Chapter 1111: It's not our fault that we're cute (3)

?

"Uh!" The Chi and Yao family heads were speechless. It was clearly them who wanted too much, but why did it sound like they were being stingy?

"Hahaha! I say, it's rare for these two little guys to open their mouths, so just give it to them! Don't be so stingy, you are gods with status and status!" The master of the ning family, who had seen enough of the show, interrupted.

"Alright, I agree to your compensation." The Chi family head gritted his teeth and nodded. He couldn't be looked down upon by these two little beasts. Besides, there was still the ning family's old man who was ready to cause trouble at any time!

"You're the most straightforward old man. I'll remember you." QiuQiu said with a smile.

"However, you have to plant the natural treasures we want in the soil. After you're done, we'll go find them ourselves." QiuQiu added, hehe! Although this was suspicious of cheating, he still had to take advantage of the loopholes for the sake of cultivation!

After hearing QiuQiu's words, the Chi family head was completely speechless. Not only did he have to compensate the two little fellows for their treasures, but he also had to plant them back into the soil so that they could find them on their own. Did they think that this was a treasure hunt?

"Hehe! That's a good idea! Little guys, you're pretty good at playing!" Master ning praised with a smile.

QiuQiu smiled but didn't say anything. Since they thought it was for fun, then let them think so, hehe!

"Alright, I've said what I wanted to say. You can leave." QiuQiu mimicked the great elder's way of driving him away.

The Chi family and the Yao family left the prison gloomily under the lead of the two family heads who were not in a good mood. However, the ning family head and the elders of the craftsmen's Association stayed.

...

"First elder, how long do you plan to stay here?" An elder asked curiously. They were here to encourage the great elder. In other words, they were here to cooperate with the great elder in this robbery. However, looking at the situation just now, it seemed that there was no room for them to play!

"I'll leave after I get the compensation." The great elder said honestly.

"Old man Liu, you're really ruthless this time! The things you want, some of them even make my heart ache." Master ning said, gloating. He had glanced at the list given by the first elder, so he naturally saw the contents.

“Ruthless? I’ve taken so many things from the Yao family, you should be very happy!” The first elder said. Although the ning family and the Yao family seemed to be at peace on the surface, they had fought many times in secret.

“Yes, I feel better. Not long ago, you also robbed me of a lot of things! This time, your armament Guild headquarters is going to be rich again. ” Master ning said with envy.

“Then who can you blame!” The great elder rolled his eyes at master ning and said disapprovingly.

“Blame me, alright!” Master ning said unhappily.

“Hehe! You eight great clans are the richest in the divine realm. If I don’t Rob you, who else would I Rob?” The great elder chuckled. There had to be a reason for the robbery. Otherwise, it would be no different from daylight robbery!

“You’ve already robbed three of the eight great clans. Do you want to Rob the other five as well?” Master ning suggested.

“I want to, but I don’t have any reason!” The great elder’s face was filled with conflict, and he seemed to be very distressed.

“If there’s no reason, you can create a reason! However, you have to count me in this time. ” Master ning said with an evil smile.

“Old man, are you very free recently?” The first elder was suspicious.

“Yes, I’ve let LAN ‘er manage the Family Matters for the time being, so I’m planning to have some fun in the upper reaches of the godly mainland.” Master ning revealed his plan.

“Uh! So it was like this! However, you can’t rush things like robbery. You must have the right time, the right place, and the right people. ” The great elder thought for a moment and said, hehe! If this old thing joined them, wouldn’t the compensation they received be doubled?

“There’s no rush. When we find the right opportunity, we’ll ruthlessly rip off those five families. ” Master ning said with an evil smile.

Listening to these two influential figures in the divine world discussing the robbery, the elders of the craftsmen’s Guild were dripping with cold sweat. However, at the same time, they were also somewhat glad that they were not the ones who were about to be robbed. Otherwise, they were afraid that they would not even be left with their bones.

“Great elder Grandpa, this old grandpa is so bad!” Listening to their plan, QiuQiu also expressed his opinion.

“Hahaha! That’s because this old man is full of evil intentions!” The first elder said with a smile.

“Uh! Little thing, how am I bad?” Master ning felt wronged.

“You’re scheming against others. Isn’t that bad enough?” QiuQiu retorted.

“Uh!” Master ning was speechless. It seemed that this little thing had already determined his character. However, he seemed to be quite bad!

“Hahaha! Alright, don’t be depressed anymore, go and help me scare that old B * stard from the Yao family!” The Grand Elder ordered.

“Uh! Are you afraid that he won’t pay the compensation?” Master ning asked, knowing the answer.

“Of course, that old man won’t give me the compensation so easily. However, if you do it, he will have to agree.” The first elder laughed softly.

“What do I get in return?” Master ning was not willing to be used as a tool and asked quickly.

“You still want benefits? Hmm?” The great elder asked master ning with a faint smile.

“Uh! I’m just joking, don’t take it seriously!” Master ning wiped the cold sweat from his forehead. Although the great elder’s strength was not as high as his, he was very afraid of the old man’s threat. He didn’t know why!

“Then hurry up! I’ll be waiting for your good news.” The Grand Elder urged.

“Alright! Then I’ll go.” Master ning said, resigned to his fate, and then turned to leave the cell.

Two days later.

The Chi family’s compensation was handed over to first elder, but as for little QiuQiu’s request, it would take a few days.

According to the news from the Chi clan, although Chi Yang and his son had managed to keep their lives, they had all been demoted to servants, and would never be able to rise again. To the members of the clan, such a punishment was even more unbearable than death.

Chapter 1112: It’s not our fault that we’re cute (4)

As for the Yao family, although they had also punished Yao Manman, the compensation that the great elder and QiuQiu had requested had not been delivered yet. However, there was still one day before the deadline given by the great elder, so the great elder and the others were extremely calm.

In the cell, the first elder and master ning were playing chess while waiting for the Yao family’s news.

At this moment, in the Yao family’s residence, the Yao family head was sitting in the main hall with a gloomy face, and the Yao family’s younger generation was kneeling in front of him.

“Yao Chong, is this how you manage the Yao family in the godly mainland?” The Yao family head asked in a cold voice.

“Old ancestor, Yao Chong is guilty.” Yao Chong said hurriedly. Although he did not know if he could escape this time, it was not wrong to admit to his crimes first.

“Guilty? What crime are you guilty of?” The Yao family head asked angrily.

“I ... I didn’t educate my descendants well. I’m sorry to disappoint you, ancestor.” Yao Chong lowered his head and said.

“Hmph! This is only the case on the divine continent. If we were in the divine realm, your descendants would have caused a lot of trouble!” The head of the Yao family reproached in a rage.

“Please forgive me, ancestor.” Yao Chong kept kowtowing and quickly said.

“I can spare you from death, but I can’t spare you from punishment. I’ll still let you be the head of the family, but you have to find a way to make contributions in place of your crimes. As for your incompetent descendants, you can choose some of them yourself and send them to the mine!” The Yao family head said.

...

“Yes.” When Yao Chong heard this, he heaved a sigh of relief. Although the old ancestor was very angry, it was good that he did not kill everyone in his line. As for those who were really incompetent and had caused trouble, he would just let them run their own course!

As for the members of the Yao family, especially those who were related to Yao Manman, when they heard that they were going to be sent to the mine, they were so scared that they fainted immediately, because going to the mine was worse than being a servant! There, unless you’re dead tired, don’t even think about leaving.

After dealing with the eyesore of the Yao family, the head of the Yao family was depressed again. As long as he thought of the huge compensation, his heart would bleed non-stop.

However, he had to pay the compensation. The old man, the great elder, was famous for being difficult and unreasonable. He was also one of the people he didn’t want to provoke the most. He had wanted to delay it for a few days and negotiate with the great elder, but he didn’t expect that the Chi family had already paid the compensation. Moreover, master ning also came to remind him that since he couldn’t avoid it, he might as well pay the compensation quickly, so as not to lose more than he gained!

