### Chapter 1101: How big do you want to play (3)

Seeing this, Chi Rui felt helpless. He could tell that even when Leng ruoxue and the rest arrived, the first elder had no intention of leaving the cell. It seemed that grandfather had to personally come forward!

Thinking of this, he bade the great elder farewell and left the cell.

After Chi Rui left the cell, he went straight to the back mountain of the Chi family's main residence. That was the Chi family's forbidden area and also the Chi family's place of seclusion. However, only the family's respected elders were qualified to cultivate there.

At this moment, his grandfather, the head of the Chi family, was cultivating in seclusion there.

Chi Rui was only allowed to enter after receiving permission from the guards of the forbidden area.

Arriving at the door of his grandfather's Secret room, Chi Rui said softly, "Grandpa."

"Come in!" A man's voice came from the secret room.

After getting his grandfather's permission, Chi Rui opened the door of the secret room and walked in.

"Rui 'er, is there something important?" A middle-aged man of about 50 years old sat on a futon and looked at his grandson.

"Grandfather, Chi clan has offended someone they shouldn't have." Chi Rui said softly. If it wasn't for the fact that he couldn't do anything about it, he wouldn't have bothered his grandfather.

"Rui 'er, tell me the matter clearly. What exactly happened?" The middle-aged man's brows immediately furrowed when he heard this, and he spoke with some displeasure.

"Yes." Chi Rui took a deep breath and explained everything that had happened. However, before he could finish, a 'bang' was heard. The table in front of him was smashed by his grandfather.

"Grandpa!" "Grandpa!" Chi Rui called out softly. Although he had expected that his grandfather would be angry when he found out about this, he did not expect that his usually reserved grandfather would show his anger in front of him.

.....

"This group of incompetent bastards!" The middle-aged man cursed.

"Grandfather, please don't be angry. It's all because I'm too useless. If it wasn't for the fact that I couldn't solve this matter, I wouldn't have dared to trouble you." Recently, his grandfather had often gone into closed-door cultivation to seek a breakthrough. Although it was not a life-and-death cultivation, he would not bother his grandfather unless it was an important matter.

"How can I blame you for this? What did your uncle say?" The middle-aged man asked.

"Grandpa, I haven't seen uncle yet!" Chi Rui said honestly.

“Where the hell did he go?” The middle-aged man roared in anger. Damn it, his son had caused such a big trouble, and he, as the Father, was not here. This was outrageous. Fortunately, he had only handed the Chi family to him temporarily. Otherwise, their family would have been defeated by him sooner or later.

“Grandpa, you’d better ask uncle yourself where he is! It’s not convenient for me to tell you, but I’ve already sent people to get big Uncle back.” Chi Rui said with some difficulty.

“Rui ‘er, go and gather the elders. I’ll be there immediately.” The middle-aged man ordered after some thought.

“Alright,” he said. “Yes, master!” Chi Rui replied and left the forbidden area.

After informing the elders to gather in the meeting room, Chi Rui went ahead to wait for them.

The elders arrived one after another. When they saw Chi Rui, they couldn’t help but ask, “Young master, the patriarch and the great elders are not here. Why have you gathered us at this time?”

“You’ll know in a while.” Chi Rui said indifferently.

Not long after, the head of the Chi family and the first elder arrived at the meeting room.

When the elders saw the family head and first elder who were in closed-door cultivation, they were all puzzled. Uh, weren’t these two in closed-door cultivation together? Why did he come out so quickly?

“Rui ‘er, tell the elders about this!” The head of the Chi family instructed after taking the main seat.

“Yes, Grandpa!” Chi Rui responded and then told the elders about the matter.

When the elders present heard this, their faces all turned pale and they didn’t speak for a long time. This matter was really too big for them.

After a long while, an elder regained his senses and asked carefully, “Young master, are you sure that person is the head elder of the craftsmen’s Guild?”

“If seventh elder doesn’t believe me, you can ask the main family to send someone to confirm it. However, I can tell you that the last time I went to fiery city to attend rumei’s wedding, it was this first elder who presided over it.” Chi Rui said indifferently.

“But ...” The seventh elder still had some questions, but under the glare of the family head, he didn’t dare to continue asking.

“If the elders still have any doubts about the identity of the great elder, you can just send a Tool Master to the prison to verify it.” At this moment, the Chi family’s first elder coughed and said,

“Right! Right! It should be verified more clearly!” The seventh elder quickly chimed in.

“Seventh elder, if that’s the case, then you should go with Master Feng!” The first elder ordered. Master Feng was a weaponsmith that the Chi family had hired. Even though he was not as famous as Leng Xiaoyu, he was still considered a reputable weaponsmith in the world of blacksmiths.

“Yes. Grand Elder, please be at ease. I will definitely investigate that person’s identity.” The seventh elder promised.

However, when the seventh elder investigated, he was as listless as a frost-beaten eggplant. When everyone saw his expression, they all understood that the person’s identity was probably real.

“Are you willing to believe me now?” Chi Rui sneered.

“Young master, you have to think of a way! Otherwise, our Chi clan will be in deep trouble!” The seventh elder begged with tears in his eyes.

“I can’t do anything about this. If I had a way, I wouldn’t have gone to ask grandfather.” Chi Rui’s voice was cold. When something happened, he had to think of a solution. Why didn’t he think of him when there was something good?

“Young master, I heard that you returned with the Grand Elder and the others? I believe you two have some friendship?” The seventh elder asked.

“We came back together, but I don’t have much of a relationship with them. Don’t you think about the position of the great elder? Moreover, I can tell you clearly that the great elder is here to collect a debt.” Chi Rui sneered.

“Rui ‘er, what do you mean?” The head of the Chi family asked with a face full of question marks. Was there something he didn’t know?

“Grandfather, when Big Uncle arranged for me to go to the floating cloud City to investigate the volcano, Ling ‘er also insisted on going with them and even had a conflict with them. The cause was also those two little beasts.” Chi Rui explained simply.

#### **Chapter 1102: How big do you want to play?(4)**

“Where is Ling ‘er? Tell her to get her ass over here. ” The master of the Chi family was furious!

“Grandfather, Ling ‘er is recuperating in her room!” Chi Rui said. On the way back to Chi city, Leng ruoxue and the others had ruthlessly taught that willful cousin of hers a lesson, so Ling ‘er had become much more well-behaved. After returning, she had immediately entered her room, not daring to meet anyone.

“Then tell her to come out.” The head of the Chi family roared.

“Yes, I’ll send someone to call him.” Chi Rui said hurriedly.

Not long after, Chi Ling ‘er was brought to the meeting room by the guards.

When Chi Ling ‘er saw the family head and the seventh elder sitting in the hall, she immediately rushed to them with tears in her eyes and cried, “Grandpa, Grandpa, you have to avenge me! Chi Rui actually ganged up with outsiders to bully me!”

“Presumptuous, who gave you the right to call Chi Rui? You should call him young master!” The head of the Chi family narrowed his eyes and said unhappily. Normally, he would turn a blind eye to Chi Ling

'er's rudeness. However, after they had caused so much trouble, he could no longer indulge these unfilial descendants!

"Grandfather, I'm your most beloved granddaughter. You ... How can you shout at me!" Chi Ling 'er said in an extremely aggrieved manner, tears flowing down from the corners of her eyes.

"He's the young master of the Chi family, the future head of the family." The head of the Chi family reminded. Perhaps his past strategies were all wrong. He should not have let Rui 'er tolerate them. Now, it was great. These people were raised to be lawless!

"Grandpa!" Chi Ling 'er looked at the seventh elder for help. However, the seventh elder, who had always doted on her, turned his head.

"Guards, lock Chi Ling 'er up. Without my permission, no one is allowed to let her out. Otherwise, I will punish her with the Family Law." The Chi family's head angrily ordered, and then, the crying Chi Ling 'er was dragged away by the cold-blooded guards! As for whether she still had a chance to be released, the elders present were not in the mood to care!

"Elders, tell me what we should do about this!" After Chi Ling 'er was taken away, the head of the Chi family spoke again.

