

Crazy Wife 1061

Chapter 1061: How much are you worth (3)

At the thought of this, Leng ruoxue secretly gave small fire ginseng a look. Small fire ginseng understood her meaning and immediately reprimanded Huo' er with a serious expression, "Huo' er, don't be so willful. It's not safe outside. If you're discovered, you'll harm your sister. "

Compared to him, Huo' er was much more innocent. After all, Huo' er came from the secret realm and had been taken care of by the spirit of the secret realm since young. Therefore, she had no idea how evil the people outside could be. However, he was different. Although he had the protection of Xiao Huo, he was very clear about the thoughts of the people outside. If they were discovered by people, they would definitely not have a good end!

Therefore, as the second elder brother of the elves, he had the responsibility to protect the elves who were even more innocent than him. As for their leader, it was naturally green vessel!

"Alright then!" Fire sobbed and said in a small voice, "Wu ... It can act coquettishly with its father and mother, but it's a little afraid of little fire ginseng, so it didn't dare to disobey little fire ginseng's words."

"That's a good girl!" Small fire ginseng said in a very detailed manner.

Watching the interaction between the two little fellows, Leng ruoxue could not help but laugh. These little guys were really too cute.

"Fire, small fire ginseng, you two can play here! I'll take little fatty out first. " Leng ruoxue chuckled.

"Yes." Fire and small fire ginseng nodded in unison.

Leng ruoxue had an idea and brought the evildoer and little fatty out of the bracelet.

When the three of them returned to where Feng Da and the others were, everyone was stunned when they saw the chubby baby in the demonic child's arms. However, they returned to normal in an instant.

However, Liu Feng's state of mind was not as calm as Feng Da and the others. He took a long time to come back to his senses. Looking at the Fat Boy in the evildoer's arms, he said in disbelief, "It's only been a while, and you've already had a child?"

As soon as he said this, everyone looked at him as if he was an idiot. This made him feel very embarrassed. Did he say something wrong? The two of them had left, but now they had returned with a child. If it wasn't theirs, who else could it be? He thought to himself stubbornly.

"It's only been a short while, go and give birth to one for me. " Leng ruoxue rolled her eyes and said speechlessly, "does Liu Feng have any common sense?" Even a God couldn't have given birth so quickly!

"Uh! Then where did this child come from? Could it be ... That you stole it? No! Quickly send it back, or else the child's parents will be worried to death!" Liu Feng guessed and said anxiously.

"Liufeng, I just realized today that you have such a rich imagination." Leng ruoxue was helpless, and a deep sense of powerlessness quickly wrapped around her.

“Uh! Isn’t it?” Liu Feng asked in a daze. The sudden appearance of the child had broken his usual calm and thinking!

“Of course not. This little guy is the five-colored light that ran out just now.” Leng ruoxue sighed and explained.

“Argh! However, it was clearly an unknown ball of light just now. How did it become a child now?” Liu Feng’s brain still hadn’t come to his senses as he said in a single-track manner.

“I’m not some unknown luminous body, ignorant human, I’m the spirit of the Fire Crystal stone heart.” Little fatty was a little unhappy when he heard someone say that he was an unknown luminous body.

“Fire Crystal stone heart ... Spirit!” Liu Feng’s eyes widened and he said in disbelief, F * ck! He had lived for so long, and although he knew of the existence of a crystal stone heart, it was the first time he had heard that a crystal stone heart could produce a living being! And this was absolutely beyond his usual thinking!

“Isn’t the Fire Crystal stone core just a stone? How can it give birth to sprites?” Liu Feng asked shamelessly. He only knew that plant-type heavenly treasures would have sprites, but he had never heard of hard stones having sprites.

“Ignorant human, I’m also born with spiritual Qi, so why can’t I have intelligence? Can’t transform? Otherwise, where do you think those Jingshi came from? In fact, those are just trash that I don’t want.” Little fatty said with a look of disdain.

“Uh!” This time, not only Liu Feng was depressed, but even Feng Da and the others were a little depressed. So the Jingshi that they had spent half a day digging out was just trash that others didn’t want! What would they become then? Picking up trash? However, was there such expensive trash?

Looking at Liu Feng, Feng Da, and the rest’s gloomy expressions, Leng ruoxue could not help but chuckle, “Hahaha! You’re thinking too much. These Jingshi might be useless to little fatty, but to us, they’re good things. I’ll just treat it as recycling.”

“Yes, yes, these things are indeed very useful for humans and beasts.” Little fatty agreed.

“Sister, they’re digging a little slowly, let me help them!” Little fatty saw that there was still about a third of the crystals on the wall that had not been dug out, so he spoke again.

“Alright!” Leng ruoxue smiled and nodded. As soon as she finished speaking, little fatty stretched out his fair and tender little hand. Instantly, countless light spots flew towards the wall. In an instant, the crystal stones on the wall fell to the ground. In the blink of an eye, the remaining crystal stones were excavated.

“Uh!” Looking at Lil ‘Fatty’s speed, Feng Da and the rest, as well as Beastie, felt inferior. Compared to them, they could be considered to be moving at a turtle’s speed.

“My idol!” Liu Feng’s eyes lit up when he saw this. He stared at little fatty as if he had found his prey. He didn’t expect this little kid to be so capable! Truly worthy of being the spirit of the crystal stone heart!

“Don’t worship me, I’m a legend!” Little fatty suddenly blurted out such a sentence, causing Leng ruoxue to break out in cold sweat. When did Lil ‘fatty learn to say this? she knew without even asking that he must have learned it from Huo’ er and the others. As for the two little guys, they must have learned it

from Feng Da and the others. When she thought of this, her beautiful eyes could not help but glare at Feng Da and the others.

“Miss, it’s not my fault.” Feng Da quickly tried to distance himself from the matter. Sobs ... Did this little guy have a grudge against them? Wasn’t this harming them? The young miss had always told them not to lead the little ones astray. Now, it was all good. Who knew who had unintentionally said such words, and these little fellows had learned it.

“Hehe! This little thing is quite interesting. ” Liu Feng, who didn’t notice anything wrong, said in disbelief.

Chapter 1062: How much are you worth (4)

?

“I’m not a little thing. I’m little fatty, the name my sister gave me!” Little fatty said proudly.

“Little fatty!” Liu Feng was speechless. He thought to himself, “the little fox’s naming skills aren’t that good!” How could he call him little fatty just because he saw him fat!

“Little fatty! Your name is too unpleasant to hear. In the future, follow big brother, okay? big brother will give you a nice name!” Liu Feng was not afraid of death as he started to dig up Leng ruoxue’s Secret. At the same time, he threw Leng ruoxue a provocative look.

However, it was a pity that Leng ruoxue didn’t care at all. Hence, Liu Feng’s smugness was in vain!

“Not good, Hmph! Who wants to hang out with you! You don’t look like a good person! Also, I think this name is quite good and suits me. ” Little fatty said, not giving him any face.

“...” Liu Feng heard little Fatty’s words and was sad. Wu ... How did he not look like a good person? Did that little fox look better than him? When he thought of this, his heart felt extremely unbalanced! This was really bullying.

“Hahaha!” When the others heard little Fatty’s words, they couldn’t help but burst into laughter.

“It seems that elves are the most sensitive. They can tell who is good and who is bad!” Leng Qingtian was overjoyed. This chubby little kid was really too cute, he actually made Liu Feng speechless.

“That’s right! If elves aren’t sensitive, how can they escape the humans “search and successfully transform?” Leng Xiaoyu laughed as well. She had known Liufeng for so long, and other than little Xue ‘er, this little kid could actually make Liufeng suffer. It was truly too rare.

“You’re all bullying me, Wu ...” Liu Feng pretended to be sad, but unfortunately, he was ignored by everyone.

Leng ruoxue then gave a direct order, “Pack up your things and we’ll leave this place!”

“Yes, yes.” Everyone nodded in unison. In the blink of an eye, the Jingshi that had been piled on the ground were all collected by them.

After that, everyone left the place under little Fatty’s guidance.