Although he knew this very well, he was not willing to accept this!

Another two days passed.

There was still no movement from the Yao clan, and the Grand Elder was still in the cell, but the Chi clan had already settled little QiuQiu’s request.

The location of the treasure that little QiuQiu had requested was chosen to be in the Chi family’s courtyard. This was mainly because they had taken into account that Leng ruoxue and the others were staying there. Therefore, it would be easier to find. After all, in the eyes of the Chi family, this was just a game to satisfy children.

On the day of the treasure hunt, first elder arranged for Liu Feng to continue staying in the prison cell, while he, QiuQiu, and Baobao went to the Chi family’s courtyard to explore. Naturally, the ning family head and the elders of the craftsmen’s Guild came with them.

In the garden.

The first elder pointed at master ning and said to Leng ruoxue and the rest, "This old man is the master of the ning family. If anyone from the ning family bullies you in the future, you can complain to him. I guarantee that he will be the master for you."

Hearing the first elder's confident words, Leng ruoxue's forehead broke out in cold sweat. She thought to herself, 'first elder, where does your confidence come from?' In any case, he was the head of the ning family, so how could he help an outsider?

However, she naturally would not say this out loud.

"Hehe, this little girl must be the little girl Xue 'er you told me about!" Master ning said with a smile, looking very affable.

"Yes, this little girl is my God-granddaughter. You can't let her be bullied by the ning family!" The first elder said with a face full of pride. He even automatically considered Leng ruoxue as his own granddaughter.

"Don't worry, I'll take care of her." Master ning's eyes kept sizing up Leng ruoxue. The more he looked, the more satisfied he was. Although this little girl's strength was not very high now, she had great potential and was a talent that could be nurtured.

The crowd listened to their conversation, but no one exposed the great elder's lies. In their eyes, the great elder had been thinking about their miss for a long time.

While the few of them were exchanging pleasantries, QiuQiu and Baobao were a little impatient from waiting, so they started to look for treasures first.

QiuQiu and its baby ran around the garden, looking here and there. Not long after, the natural treasures that the Chi clan had deliberately planted were discovered by the two little fellows. When everyone saw how happy they were, they couldn't help but join in the treasure-hunting Army. A day passed, and QiuQiu finally found all the natural treasures. It followed first elder back to the prison cell in satisfaction.

The Chi family members heaved a sigh of relief when they saw that they were finally satisfied. However, the great elder was still in the cell and refused to leave, which made them uneasy.

The head of the Chi family thought for a while and also began to exert pressure on the Yao family.

At the same time, The Alchemist Guild headquarters also sent people to Chi city to visit the great elder. When the Yao family head heard this news, his head suddenly swelled again, and he couldn't help but curse in his heart. What was The Alchemist Guild headquarters doing here?

If The Alchemist Guild headquarters and the armament Guild headquarters joined forces, it would be too disadvantageous to their Yao family. When he thought of this, he didn't dare to delay any longer and immediately sent someone to deliver the compensation to the first elder in the cell.

However, the person he sent came back to report that the great elder had said that the time limit was up, so the Yao family had to pay interest.

When the Yao family head saw the interest list, he really wanted to buy a piece of tofu and knock himself to death. Damn, this interest was too expensive. It actually took up 20% of the compensation that the Yao family had paid. However, he still had to resign himself to his fate and send someone to

immediately send the interest to the great elder so as not to pay more compensation. As for QiuQiu's request, he would also have to wait a few days before he could fulfill it.

Three days later.

The Yao family had finally completed QiuQiu's request, and the planting location was also chosen to be in the Chi family's courtyard.

After everyone experienced the joy of treasure hunting once again, the great elder was finally willing to leave the cell. Before he left, he was quite reluctant and even left a message, 'if there's a chance in the future, I'll come back and see you again'. The Chi family's hearts trembled in fear, and they made a prompt decision to close the cell in Chi city.

Chapter 1113: It's not our fault that we're cute (5)

?

After this matter came to an end, first elder also moved into the Chi family courtyard.

However, as long as the Grand Elder and the others did not leave Chi city, the Chi family members' hearts were hanging in the air. They could not let go even if they wanted to. Furthermore, the head of the Chi family had warned the younger generation of the Chi family to stay far away from the people living in the courtyard. No one was allowed to provoke those people. He was truly afraid!

From then on, the first elder would take QiuQiu and baby out on the streets when he had nothing to do. Along with them was the master of the ning family.

In the garden.

Leng ruoxue was lying on the deck chair, basking in the sun as she listened to Feng DA's report. When she heard that the great elder and master ning had gone out to hang out on the streets again, she could not help but feel a few black lines sliding down her forehead. She thought to herself, 'what's wrong with these two old men who only want to see the world in chaos?' In the entire Chi city, who would dare to provoke them? The people on the street had already received the Chi family's warning. They would only hide far away when they saw them. Why would they approach them? Unless they were outsiders.

On the streets.

The great elder and master ning each carried a cute little beast and walked aimlessly on the street. The two kept instigating QiuQiu and the baby, who were already very cute, to put on a cute look to attract other people's attention. However, the pedestrians on the street had basically received a warning from the people above and knew that these two people and two beasts could not be provoked. How would they dare to throw away their lives in front of them?

Just as the two young-looking old men were feeling extremely depressed, the person who was going to die finally arrived.

"Stop! I want to buy these two little beasts. State your price!" Suddenly, a beautiful woman blocked their path and spoke arrogantly.

The woman was dressed in gorgeous clothes and had an extremely beautiful face. She looked to be in her early twenties, but her arrogance greatly reduced her beauty.

...

"I'm sorry, these two little beasts are our precious treasures. We're not selling them." Master ning frowned and said unhappily.

"You have to sell them. I've taken a fancy to these two little beasts, so you have to sell them to me." The young woman was unusually overbearing. Then, she threw two pieces of lower-grade crystal stones on the ground as the money to buy the two little beasts.

"Miss, are you trying to force me to buy it?" The master of the ning family laughed instead of getting angry. Hehe, he had seen many willful and overbearing women, but he had never seen such a domineering woman. Even the daughter he doted on very much didn't dare to be like this outside!

"Didn't I already pay you guys?" The young woman said unhappily, her face clearly saying, 'don't be insensible!' A few big words.

"These two low-grade crystals on the ground are the money you want to buy our two cute little beasts?" The great elder also asked curiously. F * ck! Whose daughter was this? He wasn't inferior to the one from the Yao family. In fact, he felt that this person was even more outrageous than the one from the Yao family! At least in his opinion, paying him two pieces of low-grade crystal stones was more humiliating than locking him up in a cell. Moreover, it seemed that he could only get one of these two crystal stones, and the other one was naturally old man ning!

"That's right, I've already paid you. These two little beasts are mine now!" The young woman said matter-of-factly.

"Al! It's not our fault that we're cute. " QiuQiu, who was in the first elder's arms, suddenly sighed, its cute little face full of innocence.

Its cute appearance made the young woman's heart itch. She wanted to hold the little beast in her arms right now.

"We're not selling. " The head of the ning family refused. F * ck, did he think they had never seen low-grade Jingshi?

"How dare you! My family's young miss wants to buy your beast pet, and you dare to refuse? You really don't want to live anymore!" The woman didn't have time to get angry before her subordinate spoke up.

"Hehe, this old man has lived for so long, but this is the first time someone has dared to speak to me like this!" The master of the ning family smiled faintly. In his eyes, that person was no different from a dead person.

"This should be my second time." First elder thought for a moment and agreed.

“No matter how many times you’ve tried, you’re all dead today.” That person said, using his authority as a Fox to intimidate others. At this time, he still didn’t know that his head was already on the verge of collapse.

“Is that so?” The master of the ning family sneered. Although they had come out to wait for rabbits, it did not mean that they were willing to be humiliated by rabbits. These rabbits had lived to the end.