"Family head, I think we should ask the great elder to come out of prison first. Otherwise, if this matter gets out, I'm afraid the family head will blame us." An elder reminded.

.....

"If I could, would I need to ask you?" The head of the Chi family sneered. Don't you know that it's easy to invite a God, but difficult to send him away? Did they really think that the head elder of the armament Guild headquarters was so easy to catch? He actually said that they stole two little beasts. Thinking of this, he couldn't help but feel angry!

"Uh!" When the elders heard this, they fell silent again. I'm afraid it'll be difficult to send off the great elder!

"Rui 'er, personally go to the Yao family and invite the head of the Yao family for me." The head of the Chi family ordered. Since this matter had involved the Yao family, then they shouldn't even think about staying out of it. If this matter couldn't be resolved, he would have to make a scapegoat!

"Yes, Grandpa. I wonder what reason you'll give?" Chi Rui asked.

"Just say that his precious granddaughter got into trouble and he has to deal with it personally! If he doesn't want to come, you can tell him the details." The head of the Chi family said after some thought.

"Yes." Chi Rui nodded and left the meeting room.

After Chi Rui left, the head of the Chi family and the first elder personally went to the prison to visit the first elder.

However, the Grand Elder clearly did not welcome them. After seeing them, he acted as if he had not seen them. The Chi family head and Grand Elder could not help but look at each other with bitter smiles. This time, Chi clan had really kicked an iron plate, and it was a ten thousand year profound iron plate!

“Hello, first elder. I’m the Chi family’s head, Chi Yuan!” The Chi family head introduced himself.

“I’m the Chi clan’s first elder, Chi Tong!” The Chi family’s first elder also said.

“Oh! What can I do for you two Chi Family Kids?” The first elder said indifferently.

“Great elder, this junior was rude and offended you. I hereby apologize to you.” Chi Yuan said very sincerely.

“First elder, I’ll also apologize to you.” Chi Tong also hurriedly said.

“You guys didn’t bump into me?” The first elder blinked his eyes and asked with a face full of question marks.

“It’s my useless grandson who offended you. As his grandfather, I have to apologize to you.” Chi Yuan said helplessly.

“Oh! In fact, they didn’t really offend me. They just said that I stole Yao Wu’s beast pet and even took my beast pet away. My poor QiuQiu and baby! It’s been a day, I wonder if you’ve been abused by that d \* MN woman or if you’ve starved!” The first elder sighed and muttered to himself.

“First elder, don’t worry. We’ll help you find your tamed beasts. Furthermore, we won’t let them lose a single hair. Can you please leave this place with us first?” Chi Tong coaxed.

“Can I really lose a single hair? I don’t believe you. ” The great elder laughed evilly, his eyes full of schemes.

“If they lose even a single hair, I guarantee that the Yao family will compensate them at the same price. What do you think, great elder?” Chi Tong asked with a smile. He wasn’t stupid, those two beast pets were snatched for the Yao clan’s fifth young miss, so if they had to compensate, it would naturally be the Yao clan. So, even if they were to lose a single hair, it was none of their Chi clan’s business!

“I like what you said, but I was locked up by the third young master of your Chi family. This old man has lived for so long, but this is the first time I’ve been locked up!” The first elder laughed.

“Uh! Grand Elder, if you have any requests, please state them. We will definitely satisfy you. ” The moment Chi Tong heard that there was a chance, he hurriedly said.

“I don’t have any requests! If you really have a request, it’ll seem like I’m extorting you! In fact, I’m really innocent. ” The great elder said with a long face.

“First elder, what I mean is, we are willing to compensate you for the mental damage you have suffered.” Chi Yi hurriedly changed his words.

“Oh! To be honest, I’m really hurt, sigh! If word of this gets out, what face would I have left in the divine realm?” The first elder said gloomily.

“Don’t worry, great elder. I promise that this matter will not be spread. ” Chi Yuan also said.

“What’s the use of your promise? I haven’t even seen your family’s third young master yet! I want to confront him face to face. When did he see me steal the Yao family’s fifth young miss “beast!” The first elder said with some anger.

### Chapter 1103: How big do you want to play (5)

“First elder, the third young master has accompanied the young lady of the Yao family out of the city. We’ve already sent people to look for him. Once we find him, we guarantee that he will be brought to you as soon as possible and be at your disposal.” Chi Tong said in a fawning manner.

“Don’t say that, I wouldn’t dare to punish the Chi family! I just want to prove my innocence, that’s all.” The first elder said with some fear.

“That’s right, we can’t afford to offend the Chi and Yao families!” At this time, Liu Feng also interjected.

“Uh! May I ask who you are?” Chi Tong looked at the young man who was sitting opposite the great elder and asked curiously. Liu Feng’s back was facing him previously, so he thought that this person was the great elder’s subordinate! However, after seeing Liu Feng’s true face, he didn’t dare to think that way anymore! This person’s appearance and bearing were definitely that of a person who had been in a high position for a long time.

“He’s just a small fry, not worth mentioning.” Liu Feng’s tone was cold.

“Hahaha! He was Liu Feng! Compared to me, he is indeed a nobody!” The great elder laughed and exposed Liu Feng’s identity!

“Old man, even if you don’t speak, no one will think you’re mute!” Liu Feng said with a slight dissatisfaction.

“So what if I said it? Bite me!” The first elder chuckled.

Listening to the two of them bickering, Chi Yuan and Chi Tong’s foreheads were filled with cold sweat. They thought to themselves that their Chi city’s prison cell this time could be recorded in the history books. To think that the great elder and Vice President of the armament Guild were locked up in there. In the entire divine realm, there probably wasn’t any prison cell that had such an honor! However, no one would want such an honor.

“Chi Family Kids, you can go back now. Don’t come and disturb us if there’s nothing important.” While he and Liu Feng were glaring at each other, first elder didn’t forget to instruct Chi Yuan and Chi Tong.

“Yes, great elder. Sir Liufeng, we will take our leave first.” The two of them looked at each other and said in unison.

After Chi Yuan and Chi Yi left, Liu Feng rolled his eyes at first elder and calmly asked, “Old man, how big do you want to play?”

“What do you mean by playing big? I’m not a gambler.” The first elder replied indifferently. After he finished speaking, he even took a bite of the food on the table. Then, he spat it out in disgust and said, “This dish is really unpalatable. Go back and ask the little girl to make something delicious and send it to me.”

.....

“Old man, you’re treating me like an errand boy?” Liu Feng’s eyes were wide open as he said in dissatisfaction.

“Isn’t it? I thought you were here to run errands for me.” The first elder said as a matter of course.

“You ...” Liu Feng was so angry, but he still resigned himself to his fate and left the cell to find food for the picky first elder.

Three days later.

The head of the Yao family arrived in Chi city in a hurry. When he arrived, he did not see the head of the Chi family, so he went straight to the prison cell. However, after being refused entry, he could only go to see Chi Yuan with a bitter face.

In the main hall of the Chi family’s residence.

Chi Yuan sat on the main seat with a straight face, not saying a word.

Seeing this, the head of the Yao family could only remain silent. Although he wanted to ask more about this matter, the old fox of the Chi family did not give him the chance!

“Yao family head, I’m sure you’ve already met the great elder. What are your plans?” Chi Tong, who was sitting on Chi Yuan’s left, asked.

“This ... I wonder what the Chi family’s plans are? Whatever your Chi clan does, our Yao clan will do the same.” The head of the Yao family made up his mind.

“Master Yao, although my Chi family is also responsible for this matter, the main responsibility lies with your Yao family. So, if your Yao family deals with it the same way as us, I’m afraid first elder won’t be satisfied!” Chi Tong reminded.

“Then what do you guys think we should do? How can I please the great elder?” The head of the Yao family asked helplessly. When he heard the news, he almost fainted from shock. These granddaughters and grandsons were really too troublesome. They had actually provoked the armament Guild headquarters ‘great elder. What should they do now! If the main family knew about this, they would have to be sacrificed in order to appease the great elder.