However, when they left the cave, they were still in the Howling Moon volcano.

Leng ruoxue instructed everyone to start a fire and cook while she asked little fatty.

“Little fatty, do you know if there’s any divine fire in this volcano?” Leng ruoxue asked softly.

“Divine flame?” Little fatty frowned and thought for a long time before he said with certainty, “Sister, there used to be a divine flame here. However, so many years have passed, and the divine flame I know of has long disappeared.”

“Oh!” Leng ruoxue nodded her head lightly. She thought to herself, “since the divine fire here has disappeared, we should leave as soon as possible!”

“Little fatty, do you know that there are many people outside looking for fire attribute crystals in this volcano?” Suddenly, Liu Feng interjected. He was really curious, how did this chubby baby hide from those humans “search?”

“I know, but they won’t be able to find it.” Little fatty said with absolute certainty. Hehe! How could it be so easy to find him? his sister and the others were lucky that he was sleeping. Otherwise, they would not have found him.

“We still found it,” Liu Feng reminded. This little guy was really too arrogant, which made him feel a little uncomfortable.

“Elves need to sleep too. I was sleeping when you found me! Otherwise, I wouldn’t have let you guys find out!” Little fatty retorted, unwilling to be outdone. However, now he felt that it was good to be found out. At least he had a home.

“Oh!” Liu Feng nodded his head and felt that this little guy’s words made sense. After all, so many people had been looking for it but it had not been found. It could be seen that this little thing had some skills.

“Don’t look down on the elves. If we don’t have some means of self-protection, we won’t have the chance to transform.” Little fatty saw through Liu Feng’s thoughts and reminded him unhappily.

“Uh! I’m not looking down on elves.” Liu Feng hurriedly said. This little thing was now under the protection of the little fox, he couldn’t afford to offend it!

“Miss, the meal is ready.” At this time, Feng Da walked over and saved the embarrassed Liu Feng from the sea of suffering.

After everyone finished their meal, they did not stay in the volcano for long and left ...

“Little fox, let’s go to the other volcanoes!” In the air, Liu Feng was lying on the soft and comfortable back of the little Peacock.

“Yes.” Leng ruoxue nodded.

Suddenly, a loud shout rang in Leng ruoxue and the rest’s ears, “You guys don’t have to go anywhere, haha!”

As soon as she finished speaking, several black figures appeared around the little Peacock, blocking her way.

“Good dogs don’t block the way! Move aside!” The little Peacock suppressed her anger and said, “F * ck, can’t you tell that we’re in a hurry? He actually dared to stop them!”

“You long-haired animal, you dare to scold us! I’ll show you how powerful I am in a while!” The leader of the Men in Black shouted angrily.

“You’re the animal, your whole family is an animal!” The little Peacock replied, unwilling to be outdone.

“Brothers, let’s do it! Kill this bird!” The leader of the Men in Black was so angry that he directly gave the order!

“Wait!” At this moment, Leng ruoxue spoke indifferently.

Her voice attracted the attention of all the Men in Black. Immediately, several lustful eyes fixed on her.

“Boss, there’s really an absolute beauty! The employer didn’t lie to us!” One of the men said happily. His eyes kept on scanning Leng ruoxue’s body, as if he could see through her.

In an instant, the wind and clouds changed. The man who was still in a daze a moment ago was hit in the eyes by two black rays of light in the blink of an eye ...

“Ah!” A cry of pain resounded through the void. The man covered his eyes in pain as blood flowed out from the gaps between his fingers. He was still rolling around on his Beastie’s body. If it wasn’t for his Beastie’s size, he might have fallen down.

When Leng ruoxue saw this, she didn’t even need to guess to know that the demon had made his move.

“Dammit, who did this? Get out here!” When the leader of the Men in Black saw this, he couldn’t help but roar in anger. F * ck, they hadn’t even made a move! Someone was actually injured. This really made him lose face.

Chapter 1063: How much are you worth (5)

However, his words were no different from noise to Leng ruoxue and the others. No one paid him any attention!

“I’m asking you a question. Who did this? Get out here!” The leader of the Men in Black shouted at the top of his voice.

“You didn’t even see it, so how would we know?” Leng ruoxue said innocently, her beautiful eyes sizing up the man in front of her.

The man looked tall and strong. His facial features were ordinary, and his strength was at the mid-tier advanced divine realm. He could be considered an expert on the divine mainland. Who would have thought that he was in the business of robbing people? From what the man said, he was probably under someone’s orders. To be precise, he was hired!

“It would be strange if you guys didn’t know!” The leader of the Men in Black did not believe her at all. However, whether he believed her or not, it was not within Leng ruoxue’s scope of consideration!

"If that's the case, why are you still asking us?" Leng ruoxue said calmly.

"Brothers, let's do it! Other than the three women, don't leave anyone alive!" The leader of the Men in Black was furious and ordered his subordinates.

"I said wait, don't you understand?" Leng ruoxue was a little speechless. Why couldn't these Men in Black understand human language?

"What are you waiting for? I don't have that kind of free time!" The leader of the black-clothed men said fiercely.

"Could it be that you've accepted other business?" Leng ruoxue guessed.

"What does it have to do with you?" The leader of the Men in Black stomped his feet in anger. He thought to himself, 'why does this woman have so many questions?' He didn't like women who talked too much.

"It's none of my business, but can you tell me something about me?" Leng ruoxue said with a smile.

"Something related to you? What's the matter?" The leader of the Men in Black was stunned. It was obvious that he was confused by Leng ruoxue's words.

"Who told you to come and find trouble with us?" Leng ruoxue asked with an evil smile. Actually, if she really wanted to know who the mastermind was, she could have asked Qing Jue to read this man's heart! However, she liked the fun of teasing her opponent more. Hehe! The feeling of a cat catching a mouse was very good.

"No one asked us to find trouble with you. They asked us to kill you." The leader of the Men in Black corrected him.

"In my opinion, it's all the same. You just have to tell me who ordered you to do it." Leng ruoxue said nonchalantly.

"Uh! Why should I tell you?" The leader of the Men in Black asked in a daze.

"If you don't tell me, we'll have to come to you for revenge after we become hostile ghosts. But if you tell us, we won't come to you. We are naturally looking for the mastermind!" Leng ruoxue coaxed.

"Uh! So it's like this!" The leader of the Men in Black pondered and couldn't make up his mind. On the other hand, the subordinates by his side were a little scared when they heard Leng ruoxue's words and kept urging their boss.

"Boss, tell them! Otherwise, we won't be able to take it if they go to hell and complain about us!" A timid subordinate said in a low voice.

"What are you afraid of? I don't believe they'll come back for revenge." The leader of the Men in Black reprimanded. How could one return to hell just because they wanted to? that place was a completely different world from where they were.

"It's better to be safe than sorry." That person whispered again. Leng ruoxue was very satisfied with his cooperation and even decided to let him die a quick death.

"I can tell you, but you have to promise that you won't come to us for revenge after you die." The leader of the black-clothed men was swayed by his subordinate's words and said with uncertainty.

"Don't worry, even if I want revenge, I won't look for you guys." Leng ruoxue promised. In her eyes, these people were just small fries, and she was looking for the mastermind.

"The person who hired us to kill you is a woman. I heard the people around her call her lady rumei, but I don't know what kind of lady she is." The leader of the black-clothed men said after thinking for a while.

In fact, in their line of work, they didn't need to know the name of the employer, and they wouldn't take the initiative to ask. Of course, if the employer was willing to say it, it was a different story. The reason why he knew that the woman was lady rumei was because the people around the woman called her that, so he remembered it.

"Oh!" Leng ruoxue nodded. Just as she had expected, this matter was related to Yin rumei. However, Yin rumei was looking down on them too much. She only found a dozen people and wanted to kill them?

"How much did that woman pay you?" Feng Da asked curiously.

"I'm sorry, but the price is confidential." The leader of the Men in Black said. He could tell these people his employer's name, but he could not tell them the price. That was a trade secret!

