Chapter 1051: The disheveled old man's dilemma (1)

"Oh, really? However, your words alone don't count. Let's ask ruhua!" Leng ruoxue laughed evilly.

"Ruhua, the child in your stomach is Yao Yuan 's." Leng ruoxue asked again.

"Miss Leng, what do you mean by this? What child?" Before ru Hua could react, Yao Yuan asked in surprise. He had never heard her mention this before, so he didn't know her at all ... However, regardless of whether this was true or false, he couldn't admit it. At least, he couldn't let Yin rumei know about it. Otherwise, his future would be over, and his status in the Yao family would plummet.

"Let ruhua say it herself!" Leng ruoxue said with a half-smile.

"Ruhua, who do you think the child in your stomach belongs to?" "What's wrong?" Yin rumei asked angrily with a straight face. Seeing Yao Yuan's panicked expression, she knew that this matter was not as simple as it seemed, even though ruhua had told her that the child was Leng Xiaoyu 's.

"It's Yao Yuan 's, master. Yao Yuan used his sweet words to deceive me. The aphrodisiac that I was inflicted with last time was also given to me by Yao Yuan. He originally wanted to give it to Leng Xiaoyu, but I didn't expect to be affected by it as well. Thus, Yao Yuan managed to fool me again." Ru Hua's beautiful eyes were filled with tears as she sobbed.

"Ruhua, what are you talking about?" Hearing ru Hua's words, Yao Yuan was as anxious as an ant on a hot pan and loudly questioned her.

"I'm not talking nonsense. You're a hypocrite. Not only did you lie to me, but you also lied to my master. Master, although I've done many things to let you down, it was all Yao Yuan's fault. Master, don't let him off!" Ru Hua suddenly kneeled in front of Yin rumei and accused her with a tearful voice.

"You ... You guys!" Yin rumei's body trembled in anger after hearing ru Hua's words. She never thought that her most beloved disciple, the man she loved the most, would do such an unscrupulous thing behind her back. Although ru Hua had pushed all the blame to Yao Yuan, her actions had also disappointed her!

"Rumei! Don't listen to her nonsense, she's a lunatic. " Yao Yuan saw that Yin rumei's face had darkened, and he couldn't help quibbling.

"Impudent! Is rumei something you can call?" Yin rumei shouted angrily. The anger in her heart had nowhere to vent, and it all accumulated in her chest.

"Master! The child in my stomach is Yao Yuan 's, but I don't want this child at all. I just want to use this child to force Xiao Yu to marry me. Master, you must help me! After I marry senior brother Xiao Yu, I will get rid of this bastard. Please rest assured, master!" Ru Hua continued to plead.

After Feng Da and the others heard ru Hua's words, they couldn't help but open their mouths, unable to speak. This woman was really too outrageous. She could even think of such a method. He really didn't know if she was stupid or did she think that all the men in the world were fools? What a weirdo!

.....

“Shut up! I don’t have a disciple like you!” Yin rumei became even angrier after hearing ruhua’s words. Damn it, she revealed her plan in front of so many people and still had the face to ask her to make the decision for her. Did she really think she was an idiot? She couldn’t afford to lose this face!

After she finished speaking, Yin rumei wanted to leave the front hall. She had lost all her face, so what reason did she have to stay?

“Master, you can’t just leave me alone!” Ru Hua hugged Yin rumei’s leg tightly, unwilling to let her go. She knew that once her master left, he wouldn’t care about her anymore.

“Get lost!” Yin rumei impatiently kicked ru Hua’s body, sending her flying quite a distance!

“We’re finished! We’re going to kill two people!” It was unknown who had suddenly said this, but Yin rumei was instantly infuriated.

“Hahaha! Your Excellency rumei’s kick was indeed a little too heavy. That’s your disciple, after all, and she even has a child. ” At this moment, Leng ruoxue spoke up in disagreement.

“I don’t have such a disciple. Mind your own business!” Yin rumei roared, a little angry from embarrassment.

“I didn’t intend to meddle in other people’s business. It’s just that this matter involves my ancestor, so I can’t just leave it be. However, since the person involved has personally proven my ancestor’s innocence, I won’t hold it against her!” Leng ruoxue seemed to be magnanimous, but in reality, it was impossible for her to not be calculative. How could she let ruhua off so easily?

“Whatever you want!” Yin rumei said in a bad mood. After she finished speaking, she took a step forward and was about to leave the front hall. However, this time, she was stopped by Leng ruoxue.

“Your Excellency rumei, you’ve left something behind.” Leng ruoxue reminded.

“What is it?” Yin rumei was taken aback, clearly not understanding what Leng ruoxue meant.

“Your precious disciple and man, please take them away so that they don’t pollute my environment.” Leng ruoxue said venomously.

“Rumei, you have to believe me! I really have nothing to do with ruhua. ” Yao Yuan was still trying to defend himself. He even had the one-sided thought that Yin rumei would still listen to him like before.

“They have nothing to do with me now.” Yin rumei looked at Yao Yuan, then at ruhua, who was struggling to get up, and coldly said,”

“Your Excellency rumei is really cold-blooded! However, if this matter were to spread, it would not be good for your reputation! Therefore, I sincerely suggest that you bring these two back and watch them closely so that they won’t affect your reputation. ” Leng ruoxue said with a smile.

Yin rumei frowned after hearing Leng ruoxue’s words. Even though she was a little reluctant, she had to admit that Leng ruoxue’s words made sense. If word of this matter were to spread, it would indeed damage her reputation.

With this in mind, Yin rumei spoke again,“”Then I’ll bring them back.”

“Yes.” Leng ruoxue nodded with a smile.

Yin rumei then dragged ru Hua and Yao Yuan back to her residence, one in each hand.

After Yin rumei and the other two left, Feng Da couldn't help but ask in confusion, “Miss, is this all?”

Although he didn't know why ru Hua would suddenly tell the truth, he believed that this matter definitely had something to do with the young miss. Hehe!

“You'll know when the time comes.” Leng ruoxue smiled mysteriously and kept him in suspense. How could things be over so easily!

Chapter 1052: The disheveled old man's dilemma (2)

After she finished speaking, Leng ruoxue turned and left the front hall. The demon and the rest naturally followed her immediately. As for Leng Xiaoyu, she was completely ignored by them.

“You guys wait for me!” Leng Xiaoyu could not help but shout when she saw that everyone had left and no one was paying attention to him. However, his words did not have any effect because even his master was walking faster and faster!

For several days in a row, no one in the entire courtyard paid any attention to Leng Xiaoyu. Feng Da and the others did so because they wanted to be in sync with miss. As for the Butler and the others, they did not dare to. What a joke! If they paid attention to someone who was ignored by miss Leng, wouldn't they be going against that little devil? Hence, every time they saw Leng Xiaoyu, everyone would consciously take a detour, causing Leng Xiaoyu to be angry and resentful, but there was nothing she could do.

In the past few days, the rumors in blazing fire City had spread like wildfire. Ru Hua and Yao Yuan's actions, as well as their triangle relationship with Yin rumei, had become a hot topic of conversation.

Yin rumei's residence.

Yin rumei was sitting in the room with a cold face. The room was in a mess and looked like a raggie. It was obvious that the owner of the room had just lost his temper.

