Chapter 1121: There's no need to save them (3)

?

"That's because that brat from the Chi family knows your identity. If he didn't know, he wouldn't care about you!" Master ning quibbled.

"No matter what, you're definitely going to compensate me for my second time in jail." The great elder ignored master ning's words and said with a faint smile.

"On what basis? I'm in jail too, okay? Who's going to pay for my losses?" When master ning heard that the great elder was going to slaughter him again, he immediately jumped three times and roared.

"Calm down. You're sitting in your own cell, but I'm not! I'm just an outsider. If your ning family dares to lock me up, don't think you can stop paying!" First elder's mouth twitched as he said in a matter-of-fact manner.

"Old man ning, seeing that we've been friends for so many years, I won't make things difficult for you. Just compensate according to the Yao family's standard!" The great elder added.

"What? You greedy vampire, I was robbed by you not long ago, and now you're here again?" Master ning was so angry that he couldn't help but shout.

"That's a separate matter, don't mix them up. Even blood Brothers have to calculate their accounts clearly! Besides, we're not even related by blood." The great elder said with a smile, implying that the ning family would definitely bleed this time.

"But, I'm also locked up in prison now. Who can I go to to claim my losses?" Master ning felt wronged. Why was it a descendant of the ning family who had done this? If he was someone else's junior, how cool would it be to Rob him! But now, he was the one being robbed, and he was clearly locked up, okay?

"Go and ask your descendants for it. If you're still angry, you can also deal with the entire ning family on the godly mainland! I won't stop you." First elder suggested.

"And then?" Master ning asked.

"Then you'll continue to give birth!" The first elder said with an evil smile.

Suddenly, a chuckle was heard in the cell they were in.

.....

"Hehe!" Immediately after, a light yellow shadow pounced into the great elder's arms like lightning.

"Little ball, you still have a conscience. You knew to come and see me." The first elder joyfully hugged the cute little fellow in his arms as he complained.

"I'm coming too!" The baby's voice was also heard.

"Hehe! Good, I'm about to die from depression." The first elder said happily.

“Grand Elder grandfather, it was elder sister who asked us to come and accompany you. Elder sister said that you can live here in peace and not worry about them.” QiuQiu laughed evilly as it conveyed Leng ruoxue’s words.

“Uh! That little girl really said that?” The great elder was speechless. From what he heard, that girl actually wanted them to stay here forever?

“Yes, sister said that you guys are too good at causing trouble. It’s good to lock you up.” QiuQiu said very honestly, laughing in its heart. It and its baby had finally been cleared of their crimes. This time, they had nothing to do with it!

“Little QiuQiu! You can’t misunderstand me. He’s the one who can cause trouble, not me! I’m also a victim, and I was implicated by him.” The first elder didn’t even think about it and directly betrayed master ning.

“You damned old man, how can you blame me for this?” Hearing this, master ning immediately widened his eyes and roared.

“If I don’t blame you, who else should I blame? The one who locked us up is your ning family’s descendant, not mine.” The great elder shouted back, unwilling to be outdone.

“Grand Elder Grandpa, what’s going on?” QiuQiu asked with a curious look.

“This old man’s descendants ran us over on purpose and demanded compensation from us. We didn’t pay, so we were caught and brought in.” The great elder explained simply.

“Oh!” QiuQiu nodded, then looked at master ning.

“Grandpa, are your descendants in need of money? Isn’t your ning family a rich man in the divine realm? Can’t you even afford to raise a few descendants?” QiuQiu’s face was filled with question marks.

“Uh! Who doesn’t have a few pieces of rat sh * t!” Master ning said helplessly. Speaking of which, he did feel that this matter was quite embarrassing, but he and the first elder had been locked up voluntarily. Otherwise, who could have locked them up?

“Al! Every family has its own problems!” The baby sighed, and his cute appearance immediately amused the elder and master ning.

“Hehe, you’re such a clown. No wonder you dote on them so much.” Master ning said happily. At their level, ordinary flattery would have no effect at all. On the contrary, this kind of simple and lovely little guy could make them feel good.

“Of course,” The first elder had a proud look on his face.

“Look at how beautiful you are.” Master ning’s eyes were burning with jealousy.

“Little one, does Xue ‘er have any other instructions?” Master ning asked again.

No, but when do you plan to expose your identity, Grandpa?” Little QiuQiu couldn’t help but ask. They had been in the prison for a few days, but the guy who had locked them up here had no reaction. They didn’t know when he would remember these two people.

“He wanted to expose himself, but no one from the ning family came these days, so his identity is useless!” The great elder laughed evilly. Originally, old man ning had planned to wait for that unfilial descendant to come and see what tricks he was up to. Then, he would reveal his identity unexpectedly. However, he did not expect that after they were locked up, they did not show their faces at all. Therefore, this old man ning had been depressed for a few days.

“Then what should we do? We can’t just stay here forever!” Little QiuQiu furrowed its brows, deep in thought.

“I have an idea.” The baby said.

“What do you have in mind?” Master ning asked curiously.

“Hehe! If they don’t come, we can take the initiative to visit them! However, we don’t have any status or status, so I’m afraid the ning family won’t welcome us.” The baby said with a troubled expression.

“This is easy! Let this old man lend you the ning family’s token, then you can do whatever you want with it.” The first elder said in a very cooperative manner.

“Wouldn’t that expose my identity too early?” Master ning hesitated.

“The owner of the token is big sister, who would notice you! However, this way, big sister and the others can’t call you master anymore!” Baobao reminded.

Chapter 1122: There’s no need to save them (4)

“Mm, give this to the little girl and let her play with it! However, don’t kill the ning family.” Master ning took out a black and gold token from his ring. The token was only the size of a palm, and it was carved with an exquisite totem of a Black Phoenix spreading its wings.

The first elder looked at the sign and narrowed his eyes. Then he looked at master ning deeply, but he didn’t say anything.

“First elder Grandpa, we’ll first send this token to big sister, then come back to accompany you!” QiuQiu said happily. Then, the two little fellows skipped out of the cell.

After the two little things left, the great elder looked at master ning and asked with a little confusion, “What do you want to do?”

The token just now represented a completely different meaning from the ning family’s ordinary identity token, because that token was the symbol of old man ning’s identity. There was only one in the entire divine world, and those who saw the token were like seeing old man ning himself. The ning family could not recognize old man ning as their ancestor, but they would definitely not not not not recognize that token that could summon the wind and summon the rain in the ning family.

“Nothing! Didn’t you ask me to lend the token to the little girl?” Master ning said innocently.

“I didn’t ask you to lend me this. If someone in the ning family finds out that this token is in the hands of this little girl, you will bring her trouble.” The first elder grumbled. Although the ning family had chosen the young master, not everyone would believe in ning haolan’s identity. If someone with ill intentions found out where the medallion was and used it, the little girl would be in deep trouble.

“But I only have this on me. You can’t possibly think that I have many ning family identity tokens on me, right?” Master ning said innocently.

“You didn’t bring one, can’t you make one on the spot? Why did you have to give her this piece!” The first elder said somewhat angrily.

The ning family’s identity tokens were all from old man ning’s hands. Moreover, it was added with his divine power blood. As long as he met a member of the ning family, the token would sense it. Therefore, it was impossible to fake it. The ning family recognized the token and not the person. In addition, once a member of the ning family died, the token that represented their identity would also disappear from this world. It would definitely not be left to the opponent. Therefore, it was basically impossible for outsiders to get the ning family’s token.

“It takes a lot of time to do it now.” Master ning said with a shameless look.

“Hmph! Don’t think that I don’t know what you’re planning, but don’t blame me for not warning you. If that little girl is missing a single hair, I won’t let your ning family off.” The first elder said somewhat angrily. Sometimes, he really had no way to deal with this old scoundrel who wouldn’t die. However, he couldn’t beat him in a fight! Therefore, he could only endure it for now and then find an opportunity to take revenge.

