gritted his teeth and insisted on running outside.”

“When he reached the corridor, because he couldn’t stand the pain anymore, he jumped on one leg and chased forward ...”

“Fortunately, the purple-masked criminal was dragging the heavy virus container and was badly injured. When Zhao Yu chased him to the parking lot on one foot, he quickly found him.”

The purple-masked criminal was still trying his best to pull the virus container forward. It seemed like he wanted to go to the elevator and release the virus in the banquet hall!

What was this stubborn fellow doing this for?

Zhao Yu quickly jumped a few steps and finally caught up with him when he was about to reach the elevator!

““Don’t move!”” Zhao Yu shouted and aimed his gun at the purple-masked criminal.”

“The purple-masked criminal looked back, but his expression was already numb. Unexpectedly, he didn’t care about Zhao Yu’s gun muzzle or Zhao Yu, but turned back and continued to pull the virus can forward!”

““F \* ck!”” ”

“After Zhao Yu took aim, he immediately pulled the trigger.”

Pfft ...

“The bullet shot out and hit the purple-masked criminal in the back. With a thud, the purple-masked criminal fell to the ground. The virus can also fell heavily to the ground with a thud.”

Aiya ...

“Zhao Yu grimaced in pain and jumped another ten steps, then finally arrived in front of the purple-masked criminal. ”

“But what Zhao Yu didn’t expect was that the purple-masked criminal panted a few times, then slowly got up again and continued to reach for the virus jar! ”

“This time, he didn’t pull it forward. Instead, he pulled the virus tank in front of him and placed his hand on the switch. ”

F \* ck!

Zhao Yu was so scared that he quickly aimed at the man’s arm and pulled the trigger.

“In the end, at the most critical moment, the most depressing thing happened. The gun ... Was out of bullets again! ”

Damn it!

Zhao Yu threw away the pistol and quickly took out a knife. He wanted to rush forward and cut off the purple-masked criminal’s arm first.

“However, something unexpected happened. Just as Zhao Yu took out the knife, the elevator door suddenly opened, and a team of security guards rushed out. ”

These security guards had weapons in their hands and wore gas masks on their faces. It was obvious that they were the purple-masked criminal’s men!

Chapter 2284: Urgent rescue (10)

No way?

Was it really that bad?

“There were as many as 12 or 13 thugs disguised as security guards, and they were all armed. ”

“Although Zhao Yu wasn’t afraid of bullets, with so many enemies around, he would be drowned in their spit. ”

“At this time, the purple-masked robber revealed a slight trace of pride when he saw his own people. However, there was an indescribable bitterness in his pride. ”

“At the same time, he stopped rotating the door to release the virus. ”

It seemed that he still wanted to carry the virus jar to the hall so that the effect of the virus would be better!

“However, his smugness only lasted for less than two seconds before it was broken by a cry of surprise!  
”

“““Boss, it’s not good. They’re rushing in!”” The head of the security team waved at the purple-masked criminal and shouted,““run!”” ”

“““Ah?”” ”

“Only then did the purple-masked criminal see the fear on his men’s faces. It turned out that they weren’t here to pick him up, but to escape! ”

“The next second, another elevator door in the parking lot suddenly opened, and two bomb-proof Secret Service agents with loaded guns descended. As soon as they landed, they fired at the robbers! ”

“The bullets were so accurate that they didn’t miss. Soon, several criminals fell on the spot. ”

The security Captain quickly hid behind a car and ordered his men to fire back.

“““Ah!?”” ”

The purple-masked robber was instantly dumbfounded. He finally realized that the worst thing had happened. He was obviously going to die!

“““Ah ...”” He looked at Zhao Yu, full of grief and indignation, then began to twist the rotating switch of the virus can! ”

“““F \* ck! Another one?”” ”

“Zhao Yu knew that the virus must have contained something very dangerous. Once it was released, it would cause endless trouble. ”

“The parking lot was an open space. If the virus could not be controlled, it would be disastrous! ”

“Hence, he shouted and aimed at the purple-masked criminal’s arm, chopping it off. ”

“Zhao Yu thought that the man had given up all hope, and even if he couldn’t cut off his arm, he could at least stop him. ”

“Just as the dagger was about to hit him, he suddenly pulled back his arm and did a saddle horse posture. He supported himself with one hand on the ground and raised his leg, kicking Zhao Yu right on his chin! ”

Zhao Yu suddenly flew up and fell heavily to the ground!

Ah ...

“““Ah!”” Zhao Yu screamed. He suddenly felt a tightness in his chest, his head was dizzy, and all the bones in his body seemed to have broken. ”

Creak ... Creak ...

“In the chaos, he heard the squeaking sound of a knob turning. He quickly pulled himself together and got up from the ground. Only then did he see that the purple-masked criminal had crawled to the virus tank and was turning the switch again! ”

“The switch of the gas tank was very simple. As long as the knob was turned to the end and the pressure button was pressed, the virus would be released from the tank.”

“Zhao Yu quickly got up and wanted to stop her, but his knee was seriously injured, and he fell to the ground again.”

“”Hmph ... Hmph ...”” ”

“Seeing Zhao Yu fall, the purple-masked criminal had an evil smile on his face. He said in a trembling voice,””No one, no one can stop me. Just wait ... Just you wait!”” ”

“As he spoke, he had already turned all the buttons. Next, he just had to press the pressure button, and the virus would be released unstoppably!”

Zhao Yu was too far away to stop him.

Creak ...

“At that critical moment, a black car sped over from the side of the parking lot and stopped beside Zhao Yu.”

“Before the car even came to a complete stop, the person in the car fired a shot!”

Pa!

A bullet hit the purple-masked criminal’s forehead with great precision!

Blood spurted out of the purple-masked criminal’s head and his corpse fell to the ground!

“After falling to the ground, the purple-masked criminal’s hand had already pressed on the pressure button, but his hand had lost its strength and he didn’t press the button ...”

“Immediately after, a number of black cars followed and surrounded the thugs disguised as security guards.”

“Seeing that the situation was hopeless, some of the robbers raised their hands and surrendered. However, the security Captain was a death warrior!”

“After seeing some people surrender, he turned his gun to his companions and knocked down several people in the blink of an eye.”

“Seeing how brutal the security Captain was, the Secret Service team members who had gathered around immediately concentrated their firepower and killed the man on the spot.”

“When the security chief fell to the ground, the scene suddenly quieted down. The battle was coming to an end, and no one else could stand ...”

Bang ...

“The door of the black car that drove in first opened with a bang, and a valiant female secret agent quickly jumped out of the car.”