Yin rumei sat on the chair, her heart filled with endless hatred. Damn it, she accidentally let ruhua run out, and ruhua told everyone about her shameless actions, causing everyone to know about it now.

Right now, she didn't even dare to take half a step out of the courtyard. Because, as soon as she went out, she would be surrounded and pointed at by the crowd. And this was all because of that shameless ru Hua. Thinking of this, she was 'F * ck!' He stood up and went straight to ru Hua's room ...

Just as she reached the door of the flower-like room, Yin rumei heard a series of groans coming from inside, which made her burn with anger!

'Damn it!' This adulterous couple was actually doing such an indecent thing in broad daylight. It really made her angry! She didn't know what she was thinking back then. She had actually locked the two of them together. Now, it was great. She had given them a chance!

Yin rumei was so angry that her chest heaved up and down. Then, she unlocked the door, kicked open ruhua's room door, and stormed in!

"Master! What are you doing here?" Ruhua, whose clothes were disheveled, hurriedly pushed away Yao Yuan, who was on top of him, and said in a panic.

"Adulterous couple, do you really hope that I will never come back?" Yin rumei sneered. Previously, when ru Hua said that she had an affair with Yao Yuan, that stinky man refused to admit it. Now, with irrefutable evidence, let's see what else he can say!

.....

"Rumei, it was your good disciple who seduced me!" Yao Yuan said shamelessly.

"Is that so?" Yin rumei laughed coldly. If she hadn't seen Yao Yuan's true colors, she would have fallen into his trap again.

"Yes, yes!" Yao Yuan quickly nodded and added, "I've always treated her as you."

"Go to hell!" Yin rumei said coldly. There was no need for this man to continue living in this world. She would not let off anyone who had betrayed her. With this in mind, she released her fire-type divine power and trapped Yao Yuan. Not long after, Yao Yuan disappeared from this world forever.

"Master! Don't kill me! I don't want to die!" Seeing this, ru Hua quickly knelt in front of Yin rumei and hugged her leg, crying and begging.

"Ruhua, master didn't want to kill you, but you shouldn't talk nonsense. So, master has to clean up the house personally." After Yin rumei finished speaking, she did the same thing and got rid of ru Hua as well. However, her heart was currently bleeding. After all, these two people were the people she valued the most, but they had betrayed her at the same time! This made her feel as if her heart was being cut by a knife. She was extreme enough to blame everything on Leng ruoxue and the others.

Although the gossip in fiery city was all over the place, Leng ruoxue and the others, who had nothing to do with it, decided to leave the city. After all, the matter here had already been settled, so there was no need to stay any longer.

At Leng ruoxue's residence.

In the living room, everyone had gathered. Mo Yan looked at Leng ruoxue and the rest with some reluctance. After a long time, he could not help but ask, "You've already decided?"

"Yes, it's over. We should leave. The godly mainland is not small, and there are many places we haven't been to!" Leng ruoxue chuckled.

"Where are you planning to go?" Mo Yan asked again.

"I haven't decided yet." Leng ruoxue replied.

"Since you want to leave, I won't keep you. However, I have to remind you to be careful of Yin rumei. Although that woman hates ruhua and Yao Yuan, it's very likely that she has already put this debt on you." Mo Yan reminded her. He had worked with Yin rumei for many years and knew her character very

well. She would blame others for her mistakes. Otherwise, with her narrow-mindedness, she would have collapsed long ago!

“Woman, don’t be afraid! I’ll protect you. If she dares to come, I promise I’ll bite her until she can’t come back.” Lil “fire, who was wearing a bangle on Leng ruoxue’s wrist, rushed to express its position. Its words also amused everyone in the hall, and the feelings of farewell faded quite a bit in an instant.

“Hehe! Alright! Then I’ll be waiting for your protection.” Leng ruoxue teased. However, she knew very well that Yin rumei wouldn’t be able to withstand a single bite from xiaohuo.

“Little fox, when do you plan to leave?” Liu Feng also asked.

“Tomorrow! I’ll treat everyone to dinner tonight.” Leng ruoxue said after some thought.

“Oh! Then can you lend me the disheveled old man?” After Liu Feng finished speaking, he pulled the disheveled old man and left.

After a long time.

The disheveled old man returned with a conflicted look on his face.

Leng ruoxue and the others, who were preparing dinner in the courtyard, were puzzled when they saw the disheveled old man’s expression.

“I say, old man, what’s going on?” The old man could not stand the disheveled old man’s conflicted look and could not help but ask. He was used to the bickering between the two of them, so he was really not used to seeing the disheveled old man like this!

“Little girl, I want to talk to you.” The disheveled old man said with a troubled expression.

“Alright,” he said. Leng ruoxue nodded. It seemed like the disheveled old man wanted to talk to her alone. Hence, she brought him into the bracelet.

Chapter 1053: The disheveled old man’s dilemma (3)

After she entered the bracelet, Leng ruoxue brought the disheveled old man to the purple bamboo house.

“You can tell me now, right?” Leng ruoxue chuckled. Seeing the disheveled old man’s grave expression, she wondered if there was something important that he was embarrassed to say.

“Little girl, just now His Excellency Liufeng was looking for me.” The disheveled old man said.

“Yes, I know.” Leng ruoxue nodded and waited for the disheveled old man to continue. However, she already had a rough idea that this matter was probably related to Liu Feng.

“His Excellency Liufeng wants to take me as his disciple!” The disheveled old man added.

“Hehe, that’s a good thing! Why are you so conflicted!” Leng ruoxue said, amused. She had heard from her cheap old ancestor that Liu Feng’s position in the craftsmen’s Guild was only second to the Guild leader and Mo Yan. If the disheveled old man could have such a master, it would be equivalent to having a huge backing. Hence, she was very supportive of this.

“But ...” The disheveled old man was a little hesitant.

“But what? Could it be that your previous sect doesn’t allow you to acknowledge a master?” Leng ruoxue guessed.

“No, it’s just that His Excellency Liu Feng told me that the level of my life flame is too low. Even if I become his master, my future achievements will not be too high. He originally did not intend to accept me, but after getting along with me for some time, he had a good impression of me, so he finally decided to accept me as his disciple.” The disheveled old man explained.

“And then?” Leng ruoxue raised her brows slightly and waited for the disheveled old man to continue. She believed that Liu Feng had a motive for saying this.

“He said that there is a way to increase the level of the life flame. However, that method is very painful and not something that can be endured by ordinary people. He asked me if I was willing to give it a try and asked me to think about it.” The disheveled old man continued.

“If you don’t want to try, he won’t take you as a disciple?” Leng ruoxue probed.

“No, no matter if I want to try or not, he will still take me as his disciple.” The disheveled old man hurriedly explained so as not to let this girl misunderstand. In fact, Sir Liufeng only said those words to him after he had taken him in, and Sir Liufeng had no intention of forcing him.

.....

“Then what do you think?” Leng ruoxue could not help but ask. Now, she finally understood the disheveled old man’s dilemma. This disheveled old man was probably a little tempted by Liu Feng’s method. However, he was also a little uneasy, which was why he wanted to discuss it with her. However, she could understand. After all, with the disheveled old man’s passion for refining weapons, he would definitely not be willing to stop at this stage. Becoming a weapon God was definitely every weapon refiner’s dream!

