

Crazy 2661

Chapter 2661: my condition

The rain began to fall ...

“The dark clouds were very low, but there was no lightning or Thunder, only the pattering of rain! ”

“In the cemetery, Ding Lan drove the electric car in. Zhao Yu and green sat in the electric car and continued their conversation. ”

“Ding Lan, on the other hand, was standing a distance away, holding an umbrella. ”

“Ding Lan stood very straight, her eyes fixed on the two people in the electric car. She was afraid that Zhao Yu would be in danger. ”

““Zhao Yu, I was very conflicted in the past,”” Ge Lin said frankly.””I don’t know what a person like me should do. ”

““Do I want to continue controlling this powerful criminal empire, or do I want to find a way to destroy it?” ”

““But now, I understand!”” Green said,””miss Xin Jia from Ping Cheng once told me that the best thing in the world is what you think is the best! ”

““After she was killed, I was once trapped in a dilemma and couldn’t extricate myself. Although I had wealth that ordinary people couldn’t reach, I couldn’t find the meaning of living! ”

““It was in that terrible state of mind that I wanted to challenge myself, so I set my sights on this mysterious criminal empire! ”

““Chieftain Yusoff has been obsessed with intelligence all his life, while I’ve been inseparable from disguises my entire life! I want to try and see if my disguise can fool everyone ... ”

““Now, I’ve succeeded, but I’ve realized that I’ve already fallen deep into it, and there’s no way out! ”

““Zhao Yu,”” green suddenly said,””you should be able to guess the reason why I called you here! Join us! Become my assistant! In the future, the entire Empire will be yours!”” ”

Hong long long ...

“Not knowing if it was for the occasion or for the situation, a muffled Thunder came from the sky just as Grimm finished his sentence. ”

““F * ck!”” Zhao Yu wiped the sweat and rain from his face and muttered,””is this the rhythm of divine retribution?”” ”

“In fact, after talking to green for so long, Zhao Yu had already realized that Green’s purpose might be to recruit him! ”

“Otherwise, he wouldn’t have let her go so easily after so many opportunities. ”

“““Sir, are you joking?”” Zhao Yu asked, “““you want me to be your assistant? I’m helping you manage this criminal empire. Do you know that I’m the number one enemy of your criminal empire?”” ”

“““So what?”” Grimm said, “““I admire your ability. We sent out the best team of assassins but still couldn’t get rid of you. This means that your ability has far exceeded theirs! ”

“““Why not use such an outstanding talent? ““And,”” Grimm said, “““I’m training you as my successor! I believe that in the future, you will be able to control the overall situation like me!”” ”

“““Hmm ... Alright!”” Zhao Yu suddenly said, “““since you’re not joking, then you should be able to do this job, okay? I agree, when do you start?”” ”

“““...”” Zhao Yu’s unconventional way of doing things made green speechless for more than ten seconds. Finally, green began to express his doubts, “““you ... You’re not joking, are you?”” ”

“““If you’re not joking, then I’m not joking!”” Zhao Yu said very “““seriously,””””you are the chairman, and I am the CEO. Now, shouldn’t we talk about the salary?”” ”

“““Are you planning to give me a salary of a few hundred million a year?”” ”

“““Mm ... You ... If you talk like this, I will feel that it is meaningless ...”” Ge Lin frowned.””Zhao Yu, can you be more serious? it is raining so heavily, and I am so old ...”” ”

“““Why?”” Zhao Yu felt wronged.””No pay?”” ”

“““Do you know how much assets londee left behind?”” “““I don’t even have the concept of money anymore!”” Grimm said. ”

“““How ... How many assets do you have?”” Zhao Yu asked, “““a few trillion US dollars?”” ”

“““I don’t know either!”” Grimm replied, “““it’s because I don’t know that I’m even more curious! Zhao Yu, I’m the top leader of the entire group, but I don’t even know how many assets the group has. Isn’t that ridiculous?”” ”

“““Oh ...”” Zhao Yu seemed to understand something and asked, “““so, you recruited me for a purpose? What do you want me to do?”” ”

“““Yes! “““You’re really smart,””” Grimm said.””I need you to investigate the economic assets of this criminal empire and some of the flow of assets ... ”

“““I suspect that behind all the crimes, there is one or a few more powerful people. In fact, these people are the ones controlling everything in the dark! ”

“““The corporation’s interior is like a huge Rubik’s Cube, full of the unknown and mysteries. It needs people like you and me to explore. ”

“““Only by figuring out the operation mode of this criminal group can we have a chance to completely control him in the future!”” GE Linyou said, “““Zhao Yu, when you become the head of the group in the future, you will definitely gain a lot of benefits! ”

“““I know you have a sense of justice, but you can only destroy it if you completely understand its secret! ”

““““Otherwise, you’ll be stuck in a nightmare forever. Things like that in the multi-millionaire’s building will definitely happen often!”” ”

““““This is going to be interesting!”” Zhao Yu didn’t think too much and said directly,””I just promised you! I’m a person who likes to take risks. If I can eliminate my enemies, become the president and boss, and earn trillions of dollars, what else do I have to consider? ”

““““Then, I’ll force myself to do him a big favor!”” ”

““““Alright!”” Grimm said,””since you’ve agreed, then next, we can talk about the details!”” ”

““““Oh?”” This time, it was Zhao Yu’s turn to frown.””What do you mean? Could it be that ... There were some conditions? Hey, you’re not going to use amiola and Lee Bencheng as an excuse again, are you? ”

““““I’ll say this first, but you’re the one who needs my help, so you have to show your sincerity!”” Zhao Yu said,””just let them go. That way, I can feel your sincerity!”” ”

““““There’s no problem in letting them go!”” Grimm said,””that Middle-Eastern female spy is bent on avenging the chief. If you can persuade her, I will not pursue this matter! ”

““““There’s no need to mention li Bencheng. He’s an old friend of mine. He’s drinking tea in the bunker now because he’s unemployed, so ... I want to recruit him!”” ”

““““Alright!”” Zhao Yu clapped his hands.””Deal! Come on, I’ll have a drink in your bunker too. By the way, what’s with this bunker? ”

““““Is he the base camp that you built to hide from others? Did you all move here from Hawaii?”” ”

Boom! Boom! Boom!

“There was another muffled thunder in the sky, and the rain was getting heavier and heavier. Even though they were in the electric car, the two were still wet. ”

““““Well ...”” Grimm hesitated for a moment and said,””but I don’t think I have mentioned my conditions yet?”” ”

““““Oh, by the way,”” Zhao Yu laughed,””why don’t you stop talking about conditions? it’s so sad to talk about conditions!”” Isn’t it? You see, we’re partners now, so why don’t we go and discuss how we can better control your Empire ...”” ”

““““No!”” Ge Lin’s face tensed up, and he said seriously,””Zhao Yu, I only have one condition! Call your men immediately and tell them to kill the daughter in the seat! ”

““““I want to watch the live broadcast and confirm the body ...”” ”

Chapter 2662: shelter from the rain

““““Xi Wei’s daughter has been killed by londee. Her head was even cut off and her whereabouts are still unknown!”” In the electric car, Zhao Yu started to argue. ”

“““You know what I mean!”” Grimm said,““Simone killed my daughter. She must pay the price!”” ”

“““I’m really impressed.”” Zhao Yu frowned.““You’re so capable, but when Xi Mengna was locked up in the British military intelligence Department, why didn’t you think of a way to get revenge? ”

“““Did you have to wait until Xi menna went around in a big circle and landed in our hands before you remembered?”” ”

“““My request back then wasn’t as simple as it is now!”” Green said,““it’s easy to send an assassin to kill him, but blood for blood. I don’t want her to die so easily!”” ”

“““You see, you see, here we go again ...”” Zhao Yu took the opportunity to scold her.““What’s the difference between you and londee? Logically speaking, a person like you shouldn’t be easily controlled by emotions, right?”” ”

“““Zhao Yu,”” Gelin said seriously,““you have to prove your loyalty before you can join us. I promised to give Xi menna a quick death, and that was already a concession! ”

“““You’ve done this, so we’re friends,”” green said.““Think about it, Simone isn’t one of you. She’s just an insignificant character. You won’t lose anything by abandoning her!”” ”

“““Tsk, tsk, tsk ...”” Zhao Yu pouted and said,““Sir, you’re a little too narrow-minded. Don’t you know that we value human lives the most? ”

“““I’m kind by nature!”” Zhao Yu advised,““look, Xi menna killed your daughter because she was instructed by Xi Wei. ”

“““So, the main culprit is Xi Wei, and he’s already been angered to death by me. In other words, I’ve already paid you guys this token of loyalty, right?”” ”

“““You’re being unreasonable.”” Clint shook his head.““An eye for an eye. Xi menna killed my daughter, so she should pay with her life!”” ”

“““Aiyo, you’re such a stubborn old man, hehe ...”” Zhao Yu laughed and continued to persuade her,““how about this? I promise you, I promise to help you kill Xi menna, okay? ”

“““However, think about it carefully. If I make such an unreasonable request to the headquarters, they should listen to me, right? Will they kill whoever I ask them to kill?”” ”

“““You have a way to do it,”” Grimm said.““You’re so smart. You can make up a few reasons. They’ll definitely listen!”” ”

“““No, no, no, you think too highly of me,”” Zhao Yu said.““I just said that when I have time, I will take advantage of Xi Mengna’s love for me and kidnap her for you to deal with personally. Isn’t that better? ”

“““So, let’s talk about the cooperation now!”” ”

Whoosh!