“That little girl is smart! Don’t worry, it’ll be fine.” Master ning comforted him.

.....

“Hmph!” The great elder snorted coldly, then turned his head and back to him, not planning to pay him any more attention.

In the room of the inn.

Leng ruoxue looked at the token in her hand thoughtfully. A Black Phoenix was rare! How could there be a Black Phoenix on the ning family’s sign? Could this be the pet beast of the old man from the ning family?

“Xue ‘er, this token is very troublesome. You’d better not take it out.” The evildoer sitting opposite Leng ruoxue reminded her.

“What’s the trouble?” Leng ruoxue was confused.

“This is the only token in the ning family. It is different from the other identity tokens of the ning family. It belongs to master ning, and seeing the token is like seeing the person.” The demon chuckled as he explained. In other words, this token represented great power.

“So you’re saying that I’m representing the old man of the ning family just because I’m holding this sign? Any decision I make is the same as old man ning ‘s?” Leng ruoxue asked with uncertainty.

“Yes.” The demon nodded.

“What if I use this plate to replace the young master of the ning family? Can I?” Leng ruoxue asked out of curiosity.

“Your decision is master ning’s decision, and the ning family must obey it unconditionally. Seeing the token is like seeing the person.” The demon chuckled.

“Uh! What kind of rule is this in the ning family! Could a sign decide everything? Then what if this token is taken away by someone else? wouldn’t the ning family be finished?” Leng ruoxue’s thoughts ran wild.

“The ning family’s brand won’t be so easily taken away!” The evildoer said helplessly. Xue ‘er’s imagination was a little too rich!

“Why wouldn’t I? didn’t I just take ning Rong ‘er’s sign?” Leng ruoxue laughed evilly.

“Xue ‘er, as far as I know, the ning family’s identity token is divided into two types. One only represents the identity of the ning family without any power, while the other represents the power and status of the owner. The first type can be obtained by anyone, but only a few people can have the second type, and these people are all strong. It’s impossible to take the token from them unless a Hierarch comes out.”

“As for ning Rong ‘er’s token, it only represents her identity as a member of the ning family. Therefore, even if it’s taken away, the ning family won’t care. Moreover, ordinary people don’t have the courage to pretend to be members of the ning family, and they don’t know the difference between the ning family’s tokens, so it’s useless for them to take it.” The demon explained with a smile.

“But the piece in your hand is of great importance, so it’s better to use it less.” The demon once again reminded. Sigh! This was a hot potato! Hmph! If the ning family dared to hurt Xue ‘er, he would not let them go.

“Don’t worry, I know what I’m doing,” Leng ruoxue laughed.

“Xue ‘er, you’ve decided to find the ning family tomorrow?” The demon asked.

“Well, if we don’t look for them now, I’m afraid the two old men will be anxious. We can’t let them stay in prison all the time without anyone noticing!” Leng ruoxue laughed evilly. It was time to take action.

“Then let’s find it!” The demon laughed.

The next day.

Leng ruoxue arranged for Feng Da to find ning Xiao.

Ning Xiao looked at Leng ruoxue and the rest in confusion. He asked politely, “Miss, is there something you need me for?”

“Shopkeeper ning, do you recognize this?” Without further ado, Leng ruoxue took out the token that master ning had lent her and showed it to ning Xiao.

Chapter 1123: There’s no need to save them (5)

“The clan head’s token!” The moment ning Xiao saw the sign, he immediately knelt on the ground and said very respectfully, “Ning Xiao is here to meet the master.”

“Uh!” Leng ruoxue was speechless. It was just a token, was there a need to be like this? In any case, she couldn’t understand the respect her family members had for this kind of thing.

“Get up!” Leng ruoxue said indifferently.

“Thank you, miss.” Ning Xiao was very excited. He had never thought that the young lady before him was actually a member of the main family. He had long heard that the main family’s old ancestor had come to the divine mainland. However, someone of his status did not have the right to meet the old ancestor. This young lady had the family head’s token, so she must be a very favored person by the old ancestor. He just didn’t know if the old ancestor had come to ning city as well. When he thought of this possibility, he was instantly excited. If he could meet the old ancestor, he would die without any regrets.

“Ning Xiao, who is in charge of the ning family now?” Leng ruoxue asked calmly.

“The master of the family has gone to Chi city. Now my uncle, ning Fei, is in charge of the ning family.” Ning Xiao answered honestly.

“Ask ning Fei to come here to see me.” Leng ruoxue ordered.

“Yes.” Ning Xiao replied, then turned to leave.

About an hour later, a middle-aged man rushed into the inn.

Standing in the living room, ning Fei was actually a little nervous. He couldn’t help but think to himself, “she’s indeed the young lady of the main family!” He was so nervous that he broke out in cold sweat just by looking at her without saying a word!

“You are ning Fei?” Leng ruoxue looked at the middle-aged man in front of her and said indifferently.

Ning Fei was not as handsome as the other members of the ning family. Instead, he looked simple and honest. He was a mid-level divine being. Although he was not very powerful, he must be extraordinary since he was able to become the acting Master after ning Hong left.

“Yes, I’m ning Fei. Greetings, miss,” Ning Fei bowed with great respect. To the main family, his status was nothing, so he had to lower his status. After all, no matter how powerful he was in the divine mainland, he was just a servant to the main family.

.....

“There’s no need to be so polite, clan head ning. I invited you here today because I have a request.” Leng ruoxue smiled courteously.

“Uh! Please speak, miss.” Ning Fei was confused, but he still asked patiently.

“There are two people beside me who have been locked up in your ning family’s prison. I wonder if the acting family master can help me get them out? In addition, I don’t want anyone to disclose the fact that I’m here. Can you do that?” Leng ruoxue asked with a smile.

“Yes, miss. Don’t worry. I know what to do.” Ning Fei promised. Although he was a little curious as to why a member of the main family would be locked up in a cell, it was not a good time to ask about the reason, so he had to agree.

After that, ning Fei bade farewell to Leng ruoxue and went to the prison in ning city to pick her up. However, before he left, he still asked ning Xiao and found out that it was Ning Cai, that bastard, who had locked her up.

When he arrived at the prison of ning city, ning Fei cursed in his heart when he saw the first elder and master ning. "F * ck, what kind of person is Ning Cai holding?" It was obvious that these two people were not to be trifled with. They had actually been locked up for so many days. What made him even more depressed was that these two people were related to the young miss from the main family. Sigh! He hoped that they were not from the main family. Otherwise, if the young lady of the main family really blamed him, he would not have a good ending.

Ning Fei ordered his men to open the cell door and walked in himself. He slightly bowed to the first elder and master ning and said, "I'm sorry for the two of you. I apologize on behalf of the ning family. "

"Who are you?" First elder didn't even lift his eyes as he asked in a cold tone.

"I'm the acting Master of the ning family in the godly land. My name is ning Fei. " Ning Fei introduced himself.

"Oh! Then what is your relationship with the person who locked us up?" Master ning also asked.

"He's my nephew," Ning Fei said honestly.

.

"Your nephew said that we have disturbed the public order and wanted to punish us. Are you here to apologize or to punish us?" Master ning asked curiously.

"I'm here to apologize for my insensibility. " Ning Fei said quickly, cold sweat dripping down his forehead.

"It's useless for you to come. If you really want to apologize, ask your nephew to come. However, even if he comes, we won't accept him." The great elder said angrily.

"Sirs, I was actually entrusted by a young lady to pick you up. I will personally escort my nephew to apologize to you later." Ning Fei had no choice but to mention Leng ruoxue.

"Oh! That girl asked you to come and pick us up! However, it's good that you know we're locked up here. We can't go out yet. " Master ning refused.

"Uh!" Ning Fei was depressed. He had already mentioned the young lady, but these two still refused to go out. What did they mean? However, if the two of them refused to leave, he couldn't force them!