“The method you mentioned is called ‘divine flame Body tempering’. It’s extremely dangerous, but the success rate is very low. That’s why I’m afraid ...” The disheveled old man stopped halfway through his sentence. However, he had conveyed his intentions to Leng ruoxue. He wanted to try it, but he was a little afraid. He was afraid that he would never see them again.

“I don’t really understand this ‘divine flame Body tempering’, so I can’t give you any good suggestions. I’ll go and see if master left behind any records regarding the ‘divine flame Body tempering’. I’ll give you some suggestions later.” After Leng ruoxue heard the disheveled old man’s words, she pondered for a moment before replying.

“Yes, yes.” The disheveled old man nodded hurriedly. The girl was their backbone. Therefore, even though he was not young anymore, he was willing to discuss anything with the girl if he could not make a decision.

With that, Leng ruoxue’s thoughts turned and she went to the weapon refining room in the purple bamboo house to look for related records.

Leng ruoxue flipped through many of the records left behind by her master. However, she did not find any records regarding 'divine flame Body tempering'.

Seeing this, Leng ruoxue could not help but feel suspicious. She then summoned green vessel.

"Sister, what's the matter?" Qing Jue appeared in front of Leng ruoxue and said.

"Green vessel, have you heard of 'divine flame Body tempering'?" Leng ruoxue asked directly.

"Let me think." Qing Jue furrowed his brows and started to think seriously.

"Argh! I remember now!" After a while, Qing Jue suddenly called out and disappeared.

Not long after, green vessel reappeared in the void with a book in his hand.

"Big sister, it's up there." Qing Jue passed the book in his hand to Leng ruoxue.

Leng ruoxue looked at the old, yellowed book in her hands and could not help but Mutter to herself. If this book was in her previous world, it would definitely be extremely ancient. However, it must have been here for quite a few years.

After that, she opened the book and carefully read the records about 'divine fire body tempering'...

After reading it, Leng ruoxue immediately went to look for the disheveled old man.

At this moment, the disheveled old man was sitting on the stone chair in front of the purple bamboo house, waiting for her. When he saw Leng ruoxue coming out of the purple bamboo house, he went up to her anxiously.

"Little girl, how is it?" The disheveled old man asked hurriedly. At this moment, he really needed other people's opinions. However, he did not dare to ask Leng Qingtian and the others, because he knew that those old men would definitely not agree to him taking the risk.

"Disheveled old man, 'body tempering with divine fire' has existed for a very long time in the divine realm. Moreover, tens of thousands of years ago, this method was very common. Many weapon and alchemy Masters would use it if they wanted to achieve greater achievements. However, the success rate of using this method to increase the grade of their Natal flame is rather low. In the light case, they might go into Qi deviation, and in the serious case, their lives might be in danger." Leng ruoxue explained in a soft voice. Of course, she had read about this in the book. As for what would happen if she used this method, she could only ask Liu Feng and Mo Yan.

"I know, master Liufeng has told me about it. Girl, you know that refining is more important than my life. I also want to have greater achievements. I want to be able to refine divine weapons. This is my biggest dream." The disheveled old man said seriously.

"I'll go talk to Liufeng!" Leng ruoxue said helplessly when she saw how serious the disheveled old man was. Actually, after reading the records in the book, she did not really want the disheveled old man to take the risk. However, she had never seen the disheveled old man so serious and serious before. Hence, she could not bring herself to stop him.

After bringing the disheveled old man out of the bangle, Leng ruoxue bade farewell to the crowd and went to look for Liu Feng.

Liu Feng seemed to have been prepared for this. When he saw Leng ruoxue, he greeted her with great enthusiasm.

Chapter 1054: The disheveled old man's dilemma (4)

"It's so rare for little fox to come and find me. I'm overwhelmed by your favor!" In the room, Liu Feng laughed and teased.

"Stop pretending. You know what I'm here for, right?" Leng ruoxue did not waste any time and went straight to the point.

"Yes, Mo Yan told me that you're their backbone, so I guessed that the old man would discuss it with you." Liu Feng said.

"Liufeng, what do you mean? You clearly know that this method is life-threatening, yet you still want to tell him!" Leng ruoxue scolded angrily.

"Little girl, we're all very clear about the disheveled old man's passion for weapon refinement. I just don't want him to have any regrets. Besides, I didn't force him." Liu Feng said innocently. He had already explained the dangers of 'divine flame Body tempering' to the rotten old man, and told him to think carefully and not make a decision easily.

"Then how confident are you that you'll succeed in this method of increasing the grade of your life flame?" Leng ruoxue asked directly.

"This method has existed since ancient times. However, the success rate is not high, so I'm not too sure if he will succeed. At most, I'll say 10%!" Liu Feng thought for a moment and said.

'Divine flame Body tempering' actually meant to absorb divine flames into one's body and use a special technique to fuse divine flames for one's own use. However, there weren't many divine flames in nature at the moment, so it was unknown if one could find one!

"Ten percent! Damn it, do you want to take his life?" Leng ruoxue was a little angry. This damn Liu Feng was really too irresponsible. Looking at Liu Feng's infuriating appearance, she really wanted to beat him up!

Actions speak louder than words. As Leng ruoxue was thinking, she had already released the divine energy in her hands ...

"Argh! You violent woman! Why did they start fighting?" Liu Feng said loudly in a depressed tone. He was not prepared for Leng ruoxue's attack and was unfortunately injured. Sob ... He was injured by a profound deity. If this news were to spread, he would be a laughing stock!

"Hmph! If I don't teach you a good lesson! My surname isn't Leng!" Leng ruoxue said nonchalantly. However, she did not delay in throwing the divine skills in her hands at Liu Feng. In an instant, Liu Feng was in a sorry state. The decorations in the room were also swept by Leng ruoxue's divine skills, turning into a mess ...

When Mo Yan and Liu Yue came to look for Liu Feng, they happened to see this scene! Instantly, the two of them were dumbfounded. What was going on? why were the two of them fighting? Moreover, looking at Liu Feng's appearance, he was actually forced to the point where he couldn't fight back by a profound deity. He was only concerned with hiding here and there, jumping left and right!

"Stop!" Mo Yan couldn't help but shout as he looked at the tattered room.

"Argh! Mo Yan! Save me! "This little pervert is too scary, Wu ..." Liu Feng said with a face full of fear. Then, he pounced towards Mo Yan ...

"Dammit, get down!" Mo Yan looked at Liu Feng, who was clinging to him like an octopus, and his forehead was covered with black lines. He couldn't help but shout.

"I won't! This little pervert wants to kill me! I'm so scared!" Liu Feng said with lingering fear, hugging Mo Yan even tighter.

Leng ruoxue looked at Liu Feng's actions speechlessly. She retracted the divine skill in her hand and thought to herself,"is this really the noble-looking Sir Liu Feng?" It couldn't have been switched, right? When she thought of this, her beautiful eyes could not help but drift to Liuyue.

However, Liuyue had an 'I don't know him' expression on her face, and she even put some distance between her and Mo Yan to prove her words.

At this time, Liu Feng had also been forcefully pulled down from his body by Mo Yan.