“At this moment, a bolt of lightning flashed through the dark clouds. The muffled Thunder turned into a loud Thunder. It was loud and terrifying. ”

“““Look ...”” Zhao Yu said.”“It’s Thunder, so we can’t stay here any longer. There’s no lightning rod, so let’s not get struck again!”” ”

“““How about we go back to your bunker and talk?”” ”

Grimm didn’t say anything. He was still hesitating.

“““Don’t dawdle!”” Zhao Yu went to the driver’s seat and wanted to start the electric car. ““You’re so old, it’s not good for you to catch a cold or something!”” ”

“As a result, just as Zhao Yu was about to start the electric car, Ge Lin grabbed his arm and said,”“Alright! Since you said so, let’s find a safe place to talk!”” ”

“After saying that, Grimm took out his mobile phone and fiddled with it. ”

“In the end, half of the fence on the side of the cemetery was suddenly lifted up, revealing a passage leading downwards! ”

I’ll go!

Zhao Yu’s eyes widened. He didn’t expect there to be a trap here!

“““Come on!”” Grimm pointed to the passage and said,”“let’s talk about it down there! Hmm...And that lady over there, don’t stand outside in the rain!”” ”

“At this moment, there was no need for Grimm to wave his hand. Ding Lan had already seen everything and immediately came to the two. ”

Ding Lan and Zhao Yu exchanged a look. She was obviously worried that it would be dangerous if they went down.

“However, Zhao Yu blinked his eyes gently and motioned for Ding Lan to follow him down. ”

“Soon, Grimm led the way, and the three of them entered the narrow passage one after another. ”

“As soon as he entered, Grimm controlled his phone to close the door. Then, he coughed a few times, and the light suddenly lit up in the dark. ”

“A long and narrow passage appeared in front of him, extending into the darkness in the distance. ”

“““This was the earliest,”” Grimm explained,”“I used it to set up the decryption game, but it was abandoned for a while! ”

“““It just so happened that when my daughter and the others came to the island to look for diamonds, they cleaned up the place again ...”” ”

“““That’s not right,”” Zhao Yu said, frowning.”“The passage heads North, in the opposite direction of the castle.”” ”

“““Yeah?”” Grimm nodded.”“I didn’t say it would lead to the castle.”” ”

“““Then ... Where does it lead to?”” Zhao Yu asked. ”

""Hehe, don't worry."" Grimm smiled mysteriously.""It's a long way to go. I'll explain it to you slowly!""

"After saying that, he took the lead and walked into the depths of the passage. "

""Brother-in-law ..."" At this time, Ding Lan came up to Zhao Yu and laughed.""The signal was cut off, in case there's a trap!"" "

""I'm fine, I'm fine!"" Zhao Yu waved his hand calmly, signaling for Ding Lan to follow him. "

""Oh,"" green turned to Zhao Yu and said,""detective, let's continue our previous topic! How do you plan to help me take revenge?"" "

""I've said it before, those are trivial matters!"" Zhao Yu quickly got into the zone.""I'll definitely help you!"" However, can you tell me who else is on this Island besides you? "

""Where are your men? You can't possibly be a commander with nothing, right?"" "

""Oh ... My subordinate, I was just about to talk about this!"" Grimm pointed to the front.""My men are all in front. The quality is more important than quantity. Moreover, those who can enter here are all core personnel, so there won't be many!"" "

"Hearing Green's words, Ding Lan subconsciously touched her headphones. "

She wanted to ask the agents outside where the reinforcement team was.

"However, after touching it, he realized that the signal had been cut off! "

He didn't know if it was because there was a shielding device here or because of the weather outside.

"However, even though Ding Lan was worried, she knew that if Grimm really wanted to kill them, he wouldn't have wasted so much time talking. He would have started a war long ago! "

""Zhao Yu, you should know,"" green spoke again,""that the island's usage period has passed, and it has been recovered by the local government!"" "

""Oh, right!"" Zhao Yu said,""it seems that you bought it back again?"" "

""Hehe ..."" Grimm kept walking forward and said,""you're wrong. I didn't buy the island, but the whole country!"" Hehe ..."" "

""Oh, you're awesome!"" Zhao Yu gave her a thumbs up.""If I work for you in the future, I'll have to be as overbearing as you are!"" "

""When other people show off, they say that I bought a plane and a yacht, but I bought a country. Wahahaha ..."" "

""Alright! We're here!"" "

"Suddenly, Grimm stopped in his tracks and turned around to face the wall. "

'F * ck ...'

“Suddenly, the invisible detector in Zhao Yu’s brain sent out a red warning, indicating that there were many dangerous items behind the wall. ”

“In the next second, Grimm clicked on his phone again, and the entire wall suddenly opened. ”

Waa ...

“When Zhao Yu and Ding Lan saw the situation at the back, they couldn’t help but exclaim in shock. ”

Chapter 2663: undying body

“Behind the wall, a huge work Hall appeared. The hall was shimmering with a silver light. It was grotesque and grotesque, completely like a scene from a futuristic sci-fi movie! ”

“There were large screens with a sense of technology, computers with cutting-edge designs, and many electronic products that he didn’t know the names of. ”

“This place was similar to a rocket launch control room, a CIA command center, and a space capsule in a space fantasy movie. ”

“What was even more shocking was that, in addition to these technological elements, there were hundreds of people in the hall at a glance! ”

“Most of these people were staff members in suits. They were either sitting in front of computers or walking back and forth, looking extremely busy. ”

“Of course, other than the staff, there were also security guards in uniform. They stood in various positions in the hall, seemingly supervising the work of these staff. ”

“As soon as the door opened, it attracted everyone’s attention, especially the security guards. They immediately reached for the guns on their waists and looked at Zhao Yu and the others. ”

“However, because they had seen green, they did not point their guns at him. However, from their ferocious expressions, it was clear that they were hostile to Zhao Yu and Ding Lan. ”

“”Oh ...” ”

Zhao Yu was so shocked that he couldn’t speak. He never thought that he would see such a surreal scene.

It was a stark contrast to the style of the castle.

“”It doesn’t matter, it doesn’t matter!”” Grimm tried to calm everyone down and said in his London accent, “”it’s raining outside. We’re just here to take shelter from the rain! You guys can continue ...” ”

“After Grimm said that, all the staff lowered their heads and continued to work, except for the bodyguards who were still staring at them ... ”

“”This is ...”” Zhao Yu couldn’t help but ask, “”is this your lair?”” ”

“Shh ...” Grimm put his index finger to his lips and said with a smile, “don’t talk nonsense here, or even I can’t protect you!”

“F * ck!” Zhao Yu scolded, “if we can’t say anything, then what’s the point of talking? You’re the boss, can’t you just let them go out for a walk?”

“...” Grimm was speechless for a few seconds. He then said helplessly, “you’re really a crazy detective. You still like to joke at a time like this!”

“I’ve said it before, although I’m the boss, I’m still a puppet. If I do anything that doesn’t conform to the interests of the group, I’ll be replaced very quickly!”

“Then, my ending will be even worse than londee ‘s!”

“I won’t!” Zhao Yu continued, “you’re just an old man. You have nothing to lose! Other than your old life ...”

“You ...” Grimm frowned. “I realized that chatting with you is a form of training. However, you’re not wrong. However, even if it’s my old life, I don’t want to lose it, right?”

“Come, come this way ...”

“Then, green LED Zhao Yu and Ding Lan to a platform deep in the hall.”

“The entire wall on the platform was filled with monitors that were probably playing surveillance videos. However, he did not know where the surveillance videos were shooting.”

“Zhao Yu quickly glanced at the video and found that there were all kinds of scenes in the video. There was a seaside, an elevator, a shopping mall, and the people that appeared were from all over the place. There were black and white people from East, developed countries, and undeveloped countries ...”

“Come, please sit!” Gelin gestured for Zhao Yu to sit on the sofa. “Hmm...What would you like to drink? I’ll get someone to entertain you. Do you want hot tea or coffee?”

“I’ll have a bottle of 1982 Lafite!” Zhao Yu smiled. As he joked, he observed his surroundings.”

“It had to be said that his current situation was completely different from before. He had already entered the depths of the Wolf Pack, and he had to be clear-headed at all times and prepare for the worst.”

“Lefay is out of date,” said Clint with a smile. “But, if you like to drink, we have better ones!”

“Do you know that there’s a kind of wine in the world that costs a million dollars with a sip?”

“Oh? This is eye-opening!” Zhao Yu was pleasantly surprised. “Hurry up and give it a try. Don’t worry, I promise I won’t choke!”

“Hehe, I’m just saying. I don’t have it here!” Green grinned and said, “I think we should drink some hot tea!”

“As he spoke, he snapped his fingers at his subordinates. A man who looked like a butler immediately bowed and nodded, then turned around and left.”

“““Okay, Zhao Yu,”” green said, pointing to the monitor on the wall.”“Next, let’s get down to business!””