"I just want to know how much I'm worth. We're about to die, are you still not willing to help us?" Feng DA's face was bitter as he spoke in a slightly pained tone.

"Uh! Your price is one hundred top grade crystals." When the leader of the Men in Black heard Feng DA's words, he felt that it made sense. Since they were going to die soon, he would fulfill their wishes! After all, the dead would not speak nonsense!

"What? One hundred top grade crystals!" Feng DA's eyes widened in disbelief when he heard the answer.

"Yup! I also didn't expect that woman to be so generous. In order to get rid of you, she was even willing to pay a hundred high-grade crystal stones!" The leader of the Men in Black said in satisfaction. This was the highest price out of all the business he had received recently!

"Dammit, are we only worth a hundred top quality crystal stones?" Feng Da saw that the leader of the Men in Black seemed to be satisfied with the price, and the anger in his heart rose! F * ck, how could they be so cheap?

"Uh! This is already a very high price." The leader of the Men in Black quibbled.

"Tall, my ass! You've been tricked, do you know that? This guy alone is worth more than a hundred top quality crystal stones!" Feng Da pointed at Liu Feng and roared in anger.

"Why?" The leader of the Men in Black looked at the man Feng Da was pointing at and asked in confusion. He didn't find anything special about the man, he just thought that he was more handsome than the average man.

"Do you know who he is?" Feng Da asked again.

"I don't know," The leader of the Men in Black replied honestly.

"You didn't even figure out our identity and you dare to accept this business?" Feng Da said with some disappointment, "damn it! These people were so muddled, how could they still be alive now? This shouldn't be the case!

"Uh! "My employer said that you're just nobodies, so ..." The leader of the Men in Black stopped halfway. At this time, he also began to doubt the identity of Feng Da and the others.

"Your Excellency Liufeng! You've become a small character!" Feng Da looked at Liu Feng and said with some schadenfreude.

"Al!" Liu Feng sighed and felt very helpless in his heart. He obviously wanted to be low-key, but why did these people force him to be high-profile?

"I'm very valuable. " Liufeng said softly. Clearly, he wasn't too satisfied with this price. He even felt that Yin rumei was too stingy. Even if she wanted to kill him as well, she should at least give him a price that was befitting of his status! One hundred pieces of high-grade crystal stones was clearly an insult to him!

"Uh! How much are you worth?" The leader of the Men in Black had a suspicious look on his face. He thought to himself, "could it be that I really took too little?"

"I'm priceless. " Liu Feng said very arrogantly, his extraordinarily handsome face full of pride.

"Damn it, how can you be priceless? you're just a pretty boy, and you dare to show off in front of me!" The leader of the Men in Black said angrily. This pretty boy was really too annoying. In his opinion, this man was simply asking for a beating!

"Little ... Pretty boy? Me?" Liu Feng said in disbelief. In his entire life, this was the first time someone had described him in such a way. F * ck, he was a man, how did he look like a gigolo who lived off a woman? He felt humiliated again!

However, when Leng ruoxue and the rest heard the leader's words, they all started laughing unceremoniously ...

"Hahaha!"

"Your Excellency Liufeng is actually a pretty boy!"

"Oh! It looks like it. "

The crowd started to tease him, and Liu Feng's handsome face was like a color palette, from red to white, then to green, and finally to black! He was obviously very angry!

"Are you guys done laughing?" Liu Feng roared and then glared at the leader of the Men in Black. He released a trace of his pressure and shouted, "F * ck, open your dog eyes and look clearly, which part of me looks like a pretty boy!"

"Everywhere!" Although the leader of the Men in Black was frightened by Liu Feng's aura, he still mumbled softly. No matter how soft his voice was, Leng ruoxue and the rest could still hear him clearly.

Seeing this, Leng ruoxue and the others laughed even more heartily ...

Chapter 1064: Creating evidence (1)

“You’re really looking for death!” Liu Feng was furious. The consequences were very serious. F * ck, did these people really think he was a soft persimmon that could be pinched at will? Now, even a few insignificant people had come to humiliate him!

“Hahaha! You’re really unlucky to have offended His Excellency Liufeng.” Feng Da said, gloating.

“What Sir Liufeng? I don’t know him!” Although the leader of the Men in Black was a little afraid, he still said it stubbornly.

“Oh, really? Then I’ll let you get to know her today!” Liu Feng said viciously. It just so happened that he had no way to vent the anger in his heart, so he would take it out on these people today.

“You guys are really too ignorant. You don’t even know the famous flowing wind, hehe! He was the Deputy President of the armament Guild headquarters! How much do you guys think he’s worth?” Before Liu Feng could make a move, Feng Da said.

“The Deputy President of the armament Guild headquarters!” When the leader of the Men in Black heard these words, his face turned pale with fright. This pretty boy was actually the Deputy President of the armament Guild headquarters. This person couldn’t be lying to him, right? Speaking of which, in the immortal realm, there were two kinds of people that one absolutely could not provoke, and that was armament Masters and alchemy Masters. Otherwise, one would not even know how one died. Therefore, he really could not believe that this outrageously beautiful pretty boy in front of him was actually the Deputy Chairman of the armament Guild headquarters.

“That’s right, his position in the craftsmen’s Guild is above your employer! Hehe! Do you still think he’s not worth anything? One hundred top-grade crystal stones was too little, right? You’ve been tricked by her Excellency rumei!” Feng Da laughed evilly as he tried to drive a wedge between them.

Feng DA’s words set off a storm in the hearts of the Men in Black!

The Men in Black looked at each other, and then their faces were filled with anger. F * ck, they might have been fooled. Of course, the premise was that this pretty boy was really the Deputy President of the armament Guild headquarters. It could be seen that they were still somewhat skeptical of Feng DA’s words.

“You said he’s the Deputy President of the armament Guild headquarters. What evidence do you have?” The leader of the black-clothed men said, unwilling to give up.

“Your Excellency Liufeng, quickly take out your identity card and let these guys see it!” Feng Da said to Liu Feng with a smile.

“Look carefully,” Liu Feng unwillingly took out a golden token from his ring and waved it in front of the Men in Black. Instantly, all the Men in Black were stunned.

After a long while, the black-robed men present finally regained their senses. The leader of the black-robed men trembled and pointed at Liu Feng, “You ... You’re really the Vice President of the armament Guild headquarters!”

.....

It's finished! It's finished! They were in big trouble this time. He never dreamed that this pretty boy was actually a Big Shot, and a Big Shot that they couldn't afford to offend. Wu...What should they do? That damned woman, how dare she frame them! This was preposterous!

At this moment, the leader of the Men in Black was angry and angry, and also a little afraid. After all, offending the craftsmen's Guild was not a joke. Moreover, these people under him might not be a match for Sir flowing wind, Ai! What should he do?

"Damn it, that B * tch actually dared to lie to us. Brothers, let's go find her and settle the score!" The head of the Men in Black kept thinking and finally came up with a plan that he thought was good, and that was to provide support. Anyway, he was not the mastermind of this matter, and he did not really hurt them. On the contrary, his men were injured, so he expected these people to not make things difficult for them.

However, the wish was beautiful, but the reality was cruel. Even if they wanted to slip away, how could Liu Feng let them have their wish!

The black-clothed man didn't have time to escape before he was firmly tied up by the thin silk thread thrown by Liu Feng.

"You don't have to look for her personally. I'll Take You There." Liu Feng laughed evilly. What a joke, these people were the evidence, how could he let them run away!

"Your Excellency Liufeng, we failed to recognize you. We didn't know your identity. Please forgive us for our offense!" The leader of the Men in Black begged with tears in his eyes.

"Don't be afraid. I won't kill you. I just need you to be witnesses." Liu Feng said magnanimously. He was afraid of dirtying his hands by killing these few small characters.

"Thank you, Your Excellency Liufeng, thank you! Thank you!" The leader of the Men in Black said without any backbone. When he heard that he would not die, his heart that had been hanging in the air slowly calmed down. However, he was still a little worried that Liu Feng would go back on his words. After all, these big shots had always been fickle!