“Of course.” The man said arrogantly before he sensed any danger.

However, in the blink of an eye, that person’s head and body were separated.

Seeing this, the young woman couldn’t help but scream, “Argh! Murder! Hurry up! Quickly catch them, don’t let them escape! Also, remember to take my two little beasts for me.”

“Yes!” The woman’s guards received the order to surround the great elder and the master of the ning family, but in an instant, those guards all fell to the ground, unconscious. No one even saw how the great elder and the master of the ning family had attacked.

After dealing with the guards, the great elder and the master of the ning family slowly walked to the young woman and looked down at her. They slightly released a trace of pressure, which immediately made the woman shiver in fear.

“Don’t ... Don’t do anything stupid. Do you know who I am? If you dare to hurt me, my family will not let you off.” The young woman held on and even took out a token she carried with her as a threat.

When the first elder saw the token the young woman took out, he couldn’t help but laugh wildly. The master of the ning family, on the other hand, turned around and left with a dark face ...

“Hey, wait for me!” The great elder shouted from behind in a good mood.

However, the master of the ning family didn’t seem to hear the great elder’s words. Instead, he walked faster and faster. When he returned to the Chi family’s courtyard, he went straight into his room.

Leng ruoxue, who was basking in the sun in the garden, saw a black shadow flash by and heard a ‘bang!’. The door closed, and her curiosity was piqued.

“Was that the master of the ning family?” Leng ruoxue asked the evildoer beside her with uncertainty.

“Yes.” The demon nodded. The ning family’s old man was also living in a side courtyard and was their neighbor.

“Didn’t he go to the streets with the great elder? Why did you come back so quickly?” Leng ruoxue was puzzled. It looked like this old man from the ning family was quite angry! He did not know who had provoked him.

Not long after, first elder also returned with a face full of smiles.

When Leng ruoxue saw the evil smile on first elder’s face, she couldn’t help but guess. Could it be that first elder had angered master ning? These two old men also liked to bicker when they had nothing to do.

“Little girl, is old man ning back?” First elder asked in a low voice.

“Yes, he went into his room as soon as he came back. First elder, did you anger him?” Leng ruoxue asked nosily.

“It has nothing to do with me.” First elder quickly said.

“It has nothing to do with me,” QiuQiu also said.

“You guys went out together, so it has nothing to do with you. Did you guys meet someone blind?” Leng ruoxue guessed as her beautiful eyes kept wandering between first elder and QiuQiu.

“It’s not our fault that we’re cute.” QiuQiu had an aggrieved look on its face. It was also deeply helpless that the first elder and master ning had used them as bait.

After all, the first elder’s incident wasn’t intentional by them, but this time, was it intentional? QiuQiu was a little confused.

“Which family is it this time?” Hearing QiuQiu’s words, Leng ruoxue didn’t need to guess to understand. However, to be able to make master ning So angry, could it be ... Uh! It couldn’t be such a coincidence, right?

“Hehe! Little girl, it’s what you’re thinking.” The great elder said with a smirk. He wanted to laugh whenever he thought about this.

“Uh!” Leng ruoxue was speechless. It did not feel good to cast a net and catch one of her own. It was no wonder the master of the ning family was so angry.

At this moment, the Butler of the courtyard came to report.

“Miss Leng, master ning is here,” The housekeeper said. The master ning he was referring to was the master of the ning family on the divine mainland.

“This ... You should ask the person he wants to see! I can’t make the decision.” Leng ruoxue and first elder exchanged glances and spoke calmly.

That master ning definitely wouldn’t come to see her, so she didn’t dare to make the decision to let him in. What’s more, the old man ning was in a fit of anger at this time, and she didn’t want to touch that bad luck.

However, before the housekeeper could ask, master ning’s angry voice came from the room,““Tell him to get as far away as he can, I don’t want to see him!””

Chapter 1114: Meeting but not knowing each other (1)

“Uh!” The Butler was caught in a dilemma when he heard the words coming from the room. Just as he was in a dilemma, Leng ruoxue came to his rescue.

“Let’s tell master ning on the godly mainland!” Leng ruoxue laughed lightly. Although they were both Masters of the ning family, their power and status were worlds apart. She didn’t understand why the Butler was hesitating.

“Yes.” The Butler heaved a sigh of relief. Although he was the Butler of the Chi family, no matter which master ning he was, he was not someone a small figure like him could afford to offend. So, he had to be careful!

After the Butler left, Leng ruoxue looked at the first elder and chuckled, “Aren’t you going to comfort your old friend?”

“Tsk, why should I comfort him? don’t worry about him. He’ll be fine after he’s vented enough.” The great elder said disapprovingly. After he finished speaking, he carried little QiuQiu and casually found a place to sit down.

The master of the ning family in the godly mainland was extremely depressed after being rejected by his ancestor. He resentfully returned to the guest room in the Chi family’s main residence and locked himself in his room.

Chi Rui, who had accompanied him, was full of doubts, but he could not say much in front of master ning. After watching master ning enter the room, he went to find his grandfather.

In the study room.

Chi Yuan sat behind the desk and looked at Chi Rui thoughtfully.

“You said that master ning didn’t see his family’s old ancestor?” After a long while, Chi Yuan finally opened his mouth and asked.

“No. The steward said that the patriarch of the ning family asked master ning to get lost as far as possible.” Chi Rui suppressed his laughter and chuckled. The housekeeper of the courtyard was really honest. He dared to say this kind of thing in front of master ning. Was he not afraid of master ning’s revenge? As far as he knew, the current master of the ning family on the divine mainland wasn’t a magnanimous person!

“Uh! What’s going on?” Chi Yuan asked curiously. If it was before today, he definitely wouldn’t be this curious. After all, their Chi family had been troubled a few days ago, and they were badly battered by the great elder. However, now that the great elder’s matter had finally come to an end, he finally had the time to watch the other families’ excitement.

Almost all the people from the big families were like this. When their own family was in trouble, they naturally didn’t want to see other families in trouble. If someone else was also in trouble at this time, they would feel more balanced in their hearts. This was exactly what Chi Yuan was thinking now.

.....

“I don’t know, do you want me to go and find out?” Chi Rui was also quite curious about this.

At that moment, the Butler came to report that miss ning had been beaten up on the street.

After the grandfather and grandson heard the news, they looked at each other and went to the ning family’s temporary courtyard together, and came to see the fun in the name of visiting.

In the guest room.

Ning Rong 'er's beautiful eyes were filled with tears as she cried to her grandfather master about how she had been bullied.

"Grandpa, you have to help me! Those two bad guys actually dared to bully our ning family, Wu...They really don't put our ning family in their eyes." Ning Rong 'er said viciously.

"Rong 'er, what did those two look like? Are there any special characteristics?" The head of the ning family, ning Hong, couldn't help but ask. This Rong 'er had come back and said that she had been bullied and that her guards had been killed. However, she didn't give a clear explanation and even wanted him to avenge her. She didn't even know who the enemy was. Who could he find to avenge her?

"Is miss ning being bullied?" When Chi Yuan and Chi Rui walked into the guest room, they happened to hear ning Rong 'er talking about revenge.

"Yes, Grandpa Chi, you have to help me! I was bullied in your Chi city." Ning Rong 'er quickly said.

When Chi Yuan heard ning Rong 'er's words, he was a little displeased. He thought to himself, 'who doesn't know eldest miss ning's temper?' It was already good enough that ning Rong 'er didn't bully others. Who would dare to bully her! However, looking at ning Rong 'er's pitiful appearance, it seemed like she had really been bullied.

When he thought of this, he couldn't help but be curious about the person who dared to bully ning Rong 'er, and the fire of gossip started to burn.

Putting aside his displeasure towards ning Rong 'er for the time being, Chi Yuan asked with slight concern, "Rong 'er! You have so many guards by your side, and there's still someone who dares to bully you? Who is so bold?"