”

“““Alright!”” Zhao Yu said,”“since you’re pulling me in, shouldn’t you sign a contract or something?”” ”

“““No,”” green waved his hand, then said seriously,”“Zhao Yu, do you really think I’m that stupid? Would I be so naïve to think that you would compromise with others in the face of benefits?”” ”

“““You ...”” Zhao Yu sat down, confused.”“Are you trying to change your mind again?”” ”

“““Hehe,”” Ge Lin revealed his habitual smile and said,”“Zhao Yu, regarding Xi Mengna’s matter, you must have your own plans, right? I’m willing to bet that you will definitely not kill her!”” ”

“““...”” Zhao Yu complained,”“you old man, your thoughts are jumping a little. Haven’t we already finished talking?”” Why do you keep bringing it up?”” ”

“““No, you still don’t understand!”” Grimm said,”“I’ve studied you for a long time and found a lot of abnormal things in you! ”

“““Whether it’s wakreya, mahazaya, the house of sins, Seoul later on, or your country’s rich and powerful buildings, you should have died long ago! ”

“““But you’re still alive and kicking. I have to say, this is a miracle! ”

“““But I don’t believe in luck,”” Grimm said,”“there must be some secret behind your immortal body!””

”

“F * ck, it can’t be? ”

“Zhao Yu suddenly had a bad feeling. Could it be that this strange old man was interested in his superpower? You want to do a scientific experiment on me, slice me up for research? ”

“““Let’s not talk about the distant past. For example, the incident at the concert hall,”” Grimm said,”“we have made careful preparations for you, but your performance far exceeded our expectations! ”

“““First, you used a pistol to hit a sniper 150 meters away. At the same time, you killed my best subordinate without missing a single bullet ... ”

“““Then, the electric current from the beast-catching net could instantly knock a fierce tiger unconscious, but ... You struggled for so long inside, but you were not injured at all! ”

“““How do you explain this?”” ”

“““Mm ...”” Zhao Yu’s heart skipped a beat. He never thought that Green’s focus would be on this. He thought for a long time before he muttered,”“I’ll tell you the truth! I’m a transmigrator, and I have a magical system that can make me indestructible and immortal. Do you believe it?”” ”

“Zhao Yu’s excuse worked, but after green heard it, he said decisively,”“““I do!”” ”

“““This ...”” ”

Green’s uneasiness suddenly disrupted Zhao Yu’s rhythm.

“““Zhao Yu, I’m a man who believes in science,”” green said.””I saw the video of the attack on you at the Sato’s house. At that time, at least two bullets hit you! ”

“““I thought that we would never meet again! But I didn’t expect you to successfully complete the left-ear case and come to me! ”

“““Zhao Yu ...”” Green narrowed his eyes and said,””I promise to share my Empire with you, but you have to show me your sincerity, right? ”

“““Tell me your secret!”” ”

Chapter 2664: welcoming the storm

“““Aren’t you too unreliable, old man?”” Zhao Yu grinned and asked,””what do you want? One moment you want to pull me in, the next moment you suspect that I’m Superman. If you continue to be like this, then we might as well not have a deal!”” ”

“““Don’t be so excited,”” said Gelin, who was silent for a moment. He then stopped smiling and said,””Zhao Yu, I’m very sure that you’re not an ordinary person! ”

“““I suspect that they have used some unknown high-tech technology on you! Your shooting skills, your physical strength, and your ability to take a beating are all far beyond the scope of a normal person!”” ”

“““F * ck ...”” Zhao Yu finally couldn’t help but curse.””Sir, do you mean that I’m a Cyborg?”” Robot? The devil muscle man?”” ”

“Although Zhao Yu said so, he was actually glad that Green’s suspicion of him was only within the scope of Science and Technology. ”

“Indeed, no one would believe his theory of transmigration. ”

“However, Zhao Yu was also worried that green would keep thinking about these things, which would delay the important matters. ”

“““All in all, I don’t believe you!”” Grimm said,””if you want to work with me and be my assistant, I must have full trust in you!”” ”

“Zhao Yu pointed into the distance and asked,””do you have an X-ray machine here?”” Why don’t you just give me a checkup and see if it’s the heart, liver, spleen, stomach, or engine oil and iron sheets in my stomach? Really!”” ”

“““Hehe ...”” Grimm laughed and said,””alright! I admit that I can see through the vast majority of people in this world, but I can’t see through you!”” ”

“““An opponent that you can’t see is definitely scary,”” Zhao Yu said.””You don’t think I’m scary too, do you?”” ”

““““Something like that. I just don’t do things I’m not sure of,”” Grimm said.”“““Even though I’m good at taking risks!””

““““Alright, since you won’t tell me your secret and won’t help me kill Xi menna, then ... We only have one last option!”” ”

“As he spoke, Grimm pressed a button on the platform’s controller, and the display on the platform immediately changed to a video.”

““““What?”” Zhao Yu caught her attention and quickly turned to look at the monitor.”

“At first glance, Zhao Yu suddenly had a bad feeling.”

This was because there were images of explosives on several display screens.

““““This ...”” Zhao Yu quickly asked,”“““what are you up to this time?”” ”

““““Don’t worry, I just want to destroy some things!”” Grimm pointed at the screen and said,”“““take a look! These are the 25 projects you’re currently building overseas. The main parts are basically completed!””

““““In a bit ... There ...”” Grimm pointed to the red button on the controller.”“““You only need to press this button and all 25 of these super projects will collapse!”” ”

““““You ...”” Zhao Yu was instantly furious and said fiercely,”“““green, what the hell are you doing?”” ”

““““Don’t worry, because it’s the lunch break, the estimated death count is about 120,”” said Clint.”“““This is the least in our previous operations!”” ”

““““You ...”” Zhao Yu creased his eyebrows, his face full of disbelief.”

“Ding Lan, on the other hand, was already gripping the gun in her pocket tightly.”

“At the same time, after hearing Zhao Yu’s roar, the staff and security guards looked at them again. The security guards were also getting ready to move.”

““““Zhao Yu,”” green said,”“““do you still not understand? This is the stepping stone for our cooperation, it’s necessary! After the collapse, you will find strong evidence to point to the US spies. This way, there will be a good show to watch!”” ”

““““You ... Are playing with me, aren’t you?”” Zhao Yu glared at Ge Lin.”

““““No, these sacrifices are insignificant!”” Grimm said,”“““after you’re done, you’ll pass the organization’s assessment and become one of us!””

““““In the future, as long as our plan goes smoothly, the wealth you gain will be much more than your losses. After I die, you can do whatever you want with me!”” ”

““““In your opinion, these are all insignificant sacrifices?”” Zhao Yu shook his head and sighed.”“““Looks like I trusted the wrong person. I thought you were different from londee, but it seems like you’re not much worse than him!”” ”

“““Whatever you say!”” Grimm replied, ““it’s your own choice! If you don’t pay, you won’t get anything!”” ”

“““What if I don’t agree?”” Zhao Yu asked, ““what do you want? Are you going to kill me?”” ”

“““Zhao Yu, think about it carefully,”” londee said, pointing at the screen. ““These things are all tailor-made for you! If you don’t agree, someone else will. In other words, even if you don’t press it, someone else will!”” ”

“““Then I’ll take you as a hostage,”” Zhao Yu said. ““I’ll let you guys dismantle the bomb!”” ”

“““No, don’t just look at what’s in front of you!”” Grimm said, ““if you kill me, the organization will immediately select more radical newcomers. By then, you will find that no one will be as reasonable as me!” ”

“““And, I’ll emphasize it again,”” Grimm pointed to the screen again, ““I’ve already told you, I didn’t order these explosives to be installed. These were the organization’s orders!” ”

“““Other than testing you, there should be a deeper purpose. Do you understand now? I’m not what you think I am as the successor!” ”

“““Most of the time, I can only give my own suggestions. As for whether or not they are adopted, I have no say!” ”

“““Come on!”” Clint pointed at a button. ““Let’s work together and find those more powerful big shots. Together, we’ll destroy this criminal empire. How about it?”” ”

“““You’re crazy!”” Zhao Yu cursed, but his brain was thinking quickly. ”

“From the beginning, Grimm’s behavior was a little crazy. He did not seem to have a clear purpose. He was a hammer in the East and a stick in the West. Previously, he had asked him to kill Simone, and now, he was asking him to press the bomb button!” ”

What was he trying to do?

No...

“Suddenly, Zhao Yu smelled a conspiracy. He felt that Grimm might have lured him here for an even more evil purpose!” ”

Damn it!

“Zhao Yu and Ding Lan exchanged a look, then started to wonder if they should strike first. ”

“No matter what, he had to restrain Grimm first. ”

And then ...

Hmm ...

“Wait a minute, Zhao Yu suddenly thought of something. He recalled Green’s previous performance and realized that green seemed to be hiding something. ”

Could it be ...

Oh my God!

“Suddenly, Zhao Yu made a shocking guess. Could his previous judgment have been wrong? ”

Grimm wasn't the successor?

“He was just a puppet, and everything he was doing now was ordered by someone? ”

This ... This was also ...