"Don't worry, that girl won't blame you. " First elder consoled.

"Yup! You can leave now. " Master ning also caught up with him.

"Then I'll take my leave first." Ning Fei had no choice but to leave the cell first.

After leaving the prison, he personally went to the inn and passed on the conversation between the two men to Leng ruoxue. Then, he returned to the ning family's main residence.

The first thing he did when he returned to the main residence was to send people to capture Ning Cai and await punishment.

After Ning Cai was caught, the ning family suddenly exploded. Many people who didn't know the truth were secretly guessing whether this was a war between the first and second household.

Everyone in the ning family knew that the master favored the people of the second branch. However, this time, he left and let the first master become the acting Master. The people of the second branch were naturally not convinced and had made many obstacles in private. However, the good-tempered first master had always endured and did not make a move. But this time, he had captured the DI young master of the second branch. In their eyes, this was considered a big move.

In the ning family's meeting room.

Ning Fei was sitting in the main seat, and the elders of the nings were sitting below him. In the middle of the hall stood a man who looked to be in his thirties. The man's face was gloomy and ruthless. Although he was handsome, the cold Qi on his body made him look less handsome. This man was also stronger than ning Fei, a high-level Divine Master.

"Ning Fei, why did you lock up Cai? Father isn't here and you're suppressing my family like this? Hmph! If father finds out, he won't let you off." The man, who was ning Fei's younger brother, Ning Xiang, said angrily.

"I locked Ning Cai up because he made a mistake. Moreover, I can tell you clearly that even if father returns, Ning Cai's crime will not be forgiven." Ning Fei said honestly.

"What crime has he committed? Ning Fei, you have to give me a clear explanation today, or I won't believe you." Ning Xiang shouted at the top of his voice. Ning Cai was his son. Although he was uneducated and incompetent, he would not allow ning Fei to punish Ning Cai for his crime.

"He has offended his superior. He has locked up the master in the prison of ning city. Isn't that enough?" Ning Fei slightly raised his eyebrows and asked. Although the lady of the main family didn't mention anything about punishing Ning Cai, he couldn't just do nothing. He couldn't leave a bad impression on the lady of the main family just because of Ning Cai.

After hearing what ning Fei said, all the elders and Ning Xiang were stunned.

"Someone from the main family came? When did this happen?" An elder couldn't help but ask. They only knew that the clan head had brought a group of people to Chi city to meet the clan head of the main clan, but they had never heard that the main clan had come to ning city. It was unbelievable that they didn't receive any news of such an important piece of information.

"Ning Fei, who are you trying to fool? Father is currently accompanying the old forefather in Chi city. If someone from the main family really came to ning city, would father not have told us in advance?" Ning Xiang didn't believe what ning Fei said at all. He even thought that it was an excuse for ning Fei to punish his son.

"It's up to you whether you believe it or not." Ning Fei said.

“First elder, you heard it. Ning Fei is just lying to us. There’s no one from the main family.” Ning Xiang looked at the great elder and said. After his father left, the great elder had the highest status in the clan. However, the great elder was in the same boat as ning Fei. Even so, Ning Xiang still had to make him speak for justice.

“I believe that the acting family head will not lie. He used this kind of thing to deceive us. If the main family finds out, he will not have a good end.” The first elder slightly raised his eyes and said indifferently. He was trying to say that ning Fei would not dare to do that.

In fact, he still believed in ning Fei’s character. If ning Fei really wanted to attack the second branch, he would have a chance to do it, and he didn’t need to use the main family, because it would be very dangerous. The main family was not easy to use!

Chapter 1124: Why is your surname Leng (1)

“Then where is the main clan now? If someone from the main family really came, why didn’t they move into our ning family’s main residence?” Ning Xiang asked loudly.

“Yes, acting family head, where is the head of the family now? We can’t believe what you just said!” One of the elders said.

“I promised the young lady of the main family that I wouldn’t reveal her identity, so don’t ask anymore.” Ning Fei said in a cold tone.

“First elder, elders, you all heard it. Ning Fei obviously doesn’t belong to the main family, but he locked my son up with the excuse of a lady of the main family. I ask the elders to give me justice. ” Ning Xiang’s face was full of anger.

“Acting Master, the second Master’s words are not without reason. If you don’t let us see the lady of the main family that you speak of, we will be in a very difficult position!” Another elder said.

“Acting patriarch, why don’t you go and ask the young lady of the main family for instructions and let us all see her!” The first elder said helplessly. He could tell that the second master and his men would not stop until they saw the lady of the main family.

“Alright then! However, I can’t guarantee that the young lady of the main family will agree to meet you. ” Ning Fei said in his heart.

Then, ning Fei stood up and left the meeting room.

After ning Fei left the ning family’s main residence, he went straight to the inn. However, he was still a little uneasy before he saw Leng ruoxue.

Standing in the living room of the inn, ning Fei’s heart was beating like thunder, and he was so nervous that he was sweating.

“Ning Fei, why are you here again?” Leng ruoxue, who was sitting on the chair, asked in confusion.

...

“Miss, the elders of the ning family want to see you.” Ning Fei said directly.

“See me for what? How did they know I was here?” Leng ruoxue questioned him unhappily.

“Uh! “I caught Ning Cai and caused Ning Xiang’s dissatisfaction ...” Ning Fei was explaining when he was interrupted by Leng ruoxue.

“So you gave me up?” Leng ruoxue raised her brows and asked indifferently.

“I’m sorry, miss. I ... They didn’t believe me. I’m too useless. ” Ning Fei said with some self-blame.

“I can’t blame you for this. If I’m not wrong, Ning Xiang should be very favored! By the way, whose daughter is ning Rong ‘er?” Leng ruoxue asked curiously.

“Thank you for your understanding, miss. Ning Rong ‘er is also Ning Xiang’s daughter.” Seeing that Leng ruoxue didn’t blame him, ning Fei was relieved.

“Oh! Ning Fei, since those elders want to see me, let them come here!” Leng ruoxue pretended to be troubled.

“Yes, I’ll go back and inform the elders.” Ning Fei said happily. Then, he saluted and left.

After ning Fei left, the demon held Xue ‘er in his arms and asked with a faint smile,““Xue ‘er, what do you plan to do?”

“I don’t know, I’ll just take it one step at a time!” Leng ruoxue said helplessly. In fact, she really didn’t have any plans. She thought that it would be enough to let ning Fei know her identity and that master ning and first elder were locked up in the prison. However, things obviously didn’t go as she had planned. It was all because ning Fei didn’t use enough strength! Otherwise, who would dare to question his words!

“Those two old men have been in prison for the past few days. They must have been depressed. When they come out, I’m afraid the good days of the ning family will be over.” The demon said with a gloating smile.

“Oh! You’re right, I should quickly let those two old men leave the cell so that I can return the ning family’s matter to master ning. ” Leng ruoxue said after some thought. She didn’t want to get involved in the ning family’s matters. It was better to let master ning handle it himself!

Just as the two of them were chatting, Feng Da came in to report that the elders of the ning family had arrived.

Leng ruoxue and the demon exchanged glances and said in unison,““They came so quickly!”

“Miss, should we let them in?” Feng Da asked.

“Yes.” Leng ruoxue nodded, then pulled the evildoer to the main seat in the living room. After all, she was the young lady of the ning family. Her status was definitely above the elders of the ning family in the godly mainland. There was no reason for her to welcome them.

Seeing that Leng ruoxue was ready, Feng Da left the living room and invited the ning family’s elders in. Naturally, the second master of the ning family, Ning Xiang, was with them.

“First elder, this young lady is the young lady of the main family.” Ning Fei introduced them with great respect.

“Miss, he’s the Grand Elder of our ning family’s branch,” Ning Fei pointed at the first elder and said.

“This old man greets the young lady of the main family.” First elder bowed slightly, then raised his head to size up Leng ruoxue ...

