

Crazy 2621

Chapter 2621: Is there an accomplice?

“One day later, at the Yunzhou police station, the autopsy Center. ”

“Although the case had been upgraded, Miao Ying had a good night’s sleep and was in high spirits. ”

“Miao Ying had gotten over it. She knew that it would take at least one or two days to identify the victim. Instead of waiting, she might as well rest and conserve her energy. ”

The autopsy Center of the Yunzhou police station was the largest autopsy Center in the entire Yuezhou province.

“Even so, the seven corpses could not be examined at the same time. They could only be examined in order and in batches. ”

“““No clothes were found ...”” At this moment, Zhang Peipei was examining the body as she explained to Miao Ying and the others.”“There are no obvious external injuries, so the cause of death can’t be found yet ...”” ”

“““The seven corpses are obviously from different ages. Most of them are completely rotten, but effective DNA can be extracted.”” Zhang Peipei explained,”“we worked overtime last night and extracted the DNA of all seven skeletons. The laboratory Department is also working at full speed, trying to get the DNA data out as soon as possible for comparison ...”” ”

“““Mm ...”” Miao Ying nodded and said,”“just now, director Zhang from the laboratory Department called me. They’ve already finished the first one and sent it to the database for comparison!”” ”

“““As long as the victim’s family leaves a message in the missing person database, we will soon know who she is!”” ”

“““Sister-in-law, oh no, Dr. Zhang,”” cui Lizhu asked hurriedly.”“Let’s get down to business first. Are all the seven bodies female?”” ”

“““Yes,”” Zhang Peipei nodded and said,”“it’s the same as the red bathtub case. The deceased were young women between the ages of 18 and 25 ...”” ”

“““Oh ...”” Cui Lizhu exclaimed.”“Seven girls were killed. This Zhang Fengyi is really cruel!”” She said. Furthermore, it was buried at home. This case was much more serious than the teacher’s College’s garbage dump case! ”

“““Needless to say, Zhang Fengyi definitely has a huge psychological problem. There are so many corpses in her house, yet she’s still living in peace ...”” ”

“““Cui, it’s still too early to make such a conclusion,”” Miao Ying said objectively.”“We still have to find out the exact time of death of these bodies before we can make any other inferences! ”

“““Zhang Fengyi passed away in 1994. If there were any corpses that were hidden after 1994, it would mean that there’s something fishy about this case!”” ”

“““Oh ... Oh ...”” Cui Lizhu nodded and said,““if that’s the case, the murderer might still be alive, and he must be someone close to Zhang Fengyi!”” ”

“““At that time, Zhang Shixiong was still young, so ... He could only be Zhang Shixiong’s father? However, that old man seemed to be quite honest. Moreover, if he didn’t tell us everything, I’m afraid we wouldn’t have been able to find these bodies, right?”” ”

“““But ...”” Zhang Peipei stopped what she was doing and said,““we made an assumption yesterday. The average weight of the victims was between 55 and 60 kilograms. According to Zhang Fengyi’s information, she was only 1.55 meters tall and weighed 50 kilograms.”” ”

“““In addition, Zhang Fengyi had a blood disease, so she often needed to take medication. Her body was very weak, so ...”” Zhang Peipei said.““We have to make a reasonable argument and know how the victim was killed ...”” ”

“““Whether they knew the murderer, whether they were caught by the murderer somewhere else and sent to Zhang Fengyi’s house, or whether they met with an accident when they went to Zhang Fengyi’s house as guests, all these are still to be investigated and verified!”” ”

“““Mm ...”” Miao Ying said.““The technical team examined the wine cellar, and the seal of the wine cellar had obvious signs of breakage, which means that the owner had sealed the wine cellar more than once! ”

“““It’s possible. She killed a person and then sealed the wine cellar after hiding the body. When we kill one more, we’ll break the seal, hide the body, and seal it again ...”” ”

“““Oh ...”” Cui Lizhu said.““If that’s the case, it means that these people were definitely killed at different times, and the time between each death was very long! ”

“““Sister Miao,”” cui Lizhu said.““I thought about the murderer’s motive yesterday. I feel that if Zhang Fengyi is really the murderer, then the way she killed must have been learned from Peter! ”

“““Peter learned some kind of sacrificial ceremony in Africa, and he can kill people to save lives, just like the detective in Chinatown! ”

“““Peter is dead. Zhang Fengyi learned that she can’t make it public after killing him. So, she chose to kill him in her own house and then hide the body in her own house ...”” ”

“Zhang Peipei shook her head and said,““they are all high-level intellectuals. How can they believe in such nonsense?”” ”

“““That’s not necessarily true. Zhang Fengyi is terminally ill, and she’s desperate. Her desire to live made her believe in such nonsense,”” cui Lizhu retorted.““Anyway, she’s going to die soon. Even if there’s only one in a million chance, she’s willing to try! ”

“““But the truth is right in front of us,”” cui Lizhu said, shrugging.““Zhang Fengyi passed away when she was 34 years old, which means that this method of sacrificing living people doesn’t work at all!”” ”

“““If Zhang Fengyi wants to extend her life, what about Peter?”” Zhang Peipei asked,““why did he do that?”” ”

“““He fell in love with Zhang Fengyi,”” cui Lizhu guessed.”“He killed those people to save Zhang Fengyi, right?”” ”

“““Peter killed four people, and Zhang Fengyi killed seven, so that’s 11 in total,”” Zhang Peipei said.”“Are you saying that we need to kill 11 young girls in order to save Zhang Fengyi’s life?”” ”

“““Who knows?”” Cui Lizhu shook her head.”“In short, Zhang Fengyi is the most suspicious. The red bathtub case started because of her!”” ”

“““Team leader Miao,”” Zhang Peipei stopped the discussion and turned to ask Miao Ying,””how are Zhang Shixiong and his parents doing? what was their reaction when they found out that there were corpses in the wine cellar?”” ”

“““I can describe it with two words,”” Miao Ying said, holding up two fingers.”“Shocking!”” They were all frightened, but Zhang Shixiong said he didn’t know anything, not to mention Zhang Shixiong’s parents. They were almost sent to the hospital last night ...”” ”

“““I still think that it’s too difficult for Zhang Fengyi to commit such a serious crime on her own,”” Zhang Peipei reminded her.”“We should ask Zhang Shixiong’s parents if there are any other people around Zhang Fengyi.”” ”

“““Hmm ... I know!”” Miao Ying nodded. ”

“““Team leader Miao, team leader Miao ...”” At this time, Zeng ke suddenly appeared in the autopsy Center and reported excitedly to Miao Ying,””we’ve matched it to the database!”” ”

“““The victim might be Xie Xiaojun from 1989. Look ...”” He held the information and said,””her hometown is Luotian County, and she was a female worker at the shampoo plant ...”” ”

“““Hair washing plant ...”” Cui Lizhu asked.”“Piao Rou or hai Fei si?”” ”

“““In 1989, there was no such thing as Piao Rou and hai feisi,”” Zeng ke replied.”“The DNA data matches perfectly, and the police found her missing person record. She disappeared on the way home after work one day. The factory is in Xin Huwan, next to the port, quite far from the city ...”” ”

“““Oh?”” Miao Ying frowned, then said,””ask Zhang Shixiong’s parents immediately, see if they know Xie Xiaojun!”” ”

“““If they knew each other, then that’s another matter,”” Miao Ying said,””if they didn’t know each other, could it be that Zhang Fengyi really had an accomplice?!”” ”

Chapter 2622: familiar enemy

“““Oh ...”” Lee Bencheng yawned and said to Zhao Yu,””detective, have you found anything? If we continue to wait like this, how long will we have to wait?”””

“““Old Li,”” Zhao Yu pointed to the bedroom and said,““if we let her go, does that mean she’s dead? Before this, she wanted to commit suicide without hesitation. Now that we’re gone, will she commit suicide again?”””

“““Yes, almost! “““But not necessarily,””” Lee Bencheng said,““I’ve explained everything to her. Maybe she can figure it out?”””

“““Zhao Yu, when did you become so wishy-washy?”””

“““I mean, there should be someone else among the Yakshas, right?””” Zhao Yu said,““should we ask about the situation, or see if she can be a tainted witness?”””

“““Hmph, not only are you being fussy, but you’ve also become childish,””” Lee Bencheng taunted.““You can’t be thinking of taking the successor to court, right?””

“““Do you still not understand? Londee and his inheritor’s nefarious Empire are all above the system and law. They have no principles and will do anything to amass wealth. To deal with people like them, you can only use your fists!”””

“““Well ...””” Zhao Yu frowned and said,““old Li, have you never thought about one thing?”””

“““What is it?””” Lee Bencheng was surprised.”

“““If I were the successor, I would have torn you into pieces!””” Zhao Yu said rudely,““although you are an excellent agent, how much is the information you have worth?””

“““You killed londee. Even if you want to establish your might, shouldn’t I kill you?””

“““As for you, you were locked up in the cargo ship’s prison. Although you were also severely tortured and often fed drugs, you’re still alive and well ...”””

“““You ... What are you trying to say?””” Li Bencheng said,““they didn’t kill me because they wanted me to experience what it was like to be imprisoned. You have no idea what I suffered inside!”””