“““Brother-in-law, brother-in-law ...”” The female agent ran towards Zhao Yu and asked impatiently,““how are you? Ah? You’re still alive, right?”” ”

I ... Oh ...

“Zhao Yu was stunned for a moment, then took a closer look. Although the female spy was wearing a gas mask, Zhao Yu could still recognize her at a glance. She was his sister-in-law, Ding Lan! ”

“““Eh?”” Zhao Yu was surprised,““why are you here?”” ”

“““Aiyo, you can still talk. Looks like you’re fine!”” Ding Lan sighed in relief.““You’re lucky I’m here, or you’d be dead!”” ”

“As they spoke, Ding Lan quickly took out a gas mask and tried to put it on Zhao Yu. ”

“““No... No need ...”” Zhao Yu refused.““It’s fine!”” Don’t worry! The virus wasn’t released!”” ”

“““Zhao Yu!”” As soon as she finished speaking, another woman ran over from behind Ding Lan. It was her mother-in-law, ah Qin.““How are you?”” ”

“““Oh? You’re here too?”” When Zhao Yu saw his mother-in-law, he wanted to complain, but he suddenly remembered something important. He quickly pointed to the ventilation room in the distance and said,““hurry! Hurry up, there’s still one alive! ”

“““The other three cans of virus are also inside. Don’t let him touch them!”” ”

“““Oh ...”” The mother-in-law was stunned and quickly gestured to her subordinates. Suddenly, a team of Secret Service team members rushed to the ventilation room. ”

“Just in case, the mother-in-law also quickly put on a gas mask. ”

“Zhao Yu had an air quality detector to ensure that it was safe, so he didn’t wear a gas mask. ”

“““Brother-in-law,”” Ding Lan looked at Zhao Yu carefully and asked with concern,““tell me, where are you hurt?”” Where ... Where did this blood come from?”” ”

“““I’m fine, I’m fine.”” Zhao Yu gestured to his knee.““My knee’s just broken. Um ... Ding Lan, what are you doing here?”” ”

“““I also received an order and just rushed over!”” Ding Lan turned to look at Qin and said,““brother-in-law, have you seen Auntie? You know that Auntie is sister Miao’s ...”” ”

“““Okay, okay,”” Zhao Yu waved his hand and said,““the situation is so urgent, let’s not claim to be relatives and get down to business!”” ”

“““Did you ... Did you rush in after receiving my message?”” ”

“““Right!”” Ding Lan nodded.““Not only did we receive your message, but we also caught the person you filmed!”” ”

“““Ah? What?”” ““What do you mean?”” Zhao Yu asked, confused. ”

“Upon hearing this, the mother-in-law turned around and snapped her fingers. The car’s window immediately rolled down, revealing Amiola, who was sitting in the car with handcuffs and a gas mask on her face. ”

Chapter 2285: Son-in-law is a hero

“An hour later, in a black command vehicle outside the multi-millionaire’s building. ”

“““That thing is called Cereskos. It’s a living virus that Eastern European scientists accidentally blackened during an experiment,”” Zhao Yu’s mother-in-law, Ah Qin, explained to Zhao Yu.””This virus is transmitted through the respiratory tract, and can cause heart and lung failure in a short period of time. It’s very powerful! ”

“““If it’s really released in the building, the consequences will be unimaginable!”” ”

“““Alright, don’t interrupt!”” Zhao Yu pointed outside and said,””let that woman go! I, Zhao Yu, am a man of my word. She helped me, so I can’t make things difficult for her!”” ”

“““Brother-in-law, you haven’t forgotten, have you?”” Ding Lan reminded him,””in Seoul it was Amiola who kidnapped you! I know that we’ve been through life and death together in the evil clan, but ... The tribal chief is no longer our friend!”” ”

“““I don’t care!”” Zhao Yu said stubbornly,””I’ve already promised her, so I can’t go back on my word! Um ... By the way, I only told her to call you. How did you catch her?”” ”

“““Someone called the police, saying that they saw a woman covered in blood climbing up the building’s outer wall,”” the mother-in-law said.””Then, Ding Lan went over and caught her!”” ”

“““And then,”” Ding Lan continued,””she explained everything to us, including your contact code! ”

“““So, we believed her and took the risk to rush in!”” ”

“““Zhao Yu,”” Ah Qin asked,””why is there no signal in the building? ““We’ve already prepared the female assassin, and even Simone’s side, but ... We can’t contact the criminal! ”

“““The agents we planted in the building can’t send back any information either. It’s all a mess ...”” ”

“““I’ll say it again, don’t change the topic!”” Zhao Yu reached out again.””Let go of Amiola!”” Then, I’ll slowly tell you what happened in the building!”” ”

“““Zhao Yu ... Mm ...”” Perhaps it was because the virus crisis had been successfully resolved, Qin was no longer as impulsive as before, but advised him seriously,””that woman was seriously injured. Even if she was let go, she would have to wait until we’ve treated her ...”” ”

“““Yes, brother-in-law! ““That woman did help us a lot, and I understand how you feel, but ...”” Ding Lan pouted.””You should know that none of us can make the decision to let him go, right?”” ”

“““It’s okay,”” ah Qin nodded and said,““I can help you apply for it. If there are no accidents, the higher-ups will definitely agree to it!”” ”

“““Mm ...”” Zhao Yu thought about it carefully and felt that it made sense. Moreover, he had promised amiola that he would cooperate with the chief. ”

“Therefore, after this matter was completely resolved, he could also discuss his plan with the higher-ups. ”

“Since all of Xi Wei’s information had been destroyed, there was no loss even if he worked with you SUFU. Not only would there be no losses, but there might even be some benefits. ”

Alright!

“Since that was the case, he decided to leave amiola behind first and discuss the collaboration with her later. ”

“““Brother-in-law,”” Ding Lan said solemnly.““If you agree with godmother ... No, I mean, with officer Xu’s suggestion, we should go to the hospital now!”” Your knee injury must be quite serious. We need to do a detailed examination, and it can’t be delayed for too long ...”” ”

Oh ...

Zhao Yu finally understood that his mother-in-law’s name was Xu Qin. Xu Qin and Miao kun were a good match just by their names!