"I don't know either, but my guards were all killed by them. I only scared them away because I took out the ning family's token." Ning Rong 'er still had lingering fear in her heart.

"Oh! What did that person look like?" Chi Yuan asked again.

"It's not one person, but two. They looked like humans and dogs. I can't remember them, but I do remember the appearance of the two little beasts." At that time, ning Rong 'er's mind was completely focused on the two little beasts, so she didn't pay attention to the first elder and master ning's appearance at all. Therefore, now that someone asked, she naturally could only say that she didn't know.

"Little Beastie?" When Chi Yuan heard these two words, he immediately became alert. Now, as long as someone mentioned a little beast to him, he would reflexively think of the two that the great elder had with him. If it wasn't for those two little beasts, the Chi family wouldn't have to spend so much money!

"What kind of little beast?" Chi Rui was shocked and couldn't help but ask.

"Two very cute little beasts, one black and one yellow. I originally bought the two little beasts for two low-grade crystals, but those two old farts took the money and refused to give me the little beasts. They even killed my subordinates. Wu....Grandpa, Grandpa Chi, you have to avenge me!" Ning Rong 'er said through gritted teeth.

“Uh! We need to plan our revenge carefully. After all, you don’t even know what their parents look like. They might have left Chi city long ago.” Chi Yuan comforted him speechlessly, then looked at ning Hong with a little sympathy. He couldn’t help but gloat in his heart. As soon as ning Rong ‘er described the two little beasts, he had already guessed who had killed ning Rong’ er’s guards. It was going to be a lively scene!

“En, brother Chi is right. Rong ‘er, think carefully, what did those two look like?” Ning Hong felt that Chi Yuan’s words made sense and asked.

“I really can’t remember. However, if I see those two little beasts again, I’ll definitely recognize them.” Ning Rong ‘er promised.

Chapter 1115: Meeting but not knowing each other (2)

“Since that’s the case, Rong-er, you have a good rest! We’ll go back first.” After understanding the truth, Chi Yuan and Chi Rui decided to take their leave. At the same time, the two of them sighed in unison. ‘When you see those two little beasts, I’m afraid your death will be near. Sigh!’ Because the two people who killed the ning family’s guards, other than the head elder of the craftsmen’s Guild and the ning family’s old ancestor, there would be no other candidates.

On the way back to the main courtyard, Chi Yuan and Chi Rui did not say a word. However, after returning to the study room, the two of them could not help but laugh wildly, causing Chi Tong, who had come to look for them, to be baffled.

“Family head, Rui ‘er, is there anything fun? Why are you guys laughing so happily?” Chi Tong’s face was filled with question marks. Recently, the entire Chi city had been in a state of panic because of the existence of the great elder of the craftsmen’s Guild and the ning family’s old ancestor. Many people were afraid that they would accidentally offend those people, so they lived in fear every day. In fact, he really wanted to say that the great elder and the ning family’s old ancestor were not that scary! Unfortunately, no one would believe his words.

“It can’t be considered anything fun.” Chi Yuan laughed as he waved his hand. Then, he simply explained the entire situation to Chi Tong, causing Chi Tong to be dumbstruck.

“Uh! This is too much of a coincidence!” Chi Yi was speechless. This time, the ning family had bumped into their own old ancestor’s hands. He was afraid that there would be a great earthquake in the ning family.

“It’s that ning Rong ‘er’s bad luck. She didn’t know how to behave when she came to Chi city. She really thinks this is her own territory!” Chi Yuan said without any sympathy.

“What do we do now?” Chi Tong could not help but ask.

“I don’t know. Let’s just wait and see. Anyway, it doesn’t have much to do with us. However, first elder, you must warn the elders to strictly restrain their subordinates. Otherwise, don’t blame me for being merciless.” Chi Yuan thought for a while and said.

“Don’t worry, I’ve already told them this.” Chi Tong hurriedly said.

Because the three of them who knew the truth pretended to be deaf, the people of the ning family didn't know that they had fallen into danger because of ning Rong'er's pampering and domineering behavior. After hearing that ning Rong'er was injured and the ning family's guards were killed, each of the ning family's people was filled with righteous indignation and began to search for the great elder and their own ancestor on the streets in anger ...

At this moment, the Chi family courtyard was peaceful. Leng ruoxue and the others, who were living in seclusion, did not pay attention to the situation in Chi city. Instead, it was Chi Rui who revealed the situation to them.

In the garden.

Leng ruoxue looked at Chi Rui thoughtfully, a faint smile on her beautiful face.

.....

"Uh! Miss Leng, please don't look at me like that. I'm scared." Chi Rui said nervously. Leng ruoxue's gaze made him feel very apologetic.

"What are you afraid of? Did you do anything to let me down?" Leng ruoxue laughed evilly and thought to herself, "this Chi family is really bad. They actually feign ignorance, watching the ning Family Search for a needle in a haystack in the city like fools while I watch the fun from the side. However, this matter has nothing to do with me, so I'm happy to be a bystander."

"Uh! That ... Has master ning not come out of his room yet?" Although Chi Rui was a little embarrassed, he still could not help but ask.

"No, he has been locking himself in his room since he came back from the street yesterday. I don't know what he is doing." Leng ruoxue said with a smile.

"Did he have any reaction?" Chi Rui asked nosily.

"I'm very angry. I don't know who's going to be unlucky again." Leng ruoxue said, gloating. After finding out that the woman who had annoyed master ning yesterday was ning Rong'er, she couldn't help but sigh. The world was really small. However, if master ning could help them deal with ning Rong'er, it would save her a lot of trouble! Because that ning Rong'er was the young lady of the ning family that she had once stolen the token from.

"Chi family brat, where are the unfilial descendants of the ning family now?" Just as Leng ruoxue and Chi Rui were chatting, master ning's voice suddenly reached their ears. However, the old man didn't show himself, obviously still in a fit of anger.

"They are temporarily staying in the guest room of the Chi family's main residence." Chi Rui quickly replied respectfully.

"Oh! I'm going to give you a mission." Master ning said.

"Please speak, master ning." Chi Rui said.

"Chase them away!" Master ning said angrily.

“Uh! Master ning, this isn’t very good!” Although Chi Rui really wanted to take on this task, he was not willing to be used by the ning family’s ancestor. After all, in his opinion, this was an internal matter of the ning family. If the Chi family got involved, what if the ning family retaliated after this? The ning family was the number one family in the divine world after the Divine Master. They were not people the Chi family could provoke.

“What’s wrong with that? just do what I tell you to do.” Master ning shouted.

“Master ning, you’re the old ancestor, but you didn’t show up. You asked young master Chi to drive people away for you. You’re obviously trying to make young master Chi offend people!” Leng ruoxue chuckled. This was exactly what Chi Rui wanted to say, but he didn’t have the guts to say it.

“Little girl, are you blaming me?” Master ning was a little unhappy. He had never thought that his decision would be questioned by a junior, which put him in an awkward position.

“I don’t think so. I just feel that it’s inappropriate for you to let young master Chi do this. Why don’t you and the great elder go there personally?” Leng ruoxue suggested and thought to herself, “I wonder if the ning family would recognize me, their old ancestor. Hehe!” I’m looking forward to it!

“Little girl, don’t think that I don’t know what you’re up to. Hmph! It’s no big deal for me to make a trip personally. ” Master ning said nonchalantly. Actually, he did not want to go, but he could not stand Leng ruoxue’s provocation. He could not be looked down upon by a little girl.

“Then you can personally drive them away! Young master Chi, you must always stay by master ning’s side!” Leng ruoxue reminded him with an evil smile. This was a good opportunity to watch a good show! Although she also wanted to go, she still had to leave some face for this master ning. Moreover, even if she couldn’t see it in person, she could guess what would happen there, and the great elder would tell them in detail.