““How is it? “Zhao Yu,”” green pointed at the button and said,””after you press it, you'll be able to see the Middle-Eastern woman and Lee Bencheng! ”

““Trust me, when you become my assistant, you will gradually like your new life! Once we've taken care of the entire organization, we'll be able to call the wind and summon the rain!”” ”

““Mm ... What's the hurry! It's such a big matter, I have to think about it, right?”” Zhao Yu had no choice but to stall for time. He asked,””where are our tea leaves? Can I have some tea to calm down first?”” ”

““Hehehe ... You ...”” Green's smile had obviously changed. He stood up and slowly walked towards Zhao Yu, saying,””Zhao Yu, I know what you're thinking. Are you evaluating whether you can stop this explosion and then escape from here?”” ”

““Yup!”” Zhao Yu forced a smile.””Didn't you always want to see my Immortal body?”” ”

““Hehe ...”” Green walked in front of Zhao Yu and said softly,””Zhao Yu, get ready to face the storm!”” Remember, those two people are locked up in room 0010. Turn left on the east side and you'll find the first room ...”” ”

Eh?

“Green's words were illogical, and Zhao Yu was confused. ”

“But, just as Zhao Yu was in a state of confusion, green suddenly stood in front of him, and then a crisp sound came from his body! ”

Bang! Bang!

“With a crisp sound, blood burst out, and Grimm instantly fell to the ground ... ”

Chapter 2665: -massacre

What was going on?

“Seeing Green's back bloomed and he suddenly fell to the ground, Zhao Yu and Ding Lan instinctively realized that someone had shot him from behind! ”

“The two subconsciously pulled out their guns, especially Ding Lan, who was already prepared. She had already aimed the gun behind green.”

“However, something unexpected happened. Although there were many people behind Grimm, no one raised their guns to aim.”

“However, green had been shot, and Ding Lan and Zhao Yu had pulled out their guns. This undoubtedly made the security guards think that it was Zhao Yu and Ding Lan who had shot and killed green!”

“So, the security guards quickly took out their guns and shot at Zhao Yu and Ding Lan!”

Bang Bang Bang ...

“As the bullets whizzed through the air, Zhao Yu and Ding Lan quickly crouched down and hid behind the chairs.”

“At the same time, Zhao Yu quickly looked at green, who was on the ground. He saw that there was a bloody hole on the back of Green’s clothes, and he was lying on the ground, not moving at all. Obviously, he was dead ...”

But ...

“Zhao Yu frowned, still unable to believe what he had just seen.”

“According to common sense, the hall was clear at a glance. If someone was trying to sneak up on Grimm, he should at least be alert.”

Oh ...

Could it be ...

“Zhao Yu was surprised, could it be that green had bullets tied to him? Was it remotely controlled?”

“In other words, his guess was correct. Even if it was the mysterious Grimm, he was just a puppet under control. The real successor had not yet appeared?”

“F * ck, this is really ...”

“Zhao Yu didn’t have much time to think. The crazy security guards had already started to attack the platform. Zhao Yu had no choice but to use two invisible bullet proof suits, one for himself and the other for Ding Lan.”

“Under the rain of bullets, it was inevitable that there would be mistakes, and Zhao Yu had to minimize them.”

“However, after using the two invisible bullet proof suit, Zhao Yu’s device bar showed zero. As he didn’t get hexagrams as often as before, Zhao Yu’s bullet proof suit had a limited number of uses.”

“Just in case, he could only use 8000 points, and each bullet proof suit had an extended duration of half an hour.”

“As soon as the gunshot rang out, the hall was instantly in chaos. The staff members had no combat experience and immediately fled in all directions.”

“On the spot, four security guards who were the closest to them surrounded Zhao Yu and his girlfriend.”

“However, Ding Lan was not just for show. She shot back accurately and hit two security guards. The others were so scared that they didn’t dare to attack rashly. They could only find cover and shoot wildly at the two!”

Bang Bang Bang ...

“The bullets whizzed through the air, and many of them hit the monitors, shattering them into pieces.”

“The platform was located at a high point. Other than the few chairs, there was no other cover. If this continued, the two of them would only become live targets!”

“So, Ding Lan quickly pulled Zhao Yu and jumped behind the platform.”

Pa ...

“The bullet hit the corner of a display screen, and the broken pieces hit Zhao Yu’s head, causing him extreme pain.”

“As soon as the two of them jumped off the platform, several security guards came from the side and directly fired at them.”

“Ding Lan and Zhao Yu shot back. At close range, their shots were very powerful. In a flash, the crowd was already in a mess.”

“There was a limited number of bullets, and after some chaos, some people were shot and fell to the ground, some were wailing in pain, and some even threw themselves at Ding Lan and Zhao Yu, engaging in close combat!”

These security guards were not ordinary security guards. One could tell that they were not easy to deal with. Their attacks were ruthless and their moves were strange. They should all be experts who had undergone brutal training!

Hualalalala ...

“Zhao Yu used his bull’s slam technique and carried one of the security guards as he slammed into the wall of the platform. The wall cracked, and the monitor on the other side of the wall fell to the ground with a loud crash.”

Wayaya ...

“Zhao Yu was screaming and fighting with the man, but through the crack in the wall, he saw that the man who looked like the housekeeper had already rushed to the platform and reached out to touch the red button!”

I’ll go!

“Zhao Yu then remembered that there was still a big issue that had not been solved. If he pressed the button, it would cause immeasurable losses to the country, as well as endless trouble!”

This won’t do!

“At the critical moment, Zhao Yu could no longer hide his identity. ”

He quickly took out the Taser gun from his sleeve and the Taser bullet hit the security guard who was fighting with him.

Creak ...

“In a flash, the security guard fell unconscious. ”

“As for Zhao Yu, because he had the protection of the lightning rod, he was naturally fine. Immediately after, Zhao Yu reached out to pull out the spare pistol from his ankle. Then, he turned on the universal scope and shot the housekeeper! ”

“After the Butler was shot, he screamed and flew off the platform ... ”

“Then, Zhao Yu turned his gun around and shot one person at a time. In the blink of an eye, he had knocked down several security guards who were rushing towards him. ”

“At that moment, Ding Lan was fighting with two security guards. The two security guards were so capable that Ding Lan was even at a disadvantage. She was punched in the face and neck. ”

“Zhao Yu was confident in his skills. He immediately raised his arm and fired at Ding Lan. But after two shots, Ding Lan was fine, but the two enemies had been hit in the head. ”

“““Oh my God!”” Ding Lan tidied up her unkempt hair and said in surprise,““I finally know why green wants to study you! ”

“““Have you become a spear God now?”” ”

Bang ... Bang ... Bang ...

“Before Ding Lan could finish her sentence, another round of gunshots came from the distance. The bullets whizzed past their ears, and the two quickly dodged in fear. ”

“Zhao Yu had already run out of bullets, so he could only look for the enemy’s gun on the ground. ”

“In the end, the gun that he had picked up with great difficulty had also run out of bullets. ”

“““Ignore them,”” at this time, an English voice shouted from somewhere in the hall,““press the button first!”” ”

“““F * ck!”” Zhao Yu was depressed. He quickly pulled Ding Lan aside and asked,““sister LAN, can you turn off that thing? We can’t let the explosion happen!”” ”

“““Power supply!”” Ding Lan reminded him,““turn off the internet or the power. Choose one!”” ”

“““Oh ...”” ”

“With Ding Lan’s reminder, Zhao Yu finally remembered that he still had his magic treasure, so he quickly ran towards the power supply of the platform. ”

“The enemy was not to be trifled with. After seeing Zhao Yu rush out, he immediately shot at him. ”

“At the same time, Ding Lan pulled out her spare pistol and started shooting at the enemy. ”

“During that time, Ding Lan had a feeling that she might have been shot, but something strange happened. She was still unscathed.”

“After a series of shots, the system sent a warning to Zhao Yu, warning him that the energy in his bulletproof vest was limited, and that it was starting to crack.”

The bullet proof suit was Zhao Yu’s super protective talisman. He quickly took out five thousand points and strengthened it.

“At the same time, he picked up a wire from the ground and activated the power jamming device. The surrounding area was suddenly plunged into darkness!”

“Just in case, Zhao Yu increased the power of the signal jamming device and used it, so that the signal in the entire Hall was cut off.”

“Then, Zhao Yu skillfully took out his invisible night vision device and invisible hand hammer, ready to kill everyone!”

Chapter 2666: mystery

“A major situation had occurred in the control room, and the emergency alarm immediately sounded in the underground base.”

The security personnel who received the alarm immediately ran to the control room with their rifles to provide support.

“However, for some reason, the control room was pitch black.”

A security guard with a rifle had just rushed in when he was immediately attacked by Zhao Yu.

“Zhao Yu had been waiting for an opportunity in the dark. When he saw someone enter, he immediately punched the man. The man flew away, and his rifle also fell to the ground.”

“Zhao Yu quickly picked up the wall and fired a round of bullets at the corridor outside, forcing the enemies to retreat.”

“Immediately after, he turned the gun around and aimed at the control computer on the platform. After a precise shot, he completely destroyed the computer and stopped the enemy from pressing the detonation button again.”

“At that moment, Ding Lan’s line of sight was blocked in the dark, so Zhao Yu had already pulled her behind him.”

“However, the hall was not completely dark, because the hall was too big. In the places where Zhao Yu’s power jamming device could not cover, there was still a faint light.”

““Brother-in-law,”” Ding Lan knew that they couldn’t stay there for long, so she quickly told Zhao Yu, “let’s go back the way we came!”” There are too many of them!””

““No!”” Zhao Yu said, “green just said that room 0010 is the first room on the left on the east side. We have to go and save her!””