Liu Feng fearfully looked at Mo Yan's darkened face, feeling wronged. He didn't do it on purpose, it was just an instinctive reaction!

"Little girl, why are you two fighting?" Mo Yan said speechlessly. At the same time, his bright black eyes kept staring at Liu Feng. Damn it, it wasn't enough to lose face alone, he even had to drag him into it!

"He told the disheveled old man that there's a way to upgrade his Natal flame. However, there's only a 10% chance of success." Leng ruoxue explained calmly. At the same time, her beautiful eyes glared at Mo Yan. These three men were all wearing the same pair of pants, so she didn't believe that Mo Yan and Liuyue didn't know anything!

"Little girl, although 'divine flame Body tempering' has a certain amount of risk, it varies from person to person. If one's will is firm, the success rate is still very high. I'm just afraid that during the fusion process, the person who fuses will not be able to withstand the pain and all previous efforts will be wasted." Mo Yan explained patiently.

"That's right! Besides, it's not easy to find a divine fire now. If we can't find one, even if the disheveled old man wants to temper his body, he won't have the chance!" Liu Feng also interrupted.

"You shut up!" Leng ruoxue and Mo Yan shouted at the same time, sharing the same hatred. Right now, both of them did not like Liu Feng at all.

Chapter 1055: Moonhowl volcano (1)

“You guys actually ganged up to bully me, Wu...I’m so pitiful! Big brother!” Liu Feng looked at Liu Yue with tears in his eyes, wanting to seek comfort. However, Liu Yue rolled her eyes at him and jumped ten meters away from him, so that he wouldn’t cling onto him like he did to Mo Yan!

“Is there no way to increase the success rate?” Leng ruoxue ignored Liu Feng’s teasing and asked again.

“No. If you want to improve the level of your life flame, you can only rely on a firm will. Little girl, I can see that the old man’s will is still very firm, and his mind is also very calm. So, his chances of success are still very high.” Mo Yan said after thinking for a while. He knew that it was useless for anyone to say such a risky thing. Only the people involved could decide for themselves, and the disheveled old man obviously listened to this little girl. Therefore, only by convincing this little girl could the disheveled old man possibly undergo the ‘divine fire body tempering’.

“Do you also wish for the disheveled old man to undergo’ divine fire body tempering ‘?” Leng ruoxue said.

“That’s right. The disheveled old man is very talented in weapon refinement. I don’t want his achievements to be limited by flames.” Mo Yan said honestly. For alchemists and blacksmiths, the level of their Natal flames also determined their future achievements. This was the prerequisite, and the acquired condition depended on how hard they worked. Otherwise, even if they had a divine flame, they would not be able to become an outstanding blacksmithing master.

“Let’s discuss this matter!” Leng ruoxue said after some hesitation. She knew that this matter was extremely important to the disheveled old man, so she didn’t dare to make a decision for him easily. However, opportunities and danger often came together. Hence, if he wanted to have greater achievements, he couldn’t be afraid of anything.

“Yes.” Mo Yan nodded. They should indeed be careful about this matter.

“I’ll go back first. Remember to come over for dinner tonight.” Leng ruoxue reminded him again. With that, she turned and left Liu Feng’s room.

After Leng ruoxue left, Liu Feng patted his chest in fear and said with a panicked expression, “That girl is really too scary. She’s so violent. It’s a good thing you guys came. Otherwise, I would have lost my life!”

“She won’t kill you, don’t worry!” Mo Yan rolled his eyes at Liu Feng and said.

“Uh! I’m just afraid that she’ll slip up.” Liu Feng said awkwardly.

“By the way, do you guys think they’ll agree to let the disheveled old man undergo’ divine fire body tempering ‘?” Liu Feng asked curiously. The relationship between those people wasn’t shallow, so he was afraid that they wouldn’t be willing to let the disheveled old man take the risk.

“They will. True friends will respect other people’s choices and won’t interfere too much.” Mo Yan said with certainty. The little girl and the others would definitely respect the old man’s choice!

“Oh!” Liu Feng was relieved when he saw Mo Yan’s confidence. After all, he had hoped that the disheveled old man would agree.

After Leng ruoxue returned to her residence, she did not mention this matter to anyone and her expression remained the same. However, when no one was paying attention, the demon pulled her back to her room and started asking her questions.

“Xue ‘er, what’s wrong?” The demon asked worriedly. Xue ‘er had gone to look for Liu Feng, but when she came back, she was very calm. This made him feel that something was wrong.

Leng ruoxue knew that she couldn’t hide it from this observant evildoer, so she told him everything. After the evildoer finished listening, he frowned and pondered for a long while before he spoke,”” Although this method has a certain risk, I think it’s worth a try. Moreover, with our help, he will definitely succeed.”

“You agree?” Leng ruoxue raised her brows and asked in surprise.

“Xue ‘er, this is the old man’s business after all. If we don’t agree, we’ll put him in a difficult position. Look at how conflicted he is. It’s not that he’s afraid of danger, but that he wants our support. To put it bluntly, he’s afraid that we won’t agree.” The demon chuckled as he analyzed. He believed that Xue ‘er would understand this, but Xue’ er was more cautious.

“You’re right. I’m just afraid that Grandpa and the others will object.” Leng ruoxue spoke the truth. She had always respected the choice of the person involved. However, her grandfather and the others had a very close relationship with the disheveled old man. They would probably not be willing to let him take the risk.

“Xue ‘er, you can’t hide this from grandfather and the others.” The demon warned. If he really didn’t let those old men know, he and Xue ‘er would be in deep trouble!

“Okay. I’ll talk to Grandpa and the others about it after dinner.” Leng ruoxue nodded. She had no intention of hiding this from her grandfather and the others.

“Alright,” he said. The demon nodded and the two of them left the room.

As evening approached, Leng ruoxue and the others prepared dinner and sent someone to invite Mo Yan and the other two.

After the meal, both the host and the guests had a great time. Everyone had a great time eating and drank a lot of wine. After the meal, it was almost midnight. Leng ruoxue sent someone to send Mo Yan and the other two back, then led everyone into the bracelet.

Because the disheveled old man was happy, he had drunk quite a lot of wine. As a result, he was in a daze from his sleep. While he was asleep, Leng ruoxue took the opportunity to tell her grandfather and the others about this matter. However, as she had expected, her grandfather and the others objected to it.

“Xue ‘er, we can’t let him do whatever he wants. What if there’s danger?” Leng Qingtian said disapprovingly.

“Grandpa, although there will be some danger in this, if this is the old man’s wish, I think we should support him. Besides, Mo Yan also said that the success of this method depends on the old man’s heart,

and we all know the old man's heart, so his chances of success should be very high." Leng ruoxue tried to convince the crowd.

"What if there's really danger? That old thing has been bickering with me for almost a lifetime. I don't want anything to happen to him." The old man said.

"Without risks, there won't be opportunities. Although there's a certain level of danger, the disheveled old man might succeed. You should know how passionate the disheveled old man is about refining weapons!" Leng ruoxue continued.

After hearing Leng ruoxue's words, the few old men fell silent. After a long while, Leng Qingtian spoke again,""Since that old man has this idea, then let him try!"

Leng Qingtian compromised. The other old men also saw him as a benchmark. When they saw that he had agreed, they nodded their heads unwillingly.