"You're welcome. However, I still want to ask, how did you see that I'm a pretty boy?" Liu Feng repeated the same question and asked curiously.

"A dog's mouth can't spit out ivory. Sir Liufeng, please don't hold it against me, and don't hold it against me!" The leader of the Men in Black had a bitter expression on his face as he pleaded.

"As long as you tell me how you can tell that I'm a pretty boy, I won't argue with you." Liu Feng said stubbornly.

"Wuwu!" The leader of the Men in Black wanted to cry but had no tears. How was he supposed to answer this!

"What are you whining about? I'm not trying to kill you! A real man shouldn't shed tears so easily!" Liu Feng looked at the pitiful appearance of the leader of the Men in Black and said in disagreement.

"Your Excellency Liufeng, I ... I was just saying it casually. Please don't take it seriously!" The leader of the Men in Black said helplessly.

“But I took it for real.” Liu Feng was very aggrieved, but his eyes were so unkind that it made the leader of the Men in Black tremble with fear!

“Then ... Then what should we do?” The leader of the Men in Black had no idea what to do and asked helplessly.

“That will depend on your performance.” Liu Feng said with a faint smile.

“Yes, yes. As long as Lord Liu Feng says the word, I will perform however I want!” The leader of the Men in Black said hurriedly.

“Didn’t I tell you!” Liu Feng said with a light smile.

“Uh! Don’t worry, Your Excellency Liufeng, we promise to tell you everything we know. ” The leader of the Men in Black vowed.

“That’s good. However, you guys have to stay here first!” After saying that, Liu Feng took out a palm-sized, exquisite cage from his ring and put them in it.

Seeing more than ten Men in Black being put into the small cage, Feng DA’s face was full of curiosity. Then, he borrowed the small cage from Liu Feng and played with it in his hand.

Chapter 1065: Creating evidence (2)

Hehe! This thing was quite interesting. Feng Da looked at the cage in his hand, which was not even the size of his palm, and was amazed. He really didn’t expect such a small cage to be able to hold so many strange things. There were so many strange things in the divine realm! Such a portable prison did not exist in the lower realm.

The disheveled old man and the others also took the small cage from Feng DA’s hands curiously and passed it around one by one. They were quite curious about such a thing.

“Hehe! Little fox, my prison is not bad, right?” Liu Feng looked at everyone’s curious expressions and couldn’t help but say proudly.

“It’s passable!” Leng ruoxue said disapprovingly. Even though she had never refined a cage like this before, she could tell with a single glance that the principles behind the cage and the storage ring were similar. They were both spatial equipment. However, for Liu Feng to carry such a cage around with him, it was clear how bored he must be.

“Uh!” Towards Leng ruoxue’s calmness, Liu Feng was speechless. When would this little fox start to show signs of discomposure? She didn’t feel a sense of accomplishment at all!

“Where are we going next?” Leng ruoxue looked at Liu Feng and asked.

“Of course I’m going to find Yin rumei to settle the score!” Liu Feng gritted his teeth and said, “damn B * tch!” He even dared to kill him, Hmph! He didn’t plan to let that woman off anyway. This time, he could settle both old and new scores together!

“Alright,” he said. Leng ruoxue nodded. She had originally wanted to wait until the disheveled old man’s matter was settled before making time to deal with Yin rumei. However, she seemed to have made Yin

rumei impatient. Since she was so kind to them, they would settle The Grudge between them and Yin rumei first!

After making the decision, the little Peacock immediately changed direction and flew towards fiery city.

When Leng ruoxue and the rest arrived at yanhuo city, it was already half a month later. Leng ruoxue was initially worried that Yin rumei would hide back in the firmament after what she had done. However, when she saw Yin rumei at the blacksmith's guild in yanhuo city, she was relieved! After all, if Yin rumei had really returned to the immortal realm, it would be difficult for her to make a move.

At the blacksmith Guild in fiery city.

At this moment, Mo Yan and the rest were gathered in the meeting room, discussing the development of the divine continent's craftsmen's Guild. However, they were interrupted by Leng ruoxue and the others who suddenly pushed the door open.

"Little girls, why are you back so soon?" Mo Yan looked at the people in front of him and asked in confusion. Did they find the divine fire so quickly?

.....

"I came back to do something." Leng ruoxue glanced at Yin rumei, who was sitting beside Mo Yan, and said calmly.

"Oh!" Mo Yan responded faintly, but the doubts in his heart grew. Did something happen that he didn't know about?

"Yin rumei, you've done a good job!" Liu Feng said angrily.

"What did I do? Don't wrong me!" Yin rumei said calmly, her expression calm.

"Liufeng, what did she do?" Mo Yan asked directly. No wonder these people had suddenly rushed back. It seemed that Yin rumei had done something she shouldn't have.

"This vicious woman actually sent people to kill us." Liu Feng roared angrily. The moment he said that, most of the higher-ups were so scared that they broke out in cold sweat!

"There's such a thing?" Mo Yan narrowed his eyes, clearly a little displeased. Although he didn't think that Yin rumei's men would succeed, sending someone to kill someone he valued was challenging his bottom line in itself. Thus, he definitely wouldn't allow such a thing to happen.

"Liufeng, if you don't have any evidence, don't talk nonsense! Otherwise, if the elders in the headquarters accuse you of framing your colleagues, it would not be good." Yin rumei reminded him with a light smile.

"You don't have to worry about that." Liu Feng said unhappily. However, he was suspicious of Yin rumei's calmness and couldn't help but be on guard.

"I'm just giving you a kind reminder." Yin rumei shrugged her shoulders and said disapprovingly.

"Vice President Yin doesn't want to admit that he sent people to kill us?" Leng ruoxue said.

“Of course, unless you can produce evidence.” Yin rumei said with a smile.

“What if we can ‘t?” Leng ruoxue retorted.

“You’re framing me. I’ll report this to the elder Council and ask them to seek justice for me.” Yin rumei said matter-of-factly.

“Oh! Vice President Yin, may I ask what kind of evidence is needed?” Leng ruoxue asked again. During this confrontation, she could clearly feel that Yin rumei had changed. She had become smarter and calmer.

“Witnesses and physical evidence are fine!” Yin rumei said very calmly.

“Oh!” Leng ruoxue replied indifferently. She then turned to Liu Feng and the rest, “Let’s go!”

“Uh!” Liu Feng was stunned and looked at Leng ruoxue in confusion. His dark eyes were filled with question marks. Why did she have to leave? Could it be that he wasn’t going to find Yin rumei to settle the score?

“Let’s go find evidence of Vice President Yin’s crimes.” Leng ruoxue reminded softly. However, her soft voice was loud enough for everyone to hear her clearly.

“Oh! Good!” Liu Feng nodded his head in a daze. Although he had some doubts, he still trusted Leng ruoxue more. Who asked this little girl to be a little fox!

“Sir Mo Yan, we’ll still be living in our old courtyard, is that okay?” Leng ruoxue turned around and asked.

“Yes, I’ve been keeping the courtyard for you all this time!” Mo Yan nodded.

“Thank you!” After Leng ruoxue finished speaking, she took the lead and walked out of the meeting room.

When she returned to her former residence, Leng ruoxue realized that the Butler and the others were still there.

“Miss Leng, you’re back.” The Butler said happily when he saw Leng ruoxue and the others.

“En, why are you guys still here?” Leng ruoxue didn’t understand. Didn’t she tell these people to follow di Ren before she left?

“After you left, Sir Mo Yan let us continue to live here. He has already given this place to you. From now on, we, including di Ren, are all your people.” The Butler told the truth.

“My family’s young miss doesn’t accept just anyone, stop dreaming.” Feng Da said with dissatisfaction.

“Uh! His Excellency Mo Yan said that we are only miss Leng’s servants, different from you.” The Butler wiped the cold sweat from his forehead and quickly explained.

Chapter 1066: Creating evidence (3)

“Oh! This is more like it!” Feng Da nodded with satisfaction. If he didn’t need the housekeeper and the others to cover up, he would have already driven away di Ren’s former servants and subordinates!