““Hmm...How about this!”” Zhao Yu pointed to the original entrance. ““You can go back the way you came! Be careful!””

““No!”” Ding Lan was resolute. ““I’ll go wherever you go. We’ll be together even if we die!””

“Zhao Yu frowned. ““Don’t make it sound so inauspicious, okay? I think ...””

Boom ... Boom ...

“Before Zhao Yu could finish his sentence, there was a sudden burst of fire from the door on the wall that they had come from.”

Boom! Boom! Boom!

“The ceiling fell, smoke and dust rose, and screams could be heard ...”

I’ll go!

“Seeing the huge waves coming, Zhao Yu quickly pulled Ding Lan and lay down on the ground.”

“The smoke and dust quickly engulfed them, causing the two to cough dryly.”

““Great, this is great!””

“As Zhao Yu said this, his mind was in a mess. ““That’s not right. How did the cave entrance get blown up?””

“I’ve already used a signal jammer, which means that it can’t be remotely detonated. Then ... What’s going on? A fixed time?”

But who arranged this?

“If he was the real successor, why would he destroy the place he had worked so hard to build?”

Could it be ...

“He suddenly thought, could it be that his companions were rushing over?”

“But ... Suddenly blowing up the door, it still didn’t seem to make sense, right?”

This was an underground base. Wouldn’t it all collapse if it exploded like this?

“But now, there was no way out!”

“However, Zhao Yu had no intention of retreating!”

“He adjusted the brightness of the invisible night vision device and strengthened the duration of the universal scope. Then, without hesitation, he rushed out to the corridor with his rifle.”

“At that moment, the corridor was filled with armed security guards. However, they were not stupid enough to stand in the corridor and be live targets. Instead, they all hid in the corner, waiting for the opportunity to make a move.”

“After Zhao Yu rushed out, he used his all-purpose scope and shot a few times, hitting the enemies who were leaning against the corner of the wall to observe the situation.”

They were either hit in the face by the bullets or had their feet pierced through ...

Ah ...

Screams suddenly came from the dark corridor. Zhao Yu took the opportunity to bring Ding Lan to the first room on the east side.

“The door was marked with the number 0010. It was a shiny, hard metal door. Zhao Yu reached out to pull the door handle.”

“However, just as he was about to use his strength, he suddenly realized that a red light had lit up in his mind!”

He looked at the invisible detector in his brain and found that there were explosives installed behind the door!

“F * ck, it can’t be?”

Are you trying to kill me?

“Zhao Yu realized that the metal door wasn’t locked, so it was obviously a trap!”

“As soon as he pulled open the metal door, it would immediately break into pieces ...”

F * ck!

“Zhao Yu was so angry that he wanted to curse. At this time, the enemies who had just been repelled began to fight back. They didn’t dare to show their heads, but still took out their rifles and started shooting!”

“Seeing this, Zhao Yu quickly fired again. A few bullets flew over and accurately hit the rifles, scaring the enemies so much that they had to abandon their guns and Dodge!”

“Taking advantage of this opportunity, Zhao Yu used the invisible fluoroscopic device and the life detector. He had to make sure that there was no one in the room behind the door, so that he could confirm whether there was a need for him to go in.”

“In the end, the life detector quickly sent a signal. There seemed to be a large space behind the door, and there were at least five life signals inside!”

Five people?

“Zhao Yu quickly increased the power of the invisible fluoroscopic device, but he saw that there seemed to be a conference room behind the door. It also looked very high-tech, but he was far away from the life signal inside, so he couldn’t see clearly who was inside!”

Tsk tsk ...

“Zhao Yu didn’t dare to hesitate. Since green had hinted, then it was entirely possible that Lee Bencheng and amerolan were behind the door. So, he could only think of a way to get in.”

“So, he had to use the few bomb detachers he had and remove the bomb fuse connected to the door.”

“Then, he pulled hard, and the metal door opened.”

“He didn’t know if there was a skylight or something like that inside, but there were traces of light coming from inside.”

“Zhao Yu didn’t dare to delay, and quickly entered the room with Ding Lan. At the same time, he asked Ding Lan to guard the door to prevent the other party from rushing in and surrounding the room.”

“Then, Zhao Yu immediately rushed into the room to look for the life signals.”

The room wasn’t small. Zhao Yu walked a few meters forward and suddenly saw a wide view. He didn’t expect that it was indeed a meeting room with an advanced design!

“Although the power had been blocked by Zhao Yu, there was still something glowing on the roof of the meeting room, which made the situation in the room very clear.”

No way?

“This time, another accident happened!”

“Zhao Yu didn’t see Amelia, nor did he see Lee Bencheng, but he saw five people lying on the table!”

“All five of them were men and they were not young. They were dressed in casual clothes and were lying on the conference table, not moving at all.”

“Zhao Yu knew that, since there were still life signals, they were not dead, but unconscious!”

“He quickly went forward to check, only to find that these people were still tied up with ropes, handcuffed, and had their mouths sealed with tape ...”

This ...

Zhao Yu took a closer look and realized that he had never seen these five people before. They were all Westerners with high noses.

“What’s the meaning of this, Grimm?”

Zhao Yu was confused again. He didn’t understand what green meant.

Why did you lead me here?

Oh ...

“Suddenly, he thought of the explosives at the door. Could it be that Grimm wanted to take these people, along with himself ...”

No...

“Suddenly, Zhao Yu found another problem with his invisible detector. The explosives were all installed under the conference table, and there was only a fuse at the door.”

“In other words, Grimm’s intention was to kill these people!”

“However, since these people had already been subdued, why didn’t he do it himself?”

Could it be ... He’s trying to frame me?

He ...

“Aiyo, damn!”

“Suddenly, Zhao Yu thought of another important question. He had only seen the bloody holes on Green’s body, but he had not used the life detector to check on him.”

“Then, he thought about the collapse of the gate.”

That old man ...

Could it be ... That he was faking his death?

It’s broken!

Zhao Yu finally realized that he might have fallen into Green’s trap. No wonder green was so nervous just now.

Could it be that Grimm wanted to use his own hands to destroy this criminal empire?

And he ... Wanted to sit back and reap the benefits?

Chapter 2667: shareholder

Oh ...

“Just as Zhao Yu was in a daze, a man in a white shirt suddenly woke up and said, ”Oh!” ”

“In order to figure out the situation, Zhao Yu quickly pulled him up. ”

“However, although this person had woken up, his consciousness was still unclear. He was mumbling something and there was white foam at the corner of his mouth. ”

“Zhao Yu saw that the man not only had long hair, but he also had a thick beard. His hair was so long that his chest hair was sticking out from his shirt. ”

“In order to save time, Zhao Yu had to give the man an invisible antidote. ”

“The medicine took effect very quickly. The man suddenly opened his eyes and struggled in horror. He shouted in English, ”Hurry up! Stop him, he’s going to rebel!” ”

“After shouting, he realized that he was tied to a chair, and at the same time, he saw Zhao Yu, who looked like a fiend. ”

“Ah?” He was shocked and quickly shouted at Zhao Yu, ”quick! Quickly release me!” ”

“Mm ...” Zhao Yu asked. ”What happened? Who are you?” ”

““““You don’t know me?”” The bearded man was surprised, and then said nervously, ““““you ... You’re not one of Grimm’s men, are you? You ... What do you want?”” ”

““““I don’t know you,”” Zhao Yu said.””Who the hell are you? Zhao Yu pointed to the explosives under the table and said, ““““if you don’t tell me, I’m leaving!”” ”

““““Don ‘t, don’ t, don ‘t, don’ t, I beg you to save me,”” the bearded man quickly begged.””I’m a shareholder of the company, one of the shareholders. As long as you save me, I can give you as much money as you want!”” ”

““““You’re a shareholder of the company?”” Zhao Yu asked, ““““what’s Green?”” ”

““““Grimm ... Grimm is rebelling!”” The bearded man said, ““““he’s just an advisor. He brought us here to kill us and replace us!”” ”

Oh ...

Zhao Yu then realized that his guess was right. Green was not a successor at all.

“This powerful criminal empire had its own special operating mechanism. Behind londee, there were also the shareholders. They were the true controllers! ”

“Grimm ... He had lied to everyone, including himself! ”

This damned guy!

““““Let me ask you,”” Zhao Yu pointed at the other four, ““““who are they? The same as you? The few of you are the ones who are truly in power?”” ”

““““This ...”” The bearded man understood Zhao Yu’s meaning and asked in a hurry, ““““then ... Who are you?”” ”

““““I ... I’m also a victim. I’m here to defend my rights!”” Zhao Yu laughed bitterly. ”

“At that moment, gunshots were heard at the door, and a large number of enemies were attacking again. Ding Lan couldn’t hold on any longer, so she quickly shouted at Zhao Yu, “““““Brother-in-law, is there any other way out?”” ”

““““No more!”” The one who answered was not Zhao Yu, but the bearded man. He pointed at the door with his chin and said, ““““we designed and built this place, and there is only one exit!”” ”

““““Wait a moment!”” Zhao Yu reacted quickly and said, ““““since you are their leader, you were also set up by green! ”

““““Then ... Those people outside will definitely listen to you? Hurry up and tell them not to shoot!”” ”

““““Oh ... Okay, okay ... Oh no... No...”” The bearded man said.””We usually live in seclusion, and people outside don’t know our identity! ”

““““I must, must make a call!”” ”

The phone ...