“““It’s okay ... It’s okay ...”” Zhao Yu waved his hand and said,““let me ask you something. Have you found li liya and Li Qian?”” How are they?”” ”

“““Yes,”” Xu Qin replied.““Li Qian was found in the surveillance room when we rushed into the building. She was unconscious at the time, but she has been sent to the hospital now. She should be fine!”” ”

“Zhao Yu then asked,““what about li liya?”” ”

“““Li liya is fine too,”” Xu Qin replied.““We found her in the Presidential Suite on the top floor. She seemed to have been affected by something, and there are wounds on her neck. The line of the wound was cut open, and she’s bleeding quite a lot. She’s been sent to the hospital now!”” ”

“““Then ...”” Zhao Yu reminded her,““the enemy was very fierce this time, and many of Mr. Li’s men were infiltrated! So, it’s best to send our people to protect li liya. Don’t let anyone close to her!”” ”

“““Don’t worry!”” Xu Qin nodded and said,““I’ve already thought of it. I’ve arranged for all the capable men to be there!”” ”

“Knock, knock, knock ... Knock, knock, knock ... ”

“At that moment, someone knocked on the door of the command vehicle. Ding Lan quickly opened the door and saw a Secret Service agent standing outside, handing something to Ding Lan. ”

“After Ding Lan closed the door, she handed the things to Zhao Yu. It turned out to be the mobile phone and Bluetooth headset that the purple-masked criminal had taken away from him. ”

""Zhao Yu,"" Xu Qin asked,"" can I send you to the hospital now?"" "

"Seeing that Zhao Yu had no objections, Xu Qin turned on the walkie-talkie and informed the driver in front. The command vehicle then started to move slowly. "

""Mm ..."" Zhao Yu looked around and asked,""are you going to take me to the hospital in the command vehicle? You're coming with me? Don't you need to stay in the building to take care of the funeral?"" "

""Hmph!"" ""Hmph!"" Xu Qin couldn't help but sneer. She looked into Zhao Yu's eyes and said,""my main task now is to find out what happened from you! "

""My son-in-law is a great hero!"" ""Now, can you tell me what you've been through inside?"" Xu Qin asked. "

""Um ... I think ..."" Zhao Yu said.""It should be the son-in-law of a hero, or the son-in-law of a hero, right?"" "

""Zhao Yu, I'm not joking with you!"" The mother-in-law was a little anxious.""You have to know that the earlier I know the details, the earlier I can make arrangements! This is no small matter, we can't afford to be careless!"" "

""Yes, we can't afford to be careless,"" Zhao Yu said.""You'd better seal off the building and arrest all the employees. There must be people who have been infiltrated by the robbers!"" "

""You don't have to worry about that. Hurry up and tell me,"" the mother-in-law asked.""Who are these criminals?"" "

""Mm ... Their faces were painted ..."" Zhao Yu said.""Then, didn't they all die there? If you don't know him, how would I know him?"" "

""You ... What do you want?"" His mother-in-law clapped her hands and said,""is it because I didn't tell you that the thing that was lost at the dead people's dock was a viral weapon? You can't be so narrow-minded, can you?"" "

"Actually, the reason why Zhao Yu was hesitating wasn't because he was narrow-minded, but because he was trying to come up with a credible story as quickly as possible! "

He was considering if there would be a loophole in the whole matter if he removed his system device.

Fortunately ...

Almost all of the criminals who had fought with him were dead! The dead can not testify. Can I make up stories and make myself into a fearless superhero?

"Although the technician was still alive, as well as some of the criminals, these people were no longer a big deal. "

"Alright then, since my mother-in-law is calling my son-in-law a hero, I might as well be a super son-in-law hero! "

Wahahaha ...

## Chapter 2286: The criminal's purpose

“Just like that, Zhao Yu started to brag about his special skill of selling melons. He told her all the details of his experience in the building, adding oil and vinegar to the fire. He talked so much that his spittle flew everywhere ... ”

“In fact, without the magical equipment, even if Zhao Yu didn't exaggerate, his performance was enough to go down in history! ”

“So many top experts, so many armed criminals, such a sophisticated plan, such a dangerous virus weapon, but in the end, all of them were destroyed by Zhao Yu alone. It sounded like a fantasy! ”

“That was why Xu Qin and Ding Lan didn't even blink. There was doubt in their eyes, but more than that, they were surprised! ”

“””You're saying ...”” Ding Lan's eyes widened.””You're hiding above the ventilation duct, but they didn't see you?”” ”

“””Didn't I tell you!”” Zhao Yu said,””I broke the lights! It's so dark, so urgent, and there's a passageway to the side. They'll naturally think that I've escaped!”” ”

“””But, I don't understand ...”” Xu Qin asked doubtfully.””If they wanted to use the ventilation duct to release the virus, why did they drag a virus container outside?”” ”

“””Run, of course I'm running!”” Zhao Yu had already thought of his lines, so he said without thinking,””I'm amazing! Seven or eight criminals were beaten up by me. The purple-faced guy saw that no one could stop me, so he had to drag a virus can and release it outside! ”

“””He thought that with so many criminals, he could delay me for three to five minutes, so he wanted to drag the virus jar to the banquet hall and release the poisonous gas from there! ”

“””But he didn't expect that it wouldn't take me that long to kill all those people! ”

“””Hmph! If my knee wasn't injured, I would've taken care of that purple-faced guy a long time ago. I wouldn't be so nervous at all!”” ”

“””You ...”” Ding Lan understood Zhao Yu's abilities, so she was still frowning and suspicious.””There were so many criminals, and they had guns. How did you defeat them?”” You didn't get shot?”” ”

“””Of course,”” Zhao Yu pouted and said,””they have guns, but so do I!”” Who said I had to fight them to the death? ”

“””Besides, the room was so dark that they couldn't see who was fighting each other, so they were more cautious when shooting. I don't care who I hit, they're all F \* cking enemies!”” ”

“Zhao Yu said it casually, but Xu Qin and Ding Lan still could not accept it. ”

“They still felt that Zhao Yu’s words were too exaggerated, but Zhao Yu said it so confidently, and the facts were right in front of them, so they had to believe him!”

““If you’re really that capable ...” Xu Qin held her chin and said, “then it’s a waste to let you handle the investigation!””

““This ability of yours is enough to be unprecedented!””

““It’s too much,” Zhao Yu said humbly. “At most, there won’t be 007 in front of me or Mission Impossible behind me!””

This was the first time his mother-in-law had experienced Zhao Yu’s ability to talk big and be shameless.

““This group of people is indeed not simple,” Ding Lan pondered and said, “to be able to cause such a big commotion under our close surveillance, they do have some skills!””

““Yup! “I think,” Xu Qin said, “this has something to do with Mr. Li!” Although he was killed by the robbers, that doesn’t prove that he had nothing to do with this incident!””

““Yes,” Ding Lan said. “It’s no coincidence that Mr. Li’s name kept appearing in Xi Wei’s information.””

““Also,” Xu Qin continued, “Zhao Yu just said that the thugs who were disguised as security guards killed the thugs who had paint on their faces. This means that there were differences Among the Thugs. They might have come from different forces!”