“““No, I still think that they’re too kind to you!””” Zhao Yu shook his head, his eyes filled with suspicion.”

“““Ah Xi, you’re not trying to say that I’ve already switched sides, are you?””” Lee Bencheng said,““or am I the successor?”””

“““No,””” Zhao Yu waved his hand and said,““I mean, I think ... The successor knows you and is friends with you, so he didn’t kill you!””

“““He ... Showed mercy!”””

“““God,””” Lee Bencheng shook his head and said,““you mean, the successor is someone I know?”””

“““Not only you, I know him too!””” Zhao Yu said,““although the successor’s behavior is unpredictable, I have a feeling that he understands me very well. He knows that for sunflower’s case, I will investigate it to the end!””

“““He predicted that I would look for Hidekazu, so he made a plan in advance ...””” Zhao Yu said.““In fact, such a person is even scarier!”””

“Boiling the frog in warm water,” Lee Bencheng pointed at Zhao Yu’s book and said, “so, don’t sink too deep into it! If there’s a chance, let’s go straight to the point and solve the problem like how you did with londee!”

“Jiang Kui was the one who killed londee, not me!” Zhao Yu clarified, “if you link all the events together, you’ll realize that long di was captured by Xi Wei that year, and the successor should have already been in control of the whole situation!”

“I can still remember the time I met londee in the underground Castle in Seoul,” Zhao Yu recalled. “At that time, londee was very anxious, and I thought he was just eager for revenge!”

“From the looks of it, he probably felt the threat of a successor at that time, and there were already internal differences ...”

“Furthermore,” Zhao Yu looked at Lee Bencheng, “you were able to sneak into londee’s residence and kidnap his family because someone was deliberately going easy on you ...”

“Mm ... Mm ...” Lee Bencheng’s brows were tightly furrowed as he tried hard to recall, “now that you’ve mentioned it, it does make some sense. When I first barged into londee’s residence, it was especially smooth ...”

“After that, you could have left, but you were blocked by them. I don’t think it was a coincidence!”

“Yes ...” Lee Bencheng leaned back on the sofa, “why didn’t I think of this earlier? Londee was tricked ...”

“So,” Zhao Yu said, “if we want to go straight to the point, it’s not realistic!”

“Londee was so crazy back then because Xi Wei had imprisoned him for many years and forced him to reveal many secrets. He wanted to find Xi Wei’s treasure.”

“However, if the inheritor had already taken control of his criminal empire when londee was imprisoned, then he must have transferred those important things a long time ago. So, the inheritor isn’t afraid of Xi Wei’s treasure at all!”

“Oh ... That’s right,” Lee Bencheng said after some thought, “no wonder Xi Wei didn’t get much out of londee’s imprisonment!”

“Later, londee died, and the successor had great power, so he began bold and decisive reforms,” Zhao Yu said. “So, it was even more impossible for us to figure out his routine!”

“So ...” Lee Bencheng said, “the sunflower case is our only chance?!” “Damn it, if only we were more prepared today and could catch that mysterious shooter, that would be great!”

“Not necessarily,” Zhao Yu said. “The successor is not only smart, but also careful. The shooter might not know anything important. Our top priority is to solve the case!”

“If we find the murderer, we’ll be able to find a way to investigate the successor!”

“But it’s easier said than done!” Lee Bencheng pointed at Zhao Yu’s notebook and said, “what should we do next?”

“““First of all,”” Zhao Yu said,””we need to know how many similar cases have occurred in total. The details of each case, time, location, and characteristics ...”

“““Only by understanding this can we trace the murderer’s tracks back then and search for this person ...”””

“““Impossible!”” Lee Bencheng immediately said,””if it happened recently, we can investigate it through the immigration information.”

“““But that was more than 20 years ago. At that time, the information was not even online. Even if we know his whereabouts, we can’t find him!”””

“““At least ... We can figure out which country he is from, right? “”And ...”” Zhao Yu continued,””the sunflower, the left ear ... All of these are revealing information about Van Gogh. The murderer might not necessarily be a rich man, but an artist, right?”””

“““Oh?”” Upon hearing this, Lee Bencheng’s eyes lit up,””you mean, the murderer is a painter? He used the opportunity of holding or attending an art exhibition to commit these crimes?”””

“““Why isn’t there such a possibility?”” Zhao Yu said,””we just need to check the time of the International Art Exhibition, which matches the murderer’s track. Then, wouldn’t the murderer be easily exposed?”””

“““Um ... Um ...”” Lee Bencheng thought for a moment and said,””if it’s so easy, why did the successor ask you to investigate? He should have found the murderer long ago, right?”””

“““I don’t know,”” Zhao Yu said, his eyes deep.””Maybe the successor has other purposes for letting us solve the case?”””

Chapter 2623: you know her?

“““ ”

“In the video, there was an old woman with red and swollen eyes, crying pitifully. ”

“She was the mother of the victim, Xie Xiaojun. ”

“““Grandma, don’t be sad ...”” The female police officer in charge of the questioning asked.””I want to ask you a few questions about Xie Xiaojun’s disappearance. I hope you can help us find the murderer as soon as possible ...”” ”

“““Yes, Mom,”” a man in his forties said.””At least you know where my sister is. Don’t be sad ...”” ”

The man was Xie Xiaojun’s younger brother.

“““Okay, go ahead and ask,”” the old lady said.””I’ll tell you everything I know ...”” ”

“““Was Xie Xiaojun on her way home from work on the day she went missing? At that time, did she have a companion or a boyfriend?”” The female police officer asked. ”

“““No, Xiaojun has a few good friends, but they’re all going in different directions. Sigh ...”” The old lady sighed.””The factory gets off work so late every day after Ten o’ clock. The factory has to take responsibility for Xiaojun’s disappearance!”” ”

“““We haven’t found a boyfriend yet,”” the old lady said.””At that time, Xiaojun had just started working. Her father and I wanted to wait for her to settle down before we found her a boyfriend! ”

“““Xiaojun is so pretty, but we’re not sincere enough. We’ve always hoped that she would marry into a good family. If I had found her a partner back then, perhaps she would be fine!”” ”

“““How far is the factory from where she lived?”” The female police officer asked again. ”

“““This is also the factory’s responsibility!”” The old lady said angrily,””their factory has a dormitory, but they require the employees to work for half a year before they can apply for a dormitory. ”

“““At that time, Xiaojun could only stay at her second aunt’s house. Her second aunt lived in the city, and it would take a long time to get there after work at night! ”

“““That’s why we specially bought Xiaojun a small motorcycle. Even so, it still takes more than half an hour to get there every day ... ”

“““I have to walk at night, which is why I’ve been targeted by the bad guys, sigh ...”” ”

“““Old lady,”” at this time, the police officer opened Zhang Fengyi’s photo and asked,””take a closer look. Do you know this person?”” ”

“““Oh?”” The old lady hurriedly put on her glasses, but after looking at it for a long time, she still shook her head and denied it. “““I’ve never seen it before!”” ”

“““Then ...”” The female police officer asked again,””how were Xiaojun’s interpersonal relationships back then? Did you have any enmity with anyone?”” ”

“““No, no. The police officer asked us that year. Our Xiaojun was an honest child, and she never caused any trouble ...”” The old lady said anxiously.””Although a few female workers in the factory may be jealous of her beauty, they couldn’t, couldn’t just kill her, right?”” ”

“““Police officer,”” Xie Xiaojun’s brother said to the female police officer,””I hope the police can give us Justice and arrest my sister’s murderer!”” ”

“““Mm ...”” The female police officer pondered for a moment. She had no choice but to take out Zhang Shixiong and Zhang Qile’s photos for them to identify. However, they also didn’t know the two of them. ”

“Miao Ying motioned for Zeng ke to turn off the big screen, and then they began a new round of case analysis. ”

“““Team leader Miao,”” Captain Shao said,””so far, we have only found Xie Xiaojun’s identity. The other victims have yet to be confirmed. ”

“““But we’ll speed up. We’ll probably find it soon ...”” ”

""Sister Miao,"" cui Lizhu reminded her, ""do you remember the victims in Peter's case? The victims were all prostitutes, but this Xie Xiaojun didn't look like one! "

""Although she's pretty, she's a factory worker, after all. She's different from other women!"" "

""I've checked the location where Xie Xiaojun went missing in detail,"" Captain Shao repeated. ""The shampoo plant was quite far from the road to success. If it were today, it would take an hour! "

""Back then, it would have been longer, and the path wouldn't have been as easy as it is today ..."" "

""Yeah,"" Miao Ying pondered and said, ""it's such a long distance, and Zhang Fengyi is a patient. Could she really come all the way here and kidnap a female worker so easily?"" "

""Why didn't she find a closer place? "

""Also, she didn't have a driver's license, nor a car, and she didn't know how to drive,"" Miao Ying continued. ""How did she transport the victims?"" "

""Right!"" Cui Lizhu clapped her hands. ""Either Zhang Fengyi and Xie Xiaojun know each other, or it's a surprise!"" Or, Zhang Fengyi has an accomplice!"" "

""I think ..."" Miao Ying analyzed. ""The possibility of them knowing each other is not very high. After all, Xie Xiaojun disappeared on her way home from work!"" "