“I don’t know, but the great elder’s two little beasts are still in the hands of your family’s fifth miss. The great elder said that if his two little beasts are missing a single hair, your Yao family will have to compensate according to the price.” The great elder said, feigning an imperial edict.

“Yup! Yao family head, I wonder where your family’s fifth young lady has taken my disappointing grandson to. It’s been three days and we haven’t even found their shadow.” Chi Yuan asked angrily. If they couldn’t find the Yao family’s fifth young lady, it was the same as not being able to find the two little beasts. He was very afraid that the Yao family’s young lady would play with the two little beasts, which were said to have no attack power, to death. If that happened, wouldn’t the great elder have to fight them to the death?

“Don’t worry, Chi family head. I’ve also sent people to look for him. I believe they’ll find him very soon.” The head of the Yao family said with a smile.

“How can I not be anxious? I’ve heard the subordinates of those two little beasts say that besides being cute, they don’t attack at all. Your family’s daughter’s hands are neither light nor heavy, if you accidentally kill those two little beasts, can you bear the anger of the great elder?” Chi Yuan questioned.

He felt embarrassed when he thought about this. She was the daughter of the Yao family, after all. She could get any beast pet she wanted! If they had to Rob others, then so be it! And she still had to accuse others of stealing from her! What the hell is this!

“Al!” Apart from sighing, the head of the Yao family didn’t know what else to say.

In contrast to the tense atmosphere in the Yao and Chi clan, Leng ruoxue and the rest were very relaxed in the courtyard.

After Chi Rui invited the head of the Yao family back, he went to the courtyard to look for Leng ruoxue and the others.

However, when he saw Leng ruoxue and the others chatting and laughing with ease, not looking worried at all, he couldn’t help but feel ashamed. Looking at the quality of their hearts, and then looking at himself, he wanted to find a hole to hide in.

“You’re back.” Leng ruoxue greeted Chi Rui indifferently when she saw him.

“Yes, I haven’t found QiuQiu and the baby.” Chi Rui said, a little embarrassed. He was still a little worried about the safety of the two little beasts. After all, the two little fellows did not attack.

“I know,” Leng ruoxue smiled faintly. She also missed QiuQiu and the baby a little. It was time for them to come back!

“Miss Leng, I’m really sorry. I didn’t expect such a thing to happen when I invited you to Chi city.” Chi Rui said apologetically.

“There’s no need to apologize. Although QiuQiu and Baobao have been captured, it’s still uncertain who will be the unlucky one!” Leng ruoxue replied nonchalantly. Actually, she had been keeping in contact with the two little fellows for the past few days. She knew that the two little things were having a lot of fun. Naturally, there was nothing to worry about. Hmph! Her Beastie wasn’t that easy to snatch. If she didn’t make them pay a painful price, how could those people remember!

“Uh!” When Chi Rui heard Leng ruoxue’s confident words, he had no choice but to swallow all his apologetic feelings. It was only a few days later, when he saw Chi Yang and the fifth young lady of the Yao family, that he completely believed Leng ruoxue’s words.

At the same time, in a barren mountain not far from Chi city, two small beasts, one yellow and one black, were jumping and shuttling through the forest. Behind them were dozens of people ...

The two little beasts ran and stopped, occasionally turning back to look!

“Stop! You two little bastards, come back!” A woman’s shrill cry rang out from the desolate mountain forest, immediately scaring the timid birds and beasts away!

“Shh! Keep your voice down, you’re scaring the beasts. Besides, we’re not beasts, the beasts are the people who are chasing us, hehe!” The baby turned around and said with a smirk on her face. Her little mouth even twitched arrogantly!

“Baby brother, don’t talk nonsense with them. I’m tired from running too, let’s take a rest!” QiuQiu said, panting.

“Alright,” he said. The baby nodded, and the two little guys sat down on the spot.

“They’re tired. Catch them!” The woman ordered loudly.

“Yes.” “Yes,” the subordinate replied and immediately surrounded the two little beasts who were resting. However, they knew that these two little beasts were very cunning, so they were very cautious and raised their vigilance.

“Calm down, relax. We won’t run anymore.” QiuQiu chuckled when it saw the guards acting as if they were facing a great enemy.

“You two little bastards, how dare you run away? watch how I teach you a lesson.” The woman stood in front of her baby and QiuQiu and shouted angrily. In order to chase them, her legs were about to break from all the running. She had never run so far before! She was so angry!

“We won’t run anymore, we’ll be good, please spare us! You little bastard!” The baby begged with tears in her eyes.

“Yup! We won’t run anymore. ” QiuQiu also hurriedly chimed in. That pitiful little appearance could really make one’s heart ache.

“Hmph! If you dare to run again, I’ll break your legs!” The woman couldn’t help but say with a smug tone after seeing the two little beasts admit defeat.

“We’re not running. ” QiuQiu and Baobao looked at each other and laughed. They promised in unison, hehe! Of course, they wouldn’t run anymore. The game had just begun!

#### **Chapter 1104: You’ve lost a lot of fur (1)**

“Lock them up in the prison, let’s see if they still dare to run!” The young woman ordered her subordinates.

“Don’t throw us in jail. We promise to be good and not run!” QiuQiu pitifully begged.

“Yes, yes, I can also guarantee that.” The baby raised its little paw and made a vow. A cunning light flashed in its eyes.

“Alright then! From now on, you have to perform well. If you make this young lady happy, this young lady will not lack your meat. ” The young woman said with satisfaction.

“Uh!” The group of subordinates looked at their young miss with strange gazes. They thought to themselves, did young miss Take the wrong medicine? He actually let go of these two little beasts so easily. It was really too inconceivable! This wasn’t like the young miss!

However, they were even more surprised!

In the next few days, the young woman would grant all the requests of the two little beasts. She was just short of worshiping them like they were her ancestors, causing all her subordinates to complain. Because these two little beasts had too many requests, they were so tormented that they were about to fall apart ...

“I want to eat barbecued meat!”

“I want to eat grilled fish!”

“This meat isn’t cooked!”

...

“This fish is overcooked!”

QiuQiu and Baobao looked at the subordinates who were busy spinning around like a top. They were extremely picky and kept finding fault with them as they prepared food for them ...

“Little ancestor, this fish and meat are just right. You’ll know when you eat it.” One of his subordinates said with a sad face.

“We don’t need to eat to know that it’s definitely not good. Feed the pigs all the food you’ve made! We don’t care.” Baobao said in disdain.

Ugh! This subordinate was depressed. He was supposed to feed the pigs with the food he had prepared, but where did the pigs come from?

Continue reading on [MYBOXNOVEL.COM](http://MYBOXNOVEL.COM)

However, in the blink of an eye, he was dumbfounded because he really saw boarbeasts. And it was not just one, but a group ...

The herd of boarbeasts swarmed over from a distance. For a moment, dust flew everywhere, making it difficult for them to open their eyes. By the time they dared to open their eyes, the boarbeasts had already destroyed all the food they had prepared and disappeared without a trace ...

This group of swine beasts had completely verified the meaning of the saying ‘come without a trace, leave without a trace’. Everyone present was completely dumbfounded.

“Where’s the food? You bunch of good-for-nothings, can’t even look after some food.” When the young woman saw that their food was all gone, she couldn’t help but roar in anger. Was it easy to find some food in this barren mountain? He actually didn’t look after her properly. She was really angry.

“Miss, the soil was too big just now. We couldn’t open our eyes.” One of his subordinates explained in a low voice.

“You still dare to talk back to me, Hmph! As punishment, you’re not allowed to eat for the entire day.” The young woman said angrily.

Manman, don’t be angry. I have some food here. You can have it! Chi Yang took out a piece of dried meat from his storage ring and handed it to the young woman, Yao Manman.

“I’m not eating. This thing is so hard, how can I eat it! What are you guys doing? Hurry up and go hunting!” Yao Manman ordered her subordinates.

“Yes.” The subordinates replied and immediately went hunting.

However, half a day had passed, and not a single one of her subordinates had returned. Seeing this, Yao Manman flew into a rage again.

“Damn it, where the hell did they go? Are you trying to starve me to death?” Yao Manman complained angrily.