““So many criminals could disguise themselves as security guards and sneak in. Without rich man Li’s support, I’m afraid it’s impossible, right?””

““So ...” Ding Lan nodded. “The security guards might be Mr. Li’s men?” Could it be that ... Rich man Li was in cahoots with the robbers, but was tricked by the robbers in the end?””

““That’s reasonable!” Zhao Yu looked at his phone and said to Ding Lan, “didn’t you already find Mr. Li’s body? It’s better to verify his identity as soon as possible. I wonder if there’ll be a situation where a substitute appears for rich people of their level?””

““Are you suspecting ...” Xu Qin understood what Zhao Yu meant and asked, “that the one who died was not Mr. Li?””

““Rich man Li knew that his identity was about to be exposed, so he wanted to use this incident to escape from the world? Just like ... Just like Zhu Yundi?””

““I don’t think so?” Ding Lan objected. “If you really want to use a substitute to escape your identity, you have to destroy the body!” That’s because we have to verify their identities!””

““Yup!” Zhao Yu shrugged, “maybe in their original plan, they were going to destroy Mr. Li’s identity, but because of the appearance of my detective Zhao Yu, their plan was disrupted, so they didn’t have time to do it?””

““This ...” This time, it was Ding Lan’s turn to be speechless ...”

““““Since we don’t know the identity of the criminals, we can at least guess their purpose, right?”” Xu Qin said,““““why are they making such a big commotion?”” ”

““““They have three conditions in total,”” Ding Lan said.““““Information on the female assassin, Xi menna, and Xi Wei! The latter two were of the same attribute, but what did the first one mean? ”

““““Could it be ... That the female assassin was in cahoots with these criminals?”” ”

““““Little sister, I haven’t seen you for a few days, has your brain gone haywire?”” Zhao Yu grinned and asked,““““if the female assassin was in cahoots with the robbers, why didn’t she wait another day to kill Mr. Li?”” ”

““““Maybe ...”” Ding Lan tried to find an excuse for herself.““““The female assassin is a close relative of those criminals, and the female Assassin’s stabbing was a personal act!”” Then, the criminal wanted to save her, so he wanted us to hand her over?”” ”

““““The female Assassin’s words are from a different region than the language of the robbers. They sound similar, but they are thousands of kilometers apart!”” Zhao Yu said,““““the female assassin Indonesia dialect, while the robbers spoke Malacca. They shouldn’t have any relatives!”” ”

““““When the criminals asked us to hand over the female assassin,”” Xu Qin said,““““we already did a surprise interrogation on her, but she didn’t say anything!”” ”

““““I feel that ...”” Zhao Yu said.““““The exchange of the female assassins was just a cover-up to confuse us!”” ”

““““Oh?”” Xu Qin’s eyes widened.““““So, their main goal is to get information on Xi menna and Xi Wei?”” ”

““““No!”” Zhao Yu said with certainty,““““I think that their main purpose is not this, but ...”” ”

“Then, Zhao Yu pointed at himself. ”

““““Oh?”” Xu Qin was shocked.““““Are you saying that the robbers are here for you?”” ”

## Chapter 2287: The criminal’s identity

“The command vehicle drove on the quiet road in the middle of the night. For safety’s sake, two police cars followed behind. ”

““““I found it!”” Xu Qin held up her phone and told Zhao Yu,““““the search team found a downward passage behind the ventilation room. They have already gone in to investigate. The passage is connected to the building’s drainage system, and it is connected to a thousand meters away! ”

““““Look ...”” She showed the video on her phone to Zhao Yu and Ding Lan, then explained,““““the search team said that this sewer is quite well-developed, so it obviously has other uses!”” ”

““““Oh ...”” Zhao Yu looked at the video, then nodded and said,““““it seems that there is really a problem with Mr. Li!”” The sewers are either used to transport prohibited items or to escape!”” ”

“““The search team found some professional equipment inside, which can basically prove that the criminals entered the building from here,”” Xu Qin said. ”

“““That’s why they’re so confident,”” said Ding Lan.”“Even if they released the poisonous gas, they still have a way to retreat!”” ”

“““Yes,”” Zhao Yu nodded again.”“When the robbers talked, they also mentioned where to gather and retreat. It seems that this is the place!”” ”

“““From the looks of it, once their plan succeeds, they should also want to take me away, right?”” ”

“““By the way,”” Xu Qin put away her phone and said,”“let’s continue our conversation. Why did you say that the enemy’s main target is you?”” ”

“Du, du, du ... ”

“Just as Xu Qin was asking, someone knocked on the door of the driver’s seat, reminding Xu Qin that they had arrived at the hospital. ”

“““If you can hold on a little longer,”” Xu Qin said,”“I still hope that you can finish your words before we go to the hospital!”” ”

“““Sure, no problem!”” Zhao Yu said indifferently,”“I was there when the purple-faced guy used my phone to make demands. ”

“““After he hung up the phone, he started to use the lives of li liya, her bodyguards, and the bar staff to threaten me. He wanted me to tell him the details of the Weiwei treasure! ”

“““So, I have reason to conclude,”” Zhao Yu said with certainty,”“that their real purpose is to come for me! ”

“““They should know that from Xi Wei to londee to Zhu Yundi’s cruise ship, I was a part of everything regarding Xi Wei’s treasure. Therefore, what they want to do the most is to get information from me!”” ”

“““Oh ...”” Ding Lan frowned.”“So, they’re not sure if we’ve found Xi Wei’s treasure?”” ”

“““Yes,”” Zhao Yu nodded,”“and, they don’t know most of the situation, including what happened in Korea!”” ”

“““That’s strange.”” Xu Qin furrowed her brows.”“Who are these people?”” ”

“““They’re all very professional,”” Zhao Yu said.”“They should all be trained professionals. They’re really not weak! Especially that purple-faced guy, he’s even comparable to li Bencheng!”” ”

“““...”” Ding Lan narrowed her eyes, because she suspected that Zhao Yu was exaggerating his enemies to raise his own status and show off. ”

“““Li Bencheng ...”” Xu Qin recalled for a moment and said with a slightly melancholic tone,”“such a distant name ... Hmm ...”” ”

“Xu Qin realized that she had lost her composure and quickly asked, ““““Zhao Yu, have you fought with li Bencheng?”” ”

““““Hmm ...”” Zhao Yu grinned.””It seems that you don’t fully understand my excellent performance in Korea!”” ”

““““If you can beat li Bencheng ...”” Xu Qin’s eyes were filled with surprise,””then you’ll be the king of special agents!”” ”

““““Ahem ...”” Ding Lan coughed and reminded them,””godmother, brother-in-law, I think we shouldn’t stray from the topic!”” ”

““““Brother-in-law, since you said that the criminals”” main target was you, why are you here? Then ... Why did you enter the building?”” ”

““““Yes, I was just thinking about this!”” Zhao Yu said,””it was Mr. Li who invited me!”” ”

““““That’s right.”” Ding Lan nodded.””At the end of the day, it’s this tycoon li who’s the problem!”” Even though he’s dead, we still have to investigate him!”” ”

““““But ...”” Zhao Yu rubbed his head and said,””it was a bit of a coincidence. At that time ...”” He pointed to his mother-in-law and said,””I accepted a mission from the higher-ups, and I was about to get close to Mr. Li and get some information!”” ”

““““Then, I met the assassin who wanted to assassinate Mr. Li, and then I received his invitation ... In this ... Tsk tsk ...”” ”

Zhao Yu fell into deep thought.