""If it was Zhang Fengyi who tricked her into coming to her own home, she would definitely leave some clues ..."" "

""Hu ..."" Cui Lizhu took a deep breath and said, ""it's a pity that Zhang Fengyi is no longer around. How should we investigate to find out if she had an accomplice?"" "

""You said that Zhang Fengyi was also a standard beauty. She was working for a foreign company at that time, so she was considered a white collar,"" cui Lizhu guessed. ""Could it be that she was secretly in love with a young man?"" "

""Should we continue to interrogate Zhang Shixiong's parents? ""Or ..."" Cui Lizhu suggested, ""let's talk to the old colleague who beat up Zhang Fengyi?"" There should still be some alive, right?"" "

""Mm ..."" Miao Ying nodded and said, ""since you suggested it, then as usual, you'll be in charge of interpersonal relationships! "

""You have to present the most real Zhang Fengyi to us!"" "

""Alright, I promise to complete the task!"" Cui Lizhu saluted with confidence. "

""And ..."" Captain Shao said, ""we have to go to Zhang Shixiong's parents' house and search it carefully again to see if we can find any clues from Zhang Fengyi's belongings."" "

""Well, I've already asked Ran Tao to handle it!"" Miao Ying said, ""he's now leading the forensics team to search in detail! "

""As for Zhang Shixiong himself and his parents, Wu Xiumin is also in charge of the interrogation. Maybe we will get more detailed information soon!"" "

“““Yes,”” cui Lizhu said. ““Show them Xie Xiaojun’s photo and see if they know each other ...”” ”

“““Okay,”” Miao Ying said. ““Then, let’s all do our jobs! Once the new victim’s identity is confirmed, report to me immediately!”” ”

“Then, Miao Ying took her belongings and was about to leave the office. ”

“““Sister Miao, where are you going?”” Cui Lizhu asked. ”

“““I’m going to see sis Wu’s interrogation,”” Miao Ying said. ““I have a feeling that Zhang Shixiong’s parents might know a lot more!”” ”

“““Oh,”” cui Lizhu nodded, ““then I won’t go with you!”” I’m going to find Zhang Fengyi’s old friend now ...”” ”

“““Okay,”” Miao Ying nodded, then reminded him, ““bring more people and be careful!”” ”

“After that, Miao Ying left the office and went to the interrogation room where Zhang Shixiong’s parents were. ”

“At this time, Miao Ying didn’t need to eavesdrop behind the one-way glass. She pushed the door open and walked into the interrogation room, coming to the old couple’s side. ”

“At this moment, Zhang Shixiong’s father clarified with a pale face, ““““No, we really haven’t met before. My sister is very close to any man!”” ”

“““Yes, yes,”” mother Zhang agreed. ““We usually see girls the most, we’ve never seen a man!”” ”

“““Besides, in that era, people were very reserved, not as open as they are now ...”” ”

“““Then ...”” Wu Xiumin asked, ““can you give us some information about a few of Zhang Fengyi’s female companions?”” ”

“““Oh ... This ...”” Mr. Zhang said awkwardly, ““we saw it, and maybe we can recognize it, but we can’t remember the name!”” ”

“““Then ...”” Wu Xiumin picked up Xie Xiaojun’s photo and asked, ““have you seen this girl before?”” ”

“““Oh?”” The two elders looked at it carefully and shook their heads. ”

“““Think about it carefully,”” Wu Xiumin reminded him. ““She’s a female worker at the shampoo plant. Have you really never seen her before?”” ”

“““Oh? A hair washing plant?”” Zhang Heng’s mother asked curiously, ““is it the water treatment plant at xinhuwan?”” ”

Eh?

“Hearing what Zhang Ci’s mother said, Miao Ying’s interest was piqued. ”

“Yokohama, Japan, cliff, seaside. ”

“It was drizzling in the air, and although it was already Midsummer, the air was still cold. ”

“““Let’s do this!”” Lee Bencheng pointed at the female Assassin’s sportswear and said,““take this as my gift to you. Kai le sportswear is considered a famous brand here!”” ”

“““You guys ...”” The female assassin first looked at the sea, then turned back to look at Lee Bencheng and Zhao Yu.““Will you really let me go?”” ”

“““What else?”” Lee Bencheng said frivolously,““do we still need a kiss to say goodbye?”” ”

“““I ... What if I don’t leave?”” The female assassin didn’t play by the rules. ”

“““Don’t force us to change our minds.”” Lee Bencheng took out a Switchblade.““This is a good place to dump corpses!”” ”

“““But you still don’t know my name ...”” The female assassin continued,““don’t you want to know, or is it meaningless to you?”” ”

“““Get lost!”” Lee Bencheng only said one word. ”

“““Old Li, you’re really a loser,”” Zhao Yu pretended to be a good person and said to the female assassin,““miss, let me introduce myself. My name is Zhao Yu, the world-famous detective!”” ”

“““May I know your name? Where did he come from? Do you mind adding me as a WeChat friend?”” ”

“““Tsk, you’re crazy!”” The female assassin glared at Zhao Yu, then turned around and left. ”

“““Old Li,”” Zhao Yu immediately switched the real-time translator to the Korean channel and urged li Bencheng,““this woman still has a lot of things to say! ”

“““If she doesn’t want to leave, can’t you just take her in? ”

“““Also, you should at least know his name, right?”” ”

“““...”” Lee Bencheng’s face was dark as he reminded,““perverted agents don’t live long, this is the rule within our industry! ”

“““Do you really think that she wants to stay because she wants to join us?”” ”

“““Mm ... Oh ...”” Zhao Yu naturally understood, so he could only nod helplessly. ”

“““By the way,”” the female assassin suddenly turned around and asked Zhao Yu,““detective, I have something to ask. Did you really kill the Dragon King?”” ”

“““Mm ...”” Zhao Yu and Li Bencheng looked at each other and asked,““miss, after the Dragon King and his men died, does the Yaksha really have no one to take over?”” ”

“““Phew ...”” The female assassin let out a heavy breath, and her eyes revealed a fierce light.““Detective, I’ll remember you!”” Just you wait, if you don’t kill me today, you’ll regret it! One day ...”” ”

“Mm ...” Zhao Yu thought for a moment, then immediately raised his pistol and shouted, “alright, I’ve changed my mind!” I’ll kill you now to avoid any future trouble, okay?”

“...” Li Bencheng was speechless as he wiped his sweat ... ”

“Alright!” However, the female Assassin’s expression didn’t change and her heart didn’t beat faster. She actually stood still facing the muzzle of the gun. ”

“Mm ...” Zhao Yu hesitated for a moment, but still put the gun away. “I’m just joking. I’m a man of my word. If I say I’ll let you go, then I’ll let you go. If I don’t, then I’ll let you go. You can go!”

“Remember to tell me when you want to kill me so that I can make preparations ...”

“...” Lee Bencheng started to scratch his head. However, scratching his head did not vent his anger, so he started to pull his hair again ... ”

“I don’t know who the successor is,” the female assassin suddenly said, “but he cares a lot about Xi Wei’s daughter!”

“He was the one who gave us a death order regarding the Kun Yang incident. It was precisely because we screwed up that he decided to purge us ... ”

“Don’t worry, detective. I know who my enemy is. We’ll meet again!”

“This time, the female assassin really left without looking back ... ”

“After watching the female assassin leave, Lee Bencheng walked to Zhao Yu’s side and said, “Just like the Dragon King, they only have code names but no names. Her code name is cicada. I’m really looking forward to seeing if this name will become famous in the assassin world in the future!”

“Cicadas?” Zhao Yu smiled faintly, “this code name is not good. It sounds like you’ll have a short life!”

“Zhao Yu,” Lee Bencheng said leisurely, “I realized that we have something in common, and that is, we are kind! In fact, this is also a taboo in the Secret Service industry!”

“A man can’t stand without his word. A man is indomitable and benevolent. How can you be like an animal?” Zhao Yu sighed. “What’s more, I used to be an investigator. If I killed people randomly, how different would I be from those murderers?”

“But it’s good to let her go,” Lee Bencheng smiled shrewdly, “at least it will leave a problem for the successor!”

“Well ...” Zhao Yu turned to the sea and looked at the raging waves in the distance. He said, “old Li, have you heard about the black eye case after your death?”

“Back then, pan Tian GUI Qi jumped off the cliff from here! I didn’t expect to be there ...”

“You already said that I was already dead at that time. How could I have heard of it? “But ...” Lee Bencheng said, “I know about pangtian Takumi. He’s very obsessed with the black eye case, and I’ve heard him talk about it many times!”