Manman, don't worry. I think it's not easy to find the prey in this mountain. That's why they've been away for so long. Chi Yang consoled in a soft voice.

“Not easy to find? Then where did the boarbeasts come from?” The thought of it made Yao Manman even angrier.

“That ...” Chi Yang was at a loss for words. He couldn't figure out where the boarbeasts had come from.

“What's that sound?” Suddenly, there was a ‘buzzing’! The voice came from afar, and Yao Manman immediately became alert.

However, her reaction was still too slow. Moreover, the owner of the voice was already very close when she spoke. Tens of thousands of densely packed bees were swarming toward the two of them ...

“Argh! Get lost! Get lost! Get away from me!” Yao Manman shrieked as she tried to Dodge the swarm of bees, but no matter how hard she tried, she was always surrounded by the swarm of bees, and the number of bees was only increasing ...

Not only her, Chi Yang was also surrounded by countless bees, and when the bees gradually dispersed, the two of them had countless bumps of different sizes on their faces and arms, causing them to feel both pain and itch!

When the two of them saw this, they quickly took out an antidote and put it in their mouths. However, it only slightly relieved the itch and pain.

“Why are you two little bastards fine?” Yao Manman accidentally saw QiuQiu and the baby watching them and couldn't help but be furious!

“We're too small, they didn't notice.” Baobao laughed evilly.

“Oh!” “I'm leaving for a while,” Yao Manman said, not suspecting him.

After she finished speaking, she hurriedly went into the tent. However, baby and QiuQiu didn't need to guess to know what she was doing.

After a long time.

A scream suddenly came from the tent.

“Argh! Help me!” Yao Manman's voice reached the ears of the man and the two beasts. Chi Yang immediately ran into the tent when he heard it, but then, there was another ‘pa!’. The sound of a slap ...

When QiuQiu and the baby heard this, they instantly covered their little mouths and laughed secretly. After that, there were a few more ‘Bang Bang’ sounds. ....

However, this time, it was as if QiuQiu and the baby didn't hear anything. They went into their small tents and went to sleep.

The next day.

When Chi Yang and Yao Manman came out of the tent, both of them didn't look too good. Seeing this, QiuQiu and Baobao immediately put on an innocent look and said with a little resentment, "Why did you guys go in for so long? we're all going to starve to death."

"They're not back yet?" Yao Manman asked awkwardly. She was obviously referring to her subordinates.

"No, I didn't! There's only the four of us here now, so go find us some food!" The baby instructed.

"Little bastard, you dare to order me around?" Yao Manman was a little angry. She could pretend that she didn't see how these two little B \* stars tortured her subordinates, but she couldn't order them around!

### **Chapter 1105: You've lost a lot of fur (2)**

"If you guys don't want to go, do you want us to go? With our small arms and legs, can we even catch any prey?" Baobao said matter-of-factly.

"Manman, I'll go! You can rest here." Chi Yang said considerately. After he finished speaking, he prepared to leave the camp. However, before he left, he was so angered by QiuQiu's words of concern that he almost vomited blood.

"Big brother, you have to be careful! Don't go and never return like those people." QiuQiu reminded him in an extremely pure manner.

"You ..." Chi Yang glared fiercely at QiuQiu for a few seconds, then turned around and left in a Huff. As he left, he kept consoling himself, 'don't be calculative with a little beast, that's beneath your dignity!'

Chi Yang didn't return even at night, so QiuQiu and Bao Bao couldn't help but ask Yao Manman worriedly, "New master! Then does big brother not want you anymore? look, he has been gone for so long and still hasn't returned. ai! They must have abandoned you."

"He would dare!" When Yao Manman heard this, the anger in her heart started to burst out. She thought for a moment and said to the two little beasts, "You two, come with me to find them!"

"Alright! I love finding people." The two little beasts said happily.

Then, they jumped onto Yao Manman's shoulders and followed her to look for the person.

After searching for two days, Yao Manman was so hungry that she had even finished eating the dry rations that she despised the most before she finally found Chi Yang's traces in a dark cave ...

By now, Chi Yang was so famished that he could no longer differentiate North from South.

...

"Chi Yang, get up here and die!" Standing at the entrance of the cave, Yao Manman ordered.

"Manman, I can't go up. Give me a hand." Chi Yang said weakly, but his heart was filled with hatred. Damn stupid woman, if I could go up by myself, I would have gone up a long time ago! Would he have waited until now?

“Wait here, I’m going to find something.” With that, Yao Manman started looking around for a stronger vine to pull Chi Yang up, but she couldn’t find a single one that was slightly thicker.

“Manman, haven’t you found her yet?” Chi Yang, who had been waiting at the bottom of the cave for too long, couldn’t help but ask.

“No, the surrounding vines can’t withstand your weight.” Yao Manman said honestly.

“New master, you can use your whip.” QiuQiu reminded.

“Uh! I’ll try.” Only then did Yao Manman remember that she still had a whip. She pulled it out from her waist and swung it at the cave. However, the cave was very deep, and Chi Yang couldn’t reach it.

“New master, your belt should be long enough to connect to the whip.” Baobao suggested.

“Yes.” Yao Manman took off her belt obediently and swung the whip down again. However, even though it was long enough, not only did she not manage to pull Chi Yang up, she was even pulled down by his weight.

“Chi Yang, you idiot!” Yao Manman, who had been dragged into the water, roared from the bottom of the hole, which made QiuQiu and the baby burst into laughter.

“You two little bastards, stop laughing.” Hearing the ear-piercing laughter, Yao Manman’s anger shot up to the top of her head. However, her words made the two little fellows laugh even more heartily.

“Hahaha!”

“This is so funny!”

Baobao and QiuQiu laughed and rolled on the ground. Their little paws even naughtily threw the soil around the cave into the cave ...

At this moment, a huge figure stood in front of QiuQiu and its baby. Then, it cooperatively used its large claws to throw the soil into the hole.

“Argh! Dammit, stop right now!” Yao Manman was caught off guard and was hit on the head by a large rock that was thrown from outside the cave. Blood immediately flowed down her forehead.

“Boss, should we stop?” The huge figure asked.

“Of course not. Continue.” Baobao said with a smile and looked at her new little brother with great satisfaction. Hehe! This bear is not bad! He carried out his orders very well.

“Alright!” The giant bear grinned and said happily. Its paws, which were like small mountains, kept throwing the soil around the cave into it.

“Don’t throw it away anymore, I’m begging you.” After a long time, a pleading voice came from the hole. At this time, QiuQiu and Baobao looked down curiously and saw that Chi Yang and Yao Manman had been buried up to their necks. The soil that had buried them was thick and sticky. It was now almost sticking to their bodies and sticking to them.

“Didn’t you say that you wanted to die on the same day, same month, and same year? I want to help you.” Baobao laughed evilly.

“Damn it, how did you know? how dare you eavesdrop on our conversation?” Chi Yang roared in anger, because these were the words he had said last night.

“Tsk, do I even need to eavesdrop? You guys were talking so loudly, I’m afraid all the living creatures in the mountain heard you.” Bao Bao said with a hint of mockery.

“You ...” Chi Yang was furious. Dammit, he had actually been angered to the point of speechlessness by a little beast. This really hurt his self-esteem.

“Please think of a way to save us!” Surprisingly, Yao Manman didn’t get angry. Instead, she started to plead.

“It’s not impossible to save you, but what benefits can we get?” The baby looked up at the sky and asked calmly.

“I am the fifth young lady of the Yao family. I can give you anything you want.” Yao Manman said hurriedly, but she couldn’t help but curse in her heart. ‘Damn you little B \* stards, I’ll deal with you guys when I get out.’ As she cursed, she didn’t forget to give Chi Yang a look.

“Yes, I am the third young master of the Chi clan. I can give you whatever you want. As long as you save us, everything can be discussed.” Chi Yang took a deep breath and coaxed.

“I see! Alright then!” Baobao pretended to be deep in thought and nodded. She laughed in her heart. These two idiots. Did they really think that it was so easy to deceive? Then, it gave its newly adopted little brother Bear a look. Little brother Bear understood and stretched out its long arm, pulling out two radishes ‘from the ground ...