However, the more he looked at her, the more shocked he became. The woman in front of him was the best in both appearance and temperament, but how could her cultivation be only at the mystic Divine realm? This was too unbelievable. Logically speaking, a Mystic God should not be able to survive in the divine world. However, he was very sure that he had never heard of this lady from the main family on the divine mainland. Otherwise, how could he not know of her existence?

Although he was full of doubts, he believed that ning Fei would not have the guts to lie to them, so he did not question immediately.

“Great elder, you are too polite.” Leng ruoxue replied courteously. Her beautiful eyes were constantly sizing up the old man in his fifties. This old man looked very smart and was not easy to fool. However, he was also an old fox. He was obviously suspicious of her identity, but he did not ask anything.

However, just because the great elder didn’t ask, it didn’t mean that the other people in the ning family wouldn’t ask.

After Ning Xiang recovered from his shock, he asked directly, “May I ask which young lady of the main family you are, and if I may ask, do you have an identity token?”

“It’s not convenient for me to disclose my identity, and I can’t show my identity token to all of you.” Leng ruoxue said with a light smile. However, her words made many of the ning family’s elders so angry that they almost vomited blood.

Many of the elders were cursing in their hearts. This was too much of a bully. She claimed to be the young miss of the main family, but she didn’t produce any evidence. How could they believe this!

“Miss, if you can’t take out anything to prove your identity, please forgive us for not being able to acknowledge your identity.” Ning Xiang’s words represented the thoughts of most of the elders, so when he said this, it immediately received the response of many elders.

Chapter 1125: Why is your surname Leng (2)

“Yup! Miss, please don’t make things difficult for us.” An elder took the lead to speak.

“Miss, please show me your token.” Another elder chimed in.

“Do you really want to see my token?” After a long while, Leng ruoxue finally spoke calmly.

“We just want to confirm your identity. We have no other intentions. Please don’t misunderstand us.” Ning Xiang quickly explained.

“Actually, it’s for your own good that I didn’t let you see it. But since you all want to see it, then let’s see it together!” Leng ruoxue smiled faintly. After she finished speaking, she took out a black token from her ring and waved it in front of the elders ...

In an instant, all the elders were dumbfounded. After they came to their senses, they knelt on the ground and shouted, “Greetings, patriarch!”

Looking at the ning family members kneeling on the ground, Leng ruoxue did not let them get up immediately. She looked at the token in her hand and said to the ning family members, “Do you guys want to personally verify the authenticity of this token?”

“No... No need! That brand is real. ” An elder stammered in fear. They had sensed it the moment the token was shown, so they didn’t dare to doubt that it was fake! Sob ... Now they really regretted it to death. Why did they have to see his identity token? If they didn’t know that she was representing the family head, their lives would have been better. But now, they could only worship this young lady as if she was their ancestor!

“Do you all admit that it’s true?” Leng ruoxue asked with a smile. Her beautiful face was filled with worry.

“Yes, yes.” Everyone in the ning family nodded like pounding garlic.

“Get up!” He said. Leng ruoxue only spoke up when she saw that most of them were already kneeling.

...

“There are two people by my side. They have been locked up by young master Cai from your branch of the ning family ...” Leng ruoxue continued. However, before she could finish her sentence, she was interrupted by an unknown elder.

“Acting patriarch, release him immediately.” The elder quickly said.

“I did, but he refused to come out.” Ning Fei said helplessly.

“Uh! Why?” The elder was puzzled.

“I don’t know,” Ning Fei felt helpless. He had already said that even if Ning Cai went to beg for forgiveness, he would not come out. So, he had no choice.

“Miss, what do you think we should do?” The elder asked with a fawning expression.

“You’re the ones who locked him up. You’re asking me, but who should I ask? Moreover, I can also tell you that one of those two is the armament Guild’s Grand Elder. ” Leng ruoxue laughed evilly.

“Ah!” The ning family’s elders were collectively dumbfounded. The armament Guild headquarters “great elder was actually locked in the ning family’s prison. What should they do?! All the ning family’s descendants knew about the relationship between the great elder and the master! I’m finished! This time, they had stirred up a hornet’s nest. For a moment, even the elders who were close to Ning Xiang couldn’t help but blame Ning Xiang and his son!

“Miss, you have to put in a few good words for us!” Ning Fei said with a bitter face. He had long seen that the two old men’s identities were not ordinary, but he did not expect that one of them would actually be the great elder of the craftsmen’s Guild headquarters. If the main family found out about this, the good days of their line could be considered to be over.

“Don’t worry, those two are people who clearly distinguish between gratitude and grudges. They won’t involve the innocent. However, you still have to perform well. Otherwise, I can’t guarantee that they won’t settle the score after this.” Leng ruoxue reminded him with a smile. In fact, her hint was very obvious, but she was not sure if ning Fei could hear it.

“Don’t worry, miss. I know what to do.” Ning Fei quickly said.

“If that’s the case, then you can go back first! If there’s nothing important, don’t bother me.” Leng ruoxue asked him to leave.

“Miss, you’re a member of the main family. You should stay in the main residence when you come to the divine mainland. How can you stay in a hotel? If news of this gets back to the main family, they’ll blame us for not being able to host you well. Why don’t you come with us to the main residence?” The first elder said carefully. He still could not figure out this young lady’s thoughts, so it was better to be more cautious.

“No need, it’s good to stay at a hotel.” Leng ruoxue rejected.

“Uh! Alright then! We’ll take our leave first.” Seeing how insistent Leng ruoxue was, first elder was helpless and left with his men.

After leaving, the ning family’s first elder and the others went to the prison to see the two old men who were locked up. However, they didn’t give them any good looks at all, so the ning family could only return to the main house resentfully.

The next day, the great elder of the ning family took Ning Cai to the prison again, but the two old men still only left them with their backs. After this incident, Ning Xiang’s status in the ning family plummeted, and even the elders who were usually won over by him didn’t dare to have any contact with him ...

Ning Xiang’s courtyard.

In the room, Ning Xiang was sitting on a chair with a gloomy face. No one knew what he was thinking about, but none of his close friends dared to disturb him.

After a long time.

Seeing that Ning Xiang’s expression had softened a little, his beloved concubine dared to come forward and act coquettishly.

“Old master, don’t be like this! It’s quite scary, young master Cai is a good person and will be fine, don’t worry.” His beloved concubine consoled him.

“How can there be no problems? this time, Cai ‘er has offended the main family. Those old things who see the wind and sail with the helm are not willing to help Cai’ er.” Ning Xiang’s brows were tightly furrowed, and he was in a dilemma. Although he had many women, he only had one son. So, no matter

what, he had to find a way to keep his son's position. Otherwise, wouldn't there be no one to inherit his family?

"Master, since you've offended someone from the main family, I'm afraid those elders won't be able to help even if they want to. In my opinion, you might as well go to the main family to mediate! Who knows, we might even be able to save young master Cai!" His concubine suggested.

"It's easy to go to the main family to negotiate peace! With just the token in that young lady's hand, I'm afraid no one from the main family would be willing to stand up for us!" Ning Xiang said gloomily.

"Old master, how would you know if you don't try! However, if you want to solve this matter, I'm afraid that you can only ask the main family's direct line to come forward. If you can invite the young master, there might be room for this matter to turn around." Said his beloved concubine after some thought.

Chapter 1126: Why is your surname Leng?(3)

"Young master? Don't even mention inviting the young master, do you think I can meet him with my status?" Ning Xiang was a little angry. The future master of the ning family was not someone that anyone could meet.

"That's why we need to clear it! As long as there are enough benefits, I don't believe that I can't get the main family's direct line to come forward." His beloved concubine said confidently.

"Let me think about it!" Ning Xiang hesitated and did not speak for a long time.

Two days after meeting the ning family, Leng ruoxue and the rest finally set off towards the prison cell in a grandiose manner ...