“Miss Leng, I’ve sent someone to clean your room every day. You can stay there directly.” The Butler said in a fawning manner.

“Thank you. Don’t let anyone disturb us.” Leng ruoxue ordered.

“Alright,” he said. “Yes,” the Butler replied and left.

Leng ruoxue and the others arrived at the main hall. After they found their seats, Liu Feng asked impatiently, “Little fox, why don’t you let me show you the evidence?”

“Don’t you notice that Yin rumei is a little different? If you take out those witnesses now, she won’t admit it and might even bite us.” Leng ruoxue analyzed calmly.

“Yes, she’s a little too calm. It seems like she’s prepared for this.” Liu Feng nodded.

“So, now is not the time.” Leng ruoxue laughed evilly.

“Uh! How long do we have to wait?” Liufeng couldn’t wait any longer. He wanted to deal with that B*tch, Yin rumei, right now!

“Calm down. Yin rumei won’t be able to escape.” Leng ruoxue said confidently. After she finished speaking, she gave the demon a look and the two of them returned to their room in tacit understanding.

After Leng ruoxue left, Liu Feng saw that the rest of them looked normal and could not help but ask, “Why aren’t you guys worried at all? Don’t you all want to get rid of Yin rumei as soon as possible?”

“What’s there to be anxious about? Miss always says to cast a long line to catch a big fish. We’re waiting for the big fish!” Feng Da said disapprovingly.

“Liufeng, calm down! Young lady has her own plans!” Cheng Wu also advised.

.....

“Do you really believe that the little fox will have a good idea?” Although Liu Feng knew that these people would listen to Leng ruoxue’s every word, he did not expect them to worship the little fox so blindly. Wasn’t this poison too deep?

“She’s my family’s young miss. If I don’t believe her, who should I believe? Moreover, young lady’s words have always been right.” Lu Tao also said matter-of-factly.

“Uh!” Liu Feng was speechless, but he was more envious. Why didn’t he have such a group of subordinates?

“Let’s go back to our room and rest. We’ve been flying for so long, it’s quite tiring.” Feng Da patted Liu Feng’s shoulder sympathetically and said.

After that, everyone followed Feng Da and left the main hall. In the blink of an eye, Liu Feng was the only one left in the hall.

Liu Feng sat alone for a while before leaving.

At night.

Mo Yan and Liu Yue arrived at Leng ruoxue and the others' residence.

Seeing everyone's refreshed appearance, he knew that they had already rested well. After all, they had come at the right time.

"Little girl, what's going on?" Mo Yan couldn't help but ask as soon as he sat down in the main hall.

"That B * tch sent people to kill us." Before Leng ruoxue could answer, Liu Feng interrupted her angrily. Then, he told Mo Yan and Liu Yue what had happened.

"So, you've brought those people back?" Mo Yan asked after hearing this.

"Yes." Liu Feng nodded.

"Since you've brought the witness back, what are you waiting for? You should've brought out the witness earlier, then Yin rumei would have nothing to say, right?" Liuyue asked, puzzled.

"The little fox said that Yin rumei might go back on her word if we only brought out a witness, so we didn't bring it out." Liu Feng explained.

"The little girl is right. Recently, Yin rumei has been in contact with the headquarters quite frequently. I didn't think much about it before, but it seems like she's preparing a backup plan! I'm sure she's already prepared everything. Otherwise, she wouldn't have been so calm in the meeting room." Mo Yan said after thinking for a while.

"Then what should we do? Hmph! She even dared to kill my younger brother. Even if you always cover for her and don't punish her, I won't let her off!" Liuyue said somewhat angrily.

"I won't let her off either, but some of the elders in the headquarters will definitely speak up for her. Moreover, it's not enough to just have witnesses. It'll be even better if we have physical evidence." Mo Yan said after thinking for a while.

"Evidence? Since she's prepared a backup plan, let's create some physical evidence for her." Leng ruoxue laughed evilly. A scheming look flashed across her beautiful eyes. It was a fact that Yin rumei wanted to kill them anyway, so whatever she did would not be considered too much!

"Uh! What do you want to do?" Liuyue's forehead was filled with black lines. She thought to herself, 'a woman's heart is indeed the most vicious!' Mo Yan and Liu Feng were right, no matter who you offend, you should never provoke this little pervert, look! He even thought of creating evidence! Whoever provoked her would not have a good ending!

"To create evidence that she wanted to kill us, of course! She wants it, doesn't she?" Leng ruoxue said with a smile, her beautiful face full of innocence.

"How?" Liufeng asked with great interest. He hated Yin rumei to the core now, so he didn't care what method the little fox used! In any case, it was fine as long as he could vent his anger.

"You'll know when the time comes." Leng ruoxue said mysteriously, keeping him in suspense.

"Little fox, let me join in! We're business partners!" Liu Feng reminded.

“Uh! You still remember this!” Leng ruoxue was speechless. That was something that happened a long time ago. She thought that Liu Feng had forgotten about it! After all, Liu Feng had not mentioned this matter recently.

“Of course I remember. It’s just that I’ve been too busy recently and didn’t have the time to care about it!” Actually, he had really forgotten about it. After all, there had been a lot of things going on recently, and Yin rumei hadn’t been up to any big mischief, so he had overlooked it.

“Then how do you want to participate?” Leng ruoxue asked helplessly.

“Hehe! If you want to create any evidence, you have to count me in.” Liu Feng said as if he feared that the world would not be in chaos.

“Alright then! However, you’ll have to wait until late at night.” Leng ruoxue nodded.

“Yes, yes, I understand. The dark and windy night is the time to do bad things!” Liu Feng said as if he was a kindred spirit.

Chapter 1067: Creating evidence (4)

“Let’s do it tonight then!” Leng ruoxue thought for a moment and decided that it was better to wait for them to launch a surprise attack.

“Yes.” Liu Feng nodded excitedly.

“Little girl, aren’t you going to take me there?” Mo Yan said gloomily. Why didn’t this little girl think of him when she wanted to do something bad? This made his heart feel extremely unbalanced!

“What are you doing? You have to preserve your innocence and uphold justice for us!” Leng ruoxue reminded.

“Uh!” Mo Yan was speechless. Why did he have to keep his innocence? Even if he was in the same boat, he could still uphold justice! Who dared to say that he was not righteous! Hmph!

“The little fox is right, you’re not suitable for this kind of thing.” Liu Feng also hurriedly said.

“Which part of me is not suitable?” Mo Yan retorted.

“You look so righteous! Unlike me, in the eyes of those old fogeys, I’m already beyond saving! Hehe!” Liu Feng said matter-of-factly.

Hearing Liu Feng’s twisted logic, Mo Yan was speechless. Moreover, he also understood that the little girl had no intention of letting him participate in this matter, and Liu Feng was also involved, so he had a chance. Sob ... He was a little regretful. If he had known this would happen, he would have left fiery city with them!

“Don’t cry! I still need you to uphold justice for my brother!” Seeing Mo Yan’s conflicted and depressed expression, Liu Yue quickly comforted him. After all, he knew his own limits. Although this matter involved his younger brother, it was still an internal matter of the craftsmen’s Guild. If he got involved, it would make the Guild lose face. Therefore, he just had to watch the show.

“I’m not crying!” Mo Yan growled angrily. Liuyue’s comforting words were clearly adding fuel to the fire! At least he thought so!

“Good, good! He didn’t cry! You didn’t cry!” Liu Yue said helplessly. He was clearly treating Mo Yan like a child.

Seeing their interaction, Leng ruoxue could not help but chuckle. If outsiders knew that the god-like figure in the eyes of the artifact Masters could actually have such a childish side, what would they think?!

.....

“What’s so funny?” Mo Yan glared at Leng ruoxue and said in an unpleasant tone.

“Hahaha! You guys do as you please! I’ll go make some preparations.” Leng ruoxue laughed as she pulled the evildoer along with Liu Feng. The three of them left together.

Late at night.