As soon as the two radishes, Yao Manman and Chi Yang, landed on the ground, they wanted to take revenge even before they could see the situation in front of them. However, they were knocked out by little brother Xiong with a punch each.

### **Chapter 1106: You’ve lost a lot of fur (3)**

When they woke up, they found themselves tied up to an extremely thick tree trunk. In front of them, other than QiuQiu and their baby, there was also a two-meter-tall brown bear staring at them with a pair of big, bell-like eyes.

“You ... What do you want? Don’t mess around! I’m the young lady of the Yao family.” Yao Manman threatened, a little scared.

“I don’t know if you’re really stupid or just faking it. In this situation, you still dare to threaten us. Little brother Bear, let your friends come and teach them a lesson.” The baby pouted and ordered.

“Yes, boss!” Little brother Bear then blew a loud whistle. Not long after, a ‘buzz’ was heard! The voice rang out once more, and Chi Yang and Yao Manman’s expressions changed drastically. At this moment, no matter how stupid they were, they knew that the swarm of bees yesterday was with Baobao and QiuQiu.

However, before they could say anything, they were surrounded by the bees ...

After a while, the swarm of bees disappeared, and Yao man man and Chi Yang were once again covered in bumps of different sizes and shapes.

Baobao looked at the bee colony's masterpiece with satisfaction and asked with a faint smile, ""Do you want to have a taste of being bitten by venomous snakes and insects?"

"No, no, let us go!" Yao Manman said painfully. Her entire body and face were extremely itchy. Although she wanted to scratch it, she was tied up and couldn't move at all. She could only rub her head against the tree, but that didn't solve the problem.

Chi Yang's condition was not much better than hers.

"Let you go? In your dreams!" Baobao pouted and said in disdain.

...

"Little brother Bear, do you want to take in two little brothers?" The baby asked again with a smirk.

"Uh! Boss, what do you mean?" Little brother bear's face was full of question marks.

"Why don't you take them in as your servants!" Baobao suggested.

"Servant? I don't want to. Boss, to be honest, I despise them!" Little brother Bear said honestly.

"Uh! What could he do then? Why don't you ask the queen bee to take them in as servants?" The baby asked after thinking for a while.

"The queen bee also disdains them. I think those poisonous insects quite like them. However, the level of those poisonous insects is too low, so they can't take in servants." Little brother Bear said very seriously.

"So they won't be able to give it out?" The baby was in a difficult position, and their conversation made Yao Manman and Chi Yang faint from anger.

When the two of them woke up again, they were no longer tied to the tree. However, the two of them were completely exhausted and had no strength left in their bodies. They couldn't run even if they wanted to, and baby and QiuQiu naturally treated the two of them as servants and ordered them around.

In less than a day, Yao Manman and Chi Yang had been tormented to the point that they were lying on the ground and refused to get up. It was only when the two little beasts received Leng ruoxue's voice transmission that their suffering was finally over.

After that, QiuQiu and baby Su ordered Chi Yang and Yao Manman to make a simple recliner. Then, the two of them carried it back with little brother Xiong supervising them the entire way. The two of them and the three beasts returned home ...

When Chi Yang and the Yao clan's fifth young lady appeared at the city gates in tattered clothes, the news of their return was immediately sent to the Chi clan's main residence.

After the Chi clan and Yao clan received the news, they headed straight for the city gates. Leng ruoxue and the rest naturally received the news from QiuQiu and knew that they had returned. They also headed in the direction of the city gates.

When the three groups of people arrived at the city gates and saw Chi Yang and the Yao family's fifth young miss, their eyes and mouths were all wide open in disbelief!

Ugh! Were the two beggars in front of him really Chi Yang and the fifth young miss of the Yao family? The Chi clan and Yao clan members mused.

At this moment, Chi Yang and the Yao clan's fifth young lady's clothes were in tatters, and their exposed skin was covered in scars. Their faces were red and blue, their eyes were swollen to the point where only a slit was left, and their lips were swollen like two sausages. If it were not for the identity medallions on their bodies, no one would have believed that these two were the Chi clan's third young master and the Yao clan's fifth young lady.

On the chairs they were carrying, there were two cute furry little beasts, one black and one yellow. The two little beasts' fur was smooth and soft, and they shone dazzlingly under the sun. At this time, the two little beasts' eyes were half-closed, clearly enjoying the warmth of the sun.

There was also a giant bear that was more than two meters tall, guarding the two little beasts like a Guardian.

After discovering Leng ruoxue, the two little beasts pounced into her arms like two bolts of lightning. They kept on rubbing against each other, and their intimacy made everyone envious.

"Sister, Wuwu ... We miss you so much. It's all because of these two bad guys that took us away and caused us to be separated. Sister, you must torture them to death. Otherwise, it'll be hard to dispel the hatred in our hearts!" QiuQiu and Baobao said the words that they had discussed earlier in unison in an indignant tone.

When the Chi clan and Yao clan members heard the two little beasts' words, they looked at Chi Yang and the fifth young lady of the Yao clan and wisely chose to remain silent.

However, all of them were silently thinking to themselves that even Chi Yang and the fifth young lady of the Yao family were in such a state, it still wasn't enough to dispel the hatred in their hearts? However, none of them dared to say this out loud, in case they were caught in the crossfire. That would not be worth it.

"Patriarchs, I'm sure you'll give us a satisfactory explanation!" Leng ruoxue said with a smile that was not a smile. After she finished speaking, she turned around and left with Feng Da and the rest.

After Leng ruoxue and the rest left, they did not return to the courtyard. Instead, they went straight to the prison in Chi city. Chi Yang and Yao Manman were brought back to their respective families.

In the prison cell.

When the great elder saw the two little beasts that he had lost and found again, he was so moved that tears filled his eyes. He tightly hugged the two naughty little fellows and did not speak for a long time.

When everyone saw this scene, they were in disbelief. Wasn't this great elder a little too emotional?

"You two little Rascals, you've made me worried to death." The great elder grumbled in a pampering manner. Although he knew about the two little fellows' plan, he was still worried about their safety. If it wasn't for the little girl's calm composure, he would have left the cell to look for them.

#### **Chapter 1107: You've lost a lot of fur (4)**

"Grandpa Grand Elder, aren't we fine? We will protect ourselves." The baby quickly comforted her.

"Grandpa Grand Elder, are you having fun here? Did anyone bully you?" Little QiuQiu also asked with concern.

"It's fine, I have uncle Liufeng to accompany me! I have good food and drink, who would dare to bully me!" The first elder chuckled.

"Hehe! That's good. But, great elder, when will we receive our compensation?" QiuQiu asked like a little money-grubber, her face full of anticipation.

"Don't worry, you won't be able to escape. If you lose even a single hair, I'll make the Yao family bleed!" The Grand Elder said in a domineering manner. His words were heard by the Chi clan and Yao clan members who had just entered the cell. Immediately, the two clans began to panic.

"First elder, these two little beasts have returned. What do you think?" The head of the Yao family lowered his voice and said. However, he did not dare to be too direct. After all, he was the one who needed help.

"So what if you're back? Can we just pretend that nothing happened when we're back?" The eldest boss raised his face and said with slight displeasure.

"Uh! Great elder, I didn't mean it that way." The head of the Yao clan hurriedly said, his heart drenched in cold sweat.

"Then what do you mean? As far as I know, these two little beasts came back on their own. It doesn't seem to have anything to do with your young masters and young mistresses!" The great elder asked with a dark expression, causing the Chi and Yao families to tremble with fear.

"Hmph! If my two little beasts weren't so smart, I'm afraid they would be dead by now!" The first elder said coldly, and then said to QiuQiu and Baobao with a pleasant expression, "Tell Grandpa, how did they bully you? Did you guys lose a single hair?"

...

"Grandpa great elder, those people took the two of us to a barren mountain and wanted to harm us. However, they were more unfortunate. The bees in the mountain didn't like them, so they stung them all over their heads and saved our little lives. Otherwise, we probably wouldn't be able to see Grandpa great elder again, sob ..." QiuQiu cried and complained pitifully, tears continuously rolling in its eyes.