““““Alright then!”” Zhao Yu quickly handed his mobile phone to him and turned off the power and signal jamming devices at the same time. He then said,““““hurry up and contact your people. Tell them to stop firing!”” ”

““““You see, the enemy of my enemy is my friend, right?”” ““““Our common enemy is green,”” Zhao Yu advised.““““The most important thing now is to find green, right?”” ”

““““Yes, you’re right!”” The bearded man nodded hard, but his hands were cuffed and his arms were tied, so he could not move. ”

Zhao Yu immediately pulled out the dagger that he carried with him and Cut the Rope that was tying the bearded man.

The bearded man grabbed Zhao Yu’s phone with both hands and started to dial a number.

““““However, the phone was busy. The signal in the entire underground base seemed to be blocked. ”

““““Of course, this was not a problem for Zhao Yu. He used a signal booster to make the call go out. ”

““““Then, another accident happened. The system prompted Zhao Yu that, due to external electromagnetic interference, it would cost him 370000 adventure points to restore the signal! ”

F * ck!

““““Zhao Yu was so angry that he wanted to curse. He had less than 200000 points, so why didn’t he just say that it didn’t work? ”

““““Alright then!”” Zhao Yu untied the bearded man’s rope and asked,““““what’s your name?”” ”

““““Hmm ...”” The bearded man hesitated, as if he did not want to say his name. ”

““““Alright then!”” Zhao Yu pointed the rifle directly at his head and said,““““I’ll change to another one! One of them will tell the truth!”” ”

““““I don’t have a name, I only have a codename!”” The bearded man said,““““my code name is Prometheus, the son of Titan in Greece mythology!”” ”

““““F * ck!”” Zhao Yu put away his mobile phone and asked,““““we can only try it now! If you can’t get the people outside to stop firing, then we can only be cannon fodder!”” ”

““““Then, Zhao Yu pulled him up and dragged him to the door. ”

““““No, no, no, no...”” The bearded man struggled and exclaimed,““““no, many of them don’t know me!”” According to the organization’s emergency response system, I definitely can’t do it! Can’t you ... Can’t you change to someone else? Hey ...”” ”

““““Zhao Yu couldn’t care less about anything else. He asked Ding Lan to open the door and pushed the man to the side of the door, then shouted at the people outside, ““““Don’t shoot! I’ve caught your boss!”” ”

““““Then, Zhao Yu pushed the bearded man outside. ”

“““Don ‘t, don’ t, don’t shoot! It’s me!”” The bearded man was so frightened that he let out a pig-like roar.”““I’m Prometheus, a shareholder of the company, your boss! Listen to me ...”” ”

Bang ... Bang ... Bang ...

“A few bullets were shot, and the bearded man’s left shoulder was instantly hit, causing blood to burst out on the spot. ”

Ah ...

“The bearded man screamed in pain. Thinking that he was dead for sure, he immediately fell to the ground and stopped moving. ”

Al!

Zhao Yu sighed and pulled him back into the room.

This was also something that he had never expected. The other party actually did not recognize anyone.

“““Brother-in-law, we can’t do this!”” Ding Lan said gloomily,”“you’ve seen how many enemies there are here. It won’t be long before we’re surrounded!”” ”

“““I say, Prometheus!”” Zhao Yu slapped the bearded man and asked,”“how did you guys end up like this? don’t you guys have any capable subordinates?” ”

“““Is there really no way to make the people outside stop firing?”” ”

“““This time, we’re holding a reorganization meeting. Originally, there were three people participating and two people staying behind! ”

“““But, Clint sent us a fake message and got us five Gu Dong to gather together. As soon as we met, we knew that we were fooled! ”

“““According ... According to the rules, our men are waiting outside!”” The bearded man said,”“as long as I make a phone call, the misunderstanding will be resolved! Just a phone call!”” ”

Oh ...

Zhao Yu finally understood the whole story. There was no doubt that everything was Green’s doing.

“Perhaps, Grimm could only control these five shareholders but could not kill them, so he used me to get rid of these shareholders, so that he could become the boss smoothly! ”

“This Grimm, isn’t he too calculative? ”

No!

“Zhao Yu thought about how he had been tricked by Grimm, and suddenly became even more anxious. He looked at the devices in his system, and was ready to counterattack and rush out to catch Grimm! ”

“However, at this moment, gunshots suddenly rang out outside, and screams rang out non-stop. It was actually a mess ... ”

“Chapter 2668: Zhao Yu, dual-gun ”

“““Brother-in-law!”” Ding Lan raised her gun excitedly.”“Our reinforcements are here!”” Let’s rush over and help them!”” ”

“““Oh ...”” Zhao Yu didn’t think much of it, but asked the bearded man on the ground,”“can you still walk? If you want to live, follow behind us! ”

“““If you don’t want to live, then stay here. Anyway, those things are going to drop at any time!”” ”

“““Oh ... I ... I’ll go with you, but ...”” He pointed to the depths of the meeting room and said,”“the others are all shareholders, and we control each other. If they die, I’m afraid the group will not be able to operate in the future!”” ”

“““Oh ... I see!”” Zhao Yu was overjoyed. He didn’t expect the man to tell him the truth, which reminded him of his original intention! ”

That’s right!

“Didn’t I spend so much effort to get rid of this evil criminal organization? Since it couldn’t be used in the future, wasn’t that what he wanted? ”

“““No... But ...”” The bearded man touched his body and said,”“it’s broken. Our bio-identification device may have been taken away by Grimm! ”

“““This damn guy, if he took away all the scanners, even if he didn’t have the password, he could still change the company’s standards! ”

“““This is going to be a big problem. If Grimm controls the entire organization, then ... Then he can do whatever he wants and will no longer be bound by any restrictions! ”

“““He ... He still wanted to kill us all. This ... This person is too sinister. I’ve already warned londee that this Englishman was not being honest! ”

“““Damn it!”” ”

Oh ...

“Zhao Yu then understood something. Ge Lin had really lied to everyone. If he couldn’t stop him this time, then he would definitely become the controller of this super criminal empire in the future! ”

“At that time, with this person’s wisdom, he would definitely be his biggest and most difficult enemy to deal with! ”

So ...

“Zhao Yu glanced at the bearded man and made up his mind. He definitely couldn’t let him die, as he still had a use for him. ”

“Hence, Zhao Yu quickly shouted, ”

““““At a time like this, you shouldn’t care about the life and death of others! If you have the ability, let’s rush out first and then let your people come in to save them!””” ”

““““Oh ... Oh ...””” The bearded man nodded and quickly stood up while holding his injured shoulder. ”

“Seeing that the man was fine, Zhao Yu and Ding Lan exchanged a look, then rushed out one after another. ”

“At this moment, because the power jamming device had failed, the lights in the corridor were on, and the corridor was as bright as day. ”

“Around the corner, about six or seven meters in front of Zhao Yu, gunshots were heard. It was a mess. ”

“Some of the enemies did not point their guns at them, but aimed at the corridor on the right. They were nervously aiming and firing. ”

“From this, it could be seen that the reinforcement troops should have rushed in from the corridor on the right. ”

“Zhao Yu and Ding Lan were both experts, so how could they miss such a good opportunity? the two of them quickly rushed forward and shot at the enemy around the corner. ”

“Unfortunately, as Zhao Yu had fired too many shots, he could no longer pull the trigger after shooting a few bullets. ”

“Fortunately, Ding Lan had rushed up in time and shot down two enemies on the spot, which saved Zhao Yu from danger. ”

Zhao Yu saw a rifle on the ground and quickly bent down to pick it up.

“Unexpectedly, just as he bent down, a black shadow suddenly flew over and hit Zhao Yu. ”

Ding Lan’s eyes and feet were sharp. She immediately flew into the air and kicked the black shadow away.

“When the two of them looked again, they realized that it was actually a corpse! ”

“The dead body was wearing black clothes, which reminded Zhao Yu of the experts that had appeared in the backyard of the Music Hall. ”

Bang Bang Bang ...

A few gunshots were heard from the right side of the corridor. The two of them turned their heads again and were shocked by what they saw!

“They saw a man wearing a bulletproof vest fighting with two Men in Black. Zhao Yu and Ding Lan immediately recognized that the man in the bulletproof vest was none other than the king of special agents, Lee Bencheng! ”

F * ck!

“Zhao Yu’s eyes lit up. He was about to express his thoughts, but Ding Lan saw the situation and quickly pulled Zhao Yu away. ”

“It turned out that there was another group of enemies rushing over from the left side of the corridor. They were all holding rifles, and as soon as they appeared, they opened fire! ”

Tap tap tap tap ...

“The bullets rained down on Ding Lan. Although he had moved in advance, he was still hit by the bullets. ”

“However, because she was wearing a bulletproof vest, Ding Lan didn’t feel anything. She thought she was just lucky. ”

“””Oh God!”” At this time, the guy who called himself Prometheus shouted and quickly squatted in the corner, covering his head. ”

“On the other side, Lee Bencheng and the two men in Black also dodged to the side because of the whistling bullets. ”

Damn it!