““““You ... You mean ...”” Ding Lan guessed,””the assassination was also part of the plan? Was it to lure you into the trap?”” ”

““““No!”” Zhao Yu seemed to have thought of something very important, and his eyes were fixed on one spot. As he pondered, he shook his head.””At that time ... I was attracted by the female assassin, so ...”” ”

““““Right!”” Xu Qin nodded.””At that time, you were indeed the one who took the initiative to approach that woman!”” ”

““““At that time ...”” Zhao Yu frowned as he recalled,””I was attracted by the watch on the woman’s wrist ...”” ”

““““If this is really a scheme ... Isn’t it a little too deep? They should at least know that I’m investigating the arm amputated case!”” ”

““““The arm case in the safe ...”” Ding Lan shrugged helplessly, not understanding what he meant. ”

““““Are you trying to say ...”” Xu Qin had thought of something even more profound.””There’s an internal problem, and someone has leaked the information that we’re using you to get close to Mr. Li, so they set up this plan?”” ”

“““No! ““No, no, no... That’s not right ...”” Zhao Yu thought quickly and gradually had some clues. He widened his eyes and said to Xu Qin,““mother-in-law, when the scientific weapon was lost at the private dock, I wasn’t even in Shanghai! ”

“““So, my previous speculation might be wrong! ”

“““Maybe their real goal isn’t just me! ““However, I happened to be involved, so they played along and wanted to find out more about Xi Wei’s treasure through me. This plan of using scientific weapons to attack was set up long ago!”” ”

“““Then ...”” Xu Qin was confused.““What’s their goal?”” ”

“““Oh my God!”” Suddenly, Zhao Yu thought of a reasonable explanation, and he couldn’t help but look excited.““At that time, the purple-masked criminal had already dragged the virus jar to the parking lot. He should have been able to release the virus from there, but he insisted on dragging the virus jar to the banquet hall ... ”

“““I understand!”” Zhao Yu slapped his thigh and said,““there’s someone in the banquet hall that they really want to kill!”” ”

“““Hmm...You ...”” Xu Qin was so shocked that she could not close her mouth.““Your reasoning, isn’t it a little...A little forced?”” ”

“““I think ...”” Ding Lan’s eyes were wide open.““Whether brother-in-law’s speculation is right or not, we have to investigate it!”” ”

“““If they really wanted to get rid of someone, or someone, through this, then using the virus is obviously more reasonable! ”

“““If that’s the case, we’ll only think that those people died in a terrorist attack!”” ”

“““Okay, okay ...”” Xu Qin realized the importance of the matter and immediately picked up her phone.““I’ll send someone to investigate ...”” ”

“““If we can find out who these people are,”” Zhao Yu said seriously,““then we can know the identity of the robbers!”” ”

Chapter 2288: Chapter 2284-poaching

“At 12 o’ clock in the morning, in a doctor’s office at Shanghai hospital. ”

“““What?”” Ding Lan was holding an X-ray scan in her hand, her face full of disbelief.““His knees are already in that state, and you’re saying his bones are fine?”” ”

“““Yes, it’s only soft tissue damage and a small part of the nerve damage,”” the doctor said.““There’s really no need for surgery! You don’t even need a cast. At most, you can put on a splint, and you will recover after a period of rest!”” ”

“““Are you kidding me? Are you a proper hospital?”” Ding Lan was dumbfounded. She looked at the X-ray for a long time before she muttered,““my brother-in-law ... Why is he so lucky every time?”” ”

“““Well ...”” The doctor said again,““if you’re still worried, we can do another detailed examination tomorrow morning!”” In any case, from the X-ray scan, the bone is definitely fine!”” ”

“““Then ...”” Ding Lan asked,““what about the knife wounds on his body?”” Are you alright?”” ”

“““I’m fine, I’m fine,”” the doctor nodded and said.““I’ve checked, they’re all external injuries. The bleeding isn’t particularly serious, just a few stitches will do!”” ”

“““...”” Ding Lan pinched her forehead. She even had the thought that the doctor in front of her was a fake one ... ”

.....

“At the same time, in a heavily guarded single Ward, Zhao Yu was savoring the delicious Nanxiang xiaolongbao and Laochen braised duck. ”

“““Eh ...”” The mother-in-law was stunned.““Are you tired of it?”” You’ll get thrombosis if you eat like this!”” ”

“““Can’t you wish me well?”” Zhao Yu broke off the crispy duck leg and handed it to his mother-in-law.““Here, it’s a crime to criticize people. You should try it!”” ”

Zhao Yu originally thought that his mother-in-law would scoff at the way he ate and would definitely not accept such a big gift.

“But to his surprise, Xu Qin still picked up the duck leg with two fingers and gently tasted it ... ”

“““Hmm ... It’s not bad, but it’s a little cold!”” ”

“““It’s fine, it’s fine. There’s soup!”” Zhao Yu opened the takeaway box,““I also ordered a wonton! I’ll eat chaos and you’ll drink soup, isn’t that good enough?”” ”

“““Tsk!”” Xu Qin rolled her eyes at Zhao Yu, then burst out laughing.““Zhao Yu, I finally understand why my precious daughter would fall for you! ”

“““You’re really a little ... A little different! Especially your face, I really want to take a ruler and measure it for you!”” ”

“““You flatter me, you flatter me!”” Zhao Yu cupped his fists and saluted, then continued to eat.““Oh, it smells really good ... I didn’t expect to be able to buy such authentic snacks so late at night ...”” ”

“““When you and Miao Miao were in rongyang police station, Miao Miao hated you!”” Xu Qin recalled,““she’s never seen such a shameless hooligan in her life! ”

“““You know what? At that time, I already had a premonition that something might have happened between my daughter and this hooligan!”” ”