“Grandpa great elder, we’ve lost a lot of fur, Wu...My beautiful and precious fur! He left me just like that!” The baby added, and his fluffy little face was full of sadness.

“You guys heard it? Not only did your young masters and young ladies take my two little beasts away, but they also tortured them in every way possible, causing them to be physically and mentally injured. Hmph! What do you guys think we should do?” The first elder said angrily.

“Great elder Grandpa, they’re still accusing you of stealing from us.” QiuQiu reminded him in a low voice.

“Right, and you accused me of stealing the beast!” The first elder glared at him coldly and roared fiercely.

Ugh! After hearing the words of the Grand Elder and the two little beasts, the members of the Chi family and the Yao family all heaved a long sigh. Fuck! What the hell is this?

Which part of these two little beasts looked like they had been abused in every way? From their point of view, Chi Yang and Yao Manman had been subjected to inhumane abuse. However, this was determined by the great elder’s words, so even if they had objections, they didn’t dare to say it out loud. Otherwise, who knew what other crimes the great elder would pin on them!

“Don’t think that you can hide just because you’re not talking. Let me tell you, if you can’t give me a satisfactory explanation, I’ll go to your master to judge! I’ve lived for so many years, but I’ve never been locked in a cell or accused of stealing!” The first elder saw that the Chi family and the Yao family didn’t dare to talk, so he threatened them. In fact, their main family already knew about this.

“Grand Elder, please calm down. We will definitely satisfy you.” Seeing this, Chi Yuan had no choice but to speak up.

“Well, that’s more like it.” When first elder heard Chi Yuan’s words, he pretended to nod his head in satisfaction.

“First elder, now that your little beast has returned, do you think you can leave this place?” Chi Yuan seized the opportunity and said that if the great elder continued to stay here, he would not be able to stay in the Chi family main residence anymore. He might as well move here to accompany the great elder.

“Leave? No, you guys haven’t satisfied me yet! This old man won’t leave.” The great elder refused without even thinking. What a joke, would he still have the chance to come in if he left? At that time, what if those two old geezers from the Chi and Yao families turned against them and went back on their word? Who could he go to! Therefore, he was determined not to leave.

“First elder, it’s not a good idea for you to stay here all the time, right?” Chi Tong received the clan head’s eye signal and interrupted.

“Who said that? I think it’s pretty good here. The only downside is that there are always people coming to disturb us. If only you didn’t come.” The first elder said with a regretful expression.

“Uh!” The Chi clan and Yao clan’s people were collectively depressed. They thought to themselves that they wanted to come here! However, there was the great elder in this prison, so they had no choice but to come! Besides, unless the great elder took the initiative to leave, they really could not ask him to leave!

“You can all go back! Don’t disturb my rest.” The great elder began to drive people away again.

“Great elder, please! “You’ve been staying here all this time. If word gets out ...”The Yao family head didn’t finish his sentence, but he believed that the great elder would understand.

“So what if it’s spread! I’m going all out, paper can’t hide fire, this matter will be known to others sooner or later.” The first elder said as if he had thought things through.

Ugh! This time, the people from the two families were speechless. The great elder didn’t care about his reputation, so what else could they say? However, they didn’t dare to let this matter spread out. Otherwise, it would be even more disadvantageous for them.

Helplessly, everyone could only turn around and leave.

Just as Leng ruoxue and the rest were about to leave, they were stopped by the first elder.

“Little girl, bring me some more delicious food.” The first elder said with a face full of smiles.

“Put the money on the Chi and Yao clan’s accounts.” The great elder added.

“No problem,” he said. Leng ruoxue nodded and left the cell with Feng Da and the others. QiuQiu and baby Su stayed in the cell to accompany the great elder.

## **Chapter 1108: You’ve lost a lot of fur (5)**

?

The next morning.

Chi Yang and Yao Manman were also brought to the great elder, to be dealt with as they pleased. However, the great elder only glanced at them casually and said in disdain,““Why did you bring these two guys here? I don’t want to see them!”

“So it’s you, you damn old man!” Yao Manman roared in anger as soon as she saw the great elder. No wonder she and Chi Yang had been locked up as soon as they had returned to the city. She had not understood what had happened back then. No one mentioned to her why she was locked up, but the touch of being touched when she returned to the city to see her clansmen disappeared with her being locked up.

“Manman! Don’t be rude!” Without waiting for the great elder to speak, the Yao family head who heard these words roared angrily! Damn it, was this Yao Manman trying to get the Yao family killed? What kind of status did the head elder of the armament Guild headquarters have? Could she scold him?

“Grandpa, how can you shout at me for this old man? I’m your real granddaughter.” Yao Manman retorted with a face full of dissatisfaction.

Pa! The head of the Yao family slapped Yao Manman across the face, and his entire body trembled in anger.

When first elder saw this, he smiled but didn't say anything. He lowered his head and kept teasing QiuQiu and the baby in his arms.

"Grandpa, you actually hit me!" Tears welled up in Yao Manman's eyes as she said in an aggrieved tone. She had never thought that her grandfather would hit her for a strange old man. She couldn't accept it. She turned around and roared madly at the Grand Elder and the two little beasts, "It's all because of you three old bastards and little bastards that I got beaten up. I won't let you off. Just you wait!"

"Liufeng, Grandpa is being threatened." When the great elder heard this, he immediately complained to Liu Feng pitifully.

QiuQiu and Baobao also tacitly learned from the first elder and asked for help from Liu Feng, "Brother Liufeng, we've also been threatened by a beast."

...

Liu Feng's mouth twitched when he heard the words of the old man and the two children. He helplessly said, "Miss Yao, are you sure you won't let them off?"

The head of the Yao family was about to speak when he heard Liu Feng's words. However, under Liu Feng's fierce glare, he didn't dare to say anything. However, at this time, his heart was burning with anxiety. He really wanted to knock out the willful Yao Manman so that she wouldn't cause endless trouble for the Yao family.

However, Liu Feng wouldn't give him this opportunity. He directly bound him and made him unable to move.

"Of course, our Yao family will not let them off." Yao Manman said arrogantly.

"Hehe! Miss Yao sure has big words! I hope your wish will come true." Liu Feng laughed and mocked.

"Little Feng Feng, you can't just ignore Grandpa!" Seeing Liu Feng like this, the great elder pretended to be pitiful.

"Grandpa! It's not that I don't care about you, but I can't afford to offend the Yao family!" Liu Feng sighed, his handsome face filled with helplessness.

"Hmph! You're tactful." Hearing Liu Feng's words, Yao Manman became more and more smug.

However, Liu Feng ignored her words. He looked at Chi Yang and curiously asked, "Young master Chi, why aren't you saying anything?"

"Uh! He's not feeling well and can't speak now." Chi Yuan said hurriedly, and thought to himself, that was close! Fortunately, they had the foresight to give Chi Yang a medicine that could temporarily shut him up. Otherwise, if Chi Yang had spoken nonsense like Yao Manman, then the Chi family would not have been able to survive in the divinity.

“Young master Chi, did my grandfather steal miss Yao’s beast?” Liu Feng asked with an evil smile, hehe! Don’t you know how to nod if you don’t speak?

“That’s right, those two little B \* stars were originally mine, but they were stolen by this old man. ” Before Chi Yang could answer, Yao Manman cut in.

“Miss Yao, I didn’t ask you.” Liu Feng said with a smile that wasn’t a smile, his bright eyes staring at Chi Yang.

However, before Chi Yang had the chance to reply, he fainted. The person who did this was none other than Chi Tong, who was standing behind Chi Yang.