Leng ruoxue removed the Chi from her bracelet and instructed the Chi to cast an invisibility spell on the three of them. The three of them then headed towards Yin rumei’s courtyard.

“Hehe! Little girl, I didn’t expect your Beastie to have such ability.” On the way, Liu Feng’s eyes were fixed on Richard, his handsome face full of envy. Wu ... Why is this little Fox’s luck so good? To be able to obtain such a rare beast, heavens ah! You’re so unfair! He couldn’t help but complain in his heart.

“Yes.” Leng ruoxue nodded her head calmly and did not say anything else. However, her coldness did not affect Liu Feng’s passion towards the judge!

“Don’t look at me like that. Otherwise, I’ll bite you!” The referee was frightened by Liu Feng’s gaze and warned him with some fear.

“Hehe! I really admire you. How about following me in the future?” Liu Feng fearlessly tried to corner Leng ruoxue again, but the referee did not even bother with him! Instead, he turned his head to the other side.

“Don’t ignore me! I really admire you, this is the first time I’ve seen Beastie use the invisibility technique!” Seeing that Yao was ignoring him, Liu Feng continued to pester him.

“Liufeng, don’t disturb my Beastie.” Leng ruoxue saw that Yi was not paying any attention to her, and Liu Feng was pestering her endlessly, so she finally couldn’t help but speak up.

“I’m not! I’m stealing your girl! Can’t you tell?” Liu Feng said with a smile.

“I can tell, but you won’t succeed.” Leng ruoxue replied nonchalantly.

“Are you that confident that your Beastie won’t be snatched away by me?” Liu Feng said, not willing to admit defeat.

“If you don’t believe me, you can try. If any of my Beastie wants to follow you, I won’t stop them.” Leng ruoxue said confidently.

“You said it yourself! Don’t you regret this.” Liu Feng said, somewhat worried.

“Don’t worry, I won’t regret it. I always keep my word!” Leng ruoxue grinned. Hmph! How could her Beastie be taken away by others? those cute Beastie were more Black-bellied than the other. Liu Feng was not their opponent at all.

As they conversed, they had already arrived outside Yin rumei’s courtyard.

“Liufeng, I’ll leave the lock picking to you.” Leng ruoxue said to Liu Feng as she looked at the tightly shut door.

“Why? Do you think it’s befitting of my status to ask me to do such a small thing?” Liu Feng pretended to be unhappy.

“It’s very fitting. The blacksmith should be more skilled at picking locks, so this matter has to be done by you.” Leng ruoxue laughed evilly. The main reason she brought Liu Feng here was to make him do this, otherwise, she wouldn’t have let Liu Feng follow her!

“Uh!” Liu Feng wiped the cold sweat from his forehead and was a little speechless. This was the first time he had heard that armament Masters were good at picking locks. However, after thinking about it carefully, what this little girl said made sense. After all, in terms of familiarity with locks, there was really no one who could compare to a blacksmith.

With this in mind, he resigned himself to his fate and took out his tools. He randomly tapped a few times on the keyhole, only to hear a ‘ta’! With a crisp sound, the lock was opened.

“How professional!” Leng ruoxue exclaimed in admiration. The locks in the craftsmen’s Guild were all controlled by a password so it was not an easy task to pry it open without alerting the master. However, to Liu Feng, this was an extremely simple task. After all, he was the Vice President of the craftsmen’s Guild headquarters!

“Uh! Please!” Liu Feng said somewhat embarrassedly. Could he say that a portion of these locks were made by him? The answer was no!

After opening the door, Leng ruoxue, the three humans, and the Beast swaggered into the courtyard.

Yin rumei’s residence was similar in both layout and size to their own. With Liu Feng leading the way, they easily found Yin rumei’s room.

Chapter 1068: Creating evidence (5)

Just as they reached the door of the room, the three people and one beast heard voices coming from inside. Instantly, the three of them stopped in their tracks with great tacit understanding and began to eavesdrop ...

In the room.

Yin rumei was lying naked on the bed, and beside her was a similarly naked man.

From his appearance, the man looked to be in his thirties. He was slightly chubby and looked like someone who had been pampered all year round. His strength was comparable to Yin rumei 's, and they were both divine kings.

At this moment, the two of them were chatting. However, from their state, they must have just experienced an intense hand-to-hand battle!

“Don’t you also want to get rid of Liufeng? Why did you ask me to stop?” Yin rumei questioned, a little displeased. When she saw Liufeng, that wretched girl, and the others today, she knew that the people she had sent had failed. However, she wasn’t afraid that this matter would be exposed. It was precisely because she had the support of this man behind her, in addition to her position in the armament Guild, that she believed that unless the president and the great elder personally spoke, no one would dare to touch her!

“I do want to get rid of him, but he has returned to fiery city and knows that you sent people to kill them. If he continues to attack now, wouldn’t that be courting death? Moreover, I’ve received news that that old man has also left the divine realm and come here. Thus, it’s all the more reason why we can’t act now.” The man explained, his hand caressing Yin rumei’s body.

“What? The great elder is here too?” Yin rumei was startled, and a sense of uneasiness immediately welled up in her heart. That old man had always disliked her. If he really came here, then she really wouldn’t be able to do anything to Liufeng and that wretched girl.

The most powerful person in the armament Guild headquarters was the president, followed by the Vice President. As for the elders Guild, they usually did not manage anything. They only played a supervisory role in the operations of the armament Guild headquarters. However, if any of their higher-ups were impeached by the elders Guild for misconduct, even if the president appeared, he was afraid that he would not be able to protect them! As a result, even though she was the Vice-President of the craftsmen’s Guild, Yin rumei hated hearing the words ‘elders Guild’!

And the one with the most power in the Council of Elders was naturally the great elder! That old man’s status in the craftsmen’s Guild headquarters was extraordinary, and even the Guild leader had to give him some face. At the same time, he also had another identity, and that was Mo Yan’s master! Therefore, although she dared to attack Liu Feng, she did not dare to touch a single hair on Mo Yan’s head, even though she hated Mo Yan to the core!

“Yes.” The man nodded. He did not welcome the old man, but he could not stop him.

“What do we do now?” That old man was even more protective than Mo Yan and was even more unreasonable. As long as he was certain of something, he didn’t care if there was evidence!

“Don’t be afraid, I think ... He wouldn’t stand up for Liufeng. After all, he doesn’t like Liufeng.” The man guessed.

.....

“However, Leng Xiaoyu is also one of the people I want to kill. Won’t he stand up for his grand-disciple?” Yin rumei said uncertainly in her heart. When she heard that the first elder was here, she was truly a

little afraid. In the armament Guild headquarters, there was no one who wasn't afraid of that old man. Even the president had to go along with him.

"If the great elder is calculative about this matter, you can just insist that you only want to kill Liufeng." The man suggested.

"Will ... This work?" Yin rumei was a little hesitant. That old man wasn't that easy to deceive. It would be a wonder if he believed her words!

"Do you have a better idea?" The man asked impatiently.

"No, I didn't!" Yin rumei said, a little out of her wits. The first elder's arrival had disrupted all of her plans, and she didn't know how to deal with it.

"Then do as I say!" The man said in a domineering manner.

"You have to help me!" Yin rumei hugged the man's arm and said coyly.

"Don't worry, of course I'll help you." The man promised.

With that, he flipped over and pressed Yin rumei under him again ...

Hearing the intermittent moans coming from the room, and then looking at Liu Feng's dark face, Leng ruoxue really didn't know how to comfort him. However, she was more interested to know what kind of outrageous things Liu Feng had done that even made Yin rumei want to kill him! Of course, he also wanted to get rid of Yin rumei!

Could it be that love turned into hate? When she thought of this, she couldn't help but look at Liu Feng suggestively!

"You're not allowed to look at me like that." Liu Feng transmitted his voice angrily. F * ck! This adulterous couple really thought he was a bun. Did he look that easy to bully? Thinking of this, Liu Feng was filled with hatred!

And the old man they were talking about, yes, they were right. The old man liked to find trouble with him, but ... There was a reason for that.