“Hmph! Chi family brat, take me to those unfilial descendants. ” As soon as master ning finished speaking, the door of the room was also slammed! He opened it, and the master of the ning family appeared in front of everyone, still angry.

Chapter 1116: Meeting but not knowing each other (3)

?

Leng ruoxue looked at master ning’s expression and laughed to herself. It was said that the higher one’s cultivation, the calmer one would be. Why was this old man becoming more and more popular?

“Uh! Miss Leng, then I’ll take master ning there. ” Although he didn’t want to go, he couldn’t let Leng ruoxue’s painstaking efforts go to waste. After all, Leng ruoxue had spoken up for him just now. It was just that he didn’t know if their Chi family would be implicated after watching this show. Sob ... Don’t even try to guess the thoughts of important people!

“Kid from the Chi family, don’t forget about me!” Seeing the two of them preparing to leave, the ignored first elder hurriedly said.

“What are you doing, you old thing?” Master ning’s eyes were wide open, and he said unhappily.

"I'm also a party involved! You can't leave me behind." The great elder said matter-of-factly, but anyone could tell that he wanted to watch the show.

"Hmph! If you want to go, go! However, you're not allowed to speak!" Master ning thought for a while and said.

"Yes, I won't say anything." The great elder quickly promised. At the same time, he added in his heart, "I'll just watch the show."

With the first elder's assurance, master ning ordered Chi Rui to take the two of them to the Chi family's main residence.

The moment they arrived at the Chi family's main residence, Chi Yuan and Chi Tong, who had received the news, immediately came over to greet them.

After the great elder explained the purpose of his visit to the two of them, he repeatedly told them not to speak for a while and only allowed master ning to speak. Then, he had them take him to the guest room of the Chi family.

Outside the courtyard of the Chi family's guest room, the great elder winked at the three people of the Chi family, and the four of them walked behind master ning tacitly. Now, it was clear that they were escorting master ning to ask for forgiveness, but master ning naturally didn't think of this in his anger.

Master ning strode straight into the courtyard, but as soon as he showed his head, he was discovered by ning Rong 'er, who was resting in the courtyard.

.....

Instantly, ning Rong 'er shouted, "he's the one who killed our ning family. Men, quickly capture him."

In fact, she didn't really recognize master ning, but she recognized the little black beast in master ning's arms at a glance. She had been drooling over the little beast for a long time!

After hearing ning Rong 'er's shout, the people of the ning family in the room and courtyard all rushed over and surrounded master ning.

"And that old man." Ning Rong 'er saw first elder and QiuQiu in his arms again, and quickly said, Hmph! She didn't expect Grandpa Chi to catch these two people so quickly. This was great. She couldn't help but feel a little proud. Now, those two adorable little beasts couldn't escape from her palm.

Ugh! When Chi Yuan, Chi Tong, and Chi Rui heard ning Rong 'er's words, none of them spoke, because the first elder had told them not to speak.

However, his intention to watch a good show was revealed. Hehe! This time, ning Rong 'er was going to be unlucky!

At this moment, ning Hong, who had heard the commotion, also walked out of his room. After seeing the situation in the courtyard, he asked calmly, "Rong 'er, what's going on?"

"Grandfather, you've come at the right time. These two are the ones who killed our ning family's guards. Quickly capture them and don't let them go." Ning Rong 'er quickly urged.

“Are you sure?” Ning Hong’s shrewd eyes swept between the great elder and master ning. They looked extraordinary and didn’t seem to be unreasonable people. How could he have taken his granddaughter’s money and killed someone? When he thought of this, a trace of doubt appeared in his heart.

“May I ask why the two of you took my granddaughter’s money and killed our ning family’s guards? If the two of you can’t give me a reasonable explanation, don’t blame our ning family for being ruthless.” Ning Hong said politely.

“She said we took her money?” Master ning squinted his eyes and asked indifferently.

“You’ve already taken my money. Hurry up and give me my Beastie. Otherwise, you’ll be dead!” Ning Rong ‘er shouted.

“May I ask how much we charged you?” Master ning laughed instead of getting angry.

“He took two of my low-grade Jingshi.” Ning Rong ‘er said righteously, because she had indeed given it to them, even though they didn’t want it.

“You want to buy our Beastie for two low-grade crystal stones? Do you think we’re beggars that you can just give us some money?” Master ning was speechless. How could the ning family have such a descendant? He really wanted to strangle such an unfilial descendant!

“How many more do you want? It’s already good enough that the eldest daughter of the ning family is willing to give you some money for your things.” Ning Rong ‘er said with a smug look. The meaning of her words was that the things that she wanted from them should be given to her on their own accord.

“Miss ning is so overbearing! I’ve gained some insight today.” Master ning said with a smile.

“Hmph! You’ve killed our ning family, so don’t even think about leaving here alive today. However, if you take the initiative to hand over these two little beasts and compensate me for my losses, maybe I’ll let you die a little faster when I’m in a good mood!” Ning Rong ‘er boasted shamelessly.

After hearing her words, Chi Yuan, Chi Tong, and Chi Rui broke out in cold sweat. This miss ning Rong ‘er was really too awesome. However, if she knew that the person standing in front of them was their old ancestor, and that the person she wanted to kill was also their old ancestor, who knew how she would react? Thinking of this, the three of them couldn’t help but look forward to it.

Similarly, the great elder was also looking forward to it. At this moment, he was secretly happy. Hehe! Old man ning’s descendant’s words were truly shocking! However, this descendant of the ning family actually couldn’t even recognize his own ancestor. He was indeed a weirdo!

Al! He was afraid that the ning family would not be able to recover in a while. He knew the old man of the ning family too well. If he was really angry, it meant that the matter was not too big. However, once he smiled, it indicated that the matter was irreversible.

If it was said that old man ning was angry at his own descendant for being so disappointing and falling into his hands, then he was completely disappointed in this descendant now.

“What if I don’t want to hand these two little beasts over to you, and I don’t want to compensate you for any losses?” Master ning asked curiously. If he did as ning Rong ‘er said, he would die a little faster. What if he didn’t? He really wanted to know how he would die.

Chapter 1117: Meeting but not knowing each other (4)

“Then I’ll definitely make you wish you were dead, Hmph! Why are you still standing there? Hurry up and capture these two.” Ning Rong ‘er ordered the ning family.

However, none of the ning family members in the courtyard made a move. Instead, they all looked at ning Hong.

“Rong ‘er! You’re not allowed to be unreasonable!” Ning Hong said loudly. This granddaughter of his had been spoiled. She was getting more and more overbearing. He was still here, and she dared to make decisions! Moreover, his granddaughter’s poor judgment didn’t mean that he didn’t have the same judgment. The innate superior temperament of these two people was too obvious, so ning Hong absolutely didn’t dare to act rashly before he figured out their identities.

After all, in the divine realm, the ning family was still unable to cover the sky with one hand.

“Grandfather, it’s obvious that they deserve to die. How can you shout at me!” Ning Rong ‘er said, feeling wronged.

“You shut up!” Ning Hong roared. The most important thing now was to figure out the identity of these two people. If they didn’t have any backing, then killing them would be fine.

“You two, please give me an explanation!” Ning Hong looked at master ning and said.

“There’s nothing to explain. The ning family’s guards were indeed killed by me. However, I didn’t take any low-grade Jingshi,” Master ning’s tone was cold.

“Grandpa, I’m not lying, am I? He admitted it himself.” Ning Rong ‘er said happily when she saw that the other party had confessed.

“Since you admit that you killed someone from the ning family, I can only apologize to you. However, the ning family doesn’t kill nameless people. Please state your name!” Ning Hong said after the other party admitted it. However, he still had to figure out the other party’s identity.

“Do you really want to know my name?” Master ning raised his eyes and asked calmly.

“Of course, not everyone has the right to die at the hands of our ning family.” Ning Hong said rather self-deprecatingly.