When they arrived at the prison cell, Leng ruoxue saw the two humans and two beasts talking and laughing. She could not help but chuckle and tease, "It seems that you guys are Living a Good Life!"

"That's right! Ever since you revealed your identity, the treatment in our prison has been rising!" The great elder said with a smile. The excitement of being imprisoned for the second time was much less than the first time. If it wasn't for accompanying old man ning, he would have been out long ago. He really didn't know what this old man ning was waiting for! If they didn't go out for a day, the ning family's heart would be in suspense.

"Little girl, why are you so free to come and see us today?" Master ning's face was full of hidden bitterness. He had been locked up for so many days, but this stinky girl didn't even show her face. It was really infuriating.

"I was tired of staying in the inn, so I came out for a walk." Leng ruoxue replied indifferently.

"Uh! After all that, he's just here to visit us!" Master ning said gloomily.

"Yes, I came to see you guys and tell you some news about the ning family." Leng ruoxue laughed.

"What news can the ning family have?" Master ning asked calmly. He didn't believe that after seeing his token, the ning family could still turn the world upside down.

...

“Ning Xiang is as anxious as an ant on a hot pan, so I want to ask you when you plan to make a move! Hurry up and deal with the person you want to deal with! We can leave this place.” Leng ruoxue urged.

“Little girl, what’s the matter?” Master ning asked curiously.

“Yes.” Leng ruoxue nodded. Actually, she wanted to find a quiet place to enter closed door cultivation. Over the past few days, she could faintly feel that her ‘heaven defying art’ was showing signs of advancing. This was too important to her.

“Then give me a few more days. We’ll leave when I’m done with the things here.” Master ning thought for a moment and said. In fact, when he went to the street with the great elder that day, he had already understood the situation of the ning family. He was just waiting for more ning family members to jump out so that he could catch them all in one fell swoop!

“Alright,” he said. Leng ruoxue nodded her head and chatted with them for a while before returning to the inn with the demon. Feng Da and the rest went out for a walk on the streets.

For the next few days, Leng ruoxue stayed in the bangle to cultivate. Unless there was something extremely important, she would rarely leave the purple bamboo house.

On a stone chair not far away from the purple bamboo house, the evildoer, Wu, and Leng ruohan were chatting. Suddenly, Qing Jue appeared in front of them and said anxiously, “There’s someone outside. The ning family is here.”

“Send me out and don’t disturb Xue ‘er.” The demon stood up and said.

“Alright,” he said. “Yes, master!” Qing Jue replied and immediately handed the evildoer the bracelet.

As soon as the demon came out of the bracelet and entered the room, he heard a clatter outside the room. He frowned and directly opened the door, and said with a slight displeasure, “What’s with the noise?”

“Commander ye, they want to see the young miss.” Feng Da quickly complained. These few days, he had been strictly carrying out the miss’s orders. He was not allowed to disturb the Miss unless there was something important. However, these people were not sensible and insisted on meeting her. It was really infuriating.

“Oh! Who are you guys?” The demon raised his eyebrows and asked in a cold tone.

“We’re from the ning family of the divine realm. We heard that there’s a young lady of the ning family here, so my master wants to meet her.” The person who was confronting Feng Da said arrogantly.

“What a joke. Who do you think your master is? Xue ‘er isn’t free right now, I won’t see you!” The demon rejected without any hesitation.

“You ... How dare you not meet my master!” When the man heard that his request had been rejected, he immediately became furious and roared.

“My Xue ‘er is not someone who will meet any Tom, Dick, or Harry. As for you lackeys, don’t make any noise here. Otherwise, don’t blame me for being merciless.” The evildoer said with a look of disdain. After he finished speaking, a ‘bang!’ Sound was heard. He closed the door.

“Hey! Didn’t you hear what leader ye said? Hurry up and get lost! Stop being an eyesore here, my family’s young miss doesn’t have time to see your family’s master.” Feng Da looked at the Lackey who was still unwilling to leave and shouted.

“Just you wait, you’ll regret this.” After the Lackey finished his threat, he turned around and left angrily.

After he left Leng ruoxue’s room, he went straight up to the fifth floor and knocked on the door of one of the rooms. He bowed to the person in the room and reported what had happened downstairs to his master with exaggerated details.

“Young master, they actually called you a nobody. They must be tired of living.” The Lackey said indignantly.

“Big brother! Don’t let them go, I think they’re clearly looking for death.” A beautiful red-robed maiden chimed in.

“Don’t talk nonsense. We’re all family. You must have gone too far. That’s why you’ve angered her.” The young man sitting at the head of the table said nonchalantly. He knew his subordinate’s character very well, which was like a fox exploiting a Tiger’s might. Therefore, he did not completely believe his words. Moreover, if it were not for his subordinate’s loyalty, he would not have kept him by his side.

“What family! They didn’t even know where this young lady of the ning family came from! It might even be a fake.” The red-dressed girl said with an unconvinced look. Even though there were many young ladies of the ning family in the main family, there weren’t many of them who had real status. Furthermore, she had asked around and didn’t find anyone who had come to the divine mainland.

Moreover, other than the direct family members, the other family members were not allowed to leave the main family at will. Otherwise, they would be subjected to the family rules.

She was very sure that this young lady of the ning family from the divine mainland wasn’t one of the direct descendants, so she was very suspicious of her identity.

“Qi ‘er, don’t talk nonsense.” The young man rebuked.

Chapter 1127: Why is your surname Leng (4)

The patriarch was on the divine continent right now. Even if that woman wasn’t a member of the ning family, she must have a close relationship with the patriarch. Otherwise, how could she have the patriarch token? this was the main reason why he had come to the divine continent.

“Brother, do you really believe that she’s the young lady of the ning family?” Ning Qi ‘er said unhappily.

“Regardless of whether she is or not, there’s no mistaking that she’s someone close to the old ancestor. Do you really think that the old ancestor’s personal token can be faked?” The young man said with some displeasure. As a member of the ning family, they could not recognize their parents, but they could not not recognize the old ancestor’s token. This was something that they had been carefully warned about since they were young.

“But, how could the old ancestor give her the token!” Ning Qi ‘er’s beautiful face was full of jealousy. Ever since she could remember, she had never heard of the old ancestor giving the token to anyone. Now, it was in the hands of a woman who came out of nowhere and found the old ancestor’s token. How could she not be suspicious?

“Do you think she snatched it from the old ancestor?” The young man sneered.

“But ...” Ning Qi ‘er still wanted to argue, but she was interrupted by the young man.

“No more buts. Since the old forefather’s token is in that woman’s hands, she is the young lady of the ning family. If you see her, you must treat her with respect. Remember to keep your temper as a young lady.” The young man warned, and his words were unquestionable.

“Yes.” Ning Qi ‘er replied unwillingly.

After Leng ruoxue came out of the purple bamboo house, the demon told her about this.

Following which, Leng ruoxue sent Feng Da to ning city’s prison and told him to inform master ning of this matter.

In the prison, master ning frowned and pondered after hearing this, while the great elder gloated, because he knew that the old man didn’t want to be recognized by the people of the master family.

...

“I say, old man ning, someone from your main family is here. Don’t blame me for not warning you. If little Xue ‘er loses a single hair, I’ll hold you responsible!” Although first elder wanted to watch the show, he did not forget to warn.

“Don’t worry. With me around, they won’t dare to do anything to that little girl. ” Master ning said confidently.

“Hmph! That’s hard to say. If there’s no other way, I’ll leave the cell first. You can stay in there by yourself!” The first elder said in a bad mood.

“Why are you so anxious? Aren’t Mo Yan and the others with that little girl? With them around, you still don’t feel assured?” Master ning reminded.

“Then how long do you want to stay? Your master is here, aren’t you going to go out?” The Grand Elder asked helplessly.

“It’s not the time yet,” Master ning said with a look of deep foresight.