"Don't be sad, I won't let them have their way." Leng ruoxue patted Liu Feng's head as if he was a puppy and consoled him.

"I'm not sad." Liu Feng quibbled. Damn it, how was he sad? he was just angry. Didn't that adulterous couple think that he didn't have any backing? Hmph! He would definitely make them regret it.

"Yes, yes, you're not sad. You're just a little sad. Let's Move!" Leng ruoxue laughed evilly.

"Let's Move!" Liu Feng said helplessly, AI! He was too lazy to defend himself because he knew that this little fox had already determined that he was sad and sad.

"You guys keep a lookout for me. I'll go in and get the evidence." Leng ruoxue made the necessary arrangements. According to the original plan, the evildoer was supposed to enter with her. However, under the current circumstances, it was not appropriate for the evildoer to enter! Because she instinctively didn't want the evildoer to see another woman's body!

“You’re not allowed to go in, let him in!”

“I’m going in! You guys keep watch!”

The evil demon and Liu Feng said in unison. After that, the two of them looked at each other and smiled.

“Alright then! Just let Liufeng go in by himself.” Leng ruoxue said helplessly.

“Yes, yes.” Liu Feng nodded. Hmph! He wanted to go in and take revenge!

Immediately, Liu Feng was about to push the door open and enter, but he was pulled back by the demon.

“What’s wrong?” Liufeng didn’t understand until the evildoer whispered a few words to him. The two men laughed evilly in tacit understanding before he stepped into Yin rumei’s room.

After Liu Feng entered, Leng ruoxue and the demon stood outside the room to keep a lookout for him.

Looking at the evildoer’s mysterious expression, Leng ruoxue could not help but ask curiously, “What did you say to Liufeng?”

“Hehe! This is a secret between men.” The demon’s face was slightly red as he said in embarrassment.

“A secret between men, is it?” Leng ruoxue said with a half-smile.

“Uh! I’ll just tell you.” Seeing Xue ‘er’s expression, the evildoer said fearfully before whispering into Leng ruoxue’s ear.

“You’re really bad, but this is a good idea.” Leng ruoxue nodded her head in satisfaction, but she felt helpless in her heart. He’s a monster! However, she liked it!

“To deal with this kind of woman, killing her is simply letting her off easy.” The demon said disdainfully.

“Yes, we can’t let her die so easily. Ruhua, I think it’s too easy on her.” Leng ruoxue said regretfully. However, ruhua had been killed by Yin rumei, and it was too late for her to stop it when she found out. Otherwise, ruhua wouldn’t have died so easily.

“Let’s count ruhua’s share on this woman. In any case, they’re master and disciple,” The demon said matter-of-factly.

“Yes, yes.” Leng ruoxue nodded in agreement. At the same time, Liu Feng walked out of Yin rumei’s room.

“That’s enough, let’s retreat!” Liu Feng suggested.

“Let’s go!” Leng ruoxue and the demon said. Then, the three people and one beast quietly left Yin rumei’s courtyard.

On the way back, Leng ruoxue asked about the identity of the man beside Yin rumei out of curiosity.

“He’s the second elder of the blacksmith Guild’s Elder Council, a rather annoying old man. But why didn’t Mo Yan tell me that the old man had come to fiery city?” After Liu Feng explained the man’s identity, he was a little puzzled.

“Maybe Mo Yan doesn’t know that the old man is here.” Leng ruoxue mimicked Liu Feng’s tone and guessed.

“No, I have to ask him. You guys go back and rest!” After Liu Feng finished speaking, he hurriedly went to find Mo Yan, and Mo Yan indeed did not receive any news of the second elder coming to fiery city.

Mo Yan’s room.

Mo Yan looked at Liu Feng in surprise and said, “Are you sure? The second elder really came?”

“Of course, I saw him. He’s having an affair with Yin rumei! If you go catch them in the act now, you should be able to catch them.” Liu Feng teased.

“Why would I go catch an adulterer? It’s none of my business what they do.” Mo Yan said, a little speechless.

“Hehe! If we catch them in the act, second elder won’t be able to speak up for Yin rumei anymore. This is very beneficial to us! In addition, I heard from the second elder that the first elder has also come.” Liu Feng continued.

Chapter 1069: Coaxing (1)

“Master is here too? Then you have to be careful!” Mo Yan said with a hint of mockery.

“Hmph! I’m not afraid! No matter how fierce that old man is, what can he do to me?” Liu Feng said disapprovingly. Since he was young, he had never been afraid of that old man. On the contrary, he could always make that old man stomp his feet in anger, hehe!

“Liufeng, master is an elder after all, you should give in to him! He’s not young anymore, if you really anger him to the point that something bad happens, you’ll regret it.” Mo Yan advised helplessly. He didn’t know why, but his master and Liu Feng never got along. As long as there was an opportunity, the two would fight like roosters, Ai! There was nothing he could do about this!

“Don’t worry, that old man is in good health. Besides, have you ever heard of any Emperor being angered to death?” Liu Feng said calmly, Hmph! If it wasn’t for that old man always looking for trouble with him, he wouldn’t be so bored as to take the initiative to provoke that old man!

“Ai!” Mo Yan felt helpless when he saw that Liu Feng did not take the great elder seriously.

“What are you sighing for? the most important thing right now is to deal with Yin rumei and second elder, not that old man. Do you understand?” Liu Feng reminded.

“Do you really want me to catch them in the act of adultery? I don’t have that fetish.” Mo Yan said, a little speechless.

“Even if you don’t want to go, you can arrange for someone to find out about their affair! Hehe!” Liu Feng laughed evilly. He wanted to ruin the reputation of that adulterous couple and make them too ashamed to face anyone in the future. He also wanted to torture them well since they dared to have ideas about him!

“Alright then!” Mo Yan said after thinking for a while. He then called his subordinate and whispered something in his ear. After receiving the order, the subordinate went to carry out the mission.

The next day.

The news of Yin rumei and the second elder of the craftsmen’s Guild spread throughout the entire fiery city ...

In Yin rumei’s room.

When Yin rumei received the news, she flew into a rage and smashed everything that could be thrown in the room. Even so, it was difficult to quell the anger in her heart. “Dammit, who spread this news? If I find out, I’ll cut him into eight pieces!”

.....

“Alright, have you had enough? what’s the use of being angry now that things have come to this?” The second elder, who was sitting on the chair, said helplessly. He was also annoyed, but he wouldn’t lose his mind like Yin rumei.

“Now that everyone knows that we have such a relationship, it will be difficult for you to speak up for me in the future.” Yin rumei reminded him. This was what made her feel the most depressed.

“Then what do you want to do? Do you want me to send people to capture President Lu and the others so that you can vent your anger?” The second elder said, somewhat annoyed. No matter how high that woman’s status was, it could not change this fact! He had a deep understanding of this!

“Hmph! They must be the ones who spread the news.” Yin rumei said hatefully. Yesterday, President Lu had suddenly brought a group of people to look for her and happened to discover her relationship with the second elder. Today, this matter had spread throughout the entire fiery city, so it was difficult for her not to pin the person who had leaked the news on President Lu and his group.

“It’s impossible for them to have done it. After they discovered our matter yesterday, I’ve been sending people to keep an eye on them. They didn’t have the chance to enter the blacksmith’s guild at all, so how could they have leaked this matter out!” The second elder was certain that President Lu and the others were not the ones who did this. Besides, President Lu and the others did not recognize him!

“That’s Liufeng, Leng ruoxue, and the others. They must be the ones who spread the news.” Yin rumei said after some thought.

“No one knows that I’ve come to fiery city. Moreover, the people I sent to monitor them yesterday also didn’t see them leave.” The second elder said with a slight headache. This was really strange. His incident was widely publicized by his opponents, but he could not find any suspects. All the people who could have done this were under his surveillance. Therefore, they were all eliminated. Thinking of this, he could not help but feel a little depressed.

“Could it be Mo Yan?” Yin rumei made wild guesses in her panic.

“Mo Yan doesn’t even know I’m here.” The second elder ruled out the possibility again.