“However, no one has called me by my name for a long time. My descendants all call me master or ancestor, while my old friends call me old man ning.” Master ning said casually.

.....

“Uh! Old man ning? Your surname is also ning?” Ning Hong was stunned and asked dumbly.

“Yup! My surname is also ning, do you think we’re a family?” Master ning said with a faint smile.

Ning Hong’s heart couldn’t help but skip a beat when he heard this. A bad feeling instantly welled up in his heart. This person’s surname was also ning, and he appeared in Chi city again ...

“Ah!” He ... He can’t be the ning family’s old ancestor, right? At the thought of this possibility, ning Hong broke out in a cold sweat, and his legs began to tremble. No, it couldn’t be such a coincidence.

“Who are you?” Ning Hong asked, suppressing his fear.

“Ning Hong, you don’t even recognize me?” Master ning glared at him and asked.

“O-old ancestor!” Ning Meng’s legs gave way and she knelt on the ground. It really was the ancestor! What ... What should I do? This time, they were dead for sure. Although he did find the old ancestor familiar, he had never thought in that direction.

“Hmph! Ning Hong, How dare you! You even want to kill me!” Master ning’s powerful aura was exposed. Under the pressure, the people of the ning family present couldn’t bear it. They knelt on the ground collectively, their bodies trembling ...

“Grandpa, who ... Who is he?” Ning Rong ‘er’s face was filled with disbelief. Why, why did they all kneel down? although she was also kneeling, she was still a little confused.

“Shut up! Hurry up and beg for forgiveness from the ancestor!” Ning Hong roared angrily. He finally understood why the Chi family’s old ancestor had told him to get lost when he had gone to the Chi family’s courtyard to ask for an audience. It was all because of ning Rong ‘er. Thinking of this, he didn’t even think about it.’ Pa! A slap landed on ning Rong ‘er’s face. In an instant, half of her face swelled up.

“Grandpa, you actually hit me?” Ning Rong ‘er couldn’t accept this fact. She was also suspicious of the identity of the person in front of her. After all, she was born on the divine mainland and had never seen the old ancestor. Now that her grandfather had hit her because of someone she suspected to be the old ancestor, she naturally felt indignant!

“Quickly apologize to the ancestor. Otherwise, we’ll punish you!” Ning Hong glared at her and shouted. Although ning Rong ‘er was his most beloved granddaughter, the person she had offended was the ning family’s Supreme ancestor. She had also caused his entire family to be in a difficult situation. How could he care about whether ning Rong ‘er was wronged or not? Ai! Now, he was filled with regret! Why did he bring ning Rong ‘er to Chi city? If he didn’t bring her here, wouldn’t this matter not have happened?

“Grandfather, are you sure he’s really our ning family’s ancestor?” Ning Rong ‘er made up her mind and was ready to go all out.

“Impudent, is there anyone else who would dare to impersonate our ning family’s old ancestor?” Ning Hong was so angry! Towards ning Rong ‘er’s disregard for the big picture, he was extremely disgusted and didn’t value her that much anymore.

“That might not be the case!” Ning Rong ‘er said, unwilling to give up.

“Hahaha!” First elder laughed joyfully, but he still didn’t say anything.

“Damn old man, what are you laughing at? Don’t you want to live?” Ning Rong ‘er could hear the great elder’s mockery and shouted in displeasure.

“I say, old ning! Even if you don’t let me speak, I still have to say it. Your ning family’s upbringing is so good that I have nothing to say. A junior not only shouted at me, but also said that I don’t want to live

anymore, Ah! My fragile little heart is injured again, you have to compensate me for my loss!" The Grand Elder said with a heartbroken expression.

"You can do whatever you want with this thing." Master ning pointed at ning Rong 'er and said.

"I don't want this thing. If I kill her, it'll dirty my hands. If I don't kill her, I'll be wasting food to feed her, so you better compensate me! I like compensation." The first elder said with a smile.

"Other than her, there's no other compensation." The master of the ning family roared miserably. Damn it, he was already angry enough, and this stinky old man actually came to ask for help. Did he think that he was not angry enough?

"I said I don't want her!" First elder warned.

"Whether you want her or not, from now on, she's yours. You can do whatever you want with her. In the future, this person's matters have nothing to do with the ning family." Master ning opened his mouth wide and decided ning Rong 'er's future fate.

Chapter 1118: Meeting but not knowing each other (5)

"Old man ning, you're not being honest! You actually threw this trash at me." The great elder was extremely dissatisfied.

"Ning Hong, in the future, ning Rong 'er will no longer be a member of the ning family. As for all of you, before I think of how to deal with you, all of you better face the wall and reflect on your past." Master ning said viciously. What he meant by facing the wall to reflect on his mistakes was that he would temporarily imprison them and wait for their punishment.

"Chi family brat, cooperate with me. Lock them up in the prison first!" Master ning said to Chi Yuan.

"Yes." "Yes!" Chi Yuan replied respectfully. In fact, he had no choice but to agree. The ning family's old ancestor was currently in a fit of anger! Who knew if it would implicate their Chi family!

Immediately after, Chi Yuan ordered his subordinates to lock ning Hong and the rest in the cell of the Chi family's main residence. However, he was a little troubled as to how to deal with ning Rong 'er.

"Why are you looking at me? Lock this woman in as well!" Sensing Chi Yuan's probing gaze, first elder hurriedly said.

"Yes!" Chi Yuan replied.

Before ning Rong 'er was dragged away by the Chi family's guards, she kept shouting, "You can't do this to me. I'm the eldest daughter of the ning family. Damn old man, I won't let you off."

"You still call us old men? I say, old man ning! It seems that the young lady of the ning family doesn't believe your identity!" Hearing ning Rong 'er's gradually fading voice, the first elder laughed and teased.

"She's not the eldest daughter of the ning family. She's yours now." Master ning reminded.

"I don't want it. Young man from the Chi family, I'll give that woman to you." First elder quickly said.

“Grand Elder, I don’t have a place to put her.” Chi Yuan was very reserved, speaking on behalf of the Chi family’s kid that first elder was talking about.

“Then kill her!” First elder suggested.

.....

“Uh! Grand Elder, she’s from the ning family, after all. I don’t dare to make a move. ” “What a joke!” Chi Yuan was so scared that he quickly said. Although the ning family’s old ancestor said that they could deal with ning Rong ‘er as they wished, the ning family’s blood still flowed in her body. If they really dealt with her, what would they do if the ning family came to settle the score later?

“Old man ning, did you see that? You’re making things very difficult for us! You should deal with this ning Rong ‘er yourself! I won’t ask you for compensation, but this should be fine, right?” The great elder admitted defeat, but he couldn’t help but secretly complain in his heart. I won’t take it from you now, but I’ll keep an account for you. The next time you need my help, I’ll take it back.

“You really don’t want it? You’re the one who didn’t want it, so don’t blame me!” Master ning said proudly.

“Yes.” The great elder nodded his head indifferently.

After temporarily imprisoning ning Hong and the others, master ning and the first elder returned to the Chi family’s courtyard.

When they arrived at the courtyard, master ning went into the room again.

First elder then described the situation vividly to Leng ruoxue and the rest.

“Then what will happen to ning Rong ‘er?” Feng Da asked curiously.

“I don’t know. It depends on that old thing’s mood. Maybe he’ll be killed, maybe he’ll find someone else. Anyway, he won’t have a good ending.” The first elder thought for a while and said. For the daughters of great clans, unless they had extremely high aptitude, they could only become a tool for marriage between clans. For someone like ning Rong ‘er who had made a mistake, it was impossible for her to marry into any of the eight great divine regions.

“Just randomly assign someone?” Feng Da mumbled as if he was deep in thought.

“What’s wrong? What rotten idea do you have this time?” The great elder looked at Feng DA’s expression and asked quickly, looking very interested.

“Don’t tell me you want her to marry an ape? That idiot can’t control this miss ning and might cause us more trouble in the future, so it’s best to kill her to save us trouble. ” Leng ruoxue said.