“““Yeah,”” Zhao Yu smiled,““you know, pan Tian GUI Qi is not the real murderer of the black eye case, right?”” ”

“““Ah? What?”” Lee Bencheng didn’t know the whole story of the Seoul black eye case, so Zhao Yu’s words immediately piqued his curiosity.““Pan Tian GUI Qi, he’s not the real murderer? What’s going on? could it be that he didn’t die when he jumped off the cliff?”” ”

“““No, he’s dead, but the situation is far more complicated than people can imagine!”” So, Zhao Yu told Korea Bencheng the story of the black pupil case. ”

“The sea breeze blew and the light rain hit his face, but Lee Bencheng was already fascinated by the sound. ”

“““I didn’t expect there to be such a case ...”” After listening, Lee Bencheng said in surprise,““the resentment of women is really immeasurable!” ”

“““If Tani zhaochiro was still alive, he would definitely have shocked you!”” ”

“““So,”” Zhao Yu said,““I have a good relationship with Masako Yangshan, and she is also Gu Zhao’s disciple!” ”

“““She has a lot of case information in her hands. So, I want her to help me look for other similar cases in other countries!”” ”

“““MMM...But ...”” Li Bencheng said,““just now, the female assassin mentioned Xi Wei’s daughter and Kun Yang. What’s going on?”” ”

“““Oh,”” Zhao Yu simply told her about the attack they had suffered in Kunyang. Then, he said,““the female Assassin’s words also prove that those assassins were all Yaksha’s men!”” ”

“““But,”” Lee Bencheng asked again,““from what you’re saying, the car crashed into Xi menna, so ... Their goal is obvious, they want Xi menna’s life, right?”” ”

“““Yes,”” Zhao Yu said.““Londee was once imprisoned by Xi Wei for six years. Now that londee is dead, the successor would naturally have to avenge him, right?”” ”

“““Oh? Is that so?”” Who knew that a big question mark would appear on Lee Bencheng’s face. ”

“““What’s wrong?”” Zhao Yu was confused. ”

“““Isn’t the successor a little too anxious?”” Lee Bencheng said,““did you forget that I was caught by the successor at londee’s house? At that time, londee’s family was all killed by the inheritor!”” ”

“““Mm ...”” Zhao Yu was slightly stunned.““Yeah? Londee’s family was killed, and they even framed you for it, but you’re still alive and well, so ... Why are they so desperate to kill Xi menna?”” ”

“““Xi Wei’s daughter ...”” Lee Bencheng guessed,““does she know some secret?!”” Could it be that ... She knows who the successor Qianqian is?”” ”

Chapter 2625: What’s unusual?

““““What’s wrong?”” Wu Xiumin’s sense of smell was very sharp, and she immediately asked,””do you know that hair washing plant?”” ”

““““Mm ...”” ”

“Zhang Shixiong’s mother was about to open her mouth, but Zhang Shixiong’s father suddenly stopped her and said,””In that era, there was only one hair washing plant in Yunzhou! What ... What was his name again? What do you mean?”” ”

““““Mm ...”” Zhang Ci’s mother quickly said,””yes, yes, I only remember the word Lu!”” Maybe it’s the rain dew card or the morning dew card?”” ”

““““You must be joking!”” Wu Xiumin asked seriously,””how did you know that the location of the hair washing plant is in Xin Huwan?”” ”

““““Yeah.”” An assistant also noticed the problem.””What are you trying to hide after such a big thing has happened?”” ”

““““Um ... This ...”” At this time, the old couple stopped talking, and their faces became extremely gloomy and ugly. ”

““““Ahem ...”” Miao Ying saw the problem and immediately coughed, then gave Wu Xiumin a look. ”

Wu Xiumin reacted quickly and immediately understood what Miao Ying meant.

“Hence, she said to the assistant,””““Little Zhang, we’ve been asking for so long, and Auntie and uncle are already thirsty. Can you bring uncle to the office to drink some water first?”” ”

““““Um ... I’m not thirsty, not thirsty ...”” Hearing this, Zhang Shixiong’s father became extremely unnatural. ”

““““It’s okay. After asking you for so long, you should go to the bathroom, smoke a cigarette, and take a break! Little Zhang, bring uncle over for a moment!”” ”

““““Oh, okay!”” Xiao Zhang also understood tacitly and immediately made a gesture to see the guest out.””Please!”” ”

“Zhang Ci’s father had no choice but to get up and leave. However, as he was leaving, he secretly gave Zhang Ci’s mother a look. ”

“However, he used too much force, and before Zhang Ci’s mother could see it clearly, Miao Ying and the others were looking at him. ”

“This time, no one had any more doubts. The old couple must be hiding something. ”

Xiao Zhang was more tactful. He immediately sped up and led Mr. Zhang out.

“As soon as Mr. Zhang went out, Mrs. Zhang’s face became even gloomier. She nervously pinched her fingers, and it was obvious that she was uneasy and uneasy. ”

““““Auntie,”” Wu Xiumin said.””You don’t have to be nervous. You just have to tell us what you know!”” ”

“““Police officer ...”” Mrs. Zhang asked in a trembling voice, ““my boss is here, so I didn’t dare to ask. Are you suspecting that our Fengyi ... Fengyi ... Um ... She ...”” ”

“““That’s right,”” Miao Ying said. ““The truth is obvious. In Zhang Fengyi’s basement, seven women’s bodies were dug up. Do you think we would suspect Zhang Fengyi?”” ”

“““How ... How did this happen?”” Mrs. Zhang trembled as she said, ““Fengyi is a little arrogant, but she killed someone. That’s murder!”” ”

“““Aunty,”” Miao Ying asked, ““don’t worry about that. We just want to know why you know so much about the Xin Hu Bay hair washing plant.”” ”

“““Understand? I don’t really understand him, do I? We just said that ... Um ... That factory is more famous ...”” ”

Bang!

“Suddenly, Miao Ying slammed the table, causing Mrs. Zhang to tremble in fear. ”

“““No matter how famous the factory is, it’s impossible for you to give us the address clearly,”” Miao Ying said sternly. ““Tell me, what happened?”” ”

“““This ... I ... I ... Um ...”” Zhang Ci’s mother was obviously not a scheming person. When Miao Ying shouted at her, she suddenly lost her composure and muttered, ““my father-in-law ... My father-in-law ...”” ”

Ah?

Oh ...

“After hearing the words ““my father-in-law,”” Miao Ying and Wu Xiumin suddenly realized that although Zhang Shixiong’s family was not very big, he had grandparents! ”

“““Your father-in-law ... What’s wrong?”” Wu Xiumin quickly asked, ““does he work at the shampoo plant?”” ”

“““Delivery ... Delivery man, driver!”” Zhang Heng’s mother trembled as she said, ““my father-in-law was delivering goods to that shampoo plant ... So, we know. When we first got married, we even went to help ...”” ”

“Hearing this news, Miao Ying’s eyes widened again. It was highly possible that she had found Zhang Fengyi’s accomplice! ”

“““The bathtub!”” Miao Ying said, ““the bathtub in Zhang Fengyi’s house was installed after she was sick! Who filled the bathtub for her?”” ”

“““This ... Um ...”” Zhang Ci’s mother was silent, but her face was getting paler and paler. ”

“““Zhang Fengyi said that there was a foul smell in the wine cellar. Who was it that helped her seal it?”” Miao Ying asked again. ”

“““This ...”” Mother Zhang still couldn’t speak. ”

“At the same time, Wu Xiumin had already found some information from the case database, and immediately showed it to Miao Ying. ”

“Zhang Shixiong’s grandfather was called Zhang Tingshan. He used to be a sailor, a construction worker, and a truck driver! ”

He passed away in 2002 when he was 74 years old ...

“When the female worker of the shampoo plant went missing, Zhang Tingshan happened to be delivering goods to the shampoo plant. ”

“And that year, Zhang Fengyi had been seriously ill for many years. ”

Zhang Tingshan was only 61 years old that year ...

“All of this couldn’t be a coincidence, right? ”

“”””Auntie ...”” ”

Wu Xiumin began to analyze the situation and reason with mother Zhang.

“Finally, after more than 40 minutes, Zhang Ci’s mother could no longer withstand the huge pressure. She cried and said,””””You’re right, that bathtub was installed by my father-in-law for Zhang Fengyi! ”

“”””Back then, bathtubs were still luxury goods. They weren’t particularly easy to buy, so they must’ve cost a lot. I even complained about it behind my back ...”” ”

“”””Which year?”” ”””Which year was the bathtub installed?”” ” Miao Ying asked. ”

“”””Well ...”” ” Zhang Fengyi’s mother recalled,”””it was one or two years after Zhang Fengyi was found to have a blood disease. It’s about 1986 or 1987 ...”” ”

86?87.....