Chapter 1056: Moonhowl volcano (2)

"Since everyone has come to an agreement, I will go find Mo Yan and Liu Feng tomorrow." Leng ruoxue said after some thought.

"Xue 'er, you have to think of a way to minimize the risk." Leng Qingtian reminded.

"Don't worry, I will." Leng ruoxue promised.

The next day.

Leng ruoxue then went to look for Mo Yan and Liu Feng to discuss this matter in detail. After that, the group left fiery city together, and Liu Feng naturally followed them.

In Liu Feng's words, he had to accompany his disciple to find the divine fire, while Mo Yan had to stay in fiery city temporarily. After all, there were still some things to take care of at the craftsmen's Guild. So, he had to stay after Liu Feng left. Otherwise, the craftsmen's Guild would be ruined by Yin rumei!

After they left fiery city, Leng ruoxue looked at the fork in the road and asked Liu Feng,""Where are we going?"

"There's the biggest volcano on the godly mainland. Let's go there and take a look!" Flowing wind said after some thought. Normally, the most likely places to find a divine fire were in volcanoes. Although there were many volcanoes on the godly mainland, there weren't many large volcanoes.

The volcano he was talking about was the largest volcano in the godly mainland. It was called the Howling Moon volcano and was located in the East of fiery city. It would take about half a month to get there.

Leng ruoxue and the rest flew for close to half a month before they finally arrived at the hissing moon volcano.

As they neared the volcano, everyone could feel the heat wave coming from the volcano. This was completely different from the feeling they felt from fiery city.

Although fiery city was very hot, that was because of the fire attribute spiritual Qi. This active volcano was completely because of the fire.

Looking at the volcano from afar, the entire body of the mountain was dark red, just like red-hot iron. This volcano was indeed the number one volcano in name and reality. The area was extremely huge and majestic.

“Miss, the temperature of this volcano is so high, how are we going to get in?” Feng Da said gloomily. He was most afraid of heat, and when he sat on the back of the little Peacock and looked down, all he could see was the fiery red flowing magma. Just looking at it was enough to make him feel afraid.

“Of course we’ll walk in. Don’t be afraid, the volcano isn’t as scary as you think. Besides, you might even have a fortuitous encounter!” Leng ruoxue chuckled.

“Yes, the little fox is right. The volcano is a treasure land!” Liu Feng agreed. However, his words made Feng Da and the others roll their eyes. Wu ... This is really bullying. This is definitely a huge difference in treatment!

In fact, Feng Da and the others could not be blamed for not being nice to him. After all, he was the one who told the disheveled old man the method to upgrade his Natal flame. Otherwise, the disheveled old man would not have taken the risk to try it. The others, who had long regarded the disheveled old man as family, naturally held him responsible for this.

“Miss, in that case, let’s go in! However, this volcano is so large. Even if there is divine fire, it will take a long time to find it.” Feng Da said worriedly.

“It doesn’t matter. Liufeng has a way to find the divine fire.” Leng ruoxue said calmly.

“Yes, yes.” Liu Feng quickly nodded.

“Little Peacock, find a place to land!” Leng ruoxue ordered.

“Yes, master,” The little Peacock then found a safe place to land. After that, Leng ruoxue kept it back into her bracelet.

“Little fox, that’s the entrance to the volcano. Let’s go in!” Liu Feng pointed to a small path and said.

“Yes.” Leng ruoxue nodded. Then, the group walked towards the small path, leaving Liu Feng behind.

“You guys wait for me!” Liu Feng cried out dejectedly, Wu ... He had been completely ignored along the way, even his own disciple didn’t dare to speak up for him, how could he be so miserable ah!

“Liufeng, don’t even think about being lazy! Hurry up and lead the way.” Leng ruoxue said in an unpleasant tone.

“Oh!” Liu Feng resigned himself to his fate and walked in front of the group. He became the guide. Wu ... He was the Deputy Chairman of the craftsmen’s Guild. Now, he was reduced to being an errand boy for these little guys. However, he seemed to be enjoying it!

Liu Feng walked at the front with great familiarity. He was holding a small ring in his hand. Leng ruoxue knew that this small ring was used by him to detect the divine fire. If a divine fire was discovered in a volcano, the ring would naturally react.

However, after walking for half a day, there was no warning from the ring, and Feng Da and the others were exhausted.

“We won’t be leaving today. Let’s set up camp here!” Leng ruoxue found a relatively large area and explained to the tired and hot group. There was lava everywhere in the volcano, so it was not easy to find a suitable place to set up camp. Even though the ground here was dry and dry, the ground was dark red in color. Hence, they had to be extra careful when setting up camp here. Otherwise, it would be bad if lava flowed down.

“Alright,” he said. Hearing that they could rest, everyone was very happy. It was really too hot here, and they couldn’t stand it.

Everyone set up their tents and started a fire to cook.

Liu Feng, who couldn’t help, could only watch from the side. However, if he wanted to eat, he would have to pay, but he paid twice as much as Mo Yan.

After dinner, Liu Feng took the initiative to request to keep watch at night, and no one had any objections. Not long after, they all went back into their tents. Before they went to sleep, Leng ruoxue even specially reminded, “Liufeng, you have to be more vigilant!”

Liu Feng nodded and then sat down in the corner alone.

The next day.

Leng ruoxue and the rest walked out of their tents looking refreshed. When they saw Liu Feng’s dark circles, they couldn’t help but burst out laughing.

“Hahaha!”

“Hahaha! Liufeng, what’s wrong with you?” Leng ruoxue asked in amusement. It had only been a night, how did Liu Feng turn himself into this state? Normally, with Liu Feng’s strength, it would be fine even if he didn’t sleep, so she really couldn’t figure it out.

“I’ve been smoked by the fire.” Liu Feng said a little awkwardly. In the middle of the night, he felt a little cold, so he was closer to the fire. As a result, he became like this.

Chapter 1057: Moonhowl volcano (3)

“What are you doing so close to the fire? I’ve put medicine there.” Leng ruoxue laughed evilly. There were usually some small insects that lived on the volcano, so when she started the fire, she sprinkled some medicine to prevent any ignorant insects from ruining her mood. Therefore, she did not expect Liu Feng to stay by the fire. After all, the temperature here was not low.

“I was a little cold in the latter half of the night, so I stayed closer.” Liu Feng said gloomily. At that time, he couldn’t stop crying because of the smoke. Later, he realized that his eyes were dark, but no matter how he wiped them, they couldn’t be wiped off. Wu ... He was embarrassed again.

“Little fox, do you have the antidote? I don’t want to see people with these two things on my head.” Liu Feng said with a slight grievance.

“I didn’t!” Leng ruoxue said helplessly.

“Then what do we do?” Liu Feng wanted to cry but had no tears. He felt even more depressed in his heart.

“I have no choice, I can only hold on. It should disappear in a few days.” Leng ruoxue said uncertainly.

Just like that, Liu Feng left with two dark circles under his eyes ...

Leng ruoxue and the rest had been wandering around the hissing moon volcano for three days. They had not found anything, not even a single herb. However, they had encountered many teams that had come to the volcano to train.

“Why are there so many people in the volcano?” Leng ruoxue asked in confusion. To her, this volcano was not a place worth training. Other than lava, there was nothing else.