“““Oh?”” Zhao Yu swallowed a xiaolongbao in one gulp and sighed.““Your sixth sense is quite accurate!”” ”

“““Isn’t that so!”” Xu Qin laughed.”“Because my daughter has never deliberately evaluated a person before, not to mention that the entire process was a negative evaluation! ”

“““This means that my daughter has unknowingly started to care about this so-called hooligan!”” ”

“““Oh ...”” Zhao Yu nodded.”“No one knows a daughter better than a mother. You know MeowMeow the best ...”” ”

“““Speaking of which, I feel really guilty.”” Xu Qin put down the duck leg and sighed.”“Because of work, I haven’t been able to stay by my daughter’s side. I’m such a failure as a mother!”” ”

“““I think I’ve heard that before.”” Zhao Yu stopped chewing and said with his cheeks puffed up,”“your man, oh no, your ex-husband said the same thing to me before, and the sound of it is ninety-nine percent similar to yours!”” ”

“““Don’t mention that old bastard,”” Xu Qin said, waving her hand.”“That was a low-level mistake I made when I was young! However ... Come to think of it, that fellow had always been in a high position and rarely knew how to reforge! ”

“““At first, I thought that it was because of your boyfriend that everyone was interested in you! ”

“““But now it seems that I was wrong. He really didn’t misjudge you! ”

“““Zhao Yu,”” Xu Qin blinked her bright eyes and asked,”“are you interested in coming to my place? I have a more suitable mission for you!”” ”

“““Cough, cough, cough ... Cough, cough, cough ...”” Zhao Yu spat out everything he had just chewed on.  
”

“““Mother-in-law, please don’t make fun of me!”” Zhao Yu said bitterly,”“first of all, I’m a super detective. Solving cases is my specialty. Although I can fight, that’s not my specialty! ”

“““Secondly, I’m really very, very, very unfamiliar with your anti-terrorism Department. I’m sure I won’t be happy doing something I’m not good at! ”

“““Finally, you can’t poach him like this!”” Zhao Yu spread out the soy sauce duck and said,”“if I follow you, my father-in-law will definitely hit me!”” ”

“““Ignore him!”” Xu Qin crossed her arms.”“I promise that old bastard won’t dare to stop me!”” But ... You’re right, I won’t force you, but remember what I said today, whenever you want to try a new challenge, just come to me!”” ”

“““Yes, master cactus!”” Zhao Yu saluted greasily, then picked up the bowl and began to drink the soup. He gulped it down noisily, which made him very appetizing. ”

“““Oh right, Zhao Yu ...”” Xu Qin finally returned to the main topic. She stopped smiling and asked Zhao Yu,”“there’s something very strange!”” ”

“““What’s the matter?”” Zhao Yu was using his chopsticks to pick up his wonton, so he didn’t have time to look up. ”

“““We’ve searched the entire building and the underground tunnel,”” Xu Qin said.”““But we couldn’t find the device that the enemy used to block the signal!”” ”

“““What? Blocking the signal?”” Zhao Yu suddenly realized that something was wrong. ”

“““Yup!”” Xu Qin said seriously,”“the point is, it doesn’t make sense! You see, they were the ones who proposed to make an exchange with us, right? ”

“““But what does it mean to block the signal for no reason? Would it be more disadvantageous for them? ”

“““If they can contact us at any time, they can threaten us at any time, but ... If the signal is cut off, aren’t they afraid that we will suddenly rush into the building?”” ”

“““Um ... Well ...”” Zhao Yu pondered for a moment, then said,”“maybe they didn’t want the news to be leaked and be discovered by the guests?”” ”

“““If they know about this, it will definitely cause panic. It won’t be easy to control!”” ”

“““Oh, really? ““But ...”” Xu Qin frowned. Obviously, Zhao Yu’s explanation did not convince her. ”

“““Since they can control the signal, then when they want to contact you, can’t you just turn off the shield?”” Zhao Yu continued to explain,”“by the way, you guys should search the bodies carefully. There was a criminal with green paint on his face and a machine on his back. That thing should be the signal jammer, right?”” ”

“““That’s a small area signal jammer!”” Xu Qin said,”“we’ve already found it. The power output is so low that it’s not enough to shield the entire building! ”

“““That’s the strangest problem ...”” Xu Qin said with a frown.”“Do you know? According to the current level of technology, only military weapons could block the entire building’s signal! ”

“““That’s impossible ...”” ”

## Chapter 2289: Reincarnation of Vajra

Zhao Yu already knew that there was no way to explain the signal and power blocking.

“The power Shield was slightly better. After all, the area was smaller, and among the survivors, not many people knew about the power Shield. ”

“However, the signal of the entire building had disappeared, so it was not so easy to explain. ”

“However, since there was no way to explain it, Zhao Yu didn’t need to explain it. Anyway, there was no way to find out, and there was no evidence to prove that the signal blocking was related to Zhao Yu. ”

“The robbers thought that the Secret Service team had blocked the signal, while the Secret Service team thought that the robbers had blocked the signal themselves. ”

“So, no one would have thought that this matter would have anything to do with Zhao Yu. As long as Zhao Yu played dumb, no one would make things difficult for him.”

“However, Zhao Yu was the kind of person who was not afraid of things blowing up. He immediately put on a serious and nervous look and lowered his voice to Xu Qin,”

“”Mother-in-law, I can only tell you the truth now!””

“”Ah? What?”” His mother-in-law was puzzled.””What are you trying to say? The signal?””

“”Right!”” Zhao Yu put on a straight face and said seriously,””actually, I’m the reincarnation of the Thunder Vajra, one of the eight Vajra warriors in the Sky. I have an indestructible body and the ability to attract lightning and conduct electricity!”

“”Regarding the building, I informed some of my friends and asked them to block the building’s signal so that the robbers couldn’t find the North. That’s how we managed to turn the tide and save the building from danger and the people ...””

“”Hahaha...I won’t tell anyone about this secret. You’re my mother-in-law, so it’s okay to tell me. Just remember to keep it a secret for me, hahaha ...””

“”...”” Xu Qin looked like she had been burned. Smoke seemed to be coming out of her seven orifices. She was stunned for a full fifteen seconds before she mumbled,””it seems like we’ve registered you in the wrong course. We’ll have to check on your mental problems ...””

“Zhao Yu already knew that the more he told the truth, the more people would not believe him, and the more he would be able to clear himself of suspicion.”

“Moreover, he suddenly pretended to be mysterious in order to get rid of his mother-in-law’s poaching and make his mother-in-law realize that he was not a stable person and could not take on the task of the anti-fear group.”

“Zhao Yu, of course, didn’t want to follow his mother-in-law. He had a good reason.”