“Miao Ying recalled that the red bathtub case committed by Peter was between 1980 and 1982, with a gap of more than four years ... ”

“”””Then ...”” ” Wu Xiumin asked again,”””which year did Zhang Fengyi get her blood disease? 1984?”” ”

“”””Um ... Yes, it should be in 1984 ...”” ” Mother Zhang said.”””It was her best age, really ...”” ”

“She wanted to say “””what a pity,”” ” but when she thought of the seven bodies, she didn’t know what to say. ”

“”””Old man,”” ” Miao Ying asked,”””do you really love Zhang Fengyi?”” ”

“”””Of course. She’s already living in the house. What do you guys think?”” ” Mrs. Zhang said,”””he dotes on her so much. Moreover, Fengyi has always been their pride and they often show off in front of others ...”” ”

“Wu Xiumin then asked,”””what about the wine cellar?”” ”

“”””I don’t know about that!”” ” Zhang Heng’s mother shook her head and said,”””you can ask Shixiong’s father. He should know, right? ”””From what I remember, I rarely go to Zhang Fengyi’s place. This is a

common problem between a wife and sister-in-law. Now that I've given the house to her, of course I'd feel uncomfortable ...” ”

“““But, Shixiong's father is an honest man,”” mother Zhang said.””I just complained a little, and that's all. He's still okay with it!”” ”

“““Auntie,”” Miao Ying asked,””do you have any special thoughts about this sister-in-law? Can you tell us about it?”” ”

“““Opinion? ““Well ... Maybe I shouldn't say this, but ...”” Mother Zhang said,””my sister-in-law is a little arrogant, and she's not so easy-going when she talks and does things. She's more ... More according to her own personality!”” ”

“““However, this is only a small part. Overall, she's a pretty good person ...”” ”

“““No, I'm not asking about that,”” Miao Ying said.””I mean, did she believe anything? Is there anything unusual about this?”” ”

“““Ah?”” Upon hearing this question, Zhang Ci's mother trembled again and collapsed on the chair ... ”

Chapter 2626: blood sacrifice

Whoosh ...

Yokohama F. Marinos Stadium was filled with people. They were watching a National Football League match. There were more than 20000 people in the stadium. They were cheering like a tsunami and the atmosphere was magnificent ...

“In the corner of the stadium, Masako Yangshan was showing Zhao Yu a document.”

“““Here,”” Masako introduced,””I got this with a lot of connections and some money! Similar cases had happened in City M in 1994, New York and Amsterdam in 1993!”

“““Because of the long history, it was not easy to find detailed information. But in these cases, the victims were all young women, and their left ears were cut off by the murderer after their deaths ...”””

“““Hmm ...”” The information was all in English, so Zhao Yu couldn't understand it himself. He then said,””so, including Bangkok, New Delhi, Tokyo, Hancheng, and Toronto ...”

“““If the murderer is the same person, then this left-ear killer killed at least eight girls in just five years. He's another F * cking devil!”””

“““Yeah,”” Masako said.””We still don't know if there have been similar cases in other cities or at other times. It might be more than eight!”””

“““Toronto, Bangkok New Delhi ...”” Zhao Yu pondered for a moment, then asked,””other than the capital, it's either an international city or a big one. Did this murderer specifically pick them?”””

“““Detective Zhao,”” Masako asked in surprise,“““I’ve always wanted to ask, has there been a similar case in your country?””

“““You can focus on the capital, Shanghai, Yunzhou, and other international metropolises ...”””

“““Mm ...”” Zhao Yu nodded and said,“““I’ve already asked, but the case is too complicated, so we’re still investigating ...”””

Whoosh ...

“Because a goal had been scored on the court, the stadium was filled with thunderous cheers and the atmosphere was explosive.”

“““Let’s reorganize our thoughts,”” Zhao Yu said as he opened his notebook.””Thirty years ago, there was an assassin who, before reaching a big city, targeted a young woman. He killed her, then cut off the victim’s ear ...”

“““Furthermore, there are no signs of violation. It was only to kill and cut off ears ...””

“““Then ... Why did he do that?”””

“““Perverted ...”” Masako said.””What else can be explained? “““Besides, I’m optimistic about your thinking. The murderer is very likely to be an artist, and Van Gogh is his idol!””

“““So, we just need to check which art exhibitions were held in these cities back then, and we might be able to find out who the murderer is!”””

“““But ...”” Zhao Yu frowned.””Why do I feel like things aren’t that simple?”””

“““Why do you have to make it complicated?”” Masako retorted,””the murderer committed a crime every time he arrived in a city, but because he entered the country at the last minute and left very quickly, it was difficult for the police to investigate in that era when technology was undeveloped!””

“““And because of the lack of information, it’s difficult for people to think that this is a shocking international serial murder case!”””

“““Wait ...”” Suddenly, Zhao Yu thought of something. He opened the notebook and said,””I remember that at the scene of Xinjia’s murder in Ping Cheng, there were traces of burnt charcoal and white candles, right?”””

“““That’s right,”” Masako said.””In addition to these, we also found some burnt confetti. The murderer must have held some kind of ceremony at the scene!”””

“““A ... A sacrificial ceremony?”” he asked. Zhao Yu pondered for a moment, then asked,””what did he want to express?”””

“““I don’t know about that, but,”” Masako said,””killing a girl in every city, I can guarantee that the victim and the murderer don’t know each other!”””

“““Of course,”” Zhao Yu said.””I’ve read the previous report. The victims were all killed because they were out alone at night. So, the murderer must have chosen the victims randomly!””

““““But, he held a ritual at the scene of the murder, and even burned charcoal and lit candles. This obviously doesn’t make sense ...””””

““““Oh, it really is!”” Masako understood what Zhao Yu meant.””“If you kill people in the middle of the night, wouldn’t burning charcoal and lighting candles be easier for people to find out?””””

““““Also, the victim’s hands were all cut,”” Zhao Yu said.””“He obviously wanted to drain the victim’s blood, so he did it like he was holding a ceremony!””””

““““A blood sacrifice? ””“I ... I’ll look into it later,”” Masako said.””“I’ll see if there are any evil religious secret techniques in the world that are related to the sacrifice of blood?””””

““““Masako, how about this!”” Zhao Yu said,””“for the time being, we will continue to investigate according to my previous line of thought. It’s not easy for us to investigate other countries, but can you help me find out what kind of art exhibition was being held Tokyo during the time when Xinjia of Ping Cheng was killed?””””

““““Oh ... That’s a good idea! ””“But ...”” Masako said,””“after all, it’s been a long time, and I can’t guarantee that I’ll be able to find it!””””

““““It doesn’t matter,”” Zhao Yu said.””“The victim’s left ear was missing. I think that the murderer took it away as a souvenir!”

““““But, isn’t it dangerous to bring someone’s ear through customs?””””

““““Mm ...”” Masako tried her best to keep up with Zhao Yu’s thoughts.””“So, you’re saying that the murderer isn’t worried that his ears would be discovered?””””

““““Right!”” Zhao Yu said,””“I heard that in that era, some high-level art pieces didn’t need to go through security checks. Do you think the murderer took advantage of this?””””

““““Oh ...”” Masako finally understood what Zhao Yu meant.””“You’re saying that the art exhibition that is related to the case must be the kind that is not small in scale, right?””””

““““Right!”” Zhao Yu nodded and said,””“you should be able to find out about such an exhibition, right?””””

““““Ahem!”” Masako nodded vigorously.””“Zhao sang, leave this to me!””“I’m so excited! If we can find the art exhibition, we might be able to find the murderer!”

““““If we can find the murderer, we can solve the sunflower case, and at the same time, solve a major case in the world.”

““““I can even publish a book, oh no, a series of books, called ‘blood sacrifice’ or ‘Lady Killer of the big city’. It will definitely earn enough eyeballs, wow ...””””

““““Seeing Zhao Yu wiping his sweat, Masako realized her situation and quickly explained awkwardly,””””“Hehehe, I’m sorry, I was too excited!”

““““Great detective Zhao, from the moment we met in Seoul I knew that you were My Lucky Star. I believed that we could definitely find this international killer! Don’t worry!””””

“After that, Masako bowed happily again, then said goodbye to Zhao Yu and turned to leave the stadium stands.”

“At this moment, the football game was nearing its end. The players were all struggling on the field, and the audience in the stands were in high spirits and even started singing ...”

“After Masako walked away, Lee Bencheng appeared like a ghost.”

“”How is it?”” Zhao Yu didn’t even look at him, but asked casually, “”no one is following us, right?”””

“”Yes,”” Lee Bencheng nodded and said, “”we are safe! However, I have some bad news for you ...”””

“”What?”” This time, Zhao Yu had no choice but to look at Li Bencheng in the eye, “”what’s wrong?”””

“”I’ve already checked the art exhibition you mentioned!”” Lee Bencheng grabbed a handful of popcorn and said, “”during the time when Xinjia of Ping Cheng was killed, there was no high-level exhibition Tokyo ...”””

Chapter 2627: -secret technique

“”Zhang Fengyi ... Did believe in something,”” mother Zhang recalled.””It seems to be some kind of ancient secret skill, we have never heard of it ... But ...”” ”

“Zhang Ci’s mother had an awkward expression on her face. She even looked back, clearly afraid of her husband. ”

“”It’s okay, Auntie. Just say whatever you think of,”” Wu Xiumin reminded her.””What did you just say?”” ”

“”However, the person who believes in this secret technique is not Zhang Fengyi, but my eunuch!”” Zhang Ci’s mother said, “”my father-in-law was the first to learn it. Later on, he brought Zhang Fengyi along! ”

“”I heard that my father-in-law learned it when he was sailing. It’s like a branch of Buddhism or Taoism, but it’s very mysterious. Sometimes, he would cut his finger and let out some blood ...”” ”

“”Oh?”” Miao Ying was surprised.””Does this secret technique have a name?”” ”

“”Yes, but I don’t know.”” Zhang Heng’s mother turned her head again.””My old man might know, but if he knew what I said, he would definitely be angry! ”

“”My sister-in-law and father-in-law are no longer alive. It doesn’t seem very good for me to talk about them like this!”” ”

“”But you’re telling the truth!”” Miao Ying said, “”Auntie, we need to know the truth! Do you still remember anything? For example, the specific details, what do they believe in, and so on?”” ”

“Well ...” Zhang Ci’s mother said. “When I first lived with my in-laws, I often saw him setting up altars and kowtowing. On the altar, there was a fierce-looking god statue, which looked a bit like the King of Hell or some big or small ghost ...”