“Zhao Yu was furious. He immediately picked up a rifle from the ground, released the safety, and rushed out from the corner to launch a counterattack. ”

“He had thought that with his bulletproof vest and the universal scope, he would be able to repel the enemy. ”

“However, after he rushed out, he was depressed to find that the gun he had just picked up had also run out of bullets. ”

Ka ka ka ...

“The bullet didn’t shoot out, but the trigger made a clicking sound. ”

I’ll go!

“Zhao Yu had already rushed out, and the awkwardness was beyond words. ”

“Seeing that Zhao Yu was about to die, the enemy immediately raised their hands and shot at Zhao Yu. ”

“In a moment of desperation, Zhao Yu didn’t think much, but immediately used the invisible hand shield to block his face. ”

“””Ah ...”” ”

“In the end, Zhao Yu didn’t do anything, but Ding Lan let out a cry of despair, because in her opinion, Zhao Yu was dead for sure. ”

“So, Ding Lan rushed out without hesitation and fired a few shots at the enemy, then hugged Zhao Yu. ”

Tap tap tap tap ...

“The enemy’s bullets whizzed through the air, and because the bullets were too fierce, Ding Lan’s bulletproof vest was instantly destroyed. ”

“””Ah!?”” ”

“Seeing the system notification, Zhao Yu was shocked. He quickly rolled over and protected Ding Lan under him. At the same time, he reached out to pick up the two rifles on the ground! ”

“”Go to hell!”” ”

“Zhao Yu lay on the ground, pulled the trigger with both hands, and fired! ”

“Under the effect of the universal scope, Zhao Yu’s shots were all accurate. Each bullet killed an enemy!
”

“In an instant, the corridor was filled with electric light and bullets. The six or seven people who had just rushed over were shot and fell to the ground in the blink of an eye! ”

Ah ...

Ah ...

“The next second, there were screams, but Zhao Yu didn’t give them any chance and shot another round of bullets at them, stopping the screams! ”

“When Zhao Yu finished shooting, the scene fell into a brief dead silence. Prometheus was completely dumbfounded! ”

“Ding Lan, who was on the ground, was in disbelief. After a long while, she asked Zhao Yu,“”””Brother-in-law, are we ... Really not dead?”” ”

“””I’m fine!”” Zhao Yu reached out and pulled Ding Lan up. He had wanted to extend the duration of the bullet proof suit, but he realized that it had lost its effectiveness. ”

“He wanted to give another one to Ding Lan, but he had run out of bulletproof vests. ”

“So, he had no choice but to use a top grade emergency evacuation ball on Ding Lan. ”

“In fact, Ding Lan already had an emergency evacuation ball with her, but in such a dangerous situation, Zhao Yu felt that he should give her a double insurance. ”

“””No... That’s impossible!”” Ding Lan was still in shock. She looked at Zhao Yu’s arm and muttered,“””did they use empty bullet shells? Or, is it really like what Grimm said, you ...”” ”

Swoosh ...

“Just as Ding Lan was looking around, a flash of lightning suddenly appeared in the corridor on her right!
”

“Zhao Yu quickly looked over and saw a large net suddenly covering li Bencheng. Before li Bencheng could react, he was knocked unconscious by the electric current in the net. ”

Chapter 2669: electric battle

“Seeing that Lee Bencheng was covered by the electric net, Zhao Yu couldn’t stay calm. He immediately rushed over with his two rifles.”

“Just as Lee Bencheng fell to the ground and was knocked unconscious, two Men in Black appeared in the corridor. They were holding the handles of the electric net, trying to tighten it so that Lee Bencheng could not move.”

“Zhao Yu took advantage of the opportunity and fired two shots. The bullets were accurate. One of them hit one of the men’s palm, and the other one hit the other man’s shoulder!”

Ah ...

“The Man in Black who was shot quickly retreated out of the corridor, and the entire electric net fell to the ground with a clang.”

“The electric net was still squeaking and discharging electricity. If this went on for too long, Lee Bencheng would definitely be electrocuted to death.”

“Zhao Yu quickly used the lightning rod on Lee Bencheng, and at the same time, he quickly ran towards him.”

“Lee Bencheng was at the intersection of a corridor. After Zhao Yu arrived, he had to confirm his own safety before he could save Lee Bencheng.”

“As the enemy had retreated to the left corridor, Zhao Yu naturally turned to face the left.”

“However, to his surprise, the two men in Black who had been shot just now disappeared!”

There were no rooms on either side of the corridor. Where did the two men in Black go in such a short distance?

“Although he was confused, Zhao Yu had to check the other side, so he turned around and looked towards the right corridor. Although there were also two Men in Black, they were lying on the ground, their heads twisted, and their eyes ferocious. Obviously, their necks had been broken by Lee Bencheng, and they had died long ago!”

* Crack ... *

“At that moment, the power grid was still flashing. Zhao Yu quickly squatted down and looked for the switch on the power grid!”

“At that moment, the detector in Zhao Yu’s head suddenly sent an alert, reminding him that there was something strange behind him.”

“”Ah!”””

“Zhao Yu was shocked and quickly turned around, only to find that the two men in Black who had disappeared earlier had reappeared!”

“Not only did they appear, but they also had another electric net in their hands and were aiming at him!”

F * ck!

“Zhao Yu was shocked, and he instinctively raised his rifle to shoot.”

“However, when he fired the bullet, the electric net had already opened up!”

The huge net instantly covered his body and wrapped him up.

Damn it!

“Suddenly, Zhao Yu felt depressed. He didn’t expect the other party to be an expert at playing with nets!”

Swoosh ...

“The net covered Zhao Yu, but it didn’t release an electric current or tighten like before.”

Eh?

“Zhao Yu looked through the gaps of the net and was lucky to see that, although the two shots he had subconsciously fired earlier did not hit anyone, they had broken the switch of the power grid!”

“At this moment, the two men in Black were fiddling with the switch, their faces full of anxiety!”

“Seeing this, Zhao Yu immediately tried his best to break free from the electric net. At the same time, his sister-in-law, Ding Lan, had already rushed in front of them and shot a few bullets at the two men in Black.”

“However, something strange happened. The Men in Black seemed to be wearing the legendary bulletproof suits. Although the two of them had been shot, they didn’t seem to be in any serious condition. They even threw the power grid away and hit Ding Lan!”

Tap tap tap tap ...

“Ding Lan fired another round of bullets, but one of the men in Black blocked her arm, and all the bullets hit the ceiling.”

“The moment an expert made a move, one would know if he had it.”

“The two men in Black were obviously skilled in martial arts. After a few hits, Ding Lan’s rifle was knocked away, and the three of them began a suffocating melee.”

“Zhao Yu saw this and struggled hard, trying to get out of the net as soon as possible.”

“However, the Men in Black were not stupid. They knew that Zhao Yu was powerful, so one of them immediately kicked Zhao Yu to the ground.”

F * ck!

“As Zhao Yu cursed, the two rifles left his hands, and he felt the world spinning.”

“He quickly got up and continued to struggle, but there were still many thorns on the net, and the more he struggled, the tighter it became.”

“At this moment, Ding Lan’s situation was not good. Although she was strong, she could only deal with one Man in Black! Under the pincer attack of the two men in Black, she was quickly hit by several punches and her situation was worrying!”

“Seeing this, Zhao Yu panicked. He could no longer care about the net around him, but rushed over with the net and threw himself on one of the men in Black.”

“The Man in Black reacted instinctively and punched the electric net. The electric net was made up of countless metal wires. The punch made his fist bleed, but he didn’t hurt Zhao Yu.”

Ah?

“The Man in Black realized that he couldn’t attack like that, so he tried to kick Zhao Yu again!”

“As a result, an electric current suddenly burst out of the electric net, and the Man in Black was instantly hit by the current. He twitched a few times in a mess, then his eyes rolled back and he fell to the ground!”

“”Ah!””””

“The other man in Black didn’t know what was going on, and thought that the switch of the power grid had suddenly been turned on. He didn’t know that it was Zhao Yu who had fired his taser gun and used the Taser bullet as well as the electrical conductivity of the power grid to electrocute the other man!”

“However, because he had fired a Taser bullet earlier, Zhao Yu’s taser gun lost its effect after the shot.”

“However, Zhao Yu didn’t care about that. He charged at another Man in Black with the electric net.”

“”Ah!””””

“The black-clothed man turned pale with fright. He thought that the electric net was charged and he couldn’t touch it, so he could only Dodge.”

“However, Ding Lan was not to be trifled with. She seized the opportunity to strangle the Man in Black, then jumped up, kicked off the wall, and suddenly fell with her own weight and acceleration!”

Thump!

“Ding Lan fell heavily to the ground, but as she tightened her grip, the Man in Black’s neck twisted and cracked. The Man in Black died instantly, never to move again ...”

“Ding Lan didn’t dare to delay. She strangled him for another ten seconds, and only released him when she found that the Man in Black was completely dead.”

“”Ah? Brother-in-law ... Brother-in-law ...””””

She then remembered Zhao Yu and quickly found the source of the power grid. She helped Zhao Yu remove the power grid and get out of it.

“”Brother-in-law, are you okay?””””

“Ding Lan saw that Zhao Yu’s body was covered in blood, all from the back stab of the electric net.”

“““I’m fine, I’m fine!”” Zhao Yu waved his hand and panted, but he still quickly motioned for Ding Lan to go and see li Bencheng.”