“Don’t say I didn’t warn you. If they come to the prison, they will also recognize you. ” The great elder said.

“Uh! No, I can’t let them recognize me now. ” Master ning said quickly.

“Old grandpa, I have a disguise pill here, do you want it?” QiuQiu said as if it was presenting a treasure.

“Uh! How could a little thing like you have a disguise pill? You don’t need to change your appearance. ” Master ning said with a smile.

“I’m just preparing for an emergency. Aren’t you just in time to use it, old grandpa?” QiuQiu said with a smirk. Then, it took out a disguise pill from the storage necklace hanging around its neck and handed it to master ning.

Master ning took the disguise pill and threw it into his mouth without thinking. Not long after, under the first elder’s dumbfounded gaze, he successfully transformed.

“How is it? How’s the effect of this disguise pill? Can you still recognize me?” Master ning asked with excitement.

“It’s very effective. No one will recognize you. ” The first elder was speechless. F * ck, he had become like a ghost. Who would recognize him?

“Hehe! That’s good to hear. ” Master ning was very proud. Since this old man couldn’t recognize him, then the younger generation of the ning family who didn’t see him often wouldn’t be able to recognize him.

“Stinky old man, let’s go out together!” After taking the disguise pill, master ning couldn’t wait to leave.

“What’s wrong? You’re not planning to stay here anymore?” The great elder teased.

“We can’t stay here anymore, let’s go!” Master ning said anxiously.

“Then let’s go!” The great elder stood up and walked out of the cell with QiuQiu and baby in his arms. However, before they left, they informed the guards in the cell that they were only going out to play and would come back after they had had enough fun. The guards were so scared that their faces turned pale and their bodies trembled. As for the matter of these two big troubles leaving the cell, they naturally forgot to report it to the clan.

Master ning and the Grand Elder went straight to the inn after leaving the cell.

However, they met Feng Da as soon as they reached the third floor.

“Uh! Why are you guys back?” Feng DA’s face was full of surprise. The two men had returned to the inn almost at the same time as him, but he had left the cell before them. It was obvious how fast they were. They were indeed divine emperors and reverent-God! He couldn’t help but exclaim in his heart.

“You little brat, what do you mean? Can’t we come back?” Master ning shouted angrily.

“Uh! I didn’t mean it that way. I just wanted to say, why didn’t you tell us that you were coming back? we could have lined up to welcome you!” Feng Da said, taking advantage of the situation.

“There’s no need to welcome me. I want to see the little girl. Quickly take me there.” Master ning urged.

“It doesn’t seem very convenient now.” Feng Da was in a difficult position.

“What’s inconvenient about it?” Master ning’s face was full of questions.

“Miss seems to be meeting with someone from the ning family.” Feng Da whispered in his ear.

“Then all the more I have to go.” Master ning thought for a moment. No one would recognize him in his current appearance anyway, so he wanted to listen.

“Alright then!” Seeing that he could not stop them, Feng Da could only bring the two old men into Leng ruoxue’s room.

In the living room.

Leng ruoxue and the evildoer were currently staring at the ning siblings. Both of them were sizing each other up, and no one spoke first.

After a long time.

Ning Qi ‘er was the first to lose her cool and said, “What’s your name? Which branch of the ning family is she from?”

Chapter 1128: Why is your surname Leng (5)

“Miss ning, shouldn’t you introduce yourself before you ask me a question?” Leng ruoxue said with a faint smile. That beautiful smile dazzled the eyes of the ning siblings, and made ning Qi ‘er burn with jealousy.

“I’m ning Qi ‘er, and he’s my brother, ning Haoran. ” Ning Qi ‘er said, holding back her anger.

“Oh! I’m Leng ruoxue. ” Leng ruoxue chuckled.

“Leng ruoxue? Your surname is Leng?” Ning Qi ‘er was stunned and asked in a daze.

“Yup! Is there a problem?” Leng ruoxue laughed evilly.

“Aren’t you the young lady of the ning family? Why is your surname Leng?” Ning Qi ‘er shouted angrily, Hmph! She had already said that this woman was a fake miss ning! Now that it was finally confirmed, she couldn’t help but feel a little proud.

“Is there a rule in the divine realm that the lady of the ning family must have the surname ning? Can’t I take my mother’s surname?” Leng ruoxue teased him calmly.

“You ...” Ning Qi ‘er was furious. Damn it, what kind of theory is this! She had originally wanted to question the other party about how she dared to impersonate the young lady of the ning family. Who knew that she would actually tell her that she followed her mother’s surname? it was really infuriating.

“May I ask which branch of the ning family does miss Leng’s father belong to?” Ning Haoran asked calmly.

“I don’t know,” Leng ruoxue said indifferently.

She said that she followed her mother’s surname and said that she didn’t know. The ning siblings were so angry that they almost vomited blood. However, Feng Da and the others were laughing secretly.

...

“Hehe! Young miss is really too bad, now even if these two siblings want to investigate young miss “identity, they have no way to do so.” Feng Da held back his laughter and said softly. They had been hiding in the outer hall to eavesdrop, so the conversation between Leng ruoxue and the ning siblings had naturally entered their ears.

“Xue ‘er belongs to the Leng family. How can she be the illegitimate daughter of the ning family?” Leng Xiaoyu grumbled in dissatisfaction.

“That’s right. That little girl is my God-granddaughter. She has nothing to do with you, old thing.” The great elder was also unconvinced. F * ck, the God-granddaughter he had been longing for hadn’t even acknowledged the existence of his God-grandfather, and now she had become the illegitimate daughter of the ning family, and her father was unknown.

“Calm down, that girl didn’t say she was related to the ning family!” The disheveled old man could not help but remind her. Xue ‘er loved to play word games the most. It was obvious from the way she played the ning siblings. This was a beautiful misunderstanding!

“How is it not related? Didn’t she say that she would take her mother’s surname? That means he’s not a member of the ning family!” Master ning protested with wide eyes.

However, his words were completely ignored by everyone present.

Seeing that no one responded to his words, master ning was extremely depressed. These people really didn’t put him in their eyes. One should know that in the divine world, a sneeze from him could cause a great earthquake. However, in these people’s hearts, he was just an old man with no status. It was also because of this that he could get along with them for so long.

Compared to master ning’s depression, the ning siblings sitting in the living room were a little angry from embarrassment. However, ning Haoran, who had been well-educated since young, did not show his emotions on his face, while ning Qi ‘er obviously did not have as good a upbringing as him.

“You don’t even know who your father is?” Ning Qi ‘er shouted at the top of her lungs.

“Of course I know who my father is.” Leng ruoxue said with a smile.

“Didn’t you just say you didn’t know?” Ning Qi ‘er was furious. Was this damned Leng ruoxue toying with them?

“When did I say I don’t know? Just now, didn’t young noble ning ask me which branch of the ning family my father was from? that’s why I said I don’t know. ” Leng ruoxue explained with a smile.

“Miss Leng, you’re right. I don’t want to ask which branch of the ning family your father is from, but I want to know where our ning family’s ancestor is. How could his personal token be in your hands?” Ning Haoran took a deep breath, calmed his mind, and asked. He had never thought that there would be a day where he would be angered by a profound deity to the point of his divine power going berserk. This really hurt his self-esteem.

“I don’t know,” Leng ruoxue only replied with three words and nothing more.

“The token of our ancestor is in your hands, how can you not know where he is?” Ning Qi ‘er shouted in anger.

“I just don’t know. Your ancestor has his own legs. Why should I care where he wants to go?” Leng ruoxue said in an infuriating manner.

“You ...” Ning Qi ‘er was so angry that she couldn’t speak.

“Miss Leng, since you don’t know the whereabouts of my family’s old ancestor, you can at least return my ning family’s token to me!” Ning Haoran said.

“You didn’t give me this token, so why should I return it to you?” Leng ruoxue’s face was filled with confusion.