“Then who could it be? Did a ghost really appear?” Yin rumei roared, a little angry.

“Al! If you can’t figure it out, then don’t think about it anymore. Anyway, it has already happened, and there’s no point in us being angry!” The second elder said in an open-minded manner.

In contrast to Yin rumei and the second elder’s anger, Leng ruoxue and the others were calm. No matter how explosive the news was in the city, they were not affected in the slightest.

In the garden.

Leng ruoxue and the others comfortably took out their own recliners and basked in the sun. Liu Feng, on the other hand, was constantly trying to please Ling. Unfortunately, Ling did not even bother to look at him. He was annoyed by his pestering and decided to wrap himself around his master’s arm. No matter how thick-skinned Liu Feng was, he did not dare to pester his master.

“Ling, don’t be like this! Can you look at me?” Liu Feng said pitifully after he had maintained a certain distance from Leng ruoxue.

Ling!” Liu Feng saw that Ling didn’t respond and didn’t give up.

Feng Da couldn’t stand it anymore after he didn’t get any response from Ling after calling him a few times. He patted Liu Feng’s shoulder and said, “Don’t even think about Ling, he won’t go with you!”

“Why? how am I not as good as that little fox? I will treat it better than the little fox. ” Liu Feng said with confidence.

“Even so, it won’t go with you. It’s not interested in you.” Feng Da said honestly.

“Uh! Then what will make it interested in me?” Liu Feng shamelessly asked.

“It’s impossible in this life. Maybe you can try to fight for it in your next life.” Feng Da laughed evilly and teased.

“I won’t give up so easily.” Liu Feng said, full of fighting spirit. People always say that what can’t be obtained is the best. Therefore, he must work hard to fight for it. Otherwise, he’s afraid that he will regret it for the rest of his life.

“Do as you wish!” Feng Da saw how stubborn Liu Feng was, he helplessly shook his head and stopped talking. Poor Liu Feng! He really wouldn’t turn back until he hit a wall!

Just like that, Liu Feng continued to pester Ling for another two days. Not only did he not make any progress, he even angered Ling so much that Ling bit him ruthlessly. Only after that did Liu Feng become much more obedient.

Chapter 1070: Coaxing (2)

Looking at Liu Feng who was lying on the bed pretending to be sick, Leng ruoxue was both angry and amused. Although he was bitten by Ling, didn’t she give him a pill? He even pretended to be sick, sigh! He was really getting more and more childish!

“Little fox, I’m weak all over, so I won’t entertain you.” Liu Feng pretended to be weak.

“Okay, just lie down. Don’t worry about me.” Leng ruoxue said with a smile.

“Oh right, I forgot to tell you, an old man came just now and said he wanted to see you.” Leng ruoxue continued.

“Old man? What old man?” Liu Feng asked, somewhat puzzled.

“That old man said he’s the head elder of the craftsmen’s Guild.” Leng ruoxue laughed evilly. After waiting for two days, the heavyweight first elder had finally arrived, hehe! They could also begin to act.

“What? How did he get here so quickly?” Liu Feng was shocked and immediately jumped up from the bed. Then, he immediately put on his clothes and cleaned up. His speed was so fast that it made people speechless.

“What’s wrong? You’re not pretending to be sick anymore?” Leng ruoxue chuckled as she asked.

“I’m not pretending to be sick, I’m really sick, okay!” Liu Feng said awkwardly. He couldn’t let that old man know about this. Otherwise, that old man would definitely laugh at him to death!

“Good! You’re really sick, but I think you’ve almost recovered, so come with me to see the great elder!” Leng ruoxue reminded.

“Then ... Let’s go!” Liu Feng said somewhat unwillingly.

After that, the two of them came to the main hall.

In the main hall.

.....

Mo Yan accompanied the great elder and sat on the main seat, while Yin rumei and the second elder sat below them. The four of them were chatting casually. As for Feng Da and the others, they were all gathered in the main hall, ready to watch the show.

When they saw Leng ruoxue and Liu Feng enter the main hall, the great elder and Mo Yan stopped their conversation and turned to look at the two.

“I heard you’re sick?” The first elder took a sip of tea and spoke indifferently.

“It’s not your fault. ” Liu Feng said unhappily, but he was extremely depressed in his heart. Damn it, this old man still found out.

“Then who’s it to do with?” First elder raised his eyelids and asked in a calm voice.

“This is my own business!” Liu Feng said in an unpleasant tone.

“Oh!” The first elder acknowledged him and ignored Liu Feng. He turned his gaze to the second elder and Yin rumei.

However, the first elder only stared at the second elder and Yin rumei without saying anything. However, his probing gaze made the two of them shudder.

After sizing him up for a long time, the great elder said with a faint smile, “I just entered fiery city and heard about the good things between the two of you. Second elder, it’s not that I want to criticize you,

but after such a thing happened, you should at least give Vice President Yin an explanation! After all, she's a woman. If her reputation is damaged, it'll be difficult for her to find a good man in the future!"

"Uh! Great elder, please don't spread rumors. That's just a rumor." The second elder quickly denied it, but in his heart, he hated the first elder to death. F * ck, he knew that this old man was up to no good! As a matter of fact, he had touched on a sore spot!

"There's a saying that there's no smoke without fire! If there was really no trace of it, this matter would not have been spread so widely. As the higher-ups of the craftsmen's Guild, your words and actions are very important and you should set an example for the people below. So, this matter must be handled well! Otherwise, what would our craftsmen's Guild be?" The first elder said in an unusually serious manner.

"First elder, don't worry. I will find the person who spread the news and not let his evil plan succeed." The second elder quickly promised.

"I'm not talking about that. Second elder, you've misunderstood." The first elder said with a faint smile.

"Uh! Then what does Grand Elder mean?" The second elder was a little puzzled. What was this old man up to? Can't you make yourself clear? He couldn't help but complain in his heart.

"For something like this to happen, no matter who did it, the impact has already been made. So, let's not talk about whether you can find the person who spread the news. Even if you can find him, what can you do? In fact, what you should do now is to give Vice President Yin a title. After all, your relationship can't be hidden anymore." The first elder kindly reminded.

"This won't do!" The second elder hurriedly refused. F * ck, if he really brought Yin rumei home, that tigress at home would definitely cause a ruckus!

"You said no?" The first elder narrowed his eyes and said in a slightly displeased manner.

"First elder, you should be aware of my family's situation. Vice guild leader Yin isn't suitable to marry into my family!" The second elder said helplessly.

"Do you want to sleep with Vice President Yin for free? I'm telling you, you can't do that! With our Vice President Yin's position in the armament Guild headquarters, it's more than enough to marry you. Even if she can't be the first wife, at least give her the title of a concubine! I won't agree to such an unclear request." The great elder was so angry that he blew at his beard and glared at him.

"This ..." The second elder was depressed. It looked like this old man was eager to stir up trouble. If he really got involved in this matter, he was afraid that he would not be able to deal with the aftermath!

However, Yin rumei, who didn't dare to make a sound, was even more depressed than the second elder. F * ck, she was the dignified Vice President of the armament Guild headquarters. What kind of man couldn't she have? Could it be that she could only be a concubine to a rotten old man? However, she didn't dare to say this in front of the great elder, so she could only swallow her anger and sulk.

When Leng ruoxue heard first elder's words, she almost burst out laughing. This old man is quite cute! He actually thought of making Yin rumei become the second elder's concubine. This idea was really too original! However, Yin rumei definitely wouldn't accept this idea!

At the thought of this, Leng ruoxue's beautiful eyes could not help but pace back and forth between Yin rumei and second elder. She saw with her own eyes how their expressions changed like a color palette. Finally, she fixed her gaze on first elder.

From his appearance, this old man looked to be around 40 years old. He was very handsome, and his half-squinted eyes were full of light. He often had a smile on his face, giving off an amiable feeling. However, Leng ruoxue believed that this old man was definitely a two-faced person. Otherwise, second elder and Yin rumei wouldn't have been so depressed that they wanted to bang their heads against the wall just because of a few words from him.