“Although the fire attribute spiritual Qi here can not be compared to that of fiery city, it’s still not bad. Therefore, most of the people here are fire attribute cultivators. Of course, there are also some blacksmiths. They are mainly here to see if they can find some blacksmithing materials.” Liu Feng explained in a low voice.

“Such a big volcano, even if there was something good, why would it still be here!” Leng ruoxue was a little speechless. Perhaps Liu Feng’s words made some sense, but she didn’t think that these people were here just for training. When she thought of this, she gave Feng Da and the rest a look. Everyone understood and immediately followed the few groups.

As a few groups had chosen the same path, Leng ruoxue’s group’s tailing did not arouse any suspicion or dissatisfaction. Through their casual conversation, she also found out the true purpose of these people. It turned out that they had come here for the crystals.

About a month ago, someone had accidentally discovered a top-grade fire attribute crystal stone in the hissing moon volcano. After that person had sent the news back to his clan, his clan had originally planned to keep this matter a secret. However, no one knew where the news had been leaked, so the hissing moon volcano was filled with people in a short time.

However, they had been searching in the volcano for more than half a month without any results.

“Miss, there are top-grade crystals here, hehe! That’s great.” Feng Da said with a money-grubbing look. Although he was not of the fire attribute, top-grade crystals were worth a lot of money, and he liked those shiny stones very much now. Just looking at them made him happy.

“Don’t get your hopes up. They’ve been searching for so long and still haven’t found it. So, there might only be one piece.” Leng ruoxue poured cold water on Feng DA’s head. Even though everyone loved Supreme-grade crystals, she did not wish for Feng Da and the rest to be too obsessed with it, in case it affected their mental state and cultivation.

“Yes, yes. If it’s ours, it can’t run away. If it’s not ours, there’s no point in us thinking about it.” Feng Da said quickly, which also meant that he was open-minded!

“Well, it’s good that you can think this way. You should know that opportunities can only be encountered and not sought. You can’t just have them if you want them.” Leng ruoxue nodded.

“Miss, let’s continue to look for the divine fire! I won’t get involved with them. ” Feng Da said.

“Yes, our goal is the divine fire. As for the top-grade crystals, let them worry about it!” Leng ruoxue replied nonchalantly. She really didn’t lack crystal stones, so she naturally didn’t want to be involved with those people. Moreover, there were so many people in the volcano. Even if they found crystal stones, they would probably fight until their heads bled. Hence, she naturally wasn’t very interested.

Following that, Leng ruoxue and the rest went in the opposite direction from those people.

Their departure did not attract too much attention from the crowd. After all, those people could not wait for Leng ruoxue and the others to leave. That way, there would be one less competitor.

Leng ruoxue and the rest continued their search in the volcano, but the divine fire was nowhere to be found.

Seven days later.

By now, Leng ruoxue and the rest had already explored the entire volcano.

“Little fox, let’s leave this place and look for other volcanoes!” Liu Feng, who was sitting on the ground, couldn’t help but say.

“Aren’t you going there?” Leng ruoxue pointed at a cave. It was also known as a lava cave because when a volcano erupted, there would be endless lava flowing out from it. However, it was not the active period of the volcano, so it was relatively more stable there.

“It’s impossible for it to be there,” Liu Feng said with certainty. Although the godly fire was a fire seed, it was not produced from the inside of a volcano, but in nature. It was a product of nature. As the saying goes, a mountain can not contain two fires. The godly fire could live in the volcano, but it could not occupy The Magpie’s Nest. This was the law of nature.

“How would we know if we don’t go and take a look? what if there’s one?” Leng ruoxue said stubbornly. If she were to leave just like that, she would always feel regret. After all, there were still places that she had not searched.

“That’s right! It’s nothing to go down and take a look. ” Feng Da and the others also agreed.

“Al! It’s not that I don’t want you to go down, but the inside of the volcano is very dangerous. It’s impossible for the divine fire to live there, so we’d better hurry up and search the other volcanoes!” Liu Feng said helplessly.

“I want to go down and take a look. Otherwise, I won’t give up.” Leng ruoxue said stubbornly.

“We’ll listen to miss. ” Feng Da and the others quickly expressed their opinions, while the evil demon and the others smiled without saying a word. Liu Feng didn’t need to ask to know that these people would unconditionally listen to the little fox’s words. Therefore, it was useless for him to oppose it alone. Moreover, he couldn’t just watch them go into the volcano and risk their lives. Therefore, he could only risk his life and accompany them.

“Let’s go down together!” Liu Feng sighed, his handsome face was filled with helplessness.

Chapter 1058: Moonhowl volcano (4)

“Then what are we waiting for? let’s go down!” Leng ruoxue said hurriedly.

“Little fox, it’s getting late. You can go down tomorrow!” Liu Feng hurriedly said. The sky was about to turn dark, even if he wanted to go down, he couldn’t do it now!

“Yes.” Leng ruoxue nodded in agreement.

The next day, just as the sun rose.

After Leng ruoxue and the rest finished their breakfast, they went to the entrance of the volcano and prepared to go down to investigate.

The entrance of the volcano in front of them was not big, so they could only go down in groups.

Feng Da and a few others volunteered themselves and jumped down first. Soon after, Leng ruoxue and the rest followed. Liu Feng was arranged to be the last one to enter the cave. After everyone had gone down, Liu Feng was the last one to enter.

Once everyone was present, Leng ruoxue and the rest lit up a few flames. In an instant, the entire cave was lit up.

The cave in front of them was surrounded by dark red stone walls with sparks occasionally flashing on them. The temperature in the cave was more than twice as high as the outside, but the entire stone wall was very dry and smooth as a mirror!

Sizing up the cave, Leng ruoxue couldn’t help but sigh. This volcanic cave was much cleaner than the one she had been to on the edge wind continent.

The group followed a path filled with uneven rocks as they walked deeper into the cave. The deeper they went, the denser the fire-type spiritual Qi became. However, what made Leng ruoxue curious was that this cave was a little too clean. After walking for so long, they had not even discovered a single bug. This was too unbelievable.

However, the more it was so, the more Leng ruoxue did not dare to let her guard down. At the same time, she also reminded everyone to be on high alert until they arrived at a world of crystals.

Leng ruoxue and the rest widened their eyes in disbelief when they saw the sparkling and translucent fiery-red crystals on the wall. Even Liu Feng, who had seen many things in his life, was dumbfounded.

“Heavens! This place is too beautiful. ” Everyone couldn’t help but sigh. If a bed was placed here, this place could be called a Palace built with crystal stones.

“Hehe! I’m rich!” Feng Da drooled as he looked at the crystals. Then, he ran to the crystal wall without caring about his image and gently stroked the shiny crystals, giving everyone goosebumps.

“Don’t embarrass me. ” Lu Tao couldn’t stand it anymore, so she quickly pulled Feng Da back.

“Hehe! I’m just too happy!” Feng Da said, a little embarrassed. Those people had been searching for more than half a month without finding anything, and they had actually found it by accident. Hehe! If those people were to find out about this, they would be so angry that they would vomit blood!