“So, at that time, I thought that he believed in Taoism! But later, I realized that something was wrong ...” Mother Zhang said. “When he chanted the spell, he often chanted the word ‘venerable’, such as God venerable, celestial venerable, spiritual venerable, God venerable, and so on ...”

“As you know, I’m an educator. Although I teach children, I’m naturally against such superstitious things ...”

“However, we didn’t get together for long. Shixiong’s father and I bought a house in the flat peach District and we separated ...”

“Then ...” Wu Xiumin asked, “how did you know that Zhang Fengyi also believed in it?”

“Well ...” Zhang Ci’s mother said, “I didn’t say that. Shixiong’s father said that!”

“His father said that once, when he was delivering something to Zhang Fengyi, he saw some sacrificial items and statues in her house. So, he suspected that Zhang Fengyi was also learning the Dao from his father-in-law!”

Tsk tsk ...

“After hearing what Mrs. Zhang said, Miao Ying couldn’t help but frown and Exchange a look with Wu Xiumin.”

“If what Zhang Fengyi and her father believed in was some unknown foreign secret art, especially an African secret art, then it would naturally match the red bathtub case.”

“However, spiritual venerable and celestial venerable seemed to only exist in the mainland, right?”

Then ... Could the local secret Arts that they believed in be the reason for their murder?

Clang clang clang ...

“At this moment, someone knocked on the door of the interrogation room.”

“Miao Ying thought that Zhang Shixiong’s father had been brought back, so she went to open the door.”

“However, to his surprise, Zhang Peipei, the forensic doctor, appeared in front of him after he opened the door.”

“Oh?” Miao Ying was confused. “Why? is there any new information?”

“No.” Zhang Peipei raised her cell phone. “Someone is looking for you. I don’t understand why they called me!”

“Oh?” Miao Ying was even more confused, but she still took the phone and greeted him.”

“MeowMeow, it’s me.” A familiar voice came from the phone. “How is it? are you investigating another case?”

“““I’ve really seen a living ghost!”” Miao Ying’s eyes widened and she scolded him, ““you bastard! How can you be so irresponsible?”” ”

Miao Ying quickly went to the corridor and found a corner to talk. Zhang Peipei also left the corridor.

Miao Ying had never expected that the call would be from Zhao Yu!

“““Calm down, calm down!”” Zhao Yu was good at silencing people, so before miss Miao could fly into a rage, he praised her, ““the person who understands me the most in the world is you! ”

“““I knew you would support me! ”

“““Even if we have to do it again, you’ll still support me without hesitation, right?”” ”

“““Support your sister! Support your sister!”” Miss Miao was still unable to hide her anger. ““You better get back here obediently. Otherwise, I’m going to flip out!”” ”

“““Don ‘t, don’ t, don ‘t.”” Zhao Yu’s plan failed, and he came up with another plan. He said righteously, ““you should know that I’m doing this for the national interest, to turn from passive to active, to save...To save...Mm ...”” ”

“““What’s wrong? Did you forget to write a draft? ““Alright,”” Miao Ying said, then asked with concern, ““Zhao Yu, did you do anything to Hawaii?”” ”

“““Um ... Well ...”” Zhao Yu said. ““Doing good deeds without leaving your name ...”” ”

“““Go to hell!”” Miao Ying complained, ““since they’ve already rescued him, why didn’t he come back?”” ”

“““No, the game has just begun,”” Zhao Yu said. ““You don’t know how serious the situation is right now. The new guy is quite difficult to deal with. Even I, Zhao Yu, have to put in some effort to deal with him. Wahahaha ...”” ”

“““Again,”” Miao Ying said. ““If that’s the case, why are you calling me now?”” ”

“““MeowMeow,”” Zhao Yu immediately stopped his mischievousness and said seriously, ““help me investigate if there were any unsolved cases in the big cities in the 1990s. ”

“““The victim was a young girl. Her left ear was cut off after her death ...”” ”

“““Oh?”” Miao Ying was surprised. ““You ... Didn’t you go to find clues about the successor? Why are you investigating a case again? What the hell are you doing?”” ”

“““A child without a mother, it’s a long story,”” Zhao Yu said. ““I’ll explain everything to you slowly later! But the most important thing right now is that I really want to know if such a case has ever happened in our country!”” ”

“““So,”” Miao Ying raised her eyebrows and asked, ““isn’t this a case?”” You’re solving an international serial murder case?”” ”

“““Right, you’re smart! ““That’s my woman,”” Zhao Yu praised.”“Since 1990, someone has been killing people in every big city. He only killed one person in each city. I don’t even know how many people he has killed!”” ”

“““Which ... Which cities?”” Miao Ying asked. ”

“““There are a lot of cases in Tokyo, Hancheng Bangkok New York Amsterdam, and so on. There are cases in Asia, Europe, and America,”” Zhao Yu said.”“And this case seems to be related to the successor!”” ”

“““Oh? Is that so?”” Miao Ying thought for a moment, then asked,”“then, can you be more specific? So I can go and find it!”” ”

“““Mm ... Sometimes, there were sunflowers at the scene,”” Zhao Yu said.”“Because the victims all had their left ears cut off, some people call this case the Van Gogh case, or the sunflower case, or the left ear case ...”” ”

“““Oh ...”” Miao Ying asked again,”“then, how did he die?”” ”

“““Her arteries were cut, and she lost too much blood,”” Zhao Yu said.”“There are X-shaped wounds on both her wrists ...”” ”

“““Oh ...”” Miao Ying nodded and memorized it in her heart. But after two seconds, she suddenly remembered and asked loudly,”“what ... What did you say? Say that again ...”” ”

“Zhao Yu, who didn’t know what was going on, repeated it again. ”

“““Then ...”” Miao Ying asked,”“at the crime scene, were there any charcoal powder or burnt white candles?”” ”

“““Eh?”” This time, it was Zhao Yu’s turn to be surprised.”“How ... How did you know?!”” ”

Chapter 2628: coincidence?

“““It’s over, it’s over ...”” In a safe house in Tokyo, Zhao Yu scratched his head and said,”“the case is troublesome, oh no, it has mutated!”

“““Old Li, how can there be such a coincidence in the world?”

“““We’re working on the left ear case, and my wife is working on the same case? Oh, no, it can’t be considered exactly the same ...”””

“““I’m very curious ...”” Li Bencheng said seriously,”“how can a fearless detective be so out of his wits?”

“““You’ve seen so many strange cases, so why are you still so surprised?”

“““What’s wrong with this case?”””

“““My MeowMeow said that in the 1980s and 1990s, there was a red bathtub case in Yunzhou that involved a bathtub!”

“““The victims were also young women, and they were all killed by X-shaped wounds on their wrists ...”““

“““Red bathtub?”“ Lee Bencheng bit his lips as he recalled,““ why does it sound so familiar? That Gu Zhao guy seemed to have told me before. Oh no, it wasn’t gu Zhao. Who was it? Is it Miao kun?”““

“““You’ve said it? Do you know about the red bathtub case?”“ Zhao Yu was curious.”

“““Yes,”“ Lee Bencheng nodded,““the murderer is an architect, and he’s British, right? What ... What was it called?”““

“““Bond, no, Peter, or...Peter?”“ Zhao Yu continued to scratch his head.““Why is your brain still not working? But it doesn’t matter, my MeowMeow has already sent me the information ...”““

“““What’s wrong? The case we’re investigating is related to the red bathtub? How ... How did this happen?”“ Lee Bencheng furrowed his brows and asked,““was the victim’s ear cut off too?”““

“““Not really, and,”“ Zhao Yu said,““the case is basically solved! They had already found out who the murderer was!”

“““Also, the nature of the case is different. The murderer killed many people in Yunzhou, which is different from the left ear case!”“ Zhao Yu added.”

“““If you didn’t cut off the ears, then ... Do you have sunflowers?”“ Lee Bencheng asked again.”

“““I don’t think so!”“ Zhao Yu replied.”

“““Then ... The two cases might not be related!”“ Lee Bencheng said,““perhaps it’s just a coincidence?”““

“““But, the X-shaped wound, the charcoal powder, and the White candle left at the scene are all the same!”“ Zhao Yu extended a few fingers.““Also, the deceased were all young women, and none of them were violated ...”““

“““Heh ...”“ Lee Bencheng gritted his teeth and said,““could it be that the case has changed?”““

“““According to the information,”“ Zhao Yu said,““the earliest red bathtub case happened between 1980 and 1982, but the murderer was caught and died a strange death!”

“““Now, my girlfriend found out that the red bathtub case still happened between 1989 and 1992, but this time, the murderer chose to do it in his own home, so it hasn’t been found yet!”““

“““We haven’t found anything yet. How did you find out?”“ Li Bencheng was extremely surprised and kept asking questions that were beyond his expectations.”