“So, Ding Lan bent down, checked the handle of the stun baton, and pressed a button. The power grid that trapped Lee Bencheng bounced open instantly, releasing him.”

“However, even though Zhao Yu had used the lightning protection needle on Lee Bencheng, Lee Bencheng had been electrocuted before, so he was still in a coma.”

“““He ... He’s here too.”” Ding Lan patted Lee Bencheng’s face and said,““is amiola here too?”””

“““Aiyo!”” Suddenly, Zhao Yu thought of something and quickly looked towards the original corridor. He said loudly,““Ding Lan! That ... That long-haired thief!”””

“The long-haired thief that Zhao Yu was talking about was Prometheus, who claimed to be a shareholder of the company.”

“““F * ck!”” Zhao Yu looked around but didn’t see the man. He immediately said worriedly,““we can’t let this guy get away!”””

“““Oh ...”” Ding Lan quickly stood up and headed back to the corridor.”

“Zhao Yu also got up to take a look, and his attention was all focused on the distance.”

“However, they had neglected one thing. The Man in Black who had been electrocuted by him before was not in any serious condition. Because there was a power grid between them, he had not been electrocuted badly. Now, he had actually woken up.”

“The Man in Black saw Zhao Yu’s back facing him, so he immediately pulled out the dagger hidden at his waist and stabbed Zhao Yu’s back!”

“However, just as he was waving his dagger in the air, he heard a strange crackling sound behind him.”

“““Ah!?”””

“The Man in Black had just realized that something was wrong when he was covered by an electric net. As the electric net tightened, an electric current shot out, and he quickly lost consciousness ...”

F * ck!

“Zhao Yu didn’t expect that there was something strange behind him, so he quickly turned around and looked. He then realized that Lee Bencheng was holding the power grid controller in his hand.”

It turned out that Lee Bencheng had woken up earlier than the Man in Black.

“At this moment, seeing that the Man in Black was no longer moving after being electrocuted, Lee Bencheng spat out a mouthful of saliva ...”

Chapter 2670: He’s an accomplice

““Zhao Yu, if I’m not wrong,”” Lee Bencheng tidied his hair and said,““this should be Miracle Island! The whole thing might be related to Grimm!”” ”

““Mm ...”” Zhao Yu said,““you’re right, but it’s a long story. Let’s go out first!”” ”

““Go out?”” Lee Bencheng quickly pointed in three directions,““I’ve tried all three places, but there’s no way out!”” ”

““Oh?”” Zhao Yu was surprised and asked,““you ... What have you been through? Where are you from?”” ”

““I came from a passage in the South. It’s a big place, like a maze!”” Lee Bencheng said,““also, I should have died, but ... I don’t know why, but their bullets didn’t hurt me!”” ”

““Ah?”” Zhao Yu frowned and seemed to understand something. Perhaps Lee Bencheng had triggered the emergency evacuation ball that he had given him? ”

““That won’t be fun!”” Zhao Yu said gloomily,““we just happened to come from a direction you didn’t go, and there’s no way out! ”

““Well ... To be precise, there was one, but it was blown up by Grimm!”” ”

““Oh, really? Was it really Grimm? ””This old man actually deceived all of us,”” li Bencheng said gloomily,““at that time, in order to confirm whether he was dead or not, I spent a huge sum of money to buy the news. I didn’t expect that the news was fake ...”” ”

““Well, now is not the time to talk about this.”” Zhao Yu turned on his invisible x-ray vision to survey the situation, then said,““we have to find a place to get out first.”” ”

““Brother-in-law,”” Ding Lan, who was in charge of looking for the bearded man, waved at Zhao Yu and said,““that person should have run that way!”” ”

“As she spoke, Ding Lan pointed at a direction in the corridor. ”

““Oh ...”” Lee Bencheng hurriedly said,““that leads to ... Be careful ...”” ”

“Before Lee Bencheng could finish, he immediately saw the invisible door on the left corridor suddenly open, and several Men in Black wearing bulletproof vests rushed out from the depths of the corridor! ”

Oh ...

Zhao Yu finally understood why the Man in Black had disappeared so quickly! There was an invisible door here ...

“This time, the Men in Black were no longer holding electric nets in their hands. Instead, they were all holding pistols. As soon as they appeared, they immediately fired. ”

““Dodge!”” ”

“Lee Bencheng quickly pulled Zhao Yu away from the intersection, and the bullet whizzed past. ”

““These people are hard to deal with,”” Lee Bencheng gestured for Zhao Yu to run,““they should be their Ace killers! Hurry up!”” ”

“Unexpectedly, after Lee Bencheng shouted, he found that Zhao Yu did not retreat, but instead, rushed to the position where the Man in Black was coming from.”

“”Ah Xi!”” ”

“”F * ck!”” Lee Bencheng cursed. In his eyes, Zhao Yu was no different from committing suicide. Just as he was about to go over and help, he did not expect his vision to suddenly fall into darkness.”

“Then, a sharp sound came from the left corridor, followed by gunshots and screams. The corridor was in chaos.”

Whoosh ...

“Tens of seconds later, the power was restored. Lee Bencheng quickly picked up a rifle and rushed over, but after he rushed over, he saw a horrifying scene!”

“Zhao Yu was covered in blood, holding a knife in his hand, and the Men in Black were all lying in a pool of blood.”

“”This ...”” Lee Bencheng couldn’t believe his eyes and muttered to himself in shock,””Oh my God, why did the power go off?”” ”

“”Phew ... Phew ...”” Zhao Yu panted heavily and sighed in his heart. The power jamming device and invisible night vision device were still the best combination.”

“He knew that these Men in Black were very difficult to deal with. If he did not deal with them, not only would he not be able to leave this place, he might even die Here.”

“As a result, he could no longer care about hiding and quickly used the most classic way to kill them!”

“”Let’s go!”” Zhao Yu picked up the two pistols and threw one at li Bencheng. He then pulled li Bencheng out of the bloody passage and chased after Ding Lan.”

“At this moment, Ding Lan was holding a rifle she had picked up and looking for the bearded man who had just escaped.”

“However, she heard Lee Bencheng’s exclamation and the sudden power outage, so she had to come back.”

“”Brother-in-law!”” Ding Lan saw that Zhao Yu was covered in blood and asked with concern,””are you okay? You are ...”” ”

“”Ding Lan! Where is he?”” Zhao Yu asked.”

“Ding Lan shook her head and pointed into the distance.””””He went that way. Let’s hurry up and chase after him!”” ”

“”Mm ... I think, just to be safe ...”” Zhao Yu pointed to the conference room that they came from.””Let’s get another strong man!”” If we can’t catch the bearded man, we’ll ...”” ”

“Just as Zhao Yu finished speaking, a ball of fire suddenly burst out from the meeting room. Then, there was a violent explosion there. The blast of air instantly gushed out in the enclosed underground base, making the power even more shocking! ”

Ah ...

“Zhao Yu and the other two could not stand still and were all blown down by the air blast. Then, the lights in the corridor went out, flames spewed out from the front door of the meeting room, the ground shook, and the ceiling fell. It was as if the sky had fallen and the earth had collapsed. ”

Hong long long ...

“A loud explosion resounded throughout the base. The scorching air waves rolled and hit the hard wall. The hard wall was instantly torn apart, and a huge crack appeared! ”

“Stones kept falling from the ceiling. Zhao Yu realized that he couldn’t lie there anymore. If the roof collapsed, they would all be buried under it! ”

“With that in mind, he quickly pulled Ding Lan and Li Bencheng and ran in the direction that Prometheus had escaped in! ”

Damn it!

“As he ran, Zhao Yu cursed in his heart. This Gelin was really cunning. He had already used the bomb disposal to cut the fuse, so why did it still explode in the end? ”

“There was no doubt that Grimm must have some backup detonator, and maybe there were other wires connected to the shareholders. As long as the shareholders woke up and asked for help, the detonator would be triggered. ”

F * ck!

“‘You don’t want to leave anyone a way out, Grimm, you old man, you’re really bad ...’ ”

“While cursing, Zhao Yu and the other two walked along the corridor and came to a relatively open mysterious Hall. The mysterious Hall led in all directions, and it was simply accessible in all directions. ”

“There was a bar and a gym in the underground base. Zhao Yu looked around, but he had no idea where the bearded man had gone. ”

“““What are you guys looking for?”” Li Bencheng didn’t know what was going on and immediately asked,““looking for someone? Who is it?”” ”

“““A long-haired thief covered in hair!”” Zhao Yu said,““he’s the real controller of the londee criminal empire, and green is just their aide!”” ”

“““And now,”” Ding Lan continued,““green wanted to get rid of these five shareholders and usurp the throne, but we saved one of them, and now we don’t know where he is!”” ”

“““Yes,”” Zhao Yu said.““If we catch this person, he can at least take us out of here!”” ”

“““Ah? It’s that complicated?”” Li Bencheng could not believe it. ““Green, that guy, he was already with londee. I really didn’t expect ...”” ”

“““It’s here, here! Come on ... Come on ...”” ”

“Just as the three of them were discussing, they heard a familiar voice. They looked up and saw that Prometheus had returned! ”

“However, a group of men in white suits appeared beside him, and they were all holding guns. ”

“““Hurry up!”” The bearded man pointed at Zhao Yu and said,““that man is the crazy detective! He’s Grimm’s accomplice, kill him immediately!”” ”