“Little fox, don’t just stand there, hurry up and dig! Otherwise, it’ll be bad if someone else finds out.” Liu Feng, who had recovered from his shock, quickly reminded. This many crystal stones were enough to cause a bloody storm in the divine world. Moreover, almost all of them were top-grade crystal stones. Even the worst of them were high-grade crystal stones. If this news were to spread out, they would not be able to rest in peace.

“Mm, everyone, let’s do it! The spirit beasts can also come out to help.” Leng ruoxue quickly replied after hearing Liu Feng’s words.

“Yes.” Everyone replied in unison. Then, they summoned their own Beastie and everyone began to excavate the crystals with great enthusiasm.

Leng ruoxue also took out the silver wolves from her bracelet. As for the other beasts, they did not come out for the time being so as not to provoke Liu Feng.

In fact, Liu Feng had already been provoked. Looking at the Dragon, Phoenix, and the silver wolves in front of him, he was unfortunately dumbfounded again. Where did these beasts come from? Were his eyes playing tricks on him? Thinking of this, he couldn’t help but rub his eyes. It was still there! Then it wasn’t an illusion!

Moreover, those spirit beasts were all well-trained, and they dug up the crystal stones at an extremely fast speed!

Their sharp claws were seen flying up and down, and the crystals on the wall fell to the ground. Feng Da and the rest were in charge of collecting the crystals and passing them to Leng ruoxue.

Everyone and the spirit beasts cooperated quite tacitly, and very quickly, more than half of the crystals on the wall had been picked, while Liu Feng was still standing there stupidly.

“If you don’t act now, you won’t have a share of these crystals.” Leng ruoxue reminded him with an evil smile.

“Uh! Little fox, whoever sees it will have a share, you can’t do this!” Liu Feng said with a slight grievance.

“Don’t pretend. With your status, you still lack Jingshi.” Leng ruoxue said.

“That’s not the same. Not to mention, most of these crystals are of the highest quality. Only a fool wouldn’t be moved!” Liu Feng quibbled. The joy of personally collecting Jingshi was not the same as forging and earning Jingshi! Moreover, this was also considered an opportunity for him! Hehe!

“Then why didn’t you make a move!” Leng ruoxue urged him like a supervisor.

“Aren’t you guys standing there too?” Liu Feng couldn’t help but whisper.

“But my subordinates are all working, while you are alone.” Leng ruoxue reminded kindly.

“Who said that? I still have an apprentice!” Liu Feng complained.

“Your disciple is also on our side.” Leng ruoxue said in an unpleasant tone.

All of a sudden, a five-colored ball of light flashed past Leng ruoxue and the others ...

Chapter 1059: How much are you worth (1)

When Leng ruoxue and the demon saw this, they immediately gave chase ...

Out of curiosity, Liu Feng also wanted to go over and take a look, but he was stopped by Feng Da, who said unhappily, “Work hard! Don’t cheat!”

“Uh! I just want to see what it is.” Liu Feng said very aggrievedly. Everyone has a curious heart, why can’t I go and see? Boohoo ... These people were bullying him. At the thought of this, he kept looking at the disheveled old man. However, the disheveled old man did not seem to see him and continued doing what he was supposed to do!

What a joke! Even if Liu Feng was his master, he didn’t dare to take the risk of offending everyone to speak up for Liu Feng! Furthermore, in his eyes, his master, Liu Feng, was far less important than Leng ruoxue and the rest. The disheveled old man could not help but think to himself.

“What’s there to see, hurry up and finish digging these crystals. There’s miss and commander ye over there! We don’t need to worry about it!” Feng DA’s eyes were wide open as he said unhappily.

“Aren’t you guys curious?” Liu Feng said in disbelief. These people were too calm when they saw the appearance of strange things. He couldn’t help but feel incredulous.

“What’s there to be curious about? we’ll find out sooner or later anyway.” Feng Da said nonchalantly. His hands didn’t stop moving, and soon, the storage ring was filled to the brim.

“Uh!” Liu Feng was speechless. No wonder these people weren’t anxious at all. They were very sure that the little fox would tell them. Wu ... Why didn’t he have this kind of confidence? Liu Feng was surprised to find that ever since he got to know these little guys, he had changed! He had become sentimental!

“Hurry up and get to work! Otherwise, miss really wouldn’t have given you Jingshi! Our family’s young miss has always kept her word!” Feng Da reminded him with a smirk. In fact, he was hoping that Liu Feng would just stand there and not move! Hehe! However, for the disheveled old man’s sake, he had to remind him of what he needed to!

“Ai! Alright!” Liu Feng sighed, resigned himself to his fate and took out a small shovel, digging up the crystal stones on the wall.

“Hehe! You’re pretty professional! There are also tools!” Feng Da said with a smile.

“That’s a must! I’m a blacksmith, if I come across a good ore material and I don’t have any tools on hand, how regretful would that be!” Liu Feng said proudly. As a blacksmith, tools were a necessity. Therefore, they would usually carry them with them.

“Since you have the tools, I’ll leave that area to you.” Feng Da pointed to the wall on his left.

“Uh! It can’t be!” Liu Feng’s head ached. With so many Jingshi in his hands, how long would he have to mine! You can’t bully people like this!

“As you can see, we don’t have any tools. An able man should do more work!” Feng Da said matter-of-factly.

“Although you don’t have any tools, don’t you think that the claws of those beasts are faster than my shovel?” Liu Feng couldn’t help but ask.

“I don’t think so!” Feng Da was lying through his teeth, he clearly wanted Liu Feng to work more! Hmph! Who asked Liufeng to give the disheveled old man such a wicked idea? In fact, he still bore a grudge in his heart for this matter! So, as long as he found an opportunity, he would deal with Liu Feng!

“Heavens! You’re such a bully!” Liu Feng looked up to the sky and sighed. He couldn’t stop crying in his heart. Did he meet a group of vampires? However, he still resigned himself to his fate and went to the crystal stone that Feng Da had pointed out and started digging. Wu...He had no choice but to bow his head when he was under the eaves. Who asked him to be in the disadvantageous group!

At the same time, Leng ruoxue and the demon chased after the five-colored ball of light. After turning left and right and passing through several passages, they arrived at a stone room.

The stone room looked very simple and crude. There was nothing on the surrounding walls, and there were no signs of anyone living in it. Thus, Leng ruoxue guessed that this was a naturally formed stone room.

Leng ruoxue was perplexed as she watched the multicolored ball of light spin around the stone room. Could this be its home? However, she still couldn’t see what was inside the ball of light.

“Stop! You’re not allowed to turn around!” Leng ruoxue couldn’t help but shout out. The ball of light was spinning so much that she was about to faint.

After the ball of light heard Leng ruoxue’s words, it actually stopped. However, the ball of light was still trembling.

When Leng ruoxue saw this, she was speechless. Could it be that this ball of light was afraid? They should be the ones who should be afraid, okay? Why was it the other way around?

“Sister, speak to it gently. Don’t scare it.” Suddenly, Qing Jue’s voice appeared in Leng ruoxue’s mind.

“Uh! Qing Jue, do you know what this light is?” Leng ruoxue asked in surprise.

“Big sister, if I’m not wrong, it should be the Fire Crystal stone heart spirit. Otherwise, the quality of the fire attribute crystals here can’t be so good, and there are so many of them,” Qing Jue guessed.