“““Silly, the murderer buried the victim in his own house, Oh, I think it’s in the wine cellar, and he dug it out ...”““

“““Oh ... I see ...”““

“““The murderer could be the owner of the house, a single woman with a terminal illness! The woman died of illness in 1994 ...”““

“““Since we’ve found the murderer, does it still have anything to do with our case?”“ Lee Bencheng was puzzled,”“ could it be that you think the left ear case has the same murderer?”““

“““No!”“ ““The left ear case in Toronto happened in 1995. At that time, the woman was already dead!”“ Zhao Yu said with certainty.”

“““Then ... What else can I do?”“ Lee Bencheng spread his hands.”

“““We ...”“ Zhao Yu said with a depressed look,”“ may have overlooked something important! For example, those charcoal and white candles. The murderer must have been holding some kind of ceremony, and there must be a purpose for the murder!”““

“““It seems that it must be some kind of secret cult ...”“ Lee Bencheng muttered,”“ the murderer wants to use killing to complete some kind of ritual, and ... Um ...”““

“““And,”“ Zhao Yu continued,”“ there should be some connection between the left ear case and the red bathtub case. From this, it seems that the successor had a deeper meaning for letting us investigate this case!”

“““What does he want us to know?”““

“““Is that evil secret technique what the successor wants you to know?”“ Lee Bencheng was filled with doubts,”“ what does he want?”““

“““Old Li,”“ Zhao Yu said,”“ no matter how the case has changed, the left ear case does exist, and our previous ideas may not necessarily be impossible. I think we still have to work on this case!”““

“““But, have you forgotten?”“ Lee Bencheng said,”“ I’ve already checked. During the time when Shinka of Pingcheng was killed, there were no large-scale art exhibitions in Tokyo!”

“““If there are, they’re all small and medium-sized, but I can’t check the small and medium-sized ones!”““

“““You ... Um ...”“ Zhao Yu pondered for a moment, then asked,”“ how did you find out?”““

“““It’s a secret. I can’t tell you,”“ Lee Bencheng said frankly,”“ but the results are 100% credible!”““

“““Alright then!”“ Zhao Yu said,”“ according to our previous analysis, if it wasn’t a large-scale art exhibition, then the exhibits would have to go through ordinary customs channels, so it would be difficult for the murderer’s ears to get out!”““

“““I feel that this is not easy to deduce,”“ Lee Bencheng said,”“ I have a hundred ways to bring an ear out of customs!”

“““For example, stick it under your armpit,”“ Lee Bencheng said.”“ How do you think the customs check?”““

“““...”“ Zhao Yu squinted his eyes and mumbled,”“ you pervert ... But it does make sense!”““

““Zhao Yu,”” Lee Bencheng said,”” could it be that the murderer is a rich man who doesn’t lack money? Perhaps he was not participating in an art exhibition, but doing business!”

““He’s doing business in his spare time. He kills in passing!””

““Mm ...”” Zhao Yu followed Lee Bencheng’s train of thought.”

““For example, this rich man worships Van Gogh,”” Lee Bencheng continued,”” so he collected the victim’s left ear?””

““But ...”” Zhao Yu shook his head and said,”” I always feel that the murderer is more likely to be an artist! Because if he was a rich man, he could buy whatever he needed, and he would be more satisfied than ordinary people!”

““If it wasn’t for a serious psychological problem, I’m afraid it would be difficult to commit such a case. He already has everything, why would he commit more crimes?””

““A sacrificial ceremony, an evil secret technique,”” Lee Bencheng said,”” could it be the same as the woman you mentioned? The murderer was seriously ill, and he wanted to kill to gain immortality?”

““Just like ... The detective case in Chinatown ...””

““Wow, you’ve seen a lot,”” Zhao Yu said.”” But if it was really to achieve immortality, why would you cut off people’s ears?””

““Eh?”” Lee Bencheng suddenly thought of something and said,”” the girls who were killed, weren’t they not violated? Was there a possibility that the murderer was a eunuch?”

““He wants to use this secret killing technique to regain his glory?””

““F * cking hell ... This means that you’ve also watched”” sword rain ““?”” Zhao Yu squinted his eyes.”

““Of course I’ve seen it,”” Lee Bencheng said,”” the male lead is Lee Yu Sheng, Korea ...””

Chapter 2629: The seven-star life extending lamp?

“Yunzhou, Special Investigation Group office, evening. ”

““Sister Miao,”” Zeng ke reported to Miao Ying,”” I checked the case records in the archive, but I didn’t find any similar cases!”” ”

““Oh?”” Miao Ying pinched her chin and asked,”” you searched all the major cities?”” ”

“Zeng ke explained,”” it was an electronic screening. Not only in the major cities, but all the pending cases in the entire country in the 1990s were investigated!”” ”

““Pending cases,”” cui Lizhu reminded him,”” could it be that the case has already been closed, such as catching the wrong murderer?”” ”

“Well, it’s not easy to investigate a solved case!” Zeng ke said, “at that time, there was no online database. Cases that had been closed without any objections were generally not entered into the electronic database. We could only go to the local police stations to investigate ...”

“Oh, okay then ...” Miao Ying said. “Maybe the left-ear murderer never came to our country?”

“Sister Miao, where did you get this information from?” Cui Lizhu asked curiously, “why can’t I see any connection between the left ear case and the red bathtub case?”

“No, there must be some connection!” Miao Ying stood in front of the whiteboard and pointed to something on it. “We ignored the most important clue from the very beginning!”

“If we want to thoroughly investigate this case, the most important things are the White candles and charcoal powder left at the scene!”

“We have to figure out why the murderer would do this!”

“I don’t know about the rest, but according to what we know,” Cui Lizhu said as she stared at the whiteboard, “the serial murders that happened at Zhang Fengyi’s house must be related to some kind of evil secret technique, and this secret technique was practiced by Zhang Shixiong’s grandfather and Zhang Fengyi.”

“Wow ...” Zeng ke grinned. “You even used the word ‘cultivation’. You’re really something, Lil Cui!”

“So,” Miao Ying said, “next, we need to focus on investigating what they believe in!”

“Also, what they believe in, is it the same secret technique that Peter brought from Africa?”

“Sister Miao,” Cui Lizhu said. “I’ve already sent someone to contact Zhang Fengyi’s colleagues. According to them, Zhang Fengyi might have been in contact with Peter!”

“However, up until now, no one has been able to prove that the two of them really know each other ...”

“I’m thinking about whether we should do a reverse investigation,” Cui Lizhu said. “Let’s find a few people who know Peter and ask them if they know the relationship between Peter and Zhang Fengyi!”

“Well ...” Miao Ying said, “I think so too. At this stage of the case, we have to take Peter’s case out and investigate it well!”

“Cui,” Miao Ying said. “In addition to these, check if Zhang Fengyi’s father, Zhang Tingshan, knows Peter.”

“According to the information, Zhang Tingshan was once a sailor. He could even speak English. Therefore, he might know Peter!”

“I understand!” “Don’t worry,” Cui Lizhu said. “I’ll find out the family connections of these people!”

“Captain Shao,” Miao Ying turned to Captain Shao and said, “send someone to investigate Zhang Tingshan, Zhang Fengyi, and Peter’s faith in the secret arts. See if anyone knows about it.”

“““Yes!”” Captain Shao nodded in agreement and shared his thoughts, ““I think Zhang Shixiong’s parents are the best Breakthrough. If we can find the people who believed in the secret arts with Zhang Tingshan, we should be able to know what it is!”” ”

“Wu Xiumin entered the office and reported to Miao Ying, ““Zhang Shixiong’s father no longer resisted and told him everything! ”

“““What Zhang Shixiong’s mother said was all the truth. He wanted to say it a long time ago, but he was afraid that it would tarnish the reputation of his father and sister, so he chose to hide it ...”” ”

“““Then ...”” Miao Ying quickly asked, ““did he mention what Zhang Tingshan and Zhang Fengyi believe in?”” ”

“““He did,”” Wu Xiumin said. ““He said that he didn’t understand why his father, who was uneducated, believed in such things ...”” ”

“““He said that the secret technique seemed to be something without any technical content. It was completely feudal and superstitious, but his father and sister believed it without a doubt ... ”

“““However, Zhang-Fu was more honest. Although he had complaints and worries, he didn’t stop them ... ”

“““It’s also because of this that he knew very little about the secret technique. The most unfortunate thing was that after his father passed away, he threw away everything related to the secret technique ...”” ”

“““Tsk, tsk ... What a pity ...”” Cui Lizhu expressed her regret. ”

“““Then ... Did they mention the White candle and the charcoal powder?”” Miao Ying asked again. ”

“““Yes, Zhang Shixiong’s father once saw Zhang Tingshan praying to God. There were seven candles, yellow paper, and a circle of charcoal ...”” ”

“““He said that the scene was particularly strange and even a little scary. He was most worried that the charcoal would cause a fire ...”” ”

“Zeng ke suddenly said, ““why does it sound like Zhuge Liang’s seven-star life extending lamp?”” ”

“““Come on,”” cui Lizhu said, her eyes wide open. ““Is it that incredible?”” ”