.

“Yes, yes, let’s just kill him!” After Feng Da heard Leng ruoxue’s words, he quickly agreed.

“Little girl, what ape? You want her to marry a beast? That’s a good idea!” The first elder said with an evil smile.

“Great elder, can you not have such a rich imagination? this is not in line with your otherworldly image! Mind your image!” Leng ruoxue reminded him with an evil smile.

“Uh! ‘Little girl, did I misunderstand?’ Then tell me, where did this ape come from?” The great elder asked shamelessly, his will extremely firm.

“I came from the forest.” Leng ruoxue tried to play dumb. It was better for first elder to not know about this.

“Oh!” First elder knew that Leng ruoxue was just brushing him off, but he still nodded his head. He would find out sooner or later anyway, so he was not in a hurry.

After returning to his room, master ning had been thinking about how to deal with ning Hong and the others. In fact, among those people, except for ning Rong ‘er, the others didn’t commit serious crimes. They just didn’t recognize him. Ning Rong’ er’s subordinates had almost all been killed by him. However, in his opinion, ning Rong ‘er had dared to bypass him and order the people of the ning family while master was still present, which made him very dissatisfied with ning Hong.

In the main family, even the daughter he doted on the most was not allowed to interrupt him when he was speaking, let alone do such a thing that overstepped her boundaries. One had to know that ning Rong ‘er’s behavior was definitely a taboo for someone in a high position like him, and it was also something he could not tolerate.

However, he still decided to go to the ning family to take a look first, then deal with ning Hong and the others. As for ning Rong ‘er, he had already sentenced her to death in his heart.

After making his decision, he went to look for Leng ruoxue and asked if she was interested in going to the ning family’s divine realm with him. Leng ruoxue naturally agreed without thinking.

This trip to the ning family’s divine territory was equivalent to a private visit. Therefore, they didn’t bring ning Hong and the others with them, but continued to stay in the Chi family’s prison.

When he heard that Leng ruoxue and the rest were leaving, Chi Yuan was elated! However, when he was told that the other party would return, his jubilant mood took a sharp turn and he could no longer be excited.

Looking at Chi Yuan and the rest forcing a smile as they sent them out of the city, Leng ruoxue was already laughing in her heart.

After leaving Chi city for five days, Leng ruoxue and the rest arrived at the ning family’s divine territory.

The ning family’s God domain was indeed the leader of the eight great God domains. Even on the divine mainland, the area of the ning family’s God domain was the largest, and the number of cities was the most.

The main city of the ning family’s divine territory was also named after a family name. After entering the ning family’s divine territory, Leng ruoxue and the rest had to pass through three cities before they could reach ning city.

Leng ruoxue and the rest casually walked around the three cities they passed by, then headed straight for Peace City ...

Ning city was located in the center of the ning family's divine territory. It was vast, had beautiful scenery, and was filled with spiritual Qi. The population of ning city was the largest in the entire ning family's divine territory.

Looking at the bustling streets, Leng ruoxue and the others also took their time to look around.

Peace City was bustling with activity. Shops were set up on both sides of the streets, selling a wide variety of items. Leng ruoxue and the rest bought quite a number of items as they walked.

"Little girl, the inn in front of us is the best in ning city. Let's stay there!" Master ning pointed at a tall building not far away and suggested. That Inn belonged to the ning family, and since they were in ning city, they naturally had to stay in their own Inn.

"Do you take money?" Leng ruoxue asked with a smile.

"Uh! Of course I'll accept it." Master ning was stunned, but he still answered honestly. He didn't want to expose his identity, so he had to pay for the hotel.

"There are so many of us. If we stay in the best Inn, I'm afraid it'll cost a lot of money. I can't afford it. How about you go and stay by yourself, and I'll take them to find a cheaper Inn to stay?" Leng ruoxue asked for master ning's opinion.

"You don't need to spend a single cent. I'll treat you, right?" Master ning said speechlessly. This little girl was really good at scheming. Every day, she ate their food and kept his tab. Now, she was actually poor with him. Really ... However, he quite admired Leng ruoxue's way of being stingy. Sometimes, he even wondered why this girl was not a member of the ning family.

"You should be the one treating! Don't forget, we're here to accompany you." The great elder said with a 'you're very understanding' expression.

"I'm sorry for the expense, master ning." Leng ruoxue laughed evilly. Actually, she had been waiting for master ning to say this!

Chapter 1119: There's no need to save them (1)

"I should." Master ning said helplessly.

Leng ruoxue and the rest followed master ning into the inn.

This Inn was called 'ning zilai', and it should be a chain of inns. It was worthy of being the largest and Best Inn in ning city. The interior of the inn was very exquisite and tasteful, and the waiters were very enthusiastic. When they saw them walking into the inn, they quickly came up to greet them.

"Do you guys want to stay or eat?" The waiter asked politely.

"I want both." Master ning said indifferently.

"Then, please follow me to check in!" The waiter led Leng ruoxue and the others to the front desk and swiftly helped them with the check-in procedures. Then, he brought them to their rooms on the third floor. Before he left, he informed them that the restaurant was on the second floor. As they were guests of the restaurant, they could enjoy free food and drinks.

As Leng ruoxue and her group had a large number of people, most of the rooms on the third floor had been reserved by them. The inn was divided into five floors. The first floor was the main hall with many chairs in it, specially for the guests who had just arrived to rest. The second floor was the dining hall, and from the third floor onwards were the guest rooms. The third floor that they were staying in could only be considered as ordinary guest rooms. The best VIP rooms were set up on the fifth floor, and they were definitely sky-high priced rooms. Those who could afford to stay there were either rich or respectable!

After Leng ruoxue and the rest returned to their rooms to rest for a while, they went to the restaurant on the second floor to have their meal.

When they arrived at the dining hall on the second floor, there were not many people eating as it was already past mealtime. After Leng ruoxue and the rest casually found a table and sat down, the waiter came forward to ask.

“Would you like to have a free meal or a single order?” The waiter asked very patiently. The order he was talking about was that the customer had to pay for it.

“I want it to be free.” Before anyone could speak, master ning said directly.

“Alright, please wait a moment.” The waiter knew very well who was the real cash cow, so he left immediately after hearing master ning’s words.

“Master, you’re knocking on the door! You didn’t even invite me to try this ‘ning zilai’ s ‘signature dish.” After the waiter left, Feng Da couldn’t help but grumble softly.

.....

“There are so many of you, what if I become poor from all of you?” Master ning said like a miser, his handsome face full of pride.

“Master, you’re a rich man, why are you poor like us?” Lin Yuan also said in disbelief.

“Who said I’m rich? I’m just the head of your family.” Master ning said with a smirk, secretly pleased with himself. He finally had a chance to hold his head high in front of these people! Otherwise, he would always be bullied by them, ugh! However, no one would believe that the master of the ning family would be bullied by a few little guys.

“You’re just a fake master, what’s there to be proud of?” The great elder sneered. Before they came, they had discussed not to reveal their identity. They would address old man ning as family master, and he would be called ancestor.

“Even the imposters have to call me master.” Master ning’s face was full of smiles, and it could be seen that he was in a very good mood.

“Master, your descendant is here.” Leng ruoxue reminded him with an evil smile.

“Uh! Where is it?” Master ning was puzzled. Where were his direct descendants? The ones on the godly mainland were only a side branch, and in his heart, they weren’t considered true descendants.

Master ning followed Leng ruoxue’s gaze and saw a young man who looked like him. His appearance and aura were both outstanding as he walked in.

The young man came to the table where Leng ruoxue and the rest were seated and bowed politely. He smiled and said, "Hello, I'm ning Xiao, the person in charge of this restaurant. I'm sorry, but due to the large number of people here, it might take a little longer to cook. Would you like to serve the dishes first or serve them together?"