Did he really not like strange anti-terrorism missions or did he like to solve cases?

“He didn’t want his family to be at odds with each other because his mother-in-law was trying to poach him! Even though Lao Miao and Xu Qin had already divorced, if they really fell out, Miao Ying would be stuck in the middle.”

“Most importantly, Zhao Yu was not interested in how his mother-in-law had gotten into this accident. He was a very obedient person, so if he had to face his boss all day long, who spoke like a prickly cactus, he would definitely not be able to stand it!”

“Therefore, he played a trick to provoke Xu Qin and make her give up on the idea of poaching.”

“”Qing chushui, di du, Huang suiqiu, Bai jingshui, Chi Shenghuo, dingchi disaster, Zi Xian, Dashen ...”” Zhao Yu’s mother-in-law suddenly seemed to be in a trance. She pinched her fingers and recited the names, then glared at Zhao Yu and scolded,””I don’t believe you. There is no thunder Vajra among the eight Vajra Warriors. If you’re talking nonsense ...””

“.....”

Zhao Yu was speechless. He didn't expect his mother-in-law to be so serious.

“Du, du, du ...”

“Ding Lan knocked on the door and came in. She said to Zhao Yu and Xu Qin,“”It's hard to imagine that brother-in-law is fine! The doctor said that he'll do a few more tests tomorrow morning, and if there's nothing wrong, he can be discharged in the afternoon!“” ”

“”It can't be?“” Xu Qin was shocked.“”His legs ...“” ”

“”There's no problem with the bones in the knee!“” Ding Lan sat next to Zhao Yu, pointed at his knee, and said,“”it's just a soft tissue injury. It'll recover after some rest!“” ”

“”But ... For the next few days, try not to get out of bed. If you want to move, use a crutch or a wheelchair. Try not to move your injured areas ...“” ”

“”See?“” Zhao Yu said excitedly to his mother-in-law,“”I said, I'm the reincarnation of the Vajra, right?“” ”

“”You're just lucky!“” Ding Lan looked at the mess on the plate and said,“”wow, brother-in-law, you have a great appetite!“” Aren't you tired of eating a soy sauce duck until it's bone?“” ”

“”Hahaha, come on...Are you tired of looking at it?“” then, Zhao Yu was about to touch Ding Lan with his greasy hands. Ding Lan was so scared that she quickly hid away. ”

“”Alright, I'm done!“” Xu Qin waved her hand and said,“”Zhao Yu, let's talk business! I just received a notice from the interrogation team that we've shown the female assassin the photos of the criminals, but she still won't say anything! ”

“”So, you can try it tomorrow!“” Xu Qin said,“”you're so popular with women. Maybe you'll be able to find out something like last time!“” ”

“”Oh, alright! “”But ...“” Zhao Yu said without hiding anything,“”I still think that the female assassin had nothing to do with this! ”

“”I remember that there were survivors at the scene, right? “”Especially the technician who installed the scientific weapon,“” Zhao Yu said.“”You can focus on interrogating these people. At least, you have to know what they do for a living!“” ”

“”Do I need you to tell me that?“” Xu Qin said,“”these people are very loyal. While we were arresting them, a few of them committed suicide! ”

“”There are only four of them left alive, and three of them are in the operating room,“” Xu Qin said gloomily.“”The technician you mentioned is even more ridiculous. He's not in his right mind and is speaking incoherently. We still can't conduct a normal interrogation!“” ”

No way?

“Zhao Yu thought back to when he had jumped down from the vent pipe and beaten up the technician. Did I beat him silly, or...Did I scare him crazy? ”

“This guy can’t be so weak, right?”

Could it be ... That he was pretending? Pretending to be crazy to avoid interrogation?

“”””Alright then!””” Zhao Yu nodded and said,”””if you can’t handle this, I’ll help you interrogate them tomorrow. I really want to know who these people are!””” ”

“”””We haven’t made any progress with the witnesses either,””” Xu Qin said, looking at her phone.”””Li Qian was so scared that she seemed to have lost her memory! ”

“”””Li liya’s old injury has relapsed, and the doctor is still treating her ... Furthermore, her mental state is also very bad, so she can’t be questioned for the time being ...””” ”

“”””Oh ...””” Zhao Yu seemed to have realized something, then said,”””it seems that although the building incident has been solved, there are still many follow-up problems that we have to deal with!””” ”

“”””Right!””” Xu Qin nodded.”””This should be considered your old profession. We’ve already sealed off the entire building! ”

“”””Next, I need you to use your specialty and investigate the whole matter clearly! ”

“”””Before, we speculated that the robbers””” purpose might be to take the opportunity to eliminate the guests in the banquet hall. We are also investigating the background of these guests! ”

“”””So ... My great hero son-in-law,””” Xu Qin smiled,”””I’ll be relying on you from now on!””” ”

“Du, du, du ... ”

“Before Zhao Yu could answer, there was another knock on the door. ”

“Ding Lan hurried to open the door. When she opened it, Ding Lan immediately pounced on the man excitedly and gave him an affectionate hug. ”

“”””Waa!””” Zhao Yu was also very surprised. He didn’t expect that the person who had just come in was not an outsider, but his girlfriend, Miao Ying! ”

Chapter 2290: Chapter 2286-well done

“”””Miao ... Miao Miao ...””” Xu Qin was surprised to see her daughter. Her voice trembled as she asked,”””why are you here?””” ”

“”””Mom!””” Miao Ying already knew that her mother was here, so she quickly welcomed her and gave Xu Qin an even more affectionate hug. ”

“”””Oh my ...””” Xu Qin’s eyes were filled with tears.”””I’ve missed you so much. I’ve already applied for leave for the new year, but I didn’t expect...Sigh ...””” ”

“”””Mom, I’ve missed you too!””” Miao Ying said,”””if my dad didn’t tell me, I wouldn’t have known that I would see you here!””” ”

“Mm ...” Hearing Miao Ying mention Miao kun, Xu Qin’s expression suddenly changed. She quickly took Miao Ying’s hand and asked, “that’s not right.” You ... Aren’t you at the headquarters? How could it be ...”

“I came here with Xi menna!” Miao Ying replied, “the higher-ups sent me to escort them!”

“Oh ...” Xu Qin asked again, “after the crisis was over, didn’t I make a report and tell them not to send Xi menna over?”

“It’s like this ...” Miao Ying explained. “The higher-ups thought that since the criminals wanted to use Xi Mengna in exchange, then Xi Mengna might know the identity of these criminals!”

“So, they decided to follow the original plan and send Xi menna here to help you with the investigation!”