“““It doesn’t matter,”” Zeng ke said. ““What we know is that the life-prolonging lamp didn’t work. Didn’t Zhang Tingshan and Zhang Fengyi die in the end?”” ”

“““I guess that’s the situation!”” Wu Xiumin guessed, ““the father and daughter believe in this kind of secret technique. Originally, this secret technique was just an ordinary sacrifice! ”

“““But, after Zhang Fengyi contracted a terminal illness, their thinking changed. They thought of things like sacrificing living people ...”” ”

“““Eh? ““Wait a minute,”” cui Lizhu suddenly thought of something and asked, ““where’s Zhang Shixiong’s grandma? Was his grandmother still alive? Does his grandmother know?”” ”

““Zhang Shixiong’s grandmother passed away a long time ago,”” Miao Ying said.““When Zhang Fengyi was still very young, she died of a lung disease.”” ”

““Oh ...”” Cui Lizhu pouted and said,““in that case, we have to think about it!”” ”

““What’s worse is,”” Wu Xiumin said.““Zhang Shixiong’s father said that besides Zhang Tingshan and Zhang Fengyi, he had never seen anyone else believe in that kind of thing!”” ”

““He didn’t know who Zhang Tingshan and his daughter learned it from, nor did he know who else believed in the secret arts with them. He only knew that Zhang Tingshan would go to a place called the four-corner Pavilion every weekend! ”

““I guess he probably learned it from there!”” ”

““Four-sided Pavilion?”” ““What is this place?”” cui Lizhu asked, looking at Captain Shao. ”

““Oh ...”” Captain Shao replied,““the four-corner Pavilion is an alternative name, specifically referring to the area around the four-corner Pavilion. It is an old residential area, which was demolished and rebuilt a long time ago. Now, it is a Botanical Garden ...”” ”

““But,”” he said to Miao Ying,““team leader Miao, leave this to me! I’ll send someone to ask the old men who moved out of the four-corner Pavilion if they know the origin of this evil secret technique ...”” ”

Chapter 2630: The killer of the century

This was too much!

“In the safe house, Zhao Yu was furious. He punched the table, which was made of marble, and blew at it after he finished. ”

“Just now, Zhao Yu had spent 1700 adventure points to strengthen an invisible browser. He then used the browser to check what art exhibitions had been held in Tokyo during the time when Xinjia of Ping Cheng was killed. ”

“However, after spending all 1700 points, the browser only gave two words: No! ”

“This was great, all the points were gone! ”

“Zhao Yu had thought that since there weren’t any large scale exhibitions, there would at least be some small to medium scale ones. ”

“However, he didn’t expect that there was no exhibition at all during that period! ”

“It seemed that even though it was an international metropolis, art exhibitions were not always available in that era. ”

Then ...

It seemed that it really had nothing to do with the art exhibition? Or ... Was the art exhibition not in Tokyo but in Osaka or Naya?

Was it because he was far away from the crime scene that the murderer was able to avoid investigation?

No... This is not right ...

“Zhao Yu had seen the details of the case. The police had focused on the traffic conditions of that generation, so if there was such a stranger, they might be able to find out!”

“So, Zhao Yu concluded that the murderer should be in Tokyo and not too far from the crime scene.”

“Perhaps, the murderer had walked to the place where Xin Jia was killed in Ping Cheng ...”

“”Zhao Yu, look at this ...” ”

“Suddenly, Lee Bencheng appeared in front of Zhao Yu, and showed his laptop to Zhao Yu.”

“”What ... What is this thing?”” Zhao Yu saw a lot of information about the foreigners appear on the screen. There were photos on top, followed by an introduction in English.”

“”These are all international tycoons who like to collect Van Gogh’s works!”” Li Bencheng’s eyes lit up as he said,“let’s search for information on these people. Maybe the perverted murderer is hidden among them!”” ”

“”This ...” Zhao Yu frowned and said,“old Li, you see, let’s make an analogy. These rich businessmen already have Van Gogh’s works, so does that mean that their desires have been satisfied?”

“”Don’t you think that the murderer should be someone who can’t get Van Gogh’s work?”” ”

“”How can this be absolute?”” Li Bencheng argued,“Van Gogh’s works are all sold at sky-high prices. It’s already quite impressive for these people to have one or two!”

“”They must be drooling over the works that they can’t get, so they’re full of desire ...”

“”Since I can’t buy any paintings, I’ll just kill people and make them look like Van Gogh’s works. I’ll add sunflowers and cut off his ears ...”” ”

“”Hmm.....Alright, since you insist, then I won’t object!”” Zhao Yu said,“you check your own, and I’ll check mine, or ...”” ”

“”Alright!”” Lee Bencheng said confidently,“I just need to find one person among these people who matches the age, has strange behavior, and is a little perverted. Moreover, the time of the incident matches the trajectory of the crime, and this case will be solved!”” ”

“As he spoke, Lee Bencheng noticed what Zhao Yu was studying and asked,“”””What are you investigating? Didn’t I already check? There was no art exhibition during the time of the crime!”

“”It seems like you still insist that the murderer is an artist? You’re an artist?”” ”

“”Mm ...”” Zhao Yu said.“”I think that this is more in line with the murderer’s psychological profile ...”” ”

“““Do you think ... The art exhibition hasn't started yet?““ Li Bencheng guessed,““the murderer only came to prepare for the exhibition? Should I extend the search time, or expand the scope? Expand to all of Japan?““ ”

“““Mm ... We can try,““ Zhao Yu said.““As long as there's a chance, we'll fight for it!““ ”

Di di ... Di di ...

“Just then, Zhao Yu's phone rang. Someone had sent him a message. ”

“Zhao Yu saw that the message was from Miao Ying. Miao Ying told him that, at the moment, they had not found out anything about the case of the left ear in China. ”

“As there were too many cases, they would continue to investigate and contact Zhao Yu when they had any news. ”

“Closing the message, Zhao Yu's mind raced, and he thought of his invisible browser. ”

“That's right, since the browser's function was so powerful, why not let it check how many more left ear cases there were in the world? ”

“So, he opened the invisible browser, entered the characteristics of the left-ear case into the search bar, and then clicked the search button. ”

“In the end, the system prompted him that searching for this content would cost him 6312 points to strengthen. ”

“““F * ck!““ Zhao Yu wanted to curse.““Isn't this robbery?““ ”

“However, since he could find out by spending points, it was also a shortcut! It would save him the effort of investigating ... ”

Alright!

“He looked at his 290000 points and gritted his teeth, spending the 6000 points! ”

“The system prompted that the strengthening was successful. It was currently searching for the answer, and it gave the answer after a while. ”

“This time, the system did not cheat him. There were actually more than a hundred answers ... ”

I'll go!

“At first, Zhao Yu was scared out of his wits. He thought that he had just encountered a shocking hundred-man killer. But, upon closer inspection, he realized that some of the cases did not match the characteristics of the left ear case. ”

“Some of the victims were not women, some were killed out of passion, and some had their ears and other organs cut off ... ”

Oh ...

“Hence, Zhao Yu picked up a pen and paper and started to filter through the items one by one. ”

“Soon, he found familiar cases from these search answers, such as the Bangkok case in 1990, the sunflower case in Tokyo in 1991, Seoul, New Delhi New York, and so on. ”

“After an hour of filtering, Zhao Yu finally found a case that was highly suspected of the left-ear killer! ”

“After he finished recording, his heart started to beat faster. He found it hard to believe. ”

“He had thought that the left-ear assassin had stopped committing crimes since Bangkok, 1990, and Toronto, 1995. ”

“However, the truth was far beyond his expectations. After 1995, the left-ear assassin had indeed stopped for a period of time! ”

“However, since 1999, he had made his move again! ”

“From Sydney and Istanbul in 1999 to Paris and other cities in 2001, to Lisbon and Barcelona in 2003, he had committed eight crimes in the following four years, killing two innocent girls almost every year! ”

“Including the case from before 1995, this left-ear killer had killed at least 19 people! ”

This ... This was simply a killer of the century!

Why ... Had no one discovered such a big case?

Successor ... Why did the successor want him to solve this case?

“Really, you just want me to solve the case and catch the murderer? ”

But ...

Zhao Yu realized that the left-ear killer had not made a move since 2003. He didn't know if he had changed his tactics or if he had gotten into an accident.

“If ... This person was no longer in this world, then ... ”

Tsk tsk ...

“Looking at the numerous cases recorded in the notebook, Zhao Yu felt that this case was not simple at all! ”

“So ... If he wanted to know who this left-ear killer was, how should he investigate? ”

“This person had been to so many big international cities. Was he an artist, a perverted rich businessman, or someone else? ”

“Could it be that every time he committed a crime, he didn't leave any traces? ”

Hmm ...

“In the 1990s, DNA technology wasn't that advanced, and all the cases happened in different countries, so the methods of detection were different! ”

“However, for cases after the year 2000, wouldn't the techniques be more advanced? ”

“Cameras, DNA, blood tests, skin tissue ... Could it be that the murderer really didn't leave any clues? ”

What if the police in a certain country had extracted information about the murderer?

Does that mean that the case will be easier to solve?