With the Fire Crystal stone heart, although it could produce Supreme-grade fire attribute crystals, the quantity was usually not very high. Therefore, the quality and quantity of the crystals here had aroused Green Vessel’s suspicion. After all, the cultivation of Supreme-grade crystals required a large amount of spiritual Qi, and the Fire Crystal stone heart without intelligence could not absorb a large amount of spiritual Qi. However, once the Fire Crystal stone heart had intelligence, the quality of the crystals it cultivated would be greatly improved.

“It’s true!” Leng ruoxue was overjoyed when she heard this. How could she be so lucky? She already had a fire Crystal stone heart in her hands, and now she had encountered the spirit of the Fire Crystal stone heart. In the future, they would not be short of crystal stones! Thinking of this, she looked at the ball of

light with even more passion. This little thing was too suitable to live in her space! Oh! How can I kidnap it?

Leng ruoxue's thoughts turned over and over again. In the end, she decided to use the method of coaxing. After all, the thoughts of these elves were very pure. So, if she were to play tricks with this little fellow, she was afraid that it would only make this little fellow even more vigilant.

At the thought of this, Leng ruoxue chuckled and said, "Little guy, don't be afraid. Big sister won't hurt you."

However, what made Leng ruoxue disappointed was that the ball of light did not react at all after hearing her words. What was going on? Could it be that this little fellow didn't understand what she was saying?

"Little guy, big sister is not a bad person! I won't hurt you." Leng ruoxue coaxed again. The smile on her beautiful face was pure and harmless!

Chapter 1060: How much are you worth (2)

?

However, the five-colored ball of light did not give Leng ruoxue any response. It did not try to escape either.

After a long while, there was still no reaction from the ball of light. Just as Leng ruoxue was about to think of other ways to try it out, the ball of light suddenly spoke, "R-really?"

A timid child's voice entered Leng ruoxue and the demon's ears.

"Of course it's true, big sister would never lie to children!" Leng ruoxue promised.

"Oh!" The ball of light responded softly. Shortly after, the ball of light disappeared. What appeared in front of Leng ruoxue and the demon was a chubby child who was not even one year old and was only wearing a red dudou.

The little baby was white and chubby, with a pair of dark red eyes. His long eyelashes covered the shyness in his eyes, making him look particularly cute.

When Leng ruoxue saw the appearance of this little doll, she had an idea and moved the small fire ginseng and Huo'er out of the bangle.

The moment the two little fellows came out, they pounced into Leng ruoxue's arms affectionately. Fire kept calling out "mommy" while small fire ginseng called out "big sister."

After that, when fire saw the demon, she threw herself into his arms and called him 'daddy' affectionately. Finally, the two little fellows turned their eyes to the other child.

"You ... You're also elves!" The little child said in disbelief. Spirits had a special sense of perception between them, so he had sensed fire 'er and little fire ginseng as soon as they had come out. These two little fellows also made him feel very familiar.

“Yes, I’m a fire ginseng, and this is a fire Lotus. We’re both plant-type sprites.” The small fire ginseng introduced as if it was a big brother.

“Hello, it’s a pleasure to meet you.” The baby said shyly. He had never thought that he would be able to see other heavenly treasure spirits, so he could not help but be overjoyed.

After all, it was not easy for heavenly treasures like them to develop intelligence. Now, the two in front of him were actually able to transform like him, which made him even happier.

“Hehe! We’re also very happy to see you.” Fire and small fire ginseng also said happily. Moreover, the three little fellows soon started to play together.

Leng ruoxue saw the three little ones hiding in the corner, discussing something. She couldn’t help but shake her head in amusement. She thought to herself, “as expected, elves are closer to each other. When the little fellows in my bracelet that have developed intelligence can transform, these little things will have more playmates.”

After a short while, the three little fellows finished their discussion and went to Leng ruoxue and the demon together.

“I ... I want to go with you! Can I?” The child looked at Leng ruoxue with anticipation, but he was extremely nervous. Although fire ‘er and small fire ginseng had promised that this beautiful sister would agree to his request, he still wasn’t confident.

“Of course you can.” Leng ruoxue smiled and nodded. Even if this little fellow didn’t take the initiative to mention it, she would have thought of a way to bring this little thing away. What if such an innocent little doll was captured by others if she were to stay here? She could be cold-blooded to her enemies and heartless to strangers, but she loved these blessed Children of Heaven and earth very much. This was not because they were precious, but because these little things were so innocent that they made people love them.

“Can I call you big sister in the future?” The child asked again.

“Of course you can,” Leng ruoxue nodded.

“Sister.” The little child cried out happily. He was no longer as afraid as he was when he first met Leng ruoxue. In fact, he still had a good impression of this sister.

“Be good!” Leng ruoxue gently stroked the chubby little doll’s head. After some thought, she said, “You’ll be called little fatty from now on!”

“Yes, Thank you, sister.” Little fatty said happily, hehe! He had a name.

Seeing little Fatty’s happy expression, Leng ruoxue’s mood was also extremely relaxed. Being with these cute little fellows was much more interesting than being with those complicated humans. At least in front of them, she could be very relaxed.

Following that, Leng ruoxue had a change of heart and brought the evildoer and the three little fellows into the bracelet.

“Little fatty, this will be your new home from now on. You can take a look around. I’ll take you out to meet my family later.” Leng ruoxue chuckled.

“Alright,” he said. Little fatty was overjoyed. He had heard fire and little fire ginseng mention this place before, but he didn’t expect to see it so soon.

Looking at the beautiful scenery in the interspace and breathing in the rich spiritual Qi, little fatty felt that he was really too happy. Immediately, he was led by the two little fellows, who were already familiar with the way, to tour the interspace.

Meanwhile, Leng ruoxue and the demon sat on the stone chair, waiting for the three little fellows.

After a long time.

Fire and small fire ginseng had finally finished showing little fatty around. The three of them came to Leng ruoxue and evildoer.

“Big sister, this place is so beautiful. It’s much better than the place I stayed in before.” Lil ‘fatty was extremely excited. However, what he didn’t expect was that he would be able to see so many elves. It seemed like his decision to follow his sister was a wise one.

“Of course!” Huo’ er said with pride. Her smug look was so cute that Leng ruoxue could not help but hug Huo’ er tightly in her arms and kiss her.

“Hehe! Sister, when are you taking me to see grandfather and the others?” Little fatty said anxiously. The family that his sister was talking about should be those people just now! However, he was in a hurry to escape just now, so he didn’t pay much attention to it.

“Now!” Leng ruoxue said after some thought.

“Alright,” he said. Lil ‘fatty nodded his head obediently.

“Mom, I want to go out and play too!” Huo’ er pitifully begged.

“You can’t.” Leng ruoxue rejected. The fire-type aura on this little fellow was too strong. If any Alchemist were to discover it, it would not be a joke.

“But I miss Daddy and Mommy.” Huo’ er was very aggrieved, and tears kept welling up in her beautiful eyes.

Seeing xiaohuo like this, Leng ruoxue couldn’t help but have a headache. Why did the people and beasts around her like to act pitiful? Now, even fire had learned it! However, she wouldn’t be soft-hearted towards Huo’ er and the other little fellows!