“Oh ...” Xu Qin nodded. “That’s true! Then ... Where is Xi menna now?”

“It’s been sent to the special supervision Department in Shanghai,” Miao Ying said. “I’m not the supervisor, so when I heard you were here, I rushed over ...”

“Miao Ying finally had the chance to look at Zhao Yu. Her eyes were full of concern, and she wanted to run over and hug Zhao Yu.”

“But, with her mother present, Miao Ying did not dare to be unreserved.”

“Come on, my dear! I’ve missed you too!” Zhao Yu opened his arms as if no one was around. “Come on, give me a kiss! Wahahaha ...”

“.....”

The three ladies’ foreheads were filled with black lines ...

“Zhao Yu, poor! Look at you, how many times have you been in contact with the ward in a year?”

Miao Ying questioned him with a dark face, then pouted her lips, as if to ask Zhao Yu, “Are you alright, my dear?”

“Zhao Yu understood the look in miss Miao’s eyes, so he patted his chest and said, “I’m fine! I’m the reincarnation of the eight great guardian deities, all of whom are invincible! AHA ... Cough cough ... Cough cough ...”

“As he slapped too hard, his laughter turned into violent coughs.”

“In order to hide his embarrassment, he quickly raised his hand and said to the crowd,”

“It’s okay, don’t worry! Didn’t mother-in-law say that I’m popular with women?” Zhao Yu said, “give Xi Mengna to me tomorrow! I’ll definitely be able to get some information out of her!”

“That’s great ...” Ding Lan narrowed her eyes. “You’ll be busy tomorrow!”

“Come on, meowmeowmeowmeow!” Zhao Yu opened his arms again. “Can I hug you?”

“...” Miao Ying glared at Zhao Yu, then turned around and told Xu Qin, “mom, Captain Sun led the team here. He’s just outside!” Shouldn’t you meet him and talk about Xi Mengna’s handover?”

““““Oh, Old Sun is here!”” Xu Qin nodded and said,““““alright! ““““I’ll go out and say hello. Mm ...”” She looked at Zhao Yu, then at her daughter Miao Ying and goddaughter Ding Lan, and said with relief,““““that’s good, our family is reunited!”” ”

““““Also, you don’t have to worry about anything like before. Since it’s the same mission, you don’t have to worry about the confidentiality agreement. You can say whatever you want!”” ”

“Xu Qin grabbed Miao Ying’s hands and said,“““““Miaomiao! Mom misses you so much. Come to my place to rest tonight! I have so much to tell you!”” ”

““““Mm ...”” Miao Ying nodded.““““Me too!”” She said. ”

“Hearing Miao Ying’s answer, Xu Qin opened the door with satisfaction and went outside. ”

““““Phew ...”” ”

“After Xu Qin left, Zhao Yu took a deep breath. Even though he was not afraid of his mother-in-law, he still felt uncomfortable with her presence. ”

“Perhaps, this was a common problem for most son-in-law? ”

““““Hahaha ... That’s great!”” Ding Lan happily took Miao Ying’s arm and said,““““I haven’t seen my sister in a long time!”” ”

““““It’s fine, it’s fine ...”” Zhao Yu waved his hand and said,““““Ding Lan, you don’t have to be so suspicious. At most, your sister and I will just kiss on the lips or something. It’s not too much!”” ”

““““Zhao Yu ...”” Miao Ying squinted her eyes.““““Come on, it’s already like this. Stop acting crazy!”” ”

““““No, brother-in-law is right.”” Ding Lan laughed.““““You guys should go and make out. I’m not going to be a third wheel here!”” ”

“With that, Ding Lan turned to leave. ”

““““No, wait a moment!”” However, Miao Ying stopped Ding Lan, took out her phone, and made a call. ”

“However, the phone had only rung twice before she suddenly hung up. ”

“Then, Zhao Yu seemed to have a premonition. As Miao Ying opened the door, he saw a sneaky figure sneak into the room. ”

““““Holy sh \* t ...”” Seeing this person, Zhao Yu couldn’t help but click his tongue and mumble,““““this is great. They’re really a family, and they’re all here!”” ”

“It was Zhao Yu’s father-in-law, Miao kun! ”

““““Phew ... Phew ...”” Miao kun was panting and wiping his sweat as if he had just finished a marathon after he sneaked in. ”

““““Aiyo, Aiyo ...”” After he stood still, he clenched his fist and said,““““MeowMeow, your trick of luring the Tiger away from the mountain is so good!”” ”

“““I’m really confused. Such a big thing happened at the multi-millionaire’s building, but she didn’t go back to deal with it herself. Instead, she insisted on staying here to guard her husband. What the hell is this?”” ”

“““I ... Um ...”” Zhao Yu was speechless. He could already tell how much Miao kun feared Xu Qin from just a few words. ”

“““Godfather!”” ““You’re here too!”” Ding Lan said, holding her forehead. ”

“““Hey, lan lan ...”” Miao kun greeted her.””It’s great to see you here!”” ”

“““Don’t worry!”” Miao Ying said,““I’ve spoken to Captain sun. Ten minutes should be enough. You should hurry up!”” ”

“““Alright, alright!”” ““Zhao Yu!”” Miao kun rushed to Zhao Yu. He did not even have time to ask about Zhao Yu’s injuries before he got straight to the point.””Zhao Yu, I didn’t have time to call you earlier! Kid, you better remember this, no matter what that spiky ball ... Hmm, whatever that woman promised you, you better not work for her!”” ”

“Zhao Yu was surprised.””You and my mother-in-law really have the same mind!”” How do you know that she’s trying to steal your man?”” ”

“““Nonsense. We’ve lived together for so many years. Do you think I don’t know her?”” Miao kun said bitterly,““you did such a great job in the multi-millionaire’s building. You were so beautiful and inhuman!”” Can she not like you?”” ”

“““Don ‘t, don’t ...”” Zhao Yu quickly waved his hands.””You’re going too far. I only stopped a small terrorist attack! There’s nothing to brag about. I’ll get everything if I get a bonus later, hahaha ...”” ”

“Miao kun was already immune to Zhao Yu’s boastful words, so he continued, ““I’ve already prepared Xi menna and Xi Wei’s treasure. I thought this would be a tricky situation! ”

“““But when I got on the plane, I found out that you’ve already taken care of all the robbers! Hahaha, good boy!”” Miao kun patted Zhao Yu’s shoulder and complimented him,““well done!”” ”

“As soon as Miao kun finished speaking, a woman’s cold voice came from behind him.””““Yes, you did well!”” ”

Whoosh ...

Miao kun almost fell to the ground when he heard that. He turned around and saw Xu Qin standing at the door ...