“This is the personal token of my ning family’s elder. I’m his grandson, shouldn’t you return it to me?” Ning Haoran said, holding back his anger. He realized that this woman in front of him really had the ability to anger people to death, making it difficult for him to maintain a good demeanor.

“Do you think we should? If I were to give you this medallion, I wonder what you would want to do with it?” Leng ruoxue said. This ning Haoran looked like an elegant young master, but in reality, he was just a hypocrite.

“I just want to bring it back to the ning family.” Ning Haoran said calmly.

“That’s right. That’s the token of my ning family’s ancestor. Why should it be in your hands?” Ning Qi ‘er also interrupted.

“I’m afraid you’ll have to ask your family’s ancestor. The token in my hand was given to me by him. If I want to return it, I’ll only return it to him. As for you, if you have any questions, go ahead and ask your ning family’s ancestor. Don’t bother me!” Leng ruoxue’s tone was cold.

When the ning siblings heard her words, they almost choked. Damn it, if they were asked to ask the old Madame, would they have the guts?

“If there’s nothing else, please leave! I’m going to rest. ” Leng ruoxue asked him to leave again.

Feng Da and the others who were hiding in the other Hall immediately came out to send them off when they heard Leng ruoxue’s words.

“Noble son ning, miss ning, please! We won’t be sending you off. ” Feng Da seemed to be polite, but in fact, if it wasn’t for master ning’s face, he would have asked the two to get out of the room.

“Brother, let’s go!” Ning Qi ‘er stood up and said angrily.

“Miss Leng, I will come and find you again.” Ning Haoran stood up and said helplessly.

The two siblings walked out of the room one after another. However, before they could take two steps, ning Qi ‘er started scolding angrily, “Get lost, you ugly freak! You’re blocking my way!”

“Me?” Master ning looked around, but it seemed like he was the only one ‘blocking’ ning Qi ‘er’s way! However, it wasn’t like the two of them couldn’t cross this path. Why did this unfilial grandson open his

mouth and scold him?! Although he did not see ning Qi 'er often, he used to have a good impression of this obedient and sensible little girl. However, he was greatly disappointed today.

"Who else could it be if not you? You ugly freak, you actually dare to block this young lady's path, you really don't want to live!" Ning Qi 'er vented all the anger she had suffered at Leng ruoxue's hands on master ning, who had taken the disguise pill. However, she still felt that it was not enough to vent her anger. She even gathered a fire-attribute divine power in her hand and threw it at master ning. If she couldn't make a move on Leng ruoxue, that woman of unknown identity, would she still be afraid of this ugly monster?

"You're too barbaric. How could the ning family have such an unfilial grandson?" Master ning gently patted away the flames on his body and looked at ning Qi 'er.

"You're so bold to actually slander our ning family?" Ning Qi 'er was even angrier when she saw that her attack had no effect on the ugly woman. However, just as she was about to continue her attack, she was stopped by ning Haoran.

"Qi 'er, don't mess around, let's go!" Ning Haoran said unhappily. Ning Qi 'er's lack of judgment did not mean that he did not. This man was ugly, but his strength was definitely above his. Moreover, the other party's identity was unknown, so it was not easy to make enemies.

Then, ning Haoran dragged the reluctant ning Qi 'er and left Leng ruoxue's room.

"I say, old ning! How does it feel to be attacked by your own descendants?" After the ning siblings left, the great elder walked into the living room and teased.

"Uh! Do I look very ugly now?" Master ning didn't seem to hear the great elder's ridicule, but instead cared about his appearance.

"Yup! You're so ugly, you definitely won't be able to hook up with any little girls in the immortal realm with your current appearance!" The first elder said with a smile.

"It can't be?" Master ning didn't believe it. He quickly took out a mirror from his storage ring and was shocked!

Chapter 1129: Our meeting gift (1)

"Argh! Is this me? How did I end up in this state?" Master ning shouted with a slightly exaggerated tone.

This reaction of his made everyone's head full of black lines, and they all unanimously agreed in their hearts, isn't he just a little ugly? Was there a need to make such a fuss? Reverent-god level? he was too uncool.

"Little QiuQiu! I'm too ugly. Do you have the antidote? I'd better change back!" Master ning said to the sleeping ball in the arms of the great elder.

"Old grandpa, are you really going to change back? That way, those two guys will recognize you!" QiuQiu reminded him with sleepy eyes.

"Uh! Then let's do this first!" Master ning said with a bitter face, feeling very depressed.

“Actually, this is not bad. At least you can take this opportunity to see the human heart.” Leng ruoxue laughed evily.

“You’re right, little girl. ” Master ning had no choice but to agree.

“Alright, I’ve met the ning siblings. I’m going to continue my cultivation. I’ll leave the siblings to you.” Leng ruoxue said irresponsibly and returned to the inner room.

At the same time, when the ning siblings returned to their room, they were so angry that they smashed all the furnishings in the room. Of course, most of it was done by ning Qi ‘er. No matter how angry ning Haoran was, he had to act as if nothing had happened to avoid ruining his reputation.

“Qi ‘er, are you done?” Ning Haoran said with a headache. He had brought this sister out because he wanted her to coax him when he saw the old ancestor. After all, the old ancestor was very fond of the girls in the family. Ning Qi ‘er had always been well-behaved and cute in front of him, so the old ancestor had a good impression of her. However, if the old ancestor saw her shrew-like appearance now, ning Qi’ er would be done for.

“Brother! Aren’t you angry?” Ning Qi ‘er said angrily. She had gone to see that woman, but not only did she not get to know her identity, but she had also made her angry. That damned woman was really too hateful.

...

“What can you do about it? After all, we’re outside, so we have to endure it no matter how angry we are. ” Ning Haoran reminded.

“Brother, what do you think is the relationship between that woman and our ancestor? Could she be the ancestor’s illegitimate daughter?” Ning Qi ‘er guessed. Even though she was suspicious of Leng ruoxue’s identity as a member of the ning family, she could not explain why old Grand Madame treated her so well. One must know that old Grand Madame’s personal token was something that even aunt Yan’ er had never used before. Now, it was in the hands of a woman of unknown origin.

“I thought you would think that she’s our ancestor’s woman!” Ning Haoran said with a smile.

“How is that possible? old Grand Madame has so many women. Have you ever seen him give the token to any woman to use?” Growing up in a big family, ning Qi ‘er still had some brains. The old ancestor was not a person who would put women in his eyes. To put it bluntly, women were just his pets. Who would give pets such great rights?

“Qi ‘er, although that woman’s words are not enough to reveal her identity and we didn’t get any useful information from her, we still have to be careful with that woman. I must also get the token in her hand.” Ning Haoran said to ning Qi ‘er in a serious tone. He was trying to hint at ning Qi’ er not to offend Leng ruoxue.

“I understand, brother. I’ll try my best to bear with it.” Ning Qi ‘er promised unwillingly.

“If you can, you’d better go and become friends with Leng ruoxue.” Ning Haoran said after thinking for a while.

“What? I still have to be friends with her? Brother, I can’t do that!” Ning Qi ‘er said unhappily. She had always been proud and disdained to associate with people who were of lower status than her. However, now her brother was asking her to please Leng ruoxue. How could she accept this?

“It’s only temporary. Are you not willing to be my brother?” Ning Haoran said with a serious face.

“Alright then! I’ll try my best!” Ning Qi ‘er said helplessly.

“That’s my good little sister. ” Ning Haoran praised.

The next day.

The brother and sister came to visit Leng ruoxue again. However, before they could even enter the room, they were met with the door.

“I’m sorry, my lady is cultivating. She doesn’t have time to see you now.” Feng Da blocked the door and said coldly, but he was laughing in his heart. This pair of brother and sister were quite thick-skinned. They had just left in anger yesterday, and now they actually came to his door again. It really made him speechless!