“Yang ‘er!” Chi Tong cried out in shock. Following which, he apologetically said to the great elder and Liu Feng, “I’m sorry, yang ‘er is not feeling well. I’ll take him away first! I’ll bring him to first elder to ask for forgiveness later. ”

Yesterday, after Chi Yang and Yao Manman returned, the two families had been discussing how to get the great elder out of prison and what kind of compensation would satisfy the great elder. So, they had forgotten to tell them about the great elder’s identity. When they thought about it today, they had already arrived at the prison. In a moment of desperation, Chi Tong and the patriarch had discussed giving Chi Yang some medicine to prevent that unfilial grandson from speaking nonsense in order to please the Yao family’s young lady! Now it seemed that he was indeed wise!

Looking at Chi Tong’s self-directed act, Liu Feng didn’t say anything, nor did he try to stop him. On the contrary, he quite admired Chi Tong’s actions. After all, if one didn’t do it for himself, the heavens would punish him! If they could push the Yao clan out, their Chi clan would be relatively safe.

Seeing Chi Tong take Chi Yang away, the Yao family’s head was filled with anger! However, no matter how angry he was, it was useless because he couldn’t move, let alone knock Yao Manman unconscious.

“Miss Yao, you’re the only one left now. Chi Yang is sick and can’t testify for you. Are you still going to insist that the two little beasts are yours?” Liu Feng asked with a smile that was not a smile.

“Of course, they’re mine.” Yao Manman said with conviction.

“Hehe! Fine, if you say it’s yours, then it’s yours. But I want to tell you that the Chi family and the Yao family’s patriarchs will be here in three days. ” Liu Feng announced an explosive piece of news. Instantly, Chi Yuan and the head of the Yao family were blown away.

However, when Yao Manman heard the news, she couldn’t help but smile happily. “Hahaha! The patriarch is coming, and you’re all dead. ”

“Miss Yao, don’t be too pleased with yourself. It’s not even certain who will die!” Liu Feng warned with a light smile.

Suddenly, plop! With a loud bang, the head of the Yao family, who had suffered a great shock, also fell to the ground ...

“Aiya, your family head has fainted, what are you all still standing there for! Hurry up and help him up. ” Liu Feng quickly warned his subordinates.

The Yao family's subordinates finally reacted and hurriedly helped the unconscious master up. Then, they all looked at Liu Feng, at a loss, waiting for his next order.

"Why are you guys looking at me? Hurry up and help your family head back. Oh right, take this woman with you as well. We'll only need her in three days, but she's not allowed to appear in front of us now." Liu Feng ordered.

"Yes." "Yes, master!" The Yao family's subordinates replied. Then, they carried Yao Manman and the head of the Yao family back to their residence.

After that, Chi Yuan was also asked to leave.

"Chi family head, why aren't you leaving yet? are you waiting for dinner?" Liu Feng said with a smirk.

"Uh! I'll take my leave first." Chi Yuan wiped the cold sweat off his forehead and said hurriedly. He couldn't help but feel sick when he left. It wasn't even noon yet! Even if he had to wait, he should wait for lunch, right?

After everyone had left, Liu Feng calmly looked at the great elder and said, "Old man, are you satisfied now?"

"Not satisfied? Hmph! I'm going to make those two old things bleed this time. I'm not that easy to be wronged or locked up." The first elder said indignantly.

"Old man, can I say that whoever provokes you will be the unlucky one?" Liu Feng said with a light smile.

"Stinky brat, in the entire divine realm, you're the only one who's still alive and well after making me angry all the time, do you understand?" The first elder lifted his eyelids and said in a faint voice.

"I know." Liu Feng said with a mischievous smile.

Then, he stood up and swaggered out of the cell.

After Liu Feng returned to the Chi family courtyard, he immediately went to look for Leng ruoxue and told her about the Grand elder's plan. Then, he returned to the prison.

Three days later.

A few influential figures had come from the divine world. Any one of these figures could cause a great earthquake in the divine world. Besides the current family heads of the Chi family and the Yao family, the family head of the ning family had also come along with a few elders from the craftsmen's Guild.

The first thing these people did when they arrived at Chi city was to visit the first elder in the prison.

The master of the ning family saw the great elder leisurely staying in the cell and couldn't help but laugh happily, "Hahaha! I can't believe there'll be a day when an old thing like you is locked up in a cell! It's really rare."

The head of the ning family was very happy, but the heads of the Chi family and the Yao family weren't as optimistic as him. They were even prepared to be ruthlessly ripped off by this old man. Who asked the descendants of their own families to be so disappointing! When they thought of this, their hearts ached!

“Grand Elder, we’ve personally come to pick you up. Can we leave now?” The head of the Chi family asked politely.

### **Chapter 1109: *It’s not our fault that we’re cute (1)***

?

“Yup! Great elder, we’ve come to pick you up. You can leave now!” The head of the Yao family hurriedly asked.

“This place is pretty good, do you guys want to come in and stay for a few days?” The first elder asked indifferently, completely ignoring their questions.

“That’s a good suggestion. I’ve lived for so long, but I’ve never been in a prison cell! Hahaha! Chi family brat, arrange a cell for me too. Let’s just stay next to this old man.” The master of the ning family immediately agreed.

However, when Chi Yuan heard this, he couldn’t bring himself to be happy. He even felt like crying. Wuwu ... Wasn’t it enough to have a Grand Elder and a Vice President of the armament Guild headquarters staying in their Chi city’s prison cell? The master of the ning family actually wanted to move in. This ... This was clearly bullying!

“Don’t make things difficult for the younger generation.” The head of the Chi family quickly said when he heard the words of the ning family. What a joke. The first elder was already hard enough to deal with. If old man ning moved in, the Chi family would go bankrupt!

“I’m not making things difficult for the younger generation! I’m serious!” The master of the ning family said seriously.

“Whether it’s true or not, you have to go back to your ning family’s prison. Our Chi family’s prison can’t hold a Buddha like you.” The head of the Chi family said hatefully. Damn old man, you only know how to wish for the world to be in chaos! It was really infuriating.

“The great elder can be locked up here, but I can’t? You’re clearly looking down on me! We’ve been old friends for so many years, yet you won’t even give me this little bit of face?” The master of the ning family felt extremely wronged, and even had an expression that said, ‘you look down on me’.

“Don’t mess around!” The head of the Chi family said with a headache.

“You said I’m causing trouble! Hmph! I’m angry.” Master ning’s face darkened, and he angrily sat in a corner, ignoring everyone else.

...

“Uh!” Seeing master ning like this, master Chi really wanted to beat him up. Now, he had to solve the first elder’s problem! What are you doing? Still acting cute, isn’t that shameless?

“Great elder Grandpa, this old grandpa is acting coquettishly! Hehe!” QiuQiu suddenly spoke up when it saw master ning’s appearance.

“Yes, that old man is always like this. Ignore him.” The first elder said disapprovingly. This old fellow didn’t respect his elders and was even putting on an act here. Wasn’t he afraid of being laughed at?

“Little guy, you actually called me old grandpa?” The master of the ning family looked at the little Beastie in the arms of the great elder and said. Hearing QiuQiu’s child-like words, he was instantly a little unhappy. He was still young, okay? how could he call him old grandpa? He would be called old!

“Did I call you the wrong person?” QiuQiu blinked its clear and innocent eyes and asked with a face full of question marks.

“That’s right, he’s an old man. He’s already so old, but he still likes to act young and cute. Little QiuQiu, ignore him.” The great elder didn’t give any face and exposed the ning family’s master’s true face.

“Oh! Old grandpa, you’re not allowed to fight for my favor!” Little QiuQiu stood in front of the great elder like it was protecting its food and opened its chubby little claws.

“Uh! I don’t intend to fight with you for your favor. That ... Little guy, let’s discuss, can you not call me old grandpa?” The master of the ning family said with a charming smile.

“You’re the old grandpa. Sister said that children should be honest and not lie.” QiuQiu said with a troubled expression.

“This is not a lie, really! Which part of me looks like an old grandpa!” The master of the ning family said sincerely.

“Everywhere.” QiuQiu sized up master ning very seriously, then said with absolute certainty.

In fact, master ning looked like he was in his thirties. He was very handsome, tall, and had an extraordinary aura. However, because he had acted cute just now, QiuQiu didn’t like him very much and deliberately called him “old grandpa.”

“Uh! You’re really not a cute little fellow.” The master of the ning family complained in a low voice.