Although ning Xiao was asking for their opinion, he also told them the reason why the dishes would be served late, so as not to make the guests wait too long.

Leng ruoxue and the others could not find any fault with his humble attitude.

"Let's attack together! We're not too hungry yet." Leng ruoxue said softly.

"Alright, please wait a moment." Ning Xiao left after he finished speaking.

As soon as they left the restaurant, ning Xiao met someone he did not want to see. The two of them pestered each other for a while before ning Xiao dragged the person away.

However, Leng ruoxue and the others had also witnessed this scene.

"Old man ning, your descendant seems to be in trouble!" The first elder reminded with a smile, his eyes full of anticipation for a good show.

"Yes." Master ning nodded imperceptibly. The little commotion between ning Xiao and the other party just now naturally could not be hidden from him, a reverent-God.

Just as Leng ruoxue and the rest were chatting, the dishes that they had been waiting for were served.

Leng ruoxue and the rest tasted it one by one and put down their chopsticks.

"Little girl, why are you only eating this much? Although these dishes can't be compared to the ones you make, they're still pretty good compared to the ones in the inn." Master ning said with a smile.

"I'm full," Leng ruoxue smiled helplessly. After getting used to her own cooking, she basically couldn't eat in restaurants anymore. She was only willing to eat a little because she was giving master ning face. However, even though the ingredients for this free meal weren't very particular, it was indeed much better than the food made in other hotels.

"Hehe, I'm full too. By the way, do you have any plans?" Master ning asked curiously.

"We're going back to our room to sleep. What about you?" Leng ruoxue asked with a smile.

"Uh! I want to take a walk on the streets." Master ning thought for a while and said.

"Then you go! We'll go back to our room first." After Leng ruoxue finished speaking, she stood up and led everyone out of the dining hall.

Looking at their backs, master ning couldn't help but talk to himself, "Why are you sleeping right after eating?"

"I'm happy to, what can you do about it?" The great elder rolled his eyes at master ning and stood up, ready to leave.

"Where are you going?" Master ning quickly asked and pulled the great elder back.

"I'm going back to my room to sleep too." The first elder laughed.

"You damned old man, why are you sleeping! You're not allowed to sleep, you're already a divine Emperor, why are you still sleeping! Accompany me to the streets!" Master ning said domineeringly, and then he pulled the extremely reluctant first elder to go to the street.

However, this time, Baobao and QiuQiu weren't by their side.

The next morning.

When Leng ruoxue and the rest left the room, they suddenly realized that two people were missing. Master ning and first elder were missing.

"Miss, we've searched the room. There's no one." Feng Da, who went to the room to look for the two, said.

"How can there be no one? Could it be that the two old men didn't come back last night?" Thinking of this possibility, Leng ruoxue sent someone to call for a waiter. After asking, she found out that the two old men from yesterday had indeed not returned.

Did something happen to the two old men again? Leng ruoxue thought to herself, 'they didn't bring baby and QiuQiu with them to the streets this time, so there shouldn't be anyone who's blind enough to want to snatch their things, right?'

"Miss, I'll take my brothers to the streets to look for it!" Feng Da couldn't help but say when he saw his miss's thoughtful expression.

"Okay, be careful. After all, we've just arrived in Peace City and are not familiar with everything here." Leng ruoxue warned.

"Alright, don't worry, miss." Feng Da promised. Then, he brought Lin Yuan and the others to the street to look for her.

However, after searching for almost a day, he still couldn't find the two old men.

"Miss, we've almost searched the entire ning city, but we didn't find any trace of the two old men." In the living room, Feng Da said helplessly.

.....

"Where haven't we?" Leng ruoxue asked directly.

"We can't enter either the ning family or the prison." Feng Da quickly said.

"Oh! If I'm not wrong, those two old men should be locked up in the prison." Leng ruoxue sighed helplessly. This time, even without QiuQiu and Baobao by their side, they were still able to get into trouble. She really admired them.

"Uh! It can't be!" Feng Da wiped the cold sweat from his forehead and was speechless. Last time in Chi city, Chi Rui was there, so they were not worried even if the first elder was put in prison. But this time, it

was different. They didn't know anyone in ning city, so it would not be easy to see the first elder and master ning.

"Feng Da, go and invite ning Xiao over." Leng ruoxue said after some thought.

"Yes." Feng Da received the order and turned to leave. Not long after, ning Xiao was invited into the room.

"Is there anything you need from me?" Ning Xiao gave a slight bow and went straight to the point.

"Shopkeeper ning, we've lost two people. I wonder if you can help us look for them?" Leng ruoxue probed.

"Disappeared? What does young lady mean?" Ning Xiao asked, confused.

"We suspect that they are now in the prison of ning city. However, we are unfamiliar with ning city, so we would like to ask shopkeeper ning to help us confirm." Leng ruoxue explained. Right now, she only wanted to confirm the location of the two old men. As for their safety, she wasn't worried at all. Furthermore, she didn't believe that there was anyone on the divine mainland who could hurt a reverent-God and a divine-Emperor. The only possibility was that the two of them, who wanted the world to be in chaos, had willingly been captured!

"Oh! I can help young miss ask around, but I can't guarantee that I can save them." Ning Xiao said honestly.

"Shopkeeper ning, you just need to help me find out where they are. There's no need to save them." Leng ruoxue laughed evilly. If those two old men were really in the prison, then they definitely had something to do with the ning family. Since that was the case, why should she get herself involved in this mess? He would just let the two old men mess things up.

"Uh! Alright." In his entire life, this was the first time that ning Xiao had heard something like 'there's no need to save them'. After all, a normal person's thought process would be to save them. However, this beautiful lady in front of him had clearly told him that there was no need to save them. This made him a little speechless. At this moment, he had already classified Leng ruoxue as abnormal.

Al! It was a pity to lose such a devastatingly beautiful woman. Ning Xiao couldn't help but secretly feel regretful.

However, it was fortunate that Leng ruoxue did not read ning Xiao's mind. Otherwise, if she knew what ning Xiao was thinking, she would be depressed to death.

Then, ning Xiao bade everyone farewell.

A day later, ning Xiao sent news.

There were indeed two unfamiliar people locked up in ning city's prison cell. Furthermore, they had just been locked up for two days, and the time coincided with the time when the great elder and master ning had disappeared.

“Miss, I have some friendship with one of the guards in the prison. Do you want me to help you get them out?” After ning Xiao brought the news, he saw that Leng ruoxue and the rest were silent for a long time, so he could not help but ask.

“No, thank you for your kindness, manager ning.” Leng ruoxue declined.

After knowing the exact location of the first elder and master ning, Leng ruoxue and the others acted as if nothing had happened. They did what they were supposed to do. Furthermore, they had locked themselves up for a few days and their meals were sent directly to their rooms. This made ning Xiao even more curious.

At this moment, in ning city’s prison.

The two young-looking old men sat on the stone chairs and looked at each other in boredom.

“Why are you staring at me?” Master ning, who was tired of staring, said in dissatisfaction.

“If you’re not staring at me, how do you know I’m staring at you?” The great elder rolled his eyes at master ning and said unhappily.

“Hey! Why isn’t anyone taking care of us! That little girl didn’t even come and look for us.” Master ning complained.

“Why are you looking for us? That little girl won’t be worried about us!” The great elder understood.

“We’re missing? Shouldn’t she be looking for it? You’re really disloyal.” Master ning’s face was full of resentment.

“This is the ning family’s territory, and you’re a reverent-god level. If it were me, I wouldn’t look for you either!” The great elder said matter-of-factly. He was also locked up here because of this old thing. No way! He had to ask for compensation. The food here was terrible!

With this in mind, the great elder calmly said, “Old man ning, this is the second time I’ve been in a prison cell. However, the treatment in your ning family’s prison is far worse than that of the Chi family’s. When I was locked up by the Chi family, the Chi family’s brat even arranged several servants to serve me!”