“What’s with your attitude? We came to visit Leng ruoxue with good intentions, but not only did you not let us in, you even dared to speak to us in such a tone. This is preposterous, is this how Leng ruoxue teaches her servants?” Ning Qi ‘er said unhappily, her beautiful little face turning red with anger.

“Miss ning, I’m not a servant. I’m miss’s subordinate. In your eyes, servants and subordinates might not be different, but my miss treats us as family.” Feng Da explained with a smile.

“Hmph! A servant is a servant, you really have no manners!” Ning Qi ‘er mocked.

“Miss ning, we can’t work together if we’re not on the same path. Please! By the way, I heard that you smashed everything in the room yesterday. Didn’t manager ning ask you to compensate for the price?” Feng Da asked with a curious look after he had asked him to leave.

“Hmph! We’re from the main family, what’s wrong with smashing things in his Inn? He still dares to ask us for compensation?” Ning Qi ‘er shouted angrily.

“You’re wrong. Even if you’re from the main family, you still have to pay for the damage to public property. Remember to prepare the money! I’ll have manager ning come to collect the money in a while. ” Feng Da said with a smirk.

“You ...” Ning Qi ‘er was so angry that she couldn’t say anything for a long time.

“Qi ‘er, let’s go back first!” Ning Haoran, who had not said a word, suddenly spoke.

“Yes.” Ning Qi ‘er wanted to find a way out, so she agreed. Otherwise, if she stayed any longer, she would be angered to death by this stinky man.

Not long after they returned to their room, ning Xiao knocked on their door.

Ning Xiao walked around the room. After a simple estimate of the losses, he told them very seriously that they needed to compensate them with a thousand top-grade crystals.

“What did you just say? I dare you to say that again.” Ning Qi ‘er glared at ning Xiao and shouted angrily, Hmph! She couldn’t do anything to Leng ruoxue and the rest, so why would she be afraid of a mere Inn manager?

“Miss ning, I’ve given you a 20% discount for the things in the room, so you only need to pay 1000 top-grade crystals. If you don’t have that much money on you, then I’ll have to send the bill to the main family and ask them to pay for it.” Ning Xiao said in a tone that was neither servile nor overbearing. Since he had Leng ruoxue and the rest to back him up, he was not afraid of offending the siblings.

“How dare you ask for money from the main family!” Ning Qi ‘er was trembling with anger.

“Miss ning, I had no choice! Why don’t you pay me the money now?” Ning Xiao said, feeling a little troubled.

“You’re dreaming!” Ning Qi ‘er raised her hand to slap ning Xiao, but he dodged it.

“Miss ning, it’s not a good habit to hit someone out of embarrassment.” Ning Xiao said calmly.

“Hmph! You even dared to ask for money from the main family, so what’s the big deal if I hit you? Ning Xiao! Don’t forget that the nings in the godly mainland have to pay the main family every year! You actually dared to ask for money from the host! You really don’t know what’s good for you!” Ning Qi ‘er reminded him with an arrogant expression.

“Miss ning, you also said that we’re paying the host, but this is a separate matter. Although we have to pay the host, you have to compensate for the things you broke!” Ning Xiao tried to reason with her.

“Alright, stop quarreling! I’ll give you the money!” Ning Haoran said helplessly. Then, he took out a thousand top-grade crystals from his ring and threw them on the table.

Ning Xiao looked at the blue top-grade crystal on the table and was so happy that he was almost overjoyed. Hehe! Captain Feng was right. He really did get the money. He didn’t have much hope at first. After all, he was a direct descendant of the main family! However, now that the money was coming, the sense of accomplishment in his heart was just ‘hoho’! It started to climb up.

“Noble son ning, miss ning, your debt has been cleared. I’ll take my leave first.” After putting away the crystals, ning Xiao did not want to stay a moment longer in case these two took the opportunity to take revenge. After he finished speaking, he disappeared like a wisp of smoke.

...

“Brother, why did you give him money?” After ning Xiao left, ning Qi ‘er asked unhappily. In her opinion, her brother was clearly showing weakness and should not have done that.

“If you don’t give him the money, do you really want him to make a scene in the main family?” Ning Haoran raised his eyebrows and said in a cold tone.

“Hmph! He would dare!” Ning Qi ‘er didn’t believe that a concubine’s son from the side branch would have the guts to offend the main family.

“He might not have dared to in the past, but it’s hard to say now.” Ning Haoran said with a headache. Ning Xiao was obviously incited by Leng ruoxue and the others. Therefore, he had no way to vent his anger!

“Brother, are we just going to be bullied like this?” Ning Qi ‘er said angrily.

“Do you have any other good ideas?” Ning Haoran said indifferently.

“No, I didn ‘t,” Ning Qi ‘er sighed and said gloomily.

“Since you don’t have it, then restrain yourself and endure it. I won’t let our anger be in vain.” Ning Haoran said ruthlessly, a gloominess in his eyes.

“En, brother, you must not let that Leng ruoxue off.” Ning Qi ‘er understood what her brother meant. She hated Leng ruoxue even more.

“Don’t worry, once I get the token, I will teach her a good lesson. ” Ning Haoran promised with an evil smile.

The ning siblings hated Leng ruoxue to the core, and the ning family’s main residence was not peaceful either.

Ever since they invited the ning siblings, Ning Xiang’s status in the ning family had been on the rise again. Ning Cai had also been released from prison with the help of ning Haoran. Ning Fei’s family had also been suppressed by ning Haoran. All of a sudden, rumors about Leng ruoxue’s identity had been spreading everywhere ...

Some people said that she was a fake lady of the ning family, while others said that she was the illegitimate daughter of the master of the ning family. In short, in just a few days, ning city’s gossip was flying all over the sky. However, Leng ruoxue and the others who had been living in seclusion in the inn were completely unaware of this, and they did not deliberately pay attention to the right and wrong of the ning family.

The ning family’s main residence.

In ning Fei’s study room.

Ning Fei was sitting in front of the desk, and the first elder, who had been silently supporting him, was sitting next to him. However, neither of them spoke.

“Fei ‘er, has miss Leng been cultivating?” After a long while, the first elder finally spoke.

“Yes, I am.” Ning Fei nodded, but he felt helpless. Ning Haoran and his sister had repeatedly said that they were here to play, but the two of them had interfered with the ning family’s internal affairs. Although he was angry, he could do nothing about it. His biggest support now was Leng ruoxue, so he did not care if she had any relationship with the nings. At least she had the token of the master of the nings, and that token could not be faked. Seeing the token was like seeing the master of the nings!

“The day after tomorrow, our ning city will have an auction. Miss Leng, please attend! There might be something they’ll be interested in inside.” The ning family’s first elder said after some thought. Leng ruoxue had the first elder from the weapon craftsmen Guild by her side, and there seemed to be an Alchemist as well. Hence, he decided to cater to her interests.

“Grand Elder, the auction the day after tomorrow is of an ordinary scale, and there’s nothing of value inside. How could they be interested?” Ning Fei said stubbornly.

“Fei ‘er, who said that the scale of the auction the day after tomorrow is ordinary? I’ve sent invitations to many families. I can’t say that all of the eight divine domains will be present, but at least three of them will be!” The great elder said proudly. He had been secretly preparing for this matter, and no one knew about it!

“Argh! “First elder, you ...” Ning Fei’s eyes were wide open, and he couldn’t believe it. First elder’s actions were too fast! It had only been a few days, and the standard of the auction had been raised?

“I’m just preparing for a rainy day!” Actually, ever since Ning Cai had offended the main family, he had been trying to make up for it. However, when he brought Ning Cai to them, they did not even spare him a glance. In desperation, he could only play along with them. Who asked Leng ruoxue to have such a high status as the first elder of the craftsmen’s Guild? And with the great elder’s eyes, ordinary things would definitely not catch his eye, so he would spend a lot of money. In short, when the time came, it would definitely surprise everyone.