“Damn old man, you dare to say that my QiuQiu isn’t cute?” When the first elder heard the ning family master’s complaint, he glared and said in dissatisfaction.

“No, no, how could this little QiuQiu not be cute!” The master of the ning family quickly changed his words.

“Hmph! You’re tactful!” The first elder said in a domineering manner.

The Chi family and Yao family patriarchs were speechless when they saw this. They had come to settle the first elder’s matter, but now that the ning family old man had messed it up, they couldn’t do anything.

“Cough cough!” Thinking of this, the Chi clan and Yao clan’s patriarchs coughed a few times, drawing their attention.

“Take some medicine if your throat isn’t good. Don’t disturb us when we’re talking about serious business.” The master of the ning family said unhappily.

When the Chi family and Yao family heads heard this, they couldn't help but curse in their hearts. F \* ck, is that considered serious business? They were the real deal, alright?

"Master ning, we're here to pick up the Grand Elder and take him away from here," The head of the Chi family couldn't help but remind him.

"I know! But this old man isn't leaving. You can't just drag them away!" The master of the ning family laughed evilly, and the devil in the depths of his heart was getting restless. Not long ago, he had been robbed by this old man many times. Now, it was Chi clan and Yao clan's turn, so he couldn't miss this good show!

"It's not impossible for me to leave this place, as long as you can give me a satisfactory explanation." At this time, first elder slowly opened his mouth and said.

"Grand Elder, can you leave this place first? we will definitely give you a satisfactory explanation." The head of the Chi family coaxed.

"Don't leave those two to me! I'm not interested in them." The first elder reminded. Everyone knew that the two guys he was referring to were Chi Yang and Yao Manman.

"Didn't they annoy you? It's normal to leave it to you." The patriarch of the Yao clan said.

"Don't! If you hand them over to me, I don't have anywhere to deal with them. If I really have to deal with them, then so be it! Who knows, someone might even say that I'm bullying the younger generation!" The first elder said in an understanding manner. If he really wanted to get rid of those two juniors who had provoked him, would he have waited until now? And since he had brought them here, he didn't intend for them to play dumb! It definitely wouldn't work if he didn't bleed a lot!

"Then what do you want?" The head of the Chi family made up his mind and finally asked the question he didn't want to ask the most.

### **Chapter 1110: It's not our fault that we're cute (2)**

"You're quite smart." The first elder laughed as he spoke, before rolling his eyes at the Yao family head.

"This is the list of items that I've prepared for you two to compensate me and these two pitiful little beasts. Please take a look." The great elder did not beat around the bush. Instead, he directly took out two pieces of paper that were densely written and handed them to the two.

The Chi family and Yao family heads took the list and almost fainted when they saw it. This was really a lion's mouth! Every item on the list was either priceless or priceless. They couldn't be bought even if they had money. This ... This was clearly trying to rip them off!

"First elder, is there any room for discussion regarding the things on this?" The head of the Yao family pretended to be calm as he asked, implying that he wanted to bargain.

"No, I didn't! Don't worry, these things won't harm your two families. Outsiders don't understand the financial power of your two families, but I do!" The great elder said very proudly. He had thought about these things carefully and was familiar with them. Although it would hurt them a little, it definitely wouldn't cause them to turn hostile. After all, they had known each other for so long and could be considered friends. Naturally, he couldn't go too far!

“Grand Elder, I’ve agreed to all the conditions on this list. Can you leave the cell now?” The head of the Chi family said readily. He just wanted to get the first elder out of the cell as soon as possible, so he was prepared to pay a huge price. The items on the first elder’s list were exactly what he had expected. After all, the first elder’s status was obvious! Naturally, he couldn’t offer any ordinary conditions.

“The Yao family head hasn’t agreed yet?” The first elder looked at the head of the Yao family and said with a smile.

“Yao family head, quickly agree! If you don’t agree now, perhaps the great elder will raise the price!” The head of the Chi family reminded him in a low voice.

When the head of the Yao family heard the words of the Chi family, he was extremely depressed. F \* ck, he also wanted to agree, but the compensation that his Yao family had to pay was much more than the Chi family’s. This was too unfair.

“Grand Elder, I don’t understand. Since the Chi clan and our Yao clan’s juniors have offended you together, why is it that our Yao clan has to pay more compensation than the Chi clan?” The head of the Yao family asked shamelessly, and his words almost angered the head of the Chi family to death!

...

F \* ck! No wonder you didn’t agree, it turns out that you’re haggling over this matter! At this thought, the head of the Chi family decided to draw a clear line with the Yao family. After all, they had originally planned to work together to bargain with the first elder.

“That’s true. However, I’ve always been clear about who’s the mastermind and who’s the accomplice. So, the compensation for your two families is naturally different.” The great elder explained.

“Great elder is wise,” The head of the Chi family quickly flattered.

“Chi family head, I want to receive the compensation within three days. Otherwise, I’ll collect interest!” First elder warned.

“Yao family head, the same goes for you. If you don’t pay the compensation I want within three days, the interest will double for every day you delay!” First elder reminded.

After hearing what the great elder said, the two family heads’ lips twitched, and they secretly sighed. F \* ck, there’s even interest. This great elder is really getting better at sucking blood! How would they know that first elder had actually learned to collect interest from Leng ruoxue?

“Alright, you can leave now. I’ll leave this cell when you pay me the compensation! AI! After living here for so long, I’ve developed feelings for him.” The great elder muttered to himself as he drove the person away.

The Chi and Yao family heads knew that this old man never went back on his word, so they didn’t plan to stay any longer. However, just as they were about to leave, they were stopped by little QiuQiu.

“Wait!” QiuQiu suddenly said.

“Little guy, what do you want?” The head of the Chi family said in a soft voice.

“You haven’t paid me and my brother’s compensation yet!” QiuQiu said, a little scared.

“Uh!” QiuQiu’s words had just fallen when everyone, including first elder, was stunned.

The great elder looked at the two little treasures in his arms and thought to himself that the compensation he wanted included these two little fellows! However, the great elder wisely chose to remain silent.

The Chi and Yao clan patriarchs looked at each other, before patriarch Chi asked in confusion, “Little guy, what kind of compensation do you want?”

“When we were in the floating cloud City, a bad woman from the Chi clan wanted to capture us. After we arrived in the city, we were captured by that bad woman from the Yao clan. The public security in your Chi clan’s divine realm is just too poor, causing me and brother Baobao to be physically and mentally injured. We have also suffered a great deal of damage, so you have to compensate us.” Little QiuQiu listed out the crimes committed by the Chi family and the Yao family one by one, and the faces of the two family heads kept changing like a palette.

After a long while, the two patriarchs finally calmed down a little.

The head of the Chi family took a deep breath and asked calmly, “I wonder what kind of compensation this little fellow wants?”

“I don’t have the status or status of Grandpa Grand Elder, so I’ll just go with Grandpa Grand elder’s request and cut it by half. However, I only want heavenly resources and earthly treasures. I’m not interested in anything else.” The little ball stated its request.

However, its words caused the Chi and Yao family heads to be extremely angry. A small beast actually asked them for compensation and even asked for half of the great elder’s. However, they knew that the small beast was under the great elder’s protection, so even if they were angry, they would not show it in front of him.

“Little guy, what’s the use of heavenly treasures for a little beast like you? you don’t even know how to refine pills. How about I give you some Jingshi!” The head of the Chi family discussed with a smile. Crystals could be absorbed directly and were much more useful to the Beastie than heavenly materials and earthly treasures.

“I don’t want Jingshi, I just want heavenly treasures.” Little QiuQiu was very stubborn.

“Even if you want the treasures, you can’t just ask for half of the compensation from the Grand Elder, right? Do you know how many there are?” The head of the Yao family said, suppressing his anger.

“I know! I can count, don’t try to fool me!” QiuQiu reminded.

“Hmph! The younger generation of your two families caused us to lose a lot of hair, so what’s wrong with compensating us with some natural treasures? Do you have to be so petty?” At this moment, the baby spoke with a look of disdain.
